REPORT OF BOARD OF SELECTMEN

To the citizens of Maynard:—

The Board of Selectmen respectfully submits for your consideration and approval, reports of all Town departments for the year ending December 31, 1929.

The Town Accountant's report gives a complete statement of Receipts and Expenditures of all departments, including a balance sheet showing the financial condition of the Town at the end of the year 1929.

Owing to sewer construction no great amount of road or street improvements have been made this year, and we would not advise any for the coming year, with the possible exception of Waltham Street, which should be macadamized from Parker Street to the Maynard-Sudbury line as soon as the laying of sewers has been completed.

Electric flash signals of the most modern type have been erected at all railroad crossings. Plans have been received from the railroad engineers with the intention of eliminating the Pine Street crossing and also the crossing at Concord Street. This is in line with the safety program of the Selectmen, but some alterations are to be made before the plans can be accepted.

Russell's Bridge—The work of construction of this bridge was completed August 31, the exact date specified in the contract and which is something unusual in contract work. It is a re-inforced concrete pile bridge designed by Geo. E. Harkness, Bridge Engineer, of the State Department of Public Works. Thomas Mulcare, Inc., of Boston, were the contractors, and Charles A. Miller, Superintendent of Construction.

The work as completed has been approved by the State and County Commissioners. The State Department prepared the plans without charge. The County contributed one-fourth of the cost; the Town of Stow paid one-eighth. The total cost of the work was \$15,281.02.

WILLIAM O. STROUT,
EDWIN CARLTON,
P. JOSEPH SCHNAIR,

Selectmen of Maynard.

REPORT OF SUPERINTENDENT OF STREETS

To the Board of Selectmen:
Gentlemen:

I herewith submit the annual report of the Street Department for the year ending December 31, 1929.

Owing to the construction of sewerage, it was deemed advisable not to do any permanent construction this year, other than general maintenance.

The streets in the business section were cleaned each week.

All the streets and gutters received the regular spring cleaning.

All streets were oiled and several streets were scarified and re-shaped, with the exception of where sewerage was to be installed.

Puffer Road from Puffer Place to Rouse Lane has been graveled, and is in fair condition. From this point to Russell's Bridge is greatly in need of repairs to make it safe for travel.

Summer and Nason Street drainage was a much needed improvement. A fifteen-inch drain has been laid from corner of Glendale and Summer to corner of Nason and Summer Streets.

Through the courtesy of the Fraternal Order of Eagles, who allowed us to widen, at this corner, by using their land for a sidewalk, we were enabled to widen the highway at this point about eight feet. This is greatly appreciated by the citizens.

A granite curbing, also an asphalt walk, were laid.

The approach to Russell's Bridge caused considerable expense, as a heavy fill was required on either side of road, owing to the great depth of water. The road was widened and the steep banks graded, to allow for a fence, which will have to be installed the coming season. The drainage problem on Park Street has been overcome by installing a permanent drain. A fifteen inch drain has been laid from opposite land of Miss McCormack to the mill pond, a distance of eight hundred feet, with the necessary catch basin and manhole.

Fairfield Street was in a dangerous condition. About seven hundred feet of drainage, also six catch basins have been installed. A heavy coat of gravel and oil applied the entire length of the accepted section. This is now a fine looking street.

Paper Mill Bridge approaches have been completed with bituminous macadam. This gives us two good looking squares on entering the town, and greatly adds to the appearance of the new bridge.

Snow

All sidewalks were kept open and sanded for travel. The streets were also kept open for travel. In the business section the snow was hauled away. About five thousand feet of snow fencing have been set up.

Sidewalks

The following new asphalt walks were laid:

Continuation of Waltham Street walk to corner of Hayes Street.

Sudbury Street from St. Bridget's Church to Park Street.
 A cement walk also curbing opposite St. Casimir's Church.
 A cement curbing near house of John Taylor.
 Cement curbing on either side of Paper Mill Bridge approaches.
 Granite curbing was used at Parker Street corners.
 A granite curbing opposite Assabet Savings Bank.
 A gravel walk from Percival Street to Mill Street, and several
 old walks were repaired.

Appropriations

Highways and Bridges	\$16,180.00	
Expended	15,727.00	
Balance		\$452.32

P. J. SCHNAIR,

Selectmen.

REPORT OF CHIEF OF POLICE

To the Board of Selectmen:

Gentlemen:—

I herewith submit for your consideration and approval my annual report as Chief of Police, for the year October 1, 1928 to September 30, 1929, showing the number of arrests made and the work done by the police department during that period.

Comparing this report with the report of the previous year it is shown there is a decrease in the number of arrests made of 28.

This does not mean less action on the part of the officers, but on the contrary shows that a closer supervision has been maintained during the year with the consequent better results.

I have appreciated the efforts shown by both the regular and special officers in the performance of their duties, and the strict enforcement of the prohibition laws.

The sanitary condition of the lock-up has been improved to a great extent this year. The building has been connected with the sewerage system and it is intended to install the necessary toilet equipment as soon as it is received.

The amount of fees received by the Town Treasurer from the Concord Court during the year 1929 totalled \$2,703.45.

In conclusion I would say that all complaints received are subjected to a strict investigation before any action is taken, but would suggest that with a closer co-operation of the citizens with the department, more satisfactory results could be obtained.

Total number of Arrests in Town of Maynard

for year ending September 30, 1929

Drunkeness	146
Assault and Battery	17
Larceny	4
Vagrancy	2
Violation Liquor Law	7
Violation Automobile Law	4
Non-Support	2
Malicious Injury to Property	1
Breaking Glass	1
Abduction	1
Common Railer and Brawler	1
Peeping Tom	1
	187
Total	

JOHN CONNORS,

Chief of Police, Maynard, Mass.

REPORT OF TRUSTEES OF SOLDIERS' MEMORIAL

To the Board of Selectmen:
Gentlemen:—

We take pleasure in submitting for your approval our fourth annual report as Trustees of Soldiers' Memorial.

Memorial Park and the Soldiers' Monument were dedicated to the memory of our citizens who answered the call and made the supreme sacrifice in the defence of our country.

It is with this always in mind that we give our time and service freely, to the end that Memorial Park may be made more beautiful as each year goes by, and we feel this is accomplished with the co-operation and interest shown by our caretaker Mr. John F. Cleary.

It has been customary at the Christmas season to decorate the tree near the Soldiers' Monument. This year it was decided to illuminate the central walk through the Park, which made a beautiful effect, and we feel sure was greatly appreciated by our citizens.

We shall be pleased at all times to receive suggestions for improvements that would add to the beauty of Memorial Park.

Respectfully submitted,

WILLIAM O. STROUT, Chairman
ALICE NAGLE, Secretary
ALICE BROWN HOWE
CHARLES H. PERSONS
WM. H. BRINDLEY
CARL A. PETERSON

Trustees.

REPORT OF LOCAL MOTH SUPERINTENDENT

To the Board of Selectmen:
Gentlemen:—

I herewith submit the annual report of the Moth Department for the year ending December 31st, 1929.

I have sprayed all shade trees in the spring except those infested with Web worms, which requires spraying at a later date.

Brush has been cut during the year in different localities where much infested with Gypsy Moth egg clusters.

I have found a slight increase in the Gypsy Moth egg clusters over last year.

The Browntail Webs are still decreasing.

Respectfully submitted,

JOHN CLEARY,
Moth Superintendent.

REPORT OF TREE WARDEN

To the citizens of Maynard:

I herewith submit my annual report as Tree Warden for the year ending December 31, 1929.

Appropriation	\$400.00
Expended	400.00

I removed several large and dangerous trees in various parts of the town. Also several that were in bad condition in the center of sidewalks for the Highway Department to make improvements.

Eight Rock Maple trees were planted to replace small trees which had died because of injury.

Much time was spent trimming trees, more than usual, because of the sewer digging interference.

Respectfully submitted,

WILLIAM BISHOP,
Tree Warden.

REPORT OF FISH AND GAME WARDEN

Board of Selectmen:

Gentlemen:—

I herewith submit my annual report as Fish and Game Warden for the Town of Maynard.

During the past year, the Maynard Rod & Gun Club received from the Division of Fisheries and Game:

- 122—Young pheasants for winter keeping, the expense carried by the Club.
- 18—Adult pheasants which were liberated.
- 1500—Yearling Brook Trout, 5 to 7 inches, placed in the local brooks.

The Division has exceeded the records of all previous years in the raising and distributing of Fish and Game.

My activities during the past year have led to the successful prosecution of eleven (11) violators, eight (8) for fishing without a sporting license and three (3) for having short fish in their possession. The fines totalled one hundred and fifty-five dollars (\$155).

In addition to this, I have assisted the District Warden L. M. Walker in thirty-eight (38) successful prosecutions.

Respectfully submitted,

WILLIAM H. WATERHOUSE.

REPORT OF MAYNARD PUBLIC HEALTH ASSOCIATION

To the Board of Selectmen and Citizens of the Town of Maynard:

The Maynard Public Health Association submits the following annual report of work accomplished by our Public Health Nurse, Miss Mary A. Ward.

Annual report of nurse for year ending January 1, 1930:

Number of patients visited	366
Association nursing visits	450
Free nursing visits	130
Baby welfare visits (free)	81
John Hancock Insurance calls	318
Metropolitan Insurance calls	828
Tuberculosis Home visits	38
Total calls	1,772

Beginning September first there was a Well Baby Conference held each week at the Nurse's Rooms—number of babies weighed 72.

MARY A. WARD, R. N.

Total amount of fees collected from December 31, 1928, to November 30, 1929 \$1,149.25.

Amount received from the Town of Maynard \$1,000.

The cost of maintaining the Association this year is \$2,168.47.

We have held regular monthly meetings when possible in the Selectmen's Rooms.

Monthly reports of Miss Ward's work have appeared in the local papers.

The slight excess in maintenance this year is due to the Influenza epidemic last winter.

The Maynard Public Health Association owes much to the interest, and help received from the Town, the physicians, and public at large, who have so generously co-operated; to the American Red Cross for their assistance in the purchase of medical supplies; to the President, Mrs. George Creighton; to our Health Nurse, Miss Ward. We acknowledge and thank them for their encouragement and valuable assistance.

Respectfully submitted,

MARY DOW MORSE,

Recording Secretary.

(Mrs. Augustus Lothrop.)

For safe and equipment—untouched.		

During the past year the number of accounts carried in this office has increased from 4,006 to 5,369. They are divided into three classes, polls, property and excise tax payers. There were 1,800 excise taxes levied during 1929 while the number of property tax payers only reduced 518 by taking the automobile out of the personal property list and placing it in a class of its own. There are 568 more excise tax payers alone than there are personal and real estate tax payers.

In establishing the tax rate the excise tax is used as an estimated

receipt to lower the amount of the real and personal levy which amounted to \$179,010.39 this year. Of this amount 76.8% is paid by the real estate holder and 23.2% by the personal property tax payer.

During 1929 according to Commissioner of Taxation, Henry F. Long, the largest amount of taxes in the history of the state was collected. It amounted to \$247,600,000 collected thruout the 351 cities and towns in the state. Deducting from this the income and corporation taxes and it is found that thru the other classes of taxation the tax payers of Maynard paid about 1000th of the entire tax collected in each class.

The commitment to the collector from this department was \$25,110.36 larger than last year, but did not exceed the amounts charged in the four preceding years except in the number of accounts to be handled which are 25% more.

In regard to the excise tax the law reads explicitly that unless a tax payer applies for his adjustment, in the case of a change of cars, within 60 days of the change and that his first bill has been paid within 60 days of its dating that he is not entitled to consideration on his plea to the Board of Assessors, for the adjustment. The law also reads that any and all cars registered between January 1 and July 1 shall bear a full excise tax; those registered from July 1st to October 1st a one-half tax and for those registered during the rest of the year a one-fourth tax shall be charged. The valuation in all cases is set by the Commissioner and the rate of taxation is also determined by him.

Respectfully,

FRANK C. SHERIDAN,
WILBUR G. CLARK,
HERBERT W. MARTIN,

Board of Assessors.

REPORT OF PUBLIC LIBRARY TRUSTEES

To the citizens of the Town of Maynard:

This year the Trustees have a very sad announcement to make, that of the death of the Librarian, Mrs. Sarah F. Nyman, who passed to the great beyond on December 28, 1929. She was stricken at her work in the library Tuesday afternoon, Christmas Eve. She was taken to her home in Marlboro and later in the evening operated on at the Marlboro Hospital, but never rallied, dying Saturday morning. The Trustees want to extend to her family their deepest sympathy.

Mrs. Nyman was appointed Librarian in the latter part of the year 1885 to succeed John H. Vose, the first Librarian, who had served since the library was instituted in 1881.

Mrs. Nyman was an efficient and faithful worker during the forty-four years she had served the Town of Maynard.

Mrs. John H. Moynihan, who was elected Assistant Librarian, December 31, 1919, was elected Librarian; Mrs. Robert Lester, who was elected Substitute Librarian March 1, 1926, and Miss Olive R. Morgan were elected Assistant Librarians at the Trustees' meeting held January 13, 1930.

The Trustees want to urge the citizens to use care in handling the books and to caution their children to do the same. We find book after book with pages marked on, torn out, pictures cut out, dirty and otherwise abused. A good book is a good friend and should be used as such. We can take recourse in the laws for destroying public property if needed.

And please use care in returning books to the shelves. If you take a certain book from a place on the shelves, then in looking around see another book you want, don't put the first book in that space, take one or two steps and place it in its proper place.

We must again caution the children in regard to their deportment in the library. The librarians have been given instructions to send out any children who do not behave. And if necessary they must have a note from the Trustees before they can return.

We have asked the town for an increase in our appropriation for the year 1930 so we may purchase some kind of an up-to-date encyclopedia. We haven't bought one for some years and one is needed.

Librarian's Report for 1929

Books in Library, December 31, 1929	7,865
Books bought during the year 1929	271
Books worn out	32
Books bound	573
Circulation for 1929	34,579
Fines collected in 1929	\$64.29

We acknowledge gifts of books for children from Mrs. Christopher Wilson and Miss Hattie Naylor.

We have borrowed books of non-fiction from the Concord Free Public Library, the Boston Public Library and the State Library for which we wish to express our thanks.

(Jan. 15, 1930)

MRS. JOHN H. MOYNIHAN,
Librarian.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:
Gentlemen:—

I beg leave to submit my report as Sealer of Weights and Measures for the year ending November 30, 1929.

While this report in itself does not show the actual amount of labor or time put in to perform the duties of this department it can be seen that it must take time and labor such as examining pedler's licenses and weighing the different commodities; testing gasoline pumps and adjusting weights and scales, and there is getting more every year, new laws going into effect and the State keeps right after them all the time. I have to keep going around all the year re-weighing and have to file a record with the State Department of all my re-weighings, so you see you have to be on the job all the time, but I will say that the stores in Maynard are all equipped with proper scales, and all in good condition and I want to thank the store-keepers for watching their scales the way they do and notifying me when anything is wrong.

I would like to inform anyone using scales or pumps without being sealed that they are liable to arrest and fine.

I would like to inform all pedlers that they will have to have their scales tested before a license is granted.

	Adjusted	Sealed
Platform Scales (over 5,000 lbs.)		3
Platform Scales (under 5,000)	11	164
Counter Scales	1	167
Spring Balances	1	150
Computing Scales		233
Slot Weighing Machines	2	5
Avoirdupois Weights		284
Apothecary Weights		86
Liquid Measures		124
Oil Measuring Pumps	3	46
Gas Meters		145
Yard Measures		19

Total number of articles Adjusted and Sealed:

Adjusted	18
Sealed	1,426
Pedler's Licenses Examined	70
Commodities re-weighed and found correct	1,012
Appropriation	\$275.00
Total Expenditures	262.58
Balance	\$12.42

Receipts

Received for Sealing	\$85.74
Received for Adjusting	3.90
Received from Pedler's Licenses	130.00
Total	\$219.64

Respectfully submitted,

THOMAS WRIGHT,
Sealer of Weights and Measures.

**REPORT OF SUPERINTENDENT
OF JOHN A. CROWE PARK**

To the Board of Selectmen:

Gentlemen:—

I herewith submit my report for the year 1929.

This year we have graded the field around the diamond and it is in good shape, but each year would like to continue until it will compare with baseball fields in other towns. One of the most important problems is the cutting of the grass in the outfield, it is impossible to cut it with a hand mower. This year the Alumni will have the same trouble. I would recommend the town would take some action to see if it would be advisable to purchase a power mower.

Appropriation	\$350.00
Expended	335.77
Balance	<u>\$4.23</u>

Yours respectfully,

JOHN C. BRAYDEN,
Superintendent.

REPORT OF THE CEMETERY COMMISSIONERS

To the Board of Selectmen:

Gentlemen:—

Report of the Cemetery Department for 1929.

Appropriation	\$3,000.00
Interest on Cemetery Funds	819.21
	\$3,819.21
Expenditures	3,796.96
	\$22.25
Unexpended	

Explanation

We have been asked why we close the Main Entrance to traffic in the Spring. This is done when the frost is coming out of the ground, as the cars make ruts in the Avenues which makes extra labor and is very hard on the Avenues. We ask all citizens to bear with us for the short time.

The Commissioners intend to raise the iron fence on Parker Street about one foot or more, as it is too low since the road and sidewalk were raised.

Respectfully submitted,

AINSLEY O. DUNHAM, Chairman,
LEWIS N. SHAW, Secretary,
CLIFFORD CHENEY,

Cemetery Commissioners.

