decayed. Owing to the increase of automobile traffic the corner of Main street and Great road should be widened to make it safe for pedestrians and autoists. The improvement here, if made, would necessitate a special appropriation.

Our sidewalks are in fair condition, with few exceptions. We were unable to obtain asphalt the first of the season. However, later we secured 34 drums, but decided it was too late to do as much as we would like to and have good results. We have 16 drums left for this year. An asphalt walk has been laid on Walnut street, from bridge to Hillside street, from Thompson street to Dartmouth street; Main street, from bridge to Assabet House.

The coming year we hope to make still greater improvements. We owe our sincere thanks for the good work done the past year to our citizens generosity in voting us a larger appropriation, also to our superintendent who has spent it so judiciously.

STATE ROAD ON GREAT ROAD

For this road the town appropriated \$1500 in conjunction with the State and County making a total of \$4500.

We recommend this year to appropriate the sum of \$1500 to extend this good road.

Respectfully yours,

FRANK S. BINKS,
ALBERT J. SMITH,
EDWIN CARLTON,
Selectmen.

REPORT OF CHIEF OF POLICE

To the Honorable Board of Selectmen:

Gentlemen—As chief of police of the town of Maynard, I have the honor to present you a report of the work of the police department for the year commencing September 30, 1919, and ending September 30, 1920.

I herewith present a table covering the department during that period.

Drunkenness	58
Assault and battery	15
Larceny	9
Violating liquor law	9
Disturbing the peace	11
Carrying loaded revolver	1
Threat	1
Gambling	10

Bastardy	2
Violating auto law	2
Non-Support	1
	<hr/>
Total	119

Although the expenses of the police department have been heavy, all bills have been met and a balance remains unexpended. The lockup has been all repainted and put in a sanitary condition.

The following shows number of doors found unlocked by the respective officers:

Connors	25
Driscoll	96
Garrand	75
Green	10
Cannell	4
Swanson	8
Waterhouse	20
Hickland	9
	<hr/>
	247

I wish to say in conclusion that the cooperation of the citizens is essential at all times in assisting the department in the enforcement of the Prohibition laws. I have done my duty as far as was in my power and any complaint or information received in regard to violation of Prohibition and Gambling laws, have been investigated and prompt action taken. The amount received from Court fines was \$1234.69, and cases which were appealed to higher court amounted to over \$1100, which shows that the police department has been efficient in its duties. The citizens can help the department and the town more by their assistance than by unjust criticism.

Respectfully yours,

FRANK S. BINKS,
Chief of Police.

Many of the boards of assessors in the Commonwealth are already provided in whole or in part, with plans of their respective municipalities, and the principal reason why more has not been done in this direction has been the expense involved.

The purpose of these plans is not, to determine to a fraction of a foot the actual lines and areas of each parcel, but only to approximate these with sufficient accuracy for comparison and estimate, and then each area as blocked off on the assessors plans or records, can be identified in the assessments of succeeding years without difficulty.

We recommend that some small appropriation be made, as a beginning for such maps and records.

There was no general revaluation of property for 1920, except on land values in the business center of the town, which were increased considerable, as there appeared to be a permanent sale value, greatly in excess of assessed valuation.

A new valuation list will be issued next year.

Owners of personal property, automobiles in particular, should file a statement with the assessors before May 15. Tax laws allow few abatements on personal property, when no list has been filed with the assessors.

JOHN C. KING,
JAMES J. LEDGARD,

Assessors of Maynard.

FIRE DEPARTMENT REPORT

To the Honorable Board of Selectmen:

Gentlemen:—

We herewith submit our annual report of the doings of the Fire department. We have had about the usual number of fires and with the exception of the fire on Hillside street, the loss has been very small. On October 8 we observed Fire Prevention Day by taking the Combination truck to each of the schools and with men in working uniform and carrying the hose, we entered each school and sounded the fire alarm and the pupils marched out in a well drilled form as follows: Roosevelt School, 3 exits, 575 pupils, time 1 min., 29 sec.; High School, 2 exits, 450 pupils, 1 min., 41 sec; Bancroft St., 2 exits, 300 pupils, 1 min., 1 sec; Main St., 3 exits, 230 pupils, 56 sec.

In each building the pupils entered into the drill with great haste and orderly as they were in doubt whether there was fire or not. Much credit is due the teachers and superintendent for their part of the work and we wish to particularly commend the teacher that circulated the building and saw that no pupil was left in the building before she left. One thing we noticed was that the fire alarm button was not labeled but we understand that it has been attended to. We feel that the parents can be reasonably sure that the children are taken care of in case of fire.

The department seems to be in good shape but we must purchase 500 feet of hose this year and the building should be painted. We would also recommend placing alarm boxes as follows: One at the corner of Acton and Walcott streets, one at corner of Hillside and Walnut streets, and one at the Paper Mill corner, and there should be one in Assabet park, but it is useless to put one there until you put in some streets to get there on.

We ask you for \$7,300 for maintenance, \$500 for hose, \$350 to paint the building, and, if you decide to put in boxes, \$150 a box.

Following are a few timely questions we should read and consider:

Is the chimney free from cracks, loose brick and other defects and is it clean?

Is any woodwork in direct contact with the chimney?

Is the floor under the stove protected by a stove board?

Are ceilings, partitions and walls within two feet of the stove, furnace or boiler protected with metal over asbestos?

Is there a smoke pipe running through an attic or concealed places.

Is the smoke pipe sound, well jointed and wired, and properly fitted into the chimney and is it clean?

Does the wall paper come out against any smoke pipe?

Are any flue holes stuffed up with rags or covered with wall paper or wood?

Is your shingled roof moss-covered and defective so as to become readily ignited by chimney sparks?

Is the stove, boiler or furnace sound?

Is the wood work around hot air registers and pipes protected?

Do you store ashes in wooden receptacles, on wood floors, or against walls, partitions or fences?

Do you overheat the stove or furnace or leave drafts wide open?

Think these over, they may save you "dough" and woe.

Following is our financial report.

Instructions for Giving Fire Alarms

Alarm should be given from the box nearest the fire. On each box there is a small box with a glass door that holds a key. Break the glass, take the key, unlock the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open the box except in case of fire.

