REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

The Board of Selectmen respectfully submit for your consideration the reports of the various Town Officials for the year 1935.

We wish particularly to call to your attention the report of the Town Accountant which gives a complete statement of the receipts and expenditures of all departments as well as a balance sheet showing that the town is in a sound financial condition. For the first time in many years we have an excess instead of a deficiency. We have on hand as free cash over and above li-

abilities, the amount of \$9,000.00.

We are much pleased to report that all town offices with exception of the offices of Town Clerk and Treasurer are under one roof in a building owned by the Town. Rooms will be available for these two offices in this building. Renovation and remodeling of the Municipal Building has been delayed because our W. P. A. project has not been returned, though we have been led to believe that it will be back approved shortly. In the west side of the building are located a sewing project and a canning project. It is our hope to remodel that side into a Town Hall and to brick veneer the outside, improving the appearance of the building and making it one of which you can be proud.

The use of tar in place of oil on the streets has been quite successful in improving the surface and we expect that a continued use of this material will make a surface that will stand

up under increased heavy traffic.

Our program of permanent sidewalk construction is showing results and we hope that this work will continue. It is important to provide sidewalks of such nature that the town's people, especially children, will use them instead of walking in the streets.

A W. P. A. Project has been secured to build a stone arch bridge on Mill Street. The present bridge is in an unsafe condition and we feel that considerable saving will result by using a W. P. A. Project for this purpose and using stone most of which is available near by.

Application has been made to the State and County for Chapter 90 road construction to finish Parker Street to the Sudbury line and to rebuild Waltham Street from Papermill Corner to the Sudbury line, this will decidedly improve the

approaches to the Town.

During the early part of the year we were faced with the problem of filling the vacancy of the office of Tree Warden. Mr. William Bishop who had filled the office for a number of years notified us that due to his increased age he could no longer do the work as he wished it to be done. Mr. William Hansen was appointed and his work speaks for itself for we have received many favorable comments.

We wish to commend the fine work done by our Police Department and Fire Department during the past year. Upon these two departments depends the safety of the Town and they are always ready at any hour of the day or night to respond to the many varied demands made upon them.

We wish to express our appreciation of the willing cooperation of all Town Officials who have carried on the work of their Departments so successfully and whose careful handling of the

Town's money has improved the finances of the Town.

The following report will show the distribution and amount of Federal money allotted this town and the Town Accountant's report will show the expenditure of the Town's money on various projects.

Respectfully submitted,

FRANK J. McCARRON, PATRICK A. McGRATH, ROY E. MARSDEN,

Board of Selectmen.

REPORT OF SUPERINTENDENT OF STREETS

To the Board of Selectmen: Gentlemen:

I herewith submit my annual report of the Street Depart-

ment for the year ending December 31, 1935.

Owing to the dangerous condition of Main Street it was deemed advisable to widen the traveled way from mill gate to railroad crossing and from house of George McCormack to Great Road. After widening, pea stone and tar were applied the full width of street and the honing method used thus keeping this street in reasonably good condition for through travel.

The following streets have been scarified, mulched and honed and necessary stone and tar applied:

Summer Street from Dzerkacz Square to house of E. H. Davis.

Florida Road from railroad bridge to Summer Street.

Acton Street from Summer Street to corner of Nason Street.

Glendale Street the entire length.

Sudbury Street from railroad crossing to bridge has been widened, scarified and re-shaped. Stone and tar were applied the full width of street. This was a much needed improvement.

Puffer Road has been scarified, re-shaped and tar applied.
The gravel streets have been kept in condition by applying

cold patch.

All streets and gutters received the regular spring cleaning. The streets in the business section were cleaned each week.

The following streets should receive attention the coming season:

Acton Street from Concord Street to railroad crossing. Concord Street from Brown Street to Acton line. Summer Street from Dzerkacz Square to Stow line. Brooks Street from Summer Street to Charles Street.

SNOW

All streets and sidewalks were kept open and sanded for travel.

In the business section the snow was removed.

SIDEWALKS

The following asphalt walks were laid:

Main Street from mill gate to railroad crossing.

Main Street at Town House.

Thompson Street from No. 5 mill to opposite Fairfield Street.

Walnut Street from bridge to mill gate.

Walnut Street from Bancroft Street to Parker Street.

Brooks Street west side from Charles Street to house of Mr. S. McCleary.

Brooks Street east side from Charles Street to Concord Street. Lincoln Street from Concord Street to the Sweeney property. Florida Road at Town House.

Park Street from Thompson Street to Sherman Street.

The cement walk near St. Casimir's Church has been extended. Several cement walks have been renovated.

Several gravel walks have been graveled.

PARKER STREET CONSTRUCTION

Parker Street from Great Road toward Sudbury line was re-

built with bituminous macadam.

The drainage consists of several hundred feet of concrete pipe and nineteen catch-basins with granite inlet curbing. The State and County contributed toward the cost of this road.

JOHN CONNORS, Chief of Police, Maynard, Mass.

REPORT OF MOTH SUPERINTENDENT

To the Board of Selectmen:

I hereby submit the report of the Moth Department for the year ending December 31, 1935.

I have sprayed all town shade trees with arsenate of lead as

usual.

The underbursh has been removed from Powder Mill Road,

Great Road, Taylor Road and Pumping Station Road.

I expect to reduce the number of gypsy moth eggs clusters this year with the aid of an W. P. A. project.

Respectfully submitted,

JOHN F. CLEARY,
Moth Superintendent.

REPORT OF FISH AND GAME WARDEN

To the Board of Selectmen:

I herewith submit my first annual report as Fish and Game

Warden for the Town of Maynard for the year, 1935.

During my period as warden I have patroled all of the surrounding brooks, ponds and rivers. I also assisted the District Warden, John J. Broderick, a number of times. I responded to all complaints, the majority of which were entered against minors.

This season partridges and pheasants were reported plentiful

in some sections.

Respectfully submitted,

JOHN W. KOPP, Fish and Game Warden.

REPORT OF JOHN A. CROWE PARK SUPERINTENDENT

To the Board of Selectmen:

I herewith submit my annual report as Superintendent of

John A. Crowe Park for the year ending December 31, 1935.

The past year the E. R. A. has erected a new back stop, cut brush and graded in back of the grand stand. Two tennis courts are nearly completed and 30 loads of loam have been placed on the playing field.

The Tree Warden has planted 14 trees at the Park which will

help to improve the park.

I wish to thank Mr. Donald A. Lent for his cooperation in the work that has been done the past year.

Respectfully submitted.

JOHN C. BRAYDEN. Supt. John A. Crowe Park.

REPORT OF INSPECTOR OF ANIMALS

To the Board of Selectmen:

I herewith submit my report for the year 1935.

Inspected 27 barns, 3 cows, 127 cattle, 1208 swine and 5 goats. I inspected and reported on 1 animal from out of State. Quarantined 4 dogs and released the same after 14 days. destroyed 2 dogs, one for biting a child and one with the mange,

Respectfully submitted.

JOSIAH M. HERRICK. Inspector.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen: Gentlemen:

I herewith submit my second annual report as Sealer of Weights and Measures of the Town of Maynard for the year ending December 31st, 1935.

The Merchants and others that come under my inspection have cooperated with me in keeping their scales and measures in good

condition.

In addition to re-weighing and checking the different com-

modities I have tested and sealed the following:

	Sealed
Platform scales over 5,000 lbs	3
Platform scales 100 to 5,000 lbs	38
Counter under 100 lbs	40
Beam 100 lbs. or over	2
Spring 100 lbs. or over	10
Spring under 100 lbs	50
Computing under 100 lbs	38
Personal weighing slots	8
Prescriptions	4
Avoirdupois	170
Apothecary	38
Liquid measures	25
Gas pumps	33
Oil measuring pumps	24
Yard measures	14
Vehicle Tanks	2
	_
	499
Peddlers licenses examined	25
Commodities weighed and found correct	80
Commodities weighed and found correct	
Received from sealing	\$ 87.61
Received from peddlers licenses	130.00
Appropriation	\$ 240.00
Total Expenditures	225.46
Balance	\$ 14.54

Respectfully submitted,

WILLIAM H. O'BRIEN, Sealer of Weights and Measures.

1-1 Test blows at 12.10 P. M. except Sundays and Holidays. 2-2-1 Brush Fire Call.

1-1 After a fire indicates that the fire is all out.

Storm Signals for the Schools

Three blasts for first six grades, five blasts for entire system. Blown at 7.30 and 12.30.

Three blasts at 6.00 P. M. for Evening School.

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE—1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle within three hundred feet of any fire apparatus going to a fire or responding to an alarm, nor drive said vehicle, or park or leave the same unattended within six hundred feet of a fire or within the fire-lines established thereat by the fire department. Violation of any provision of this section shall be punished by a fine or not more than twenty-five dollars. (Approved April 28, 1926).

Remain at box until apparatus arrives.

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

How to send an alarm from box: Go to the nearest box, open door, pull lever way down once and let go, then shut door, remain at box and direct firemen to fire.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling: this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

REPORT OF FIRE ENGINEERS

The Honorable Board of Selectmen:

Gentlemen:

The report of the Fire Department for the year ending December 31, 1935 is herewith submitted.

BUILDING

Headquarters Nason St., housing Engine I, Combination I, Hook and Ladder I, also the Fire Alarm System.

Our Financial Statement may be found in the Town Ac-

countant's report.

The outside Alarm System has been cleared of tree limbs, all Boxes have been tested, and necessary repairs were made. We feel that this must be done each year in order to keep this system in good working condition.

Overhead doors were installed, and we feel that they have added to the appearance of the Station. They have also been

very beneficial.

We have placed our new Inhalator in service, and have been

called to use it three times during the year.

Practice drills were held once a month during the summer months, including raising of ladders, carrying hose lines over roofs, ladder dogging, and the use of gas masks. The Life Net was tested and found to be in good condition.

Three more callmen have received diplomas from the State Fireman's Training School. This makes a total of seven men

taking this course.

The ladders on our Hook and Ladder Truck are twenty-eight years old and are starting to splinter. We mention this condition now as something will have to be done in the future.

Once again we want to thank publicly all those who assisted in any way towards making our whist party such a success. This money was used to insure every man in the department.

The Maynard Red Cross have purchased a First Aid Kit, Stretcher, Leg Splint, and Blankets for emergency calls. We have placed them on our truck, and the men have received First Aid Instructions.

We have answered 116 alarms this year. This number is (53) more than last year, and the largest in any one year on record.