REPORT OF INSPECTOR OF ANIMALS

To the Board of Selectmen:

Gentlemen:—

During the year of 1929 I have inspected the barns, cattle, swine and sheep of Maynard. There was one dog disposed of for biting a person in Maynard.

There are in the town the following animals: 104 cows, 10 sheep, 180 swine and 45 horses.

Yours truly,

RALPH P. FLETCHER.

REPORT OF THE BOARD OF HEALTH

To the Citizens of Maynard:

The Board of Health herewith submits the annual report for the year ending December 31, 1929.

With the rapidly increasing duties which have to be done efficiently and yet as economically as possible, the Board hopes that the citizens will take special interest in this year's report.

With the installation of the sewerage system, a Plumbing Inspector, as required by State law, was appointed, at a cost per inspection.

A milk regulation effective January 1, 1930 requiring all milk to be either pasteurized or tuberculin tested, was adopted. As outbreaks of various diseases have been on occasions traced to milk supply, State Health officials strongly stress the need and appointment of a Milk Inspector. The Board, this year, asks for an appropriation for this duty.

To take added care of the surroundings, a cyclone fence was erected around the Public Dump, and it is now opened two days a week—on Tuesdays and Fridays.

During the past year the Board has had State officials giving health lectures to the public in the High School Auditorium, a Milk Specialist has talked to local milk dealers and members of the State Plumbing department have visited here on several occasions.

The Board is pleased to report that 1929 was a banner year for health. There were only seventeen cases of contagious diseases reported and several of these were mild and not dangerous.

The Board at this time wishes to express its appreciation to the School Nurse and Physician, the Public Health Association, the Finance Committee, the Maynard Enterprise and News for their co-operation in one of the busiest years for the Board.

Following is the list of contagious diseases:

Influenza	7
Lobar Pneumonia	2
Pulmonary Tuberculosis	2
Diphtheria	2
Scarlet Fever	1
Mumps	1
Measles	1
Dog Bite	1

The Board regrets to announce the resignation of J. H. Matzkin, M.D., who served as Chairman the past year.

The usual financial report will be found in the Town Accountant's department.

Respectfully submitted,
LESTER F. COWLES, Secretary,
G. W. FOWLER.

PLUMBING RULES

Of the Town of Maynard

Registration

Section 1. All persons who desire to engage in, carry on or work at the business of plumbing within this jurisdiction shall be registered by the State Examiners of Plumbers, in accordance with the provisions of Chapter 142, General Laws.

Permits

Section 2. Upon application of a registered master plumber only, on form furnished by the Board of Health, said Board shall grant written permit to do certain plumbing described therein, when in conformity with the law. Drawings of proposed work shall be filed if required. Permits may be recalled by the Board of Health if conditions are violated. Permits for all plumbing, except repair of leaks, must be in the hands of the plumber before beginning work.

Sewage Disposal

Section 3. The plumbing of each building shall have an independent connection to public sewer or outside of building, unless, in the opinion of the Board of Health, a separate connection is not feasible. If a sewer is not available, the sewage shall be discharged into a cesspool or septic tank and cesspool or a subsurface distribution system, the plans of which must be approved by the Board of Health before the connection is made.

Drainage System

Section 4. The drain from a point 5 feet outwardly from inside of wall, and not less than 4 inches in diameter, shall continue with at least $\frac{1}{4}$ inch rise per foot to and through roof to a height of at least 2 feet, and 1 foot above any window or opening within 15 feet. No running traps shall be installed at the entrance to buildings except on the special recommendation of the Board of Health. Connections and changes in direction shall be made with long angle and long sweep bends and Y branches. Soil and waste pipes shall not have less than the following diameters:—

	<i>Inches</i>
Minimum branch waste	1½
Branch waste for urinals.....	1½
Branch waste for sinks.....	1½
Branch waste for wash trays.....	1½
Main waste for sinks, five floors or more.....	3
Main waste	2
Soil pipe	4
Branch waste for lavatory, wash bowl.....	1¼

Material of Drainage System

Optional: Galvanized wrought iron pipe and brass traps.

Section 5. Drain, soil, waste and vent pipes and connections, which collectively make up the drainage system within the building, shall be constructed of the following material: extra heavy cast iron lead and annealed brass pipe not less than No. 13 Stubbs Gauge. Cast-iron pipe and fittings shall be of a grade known to the trade as extra heavy, and may be plain or coated with tar or asphaltum. If pipe is coated, it must bear the manufacturer's stamp of test before coating; if plain, it must be painted on inside with red and white lead before putting in place, to prevent rust scale. All joints in cast-iron pipe shall be made with oakum and molten lead, run full, and caulked gas and water tight.

Sizes and Weights, Extra Heavy Cast-Iron Pipe

2 inch pipe—	5½ pounds per foot
3 inch pipe—	9½ pounds per foot
4 inch pipe—	13 pounds per foot
5 inch pipe—	17 pounds per foot
6 inch pipe—	20 pounds per foot
8 inch pipe—	33½ pounds per foot
10 inch pipe—	45 pounds per foot

Galvanized pipe may be used for vents; where used for vents, ordinary galvanized fittings may be used. Brass pipe for soil, waste and vent pipe shall be annealed, seamless drawn brass tubing, of not less than No. 13 Stubbs Gauge. Ordinary fittings may be used on vents. Brass and galvanized-iron pipe and fittings shall be connected together by sharp tapered threads, with red lead or graphite. No slip joints, unions or flanges shall be used on threaded wastes or vents, except that slip joints may be used on house side of trap to connect fixtures.

Lead pipe shall be of the following diameters and weights:—

Diameter (Inches)	Weight (Lbs. per Foot)	Maximum L'gth All'd (Feet)
1½	3	5
2	5	5
3	6	3
4	8	2

Lead bends and traps shall correspond to the above weights.

Brass sleeves for connecting lead and cast-iron pipes shall be extra heavy, at least ⅛ of an inch thick and made of cast red metal. Brass solder nipples for connecting lead and threaded pipes shall be either cast red metal or seamless drawn tubing, size and weight corresponding with pipe to be connected. In connecting lead pipe together, or to brass caulking or soldering nipples, full-sized wiped

joints shall be used. Cleanouts, plugs, stoppers or any other fittings used in drainage system shall correspond in weight and material with above description.

Fastening Pipes

Section 6. Drain, soil, waste and vent pipes shall be supported every 8 feet on horizontal runs, and at least once to each story on vertical lines; horizontal runs by supports under, or hung from overhead by iron hangers; vertical stacks by pipe rest at floor, or clamps, drive hooks or hangers to adjacent walls.

Traps

Section 7. The waste pipe of every independent fixture shall be furnished with a separate trap, which shall be placed as near as practicable to the fixtures which it serves. A combination sink and trap may be connected to noose drain through one trap when outlets are not over 3 feet 6 inches apart; but the outlet of each fixture shall enter the trap separately. Four washbowls or sinks in a continuous line may be connected to the house drain through one 1½-inch brass trap. Lead bends for water-closets or slop sinks shall not be used to connect waste from other fixtures. Earthenware traps shall have heavy brass floor plates soldered to the lead bends and bolted to the trap flange, and the joint made of red or white lead putty. All traps shall be of open form, and traps depending upon concealed partitions to retain their seal will not be approved, except for earthenware fixtures, where the trap seal is plainly visible. Trap screws for cleaning purposes shall be placed in all metal traps.

Special Traps

Section 8. Every building in which gasoline, naphtha or other compounds are used for business purposes shall be provided with a special trap or separator, so designed as to prevent the passage of oils or gases, into the sewer, and shall be ventilated with a separate pipe to a point 3 feet above the roof. The waste of every washstand for vehicles shall be provided with catch basin so designed that sand cannot pass into the drain. The waste pipe from the sink of every hotel, restaurant or other public cooking establishment shall be provided with a grease trap. The waste from every fixture, except refrigerators and other receptacles in which provisions are stored, shall be connected directly with the drain pipe.

Cleanouts

Section 10. Cleanouts shall be placed at changes in direction and at foot of vertical stack, or other points necessary to make all portions of horizontal drainage system accessible for cleaning purposes.

Vents, Back Air Pipes, etc.

Section 11. Traps shall be protected from siphonage and back pressure by special iron or lead air pipes of same size as waste; con-

tinuous system of venting shall be used, and back air pipe shall not be connected to the trap or branched into waste pipe except where a continuous vent is not practicable. Traps of $\frac{1}{2}$ S form shall not have more than 24 inches of waste pipe from trap to vent. Round traps not less than 8 inches long and 4 inches in diameter may be placed 5 feet from vent pipe. Two water closets, or two other traps on the same level, with not more than 2 feet of waste pipe, and which connect with soil or waste pipe not more than 18 inches below the top water line of the trap, shall not require other vent than the continuation of the soil or waste pipe full size for its whole length.

Schedule of Back Air Pipes and Vents for Fixtures

Fixtures	Size of Pipe (Inches)	Greatest Length Allowed (Feet)	Maximum Number of Fixtures
Baths, basins, sinks, urinals	1½	15	3
	2	70	9
	3	70	21
Water-closets, or slop sinks	3	70	9
	2	35	3

Two or more air pipes may be connected together, but such connection must be made above top of fixtures. All vent pipes shall be at least 4 inches in diameter where they pass through the roof, and all air pipes shall be so graded that no condensation will remain in pipes. In case of batteries of waterclosets, the special air-pipe from each trap may be omitted, provided the soil or waste pipe undiminished in size, is continued to a point above the roof, or revented into the main system above all fixtures.

Testing and Inspection

Section 12. Pipes or other fixtures shall not be covered or concealed from view until approved by the Plumbing Inspector. The work shall be examined and tested within one working day after notice that it is ready for inspection. Plumbing shall not be used unless, when roughed in, the wastes, vents, back air pipe and traps are first tested, in the presence of the inspector, by water.

Water-Closets

Section 13. Every building used for habitation shall have such number of water-closets as the Board of Health may require, but in no case less than one for each tenement. Every building where persons are employed shall have at least one water-closet for every 15 persons employed therein; and in any building where persons of both sexes are employed, separate accommodations shall be furnished for both men and women. Every enclosure containing one or more water-closets shall be provided with adequate ventilation to the outer air, either by window or suitable light shaft. No water-closet shall be set in any room or apartment that has not a window having an area of at least 3 square feet opening directly to the external air. Water-closets shall be supplied with water from tank above, or by flush

valves set just above the seat, which in turn are supplied from tank, capable of delivering five gallons of water to the closet in ten seconds. In all cases the flush pipe shall be not less than $1\frac{1}{4}$ inches in diameter. Where local vents are used they shall connect with heated flue when possible, must be not less than 2 inches for each fixture, and for a distance of 3 feet from fixture shall be 16 ounce copper. Connection to flue shall be made by cast-iron thimble and enter flue above smoke opening.

Refrigerator Waste and Drip Pipe

Section 15. All drip or overflow pipes shall be extended to some place in open sight, and in no case shall any such pipe be connected directly with the drain pipe. No waste pipe from a refrigerator or other receptacle in which provisions are stored shall be connected directly with drain or waste pipe. Refrigerator wastes connecting with two or more stories shall be supplied with a trap on the branch for each floor, and extended through the roof.

Steam Exhausts, Drips, etc.

Section 16. No steam exhaust, drip or blow-off pipe shall be connected to drainage system except through a condensing tank of sufficient capacity to liquify all steam that may be received, and discharge same on sewer side without vapor. Vapor pipe shall be carried from tank to a point 3 feet above the roof.

Range Boilers and Relief Valves

Permits shall be obtained from the Plumbing Inspector by Master Plumbers only for the installation or replacement of range boilers and hot water storage tanks and connections from boilers to heating units.

An approved pressure, temperature and vacuum valve shall be placed on the cold water supply pipe close to the range boiler. The relief from this valve shall be piped to some fixture or location where it is least objectionable and fulfills its purpose.

All domestic hot water boilers (Range Boilers) and storage tanks hereafter installed, if supplied from a cold water storage tank shall either be supplied through an unvalved line or be provided with a free expansion pipe. Both the unvalved line and the expansion pipe shall be thoroughly protected from frost their entire length.

Hydraulic Test

200 lbs.
250 lbs.
300 lbs.
350 lbs.

Working Pressure

85 lbs.
106 lbs.
127 lbs.

Maynard Board of Health.

TOWN CLERK'S REPORT

For year ending December 31, 1929

Town Warrant No. 306**Town Meeting February 11, 1929****COMMONWEALTH OF MASSACHUSETTS**

MIDDLESEX, SS.

To either of the Constables of the Town of Maynard in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, February 11, 1929 next, at 6 o'clock A. M., then and there to act on the following Articles:

Article 1. To choose by the Australian system of balloting the following town officers: Three Selectmen, One Town Clerk, One Town Treasurer, One Tax Collector, One Moderator, One Tree Warden, Three Constables, each for one year; One member of School Committee, One Water Commissioner, One member of Board of Public Welfare, One member of Board of Health, One Trustee of Public Library, One Assessor, One Cemetery Commissioner, One Trustee of Soldiers Memorial, each for three years, and all other Town Officers to be chosen at said meeting.

For the purpose specified in this article, the polls will be open after the reading of the Warrant and will remain open until four o'clock in the afternoon when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will authorize the Treasurer with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1st, 1929, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town therefor, payable within one year from the dates thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-sixth day of January in the year of our Lord, one thousand nine hundred and twenty-nine.

FRANK S. BINKS,
EDWIN CARLTON,
WILLIAM O. STROUT,

Selectmen of Maynard.

Middlesex, ss.

Maynard, Jan. 29, 1929.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at ten other public places in said town, seven days before the time of holding said meeting as within directed.

JOHN CONNORS,

Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held February 11, 1929

Pursuant to Town Warrant No. 306 the voters of Maynard cast their ballots for Town Officers and acted upon other matters contained in the warrant.

The requirements of the law in relation to preparation of the polling place being complied with, the Town Clerk read the warrant at six o'clock A. M.

The following Ballot Clerks appointed by the Board of Selectmen were sworn by the Town Clerk—Michael J. Nee, William F. Baron, John E. King, Marion L. Jones and Agnes V. Driscoll.

Constable Nicholas J. Driscoll was in charge of the ballot box after the Moderator and Town Clerk had examined the same and set the register at 0000.

Moderator Alfred E. McCleary declared the polls open at 6.05 o'clock A. M.

It was voted to postpone action under Articles 2 and 3 until two o'clock P. M.

In accordance with the authority vested in the Moderator and Town Clerk by the General Laws, the counting of ballots began at 8.30 o'clock A. M., the Tellers first being sworn by the Town Clerk as follows—Cornelius J. Callahan, Inez McDonald, Alice L. Joyce, Alice C. Smith, John J. Keegan, John N. Hanson, Florence V. Mann, Alice M. Lyons, Herbert Usher, Lessie G. McGarry, Raymond A. Smith, Magloire Le Sage, Loretta F. Tobin, Eva M. Frye.

At two o'clock P. M. the following officers were elected by acclamation:

Fence Viewers

William Naylor, sworn Feb. 11, 1929

William O. Strout, sworn Feb. 11, 1929

Benjamin C. Brown, sworn 1929.

Field Drivers

William Bishop, sworn Feb. 13, 1929

Josiah M. Herrick

John J. Driscoll, sworn Feb. 15, 1929

Measurers of Wood and Bark

Alvah M. Dockerty, sworn Feb. 11, 1929

Axel T. Larson, sworn March 16, 1929

Foster F. Whitney, sworn Feb. 19, 1929

Surveyors of Lumber

Albert W. Haynes

Levi R. Cheney

Joseph Foster, sworn Feb. 20, 1929

Article 2. Voted to accept the reports of the several boards of Town Officers as printed and distributed in the "Annual Reports of the several Boards of Town Officers of the Town of Maynard, Massachusetts, for the year ending Dec. 31, 1928," with the exception of the sewerage construction committee which report was accepted as one of progress.

Article 3. Voted unanimously that the Treasurer be and hereby is authorized, with the approval of a majority of the Selectmen, to borrow during the municipal year beginning Jan. 1, 1929, in anticipation of the collection of the taxes, such sums of money as may be necessary for the current expenses of the Town, but not to exceed in the aggregate \$150,000.00 giving the notes of the Town therefor, payable within one year after the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year.

Article 1. The polls were closed at four o'clock P. M.

The number of ballots cast was sixteen hundred and seventy-five (1675).

The register on the ballot box indicated sixteen hundred and seventy-five (1675).

The check lists each showed sixteen hundred and seventy-five (1675) names checked.

The result of the count was announced at 4.25 o'clock and was as follows:

Town Warrant No. 307

Town Meeting March 11, 1929

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard in said
County, Greeting:

In the name of the Commonwealth of Massachusetts you are
hereby directed to notify and warn the legal voters of said Maynard,
to assemble in Co-operative Hall in said town, on Monday, March
11, 1929 next, at 7.30 P. M.

Then and there to act on the following Articles:

Article 1. To hear and act on reports of Town officers and
committees.

Article 2. To fill all vacancies in Town offices.

Article 3. To see if the Town will vote to appropriate and
grant money for all necessary Town purposes.

Article 4. To see what rate of interest the Town will charge
upon its unpaid taxes, after September 10th, in the year of assess-
ment. To do or act thereon.

Article 5. To see if the Town will vote to appropriate the sum
of \$250, (two hundred and fifty dollars) for Memorial Day. To do
or act thereon.

