# DIGITAL THIS WEEK

Volume 13, Number 5

April 28, 1986

## Digital names three new vice presidents

Digital has announced the promotions of three senior managers to vice presidential positions. Those promoted are:

**Ilene B. Jacobs**, vice president, Corporate Treasurer

**Bruce J. Ryan**, vice president, Corporate Controller

**David L. Stone**, vice president, International Engineering and Strategic Resources

Ilene is the Corporate Treasurer, responsible for managing Digital's Treasury, Pension Investments, Tax, Risk Management, and Customs groups. She joined Digital in 1974 as manager, Cash and Investments, Corporate Treasury Department, and has held a succession of management positions within Treasury. She was appointed Assistant Treasurer in 1981 and Treasurer in 1985. Prior to joining Digital, Ilene served as a Cash Management Officer, Shawmut Bank of Boston. Ilene received a B.A. from the University of Massachusetts, Amherst, and is a graduate of the Advanced Management Program at Harvard Business School.

Bruce is the Corporate Controller, responsible for financial planning and analysis, budgeting, internal audit, fiscal and management reporting, accounting policies and procedures, internal controls and the financial development program. He joined Digital in 1969 as manager, Field Finance, and has served in a succession of financial management positions, including Finance and Ad-

Ilene Jacobs

Bruce Ryan

David Stone

ministration manager, Computer Products Group; Manufacturing Controller, Galway, Ireland; and Finance and Administration manager, General International Area. He was named Controller in 1985. Prior to joining Digital, he held financial management positions with GTE/Sylvania Corporation. He holds a B.A. from Boston College and an M.B.A. from Suffolk University.

Both Ilene and Bruce report to Jim Osterhoff, vice president, Chief Financial Officer.

David is responsible for establishing and developing the company's international engineering presence to ensure that Digital's products are competitive worldwide. He reports to Pier-Carlo Falotti, vice president,

President-Europe, and to Bill (B.J.) Johnson, vice president, Distributed Systems. David joined Digital in 1970, and has held a succession of management positions, including corporate manager, Software Engineering; manager, European Software Services; and acting manager, European Engineering. A member of the Corporate Engineering Staff, he assumed full responsibility for International Engineering and Strategic Resources in 1985. Before joining Digital, David held engineering positions with Raytheon, General Electric Company, and Bell Telephone Labs. He holds a Bachelor's degree from Harvard University and an M.S. from the University of Pennsylvania. ■

## Roger Heinen promoted to Corporate Consulting Engineer

Roger Heinen has been promoted to the position of Corporate Consulting Engineer. In this position, Roger reports to Bill Heffner, vice president, Software Systems, and is responsible for the technical direction of the Software Systems Group.

In announcing the promotion, Bill said, "Roger has been a direct contributor to many of the company's most profitable software product sets, including three of the areas for which Digital has gained worldwide recognition: networking, VAX software development, and MicroVAX products. His breadth of experience and technical background make him

an excellent choice for this well-deserved honor."

Roger joined Digital in 1973. He subsequently became directly involved in the development of RSX-11M, and worked on the initial design phase of DECnet products and VAX/VMS, version 1 software. He also worked as project leader on the VAX-11 PL1 and VAX-11 C compilers and was a key contributor to VAXELN and MicroVAX I. Roger is co-author of a book on code generation and holds a Bachelor of Science degree from Worcester Polytechnic Institute. ■

Roger Heinen

Kate Nelson

## New DTW editor named

Kate Nelson has been named the new editor of *Digital This Week*. She will handle the writing, photography and design of the bi-weekly newsletter, which is distributed to Digital's Eastern Massachusetts employees. Kate succeeds Jane Littlejohn, who left Corporate Employee Communication after a year and a half as DTW editor to join the Personal Computing Systems Group as a Marketing Communications specialist.

Kate joins Digital and Employee Communication from the accounting firm of Peat, Marwick, Mitchell & Co. As a free-lance writer, her articles have been published in the *Boston Ledger*, *MetroNorth Business Review*, *Mass. High Tech*, and *Lynn, the North Shore Magazine*. Kate holds a B.A. in journalism from Point Park College in Pittsburgh, and an M.S. in communication from the University of Southwestern Louisiana.

DTW's phone number, DTN 251-1307, and mailstop, CFO2-3/K23, remain the same. Electronically, the editor may be reached on DECmail @CFO. (Marketplace ads are accepted only via hard copy interoffice mail.) ■

### DIGITAL THIS WEEK

#### Editor: Kate Nelson

Send stores, photos, ideas or suggestions to DTW, CFO2-3/K23 or call the editor at DTN 251-1307. Ads must be submitted in writing to Marketplace, CFO2-3/K23. Please direct all Marketplace inquiries to DTN 251-1308.

