## Report of the Board of Selectmen

---

January 12, 1946.

To the Citizens of Maynard:

Your Board of Selectmen respectfully submit for your approval their annual report and that of the Departments, included in your Town government.

The books of the Town Treasurer show a balance of \$176,066.35, which shows that the town is in a good financial position.

The report of the Town Accountant shows the various transactions of the town's business that have taken place during the year. An examination of this will show just how the taxpayer's money is expended.

The year saw the end of World War II and we sincerely hope that the day when all our young men and women are home, is not to far distant.

Regarding the future we are recommending a drainage system for the southeast section of the town and a municipal garage.

Your Board of Selectmen and Postmaster have contacted our congressman regarding the possibility of getting a Federal Post Office Building for Maynard. We wish to report at this time that this has been referred to the Postmaster General.

We wish to thank all boards, committees and citizens for their cooperation during the year.

Respectfully submitted,

WILLIAM J. BAIN, Chairman  
WILLIAM STOCKWELL, Secretary  
JOSEPH P. DINEEN.

Selectmen.

## Report of Superintendent of Streets

---

To The Honorable Board of Selectmen:—

I herewith submit my report for the year 1945 as Superintendent of the Street Department.

### MAINTENANCE

The sand was cleaned from the gutters and sidewalks. The gutters were cleaned in the business section each week. The papers and rubbish were collected from the stores. All the street signs, posts and lines were painted.

### DRAINAGE

The catch basins were cleaned, some were adjusted to grade and several new covers were set to replace damaged or broken ones.

## STREETS TREATED WITH BITUMINOUS IN 1945

Name of Street	Kind of Bit.	No. of Gals.	Type of Surfacing	Kind of Coverage	Square Yards

## SIDEWALKS CONSTRUCTED IN 1945

Name of Streets	Type of Walk	Property Abutting	Square Yards
Bancroft St.	Granolithic	Thomas Parker's	86
Main St.	Granolithic	Municipal Building	15
Vernon St.	Granolithic	Thomas Conroy's	30
Nason St.	Type I	From Hatch's to O'Brien's	308
Acton St.	Type I	Dr. Flagg's	110
Acton St.	Type I	Jewish Synagogue	50
Parker St.	Type I	A. W. Lord	153
Glendale St.	Type I	James Coughlan	44
Concord St.	Type I	Junior High School	72
Walnut St.	Type I	Various Sections	158
Total			1161

Considerable patching has been done to black top sidewalks. We shall have to replace many of them this year. In our budget for 1946 we have requested additional funds for this purpose.

### SNOW

This year has been one which broke all snow records. We had a total accumulation of 108 inches of snow.

We had 17 snowstorms and 4 sleet storms.

#### DATES OF SNOW STORMS

January 7 .....	7"	
January 14 .....	5"	
January 16 .....	8"	
January 17 .....	3"	
January 22 .....	2"	
January 29 .....	4"	
		29"
February 5 .....	5"	
February 8 .....	18"	
February 14 .....	2"	
February 16 .....	5"	
February 28 .....	2"	
		32"
November 4 .....	3"	
November 29 .....	3"	
November 30 .....	12"	
		18"
December 14 .....	5"	
December 19 .....	12"	
December 29 .....	12"	
		29"
Total .....		108"

The pure rock salt we are using on the roads is doing a good job of keeping them free of ice.

The snow was removed from the business areas, churches and schools. All streets were plowed, the sidewalks were plowed and sanded.

The State Department of Public Works has renewed their contract for paying one half the cost of plowing route 117.

We have had trouble in getting some of the outside contractors to take care of their established routes for plowing, in their failure to do this work, we have been handicapped

tremendously. It is my belief that the only way to solve this problem is that the Department have it's own trucks and do this work. Eventually this will have to be done.

#### CHAPTER 90 MAINTENANCE

Shoulders, drainage cleaned and brush cut on Great Road, Parker Street, Powdermill Road, Main Street, Acton Street, Haynes Street, Brown Street and Waltham Street.

All the cable and wooden guard rail fences were painted.

On Powdermill Road 10,000 square yards was surfaced by the roadmix method.

#### NEW EQUIPMENT PURCHASED

- 1 Cletrac tractor and snow plow
- 1 Under truck road maintainer
- 2 V type snow plows

#### NEW STREET SIGNS

There have been 85 new street signs put up in various sections of the town this year. In our budget for 1946 we have requested additional funds so we can finish our street sign program next year.

#### INVENTORY

Equipment .....	\$40,060.00
Repair and Replacement Parts .....	411.16
Construction Materials .....	891.62
Tools and Machinery .....	1,582.09
	\$42,944.87

#### GARAGE

We have rented D'Agata's garage for storage purposes only. The rental of this garage is \$900.00 per year plus one-half the cost of heating, which shall amount to approximately \$150.00. In my budget for 1946 I have requested funds to build a garage for this equipment. The Highway Department needs a garage with 6,000 square feet of floor area to properly store their equipment. We have over \$40,000 invested in equipment and we should have it garaged so we can service and maintain it properly.

## CONCLUSION

The Town Accountant's report will show the expenditures of this Department.

I am grateful for the assistance given me by the Board of Selectmen and the other Town Officials and also to the department employees, who have been cooperative.

Respectfully submitted,

RAYMOND J. SHERIDAN,  
Superintendent of Streets.

## Report of Trustees of Soldiers' Memorial Park

To the Citizens of Maynard:

The report of the Trustees of the Soldiers' Memorial Park is herewith submitted.

The monuments and tablets were cleaned and repaired.

We are happy to report that the Park is now used by more of our citizens.

The plants and shrubs were things of beauty all summer long.

Mr. William Hansen and Mr. Michael Rynkiewicz continued their work in their efficient manner.

Respectfully submitted,

WILLIAM J. BAIN,  
ALICE M. HOWE,  
OSWALD DRECHSLER,  
LEO WHITE,  
ALICE NAGLE,  
ANGUS HANSON,  
Trustees.

## Report of Shade Tree and Moth Division

---

To the Honorable Board of Selectmen:

Gentlemen:

The public shade trees and woodlands have been inspected for the Gypsy and Browntail Moth; there were no Browntail Moths and the egg clusters of the Gypsy Moth were destroyed by painting them with creosote. Private woodlands and fruit trees have been looked over and are in fairly good condition with the exception of Rockland Avenue and Silver Hill which are in a very poor condition. Every effort will be made to eliminate this situation by painting the egg clusters this winter and spraying in the spring.

The Gypsy Moth spraying in the spring also includes the Elm Beetle and Tent Caterpillar, which are showing great improvement.

Due to the fact I have received many complaints on the Fall Web Worm, which has been confused with the Gypsy Moth, Browntail Moth and Tent Caterpillar, I am going to lengthy extent to explain the habits of this worm and why it is so hard to combat: this insect feeds on a large list of shade trees as well as on fruit trees, the elms, willows, poplars, ash, lilacs, and butternuts being, perhaps, the more favored food plants among the former group. The moth is very variable in appearance, in northern New England greatly resembling that of the brown-tail moth, except that it has no brown tail. It files during July and early August and lays its eggs, several hundred in a cluster, on the under side of a leaf. These eggs soon hatch and the caterpillars begin to spin a web, under which they feed. This web is extended as they grow and need more food, enclosing more of the leaves, until quite a part or all of a branch may be thus enclosed. After feeding thus for a month or more the caterpillars leave the web, and either in the ground or in crevices of the bark of the tree spin their cocoons.

As the caterpillars of this insect feed together under a web the most practical method of destroying it is to cut the web off and burn it, as fruit and vegetation are at the height of its ripening this time of the year the Conservation Department does not recommend spraying with arsenic or lead because it destroys wild birds feeding on fruit and also may result in the loss of life. In the winter there is absolutely no

way of combating them as they hibernate in the ground and in crevices. We are going to be instructed in the use of DDT in the hope that it will help to destroy this pest.

Both private and public trees have been inspected for the Dutch Elm Disease of which there is no sign.

There are still trees infected with Cotton Aphis, Red Mite, San Jose Scale and Oyster Shell Scale which require a contact spray.

Forty trees were planted in various parts of the town.

There was a considerable amount of trimming and shaping of small trees in various parts of the town. A number of large trees required removing due to the damage done to them by the hurricane; there were also hundreds of scars treated.

Seven trees were destroyed by gas in which the gas company reimbursed the town.

Brush was cut on Innegus Road, Summer Hill Road and Summer Street.

I wish to acknowledge gratefully the fine co-operation of all town officials, who have assisted me in my work.

Respectfully submitted,

WILLIAM V. HANSEN,  
Tree Warden and Moth Supt.

## Report of Sealer of Weights and Measures

---

To the Honorable Board of Selectmen:  
Gentlemen:

I herewith submit my annual report as Sealer of Weights and Measures for the year 1945.

In submitting this report, I wish to state that at the close of the year all weighing devices and measures in the town were in good condition in accordance with the law.

I wish to take this opportunity to express my gratitude to the merchants and all those who come under the requirements of this department for their splendid co-operation.

## Report of the Fire Department

---

The Honorable Board of Selectmen,

Gentlemen:

The report of the Fire Department for the year ending December 31, 1945, is herewith submitted.

Our financial statement may be found in the Town Accountant's report.

### BUILDING

Headquarters, Nason Street, Housing Engine No. 1, Engine No. 2, Ladder No. 1, Steam Fire alarm System, 1 Air alarm System, 1 Forest Fire Pump, 1 Police Boat and 2 G. I. 500 gallon Trailer Pump.

### APPARATUS

In service, one International pumping engine, equipped with 150-gallon booster tank, 250 feet of booster hose, 1,000 feet of 2½-inch hose, 200 feet of 1½-inch hose, two 10-foot lengths hard suction hose, one 24-foot extension ladder, one 14-foot roof ladder, rubber boots, rubber coats, salvage covers and various other equipment for extinguishing fires.