Article 6. To see if the Town will vote to appropriate the
sum of \$50 (fifty dollars) for the salary of a Fish and Game Warden.
To do or act thereon.

Article 7. To see if the Town will vote to appropriate the sum of \$1000 (one thousand dollars) towards the salary of the Public Health Nurse. To do or act thereon.

Article 8. To see if the Town will vote to appropriate the sum of \$324 (three hundred and twenty-four dollars) for the purpose of providing suitable headquarters for Frank J. DeMars Post, No. 235, American Legion, in accordance with Chap. 40, Sec. 9, General Laws. To do or act thereon.

Article 9. To see if the Town will vote to appropriate the sum of \$2,600 (two thousand six hundred dollars) on the condition that the State and County each appropriate a like sum, for the macadamizing of the approaches to the Paper-mill bridge. To do or act thereon.

Article 10. To see if the Town will vote to appropriate the sum of \$10,000 (ten thousand dollars) for the rebuilding of Russell's Bridge so called, on condition that the County appropriate a sum equal to not less than one-fourth of the cost thereof, and on condition that the Town of Stow appropriate a sum equal to one-eighth of the cost thereof. To do or act thereon.

Article 11. To see if the Town will accept the following Cemetery Funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery: Thomas H. Brooks, \$200; Robert Lester, \$100; Frank Cahee, \$100; George H. Brackett, \$100; Ellen E. Ryder, \$100; William G. Morris, \$100; Thomas Smith, \$100; Lucy Ward, \$100; Neils V. V. Hanson, \$100; Ann Carter, \$100; Emil K. Osbeck, \$50; Frederick G. Hooper, \$100; Selina Holt, \$100; George W. Lingley, \$100. To do or act thereon.

Article 12. To see if Town will vote to increase the salary of the Town Treasurer to \$700 (seven hundred dollars). To do or act thereon.

Article 13. To see if the Town will vote to accept the provisions of Chapter 406, of the Acts of 1928, being entitled "An Act to Permit Certain Sports and Games on the Lord's Day." To do or act thereon.

Article 14. To see if the Town will vote to accept Randall Road or a part thereof, as a public way, in accordance with plan submitted to the Selectmen, by the petitioners. To do or act thereon.

Article 15. To see if the Town will vote to accept King Street as a public way, in accordance with plan submitted to the Selectmen by the petitioners. To do or act thereon.

Article 16. To see if the Town will vote to accept Walcott Street as a public way. To do or act thereon.

Article 17. To see if the Town will vote to accept Fairfield Street, or a part thereof as a public way. To do or act thereon.

Article 18. To see if the Town will vote to instruct the committee on Sewerage to petition the General Court in behalf of the Town for authority to borrow a sum of money not to exceed \$100,000 (one hundred thousand dollars) in excess of the debt limit provided by law, for the purpose of completing the building and installing of the remainder of the proposed system of sewerage, substantially

as proposed and contained in the report and plans submitted to the Town in 1915 by F. A. Barbour, Engineer. To do or act thereon.

Article 19. To see if the Town will vote to raise and appropriate the sum of \$200 (two hundred dollars) or some other amount and elect a director, the money to be expended by and the director to serve in co-operation with the Middlesex County Trustees for County Aid to Agriculture in the work of the Middlesex County Extension Service, under the provisions of Sections 40 to 45, Chapter 128, General Laws of Massachusetts. To do or act thereon.

Article 20. To see if the Town will vote to increase the salary of the Secretary of the Board of Public Welfare to \$700 (seven hundred dollars). To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-eighth day of February in the year of our Lord, one thousand nine hundred and twenty-nine.

WILLIAM O. STROUT,
EDWIN CARLTON,
P. J. SCHNAIR,

Selectmen of Maynard.

Middlesex, ss.

Maynard, March 2, 1929

I have served the within named warrant by posting an attested copy at the Post Office and one at ten other public places in said town seven days before the time of holding said meeting, as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy,

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held March 11, 1929

A meeting was held in Co-operative Hall on the above date, pursuant to Town Warrant No. 307.

The Moderator, Alfred E. McCleary, called the meeting to order at 7.35 o'clock P. M. and the Town Clerk read the warrant.

Article 1. The Clerk of the Finance Committee, H. H. Young, read the report and recommendations of said committee. The report was filed with the Town Clerk.

Moderator McCleary announced the following appointments to the Finance Committee for three years: Herbert H. Young, John H. Murray.

Mr. McCleary stated that an appointment to take the place of George H. Merrick who declined re-appointment, would be made later and filed with the Town Clerk.

Article 2. No vacancies to fill.

Article 3. Voted to appropriate for

General Government	\$3,295.00

Voted that Article 19 be next acted upon.

Article 19. Voted to appropriate two hundred dollars to be expended by a director to be elected under this Article, in co-operation with the Middlesex County Trustees for County Aid to Agriculture

in the work of the Middlesex County Extension Service, under the provisions of Section 40 to 45, Chapter 128, General Laws of Massachusetts. Guyer W. Fowler was elected Director.

Article 4. On motion of William H. Mann, voted that interest at the rate of six per cent be charged upon all taxes unpaid November 1st, said interest to date from September 10th.

Article 5. Voted to appropriate the sum of two hundred and fifty dollars for Memorial Day.

Article 6. Voted to appropriate the sum of fifty dollars for the salary of a Fish and Game Warden.

Article 7. Voted to appropriate the sum of one thousand dollars towards the salary of the Public Health Nurse.

Article 8. Voted to appropriate the sum of three hundred and twenty-four dollars for the purpose of providing suitable headquarters for Frank J. DeMars Post No. 235, American Legion, in accordance with Chapter 40, Section 9, General Laws.

Article 9. Voted to appropriate the sum of two thousand six hundred dollars, for macadamizing the approaches to Paper Mill Bridge, provided the State and County each appropriate a like sum.

Article 10. Voted to appropriate the sum of ten thousand dollars for the rebuilding of Russell's Bridge, so called, provided the County appropriates a sum equal to not less than one-fourth of the cost thereof and provided that the Town of Stow appropriate a sum equal to one-eighth of the cost thereof.

Article 11. Voted on Motion of George H. Gutteridge, that the Town accept the following Cemetery Funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery:

Thomas H. Brooks	\$200.00
Frank Cahee	100.00
Ellen E. Ryder	100.00
Thomas Smith	100.00
Neils V. V. Hanson	100.00
Emil K. Osbeck	50.00
Selina Holt	100.00
Robert Lester	100.00
George H. Brackett	100.00
William G. Morris	100.00
Lucy Ward	100.00
Ann Carter	100.00
Frederick G. Hooper	100.00
George W. Lingley	100.00

Article 12. On motion of John J. Driscoll, voted to increase the salary of the Town Treasurer to seven hundred dollars.

Article 13. On motion of R. Frank Punch, voted to accept the provisions of Chapter 406, of the Acts of 1928, being entitled, "An act to permit certain sports and games on the Lord's Day."

Article 14. On motion of Frank J. McCarron, voted to accept Randall Road for a distance of five hundred feet from Concord Street, in accordance with a plan filed with the Selectmen by the petitioners.

Article 15. On motion of Columbus F. Rainville, voted to accept King Street from Concord Street to Tremont Street in accordance with plan filed with the Selectmen by the petitioners.

Article 16. On motion of Deane Whitney, voted to accept Walcott Street from Acton Street to Parmenter Street in accordance with plan filed with the Selectmen by the petitioners.

Article 17. On motion of Leslie W. Sims, voted to accept an additional one thousand feet of Fairfield Street, as a public highway, according to a plan on file, said one thousand feet to begin at the most easterly extremity of the accepted part of Fairfield Street, and extend in an easterly direction one thousand feet.

On motion of Herbert H. Young, voted to act on Article 20 before proceeding with Article 18.

Article 20. On motion of Herbert H. Young, voted to increase the salary of the Secretary of the Board of Public Welfare to seven hundred dollars.

Article 18. On motion of P. Joseph Schnair, voted that the Town instruct the Committee on Sewerage to petition the General Court in behalf of the Town for authority to borrow a sum of money not to exceed \$100,000 in excess of the debt limit provided by law, for the purpose of completing the building and installing of the remainder of the proposed system of sewerage, substantially as proposed and contained in the report and plans submitted to the Town in 1915 by F. A. Barbour, Engineer.

Voted, at 9.50 o'clock P. M. to adjourn.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 308

Town Meeting May 27, 1929

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said Town, on Monday, May 27, 1929 next, at 7.30 P. M. Then and there to act on the following Articles:

Article 1. To hear and act on reports of Town Officers and committees.

Article 2. To see if the Town will vote to accept the provisions of Chapter 223 of the Acts of 1929, entitled "An Act Authoring the Town of Maynard to Borrow an Additional Amount of Money for Sewerage Purposes." To do or act thereon.

Article 3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of completing the construction of a system of sewerage as authorized by Chapter 340 of the Acts of 1916, as amended by Chapter 223 of the Acts of 1929, or take any action thereon.

Article 4. To see if the town will vote to instruct its Sewerage Committee to proceed to complete the building and installation of the Sewerage Disposal Plant, and the remainder of the main sewers and lateral sewers, substantially in accordance with the plans of F. A. Barbour, Engineer, and to do all acts and things in connection therewith which may be authorized by the provisions of General Laws, and of Chapter 340 of the Special Acts of 1916 as amended. To do or act thereon.

Article 5. To see if the town will vote to authorize the Water Commissioners to acquire property around White Pond and to appropriate from the surplus funds of the Water Department the sum of \$5,500 (five thousand, five hundred dollars) for that purpose. To do or act thereon.

Article 6. To see if the Town will vote to acquire by purchase for the school or other municipal purposes, the land and buildings located on Glendale Street, adjoining the Roosevelt School property believed to be owned by Mrs. E. M. Dawson, and to raise and appropriate the sum of \$3,500 (three thousand, five hundred dollars) for said purpose. To do or act thereon.

Article 7. To see if the Town will vote to instruct the School Committee to sell the buildings on said Dawson property at public auction, or private sale, for such sum as the School Committee may deem to be a fair price therefor, and to appropriate the proceeds of said sale for the purpose of grading and improving said premises, and paying expenses incidental to said sale. To do or act thereon.

Article 8. To see if the Town will vote to appropriate the sum of \$3,000 (three thousand dollars) for the repair of Fairfield Street. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this seventeenth day of May in the year of our Lord, one thousand nine hundred and twenty-nine.

WILLIAM O. STROUT,
EDWIN CARLTON,
P. J. SCHNAIR,

Selectmen of Maynard.

Middlesex, ss.

Maynard, May 18, 1929.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at ten other public places

in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held May 27, 1929

Pursuant to Town Warrant No. 308 a meeting was held on the above date.

Moderator Alfred E. McCleary called the meeting to order at 7.30 o'clock P. M. and the Town Clerk read the warrant.

Article 1. Herbert H. Young, Clerk of the Finance Committee read the recommendations of the Committee and the same were then filed with the Town Clerk.

Article 2. On motion of Albert Batley, voted to accept the provisions of Chapter 223 of the Acts of 1929, entitled, "An Act Authorizing the Town of Maynard to borrow an additional amount of money for sewerage purposes."

Article 3. The Moderator appointed John H. Murray and William Naylor, Tellers, and they were sworn. On motion of Albert Batley, voted unanimously that the sum of \$100,000 be appropriated for the construction of sewers, and to meet said appropriation the sum of \$2,000 shall be raised by taxation for the current year, and the treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$98,000 and to issue bonds or notes to bear on their face the words "Maynard Sewer Loan, Act of 1929" and to be payable in accordance with the provisions of Section 19, Chapter 44, General Laws, so that the whole loan shall be paid in not more than thirty years from the date of issue of the first bond or note, or at such earlier dates as the Treasurer and Selectmen may determine.

Article 4. On motion of Albert Batley, voted unanimously to instruct the present Sewerage Committee to proceed to complete the building and installation of the sewerage disposal plant and the main and lateral sewers substantially in accordance with the plans of F. A. Barbour, Engineer, and to do all acts and things in connection therewith which may be authorized by the provisions of General Laws and of Chapter 340 of the Special Acts of 1916 as amended.

Article 5. On motion of William Naylor, voted that the Water Commissioners be and are hereby authorized to acquire by purchase property around White Pond, and that \$5,500.00 be appropriated from the Water Department surplus, for that purpose.

Article 6. On motion of James J. Hilferty, voted to acquire by purchase for school purposes, the land and buildings located on Glendale Street, adjoining the Roosevelt School property believed to

be owned by Mrs. E. M. Dawson, and to raise and appropriate the sum of \$3,500 (three thousand, five hundred dollars) for said purpose.

Article 7. On motion of James J. Ledgard, voted that the School Committee be authorized to sell the buildings on said Dawson property at public auction, or private sale, for such sum as they may deem to be a fair price therefor, and to appropriate the proceeds of said sale for the purpose of grading and improving said premises, and paying expenses incidental to said sale.

Article 8. On motion of Leslie W. Sims, voted to appropriate the sum of (\$3,000) three thousand dollars for the repair of Fairfield Street.

The meeting adjourned at 8.05 o'clock P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 309

Town Meeting August 8, 1929

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Thursday, August 8, 1929 next, at 7.30 P. M. Then and there to act on the following Articles:

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To see if the Town will vote to appropriate the sum of \$400 (four hundred dollars) for the use of the Town Treasurer's department, made necessary by additional expense in regard to issuance of Sewerage Bonds. To do or act thereon.

Article 3. To see if the Town will vote to authorize the present Sewerage Committee to appoint a member thereof to the office of Clerk and Superintendent of Sewers, to fix the salary of such appointee, and to raise and appropriate a sufficient sum of money therefor. To do or act thereon.

Article 4. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$10,000 (ten thousand dollars) to be used for installing service connections to the Sewerage System. To do or act thereon.

Article 5. To see if the Town will vote to raise and appropriate the sum of \$2,500 (two thousand, five hundred dollars) for the

purchase of office equipment, supplies, tools, and general maintenance and operating expenses of the Sewer Department. To do or act thereon.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$500 (five hundred dollars) or some other amount, to defray cost of Plumbing inspection for the remainder of the current year. To do or act thereon.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$500 (five hundred dollars) for the use of the Public Health department, to purchase and erect a steel wire fence around the Public Dump. To do or act thereon.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$549.70 (five hundred forty-nine and 70/100 dollars) for the purpose of providing a safe with adequate fire protection for the records of the Assessor's office as required by law. To do or act thereon.

Article 9. To see what proportion of the cost of the System of Sewerage Disposal, not less than one-quarter nor more than one-half, the Town shall pay. To do or act thereon.

Article 10. To see what method permitted by law the Town will avail itself of, in providing for the payment of the remaining portion of the cost of the System of Sewerage Disposal. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this thirty-first day of July in the year of our Lord, one thousand nine hundred and twenty-nine.

WILLIAM O. STROUT,
EDWIN CARLTON,
P. J. SCHNAIR,

Selectmen of Maynard.

Middlesex, ss.

Maynard, August 1, 1929.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at ten other public places in said Town, seven days before the time of holding said meeting, as within directed.

NICHOLAS J. DRISCOLL,
Constable of Maynard.

A true copy. Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held August 8, 1929

Pursuant to Town Warrant No. 309 a special Town Meeting was held on the above date.

Moderator Alfred E. McCleary presided.

At 7.30 o'clock P. M. the Town Clerk read the warrant.

Article 1. Herbert H. Young read the recommendations of the Finance Committee which were later filed with the Town Clerk.

Article 2. On motion of Edwin Carlton, voted to appropriate four hundred dollars (\$400) for the use of the Treasurer's department for expenses in connection with issuance of Sewerage Bonds.

On motion of H. H. Young, voted to next act upon Article 6, 7 and 8.

Article 6. On motion of H. H. Young, voted to appropriate and raise by taxes of the current year, the sum of five hundred dollars (\$500) to defray the cost of plumbing inspection for the remainder of the current year.

Article 7. On motion of H. H. Young, voted to appropriate and raise by taxes of the current year the sum of five hundred dollars (\$500) for the use of the Public Health department for the purchase and erection of a steel wire fence around the Public Dump.

Article 8. On motion of H. H. Young, voted to appropriate and raise by taxes of the current year the sum of five hundred forty-nine dollars and seventy cents (\$549.70) for the purchase of a safe with adequate fire protection for the records of the Assessors' office.

Article 3. On motion of P. Joseph Schnair, voted to authorize the present Sewerage Committee to appoint a member of said committee to the office of Clerk and Superintendent of Sewers, and to fix the salary of said Clerk and Superintendent at the sum of \$2080 (two thousand and eighty dollars) per year, and to appropriate the sum of \$1000 (one thousand dollars) for that purpose for the remainder of the current year.

Article 4. On motion of H. H. Young, voted to appropriate from funds in the Water Department the sum of ten thousand dollars (\$10,000) to be used for installing service connections to the Sewerage system, same to be replaced from collections for sewerage connections.

Article 5. On motion of Edwin Carlton, voted to appropriate the sum of twenty-five hundred dollars (\$2,500) for the purchase of office equipment, supplies, tools and general maintenance of the operating expenses of the Sewer department.

Article 9. On motion of P. Joseph Schnair, voted that the Town pay three-eighths of the cost of the System of Sewerage Disposal.

Article 10. After considerable discussion following a motion by P. Joseph Schnair, it was voted upon motion of John O. Thompson to adjourn.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 310
Town Meeting August 19, 1929
COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, August 19, 1929 next, at 7.30 P. M. Then and there to act on the following Articles:

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To see what method permitted by law the Town will avail itself of, in providing for the payment of the remaining portion of the cost of the System of Sewerage Disposal. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this tenth day of August in the year of our Lord, one thousand nine hundred and twenty-nine.