Digital This Week is published every other week by the Corporate Employee Communication department to Digital Equipment Corporation for the Employees in the Greater Maynard area.

## RCS and EMS are history

RCS and EMS, which were once Digital's main means of internal electronic communications, are gone.

RCS (Record Communications System), or Digital's internal "TWX" system, had been around since 1979. It replaced the CMS (Corporate Message Services) system, which could no longer expand enough to meet Digital's growing needs. RCS grew from approximately 300 to over 800 locations worldwide. Some RCS codes served small or remote departments, while others served entire facilities. RCS also played an important part in the sale and trade of Digital stock, and in corresponding with outside companies with TWX and Telex machines.

EMS (Electronic Mail System) also grew quickly, from a few mail accounts in 1979 to over 8,600 by 1981. One EMS node led to two, and the network quickly spread to 15

nodes. The demands on each system increased, and finally the traffic overload began causing performance problems.

MTS (Message Transport Service), the basis of DECmail, VAXmail, ALL-IN-1 Mail and other user agents, came along in 1983. The MTS network is based on Digital standard products. Unlike RCS and EMS, it had the capability of growing large enough to support the messaging needs of the entire corporation without decreasing performance or response time.

So the decision was made to migrate EMS and RCS to MTS as smoothly and painlessly as possible. This was accomplished through the time and effort of the RCS and EMS Service staff. After the migration was complete, the last EMS node was laid to rest on March 19, and a ceremonious RCS shutdown took place on March 29. ■

### EMPLOYEE KUDOS

Security specialist **Arthur Miller** of Digital's Bedford facility was recently awarded the Professional Certificate in Law Enforcement

Science and Criminal Justice by the National Commission on Professional Law Enforcement. To achieve this, Arthur met stringent academic standards and exhibited his involvement in community programs, including support of the Waltham Soup Kitchen, Salvation Army and the Big Brother program. Professionally, he is affiliated with the American Society for Industrial Security, the National Association of Chiefs of Police and the International Association of Narcotic Enforcement Officers. ■

## MRAD seeking FY87 proposals

The MRAD (Manufacturing Research and Development) Committee is Currently accepting proposals for FY87 funding. Established to encourage and nurture new ideas and innovation in manufacturing, MRAD grants seed money for short-term projects that may be high risk but show potential for high payoffs. There will be only one call for

proposals this year, and projects must be completed in the FY87 time frame.

To submit a proposal, contact June MacArthur, MRAD administrator, at DTN 225-5632, or on ENET at CDR::MacArthur for a copy of the guidelines to be used and a list of MRAD committee members. Proposals must be received no later than May 30. ■

## Swim for Heart on May 10

The Greater Boston Division of the American Heart Association is sponsoring the ninth annual Swim for Heart on May 10, at the Boston College Sports Complex from 7 a.m. to 5 p.m. Digital has participated in this event for the past seven years. Swimmers obtain pledges for each lap they swim up to a maximum of 200 lengths, with all proceeds benefiting the American Heart Association. The pledges will be matched by Digital as part of the Matching Gift Program.

There will also be a corporate relay race (six per team) at 2 p.m. the day of the swim. The winning team will receive 24 pounds of Ruggles pizza. Last year Digital's team finished third. This year, it is hoped that several Digital teams will enter.

To obtain pledge forms please contact your local Employee Activities office. For more information call Dick Becker at DTN 297-5609 or Cathy Skinner DTN 221-5477. ■

## Eyes for the Needy

The Maynard Employee Activities Committee (meac) will be sponsoring an Eyes for the Needy campaign during May. Look for specially marked boxes which will be strategically placed in Greater Maynard facilities. Please deposit your old eyeglasses, cases and hearing aids in these receptacles during

the month of May. Eyes for the Needy is a non-profit, non-sectarian volunteer organization. Its sole purpose is to help provide better vision for the poor the world over. For further information, please contact Virginia Murphy at DTN 223-2007, PKO3-2/K43. ■

## Training begins for new telephone system

Maynard Area Telecommunications is establishing training centers to introduce the capabilities and operation of the new telephone system to all employees at Parker Street, the Mill, St. Bridget's, Powdermill Road and Stow.

The success of the June 6 cutover to the new system depends on employees' understanding of the operation and features of the new system. Therefore, it is essential that all employees attend training.

