REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

The Board of Selectmen respectfully submit for your consideration its report, and the reports of other Town officers and Committees.

The report of the Town Accountant and that of the Town Treasurer show continued improvement in Town finance in 1937. Working conditions slumped badly the last half of the year during which time the Selectmen were constantly on watch for ways and means to relieve the unemployment situation and at the same time relieve in every possible way the burden of the taxpayer.

The County Commissioners were very co-operative and generous in providing the sum of \$4,000.00 to match our appropriation of the same amount to continue the project on Puffer Road which had been left unfinished by the W. P. A. This work was very helpful in relieving unemployment as most of the work could be done by hand labor. The County Commissioners and County Engineer on viewing the work expressed themselves as well pleased with the amount of work done and that the project was very well worth while.

We appealed to the State Administrator of W. P. A., Col. McDonough, and sixty additional persons were placed on the local W. P. A. rolls, with a promise of more if necessary.

Unemployment compensation registration planned to be at Marlboro for local unemployed would be a hardship for our people, transportation costing about \$1.00 per person. We were able to have the registration at Maynard which meant a saving of about \$450.00 the first day alone.

It is the hope of the Selectmen that the W. P. A. will complete the unfinished projects before starting too many additional ones. The project for Alumni Field especially should be continued so that the young people would have a place for wholesome outdoor activities.

The Stone Arch Bridge on Mill Street has been finished and adds considerable to the value of the surrounding property. It evokes expressions of pleasure in its beauty and fitness to its surroundings.

The Board of Selectmen have tried continually to resume work on the project for improving the Town Building and we now expect to have work start in the near future.

During the year the opportunity was presented to purchase the Rapson Estate at a price which could not be refused. This land will provide sand and gravel for road purposes, a large amount of fuel for welfare cases, and space for future development for recreational purposes. This available land may make possible

the securing of a Housing project which will add much value to the town, as well as fill a real need.

The new fire truck adds much to the value of that department and we hope that it will help us to secure a reduction in fire insurance rates.

The Committee appointed to aid the Selectmen in revising the By-laws has completed its work and we expect that the revised By-laws will be submitted to the voters in the near future.

Mr. Robert Hartin passed away on April 30, 1937. He was a valued member of the Cemetery Commission and his loss is a real one. He will be remembered for his kindly interest in town betterment. Mr. Jacob Laurila was appointed to fill the vacancy in this office.

Continuing our efforts to secure economy in the operation of our Street Department we were able, with the co-operation of the Finance Committee, to secure a gasoline road roller. This will insure considerable saving as well as make possible a great deal more work. Towns and cities that have investigated the matter have found that it is far more economical to keep their department modern than to try and get along with inefficient equipment.

A sand spreader was purchased to make possible quicker sanding of streets for safety. It has more than fulfilled our expectations.

Increasing difficulty in securing horses for sidewalk plowing made it necessary to secure a gasoline tractor plow which not only does the work quicker and better but is more economical.

A Chapter 90 project for new construction of Great Road from the Sudbury line to Parker Street was completed, the State and county sharing the cost. Next year we plan to continue this Chapter 90 road work and complete Great Road to Main Street.

The project for new sidewalks radiating from the Mill, planned for this year, was held in abeyance as the project for cement sidewalks was proving so popular. We did not feel that we should do this work when so many other high costing projects were being done.

We wish to thank the various Officers and Committees for their cooperation during the year; and to express our appreciation of the support of the townspeople who have helped us bring about needed improvements for the Town.

Respectfully submitted,

DONALD A. LENT,
ROY E. MARSDEN,
PATRICK A. McGRATH.

Selectmen

W. P. A. COMMITTEE REPORT

To the Citizens of Maynard:

The report of the W. P. A. Committee for the year ending December 31, 1937 is herewith submitted.

At a Town Meeting held on March 8, 1937, the Town voted to have a special committee composed of the Chairmen of the following Boards: Selectmen, Water, Sewer, Health, Cemetery, Welfare Board, Finance Committee and Mr. James A. Coughlan of the Citizen's Committee to supervise the spending of the W. P. A. appropriation and the allocation of projects and workers.

It has been the policy of the W. P. A. Committee during the past year to operate projects which were most beneficial to the Town; but at the same time we were bound by the restrictions imposed upon us by weather conditions and the occupational classification of the men and women on the W. P. A. rolls.

In our budget for the year 1938 we recommended that the Town Departments submit the following projects: building cement sidewalks, rebuilding streets, extension of sewerage, replacing and extension of water mains and surface drainage.

We have employed an average of 75 workers on various projects throughout the year and have accomplished the following:

Puffer Road was rebuilt for a distance of one half mile with the aid of W. P. A. workers.

Mr. John Cleary, Moth Superintendent, with the aid of W. P. A. employees made a great improvement in the work of his Department.

With the aid of the State Department of Public Works the Mill Street Bridge which was destroyed during the recent flood has been replaced with a new three arch bridge. The approaches to the bridge on Mill Street from Main Street to Summer Hill Road a distance of 760 feet have been widened, straightened, and treated with bituminous.

The Board of Health Department sponsored a National Youth project for needy girls. These girls have assisted at the Pre-School Kindergarten, Baby Clinics, and performed part time clerical work for various Town Departments.

The W. P. A. sewing unit has given steady employment to fifteen women. These women have produced a large quantity of excellent garments namely:

Mens and Boys Shirts.....	391
Mens and Boys Overalls.....	416
Mens and Boys Dungaries.....	2,580

Mens and Boys Shorts	825
Mens and Boys Union Suits	673
Mens and Boys Pajamas	808
Ladies and Girls Pajamas	584
Ladies and Girls Dresses	927
Girls Dresses with Bloomers	63
Ladies Smocks	3
Ladies Slips	69
Ladies Night Gowns	156

A surface drain on Summer Street a distance of 3,750 linear feet has been completely installed.

The Sewer Department with the aid of W. P. A. Projects has laid sewerage on Waltham Street a distance of 1,800 linear feet. This sewerage line connects the formerly owned American Woolen Company sewerage system to the Town sewerage system. The sewerage system has been extended to Charles Street, where 300 linear feet of pipe was laid.

Approximately 200 cubic yards of rubble wall has been laid on Summer Street. This project has been suspended until spring due to inclement weather conditions.

A tree trimming project sponsored by Mr. William Hansen, Tree Warden, has accomplished a great deal of work necessary for the beautification of our streets and the preservation of our trees. As a result of this work the shade trees of Maynard may be classed among the best of any of our neighboring towns.

The W. P. A. project for the laying of cement sidewalks on the abbutor plan received favorable comment from property owners as it did during 1936.

The W. P. A. laid 4,850 square yards of cement sidewalks on various streets during the past year, Sidewalk projects will be continued in the spring of 1938.

The School Department with the aid of the State Department of Education sponsored a Kindergarten project for the children of the certified needy families.

In conclusion, we wish to thank the various town departments for the loyal cooperation we have received from them during the past year.

The following report will show the distribution and amount of Federal funds allocated this town and the Town Accountant's report will show the expenditures of the Town money on various projects.

MONEY RECEIVED IN MAYNARD FROM THE W. P. A.
FOR THE FISCAL YEAR—ENDING DECEMBER 31, 1937

PROJECT	AMOUNT
Alumni Field	\$ 931.96
Farm to Market	3,703.35
Mill Street Bridge	8,984.44
Moth	6,031.81
National Youth Project	1,290.25
Relocation of Mill Street	4,259.69
Sewing	16,849.68
Summer Street Wall	1,449.21
Sidewalks	10,493.98
Summer Street Drain	1,066.97
Waltham and Charles Streets Sewer	3,138.69
Tree Trimming	6,959.74
Total	\$ 65,259.77

DONALD A. LENT,
LESTER COWLES,
ERNEST JOHNSON,
JOSEPH FOSTER,
JOSHUA NAYLOR,
JAMES A. COUGHLAN,
W. P. A. Committee.

REPORT OF SUPERINTENDENT OF STREETS

To the Board of Selectmen:

I herewith submit my annual report of the Street Department for the year ending December 31, 1937.

The surface of the drain along Summer Street from Florida Road to the land of Mr. Lucius Maynard has been scarified, graveled and rolled. A mixture of stone and tar was applied and rolled, producing a smooth hard surface.

Summer Street from the house of Mr. Ernest Johnson to the Stow line was unsafe for travel and it was deemed advisable to scarify the full length and width of this street and to apply gravel where necessary. The entire surface received a heavy covering of tar.

Concord Street near the house of Mr. George Stockwell has been widened, graveled and tar was applied.

Newton Drive from Percival Street to Espie Avenue has been scarified, graveled and tarred.

Old Marlboro Road near Sudbury line being in a dangerous condition was widened, rolled and graveled.

Parmenter Avenue has been scarified, graveled and tar was applied.

Taylor Road from Great Road to house of Mr. Louis Boeske received general repairs and tar was applied.

Sherman Street has been scarified, graveled and tarred.

Edward Miller Square has been resurfaced with a mixture of stone and tar, continuing along Nason Street to Engine House. This was a much needed improvement.

Tar has been applied on all the streets of the New Village. They are now in excellent condition.

The past winter has been an unusually hard one on the roads. Several gravel road were regreveled where necessary in order to make them safe for travel.

Due to a severe winter of freezing and thawing which caused the opening of road surface, I was obliged to use cold patch extensively, causing considerable expense to my department.

A new 12 inch drain has been installed from the corner of Main and Waltham Streets to the Assabet River. This drain will relieve the pressure on the drainage system from Nason Street at the rear of buildings on Main Street.

Catch basins have been repaired and several were rebuilt where necessary.

All streets and gutters received the regular spring cleaning.

The streets in the business section were cleaned each week.

During the coming season several streets should be honed and the necessary stone and tar applied.

SIDEWALKS

A new cement walk to replace the old asphalt walk, was laid from railroad crossing on Summer Street to near lunch diner of Mr. Peter White, on Nason Street. The curbing has been reset about three feet inside the old location, thus widening the street for better parking accommodation.

A new cement walk was laid on Main Street in front of the Mr. Isaac Bachrach property.

A new tar asphalt walk was laid on Great Road near Ben Smith Bridge to Summer Hill Road, eliminating a very dangerous condition, previously there was no sidewalk at this section. I recommend that this walk should be continued during the coming year.

A new penetration asphalt walk was built on Powdermill Road from Acton line to opposite the house of Mr. William Hooper, approximately 3,500 feet, to eliminate pedestrians walking on the roadway. This improvement is greatly appreciated by the citizens. During the coming season this walk should be continued to Papermill corner, as the traffic over this road is becoming so heavy that the practice of walking on roadway is extremely dangerous.

A tar asphalt walk was laid on Fairfield Street and I have also renovated various other sidewalks throughout the Town.

SNOW

Several light snow and sleet storms made it necessary to keep the street and sidewalks sanded for travel. The road plows were not used during the past year as none of the storms were heavy enough to warrant their use.

MAINTENANCE—CHAPTER 90

Parker Street from Papermill corner to Walnut Street has been treated with asphalt and finished with a pea stone covering and the entire surface rolled.

Great Road from Parker Street to bus barn was tarred, honed and treated with pea stone. The entire surface was thoroughly rolled. This was a much needed improvement as the road was full of holes and unsafe for travel.

Acton Street from Concord Street to the railroad crossing was surface treated in same manner. Two 18 inch metal culvert pipe were installed to replace the old stone culverts.

Great Road from Ben Smith bridge to Stow line has been scraped and tar was applied along the shoulders.

Powdermill Road from Papermill corner to Acton line has been scraped, widened and tarred along the shoulders.

Brown Street from Country Club to Acton line received general repairs and was tarred along the shoulders.

A cable guard rail fence has been installed on Powdermill Road, a distance of 1,000 feet to replace the old wooden fence, which was badly in need of repairs.

GREAT ROAD CONSTRUCTION

Great Road from Sudbury line to Parker Street has been rebuilt with crushed stone base and finished with type I bituminous. The drainage consists of several hundred feet of pipe and several catch basins, with drop inlet curbing. A cable guard rail fence has been installed to replace the old wooden fence along this road. The State and County contributed toward the cost of this road.

Respectfully submitted,

JOHN J. DRISCOLL,
Superintendent of Streets.