WILLIAM O. STROUT,
 EDWIN CARLTON,
 P. J. SCHNAIR,

Selectmen of Maynard.

Middlesex, ss.

Maynard, Mass., August 12, 1929.

I have served the within named Warrant by posting an attested copy of the same at the Post Office and one at each of ten other places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,

Constable of Maynard.

A true copy. Attest: FRANK E. SANDERSON,
 Town Clerk.

Proceedings of Town Meeting Held August 19, 1929

Pursuant to Town Warrant No. 310, a special Town Meeting was held on the above date.

Moderator Alfred E. McCleary presided.

The warrant was read by the Town Clerk at 7.30 o'clock P. M.

Article 1. Albert Batley moved that five-eighths of the cost of the System of Sewerage Disposal, or at the rate of one dollar and sixty cents per linear foot, shall be paid by assessment thereof as provided by law, upon owners of land within the territory in which sewers are or may be constructed, according to the frontage of such land in any way in which a sewer is or may be constructed; provided that 60 feet of frontage be exempted on the short side of corner lots.

An amendment was offered by Gavin Taylor as follows: That the word sixty be stricken out and the words one hundred substituted therefor.

A second amendment was later offered by Gavin Taylor as follows: That the word short be stricken out and the word long substituted therefor.

William Naylor and John E. Hannon were appointed Tellers and were sworn by the Moderator.

The second amendment was lost, 27 in favor and 33 opposed.

The first amendment was not carried on an aye and no vote.

The original motion of Albert Batley was voted unanimously as follows: That five-eighths of the cost of the System of Sewerage Disposal, or at the rate of one dollar and sixty cents per linear foot, shall be paid by assessment thereof as provided by law, upon owners of land within the territory in which sewers are or may be constructed, according to the frontage of such land in any way in which a sewer is or may be constructed; provided that 60 foot of frontage be exempted on the short side of corner lots.

Voted on motion of William H. Gutteridge: That any lot on which a church edifice is located shall be exempt on any frontage.

The meeting adjourned at 8.10 P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

Number of Births	137	120	108	105	100

PARENTS BE SURE TO RECORD THE BIRTH OF YOUR
CHILD WITH GIVEN NAME IN FULL

READ THE LAW!

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.****" Gen. Laws, Chap. 46, Sec. 6.

SOME OF THE MANY

Reasons Why Births Should Be Recorded

- To establish identity.
- To prove nationality.
- To prove legitimacy.
- To show when the child has the right to enter school.
- To show when the child has the right to seek employment under the child labor law.
- To establish the right of inheritance to property.
- To establish liability to military duty, as well as exemption therefrom.
- To establish the right to vote.
- To qualify to hold title to, and to buy or sell real estate.
- To establish the right to hold public office.
- To prove the age at which the marriage contract may be entered into.
- To make possible statistical studies of the health conditions.

YOUR CO-OPERATION TO THE END THAT ALL BIRTHS
MAY BE PROPERLY RECORDED WILL BE
GREATLY APPRECIATED

DEATHS RECORDED

NOTICE

All dog licenses here listed expire March 31, 1930.

Dogs must be licensed on or before April

1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

REPORT OF SEWERAGE COMMITTEE

To the Citizens of Maynard:

We herewith submit the Engineer's Report of the construction work done during the year 1929 and also a report of the Superintendent in regard to the installation of House Sewers.

We also wish to state that this will be the final report of the Sewerage Committee, as we now feel that the work of Sewerage construction has so far progressed that the work can now be taken over and continued by a Sewerage Commission, for which office three members will be elected at the coming Town election.

Referring back to a Town Meeting held March 9, 1925, it was voted that a committee of seven be appointed by the Moderator to investigate and make a report in regard to the proper installation of a Sewerage System. A committee was appointed with Mr. Orrin S. Fowler, as Chairman. On the death of Mr. Fowler in June, 1927, Mr. Albert Batley was chosen to fill this important office, which he has held up to the present time. At a Town Meeting held April 5, 1928, it was voted to increase the committee to 9 members, by the addition of the three members of the Board of Selectmen.

The installation of a Sewerage system has been the largest constructive program ever undertaken by the Town, entailing an approximate expenditure of one quarter million dollars up to the end of the year 1929. This has taken a great deal of the time of the Committee, but we feel we are repayed by the thought that whatever time has been given was for the best interests of the Town.

The major part of the work of Sewer Construction has now been completed, but there is still more important work to be done.

Applications have been received from property owners on various streets for the installation of sewers, which the committee recommends should be done to some extent the coming year.

The committee would also recommend that the Sewer on Waltham Street be extended to Hayes Street and that some action be taken by the Town to acquire the sewers from the American Woolen Co. and connect to the Town Sewerage System.

Respectfully submitted,

ALBERT BATLEY, Chairman
 HARTWELL W. FLOOD, Secretary
 JAMES A. COUGHLAN
 JOHN J. DRISCOLL
 WILLIAM F. LITCHFIELD
 OTTO FONSELL
 WILLIAM O. STROUT
 EDWIN CARLTON
 P. JOSEPH SCHNAIR

SEWERAGE CONSTRUCTION ENGINEERS' REPORT

Sewer Committee.
Maynard, Massachusetts.
Gentlemen:

This report comprehends the work done during the year 1929 in the construction of the Maynard Sewerage System and is supplementary to our progress report dated January 14, 1929.

1929 PROGRESS

During the year additional contracts were let as follows:

Contract No. 13—Vitrified Clay Pipe	
C. H. Spring Company	\$8,450.25
Contract No. 14—Manhole Castings	
E. L. LeBaron Foundry	1,522.75
Contract No. 15—Sewer Construction	
Zoppo & Civitaresè	32,524.40
Contract No. 16—Sewer Construction	
Zoppo & Civitaresè	37,398.50
Contract No. 17—House Sewers	
Zoppo & Civitaresè	6,525.00

All of the foregoing contracts were awarded on the basis of being the lowest bid received, with the exception of number 17, where a qualification written into the proposal of the lowest bidder made it appear for the best interests of the Town to award the contract to the second bidder.

Sewer construction in Railroad Street and Main Street from Railroad Street to Sudbury Street, which was not completed during the 1928 season was finished early in 1929, as was the street resurfacing in connection with the 1928 construction. The Assabet River crossings at Florida Road and Main Street were also completed.

Miscellaneous grading, seeding and loaming at the disposal plant site and around the pumping station was completed under the MacDonald contract. Pumping equipment installed by the F. A. Mazzur Company was tested on August 27, 1929 and accepted as satisfactory.

Sewer construction under contracts 15 and 16 proceeded at such a rate as to be finished during December. House sewers laid under contract 17 were constructed as the applications came in from time to time during the season and approximately 100 were made, 50 of these being actually in use at the present time.

Unfinished Work

At this time there remains some street resurfacing to be done under contracts 15, 16 and 17 before final estimates can be made. In addition to the street resurfacing an electric power line to the disposal plant is under construction and nearly completed, a small amount of work remains to be done in completing the erection of the secondary tank pump, which will be finished at the time the electric power line is ready.

FINANCIAL STATEMENT

DISPOSAL PLANT

	Construction Contract	Materials	Total
Imhoff Tank	\$11,013.00	\$ 593.00	\$11,606.00

Contract No. 15—Zoppo & Civitarese	5,855.55
Contract No. 16—Zoppo & Civitarese	4,771.45
Contract No. 17—Zoppo & Civitarese	23.52
F. A. Barbour	1,242.31
	<u>\$15,045.79</u>

TOTAL EXPENDITURES TO DATE \$225,829.31

Appropriations Credited to Account	250,000.00
Unexpended Balance January 14, 1930	24,170.69
Deduct Retained Percentage (payable at future dates)	15,045.79
Balance after payment of retained percentages	<u>\$9,124.90</u>

Recommendations

The unexpended funds as shown in the foregoing financial statement checks with the Town Accountant's balance as of January 14, 1930 and after making an estimated allowance for such outstanding bills as may exist, including the cost of assessment surveys and plans, it appears that approximately \$7,500.00 will be available for such additional construction as your Committee may desire to undertake.

We recommend for your consideration that the sewer in Waltham Street be extended from the existing manhole at Elm Street to Hayes Street, providing an outlet for the American Woolen Company sewers southerly from this point, and that such action as may be necessary on the part of the Town be taken to acquire from the American Woolen Company the sewers now operated by them. Previous to any connection between the town system and the American Woolen Company sewers, however, a careful inspection of such sewers as may be considered and the house sewers connected thereto, must be made to insure against the admission of a high flow of ground water through sewers with improperly made joints, or other defects.

Respectfully submitted,

F. A. BARBOUR.

REPORT OF SUPERINTENDENT OF SEWERS

To the Members of the Sewerage Committee:

Gentlemen:—

I submit for your consideration and approval a report of the work accomplished since my appointment to the end of the year 1929, relative to the installation of particular sewers or house connections.

In order that as many particular sewers as possible could be laid this year it was decided to let the work out at contract. Bids were received from several contractors, and the contract was awarded to Zoppo and Civitarese.

Work was started September 5th. Connections were laid to the curbing of each building on both sides of Waltham Street Bridge. This was done to allow the work of macadamizing the approaches to the bridge to be completed, and so that there would be no further excavation work afterward.

Sewer pipes were laid into Acton Court and this line can be extended at any time when required.

The first completed connection was laid September 7th to the block No. 2 Main Street, the property of the American Woolen Co., but the inside plumbing was not connected at this time.

The first building to be directly connected to the Sewerage system was the house of Henry Ledgard, the connection was made

September 10 on Pleasant Street. Connections have been laid to all the School buildings; Roosevelt school is connected to Glendale Street sewer. The Senior High and the Junior High each have a separate connection on Summer Street. Main Street School connected to Main Street sewer; Bancroft School to Bancroft Street sewer. Five houses on Powder Mill Road, the property of the American Powder Co., have been directly connected to the system.

Total number of connections laid from Sept. 5 to Dec. 31	90
Number of completed connections	83
Number partially installed	7
Linear feet of pipe laid	4,672
Average length per connection	51.9 feet

SUMMARY OF HOUSE CONNECTIONS

	<i>Completed Connections</i>	<i>Installed to Curbing</i>
Acton Street	1	4
Bancroft Street	1	
Brooks Street	10	
Concord Street	2	
Florida Road	1

Spring Lane	3	
Summer Street	8	
Thompson Street	3	
Walnut Street	1	
Waltham Street	4	3
	83	7

Perhaps a little information at this time in regard to the installation of Particular sewers, or house connections as they are more commonly called, may be of interest to property owners. Application forms will be sent to every property owner on streets which have already been sewered, and I would advise that the rules and regulations on the back of the forms be carefully read, before they are filled in, signed, and returned. To any one who may have been overlooked, forms will be sent on application to the Superintendent.

The applicant will be furnished with an estimate of the cost of the work, which must be deposited with the Town Treasurer before the work is begun. This is the general rule in other towns.

The cost of sewer connections varies according to the length and depth necessary to make the connection, and also the condition of the ground where rock or ledge may be encountered, and other conditions which cannot be foreseen.

The depth of the main sewer also varies, it may be 6 feet or 10 feet or even more, and in cases where there are toilets or set tubs in the cellar, the connection must be made from the cellar floor or under, and of course this means a greater cost.

After the work is completed the actual cost is figured and any overcharge which may have been made in the estimate will be refunded to the applicant. All connections should be made in a direct line from the building to the main sewer, with a clean-out in the cellar, and should in all cases be made from the front of the building unless some obstacle prevents it being done. From past experience I strongly advise that this rule be followed, as I feel sure that by doing so all trouble in regard to stoppages in sewer pipes will be avoided.

In most cases before the connection can be made, it will be found necessary to change the plumbing, and I would advise the importance of getting the advice of the plumber as to the best method of doing this. I would also ask of all plumbers when doing this work to mark on the outside of the building where the connection is to be made, and the depth the pipe should enter the cellar.

I would also call particular attention of all property owners to the following law, pertaining to sewerage, and which has been adopted by the local Board of Health.

Chapter 83, Section 11, General Laws. The Board of Health of a town may require the owner or occupant of any building upon land abutting on a public or private way, in which there is a common sewer, to connect same therewith by a sufficient drain; and such owner or occupant who fails to comply with such order shall be punished by a fine of not more than Two Hundred Dollars.

At a meeting of the Board of Health of Maynard held on July 20, 1929, it was voted that the owners of all buildings abutting upon any public or private way, in which the town sewer is installed, which now drain directly or indirectly into the Assabet River, be required to connect said premises with the town sewers as per General Law.

In conclusion I would say that I shall be pleased to give any further information to property owners relative to the installation of house connections.

Yours respectfully,

EDWIN CARLTON,
Superintendent of Sewers.

REPORT OF THE WATER COMMISSIONERS

To the Board of Selectmen:

The report of the Water Commissioners for the year ending December 31, 1929 is herewith submitted.

We are pleased to report that additional land around White Pond has been acquired this year. By vote of the town the Commissioners were authorized to purchase the property of Andrew and George Schneider near White Pond and \$5,500 was appropriated for that purpose.

The purchase of this land together with land bought last year, gives the town control of all the land around the shore of the pond with the exception of a very small lot, which is located on the road to Hudson.

We have agreed to sell the house and about ten acres of land, on the old Marlboro Road, to the Maynard Rod and Gun Club. The old barn, which was on the property bought last year was sold and it has been torn down.

We propose to take down the buildings on the Schneider land the coming year.

The bills approved this year, for maintenance \$10,969.18, for construction \$3,524.78 and to purchase land \$5,485.00, leaving a balance in the regular account of \$406.04 and in the land account of \$526.90.

For the needs of the coming year we should have an appropriation of \$16,600.

Respectfully submitted,

GAVIN TAYLOR
JAMES C. MAHONEY
CHRISTOPHER WILSON

Water Commissioners.

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners:

Gentlemen:—

The report of superintendent and registrar for the year ending December 31, 1929 is herewith submitted.

With the purchase of the Schneider property this year the department has control of nearly all the water shed of White Pond. Large signs have been put up all around the property to inform anyone that the Pond is the water supply of this town and that trespassing is forbidden.

The house on the Schneider property is very near the shore of the Pond and should be taken away.

While the water in the pond was at a high level last spring, at the end of the year it is at as low a level as at any time since the works were built. This condition is due to the very dry Summer and Fall.

Each year the pipe line from White Pond is being improved. This year a cement manhole has been built, the pipe has been cleaned out for about fourteen hundred feet and two hundred and fifty feet of twelve inch iron pipe was laid.

The receiving wells at the pumping station have been cleaned out several times during the year.

The new condenser pump that was bought the latter part of 1928 has been set up and is giving good service.

The equipment at the pumping station is in fair condition but all of this equipment is getting old and plans for new machinery must be thought of in the near future.

The work of putting a concrete floor in the reservoir has been delayed another year, owing to the number of streets where the construction of the sewers interfered with the water mains.

It has been necessary to change the grade of several of the mains to make way for the sewer and the mains on Main St. and Brooks St. were taken out so that the sewer could be laid.

The four inch main on Waltham St. has been replaced with an eight inch main for a distance of sixty feet. The small main on Glendale St. was replaced with a two inch cast iron main for about two hundred and forty feet.

This department has made the joints in all the cast iron pipe at the river crossings for the Sewer Department.

The hydrant on Walnut St. near River St. has been repaired and the hydrant on Nason St. near new bank building was moved back of curbing.

Services

Sixteen services have been added this year, the number now in use is 1461. Seven leaks in service pipes have been repaired. Thirty-six have been relaid and forty-three have been cleaned.

Meters

Fifteen meters have been set this year, making the number now in use 1426. Three hundred meters have been changed and repaired the past year.

In recommending the appropriation of \$16,600 for next year there has been considered the replacement of the four inch main on Waltham Street with an eight inch, for a distance of about five hundred feet, a new floor in the reservoir and more cast iron pipe and some manholes for the line from White Pond, besides the regular work of the department.

I wish to thank the Commissioners for their hearty co-operation during the year.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF THE ENGINEER

To the Superintendent:
Sir:—

A new condenser pump was placed and the old pump taken out. The machinery and boilers are in very good condition considering that the boilers have been in service over twenty years and the pumps a longer time.

Stock on hand December 31, 1929: 70 tons of coal, $\frac{1}{2}$ barrel boiler compound, 25 gallons cylinder oil, 7 gallons machine oil, 30 pounds of packing, and 72 valve springs and plates.

Pumping Record

	Coal	Gallons
January	41,365	9,513,633
February	33,630	7,291,728
March	43,945	10,062,273
April	37,530	9,665,732
May	44,175	10,738,046
June	40,345	10,185,177
July	45,135	10,640,990
August	47,473	11,520,068
September	43,275	10,704,840
October	48,400	10,677,139
November	46,115	10,412,161
December	40,870	9,155,797
	512,258	120,567,585

Average daily consumption 330,322.1 gallons.

Average daily consumption for each person figured on 7,500 consumers, 44 gallons.

ORRIN R. BOSWORTH,
Engineer.

	\$ 4,995.73	

WILLIAM NAYLOR, Registrar.

BOARD OF PUBLIC WELFARE REPORT

To the Citizens of Maynard:

We do not feel that we can add to what is generally known about labor conditions in town. There seems to be no immediate relief in sight and until conditions change for the better the Town will have a serious problem.