All schools were visited and Fire Drills were held.

We wish to extend our thanks to the Police for the assistance given us during the year.

RECOMMENDATIONS FOR 1936

Maintenance\$	7,373.00
New Hose	900.00
New Fire Alarm Box	115.00

As we have had two serious fires in our business section, which required the person sounding the alarm to run up to the Fire Station, therefor causing a delay in sounding the alarm, we are very much in need of a new Box located in the square.

We have a Box located at the corner of Main and Summer Streets (25), and not another on Main St., until you reach Box (52) at the mill gate. There is much valuable property included in this section.

Respectfully submitted,

GEORGE T. PRIEST, WALTER PRIEST, MICHAEL F. LOUKA, Board of Engineers.

TOWN ACCOUNTANT'S REPORT

Maynard, Mass., Feb. 6, 1936.

To the Board of Selectmen:

Gentlemen—I submit herewith the annual report of the Town Accountant for the year ending December 31, 1935.

During the year I have audited the books of the Tax Collector and Water Registrar and sent notices to delinquents, checked the Treasurer's cash on hand and verified the Trust Funds in the Treasurer's care.

At the end of the year 1935, the amount of cash in the Treasurer's hands was \$73,679.90. The Excess and Deficiency account showed an excess over outstanding taxes of \$9,749.13.

In the past three years there have been twenty-seven properties sold for taxes and Tax Titles taken by the town. At the end of the year 1935, there were only eleven of these Tax Titles amounting to \$2,096.44 which had not been re-deemed.

The total of the town appropriations for the year 1935 amounted to \$341,435.55, of which \$24,500.00 was taken from surplus accounts. The requested appropriations for the year 1936 to date amount to \$328,544.75.

The last payment against the High School Loan was made in 1935 which reduces the Maturing Debt to \$16,000.00 for the year 1936.

I wish to call the attention of the various town departments to the fact that it is necessary for them to mark on all bills and payrolls the purposes for which the materials or labor is to be used and where it is to be used, in order that proper classification may be made. All bills covering trucking and materials for W. P. A. projects must be marked "W. P. A." and show the particular project to which they apply.

The co-operation which has been given to the Town Accountant by the town officials and members of the various boards has been greatly appreciated.

Respectfully submitted,

C. A. STOCKBRIDGE,

Town Accountant.

TOWN CLERK'S REPORT

For The Year Ending December 31, 1935

(Including adjournment of Dec. 16, meeting, held Jan. 6, 1936.)

Information desired, not printed herein, will be courteously supplied upon request to the Town Clerk.

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING held January 7, 1935

Pursuant to Town Warrant No. 343 a special meeting was held in Co-operative Hall on the above date.

At 7.30 P. M. Moderator Alfred E. McCleary called the meeting to order and the warrant was read by the Town Clerk.

Article 1. Joshua Naylor offered a verbal report for the Finance Committee.

Article 2. Patrick A. McGrath moved and it was voted, the motion being duly seconded, that the sum of \$4,000.00 be appropriated for the Selectmens Department to be used to pay the Town's share of E. R. A. projects.

Article 3. On motion of Frank J. McCarron as amended by George H. Guttridge Voted to continue all night street lighting until the Town Meeting to be held in March.

Article 4. On motion of Lester Cowles—Voted that it be the desire of the Voters, that all Town Departments be and hereby are directed to restore to their employees on or before January 15, 1935, all pay cuts effected during the depression.

The meeting adjourned at 7.45 o'clock P. M.

Attest:

FRANK E. SANDERSON, Town Clerk.

PROCEEDINGS OF TOWN MEETING held February 11, 1935

Pursuant to Town Warrant No. 344 the Annual Election of Town Officers was held on the above date in Cooperative Hall.

The polling place was prepared by the Town Clerk in conformity with the General Laws.

Moderator Alfred E. McCleary presided.

The Selectmen appointed the following Ballot Clerks and Tellers who were sworn by the Town Clerk.

Ballot Clerks

Ralph D. Jones Anna T. Thane James Duggan Agnes V. Driscoll Marion L. Jones

Tellers.

Frank Hayward George Stockwell Lillian I. Holmes Hiram Parkin Emma Greenhalgh Ethel Lowney William P. Rourke Alice L. Joyce Emmett J. Wall M. Teresa Murray

The Ballot Clerks signed a receipt for the ballots and duplicate

check lists delivered by the Town Clerk.

Constable Nicholas J. Driscoll took charge of the ballot box after it had been examined by the Moderator and Town Clerk, and the register set at 0000.

The Warrant was read at six o'clock A. M. after which the

polls were declared open

It was voted that the election of minor officers and action under Article 2 be postponed until two o'clock P. M.

The meeting was called to order by Moderator McCleary at two o'clock.

The following were nominated and elected.

Article 25. On motion of George H. Gutteridge—Voted that the Town accept the following Cemetery Funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery: Hattie Fiske, \$100.00; Minnie Christianson, \$100.00; Jane E. Roper, \$50.00; Ambrose Marsden, \$100.00.

Article 26. On motion of William Naylor—Voted that \$3,300.00 from the Water Dept. Surplus be applied for the replacing of water mains.

Article 27. On motion of John H. Murray—Voted to pass over this Article.

Article 13. On motion of Frank E. Sanderson—Voted to take from the Overlay Reserve the sum of \$7,500.00 to provide for extraordinary or unforseen expenditures. Transfers to be made to Departments only by vote of the Finance Committee as provided by Chapter 40, Section 6 of the General Laws.

At 9.30 o'clock the meeting adjourned.

Attest: FRANK E. SANDERSON,

Town Clerk.

PROCEEDINGS OF TOWN MEETING held April 15, 1935

A special Town Meeting was held on the above date in accordance with Town Warrant No. 346.

Moderator Matthew T. King presided. The meeting was called to order at 7.30 o'clock P. M.

On motion of Fred C. Elson—Voted to waive the reading of the warrant.

Article 1. Donald A. Lent and Dennis White of the Finance Committee spoke for said Committee, but no reports were presented.

Article 2. No vacancies to fill.

Article 3. On motion of the Town Clerk—Voted to appropriate for the Town Clerk's Department, the money received for insurance on the fixtures and equipment destroyed by fire in the office of the Town Clerk, the amount of said insurance being \$345.00.

Article 4. On motion of Lester F. Cowles—Voted that the sum of two hundred and sixty dollars be appropriated for the lighting and maintenance of the public parking space in the rear of the Assabet Institution for Savings.

Article 5. On motion of Edmund S. MacPherson—Voted to raise and appropriate the sum of five thousand six hundred dollars (\$5,600.00) to restore to the school teachers' and other employees in the School Department the 10% reduction in salary now in effect, said restoration to be effective from April 1, 1935.

Article 6. On motion of William Naylor—Voted that the Town appropriate \$340.00 for Sewer Dept. maintenance.

On motion of John O'Leary—Voted to consider Article 13 at this time.

Article 13. On motion of John O'Leary amended by Donald Lent—Voted to accept Front Street, so called, as a public way, when the same is in a condition satisfactory to the Selectmen.

Article 7. On motion of William Naylor—Voted that the Sewer Commissioners be authorized to construct a Sewer extension on Front St., so called, provided the property owners on said street secure the Town the right to construct and maintain said Sewer extension; that \$1,200.00 from the Sewer Department Surplus be applied for this purpose. All laborers employed on this extension shall be taken from a list of property owners who may apply for work, and who are in arrears in their taxes, so far

as practicable. Fifty per cent of wages thus paid shall be applied to taxes.

Article 8. On motion of John Connors—Voted to authorize the Board of Selectmen to move the Police Department from its present location to the four rooms fronting on Main Street in the West Side of the Town Office Building.

Article 9. On motion of Joseph P. Dineen—Voted to pass over this article.

The Moderator appointed the following Tellers who were

sworn by the Town Clerk.

Frank C. Sheridan, Donald A. Lent, Patrick A. McGrath and Arthur J. Sullivan.

Article 10. On motion of James J. Ledgard—Voted 49 in favor, 44 opposed, that the Moderator appoint a committee of five, to draw up by-laws relating to a planning board and submit the same to the committee now drawing up the new by-laws.

Committee Appointed
William Naylor, George H. Creighton, George Stockwell,

Walter R. Whitman and Jacob Laurila.

Article 11. On motion of Donald A. Lent—Voted that \$500.00 be appropriated for the lighting Committee to make a survey.

Article 12. Following a motion presented by Selectman Roy E. Marsden, John H. Murray moved and the motion was was duly seconded to pass over this article, but the motion was defeated.

Mr. Murray then moved to lay the article on the table which motion was defeated, 96 to 53.

On motion of Benjamin C. Brown—Voted to go into a committee of the whole for the consideration of this Article (12).

Following a lengthy discussion the committee resolved itself into Town Meeting and on motion of Roy E. Marsden as amended by Alfred E. McCleary and Donald A. Lent—Voted that the Moderator appoint tonight, a Committee of seven citizens, composed of the three (3) Trustees of the Maynard Public Library, John E. Hannon, Robert Lester and Miss Nellie C. May and four (4) other citizens, who are not interested in the sale of land to the Town; this Committee to have full power to select a site upon which to erect a new Public Library Building as an E.R.A. project; this Committee to have full power to report to the Selectmen and Library Trustees, who may then proceed with the erection of a New Public Library Building upon the chosen site as soon as convenient; providing this Committee selects a site that the Town does not have to purchase; in the event that this Committee should select a site which the Town would have to purchase; said Committee must report at a Special Town Meeting that may be called sometime before May 1st, 1935 and that

this Committee be given full power to draft a suitable article to be acted thereon at that Town Meeting. that before any work is done on erecting a library, that the committee report to a future town meeting regarding the choice of site and also present plans for acceptance by the voters.

The Moderator appointed the committee as follows: Frank J. McCarron, Dennis E. White, Alfred E. McCleary and Matthew

A. Vance.

Article 13. Previously acted upon.

Article 14. On motion of Joshua Naylor—Voted to lay this article on the table.

Article 15. On motion of Frank J. McCarron—Voted to rescind the vote taken on Article 21 at the meeting held March 11, 1935.

Article 16. Considerable discussion with reference to Articles 16, 17, 18 resulted in a motion by Donald A. Lent to reconsider the vote taken under Article 15.

The motion was lost 31 to 5.

On motion of Thomas Tierney—Voted to adjourn to April 29th, at 7.30 P. M.

Attest:

FRANK E. SANDERSON, Town Clerk.