REPORT OF MOTHS SUPERINTENDENT

To the Board of Selectmen:

I herewith submit the report of the Moth Department for the year ending December 31, 1937.

All town shade trees were sprayed in the spring with arsenate of lead.

With the aid of welfare workers, the underbrush has been cut and burnt on various streets throughout the town.

During the past year I have sponsored a W. P. A. project to creosote the gypsy moth egg clusters, which I found in numerous quantities.

Respectfully submitted,

JOHN F. CLEARY,
Moth Superintendent.

REPORT OF THE LIGHTING COMMITTEE

To the Honorable Board of Selectmen:

Gentlemen:—

The following is a brief summary of the progress of the Light Committee, covering their activities since their last report.

The survey necessary to obtain a complete listing of the physical properties of the Edison Company in Maynard, is almost completed.

Recent decisions of the courts may have some effect on the question of the financing of such a project as that under consideration.

The Committee has felt that the many problems presented must receive careful consideration, and regardless of the opinion of some of the people of the town that the town should take steps to acquire the plant, we feel we would not have done our duty, unless we considered it from every angle.

We assure the people that when we make our final report, they will have all the information necessary to act intelligently on this problem.

Respectfully submitted,

DONALD LENT
AUGUSTUS MORSE
FRANK SHERIDAN
ARVO RIVERS
ALTON SIMS
JOHN DONAHUE
JOHN MURRAY
DENNIS WHITE

- Three blasts at 6.30 P. M. for Evening School.

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

(Over)

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE—1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle within three hundred feet of any fire apparatus going to a fire or responding to an alarm, nor drive said vehicle, or park or leave the same unattended within six hundred feet of a fire or within the fire-lines established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Remain at box until apparatus arrives.

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

How to send an alarm from box: Go to the nearest box, open door, pull lever way down once and let go, then shut door, remain at box and direct firemen to fire.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling: this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

REPORT OF FIRE ENGINEERS

The Honorable Board of Selectmen:

Gentlemen:

The report of the Fire Department for the year ending December 31, 1937 is herewith submitted:

BUILDING

Headquarters Nason Street, housing Engine 1, Combination 1, Ladder 1, also the Fire Alarm System.

APPARATUS

In service: One Pumping Engine equipped with a 150 Gallon Booster Tank, 200 feet of Booster Hose, 1000 feet of two and one half inch Hose, 200 feet of one and one half inch Hose, one 34 foot extension ladder, one 16 foot roof ladder, one vapor nozzle, searchlights, and minor tool for extinguishing fires.

One Combination Wagon equipped with a 50 Gallon Chemical Tank, one 28 foot extension ladder, one 14 foot roof ladder, A First Aid Kit, Stretcher, Blankets, Salvage Covers, and a Thomas Leg Splint.

One 60 Foot Aerial Ladder truck equipped with 240 feet of Ground Ladders, an Eastman Ladder Gun, a Porter Life Net, a 50 Foot length of three inch Hose, two Pitch Forks, two Shovels, four Axes, four Pike Poles, a 20 ton Hydraulic Jack, Six Salvage Covers, a Foamite extinguisher, a soda and Acid extinguisher, four searchlights, a Fog Nozzle, a 100 Gallon Booster Tank, and 150 feet of Booster Hose, 900 feet of two and one half inch Hose, Door Openers, Hose Clamps, and the Inhalator.

FIRE ALARM SYSTEM

Boxes 21, Phantom Boxes 8, Miles of Wire 16, Whistling Machine with Steam Whistle 1, House Tapper 1, Indicator 1, Battery Cells 32, and 2 Rectifiers.

ESTIMATED VALUE OF BUILDINGS AND CONTENTS INVOLVED BY FIRE

Assessed Value Of Buildings.	\$ 18,775.00
Estimated Value Of Contents.	18,000.00

INSURANCE CARRIED ON BUILDINGS AND CONTENTS INVOLVED

Buildings.	\$ 39,300.00
Contents.	5,400.00

INSURANCE PAID ON BUILDINGS AND CONTENTS INVOLVED

Buildings.	\$ 2,862.26
Contents.	2,129.22

Our Financial Statement may be found in the Town Accountant's report.

We are pleased to report that the Fire Loss was considerably lower than the loss for the past three years. The loss this year was \$4,991.48, as compared to \$21,310.36 for the year 1936. Buildings and Contents involved by fire for the year 1937 amounted to \$36,775.00.

During the year some of the cellars were inspected, and were found to be quite hazardous. We call this matter to the attention of the business and home owners at this time, and ask them to cooperate with us and remedy this condition. The Engineers and men of the department are willing at all times to assist and make recommendations for a less hazardous condition.

Our new Aerial Ladder Truck was delivered in November and placed in service. We feel that this truck has added greatly to the efficiency of the department. The old Ladder truck was sold for the sum of \$200.00, and the money returned to the town treasury.

Tree trimming was completed on the Fire Alarm System, all boxes were tested, and painted.

Practice drills were held monthly during the summer months. Nine more men of the department have received the advanced course of training at the State Training School at Arlington. These courses are held each year at the expense of the State. The men of the department contribute their own time and transportation.

Once again we wish to thank publicly all those who assisted in any way towards making our whist party such a success. This money is used each year to provide for insurance for the men of the department.

We wish to thank the police for the assistance given us during the year.

Respectfully submitted,

GEORGE T. PRIEST,
MICHAEL F. LOUKA,
WALTER PRIEST,
Board of Engineers.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

I herewith submit my report for the year 1937.

I inspected 30 barns, 163 cattle and 829 swine.

Quarantined 9 dogs and 1 cat on suspicion of rabies, and released same after 14 days.

Cared for and quarantined 10 stray dogs until claimed by owners.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit my first annual report as Chief of Police of the Town of Maynard, for the year ending December 31, 1937. I was appointed Chief and assumed the duties of the office on April 1, 1937. In the performance of the duties of the office I have had the assistance of your Honorable Board and the co-operation of the members of the police department.

During the year 350 complaints were filed at this office. All of them were investigated and properly disposed of promptly. Personal complaints that of their nature are confidential, are so treated.

Persons who abuse the use of intoxicating liquor who have been complained of by their families or others have their names placed upon what is known as the police "liquor black list." It is the duty of the police to post these names with holders of liquor licenses. Complaints of such nature must be in writing and must be filed in person at police headquarters.

An inventory made when I assumed the office of chief disclosed that the equipment of the police department was inadequate and some of it obsolete. Modern police work requires new equipment, especially means for quick transportation to any part of the town. For this reason I have recommended the purchase of a police car in my budget for 1938. It is my intention to conduct the department as economically as possible, with due regard to the burden already so heavy on the tax payer. However, gradually, from time to time, I hope additional equipment will be purchased to modernize this department.

TRAFFIC

Modern transportation and its problem have added much to the police work of every town and city. Much of the time of police officers is devoted to traffic work and police authorities accept that this phase of police work will expand before it diminishes. Every day the toll of dead or injured in accidents impresses the importance of this problem. Home, school and police should co-operate in a safety program especially for the protection of the children. Maynard has no laws relating to rules and regulations of traffic. I suggest that traffic rules and regulations be established by the Town with the approval of the Massachusetts Department of Public Works.

PARKING

While the town has a parking space that serves its purpose nevertheless the parking problem especially in the business section needs attention. There is need for more parking space to relieve

the crowded condition in the business section during the rush hours.

SAFETY

Winter sports, healthful and invigorating, bring with them a danger especially to the little ones. As a protective measure this department with the assistance of the Street Department has placed ten life preservers and 1,000 yards of hemp rope on the shores of the Mill Pond and the Assabet River.

REPORT OF ARRESTS FOR 1937

Crime Vs. Person

Assault and Battery 4

Crime Vs. Property

Breaking and Entering in night time and Larceny. 1
 Concealing Least Property 1
 Larceny of Automobile 2
 Malicious Injury to Property 2

Crime Vs. Public Order

Drunkenness 65
 Driving while Intoxicated 6
 Driving so as to Endanger 2
 Non-Support 6
 Delinquency 2
 Violating Liquor Laws 1
 Illegitimate Child Act 1
 Violating Lottery Laws 1
 Vagrancy 2
 Alien in Possession of Firearms 1

The amount of money received by the Town Treasurer from the Concord District Court for the year 1937 was \$907.45.

The Town Treasurer has also received from the American Woolen Company \$739.44. This reimburses the Town for the money paid by the Town to local police officers guarding their pay rolls.

In conclusion I wish to express my appreciation and thanks to the Board of Selectmen and all other Town Departments who have been of assistance to the Police Department and also to express my thanks to the police officers for their splendid co-operation.

Respectfully submitted,

HENRY F. PIECEWICZ,

Chief of Police

REPORT OF DOG OFFICER

To the Board of Selectmen:

I, as dog officer of the Town of Maynard, respectfully submit the following report.

During the past year I have notified seventy-five delinquent dog tax owners. Of this number the Town Clerk has collected seventy taxes and the remaining five have been disposed of.

HENRY F. PIECEWICZ,
Dog Officer.

REPORT OF FISH AND GAME WARDEN

To the Board of Selectmen:

I herewith submit my annual report as Fish and Game Warden for the year ending December 31, 1937.

I have patrolled all surrounding territory which takes in all rivers, brooks and ponds. I have also answered all complaints which were very few this year.

During the past year, I have received from local sportsmen numerous complaints regarding the scarcity of fish and game.

Respectfully submitted,

JOHN W. KOPP,
Fish and Game Warden

REPORT OF JOHN A. CROWE PARK SUPERINTENDENT

To the Board of Selectmen:

I herewith submit my annual report as Superintendent of John A. Crowe Park, for the year ending December 31, 1937.

The grand stand and diamond are in good condition.

During the past year the parking and driving of vehicles on the playing ground has done considerable damage to the field.

Respectfully submitted,

JOHN C. BRAYDEN,
Superintendent.

TOWN ACCOUNTANT'S REPORT

Maynard, Mass., Jan. 24, 1938.

To the Board of Selectmen:

Gentlemen—I submit herewith the annual report of the Town Accountant for the year ending December 31, 1937.

During the year I have audited the books of the Tax Collector and Water Registrar and sent notices to delinquents to verify the outstanding accounts. Checked the Treasurer's cash on hand, and verified the Trust Funds in the Treasurer's care.

The amount of cash on hand Dec. 31, 1936 was \$87,701.48. On December 31, 1937 the cash on hand amounted to \$100,581.71.

No loans in anticipation of revenue were necessary this year.

On Dec. 31, 1936 the total uncollected taxes were \$95,035.24 while the Excess and Deficiency account amounted to \$116,531.76 giving an excess over uncollected taxes of \$22,496.52. On Dec. 31, 1937 the total uncollected taxes were \$87,549.66 while the Excess and Deficiency account totaled \$117,330.50 giving an excess over uncollected taxes of \$29,780.84.

The Tax levies of the last three years and the amount collected in the year of levy are as follows:

	Total Levy	Amount Collected	Per Cent Collected
Year 1935	\$268,380.02	\$193,974.25	72.3
1936	\$226,991.34	\$165,637.09	73.
1937	\$196,549.48	\$134,427.42	68.4

I wish again to express my appreciation of the cooperation I have received from the various town officials.

Respectfully yours,

CHARLES A. STOCKBRIDGE,
Town Accountant.

GEORGE F. THANE

Collector.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

I herewith submit my report as Tree Warden for the year 1937.

Following is a list of the locations and the number of trees planted on each:

Harrison Street.....	11
Great Road.....	8
McKinley Street.....	4
Glendale Street.....	4
Summer Street.....	1
Maple Street.....	1
East Street.....	1
Roosevelt Street.....	1
DeMars Street.....	1
Brooks Street.....	1
Concord Street.....	2

There were a number of trees cut down throughout the town because of obstruction of driveways and sidewalks and some were destroyed by diseases.

Approximately 1,600 mechanical scarred trees were treated.

About 200 trees were trimmed and shaped in various sections of the Town.

There were 29 cavaties excavated and cemented.

Sixty trees were artificially stimulated.

The elm trees were examined for signs of Dutch Elm Disease.

With the aid of a W. P. A. project the Tree Department is to trim and shape 4,000 trees, about 200 excavations are to be made and cemented, 1,000 mechanical scarred trees are to be treated, a number of trees are to be cut down, and the brush is being trimmed within 20 feet of the roads where it is necessary. The Welfare Department has received 90 cords of wood and the abutters 40 cords from this project.

