Report of the Board of Selectmen

To the Citizens of Maynard:

Your Board of Selectmen respectfully submit for your consideration our report and that of each department and various committees for the year 1942.

The Town Accountant's report records the various financial transactions of the Town and examination will disclose where the taxpayer's money is expended. You will note that there were unexpended sums due to existing conditions or change in planning.

Your response to employment in War Industry has made you more secure financially. Such a condition should, in turn, favor the Town's financial condition. The obligation to pay taxes is still ours. The Town has realized money on many back taxes.

We are happy to report that the Treasurer's books show \$154,236.88 — the largest balance we have had in the history of the town.

Realizing that accumulated small savings create a substantial saving, we held, and hope to continue, town meetings in the George Washington Auditorium.

Due to existing conditions your wages must have been increased as the cost of living increased. Because of this, we increased the wages of Town employees wherever possible.

As a new Board, one of our first appointments was that of Raymond Sheridan as Superintendent of Streets. This was done after careful consideration and study of all records of the applicants. We know his work is commendable. Another important appointment was John Donohue as Town Counsel. He has been of great service to us and other Town officers.

Your Selectmen have been in fact, not in name, acting as coordinators of the Civilian Defense Organization. Many meetings were held during the year with the heads of all Defense units. We know these meetings have been significant, meaningful and very helpful to all.

The Army had purchased certain tracts of Town property along with private property to incorporate into what is now called the Maynard Ordnance Supply Depot. We co-operated with Army agents in every necessary way. The Observation Tower, too, is now under operation by them. We were told that our tower is one of the best in this territory.

The oil heating situation has become a serious and grave problem. We have held numerous conferences in Boston with officials trying to alleviate our plight. We had, from time to time, recommended conversion to coal wherever it was possible. We have made arrangements with several local organizations to care for people when heating homes becomes impossible. The Town House is now converted to coal heat.

In addition to workingmen's liability and compensation, we were able to purchase sidewalk insurance.

To the Parents of the boys in service—our country has engaged in another World War. This time we mean to keep our country a home of the free and see to it that other countries will enjoy that peace and prosperity that we know. The ones who will see us through are your boys. They sacrifice in order that we may live and enjoy our democratic way of life. They fight in order to see justice triumph with peace and liberty restored to all nations. Theirs is the duty—civic and patriotic.

The Town lost by death Mr. George F. Thane, its Tax Collector. His long stay in office is a record that speaks for itself.

Our thanks are extended to you, all Departments, Department heads and organizations for the co-operation given us this year. We feel we had a very successful year.

Respectfully submitted,

WALTER A. CHESLAK, Chairman
WILLIAM STOCKWELL, Secretary,
JOSEPH P. DINEEN

Supervised Recreation for Children

To the Citizens of Maynard:

This year a new project was undertaken under the sponsorship of your Board of Selectmen after being approached by a group of mothers.

At a special town meeting we asked for the sum of \$1,000.00 for a summer project in which the children could participate. Of the sum appropriated there is an unexpended balance of \$543.95.

This project was started in early July and was carried through the summer when in August an exhibition was held at the George Washington Auditorium. This was received with approval by the spectators. The work is still being carried on.

We had appointed as our agents in this undertaking Mrs. Herbert Martin, Mrs. Peter White, and Mrs. Leo Downey. These three ladies were fortunate in obtaining assistance from the Middlesex County Extension Service.

The ladies found six leaders for the sewing and other crafts. Ninety boys and girls enrolled in these activities under the leadership of Mrs. Arthur Morrill, Mrs. Nancy Sealey, Miss Anne Tucker, Mrs. Edmund Whitney, Tino DiGrappa and Thomas Carey.

In view of existing conditions we believe that such a project for youngsters was a worth while undertaking and hope this type of work can be expanded and that more children will participate in 1943.

We wish to thank Mrs. Herbert Martin, Mrs. Peter White, and Mrs. Leo Downey, (also the leaders) for their splendid work. Our thanks to the School Committee and Superintendent for their co-operation.

Respectfully submitted,

WALTER A. CHESLAK, Chairman,
WILLIAM STOCKWELL, Secretary,
JOSEPH P. DINEEN

Selectmen.

Report of W. P. A. Committee

To the Citizens of Maynard:

The report of the Maynard W.P.A. Committee for the year ending December 31, 1942, is herewith submitted for your consideration.

The W.P.A. Committee is composed of the Chairman of the following Boards: Selectmen, Water, Sewer, Health, Cemetery, Finance Committee and Welfare Board.

This year saw the close of all W.P.A. Projects. Washington did not approve any further projects subsequent to July 6, 1942, which marked the last of our town Projects.

With the call for help in all war industries and work, men and women formerly on W.P.A. payroll have found employment. The last project undertaken was the painting in the schools. Of the \$4,990.03 appropriated for W.P.A. purpose \$990.03 was carried over from last year. We find that we have an unexpended balance of \$3,243.66.

At the last meeting held it was decided to disband for the duration; reopening of meetings will be on call by the Chairman.

