§ Appointed

## Selectmen's Report.

---

To the Citizens of Maynard :

It has become a custom during the past few years for the Selectmen, when submitting their annual report, to call the attention of the citizens to the work accomplished, and to actions which in their opinion might be wise for the town to adopt.

Foremost in importance are the Highway and Sidewalk Departments. In following out the lines of permanent construction, much has been accomplished, and at no greater expense than would be the case if slip-shod temporary repairs were attempted.

Great attention has been paid surface drainage. On Nason street by the putting in of four catch basins ; on Parker street by four additional basins, and the laying of a large amount of drainage pipe.

The rebuilding of Summer street was completed and strong guard-rails were erected on either side between the residences of F. U. Rich and Richard Parmenter, and between the Episcopal church and the residence of Mary J. Reed.

The relocation and rebuilding of Concord street was let by contract to John A. Gaffey of Medford. This work was done in accordance with the plans of the County Commissioners, and has resulted in an excellent street with good sidewalks, a condition heretofore unknown to those living on this street.

We regret to say that the Board has met with some trouble in the matter of settlement of damages, which were awarded

by the County Commissioners on both Summer and Concord streets. An opportunity is to be given those dissatisfied to explain their contentions at the April town meeting. At that meeting the citizens will also be given a chance to act in regard to the claim of John H. White, he having entered a claim for damages on account of the taking by the County Commissioners of a portion of his land at the corner of Sudbury and Percival streets.

#### SIDEWALKS.

Notable gains have been made in the matter of permanent sidewalks, a large amount of concrete having been laid principally on Main and Nason streets.

In connection with this the Board wish at this time to call the attention of the citizens to the rules governing the concrete work. Any one, if the work be of sufficient amount to warrant, may, by applying to the Selectmen and agreeing to pay one-half of the cost, have such a sidewalk constructed.

#### STATE ROAD.

By the completion of the improvement on the Acton Road, for which an appropriation of \$1,500 was granted this year, the approaches to the town, with the exception of the Sudbury roads are in good condition. We have petitioned (jointly with Concord, Stow, Sudbury and other towns) the Massachusetts Highway Commission, for a State road to be built at the expense solely by the State, on Summer street from the Sudbury town line to the junction of Summer and Parker streets, thence over the previously constructed Main street to the "Great Road". Then new construction over the Great road to the Stow town line.

## INCIDENTALS.

On account of the growth of the town and the natural increase of the regular items of expense which must be met by this department, we must recommend an increased appropriation for the coming year.

## BROWN TAIL AND GYPSY MOTHS:

Your attention is particularly called to the following abstract of the Statutes regarding the removal of these pests, and to the letter of the Superintendent, Mr. Kirkland, printed herein.

As the limit for individual work in this line expired on January 1st last, and the State required immediate action, we were obliged to ask the town for a special appropriation.

The Tree Warden has charge of this work and should have the earnest co-operation of every right thinking citizen.

Commonwealth of Massachusetts, Office of Superintendent for Suppressing the Gypsy and Brown Tail Moths, 6 Beacon St., Boston, Mass., December 27, 1906.

Chairman Board of Selectmen, Maynard, Mass.

Dear Sir:—By the provisions of Chapter 381, Acts of 1905, we are required to consider the period between January 1st and May 1st, 1907, as one-half year, so far as work against the gypsy and brown tail moth is concerned. On this basis your town will be required to expend during this period \$704.93, and above this sum the State will reimburse it 100 per cent. We hope that the Legislature of 1907 will make a suitable appropriation to enable us to do work through the full calendar year, in which case the above estimate may be materially altered.

In the meantime, until the next Legislature takes action, I shall request you under the provisions of the law to provide for the carrying on of the work against the moth pests up to May 1st to the amount of a sum not exceeding \$704.93.

Kindly advise me what action you have taken in this matter  
and greatly oblige,

Truly yours,

A. H. KIRKLAND,

Superintendent.

SECTIONS 5 AND 6 OF CHAPTER 381, ACTS OF 1905.

**SECTION 5.** When, in the opinion of the superintendent, any city or town is not expending a sufficient amount for the abatement of said nuisance, then the superintendent shall, with the advice and consent of the governor, order such city or town to expend such an amount as the superintendent shall deem necessary: provided, that no city or town where the assessed valuation of real and personal property exceeds six million dollars shall be required to expend during any one full year more than one fifteenth of one per cent. of such valuation, and that no town where the assessed valuation of real and personal property is less than six million dollars shall be required to expend during any one full year more than one twenty-fifth of one per cent. of such valuation. For the purposes of this section the valuation of the year nineteen hundred and four shall be used.

Any city or town failing to comply with the directions of the said superintendent in the performance of said work within the date specified by him shall pay a fine of one hundred dollars a day for failure so to do; said fine to be collected by information brought by the attorney-general in the supreme judicial court for Suffolk county.

**SECTION 6.** The mayor of every city and the selectmen of every town shall, on or before the first day of November in each year, and at such other times as he or they shall see fit, or as the State superintendent may order, cause a notice to be sent to the owner or owners, so far as can be ascertained, of every parcel of land therein which is infested with said moths; or, if such notification appears to be impracticable, then by posting such notice

on said parcels of land, requiring that the eggs, pupæ and nests of said moths shall be destroyed within a time specified in the notice.

When in the opinion of the mayor or selectmen, the cost of destroying such eggs, pupæ and nests on lands contiguous and held under one ownership in a city or town shall exceed one-half of one per cent. of the assessed value of said lands, then a part of said premises on which said eggs, pupæ or nests shall be destroyed may be designated in such notice, and such requirement shall not apply to the remainder of said premises. The mayor or selectmen may designate the manner in which such work shall be done, but all work done under this section shall be subject to the approval of the State superintendent.

If the owner or owners shall fail to destroy such eggs, pupæ or nests in accordance with the requirements of the said notice, then the city or town, acting by the public officer or board of such city or town designated or appointed as aforesaid, shall, subject to the approval of the said superintendent, destroy the same, and the amount actually expended thereon, not exceeding one-half of one per cent. of the assessed valuation of said lands, as heretofore specified in this section, shall be assessed upon the said lands; and such an amount in addition as shall be required shall be apportioned between the city or town and the Commonwealth in accordance with the provisions of section four of this act. The amounts to be assessed upon private estates as herein provided shall be assessed and collected, and shall be a lien on said estates, in the same manner and with the same effect as is provided in the case of assessments for street watering.

## FINANCIAL REPORT.

## APPROPRIATIONS FOR 1906.

Support of schools,	\$19,500 00
Highways,	4,500 00

Respectfully submitted,

LUCIUS H. MAYNARD,

Chief of Police.

## Auditor's Report.

MAYNARD, MASS., February 12, 1907.

To the Board of Selectmen:—

We hereby certify that we have examined the following accounts and found them correct.

The Selectmen, Treasurer, Tax Collector, Water Commissioner, Registrar of Water Works, Water Sinking Fund, Overseers of Poor, School Committee and New School Account, Fire Engineers, Trustees of Public Library and Cemetery Committee.

ALEXANDER PETTIGREW,  
JOHN C. KING,

Auditors.

## Tax Collector's Report.

---

To the Board of Selectmen:—

With this I hand you my report covering the collection of taxes for the year ending February 1st, 1907.

We have succeeded in looking up every single poll tax payer on the list committed to us by the Assessors for collection, so that every bill not paid has the reason for its non-payment written across the face.

While we have been more successful in collecting single poll taxes for the year 1906 than for the previous year, the unsettled condition at the mill during the latter part of the year caused a great many of those assessed to leave town to seek work elsewhere. This applies not only to a large number who were employed to work nights, but also the foreign element of whom there was a great number.

Yet with all the drawbacks attending us, we are able to report over 83 per cent. of the single poll taxes paid.

The balance of the taxes due on property we hope to be able to collect during the next two months. This is really necessary as the amount when fully collected will hardly cover the amount required for the running expenses of the town during the past year.

1904.

## Report of Building Committee of Bancroft Street School House.

The committee respectfully present to the citizens their final report. The powers and duties of this committee had been fully laid down by the vote of the town, being instructed to build a four room school house of brick, and in such a manner that four additional rooms might be constructed when the necessity arose. This has been done and we feel confident that we have a strong and substantial building.

Three of the rooms have been occupied since last September, and outside of a few minor defects which we have made arrangements for correcting, has given complete satisfaction.

The financial report is submitted herewith :

## Report of Cemetery Committee.

In submitting our annual report, attention is called to the following petition received by this department:

MAYNARD, MASS., May 30, 1906.

To the Cemetery Committee:

We, the undersigned, relatives of persons buried in Glenwood Cemetery, and owners of lots therein, do respectfully request the extension of the water pipes in the four directions, making at the least five faucets.

[Signed]

L. W. CLARK, and 45 others.

This matter will come up before the next April town meeting for action, and to carry out its provisions, we recommend an appropriation of one hundred and fifty (150.00) dollars.

O. S. FOWLER,  
F. W. TAYLOR,  
LEWIS N. SHAW,  
Cemetery Committee.

## Report of the Board of Health.

---

The Report of the Board of Health is hereby submitted to the citizens of Maynard.

The past year has been exceptionally free from contagious diseases. The number of cases which have been reported to the Board of Health are as follows:

Diphtheria,	7
Scarlet fever,	1
Measles,	1
Typhoid fever,	4

All of these cases have been flagged and thoroughly fumigated. Our method of fumigation seems to give good results, as we have never had the second case in a family after being once fumigated. This work has all been done by the Board at a very small expense and seems to give general satisfaction.

Considerable has been done in trying to educate a certain portion of our population in regard to caring for garbage and table offal, which, in previous times has been allowed to decay and rot in and about tenement houses. We have this matter well in hand at the present time, though a great deal can yet be done.

The sewer on Glendale street and Summer street, leading from the Nason street school, has been dug up and graded. We have had three manholes placed so that in the future it can be kept open without digging up the whole sewer. This seems a good time to impress on the citizens the necessity of a regular system of sewerage. We receive

numerous complaints in regard to cesspools and privy vaults, but on investigation we find very little can be done to correct the evil. The members of the Board think it necessary that a committee be appointed to investigate and report at some future time in regard to a sewerage system. It is a matter which cannot be postponed very much longer, and we would recommend that some action be taken concerning this matter. We earnestly request the co-operation of all property owners in keeping the town as free from nuisances as possible under existing conditions.