Employees will be notified to attend specific training sessions, depending on whether they have a standard single-line "Link" telephone set or an electronic "P-phone" (multi-line phone with number and feature buttons). Hands-on training dates and locations are listed below:

Site	Date	Location
MLO (BGO)	May 1-June 6	MLO4-4/-pole 4A
OGO	May 27-June 6	Bolton Conf. Room
PKO1	May 14-16	Maine Conf. Room
PKO2	May 19-20	Sapphire Conf. Room
PKO3	May 21-June 13	Auditorium
MSO	May 19-21	Nashoba Conf. Room

Those who attend hands-on training sessions will have their names entered in a raffle. Northern Telecom telephones, mugs, and pens will be awarded.

Employee participation in end-user training will be crucial to the success of the cutover. Notification of your training session will arrive through inter-office mail. ■

Al Mullin (left), vice president, Corporate Relations, presents a plaque to Alden Raine, Director of the Governor's Office of Economic Affairs, in appreciation of the Commonwealth's role in the growth of Digital in Massachusetts.

## Digital recognizes support of Mass.

In a brief ceremony at its Northeast Technology Center in the Shrewsbury facility, Digital presented a plaque to the Commonwealth of Massachusetts. In presenting the award, Al Mullin, vice president, Corporate Relations, recognized the assistance and contributions made by the Commonwealth to the growth and expansion of Digital in Massachusetts. Accepting the award was Alden Raine, Director of the Governor's Office of Economic Affairs.

Al noted the importance of public-private partnerships in the state's economic development, using the Shrewsbury facility as an example of public officials working together with a company to solve a transportation issue. He cited the assistance of state and Shrewsbury officials in locating traffic lights at the South Street intersection in Shrewsbury.

Describing activities that complement public-private partnerships, Al referred to some programs that demonstrate Digital's community initiatives. He mentioned that Digital provided more than \$600,000 in cash and equipment to several Bay State Skills Corporation-sponsored employment and training programs, and Central Massachusetts Job Training, Inc., for its Office Automation Training Centers. Also, through the Employee Matching Gift Program, Digital donated more than \$1.2 million in employee and company-matched funds to Mass. non-profit organizations during fiscal 1985. ■

## Digital and DECUS: 25 years of partnership

April marks a quarter of a century of cooperation between the world's largest non-profit computer users' society and the second largest computer company. During those 25 years the Digital Equipment Computer Users' Society (DECUS) has grown dramatically from a meeting in a French restaurant in Maynard in 1961 to its current 90,000 members. And that membership is still growing.

In the early days Digital's main customers were research institutes and universities who made it their task to voice useful issues to the manufacturer. DECUS was established by a group of PDP-1 users whose main interest was to share their knowledge and experience. The guiding principles of DECUS have not altered in 25 years. The society still aims at fulfilling two key roles: to provide information exchange among the

users, and an exchange between the users and Digital.

Feedback from the user to manufacturer allows the customers to tell the manufacturer about their future needs and so helps the development of products that the market really needs — a good way for the manufacturer to protect its customer base and to stay in business.

DECUS is a user-directed organization, supported in part by Digital. It is governed by an elected Board of Directors, made up of members of the user community and a representative appointed by Digital. The presence of Digital personnel on the board is to represent Digital's voice on matters affecting both DECUS members and Digital. This underscores the working partnership. Membership in DECUS is free. Enrollment is growing at about 1,000 per month. ■

## DCU mortgage information

The latest Digital Credit Union interest rates are now available 24 hours a day by calling the first mortgage hotline at DTN 223-3887 or (617) 493-3887.

DCU is offering mortgages on both owner and non-owner occupied homes of one to four families, with a variety of down payment and loan term options.

Applications are taken by appointment with a mortgage originator at DCU headquarters in Maynard. To schedule an appointment, call the first mortgage department at DTN 223-6735 or (617) 493-6735. Due to the high volume of incoming applications, DCU is projecting an eight- to ten-week time span between application and closing dates. ■

## news briefs

### Stow Health Fair slated for May 8

A Health Fair for Stow employees will be held Thursday, May 8, from 9 a.m. to 3 p.m. in the cafeteria. Free screenings will include blood pressure, fat percentage, nutrition analysis, pulmonary function, podiatric evaluation, and relaxation techniques. For more information, call Stow Health Services at DTN 276-9032. ■

### Deadlines for 'Digital This Week'

Deadlines for Digital This Week have been established to help employees plan events and publicity around certain editions of the paper. Deadlines do not pertain to Market-Place, which is first come, first served. The next three issues and deadlines for DTW: May 19 issue — May 7 deadline; June 2 issue — May 21 deadline; June 16 issue — June 4 deadline. ■

### Stop-smoking program offered

Parker Street Health Services is offering "Fresh Start," a quit-smoking program sponsored by the American Cancer Society, conference room at PKO3-1, Pole 23B from noon to 1 p.m. Attendees should bring their own lunches. For more information, contact Nonie Linsky at DTN 223-5413. ■

### Digital Candlepin Summer Bowling League

The Digital Candlepin Summer Bowling League is looking for new bowlers. The league meets every Tuesday night at 5:30 p.m. at the Acton Bowladrome, located at the intersection of Routes 111 and 27, Acton.