Respectfully submitted,

JOSHUA NAYLOR, Chairman
WALTER A. CHESLAK
GAVIN TAYLOR
LESTER COWLES
ALTON SIMS
WALTER DENNISTON
ERNEST JOHNSON

Report of Superintendent of Streets

To the Honorable Board of Selectmen:

I herewith submit my annual report of the Street Department for the year ending December 31, 1942.

GENERAL

Right now this Department is faced with a grave problem and should be given a very thorough study as to the needs and action. It seems that the crux of the matter is this. Is it good business to cease maintaining the necessary roads and streets until after the war? To curtail our maintenance would increase quantities of materials needed at later dates. A highway in good condition today and to a poor condition can take place over night.

Three members of the department have entered the armed forces of the country which has been a great loss to the department.

MAINTENANCE

All the gutters and drainage systems were cleared of sand. Asphalt was one of the critical materials that was frozen so we had to carry on our maintenance with tar. Considerable coldpatching was done this year.

The following streets were regraded and given a double coat of Tar: Summer Hill Road, O'Moore Avenue, Espie Avenue, Driscoll Avenue, Sheridan Avenue, Crane Avenue, area covered 21,413 square yards.

The following streets were given a seal coat of tar: Railroad Street, Newton Drive, Prospect Street, Summer Street (Part), area covered 5,451 square yards.

One Catch Basin and two manholes were built on Concord Street near home of Charles Warren. 20 feet of 15 inch tile pipe was laid and 8 feet of 12 inch R. C.

One Catch Basin and 30 feet of 8 inch tile pipe installed near Arthur Carlton's house on Summer Street.

One catch basin was built near 123 Waltham Street. A widening and excavating project was done on Concord Street abutting Jones' property. The road has been widened 6 feet for a distance of 300 feet approximately. 486 cubic yards of earth was removed.

SIDEWALKS

Tar walks were built on Glendale Street, area 40 square yards, Main Street by Freight house, area 75 square yards,

Lincoln Street near home of George Jameson, area 70 square yards.

Granoletic sidewalks were built on Florida Road abutting St. George Church property, area 103 square yards and on Main Street abutting Buscemi property, area 200 square yards.

SNOW

All streets and sidewalks were plowed and every sidewalk in town was sanded after each storm. Also all the main roads, hills, curves and intersections were sanded for travel.

The snow was removed from the business district and from all the churches.

The State Department of Public Works renewed their contract for paying one half the cost of plowing snow on Great Road.

In order to speed up the sanding of our roads and sidewalks the department should have some type of storage bin built but realizing to attempt such a project at this time is impossible due to the shortage of critical materials.

CHAPTER 90 MAINTENANCE

Under Chapter 90 Maintenance all of shoulders and drainage was cleaned on Great Road, Parker Street, Powdermill Road, Main Street, Acton Street, Haynes Street and Brown Street. The brush was also cut where needed.

Main Street was resurfaced with tar and a pea stone cover from the Methodist Church to the square, area 4000 square yards. Parker Street was resurfaced with tar and a pea stone cover from Papermill Corner to Rotary traffic circle, area 9300 square yards. One catch basin was rebuilt on Parker Street at Corner of Elm Street.

210 linear feet of storm drain was installed on Great Road near home of Edward White. One new catch basin was built.

CHAPTER 90 CONSTRUCTION

Chapter 90 Construction has been closed down for the duration. This prevented us from completing Haynes and Acton Street. This project shall be reopened after the war.

STREET SIGNS

The practice of placing modern metal street signs had to be discontinued this year, due to and order by the War Production Board prohibiting the manufacture or fabrication of metal signs.

The Town Accountant report will show the expenditures of this Department.

This department has improved its methods of conducting the work and has gained greater efficiency and economy due to the splendid co-operation of the Board of Selectmen and the various Town Officials. I believe we have the most loyal and efficient highway personnel in the state and to them I gratefully give my thanks for a very successful season.

Respectfully submitted,

RAYMOND J. SHERIDAN,
Superintendent of Streets.

Report of John A. Crowe Park Superintendent

To the Honorable Board of Selectmen
Gentlemen:

I herewith submit my annual report as Superintendent of John A. Crowe Park, for the year ending December 31, 1942.

The tennis court and field are in good condition. Drains were installed at the drinking faucet at the tennis court and on the ballfield.

Respectfully submitted,

JOHN C. BRAYDEN,
Superintendent.

Report of Police Chief

To the Honorable Board of Selectmen:

I hereby submit my annual report as Chief of Police for the year ending December 31, 1942. In performance of the duties of this office, I have had the co-operation of the officers of the Department, the helpful assistance of the Board of Selectmen and the Town Counsel.

PARKING

From April to September of this year the increased registration of automobiles in Maynard over previous years caused considerable congestion to our parking problem in the business section and on streets adjacent to the mill. As recommended in previous reports serious consideration would be necessary for the establishment of additional parking areas if our present rationing programs were not in existence. However, with rationing of tires and gasoline, the establishment of additional parking areas should be postponed, not abandoned, until the rationing programs have ceased.

EQUIPMENT

All equipment purchased during the year was for defense purposes only. The Auxiliary Police were given arm bands, whistles, flashlights and night sticks.