Yours respectfully,

ALBERT BATLEY, Chairman.

JOHN A. MacPHERSON, Secretary.

HOWARD HAMBLEN, M. D.

## Report of the Fire Engineers.

---

To the Board of Selectmen:

Gentlemen—In presenting the report of the Fire Engineers for the past year, we are sorry to say we have not been as fortunate in regard to the number of fires as in other years, having answered twenty-two alarms and seven still alarms including a number of forest fires. Although the losses have not been as great as compared with the number of fires, the total insurance paid during the year on losses is \$2,525.25. The month of January in the present year, 1907, eclipses all other months since the department was organized, eight alarms being given, causing a loss much greater than for the whole year of 1906. We have added to the department equipments a 2-horse hitch on the hose wagon, for which money was appropriated at the last April meeting, and we find that it has been a great improvement.

We recommend that new fire alarm boxes be placed in parts of the town, which need them very much, by adding one each year. The localities in which the Board think boxes are needed are one near the corner of Summer street and Bent avenue, one at the corner of Glendale street and Acton street, one on Hayes street and one at the Powder mills. We recommend the appropriation of three hundred dollars (\$300.00) for the purchase of new hose and an appropriation of twenty-five hundred dollars (\$2,500) for maintenance of the department for the coming year.

	<hr/>
	\$150 43

L. S. BROOKS,  
Tree Warden.

## Report of Trustees of Public Library

YEAR ENDING MARCH 1, 1907.

---

We hereby place before you our report for the current year. We have improved the appearance of the room by putting curtains on the windows, also have added more shelf room for books at a cost of \$80.00. We think a larger appropriation than we now get is necessary. The dog tax is a variable item and we cannot rely on it as it does not come until the end of the year. The expenses this current year are a great deal more than the appropriation and the part of the dog tax left is not enough to buy many new books and make any improvements.

You will notice that we have overdrawn the appropriation by forty-two (42) dollars, but have taken it out of the Mrs. Green legacy. We have bought 183 new books; 41 of these replace books which were worn out. Only four were destroyed on account of contagious disease. Number rebound was 77. We also received of pamphlets and odd books, 15.

The circulation keeps apace with the population. The books and records are carefully kept, and much credit is due the Librarian for same.

Suggestions for new books or improvements will be gratefully received by the Trustees.

Total books for circulation at this date, 4,685.

Financial report follows.

## FINANCIAL REPORT.

## RECEIPTS.

Appropriation,	\$300 00
Balance of dog tax,	301 91
Fines, sale of catalogues and books,	20 12
	————

## Report of Overseers of Poor.

---

To the Citizens of Maynard:

The annual report of the Overseers of the Poor for the year ending Jan. 31, 1907, is herewith submitted.

### OUT DOOR POOR.

Paid A. C. Loewe & Co., for medicine for	
Robert Coulter,	\$ 4 35
J. Nevins,	1 60
Johanna Lyons aid,	55 00
City of Lowell Mrs. Geo. Cook and family,	56 50
Paid Johanna Connors aid,	77 00
Paid A. T. Haynes & Co. for supplies for	
Mrs. J. Nevins,	135 71
Paid for John McCann,	4 38
Frank Cutting rent for Mrs. Belcher,	71 50
G. H. Creighton for mdse. for Mrs.	
Quinn,	2 00
John McCann,	1 50
expenses to Lowell and Tewksbury,	6 00
W. S. Howe & Co. for R. Maniorvilli,	6 00
W. S. Howe & Co. for John Simons,	19 17
P. H. DeLee for medicine for J. Nevins,	1 40
Johnanna Connors,	2 45
R. Coulter,	6 15
W. Dumas,	10 10

J. Mullin, expense on R. Maniorvielli case,	4 00
Paid J. E. McClure mdse for Carroll case,	1 00
Margaret and Kate Kennedy aid,	10 00
Wm. F. Litchfield coal and wood for R. Maniorvielli,	2 00
Paid for coal and wood for Mrs. Carr, for coal for Carroll case,	3 57
for coal and wood for J. Simons,	80
Mrs. Susie Sheehan for burial of P. Carroll,	9 50
	15 00
Paid J. R. Bent for wood for Tilly Haynes, American Woolen Co. for rent for Kate Grant,	3 00
46 80	
Paid H. Wickman, E. Henderson & Co. for mdse. for Mrs. John O'Connor,	39 50
	21 03
Paid M. and Kate Kennedy, Mrs. J. Nevins,	3 48
J. McCann,	38 44
Mrs. Carr,	3 70
Mrs. John O'Connor aid,	7 70
T. P. Sheehan care of P. Carroll,	156 00
H. J. Dwinell medicine for Mrs. Quinn,	2 50
for Mrs. J. Nevins,	1 90
for M. and Kate Kennedy,	25 55
for Mrs. John O'Connor,	13 25
for Mrs. Johanna Connors,	9 50
for P. Carroll,	2 30
for Tilly Haynes,	21 30
J. F. Gannon supplies for Tilly Haynes,	50
Ed. Pryce, nurse for P. Carroll,	11 25
Mrs. J. Loewe, nurse for P. Carroll,	13 00
Town of Clinton for Fred Ackroyd and family,	26 50
	2 00

Paid Mrs. Carrie A. Vose for rent of Mrs.	
Carr,	28 00
Paid Wm. Lynch care of P. Carroll,	5 00
Thos. Marr care of P. Carroll,	27 00
J. Gallagher care P. Carroll,	16 00
Joseph Harvey care Jerry O'Brien,	2 00
J. Gibbins, Carroll case,	31 00
Commonwealth of Mass., board of	
Alfred Naylor,	13 14
Paid Mrs. J. Nevins aid,	30 00
St. Elizabeth Hospital for care of Rose	
Goldberg,	32 00
	-----
	\$1,140 02

## FARM AND ALMSHOUSE.

Paid the W. A. Haynes Co.,	\$428 63
R. C. A.	104 06
A. C. Lowe & Co., for medicine,	7 20
F. J. McCarron, for supplies,	58 23
John McPherson for supplies,	17 55
T. F. Parker, for supplies,	33 87
A. T. Haynes & Co., for supplies,	221 92
Priest Bros., for supplies,	56 33
A. O. Dunham, salary and expense of	
inmates,	451 92
G. H. Creighton, for supplies,	9 75
Expenses of inmates,	2 00
Expenses Tom Mullen to Tewksbury,	50
Expenses Wm. Kaivista,	7 50
Mds. for Kate Grant,	1 75
W. S. Howe & Co., for mds.,	127 65
A. D. Holt, for mds.	1 05
P. H. DeLee, for medicine,	6 90
Asa Balcome, for mds.,	7 65
F. M. Thayer, for labor,	3 00

Patsy Concone, for labor,	4 00
Thomas Doyle, for manure,	5 25
Ida Hill, for labor,	25 64
S. S. Shattuck, labor,	7 25
A. Aikia, labor,	14 88
W. H. Tenney, stock and labor,	20 00
Onni Oninean, labor,	45 14
Amada Kankar, labor,	6 87
Amanda Kunkain, labor,	13 00
W. H. Fairbanks, cow,	50 00
Estate of Felix Dutling, grass,	25 00
Charles Aho, labor,	9 00
Dena Peterson, labor,	13 00
Elinor Halti, labor,	40 00
Frank Randall, labor,	6 00
Tilly Haynes, wood,	13 00
Mrs. A. O. Dunham, labor and car fare,	14 00
Boston Clothing Co., supplies,	16 93
John Nordberg, labor,	1 50
J. E. McClure, mds.	5 03
Wm. Bishop, plants,	3 50
A. E. Walker, grass,	100 00
W. B. Case, mds.	35 08
Town of Maynard, water,	36 41
Wm. F. Litchfield, coal,	41 83
W. O. Strout, supplies,	23 45
George Conant, cows,	70 50
J. R. Bent, supplies,	37 32
F. S. Livingstone, soap,	2 00
E. Henderson & Co., coal,	49 10
J. J. Driscoll, manure,	6 00
Mrs. Charles Palmer, labor,	40 00
James Eaton, mds.	78 87
H. J. Dwinell, medicine,	1 90
F. W. Hapgood,	1 00
J. F. Gannon, supplies,	75

John Moynihan, cow,	44 00
Total,	-----
	\$2,454 66

## IDIOTIC.

Paid Mass. school for feeble minded for  
board of Julia and Lorenzo Slyvert, \$310 12

## SUNDRY EXPENSES.

Paid O. S. Fowler for burial of Mary	
Loumala,	\$ 15 00
Paid Dr. Goodnow salary,	100 00
John W. Flood stock and labor,	6 45
J. Mullin repairs on barn,	195 75
Wm. F. Litchfield for weighing hay,	20
T. J. Butler for repairs,	8 05
B. F. Townsend stock and labor,	14 25
G. H. Gutteridge repairs,	1 00
Dr. Hamlen salary,	50 30
L. S. Brooks labor,	4 00
James Mahoney labor,	2 00
	-----
	\$396 70

## CR.

Received for produce sold from farm,	\$966 00
for board of Julia Callaghan,	120 00
from City of Cambridge, Kennedy	
case,	111 98
Received from City of Boston, Mrs. J.	
O'Connor case,	75 51
Received for State cases,	12 01
	-----
	\$1,285 50

Superintendent of Streets.

## Report of the Water Commissioners.

---

To the Board of Selectmen:—

The Water Commissioners herewith submit their annual report in which is also included the reports of the Superintendent, Water Registrar, Engineer and the Water Sinking Fund Commissioners. The recommendations of the Superintendent and Engineer should be carefully considered. There is nothing to add to what has been said in past reports concerning the conduit line from the pumping station to White pond. The water continues to flow into the wells in sufficient quantity to supply the present demand. Two hundred and fifty meters have been purchased during the year at a cost of \$2,590.00, while the amount appropriated for meters was only \$1,000.00. As provided in the rules, a guarantee of a yearly income of 5 per cent. on the outlay has been filed on all extensions made during the year. A slight amendment to the rates has been made, affecting large consumers only.