PROCEEDINGS OF ADJOURNED TOWN MEETING Held April 29, 1935

Moderator Matthew T. King called the meeting to order at 7:30 P. M.

R. Frank Punch, Benjamin C. Brown, Roy E. Marsden and Arley B. Lawrence were appointed Tellers by the Moderator and were sworn by the Town Clerk.

Article 15. On motion of Frank J. McCarron—Voted unanimously that the action taken under Article 15, which was to rescind Article 21 of the March 11th meeting, be rescinded.

On motion of Donald A. Lent—Voted that the action taken under Article 21 of the March 11th meeting be not rescinded.

Article 16. Voted to lay this Article on the table.

Article 17. Voted to lay this Article on the table.

Orticle 18. Voted to lay this Article on the table.

A motion made by Ernest Mariano, seconded by Lugi DiPersio, to take Article 14 from the table, was defeated.

Article 19. On motion of Donald A. Lent—Voted to appropriate \$1,124.00 to make possible all night lighting as at present, this in addition to the \$10,000.00 appropriated at the March meeting.

The meeting adjourned at 8.05 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING Held July 15, 1935

Pursuant to Town Warrant No. 347 a special meeting was held on the above date.

Moderator Matthew T. King called the meeting to order at

7.30, and the warrant was read by the Town Clerk.

Article 1. Robert Lester Secretary of the committee appointed April 15, 1935 to investigate the proposed new public library read a report and presented plans for a new building. Said report and plans were filed with the Town Clerk.

On motion of John Hannon, amended by John H. Murray—

Voted to accept the report.

Article 2. No vacancies to be filled.

Article 3. On motion of John J. Murray—Voted to lay this article on the table.

Article 4. A motion by William Naylor to authorize the Sewer Commissioners to extend the sewer on Summer Street was defeated.

The meeting adjourned at 8.15 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF SPECIAL PRIMARY Held October 15, 1935

In accordance with Town Warrant No. 348 calling a special primary the voters cast their ballots for the nomination of candidates of each political party for Representative for the Tenth Middlesex District.

The polling place was prepared by the Town Clerk prior to the time named in the warrant, all the requirements of the election laws being observed.

The Chairman of the Board of Selectmen, Mr. Frank J.

McCarron acted as Presiding Officer.

At two o'clock the Town Clerk read the warrant and the polls

were declared open.

The following Ballot Clerks were sworn by the Town Clerk. William P. Rourke, Hiram Parkin, Ethel A. Lowney, Florence Maley and Lilian I. Holmes.

Constable Henry Pieciwicz was in charge of the ballot box and held the keys to the same following an examination of the box and register by the Presiding Officer and the Town Clerk.

The Ballot Clerk's delivered to the Town Clerk a receipt for 1350 Democrat ballots, 1690 Republican ballots and duplicate check lists containing the names of 2767 voters.

Voting proceeded from two to eight o'clock P. M. when the

polls were closed.

The number of ballots cast were 263, Democrat; 713, Republican.

The check lists showed 976 names checked, 263 Democrat:

713 Republican.

The ballot clerks were sworn to the duties of Tellers and acting as such proceeded to count the ballots after the close of the polls.

The result was as follows:

DEMOCRATIC PARTY

REPRESENTATIVE

REPRESENTATIVE	
John A. Driscoll of Maynard	249
Charles S. Whitney of Stow	9
William Stockwell	1
James Coughlan	1
Blanks	3
Total	263

REPUBLICAN PARTY

REPRESENTATIVE

Avery W. Steele of Boxborough. William Stockwell of Maynard. Blanks	25 681 7
Total	713

Attest:

FRANK E. SANDERSON.

Town Clerk.

PROCEEDINGS OF SPECIAL ELECTION Held October 29, 1935

Pursuant to Town Warrant No. 349 a special election was held on the above date.

The polling place was prepared by the Town Clerk prior to the

hour named for the opening of the polls.

Specimen ballots and cards of instruction were posted and all the requirements of the general laws relating to the preparation of polling places fulfilled.

Frank J. McCarron, Chairman of the Selectmen, acted as Presiding Officer, and declared the polls open following the reading of the Warrant by the Town Clerk at 7 A. M.

Ballots and check lists were delivered to the Ballot Clerks and

a receipt taken therefor by the Town Clerk.

The following ballot clerks appointed by the Selectmen were sworn by the Town Clerk: Hiram Parkin, Ethel A. Lowney, Lilian I. Holmes, William P. Rourke and Florence Maley.

Constable Henry Piecewicz was in charge of the ballot box and held the keys to the same after examination of the box and register by the Presiding Officer and Town Clerk.

The register was set at 0000 prior to the opening of the polls.

Voting proceeded throughout the day and the polls were closed at seven o'clock P. M.

The register indicated 2257 and each check list showed 2256 names checked as having voted. A ballot caught in the rollers of the ballot box caused the indicator to register twice.

The number of ballots cast was 2256.

The following tellers appointed by the Selectmen were sworn by the Town Clerk: R. Frank Punch, Frank Hayward, A. Frank Croft and William J. Smith.

Counting began after the polls closed. The result was announced at 9 o'clock as follows:

REPRESENTATIVE	
John A. Driscoll of Maynard	784
William Stockwell of Maynard	1464
Blanks	8

Attest:

FRANK E. SANDERSON, Town Clerk.

Hudson, Mass. November 2, 1935.

We, the Town Clerks of Stow, Boxborough, Hudson and Maynard, comprising the Tenth Middlesex District, met this day according to law and canvassed the returns of votes cast in said district on the 29th day of October, 1935, for Representative in the General Court from said District, and find the votes so cast were as follows:

	John A. Dris	scoll William Stockwell	Blanks	
Stow	28	298	3	
Boxborough Hudson	. 33 861	70	0	
Maynard	784	869 1464	3 8	
Totals	1706	2701	14	
		FRANCIS W. WARREN, Town Clerk of Stow.		
		THOMAS A. STEELE, Town Clerk of Boxborough.		
		G. WOODBURY PARKER, Town Clerk of Hudson.		
		FRANK E. SANDERSO Town Clerk of M	N, Iaynard.	
A true copy,		FRANK E. SANDERSO		
Attest:	N, n Clerk.			

PROCEEDINGS OF SPECIAL TOWN MEETING Held December 16, 1935

A special Town Meeting was held on the above date at 7.30 P. M. pursuant to warrant No. 350.

Moderator Matthew T. King presided.

The warrant was read by the Town Clerk.

Article 1. No reports heard.

Article 2. Gavin Taylor, Water Commissioner offered the following motion which was duly seconded—That the town take by right of eminent domain such property as the Water Commissioners may designate, for the purpose of installing a Ground-Water System;

That the Water Commissioners be authorized to install a Ground-Water System at a cost not to exceed \$30,000, this amount to include the price of land and all other expenses of the system:

That \$30,000.00 be taken from the Water Department Funds in the following manner; \$1,000.00 transferred from the Water Dept. appropriation for 1935, \$9,000.00 from the Water Dept.

Surplus and \$20,000.00 to be raised by four notes of the town of \$5,000.00 each.

Said notes to be paid from the Water Dept. revenue, \$5,000.00

each of the years 1936, 1937, 1938 and 1939.

The interest on these notes to be paid from the Water Dept. appropriation each year.

On motion of Joshua Naylor-Voted to go into a committee

of the whole to discuss the matter.

After committee discussion of length the Moderator again presented Article 2 and the motion to the Town Meeting.

On motion of Joshua Naylor-Voted to lay Article 2 on the

table.

Article 3. Fred Elson, Sewer Commissioner, presented the

following motion and the same was duly seconded.

Motion—That the Sewer Commissioners be authorized to extend the Common Sewer on Summer St. about 1000 feet to the property of Robert E. Harten and that \$2500.00 from the Sewer Dept. Surplus be taken for this extension.

After considerable discussion a vote was taken and the motion

carried.

Article 2. On motion of Joshua Naylor-Voted to take

Article 2 from the table.

On motion of Joshua Naylor—Voted that a committee of five be appointed by the Moderator to investigate the matter of proposed underground water system and report at a meeting to be held January 6, 1936.

Voted to adjourn to Monday, January 6, 1936, at 7.30 P. M.

Attest:

FRANK E. SANDERSON,

Town Clerk.

PROCEEDINGS OF TOWN MEETING Held January 6, 1936

Pursuant to adjournment of the Town Meeting of December 16, 1935 the voters assembled at Cooperative Hall on the above date at 7.30 P. M. to consider Article 2 of Town Warrant No. 350. Moderator King presided.

Article 2. Robert Lester of the committee appointed by the Moderator read the following report.

Maynard, Mass. Jan. 6, 1936

Mr. Moderator and Citizens of Manyard:

The Committee appointed by the Moderator to investigate the matter of proposed underground water system and report at a meeting to be held January 6, 1936, submit the following report:

"In view of the fact that we have not had a great deal of time in which to investigate this matter or consult engineers or experts, we feel that it is impossible for us to decide what is for the best interests of the town as a whole; therefore, we request for an extension of time till the March meeting.

However, we do recommend that the Water Department investigate the matter of keeping the shores of White Pond clean with a possible idea of fencing it in, also the treatment of the water for algea, and anything that may purify the present system. Also, that they investigate the proposition of a new "12 inch pipe line with a pressure pump" and "a gravity system to replace the present one." Also the idea of making either type of replacement a W. P. A. or P. W. A. Project. Also that the engineer who submitted the new plans and whom Mr. Naylor mentioned to the Committee be requested to address the March Town Meeting."

James J. Ledgard the fifth member of the Committee was

unable to be present at either of our meetings.

Respectfully submitted, FRANK J. McCARRON, Chairman, ROBERT LESTER, Clerk, ARTHUR J. SULLIVAN, JOSEPH BYRNE,

Committee.

On motion of George H. Creighton—Voted to accept the report

as one of progress.

William Naylor then offered a motion which was superseded by a motion of Herbert H. Young—to lay Article 2 on the table. Mr. Young's motion was passed.

Following remarks by William Naylor and others it was— Voted on motion of the Town Clerk to take Article 2 from the

table

On motion of Joshua Naylor—Voted to reconsider vote taken

on Mr. Creighton's motion earlier in the meeting.

On motion of the Town Clerk—Voted to receive the report read by Mr. Lester and to continue the committee for further investigation.

The meeting adjourned at 7.55 P. M.

Attest: FRANK E. S

FRANK E. SANDERSON, Town Clerk.