Engine No. 2 is a Dodge pumping engine equipped with 100-gallon booster tank, 150 feet booster hose, 500-gallon mid-ship pump, 1200 feet 2½-inch hose, 20 feet hard suction hose, salvage covers, one 24-foot extension ladder, one 14-foot roof ladder, rubber coats and various other equipment for extinguishing fires.

Ladder No. 1, equipped with pumping engine, 100-gallon booster tank, 150 feet booster hose, one sixty-foot aerial ladder, 240 feet of ground ladders, 50 feet of 3-inch hose, 100 feet of 1½-inch hose, 900 feet of 2½-inch hose, two-man sewer mask, gas masks, one inhalator, rubber boots, rubber coats and various other tools and equipment for saving lives and extinguishing fires.

### FIRE ALARM SYSTEM

There are 24 boxes, 8 phantom boxes, 17 miles of wire, one whistling machine steam operated, one house tapper, one tape register, 27 battery cells, 2 rectifiers, 1 air whistle and 1 air compressor.

The whistling machine is in excellent working order.

## DUTIES PERFORMED

Number of alarms reported to .....	100
Box alarms .....	18
False alarms .....	4
Out of town calls .....	3
Inhalator calls .....	3
Boat .....	1
Brush and grass fires .....	37
Chimney fires .....	6
Automobile fires .....	8
Range burner fires .....	6
Power burner fires .....	6
Incinerator fires .....	6
S. and W. fire extinguishers recharged .....	33
No service calls .....	20
Permits issued for storage of range and fuel oil .....	62
Fire Works Display .....	2
No. of feet of 2½ in. hose laid .....	3,500
No. feet of Booster hose laid .....	1,240
No. feet of 1⅓ in. hose laid .....	6,050
No. of feet of ladders raised .....	450

Assessed value of Buildings involved by fire .....	\$52,000.00
Insurance carried on buildings and contents .....	\$150,500.00
Insurance paid on buildings and contents .....	\$4,985.00

On V-J Day the department responded to 25 false alarms by use of Automobile.

## FIRE PREVENTION WEEK

The Department held fire drills at all schools and made inspections, which were very satisfactory to Miss Doyle, the Superintendent, and ourselves.

High School of 300 pupils evacuated in 1 Min. 9 Sec.

Junior High School of 150 pupils evacuated in 30 Sec.

Roosevelt School of 327 pupils evacuated in 1 Min.

Calvin Coolidge School of 175 pupils evacuated in 30 Sec.

We wish to thank the Superintendent, Principals and Teachers for their co-operation extended us during this work.

During the summer months the department held drills and practice in laying hose, ladder raising and classes to discuss the best methods of combatting fires.

The Veterans of Foreign Wars call has been added to our call list this year, and will be called in conjunction with American Legion at six blasts of the fire alarm system.

Every man in the department has been insured against injury or loss of life, and at this time the insurance committee

wishes to thank all the business men and all others that contributed to this fund making it possible to carry on this insurance.

The weekly collection of rubbish and waste paper in the business section by the highway department has been a great help to the Fire Department in reducing the many fire hazards that exists in and around many public buildings.

WE WISH TO EXTEND OUR THANKS TO

Superintendent, Mr. R. Sheridan and his co-workers for the splendid co-operation extended us in reducing fire hazards, it is our sincere wish that this splendid work be continued.

The Police force and all Town Departments for their co-operation extended us during this year.

And the Telephone Operators for their kindness and co-operation in helping our Department.

Respectfully submitted,

RICHARD ALLAN  
HENRY MARIANI  
WILLIAM NAYLOR  
Board of Engineers.

## Report of the Forest Warden

---

January 10, 1946.

The Honorable Board of Selectmen,  
Gentlemen:

The report of the Forest Warden for the year ending December 31, 1945 is herewith submitted.

### DUTIES PERFORMED

Permits issued for Fire in open .....	41
No. of phone calls for brush and grass fires .....	37
No. of feet of Booster and Forest fire hose laid .....	4,137
No. of feet of 2½ in. Hose laid .....	500
No. of feet of 1½ in. hose laid .....	200
No. of times Forest Fire pump used .....	2
No. of spray cans used .....	15
No. of out of town calls—(Sudbury 2, Stow 1) .....	3

### BRUSH FIRE EQUIPMENT HOUSED AT FIRE DEPARTMENT, NASON STREET

1 four wheel trailer pump.

1 portable pump

2,900 feet of 1½ in. forest fire hose.

Spray cans, shovels and various other equipment for fighting brush fires.

Respectfully submitted,

RICHARD ALLAN,  
Warden.

(Chap. 581)

AN ACT FURTHER REGULATING THE SETTING  
OF FIRES IN OPEN AIR

Be it enacted, etc., as follows:

Chapter forty-eight of the general Laws is hereby amended by striking out section thirteen as amended by chapter two hundred and four of the acts of nineteen hundred and thirty-eight, and inserting in place thereof the following section—Section 13. No person shall set, maintain or increase a fire in the open air at any time unless the ground is substantially covered with snow, except by written permission, covering a period of not exceeding five days from the date thereof, granted by the forest warden or chief of the fire department in cities and towns, or, in cities having such an official, the fire commissioner; provided, that no such permit shall be granted to be exercised during any portion of the months of April and May except upon rainy days and provided, further, that persons over the age of twenty-one may, without a permit, set, maintain or increase a reasonable fire for the purpose of cooking, upon sandy or gravelly land free from living or dead vegetation or upon sandy or rocky beaches bordering on tide water, if the fire is enclosed within rocks, metal, or other non-inflammable material. The forest warden, chief or fire commissioner, as the case may be, may make it a condition for granting a permit that any burning shall be done only after four o'clock (eastern standard time) in the afternoon and he may revoke a permit at any time. The forester may make rules and regulations relating to the granting and revocation of such permits binding throughout the commonwealth. Such rules and regulation shall take effect subject to section thirty-seven of chapter thirty, when approved by the governor and council. The forest wardens in towns and officials performing the duties of forest wardens in cities shall cause public notice to be given of the provision of this section and shall enforce the same. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month, or both.

Approved August 1, 1941.

## Report of Finance Committee

---

January 11, 1946

Board of Selectmen,  
Maynard, Mass.

Gentlemen:

The report of the Finance Committee for the year 1945 is herewith submitted.

Ten meetings were held during the year. At the first meeting of the year John A. Driscoll was elected to fill the vacancy caused by the death of William O'Toole and Ralph L. Sheridan was elected to fill the vacancy caused by the resignation of Joshua Naylor. The following were appointed by the Moderator for three year terms: Joseph Byrne, Harold A. Goodwin and Harold J. Morgan. At the organization meeting of the Committee Joseph Byrne was elected Chairman and Harold J. Morgan Secretary.

A number of meetings were held before the annual appropriation meeting at which budgets were discussed by the committee and with various department heads. Much time is spent at these meetings in an effort to reach a budget that is fair to the taxpayers and which will allow the departments to operate on an efficient and satisfactory basis. Much of the good accomplished at these meetings can be undone by the apathy shown by taxpayers towards special meetings held after the annual appropriation meeting. Quite frequently articles calling for the expenditure of thousands of dollars will be considered at special meetings which are usually attended by a handful of voters. The Finance Committee cannot too strongly point out to the voters the importance of the reading of warrants for special meetings when they are posted and the attendance of the voters at special meetings when they are called.

During the year a number of requests for transfers from Finance Committee Reserve were received and considered. In most cases the requests were granted. Because of the very heavy snowfall in the latter part of 1945 it was necessary to supply an unusually large amount for snow removal. Transfers were made as requested because the work was of an emergency nature and time was insufficient for the calling of special meetings.

The following transfers from Finance Committee Reserve were voted during the year:

Tree Warden .....	\$250.00
Highway .....	225.00
Police .....	39.00
Alumni Field .....	150.00
Selectmen Expense .....	150.00
Assessors .....	400.00
Snow Removal .....	3,600.00
	<hr/>

## Report of Board of Public Welfare

---

January 7, 1946

To the Citizens of Maynard:

The General Relief picture for the town remains at about the same level as of the preceeding year. We are granting relief to 20 cases in Maynard, 4 cases in other towns and 2 cases in hospitals. Increased costs for hospitalization and medical attention account for a large part of the extra costs of relief. All cases are investigated and budgeted according to law. The budgeting figures are supplied by the State Department. New budgets are expected to be released by the State Department in the near future to meet the increased cost of living and it is expected that the cost of administering relief will be materially increased.

### OLD AGE ASSISTANCE

We are granting Old Age Assistance to 75 cases in Maynard and to 8 cases in other cities and towns. This is about the same number as of the previous year.

The law which requires children to support their parents has been liberalized to a great extent as of January 1, 1946, and we expect many new cases will be added in the coming year. CHAPTER 683: "Effective January 1, 1946, provides that children support in Old Age Assistance has been greatly liberalized as shown in the following table.

### LIABLE CHILDREN AND EXEMPT INCOME

Liabile Children	Present Law (Based on Gross Income)	New Law (Based on net in- come; i.e. after de- ducting state and federal taxes income)
Single child in the home	\$14.00 wk. gross	\$1500 year net
Single child living apart	\$1150 yr. gross	\$1750 year net
Married child, spouse self- supporting, no dependents	\$1150 yr. gross	\$2750 year net
Married child, spouse dependent	\$1725 yr. gross	\$2750 year net
Married child, each additional dependent	\$575 yr. gross	\$500 year net

## RATE OF CONTRIBUTION ABOVE EXEMPT AMOUNT

	Present Law	New Law
Single child in the home	50% over \$14.00 wk.	1/3 of amount above exemption
All other liable children	15% of first \$500 and 35% of remainder above exempt amount.	1/3 of amount above exemption

In addition to this change the law also provides that the child's statement under oath shall be used to determine liability and no further investigation shall be made, unless there is reasonable doubt as to the truth of the statement made. This law also provides that no action shall be taken under chapter 273 of the General Laws, but that the provisions of General Laws, Chapter 117, Sections 7-12 inclusive shall apply. These sections provide for civil action in the Superior Court.

"Income or assistance from any other source must also be given consideration when determining the amount of the assistance payment."