Never sound an alarm for a chimney fire or a brush fire, or a fire seen in the distance. Telephone the fire station or the fire engineers.

REPORT OF FINANCE COMMITTEE FOR
THE YEAR 1920

The committee met February 19, 1920, to act on articles in a Town Warrant calling a Town Meeting for March 1, and take action on articles not acted on.

Resignation of Hartwell Flood received and accepted.

Article 7.

To see if the town will appoint a committee to secure a site for a Soldiers' and Sailors' Memorial.

We recommend the appointment of such a committee.

Article 8.

The purchase of the Amory Maynard house on Main St.

We recommend that the committee appointed under Article 7 be authorized to purchase the Amory Maynard home on Main street.

The sum of twenty-two thousand dollars be appropriated (\$22,000.00) for that purpose.

Article 9.

To see if the town will purchase certain property on Summer street for Soldiers' and Sailors' Memorial as a second choice if the committee is not able to secure the Maynard property on Main street.

We recommend that they are authorized to purchase the J. A. Coughlin, The Maynard House, and the Sarttle property on Summer street and appropriate the sum of twenty thousand five hundred dollars (\$20,500) for its purchase.

Article 10.

To see if the town will appropriate a sum of money to assist the C. M. & H. Street Ry. Co.

We recommend that an amount equal to their taxes be appropriated for that purpose under conditions to be incorporated in a motion by our chairman and be presented to the meeting.

Under instructions of the February Town Meeting to revise the salaries of the town officers.

We recommend that the following amounts be made:

Selectmen, chairman	\$200.00
Selectmen, clerk	175.00
Selectmen, third member	150.00
Treasurer	450.00
Collector of Taxes	350.00
Town Clerk	300.00
Overseers of Poor, clerk	150.00
Overseers of Poor, other members, each	75.00
Board of Health, each	50.00

Water Commissioners, each	50.00
School Committee, chairman	150.00
School Committee, other members, each	100.00
Auditors, each	25.00
Library Trustees, each	20.00
Moderator	25.00

Recommended—addition of \$500.00 to general government appropriation to take care of increase of salaries.

It was found any action taken on Articles 8 and 9 would be illegal. They were not reported to the meeting.

H. A. HARWOOD, Clerk.

June 8, 1920.

Meeting held on call of the Town Moderator to organize for the ensuing year, and to consider articles for a Town Warrant calling a Town Meeting for January 16, 1920.

Organized by electing Wm. H. Gutteridge, chairman; H. A. Harwood, clerk.

Article 2.

Calling for permission to erect a building to be used for a dining room for school teachers and an appropriation for same.

After considering the condition and understanding that there were only 10 or 12 teachers to provide for it was decided that we do not favor the erection of a building, but suggest that the house on the Roosevelt School lot, now owned by the town, be used, or some other arrangements be made to furnish dining accommodations for the teachers rather than to build at present time.

Article 9.

Regarding the taking of the Amory Maynard property on Main street by eminent domain.

After quite an animated discussion over the price it is held at and other expenses in prospect for the town in the near future with the already high rate of taxation, it was voted that we do not recommend the taking of the property by the town at this time.

One member reserves his right to dissent from the action of the committee.

H. H. Young the newly appointed member, was present at this meeting.

H. A. HARWOOD,
Clerk.

January 13, 1921.

The committee felt the loss of a faithful member and clerk, Mr. H. A. Harwood.

Finding a memorandum of expense (postage) \$1.77 paid

by Mr. Harwood, the committee voted to reimburse his estate.
Joshua Naylor was elected clerk.

Committee met to consider and recommend appropriation
for the year 1921.

REPORT OF MAYNARD PUBLIC LIBRARY TRUSTEES

To the Citizens of Maynard:

The trustees have again overdrawn their appropriation and we believe that the townspeople should know the reasons for so doing. There are four that are the most important.

First—The Naylor estate increased the rent of our room one hundred dollars.

Second—We have placed additional insurance on the fixtures and books.

Third—The high cost of books, magazines, and supplies of all kinds used in the operation of the library.

Fourth—The library is now open every afternoon and evening in the week, where formerly it was open but four evenings a week; this feature adds to the expense for light.

The trustees wish that the adult population would make more use of the reading matter placed on the tables, as they wish the public to form the habit of patronizing the library. They are always open to suggestions and are willing to obtain any book that the people wish to have in the library. This can be accomplished by giving the name of book, author and publisher to the librarian in charge.

We think that an appropriation of twenty-two hundred dollars and the dog-tax will be sufficient to meet our needs for the coming year.

Below is the statement for 1920:

No. of books in the library, Dec., 1919	6,684
Bought, 1920	217

OVERSEERS OF THE POOR

To the Citizens of Maynard:

The annual report of the Overseers of the Poor for the year ending December 31, 1920, is herewith submitted.

The Overseers closed the town farm on April 1, 1920, and made arrangements for the care of our three inmates at the town farm, Hudson. One of the inmates died during the year, so we are boarding two at the present time. The town farm and buildings are rented. The Overseers feel that the change will be a great saving to the town.

BOARD OF HEALTH REPORT

The Board of Health submits the following report:

There continues to be the usual number of tuberculosis cases especially among the foreign born population although not entirely confined to them, we have made the observation that most cases come from the Finnish race. Why this is true we have not yet been able to ascertain but knowing that Bovine tuberculosis is a source of tuberculosis in the humans, and that the above mentioned people are great partakers of milk, it is possible that it may have something to do with the source.

Tuberculosis has many forms and may not be entirely confined to the lungs. In fact any of the organs of the body, the central nervous system, the bones, and even the skin may be so afflicted.

If anyone has a sore which does not heal readily it has usually developed into an ulcer, an epithelioma or skin cancer or a tuberculous lesion of the skin.

In all of these various types of the disease the treatment depends primarily upon forced feeding, fresh air and rest.

Last summer and fall there were reports in the daily papers and to us directly from State Health officers of many cases of infantile paralysis in surrounding towns and cities. We are happy to say that this town has been practically free from the disease and we hope that it may continue to be so. Prominent health authorities claim that they see no signs of an epidemic of such during the coming summer.

Several cases of diphtheria have cropped out during the winter months but only one death from this disease occurred.

There has been no epidemic of the disease but only sporadic cases.