NOTICE

All dog licenses here listed expire March 31, 1936.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

REPORT OF THE BOARD OF REGISTRARS OF VOTERS

To the Board of Selectmen:

Gentlemen:—In accordance with your request, the Board of Registrars of Voters submit the following report.

January first, 1935, the voting list contained 2,831 names.

(1,559 men, 1,272 women).

Six sessions for registration were held, at which 164 names were added, while the number removed for various causes at the several special sessions of the registrars, amounted to 130.

The voting list, therefore, shows an increase of 34 for the year, and on December 31st the figures were, men 1,584, women 1,281.

total 2.865.

The new voting lists for the Town Election will show 701 changes, plus the number to be registered at the three sessions

to be held January 20th, 25th, and 29th.

The party enrollment lists prepared for the special primary October 15, 1935, contained 845 Republican and 796 Democrat names. The number of Republicans enrolled at the close of the Primary, had increased to 1,017 and Democrats to 834.

The following changes in enrollment have been filed at the Town Clerks office in 1935. Democrat to No Enrollment 12, Republican to No Enrollment 2, Democrat to Republican 11.

The special primary and the election held in October for the nomination and election of a Representative, made it necessary to apply to the Finance Committee for a transfer of \$125.00 from the funds in their charge. The appropriation required for election and registration for 1936, will be somewhat increased, due to State Primaries and election in April, September, and November.

Respectfully submitted,

JAMES C. BRAYDEN.
THOMAS USHER,
MICHAEL J. NEE,
FRANK E. SANDERSON,
Board of Registrars of Voters.

REPORT OF TREE WARDEN

The Honorable Board of Selectmen:
I herewith submit my report as Tree Warden for the Year 1935
The following trees were planted:
Gread Road
Linden Street
Main Street 6
Crowe Park
Summer Street
Maple Street 1 Concord Street 1
Brooks Street
Diseased trees excavated and cemented:
Sudbury Street
Summer Street
Brooks Street
Nason Street
Roosevelt School yard
Glendale Street
Tremont Street
Crowe Park
Parker Street

Two split trees bolted on Concord St. and Acton St. Aproximately 1000 mechanical scarred trees were treated.

Trees were trimmed on Maple, Concord, Brooks, and Nason

Streets.

7

11 trees were cut down on Brooks, Linden, Parker, Maple Thompson, and Concord Streets. Most of these trees had been partially killed by insects and disease and were taken out so that they may not fall and do damage. Some were removed because of obstruction of sidewalks and driveways.

Approximately 800 Elm trees were examined for Dutch Elm Disease and every tree registered. This was an E. R. A. project.

This spring there should be spraying done on Maple trees for cotton aphis, and on Ash trees for oyster scales. About 25 trees should be planted.

Some artificial stimulant should be applied.

All trees should be examined for mechanical scars and treated where necessary.

A number of trees should be trimmed.

Diseased trees to be excavated and cemented. About 16 diseased trees should be cut down.

The financial report will be found in the report of the town accountant.

Respectfully submitted,

WILLIAM V. HANSEN, Tree Warden.

ASSESSORS' REPORT

To the Citizens of the Town of Maynard:

Greetings:—The laws require that the owners of taxable property shall each year on or before the 31st day of January, submit to the local Assessors a list of all their taxable property and the valuation of the same.

In absence of these lists the Assessors are obliged to estimate

the value to the best of their ability.

Blank lists may be obtained from the Assessors.

Owing to the early commitment of the Tax bills we were unable to charge the moth Tax for 1935. This tax will be included in the 1936 bill.

The numerous transfers of property in the past year has

greatly increased the work of this department.

ALBERT J. MOYNIHAN, GEORGE STOCKWELL, CHARLES B. KEENE,

Assessors.

REPORT OF BOARD OF PUBLIC WELFARE and BUREAU OF OLD AGE ASSISTANCE

To the Citizens of Maynard:

The expenses of the Board of Public Welfare for the year 1935 have decreased materially from those of the previous year. There has been a marked increase in the textile industry, which has taken many cases from our rolls. The E. R. A. and the W. P. A. have given employment to some 175 persons, both men and women, which, added to the large supply of Federal Surplus commodities of both food and clothing, have aided greatly in taking care of our people. The E. R. A. Garden Project yielded hundreds of bushels of vegetables which have been stored and are being distributed weekly to the needy of our town. Canning Project supplied 30,000 cans of string beans, beets. tomatoes, and carrots. These are also distributed weekly.

During the month of July, the fund which was appropriated to purchase materials for all town E. R. A. projects became exhausted and our board was called upon to sponsor the Garden. Canning and Sewing projects, and to purchase all materials needed for operation of these projects. This we have done at

a cost of \$2.788.12.

The repairs at the Town Farm house are still under way, waiting for the acceptance of a W. P. A. project to complete the work. We have expended in the neighborhood of \$500.00 for lumber, paint, etc. to complete this work.

The W. P. A. Wood Sawing Project has been completed, by which more than 300 cords of wood have been sawed, at a cost to the town of \$140.00. This wood is delivered at a very small

cost.

Our board is at present sponsoring a Sewing Project employing 30 women, also a Canning Project employing 11 women and 6 men. The materials for the Canning Project include vegetables and cans supplied by the government. We expect this project to operate until June 30, 1936, canning 85,000 cans of vegetables. these to be distributed to the twelve neighboring towns in the Marlboro district, Maynard to receive its full quota.

The cases aided during 1935 are as follows:

Cases	Persons 368
10	
12	40
21	
26	106
20	
8	50
25	
00	
11	
1	
	117 12 21 26 8 35

Contrary to the belief of many, the town must appropriate sufficient money for all relief granted in town whether the cases are settled in Maynard or elsewhere. Cases that can be charged to the state or other cities and towns must be treated as local cases and the bills paid by the town of Maynard and later be reimbursed by the cities or towns to whom they belong. The money received in reimbursement is not given to the Welfare Department for their use, but instead, goes into the town treasury as miscellaneous receipts. Therefore, the Board of Public Welfare must anticipate the appropriation of money enough to cover all contingencies even though a portion of it will be refunded, as the refund cannot be used by them.

To the best of our knowledge, Maynard will have a serious welfare problem for years to come. By installing modern machinery, speeding up old machinery, combined with new methods of operation, the Maynard mills, which are the mainstay of the town, have been able to turn out more goods with less manual labor than ever before. Many of our people are unemployable and were it not for the present activities of our government in providing employment, we would be face to face with a serious

situation.

All appl cations for aid are given serious consideration and aid is granted when need is found. During the past year many applications for aid were refused when, after investigation, it

was found that there was no relief need.

Our general appropriation for relief, exclusive of Old Age Assistance for 1935 was \$40,375.00. From this sum, we are pleased to show an unexpended balance of \$8,235.48. Credits received from all sources total \$9,224.85, making the total cost of relief for 1935, exclusive of Old Age Assistance, \$22,914.67.

Our board wishes to express its grateful appreciation for the generous co-operation it has received from Mr. Templeton, Agent of the Assabet Mills, the town physician, the Red Cross, the White Cross Guild, the Maynard Citizens Committee, the District Nurse, and the many societies and individuals who have helped in any way with our welfare problems. The Financial Report for our department will be given by the Town Accountant.

Respectfully submitted,

WILLIAM J. SMITH, Chairman, THOMAS WRIGHT, Secretary, JOSEPH A. FOSTER.

REPORT OF THE BOARD OF HEALTH

To the Citizens of Maynard:

The Board of Health submits the following report for the year ending December 31, 1935.

The Board deeply regrets the passing of Frank D. Moynihan who was a tireless worker in the interest of health of the town for past few years.

In an effort to safeguard and protect the health of the community it is necessary to conduct an active and preventive program. The following was done at a sensible, sound financial expenditure of \$5,391.34 from an appropriation of \$6,363.00, showing a balance of \$973.66.

School Dental Clinic: The value of this program can readily be appreciated when we realize the many invaliding and often fatal diseases which are attributable to diseased teeth and gums. We need mention only a few: Rheumatism, Heart Disease, Cancer of Mouth and other undesirable conditions.

Vaccination of Dogs: Clinics for prevention of rabies were held to protect community and animal. However, to be effective it must be repeated every year.

Diptheria Clinics: These were conducted for school and preschool children with great success. Although not a case has been reported in several years we must remember there is always danger of a child reaching the age of one year contacting the disease if not immunized. The Board has a Furbush Immunization Machine to conduct these clinics more efficient.

Tuberculosis: This is still our hardest health fight. Tuberculosis has been found to develop in the teen and young adult age. As an E. R. A. project the Middlesex County Sanitorium Staff conducted clinics in the schools for seventh, ninth and eleventh grades. The Staff also conducted clinics for adults.

Projects: The Board has been fortunate in securing E. R. A. and W. P. A. projects such as the Assabet River Improvement with a Federal allotment of \$24,177.00; Birth and Death Records which provided work for young ladies.

When the budget is submitted in December, it is impossible to tell the number of hospitalization of tuberculosis and other communicable diseases such as infantile paralysis, diptheria, etc. will need care in the approaching months.

You will notice in the Town Accountant's report of a substantial income of money received from various sources such as tuberculosis subsidies, dental and dog clinics.

The following diseases were reported:

German Measles	15
Scarlet Fever	13
Tuberculosis	7
Measles	5
Mumps	4
Dog Bite	2
Whooping Cough	2
Lobar Pneumonia	2
Ervsipelas.	1
In vsiperas	U

The Board wishes to thank the citizens, physicians, school authorities, nurses, E. R. A. Administrator and Public Health Association.

Respectfully submitted,

LESTER F. COWLES, JOHN W. SAARELA, ADOLPH P. CHYZUS,

Board of Health.

ANNUAL REPORT OF MAYNARD PUBLIC HEALTH ASSOCIATION

The Maynard Public Health Association started the year 1935 with three new officers: President, Mr. Herbert Young; Vice-President, Mr. Guyer Fowler; and Secretary, Mrs. Ruth King.

In February the Maynard Board of Health asked to meet with the officers of the association to talk over finances.

Miss Edith Foster, the school nurse, substituted for Miss Ward during her vacation.

Miss Ward assisted at a tuberculosis clinic for adolescents and adults conducted by Dr. Martin of the County Sanitarium in Waltham.

Reports show that Miss Ward is still doing her good work in the town.

Respectfully submitted,

RUTH BREED KING, Secretary.

Annual report of Nurse for year ending December 31, 1935.