## AID TO DEPENDENT CHILDREN

The case load remains the same as of the previous year. We are granting aid to 5 mothers and 12 dependent children.

The financial account of expenditures and re-imbursements will be found in the report of the Town Accountant.

Respectfully submitted,

JAMES M. MacKENZIE, Clerk  
 ALTON W. SIMS, Chairman  
 WILLIAM J. SMITH  
 Board of Public Welfare.

## Report of Library Trustees

---

To the Citizens of the Town of Maynard:

The Maynard Public Library Trustees and the Librarian submit their report for the year 1945.

We are indebted to the following Libraries for the loan of books during the year: The Division of Public Libraries, and the Concord Public Library.

We also wish to thank the teachers in the VI, VII and VIII grades for their co-operation in the State Certificate Reading Contest.

The following people have donated books to the Library: Rev. Herbert Fulton, Hon. Lewis Parkhurst and Louis Robinson. We wish to express our thanks to these people, and assure them, and any others, that we are glad to receive these gifts of books at any time.

The statistical report is as follows:

Books in the Library January 1, 1946....	11,955
Worn Out .....	35
Lost Books .....	14
Borrowed .....	170
Bound .....	110
Purchased .....	435
Fines Collected .....	\$128.82
Circulation .....	20,650

Yours respectfully,

OLIVE R. MORGAN,  
Librarian.

---

The year 1945 has been a memorable one and everybody is glad to see it end.

President Franklin D. Roosevelt died suddenly on April 12th, May 8th was V-E Day, when victory in Europe was proclaimed, August 14th was observed as V-J Day, when victory in Japan was celebrated and on September 2nd World War II actually came to an end.

We earnestly hope and pray that 1946, the first peace time year in many years all over the world, will see the beginning of a new era.

Many of the boys and girls in the service, and Maynard sent over a thousand, are coming back and we extend them a hearty welcome to visit us at the Library and use the facilities we have. If we haven't got what you want, just let us know and we will get it, either by purchase or borrowing from any Library you say, or from the State Library.

If you are thinking of going to school and certain text books or reference books are required, see us and we may be able to get them for you or tell you where you can get them.

We have missed you and want to make you feel at home in your Library.

The same invitation is extended to those who haven't as yet arrived home. And to the relatives of those who made the supreme sacrifice, more than twenty in Maynard, we extend our deepest sympathy.

We, also, extend an invitation to all citizens to use the Library and we will do our best to please you.

The demand for more and better books is increasing all the time and we intend to keep up with the times.

We need the appreciation of everybody to do our best work and the co-operation of everybody to make our Library a successful and growing institution. So, we would be glad to see you. Won't you pay us a visit?

As always we are indebted to our Library staff for their courteous and kindly attention of our patrons. They are continually making the Library a good place to spend a few minutes or hours, if you wish, reading or selecting books.

Respectfully submitted,

JOHN E. HANNON, Chairman  
ROBERT LESTER, Secretary  
NELLIE C. MAY  
Maynard Public Library Trustees.

## Report of Water Commissioners

---

To the Board of Selectmen;  
Gentlemen;

The report of the Water Commissioners for the year ending December 31, 1945, is herewith submitted. The report of the Superintendent and Water Registrar is included. This is the fifty-seventh annual report of the Water Department.

At the March Town Meeting \$2,000.00 was voted to install a system which would record the flow of water from White Pond at the office of the Water Department in the Town Building. Some of this equipment has been ordered but has not been delivered. The war being over it is hoped that this system can be installed the coming year.

We are asking for a new truck for the department next year.

The bills approved for the year 1945 amount to \$8,882.64 and for Flow Meter \$261.33.

The estimates for the year 1946 are, for maintenance \$9,400.00 and new truck \$1,300.00.

The estimates for appropriations for 1946 are based on the wage scale of 1943, if any bonuses or wage increases are granted to other town departments these estimates will be increased to meet the wages to other town departments.

Respectfully Submitted,

GAVIN TAYLOR,  
JAMES C. MAHONEY,  
EDWARD J. BOULDEN,  
Water Commissioners.

---

## Report of the Superintendent

---

To the Board of Water Commissioners;  
Gentlemen;

The report of the Superintendent and Registrar of the Water Department for the year ending December 31, 1945 is herewith submitted.

January 1, 1945 the water in White Pond was 21 inches below full pond, June 28, the water was  $4\frac{1}{2}$  inches down and December 31, 1945 the water was  $17\frac{1}{2}$  inches below full pond.

Owing to the war it has not been possible to obtain the instruments to be attached to the wiring to safeguard the motors, but it appears now that these can be obtained and will be installed soon.

All of the equipment at the White Pond Pumping Station is in good condition.

None of the equipment at the old Pumping Station has been sold.

The equipment for recording the flow of water, which was authorized at the March Town Meeting, has been ordered but only a part has been delivered.

The grass has been cut at the reservoir and the brush cut.

No new mains were laid or any replacements made this year.

Two hydrants were broken this year, one by an automobile and one with the snow plow. The hydrant at the corner of Main Street and Florida Road was moved to conform to the new sidewalk and the hydrant on Concord Street at Hird Street was raised. Hydrants were painted.

Four new services have been added this year, making the total number 1,554. Nineteen services have been relaid, four partly relaid, thirteen leaks have been repaired and sixteen new cellar stops have been installed.

Two meters have been added this year, making 1,534 now in use. 175 meters have been repaired.

#### PUMPING RECORD

	Gallons	Electric Current K. W. Hrs.
January	9,250,000	12,170
February	7,949,000	11,530
March	9,916,000	12,580
April	8,426,000	11,130
May	8,702,000	11,250
June	8,959,000	11,550
July	9,549,000	12,250
August	9,536,000	12,340
September	9,219,000	11,920
October	9,356,000	12,390
November	8,328,000	11,470
December	8,768,000	11,770
	<hr/> 107,958,000	<hr/> 142,350

Average Daily Consumption	293,035.6 gallons
Average daily per person, figured on 6,500	45.1 gallons

Your kind co-operation during the year has been greatly appreciated.

Respectfully submitted,

WILLIAM NAYLOR, Superintendent.

---

## Report of Water Registrar

---

### Received:

Flat rates .....	\$2.60	
Meter rates .....	2,751.65	
Miscellaneous .....	221.11	
	<hr/>	
Total uncollected December 31, 1945		\$2,975.36

Respectfully submitted,

WILLIAM NAYLOR, Registrar.

## Report of the Sewer Commissioners

---

To the Board of Selectmen

Gentlemen:

The sixteenth annual report of the Sewer Department for the year ending December 31, 1945, is herewith submitted. The report of the Superintendent of Sewers is a part of this report.

At a special Town Meeting the Sewer Commissioners were authorized to extend the Common Sewers on Great Road, from Thompson St. 700 feet easterly, and from Percival St. 750 feet westerly; on Vernon St. 350 feet from Concord St. and on Euclid Ave. 250 feet from Florida Road. These extensions will be made next year. The Common Sewer on Butler Ave. was extended 594.5 feet. The length of Common Sewer is 13.2 miles.

Fifteen house connections have been made this year, making 941 connections in use.

The bonus of \$150.00 for each regular employee or three dollars per week for new employees was paid, as was voted at the March meeting.

The following expenditures have been approved this year:

Maintenance .....	\$4,685.34
House Connections .....	924.80
Great Road Sewer .....	97.73
Butler Ave. Sewer .....	1,350.16

The estimates for appropriations for 1946 are based on the wage rates of 1943, if any bonuses or wage increases are granted for the year 1946 the estimates will be increased to meet the wages granted.

Appropriations recommended for 1946:

Maintenance .....	\$5,300.00
House Connections .....	2,000.00

Respectfully submitted,

WALTER R. DENNISTON,  
 THOMAS H. TIERNEY,  
 ROBERT R. HATCH,  
 Sewer Commissioners.

## Report of the Superintendent of Sewers

To the Board of Sewer Commissioners

Gentlemen:

The report of the Superintendent of Sewers, for the year ending December 31, 1945, is herewith submitted.

The Common Sewer on Butler Ave. was extended from Station 8 30 to Station 14 25.5. There are two manholes to be built and the road surfaced to complete this work.

The Common Sewers which have been authorized but have not been laid are: Brown St. to Acton St. and Acton St. 700 feet, Florida Rd. to Martin St. 2,000 feet; Great Road from Thompson St. 700 feet; Great Rd. from Percival St. 750 feet; Vernon St. 350 feet and Euclid Ave. 250 feet. This work will be completed during 1946 if help is available.

Several House Connections have been cleared and a few Common Sewers have been cleaned.

Fifteen house connections have been made this year, 941 feet in length.

Location of House Connections installed this year:

Concord Street .....	3	Park Street .....	1
Douglas Avenue .....	1	Spring Lane .....	1
Dartmouth Street .....	1	Summer Street .....	1
Elm Street .....	1	Thompson Street .....	2
Great Road .....	2	Waltham Street .....	1
Lincoln Street .....	1		

Record of Pumping at the Powder Mill Road Pumping Station.

Total Flow for year .....	89,457,700 gallons
Average Daily Flow .....	246,185 gallons

I thank the Commissioners for their kind co-operation during the year.

Respectfully submitted,

WILLIAM NAYLOR,  
Superintendent.

## Report of Middlesex County Extension Service

---

During 1945, the same as previous war years, the work of the Middlesex County Extension Service was devoted to those projects which would help in the winning of the war.

The fact that Middlesex County farmers increased their production about one third over pre-war years is proof that everyone did his part in the food production program. Labor on farms was the critical factor in food production and a great deal of the time was spent on finding labor and making it available. In addition to local help foreign labor was imported from Jamaica and Newfoundland and prisoners of war were used on market gardening and fruit farms.

Selective Service Boards co-operated fully in the whole program by trying to allow men to remain on farms who were absolutely essential. The Extension Service checked these farms and made reports to the local Selective Service Boards.