We have been careful to enforce quarantine and in each case where the child was a pupil in the schools have had the books burned, and disinfection carried out.

The influenza cases reported have been negligible, although there may have been some mild cases that did not have a doctor or were not recognized.

Following is a list of reportable diseases received during the year:

Diphtheria	13 cases
Scarlet Fever	13 cases
Meningitis	1 case
Tuberculosis	15 cases
Measles	48 cases

TOWN CLERK'S REPORT

For the Year Ending December 31, 1920.

From the Town Clerk's Records, Jan. 1, 1920 to Dec. 31, 1920.

Town Warrant No. 253

Town Meeting February 9, 1920.

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall, in said town, on Monday, the ninth day of February, 1920, at 6.45 a. m., then and there to act on the following articles:

Article 1. To choose by the Australian system of balloting the following town officers: One town clerk, one town treasurer, one collector of taxes, each for one year; one overseer of the poor for three years; one member of the board of health for three years; three selectmen for one year; one water commissioner for three years; one member of the school committee for three years; one assessor for three years; one trustee of the Public Library for three years; one tree warden for one year; two auditors for one year; three constables for one year; one cemetery commissioner for three years; moderator for one year, and all other town officers to be chosen at said meeting. Also to answer by the Australian system of balloting the following question: "Shall licenses for the sale of intoxicating liquors be granted in this town?" For the purpose specified in this article the polls will be open after the reading of the Warrant, and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determine.

Article 2. To hear and act on the reports of town officers and committees.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the municipal year beginning January 1, 1920, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the town, giving the notes of the town therefor, payable within one year from the date thereof.

Article 4. To see if the Town will accept the sum of one hundred dollars (\$100.00) to be known as the Grace Weaving Fund, the income to be used for the perpetual care of her lot in

Glenwood Cemetery. To do or act thereon.

Article 5. To see if the town will instruct the Finance Committee to readjust the salaries of the Town Officers. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this seventeenth day of January in the year of our Lord, one thousand nine hundred and twenty.

FRANK S. BINKS,
ALBERT J. SMITH,
Selectmen of Maynard.

MIDDLESEX, ss. Maynard, Mass., January 24, 1920.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held February 9, 1920

Pursuant to Town Warrant No. 253 the voters of Maynard cast their ballots on the above date for Town Officers and acted upon the articles of the warrant as follows:

The cards of instruction and specimen ballots required by law were posted by the Town Clerk and the warrant was read at 6.45 a. m. Moderator Emanuel Taylor declared the polls open at 6.50 o'clock.

Voted to postpone action on the various articles of the warrant until two o'clock.

The Selectmen having appointed ballot clerks and tellers, the same were sworn by the Town Clerk, as follows: Ballot clerks—John W. Flood, Matthew Campbell, William Connolly; tellers—Michael E. Lynch, Albert Batley, Harold A. Sheridan, John C. King.

The Town Clerk delivered to the ballot clerks a bundle of ballots and duplicate check list of male and female voters, taking receipt therefor.

The Moderator and Town Clerk inspected the ballot box, set the register at 0000 and placed the key in the keeping of Constable Nicholas J. Driscoll, who took charge of the box.

At 9 o'clock a. m. ballots were taken from the box and counting continued during the day.

Article 2. Voted to accept the reports of the several Boards of Town Officers as printed in the "Annual Reports of the Several Boards of Town Officers of the Town of Maynard, Massachusetts for the year ending December 31, 1919.

Article 3. Voted unanimously:

That the Treasurer be and hereby is authorized, with the approval of a majority of the Selectmen, to borrow during the municipal year beginning January 1, 1920, in anticipation of the collection of the taxes, such sums of money as may be necessary for the current expenses of the town, but not to exceed in the aggregate \$60,000.00 giving the notes of the Town therefor, payable within one year after date thereof. All debts incurred under the authority of this vote shall be paid from the taxes of the present municipal year.

Article 4. Voted to accept from the estate of Grace Weaving the sum of one hundred dollars to be known as the Grace Weaving fund, the interest to be used for the perpetual care of the Weaving lot and surroundings in Glenwood Cemetery.

Article 5. Voted to instruct the finance committee to revise the salaries of the Town Officers and report their recommendation to the March Town Meeting.

Article 1. At four o'clock the polls were closed.

The number of ballots cast was four hundred sixty-eight.

No special ballots for school committee were cast.

The register on the ballot box indicated four hundred and sixty-eight.

Each check list showed four hundred and sixty-eight names checked.

The ballots were counted by the counting board system and the result announced at 4.10 o'clock by the Town Clerk, as follows:

Town Warrant No. 255

Town Meeting April 5, 1920

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall, in said town, on

Monday, the fifth day of April, 1920, at 7.30 p. m. Then and there to act on the following articles:

Article 1. To hear and act on reports of town officers and committees.

Article 2. To see if the town will accept the sum of one hundred dollars (\$100.00), the income thereof to be expended for the perpetual care of the lot in Glenwood Cemetery in which the remains of Edward Henderson are buried. To do or act thereon.

Article 3. To see if the town will accept the sum of one hundred dollars (\$100.00) from William B. Case, the income from the same to be used for the perpetual care of his lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 4. To see if the town will accept the provisions of Chapter 56 of the acts of the year 1917, and acts in amendment thereof and addition thereto, for the purpose of establishing building lines in the Town of Maynard. To do or act thereon.

Article 5. To see if the town will instruct the selectmen to take such necessary legal action as may be necessary to establish a building line on the easterly side of Nason St., between Main and Summer St., said line to be parallel to and six (6) feet and six (6) inches distant from the location of the easterly line of Nason St., as established by the county commissioners in 1899 excepting therefrom portion of building now located and existing within said reserved space. To do or act thereon.

Article 6. To see if the town will vote to acquire by purchase or take by eminent domain, for municipal purposes, a certain tract of land described as follows:

A certain parcel of land, with the buildings thereon, situated on the northerly side of Main Street, in said Maynard, and described as follows: Beginning at a point on Main Street at land, now or formerly of Samuel Lerer; thence running Northerly along said Lerer's land, one hundred seventy-one (171) feet; thence running North Easterly along land of the Fitchburg Rail Road Co., one hundred seventy-five (175) feet; thence running Southerly along land now or formerly of one Halliday, two hundred thirty-seven and forty one-hundredths (237.40) feet; thence running at an angle in a South Easterly direction forty eight (48) feet; thence running South Westerly on Nason Street, forty (40) feet to Main Street; thence Westerly along said Main Street, one hundred fifty-four and forty one-hundredths (154.40) feet to the point of beginning. Be all these measurements more or less.

and to raise and appropriate money therefor, or take any action relative thereto.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, on or before the time appointed for holding said meeting.