SAFETY

The bicycle referendum act as accepted on election day was inaugurated during the year. Over five hundred (500) bicycles have been registered and received registration plates at the Police Station. The acceptance of this act prohibits any inhabitant of Maynard from operating a bicycle within the limits of Maynard, unless the bicycle is registered under this act and the registration plates issued therefor is attached to the bicycle.

As required by the Town By-Laws, the Board of Selectmen designated various streets to be closed for coasting. The streets were: Elmwood Avenue, Lewis Street, Spring Lane, Butler Avenue, Roosevelt Street, Newton Drive, Florida Road. Parents should instruct their children to coast on these streets in order to prevent accidents and injuries.

DEFENSE

This department in co-operation with the Massachusetts Committee on Public Safety is taking various precautions for your protection during air raids or black-outs.

Our government has asked us one simple thing, but a very important one, learn and remember what to do during air raids and black-outs. These regulations have been approved and issued by the Massachusetts Committee on Public Safety. A copy may be secured from your local Air Raid Warden or your Black-out Chairman.

The Town Treasurer has received from the American Woolen Company \$770.85. This reimburses the Town for money paid by the Town to local Police Officers guarding their payroll. The Town Treasurer also received from the Concord District Court fines totaling \$1,195.10.

To Ilmari Tervo, Michael Zapareski, Cyril Clark and Harold Johnston, who have served this Department so faithfully in the past, but during the year have answered the call to serve a greater cause, namely the armed forces of the United States of America, this Department wishes you good luck, good health and may the conflict be brought to a successful close in order that you may return to fill the place you made vacant.

In conclusion, I wish to express the appreciation and the thanks of the Police Department, to the Board of Selectmen, to all other Town Departments who have been of assistance to the Police Department.

Respectfully submitted,

HENRY F. PIECEWICZ,
Chief.

Report of Dog Officer

To the Board of Selectmen:

I, as Dog Officer of the Town of Maynard, respectfully submit the following report.

During the past year I have notified seventy-three delinquent Dog Tax owners. Of this number the Town Clerk has collected sixty-eight taxes and the remaining five were disposed of.

HENRY F. PIECEWICZ,
Dog Officer.

Report of Inspector of Animals

To the Honorable Board of Selectmen:

I herewith submit my report for the year 1942.

Owing to instructions from the State, I was not to inspect barns, but to report on all contagious diseases. I quarantined 11 dogs on suspicion of rabies and released the same after 14 days.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

Report of Fire Department

January 21, 1943.

The Honorable Board of Selectmen:
Gentlemen:

The report of the Fire Department for the year ending December 31, 1942 is herewith submitted.

Ex-Chief George Priest resigned July 1st, 1942. Since then we have carried on the duties of the department without a permanent Chief.

The Air Whistle is fully installed, and we are sorry to announce that the Gamewell Co. of Newton Upper Falls, was unable to supply us with the Air Storage tank that would have worked more satisfactorily with this system, and we were compelled to do the next best thing by using two small tanks which does not enable us to carry the required amount of compressed air to operate this system correctly.

A ten percent increase in wages was granted to all members of the Department. At our November 3rd meeting, by a vote of the Engineers, a \$2.00 per week increase in salary was granted to the three permanent men, Howard Clark, William Quinn and Ray Connors.

Our Financial statement may be found in the Town Accountant's report.

Through an appropriation by the Defense Committee of \$2,600.00 it was made possible for us to purchase the rebuilt Dodge 500-gallon pump truck, for which we paid \$2,500.00, the extra \$100.00 to be used for necessary expense and equipment, of which \$47.00 has been used, leaving a balance of \$53.00. We also received an appropriation from the Defense Committee of \$500.00 to be used for water holes, to be placed at various sections of the Town. We have not as yet started this project.

BUILDING

Headquarters, Nason Street, Housing Engine No. 1, Engine No. 2, Ladder No. 1, one fire alarm system and one Air alarm system.

APPARATUS

In service one pumping Engine equipped with one hundred and fifty gallon Booster tank, two hundred fifty feet of booster hose, one thousand feet of two and one-half inch hose, two

- 15 Short Blasts Actual Air Raid. All traffic stopped. People off streets.
- Long Blast Blackout continues. Traffic resumes.
- 3 Blasts and Street Lights on again All Clear. (Over)

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE—1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle within three hundred feet of any fire apparatus going to a fire or responding to an alarm, nor drive said vehicle, or park or leave the same unattended within six hundred feet of a fire or within the fire-lines established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Remain at box until apparatus arrives.

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

How to send an alarm from box: Go to the nearest box, open door, pull lever way down once and let go, then shut door, remain at box and direct firemen to fire.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

hundred feet of one and one half inch hose, one thirty-foot extension ladder, one sixteen-foot roof ladder, two mystery nozzles, search lights, one C.O.2 fire extinguisher, two ten-foot lengths of suction hose, one stretcher, one salvage cover, eight rubber coats, seven pairs rubber boots, gas masks and various other equipment for extinguishing fires.

Engine No. 2 is a rebuilt Dodge Fire Truck, with a new five hundred-gallon mid-ship pump, booster tank and one hundred fifty feet of booster hose, one twenty-four-foot and one twelve-foot ladder and various other tools. The purchase price was \$2,500.00.