The usual assistance was given, such as assistance to Victory gardeners, sending out information on spray schedules for fruit growers and market gardeners and keeping farmers informed as to the regulations on farm equipment, price schedules, especially for eggs and poultry, fruits and vegetables, and help with any emergency cases upon personal request.

With the homemakers of the county, food preservation and conservation in the home were the main projects. Information was given regarding successful methods of canning and freezing of fruits and vegetables as well as meats. Due to the severe shortage of clothing materials demonstrations were continued on clothing renovation, shortcuts in clothing construction and the maintenance of sewing machines. To help with general nutrition demonstrations were given in the best use of vegetables, cooking with a minimum amount of sugar and preparation of community meals.

Boys and girls were encouraged as usual to carry on 4-H Club work and developed such projects as food production, food preservation, clothing construction and meal preparation. This work was made possible only by volunteer local leaders and the active interest of local committee members and parents.

The Middlesex County Extension Service shares with other organizations, farmers, homemakers, young people, as well as those organizations interested in agriculture, the satisfaction

of knowing that during war years for the most part agricultural products of the area were available in sufficient amounts so that there was actually no food shortage in any town within the county.

MILTON DUCLOS, Town Director.

## Report of Inspector of Animals and Slaughtering

To the Honorable Board of Selectmen:

I herewith submit my report of meat and animal inspections for the year 1945. I quarantined 13 dogs on suspicion of rabies. I released the same after 14 days. For slaughtering I inspected 205 pigs, 23 cattle, 1 condemned, 5 calves, 13 lambs. I confiscated 2 quarters of beef condemned — not stamped.

Respectfully submitted,

JOSIAH M. HERRICK,  
Inspector.

## Report of Dog Officer

To the Honorable Board of Selectmen:

I submit my report as dog officer.

I destroyed 20 dogs and notified all delinquent Dog Tax owners. Some of these I had to call on twice. At this time I want to thank the Chief of Police and his officers for their assistance.

Yours respectfully,

JOSIAH M. HERRICK,  
Dog Officer.

## Report of Cemetery Commissioners

---

To the Honorable Board of Selectmen:

It was thought advisable during the past year to remove all the large trees located in burial lots. The roots growing throughout the lots considerably reduced the burial space and are also detrimental to the proper care of the lots.

A large section in the old cemetery which has had no care for a number of years was rebuilt and will give an added appearance to the surrounding lots.

The tool house was painted and weed killer applied on the avenues. Several monuments and markers in the older sections which were tipped have been reset and lined to conform with the monuments in adjoining lots.

The Commissioners at this time wish to express their thanks and appreciation to the people and the various departments for their co-operation during the past year.

Respectfully submitted,

ERNEST E. JOHNSON,  
GUYER W. FOWLER,  
JACOB LAURILA,  
Cemetery Commissioners.

---

## Report of Superintendent of Glenwood Cemetery

---

January 5, 1946.

To the Cemetery Commissioners:

I herewith submit the report of the Superintendent of Glenwood Cemetery for the year 1945.

The evergreens throughout the cemetery have been trimmed and fertilized and all shrub beds weeded.

During the early spring and fall several of the badly sunken graves were repaired. Improvements were also made in sections where it was inconvenient for the proper handling of the power mowers.

A number of large oak trees situated in the burial lots were removed and all underbrush cut and burned.

I take this opportunity of thanking the Commissioners for their help during the past year.

Respectfully submitted,

ROY E. MARSDEN,  
Superintendent of Glenwood Cemetery.

## Town Clerk's Report

For the year ending December 31, 1945

---

Information desired, not printed herein, will be courteously  
supplied upon request to the Town Clerk.

FRANK E. SANDERSON,

Town Clerk.

## Proceedings of Town Election

Held March 5, 1945

The Annual election of Town Officers was held at the George Washington Auditorium on the above date, in accordance with Town Warrant No. 404.

The polling place was prepared according to the requirements of the General Laws.

Moderator Ralph B. Smith presided.

Thirty-seven hundred official ballots prepared by the Town Clerk were delivered to the Ballot Clerks and a receipt taken therefor. Duplicate check lists containing the names of 3744 voters were also delivered to the Ballot Clerks.

The following Ballot Clerks were sworn by the Ass't. Town Clerk.

### Area 1 — A to L

#### Gate

Hiram Parkin

Bertha L. Davis

Mary E. Schnair

#### Box

Rachael Lester

Alyce Murphy

Edward S. Johnston

### Area 2 — M to Z

Robert G. Jackson

Beatrice E. Jordan

Helen V. MacDonald

#### Box

Henry F. Piecewicz

Grace M. Stokes

Helena M. Murphy

The ballot boxes were examined by the Moderator and Ass't. Town Clerk, the register set at 0000, declared empty and the keys placed in charge of the Constables.

The meeting was called to order at 8 o'clock by the Moderator and the polls were declared open at 8:02 following a motion by Robert G. Jackson, which was voted, to waive the reading of the Warrant.

The following Tellers were sworn by the Ass't. Town Clerk.

Elsie P. Brayden

Phyllis P. Savikoski

Gertrude M. Johnston

Eva H. Evers

Dorothy E. Hamlin	Elizabeth M. Farrell
Laura Quinn	M. Eleanor Sheridan
Louise S. Bellows	Bertha O'Toole
Catherine M. Gately	Mary E. Coughlan

#### TABULATORS

Roberta A. Grigas	Doris F. Crotty
-------------------	-----------------

Counting began at 1:25 P. M.

One ballot was torn in the ballot box of Area 1 but torn out piece was found in the box and the ballot was counted by the Tellers.

The polls closed at 8 P. M.

The total number of ballots cast was fourteen hundred eighty-two (1482).

The register on ballot box Area 1 — (A to L) indicated seven hundred eighty-five (785).

The register on ballot box Area 2 — (M to Z) indicated six hundred ninety-seven (697).

The check lists showed 785 names in Area 1 and 697 in Area 2 checked as having voted (1482 total).

The result was announced at 9:02 by the Moderator as follows:

#### SELECTMEN — ONE YEAR

William J. Bain .....	1001
Joseph P. Dineen .....	1074
Emile A. Dumas .....	280
Walter France .....	273
William Stockwell .....	1084
Blanks .....	734

William J. Bain, elected, qualified March 5, 1945.

Joseph P. Dineen, elected, qualified March 5, 1945.

William Stockwell, elected, qualified March 6, 1945.

William J. Spratt, elected, qualified April 10, 1945.	

Attest:

ELEANOR JONES,  
Ass't. Town Clerk.

Maynard, Mass.  
March 9, 1945.

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint Eleanor Jones of said Maynard, to be Assistant Town Clerk during the current municipal year, or until this appointment is revoked.

FRANK E. SANDERSON,  
Town Clerk of Maynard.

I, Eleanor Jones, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

ELEANOR JONES,

Subscribed and sworn to this 9th day of March, 1945,  
before me,

RALPH B. SMITH,  
Notary Public.

A true copy,

Attest:

ELEANOR JONES,  
Assistant Town Clerk.

---

## Proceedings of Town Meeting

Held March 12, 1945

The annual meeting for appropriations was held on the above date at the High School Auditorium in accordance with Town Warrant No. 405.

The meeting was opened at 7:30 P. M. by Moderator Ralph B. Smith.

Voted to waive the reading of the Warrant.

Article 1. Lester F. Cowles read a report for the Special Committee appointed by the Moderator regarding collection of rubbish, ashes etc. On motion of Mr. Cowles — Voted to accept the report as one of progress.

A copy of the report was filed with the Town Clerk.

Article 2. The Moderator appointed three members to the Finance Committee, for three years, as follows:

Joseph Byrne, Sworn April 10, 1945

Harold J. Morgan, Sworn April 13, 1945

Harold R. Goodwin, Sworn April 13, 1945

Article 3. On motion of Harold J. Morgan — Voted that the amounts recommended by the Finance Committee Sections 1 to 37, with the exception of Nos. 16, 27 and 31 be appropriated for the purposes therein named and that under No. 16, \$17,846.60 for Police Department, under No. 27, \$12,000.00 for Public Welfare and under No. 31, \$3,350.00 and dog tax for Public Library, be appropriated.

1.	Finance Committee .....	\$ 100.00
2.	Selectmen's .....	3,980.00
3.	Street and Bridge Lighting .....	12,200.00
4.	Soldiers' Relief .....	4,000.00
5.	Military Aid .....	850.00
6.	State Aid .....	200.00

Article 42. On motion of R. Frank Punch — Voted that the sum of \$7,973.05 be appropriated for the use of the Contributory Retirement System.

Article 43. On motion of R. Frank Punch — Voted that the Town appropriate the sum of \$2,479.15 to pay the County of Middlesex, as required by law the Town's share of the net cost of the care, maintenance, and repair of the Middlesex County Tuberculosis Hospital as assessed in accordance with the provision of Chapter 111 of the General Laws and Acts in amendment thereof and in addition including Chapter 400, Section 25G (6) (a) of the Acts of 1936.

Article 44. On motion of William J. Bain — Voted that the Town raise and appropriate the sum of \$2,200.00 for the purchase of one Model EG 31 Clectrac Tractor with sidewalk snowplow for the Highway Department and to allow the Board of Selectmen to trade the 1937 Case tractor in conjunction with the transaction.

On motion of R. Frank Punch — Voted to adjourn at 8:34 P. M.

Attest:

ELEANOR JONES,  
Assistant Town Clerk.

## Proceedings of Town Meeting

Held September 24, 1945

Pursuant to town warrant No. 406 a special town meeting was held on the above date in the High School Auditorium.

The meeting was called to order at 7:30 o'clock P. M. by Moderator Ralph B. Smith.

On motion of Harold J. Morgan it was voted to waive the reading of the warrant.

Action on the various articles was as follows:

Article 1. On motion of William J. Bain — Voted to appropriate \$3,000.00, said sum to be taken from the excess and deficiency fund, and to allow the Selectmen to engage engineering services for the purpose of designing plans and specifications for a storm drainage system in the southeastern part of the Town.

Article 2. On motion of Joshua Naylor — Voted to pass over this Article.