Given under our hands this twenty-sixth day of March in the year of our Lord, one thousand nine hundred and twenty.

FRANK S. BINKS,
ALBERT J. SMITH,
EDWIN CARLTON,
Selectmen of Maynard.

MIDDLESEX, ss.

Maynard, March 27, 1920.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held April 5, 1920.

Pursuant to Town Warrant No. 255, citizens of Maynard assembled on the above date in Co-operative hall at 7.30 p. m.

The warrant was read by the Town Clerk and Moderator H. F. Bates presided.

Article 1. Voted to hear committee reports when Article 6 is reached.

Article 2. Voted to accept from the estate of Edward Henderson, the sum of \$100.00, the income thereof to be expended for the perpetual care of the lot in Glenwood Cemetery in which the remains of Edward Henderson are buried.

Article 3. Voted to accept from William B. Case the sum of \$200.00, the income from the same to be used for the perpetual care of lots numbered 186 and 234 and surroundings in Glenwood Cemetery.

Article 4. Voted that the Town accept the provisions of Chapter 56 of the Acts of the year of 1917, and acts in the Amendment thereof and addition thereto, for the purpose of establishing building lines in the Town of Maynard.

Article 5. Voted that the selectmen be instructed to take such action as may be necessary to establish a building line on the easterly side of Nason street, between Main and Summer streets, said building line to be parallel to and six feet and six inches distant in an easterly direction from the present easterly line of Nason Street as established by the county commissioners in 1899, excepting therefrom portions of buildings now existing within said reserved space.

Article 1. Arthur J. Coughlan of the committee appointed

March 1, 1920 to confer with Mr. Amory Maynard relative to the purchase of his property by the Town, read the following report:

Report of Committee appointed at meeting, March 1, 1920 to confer with Amory Maynard, in regard to purchase of property on Main street.

As a result of several conferences with Mr. Maynard, we may state that he is willing to sell his home place to the Town and his asking price is \$43,000.00. The land has a frontage on Main street of 154.40 feet, a depth on side next to the Riverside Hall building of 171 feet, and on the side nearer Nason street, of 325.40, the rear line being 175 feet; these figures being from plan as given to the committee by Mr. Maynard. The buildings consist of his residence, an unfinished dwelling now ready for furring, being planned for a seven room dwelling with bath, a carriage house and a small shed.

His note stating his price as submitted to the committee was as follows:

"My value of home estate including buildings is \$48,000.00, and I will entertain a proposition from the Town of \$43,000.00."

These facts the committee submit without recommendation.

The committee might well decide that under their instructions as received from the Town that the recital of these facts, would end their duties, but feeling that the citizens whose interest in securing some suitable place for a Memorial to the soldiers of all the wars in this country and especially for those of the late war, has been aroused as well as a location for an eventful municipal building, we decided to cause to be inserted in the warrant for this meeting an article providing an opportunity for a full discussion and if desired a settlement of the question either one way or another.

According to our understanding of the law, the only way in which this place may be acquired is by taking by right of Eminent Domain, as there seems to be question that the price to be paid will exceed by 25 per cent, the average valuation of the past three years, it being assessed for about \$12,000.00.

Under this law there will be appointed a board of appraisers, whose action unless either party takes exceptions and appeals to the Courts for a further review, will be final. It is also necessary for the town to appropriate in advance of the taking a sufficient sum to meet the price decided upon.

We have prepared in case such action is decided upon, a suitable motion, but with the amount to be voted in blank, that sum to be fixed by this meeting, if action to that effect be taken. It will be readily seen that if taking this place be decided on the price to be paid is an unknown quantity, depending not on our views alone of value, but upon the decision of the appraisers. This condition, would of course obtain two or five years hence,

as well as at the present time.

ARTHUR J. COUGHLAN,
MICHAEL E. LYNCH,
PATRICK J. SULLIVAN,
ORRIN S. FOWLER,
WM. J. MOYNIHAN,
Committee.

Voted to accept the report.

Article 6. The following motion was submitted by Mr. A. J. Coughlan:

That the town vote to acquire by purchase or take by eminent domain, for public library and municipal purposes, a certain tract of land described as follows:

A certain parcel of land, with the buildings thereon, situated on the northerly side of Main Street, in said Maynard, and described as follows: Beginning at a point on Main Street at land, now or formerly of Samuel Lerer; thence running Northerly along said Lerer's land, one hundred seventy-one (171) feet; thence running North Easterly along land of the Fitchburg Rail Road Co., one hundred seventy-five (175) feet; thence running Southerly along land now or formerly of one Halliday, two hundred thirty-seven and forty one-hundredths (237.40) feet; thence running at an angle in a South Easterly direction forty eight (48) feet; thence running South Westerly on Nason Street, forty (40) feet to Main Street; thence Westerly along said Main Street, one hundred fifty-four and forty one-hundredths (154.40) feet to the point of beginning.

And that there be appropriated a sum not to exceed thirty thousand dollars, and to meet said appropriation that the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow said sum and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with Section 14 of Chapter 719 of the Acts of 1913, so that the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note, or at such earlier date as the treasurer and selectmen may determine.

Voted that the meeting go into a committee of the whole for the discussion of the motion.

Moderator Bates acted as chairman.

After two hours discussion the committee of the whole dissolved and the moderator called for action on the motion before the meeting.

Mr. H. A. Wilson moved that the meeting adjourn.

Cornelius J. Lynch, Emanuel Taylor and James J. Ledgard were appointed tellers by the moderator and sworn by the Town Clerk.

Voted 42 in favor, 28 opposed that the meeting adjourn.

Attest: FRANK E. SANDERSON,
Town Clerk.

The town clerk requests information of any omissions or errors in the lists of births, deaths or marriages.