Bowling for averages will be held May 13. If you would like to become a member of the league or need further information please contact Nancy Dyer at DTN 276-9446. ■

### Day trip to Newport planned

Mill site Employee Services and Recreation is sponsoring a one-day trip to Newport, R.I. Included is a visit to the Breakers, lunch at a fine area restaurant and a wonderful boat cruise of Newport Harbor, Goat's Head Island and Fort Adams.

On Saturday, June 28, buses will depart from the MLO5 lower Thompson St. parking area at approximately 8 a.m., returning at approximately 6:30 p.m. Sign-up forms are available in the Employee Activities display racks. All orders must be received by May 30. Tour cost is \$34 per person. ■

### Ken Olsen, Jim Osterhoff address Wall Street today

In a special presentation today, April 28, the Digital Video Network (DVN) will broadcast speeches by Ken Olsen, president, and Jim Osterhoff, vice president and Chief Financial Officer, to the New York Society of Security Analysts.

Employees may view the broadcast at 2:30 p.m. today at any DVN satellite downlink site, including: Maynard (PKO3), Marlboro (MRO1), Bedford (BUO), the Boylston Training Center (BYO), and Merrimack, N.H. (MKO1 and 2). Posters at the sites indicate conference room locations.

The broadcast is sponsored by Digital's Investor Relations and Employee Communication departments. ■

### Fundraiser May 15 for John Tobin Memorial Scholarship

A fundraiser for the John Tobin Memorial Scholarship will be held Thursday, May 15 from 5:30 p.m. to 7:30 p.m. at the Maynard Elks Club on Powder Mill Road in Maynard. The scholarship, which will be awarded to a Maynard High School graduate, has been established in memory of John Tobin, co-founder of Tobin Food Services, Inc., who passed away in January. Tobin Food Services has served Digital's Maynard area cafeterias for many years.

Tickets will be available at the door. Donations can also be sent to the Treasurer, Town of Maynard, Town Building, 195 Main Street, Maynard, MA 01754. ■

### 'Between the Lines' — a live discussion of business issues

The first live, interactive presentation of "Between the Lines," a quarterly discussion of Digital's business issues, will be broadcast on Wednesday, May 14, at 2 p.m.

"Between the Lines" is a pilot satellite-broadcast program designed to focus on current business issues and trends. It is sponsored by Corporate Employee Communication for the Digital Video Network (DVN). In the May 14 presentation, officers will address various business topics in a live broadcast which can be seen at any DVN satellite downlink facility. Guests on the broadcast are Ken Olsen, president; Jack Shields, vice president, Sales and Service; John Sims, vice president, Personnel; and Bruce Ryan, vice president, Corporate Controller.

Anyone wishing to attend the broadcast and interact with the participants can do so at the following DVN sites: Maynard (PKO3), Marlboro (MRO1), Bedford (BUO), the Boylston Training Center (BYO), and Merrimack, N.H. (MKO1 and 2). Posters will announce the exact locations within those sites. ■

### Seesaw, a musical

The Acton Community Center, Inc. (Theatre III) will be presenting "Seesaw," a contemporary musical, on May 2, 3, 9, 10, 16 and 17 at the Theatre III building on Central St., West Acton. Performances start promptly at 8:15 p.m.

Three members of Digital's Management Sciences department in Stow will be performing: Karen Leeds, Cathy Tassone and Caroline Webber. Julia Horgan of AKO and Kevin Cassidy of LTN will also be performing.

For tickets, contact Sena Martinec at (617) 486-4532 (before 9 p.m.) Tickets are \$6 each (groups of 20 or more, \$5.50 each). For more information, contact Cathy Tassone at DTN 276-9096. ■

CALLIGRAPHER wanted to draw wedding vows for framing, reasonable rates, Anna, 297-4533

WANTED, apt, 1bdrm, 290/495 area, willing to perform yard work, odd jobs for reduced rent, Brian, 226-6746

WEIGHTBENCH, w/arm pulleys, leg bar, Konrad, 223-8558

## Boston University off-campus offerings

### Registration Schedule

Pre-registration allows students to avoid being locked out of closed courses and minimizes the premature cancellation of courses due to late registration. Classes begin on Sept. 3, 4:30 to 6:30, for all locations.