Article 3. On motion of William J. Bain — Voted to appropriate \$900.00, said sum to be taken from the excess and deficiency fund, and allow the Selectmen to purchase two VEE type snow plows for the highway department.

Article 4. On motion of J. Francis Cleary — Voted to appropriate \$390.00, said sum to be taken from the excess and deficiency fund, for the erection of a fence on the Glendale Street side of the Roosevelt School.

Article 5. On motion of J. Francis Cleary — Voted to appropriate \$5,500.00, said sum to be taken from the excess and deficiency fund, for surfacing the grounds of the Roosevelt School.

Article 6. On motion of Walter R. Denniston — Voted to authorize the Sewer Commissioners to extend the Common Sewer on Great Road from Thompson Street easterly 700 feet, and to appropriate \$3,000.00 from the Sewer Department surplus for this purpose.

Article 7. Voted to authorize the Sewer Commissioners to extend the Common Sewer on Great Road, from Percival Street, 750 feet westerly and to appropriate \$3,500.00, from the Sewer Department surplus for this purpose.

Article 8. Voted to construct a Common Sewer on Euclid Avenue from Florida Road, 250 feet to No. 10 Euclid Avenue,

and to appropriate \$800.00 from Sewer Department surplus for this purpose.

Article 9. Voted to authorize the Sewer Commissioners to construct a Common Sewer on Vernon Street, from Concord Street 350 feet northerly, and to appropriate \$1,000.00, from Sewer Department surplus for this purpose.

Article 10. On motion of Charles B. Keene — Voted to transfer the sum of \$900.00 from the Excess and Deficiency Account for the purpose of paying temporary increased compensation for the year 1945 to the following Town Officers to meet increased living costs in the present emergency and to be allocated to Town Officers as follows:

Town Clerk .....	\$150.00
Treasurer .....	150.00
Tax Collector .....	150.00
Assessors .....	450.00

Said increase to be made in payments as follows:

By quarterly payments retroactive to January 1, 1945.

Article 11. On motion of William J. Bain — Voted that the Collector of Taxes be elected for a three year term.

The meeting adjourned at 9:00 o'clock P. M.

FRANK E. SANDERSON,  
Town Clerk.

## IMPORTANT REQUEST

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

Cash paid Treasurer .....		\$775.60

FRANK E. SANDERSON,  
Town Clerk.

## NOTICE

Chapter 440 of the Legislative Acts of 1938, require the Board of Registrars to list all persons twenty years of age or over, thereby making necessary a canvass in January of each year.

Persons who fail to give full and correct information, may cause difficulty and inconvenience to members of their household, especially if names not given are of registered voters, as names not listed in the annual canvass must be removed from the voting list by Registrars.

Co-operation on the part of householders is therefore respectfully solicited in order that lists may be as correct as possible, thus preventing inconvenience or injustice to any voter.

FRANK E. SANDERSON,  
Town Clerk.

## Report of The Board of Registrars of Voters

To the Board of Selectmen  
Gentlemen:

The Board of Registrars of Voters submit the following report.

The annual listing of all persons 20 years of age and over, as required by law, was made by the following canvassers, under supervision of the Board of Registrars.

Marion Athorn	Bertha L. Davis
Lena E. Downey	Alexandra Larkin
Rachael Lester	Helena A. Murphy
Katherine Pareago	Helen M. Tucker

Robert G. Jackson, a member of the Board, assisted in the canvassing.

The number of persons listed was 5,290.

Alexander J. Bourke was appointed a member of the Board by the Selectmen in January.

Three registration sessions were held in February.

The following changes occurred in the Voting List in 1945.

	Men	Women	Total
Voters Registered Jan. 1, 1945	1910	1844	3754
Registered in 1945	5	16	21
	1915	1860	3775
Removed			
Not Listed	66		
Married	15		
Deceased	9		
	39	51	90
	1876	1809	3685
Service persons registered	58	1	59
	1934	1810	3744
Total Registration Dec. 31, 1945			

Respectfully submitted,

JOHN C. BRAYDEN, Chairman  
ROBERT G. JACKSON,  
ALEXANDER J. BOURKE,  
FRANK E. SANDERSON,  
Board of Registrars of Voters

## Assessors' Report

---

To the Board of Selectmen:

The annual report of the Board of Assessors for the year ending December 31, 1945, is herewith submitted.

In accordance with the provisions of General Laws, Chapter 59, Section 29, all owners of taxable property, shall each year, on or before the 31st day of January submit to the local Assessors, a list with valuation of all their taxable property.

Notices were posted before January 1st in all public places of the Town, and forms may be obtained by making application at the Assessors' office in the Municipal Building.

Men 70 years of age or over are exempted from the payment of a Poll tax:—

All male inhabitants who have reached the age of 70 years before January 1st, 1946, who wish to be exempted from the payment of a Poll tax, must make a request in writing on a form furnished at the Office of the Assessors.

### VETERANS' BONUS. CHAPTER 731, ACTS OF 1945. ISSUANCE OF RESIDENCE CERTIFICATES

In accordance with the Law this duty was delegated by the State Treasurer, Hon. John E. Hurley, to all Boards of Assessors throughout the State. In order to receive the Bonus the Assessors must certify that according to the official records of the Assessors office, the applicant was a resident of Maynard on January 1st of the year of his, or her, entry into the Armed forces of the United States, in the course of World War 2.

The Assessors have been pleased to co-operate with the State Treasurer, and also to assist the Veterans in this work.

The number of Veterans, male and female, who have been certified from August 18, 1945 to February 5, 1946 totals 578.

## Report of the Board of Health

---

To the Board of Selectmen:

The Board of Health submits the following report for the year ending December 31, 1945.

To aid in safeguarding the welfare of the community, the Board of Health continued their many clinics, milk inspections, and the x-raying of tuberculosis suspects.

### DIPHTHERIA CLINICS

For the fifteenth consecutive year the Board conducted these essential clinics for the protection of children and the community against both diphtheria and lockjaw.

The importance of every parent having their child immunized at the age of six months may be stressed as a case recently broke out in a neighboring town, close to the local line. Such an outbreak can easily happen here unless the parents co-operate in having their children innoculated.

Dr. R. E. Hooper was in charge of these clinics assisted by Misses Ward and Foster.

### VACCINATION CLINICS

A total of 55 children were vaccinated against smallpox at these annual clinics conducted by the Board. Parents are urged to have their children vaccinated after reaching the age of six months. These clinics were conducted by Dr. S. E. Cremer assisted by Misses Ward and Foster.

### SCHOOL DENTAL CLINICS

To co-operate for the proper care of childrens' teeth the Board continued these school dental clinics. Dr. S. E. Garland and Dr. F. A. May assisted by Miss Foster, school nurse, were in charge.

### TUBERCULOSIS

Tuberculosis showed an increase during the latter part of the year, at present, five persons are hospitalized. Proving a great success and benefit to the town was the Community X-Ray project, which was made possible by the sale of Christmas Seals. A total of 1,082 persons were x-rayed in five days. The Maynard Christmas Seal Committee had the co-operation of the local Health Board, the Board of Selectmen, Local 140 T. W. U. A., C. I. O., Mr. Walter Priest, and the

entire townspeople. However, we still continue our policy of having all suspects x-rayed at the Middlesex County Sanatorium.

### DOG CLINICS

The Board conducted two clinics for the protection of dogs and the community against the dreaded rabies. A total of 246 dogs were immunized by Dr. Gerald O'Malley, assisted by Josiah M. Herrick, local animal inspector. Although there are many dogs who have not been immunized, the community has been fortunate that not a single rabie case was reported. It is well to remember to have your dog immunized once a year.

The following is a list of contagious and communicable diseases reported for 1945:

Mumps .....	19
Dog Bite .....	6
Scarlet Fever .....	2
Whooping Cough .....	2
Chicken Pox .....	27
Measles .....	4
Tuberculosis .....	2
Syphilis .....	2
Gonorrhea .....	10

The collection of milk samples continued in charge of Mr. Arthur R. Taylor. The farms that produced milk sold in Maynard were also visited. The milk dealers and the farmers are both to be congratulated for their high protein value and excellent quality of milk with the shortage of labor.

We believe that starting in the Spring the collection of rubbish, ashes, etc., should be either collected by the Town or by contract. This appears to be the only way to keep the Town clean and solve a much needed problem. While it will require a sum of money to establish this collection, it should not cost any more than the average owner or tenant pays for such removal. The difference in the tax rate and the amount paid to have the collection should be of value to both the community and the citizen.

We desire to thank those in our employ who have worked faithfully, the physicians, the town departments, and also the townspeople for their splendid co-operation.

Respectfully submitted,

LESTER F. COWLES,  
HOWARD L. CLARK,  
JOHN JOHNSTON.  
Board of Health.

## Annual Report of Nurse for Year Ending January 1, 1946

---

Number of patients visited .....	760
Association calls .....	1620
Metropolitan Insurance calls .....	140
John Hancock Insurance calls .....	86
Free Nursing visits .....	376
Total .....	<u>2122</u>

There were 2 home deliveries attended by Nurse.

There were 100 calls by physicians.

There were 620 calls by families.

Respectfully submitted,

MARY A. WARD, R. N.

## Report of Local Rationing Board, No. 193

---

To the Citizens of Maynard:

January, 1946 marked the fourth anniversary of Massachusetts War Price & Rationing Boards. Each Board is a cross section of the community—labor, business, farmers, housewives, professional people — all volunteers except the clerical help. It is this volunteer spirit through the OPA that gives us the lesson of democracy in action. It demonstrates the willingness of the American people to respond to, and co-operate with, a government program which they understand, and in which they have faith. It is largely through the aid of volunteers that our economy, for the first time in any war, has been left undamaged by serious inflation.

On July 31, 1945 Herbert W. Martin resigned as Chairman of the Local Board, and Thomas F. Maley was appointed to succeed him.