Most of the applicants applying for aid have been worthy and have received it, others have come to us looking for help who had money in the bank or owned an automobile or other valuable property. Some of them had been sent to us by friends who should have known better. It not only makes work for us but sometimes enemies. All of these cases have to be investigated at a cost of time and sometimes money.

Our money has been spent in the following manner:

Death—two cases.

Old age or incapacitated—seven.

Illness—seven—family cases.

Desertion—six—family cases.

Unemployment—eighteen—family cases.

Neglect by children—one—family cases.

Dependent children—two.

Out-of-town Maynard cases—three.

Mother's aid cases now eight.

Some of these cases have settlement other than Maynard, others have no settlement in the State in both cases all money expended is returned to Maynard but not to be used again by this board, as it was a few years ago.

The Town receives on Maynard Mother's Aid cases one-third from the State and all the money spent on cases settled elsewhere or without a settlement.

We wish to thank all who have helped during the year in giving those in need a lift. The White Cross Guild has continued giving time and money as in the past. The Elks helped out at Christmas time and deserve thanks.

Our financial report will be found in the Accountant's statement.

Respectfully submitted,

THOMAS WRIGHT, *Chairman*
WILLIAM P. SCULLY, *Secretary*
ALBERT HENDRICKSON

REPORT OF THE FINANCE COMMITTEE

Finance Committee Organization, 1929

Cham Ayotte, J. H. Murray, Treasurer, Sealer Weights and Measures, Police Dept., Cemetery Dept., Fire Dept.

A. E. Larkin, L. W. Sims, Election and Registration, Town Clerk, Board of Health, Public Welfare, Tax Collector, Assessors, Water Dept.

H. H. Young, A. S. Lahn, School Dept., Library.

P. J. Sullivan, J. Laurila, Selectmen, Town Accountant, Street Dept., Tree Dept., Park Dept., Moth Dept.

Joshua Naylor, Chairman. Herbert H. Young, Secretary.

To the Citizens of Maynard:

March, 1929.

The Finance Committee having investigated and considered very carefully, the amounts submitted by the various Town Boards make recommendations thereon:

The total amount as submitted is \$258,089.75.

The total amount as recommended is \$250,692.75.

The total reduction is \$7,397.00.

It would indeed be refreshing for all, if your Finance Committee could report local industrial and commercial conditions as prosperous, but as is well known to you all, quite the reverse prevails.

As we proceed to vote on our expenditures for 1929, your Finance Committee recommend that you bear in mind the foregoing statement and refrain from adding any amounts to the largest budget ever presented for your consideration. Also that any amounts deducted therefrom would seriously impair the work of your committee and the welfare of the Town.

Your Finance Committee are pleased to state that it has received the co-operation of every department of the Town, to the end that we may continue to enjoy a low tax rate.

May we not expect your co-operation in this very vital and desirable project?

G. H. MERRICK, Chairman,
 J. H. MURRAY,
 CHAM AYOTTE,
 P. J. SULLIVAN,
 A. E. LARKIN,
 JOSHUA NAYLOR,
 A. LAHN,
 L. W. SIMS,
 H. H. YOUNG, Secretary.

To see if the Town will vote to appropriate and grant money for all necessary Town purposes.

In regard to the school budget the increase provides for teachers not on maximum salary in the elementary grades, and four principals. In the High School, it provides for six teachers not on maximum, and no others.

The balance of increase of \$8,000 over last year, is for necessary repairs; text books, equipment for manual training and domestic arts, laboratory supplies, supervisors, and an additional teacher if the Fall enrollment requires one.

The increase in the Public Welfare Dept. is requested because there are three new mothers' aid cases to care for this year, and families that must be taken care of on account of general unemployment.

Article 18. In regard to permission to raise \$100,000 outside of the debt limit for further construction of sewer, the Finance Committee do not recommend it.

The Finance Committee do recommend that the citizens be fully informed as to individual and general costs of sewer connections and method of assessments before incurring further costs for construction; and also recommend that assessments be levied when feasible and thereby ascertain the amount of money therefrom and available to defray costs incurred for sewerage system installation.

Article 12. To see if the Town will vote to increase the salary of the Town Treasurer to \$700.

Voted to recommend.

Article 20. To see if the Town will vote to increase the salary of the Secretary of the Board of Public Welfare to \$700.

Voted to recommend.

Article 19. To see if the Town will vote to appropriate \$200 or some other amount for use of Middlesex County Extension Service.

In response to an invitation that a representative from the County Bureau meet the Finance Committee, Miss Smith came and very pleasingly and clearly explained the activities of the Extension Service.

The Finance Committee recommends that \$200 be appropriated.

Appropriations requested for the year 1929 and amounts recommended by the Finance Committee:

	<i>Asked For</i>	<i>Recommended</i>
Article 3. General Government (includes Moderator's salary, Selectmen's salary and expense, Printing and Dist. Town Reports)	\$3,295.00	\$3,295.00

Art. 10—Russell's Bridge (Middlesex County One-fourth and Town of Stow One-eighth of cost)	10,000.00	10,000.00
Art. 19—Middlesex County Extension Service	200.00	200.00
	<hr/> \$258,189.75	<hr/> \$250,692.75

April, 1929.

Meeting of Finance Committee called by Town Moderator, A. E. McCleary for purpose of organization.

H. H. Young elected chairman but declined. Joshua Naylor elected chairman and accepted. H. H. Young elected Secretary and accepted.

May 6, 1929.

Committee proceeded to consider Articles in Warrant for coming Town Meeting and make recommendations thereon.

Article 6. Voted to recommend appropriation of \$3500 for purchase of property adjoining Roosevelt School on Glendale St. for enlarging playground.

Article 7. Voted to recommend the proceeds of the sale of buildings on proposed purchased property for the purpose of improvement of grounds, grading, fencing, etc., and for defraying cost of sale and transfer incidental thereto.

Article 8. Voted to recommend the appropriation of the sum of \$3,000 to improve Fairfield Street, including drainage of surface water, provided easements shall be first obtained from owners of land over which pipes are laid and the drainage water is deposited.

Article 5. Voted to recommend the appropriation of \$5,500 from proceeds of Water Department for the purchase of land and buildings thereon around White Pond, the source of Maynard supply, in order to protect same from contamination.

Article 3. Voted to recommend the appropriation of a sum not to exceed \$100,000 for the purpose of completing the sewer in accordance with, and authorized by Chap. 340 of the Acts of 1916, and amended by Chap. 223 of the Acts of 1929.

At this meeting the Sewerage Committee and Mr. F. A. Barbour, Engineer, met with the Finance Committee.

H. H. YOUNG, Secretary.

July 11, 1929.

At a meeting of the Finance Committee held July 11, 1929, George H. Gutteridge, Town Treasurer, consulted the Committee in regard to rate of interest and term of bonds to be sold (amount \$98,000) authorized by the Town for the purpose of extending the sewerage system.

The expressed opinion of various members of the Finance Committee was that the term should be from 15 to 20 years, and the rate of interest not be over $4\frac{1}{2}\%$. The Treasurer subsequently sold the bonds at $4\frac{1}{2}\%$ for 20 years. The amount saved for the taxpayers in interest for the short term amounts to considerable.

The Assessors were consulted in regard to probable effect on tax rate on the basis of a short term issue of bonds, and stated that in view of additional tax income, derived from various sources that if no new or extraordinary expenditure was made by the Town, that there would probably not be any addition to the present tax rate.

The Assessors also presented the matter of adequate fire protection for record books of the Assessors as required by law, and were advised to investigate the matter fully as to future needs and report back at our next meeting.

The Selectmen presented matter for consideration in regard to sewerage installation, salary for Superintendent, etc., and were advised that the method of procedure, as they proposed, was not in accordance with the statutes and therefore not feasible, and were further advised to present the Article in proper form.

Tax Collector Mr. Mann, conferred with the Finance Committee in regard to an Article presented concerning an appropriation to reimburse the Tax Collector for loss of \$880. The matter was held over for investigation and information as to proper disposition. Mr. Sims was appointed to investigate and report at a later meeting.

H. H. YOUNG, Secretary.

August 5, 1929.

Recommendations of Finance Committee on Articles in Town Warrant, August 8, 1929.

Article 2. In regard to appropriation for Town Treasurer's office, the Committee recommend that \$400 be appropriated.

Article 3. In regard to appointment of Clerk and Superintendent of Sewers and salaries for same, the Finance Committee recommends: 1st, that as a matter of economy the sewerage and water departments be consolidated at our next annual Town Meeting; 2nd, That all appointments and salaries be of a temporary nature; 3rd, That the sewerage and water departments co-operate so that there shall be no unnecessary expenditure for equipment; 4th, That the sum of \$1,000 be appropriated for salary of Clerk and Superintendent of Sewerage for the current year.

Article 4. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$10,000 to be used for installing service connections to the sewerage system. The Finance Committee recommend that this amount be appropriated.

Article 5. To see if the Town will vote to appropriate the sum of \$2,500 for the purchase of office equipment, supplies, tools and general maintenance and operating expenses of the Sewer Depart-

ment. The Finance Committee recommend the sum of \$1,100 to be used for the following purposes:

Electric Current and Incidentals	\$400.00
Printing, stationery, etc.	150.00
Lawn Mower, Hose and Other Tools for Disposal	
Plant and Pumping Station	50.00
Caretaker's pay at Disposal Plant	500.00
	\$1,100.00

Article 6. In regard to an appropriation of \$500 or some other amount, to defray cost of plumbing inspection for the remainder of the current year; the Finance Committee recommend that \$500 be appropriated.

Article 7. In regard to an appropriation of \$500 for the use of the Public Health Department to purchase and erect a steel wire fence around the Public Dump. The Finance Committee recommend that \$500 be appropriated.

Article 8. In regard to the appropriation of the sum of \$549.70 for the purpose of providing a safe with adequate fire protection for the records of the Assessor's office, the Finance Committee recommend that this amount be appropriated.

Article 9 and 10. In regard to the proportionate costs and payment for system of Sewerage disposal, the Finance Committee recommend that three-eighths of the cost be borne by the town and five-eighths by the abutters, which will amount to \$1.63 per front foot.

H. H. YOUNG, Secretary.

TOWN ACCOUNTANT'S REPORT

To the Board of Selectmen:

Gentlemen:—

I submit herewith the annual report of the Town Accountant for the year ending December 31, 1929.

During the year I have examined the books of the Tax Collector and of the Water Registrar and sent notices to all delinquents; checked the amount of cash in the hands of the Treasurer, and verified the bonds and cash of the Cemetery Perpetual Care Funds and the Rafferty Watering Trough Fund.

The State Auditors were in Maynard from November 12, 1929 to January 1, 1930, making a complete audit of the books of all departments.

There has been a ruling by the State Director of Accounts that the Town must be asked to vote upon the disposal of any unexpended balances of special appropriations, whether to transfer same to surplus revenue or appropriate the amount for some special purpose. Prior to this ruling, the Town Accountant has transferred these balances to surplus revenue at the end of each year.

The State Auditors, while here, separated receipts for the sale of lots and graves from other Cemetery receipts and made a new fund called "Cemetery Receipts for Sale of Lots and Graves." This account is to be built up from the proceeds of such sales and only used to purchase new land for cemetery purposes.

The premium received from the Sewer Loan is also shown as a separate account and the expense of placing the loan is charged against this account. The balance of the premium is to be used as part of the first payment on the loan.

In June, 1929, the Tax Collector's office was burglarized and approximately eight hundred dollars in cash taken.

This amount is included in uncollected taxes on my balance sheet of December 31, 1929.

The Collector has during the month of January, 1930, made good the amount taken by paying same to the Town Treasurer.

Respectfully submitted,

C. A. STOCKBRIDGE,

Town Accountant.

Appropriations and Expenditures for 1929 and Amount Requested for 1930

	Appropriated For 1929	Expended For 1929	Unexpended Balance	Requested For 1930
Moderator	\$25.00	\$25.00		\$25.00

The Maturing Debt which is not included in the above items amounted to \$14,000.00 for the year 1929. For the year 1930 this item will be \$19,000.00.

STATEMENT OF SPECIAL APPROPRIATIONS FOR
Paper Mill Bridge—Paper Mill Bridge Approaches—
Russell's Bridge

Paper Mill Bridge

Expended in 1928		\$34,747.73
Expended in 1929		5,483.01
		\$40,230.74
Total Expenditures		
Received from State	\$13,346.76	
Received from County	13,362.13	
		26,708.89
Cost to Town		13,521.85
Unexpended balance of appropriation		2,478.15
		\$16,000.00
	<i>Paper Mill Bridge Approaches</i>	
Total Cost		\$7,563.89
Received from State	\$2,521.29	
Received from County	2,505.93	
		5,027.22
Cost to Town		2,536.67
Unexpended balance of appropriation		63.33
Appropriated by Town		\$2,600.00

Russell's Bridge

Total Cost		\$15,281.02
Received from Town of Stow	\$1,910.13	
Received from County	2,900.00	
	<hr/>	4,810.13
Cost to Town		10,470.89
Appropriated by Town		10,000.00
		<hr/>
Overdrawn		\$470.89

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, February 10, 1930 next, at 6 o'clock A. M. Then and there to act on the following Articles:

Article 1. To choose by the Australian system of balloting the following Town Officers: Three Selectmen, One Town Clerk, One Town Treasurer, One Moderator, One Tax Collector, One Tree Warden, Three Constables, each for One Year; Two members of Board of Health, One for Two Years, and One for Three Years; One member of School Committee, One Water Commissioner, One member of Board of Public Welfare, One Trustee of Public Library, One Assessor, One Cemetery Commissioner, Two Trustees of Soldiers Memorial, each for Three Years; Three Sewer Commissioners, One for One Year, One for Two Years, and One for Three Years; and all other Town Officers to be chosen at said meeting.

For the purpose specified in this article, the polls will be open after the reading of the Warrant and will remain open until FOUR O'CLOCK in the afternoon when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will authorize the Treasurer with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1st, 1930, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town therefor, payable within one year from the dates thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-ninth day of January in the year of our Lord, one thousand nine hundred and thirty.

WILLIAM O. STROUT,
EDWIN CARLTON,
P. J. SCHNAIR,

Selectmen of Maynard.

REPORT OF FIRE ENGINEERS

To the Board of Selectmen:

Gentlemen:—

The report of the Fire Department for the year ending December 31, 1929 is herewith submitted. This year 75 calls have been answered by the department. 23 bell alarms and 52 telephone calls for brush, grass, chimneys, autos, etc. The fire loss for the year, considering the number of calls, has been very low, and we hope with the help of the citizens of Maynard our losses will be still lower next year.

Appropriation 1929		\$8,000.00
Expended	\$7,911.03	
Unexpended	88.97	

FRANK E. PARKS
 J. WOLLERSCHIED

Signals

- 1-1 Test blows at 12.10 P. M.
- 2-2-1 Brush Fire Call
- 1-1 After a fire indicates that the fire is all out.

Storm Signals for the Schools

- Three Blasts for first six grades, five blasts for entire system. Blown at 7.30 and 11.30.
- Three blasts at 6.30 P. M. for Evening School.

Instructions for giving Fire Alarms

Alarms should be given from the box nearest the fire. On each box there is a small box with a glass door that holds a key. Break the glass, take the key, unlock the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

TOWN OF MAYNARD, MASS.

Meeting of the School Committee, January 13, 1930.

VOTED, That the Annual Report of the Superintendent for the year 1929 be accepted and published as the report of the School Committee.

School Committee { JAMES J. HILFERTY, *Chairman*
E. J. FLAHERTY, M. D.
REV. EASON CROSS

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Maynard:

I am pleased to submit my second annual report as Superintendent of Schools, the twenty-sixth in the series of such reports.

With this I transmit to you the reports of the other executive and supervisory officers, together with the tabulation of the usual School Statistics, all of which merit your thoughtful attention.

Work of the Year

A careful diagnosis of the scores made in the standard achievement tests, which were given last June in the fundamental subjects, shows good results in reading in general, though the rate of reading was too slow in some schools and the average scores in comprehension were below standard in a few rooms. In general our pupils read with very good oral expression, but many can not read *silently* and *rapidly* glean the thought from the printed page; and more than 90 per cent of all the reading one does today, the best educators tell us, is just that sort of reading, either for pleasure or to gain information. Judging from the scores made, evidently this is the type of reading that a few of our teachers need to stress a little more in their drill in reading. I do not mean that they should slight, however, the matter of oral reading. Normal or high scores resulted in most rooms in spelling, in the four fundamental processes in arithmetic, in composition and the rate of writing, but the quality of writing was low in a majority of our schools. I am inclined to believe that some of our teachers are perhaps stressing speed in writing at the expense of quality, though possibly we might show greater improvement in this subject should we adopt a different system of teaching writing than the one we are now using.

We have throughout the schools been continuing this year the study looking toward the reorganization or improvement of the present curriculum used in the elementary schools, that we began last year. At the first meeting with the teachers last September I presented all of them, including the High School teachers with a set of twenty problems relating to the curriculum of all schools for them to solve. They have been doing the necessary professional reading, thinking and judging to solve these problems and practically all have returned their solutions, which have been summarized by committees of teachers in each building, co-operating with the different principals. As a result of the solutions of these problems and the summaries of the committees of teachers, we believe we shall be able to draw up a set of principles to guide us in our revision of the curriculum.