In the coming year 25 trees should be planted.

Some trees should be artificially stimulated.

All trees should be examined for mechanical scars and treated when necessary. A number of trees should be cabled.

Excavating and cementing should be done.

Ash trees should be sprayed for oyster scale.

As the W. P. A. project does not take care of all the trees which need to be trimmed and shaped, this should also be done.

The Town Accountant's report will show the expenditures of my department.

Respectfully submitted,

WILLIAM V. HANSEN,
Tree Warden

TOWN CLERK'S REPORT

For The Year Ending December 31, 1937

Information desired, not printed herein, will be courteously supplied upon request to the Town Clerk.

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held January 11, 1937

A special town meeting was held on the above date pursuant to warrant No. 359.

Moderator Matthew T. King presided.

The meeting was called to order at 7.30 o'clock and the Town Clerk read the warrant.

Article 1. Harold J. Morgan gave a verbal report for the Finance Committee stating that the committee did not recommend the appropriation of \$5,000.00 under Article 2, and although said committee favored a committee to consider plans for the Town House, they did not recommend the appropriation of \$500.

On motion of Alfred E. McCleary. Voted to adjourn. (Time 7.39.)

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held February 8, 1937

Pursuant to Town Warrant No. 360 the annual Town election was held at the High School Auditorium on the above date.

The Town Clerk prepared the polling place in conformity with the General Laws.

Moderator Matthew T. King presided.

The following Ballot Clerks, appointed by the Selectmen, were sworn by the Town Clerk.

BALLOT CLERKS

William P. Rourke, Hiram Parkin, Ethel Lowney, Florence Maley, Lillian I. Holmes.

The Town Clerk delivered ballots and duplicate check lists to the ballot clerks and received a receipt therefor.

The ballot box was examined by the Town Clerk and Moderator and the register set at 0000.

Constable Henry F. Pieciewicz then took charge of the ballot box and held the keys to the same throughout the day.

At six o'clock A. M. Moderator King called the meeting to order.

On Motion of Cornelius J. Callahan—Voted that the reading of the warrant be waived.

It was voted that the election of minor officers and action under Article 2 be postponed until two o'clock.

The Moderator and Town Clerk being in accord and of the opinion that it was advisable, ballots were taken from the ballot box at 10 o'clock A. M. and at various other times during the day that counting might proceed.

Tellers appointed by the Selectmen were sworn by the Town Clerk.

Tellers

Arthur F. Croft	Albert J. Connors
Dorothy E. Hamlin	R. Frank Punch
Walter R. Denniston	Alice L. Joyce
Bertha L. Davis	Agnes V. Driscoll
George V. Binns	Margaret M. Moore
Walter Crowther	Dorothy Byron
Dorothy E. Marsden	Maxine DeLory
Bertha L. Whitney	

At two o'clock Moderator King called for the election of minor officers and the following were nominated and elected.

FENCE VIEWERS

William Naylor	
William O. Strout	
Benjamin C. Brown	Sworn Feb. 19, 1937

FIELD DRIVERS

James C. Mahoney	Sworn Feb. 8, 1937

Axel T. Lawson	Sworn April 8, 1937
Foster F. Whitney	Sworn Feb. 11, 1937
August Lehto	

Article 2. On motion of George H. Gutteridge—Voted unanimously that the Town Treasurer, with the approval of a majority of the Selectmen, be and hereby is authorized to borrow money, from time to time, in anticipation of the revenue of the financial year beginning January 1, 1937, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Sec. 17, Chap. 44, General Laws.

At six o'clock P. M. it was voted to keep polls open until seven o'clock.

The polls closed at seven o'clock P. M.

The number of ballots cast was (2156) two thousand one hundred and fifty-six.

The check lists each showed (2156) two thousand one hundred and fifty-six names checked as having voted.

The result of the balloting was announced at 7.40 as follows:

FRANK E. SANDERSON,
Town Clerk of Maynard.

I, Eleanor Jones, above named do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

ELEANOR JONES,

Subscribed and sworn to this tenth day of February, 1937,
before me,

FRANK E. SANDERSON,
Town Clerk of Maynard.

A true copy,

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held March 8, 1937

A town meeting was held on the above date pursuant to
Town Warrant No. 361.

Moderator Matthew T. King presided.

At 7.30 P. M. the meeting was called to order.

On motion of George H. Gutteridge—Voted to waive the
reading of the warrant.

Article 1. Harold J. Morgan, Secretary of the Finance
Committee read the recommendations of said committee. (Report
not filed).

Arthur J. Sullivan, Secretary of the Committee on the re-
vision of By-Laws presented the report of said committee, also
the report of a Planning Board Committee, William Naylor,
Chairman, which committee when appointed was instructed to
report to the committee on revision of By-Laws.

Both reports were received and filed with the Town Clerk.

Article 2. No vacancies to fill.

Article 3. The Moderator appointed George H. Gutteridge,
Charles P. Taylor, Joseph Byrne, and Michael Zapareski, tellers.
They were sworn by the Town Clerk.

On motion of Harold J. Morgan—Voted That sections 2,
3, 4, 6, 7, 8, 9, 10, 12, 13, 14, 15, 17, 18, 19, 20, 21, 22, 23, 24, 25,
26, 27, 28, 29, 30, 31, 32, 33, 34, 35, and 36 of Article 3 wherein
the department requests and the Finance Committees recom-
mendations coincide, the amounts specified be appropriated.

The appropriations thus voted were as follows:

2. Finance Committee Expense	\$ 75.00
3. Town Accountant Salary and Expense	1,000.00
4. Treasurer Salary and Expense	1,200.00
6. Tax Title Expense	150.00
7. Assessors, Salaries and Expenses	2,260.00

36.	Military Aid	300.00

Article 3.

Sec. 1. On a motion by Donald A. Lent amended by Alfred E. McCleary—Voted to appropriate \$5,000.00 for Selectmens Salaries and expenses.

Sec. 5. On motion of Alfred E. McCleary—Voted to appropriate \$2,080.25 for the expenses and salary of the Tax Collector.

Sec. 11. On motion of William Spratt—Voted That the sum of \$12,678.00 be appropriated for the maintenance of the Maynard Police Department.

Sec. 16. On motion of Lester F. Cowle—Voted that the sum of \$6,280.00 be appropriated for the maintenance of the Health Department.

Article 4. On motion of Harold J. Morgan—Voted that the sum of \$100.00 be appropriated for the salary of Inspector of Animals.

Article 5. On motion of Harold J. Morgan—Voted that the sum of \$150.00 be appropriated for the salary of Inspector of Slaughtering.

Article 6. On motion of Lester F. Cowle—Voted that the sum of \$250.00 be appropriated for plumbing inspections and expenditures.

Article 7. On motion of Harold J. Morgan—Voted that the sum of \$70.00 be appropriated for the salary of Fish and Game Warden.

Article 8. On motion of Harold J. Morgan—Voted that the sum of \$1,200.00 be appropriated for the salary of Public Health Nurse.

Article 9. On motion of Harold J. Morgan—Voted that the sum of \$285.00 be appropriated for the care and lighting of Naylor Court Parking Space.

Article 10. On motion of John A. Driscoll—Voted that the sum of \$300.00 be appropriated for Vocational Education.

Article 11. On motion of Harold J. Morgan—Voted that the sum of \$100.00 be appropriated for Christmas Lighting.

Article 12. On motion of Harold J. Morgan—Voted that the sum of \$300.00 be appropriated for Memorial Day.

Article 13. On motion of Harold J. Morgan—Voted that the sum of \$5,000.00 be taken from the Overlay Reserve to provide for extraordinary or unforeseen expenditures. Transfers to be made to departments only by vote of the Finance Committee, as provided by Chapter 40 Section 6 of the General Laws.

Article 14. On motion of Donald A. Lent—Voted that this article be laid on the table.

Article 15. On motion of Roy E. Marsden—Voted that the sum of \$1,500.00 be appropriated for Chapter 90 Maintenance in event that State and County make an appropriation.

Article 16. On motion of George Stockwell—Voted that the Board of Assessors be authorized to apply the sum of Ten Thousand Dollars, to be taken from the Sewer Department surplus, to meet the two sewer notes of Five Thousand dollars each, due in 1937, thus to reduce the net amount to be raised by Taxes in the year 1937.

Article 17. On motion of George Stockwell—Voted that the Board of Assessors be authorized to apply the sum of Six thousand dollars, to be taken from the Excess and Deficiency account and thus reduce the net amount to be raised by Taxes in the year 1937.

Article 18. A motion by William Naylor to appropriate was amended by Donald A. Lent to lay the article on the table and the amendment was carried.

Article 19. On motion of William Naylor—Voted that \$750.00 be taken from the Water Dept. Surplus, to be used by the Water Commissioners, to purchase a truck, and accessories.

Article 20. On motion of William Naylor—Voted that \$250.00 be taken from the Water Dept. Surplus, to be used by the Water Commissioners, to purchase a pump and equipment.

Article 21. On motion of Donald A. Lent—Voted that the sum of \$1,000.00 be taken from Water Department Surplus to purchase a truck and accessories by the Sewer Commissioners.

Article 22. On motion of Fred C. Elson—Voted that the Sewer Commissioners be authorized to construct a Common Sewer on Deane St., that \$900.00 be appropriated for this purpose, and this work to be done under a W. P. A. Project if possible.

Article 23. On motion of Thomas H. Tierney—Voted that the Sewer Commissioners be authorized to extend the Common Sewer on Waltham St. from Hayes St. to No. 117 Waltham St., providing a W. P. A. Project can be obtained for this work, that \$2,400.00 be appropriated for this purpose.

Article 24. A motion by Fred Elson to take action as called for by the article was amended by Ernest Mariano that the article be laid on the table and the amendment was carried.

Article 25. On motion of William Naylor—Voted to lay this article on the table.

Article 26. On motion of Alfred E. McCleary—Voted that the sum of \$15,000.00 be appropriated as a general fund to finance W. P. A. projects as approved by a committee consisting of the Chairmen of the following Boards: Health, Sewer, Water, Welfare, Finance, Cemetery, Selectmen and Mr. James A. Coughlan of the Citizens committee.

Article 27. On motion of Roy E. Marsden—Voted to lay this article on the table.

Article 28. On motion of Frank E. Sanderson—Voted that the Town accept the following Cemetery funds, the same to be invested, and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery:

Fred Hayward, \$100.00; Harry E. Larkin, \$100.00; Boulden and Killerby, \$100.00; John Nordberg, \$100.00; Alice Locke, \$50.00; Martha Garfield, \$100.00; Harriet A. Thompson, \$100.00; Hans C. Peterson, \$100.00; Louis Emerson, \$50.00; John E. Phillips, \$100.00; Mrs. Roy Perry, \$100.00.

Article 29. On motion of George T. Priest—Voted that the sum of \$9,800.00 be appropriated to purchase a new fire ladder truck by the Selectmen and Fire Chief.

Article 30. On motion of Harold J. Morgan—Voted to appropriate \$50.00 to combat the dutch elm disease.

Article 31. On motion of Roy E. Marsden—Voted to lay this article on the table.

Article 32. On motion of Roy E. Marsden—Voted that the Town vote to transfer the sum of \$400.00 from the Grave and Lot fund to purchase a power lawn mower.

A motion by Walter R. Denniston to take Articles 24 and 25 from the table was defeated by a vote of 62 yes, 51 no. A two-thirds vote was necessary.

Article 33. On motion of Roy E. Marsden—Voted that the town establish a Road Machinery Account to which shall be credited all the receipts received for the use or rental of road machinery, the proceeds to be appropriated as voted by the town for road machinery purposes.

Article 34. On motion of Donald A. Lent—Voted that the sum of \$500.00 be appropriated to establish a Road Machinery Account for the purpose of purchasing, repairing and operating road machinery.

Article 35. On motion of Harold J. Morgan—Voted that the salaries of the various elected Town officials in accordance with Chapter 41, Section 108, of the General Laws, said salaries to be effective from Jan. 15, 1937, and remain in force until the next annual Town election unless sooner changed by vote of the town, be as follows:

Moderator	\$ 50.00	per year

Article 36. On motion of Joseph Byrne, as amended by Patrick A. McGrath—Voted that Newton Drive be accepted as a public way when put in a condition satisfactory to the Selectmen.