The end of the war made it possible to stop rationing of gasoline, fuel oil, stoves and processed foods; and revocation orders were issued on August 15, 1945, effective immediately. Rubber footwear rationing was terminated September 4, 1945. Automobile and shoe rationing terminated October 31, 1945. Meats and fats rationing terminated November 24, 1945. New passenger and truck tires were released from rationing January 1, 1946.

Effective January 1, 1946, all duties and responsibilities involved in the rationing of sugar, except the distribution of Forms R-146 Application for Sugar Ration Book, R-194 Consumer Replacement Application for lost, destroyed, stolen, etc. Ration Book, and R-353 Application for Temporary Sugar Rations for Members of the Armed Forces not entitled to a Ration Book, were transferred from the Local Boards to the Regional Office. All applications for sugar by consumers and others must be sent for adjudication and issuance to the Office of Price Administration, Sugar Issuance Department — Room 848, 55 Tremont Street, Boston 8, Massachusetts.

The Maynard Board has served the towns of Acton, Boxboro and Stow since October 1, 1945; the rationing board offices in those towns having been closed at the end of September.

On behalf of the Local Board, we wish to take this opportunity to thank Herbert W. Martin and Albert E. Lucot, Members of the Fuel Panel; Charles M. Lerer, Michael Ve-

leno and Harold R. Goodwin, Members of the Gasoline and Tire Panels; John H. MacDonald and Rev. George A. Koponen, Members of the Food Panel, for a job well done. The end of rationing terminated these panels.

The Price Panel is still active and has important work ahead of it. The Price Panel Members are: J. Edward Derosier, Augustus L. Morse, and Barney Bondelevitch.

Certificates of Award signed by President Harry S. Truman, Administrator Chester Bowles, and Regional Administrator Eldon C. Shoup; and Letters of Thanks and Appreciation signed by Governor Maurice A. Tobin have been received by all the Panel Members.

Miss Helen Kuprianchik resigned as a Clerk of the Board, effective December 15, 1945.

The Town of Maynard appropriated the sum of Seven Hundred Dollars (\$700.00) for the use of the Local Rationing Board. This sum has been used as shown below:

Amount appropriated .....		\$700.00
Rent of Office .....	\$360.00	
Light .....	33.45	
Telephone .....	51.34	
Incidental Office Expense .....	22.00	
		466.79
Balance .....		\$233.21

From the tasks of war, the OPA has turned to the tasks of peace. The work of this war-born government agency will continue until the defeat of inflation is completed. Our problem during 1946 is to keep the cost of living down to present levels, or at least near present levels. Primary emphasis will be placed on controlling costs of essential items entering into the cost of living, food, clothing, etc. Until the day comes when the danger of inflation is over, you have a responsibility to do everything possible to co-operate in the anti-inflation fight. You can help yourself and your nation by refusing to pay more than the OPA ceiling prices for everything you buy. It is important that you report all violations and overcharges to your Local Price Control Board.

In the future, the War Price & Rationing Boards will be called Price Control Boards.

At this time, we wish to thank the Assabet Institution for Savings, and its personnel, for the use of the vault and storage space by the Local Board and for all the courtesies extended to the Board personnel.

We also wish to thank the Maynard Trust Company, and its personnel, for all the courtesies extended to the Local Board in connection with the rationing programs.

We thank the people of Maynard, and surrounding towns, for their patience and co-operation. We ask your continued co-operation in the fight against inflation.

Respectfully submitted,

MAYNARD PRICE CONTROL BOARD NO. 136 - 193

By: Thomas F. Maley, Chairman

---

## Report of John A. Crowe Park Superintendent

---

To the Honorable Board of Selectmen:

I herewith submit my report of the John A. Crowe Park for year ending December 31, 1945.

This year the tennis courts need two nets. The grandstand will need repairing. This work could not be done before on account of government restrictions.

Respectfully yours,

JOHN C. BRAYDEN,  
Superintendent.

## Report of Police Chief

---

To the Honorable Board of Selectmen:

I hereby submit my annual report as Chief of Police for the year ending December 31, 1945. In the performance of the duties of this Office, I have had the co-operation of the officers of the Department, also the helpful assistance of the Board of Selectmen and the Town Counsel.

### PARKING

Since the year 1940 there has been a steady increase in the number of automobiles registered in Maynard and with the production of new cars during the coming year, the need of additional parking areas are essential to accommodate the people who shop in Maynard. The land in the rear of the Halliday Building on Nason Street, is our only large available parking area at the present time. This parking area can only accommodate approximately one hundred cars, therefore, serious consideration should be given during the coming year to establish additional parking areas.

### TRAFFIC

Through the courtesy of the State Department of Public Works (Traffic Division), several surveys have been made to try to eliminate the traffic hazard at the intersection of Waltham and Parker Streets. The State recommends that the sidewalks at this intersection be reduced and small traffic islands be erected in order to rotate the traffic. It should be noted at this time that all regulations pertaining to traffic must first be approved by the State Department of Public Works (Traffic Division) before they can be established and enforced by the Town.

As in previous years all safety islands and traffic lines were painted.

The Highway Department with the aid of the recently purchased snow loader are now capable of removing the snow more efficiently from the business section and greatly reduced the traffic congestion that was previously experienced during the winter months in the shopping district.

### EQUIPMENT

In the budget for 1946, I have requested the purchase of a cruiser to replace our present cruiser. Due to the rationing program the practice of trading in the police cars annually has

been temporarily suspended, however, it is the opinion of this Department that it is more economical to trade it in for a new car annually.

In our budget we have requested the purchase of a two-way radio. The speed with which a Police Department may act is immeasurably increased through the use of a police two-way radio and the purchase of this radio at this time is an actual necessity for the proper safety of our town.

### SAFETY

In accordance with the Town By-Laws, the Board of Selectmen has designated the following streets to be closed for sliding:—Newton Drive, Elmwood Street, Florida Road, Lewis Street, Roosevelt Street, Butler Avenue, and Spring Lane.

On Hallowe'en night with the co-operative assistance received from the Superintendent of Schools, School Teachers, Peoples Theatre and the businessmen a very successful party was sponsored for the school children. This party helped to reduce the damage caused by vandalism and it is our desire to continue these parties in the future.

This Department recommends that ice skating rinks be erected during the winter months in various sections of the Town for the children to provide safe and healthful recreation for the children. The establishing of these rinks would eliminate the children skating on the Mill Pond, Voses, Thanksgiving Pond and on the Assabet River, as these places are very inaccessible in case of accident or emergency. Surrounding cities and towns provide these facilities for the children at no great cost to the taxpayers and I believe the same procedure should be inaugurated in Maynard. The Recreation Program for the children during the summer months has proven itself very successful, therefore, I recommend that this program be extended to include the winter months in order to provide and maintain safe places for the children to skate.

During the past year we have witnessed the successful completion of World War II and with the same, the safe and welcome return of five members of this Department from the Armed Forces.

### REPORT OF ARRESTS FOR 1945

#### Crimes vs. Public Order

Drunkness .....	62
Driving while intoxicated .....	11
Non-support .....	2
Delinquency .....	3

Violation of Probation .....	2
Default .....	1
Disturbing peace .....	2
Driving so as to endanger .....	5
Accosting .....	1
Violating Town By-Laws .....	7
Fish and Game Laws .....	5
Profanity .....	2

#### Crimes vs. Person

Assault and Battery .....	7
Manslaughter .....	1

#### Crimes vs. Property

Larceny .....	3
Trespass .....	1

The amount of money received by the Town Treasurer from the Concord District Court for the year 1945 was \$253.90.

The Town Treasurer has also received from the American Woolen Company \$757.46. This re-imburses the town for the money paid by the town to local police officers guarding their payrolls.

In conclusion, I wish to express the appreciation and the thanks of the Police Department to all other Departments who have been of assistance to the Police Department.

Respectfully submitted,

HENRY F. PIECEWICZ,  
Chief of Police.

## Town Accountant's Report

Maynard, Mass., January 10, 1946

To the Board of Selectmen:

Gentlemen: I submit herewith the annual report of the Town Accountant for the year ending December 31, 1945.

At the end of the year 1945 the financial condition of the Town was very good and I give you below a few comparisons between the figures of December 31, 1944 and December 31, 1945.

	December 31, 1944	December 31, 1945
Cash on Hand .....	\$179,595.33	\$176,066.35
Uncollected Taxes .....	20,407.54	15,807.28
Unexpended Appropriations turned back to Revenue and Surplus accounts at the end of the year	23,409.10	20,306.14
Excess and Deficiency Account—Excess Over Uncollected Taxes .....	71,702.64	91,961.49

The net debt of the Town amounts to \$103,000.00 which is about 1.95% of the Town valuation.

The courtesy and co-operation received from the various town boards, officials and employees has been gratefully appreciated.

Respectfully submitted,

ALBERT E. LUCOT,  
Town Accountant.

Edward Johnston

Residence, 20 Tremont Street .....Tel. No. 352

## School Calendar for 1945 - 1946

### HIGH SCHOOL — 39 WEEKS

Fall term began .....	September 4, 1945
Closed .....	December 21, 1945
Winter term began .....	January 2, 1946
Closes .....	February 21, 1946
Early Spring term begins .....	March 4, 1946
Closes .....	April 26, 1946
Late Spring term begins .....	May 6, 1946
Closes .....	June 21, 1946
Fall term begins .....	September 3, 1946

### DAILY SESSIONS

8:00 A. M. to 1:00 P. M.

### ELEMENTARY SCHOOLS — 38 WEEKS

The same as for the High School except that late Spring term closes June 14, 1946.

### DAILY SESSIONS

8:45 to 11:45 A. M. — 1:15 to 3:30 P. M.

### HOLIDAYS

The schools will be closed on the following dates for the observance of holidays, etc.

October 12, 1945	Columbus Day
October 26, 1945	Teachers' Convention
November 12, 1945	Observance of Armistice Day
November 22, 23, 1945	Thanksgiving Recess
April 19, 1946	Patriots' Day and Good Friday
May 30, 1946	Memorial Day

### STORM SIGNALS

Three blasts for first eight grades, five blasts for entire school system. Blown at 7:15 A. M. and 12:30 P. M.