We were able to get this truck without a priority rating, and it was our chance to replace the twenty-nine-year-old American La France, which is well worn, and would cost a lot of money to put in good running order. Several tests were made before Selectmen and Defense Committee at the Great Road Canal Bridge, satisfying them that this truck will be of great value for Fire protection to this town, and is now equipped with one thousand two hundred fifty feet of two and one-half inch hose, two ten-foot hard suction hose, one hundred-fifty gallon booster tank, one twelve-foot roof ladder, one twenty-four foot extension ladder, two water and soda extinguishers, three nozzles, one hand spot light, two salvage covers, one crow bar, and several sizes of nozzle tips.

The American La France is now in storage. It could be used, with some minor repair, as a standby equipment in case of emergency.

LADDER NO. 1

One sixty-foot aerial ladder, truck equipped with two hundred-forty feet ground ladders, One Estman ladder gun, One Porter life net, One fifty-foot length of three-inch hose, One hundred feet of one and one-half inch hose, Two pitch forks and shovels, Four pike poles, Nine hundred feet of two and one-half inch hose, Twenty-ton hydraulic jack, Six salvage covers, Two hundred fifty feet of booster hose, One hundred gallon booster tank, One foamite extinguisher,, gas masks, One inhalator, One mystery nozzle, One C.O.2 extinguisher, One sewer fresh air gas mask, Two five hundred watt flood lights, One two hundred fifty watt spot light, One electric generator, Five pairs rubber boots, Eleven rubber coats, One stretcher, One tree trimmer, One set wire cutters, Six life belts, and various other tools used for extinguishing fires.

FIRE ALARM SYSTEM

There are twenty-four boxes, Eight phantom boxes, Seventeen miles of wire, One whistling machine with steam whistle,

One house tapper, One tape register, Twenty-seven battery cells, Two rectifiers and one air whistle.

DUTIES PERFORMED

Number of alarms responded to	101
Box alarms	6
Out of Town calls	3
Inhalator calls	3
Accidental drowning	1
Telephone calls including Brush, Chimney, and Automobile fires	95
Permits issued for storage of range oil	120
Permits issued for storage of gasoline	2
No. of feet of two and one-half inch hose laid	8800
No. of feet of one and one-half inch hose laid	200
No. of feet of booster hose laid	6505
No. of feet of ladder raised	258
No. of chemicals recharged	68
Extra hose two and one-half inch on hand, double jacket	3200 feet
Extra hose two and one-half inch on hand, single jacket	750 feet
Insurance paid on Buildings and Contents involved by Fire	\$5,292.08

During Fire Prevention Week, fire drills were held at the public schools and inspection made, which were found to be very satisfactory. All extinguishers were recharged. We wish to thank the Superintendent, Principals, and Teachers for the co-operation extended us during this work.

The outside Fire Alarm System has been inspected and found to be in very good condition.

The weekly collection of rubbish and paper in the business section by the highway department has been a great help to reduce the many hazards that existed.

At this time we take the opportunity to thank the Superintendent, Mr. R. Sheridan and his Co-workers, for the co-operation extended to us in reducing fire hazards.

Practice sessions were held and instructions given to the men of the department. Every man in the department has been insured against injury or loss of life, and this was made

possible through the generosity of the public through the purchase of war bonds for which we wish at this time to thank sincerely.

We wish to thank the police and all other Town departments for the co-operation extended us during the year.

Respectfully submitted,

RICHARD J. ALLAN,
HENRY MARIANI,
WILLIAM NAYLOR,
Board of Engineers.

Forest Warden

January 19, 1943.

To the Honorable Board of Selectmen:
Gentlemen:

The report of the Forest Warden for the year ending December 31, 1942, is herewith submitted.

Sixty-two permits for fires in the open were issued. The department laid two thousand two hundred feet of one and one-eighth inch hose, four thousand two hundred seventy feet of one inch booster line was also run out.

We had three out of town calls from Sudbury, Acton and Stow.

Brush fire equipment housed at Fire Department, Nason Street.

Two thousand nine hundred feet of one and one eighth inch hose.

Twenty-one shovels.

Four one and one-eighth inch nozzles, four Indian pump cans, one four cylinder trailer pump, one portable pump, fifteen feet of two and one half inch of hard suction hose.

Respectfully submitted,

RAYMOND G. CONNORS,
Forest Warden.

(Chap. 581)

AN ACT FURTHER REGULATING THE SETTING OF
FIRES IN THE OPEN AIR

Be it enacted, etc., as follows:

Chapter forty-eight of the General Laws is hereby amended by striking out section thirteen, as amended by chapter two hundred and four of the acts of nineteen hundred and thirty-eight, and inserting in place thereof the following section — Section 13. No person shall set, maintain or increase a fire in the open air at any time unless the ground is substantially covered with snow, except by written permission, covering a period not exceeding five days from the date thereof, granted by the forest warden or chief of the fire department in cities and towns, or, in cities having such an official, the fire commissioner; provided, that no such permit shall be granted to be exercised during any portion of the months of April and May except upon rainy days; and provided, further, that persons over the age of twenty-one may, without a permit, set, maintain or increase a reasonable fire for the purpose of cooking, upon sandy or gravelly land free from living or dead vegetation or upon sandy or rocky beaches bordering on tide water, if the fire is enclosed within rocks, metal, or other non-inflammable material. The forest warden, chief or fire commissioner, as the case may be, may make it a condition for granting a permit that any burning shall be done only after four o'clock (eastern standard time) in the afternoon and he may revoke a permit at any time. The forester may make rules and regulations relating to the granting and revocation of such permits binding throughout the commonwealth. Such rules and regulations shall take effect subject to section thirty-seven of chapter thirty, when approved by the governor and council. The forest wardens in towns and officials performing the duties of forest wardens in cities shall cause public notice to be given of the provisions of this section and shall enforce the same. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month, or both.