Article 37. On motion of Alfred E. McCleary—Voted to lay this article on the table.

Article 38. On motion of Alfred E. McCleary—Voted that \$500.00 be appropriated for securing plans for the alteration and improvement of the Town House, the same to be in the hands of the committee originally appointed to have charge of the matter.

At 9.45 o'clock the meeting voted to adjourn.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING
held March 29, 1937

Pursuant to Town Warrant No. 362 a special town meeting was held in Parker Street Hall on the above date.

Moderator Matthew T. King presided.

The warrant was read by the Town Clerk at 7.30 P. M.

Article 1. Harold J. Morgan, Secretary of the Finance Committee reported for said committee the recommendations on the several articles of the warrant.

No report was filed with the Clerk.

Article 2. No vacancies to fill.

Article 3. On motion of William Naylor—Voted to go into a committee of the whole for the discussion of the various matters to come before the meeting.

After a discussion of forty minutes the committee of the whole voted to arise and Moderator King called for action under Article 3.

On motion of Joshua Naylor—Voted to recess for twenty minutes for the purpose of allowing the Secretary and Chairman of the Committee, the Chairmen of the various Boards from whose departments funds might be taken and the Town Accountant to confer and determine from what source funds could be taking for the purposes called for in the various articles.

Following a recess of twenty minutes the meeting was again called to order.

Article 3. On motion of Harold J. Morgan—Voted that the town take from the Excess and Deficiency account, the sum of

\$8,000.00 to rebuild Great Road from the Sudbury line to Parker Street in event the State and County make an appropriation and that local labor and material be used where possible.

Article 4. On motion of Harold J. Morgan—Voted that the town take the sum of \$7,000.00 from the Water Dept. Surplus account to be used by the Assessors for the purpose of reducing the net amount to be raised by taxation.

Article 5. On motion of William Connolly—Voted to accept Parmenter Avenue as a public way when same is acceptable to the Board of Selectmen.

Article 6. On motion of David Foley as amended by Harold Morgan—Voted that the Town accept Sherman Street as a public way, according to a plan on file in the Town Clerk's office, if and when it is in a condition satisfactory to the Selectmen for acceptance.

Article 7. On motion of Harold J. Morgan—Voted that \$1,200.00 be taken from the Water Surplus, to be used by the Sewer Commissioners, to construct a Common Sewer on Charles St. This work to be done under a W. P. A. Project, if possible.

Article 8. On motion of Harold J. Morgan—Voted that the Sewer Commissioners be authorized to construct a system to transfer sewerage from a point near the junction of Concord and Hurd Streets into the sewer system, that \$3,700.00 be appropriated from Sewer surplus and \$3,300.00 from the excess and deficiency for this purpose and that the work be done under a W. P. A. project if possible.

Article 9. On motion of Harold J. Morgan—Voted that \$3,400.00 be appropriated from Excess and Deficiency, to be used by the Sewer Commissioners, to Construct Common Sewers on Concord Street and on King Street. This to be a W. P. A. project, if possible.

Article 10. On motion of Harold J. Morgan—Voted that \$5,000.00 be appropriated from the Water Dept. Surplus, to be used by the Water Commissioners, to lay new water mains and to replace old water mains under a W. P. A. Project.

At the suggestion of the Town Clerk the meeting referred back to Article 5 in order to include in the vote the mention of a plan of Parmenter Avenue on file.

On motion of Donald A. Lent—Voted to reconsider Article 5.

Article 5. On motion of Harold J. Morgan—Voted that the Town accept Parmenter Avenue as a public way according to a plan on file in the Town Clerk's office, if and when it is in a condition satisfactory to the Board of Selectmen for acceptance.

The meeting adjourned at 9:40 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING
held July 26, 1937

A special town meeting was held on the above date pursuant to town warrant No. 363.

Moderator Matthew T. King presided, and called the meeting to order at 7.30 o'clock P. M.

On motion of Donald A. Lent—Voted to waive the reading of the warrant.

Article 1. On motion of Roy E. Marsden—Voted that the Town hereby consents to the widening of the Great Road at and near the easterly boundary of the Glenwood Cemetery, by a taking by the Middlesex County Commissioners of a strip of land between the present northerly boundary of said highway and a new line to be established, which is on a curve of 774.99 feet radius, length 534.96 feet, the distance on said new curve within the Cemetery land being about 250 feet, all as shown by a plan of portions of the proposed relocation of Great Road, Maynard, by the said County Commissioners in 1937.

The meeting adjourned at 7:34 P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING
held August 23, 1937

Pursuant to Town Meeting warrant No. 364, a special Town Meeting was held on the above date in Parker Street Hall.

At 7.30 P. M. Moderator Matthew T. King called the meeting to order.

Selectman Patrick A. McGrath moved that the reading of the warrant be waived, and it was so voted.

Article 1. Joshua Naylor of the Finance committee made a verbal report and recommended the acceptance of Articles 2, 3, 4, 5 and 6.

Article 2. On motion of Roy E. Marsden—Voted that the Cemetery Commissioners be authorized to purchase a parcel of land situated between the Glenwood Cemetery and the new addition there, to and bounded on the third side by the Stapel property and that the sum of \$200.00 be transferred from the Grave and Lot Fund for this purpose.

Article 3. On motion of George T. Thane—Voted to take from the Excess and Deficiency the sum of \$250.00 for the Office of Tax Collector to cover the increase in salary voted at the Annual Town Meeting March 8, 1937 which sum was not included in the voted budget.

Article 4. On motion of Fred C. Elson—Voted that the Sewer Commissioners be authorized to extend the Common Sewer on Bent Avenue and that \$500.00 be taken from the Sewer Dept. Surplus for this purpose.

Article 5. On motion of Fred C. Elson—Voted that the Sewer Commissioners be authorized to construct a Common Sewer on Lindberg St. and that \$1,000.00 be taken from the Sewer Dept. Surplus for this purpose.

Article 6. On motion of Fred C. Elson—Voted that the Sewer Commissioners be authorized to construct a Common Sewer on Douglas Avenue and that \$1,500.00 be taken from the Sewer Dept. Surplus for this purpose.

Article 7. On motion of Allan Howard—Voted to accept Fowler Street as a Town Street, as shown on a plan on file in the Town Clerk's office.

Article 8. On motion of Robert R. Hatch—Voted that Elmwood Street be accepted as a public way as shown on a complete map on file at the Town Clerk's office.

Article 9. On motion of Donald A. Lent as amended by Joshua Naylor—Voted to accept Parmenter Street from Walcott Street to Lewis Street as a Town street according to a plan on file in the Town Clerk's office.

At 8.15 o'clock P. M. the meeting adjourned.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held September 20, 1937

A special Town Meeting was held on the above date pursuant to Warrant No. 365.

Moderator Matthew T. King presided.

At 7.30 o'clock the Moderator called for the reading of the warrant.

On motion of Donald A. Lent—Voted to waive the reading of the warrant.

Article 1. No report heard.

Article 2. On motion of Roy E. Marsden—Voted 33 in favor, 6 opposed, that the Town vote to authorize the Selectmen, to purchase the land known as the Rapson Estate, located on the South side of Great Road, and take from the Excess and Deficiency the sum of \$3,000.00 for this purpose.

The count was made by Joshua Naylor, Walter Carbone, Ernest Mariano, and Fred C. Elson, appointed by the Moderator and sworn by the Town Clerk.

The meeting adjourned at 8 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held November 8, 1937

A special Town Meeting was held on the above date at 7.30 P. M. in Parker Street Hall.

Moderator Matthew T. King presided. On motion of Donald A. Lent it was voted to waive the reading of the Warrant.

Article 1. Joshua Naylor of the Finance Committee gave a verbal report stating the recommendation of said committee. No report was received by or filed with the Town Clerk.

Article 2. On motion of Roy E. Marsden—Voted that the Town transfer from the Water Department surplus fund, the sum of \$325.00 to the Selectmen's Expense account.

Article 3. On motion of Roy E. Marsden—Voted that the Town transfer from the Water Dept. Surplus fund the sum of \$1,375.00 to the Soldiers' Relief account.

Article 4. On motion of Roy E. Marsden—Voted that the Town transfer from the Water Dept. Surplus Fund, the sum of \$1,010.00 to the Town Officers and Hall account.

Article 5. On motion of Roy E. Marsden—Voted that the Town transfer from the Water Department Surplus Fund, the sum of \$200.00 for Moth Control.

Article 6. On motion of Patrick H. Murphy—Voted that the sum of \$1,500.00 be transferred from the excess and deficiency account, to the Department of Public Welfare for Old Age Assistance.

The meeting adjourned at 7.50 o'clock.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held December 7, 1937

A special Town Meeting was held in Parker Street hall at 7.30 P. M. on the above date pursuant to Town Warrant No. 367.

Moderator Matthew T. King presided.

On motion of Donald A. Lent it was voted to waive the reading of the warrant.

Article 1. Harold J. Morgan, Secretary of the Finance Committee stated that while the committee was not in favor of the project contained in Article 2 of the warrant, they recommended the appropriation of the sum called for on the grounds that it was a relief measure and would assist unemployment.

Article 2. On motion of Donald A. Lent—Voted to appropriate from the Excess and Deficiency the sum of \$4,000.00 in case the County make a like appropriation to continue the Farm to Market Project on Puffer Road. Said appropriation to be expended under the direction of the Selectmen and Board of Public Welfare for unemployment relief.

The meeting adjourned at 7.34 P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

Important Request!

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

NOTICE

All dog licenses here listed expire March 31, 1938.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

**REPORT OF THE BOARD OF REGISTRARS
OF VOTERS**

To the Board of Selectmen:

Gentlemen:—The Board of Registrars submit the following report.

The voting list on January 1, 1937, contained 3,162 names, 1,723 men, 1,439 women, the largest voting list in the history of the town.

During 1937, forty-four names were added (23 men, 21 women) and one hundred and fourteen (54 men, 60 women) were removed, 65 left town, 29 deceased, 20 married. The total number of voters on December 31, 1937, was 3,092, (1,692 men, 1,400 women).

No primary having been held in 1937, the list of enrolled Republican and Democrat voters has not been checked.

Three Democrat voters have changed their enrollment, two to no enrollment and one to Republican.

Respectfully submitted,

JOHN C. BRAYDEN,
MICHAEL J. NEE,
WILLIAM COULTER,
FRANK E. SANDERSON,
Registrars.

ASSESSORS REPORT

To the Citizens of Maynard:

The annual report of the Board of Assessors for the year ending December 31st 1937, is hereby submitted.

ITEMS USED IN MAKING UP THE TAX WARRANT RECAPITULATION OF CHARGES AND CREDITS

Town Appropriations:

Total Assessed Value for 1936 \$ 6,150,943.00

Total Assessed Value for 1937 5,311,598.00

The difference in Valuation is in Accordance with Chapter 362 of the Acts of 1936. (Machinery Tax)

The actual gain in Taxable property was \$4,345.00.

CHARLES B. KEENE,
ALBERT MOYNIHAN,
GEORGE STOCKWELL,
Assessors.

REPORT OF THE BOARD OF PUBLIC WELFARE
AND
BUREAU OF OLD AGE ASSISTANCE

To the Citizens of MaynarS:

The annual report of the Board of Public Welfare is herewith submitted.

The demands of the past year have been more severe on this Department in regard to unemployment and to relief than for the past five years. Due to reduced employment on the W. P. A., the laying off of all aliens, and the general unemployment in the Assabet Mills, the number of cases aided have increased from 45 in January 1937 to 165 cases or a total of 487 persons as of Jan. 1, 1938, with 6 persons in institutions and 18 cases in other cities and towns. Many of our temporary aid cases have settlements in other cities and towns, and many others are unsettled or "State" cases. In these cases the total amount spent is re-imbursed by that city or town or by the state. This re-imburement does not come back to the Board of Public Welfare, but is added to the general fund in the town treasury. The total reimbursements for temporary aid relief in 1937 were \$5,384.76.

As relief applicants have called upon us for needed assistance, we have endeavored to exercise the best possible judgement in administering to their needs. We have tried to provide adequately for each and every case and at the same time restrict expenditures to a minimum. It is evident that we are facing a long time problem of relief with a group of relief clients who have become quite conscious of their status as wards of the town. During the month of August, thirty-six persons were dropped from the W. P. A. as aliens. Many of these have been obliged to apply for welfare relief and have been wholly supported since then. Wherever possible we have required them to work out the relief on town work.