This office is prepared to furnish blanks for the proper return of births, and would call particular attention to the provisions of Chapter 280 of the Acts of 1912, requiring physicians and midwives to make a preliminary return of all births at which they were in charge, within forty-eight hours of the birth.

The act further provides that a more complete return of each birth shall be made within fifteen days of the birth and that the physician or midwife shall also keep a record of the same. Physicians and midwives will please observe that they are entitled to the customary fee only for births properly reported under this act and that the town clerk cannot certify bills unless the returns have been filed at this office within the time allowed by law.

The strict observance of the law with respect to filing returns of births, deaths and marriages is important.

The town clerk is obliged to report to the Secretary of the Commonwealth every delayed return filed, regardless of the cause thereof.

FRANK E. SANDERSON,
Town Clerk.

Town Warrant

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall, in said town, on Monday, the fourteenth day of February, 1921, at 6.30 a. m., then and there to act on the following articles:

Article 1. To choose by the Australian system of balloting the following town officers: One town clerk, one town treasurer, one collector of taxes, each for one year; one overseer of the poor for three years; one member of the board of health for three years; three selectmen for one year; one water commissioner for three years; one member of the school committee for three years; one assessor for three years; one trustee of the Public Library for three years; one tree warden for one year; two auditors for one year; three constables for one year; one cemetery commissioner for three years, moderator for one year and all other town officers to be chosen at said meeting, also to answer by the Australian system of balloting the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" For the purpose specified in this article the polls will be open after the reading of the Warrant, and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determine.

Article 2. To hear and act on the reports of town officers and committees.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the municipal year beginning January 1, 1921, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the town, giving the notes of the town therefor, payable within one year from the date thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this seventeenth day of January in the year of our Lord, one thousand nine hundred and twenty-one.

FRANK S. BINKS,
ALBERT J. SMITH,
EDWIN CARLTON,
Selectmen of Maynard.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee, Maynard, Massachusetts:

Gentlemen:—

My sixth annual report as your superintendent of schools is hereby presented for your consideration.

TEACHERS

The increases of salaries last year had their effect in making it possible to secure and retain teachers. As the increase was general throughout the State, our salaries are about the same comparatively as before. With a minimum of practically one thousand dollars and a maximum of only eleven hundred in the grades, there has not been a sufficiently large difference to encourage teachers to remain. At the close of the fall term we found that the funds on hand made it possible to increase our maximum one hundred dollars and this was done for those grade teachers who had been three years or more in service in our schools. While some advance may still be necessary, there will not be in future the need of so great proportional increases as in the past few years. Now that the cost of living is being lowered, the position of the teacher begins to compare favorably once more with other occupations and we may expect to be able to secure and keep good ones. This is provided living conditions are made such that teachers will remain. We lost five of our force during the first two months of this year from this cause alone. While matters are settled for the present, any arrangement which can be made will be only temporary until the town builds and runs its own teacherage.

The High School reopened last fall with four new teachers out of seven required. The Junior High needed but two new ones out of six. Roosevelt has seven out of fifteen; and Main Street has but one new teacher out of six. Out of forty-four teachers and supervisors but fifteen are new, and while this is still too great a change to be looked upon with complacency it is only about one-half that of the previous year.

SCHOOL NURSE

Through the services of the Maynard Red Cross Association we have had since the first of September the benefit of a nurse, a large part of whose time has been devoted to the school children. Her work has already proved so valuable that I recommend that the School Department assume the responsibility of one-half her salary for the present year if the Board of Health will pay the remainder. A nurse who is under the direction of both departments, and thus able to work both in the homes and the schools, can do more good in a town like this than one who works only in one or the other. Even if the

town were large enough to require two nurses, the best results would be obtained by having them both devote part of their time to the schools. If the funds of the Red Cross Association were released by the assumption of the cost of the nurse by the town they might be used in some other way. I would suggest the establishment of a dental clinic as very desirable.

One interesting by-product of the visits of the nurse is improved school attendance. If a child is absent from school it is reported to the nurse, and on her rounds of calls in the neighborhood it is easy to discover whether the absence is for a proper reason or not. This leaves the attendance officer to attend to cases of absence which are for illegal reasons.

The Junior Red Cross provided about eighty-five dollars toward the purchase of scales for the school buildings and a contribution from the school children made up the balance of the cost. Two of these scales have been in service for about two months and the others will be used as soon as they are received from the factory. The regular weighing of the children is an important element in watching over their health.

The report of the Nurse follows:

To the Superintendent of Schools,
Maynard, Massachusetts.

Dear Sir:—

I respectfully submit the following report for three months ending December 20.

School Visits	92
Home Visits	94
Children Inspected by Nurse	1477
Children Weighed and Measured	630
Class Room Inspections	87
Health Talks to Pupils	98

Many of the children need attention given to their tonsils and teeth. We hope before long to have a dental clinic to give their teeth much needed attention.

Respectfully submitted,

EDITH L. PRICE, R. N.

BUILDINGS AND GROUNDS

The buildings have been kept in good conditions throughout the year. Several hundred dollars were spent in laying a drain and other work at the high school in an attempt to prevent the entrance of water into the basement. The results can be judged only at the time of the spring thaws.

The grounds at Summer Street should be graded and seeded. The unsightly dump maintained there should be cleaned up and closed at the end of this winter. The ground

thus gained would provide space for play for the Junior High School boys. The Roosevelt lawn needs only seeding to put it into proper shape. At the Bancroft School some filling and leveling should be done on the playground and the lawn in front of the building seeded down. The lawn at Main Street has had little attention for several years and could be made much more sightly at slight expense.

There should be no expensive repairs needed this year, so that we may well spend some money in making the grounds correspond in appearance to the buildings.

BOYS' AND GIRLS' CLUBS

The work of the two girls' clubs last year, under the supervision of the Middlesex Farm Bureau, a report of which is given below, was highly successful. So many wished to join the clubs for 1921 that after the eligible list was pruned as closely as possible it was found necessary to have three clubs instead of two as last year.