Approved August 1, 1941.

Report of Shade Tree and Moth Divisions

To the Honorable Board of Selectmen
Gentlemen:

This year's activities were confined mainly to tree pruning, bolting and cable work. This work is fairly well in hand at the present time and if carried on sufficiently will prolong the useful life of many shade trees which otherwise would have to be removed in a few years.

Since the hurricane of 1938, our public shade trees are beginning to look like themselves again. This does not mean that all of the damage done by the storm has been repaired. There are thousands of scars that will have to be treated for a number of years to come to prevent diseases setting in until they are healed.

Fifty-seven trees were planted last Spring: thirty-eight green Norway, twelve Red Norway, 4 Elms, and two Blue Spruce, and two Colorado Spruce. The Elms and Colorado Spruce were taken from our own forests. There is a request for 88 trees to be set out this spring. I recommend fifty trees to be planted. Some of these are replacements and some are scattered throughout the town, North Street should be completed this year, Summer Hill Road, one section of Great Road, and also a section of Waltham Street. Many of the young trees are badly in need of fertilizer. The Elm trees have been inspected for Dutch Elm Disease, and as yet we have found no signs of this disease. The ice storm in the last week in December did approximately \$100-\$150 worth of damage. Two large trees had to be removed and there were many broken limbs removed and treated. Our rock maples are badly infested with the Cotton and Woolly Aphis in certain sections of the town which required contact spray.

The Gypsy Moth situation has improved greatly this last year. The Elm Leaf Beetle has also improved. The formula used this year for spraying was very successful (1 quart of Creosote to 300 gallons of lead) this Creosote acts as a spreader, a sticker, and a repeller.

The personnel of the Moth Department is limited to one person, in the past years we have had the W. P. A. and the Welfare help. All the public shade trees have been taken care of, all the fruit trees have been looked over for the brown tails, and as yet there is no sign of these cocoons. We will constantly have to be on guard though, as they are plentiful in

surrounding towns. The tent caterpillar was very noticeable this spring. As they frequent only choke cherry trees and they are generally on private property and along stone walls, there is no way in which we can spray these trees from the roadside. The Leopard Moth has made its appearance in this town.

I wish to acknowledge gratefully the fine co-operation of all town officials who have assisted me in my work.

Respectfully submitted,

WILLIAM HANSEN,
Tree Warden and Moth Superintendent.

Trustees of Soldiers' Memorial Park

January 19, 1943.

To the citizens of Maynard:

The report of the Trustees of the Soldiers' Memorial Park is herewith submitted.

The Public Safety Committee uses the stone building in the rear of the Park in connection with the defense work.

The bronze tablets on the monuments were cleaned and repaired.

Hardy plants were set out before Memorial Day and bloomed throughout the summer.

The small building on the Summer St. side of the Park was torn down, and the lumber used in the erection of the Observation Tower. This removal necessitated the building of a retaining wall, filling in and seeding the ground.

The Christmas lighting was omitted due to the dim-out and also in the interest of economy.

Mr. Rynkiewicz and Mr. Hansen have continued their faithful work.

Respectfully submitted,

WALTER A. CHESLAK,
WM. BRINDLEY,
ALICE M. HOWE,
OSWALD DRECHSLER,
LEO WHITE,
ALICE NAGLE

Sealer of Weights and Measures

To the Honorable Board of Selectmen
Gentlemen:

I herewith submit by first annual report as Sealer of Weights and Measures for the year 1942.

In submitting this report, I wish to state that at the close of the year all weighing devices and measures in the town were in good condition in accordance with the law.

I wish to take this opportunity to express my gratitude to the merchants and all those who come under the requirements of this department for their splendid co-operation.

CLIFFORD KING,
Sealer of Weights and Measures.

Report of Finance Committee

Maynard, Mass., January 23, 1943.

Board of Selectmen,
Maynard, Massachusetts.
Gentlemen:

We herewith submit the report of the Finance Committee for the year 1942.

Twelve meetings were held during the year. Seven meetings were held for budget study previous to the annual appropriations meeting. Other meetings were held at the request of various departments or as the need for a meeting presented itself.

As in the past few years our committee was a member of the Association of Town Finance Committees. Much valuable information was received from the Association during the year and a great deal of benefit obtained from attendance at several of their meetings by members of our Committee.

Because of industrial conditions during the year need for general welfare aid was at a low ebb. Some demand for World War II aid presented itself and the need for this form of relief must be expected and met, at least for the duration of the war.