Announcements of "No School" will also be broadcast over WBZ and WEEL.

N.B. Errors in judging the weather are unavoidable. It is suggested that parents exercise independent judgment about sending children to school in stormy weather.

## Report of the Maynard School Committee

---

To the Citizens of Maynard:

The Maynard School Committee herewith submits its annual report for the year 1946.

Inscribed at the entrance of the Boston Public Library is this motto which reads — "The Commonwealth requires the education of the people as the safeguard of order and liberty." The education of the pupils in our schools has been of deep concern to the Committee, to the Superintendent and to the entire school system.

The schools may be said to consist of two parts — the first part, the grounds, buildings and equipment which provide shelter, heat and other needs which make it possible to study in comfort. The second and most important part is the teaching force, which inculcates and develops in the mind and breast of the pupil the morals and intellectual attributes which are necessary for right living and right thinking. Such attributes are bound to make for a better commonwealth. In the conduct of our schools for this purpose we are fortunate in having on our teaching staff so many experienced teachers, in view of the salaries that the town is able to pay.

In regard to the school buildings, there is much painting to be done and other repairs are planned for in the 1946 budget. The special appropriation made in August enabled us to re-surface the grounds in the rear of the Roosevelt School which was a much needed improvement.

The Superintendent has covered in her report all the necessary facts in regard to repairs, progress of the schools along the lines of education of which she is qualified to speak, as well as the statistics.

We thank the Superintendent and the other members of the personnel for the faithful co-operation.

JOHN E. HANNON  
OLIVER WARILA  
J. FRANCIS CLEARY

January 11, 1946

## Report of the Superintendent of Schools

---

To the School Committee of Maynard:

I welcome this opportunity to present to you and through you to the citizens of Maynard, a general statement in the form of a report of my supervision of the buildings, grounds, personnel and instruction. (Included in this report are excerpts from the reports of the Supervisors and Elementary Principals).

### PERSONNEL

Since January 1945 we have had ten resignations. With the exception of two, all went to positions paying more money. This situation is a matter for serious consideration, not only by the School Department, but by the community as a whole.

The foundations of American education have been seriously undermined by the war. Elementary education is in danger because of the shortage of teachers. Three factors have contributed to this shortage: (1) the attractive wages paid by war industries, which drew teachers away from their positions and students away from college; (2) a lack of understanding that teaching is of paramount importance to the nation — that it was a war job equal in importance to any; and (3) the low prestige of the teaching profession in general and of the elementary school teaching in particular. Added to these is the too prevalent idea that less training and ability are required to teach small children than are required to teach older pupils.

For some time the salaries offered by Maynard have been very low. Besides having a salary scale the policy of which was to offer to a girl with no experience the minimum required by law, Maynard offers only fifty dollars a year for each year of experience. Applying this scale, a girl with two year's experience and a degree gets \$1300 as a salary.

I have registered vacancies with teacher placement agencies and have been told that they could not recommend anyone for Maynard because of the salary. I had the experience at a teachers' college last year which will illustrate the problem I have in securing teachers. A girl living near Maynard and who stood very high scholastically in her class was highly recommended to me. I offered her a position for \$1200. An hour after another superintendent offered her \$1500 to teach in a community much smaller than Maynard.

I firmly believe that there should be a salary schedule that will attract qualified teachers to Maynard. The salary schedule

is extremely important because it concerns the largest expenditure in the School Committee's budget, and it is an expression of the educational policy of the community. It states what will be paid for teaching and on what basis. Therefore, it should be simple, clear, and definite in form. Care should be exercised to secure a schedule that is suited to the needs of the locality and within its ability to pay. It should be fair and equitable. The fundamental criterion of an effective schedule is its value in improving the educational growth of the school children. A liberal policy will build a powerful school system. Of first importance is the basic schedule for all classroom teachers, upon which can be built differentials for administrative, supervisory and special services.

It may seem sensible to pay teachers according to their efficiency in the classroom. If this could be done accurately and fairly, it would be ideal. In practice, however, it is so subjective that vigorous protests have been made by teachers over the seemingly unfair judgments of supervisors and administrators. No one can tell what the total contribution of a teacher is in the full development of a child. Even in a school subject, where one might expect that a reasonable measure of a teacher's effectiveness could be ascertained, home efforts and other influences enter into the results. Merit rating breeds discontent and unhappiness among the teachers who are fully aware of its unreliability. Rating stimulates a spirit of competition among teachers when co-operation is essential. Whenever one teacher is rated above another, charges of favoritism are noised about.

Practically every schedule provides increases in salaries for experience. These increases take place in the form of annual increments as a teacher steps along from the minimum to the maximum salary for teachers of her classification. However, experience alone is not a safe criterion on which to base an opinion of a teacher's value. Some teachers grow from year to year while others go along repeating the work of the previous year without any improvement.

## INSTRUCTION

Every part of the system, elementary or secondary is essential to the whole educational process of the child. The primary and elementary school is only the foundation or preparation of the child for his future educational growth.

The impression is given that children are taught to read in the primary grades. The development of reading abilities in children for reading, understanding and use of materials is never finished at the end of a given period of time. The learner

keeps developing those skills as long as he has use for the process of reading. The high school teacher is a teacher of reading in her own subject.

There is need for the services of a person skilled and trained in remedial reading in grades two through five. Some children grasp the fundamentals more slowly than others and as a result do not accomplish the full grade one program by the end of the first year and yet they should not be retarded a full year. Consequently they are promoted to the second grade and given the work of that grade to do before they are ready for it. Children should be given work at their own grade level rather than work which parallels the number of years they have been in school.

I am repeating in this report the plea to parents which has been made in past years for better attendance at the high school level. Pupils are absent for minor reasons and make no effort to make up work. Parents are not aware that teachers in the high school return at least one afternoon a week for the purpose of affording the students an opportunity to receive help in certain subjects or enable them to make up work.

A copy of the Curricula of the Maynard High School and a copy of the permanent record kept for each student is included as part of the report of the high school principal. This will give each parent a copy for future reference.

The program in Maynard which suffered most was our program of physical education. Summarized simply and specifically, the program in physical education is weak and has been weak for two reasons: (1) the low salary scale of Maynard has made it impossible to hire anyone but student teachers who have majored in physical education. (2) The second reason is the poor facilities for the conduct of the program. The so-called gymnasium of the town is no more than a large basement room.

All of us are looking forward to the beginning of an era of peace. Yet not many seem to have a proper concept of the role that physical fitness may play in the period of peace that follows. We are aware of the reports given to us by the Selective Service in regard to the physical disabilities of our young men. We talk about remedying these defects by changes in our school programs, but thus far, we have made nothing but spasmodic attempts.

Through the co-operation of the school physician and local dentists, the students participating in the major sports have been given a thorough physical examination at the beginning of the school year. This procedure only serves a minority of the

student body. A similar service should be available for every child in the school system early in the school year in order that physical defects may be recognized and corrected at that time. The salary paid the school physician at present is not sufficient to justify the School Committee expecting any more of his time.

In no school building are there suitable facilities for physical examinations from the point of view of privacy or equipment. The usual procedure is to have the doctor and nurse go to an unoccupied room, teachers' rest room or principal's office. A student is usually examined in the presence of his classmates.

The Maynard schools have been free from epidemics and any great amount of illness which usually is very prevalent during war time.

In spite of the fact that the Manual Arts Program has been very limited because of the shortage of equipment and materials, progress has been made. Not as many individual projects have been made, but group work has been done which gives the student at least the opportunity of acquiring knowledge of how to use the common tools.

#### OPERATION AND MAINTENANCE

Although a school building is not the complete guarantee that an educational program will be successful, it will certainly increase the potentialities of the curriculum.

The buildings now in use will meet the needs of the school population of Maynard for some years to come.

In our vigilance of the school plants, we have not considered the buildings as just a shelter for the children. We have tried to make improvements in the buildings and grounds which would be more conducive to safety and health.

It has been the policy in the past to ask for a certain amount as a repair item in the budget. After schools closed in June, the School Committee would visit the various buildings and list the repairs and then make as many as the budget would allow. This year the survey of the buildings was made in November and estimated costs for the needed repairs received from local workmen. In this way, an intelligent budget could be submitted.

The first major repair to be given attention is the painting of the gymnasium and shower room, the toilets and stairways of the auditorium.

For the past three years the condition of the toilet rooms at the high school have been observed and reported. This year, consultations were held with a representative of the State Department of Health and specialties in plumbing. It was the opinion of all that time should be spent in planning the renovation and that the services of an architect should be engaged to draw up the specifications for the fixtures and the changing of the side walls, one of which consists of the foundation stones of the building. Until such time as these services can be secured and specifications prepared, the rooms should be thoroughly cleaned and painted.

Committees have been long aware of the condition of one of the boilers in the high school. Each summer repairs were made on it in order to have it pass the insurance inspection. The time is not very far distant when repairs will be impossible and for that reason the request for a new boiler has been made in the budget for 1946.

Renovations should be made in the High School to provide for a Men's Room. This same room could be used by boys who are taken ill.

Heating of the Science Laboratory has always been a problem. By transferring home room pupils from that room and scheduling science classes for later in the day, the problem has been partially solved. Installation of storm windows will also help.

The classrooms and corridors of the Junior High School are in need of paint.

The general condition of the Roosevelt School is good with the exception of the ventilating system which is so arranged that when the wind is in a certain direction, there is a down draft which makes it impossible to heat certain rooms. This can be remedied by the installation of hoods on the roof which can be adjusted from the basement according to the direction of the wind.

No one ever doubted the need for improving the condition which existed at the Roosevelt School yard. We were very fortunate that in the past we did not have serious accidents caused by the stones in the yard and the absence of any means of keeping the children from running into the street. The responsibility of the School Committee for providing for the health and safety of the pupils at this school has been met by the installation of a fence on Glendale Street and the surfacing of the yard.

The outside of the Coolidge School and the corridor needs to be painted. A new ceiling should be installed in the lower corridor.