#### ACTON-BOXBOROUGH HIGH SCHOOL

Early registration

April 15, 4:30-6:30 p.m.  
August 19, 4:30-6:30 p.m.  
August 26, 4:30-7:00 p.m.  
September 8, 4:30-7:00 p.m.

Book sale

#### BEDFORD, DIGITAL TRAINING FACILITY

Early registration

April 16, 4:30-6:30 p.m.  
August 20, 4:30-7:00 p.m.  
August 27, 4:30-7:00 p.m.  
September 9, 4:30-7:00 p.m.

Book sale

#### NATICK HIGH SCHOOL

Early registration

April 17, 4:30-6:30 p.m.  
August 21, 4:30-7:00 p.m.  
August 28, 4:30-7:00 p.m.  
September 10, 4:30-6:30 p.m.

Book sale

## 1986 Engineering Guide available

Digital's 1986 Engineering Guide is now available. It is a guide to Engineering, Manufacturing, Marketing Units, and Sales and Service groups in the company.

Part one presents an introduction by Ken Olsen, facts about Digital, its philosophy, and culture. The philosophy, resources, and processes covered are written for people new to Digital. However, employees who have been at Digital for awhile may find the information useful, too. Topics include: Corporate Overview; Personnel -- Engineering/-Manufacturing; Phase Review Process; Legal Services for Engineering; Digital Information Systems (DIS).

Part two presents group descriptions. Each description states what products, components, or processes the group develops, supports, tests, produces, or distributes. Each description also tells who to contact for more information. In some cases, the description states the group's expertise and what it can offer the engineer who is looking for assistance. The order in which group descriptions are presented loosely reflects the reporting structure of major groups.

Areas covered include: Corporate Research and Architecture; Process and De-

sign Support (P&DS); Low End Systems and Technologies (LEST); High Performance Systems; GIA Manufacturing and Engineering; Storage Systems Engineering and Manufacturing; Distributed Systems; Mid-Range Systems Business; Software Systems; Terminals Business Unit; Product Marketing; Purchasing; Corporate Quality; Sales, Service, and International; Industry Marketing -- Services Industry; Channels Marketing; Information Systems Business; System and Support Engineering (SASE); and Manufacturing Operations.

Also included are comprehensive name and subject indexes. You may order your copy from Standards and Methods Control, LJO1 /12, DTN 226-2482, JOKUR::SMC. When ordering please give your name, cost center or charge number, and mailstop. ■

## Meac looking for new members

The Maynard Employee Activities Committee (meac) is currently recruiting new members and new ideas, and is particularly interested in hearing from people who work at the Mill and also those at a managerial level. Meac is a group of employees that volunteer time to coordinate and sponsor various events for Maynard-area Digital employees and their families.

Have you ever thought what it would be like to help run the annual Digital Flea Market? You'd find yourself doing everything from ushering in employee vehicles in the bright, crisp, early-morning hours to cooking juicy hot dogs on the open grill.

And when it's holiday time you'd be work-

Find out how to cut down on commuter costs by contacting the Commuter Transportation Department, DTN 223-7029.

### VANPOOLS

#### TO LITTLETON/MAYNARD

From Haverhill, Bill Walsh, 223-3142

#### ACTON/MAYNARD

From Derry, NH, Tewksbury, to ACO, Tom Coughlan, 223-2776

#### MARLBORO

From Medford, Arlington area, Paul Defazio, 296-3921

From Nashua, N.H., Westford, Cynthia Sweeney, 296-4741

#### MAYNARD

From Amherst/Nashua, NH, Doug Ryder, 244-7606

From Plymouth, Marshfield, Rockland, Braintree, Jack Carter, 223-3679

From Chelmsford, Lowell, Rich Berger, 223-4281

From Sterling/Princeton/Boylston/Clinnton/Bolton/Stow, Kathie Nickerson, 223-2025

From Marlboro, Hudson to MLO/PKO, Bob Johnson, 223-4424

#### MAYNARD/STOW

From Milford area, Bob Figuerido, 223-3678

From Brockton, Quincy, Stoughton, Canton, Dedham, Needham, Mary-Ellen Derivan, 223-9619

#### NH VANS

From Marlboro, Boxboro, to Merrimack, Mike Heaney, 264-4251

From Fitchburg, Leominster area, Littleton to Salem, NH, Steve LeBlanc, 261-2348 ■

## Mill blood drive set for May 15

The May Blood Drive will be held May 15 from 9:30 a.m. to 2:30 p.m. in the MLO 5-4 Cafeteria Conference Room. For appointments or questions, please call 223-8796. ■

ing on our annual Toys for Tots drive, with an opportunity to help provide a deserving and needy youngster a toy which might not have otherwise been there.