The weakest point in our high school work in my opinion is due to the lack of a definite curriculum. Someone has said the first essential of a school is the school plant and its permanent fixtures. To our mind the second essential consists of the courses of study and syllabi, which direct what subjects are to be taught and indicate the emphasis desired. It is impossible to over-emphasize the vital importance of

this essential of the school, as it probably determines very largely how the time and energy of both pupils and teachers shall be spent. We adopted a program of studies for the high school about a year ago showing the different curricula offered in briefest outline. However, the best programs of study, such as are used in leading cities and state systems show in considerable detail the organization and development of the various curricula. They supply guidance to the teacher in most, if not all, of the class room duties to be performed. They are a real handbook and guide to the teacher. They not only indicate the scope to be covered in each subject, but also suggest good methods of procedure and illustrate the results to be obtained. Means of measuring the progress the pupils are making are also indicated.

I am pleased to note that the principal, with the co-operation of the high school teachers, has accepted my suggestion, looking toward the development of the program of studies for the high school, for our approval. This project of the teachers will furnish them needed insight into this administrative responsibility. It will enable them to know the good points and to appreciate the weaknesses of an unsatisfactory curriculum. They will learn to take their due measure of responsibility in the proper modification and constant improvement of the program of studies of the school where they teach. Such a program will be a great aid to the teachers, especially to new teachers or those of little experience, in their endeavor to realize a high degree of success in the attainment of the seven aims or objectives of secondary education.

Grounds, Buildings and Repairs

Most of our school grounds are now in very good condition with the exception of the Dawson property which was added to the Roosevelt playground by purchase this last year. We appreciate very much all the filling, which was left over after laying the sewers near there, that the Superintendent of Streets, Mr. Driscoll, with the approval of the Selectmen has had dumped there. This will reduce considerably the cost of grading and improvement of the same and the latter should be done if possible this next spring or summer, since the present playground is entirely inadequate for a school of about five hundred and ten pupils. The erection of the chain fence between the Roosevelt School and the Smith property is surely appreciated exceedingly by all the teachers as well as by Mrs. Smith, who had put up for some time with the harmful trespassing of the pupils on her property.

We are again very grateful to the Maynard Woman's Club for the planting of shrubs and evergreen bushes at the Main St. School as well as to the janitor there, Mr. Hilferty, for his great interest in caring for the same and the planting of several flower gardens, including an excellent rock garden. If we can only have the lawn in front of the Roosevelt School improved in a similar way this spring and summer, then all our buildings, which are on the main streets that lead directly into the town will present a much more beautiful appearance to the stranger passing through, as well as to all our own

citizens. We are also indebted to the Woman's Club for the placing of the sun dial on the Junior High grounds last summer.

Recently we have built a new porch over the back door at the Bancroft School, much wider and above the basement windows to replace the one formerly above the first story windows, the shingles and roof of which were gone beyond repair. This new porch will furnish real protection to the pupils in stormy weather and from sliding snow or ice. Furthermore, the old porch cut out most of the valuable light from the rear windows of one of the class-rooms at the back of the building. Also at the Bancroft School there was one room, that of Miss White, which had non-adjustable irons on the desks and seats of the pupils, the only room in town so equipped. This fault has been corrected by changing the same for adjustable irons.

At the Roosevelt School it was found that all the grates in one of the boilers had to be renewed at a cost of nearly \$200. Therefore the Committee after very careful investigation in several other places decided it would be wise to save that \$200 toward the installation of an oil burner in that boiler as an experiment, believing we could save much money on fuel by so doing, since there are usually two or three months every fall and the same every spring when a fire is needed in one boiler only three or four hours a day. Besides, we believe by using the oil burner only two to four hours per day as a "booster", but the coal burning boiler steadily, during about three months during the winter we can also save much fuel. The burner was installed and fired for the first time December 28th and it is interesting to note that in the two weeks since, the oil burner has been operated only about an average of one hour per day in the morning.

Due to an oversight on the part of the architect, when the Junior High School and Auditorium were built, there was no gate placed on the main steam pipe nor valves on the two returns between the above buildings, with the result that it has not been possible in the past to heat just the Auditorium, without also heating the whole Junior High School. This fault was corrected as authorized by the Committee this fall, the contract calling for an expenditure of \$200.

The Senior High School, Bancroft Street and Main Street buildings were all repointed, wherever any mortar had fallen out between either bricks or stonework, and also all window frames were recaulked to keep out winds and storm, as per contract authorized by the Committee calling for \$745. Besides, minor repairs were made to the slate roof at the Bancroft School, the roof flashing at the Junior High School and to the flagpole at the Main Street School as instructed by the Committee. A new book closet has been built at the Junior High School, the Senior High, and two at the Roosevelt School as well as considerable increased shelving provided in several other closets of the two latter schools.

Further minor repairs were again made to the old worn out heating plants at the Bancroft and Main Street Schools this last summer. The Bancroft School has four old hot air furnaces and one boiler, the Main Street School has three old hot air furnaces and one

boiler, whereas one new modern heating unit in each building would reduce the cost of operation and maintenance greatly and heat and ventilate these two buildings much more efficiently. I believe this major repair or rather improvement should be provided for this next summer if possible.

Water is seeping into the northwest corner of the basement of the Junior High School and this major repair should also be provided for shortly, or possibly great damage might happen to that building, such as settling.

Health Supervision

A study of the "Health Supervision Summary", as compared with that of last year shows good results from the medical examination. The total number of defects found this fall was 1368, whereas the previous year, 2,166 cases were found. This fall, 169 cases are reported as having been treated since last examination, as compared with 218 reported in the "Summary" a year ago. This indicates that many parents are very wisely heeding the notices of the results of the examination sent them and the "follow-up" work of the school nurse.

Of course much good must have been obtained from this medical attention, but the percentage of cases treated should have been much larger. The physical welfare of our children should be the first care of every thoughtful parent. I am especially interested to note that many pupils were treated for the following defects; defective vision, carious teeth, enlarged tonsils and adenoids, since these defects are especially harmful to the physical and educational growth of our boys and girls. We plan soon to establish a dental clinic or to employ a dental hygienist to work in our schools on the teeth of those pupils whose parents cannot afford to send them to their family dentist. I recommend that all read thoughtfully the report of the School Physician and School Nurse.

The local Red Cross Organization through its chairman, Mrs. W. F. Litchfield, expended \$92.53 last year to provide a half-pint bottle of milk daily to about twenty-five children. We are again this year indebted to the local Red Cross for furnishing twenty bottles of milk daily to as many underweight children, who could not otherwise afford to have the same. We appreciate this co-operation exceedingly.

Special Classes

In our schools there are many pupils who have not progressed in school as rapidly as most children of similar age. This is due to possibly different reasons as:

1. Some have not developed mentally at the normal rate.
2. Others began school later in life.
3. Others have been retarded due to illness.
4. Others have been retarded due to some physical defect.
5. Some have had so many other interests outside the school

that they have no ambition or strength left to do good school work.

6. Others have failed to lay the foundation in previous grades to do well the work of the present grade.

These pupils need special help if they are to succeed, no matter what the cause.

The following law in regard to children of retarded mental development became effective on July 1, 1919.

"The school committee of every town shall annually ascertain, under regulations prescribed by the department and the commissioner of mental diseases, the number of children three years or more retarded in mental development in attendance upon its public schools, or of school age and resident therein. At the beginning of each school year, the committee of every town where there are ten or more such children shall establish special classes for their instruction according to their mental attainments, under regulations prescribed by the department."

This examination was made in our schools last spring by Dr. Wellington from the state hospital at Grafton and the report on the same received this fall, shows we have 12 children of twelve years of age or less, that should be in a special class. This class has not yet been organized.

It is not becoming for the school department, to whom is entrusted the correct training of our youth, to be a none-observer of the law. However, compliance with the law is not the important question, but rather, are we giving these children a square deal? They are not able to do the work of the grade they are in and we are only educating these boys and girls to expect failure. The only bright outlook they have is the time when the compulsory school law no longer holds them to their unpleasant and in many cases non-educatable tasks, but permits them to pass out of the schools. But what can they do? Many of them have very little usable knowledge of the three R's and no practical training. Their whole school experience has taught them that they cannot do anything and do it right. Of course the above probably is true of only the worst cases, but there are sufficient of these to deserve our serious consideration.

If these children could be placed in a small group with a special teacher, she might consider only their individual needs, give them only the instruction they could master and some training in practical handwork also. Such training would make them feel the consciousness of success and as an excellent law intends, it would help them to become more useful citizens.

Attendance

The percent of attendance 95.36 for all schools for last year is an excellent record when we recall that we had a very severe epidemic of colds and influenza for a month or more just about a year ago at this time. Last year we had a total of 1,053 cases of tardinesses or just a few more than during the previous year. This record of tardinesses should be reduced by several hundred if we are to succeed in training our boys and girls in the habit of punctuality. We are

this year making a particular drive to this end, by furnishing each teacher an "Attendance Report Summary" for each month, so that he or she may post the same in a conspicuous place in his or her room, and appeal to the spirit of rivalry in his pupils to beat the record of other schools. I believe this will aid considerably if the teachers make the best use of it possible.

Teachers

We lost through resignation last spring and this fall three teachers in the High School and five teachers in the Elementary Schools, who had given very satisfactory service. Of those resigning this fall I would make special mention of one, Miss Alice Nagle, who retired at Thanksgiving time, since by so doing she would receive a larger pension than if she continued to teach longer. Miss Nagle, a kindly, patient and very successful teacher, dearly beloved by her pupils in grade one at the Main Street School has rendered splendid service to the town and state for forty-five years. She retires with the highest regards and best wishes from all her associates as well as from myself and the School Committee.

Due to a smaller enrollment in the two first grades at the Bancroft School this fall, by transferring a few pupils to both the Roosevelt and Main Street Schools and the remainder to Miss Blodgett's room at the Bancroft School, we were able to transfer Miss Irene Wood from the Bancroft School to take Miss Nagle's place at Main Street, thus getting along with one less elementary teacher. This also made it possible to do away with the having of two grades at Bancroft on half time as they had been for several years past.

Our new teachers are teaching and managing their schools successfully and our other teachers are giving the same high type of service as they have in the past. None of them is perfect, few of us are, but with strong backing that we feel justified in expecting from all school officials and parents and from the citizens in general, we hope to produce very satisfactory results.

Evening School at High School Building

Summary for School Year Nov. 5, 1928 to April 11, 1929

Total enrollment 69; membership at close of year 38; average attendance 34.88; number of certificates 36; number of sessions 60.

Nationality

Finnish 38; Italian 4; Lithuanian 1; Polish 15; Russian 4; Swedish 1; other Americans 6.

Number illiterates	0
Number receiving first papers during school year.....	2
Number granted citizenship papers.....	0

	<i>Men</i>	<i>Women</i>
Number minors	8	3
Number between 21-25 yrs. inclusive	6	0
Number between 26-35 yrs. inclusive	16	11
Number over 35	15	10

Teachers

Beginners Class, Miss Patricia M. Higgins.
Intermediate Class, Miss Catherine G. Finn.
Advanced Class, Miss Marion E. Blodgett.
Citizenship Class, Mrs. Hilda L. Kotila.

The Evening School which started November 4th, 1929 for this year has been slightly larger than last fall, having an average membership of forty-seven students, due largely I believe to the splendid co-operation we have been receiving from the officers at the mill. The administrative officers at the mill have seen that some foreman has visited the school almost every evening to show their interest in those attending. This year we organized only three classes; a beginners class, intermediate class and an advanced or citizenship class. All the students are apparently much interested in the work they are doing and are making excellent progress. They are deserving of much credit for attending three nights a week after laboring all day in home, mill or factory.

On the evening of December 4th we organized a class for adult women in domestic arts or home making, which has met from seven to nine on Thursday evenings since. To date the average attendance has been thirty-eight students. On one evening there were sixty-seven women present. The teacher for this course has been Miss Beatrice Arrand, who teaches domestic arts to the girls in the Junior High School every Thursday. She is a young woman in her third year at Framingham Normal School and the teaching she has done for us constitutes her practice teaching. She is of excellent personality and has done splendidly for a beginning teacher.

Recently we have received requests from about forty young men and women of the town, who work in the mill, to furnish them courses in high school subjects. These people have all received at least an elementary school education or better but desire the opportunity of further training in high school subjects through evening school attendance. The cost of organizing evening high school classes for such a group would be very little compared to the great benefit received by those, who now realize the serious need of further training and are truly ambitious to overcome their lack of preparation in order to make the most of their life. Since the building is already heated and the janitor and supervisor are on duty on account of the classes in Americanization, the only additional expense would be for three or four teachers, the light for three or four more classrooms and possibly for the purchase of a few more textbooks.

The School Committee feel that the town can well afford to provide this service since it would not only be of such benefit to the individuals enrolled but also indirectly of much benefit to the community as a whole. Therefore they have approved of \$400 in the school budget to provide for twelve weeks of Evening High School, three nights each week and trust that the voters of the town as well as the Finance Committee will approve of this very worthy project.

In closing, I wish to thank the Committee for their advice and loyal support, the teachers, parents and pupils, and also all other town officials or committees who have so heartily co-operated in the interests of the schools.

Respectfully submitted,

C. H. WALKER,
Superintendent of Schools.

Maynard, Mass., January 17, 1930.

REPORT OF HIGH SCHOOL PRINCIPAL

Maynard, Massachusetts.
December 31, 1929.

Mr. Charles H. Walker,
Superintendent of Schools,
Maynard, Massachusetts.

Dear Mr. Walker:

I am submitting this paper as my Second Annual Report as Principal of the Maynard High School. The questions and answers included are ones in which I believe the public and officials are interested.

ENROLLMENT

How large is the Maynard High School?	404 pupils.
Are there many more girls than boys? No, the division is equal.	
Did many drop out during the Fall term?	Only 12.
How many in school a year ago?	367.
How many are expected next Fall?	About 440.
How many seats in the Auditorium?	424.

GRADUATES

How many graduated last June?	60 pupils.
How many will graduate next June?	About 70.
To what higher institutions did you send pupils?	
B. U., Marquette, B. C., Regis, M. A. C., Tufts, Maine, Simmons, Bridgewater, and Fitchburg.	
How are they getting along? Reports received are very satisfactory.	
Where else did graduates go? To Mass. General and St. Vincent's hospitals, and to Bryant-Stratton, Burdett, and Bentley Commercial Schools.	

ATTENDANCE

Is attendance good? Yes; the average for last year was 95%.
Isn't there a great deal of tardiness? An average of about one per pupil per year.
By what are the school clocks set? They are a few seconds behind the mill whistle.
What is the chief cause of tardiness? Staying in bed after seven o'clock.

STUDY AND MARKS

How much outside study is expected? Two hours a day.
Can't some pupils get all the work done in school time? No.
But my son says that he does it! Does the report card look so?
How many marks were given out on the last reports?
1,748 outside of Drawing.

What proportion of each letter? $9\frac{1}{2}\%$ A's, 29% B's, $35\frac{1}{2}\%$ C's, 18% D's, and 8% F's.

Is this a normal distribution? Marks are a little higher than might normally be expected.

ORGANIZATION

How much time is allowed each pupil for Music? 2 periods a week.

How does this compare with last year? Twice as much.

And with previous years? Four times as much.

How often does each pupil go to Gymnasium? Twice a week.

How does this compare with last year? Twice as much.

How often do you have an Assembly? Once a week.

Do you drop class work for these activities? No; there is no interruption with our present program.

LIBRARY

How many books in the school library? About 400.

How many books were obtained this year? About 100.

Are the books catalogued? Yes; this has just been done.

Are more books needed? Yes; there should be additions annually.

How is the library supervised? Usually by teachers.

Is supervision by pupils practicable? Generally not.

DETENTION

Do you have the "detention system"? No; not as it is generally understood.

Why was it given up? Better results could be obtained without it.

Are pupils called back in the afternoon? Yes; at times for special help, and occasionally for discipline.

DUTIES OF TEACHERS

What duties do teachers have outside of the classroom?

Vice Principal	Mr. Reardon
Dean of Girls	Miss Butterworth
Senior Class Advisor	Miss Finn
Junior Class Advisor	Miss Teehan
Sophomore Class Advisor	Miss Cleary
Freshman Class Advisor	Miss Butterworth
Coach of Major Sports	Mr. Lent
Assistant Coach	Mr. Lerer
Coach of Girls' Basketball	Mr. Rupprecht
Coach of Field Hockey	Miss Finn
Athletic Association	Mr. Lent
Dramatic Club	Miss Sheldrick
French Club	Miss Desy
Orchestra and Glee Club	Miss Loveley
Librarian	Miss Sheldrick
Supply Room	Mr. Lerer

CLERICAL WORK

Does the Principal supervise sufficiently? No.

Why not? Because of a great amount of necessary clerical work.

How can the situation be corrected? By hiring clerical help.

But that costs money! Yes; but you are paying too high for it when the Principal does it.

How much help is needed? A minimum of five hours a day.

How is this handled in other schools of this size? By a full time clerk in most of them.

In the others? By a part time clerk, or commercial pupils, or both.

Is the Maynard situation duplicated anywhere? I believe not in any school as large as this.

The following is a summary of the cash accounts of high school organizations under control of the Principal for the year 1929.