The boys have become imbued by the same spirit until it seemed advisable to offer them membership in a Handicraft Club. About thirty have enrolled, making two clubs. Each club will meet on alternate Wednesday afternoons in the large room in the basement of the Roosevelt School which has been used in part hitherto as a storeroom for supplies. Possibly the time of meeting may be changed to Saturday morning. The room is dry, well lighted and heated. The School Committee provided the money for some of the tools and benches required and the boys expect to bring the rest and buy the stock required. These clubs meet and do their work outside of school hours, so that there can be no grounds for suspecting that the children's interest is due to a chance for getting out of other school work.

The superintendent is in charge at present but hopes to find one or two leaders soon. There is a good opportunity for a man who is interested in boys and knows a little about wood-working to be of great use if he can spare the time.

Possibly the interest in these clubs may develop a demand for departments in manual training and household arts in the junior and senior high schools. These are desirable elements of a school program, but it is better that they should come in response to a real demand than that they be forced upon children who neither need nor desire them.

In addition to the practical work the children receive valuable training in directing and participating in the club meetings and in keeping accounts and writing up the reports of their work. I hope the town will make the small appropriation requested for the purpose of maintaining this and other work of the Bureau.

REPORT OF CLUB WORK

There were 27 girls enrolled in two Home Economics Clubs

and all but one finished the requirements. Eleven girls enrolled in the canning club and won a state banner for a 100 per cent. finish. The greatest credit should be given to Alice Murphy, director of the Middlesex County Achievement Clubs in Maynard for organizing and putting over both of these clubs successfully. The new Handicraft Club with an enrollment of thirty-five gives us the first hold that we have ever had on the boys in Maynard. If this is successfully completed, an attempt will be made to interest them in gardening next summer.

IN CONCLUSION

All the rooms and almost all the seats in the buildings are in use. In the Junior High School two or three children are seated at the tables in each room. The first grade at Main Street is badly over-crowded and even with the transfer of many from this room to the other buildings it is still too full. Perhaps the best solution for the grades is the addition of two rooms to the Main Street building. Something should be done at once, as the problem at the high school cannot be deferred more than a year or so. With the need of at least one more teacher in the grades and probably one in the high school and the uncertainty as to the future cost of fuel and supplies it is necessary to provide for an increased appropriation. I need only to point out our needs to be assured that they will receive the careful consideration of the citizens.

For the continued support of the schools and the sincere display of that spirit of cooperation which is so essential an element of success in the work of an administrative officer I wish to express my renewed appreciation to all concerned.

Respectfully submitted,

WM. H. MILLINGTON,
Superintendent of Schools.

Maynard, Mass., January 7, 1921.

REPORT OF PRINCIPAL OF HIGH SCHOOL
1920--1921

Supt. William H. Millington,
Maynard, Mass.

Dear Sir:—

As principal of the high school I take pleasure in submitting to you my fifth annual report.

Although there is a similarity of form in these annual reports, they have an interest to friends of the school, inasmuch as they set forth from year to year certain groups of facts indicative of the condition of the school. They show we are making steady gains in numbers, in books and equipment and in our opportunities. The most noteworthy features of the past year are the dropping of Typewriting as a freshmen elective due to overcrowding; the offering of Community Civics as a full unit; the addition of a dictaphone to the commercial department; the securing of a special teacher for English only and the granting to the school by the New England College Entrance Board of the certificate for a three year period.

ENROLLMENT

The school showed the largest enrollment in the history of the school last fall, the total being 188, 19 more than last year.

	Boys	Girls	Totals
Seniors	14	7	21
Juniors	16	32	48
Sophomores	17	35	52
Freshmen	38	29	67
	85	103	188

There have been six withdrawals, three boys and three girls. making the present, January 1921, enrollment 82 boys and 100 girls. It is a peculiar fact that the senior and freshmen classes are well supplied with boys, while the girls outnumber the boys in the other classes two to one. With the usual withdrawals and an entering class of average size the school should number 210 next fall.

CHOICE OF COURSES

The greatest weakness in our school today is the old fashioned division into Commercial and Academic Courses, with only two styles of diplomas.

Pupils should elect a course from at least four curriculums, Commercial, Latin, Scientific and General, with a special diploma for each. In fact we should now have a printed pamphlet in which the school with the courses offered is adequately described.

In September our pupils were divided as follows:—

	Academic	Commercial	Totals
Seniors	11	10	21
Juniors	15	33	48
Sophomores	13	39	52
Freshmen	22	45	67
	61	129	188

The Freshmen who have elected the Commercial Course are not taking Typewriting this year.

ATTENDANCE

Good attendance depends largely on good health. Our attendance for the past year has been excellent. Fifteen certificates of perfect attendance were given out at graduation. No doubt we had avoidable absences. If parents would remember that Wednesday afternoon and Saturdays are the proper times for necessary dental appointments and that trips to Boston might well come at those times, many days at school would be saved. One of the most helpful happenings this year is the coming of the Public Health Nurse, Miss Price. She has already measured and weighed all the pupils, investigated many cases of absence and turned several pupils back to school. Add to the school nurse a free dental clinic and we have two agencies that will greatly benefit the health of our pupils and materially decrease the waste due to avoidable absences.

PUPILS IN SUBJECTS

The list of subjects offered this year, with the number of classes or divisions and pupils in each is shown below.

	1920, Sept.	
	Classes	Pupils
English	4	188
Typewriting	3	82
Com. Arith.	2	70
General Science	2	55
Com. Civics	2	50
Bookkeeping	2	43

English History	1	28
French	3	25
Spanish	2	21
American History	1	17
Chemistry	1	16
Algebra	1	9
Geometry	1	9

Advanced Algebra	1	9
Free Hand Drawing	1	16
Sewing	1	21
Mechanical Drawing	2	52
Singing	1	117

FACULTY

Our present corps of teachers is co-operating successfully for the best interests of the school. For the first time we have truly a departmental school. Two notable advances are the addition of a teacher for English and the elimination of all subjects save Science from the Science teacher. The organization of the work is as follows:—Commercial Department, G. A. Kennedy; English Department, Helena Fowler; Modern Language Department, Melba Haslett; and Science Department, P. F. Hynes. The rest of the work is not departmental strictly speaking, but in a few years it can easily be so arranged. Eleanor O'Connell has Latin (3 classes) and Freshman English (2 classes); Ethel Putnam has Commercial Arithmetic, Algebra and Community Civics and the Principal has American History, English History, Geometry and Advanced Algebra. Our faculty, with graded salaries as well as known maximum and minimum salaries, should henceforth be more stable and stronger in experience, a highly desirable asset.