There are many other employee activities to become involved with. If you have ever entertained thoughts of joining meac, now is the chance. It requires less than three hours on one afternoon per month, and occasionally a small amount of time on the outside.

Employees from all levels are welcome. All you have to do is submit a memo, signed by your manager, stating approval for you to join the committee. Memos should be sent to Virginia Murphy, PKO3-2/K86. ■

# educational opportunities

## Technical Seminars

### April 29 — 2-4 MLO

Jim Gettys, Digital Corporate Research & Architecture in HLO  
"The X Window System"

### April 30 — 3-4:30 LKG

Gregg Borton and Fred Goldstein, Digital  
"Positioning DEC in Telecommunications Integrating Voice and Data Technologies"

### May 6 — 2-4 MLO

Ed McGrath, Peter English, Jim Pappas, Bob Rose and Larry Seiler, Digital  
"LEGO Video Graphics Chips for the Next Generation of DEC Workstations"

### May 8 — 9:30-11:30 APO

Steve Teicher, Digital  
"Digital's Worksystem Strategy"

### May 9 — 10-11:30 MLO

Jeremy Dion, Western Research Lab  
"Algorithms for Printed Circuit Board Routing"

### May 13 — 1-5 MLO

"State of the Company — December 1985"  
VIDEOTAPED presentation

### May 15 — 3-4:30 LKG

Harry Perros, N.C. State University  
"The Performance of a File Server for Bulk

File Transfers"

### May 16 — 9:30-11:30 APO

Bob Glorioso, Digital, V.P. High Performance Systems

"Business Directions of High Performance Systems"

### May 21 — 3-4:30 LKG

Jonathan Turner, Washington University  
"Design of a Broadcast Packet Network"

### June 27 — 9:30-11:30 APO

Brigham Young University  
"DClass Parametric Design" ■

## Course offerings from Digital Management Education

One asterisk (\*) denotes courses intended for first-level managers. Two asterisks (\*\*) denotes courses intended for middle managers.

### April

- 28-30 \* Problem Analysis/Decision Making  
30-May 2 \*\* Influence Management: Obtaining Results Through Cross Organizational Collaboration

### May

- 1-2 \* Finance: Essential Elements for Managerial Success  
5-6 \* Project Management: Planning, Scheduling and Control  
6-7 \* Effective Management Presentations  
20-22 \* Essentials for New Managers at Digital  
20-21 \* Project Management: Planning, Scheduling and Control  
21-23 \* Problem Analysis/Decision Making  
27-28 \* Finance: Essential Elements for Managerial Success

### June

- 2-4 \* Managing Performance for Increased Productivity  
2-4 \*\* Business Planning: Strategies and Practices  
9-11 \* Essentials for New Managers at Digital  
9-11 \* Problem Analysis/Decision Making  
9-10 \* Effective Management Presentations  
12-13 \* Effective Management Presentations  
16-20 \*\* Your Leadership Style: Maximizing Organizational Effectiveness  
16-17 \* Project Management: Planning, Scheduling and Control  
18-20 \*\* Managing Change to Achieve Organizational Goals

Most courses will be held at the Bedford Training Center. To register, or for more information, please call the DME Registrar at DTN 249-1881/1882 or (617) 276-1881/1882. ■

## Operator Training Program

### Sixth Offering: July 28

### Application Deadline: June 16

The Operator Training Program (OTP) is designed to train Digital full-time personnel who are eligible for transfer to become Computer Operators. The 17-week program consists of one week of orientation, four weeks of classroom training and lab, followed by 12 weeks of on-the-job training.

The first four weeks of on-the-job training are typically spent at a data center other than the trainee's permanent job assignment. The next eight weeks are spent working in the sponsoring manager's data center. Formal training includes Hardware, Software and Communication Concepts, Data Center Procedures and Standards, and an emphasis on verbal communication skills. The hands-on laboratory experience is focused on the VAX.

Upon satisfactory completion of the program, the trainee will be promoted to an Operator II (D61) and will work in the sponsoring data center on a full-time basis.

Participation in the program requires a minimum of a one-year commitment to work for the sponsor after program completion (total of one year and 17 weeks). Additionally, there must be commitments by the trainee to work other than first shift as most data centers operate on a 24-hour, seven-day basis and to not take any time off during the training.