The committee appreciates and recognizes the condition of the yard at the Coolidge School. The walk installed with the co-operation of the Highway Department is a temporary improvement. It provides a place for the children to walk on as they go to and from the play area. As soon as other major repairs are accomplished, definite attention will be given to that yard.

In past years it was thought that the oiling of floors was the proper procedure for floor maintenance. It has since been proven that the application of oil to floors fulfills its purpose, namely to hold the dirt, which means a dirty floor. The past year no oil was applied to any floor in the system. The lower corridor floor and three classrooms have been sanded at the Roosevelt School and a floor seal applied. The change is very satisfactory and should be continued as materials become available.

## TRANSPORTATION

An effort was made this year to control the transportation problem. Children living on Waltham Street, Great Road and Parker Street District were transferred from the Roosevelt School to the Coolidge School. In this way they left the bus at the Coolidge School. This eliminated about twenty pupils who were riding through the Main Street District to the Roosevelt School. Even with this plan, the bus was over-crowded.

After a close supervision of the number on each trip, it was felt that the safety of the children demanded two trips in the morning and afternoon. This seemed to be the solution of the problem.

Parents are under the impression that it is the Superintendent who made the ruling in regard to the grade limit for children privileged to ride on the bus. The records of the School Committee show that on July 25th, 1942 the following vote was passed: "Voted — to have bus transport pupils of first three grades from Wilson School, morning, noon and night."

However, the Superintendent is always willing to permit older children who are ill or physically handicapped to ride if permission is requested by the parent.

## THE SCHOOL AND THE COMMUNITY

During the past year three ventures were tried which were efforts to bring the school, home and community together.

The School and Home Evening was a success from the standpoint of interest on the part of the parents. I recommend that it be repeated again this year with a change in the procedure. More time should be given the parents to talk with the individual teacher. It happens that one parent may have more than one child and he will wish to talk to the teacher of each one of his children. It is regrettable that there are not facilities or at least extra chairs enough for educational programs in each of the buildings. I recommend that fifty chairs be purchased for each building as soon as they are available.

The second program which was very favorably received was the Memorial Day Program in which every child in the system participated. This program was arranged to show the children that the teachers as their leaders wished to pay public homage to the veterans of the two World Wars. There will come a day when the children of today will be the ones who will have to keep green the memorials of the veterans of all wars. If they are not trained now to see their civic responsibility, they cannot be expected to recognize it in the future.

The municipal Hallowe'en Party was the affair of the year from the children's point of view but from my own point of view, it showed what can be done for the children when the school personnel and citizens of the community work together and organizations and business men give financial support. The co-operation and support given this project was far beyond my expectations and sincerely appreciated.

Several times during the year the children have had the opportunity to demonstrate their abilities in music.

The students in the art classes have submitted their work in several contests and have received prizes.

The Junior Red Cross Work was organized 100% in the Junior High and Elementary Schools — Leaders, Misses Wilder, Wood and Perley with Miss Nellie May as Chairman. The children collected or made 200 games and picture puzzles, 36 packs playing cards, 650 Comic Magazines, 100 Popular Magazines, 68 Novels — pocket editions, 3 Scrap Books.

Through Marlboro Chapter American Red Cross, the above were distributed to various hospitals. Pupils filled 17 boxes

which were sent to children overseas. 56 cakes of toilet soap, tooth paste, brushes, wash cloths, pencils, crayons and writing paper pads were sent to prisoners of war. The Junior High pupils mounted and arranged on light card board 50 cross word puzzles, attaching small pencil to each, arranged 12 booklets of cartoons and comics, made three stuffed animals, 100 hand sewn handkerchiefs. These were all sent to various hospitals by the Marlboro Chapter.

## RELIGIOUS EDUCATION

Since September, in accordance with the General Laws, Chapter 76, Section I as amended by Section 3 of Chapter 461, Acts of 1939 and Chapter 423 of 1941, the Maynard School Committee has been releasing in school time, for the purpose of attending Weekday Religious Instruction Classes, those children whose parents requested permission for the time.

Any program calling for the children in school time means co-operation between church, home and school. Less than fifteen percent of the parents of the high school students did not avail themselves of the opportunity to have their children attend these classes and less than five percent of the Junior High School students do not attend the instruction classes.

The local committee for Religious Education was democratic and co-operative with the School Department in its plans for the program.

The value of such a program is self-evident and does not need any comment from the School Department.

## ALMUNI FIELD

The Alumni Field has been given considerable attention during the year. The condition of the playing field spoke for itself. The inside of the Field House needs to be painted.

The ticket booth which was built by the boys of the Manual Arts Class met a need which has long been felt. There should be a second one built for the other entrance.

As soon as the material is available, the gates should be repaired and locked when the field is not in use.

I hope that some local organization will see fit to donate a flag pole and flag. This might be done as a fitting tribute to its members who paid the supreme sacrifice in World War II.

The grandstand, although in passable condition at the present time, will eventually have to be replaced.

## RECREATION

Maynard has for the last few years appropriated a sum of money for Recreational purposes. The expending of it was assigned to the supervision of the School Department.

It should not be the responsibility of the Superintendent of Schools to administer and activate the Recreation Program of a town the size of Maynard. That is the responsibility of trained Recreation leadership.

The summer recreation program was beneficial to the number of children who were able to attend. Because of a limited personnel, the program could only be carried on in the Roosevelt School District. This made it almost impossible for the children in the other parts of the town to have any part in the program.

The money was expended as judiciously as local conditions permitted. Much consideration was given to providing recreation for the older children. A survey was made of the wishes and interests of the children of high school age. Their interests were so extraordinary and demanding that it was felt by the School Committee that it was more advisable not to proceed with plans than to begin and not be able to meet their demands.

The teachers of the Junior High School deserve commendations for their efforts to provide wholesome recreation for the pupils of that building. I know of no project in Maynard which brought more enjoyment to the children as well as training than the dancing lessons given to the children by a paid instructor. The children paid part of the cost and the balance was paid for from the building fund.

In spite of its inadequacies because of size, it is almost impossible to get the gymnasium for an afternoon. The high school students use it three afternoons a week and the junior high students use it for two afternoons. It is not possible to use the auditorium if there are any activities in the gymnasium. Just at the present time each of the afore mentioned groups would like to use it six days a week. An adequate supervised Recreation Center is needed in Maynard.

CONCLUSION

I take this opportunity to give public acknowledgement and express my appreciation of the co-operation and helpfulness of my co-workers and the School Committee.

Respectfully submitted,

MARY A. DOYLE, Superintendent.

January 11, 1946

## Report of High School Principal

---

Miss Mary A. Doyle  
Superintendent of Schools  
Maynard, Massachusetts

Dear Miss Doyle:

My report, unlike those submitted in the past, will consist of a series of observations which I have made as high school principal during my brief term of service. I shall endeavor to list my findings and a few suggestions under three main categories, namely, the program, the plant, and the personnel.

### PROGRAM

The program offered is based on sound educational principles designed to equip each pupil with the fundamentals with which to pursue courses in higher institutions of learning, or to embark on a career in the business world.

I should like to dwell for a time on the importance of expanding the group guidance program now in operation.

In every walk of life, in every step in school progress, in the ever-changing situations that confront each one, the need for guidance is seen. It has always been so and will continue to be so as long as human beings exist. It is often very helpful for us to look back over the more or less devious paths by which we have come to our present occupation or our present position, or even to any particular point of view that we may have. Sometimes we can trace very definitely the influences that led us to our present position; sometimes these influences are very obscure. Often we seem to have been the playthings of blind chance. Guidance refers to that part of the school program which is most concerned with assisting the individual to become more effectively oriented to his present situation, and to more carefully plan his future in terms of his needs, interests, abilities, opportunities and social responsibilities.

Although the foundation for a Group Guidance program has already been laid in the high school, I've found that many of our boys and girls are still very much undecided concerning their plans for the future.

The personal and social phases of guidance have thus far been stressed by the homeroom teachers as directed in bulle-

tins issued by the principal. I feel that there is also a great need for the dissemination of a considerable amount of educational and occupational information.

Before beneficial educational and occupational information can be imparted to each pupil, we must discover and analyze his abilities, aptitudes, interest and needs. This can be accomplished for the most part, by giving a series of tests. When the results are recorded on a cumulative record and interviews are held, each pupil can be shown how to relate his abilities, interests and needs to current educational and occupational trends. He will then be capable of adjusting himself properly to the activity beyond high school for which he may have been planning.

During the past few months we have been asked to furnish information of a very comprehensive nature to colleges and universities on graduates of Maynard High School who are now seeking admission to their institutions. The majority of requests come from returning veterans, who wish to further their education under the G. I. Bill of Rights. In many cases it has been impossible to render a comprehensive and accurate report because of the limited nature of the individual permanent record now on file. Consideration should be given to the selection of a comprehensive record which will furnish, upon request, the valuable information sought by colleges and universities, and prospective employers.

My report on the school program would be incomplete if I were to refrain from mentioning physical education. Maynard, like other high schools, suffered the loss of several of its regular teachers during the war years, and among them the physical education director and coach of athletics. Now that we are gradually returning to a state of normalcy, I strongly recommend that full-time physical education directors for both boys and girls be engaged. Although the facilities for conducting a physical education program in the high school are very limited, I feel that we must afford our pupils the opportunity to train physically as well as mentally.

#### PLANT

Provision should be made for a room for the men teachers on the high school faculty. This room would also serve as a first aid room for boys who became ill or who receive an injury during school hours. The facilities available for the girls are adequate at present.

## PERSONNEL

I wish to record here my sincere appreciation of the fine personal co-operation given by all of my associates in the high school. I feel that I speak for the entire faculty when I say that we will ever maintain a spirit of loyalty to educational ideals, to the end that we will serve better those who are entrusted to our care.

## CONCLUSION

I am indeed grateful for the kind assistance and guidance which you have given me, Miss Doyle, and also appreciate the support received from the School Committee.

Respectfully submitted,

BERNARD T. WHITE, Principal.

January 7, 1946.