The Civilian Conservation Corps has enrolled twenty young men from our town during the year 1937. Each enrollee receives \$30.00 a month in addition to board, room, clothing, and medical attention. The sum of \$25.00 a month is returned to their dependent families. This has proven a great help, both to the families and to the town.

The Federal Division of Surplus Commodities has supplied us with large quantities of food and clothing during the year. Food is distributed every Thursday from 2:00 P.M. to 5:00 P.M. in the basement of the town house, to persons certified as eligible to receive it. Clothing in limited quantity is also supplied on the same basis, but must be ordered in advance. The total cost of distribution to the Board of Public Welfare, including \$139.39 to the government, has been about \$500.00.

The Sewing Project, which has been sponsored by the Board of Public Welfare for several years, is still in active operation at the Roosevelt School. The number of workers has been reduced from 42 in 1936 to 15 workers at the present time. The town is now required to contribute \$12.00 per month for each person employed, for the purchase of material, wages being paid by the W. P. A. This money is paid quarterly by the W. P. A. committee in charge of W. P. A. funds.

The Maynard Tree Warden, Mr. William Hansen, in charge of the W. P. A. tree trimming project, is trimming over 100 cords of wood. This wood is turned over to this board for distribution to welfare recipients. The cost of this distribution is very small and is a distinct help in reducing fuel bills.

OLD AGE ASSISTANCE

We have on our rolls at the present time 84 persons in Maynard and 7 in other cities and towns with Maynard settlement, who are receiving Old Age Assistance. The average cost per case for 1937 was \$28.12 per month. Of this amount the Federal Government grants cover half the cost per case up to \$30.00 a month, the state re-imburses for two-thirds of the balance, leaving the actual cost to the town of about one-sixth. The Federal grant is received before the money is spent and may be used at once, but the state re-imburement is not received until the end of the year and cannot be used by the bureau, as it is turned over to the Town Treasurer and placed in the general fund. As a result, the town must appropriate sufficient funds, exclusive of Federal grant, to carry us through the year. During the year we have received in total re-imburements from the state and other cities and towns, the sum of \$8,684.74, exclusive of Federal grants.

AID TO DEPENDENT CHILDREN

We have at present seven cases receiving Aid to Dependent Children, formerly called Mother's Aid. Under this law the Federal Government, under the Social Security Act, grants one-third of the amount spent, the state one-third and the town one-third. The Federal grant is supplied in advance, and as in Old Age Assistance, the state reimbursement does not come until later, and goes into the general fund. We must anticipate our needs when asking for an appropriation. During the year we have received the following re-imburements from the state and other cities and towns, exclusive of Federal Grants; other cities and towns \$185.33, State 1935 and 1936 bills \$1,931.70, State 1937 bills \$1,287.61.

Respectfully submitted,

JOSEPH A. FOSTER, Chairman
ALTON W. SIMS, Secretary,
WILLIAM J. KANE,
Board of Public Welfare.

REPORT OF THE BOARD OF HEALTH

To the Board of Selectmen:

The Board of Health submits the following report for the year ending December 31, 1937. The members of the Board have met for twelve regular meetings and for several special ones.

During the year the Board has undertaken several new projects among which are improved quarters in the Town House for Child Health and Dental clinics, regular collection and analysis of milk samples sold in the town, and the passage of new sanitary regulations dealing with pigs and poultry.

A detailed account of the appropriation, receipts, and expenditures for Health work will be found in the report of the Town Accountant. Despite the expenditures for the improvements mentioned the Department has kept well in the appropriations March meeting, no special funds being required. The Board has asked for \$50 less in the submitted budget for 1938.

WELL BABY CLINICS

Beginning with June, clinic service for Well Babies was started and sessions were held twice monthly through the year. Three of our local physicians each serving through a period of four months have been assisted by our Public Health Nurse in these examinations and advice to parents. We feel that this service has been very helpful and greatly appreciated, since 149 babies were examined in the course of 425 visits. Everyone attending seemed to be pleased with the arrangement and conveniences offered by the new clinic quarters.

MILK INSPECTION

After several months of consultation with other Boards of Health concerning their milk sanitation work, it was decided to extend the service to this community. Beginning in December specimens of milk and cream were collected from the dealers and producers selling in Maynard and analyses made under contract at the laboratory of the Framingham Board of Health. Heretofore no regular collections were made except for occasional ones done by the Food and Drug Division of the State Dept. of Health. We feel that control of the milk product sold in Maynard is in interest of the public as well as of the producers, and the producers have welcomed and extended their cooperation. Our first reports revealed that the milk sold here is of good quality.

DIPHTHERIA CLINIC

The Board has continued to support the preventive work begun in 1932. For the first time the clinics were held in the new quarters in the Town Building, and 78 children, most of whom were below school age, were given the preventive inoculations. The following table shows clearly the results of the work of the Public Health Nurse and of the School Nurse.

Year	Number Children Immunized	Percent of Children below 6 years immunized	Reported Cases
1932	39		0
1933	126		0
1934	317	39%	0
1935	230	41%	0
1936	65	68%	0
1937	78	72%	0

DOG CLINICS

Dog clinics were held for the third successive year in May and June at which time 147 dogs were given the protective inoculation against rabies. In view of the experience in other towns we feel that this expenditure has kept us free of rabid animals and has reduced the need of treatment for bitten persons. The dog owners should remember that the single dose must be repeated each year to be effective. The following table illustrates the splendid experience of Maynard in the prevention of animals and human rabies:

Year	Number Dogs Immunized	Cost of Clinic	Cases of Animal Rabies	Cases of treatment of bitten persons
1935	112	\$ 85.00	0	0
1936	151	\$116.00	0	0
1937	147	\$ 68.90	0	0

Charge to dog owner—none

Licensed dogs in 1937—366

TUBERCULOSIS CONTROL

The School Nurse assisted by the Public Health Nurse co-operated in the annual school clinic work conducted by the staff of Middlesex County Sanatorium. This program aims to discover cases of Tuberculosis among the youth of our community, which is the first step toward the reduction of this illness among the adult population. The Public Health Nurse has secured examinations for several patients and contacts at the out patient clinic of the Middlesex County Sanatorium. The Sanatorium and clinic

service provided by this institution should help greatly in reducing the present high cost of tuberculosis in the community.

SCHOOL DENTAL SERVICE

The school dental service closed its eighth year of rendering educational and treatment facilities to the school population of the town. As a measure of convenience it is planned to move the dental clinic to the new quarters of the town building. New equipment has been purchased to replace the wornout equipment now in use. A detailed report of the dental work done appears in the report of the School Department.

PROJECTS Supported by Federal Funds:

Despite the reduction in Federal funds available for worthy projects the Board was fortunate in securing the necessary approval for the continued employment of six young ladies. This N. Y. A. project enabled the Board to secure clerical service for the office and clinics as well as for assistance at the W. P. A. Nursery School. This resulted in a large saving to the town since it would have been necessary to employ a part time clerk. The quality of service rendered was commendable. The Board assisted in securing funds and personnel for the Nursery school project conducted by the School Department, a very worthy project for the children of the certified needy.

COMMUNICABLE DISEASES

The following table shows the number and kind of communicable diseases reported during the year:

Infantile Paralysis	1
Chicken Pox	12
Dog bites	4
Lobar Pneumonia	2
Scarlet Fever	5
Tuberculosis	5
Whooping Cough	2
Trichinosis	1
Measles	3
Gonorrhoea	8
Syphilis	10

RECOMMENDATIONS

1. It is hoped that in the coming year the office of the Board of Health now on the second floor of the Town building will be transferred to the first floor, adjoining the quarters of the Well Baby Clinic and Nurses quarters.

2. Formulation of a complete set of regulations which will meet State Laws and excepted local Public Health practice.

3. Improved local clinic facilities for the local examination of suspected cases of tuberculosis and contacts of known cases.

The Board desires to extend its thanks to the several town officers, physicians, nurses, and all others who have rendered assistance in this important work.

Respectfully submitted,

LESTER F. COWLES,
JOHN W. SAARELA,
JOHN JOHNSTON,
Board of Health.

**ANNUAL REPORT OF
THE MAYNARD PUBLIC HEALTH ASSOCIATION**

The Maynard Public Health Association elected the same officers for the year 1937, who had served the preceding year: President, Mr. Herbert Young; Vice-President, Mr. Guyer Fowler; Treasurer, Mrs. George Merrick; Secretary, Mrs. James P. King.

Miss Lenoa Howard was appointed nurse in charge, during Miss Ward's vacation.

During the year Miss Ward has been busy with her many calls and has also very willingly helped with the various clinics held in connection with town and school health projects.

Respectfully submitted,

RUTH BREED KING, Secretary.

Annual report of the Public Health Nurse for the year ending Jan. 1, 1938.

Number of patients visited	289
Association calls	1122
Metropolitan Insurance calls	446
John Hancock Insurance calls	222
Liberty Mutual Insurance calls	97
Free nursing calls	309
Total	<u>2196 Calls</u>

There were 35 Surgical and 18 Medical cases reported for follow up work by Hospitals. There were 6 Tonsilectomies, 178 calls from patients, 100 calls from physicians, 26 home deliveries attended by nurse, and 20 cases reported by Insurance Agents.

Respectfully submitted,

MARY A. WARD, R. N.

REPORT OF WATER COMMISSIONERS

To the Board of Selectmen:

Gentlemen:

The report of the Water Commissioners, including the report of the Superintendent and Registrar, for the year ending December 31, 1937 is herewith submitted.

Although \$5,000.00 was appropriated for the replacement of Water mains with W. P. A. labor, none of this work has been undertaken as there was no W. P. A. labor available this year.

Two extensions of mains have been made to supply new houses, one on Summer Hill Road to the property of Mr. Swett and one on Lindberg St. to the property of Dr. Ryan. We gave permission to Mrs. Walters, on Great Road, to extend the water main to her property in Stow.

A G. M. C. half ton truck was bought from J. A. Coughlan. Other dealers were asked to submit prices but this was the only half ton truck with a body long enough for our purpose.

A Gorman-Rupp pump was purchased.

We expect that W. P. A. labor will be available the coming year so that more mains can be relaid.

The expenditures for the year are: Maintenance \$10,799.39; Main extensions \$351.61; Truck \$615.20 and for new pump \$228.10.

The estimate for the maintenance for 1938 is \$10,880.00; new circulating system for engine \$600.00.

\$5,000.00 appropriated this year will be available for main replacements.

Respectfully Submitted

GAVIN TAYLOR,
JAMES C. MAHONEY,
CHRISTOPHER WILSON,
Water Commissioners.

REPORT OF SUPERINTENDENT

To the Board of Water Commissioners:

Gentlemen:

The report of the Superintendent and Registrar of the Water Department together with the report of the Engineer, for the year ending December 31, 1937, is here submitted.

The water in the pond has been well over the intake pipe all the year.

No work has been done on the line from the pond.

The receiving wells at the pumping Station have had the usual care.

From the pumping record it will be noticed that a larger amount of water has been delivered than in previous years. This extra amount of water is accounted for by a leak in the twelve inch pipe in the river near the Mill St. bridge. This leak has been fixed and the pumping record for December is much smaller. To improve the operation of the engine and to get a more favorable rate on the engine insurance we should install a new system for cooling the engine.

The fence around the reservoir has been painted and the grass on the banks has been cut.

As the old road to the reservoir is not passable for trucks we should rebuild the road or construct a new one.

The main was extended on Summer Hill Road 54 feet with 6 inch pipe and the main on Lindberg St. was extended 175 feet and a hydrant was set at the end of this line. 554 feet of 2 inch pipe was laid to the house of Mrs. Waters., on Great Road.

Seventeen services have been added this year making the number now in use 1511. Forty-nine services have been repaired, 34 have been cleaned.

Nine meters have been installed, making the number now in use 1484.

It was necessary to move the hydrant on Mill St. when the new bridge was built. Two hydrants were broken by autos, two were raised and the valves on four were repaired. One new hydrant was set on Lindberg St.

The small main on Wood Lane was lowered to prevent freezing.