For further information about this program, contact Art Raiche at DTN 273-3108 or (617) 264-3108, or Zora Fitch at DTN 273-3427, (617) 264-3427. ■

## Armenian art discussed at Shrewsbury lecture

Digital's Northeast Technology Center in Shrewsbury invites all employees to attend the sixth event of its "Celebrating Differences" program.

On Tuesday, April 29, Dr. Lucy Der Manuelian will be speaking on the art museum exhibit entitled, "Weavers, Merchants and Kings: The Inscribed Rugs of Armenia." Dr. Manuelian, a member of the faculty of Tufts University, is renowned for her work on

medieval Armenian architecture and Armenian art. She will bring a sample of the priceless rugs from the Worcester Art Museum to show and discuss.

The event is open to all Digital employees and their families. For further information, contact program director Rosalyn Taylor O'Neale or Frank Delaney, site Personnel/Facilities manager. ■

## Office Applications Training June course schedule

All course locations are PKO3-1/Pole 8H unless otherwise specified. Dates are subject to change. Students are responsible for meeting course prerequisites. Please refer to the OA catalog or call the registrars for course prerequisites.

### Concepts

Intro to Computer Concepts (1 day)

June 16

## Human Resource Management DIS Training announcements

### VAX DATATRIEVE User

May 14-16 or June 4-6

You will learn to create, access and modify data, define and use the common data dictionary, create a DATATRIEVE dictionary, directories, command files, domains, records, lists, files and tables, and write basic reports using DATATRIEVE Report Writer.

Audience: Anyone currently using or planning to use VAX DATATRIEVE. Prerequisites: Introduction to VAX/VMS course and have basic knowledge of DCL.

### VAX/VMS Operator

May 19-23 and June 16-20

Students will learn to perform the duties of an operator and the basic procedures of running a system. Topics include: disk and tape volume, communications with users, batch and print queue control, system start-up, shutdown, and backup, error handling, and user and device control.

Audience: Current or future systems managers of the VAX/VMS operating system, as well as those who must consider long-term systems management issues. Prerequisites: Previous computer experience and an understanding of terminology and concepts.

### 1022 Non-Technical User

May 28-30

Learn to select records, display information,

construct, display, and maintain datasets using 1022 Data Base System. (No prerequisites.)

### Data Processing Project Estimating

May 28-30

The most difficult and critical phase of managing a systems development project is estimating time and money requirements. Since insufficient and inaccurate information makes estimating difficult, Data Processing Project Estimating will show you how to get the information you need to build more accurate schedules and budget forecasts.

Audience: Project Managers, DP Managers, Systems analysts/designers, and User Managers. Prerequisites: Students should have at least one year experience in systems development.

### EPS Training

The following courses are intended for Managers, Planners and other professionals who will use EPS for financial modeling or for statistical analysis.

### EPS User

June 11

Learn the features and commands of the EPS software that runs on many of Digital's operating systems to allow non-technical users easy access to powerful software to perform forecasting, risk analysis, what-ifs,

planning or ROI calculations.

Prerequisites: Experience using a VAX/VMS or Tops-10 system; or Intro to VAX/VMS. Review of the EPS Primer is recommended. (Primer is available through the DIS Registrar at DTN 249-4670.)

### EPS-Hierarchical

June 10

The course covers cross-sectional reporting techniques, processing options, interaction between sectionalized files, what-if analysis, currency conversion and inflation effects.

Prerequisites: EPS User and one to two months of actual usage.

### EPS-Advanced

June 9

This course covers high-level modeling techniques including looping, indirect addressing, building dynamic models, advanced reporting techniques, and menu-driven applications.

Prerequisites: EPS User and EPS Hierarchical and one to two months of actual usage.

To register for the above courses, call Justine Sullivan at DTN 249-4670. To obtain a detailed course description, call DTN 249-1461. Descriptions will be sent over the network for immediate reference. ■

## Flea Market set for May 31

The 11th annual Digital Employees' Flea Market has been scheduled for Saturday, May 31 (rain date Sunday, June 1) from 10 a.m. to 4 p.m. in the parking lot of the Parker Street complex in Maynard. The previously announced date of Saturday, June 7 was changed due to a scheduling conflict.

Exhibition spaces cost \$6 per single space (the size of one parking space) and \$12 for a double space (two parking spaces), which is the largest space an employee can use. Employees must provide their own tables. Only Digital employees will be allowed to sell goods. Two vehicles per space are allowed to enter the day of the flea market, and they must drive into the lot together.