Number of patients visited	384
Association nursing visits	529
John Hancock Insurance calls	138
Metropolitan Insurance calls	172
Free nursing visits	83
Public Welfare cases visited	95
m + 1 - 11	
Total calls	177

There were 42 well baby conferences held during the year. 246 babies were weighed at these conferences. I have also been able to assist the School Nurse at E. R. A. and Board of Health Clinics.

REPORT OF THE WATER COMMISSIONERS

To the Board of Selectmen.

Gentlemen:

The report of the Water Commissioners including the report of the Superintendent and Registrar, for the year ending Decem-

ber 31, 1935 is herewith submitted.

Three lots of the White Pond property, which did not border on the pond and are not necessary to protect the water supply, were transferred to the State Department of Conservation to be made a part of a State Forest. There is about 51 acres in these

three lots and the State will pay the town \$256.65.

The tests which have been made for a Ground-Water supply prove that the only place such a supply can be obtained is on the farm of Mrs. Mason, on Summer Street. The Layne-Bowler Co. who have made these tests, are sure that the water necessary to supply the town can be obtained from this location and are ready to make a contract to develop a well that will deliver 350 gallons of water per minute and to be of good quality for all uses. This system, including the cost of land, the connections to the present system, the construction of the well and all other expenses of the system, can be installed for \$30,000. We have had the plans for a new pipe line to the Pond checked up by L. D. Thorpe, Engineer, and his figures show the cost of a gravity line will be \$69,000 and a pumping line will cost \$50,000.

After considering the different plans for improving the water supply we have decided that the Layne-Bowler well should be constructed, under a contract whereby the town will not pay any part of the contract, until the well has been proved satis-

factory in every respect.

In recommending the Layne-Bowler well we have taken into consideration these facts; The cost of this well is \$20,000 less less than a cast iron line to the Pond, this well together with the present supply would double the amount of water that could be supplied, if necessary, and with a new supply we could rebuild the line to the Pond without interfering with the delivery of water to the town. A ground water is said to be better for the human body than Pond water.

To bring this matter before the voters we caused an article to be placed on the warrant for a town meeting held December 16, 1935. As there was only two articles on the warrant it gave ample time for discussion. At this meeting a committee was appointed to take up the recommendations of the Water Commissioners, to see if this was the best method to solve the water supply problem. This committee will make a report at the March meeting.

We have expended this year for Maintenance \$10,757.00 and for Ground-Water investigation \$1,138.35.

The \$3,300.00 appropriated to replace the four inch pipe on Parker St. has not been used, as this has been made a W. P. A. project.

The amount necessary for the maintenance of the works for

1936 is \$11,050.

Respectfully submitted,

GAVIN TAYLOR,
JAMES MAHONEY,
CHRISTOPHER WILSON,
Water Commissioners.

REPORT OF SUPERINTENDENT

To the Board of Water Commissioners: Gentlemen:

The report of the Superintendent and Registrar of the Water Department, including the report of the engineer, for the year ending December 31, 1935 is herewith submitted.

While the water in the pond has been above the intake pipe at all times the level of the water has been drawn lower than last

vear

Under E. R. A. projects most of the hard wood, on the land around the pond has been cut an removed to the Town Welfare yard where it is sawed and given to Welfare cases. On the west side of the pond the cleared area was planted with Pine and Spruce. A wire fence has been put up along the road near the pond.

The catch basins on the line from the pond have been cleaned

out.

The receiving wells at the Pumping Station have been cleaned several times during the year.

From the pumping record it will be seen that the Diesel engine

is operating very economically.

The \$3,300.00 which was appropriated to replace small mains with larger ones has not been used as the project for this work was returned too late in the fall to start this work. This work will be done in the spring under a W. P. A. project.

An F. E. R. A. project for plans of the water system and relocations of all valve boxes was started but very little was done. This has been submitted as a W. P. A. project for next year.

About 200 feet of wire fence has been put up at the reservoir

this year. This completes the fence around the reservoir.

One new service and one fire service have been put in this year, making the number now in use 1487. About eighty-five house services have been repaired or renewed this year. On

account of the new road on Parker St. three new services were laid from the main to the sidewalk so this road would not need to be dug up in case the owners wished to have a service connected.

On Great Road at the corner of Thompson St. a six inch valve was renewed as the old valve could not be opened fully.

Three hydrants which were broken by Autos have been

repaired and two hydrants have been moved.

Two leaks which were in the lead joints on mains were repaired.

Eleven meters have been added, making the number now in use 1462

284 meters have been changed for repairs.

The investigation for a Ground-Water supply has been carried on this year by testing all places where it would seem possible to secure such a supply. Nineteen test wells were driven ,with a depth ranging from 10 feet to 70 feet. Only one of the locations tested proved to have sufficient depth of proper gravel to develop a well that would supply the required amount of water. This test proved that the low area off Summer Street on the farm, of Mrs. Mason, was the best location for a well.

It appears that a well can be constructed and sufficient land procured and connection made to the present system for an amount not to exceed \$30,000. The report of L. D. Thorpe, Engineer of Boston, who has reviewed the plans for relaying the line to White Pond, shows that a twelve inch cast iron pipe line to the pond will cost \$50,000; and a gravity line of fourteen inch and twelve inch cast iron pipe will cost \$69,000.

I wish to thank the Commissioners for their hearty support

during the year.

Respectfully submitted.

WILLIAM NAYLOR,

Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir:—The regular overhauling and inspection of the engine was made in the spring and the parts to stop the oil from leaking out were installed by one of the men from the Winton Co. We have put in a conductor to take the vapor from crank case of the engine, this prevents the vapor from coming into the room.

The Sterling engine has been run for testing purposes only. The supplies on hand at the end of year: 2200 gallons fuel oil, 53 gallons lubricating oil, 10 gallons "Lubal D." and 8 pounds of packing.

REPORT OF THE SEWER COMMISSIONERS

To the Board of Selectmen:

Gentlemen:—We herewith submit the sixth annual report of the Sewer Commissioners, for the year ending December 31, 1935.

This is the second year that we have operated with the superintendent in charge of both the Sewer and Water Departments and it seems best to continue this arrangement.

The sewer for Front St. has been delayed another year for the reason that the Street was not accepted until this fall and the sewer was made a W. P. A. project, expecting that it would be approved in time to put in the sewer this year, but it has not been sent back as yet. Feeling that the property owners on this street were anxious to have the sewer put in, we held a meeting with the property owners on Front St., the Finance Committee and the Selectmen to determine whether to wait for the project to be returned or to do the work with town funds. After stating our position in the matter the property owners from Front St. said that they would wait for the project to be returned, if it would be a saving to the town.

Seventeen feet of this pipe has been laid from the manhole across Sudbury St. as the Street Dept. were about to resurface Sudbury St.

The sewer extension on Summer St., which was authorized December 16, 1935, has been laid a distance of 302 feet. This takes care of house No. 123 Summer St. which is connected. The remainder of this extension will be put in as a W. P. A. project thereby saving the cost of the labor to the town.

No new applications for sewer extension have been received.

While there has been some discussion in regard to the town taking over the Sewer System of the American Woolen Co. no definite action has been taken. If this system is taken by the town this year an additional appropriation will be necessary.

The expenses of the department for the year 1935:

The one of the state of the sta	
Sewer Maintenance\$	2,991.47
House Connections	1,478.19
Summer Street Extension 1934	23.29
Front Street Extension	138.29
Summer Street Extension 1935	337.75

We recommend the following appropriation for the coming year:

Sewer Maintenance.....\$ 3,105.00 House Connections......\$ 1,800.00

Respectfully submitted.

THOMAS H. TIERNEY, ALEX J. BOURKE, FRED C. ELSON,

Sewer Commissioners.

REPORT OF SUPERINTENDENT OF SEWERS

To the Board of Sewer Commissioners:

Gentlemen-The Superintendent's annual report for the

year ending December 31, 1935 is herewith given.

The regular care of the system consisting of flushing out part of the mains, washing out tanks, keeping gas vents free from ice, running off sludge from Imhoff tank and pumping out secondary tank has been carried on as usual.

All of the buildings and the iron frames and covers have been

painted.

The brush near the works has been cut and burned.

At the Pumping Station on Powder Mill Road it has been necessary to renew one of the electric wire poles.

Samples of the Sewage has been sent to the State Dept. of

Health as usual.

As the house connections are made and the amount of sewage increases the cost of electric current becomes greater. The amount for electric current for the year 1935 is \$316.36 which is \$30.61 larger than in 1934.

House Connections:—Forty-one house connections have been made this year, one has been discontinued, making the total number of connections 400.

House connections installed this year	41
Lineal feet of pipe laid	1,813
Average length per connection	44.21 feet
Average cost per connection	36.59

LOCATIONS OF CONNECTIONS INSTALLED IN 1935

Street	Connections	Street	Connections
Acton	2	Park	1
Bancroft	1	Pine	2

Burnside 1 Concord 2 Florida 1 Glendale 4 Harriman 1 Hillside 1 Main 7	Prospect 1 Railroad 1 Sudbury 3 Summer 2 Spring 1 Tremont 1 Walnut 1
Main	Walnut
Nason	Termentin
Naylor Ct 1 Parker 1	Total41

Two connections have been cleared.

Common Sewer Extensions:

As the Street Dept. were about to resurface Sudbury St. the Front St. sewer and the Sudbury Ct. sewer was laid across Sudbury St. a distance of 38 feet.

The Sewer Extension for Summer St. which was authorized December 16, 1935 has been laid for a distance of 302 feet. This work was stopped as the ground had become frozen too deep to continue to an advantage.

The amount of sewage as figured from the Ammeter charts at the Pumping station on Powder Mill Rd. is as follows:

Total flow for the year 1935	32,101,260	gallons
Monthly average	2,675,105	gallons
Daily average		gallons

Thanking the commissioners for their hearty co-operation during the year this report is,

Respectfully submitted,

WILLIAM NAYLOR,

Superintendent.

REPORT OF CEMETERY COMMISSIONERS

To the Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

Since our last report, continued systematic development of Glenwood Cemetery has been carried on in accordance with

the plans of the department.

The growth of the cemetery has reached a point where in our opinion, economical management demands a full-time superintendent. We have procured the services of Roy E. Marsden who has been employed at the cemetery for several years. Mr. Marsden is familiar with the requirements of the position and we believe him to be thoroughly qualified to serve in that capacity.

The purchase of a power lawn mower has added greatly to

the efficiency of the department.

The E. R. A. and W. P. A. projects have enabled us to increase the value of the cemetery at a comparativley small cost to the town.