I wish to thank the Commissioners for the support they have given me this year.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir:—As usual the engine has been overhauled and inspected by one of the men from the Winton Co. New piston rings were put in and the bearings were taken up where necessary. In November a defect in one of the cylinder heads was discovered and it was necessary to put on a new head.

There are 4,000 gallons of fuel oil, 20 gallons lubricating oil, 3 gallons Lubal and a supply of packing on hand.

PUMPING RECORD

<i>Month</i>	<i>Gallons Fuel Oil</i>	<i>Gallons Water</i>
January	930	11,631,500
February	846	10,506,700
March	909	11,272,500
April	986	10,555,600
May	961	11,619,500
June	1,051	12,682,500
July	1,130	13,435,500

Total uncollected December 31, 1937 \$ 6,159.58

WILLIAM NAYLOR,
Registrar.

REPORT OF THE SEWER COMMISSIONERS

To the Board of Selectmen:

Gentlemen:

The eighth annual report of the Sewer Commissioners, including the report of the superintendent, for the year ending December 31, 1937, is herewith submitted.

The sewer, to make the connection with the Textile Realty Co's. system, which was started last November, has been completed and the sewerage from this system was turned into the town system in April. This added 190 connections to our plant.

Sewers have been extended on the following streets this year; Waltham St., Charles St.; Bent Ave.; Lindberg St.; Deane St. and Douglas Ave. Waltham St. and Charles St. was done under W. P. A. projects. The Interceptor sewer and Concord & King Sts. sewer have not been done. We expect to start on the Interceptor the first of next year under a W. P. A. Project and the Concord St. sewer will be started after the Interceptor is completed.

Before placing an order for a truck all the dealers were requested to submit prices and specifications for a one and one-half ton truck. Prices on Ford, Chevrolet, G. M. C. and Dodge were received and the truck with the lowest price was purchased. This is a G. M. C. one and one-half ton dump truck.

We believe that the Pumping Station lot at the corner of Hayes and Waltham Sts. should be sold and the proceeds used toward a storehouse in some convenient location.

At the present time we have no applications for sewer extensions.

A transfer of funds from the Finance Committee was necessary to take care of the House Connection account.

Fifty House Connections have been put in this year.

Following are the expenditures from this department for this year;

Maintenance	\$ 3,122.62
House Connections	1,899.39
G. M. C. truck	920.15
Waltham St. and Hayes St. to Pumping Station	1,288.94
Waltham St., Hayes St. to No. 117	2,209.26
Charles St.	156.33
Bent Ave	234.87
Lindberg St	477.37
Deane St	733.33
Douglas Ave	802.11
Concord St. Interceptor	242.25
Concord St. Interceptor, Right-of-Way	400.00

The following appropriations for 1938 are recommended:

Sewer Maintenance.....	\$ 3,700.00
House Connections.....	2,000.00

Respectfully Submitted,

THOMAS H. TIERNEY,
 FRED C. ELSON,
 WALTER R. DENNISTON,
 Sewer Commissioners.

REPORT OF THE SUPERINTENDENT OF SEWERS

To the Board of Sewer Commissioners:

Gentlemen:—The report of the Superintendent of the Sewer Department, for the year ending December 31, 1937, is herewith submitted.

As the connection with the sewer system of the Textile Realty Co. was not made until the first week in April, this system was operated separately until April 5, when the connection was made. The sewer from Garfield St. was connected in the manhole on Waltham St. and the connections from the houses on Waltham St., which were formerly connected with the old sewer, have been connected to the new sewer. The pumping record shows an increase of flow from 36,204,600 in 1936 to 53,681,200 in 1937.

The Common Sewer extensions made during the year are; Waltham and Hayes St. to the Pumping Station, 387.1 feet; Waltham St. to No. 117, 1976 feet; Charles St., 235.6 feet; the above were W. P. A. Projects. Bent Ave. 172.8 feet; Lindberg St. 292.8 feet; Deane St. 386.8 feet; Douglas Ave, 437.7 feet. This makes a total of 3,888.8 feet laid this year.

The number of house connections reported last year was 451, we have added 50 new connections this year and 190 were added when the Textile Realty Co's system was connected, this makes 691 connections in the system.

Lineal feet of pipe laid this year for house connections..	2,780
Average length per Connection in feet.....	55.6
Average cost per connection.....	\$ 39.85

LOCATION OF CONNECTIONS INSTALLED DURING 1937

Street	Connections	Street	Connections
Acton.....	2	Maple.....	1

Two house connections which were stopped have been cleared.

Record of pumping at the Powder Mill Road pumping station

Total flow for the year 1937.....53,681,200 gallons
Average per day..... 147,072 gallons

In closing I want to thank the Commissioners for their co-operation this year.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF LIBRARY TRUSTEES

To the Citizens of Maynard:

We herewith submit the report of the Public Library for the year 1937.

Because of the increase price of books we have not purchased as many as in other years, and for this reason and the number of books which must be discarded; the number of volumes in the Library does not show much increase. A great many books of non-fiction are borrowed through the inter-library loan from the Division of Public Libraries, Worcester, Massachusetts Institute of Technology, Cambridge, Somerville, Concord, Newton and Watertown. To all of these Libraries we are deeply grateful.

Mr. W. A. Twombly submitted his advertisement to a concern that has sent us five thousand book marks. These are very acceptable and we thank Mr. Twombly.

A number of new magazines have been added for 1938. For the homemaker will be found American Cookery, Home Beautiful, Home Arts as well as Good Housekeeping and Ladies Home Journal which we have had for many years, for the garden minded we have Flower Grower and it may be well to mention, several books on the culture of garden flowers. The Radio fan will find Radio Digest, replacing Short-wave Craft and Television to which we formerly subscribed.

A complete list of the magazines also the books purchased in 1937 may be seen at the Library.

We are indebted for gifts of books to Mrs. Fred Oates, Marion Bell, Norma Oates, to Mr. Orville Tucker for Stamp Magazines and Miss Anne Pasakarnis for mounting Perry Pictures.

With sincere appreciation of the kind cooperation of the Trustees and Staff.

MARY E. MOYNIHAN, Librarian.

Books in Library Jan. 1, 1937	8,491
Books worn out and not replaced	249
Books lost	60
Books bought	299
Books bound	234

Books in Library Jan. 1, 1938.....	8,501

Respectfully submitted,

JOHN E. HANNON, *Chairman*,
ROBERT LESTER, *Secretary*,
MISS NELLIE C. MAY,
Maynard Public Library Trustees.

REPORT OF TRUSTEES OF SOLDIERS' MEMORIAL

We herewith submit to the citizens of the town our Annual Report as Trustees of the Soldiers' Memorial.

A slight change from former years was made in the Memorial decorations. The flower beds were filled with pansies to ensure a pleasing display for Memorial Day. These were later replaced by a variety of plants at no additional expense.

The Christmas decorations were replaced by new ones as many of the bulbs had become broken.

New flood lights, lawn mower and flag have also been purchased.

No action has yet been taken to install the fixtures in the Comfort Station. Some of the material provided has been removed to the Town House and some has been installed in other buildings.

The work done by Mr. Cleary and Mr. Rynkevicz has been greatly appreciated by the Trustees.

Respectfully submitted,

DONALD LENT,
ALICE NAGLE,
ALICE HOWE,
LEO WHITE,
WM. BRINDLEY,
OSWALD DRECHSLER,
Trustees Soldiers' Memorial.

REPORT OF FINANCE COMMITTEE

Board of Selectmen,
Maynard, Mass.

Gentlemen:

We herewith submit to the citizens of the town the report of the Finance Committee for the year 1937.

Eight meetings were held for budget study previous to the annual appropriation meeting. Nine other meetings were held during the year to consider articles to be presented at coming meetings or at the request of various town departments or officials. Much time and study was given to various propositions during the year, the committee giving its approval to some and at other times disagreeing. However, invariably the committees' opinion carried no weight at subsequent meetings leaving the members of the committee in a quandry as to the value of their services. It seems that the citizens might well show their interest in town matters by their attendance at town meetings and their proper consideration of articles to be presented. This applies in particular to special town meetings at which, especially during the past year, some important questions have been decided.

The following transfers from Finance Committee Reserve were voted during the year:

Highways and Bridges	\$ 1,000.00
Selectmen's Salary and Expenses	1,000.00
Town Offices and Halls	1,700.00
Soldiers Relief	425.00
Fire Department	75.00
Sewer Connections	300.00
Public Welfare Dept.	500.00
	\$ 5,000.00

As may be seen, requests for transfers completely exhausted the committee's reserve of \$5,000.00. Some transfers were refused for various reasons and others because the amounts asked for, should, in the opinion of the committee, be presented to the citizens for their approval through the medium of town meetings.

Mr. Jacob Laurila resigned from the committee during the year and his place was filled by the remaining members through the election of Mr. George Stuart.

Respectfully submitted,

JOSHUA NAYLOR, *Chairman*
 HAROLD J. MORGAN, *Secretary*
 DENNIS WHITE
 JAMES COUGHLAN
 JOSEPH BYRNE
 JACOB SEDER
 WILLIAM MALEY
 JOHN MURRAY
 GEORGE STUART

Finance Committee

EXTENSION SERVICE

The following is the report of the work of the Middlesex County Extension Service in the town of Maynard for the year, 1937.

In agriculture, the principle interest during the year has been in dairy marketing and in poultry management and disease control. During the year, thirty farm visits were made to assist poultrymen with their various problems.

Three groups of homemakers in Maynard took the project in Food Buying. Several home visits were made in the course of the year and the Mother Service letters sent out to those on the mailing list.

In boys' and girls' 4-H Club work 133 were enrolled, principally in the clothing and handicraft clubs. Miss Nellie May served as town chairman of the 4-H Club committee. She was assisted by the following leaders: Miss Dorothea Hannon, Walter Tierney, and Alfred Davis.

A two-day trip to Massachusetts State College was awarded to Helen Worensesky for doing outstanding 4-H Club work. Alfred Davis was chosen to attend the State Camp.

REPORT OF CEMETERY COMMISSIONERS

Maynard, Mass., January 17, 1938.

To the Honorable Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

On account of the increased area in the New Cemetery, it was necessary to purchase another power lawn mower. With the aid of these machines more time can be spent caring for the shrubs and doing general maintenance work.

The department took advantage of an opportunity to purchase a strip of land which heretofore had divided and obstructed the view of the New Cemetery from the Old.

The New Cemetery has been surveyed and divided into lots. It is planned to replace the wooden stakes which now divide the lots with cement corner posts. The corner posts are to be made by the employees of the cemetery which will involve but a small cost. This, we hope, is another step forward in keeping the records more intact.

We note with satisfaction the ever increasing number of lot owners who are placing their lots in Perpetual Care and hope that this practice will continue.

The Commissioners at this time wish to express their thanks and appreciation to the people and the various departments for their cooperation during the past year.

It is with deep sorrow that we record the demise on April 30, 1937 of our fellow-commissioner Robert E. Hartin. Mr. Hartin has served the town as Cemetery Commissioner for the past seven years and has worked always for the improvement of the Cemetery. His untiring efforts, sound judgment and unbiased opinions have been a great value to the Committee and placed him high in the esteem of his fellow men.

Respectfully submitted,

GUYER W. FOWLER,
ERNEST JOHNSON,
JACOB LAURILA,
Cemetery Commissioners.

REPORT OF
SUPERINTENDENT OF GLENWOOD CEMETERY

Maynard, Mass., January 17, 1938.

To the Cemetery Commissioners:

I herewith submit the report of the Superintendent of Glenwood Cemetery for 1937.

The property purchased during the past year adjoining the Old and New Cemeteries has been cleared of underbrush and trees and gives one a much clearer and better view of the New Cemetery.

All sections of the New Cemetery have been laid out and divided into lots. Blue prints have been made showing lots and lot numbers. This, with the filing system already installed, will enable the department to keep a very accurate record of all business transactions.

The fence bordering the cemetery on the corner of Parker Street and Great Road was in poor condition. By removing the rust and applying a coat of paint, the fence is again in good repair.

Five trees have been removed from lots and avenues due to the bad effect they had upon nearby surroundings. Roots protruding through the grass on several of the lots have been taken out and the lots repaired. This will make the mowing less hazardous and also keep the grass in much better shape.