Food and beverages will be served throughout the day. Employees will not be permitted to sell perishable food items.

To register for a space, send your name, badge number, DTN, location, home address, stamped, self-addressed envelope, and a check for either \$6 (single space) or \$12 (double space) to MEAC, P.O. Box 18, Maynard, Mass. 01754. Or contact your local Employee Activities representative for an order form. All orders must be received by May 19. If the allotment of spaces is sold out, all money will be refunded.

Employees who have already reserved their spaces for the original dates are entitled to a refund if the May 31 date is inconvenient. ■

## Trips planned for Marlboro employees

The following trips are being planned by Marlboro Employee Services for the enjoyment of Digital employees, their families and friends.

- May 23-26 - Penn Dutch.
- May 24-27 - Historic Brandywine area, Delaware, including Longwood Gardens and DuPont Hotel.
- June 13-15 - Papoose Pond, Maine, family weekend.
- July 25-28 - Boothbay Harbor, Maine, including clambake.
- July - Tanglewood.

## 'Expert system' creates MRO2 lobby murals

Internationally known artist Harold Cohen was at Digital's MRO2 facility in Marlboro recently to install the third mural in the cycle "Four Seasonal Narratives." This 9-by-19-foot work is the latest in a commissioned series Cohen began six years ago for The Computer Museum when it was housed in MRO2.

All three mural drawings were done by "Aaron," an expert system (also known as an intelligent program) written by Cohen on VAX-11/750 and MicroVAX II computers. "My express purpose in developing this particular expert system was to answer the question, 'What do people do when they make drawings of things?'" said Cohen, who also created the machine that functions as Aaron's "drawing hand." The earliest versions of this expert system date back to 1977.

Aaron is distinguished for its autonomous creative behavior. As a knowledge-based system, it does not have drawings or parts of drawings stored in it, but has knowledge of things it is drawing and of how to draw. In its early version, Aaron was able to differentiate between figure and ground, between open and closed forms, and between what is inside and outside an object. It continues to do this, but now has enough knowledge about objects in the world to compose these objects into a 2-1/2-dimensional landscape space. Since 1983, Aaron has produced more than 7,000 original drawings. Cohen then applies acrylic paint to the black and white drawings created by Aaron.

A leading abstract painter in London in the '60s, Cohen began experimenting with computers after moving to the San Diego

Artist Harold Cohen and his latest work, in the MRO2 lobby.

area 17 years ago. He teaches art at the University of California in San Diego, and has had one-man shows at the Tate Gallery in London, the DeCordova Museum in Lincoln, Mass., The Brooklyn Museum, the San Francisco Museum of Modern Art, and the Capitol Children's Museum in Washington, D.C. Cohen was featured in the U.S. Pavillion at Expo-85 in Tsukuba, Japan. He was an invited lecturer at the International Joint Conference on Artificial Intelligence (IJCAI) in Tokyo in 1979, and is the co-author of "The First Artificial Intelligence Coloring Book" published by William Kaufmann, Inc. 1984. ■

## Digital Running Club gearing up for '86 season

The Digital Running Club will participate in its first corporate race for the 1986 season. The event, a 26.2-mile (marathon) relay, will be held Saturday, May 3, at 10 a.m. at Curry College in Milton, Mass. The club will enter teams of 10 people (minimum of 2 females) with each person running a 2.6-mile leg.

Other upcoming races the Digital Running Club will be participating in include the May-

nard Elks 10K race on May 18; the Sanders Snail 5K in Nashua, N.H. on June 8; the N.E. Corporate Track Championships in Dedham, Mass., on June 21; and several others.

You must be a member of the Digital Running Club to participate (except for the Maynard Elks race). If you are interested in becoming a member or would like to receive more information on the club you may contact any of the club officers: president Dick Joseph (DTN 236-2289 or DECXPS::JOSEPH); vice president Ron Kay (DTN 232-2634 or PARSEC::KAY); treasurer Louise Lemaire (DTN 289-1139 or CADVAX::LEMAIRE); secretary Betsy Bacon (DTN 276-9474 or COIN::BACON).

Club dues are \$5 per year. Benefits of joining include the club's newsletter, DEC Running Club shorts and singlet and nylon running suit at reduced prices, and discounts at various running stores. ■

July 4 - N.Y. City Statue of Liberty celebration.

August - 2-day N.Y. City - visit soap opera stars.

Aug. 23-24 - Nova Scotia mini cruise.

September - Dude Ranch weekend.

September - Atlantic City.

October - Jai Alai - Newport.

December - New York City/Radio City Music Hall.