### WATER RATES.

#### FLAT RATES.

Dwelling houses — For single faucet to be used by single family, \$6.00 per year. When more than one faucet is used, a meter will be put on at the expense of the town.

## METERED RATES PER ANNUM.

The first 5,000 cubic ft.	37	1-2c	per 100 cubic ft.	
For next 5,000	"	26c	"	"
For next 10,000	"	19c	"	"
For next 20,000	"	15c	"	"
For next 20,000	"	11c	"	"
All over 60,000	"	10c	"	"

## PAYABLE.

All rates shall be due and payable at the office of the Water Registrar in semi-annual installments in advance, on the first day of January and July in each year, except as follows: The rates for all metered water shall be due and payable on the first day of January and July following its use; the rates for building purposes shall be due and payable the first day of the month following the use of the water. In no case where a meter is used shall the annual charge for measured water be less than \$6.00 for each meter.

## MAINTENANCE.

## Superintendent's Report.

---

To the Board of Water Commissioners:

Gentlemen:—I respectfully submit the Superintendent's annual report upon the general condition of the works and the operation of the same, also the report of Registrar for the year ending January 31, 1907. The report of the Engineer at the pumping station is also given.

You will see by a comparison of this report and of the report of 1906, that although about 11,000,000 gallons less water has been pumped, the revenue for water has increased about \$1,700.

### SOURCE OF SUPPLY.

No work has been done at White pond this year. The analysis of water is about the same as usual.

### CONDUIT LINE.

The conduit line has been cleared of brush from Puffer's road to White pond. The pipe has been cleared of sand and growth from manhole No. 2, to the receiving wells. The flow of water has not decreased any.

### RECEIVING WELLS.

No work has been done on the receiving wells except to remove the temporary cover which was put on last winter.

The pipe and fittings to make the proposed change of the suction pipe are at the pumping station, and will be put in next year.

#### PUMPING STATION.

You are referred to the report of the Engineers as to the condition and needs of the plant. By comparison with other reports you will find that the plant is run with economy, and a visit to the pumping station, will assure you that it is being kept in good condition. The engineer mentions the condition of the old boiler and the advantage of improved arch plates, and the necessity of larger safety valves. An effort will be made the coming year to put the grounds around the station in better condition. A telephone was applied for last summer, but the telephone company have not installed it yet.

#### RESERVOIR.

The inside wall of the reservoir has been painted in places where the cement had fallen off. Although there is a high fence around the reservoir embankment and the gate is kept locked, many people take the liberty to go inside the enclosure without permission.

Under Section 20 of the Rules and Regulations, all persons are forbidden to enter the reservoir enclosure without permission of the Superintendent.

#### MAINS.

The leaks which have been repaired on the mains are the one on Nason street, where a joint was leaking quite badly, and the one on High street, where a four-inch plug came out.

The extension of mains on Elmwood and Dartmouth

streets was expensive on account of having to cut the trench through rock for most of the distance.

The extension on Douglas ave. was difficult on account of the ground water and quicksand which was encountered. About 1450 feet of these extensions were not planned for at the beginning of the year, and no appropriation was made for it.

#### EXTENSION OF MAINS.

Bent avenue,	55	feet,	1 $\frac{1}{4}$	inch
Brooks st.	167	"	4	"
Brown st.	147	"	4	" 1 4-inch valve

Main st.				1 12 "
Lincoln st.	96	"	6	"
<hr/>				
Total,	4635	feet	14	valves

#### SERVICES.

There has been four leaks in service pipes during the

year, all of which were in the lead connections. Two of these were repaired, and two were taken out as they were not in use.

Service connections for new houses,	67
"        "    old houses,	5
Total new taps,	72
Service connections discontinued,	6
"            gained this year,	66
"            reported last year,	756
Total taps now in use,	822

Five old services have been relaid and six have been cleaned out.

#### METERS.

The meter system is giving good satisfaction as the amount of water pumped keeps decreasing, and the revenue is increasing, yet in general, the people using meters do not have to pay as much as if they were charged fixture rates. One hundred seventy-three new meters have been placed, two have been discontinued, making the number now in use seven hundred sixty-two. Fifty-four meters have been repaired. Two hundred fifty meters have been bought this year. About one hundred sixty meters will be required to cover the unmetered services.

There are one hundred twenty-two meters on hand. Most of the repairing on meters is caused by the meter being frozen, and is charged to the consumer. Attention is called to section 18 of the Rules and Regulations, by which the consumer is held responsible if a meter is damaged by freezing.

It should be understood by persons who have the care of shutting off water in houses, that the meter does not entirely

empty of water when the water is shut off, so the meter should be protected by some covering to prevent it from freezing. Persons using meters are also warned against applying much heat to the meters as the piston is rubber and will be damaged by too much heat. In case hot water from the fixtures is liable to drain back through the meter a valve must be placed in such a way that the hot water will not get into the meter.

#### HYDRANTS AND VALVES.

Every hydrant has been repacked, making it work freely, and all have been painted.

Stones and sticks have been taken out of the valves of three hydrants, one hydrant was taken out and a longer one replaced, and three on Concord street were moved on account of widening the street. One hydrant was placed on the Elmwood street extension. Six hydrants were ordered early in the summer, but on account of some trouble at the factory, the company did not deliver them until it was too late to place them this year. The total number of public hydrants now in use is 86.

The valves set this year are 6 4-inch, 7 6-inch on the new extension, and 1 12-inch on the Main street.

#### RECOMMENDATIONS.

I recommend that the line on Great road be extended from Percival street to Sudbury street. I think it advisable to extend this line each year, until there is a connection of sufficient size to supply the domestic needs of the town whenever it is necessary to turn water off of Main street. There are several places along the old pipe lines where recent building make it necessary to put in some extra hydrants.

Several street valves should be placed so that each street can be shut in without interfering with any other street.

## STOCK.

There is a quantity of stock on hand including 122 meters, 24 feet 12-inch, 24 feet of 10-inch, 24 feet of 8-inch, 262 feet of 6-inch, and 96 feet of 4-inch, cast iron pipe; also 6 hydrants; also a good stock of cast iron fittings.

I wish to thank the Commissioners for their hearty support during the year.

Respectfully submitted,

WILLIAM NAYLOR,

Superintendent.

## Engineer's Report.

To the Superintendent:

In submitting to you my second annual report, I wish to call your attention to the following recommendations, which should be given your earnest consideration. I think it advisable to procure one new boiler of the return tubular type, two 3-inch pop safety valves, and two Lamprey protective arch plates.

The plant in general is in good condition, with the exception of No. 2 boiler, which, on account of the pitting, is not over one-quarter the original thickness in places.

The stock on hand is: 25 tons of coal, 15 gallons of cylinder oil, 50 second-hand valve disks, 10 pounds cotton waste, two gallons machine oil, one gallon of lard oil, two pounds of valve stem packing, 50 pounds of sheet packing, seven pounds of square flax packing, and 40 fire bricks.

## RECORD OF PUMPING:

	Coal	Gallons	Daily average consumption
February	31,739	7,267,158	259,541
March	31,310	7,149,303	230,622
April	27,455	6,268,671	208,955
May	26,744	6,403,563	206,566
June	30,678	7,206,570	240,219
July	30,723	7,552,872	243,641

August	30,128	7,409,124	239,004
September	31,646	7,768,224	258,940
October	30,108	7,040,439	227,110
November	30,669	7,184,970	239,499
December	29,889	6,433,614	207,535
January	30,407	6,631,983	213,934
	361,496	84,316,491	

Average daily consumption for year, 231,004 gallons.

Average daily consumption for each person, figured on  
5,500 consumers, 42 gallons.

STEPHEN BEATON,  
Engineer.

## Town Clerk's Report

FOR THE YEAR 1906.

---

From the Town Clerk's Records, March 1, 1906, to March 1,  
1907.

---

## Town Warrant No. 161. Town Meeting March 12, 1906.

Commonwealth of Massachusetts. Middlesex, ss.

To either of the Constables of the Town of Maynard, in said  
County, Greeting:

In the name of the Commonwealth of Massachusetts, you  
are hereby directed to notify and warn the legal voters of said  
Maynard, to assemble in Co-operative hall, in said town, on  
Monday, the twelfth day of March next, at 8 A. M., then and  
there to act on the following articles:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose, by the Australian system of ballot-  
ing, the following town officers: One Town Clerk, one Town  
Treasurer, one Collector of Taxes, one Selectman for three  
years, one Overseer of Poor for three years, one member of the  
Board of Health for three years, one Water Commissioner for  
three years, one member of the School Committee for three  
years, one Assessor for three years, one Trustee of the Public

Library for three years, one Tree Warden for one year, two Auditors for one year, three Constables for one year, one member of Cemetery Committee for three years, and all town officers to be chosen at said meeting.

Also to answer, by the said Australian system of balloting, the following question: Shall licenses for the sale of intoxicating liquors be granted in this town?

For the purposes specified in this article the polls will be opened after the election of a Moderator and will remain open until four o'clock in the afternoon, when they shall be closed, unless the meeting there assembled otherwise determine.

Article 3. To hear and act upon the reports of Town Officers and Committees.

Article 4. To see if the town will appoint a committee to consider appropriations for the ensuing year and report at the April meeting. To do or act thereon.

Article 5. To see if the town will authorize the Treasurer under the direction of the Selectmen, to borrow from time to time during the municipal year beginning February 1, 1906, in anticipation of the collection of taxes of said year, such sums of money as may be necessary for the current expenses of the town, but not exceeding the total tax levy for said year (which exceeds \$50,000.00), giving the notes of the town in payment thereof, payable in one year from the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year. To do and act thereon.

Article 6. To see if the town will vote to accept and maintain as a public way, Bancroft street on land of C. F. Monk. To do or act thereon.

And you are directed to serve this warrant by posting an attested copy at the Post Office, and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this warrant, with

your doings thereon, to the Town Clerk or Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this second day of March, in the year of our Lord one thousand nine hundred and six.

PATRICK J. SULLIVAN,  
ARTHUR J. COUGHLAN,  
LUCIUS H. MAYNARD,  
Selectmen of Maynard.

---

Middlesex SS.

Maynard, March 8, 1906.

I have served the within named warrant by posting an attested copy of the same at Post Office and one at ten other public places in said town, seven days before the time of holding said meeting as within directed.