The sunken graves have been a menace to mowing and detrimental to the wear and proper upkeep of the power lawn mowers. Over two hundred of these graves have been filled and several markers and corners posts replaced.

It is very pleasing to note the continued interest the citizens display in the looks of the cemetery and the care of their lots. Effort is being made at all times to continue beautifying and improving the cemetery and its surroundings.

In conclusion, I take this opportunity to thank the Commissioners for their kind and loyal cooperation.

Respectfully submitted,

ROY E. MARSDEN,
Superintendent of Glenwood Cemetery.

REPORT OF THE MAYNARD SCHOOL COMMITTEE

To the Citizens of the Town of Maynard:—

The School Committee herewith submits the annual report for the year of 1937.

During the past year, the Committee has met regularly at least once every month for the transaction of all business necessary for the proper maintenance and operation of the School Department.

In attempting to carry on the program of repairs as outlined in the report of the Committee of 1936, we have completed as many projects as our appropriation would allow, and have been successful in improving the buildings and grounds to some extent.

In addition to minor repairs, we have completed the following work:

HIGH SCHOOL

1. New pump for heating system installed.
2. Replacement of part in furnace.
3. Various repairs and re-wiring of electrical fixtures.
4. Raising of walk at west end of building.
5. Construction of wall to protect rear of building from surface water.
6. Brick work re-pointed.

AUDITORIUM, ETC.

1. Gymnasium, locker rooms and basement painted.
2. Steps re-pointed and entrance painted.
3. Brick work re-pointed.

MANUAL TRAINING

1. Tool room re-located to give more working space.

JUNIOR HIGH SCHOOL

1. Walks raised and re-built.
2. Trees removed near front walk.
3. Brick work re-pointed.

WILSON SCHOOL

1. North windows weatherstripped.
2. Stair treads replaced (first to second floor).

COOLIDGE SCHOOL

1. Windows weatherstripped in two rooms.
2. Basement stair treads replaced.

ROOSEVELT SCHOOL

1. New roof over entire building.
2. New shades in two rooms.
3. Stove and sink for Nursery School installed.

IMPROVEMENTS RECOMMENDED 1938

SENIOR HIGH SCHOOL

1. Painting and calcomining rooms on second floor
2. New grates for boilers
3. New shades for rooms 25, 26 and library
4. New front steps (concrete)

JUNIOR HIGH SCHOOL

1. Household Arts room on first floor
2. Partition off a stock room for Manual Arts
3. Paint the walls of rooms in basement

ROOSEVELT SCHOOL

1. New clock system
2. Lighting fixtures
3. Cloak closet doors replaced
4. Storm windows for boys' basement

WILSON SCHOOL

1. New front steps
2. Painting of woodwork (exterior)
3. Replace the auxiliary boiler

COOLIDGE SCHOOL

1. New urinal for boys
2. Grading and draining the grounds
3. New shades in two rooms

The Committee has under consideration, the improvement of the grounds of the Coolidge School, and with the aid of other Departments of the Town, hope to make such improvements as will enable the children to enjoy their recreation periods under healthy and desirable conditions.

The budget submitted to carry on the work for the ensuing year is somewhat lower than the amount appropriated for the year of 1937, despite the fact that the cost of supplies and repair work has increased. This is due to a decrease in the personnel of the School Department; the completion of several major repair problems; and the diligence of the Committee in stressing an economical administration.

The Committee wishes to publicly express its appreciation to those in charge of the W. P. A. projects in the Town, whose kind assistance made it possible to replace the concrete walks and

improve the grounds around the High School and Junior High School.

The Committee is also grateful to the entire personnel of the School Department for their earnest efforts and co-operation during the past year.

Respectfully submitted,

JOHN A. DRISCOLL, Chairman
JOHN T. HIGGINS,
ROBERT E. MADSEN,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Maynard:

I hereby submit the annual report for the year 1937. This report includes tables and statistics and a discussion of important facts about the Maynard Schools and our pupils.

The organization is known as the 6-2-4. The first six grades are grouped in a building with a teacher principal. The seventh and eighth grades are in the Junior High building with a principal who supervises the work of the pupils in the first eight grades. At the Senior High School, the pupil receives the last four years of his public school education.

In the arrangement of courses of study we have been guided by experience and practice of many of the best school systems of the state.

In the lower grades emphasis is placed on reading, writing and arithmetic. As the pupil advances, he is given more work in history, geography, music, art, literature, safety, health and character formation.

Parents are anxious to have their children enter the first grade, but in our system reading is taught in the first grade. All children are not ready to read at the chronological age of six years. The child must be emotionally, physically and socially ready in order to be successful. For the above reasons, the school committee requires the under-age children to be examined by an expert.

CHANGES IN PERSONNEL

Because of the decreased enrollment, the Junior High teaching staff was reduced. I wish to commend Evelyn Ployart Mulcahy and Grace M. Tucker for their excellent work as teachers in the Maynard Public Schools and hope that the future will continue to bring success and happiness to them.

Michael Vodoklys and John Provasoli were elected as full time teachers in the Senior High School. Interest in their work and their ability to adjust themselves to the needs of the pupils will assure their success as teachers.

ENROLLMENT

The birth rate in Maynard indicates that the total enrolment will decrease until the twelve hundred (1200) mark is reached. The High School enrolment will decrease about twenty-five (25) pupils per year until we have a Senior High School of four hundred (400) pupils.

COSTS

The state report recently issued by the State Department of Education shows that Maynard ranks seventy-three in a list of eighty three towns in cost per pupil which is \$71.75. This means that seventy-two towns spend more and ten towns spend less per pupil than Maynard.

The balance of \$2,297.93 unexpended for the year 1937 is due to a change in the manner of payment of teachers' salaries. Beginning September 1, 1937, the salaries of the teachers are spread over a period of fifty-two weeks instead of forty weeks as in the past.

HEALTH

The school doctor examines every pupil at least once per year and makes a report where treatment is required. The school nurse is available to all the schools each school day, renders first aid and refers the pupils to the school physician or to the pupil's own doctor whenever necessary.

The dental clinic successfully takes care of much needed dental treatment, but many cases of enlarged tonsils are not attended to promptly. Another problem is the matter of the eyes of children who need glasses. A recent examination brought out the fact that in the High School twenty-eight pupils were in serious need of glasses at the time of examination.

Many children (about twenty per cent) in the Junior and Senior High Schools are ten per cent or more underweight. This situation calls for co-operation between parents, school authorities and local organizations.

STANDARDS OF ACHIEVEMENT

It seems best to determine by measurements how well the pupils are progressing in their work. Measurements require standards that are determined by research. The achievement may be found by comparison of the work of the pupils with these standards. The results of measurement will be complimentary to a faithful teacher. The part of the work that needs more emphasis is brought to the attention of both teacher and pupil.

NO SCHOOL SIGNAL

The superintendent does not desire to have children endanger their health on stormy days and is willing to abide by the judgement of the parents in the matter of sending their children to school on such occasions. If eighty per cent of the pupils cannot come safely to school the No School Signal should be given.

W. P. A.

The School Department supervises a Nursery School and a National Youth Project. The Sewing Project is also located at the Roosevelt School.

The federal grant in wages is about \$1,800 per year with a cost to the town of \$500. The National Youth allotment has been \$30 per month to High School boys who earn about \$5.00 each month.

The work at Alumni Field should be continued. As Superintendent of Schools, I wish to express my appreciation of what has been done by the Local W. P. A. Committee and the Board of Selectmen.

ACKNOWLEDGEMENT

Cooperation and interest in the welfare of Maynard children by:

Citizens of Maynard	American Legion
Maynard Lodge of Elks	Veterans Foreign Wars Auxiliary
American Red Cross	Maynard Woman's Club
Maynard Teachers' Club	

The School Department has had helpful co-operation from the other town departments, the Board of Selectmen and the local W. P. A. Committee.

APPRECIATION

To principals, teachers, supervisors and the personnel of the School Department, I extend my appreciation for your faithful service during the past year.

To the School Committee, for your support, trust and confidence, I am very grateful.

Respectfully submitted,

JAMES P. KING,
Superintendent of Schools.

January 11, 1938.

REPORT OF ELEMENTARY SUPERVISOR

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

Dear Sir:

It is with pleasure I submit my fifth report as your assistant.

Since September I have confined my efforts to trying to meet the individual needs of the class room teachers. I feel that the plan of meeting the teachers once a month and giving each one a chance to present her problems or discuss her needs is very satisfactory. I find the teachers anxious to receive new materials and purposeful seatwork.

The day is gone when the teacher comes to school with her only aim "to keep one group of pupils busy with *something* while she hears another group read". I feel that the teachers are making progress in giving purposeful seatwork. The workbooks are being supplemented by lessons with such aims as the promotion of ability to see likenesses in phrases, interpret short reading units and follow directions.

The reading tests given in the spring of last year show a vocabulary weakness throughout the system. Several of the teachers are stressing this point this year and are supplementing their regular work with definitely planned lessons which aim to overcome this weakness.

The problem which has existed for several years in the fourth grade History will be solved with the receipt of new history texts for that grade which were ordered on January first. This book was unanimously chosen by the teachers of that grade. The history book adopted for the sixth grades has been very satisfactory.

The monthly reports show satisfactory progress in all subjects. In many cases there is only a few textbook pages difference in the accomplishment of a given grade in each building.

I recommend the giving of a battery of Achievement Tests this year in March and to follow this by a battery prepared co-operatively by the teachers of each grade. The general diagnostic value of check-up tests cannot be overstressed. It serves to point out deficiencies common to a whole class which will need further emphasis and more efficient methods of teaching and to reveal weaknesses of individual students which may need further and more detailed diagnostic testing by examinations prepared with the view of attempting to determine the causes and possible corrective procedures. If certain outcomes have not been attained by the class as a whole further attention must be given to the class work. I have faith enough in the teachers to feel that they try to give the child in their classroom the best and it is never with any personal motive toward any one teacher that a test is

given. Examinations have an ancient origin. As early as 2200 B. C., China had an elaborate national system of examination for the purpose of selecting public officials which aim could be analyzed to mean to test an individual's fitness for the position for which he aspired. This same motive could be applied to the tests given the child in the classroom.

Every examination is sure to include more than one function. It is impossible to isolate the different functions but if you were to ask me to list some of the functions of any examination which I might give, I could state that I visualize every child as an individual. I assume that he has "been exposed" to a certain amount of general knowledge according to the program of the grade in which he is enrolled. I am not interested in the teacher. When one stops to analyze the procedure of the classroom, the teacher is only a means to an end or a medium through which a contact is made. What I want to know about the child of today who is to be the citizen of tomorrow is his qualifications for that citizenship to which he aspires. I aim to test his power of retention, to determine his achievement status, to stimulate his daily work, to diagnose his individual difficulties and to cultivate his intellectual powers.

The textbooks as a whole are in good condition and are up to date. When I was first given the supervision of the grades, the the only modern texts in the system were the arithmetic and language texts. They are now about ten years old although the life of a book in daily use by a pupil is considered to be five years. They will need to be replaced very soon. I feel that due to the heavy expenditure for books needed in the elementary grades one might feel that I had neglected the social studies in the primary grades. I have not been unmindful of that, but I felt that if I got the primary teachers reading material that was the most necessary for them and whatever was lost to the children in those grades could be made up to them in upper grades.

Arithmetic Courses of Study are undergoing a change by raising the grade level of the teaching matter and until that is stabilized, I am going to continue the use of the workbooks for the children instead of adopting a new text which is only a book company's experiment. I have always tried to be as conservative as possible in all my recommendations.

I acknowledge and express my appreciation of your interest, co-operation and support in the work assigned to me by the School Committee.

Respectfully submitted,

MARY A. DOYLE

January 10, 1938.

REPORT OF THE SENIOR HIGH SCHOOL PRINCIPAL

To the Maynard School Committee:

The program of studies at the Senior High School is of the multiple curriculum type. The pupil may select the commercial, college, practical arts or general course. English, Civics and United States History are the only required subjects. However, if one selects the college course, he must take the required subjects for college entrance. In a similar way the commercial student must take all the subjects listed in the curriculum for the last two years.

Vocational training is making its way more and more into the program of secondary schools. The pupils of our practical arts department are doing more and better work each year. There has been a gradual improvement in equipment and the skill of the pupils.

STANDARDS

The standards for work in the subjects which prepare for college are set up by the College Entrance Board.