COMMERCIAL COURSE

The election of the Commercial Course by more than two-thirds of our pupils shows the modern tendency of our pupils toward business rather than the professions. The same situation exists in most high schools today and even in our colleges, where the Schools of Business Administration are rapidly growing. We are educating very few pupils who will be school teachers, doctors, lawyers, dentists and the like.

By removing typewriting as a first year subject, we have prevented overcrowding in the typewriting room. With possibly 115 pupils the room will be used to full capacity next fall. With definite high standards, as established by Mr. Kennedy, it is doubtful if all who desire can measure up to the requirements of the course.

SPECIAL SUBJECTS

Miss Mary R. Comley is continuing the work of Miss Kathryn Hubbard in Drawing and Sewing. The Sewing Class of '21 Freshman girls is a promising class. The Academic room is now being used for drawing on Tuesday afternoons. The need of a special room for drawing and sewing is obvious, but in our rapidly growing school there is no available room. The work of the Home Economics Club, though not spectacular is worthy of mention.

The musical director, G. H. Woods, trained the school

orchestra and school chorus for graduation last June. The chorus is now wholly elective, only the capacity of the room, 117 pupils, being allowed to take singing.

VISUAL INSTRUCTION

Our school stereopticon was used last year to exhibit slides loaned by the Fogg Art Museum of Cambridge and the U. S. Bureau of Forestry. We could use to advantage standard sets of slides in History, Fine Arts and Science. The Pathoscope has shown some interesting films on popular subjects.

SOCIAL SCIENCE

A law passed in 1920 by our State Legislature requires that every pupil of the high school take a course in American History and a course in Civics before graduation. This law will mean for us that every freshman must take Community Civics and that two classes per year must be given in American History, one for Commercial Juniors and one for Academic Seniors. It is not advisable to crowd another elective into the Sophomore year, when there are already seven electives. With yearly classes in American History we shall have to drop Medieval and Modern History, instead of offering it in alternate years as at present.

Under this arrangement, adhering closely to the idea that every pupil should take a subject in the year it is offered, all freshmen would have three required subjects, English, Commercial Arithmetic and Community Civics, with one elective taken from Latin, Spanish and General Science; the Social Science subjects offered each year would then be, first year Community Civics, second year Ancient History, third year English History and American History (Commercial pupils only) and fourth year American History.

GIFTS TO THE SCHOOL

It is always a pleasure to report gifts to the school. We have added during the past year two pictures, "The Angelus," and "Rheims Cathedral," gifts of the class of 1920 at graduation; a black walnut cabinet for Science specimens bought with money given by the class of 1918, and history reference books purchased with \$20.00 generously donated by the Civics Department of the Woman's Club, under the chairman-ship of Mrs. A. J. Coughlan. We also gratefully acknowledge the gift of some magazines from Mrs. O. S. Fowler.

ATHLETICS

Increased interest in sports has been shown by the boys during the past year. Many believe that the training of the body for a long and active life is as valuable as the training of the mind for intelligent earning of a livelihood. The M. H. S. A. A. is a flourishing organization of 53 dues-paying members,

meeting about twice a month. We have recently joined the Mass. H. S. A. A., thus pledging ourselves to certain high standards in sports. Our major sports are now baseball, football and basket ball. This winter we have outfitted a basket ball team through the School Committee (for which we express thanks) and are arranging a winter schedule. Last spring the baseball nine had another victorious season, winning 9 games and losing 4. Much of the success was due to Capt. Roy Marsden, '21, an able successor of former captain Thomas Marsden, '19.

The record of the team is as follows:—

M. H. S.	23	Wayland H. S.	1
Concord H. S.	8	M. H. S.	5
Marlboro H. S.	2	M. H. S.	0
Clinton H. S.	8	M. H. S.	5
M. H. S.	12	Westboro H. S.	3
M. H. S.	8	Hudson H. S.	4
M. H. S.	18	Wayland H. S.	6
M. H. S.	11	Westboro H. S.	3
Clinton H. S.	5	M. H. S.	3
M. H. S.	16	Fitchburg H. S. (Second)	9
M. H. S.	26	Lexington H. S.	4
M. H. S.	3	Belmont H. S.	0
M. H. S.	19	Hudson H. S.	2

This fall for the first time the school had a football eleven, coached by P. F. Hynes of the faculty and captained by Robert Parkin, '21. Five games were played with Wayland H. S., Shirley Industrial School, Concord H. S., Hudson H. S. and Lexington H. S. Although no victories were won, the boys played gamely and learned much football. The sport was popular both with the boys and with the friends of the school.

When the high school grounds are graded, an excellent place for outdoor basket ball and baseball practise will be provided.

GRADUATION OF 1920

The graduation exercises of the Class of 1920 were held at Colonial Hall, Wednesday evening, June 23d, at 8 o'clock.

A pleasing innovation was the graduation reception given by the class of 1920 to their relatives and friends on Thursday evening, June 24th in Colonial Hall. The entire expense was borne by the class. The usual Junior Prom, with the reception to the seniors omitted, was held June 10.

THE GRADUATES

The following academic graduates are pursuing their studies in higher institutions: Karl Laubenstein, Northeastern College; Leonard Mullin, Bryant & Stratton's; Alice Mullin, St. Elizabeth's Training School for Nurses, Brighton; John Sweeney, Holy Cross College; Mary Wardzala, Fitchburg Normal School and Louis Wilcox, Northeastern College. The graduates of the Commercial Department secured positions at the completion of their course. Mary Newton is at Bryant & Stratton's, taking the course for commercial teachers. Florence Gustafson, Post Graduate, '20, has entered Simmon's College.

CONCLUSION

This report records present conditions, with past achievements and a few suggestions and hopes. With continued growth in the Senior and Junior High Schools now nearly at capacity, the time is not far distant when the question of a new school or an addition to the present building will arise. Then the friends of the high school will speak strongly for two of our greatest needs, a school gymnasium for basket ball and class work; and a school hall for plays, moving pictures, socials, lectures and the like.

I thank Superintendent Millington for his personal interest in the work of the school and the School Committee for their readiness to grant our legitimate requests for new equipment.