The financial condition of the Town at the end of the year was the best for some time due mainly to war conditions which made jobs at good wages available to practically everybody able to work. This condition reflected itself in cutting down the amount of taxes due the Town. This should, however, not lead the citizens to expect increased spending by the Town for other than ordinary and necessary expenses. The burden from taxation for the purpose of financing the winning of the war is bound to be extremely heavy on everybody. Federal taxes will be more numerous and greater than ever before experienced by any nation at any time. It is therefore imperative that local expenditures be kept at a minimum so that local taxation will be as low as possible consistent with the proper operation of the various town departments.

The following transfers from Finance Committee Reserve were voted during the year:

World War II Relief	\$600.00
Memorial Day	75.00
Ration Board	700.00
Evacuation Committee	37.00
Tree Warden	50.00

Cemetery Department for new power mower	585.00
Selectmen—to change oil-burner in Town House to coal	210.00
Selectmen—for repairs to Town House	495.00
Selectmen—for claims against the Town	901.25
Tax Collector—for Tax Collector's Bond	304.25
Snow Removal	935.33
Tree Warden	48.70

Respectfully submitted,

JOSHUA NAYLOR, Chairman
 HAROLD J. MORGAN, Secretary
 WILLIAM BAIN
 FRANK PUNCH
 JOSEPH BYRNE
 JAMES COUGHLAN
 IRVIN HOWE
 GEORGE STUART
 PHILIP WILSON

Report of Board of Public Welfare

To the Citizens of Maynard:

The Board of Public Welfare closed the year 1942 with Public Relief in all categories at the lowest level it has reached for many years.

The Assabet Mills are still running at peak production and giving employment to all who are able and willing to work. This high level of employment has further reduced our General Relief cases from 30 cases on January 1, 1942 to 23 cases on December 31 of the same year. Almost 100 percent of all persons now receiving General Relief are unemployable, except for cases of sickness and hospitalization.

The closing down of W.P.A. on July 6, 1942 has added several cases of General Relief to our rolls.

We are asking for reduced appropriations for the year 1943.

OLD AGE ASSISTANCE

On January 1, 1942 your board was caring for 107 cases of Old Age Assistance. On January 1, 1943 we had but 92 cases, a decrease of 15 cases. 25 cases were closed by death and removals and but 10 new cases were added during the year.

The Old Age and Survivors Insurance, granted under the Social Security Act, has been of material assistance in reducing our expenditures, as under the law we can only supplement the amount which is received under the Social Security Act. The amount received under this act must be used as a resource in figuring the budgets for Old Age Assistance.

AID TO DEPENDENT CHILDREN

We are caring for 4 cases of Aid to Dependent Children on January 1, 1943 consisting of 6 adults and 13 children, a reduction of 2 cases from the previous year.

The financial account of all expenditures and re-imbursments will be found in the report of the Town Accountant.

Respectfully submitted,

ALTON W. SIMS,
 JAMES M. MacKENZIE,
 Secretary
 WILLIAM J. SMITH,
 Board of Public Welfare.

Report of Library Trustees

To the Citizens of the Town of Maynard:

The Maynard Public Library Trustees and the Librarian submit their report for the year 1942.

We are indebted to the following Libraries for the loan of books during the year: Division of Public Libraries and the Concord Public Library. We appreciate these loans because they are for books that we would be unable to buy because of their cost and the fact that they are books that are not generally circulated.

The following people have donated books to the Library: John Gibbons, John Zaniewski, Jr., Mrs. Alfred Dupont, Mrs. Arthur White and Benjamin Rush. We wish to express our thanks to these people and assure them or any others that we are glad to receive these gifts of books at any time.

The statistical report is as follows:

Books in Library, January 1, 1942	9,212
Worn out	30
Lost	9
Purchased	506
Gifts	35
Books in Library, January 1, 1943	9,714
Books bound	57
Books borrowed	113
Circulation	25,754
Fines collected	\$60.93

Yours respectfully,

OLIVE R. MORGAN,
Librarian.

The Maynard Public Library Trustees submit their report in conjunction with our Librarian.

On September 1, 1942, Mrs. Mary E. Moynihan, Librarian, retired to private life after serving us faithfully for twenty-three years. She was appointed assistant to the late Mrs. Sarah Nyman in 1919 and appointed Librarian, when Mrs. Nyman passed away in 1930. The Trustees sent the following letter to Mrs. Moynihan on her retirement:

Maynard, Mass.
August 25, 1942.

Mrs. Mary E. Moynihan
74 Waltham Street
Maynard, Mass.

Dear Mrs. Moynihan:

It is with a great deal of regret that the Maynard Public Library Trustees accept your notice of retirement to take effect on September 1, 1942.

We have had many pleasant associations and feel that the townspeople are losing an excellent servant.

We know that you will be missed at the Library, but feel that the good that you have done here has been indelibly engraved upon the hearts of the thousands of patrons you have served and hope that your teachings and examples will be followed by them for many years to come.

We hope that you will take the rest you so richly deserve and that God in his infinite goodness will allow you to enjoy life to its fullest extent and do as many things for yourself and family as you have done for the patrons of the Library.

Please accept our sincere thanks for your faithful and conscientious service as an Assistant and later as the Librarian of the Maynard Public Library. May you live long and enjoy the fruits of your labor.