The superintendent's report will explain in detail, the work accomplished during the past year.

In the death of our Chairman Ainsley O. Dunham which occurred on January 16, 1936 this board met with an irreparable loss. Mr. Dunham has served the Town as Cemetery Commissioner for the past twenty years and has officiated as chairman of the board during the entire period. He has worked always for the improvement and beautification of the Cemetery and his unbiased opinions and sound judgment have been of great value to the committee.

Respectfully submitted,

ROBERT E. HARTIN, Secretary. G. W. FOWLER, Cemetery Commissioners.

REPORT OF SUPERINTENDENT OF GLENWOOD CEMETERY

To the Cemetery Commissioners:

Gentlemen—I herewith submit the report of the Superintendent of Glenwood Cemetery for 1935:

For the past few years the decrease in the number of available lots in the cemetery made necessary the development of new sections.

The first development was the building of 40 lots beyond the tomb on Parker Street. This relieved the situation to some extent, but there still remained a shortage of half lots and single graves.

The next step was the development of the new part adjoining St. Bridget's Cemetery. Here a transformation from an unsightly mass of underbrush into a beautiful landscape has taken place. So far, under C.W.A., E.R.A. and W.P.A. projects, over 400 lots have been built, shrubbery planted, a new entrance and wall partly constructed, a road built around the swampy portion, and the development of a miniature lake from the small pond and swamp is taking place.

Six catch basins have been built to take care of surface water to prevent the washing out of avenues and the depositing of debris on the lots.

Several perpetual care lots have been made over and a great many sunken graves refilled.

The power lawn mower purchased has greatly increased the efficiency of our work and makes possible the cutting of grass over the whole cemetery in a minimum of time, thus keeping the grass in better condition and lots in much better shape. The time of cutting between the infrequent rains in summer is critical for the proper maintenance of grass.

Connections have been made with an information bureau whereby we receive the latest information pertaining to the care of grasses and maintenance of lots.

Provision may be made in the new part of the cemetery for the establishing of separate sections for those of different nationalities who wish to have lots together. It will also be possible to provide sections of half lots which before has been impossible because of lack of space.

The truck is still in first-class condition with the exception of tires; a new set must be purchased this year. The original tires are badly worn, having given us four years of service.

A card system has been installed which provides a complete check of lots, graves, deeds, and all other information pertaining to the cemetery. This provides access to the necessary burial records and greatly aids in our work.

The town has spent on C. W. A., E. R. A. and W. P. A. projects at the cemetery since 1933 the sum of \$5,650.02, and in return has received in wages paid by the government \$41,982.12; saleable lots to the value of \$21,000.00 have already been built in addition to the other work mentioned above, and thousands of loads of gravel have been furnished from our gravel pit to other projects which the town would otherwise have had to buy.

Appropriation for 1935	\$	4,623.10
RECEIPTS		
Sale of Lots. \$ Sale of Graves. Care of Lots. Care of Graves. Opening Graves. Foundations. Making over Lots. Cement Posts. Telephone Tolls. On Cemetery Perpetual Care Funds.	440.00 32.00 784.50 3.00 286.00 64.85 53.00 2.00 5.25 1,053.10

REPORT OF LIBRARY TRUSTEES

To the Citizens of Maynard:

The report of the Librarian and the Trustees is hereby submitted as one report.

The report for the year 1935 is herewith submitted:

The demand for books which we do not own has increased to such an extent that we are obliged to borrow from other Libraries almost constantly. We have had books this year from The Division of Public Libraries, Boston Public Library, Watertown, Newton Technology, Waltham, Concord and Acton. As in past years we borrow collections of books in the Finnish and the Polish languages. These collections may be kept for three months.

During the year we have added to our reference shelf The Book of History in eighteen volumes and The Lincoln Library in

two volumes.

Book Week held in November, was as usual, most successful. The children appreciate new books as much as their elders do. Miss Pasakarnis' art class made and gave five beautiful posters, which add to the enjoyment of all patrons of the Library. We are sincerely appreciative of this gift.

We acknowledge with thanks, gifts of books from Mr. Ralph Fletcher (1); Miss Doris Gager (5); Mr. William Gutteridge (1): Henry Ford (1); Mrs. Adah Ingham (54); Mr. Bert Lawton (45).

With sincere appreciation of the kindly cooperation of As-

sistants and Trustees I respectfully submit this report.

MARY E. MOYNIHAN, Librarian.

Respectfully submitted,

JOHN E. HANNON, Chairman, ROBERT LESTER, Secretary, MISS NELLIE C. MAY. Maynard Public Library Trustees.

REPORT OF THE TRUSTEES OF THE MEMORIAL PARK

To the Board of Selectmen:

The annual report of the Trustees of Memorial Park is herewith submitted.

In May flowering plants were set out to beautify the Park for Memorial Day. Flowering shrubs were added replacing those which were winter killed.

The work on the Comfort Station has been completed, the fixtures bought and paid for but not installed, which will entail additional expense. There will probably be more expense in making walks around the Comfort Station.

A library in the Park was again discussed, conferences were held with the Trustees of the Library, but nothing definite was decided upon.

Some of the seats bordering on the central walk were removed to one side making it more comfortable for those resting on the seats as well as those passing through the Park.

Mr. Cleary, Superintendent of the Park and Mr. Rynkiewicz, caretaker of the flag, continued their work as faithfully as in the past.

Respectfully submitted,

FRANK J. McCARRON,
MISS ALICE NAGLE,
MRS. ALICE HOWE,
WILLIAM GUTTERIDGE.
LEO WHITE,
WILLIAM BRINDLEY,
Trustees of Memorial Park.

REPORT OF FINANCE COMMITTEE

To the Board of Selectmen:

Gentlemen:

We herewith submit to the citizens of the town the report of the Finance Committee for the year 1935. As has been customary for several years a special report was presented and distributed by the Finance Committee previous to the 'appropriations' meeting. Since that time we have held 12 meetings to act on various matters pertaining to the finance of the town.

For the first time in a number of years the Finance Committee has functioned with a full membership. It has been our aim this year to engender a greater spirit of cooperation between the Finance Committee and the other town officials and also between the departments themselves, in order to secure any possible economy consistent with their efficient operation. The various officials have used considerable care in handling the finances of their departments and have returned unexpended balances greatly in excess of the previous year. They have also been conservative in their requests for 1936.

Our preliminary study of the finances of the town and the various budget estimates submitted, show a very promising outlook. The balance sheet submitted by the Town Accountant shows for the first time in years an excess instead of the usual deficiency; and while uncollected taxes show an increase of \$3,052.82 over 1934, the amount of taxes collected in 1935 was \$21,151.98 greater than in 1934. The taxpayers may look forward to a considerable reduction in the tax rate.

The transfers from the Reserve Fund, made in each instance after careful consideration of the emergency nature of the request, were as follows:

Word the restaurant	
Board of Selectmen—(General Government)\$ Board of Selectmen—(Town Office and Halls) Board of Selectmen—(E. R. A. and W. P. A.) Board of Selectmen—(Soldiers' Relief)	945.00 353.92 3,150.00 500.00

Article 5. To see if the Town will vote to appropriate the sum of \$100.00 for the Salary of Inspector of Animals. To do or act thereon.

Finance Committee recommends \$100.00.

Article 6. To see if the Town will vote to appropriate the sum of \$150.00 for the salary of Inspector of Slaughtering. To do or act thereon.

Finance Committee recommends \$150.00.

Article 7. To see if the Town will vote to appropriate the sum of \$250.00 for the salary of Inspector of Plumbing. To do or act thereon.

Finance Committee recommends \$250.00.

Article 8. To see if the Town will vote to appropriate the sum of \$50.00 for the salary of Fish and Game Warden. To do or act thereon.

Finance Committee recommends \$50.00.

Article 9. To see if the Town will vote to appropriate the sum of \$1,200.00 for the salary of the Public Health Nurse. To do or act thereon.

Finance Committee recommends \$1,200.00.

- Article 10. To see if the Town will vote to appropriate the sum of \$350.00 for Vocational Education. To do or act thereon. Finance Committee recommends \$350.00.
- Article 11. To see if the Town will vote to appropriate the sum of \$350.00 for Memorial Day. To do or act thereon. Finance Committee recommends \$350.00.
- Article 12. To see if the Town will vote to appropriate the sum of \$900.00 to purchase fire hose. To do or act thereon. Finance Committee recommends \$900.00.
- Article 13. To see if the Town will vote to take from the Overlay Reserve the sum of \$5,000.00 to provide for extraordinary or unforseen expenditures. Transfers to be made to Departments only by vote of the Finance Committee as provided by Chapter 40, Section 6, of the General Laws. To do or act thereon.

Finance Committee recommends \$5,000.00.

Article 14. To see if the Town will vote to take from the Water Department Surplus the sum of \$6,000.00 or some other

amount to replace small water mains with larger mains. To do or act thereon.

Finance Committee recommends \$6,000.00 to purchase materials, the common labor be furnished by the W. P. A. if possible.

Article 15. To see if the Town will vote to appropriate the sum of \$3,000.00 for the purchase of trucks and other equipment by the Street Department. To do or act thereon.

Finance Committee recommends \$3,000.00.

Article 16. To see if the Town will accept the following Cemetery funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery: Stephen Matiucz, \$50.00; James Parkinson, \$100.00; Grace Preston, \$100.00; Agnes K. and William K. Walters, \$100.00; William Litchfield, \$100.00. To do or act thereon.

Finance Committee recommends the above.

Article 17. To see if the Town will vote to authorize the Board of Assessors to apply the sum of \$10,000.00 to be taken from the Sewer Department Surplus to meet two sewer notes of \$5,000.00 each due in 1936. To do or act thereon.

Finance Committee recommends this action.

Article 18. To see if the Town will vote to appropriate the sum of \$4,000.00 in event the State and County make an appropriation to rebuild Parker Street from the end of the new road to the Sudbury line. To do or act thereon.

Finance Committee recommends \$4,000.00.

Article 19. To see if the Town will vote to appropriate the sum of \$13,000.00 in event the State and County make an appropriation to rebuild Waltham Street from Paper Mill Corner to the Sudbury line. To do or act thereon.

Finance Committee recommends \$13,000.00.

Article 20. To see if the Town will vote to appropriate the sum of \$1,000.00 in event the State and County made an appropriation for maintenance of Chapter 90 roads. To do or act thereon.

Finance Committee recommends \$1,000.00.