Account	Balance Dec. 31, 1928	Receipts 1929	Total	Expenditures 1929	Balance Dec. 31, 1929
Class of 1930	\$110.57	\$ 466.98	\$ 577.55	\$ 435.59	\$141.96
Class of 1931	40.20	508.09	548.29	424.23	124.06
Class of 1932	11.60	12.00	23.60	13.35	10.25
Athletic Ass'n	272.85	1,215.59	1,488.44	1,387.75	100.69
A. A. Special	33.30	99.39	132.69	99.39	33.30
Screech Owl	53.00	640.95	693.95	589.32	104.63
Dramatic Club	5.00	103.83	108.83	67.00	41.83
French Club	1.18	32.00	33.18	31.18	2.00
Musical Clubs	.35	37.10	37.45	34.85	2.60
Library Fund	25.00		25.00		25.00
Town of Maynard		65.00	65.00	65.00	
Miscellaneous	5.29	84.10	89.39	70.69	18.70
Totals	\$558.34	\$3,265.03	\$3,823.37	\$3,218.35	\$605.02

CONCLUSION

Where can more high school information be secured?

From the Principal, by whom this report is

Respectfully submitted,

FLAVEL M. GIFFORD,
Principal of High School.

*Maynard High School*GRADUATION EXERCISES
OF THE

Class of 1929

Colonial Hall, Maynard, Mass.

Thursday Evening, June Twenty-Seventh
at eight o'clock

Program

- "MARCHE MILITAIRE" *Schubert*
Orchestra
- ADDRESS OF WELCOME
Waino Sjoblom
- ESSAY—"FLORENCE NIGHTINGALE - THE ANGEL OF THE CRIMEA"
Madeline Smith
- "SWEET GENEVIEVE" *Tucker*
Chorus
- ESSAY—"BOOKS"
Laura Grondahl
- ESSAY—"CONCORD AND ITS LITERARY ASSOCIATIONS"
Virginia Lawson
- SELECTIONS
(a) "CARMENA" *Wilson*
(b) "ORANGES AND LEMONS" *English Folk-Song*
Girls' Glee Club
- ESSAY—"I STILL LEARN"
Irma Wirta
- PRESENTATION OF CLASS GIFT
Arvi Ketola
- ACCEPTANCE
Walter Brayden
- SELECTIONS from "THE BOHEMIAN GIRL" *Balfe*
Orchestra
- VALEDICTORY
Jane Boicourt
- CONFERRING OF DIPLOMAS
Charles H. Walker
(Superintendent of Schools)
- "SONG OF FAREWELL" *Kountz*
Chorus

THE GRADUATES

Class Colors:

Purple and Silver

Class Flower:

American Beauty Rose

REPORT OF PRINCIPAL OF JUNIOR HIGH SCHOOL

Mr. Charles H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

I herewith submit my third annual report. The Junior High School is a city born institution but it is at the same time the spiritual descendent of "the little red school-house". As the one room school of the pioneer settlement bravely attempted to bring to all the children of the neighborhood the rudiments of education, so the Junior High School in a later age with widely differing needs and greatly enlarged facilities maintains the tradition of education for all. This is the guiding principle of its organization and the chief determinant of its procedures.

Every child is important to himself, to his parents and to the community which organizes the schools for his welfare. Within the school a teacher is successful to the extent that each of these individuals advances in knowledge and develops in character as a result of her influence. To secure the first result in addition to expert teaching, constant analysis of individual difficulties is necessary; to insure the second, sympathetic understanding of individual temperaments is essential with the establishment of appropriate motives and stimulations to action. To create school room conditions under which three hundred and thirty boys and girls will grow and improve is a difficult and challenging requirement.

The greatest help that we have in helping a pupil adjust himself is departmentalization. During one day a pupil meets seven different teachers. He thus enters into active acquaintance with many teacher-leaders and there are greater possibilities of his being personally awakened or inspired than would be the case if he spent his day with a teacher to whom he might be unresponsive.

Junior High School years constitute a crucial period in the educational progress of boys and girls. The broadening scope of contacts and activities outside of school which is the natural accompaniment of the emergence from childhood to boyhood and girlhood competes in interest with the work of the classroom and wins in an unequal struggle if the work is meager in content and the essential differences in the learning processes of the individual child are not met. We are making an effort to meet these recognized differences through ability grouping. The ideal situation would be to have brighter groups of about thirty-five pupils in membership and the slower groups of not more than twenty-five pupils in membership. Because of the large enrollment and the number of rooms this situation can not be attained. We do, however, make up ability groups basing them on bi-monthly scholastic standing. The teachers modify their lesson procedures for different classes in their schedule. The same curriculum is studied by all pupils but at varying rates of accomplishment.

The content of courses of study for dull pupils in Junior High School subjects needs analysis by the teacher to determine what phases will yield immediate results in terms of new thoughts, new words and new mental pictures. The chief aim is to open vistas of thought and imagination and to create some little glow of mental activity today even if it fades tomorrow. By a lively and sympathetic presentation and understanding of their abilities, unconjectured channels of association and personal development may be opened. Dull pupils have no standard of excellence in their own minds with reference to their work and are easily discouraged. A goal as objective as possible is highly desirable. Dull pupils have been criticized too much and commended too little throughout their school experience.

The teacher of bright pupils should make an effort to secure for these children development in accordance with their powers rather than accomplishment in accordance with school standards for the average. She should be concerned with the direction of an exuberant mental activity. She must present pictures, readings, diagrams, models, films and records which serve as a stimuli to contributory investigations and to creative effort. High ideals of real accomplishment must be developed and pursued with scholarly thoroughness. The greatest individuality consistent with accomplishment should be encouraged.

By a rearrangement of schedule each pupil has two periods per week in which he may do special work, under supervision in any subject. The following report shows the number of copies of each text on hand and the number of pupils using the same.

Name	Grade	Subject	No. of Pupils a day in given subject	No. of Copies of text
Miss Wilder	8	Arithmetic	160	96
	7	Arithmetic	86	48
Mr. Sullivan	8	Geography	79	48
	7	Geography	181	48
Miss Nay	8	Geography	81	48
	7	Arithmetic	95	48
	7	Spelling	86	46
	8	Civics	81	90
Miss McCarn	8	English	160	94
	8	Literature	160	47
	8	Spelling	89	48
Miss Quinlan	8	History	160	98
	7	History	81	49
Mrs. Tucker	8	Hygiene	116	45
	8	Spelling	35	47

Miss Ployart	7	History	94	96
	8	Hygiene	44	46
	7	Hygiene	95	48
	7	Spelling	47	48
Mrs. Coughlan	7	English	181	96
	7	Literature	181	96
	7	Spelling	84	51

While this is far from ideal it is an improvement over the situation which prevailed for three years when one book was used by seven different pupils in one day.

Current Events is a required subject in the curriculum. The pupils pay for the papers.

As a result of the co-operation of the townspeople during a recent sale of subscriptions to magazines I was able to purchase a radio for use of the pupils in assembly programs and for music appreciation lessons. On stormy days and whenever the auditorium is not in use the children have the privilege of listening to it.

I am taking this opportunity of thanking you, the School Committee, Supervisors and my teachers for their co-operation and support during the past year.

Respectfully submitted,

MARY A. DOYLE, Principal.

REPORT OF PRINCIPAL OF ROOSEVELT SCHOOL

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

I herewith submit to you my report as principal of the Roosevelt School.

The greatest problem before all schools today is the revision of the curriculum. The results of scientific investigation both in the several school subjects and in the psychology of learning have brought to our consideration the vast expansion and increasing complexity of our social and industrial life which have affected civilization in ways not even imagined a decade ago and have placed upon the school new responsibilities. This has led to an increasing belief that the development of right attitudes and ideals is a fundamental concern in any program of education. Today the curriculum must include moral, aesthetic, social, civic and scientific situations that are vital and appropriate to the ages and experiences of the pupils.

All this you have brought to our attention and according to the procedure of leading educators of the day have asked us to work out on the co-operative plan the program best suited to our particular schools. In this work I can assure you of the interest and the co-operation of every teacher in the Roosevelt School. As a result of the general conference on English and Mathematics held early last year we have already adopted the suggestions of the different committees and put into action our theories in regard to these subjects. Much of the arithmetic previously taught in the first three grades has been eliminated and more work in Language and Reading assigned. The arithmetic work eliminated is thereby delegated to the upper three grades, where pupils on account of the extra work in Language and Reading in the primary group will, we hope, be better equipped to interpret the work in mathematics, which teachers now find so difficult to present to pupils of limited vocabulary and stunted reasoning power.

Your readjustment of the pupils of all classes above the first grades into ability groups is meeting with success. The pupils of greater ability are doing the work of the ordinary curriculum plus a generous enrichment of the program through problem projects and cultural extra curricular activities. For pupils of average ability it means a continuance of the present curriculum adapted to the needs of the average pupil through individualized instruction and a special preparation for this work on the part of the teacher. For backward pupils it means a minimum essential curriculum, more time given to each topic, and much time given to concrete manual activities.

The newer text books are adapted to individualized instruction, which is really the essential way to teach the child of elementary grade if he is to be at all prepared to meet the needs of modern life. While we are grateful for the few of these books we have received,

we are still, in many subjects, laboring under the difficulty of trying to adapt the old style text book to the newer method of teaching.

Although the teachers of this school are divided into three distinct groups, primary, intermediate, and special, we find an overlapping of interests which has brought about much valuable help to one another.

In the primary group, last January, we lost through death a most faithful and conscientious teacher in the person of Miss Julia Long, who had given valuable service to our school and had endeared herself to pupils, parents and teachers alike.

In the special class of sixth grade, the well deserved promotion of Mr. John Provasoli to the principalship of Main Street School left an opening for the very efficient work of Mr. Rikkola who succeeded him. Both this class and the special fifth grade under Miss Mattson are extending the work of manual activities which is solving the question of discipline and bringing about a greater self respect among the pupils of these classes and thereby demanding a greater respect from their fellow pupils in other grades.

Miss Miller and Miss Greany, both excellent teachers, attracted by higher salaries in other places regretfully gave up their work here and were a distinct loss to our school force.

If elementary education is to function to the utmost in the immediate future it must impart to boys and girls desirable recreational interests. The additional land purchased for a playground on the Glendale Street side will be very much appreciated when it is graded and improved. We arrange for lunch of crackers and milk to be purchased by the pupils. From the proceeds of this we will, after spending about \$100 for educational magazines, athletic supplies, and a set of Carpenter's Geographic Travels, have a margin of about \$450. It is our intention, with your approval, to materially help in the equipment of a playground here if the town will appropriate money for the necessary improvements.

Each class is gradually building up its own school room library, adapted to the grade and age of its pupils. These class room libraries are of inestimable value in reinforcing our present day methods of instruction. They stimulate children of varying ranges of mental ability, tend to develop intellectual curiosity and invite the child to share in "Man's greatest university, the world of books." Your method of adding a choice book occasionally to each collection is greatly appreciated by us.

In conclusion I would say that the work of this school is possible only through the untiring efforts and the co-operation and team work of a staff of excellent teachers.

For myself and for my teachers I thank you for your consideration of and courtesy to us at all times and for the vital interest you take in the welfare of the Roosevelt School.

Respectfully submitted,

NELLIE C. MAY, Principal.

REPORT OF PRINCIPAL OF BANCROFT SCHOOL

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

I herewith submit to you my report as principal of the Bancroft Street School.

For the first time in many years this school is running on the same time as are all the other elementary schools in Maynard. To people outside this school district it may not seem a noteworthy event but to the parents and teachers of this school it is something to rejoice over.

Because of over crowded conditions we have had to have two grades in one room every day, each grade coming half a day. This has meant that one room has been occupied continuously from eight o'clock in the morning until four-thirty at night. Only people in close touch with the school system know what bother and confusion is caused by such an arrangement. The parents have had to send their children to school at inconvenient hours, the noon meal has been interrupted, and the children have had a half day to use as fancy dictated. Too much unsupervised free time often leads to mischief but considering everything we have had very little trouble which could be traced to that cause alone. The parents are to be congratulated on the very few absences and tardinesses in the grades coming half a day.

I wish to thank the parents for co-operating with us so loyally during these past years. If it had not been for their support, our work would have been difficult, indeed. Because of a smaller enrollment this fall it became possible to do away with the part time. I am sure I voice the sentiments of my teachers when I say, I sincerely trust that we will never have to resort to part time again.

Two of our teachers, Miss Frances Nagle and Miss Irene Wood were transferred to the Main Street School. They take with them our best wishes for continued success in the work they do so well.

Milk and crackers are sold to the children as usual. Graham crackers are sold three for one cent. That price gives us only a small profit which is added to our school fund. The refund from the milk is also added. The playground equipment and the piano nearly depleted our fund, but it is growing slowly and will allow us to purchase articles not provided by the school department. A portable Victrola was purchased from this fund last spring. The purchase of a Rhythm Band Outfit for use in the lower grades is under consideration. The following magazines were purchased for the teachers' professional library. The Progressive Teacher, Playground, School Arts, Readers' Digest, two Normal Instructors, two Grade Teachers. You furnished us with copies of The Elementary School Journal and The Grade Teacher. These magazines are in constant use and have

proved very helpful. This fund also provides money for parts to replace those missing on the slide and see-saws.

We are fortunate in having such a large playground. It is not only a school playground but it is a community playground. The children in this district have a safe place in which to play during the day and evening. The playground is in constant use. Groups of girls and boys of all ages may be found there at all seasons, which is as it should be. Coasting, football and baseball is enjoyed in the seasons for such sports. At all times the see-saws are in use and the slide gives pleasure to many a small child. However, much damage is done not only to the slide and see-saws but to the school building by a group of older boys who do not appreciate the great privileges they enjoy. The see-saws are used so much and in so rough a manner that they are continually in need of repair. The slide was broken and had to be removed from the playground. Mr. Dunham is repairing it and we hope to put it back on the playground in the spring. I wish to state here that without Mr. Dunham's repair work on the slide and see-saws they would have disappeared from the playground long ago. He repairs them efficiently and cheerfully, his only compensation being the delight of the small girls and boys when the apparatus reappears on the grounds as good as new.

My teachers join me in thanking him, not only for this work, but for his many kind acts to us and our pupils.

I would suggest that a plan be formed whereby some police protection could be provided for the playground during the long evenings in the spring and summer months.

I would also suggest that a drinking fountain be installed on the playground. It is certainly needed after school, on Saturdays and during the summer.

This year for the first time all grades above the first are divided into ability groups. Although it is rather early to pass judgment on the plan, we feel it is a step in the right direction.

I wish to thank my teachers for their helpful suggestions and their cheerful co-operation at all times.

My teachers join me in thanking you for your kindly advice and constructive criticism.

Respectfully submitted,

GRACE M. PERLEY, Principal.

REPORT OF PRINCIPAL OF MAIN ST. SCHOOL

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

I take great pleasure in submitting my first annual report pertaining to the Main Street School.

Aside from regular duties assigned, my chief object, as regards extra curricula activities, is playground work and organized play.

Games and organized play are vital to the correct education of our boys and girls today. They offer an excellent opportunity to give two things that are needed: a conception of the value and necessity of law, and a chance to accomplish, to achieve. They are taught that unless they conform to the rules of the game they are not allowed to play; this knowledge leads them to respect leadership, it is of great influence in self discipline and tends to help them appreciate laws of the state and of life. Organized play also brings out individuality and character, probably more than in any other way. A boy may be judged, with accurate certainty, by the way he plays the game.

We are doing a great deal toward this at our school, chiefly because of the value which is derived, made possible through our spacious grounds, and again because of the group of fine spirited teachers here. I am sure much more could be accomplished if more equipment were available.

Two volley ball courts have been erected since September and the game has been greatly enjoyed. A soccer ball was also purchased and the game has also proven successful. Many other smaller games are played with a great deal of enthusiasm.

I wish to take this opportunity to thank you for favoring me with this appointment and also desire to express my sincere thanks to the teachers, who have always been very co-operative and untiring in the tasks assigned to them.

Respectfully submitted,

JOHN D. PROVASOLI, Principal.

REPORT OF SUPERVISOR OF MUSIC

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

It gives me great pleasure to submit to you the following report regarding the work of my department.

The children in the Maynard schools are very much interested in music, both vocal and instrumental.

In the first grades much attention is being given to rhythm. Both free and suggested motions with the phonograph are used. Rhythm Band work has been introduced this year, and makes a strong appeal to the child. Rhythmic sense, well developed, gives the child a better capacity for taking in things, it is melody for his mind and becomes the doorway to ease of manner and control of self consciousness.

America is in the midst of a vigorous change in education, pupils' initiative and self expression are taking the place of the memorization of the text book. Creative education is in the air, and in no subject is this more true than in that of Public School Music.

In the Intermediate grades and Junior High School, pupils are given the opportunity to interpret the words of the song and to give their opinions as to the tempo and expression of the music.

The composing of short songs was begun last year in the third grades and will be continued by both thirds and fourths this year. The children delight in singing these songs of their own composition.

In the Junior High School special attention is being given to the placing of the voices and to the study of the bass clef. Listening lessons are given twice each month, and the lives of the following composers have been studied: John Phillip Sousa, Camille Saint-Saens and Peter Tchaikowsky. The orchestra in this school is composed of nine first violins, four second violins, drums and piano. At the singing of Christmas Carols by the school on December 20th, the orchestra made its first appearance and played most creditably.

The Senior High School has four chorus periods weekly. Unison and part songs are studied. The orchestra in this school is composed of six violins, one saxophone, one trumpet, drums and piano.

In May a concert was given by the members of the Girls' Glee Club and Orchestra and the proceeds of the same were used to purchase a trombone for the school. This instrument has been loaned to a pupil who is at present studying the same.