In the Commercial Course, the demand for service and efficiency in business practice determines the goal for the pupils taking this course.

Requirements in other subjects are based upon the ability of the pupils.

In all departments the teachers aim to improve the work of the pupils. This is done by new methods, new material and up-to-date textbooks.

RANKING

Educators now recognize the fact that success of a pupil in life depends largely upon personality, character, health and appearance. The development of these traits is now included in the objectives of teachers.

Parents must bear in mind that pupils are ranked on performance and not on ability. For this reason the teachers have been asked to save the work of the pupils until the parents have had a chance to verify the grade of work done by the pupils.

Pupils will vary in ability in the mastery of their subjects and consequently will not all bring home the same marks on their report cards.

PHYSICAL EDUCATION

I wish to call your attention to the report of the director of physical education. The health and development of the physical bodies of the young people is very important.

Our athletic teams have done fairly well in competition with other high schools. We hope that strong, alert, and brainy young

people will come along to take the places of those graduating each year.

The financial condition of the athletic treasury is much better than a year ago. Only a comparatively small amount of bills remain unpaid.

Respectfully submitted,

JAMES P. KING

REPORT OF JUNIOR HIGH SCHOOL PRINCIPAL

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

Dear Sir:

I herewith submit my tenth report as Principal of the Emerson Junior High School.

I am happy to say that I feel that because of the co-operation of all my co-workers, programs have been developed in the Junior High School which are progressive and yet show a constant awareness of the three watchwords of education, Individualization, Exploration and Socialization.

Boys and girls of Junior High School age are very interesting not only as a group but as individuals. They are becoming independent and are unconsciously imitating adults. Sometimes this is trying because their judgement isn't equal to all the situations they create and they resent direction. Nevertheless, in spite of this age characteristic, I personally feel that the boys and girls of Maynard as a whole are a splendid type of youth.

As they enter the Junior High School they differ in physical vigor, in mental ability, in tastes, aptitudes, in background and in outlook. The classroom teacher must keep in mind the strong and the weak, the bright and the slow, the scholar-minded and the hand-minded, the withdrawn and the aggressive. She must plan her program so that each may have opportunity for growth and success.

The Junior High School must meet the curiosity of the age with enriched materials, challenging activities, chances to choose and opportunities to decide. As they step forward from youth to adulthood they must carry with them out of their school experiences the greatest of their school experiences, that of the co-operative spirit. This we try to develop in them by happy times together in work and play. Through classroom projects they have actual experience in joining forces for a common good.

In spite of their already crowded day each teacher has an extra activity. The Foods Club for the boys has aroused as much interest as any club in the building. Due to time and facilities, membership in the club has to be limited to boys of the eighth grade. Over thirty boys in the school applied for the privilege of membership. They developed their own set of rules and penalties and certainly show qualities of democratic leadership for the future.

The removal of the English Classes to a room on the second floor of the building from the room over the manual training room has solved the problem of eliminating the noise from the machinery in that room.

There is in the Junior High School a group of pupils who are not mentally capable of doing work above the third and fourth grade levels. These pupils have been given individual workbooks graded according to their mental ability. They cannot take part in the class recitations and have to await the teacher's time to get any individual attention. In a forty minute period with a class membership of thirty-four some of whom need individual help, you can well realize that these children get little or no attention.

You will recall that three years ago practically the same condition existed and I had your permission to experiment with the plan of putting the children in a special group for Spelling, Arithmetic, Reading and English. For the minor subjects they attended the regular classes. In the teacher's mind they were rated as auditors but whenever they were able, they were encouraged to participate in the recitation. You have only to refer to the records of the High School to see that the majority of the pupils of that class have been able to continue in High School. There is dire need for this same program to be repeated, but to do this another teacher is necessary. I admit that the total enrolment taken as a figure does not show this need but children can not be considered as so many inanimate objects all different even in name, which can be put into a room and taught so many pages from a book. Every child has to be considered individually. Certainly the children who are now doing only work of third and fourth grade level can not be expected to do High School work. I fear they will be socially ostracized in another year.

The English text we adopted a year ago for grade seven and continued the adoption through the eighth grade has been very satisfactory.

The overcrowded condition of Mr. Tierney's room is a problem which should be given attention. The large projects of the High School classes demand more room. Unless it is possible to equip a new room as a cooking and sewing room, I recommend the painting of the present room. Miss Wetherbee is untiring in her efforts to make the room attractive.

The building as a whole is always clean due to the constant vigilance of Mr. Mahoney.

Respectfully submitted,

MARY A. DOYLE, Principal
Emerson Junior High School

January 10, 1938

REPORT OF MUSIC SUPERVISOR

Mr. James P. King
Superintendent of Schools
Maynard, Mass.

My dear Mr. King:

I herewith submit my report as Supervisor of Music in the Maynard Schools.

I feel that we have created more interest in music the past year, especially in the grades.

The children like to sing and a greater number are interested in studying some instrument. We have the toy orchestras in the first and second grades which help to stimulate interest in the instruments. We have music appreciation whereby the children listen to each instrument as it is played on the victrola. Each instrument is studied carefully beginning in the second grade with two instruments and continuing on through the seventh grade, until all instruments are studied.

In April I presented a concert by the first six grades of all schools. Two hundred children took part in the concert. With the proceeds a new trumpet was purchased which is being used by a pupil. In September we purchased a good used piano for the Junior High School. It is very helpful to have a room with a piano in the Junior High.

In October, we started the organization of a High School Band. There are eight beginners who take a lesson once a week. There are fifteen more who already play an instrument and will meet with the others later. We have made a beginning and I feel sure it will grow.

A Christmas program was given in the auditorium by pupils of all the schools. The proceeds were used to purchase three instruments for use in the band. Two new alto horns and a used base horn are being used by pupils.

The school now owns five instruments which are loaned to the pupils with the agreement that they take one lesson a week and play in the school band and orchestras. This method of purchasing instruments and loaning them to the pupil is used by many school systems.

Respectfully submitted,

ELEANOR S. COLBURN

January 7, 1938

REPORT OF ART SUPERVISOR

Mr. James P. King
Superintendent of Schools
Maynard, Mass.

My dear Mr. King:

The art department of the Maynard Schools has progressed successfully for the past year. If however, a little more time could be given the grade schools, I'm sure it would be appreciated, as the little children need handiwork. The teachers have also given me a great deal of co-operation, so that it makes it a pleasure to attend the grades.

In the Junior High School the children are very capable of understanding and producing assignments. Along with that, they are very eager to assist so as to make not only school but outside activities successful.

I need not say much about the high school students as I believe that it is a known fact that the high school art pupils are very competent and some are very talented. The only handicap is that the conditions in the high school art room are not adequate.

Sincerely yours,

ANNE P. PASAKARNIS

January 5, 1938

REPORT OF PHYSICAL EDUCATION SUPERVISOR

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

Dear Sir:

Physical Education makes an important and far reaching contribution to the health of the individual, although its activities are not carried on for the sake of health alone. Exercise in general, and games, when carried on under proper conditions, yield a net gain in physical condition.

One definite outcome of physical education is the encouragement of voluntary participation in fundamental natural activities and seasonal recreation, which contribute largely to better mental and physical health. The skills developed in running, jumping,

throwing, catching, striking, etc., are pronouncedly organic in effect, and help to produce straight, strong bodies.

The Physical Education program in the grade schools for the past year has been carried on entirely out of doors, each class having a half-hour period each week. In the fall the boys have been drilled in tag football. Handling of the ball, blocking, running, and rules of football are stressed. The girls are drilled in varieties of kick ball, thus developing muscle control, endurance, speed, and skill. In the spring ball games played with tennis balls, soft balls, and hard balls, are played by both boys and girls.

The Junior High pupils have two periods a week in the gymnasium, where the physical side of education is stressed. All students are required to take Physical Education unless excused by the doctor. The work consists of apparatus, tumbling, marching and running, jumping, calisthenics, and all forms of gymnasium games. In the winter, there is an interclass league in basketball for both boys and girls. In the spring, the school is represented by a baseball team which meets Junior High School teams from surrounding towns.

In September the eyes and ears of each pupil were examined, and weights and heights were recorded. The weight of each pupil is recorded four times a year.

The High School program is made up so that all students are given a chance to participate in some form of sport. In the fall there is football for the boys and field hockey for the girls; the girls have three teams, a first and second team, and a freshman squad. In the winter an extensive basketball program is carried out. Last winter there were nine boys' teams and six girls' teams. At the conclusion of the schedule, inter-class basketball starts for the championship of the High School. Class numerals are awarded to the winners, and their class numerals are engraved on a large loving cup which is kept in the office. At the close of the basketball season the girls played two outside teams.

Baseball and track are sponsored in the spring for the boys, baseball being played at Crowe Park, and track at Alumni Field. This spring the girls will have outdoor games, as Miss Dorothy Marsden has been appointed girls' coach.

Number of boys and girls who took part in athletics in the High School this past year;

Boys	Girls
Football 50	Field Hockey 55
Intramural Basketball 81	Intramural Basketball 60
Interclass Basketball 38	Interclass Basketball 30
Track 50	
Baseball 26	

Respectfully submitted,

January 3, 1938

REGINALD P. SAWYER

REPORT OF SCHOOL PHYSICIAN

Secretary, Maynard School Committee
Maynard, Massachusetts

The work of the School Physician for 1937 has been carried on as in previous years, the School Nurse co-operating in all departments of Health Supervision.

At the beginning of the Fall term the Football and Hockey Squads were examined with only a few minor defects found. Only one student was found who was unable to enter into vigorous games.

The Diphtheria Clinic was held again this year and the response was gratifying. During 1937 there was not one case of Diphtheria reported to the Board of Health. Parents are again asked to cooperate with the Board of Health through the School Physician and Nurse to have their children immunized before or after entering school.

All children in grades below the Junior High School have been examined prior to December 31, 1937. There were more children found to be underweight this year than usual. This may be due to the present economical condition of the town. Parents should see to it that their children drink at least one quart of milk a day, more if possible. Milk is the most important food in the early developing of the child's mind and body.

The results of the Dental Clinic are seen daily in the routine examinations. Parents should take advantage of the opportunity offered at a very nominal fee to have their children's teeth examined and treated at the Clinic.

I wish to thank the Superintendent and all the teachers for their co-operation during the year.

EDWARD J. FLAHERTY, M. D.

January 10, 1938

REPORT OF SCHOOL NURSE

Beside the regular routine, March 17, 22, 23 and 24 clinics were conducted by Dr. W. R. Martin, Clinic Physician of the Middlesex County Sanatorium at Waltham, Mass., assisted by Miss Jessie Haldane R. N., and Edith B. Foster, R. N., School Nurse. The following is a report of the clinics.

School clinic population, grades 7, 9, 11.....	360
Children tuberculin tested.....	181

Children re-acting to the test.....	79
Children X-rayed.....	135
Physical examinations.....	5
Observation cases.....	5
Negative cases discharged.....	5

May 17, 18 and 20, Pre-School Clinics were conducted by E. J. Flaherty, School Physician assisted by the School Nurse. Number of pupils examined, 66.

September 23, 30, and October 7, 14, clinics were held at the Town House, Maynard, Mass. Diphtheria toxoid was given to ninety children. The clinics were conducted by Dr. E. J. Flaherty, School Physician, assisted by Mary Ward, R. N., Town Nurse and the School Nurse.

Number children treated (school children).....	22
Number Pre-school children treated.....	68
Total number of children now immunized against Diphtheria	939

Activities of School Nurse

Home Visits.....	621
Visits to Schools.....	839
Cases treated, first aid.....	1,577
Exclusions for contagious diseases.....	51
Number Weighed.....	1,281
Number Measured.....	1,281
Number Eye Examinations (Teachers assisting).....	1,281
Number Head Examinations.....	1,281

Report of School Dental Clinics

The School Dental Clinics, financed by the Maynard Board of Health have been held two mornings a week by Dr. May, Dr. Palmer, Dr. Bellows and Dr. Garland. The annual dental examination this year revealed the fact that many dental defects have been corrected. There still are many children with teeth in poor condition.

Number children treated at Dental Clinics.....	678
Number fillings.....	173
Number extractions.....	299
Number cleanings.....	167

EDITH B. FOSTER, R. N.

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils.