Article 21. To see if the Town will vote to accept Section 85, Chapter 32, of the General Laws of Massachusetts relative to Pensions for Policemen and Firemen in Towns. To do or act thereon.

Finance Committee does not recommend.

Article 22. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to provide for pension for policemen and firemen retired from active service by the Board of Selectmen. To do or act thereon.

Finance Committee does not recommend.

Article 23. To see if the Town will vote to appropriate the sum of \$24,000.00 as a general fund to finance W. P. A. projects as approved by a committee composed of the Chairmen of the following Boards: Selectmen, Water, Sewer, Health, Cemetery, Welfare Board and Mr. James A. Coughlan of the Citizen's committee. This committee to have charge of W. P. A. funds also the allocation of projects and workers. To do or act thereon.

Finance Committee recommends \$12,000.00.

Article 24. To see if the Town will vote to appropriate the sum of \$285.00 for care and lighting of the Naylor Court Parking Space. To do or act thereon.

Finance Committee recommends \$285.00.

Article 25. To see what salary or compensation the Town will vote to pay the various elected Town Officials in accordance with Chapter 41, Section 108, of the General Laws, said salary or compensation to be effective from January 15, 1936, and remain in force until the next annual Town Election, unless sooner changed by the vote of the Town. To do or act thereon.

Finance Committee recommends all salaries of elected Town Officials to be as at present with exception of Tax Collector—His

salary to be raised to \$1,250.00 instead of \$1,000.00.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this tenth day of March in the year of our Lord one thousand nine hundred and thirty-six.

ROY E. MARSDEN, DONALD A. LENT, FRANK J. McCARRON, Selectmen of Maynard.

A true copy. Attest:

Constable of Maynard.

REPORT OF THE MAYNARD SCHOOL COMMITTEE

To the Citizens of Maynard:

The School Committee hereby submits the annual report for the year 1935.

This report is a record of the organization and operation of the School Department. The reports of the superintendent, principals, supervisors and health officials are a part of the full report.

The School Committee has been very much interested in the operation of the schools. Personal attention has been given to the repair and upkeep of the buildings. The work of the teachers and progress of the pupils have been observed through reports of the superintendent and his assistant. With careful planning, essential text books and supplies have been provided for the pupils.

The members of the committee believe that teachers and pupils are well cared for and are working under favorable conditions. The teaching load is heavy in some cases, but the average load is close to thirty pupils per teacher.

Respectfully submitted,

EDMUND S. MacPHERSON, Chairman, OSWALD C. DRECHSLER, JOHN A. DRISCOLL.

SCHOOL COSTS

From the annual report of the State Department of Education, one may obtain a comparison of school costs for eighty-three towns with a population of five thousand or over. The costs in a few neighboring towns are given below.

	Cost per pupil in Net Average Membership	Rank in Group of 83 Towns
Concord	\$109.34	6
Marlboro	78.57	City
Hudson	73.19	53
Chelmsford	63.16	77
Maynard	62.72	78
Clinton	61.67	80

It may be interesting to note the part of the tax rate that is required to operate the schools. The table given below is based on the fact that for each one thousand dollars appropriated, sixteen cents is added to the tax rate.

	School Appropriation	Reimbursement from the State	Tax Rate	Part of Tax Rate Required for Schs.
1931	\$110,000	\$19,250	\$25.00	\$13.43
1932	103,884	21,212	36.00	13.22
1933	91,000	17,625	35.75	11.74
1934	90,220	15,296	40.00	12.00
1935	95,030	15,412	43.60	*13.60

^{*}Estimated (17 cents per \$1000 for 1935)

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Maynard:

In a few words, the aim of education is to prepare the youth to take his place in society and to live in a wholesome, helpful manner.

The success of a school system is best determined by studying the reports and data given in the full report of the School Department.

Education is very important today because more is expected of an employee. Training, skill and physical stamina are required of those seeking employment. As some industries report an actual shortage of skilled intelligent help at this time, there should be more opportunities for training rather than less.

In September the children of the elementary school age were so divided that each of the three elementary school buildings would have grades one to six with a teacher for each grade. There are four divisions of the seventh and four divisions of the eighth grade at the Emerson Junior High School.

As there was a comparatively small number of children under fourteen years of age who were three or more years retarded, they were placed according to age in the regular classes where they are given special attention.

May I express my appreciation of the kindness of persons and organizations who have helped supply needy children with food and clothing?

As superintendent, I wish to acknowledge the fine cooperation of the personnel of the School Department, the excellent reports of the Elementary School Principals and the able assistance of Miss Mary A. Doyle.

Respectfully submitted,

JAMES P. KING, Superintendent of Schools.

January 17, 1936.

REPORT OF THE PRINCIPAL OF MAYNARD HIGH SCHOOL

The principal and his teachers must discover the particular subject matter and activities which will equip the pupils to meet successfully the varied demands of a complex and rapidly changing civilization. While there has been no radical change in the program of studies, the outlines of the courses of study are being constantly revised and brought up to date in order to meet this demand.

THE COURSES OFFERED AT PRESENT ARE

1. Practical type of education

a. Commercial Courseb. Manual Arts Course

c. Domestic Arts Course

2. General education

General Course

3. Preparatory for more education Elective Activities

College Course Arts and Crafts

b. Music (Choral and instrumental)
 c. School Publication (Screech Owl)

d. Dramatics (Class Plays)

e. Physical Education (Classes and games)

f. Social Affairs (Dances and parties)

The matter of supervising all the above work and activity makes it necessary for the principal to remain at the school for the hours that the school is in session. The teachers who are in charge of an activity do so in addition to carrying a full teaching load. The school clerk is very necessary to the proper conduct of the principal's office, especially for keeping the records of activities, the marks, and information in regard to former pupils as well as those in attendance.

As principal of the Maynard High School, I wish to commend the teachers for their work and co-operation in caring for the

educational needs of the pupils under our supervision.

a.

Respectfully submitted,

JAMES P. KING, Principal.

*EMERSON JUNIOR HIGH SCHOOL

As principal, I have aimed to accomplish the Cardinal Principles of Education in planning my courses of study. We are told we are living in the midst of whirling changes. Never in the life of man have changes come upon him so rapidly and so devastatingly as in recent years. We must "condition" the child to cope with new occasions, to handle new ideas, to be adaptable, resilient and versatile. We aim to teach him, not so much what to think, as how to think. That is the ability he will need in meeting new conditions.

In the matter of communication we have changed the instrument but the message is unaltered. The essential thing is not the means of communication, but the communication itself. Applied to the school, the fundamental task in the matter of communication is to teach boys and girls to have something to say and to say it well. This I have aimed to do in planning the English Course. Five periods a week are given to Oral and Written Composition, three periods to Formal Grammar, three periods to the Reading and Appreciation of Literature and four periods to Spelling of words of graded vocabulary as used in a paragraph.

In the teaching of Mathematics and Social Studies there is ever present the danger that teachers will become discouraged by the obstacles in the way of motivation. Teaching is apt to become merely the planning of questions and the grading of papers. The workbooks used in the social studies have been very helpful to teacher and pupil as a teaching and learning device. A workbook develops the power of thinking by providing strong motivation, encouraging self-analysis and furnishing remedial work. I feel that the purchase of workbooks although we have only one book to a desk, is money well spent. The pupil who wishes to save his own time in copying topics and tracing maps may purchase his own book. Many children have done this. Each child has his own book in Mathematics and in this way gains a mastery of the four fundamental processes by means of purposeful drill and frequent reviews.

Another division of the curriculum which is very important is Health and Character Education. In the former we endeavor to give the child an appreciation of the value and significance of a healthy body. Through the Course in Health, he acquires a practical knowledge of the parts of the human framework, the circulatory system, the value of foods, first aid and good habit

formation.

The lessening of the home influence upon boys and girls at the age when they require most careful guidance has made it imperative that the school provide this help to its members. The teacher works on human hearts. She must show these young hearts and eager minds that virtue is the chain that binds man to man and that high thoughts and right acts are more important than cold facts. A class room can well be referred to as a theater.

"Who has the center of the stage
Not teacher or the printed page
But boys and girls—some dull, some bright—
Who need to learn life's lessons right."

In an effort to teach the worthy use of leisure time, each teacher has one extra curricular activity. Membership in these groups is voluntary since meetings are held after school. The following clubs meet regularly after school hours: Arts and Crafts, Knitting, Dramatic, Nature, Junior Red Cross, Algebra, Latin, Basket Ball, Foods Club, Woodworking, Harmonica, and Sketching.

Homework is assigned to classes according to a schedule. This avoids the possibility of double assignments to any one

group in one night.

The results of the bi-monthly tests in the fundamentals were satisfactory. I find a very close correlation between the test

averages and the grades given by the teachers.

The problem of the ungraded group is very serious. I have tried to make as many transfers as possible from the group to the regular classes. I regret that I have only record of personal studies of these pupils to confirm my opinion, because I feel confident that standardized scaled tests would substantiate my conclusions. The group has a special program of studies to meet the needs of its members. It is doing the work of the regular seventh grade groups in Mathematics. The English Course of Study is a combination of sixth and seventh grade English, covering usage and the writing of simple paragraphs.

It will be necessary to transfer some members of this group to high school in June, because of social adjustment and not because of accomplishment of the work of the seventh and eighth

grades.

For some time past I have observed very closely the grades given the pupils in this school and compared them with the

grades received in high school.

At the close of the second marking period in the high school, the following comparisons were made. In June 1935 105 pupils were given certificates for completion of the work of grade eight. Of this number 3 have failed in one or more subjects in high school. 13 pupils were promoted on trial. Of this number 2 have failed in one or more subjects. 7 pupils were transferred. Of this group 3 have failed in one or more subjects.

The plan of checking the attendance of the pupils by one teacher has been very satisfactory. A pupil who has been absent for any reason must report to the attendance teacher for an admission slip before he can be taken into his home room. I have insisted upon the presentation of a health certificate signed by a physician whenever the pupil has been known to have had a contagious disease.

There is need for more working as well as storage room in the Practical Arts Department. I recommend that the room now used as a Junior High Supply Room be added to the Practical Arts Department and a closet built in which supplies may be kept.

Due to Mr. Mahoney's constant vigilance, the building is

clean and in good repair.

I take this opportunity to thank you and the teachers at the Junior High School for their good will and cooperation.

Note: Report of Mary A. Doyle, Principal.