I recommend that after-school instrumental classes be formed in order that our orchestras may be larger and have a better balance of instruments and also that a band may later be organized. I also recommend that a Course of Music Appreciation be introduced in the Senior High School, the same to be a continuation of that adopted in the Junior High School. The great majority of pupils will be

listeners in the future and not performers, therefore they should be taught to listen intelligently to worth while music.

My thanks are due the members of the School Committee and the Superintendent of Schools for the loyal support they have given me, also to the teachers in the various buildings for their hearty cooperation.

Yours very respectfully,

ETHEL LOVLEY,
Supervisor of Music.

REPORT OF SUPERVISOR OF ART

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

My dear Mr. Walker:

The interest in the art course in the Maynard High School has been greatly increased. This can be seen first, in the large number of students taking the course and secondly in the way they are approaching the subject.

I have had reason to believe that many students thought that everyone had to be gifted with the talent for drawing, but I am sure now, that that statement can be done away with.

As far as I can say now, I think that the drawing is above normal, and this alone was obtained thru good conscientious work on the part of the pupils.

This year we are working on color combinations and principles of design as applied to different phases of life such as commercial and advertising design, wearing apparel, etc.

The students have been instructed in the fact that not only artists and architects use drawing, but that even such persons as doctors, carpenters, engineers and others use it and that drawing, though it may be used in making most things beautiful is also used in the simple art of directing. By that I mean that art is really a language of pictures and not words.

The interest of the Maynard High School students in the subject of art can be easily seen by the work that these boys and girls have done on such material as posters, decorations and the like.

Sincerely,

ANNE P. PASAKARNIS.

REPORT OF SUPERVISOR OF PHYSICAL EDUCATION

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

I have the pleasure of submitting my second annual report as Supervisor of Physical Education in the Public Schools of Maynard.

The pupils in the High School are now devoting two periods a week to Physical Education. The pupils of the Junior High School also devote two periods a week to Physical Education under the direction of Mr. Sullivan, four of the eight classes coming under my direct supervision one day of one week the other four classes one day of the following week. Each class of the grade schools is visited once every two weeks.

As much of the work as possible in the High School is carried on out of doors where games of high origin such as tag football, playground baseball, and soccer are played and as many of the boys and girls as possible are given the opportunity to act as leaders, thus gaining a valuable experience which may help them in later life.

In the gymnasium the work of the boys has been mainly that of marching tactics, calisthenics and basketball, each class being large enough to form a league of from three to five teams. Beginning in the new year however, one period each week will be given to work on the new parallel bars, recently installed, as well as marching and tumbling, the other period to basketball alone.

The gymnasium work of the girls is composed of marching, calisthenics and games such as "captain ball and basketball." Each of the girls' classes also has a basketball league of three to five teams, new captains being chosen at the end of each term in order to give as many as possible an idea of the responsibilities of a leader.

In the Junior High School the work indoors consists of marching, calisthenics and games. Out of doors games such as soccer and dodge-ball are played by the girls in the autumn, and playground ball will be played in the spring. In the autumn the boys play tag football and in the spring they will play baseball and learn the fundamentals of track and field activities. Due to the mixed classes in the Junior High School, it is rather difficult to spend much time on any one activity that will benefit either the boys or girls alone.

In the grade schools also, as much of the work as possible is carried on out of doors where games most suited to the various ages are taught. Indoors the work of the first three grades consists of mimetic exercises, story plays, stunts and games. In the fourth, fifth and sixth grades the children are taught the fundamentals of marching, calisthenics and games. In these upper grades leaders are being trained to take charge of classes. An outline is left with each teacher to be followed during the next two weeks.

I would suggest, if the town at any time in the future concludes

to provide a larger gymnasium, that the present one may be enlarged by moving the showers to another part of the building that is not in great use, removing the wall between the present shower room and gymnasium, moving the present outside wall of the shower room out fifteen or twenty feet and lowering the floor five to ten feet.

I wish to thank the principals and teachers of the grade schools for their hearty co-operation in this work.

I also wish to thank the Superintendent, the Principals of the High School and Junior High School, and Mr. Sullivan for the helpful interest shown in this work.

Respectfully submitted,

GEORGE J. RUPPRECHT,
Supervisor of Physical Education.

REPORT OF SCHOOL PHYSICIAN AND SCHOOL NURSE

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

We wish to submit our report from January 1, 1929 to January 1, 1930.

The method of our school work this year has been much more complete than previously. The applicants for all sports have been examined before allowed to compete, after written permission from the parents.

Defects recorded on physical examinations in previous years have been checked to see what has been corrected by repeated notices sent home to parents.

It has been very pleasant to the staff to see that the children are now approaching us with their troubles and complaints without hesitation. The little ones are giving us real co-operation in every way.

The children, on the average, are improving, they seem to realize that physical defects are a handicap to them. Tonsils, teeth and scalps are still the three major defects and greatest of all is teeth.

Physical education is helping greatly to our needs. The students are receiving excellent training in clean sports and they are showing a much better physical development from this training.

This year every pupil will have a complete examination including the High School.

In comparing data from several schools we feel through co-operation of our school board, teachers and health centers, that our children are being taught the right way of living and the results are showing in our town life.

There have been two full mornings or afternoons a week spent in the schools by the school physician, and an average of four children a day seen at his office.

January 1929 was a month of colds and this epidemic caused the nurse to make much over 100 calls, also very close observation of the children to prevent a rapid contamination to the rest of the children.

March 1929, Dr. Wellington of Grafton State Hospital held a clinic for retarded children.

April 1929, Dr. Martin (State House, Boston) held a re-examination clinic for children having any tuberculosis tendencies.

May 1929, Dr. Hooper held a pre-school clinic at the Roosevelt Bancroft and Main Street Schools for the children about to enter the first grade. This method will again be attempted this year. Nearly all the children entering school had a complete examination.

June 1929, Dr. Fitzgerald of Boston gave a short talk and showed moving pictures on Dental Hygiene to all the grade pupils.

HEALTH SUPERVISION—SUMMARY

Approximate date of examination	Sept. to Jan. 1930
Number of Pupils examined	1,325
Parents present at examination	0

Defects Found by Examiner	No. Cases Found by Examiner	Notices Sent Parents	Cases Treated Since Last Examination
Carious Teeth	698	698	32
Pediculosis	104	104	104
Enlarged Tonsils	294	294	18
Adenoids	5	5	5
Cervical Glands	48	48	
Heart	1	1

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils.

REPORT OF MIDDLESEX COUNTY EXTENSION SERVICE FOR 1929

In boys' and girls' 4-H club work twenty boys and girls were enrolled in the clothing, garden and handicraft clubs. Miss F. V. Nay assisted as a local leader. Zennia Chutorauski competed in the county cotton dress and party dress contest and won second prize. Alexander Balnis, State handicraft champion, was awarded a week at the champions' camp at the Massachusetts Agricultural College. The Maynard club members exhibited their work at the 4-H club rally held at Hudson and were awarded a special ribbon for having a well set-up exhibit.

About forty homemakers carried on the Living-room Improvement program as developed by the Extension Service. These meetings were held in the Maynard High School. This group reported 161 improved practices as a result of this program. A group of Finnish homemakers were interested in the Vegetable Preparation program and this work has been carried on under the local leadership of Mrs. Ina Korpi and Mrs. Victor Kotilla.

In agriculture the work has taken the form largely of making individual farm visits wherever requested. Seven farm visits were made during the year to assist with individual problems.

County-wide meetings in poultry, fruit growing and market gardening have been available to the Maynard people and many attended the county picnic held during the summer at Wayside Inn, Sudbury, Mass.

HONOR ROLL OF PERFECT ATTENDANCE

These Pupils Have Not Been Absent or Tardy During the
School Year 1928-29

High School

Catherine Coughlan, Saimi Keto, Eppa Kivinen, Sirkka Lehtinen, Catherine Salo, William Joyce, Joseph Pieciewicz, George Weaving, Eino Williams, Signe Holt, Ingrid Keto, Helen Vodoklys, Edith Kunelius, George Gutteridge, Mary Howe, Jorma Huhtamaki, Annie Batulin, Rachael Elers, Albert Crowley, Edgar DeWitt, Reino Hietanen, Sidney McCleary, James Mullin, James Sweeney, Walter Paananen, Wasil Yanuskiewicz, Marion Lester, Walter Fairbanks, Eileen Mahoney, Vieno Sneck, Bronislaw Maskiewicz, Ebba Mark, Miriam Tyrko.

Junior High School

Grade VIII: Esther Launola, Beatrice Mason, Raymond DeMars, Raymond Koskela, Ruth Grunwald, Howard Marsden, Hans Wattu, Aino Niemala, Edward Smith, Joseph Trebendis, Tauno Tamminen, Ralph Lent, Dorothy Burnham, Aino Holt, Ruth Heinonen, Sylvia Nyholm, Aune Salo, Toini Williams.

Grade VII: Helen Nyman, Annie Swanson, Waino Laasanen, James Malcolm, Waino Stapel, Joseph Rakiey, Lempi Laakso, Toini Levonius, Tyyne Wattu, George Lehto, Robert White, Veronica Arciszewski, Sophie Bobchik, Sophie Kitowicz, Stella Kochnowicz, Helen Lehto, Julia May, Gertrude Sipola, Bertha Sneck, Gladys Zaporeski.

Roosevelt School

Grade I: Jennie Girdziewski, Oliver Lampila.

Grade II: Helen Lubin, Alice Soroka, Miriam Sarvela.

Grade III: Nettie Chernak, Kenneth Johnson, Alyce Priest.

Grade IV: Helen Dutkowsky, Muriel Lyons, Helen Labowicz, Aili Pietila, Howard Boeske, John Girdziewski, Annie Bobchik, Mary Mikolaczgk.

Grade V: Helen Jokela, Paul Batulin, Frederick Buscemi, Nicholas Kavalchuk, Janet Miller, Meimi Tervo, Raymond Crowley, Mary Bobricky, Elfrieda Dittrich, Annie Kitowicz, Sophie Kulik.

Grade VI: Edwin Salmi, Elizabeth Mahoney, Roberta Marsden, Elizabeth Meriluoto, Helen Weckstrom, Reino Starr, Lyyli

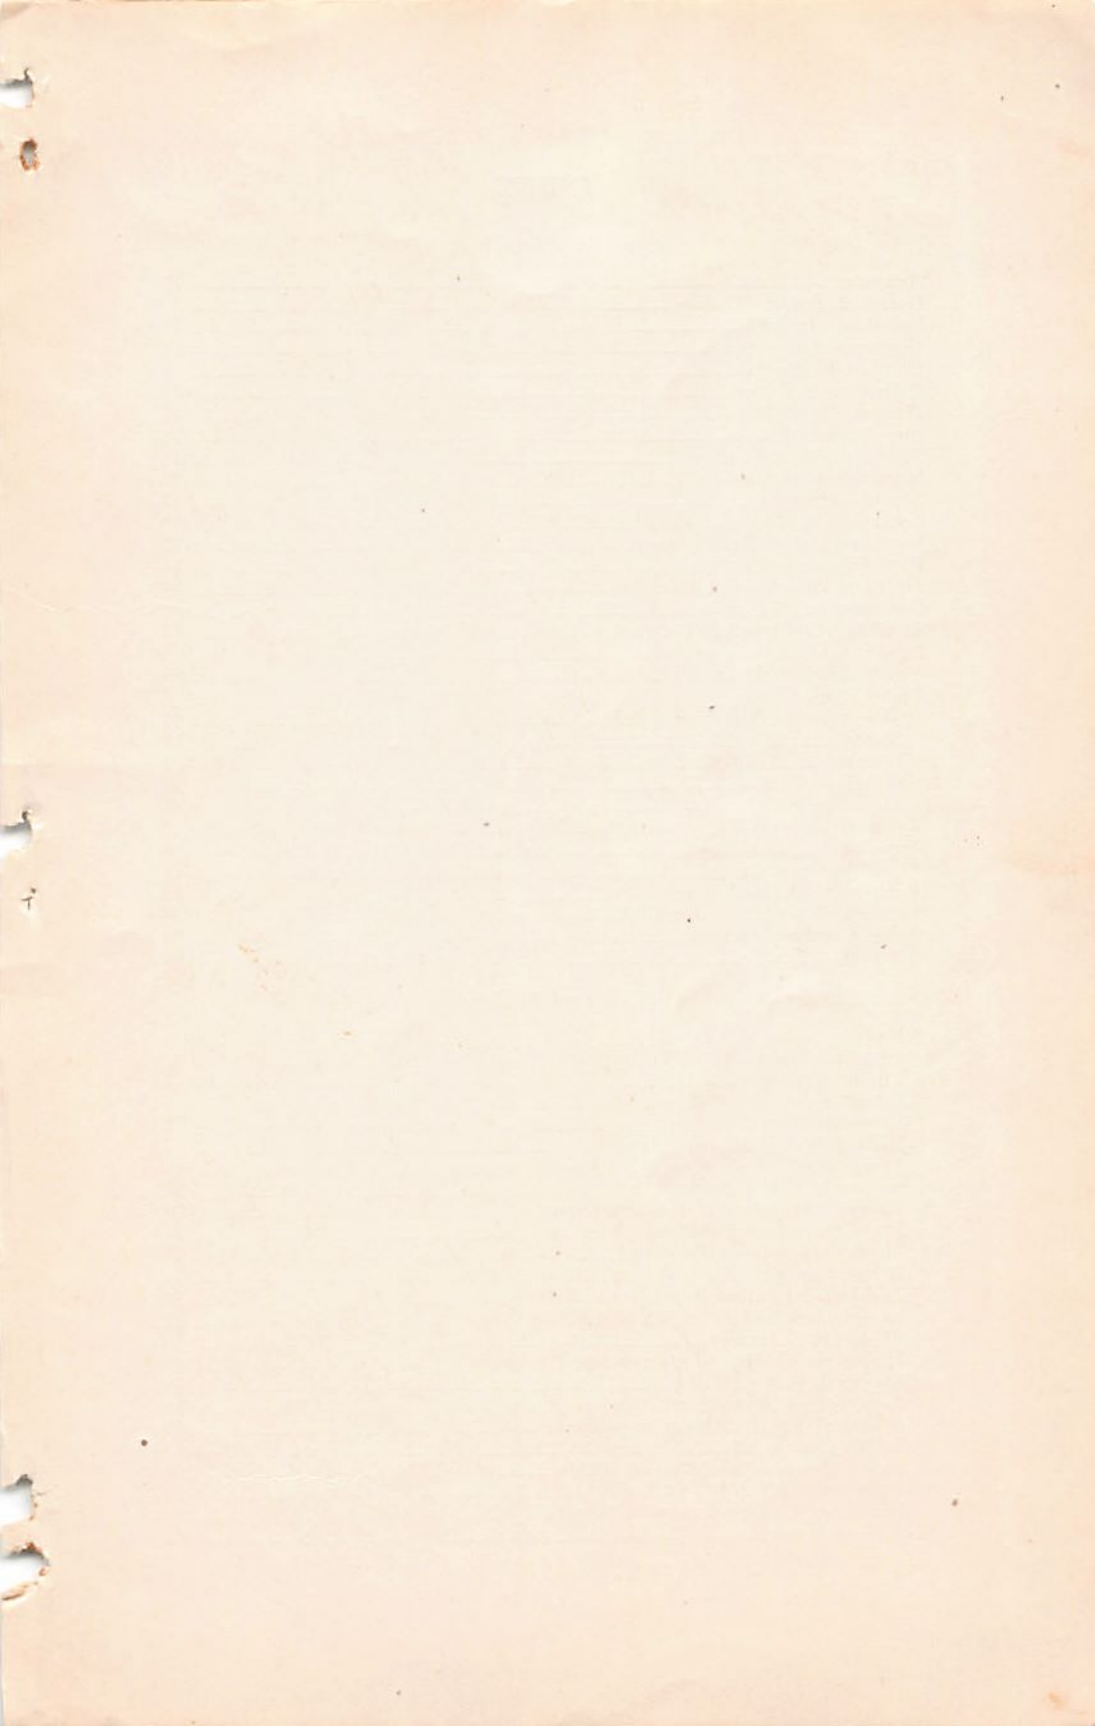

Kempinen, Ruth Lehto, Elvi Nyholm, Toini Niemela, Mary Soroka, Robert Gogolin, Robert Marsden, Charles Sulkala, Elmer Salenius.

Main St. School

- Grade VI: Wilfred Lehtinen, Mary Shymonowicz.
 Grade V: Mamie Chodynisky, Walter Askierka.
 Grade IV: Emily Bygot.
 Grade III: Laura Milewski.
 Grade I: Stanley Jakusik, Stanley Pleskovicz, Helen Arciszewski.

Bancroft School

- Grade I: Russell White.
 Grade II: Doris White, Kalervo Hekkala.
 Grade III: Priscilla Kane, Elizabeth Kiesta, Karin Saarinen, Helen Brayden, Kenneth Jarvinen, Broncia Kurowski, Mary Latva, Anna Lyons, Stella Novicki, Walter Donahue, Robert Katvala, Stanley Stephanowicz, Eino Wattu.
 Grade IV: Erick Johnson, Norman Maki, Walter Stephanowicz, Helvi Karhunen, Alice Kajander, Eleanor Murphy, Dorothy Simila, Mary Zulkiewicz, Marion Hull, William Palmer, Vieno Koski, Mildred Lent, Irma Osmo, Laura Salminen, Evelyn Sawuc.
 Grade V: Joseph Petrowski, Johanna Aho, Irene Crowley, Olga Mark, Marian Terrasi, Laila Wainionpaa.