JAMES J. MORGAN,  
Constable of Maynard.

A true copy, Attest:

CHARLES H. PERSONS, Town Clerk.

---

**Proceedings of Town Meeting held March 12, 1906.**

Pursuant to Town Meeting Warrant, No. 161, the voters of Maynard assembled in Co-operative hall, on the above date and elected all necessary Town Officers, and acted upon the Articles contained in the warrant as follows:

The meeting was called to order by the Town Clerk at eight o'clock A. M.

Specimen ballots, cards of instruction and penalty cards were posted as required by law.

Article 1. By vote of the meeting the Town Clerk was in-

structed to cast one ballot for George H. Creighton for Moderator. The check list was used.

Art. 2. The ballots and duplicate check lists were delivered to the ballot clerks, Edward T. McManus, Thomas Smith and James A. Cleary, who were appointed by the Selectmen and sworn by the Town Clerk.

A receipt was taken for the package of ballots said to contain 1,200 general ballots and 125 special ballots. Said receipt is on file at the Town Clerk's office.

The ballot box was examined by the election officers and register set at 000, the box locked and the keys placed in the keeping of Constable William Jones, who, after being sworn by the Town Clerk, was placed in charge of the ballot box.

The polls were then declared open by the Moderator.

It was voted to take up the remaining articles of the warrant at two o'clock P. M.

Patrick Murphy, Fred E. Morris, Bart. J. Coughlan and John H. Callahan, tellers appointed by the Selectmen, were sworn by the Town Clerk.

It being deemed advisable in the opinion of the Moderator and the Town Clerk, ballots were taken from the ballot box at various times during the day and counted.

At four o'clock it was voted to allow the polls to remain open until 4.15 o'clock at which time they were closed.

The register on the ballot box indicated 905, which was three less than the actual number of ballots cast.

The check lists showed that 882 names had been checked on each general list, and 26 names checked on each woman's list.

Number of general ballots cast was,	882
Number of special ballots cast was,	26

The result was obtained by the use of the counting board and was as follows:

## Town Clerk, one year.

Charles H. Persons, five hundred and sixty-five votes,	565
William Kennedy, five votes,	5
Michael Manning, three votes,	3
A. C. Loewe, two votes,	2
Frank Joyce, one vote,	1
A M. C. Sullivan, one vote.	1
George Jackman, 2 votes,	2
J. H. Lawton, one vote,	1
John Hannon, one vote,	1
Patrick Sherry, two votes,	2
Michael Saxton, one vote,	1
Blanks, two hundred and ninety-eight,	298
Charles H. Persons, elected, qualified.	

## Selectmen, three years.

	Original count
William Connolly, three hundred votes,	300 301
William Holt, forty-seven votes,	47 48
Edmund B. Hooper, two hundred and six votes,	206 206
Patrick J. Sullivan, three hundred and six votes,	306 306
Blanks, twenty-three,	23 21

Amended by recount held March 16, 1906. Papers filed at Town Clerk's office.

Patrick J. Sullivan, elected, qualified.

## Treasurer, one year.

George H. Gutteridge, six hundred and fifty-nine votes,	659
John Hannon, one vote,	1
William Kennedy, one vote,	1
Andrew Jones, one vote,	1
Blanks, two hundred and twenty,	220

George H. Gutteridge, elected, qualified.

## Collector of Taxes, one year.

George N. Salisbury, six hundred and forty-five votes,	645
Blanks, two hundred and thirty-seven,	237
George N. Salisbury, elected, qualified.	

## Assessor, three years.

Orrin S. Fowler, four hundred and eighty-two votes,	482
George W. Jamieson, three hundred and eleven votes,	311
Timothy Crowley, one vote,	1
Blanks, eighty-eight,	88
Orrin S. Fowler, elected, qualified.	

## School Committee, three years.

Daniel Goodenow, four hundred and ten votes,	410
John H. Lawton, four hundred and twenty-nine votes,	429
Walter Taylor, one vote,	1

Article 3. Voted to accept the reports of the several Town officers as printed in volume entitled "Annual Reports of the Town Officers of the Town of Maynard, for the year ending Feb. 1st, 1906."

Art. 4. Voted that a committee of seven be elected by acclamation to look into the matter of appropriations for the current year, and report at the April meeting. The committee elected were: Arthur J. Coughlan, James J. Hiltferty, George H. Gutteridge, John W. Ogden, Bart. J. Coughlan, George H. Creighton, Patrick J. Sullivan.

Art. 5. Voted unanimously that the Treasurer be, and hereby is, authorized with the approval of the Selectmen to borrow during the municipal year beginning Feb. 1, 1906, in anticipation of the collection of taxes such sums of money as may be necessary for the current expenses of the Town, but not exceeding the total tax levy for said year (which exceeds \$50,000.00), giving the notes of the Town therefor, payable within one year after the date thereof. All debts incurred under the authority of this vote shall be paid from the taxes of the present municipal year.

Art. 6. Voted that the matter be referred to the Selectmen, and when the street is put in a condition acceptable to them, that they bring the matter before the Town again for acceptance.

Voted to adjourn at 6.15 o'clock, P. M.

Attest:

CHARLES H. PERSONS, Town Clerk.

Commonwealth of Massachusetts,

Middlesex, SS.

Maynard, March 13, 1906.

In accordance with the provisions of Section 62 of Chapter 25 of the Revised Laws of Massachusetts I hereby appoint Frank E. Sanderson of said Maynard to be Assistant Town Clerk of said Maynard for the current municipal year, or until the appointment is revoked.

CHARLES H. PERSONS,  
Town Clerk of the Town of Maynard.

---

I, Frank E. Sanderson, above named, solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of Maynard, Mass.

FRANK E. SANDERSON.

Middlesex, SS.

Maynard, March 13, 1906.

Then personally appeared the above named Frank E. Sanderson and took and subscribed the foregoing oath, before me.

CHARLES H. PERSONS,  
Justice of the Peace, and Town Clerk of Maynard, Mass.  
A true copy, Attest:

CHARLES H. PERSONS,  
Town Clerk.

## Town Warrant No. 162. Town Meeting April 2, 1906.

Commonwealth of Massachusetts.

Middlesex, ss.

To either of the Constables in the Town of Maynard in said  
County,

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall, in said town, on Monday, the second day of April next at 7.30 P. M., then and there to act on the following Articles :

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To hear and act on reports of Town Officers and Committees.

Article 3. To fill all vacancies in town offices.

Article 4. To see if the Town will vote to accept a list of jurors as prepared by the Selectmen.

Article 5. To see if the town will vote to appropriate a sum of money for Decoration Day.

Article 6. To see if the Town will vote to appropriate the sum of \$150 for band concerts. To do or act thereon.

Article 7. To see if the Town will vote to grant and appropriate money for all necessary town purposes.

Article 8. To see if the Town will vote to appropriate a sum of money for completing and equipping the new School Building on Bancroft street. To do or act thereon.

Article 9. To see if the Town will appropriate the sum of \$1900 to lay a 10-inch pipe on Great Road from Pumping Station Road to Percival street. To do or act thereon.

Article 10. To see if the Town will appropriate \$2125 to

extend water mains on Lincoln, Brooks and Elmwood streets and on Crane and Douglass avenues. To do or act thereon.

Article 11. To see if the Town will accept from Edward Higgins the sum of one hundred and fifty dollars (\$150.00) for a cemetery fund, the income of same to be used for the care of the Higgins Burial Lot in Glenwood Cemetery. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days, at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-second day of March, in the year of our Lord, one thousand nine hundred and six.

LUCIUS H. MAYNARD,  
ARTHUR J. COUGHLAN,  
PATRICK J. SULLIVAN,  
Selectmen of Maynard.

---

Middlesex SS.

Maynard, March 24, 1906.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,  
Constable of Maynard.

A true copy, Attest:

CHARLES H. PERSONS, Town Clerk.

## Town Warrant No. 163. Town Meeting Nov. 6, 1906.

Commonwealth of Massachusetts,

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said  
County,

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Tuesday, the Sixth day of November, next, being the first Tuesday after the first Monday in November at 8 A. M., then and there to bring in their votes to the Selectmen for Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney-General, Councillor, Senator, Representative in the General Court, Representative in Congress, Clerk of Courts, County Commissioner, Treasurer, Register of Deeds and all other State, County and District Officers.

The polls will be opened at eight o'clock A. M., and may be closed at 4 o'clock P. M.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days, at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-sixth day of October, in the year of our Lord, one thousand nine hundred and six.

LUCIUS H. MAYNARD,  
ARTHUR J. COUGHLAN,  
PATRICK J. SULLIVAN,

Selectmen of Maynard.

Middlesex SS.

Maynard, Oct. 29, 1906.

I have served the within named warrant by posting an attested copy at the Post Office and one each at ten other public places in said town seven days at least before the time of holding said meeting, as within directed.

JOHN CONNORS,  
Constable of Maynard.

A true copy, Attest:

CHARLES H. PERSONS, Town Clerk.

---

Proceedings of Town Meeting held Nov. 6, 1906.

Pursuant to Town Meeting Warrant No. 163, the voters of Maynard assembled in Co-operative hall on the above date and cast their ballots for the several State, County and District officers to be elected at this meeting.

The warrant calling the meeting was read by the Town Clerk, who also declared the polls open at eight o'clock, specimen ballots and cards of instruction having been previously posted.

Lucius H. Maynard, chairman of the Board of Selectmen, acted as presiding officer.

One package of ballots and duplicate check lists were delivered to the ballot clerks, Patrick J. Sullivan, Edward T. McManus and George H. Creighton, who had been previously appointed by the Selectmen and sworn by the Town Clerk. Receipt for ballots is on file in the Town Clerk's office.

The ballot box was examined by the election officers, register set at 000, locked and placed in charge of Constable Nicholas Driscoll, who had been sworn by the Town Clerk.

Tellers appointed by the Selectmen and sworn by the Town Clerk, were as follows: Bart. J. Coughlin, Samuel Lawton, James Mullin, and Timothy Crowley.

Under the direction of the presiding officer, ballots were taken from the ballot box at various times during the day and counted, it being the opinion of the election officers necessary in order to facilitate the declaring of the vote.