Respectfully yours,

MAYNARD PUBLIC LIBRARY TRUSTEES
ROBERT LESTER, Secretary
JOHN E. HANNON, Chairman
MISS NELLIE C. MAY

At the meeting held on August 25th, we appointed Olive R. Morgan as Librarian and Inez G. Lester as Assistant Librarian. We feel that Miss Morgan will make a splendid Librarian as she is taking hold of the work in an excellent manner. She has served as an Assistant Librarian since 1919 and is familiar with all phases of the work. We wish Miss Morgan all the success possible in her new position.

During the first part of the year the Library sponsored a Victory Book Drive. The purpose of which was to secure books for our men and women in the armed forces. The Girl

Scouts under the leadership of Mrs. Orville Tucker made a canvass of the town and collected hundreds of books, magazines and newspapers. They were brought to the Town House, where they were sorted and classified into seven groups by a committee headed by Mrs. Mary E. Moynihan, Librarian and General Chairman of the Victory Book Campaign.

A total of 1527 books were collected. Some of the books had to be discarded as being unfit for use for various reasons and together with the magazines and newspapers were sold and the sum of \$17.91 realized from their sale. The balance of the books, 1025, were taken to the Concord Public Library, our District Center, in the Highway department trucks, from whence they were sent to the various camps and U. S. O. centers. The money was turned over to the State Director and it was used for the purchase of more books.

We were also reliably informed that hundreds of other books were taken directly to the nearby camps, by Maynard residents as a result of the drive.

The members of the Victory Book Campaign Committee were: Mrs. Mary E. Moynihan, Chairman, the late C. J. Lynch, Julia White, Grace Tucker, Mrs. James Mahoney, Nellie C. May, Robert Lester, Edward Johnston, James King, Ann Duclos, John E. Hannon, Inez G. Lester, Olive R. Morgan, the Girl Scouts and the Boy Scouts.

The Trustees wish to thank all who helped make the drive the success that it was, and to remind everybody that the Campaign is to continue for the duration. So, if you have any books at home, in good condition, that you would like to donate, please bring or send them to the Library and they will be sent to the men and women in the service through the regular channels.

We recently purchased a writing outfit, consisting of pens, pencils, paper, envelopes and ink for the use of the servicemen. We have set aside a table in the Librarian's Room for their use and extend an invitation to all servicemen, either local or visiting, to avail themselves of these facilities. The Library opening hours are plainly posted on the downstairs door of the Library.

We are asking for an appropriation of \$3300.00 and the dog tax, which by law must go towards the support of public libraries. This amount is approximately \$.54 per capita and according to the annual report of the State Division of Public Libraries the average appropriation throughout the state is \$1.05 per capita.

We have as good a Library as can be found in any small town and would like to see more of the citizens avail themselves of our services. We know that something on any subject under the sun can be found in the books and magazines that we have on our shelves. Why don't you come up sometime and try us out?

The Trustees and Library staff welcome at all times any suggestions which will be of advantage to the reading public.

Respectfully submitted,

MAYNARD PUBLIC LIBRARY TRUSTEES
JOHN E. HANNON, Chairman
ROBERT LESTER, Secretary
MISS NELLIE C. MAY

Treasurer.

Report of the Sewer Commissioners

To the Board of Selectmen
Gentlemen:

The annual report of the Sewer Commissioners for the year ending December 31, 1942 is herewith submitted. The report of Superintendent of Sewers is included. This is the thirteenth annual report of this department.

In November Mr. Fred C. Elson resigned from the board as he was moving out of town.

In line with all other town departments wages were advanced ten per cent in March and in November wages were raised \$2.00 to employees except the superintendent.

The Common Sewers have been extended on Douglas Ave. 358 feet and on Sherman St. 86 feet. This makes the total length of Common Sewers 12.9 miles. W. P. A. labor was used on Douglas Ave. but this labor was not available for Sherman St.

Early in the spring all labor was taken off of W. P. A. Projects so that the sewers from Acton St. to Brown St. and the sewer from Florida Rd. to Martin St. could not be constructed.

The right-of-way from Thomas St. to Summer Hill Road, through land of O. C. Drechsler, has been acquired. Owing to the critical material necessary in the construction of the sewer from Florida Rd. to Martin St. it is doubtful that this line can be put in at the present time.

There are requests for extension on Butler Ave. and Pomciticut Ave.

Twenty-eight house connections have been made this year, this makes the total of 885 house connections.

The following expenditures have been approved this year:

Maintenance	\$4,298.47
House Connections	1,383.50
Douglas Ave. Sewer	372.45
Sherman St. Sewer	120.71
Florida Rd. to Martin St. Sewer	842.30

Appropriations recommended for 1943:

Maintenance	\$4,600.00
House Connections	2,000.00

Respectfully submitted,

WALTER R. DENNISTON,
THOMAS H. TIERNEY,
Sewer Commissioners.

Report of the Superintendent of Sewers

To the Board of Sewer Commissioners
Gentlemen:

The report of the superintendent of sewers for the year ending December 31, 1942 is herewith submitted.

In the early spring the domestic sewage from the Assabet Mills was received into the town system and this has increased the rate of pumping a great deal.