SUPERVISION OF ELEMENTARY GRADES

Since September each class above the second grade has been tested in English, Arithmetic and Spelling. In classes where the same text book was used as in 1934 the same test was given. The averages were higher than in 1934. Dr. W. S. Gray, Dean of College of Education, University of Chicago says "One of the most impartial and effective means of improving the quality of teaching is the constant use of tests as a part of routine instruction." This is true only when papers are corrected and analyzed for class weakness. Every teacher has been informed of her class average and also how her class compares with other classes of the same grade.

I find the outstanding weakness of all grades is the lack of ability to read and apply directions. Since this weakness has been disclosed to the teachers they have made an effort to remedy it. In the second grade the teachers are giving specific lessons in seat work of various types. A meeting was held with these teachers and the lessons agreed upon. The teachers were given a detailed bulletin containing instructions as to procedure. For specific results I refer you to my monthly report of December 1935.

results I refer you to my monthly report of December 1935.

During the month of October a survey of the text books was made. This has been found very helpful in finding books to supplement basal texts. In the past books were purchased by buildings. Many times this mean't that books were stored in book closets and used only once a year. Now it is possible to have a class have access to several texts by rotating and exchanging. The transfer of these books between buildings has been made by me whenever requested by the teachers. I feel that considerable money has been saved the town by this supervision of text books.

The survey showed that in the fifth grades of the Roosevelt and Wilson Schools the history texts were copyrighted in 1912. Since that date, new books have been purchased for the Wilson School. The health books of these two grades bear the copyright date of 1909. The fourth grades are using texts copyrighted in 1906. The fact that these books are in good condition after thirty years of usage shows that very little constructive teaching in health has been done.

Our time schedule calls for twenty-five minutes a day for Health teaching. Until such time as adequate material is put into the hands of pupils it is an impossibility for these classes to be held.

In October, a meeting of the first grade teachers was held and the new Course of Study was discussed. A copy of the same

was given to each teacher.

The closing of the ungraded room at the Roosevelt School gave me the problem of assigning these children to regular class Because of the overcrowded conditions in rooms to which these children should be assigned according to mental age, they were assigned to grades according to their chronological age. As members of the ungraded group, the majority were doing the work of the second grade. One child was doing the work of the third grade. He was assigned to a third grade and has been able to do the work of that grade in a satisfactory manner. The other children are not able to do any of the lessons of the grades to which they were assigned. To understand all children as individuals and to provide equal opportunities for all according to their respective abilities is an integral part of every school program. All children, even those who learn slowly, have abilities that can become assets in their sphere of life. The element of success is of great importance in the education of the slow-learning child. Child nature in general is social. It responds to the presence of others, is interested in behavior of others, and it tends to share its activities and has a strong desire for approval. Continued effort on the part of the teacher to bring him into conformity with the normal child only emphasizes his inadequacies and causes failure. This failure results in listlessness, indifference, idleness, carelessness, feelings of inadequacy, dejection, or aggressive attitudes of interference with others, attention getting or destructiveness-in short a series of unwholesome attitudes.

The slow-learning child fails to experience the success and satisfaction that is due every child in his school life. It seems to me that the time is present when we must face the inevitable fact. These boys and girls in our schools today are to be our citizens of the next decade. What are we doing for them to prepare them to become satisfactory and happily adjusted wage earners in unskilled or semi-skilled labor and to maintain satisfactory relationships with their employer and fellow workers? The slow-learning child should be directed to adjust himself to a job he is capable of filling. Habits of working neatly and honestly, being punctual, cheerful and steady must be developed. Confidence and self-respect should be established. If the community would view the school program in this light, there would be no stigma attached to these classes.

In my report in January 1935, I called your attention to the fact that there were four double grades in the system. With the transfer of pupils, we were able to eliminate this situation. I did not find that the pupils of these particular grades were in any way retarded in the fundamentals. The teachers of these grades deserve commendation for their efforts. Reference to the enrol-

ment chart of the grades will show you that there is a fair distribution of membership in all grades with the exception of the first grades at the Coolidge and Roosevelt Schools. The employment of a helping teacher at the Roosevelt School did not solve the problem. Divided responsibility for accomplishment is never satisfactory. Since the closing of the second first grade at the Roosevelt School we have had large memberships in the first grades at the Coolidge and Roosevelt Schools. The opening of another first grade employing a full time teacher would eliminate the large number of failures in the first grades of these two schools. Overcrowding first grades is a firm foundation for developing candidates for a special class in the next three or four years.

The teachers of these two rooms deserve commendation for the work accomplished under these conditions. However, I feel that the quality of work by the average child in these classes could be much higher if the teachers had normal enrolments.

In conclusion I am willing to publicly acknowledge and thank you, Mr. King, for your support, cooperation and assistance to me in showing the teachers of Maynard that our sole aim in supervision is to raise by a cooperative plan, the standards of accomplishment of the children of Maynard and to increase the efficiency of all who participate in the teaching process.

*Note: Report of Mary A. Doyle, Assistant to Superintendent.

HEALTH SUPERVISION

The detailed reports of the School Physician and School Nurse are on file in the Office of the Superintendent of Schools. Beside the regular routine, four clinics were held at the High School Auditorium, March 4th, 8th, 12th and 27th as a Board of Health E. R. A. Project. The Von Pirquet test was given to two hundred seventy-five pupils in the 7th, 9th and 11th grades. One hundred five pupils were x-rayed. These clinics were conducted by Dr. Martin of the Middlesex County Sanatorium at Waltham, assisted by Miss Ward, District Nurse, Miss Sofka, Board of Health Nurse and Miss Foster. School Nurse.

Four clinics were held in the Roosevelt School on November 12th, 18th, 25th and December 9th. One hundred sixty-seven School and Pre-school children were immunized against Diphtheria. These clinics were sponsored by the Board of Health and conducted by the School Physician, District Nurse and School

Nurse.

REPORT OF SCHOOL DENTAL CLINICS

This is the sixth yearly report of the Dental Clinics which have been held two mornings a week by Dr. Palmer, Dr. May, Dr. Bellows and Dr. Garland.

One hundred seventy-nine pupils in the grade schools received

Dental Certificates.

The basis for awarding these certificates was as follows:

1. The mouth should be as clean as possible.

2. All cavities should be treated.

3. All attention given to all deciduous teeth.

4. All abscessed temporary teeth should be extracted.

One of the most serious errors mothers often make is to mistake the first permanent molars for baby teeth. These teeth usually appear before the child has lost a baby tooth.

The child should begin its regular visits to the dentist at the

age of three for inspection.

A lost tooth is a lost friend.

Good teeth and a clean mouth are worth the best care you can give them.

EDITH B. FOSTER, R. N., School Nurse,

*SUPERVISION OF MUSIC

Our aim is the musical culture of the average boy and girl. We are trying to create a desire for music and to develop a knowl-

edge of it.

From the first grade to the ninth, our endeavor is to secure a good singing tone. Added to this is the music reading by which the child is able to learn many beautiful songs. This in turn leads to appreciation of the best in music. The short time allotted for our music does not permit each branch to be taken up separately. Therefore, we try to have each lesson cover something of each subject.

We have toy orchestras in the primary grades. This orchestra work is of untold value to the child. It teaches an understanding and feeling for rhythm, through natural ways of expression,

musically.

An harmonica band of 40 members has been organized in the Junior High School. The pupils are very much interested

and I hope some good talent will develop.

The Junior High School pupils listen to the music appreciation lessons given by Dr. Walter Damrosch over the radio. The pupils study the history of each instrument of the orchestra and listen to each instrument played on the Victrola. The eighth grade pupils also study the early history of music and opera.

The Junior High orchestra consists of 16 members. They

play for all programs and for graduation.

The Senior High School has two choruses with a membership of over two hundred in each chorus. Many fine four-part choruses are learned during the year. A special chorus and soloists are trained for special programs. The Senior High orchestra has sixteen members.

The outline of work for the entire year is given to each teacher, so that each may know the goal for which we are striving. Music should not be an added burden to either pupil or teacher, but rather an inspiration for the other work.

*Note: Report of Eleanor S. Colburn, Supervisor of Music.

*SUPERVISION OF ART

For the past few years the art department has been running along smoothly, due to the marvelous cooperation given us by our superiors and our teachers. Our teachers have been most generous in trying to help out.

The pupils react very favorably, thereby making it very easy for the art department.

We have been very fortunate in obtaining new kinds of materials with which to work, and this has been of great importance to the high school. The interest shown by the parents in last year's art exhibition has aroused many a pupil to work for a greater and better exhibit.

*Note: Report of Anne P. Pasakarnis, Supervisor of Art.

*SUPERVISION OF PHYSICAL EDUCATION

The Physical Education program in the grade schools for the past year has been carried on entirely out of doors. In the fall the boys have been drilled in tag football, with blocking stressed, to develop the fundamentals of football. The girls are drilled in in varieties of kick-ball, and games in which the ball is handled, thus developing muscle control, endurance, speed, and skill. In the spring, ball games are played by both boys and girls. The aim of the grade school work is to develop team play, discipline, fair play, brain and muscle control, and to give all children the opportunity to play.

The Junior High pupils have two periods a week in the gymnasium, where the physical side of education is stressed. All students are required to take physical education unless excused by the doctor. The work consists of apparatus, wand, and dumbell drills, running, jumping, tumbling, and higher forms of team games. In the winter there is a school basketball league for both boys and girls, and the school is represented by a boys' basket-ball team, and also a baseball team in the spring. Last spring a Junior High School track meet was held at Alumni Field.

The High School program is made up so that all students are given a chance to participate in some sport of their liking. In the fall there is football for the boys, and field hockey for the girls. The field hockey team, under the new leader, Miss Bradley, was undefeated. Due to inadequate basket-ball facilities, there have not been varsity teams for the past few years; instead, we have fourteen teams, eight for the boys and six for the girls. At the conclusion of the intra-mural contests, the interclass series begins, both boys and girls playing for the class championship of the school. Class numerals are given to the winners. All boys who do not participate in some sport attend gym classes twice a week during the winter months.

Baseball and track are sponsored in the spring. The baseball team is entered in the Midland and the Middlesex Leagues. Last year we won the championship in the Middlesex League, and finished second in the other league. Last spring, for the first time, track meets were held at Alumni Field. With the two athletic fields now in use it is possible for more boys to participate in athletics.

Number of boys and girls who took part in athletics this past year:

Boys	Girls
Football	Field hockey 50 Intramural Basketball 48 Interclass Basketball 33
*Note: Report of Reginald I	P. Sawyer, Director of Physical

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils.