No objection being made, the presiding officer declared the polls closed at four o'clock p. m. The ballot box, which had given considerable trouble throughout the day, then registered 768.

The total number of ballots cast was 787, and both check lists showed that 787 names had been checked upon each.

Said totals were announced in open meeting.

The result was made with the counting board and resulted as follows:

Governor.

Gamaliel Bradford of Wellesley, four votes,	4
James F. Carey of Haverhill, fifteen votes,	15
William H. Carroll of Boston, eight votes,	8
Curtis Guild Jr. of Boston, three hundred and seventy-two votes,	372
John B. Moran of Boston, (Pro.), forty-nine votes,	49
John B. Moran of Boston, (Ind. League), seventy-two votes,	72
John B. Moran of Boston. (Dem.), two hundred and twenty-six votes,	226
John B. Moran of Boston, (no designation), twenty-two votes,	22
Blanks, nineteen,	19

## Lieutenant Governor.

E. Gerry Brown of Brockton, three hundred and eighty-six votes,	386
Harvey S. Cowell of Ashburnham, fifteen votes,	15
Eben S. Draper of Hopedale, three hundred and eleven votes,	311
Walter J. Hoar of Worcester, eleven votes,	11
John F. Mullen of Fitchburg, fifteen votes,	15
Blanks, forty-nine,	49

## Secretary.

John O'Brien of Townsend, two hundred and sixty-six votes,	266
William Parker of Arlington, twenty-five votes,	25
Blanks, one hundred and twenty,	120

At 5.30 p. m. it was voted to adjourn.

Attest:

CHARLES H. PERSONS,  
Town Clerk.

Hudson, Mass., Nov. 16, 1906.

We, the subscribers, Clerks of Hudson, Maynard, Stow and  
Boxboro, met this day according to law, and examined the votes  
cast Tuesday, Nov. 6th, 1906, for a Representative to the Gen-  
eral Court from the Tenth Middlesex District, and here-  
by certify that the result was as follows:

	Cornelius J. Lynch	Fred F. Trull	Blanks
Hudson	513	582	67

**Town Warrant No. 164. Town Meeting Nov. 26, 1906.**

Commonwealth of Massachusetts,

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said  
 County,

Greeting:

In the name of the Commonwealth of Massachusetts you  
 are hereby directed to notify and warn the legal voters of said  
 Maynard, to assemble in Co-operative Hall, in said town, on  
 Monday, the twenty-sixth day of November, next at 8 P. M.,  
 then and there to act on the following Articles:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To see if the town will vote to appropriate the  
 sum of \$200, as an additional appropriation for incidental  
 expenses. To do or act thereon.

Article 3. To see if the town will vote to accept from the  
 Charles Randall Estate the sum of One Hundred (\$100) Dollars  
 for a cemetery fund, the income of same to be used for the care  
 of the Randall Burial lot in Glenwood Cemetery. To do or act  
 thereon.

Article 4. To see if the town will vote to appropriate the  
 sum of \$75, in order that the School Committee may be able to  
 carry out the law whereby a school physician shall be employed,  
 as provided by the Acts and Resolves of 1906, Chapter 502.

Article 5. To see what action the town will take in regard

to claim for damages made by John H. White. To do or act thereon.

Article 6. To see what action the Town will take in regard to claim for damages made by Robert Crossley. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this sixteenth day of November, in the year of our Lord, one thousand nine hundred and six.

LUCIUS H. MAYNARD,  
ARTHUR J. COUGHLAN,  
PATRICK J. SULLIVAN,  
Selectmen of Maynard.

---

Middlesex SS.

Maynard, Nov. 19, 1906.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

WILLIAM JONES,  
Constable of Maynard.

A true copy, Attest:

CHARLES H. PERSONS, Town Clerk.

Proceedings of Town Meeting held Nov. 26, 1906.

Pursuant to Town Meeting Warrant No. 164, a meeting was held in Co-operative hall, Monday evening, November 26, 1906.

The Town Clerk called the meeting to order and read the warrant.

Article 1. Arthur J. Coughlan was elected Moderator by ballot, the check list being used.

Voted to adjourn to 7.30 p. m., Monday, Dec. 3, 1906.

Attest:

CHARLES H. PERSONS,  
Town Clerk.

Pursuant to adjournment of Town Meeting held Nov. 26, 1906, Arthur J. Coughlan, the Moderator, called the meeting to order at 7.30 o'clock, Monday evening, Dec. 3, 1906.

Article 2. On motion of Lucius H. Maynard, voted to appropriate \$200 as an additional appropriation for incidental expense.

Article 3. On motion of C. H. Persons, voted to accept from the Charles Randall estate the sum of \$100, the income of same to be used for the care of the Randall burial lot in Glenwood cemetery.

Article 4. On motion of John H. Lawton, voted to appropriate \$75, from the general appropriation for school purposes in order that the school committee may carry out the provisions of Chapter 502, of the Acts of 1906.

Article 5. On motion of Lucius H. Maynard, voted that action on this article be indefinitely postponed.

Article 6. On motion of Charles H. Persons, voted that action on this article be indefinitely postponed.

Voted to adjourn at 7.55 o'clock, P. M.

Attest:

CHARLES H. PERSONS,  
Town Clerk.

Maynard, Mass., Jan. 2, 1907.

Charles H. Persons, Esq., Town Clerk:

Dear Sir—At a meeting of the Selectmen held this date, M. J. Tamloff was granted a license to keep one pool table, in premises on Walnut street.

Yours respectfully,

A. J. COUGHLAN,

A true copy, Attest:

Secretary.

FRANK E. SANDERSON,

Asst. Town Clerk.

---

Town Warrant No. 165. Town Meeting Feb. 5, 1907.

Commonwealth of Massachusetts, Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall, in said town, on Tuesday, the Fifth day of February, next, at 7.30 P. M., then and there to act on the following Articles:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To see if the town will vote to appropriate the sum of one thousand (\$1000) dollars for the destruction of the Gypsy and Browntail moths. To do or act thereon.

Article 3. To see if the town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow one thousand (\$1000) dollars for the purposes of Article 1, in anticipation of the taxes of 1907 and payable therefrom. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-fourth day of January, in the year of our Lord, one thousand nine hundred and seven.

LUCIUS H. MAYNARD,  
ARTHUR J. COUGHLIN,  
PATRICK J. SULLIVAN,  
Selectmen of Maynard.

---

Middlesex SS.

Maynard, Jan. 29, 1907.

I have served the within named warrant by posting an attested copy at the Post Office and one in ten other public places in said town, seven days at least before the time of holding said meeting.

JOHN CONNORS,  
Constable of Maynard.

A true copy, Attest:

CHARLES H. PERSONS, Town Clerk.

**Proceedings of Town Meeting held February 5, 1907.**

Pursuant to Town Warrant No. 165, a meeting was held in Co-operative hall on the above date.

The meeting was called to order at 7.35 o'clock p. m., and the warrant read.

Article 1. Arthur J. Coughlan was elected Moderator by ballot, the check list being used.

Article 2. On motion of Bart. J. Coughlan, voted to appropriate the sum of \$750 for the destruction of the gypsy and brown tail moths.

Article 3. On motion of Bart. J. Coughlan, voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow in anticipation of the taxes of 1907, the sum of \$750, said sum to be used in the destruction of the gypsy and brown tail moths.

Voted to adjourn at 7.55 o'clock p. m.

Attest:

CHARLES H. PERSONS,  
Town Clerk.

---

Maynard, Feb. 15, 1907.

This is to certify that in conformity with the laws of the Commonwealth, I have destroyed all the ballots, cancelled and otherwise, used or cast at the annual State election held November 6, 1906.

Attest:

CHARLES H. PERSONS,  
Town Clerk.

Number of deaths recorded at this office during the year 1906, 101.

**MARRIAGES RECORDED IN MAYNARD IN 1906.**

Jan. 6. Andrew Czuzus and Sophia Medetzko, both of Maynard.

Jan. 30 Hans P. N. Dahl of Maynard and Elizabeth A. (Saunders) Tuttle of Franklin, Mass.

Jan. 30 Arthur Rheaume of Maynard and Alma Demers of Ware, Mass.

Feb. 4. Albert F. Sylvester and Mary L. Coughlin, both of Maynard.

Feb. 10. Topias Fendell and Olga Siik, both of Maynard.

Feb. 15. Julius Laitinen and Maria Matelanen both of Maynard.

Feb. 18. Arthur Siipola and Aina Haapasalo, both of Maynard.

Feb. 18. Hugh Nugent and Mary Jane Welsh, both of Maynard.

Feb. 20. Joseph V. Gately of Maynard and Mary A. McIntyre of Quincy, Mass.

Feb. 21. Edward Charles Sheridan of Maynard and Louisa Gertrude Long of Somerville, Mass.

March 3. Ralph Merrill Gould and Bertha Helen Archer both of Maynard.

March 8. John E. Rouse of Maynard and Mary E. Meade of Waltham, Mass.

March 10. Erick Star and Ida E. Ahonen, both of Maynard.

March 10. Alfred Victor Tavala of Maynard and Ellen Matilda Lehtinen of Fitchburg, Mass.

March 19. Thomas B. Waterhouse and Theresia L. M. Wenholm, both of Maynard.

April 5. George Alman Jones of East Windham, Me. and Harriet Louise Glazier of Maynard.

April 7. August Korvela and Mary Plokki, both of Maynard.

April 11. William John Banks and Marion Love McNair, both of Maynard.

April 14. Matti Huikari and Mari Oyala, both of Maynard.

April 16. Willie Buckley of Maynard and Eunice E. A. Wilde of Lowell, Mass.

April 18. Eugene Thompson of Maynard and Annie G. Cullinane of Concord, Mass.

April 29. Edward Nojonen and Elina Mantyla, both of Maynard.

May 5. John A. Baxter and Estella N. (Chapin) Burnell, both of Maynard.

May 19. Gustave E. Kreamer and Anna (Ulbert) Kromberg both of Maynard.

May 19. Joseph W. Binks and Ida M. Marchant, both of Maynard.

May 29. Charles W. Gates and Jane M. Powers both of Maynard.

June 1. Alesandro Russo of Maynard and Maria Di Rosa of Boston, Mass.

June 1. Daniel Connell and Bridget Lawler, both of Maynard.