Respectfully submitted,
 HORACE F. BATES,
 Principal of the High School.

REPORT OF COMMERCIAL DEPARTMENT

Maynard, Mass., January 6, 1921.

Dear Sir:—

To the Superintendent of Schools:—

I am pleased to submit the eighth annual report of the Commercial Department, Maynard High School.

The enrollment this year is the largest in our history. In September, 1912, we started on the third floor, or attic, of the old Nason Street building with about forty-five students. The department has grown to its present size and now the spacious and well equipped quarters in the Summer Street building are overcrowded. At the beginning of the school year 130 students enrolled in commercial subjects; thus bringing the department up to about three times the size of the first class eight years ago. Without doubt it is the quality of the work offered and the results obtained by its graduates that makes this course so popular.

ACHIEVEMENTS

All graduates of last year's class, as well as all previous graduates, who desired positions and were competent to fill them, have been placed in desirable positions in Boston and vicinity.

Two of our students have, since September, won the Remington Gold Medal, offered for efficiency and speed on the typewriter. This gold medal, as has been previously stated, is awarded to any student in any school who writes at the rate of fifty-five words per minute net, for ten consecutive minutes, with not more than five errors. A gold medal and certificate are awarded when these requirements are met and these two make a total of eleven medals won by this department. The students winning this year and their records are Reino Keto, 56 words, 5 errors; Stanley Wardzala, 59 words, 5 errors.

We have been able to obtain a teacher of English this year who has had long experience and special training for this line of work. At this time it is too early to predict results due to this change, but in view of the equipment in the English department we should have some very excellent work.

Freshman typewriting was dropped this year for the first time. This gave these students an opportunity to add another subject to their academic program and not impair the work which they will later do in Commercial subjects. It is also a great relief to the Commercial Department as the Freshman class is always a large one and its omission is a considerable saving in expense for salaries and supplies.

This report although a brief one, thoroughly explains, I believe, the progress we have made. In closing, I wish to acknowledge the increasing support of the work from our citizens, the

hearty and every ready backing of the Board of Education, the kind assistance of our Superintendent, Principal and teachers.

Respectfully submitted,

GEORGE A. KENNEDY,
Director Commercial Department.

REPORT OF SUPERVISOR OF DRAWING

Supt. William H. Millington,
Maynard, Mass.

Dear Sir:—

I respectfully submit to you a report of my work as Supervisor of Drawing and Sewing.

It is the aim of the drawing department to give instruction that will promote manual skill, better reasoning power and an appreciation of the beautiful.

This year attention has been given to construction work which tends to self-reliance, to furnish children with clear ideas of workmanship, to promote originality, and to develop manual skill.

Design is taught in a practical way by application to objects of use constructed by the classes.

Representation teaches children to observe more closely and to appreciate the color and form of objects.

The work begins first with the fall nature study which is a great source of information in design used later in the year. November and December is given over to holiday problems, involving construction design, crayon and water color practise according to grade; January and February to object drawing and illustration; March and April to design; and May and June to nature work.

The different departments are planning to hold an exhibition the latter part of the school year to which the public will be cordially invited.

MECHANICAL DRAWING

The work of the first year consists principally of elementary drawing, including geometric problems, lettering, use of instruments, developments and projections. Absolute accuracy and attention to details are of great importance during the first year for without these as a foundation advanced work will be retarded and drafting become worthless.

The advanced mechanical work consists of developments, projections and machine and architectural drawing. Machine drawing and scaling are very practical parts of the drawing course.

Throughout the course the aim is to train the boy to form habits of carefulness, accuracy and neatness that will be of use to him in future life.

SEWING

Sewing is one of the leading subjects in education today, and every girl should have some knowledge of it.

One period a week is the only time devoted to the subject, therefore it is necessary to cater to the individual need.

The course begins with lessons showing the different kinds of stitches, and their application. Materials and articles chosen to be made are supplied by the pupil, and special help is given according to the article. Each pupil is required to make a notebook, in which a record of school work, and its application at home; samples of stitches, kinds of fabrics and their respective uses; and terms familiar to the sewer are placed.

A few lessons on costume design, care of clothing; its suitability and durability are taught as they are closely related to the subject. Designs drawn by the class are applied to the article or garment to add to its attractiveness.

I would like to add that these departments might be made more efficient.

- (1) If a teacher of Household Arts could be secured that all girls in Maynard might be benefited, not one class only.
- (2) If boys taking mechanical drawing could be supplied with means of carrying out the simple plans of taborets, bookcases and desks in material form. At present it is impossible to do so, owing to the fact that there is no manual training department.
- (3) If more time could be given to drawing in the High School, not only because of specialization in the subject, but for the reason that it would raise the standard of work. Applied arts, including leather work, stencilling and basketry might be established as part of the regular program.
- (4) If more supervision could be provided for the ever-increasing number of children.
- (5) If a hall for exhibits could be procured.

In closing I wish to thank all who have been of assistance to me in carrying on the work.

Very truly yours,
MARY R. COMLEY,

January 8, 1921.

REPORT OF SUPERVISOR OF MUSIC

Supt. William H. Millington,
Maynard, Mass.

Dear Sir:—

Herewith is my report on the music in the public schools for the year 1920.

We have good reason to feel much encouraged regarding the school music. The pupils give evidence of real enjoyment of the study of this subject, and with the added power to perform their enjoyment will grow.

In the early grades care is taken to instill a love of singing, as well as to train the child voice and inculcate the fundamentals of music education.

During the past year there have been many changes among the teaching force, but it is gratifying to report that the work has not suffered thereby. All the teachers, both those who have come to us recently and those who were here formerly, have done excellent work and are to be congratulated on the results they have achieved.

The part singing in the seventh and eighth grades is worthy of special mention, for it has attained an unusual degree of excellence. The pupils sing with good tone quality, and the parts are well balanced.

It is my aim in all the music work in the schools not only to foster the actual participation by the pupils, but to help them toward a real appreciation of music. This will be an aid in the development of good citizens, and will tend toward making our community more musical.

Once more I wish to express my cordial thanks to the superintendent and to the teachers for the cooperation which I have at all times received from them.

Sincerely yours,
GEORGE H. WOODS.