June 3. George Johnson and Esther Anderson, both of Maynard.

June 4. Warren H. Arnold of Lowell, Mass. and Ada A. Hibbard of Maynard.

June 4. Charles M. Landers and Anna G. Johnson, both of Maynard.

June 6. George E. Stewart and Sarah J. Whittaker, both of Maynard.

June 9. Joseph Spilewisky and Vrszula Rakey, both of Maynard.

June 11. Odilon Vezina of Maynard and Olivine Rheume of Ware, Mass.

June 16. John Linna and Hannah Kotila, both of Maynard.

June 16. Henry Rutigaine and Alma Weerlin, both of Maynard.

June 16. John Latvanlehta and Minnie Ketala, both of Maynard.

June 20. Andrew J. Furdey and Jennie J. Tobin, both of Maynard.

June 20. James W. Sheridan of Maynard and Mary A. White of Hudson, Mass.

June 20. Kalle G. Asiala and Olga Tuominen both of Maynard.

June 26. Frank H. Harriman of Maynard and Mabel Crandall of Stow, Mass.

June 27. Dennis J. Waldron of Maynard and Annie A. Glynn of Waltham, Mass.

June 27. Cornelius L. Murphy, Jr. and Eveline A. Callahan, both of Maynard.

June 28. Leo St. Claire and Mary (Cooney) Morgan, both of Maynard.

June 30. August Leverin and Hilja Kaja, both of Maynard.

June 30. Ernest Lexell and Viola Christenson, both of Maynard.

July 4. Frederick H. Whittaker and Hattie Thiebault, of Maynard.

July 14. Kastanta Czenis and Anna Mortuneice, both of Maynard.

July 14. John Scziranica and Domenica Debrowski, both of Maynard.

July 21. Lauri Kruskoff and Lempi Leppanen, both of Maynard.

July 21. Antti Holt and Bruta H. Maki, both of Maynard.

July 26. Cornelius J. Sullivan and Catherine Hayes, both of Maynard.

July 29. Joseph LaRoque of Marlboro, Mass. and Mary (King) Reynolds of Acton, Mass.

Aug. 2. Patrick B. McNamara of Los Angeles, Cal, and Flora Ida Rainville of Maynard.

Aug. 12. Vincenzo D'Gregorio and Beatrice Gigante, both of Maynard.

Aug. 19. George J. W. Mead of Maynard and Elizabeth May Costello of Lynn, Mass.

Aug. 25. Tamasz Tamolewicz and Agata Rawinska, both of Maynard.

Sept. 1. Klinas Mortunas and Dominuka Sakawiehute both of Maynard.

Sept. 1. Felyks Anuskewci and Ellen Tamulouys, both of Maynard.

Sept. 3. Harry B. Morse of Worcester, Mass. and Cathryn A. Meader of Maynard.

Sept. 4. Joseph H. Tucker and Gertrude E. Burnham, both of Maynard.

Sept. 8. Gregore Stanies of East Walpole, Mass. and Lizzie Navitsky of Maynard.

Sept. 12. Antti Wertti and Mary Rantanen, both of Maynard.

Sept. 14. Frank Edward Lingley and Celia Driscoll, both of Maynard.

Sept. 15. Antony Norwich and Eva Yamiskewicz, both of Maynard.

Sept. 19. Michael Brimley and Martha M. Bell, both of Maynard.

Sept. 19. William D. Hinds and Mary M. Cuddy, both of Maynard.

Sept. 21. John Nyland and Hilma Louisa Nienonen, both of Fitchburg.

Sept. 22. Ygancy Raulishonis and Mary Palaima, both of Maynard.

Sept. 25. Ankusti Kangasharju and Sandra Rikala, both of Maynard.

Oct. 10. George R. Furneaux of Maynard and Ella May Moore of Newton, Mass.

Oct. 13. John Jarvi and Mary Honkala, both of Maynard.

Oct. 17. Arthur Webber of Maynard and Florence E. Sillaway of Stow, Mass.

Oct. 20. Aappo Pernes and Kaisa W. Lauka, both of Maynard.

Oct. 20. Yuzefh Ivanoosky and Zophea Koetkoosky, both of Maynard.

Oct. 23. Irving Gordon Dart of Concord Junction, Mass. and Ethel May Sims of Maynard.

Oct. 27. John Kivinen and Mary Tienhaara, both of Maynard.

Oct. 29. Michael J. Nee of Maynard and Mary J. Callahan of Lowell, Mass.

Oct. 31. Maurice E. O'Connor, Jr. of Maynard and Katherine O'Connor of Whitman, Mass.

Nov. 3. Matzey Bandalevitz and Victoria Pozaritzka, both of Maynard.

Nov. 7. William A. Ployatt and Elizabeth Cleary, both of Maynard.

Nov. 16. Albert A. Ojala and Febe K. Wirtanen, both of Maynard.

Nov. 17. Joseph Kolienda and Eva Klimaszwska, both of Maynard.

Nov. 21. John J. Greene and Ellen Kromberg, both of Maynard.

Nov. 21. James E. Rady and Agnes T. Owens, both of Maynard.

Nov. 24. John Kansanniva and Mari Maki, both of Maynard.

Nov. 26. Michael J. McLaughlin of Clinton, Mass. and Mary Lavine of Maynard.

Nov. 28. Rupert M. Stockbridge of Maynard and Bertha M. Colley of Dorchester, Mass.

Dec. 15. Elias Sulkala and Ida Hyden, both of Maynard.

Dec. 15. John Orgvest and Lizzie Finni, both of Maynard.

Dec. 22. Kalle Manty and Jenny Ahala, both of Maynard.

Dec. 22. Matti Nyfelt and Linda Heinanen, both of Maynard.

Dec. 22. Thomas Nortonen and Ida Kiiskila, both of Maynard.

Dec. 25. Frederick G. Hird and Margaret E. Ryan, both of Maynard.

Dec. 26. Richard B. McSweeney of Concord, Mass and Julia L. White of Maynard.

Dec. 28. Leino Linna and Nanny Jokisaari, both of Maynard.

Number of marriages recorded at this office during the year 1906, 96.

ROBERT W. CARTER, Supervisor of Music.

MARY J. STICKNEY, Supervisor of Drawing.

## Report of the School Committee.

---

Citizens of Maynard:

We submit to you for your perusal the disbursement of the school appropriation, the work accomplished the past year, as far as it is possible to make such clear in a report, and the present condition of the schools, as indicated by the subjoined reports.

You will notice that there is an unexpended balance of \$282.38, which amount would have been increased several hundred dollars had not the school committee contributed from the regular appropriation toward the equipment of the Bancroft Street school. However, as there is one more room which we may be obliged to open in the fall, we feel obliged to call for a like amount for the ensuing year, \$19,500.00.

After four years of very successful work in our High school former principal, Mr. C. Eugene Klise, declined further honors at the hands of the committee. While here he proved exceedingly well adapted to the profession of teaching, in the many requisites necessary for success in that field of effort, and he went from here with the best wishes of all.

The disturbance in the teaching force was further increased by the resignations of sub-master, Mr. Lester Richardson and assistants, Miss Jane Warfield and Miss Alice Towne, the work of these teachers being highly valued. The strain, however, was somewhat relieved when Miss Alice

Maloney, whose endeavor has been marked with success, decided to remain with us.

In accordance with recently enacted law, we have appointed a school physician, the duties of which have been entrusted to Dr. Daniel Goodenow. Already we are convinced of the wisdom of such legislation, and we believe that many pupils will be put in a way to benefit by such services.

We are satisfied that the work of the schools is progressing along right lines, and continued under the able direction of the superintendent, Mr. John C. Mackin, and the principal of the High School, Mr. John H. Swain, and the teachers under their charge, whose earnest efforts are praiseworthy, and the untiring endeavor of the supervisors of music and drawing, no diminishing profit to the pupils can result.

P. S.—Since we sent the copy of the school report to press, we have unexpectedly received \$625.00 from the State Treasurer, but, of course, too late to be entered with the receipts for the financial year just ended.

## Report of the Superintendent of Schools.

---

### To the School Committee:

Gentlemen—I herewith submit to you my fifth annual report of the schools of Maynard.

### TEACHERS.

The number of teachers at present employed by the town is twenty-five, two more than a year ago. This increase was caused by the necessity of providing for one additional first grade and one seventh grade.

At the close of the spring term seven teachers resigned, four of them from the high school faculty. Mr. C. Eugene Klise, who had successfully conducted the school for four years, accepted a more lucrative position in Belmont. Mr. Lester Richardson, the sub-master, took a better position at Leominster. Miss Warfield retired for a years' rest, and Miss Towne moved to Bangor, to preside over a home of her own. These teachers were all doing good work, and it was with regret that we were compelled to dispense with their services.

The grade teachers resigning at this time were Miss Wilkins from the seventh grade, Miss Mace from a third grade, and Miss Fletcher from a first grade, the two last named accepting similar positions in Winthrop and Malden.

The following teachers began their duties in Maynard in September: Mr. J. H. Swain as principal of the high school, Mr. Wm. J. Nutter as sub-master, Miss Minnie Doherty as teacher of mathematics, and Miss Lena Haynes as teacher of English and history.

In the grades Miss Anna K. Sheriden and Miss Mabel Sias were chosen for seventh grade positions, Miss Helen Warren and Miss Florence Webster for first grade, and Miss Mary Varley for a third grade position. During the fall term, Mr. Nütter resigned from the high school, and Miss Pearl Copeland was appointed in his place. Miss Florence Webster also resigned to take a similar place in Malden, and Miss Ruth Bagster was appointed to fill the vacancy.

The present teaching force, not counting supervisors, consists of five college graduates, thirteen normal school graduates, and five who have attended a normal school without graduating. Thus are they well equipped for their profession, and, in general, will compare favorably with the teaching force of other towns.

The maximum salary now paid to grade teachers, except principals, is \$550 a year, and to high school assistants, \$600. These salaries compare favorably with towns similar in size to Maynard, but there are other considerations to be taken into account in the retaining of good teachers. One of these, and a very important one, is the securing of a suitable boarding place. At the present time there are not enough suitable boarding places in town to accommodate the teachers.

#### MANUAL WORK.

During the year weaving and basketry, to a limited extent has been introduced in the grades, while a small amount of leather decoration was accomplished by high school pupils. Samples of the finished product were exhibited in one of the local stores, and the excellent quality of the work performed was manifest. It is safe to say that nothing has been attempted which created more interest among pupils and parents. It was a common occurrence to find all the members of a family concerned in making mats or baskets. It proved the popularity of an experiment in modern education, "that of learning to do, by doing."

During the summer a sewing school was opened in the Nason street building for all girls between the fourth and ninth grades. This school continued for six weeks, and was very successful under the skillful instruction given by Miss Blanche Starratt, an experienced teacher in sewing. The following report by Miss Starratt gives an account of work performed :—

“ The summer sewing school which met on Wednesday and Friday mornings of each week was composed of two sections. The first met from eight until nine-thirty, and the second from nine-thirty to eleven. The average attendance was about sixty-five. During the first part of the term the class learned the different stitches in plain sewing. The latter part of the term was devoted to making sewing and work aprons, pillow cases, handkerchiefs, flannel underskirts, white petticoats, sewing bags and hemming towels. After finishing the above, the girls learned to darn stockings and make button holes. The interest shown by the pupils and the cheerfulness and good spirit that prevailed under repeated correction and “ doing over,” was most encouraging.”

At all educational meetings held the past year, the main theme has been industrial training, and judging from the activity among the larger towns and cities along this line, it will not be many years before all towns will be forced to put into their courses of study some provision for the training of the hand as well as the head.

#### MEDICAL INSPECTION.

That teachers, pupils and parents may become familiar with and understand the new law compelling towns to employ a school physician, I have caused the entire law to be printed in this report.

#### MEDICAL INSPECTION IN MASSACHUSETTS.

The following is the complete text of the law as it stands.

Acts and Resolves, 1906, Chapter 502:—

An Act Relative to the Appointment of School  
Physicians.

*Be it enacted, etc., as follows:—*

Section 1. The school committee of every city and town in the Commonwealth shall appoint one or more school physicians, shall assign one to each public school within its city or town, and shall provide them with all proper facilities for the performance of their duties as prescribed in this act: provided, however, that in cities wherein the board of health is already maintaining or shall hereafter maintain substantially such medical inspection as this act requires, the board of health shall appoint and assign the school physician.

Section 2. Every school physician shall make a prompt examination and diagnosis of all children referred to him as hereinafter provided, and such further examination of teachers, janitors, and school buildings as in his opinion the protection of the health of the pupils may require.

Section 3. The school committee shall cause to be referred to a school physician for examination and diagnosis every child returning to school without a certificate from the board of health after absence on account of illness or from unknown cause; and every child in the schools under its jurisdiction who shows signs of being in ill health or of suffering from infectious or contagious disease, unless he is at once excluded from school by the teacher; except that in the case of schools in remote and isolated situations the school committee may make such other arrangements as may best carry out the purposes of this act.

Section 4. The school committee shall cause notice of the disease or defects, if any, from which any child is found to be suffering, to be sent to his parent or guardian. Whenever a child shows symptoms of smallpox, scarlet fever,

measles, chickenpox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps, scabies, or trachoma, he shall be sent home immediately, or as soon as safe and proper conveyance can be found, and the board of health shall at once be notified.

Section 5. The school committee of every city and town shall cause every child in the public schools to be separately and carefully tested and examined at least once in every school year, to ascertain whether he is suffering from defective sight or hearing, or from any other disability or defect tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work in order to prevent injury to the child or to secure the best educational results. The tests of sight and hearing shall be made by teachers. The committee shall cause notice of any defect or disability requiring treatment to be sent to the parent or guardian of the child, and shall require a physical record of each child to be kept in such form as the State board of education shall prescribe.

Section 6. The State board of health shall prescribe the directions for tests of sight and hearing, and the State board of education shall, after consultation with the State board of health, prescribe and furnish to school committees suitable rules of instruction, test-cards, blanks, record books, and other useful appliances for carrying out the purposes of this act, and shall provide for pupils in the normal schools instruction and practice in the best methods of testing the sight and hearing of children. The State board of education may expend during the year nineteen hundred and six a sum not greater than fifteen hundred dollars, and annually thereafter a sum not greater than five hundred dollars for the purpose of supplying the material required by this act.

Section 7. The expense which a city or town may incur by virtue of the authority herein vested in the school commit-

tee or board of health, as the case may be, shall not exceed the amount appropriated for that purpose in cities by the city council and in towns by a town meeting. The appropriation shall precede any expenditure or any indebtedness which may be incurred under this act, and the sum appropriated shall be deemed a sufficient appropriation in the municipality where it is made. Such appropriation need not specify to what section of the act it shall apply, and may be voted as a total appropriation to be applied in carrying out the purposes of the act.

Section 8. This act shall take effect on the first day of September in the year nineteen hundred and six.

"There are no doubt children in school and in the home who are being criticised, scolded and misjudged generally for being cross, stupid or willful when it may be that their sight or hearing is the cause."

The object of the law is to discover all physical defects, cause the same to be remedied by notifying the parents and thereby give to every child a fair chance.

In accordance with Section 6 of the above law the eyes and ears of every school child in Maynard are being tested and while the test is not yet completed a number of defective eyes and defective ears have already been found.

#### TRAINING IN SOCIAL SERVICE.

After having experimented with the "School City" plan of government for a year, the general opinion of the teachers was that it was a success, that its benefits exceeded its defects, and it was voted to continue the same this year. The only place where it has been discontinued is in the High school and this was caused by holding the School City responsible for an unfortunate result; that happened in the settlement of a trivial offense in discipline.

The plan has already passed the stage of experiment and

is progressing better than last year, for as pupils, parents and teachers come to understand it better there is less criticism, fewer complaints and a smaller number of cases in court. It still requires a thorough knowledge, a keen interest and an honest effort on the part of the teacher to get good results, but then all methods require the same.

The main points to be sought for in the use of the plan may be briefly stated as follows:

(1) To teach pupils to form the habit of self control without being continually watched by the teacher.

(2) To teach pupils to exert at all times an active influence upon their associates for good order and right conduct.

(3) By simple organization to teach pupils some of the duties of citizenship and by this organization to furnish the teacher with the means whereby she may become acquainted with the real character of the boys and girls.

(4) To provide a means for creating a public opinion for law and order and for producing a spirit of harmony between teachers and pupils.

#### THE STAMP SAVING SYSTEM.

The stamp saving system introduced in the schools a year ago is still being used to good advantage. The number of stamps sold this year is not so large as last, and quite a number of the pupils have for various reasons found it necessary to redeem their stamps before receiving a bank book, yet at the present time we are selling from fifty to seventy-five dollars worth a month. This means that this amount of money is saved each month from what would ordinarily be spent for cheap candy and chewing gum. It also means that the children are forming a habit of saving and of having a bank account which will be of the greatest benefit when school days are over.

The pupils who have been persistent and saved a little

each week or each month, find that they are now the owners of a bank book with a considerable sum of money to their credit. One little girl informed me that she saved eighteen dollars last year; and no doubt others have saved as much if not more.

This plan like all others needs the attention of the teacher. A little judicious advertising will do much toward keeping up the interest of the pupils.

The following facts show its standing Jan. 1, 1907:

Total value of stamps bought of Hudson National Bank,	\$1,172 15
Total value of stamps sold the children,	\$1,072 15
Total value of stamps on hand,	\$100 00
Number of different pupils receiving books,	847
Number of different depositors in Assabet Institu- tion for Savings,	235

#### EVENING SCHOOL.

As there seemed to be quite a number in town desirous of attending an evening school and had manifested that desire by a petition to the school committee, it was voted to give to them and to all others an opportunity of receiving instruction in the elementary subjects.

On Friday evening, December 7th, a school was opened in the Main street building, and up to the present time eighty-six pupils have registered. These are divided into three sections. Two of them, consisting of from thirty-five to forty pupils each, are composed of foreigners who wish to obtain a working knowledge of the English language. Each member is given a book especially prepared for this kind of work and remarkable progress is being made. The teachers of these classes are Miss Alice Parker and Miss Etta C. Burns.

The third section is composed of young men who have

attended the public schools for several years but wish to review the subjects studied. These are being given a course in arithmetic, English, penmanship, civil government and history, and while there are not as many in this class as was expected, the pupils are doing good work and show a keen interest in the subjects. Miss Nellie C. May has charge of this section.

#### THE NEW SCHOOL.

The new four room brick building on Bancroft street has been completed, and was opened for occupancy in September. This building was especially designed for primary school purposes, and consists of four rooms on the ground floor, besides a large basement play ground to be used in stormy weather. A large lot of land in the rear of the building furnishes ample opportunity for out of door play.

The plan of the building gives it a unique appearance from the outside, but the inside, the part to be especially considered is fitted with all modern improvements, is very conveniently arranged and much appreciated by teachers and pupils.

To put it on the same basis as the Main street school, the walls should be tinted and moulding placed around the ceilings for the purpose of hanging pictures.

At present three schools are located in this building, a first grade, a mixed second and third, and a fourth grade. With Miss Frances Nagle as principal and Miss Brooks and Miss Bagster as teachers, the school is now well organized.

Maynard has twenty-two school rooms in three buildings, each of which is situated not more than five minutes walk from the postoffice. A more compact arrangement would be hard to find. The school equipment, including supplies, is much better than the average, while the cost has not been out of proportion to the benefits received. The average cost of education per pupil in the state last year was about twenty-

eight dollars. The average cost per pupil in Maynard was about twenty-four dollars.

### SCHOOL WORK.

That a pupil may do good work in school it is absolutely essential that he be present at every session and dismissed very rarely. In order to create an interest in attendance the school in each building having the highest per cent of attendance is allowed to dismiss an hour earlier the last Friday of each month. We still have too many absences, too many tardy marks, and too many dismissals. In general the parents are to blame as they allow their children to remain away for trivial reasons, or do not see to it that they are started in time not to be late. The aim of all school work is to help the child to help himself. Real knowledge can be taught in no other way, yet, when this method is rigidly enforced, it often leads to a misunderstanding on the part of the parent who imagines that the more help a child receives, the more he is learning. Each child must do for himself, or he soon becomes the passive recipient into whom is poured the knowledge of the teacher, and out of whom comes no mental effort for original investigation. This method of doing everything for the child is a form of flattery that is sometimes indulged in by both teachers and parents.

Among the subjects taught in school, that of primary number has received the most attention throughout the state the past year. The following extract from a superintendents' report, read at Worcester, explains the present methods :

"The age of tooth picks and horse chestnuts seems to be passing, and an age of simple natural concrete exercises, with such magnitude and number relations as children encounter in their daily experiences, is taking its place. Various systems of blocks, sticks, models and metric units are displacing the miscellaneous collection of counters, so long used to teach the "combinations and separations according to the

Grube method. In fact the Grube method seems to be rapidly losing ground, although no single method or system is taking its place. Counting and leniar, surface and solid measurements usually furnish the majority part of the exercises in the new methods."

While concrete number work is necessary as a foundation, I believe as soon as possible the child should deal with abstract numbers, to know that five and three are eight without counting on his fingers or being obliged to think that five splints and three splints together make eight splints.

#### CONCLUSION.

The various statistics, the reports of the principal of the high school, the supervisor of music and the supervisor of drawing are appended, and the suggestions offered in these departments are well worthy of consideration. Finally, allow me to say, that the help of the school committee, and the help of the teachers is a continual source of encouragement.

Respectfully submitted,  
JOHN C. MACKIN,

Jan. 31, 1907.

Superintendent of Schools.

Report of the Principal of the High School.

---

To the Superintendent of Schools:

Dear Sir—This, my first annual report of the Maynard High School, can be but a general outline, the first half year's work having been conducted under your former principal.

I take pleasure in stating that I found the High School in a very prosperous condition for which, credit is due Mr. C. Eugene Klise, and his able corps of assistants for the high standards maintained and the excellent instruction given. The student body as a whole is composed of thorough and conscientious students of more than average ability, and possessed of a ready and quick perception of right when it pertains to the discipline of the school.

There were 61 students registered during the Fall term, and it is gratifying to note that the average attendance is a little higher, and the number tardy and dismissed somewhat below that shown in the report of last year. It is impossible for the pupils to do credit to themselves if they are continually absent from class-room work, and I trust I may have the co-operation of all parents in their asking for excuses for their children only when absolutely necessary.

I am now taking steps to have the High school admitted to the list of schools approved by the New England College Entrance Certificate Board. Whether or not I am successful depends upon the work of the graduates of Maynard High

school who are now in colleges that are members of the New England College Entrance Certificate Board. The school is well equipped with laboratory apparatus, text books, and teaching force and the course of study is well arranged ; therefore, students receiving our diplomas should be well qualified to take up the work in any of our colleges and carry it in a manner to reflect credit on themselves and on the fitting school from which they were graduated.

There are a few minor changes that should be made, among which the course in mathematics should have your immediate consideration.

Beginning with the first week of the last half of the year, I shall place a daily report sheet in the hands of each teacher upon which they will record on a 100 per cent. basis the standing of each student in daily recitation. These daily report sheets will be taken up at the end of each month and placed on file. The monthly report card submitted to the parent will be marked as designated on the card.

In accordance with your suggestion, I am writing an outline of the work in all subjects and hope to have it ready for the printer some time in February. In this outline I shall treat each subject separately and shall endeavor to show just what part of the work will be covered and the manner in which it will be handled.

I would call your attention at this time to the desirability of establishing a commercial course in connection with the High school. There is an increasing sentiment towards making the High schools more active in fitting for certain business relations. A considerable number of our young men and women are obliged to supplement their training received in the High school with a course in other schools to prepare them for a practical business life. I am led to inquire whether the sentiment of our people would favor at some future date

the introduction of a course of this kind in our schools.

The school has received a picture of "The Falls" in the Yosemite Valley for which we extend our thanks to the class of 1906.

The chemical laboratory has been well equipped with all apparatus and supplies necessary for a thorough course in laboratory chemistry.

Reference books in chemistry and English and American History have been added to our library and have been found of much value in the teaching of these subjects.

It should be remembered that there are several different points of view from which an object may be seen. This is true of the schools. They are seen in one way by the teacher, in another by the students, in another by the school officials, and in another by the parents. If a school is to present a fair average, there should be a comparison of all these. Not one of them can be left out of account. But the observations should be at close range and should not be prejudiced by selfish interests. A teacher should be ready to listen and profit by the fairly expressed criticism of parents. But to make the criticism, parents must have personal knowledge of the school. They should not speak entirely from what they hear from children or others. It is therefore very desirable that parents should occasionally visit us. I accordingly take this opportunity to publicly invite all interested in the work of the school to pay us an early visit, and I shall be glad to meet any parent at any time to discuss the work of any individual boy or girl. I earnestly solicit the co-operation of the parents, knowing, as I do, that their interests are the greatest.

Permit me to say in conclusion that a large degree of personal satisfaction comes to me from the cordial support I have received from the students, from the helpful aid and co-operation of a conscientious teaching force, and from the un-

failing assistance I have received from you and your Committee. For all these I would extend my warm appreciation.

Respectfully submitted,

J. H. SWAIN,  
Principal of High School.

Jan. 31, 1807.

Report of Supervisor of Music.

---

To the Superintendent of Schools:

Dear Sir,—The study of music is being carried on as outlined in previous reports. In grades one, two and three, the practice of the intervals of the diatonic scale, ear training, staff notation in all the major keys without chromatics and the simpler time principles are taught. Rote songs at the discretion of the regular teacher are interspersed and careful attention to good tone production is given. There should be at least two rote songs a month taught by the regular teachers of the primary grades.

Beginning the fourth year, books are introduced. These books are carefully graded and contain songs and exercises in all the major and minor keys, chromatics and all necessary time principles. By the use of these and the help of the supplementary individual training in sight reading and written work, pupils leaving the ninth grade should be able to sing at sight, with words, any choruses that are adapted for high schools and choral societies. But the chief essential to obtain this result is the individual training. A special system, supplementary to all book and class-wise singings, has been provided and should be in use in all the grades. Last year we had five grades fairly established in this system. This year the sixth has been added, and I hope that next year the seventh and possibly the eighth and ninth will be included. It only requires proper management on the part of the teacher to make this as much a part of the regular routine as reciting alone in arithmetic or any other study, and ten

minutes of each music period is all the time that is necessary to devote to it. I submit for your examination and comparison copies of the records of the individual tests taken in the rooms which are keeping a record. These all cover the same length of time, viz: from the opening of school in September to Jan. 15. In the high school, as heretofore, all the time devoted to music is one period for chorus practice each week, which is not enough for the benefit of the school or for satisfactory results in chorus singing.

Respectfully submitted,

ROBERT W. CARTER,

Jan. 31, 1906.

Supervisor of Music.

## Report of Supervisor of Drawing.

---

To the Superintendent of Schools:— Dear Sir :

The following statement made by a teacher of an intermediate grade where drawing had been taught from the first year is certainly encouraging. It was thus: "I can see that training in drawing *does count* comparing my Christmas presents, given by the children this year with those received four or five years ago; there is a great difference,—not one thing has it been necessary for me to hide away this year, no cotton lace-filled handkerchiefs or those over-decorated non-sensical things, but the gifts given are all such as I would like to have about me."

That is the goal for which we are striving in our work in the schools; a little, even a little idea of the right and the wrong in all things to aid their power in selection.

To direct the work so that pupils may see the real need and close connection with their whole life, in school activities and home life is the aim.

A great advance has been made in drawing the last year. Comparing results with those of two years previous, the improvement is readily seen. It is not alone from "results on paper" that the child's ability is judged, but the power of the boy or girl to see the truth, to think for himself, and to do.

More construction work has been arranged for the present year, especially in the lower grades; the power to create strengthening the child's ability to represent form. The raffia work done in the schools the past year has been quite successful, especially the work accomplished this past Christmas.

The enthusiasm and earnestness of the children in this and in all the work is the secret of progress.

Although better work than previously is being accomplished in the high school, and in all grades we are earnestly striving to march "forward" to the best.

To the superintendent and to the committee I wish to extend my sincere thanks for their support in my efforts, and I truly appreciate the co-operation of the teachers making possible the work accomplished.

Respectfully submitted,

MARY J. STICKNEY,

Jan. 31, 1907.

Supervisor of Drawing.

---

CLASS OF 1906, MUSIC HALL, WEDNESDAY  
EVENING, JUNE 20.

---

## PROGRAMME.

1. Prayer.
2. Music—"Soldiers' Chorus," (From Opera "Faust")  
Gounod  
School Chorus.
3. Address—"The Incentive of Difficulty,"  
Rev. George Hodges, D. D., D. C. L.,  
Dean of The Episcopal Theological School of Cambridge.
4. Music—"The Miller's Wooing,"  
Eaton Faning  
School Chorus.
5. Presentation of Diplomas,  
James J. Hiltferty,  
Chairman of School Committee.
6. Class Ode.
7. Music—"The Beautiful Blue Danube," (Waltz)  
Johann Strauss  
School Chorus.

## ODE.

(Tune: Bluebells of Scotland)

## I.

With hearts filled with yearning  
 For school days grown so dear,  
 Once more we have gathered  
 To say the last farewell ;  
 Though sad, familiar faces  
 As the parting hour draws near,  
 May each heart glow with gladness,  
 And joy ineffable.

## CHORUS.

With hearts for aye united,  
 Life's duties we'll not shun,  
 And may we hear when life is o'er  
 Our Father's words. " Well done. "

## II.

In life, when dark our pathway,  
 And filled with subtle snares,  
 May God be our guide  
 Through the tangled weeds and briars.  
 Direct our footsteps safely  
 Along life's thoroughfares,  
 Dispensing upon us  
 The strength which each requires.

## III.

Though mild and calm in youth's bright hour  
The tide of life appears,  
Yet we must gird ourselves to fight,  
Be valiant, firm and strong.  
For many wrathful storms we know  
Will darken future years;  
Then forward! be not faint of heart  
The strife will not be long.

## IV.

May we the class of nineteen six,  
Ne'er fall to depths of sin,  
But higher and yet higher rise  
Above the vulgar strife.  
And if the flame of hope oft-times  
Within our breast grows dim,  
Yet may our course be upward  
Toward the noblest things of life.