The Common Sewers which have been laid this year are: Douglas Ave. 358 feet of 8-inch pipe, and Sherman St. 86 feet of 8-inch pipe. It is not certain how much sewer construction will be permitted under government regulations. To construct the sewer which has been planned from Florida Rd. to Martin St., will require a pumping system. This will be hard to obtain under the present conditions.

Four stoppages in the main lines have been cleared and twenty-two house connections have been cleared.

Twenty-eight house connections have been made this year, the number now in use is 885.

Total lineal feet of house connections this year—1382.

Location of connections installed this year:

Acton Street	2	Harrison Street	1
Beacon Road	1	Maple Street	1
Concord Street	1	Pine Street	2
Crane Ave.	1	Sherman Street	2
Dartmouth Street	2	Thompson Street	1
Douglas Ave.	3	Tremont Street	1
Elm Street	1	Walnut Street	1
Elmwood Street	2	Walcott Street	2
Glendale Street	1	Waltham Street	1
Great Road	1	Filter Plant Road	1

Record of Pumping at the Powder Mill Road Pumping Station for 1942:

Total Flow for year	106,833,000 gallons
Average per day	292,693 gallons

I wish to thank the Commissioners for their kind co-operation.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

Report of Water Commissioners

To the Board of Selectmen
Gentlemen:

The report of the Water Commissioners for the year ending December 31, 1942, is herewith submitted. The report of the Superintendent and Registrar is included. This is the fifty-fourth annual report of this department.

May first O. R. Bosworth, engineer at the old Pumping Station, was retired on pension. We have retained him to operate the station in case of a break down in the new station or in an emergency due to the war.

The United States Government has taken over a large area of land in Maynard and Stow, which takes in the greater part of both pipe lines from the Pumping Station, in Maynard, to White Pond. This area was taken by the Government after the new line was laid. We have been given the right to inspect and do necessary work on these lines. While the Government has not taken any land around the Pond, we have made an agreement that certain tracts of the property shall not be inhabited, also a right to lay a suction pipe from the Pond to a pumping station on Government property. It is specified that this line is for use in case of fire only. A large amount of gravel has been used out of this area by the government.

The direct road from Maynard to White Pond has been closed and this makes the distance to the Pond six miles instead of three miles.

A strip of land from Summer Street, through the land of Mrs. Rich, has been bought so that a road may be built to the reservoir. This taking is fifty feet wide.

A right to use the road to the reservoir and the reservoir site has been given to the Government, as they have taken charge of the tower.

A wire fence has been constructed to separate this land from the Rich property.

The Town Counsel has secured copies of all the original deeds to the property at the reservoir and to the Right-of-Ways for the road way and the pipe line to Summer Hill Road.

A Barko Hammer for digging road surface has been purchased.

The new force main to the pond was finished and the connection at the old Pumping Station was made early in the

spring and the pumping equipment at the new Station was completed.

As we had decided that the gasoline engine should be left in the old station we purchased a new gasoline outfit for the new station. A description of this plant and the new force main will be found in the report of the superintendent.

The appropriation for this project was \$65,000.00 but with the help of W. P. A. labor and with 2,893½ feet of pipe furnished by the Government the total cost to date is \$46,279.97. There are a few items yet to be installed but it has not been possible to get them due to the war conditions.

A short line of four inch main was laid on Driscoll Avenue to property of George White.

To keep our wages in line with other town departments the pay was increased ten per cent in March and in November an increase of \$2.00 per week each was granted.

The bills approved this year are for: Maintenance \$8,950.87; for Emergency fittings \$239.31; for Paving Breaker \$385.50; for Land for Reservoir Road \$243.65; for New Force Main and Pumping Station \$17,461.63.

The estimates for the year 1943 are: Maintenance \$10,900.00; to complete New Pumping Station \$500.00.

Respectfully submitted,

GAVIN TAYLOR
 JAMES C. MAHONEY
 CHRISTOPHER WILSON
 Water Commissioners.

Report of the Superintendent

To the Board of Water Commissioners
 Gentlemen:

The report of the Superintendent and Registrar of the Water Department for the year ending December 31, 1942 is herewith submitted.

The water in White Pond has been very low all the year. At the beginning of the year the water was below the bottom of the old intake pipe. During the year the water has come up so that it is two feet higher than last year.

It was necessary to operate the emergency pump at the pond until the new station was put into operation, April 22, 1942.

Both the old water line and the new force main are laid through the property which has been taken by the government. The closing of this area and the roads running through it has made it necessary to travel six miles to the new pumping station instead of three miles as before.

A fence has been built around the receiving wells at the old pumping station so that no one can go near to throw anything into the water.

The oil burner has been taken out and the old pumping station is heated with coal.

It has been decided to keep this station in running order until the war emergency is over.

At the reservoir the wire fence has been repaired and the grass cut.

The roadway from Summer St. has been acquired and a fence has been put up.

This fence and other work connected with the observation tower was done in co-operation with the Street Dept.

The four-inch water main was extended on Driscoll Ave. 52 feet.

Nine new services have been connected, making the number in use 1,542.

Twenty-two services have been repaired and four leaks have been repaired.

Thirteen services have been cleaned.

Six meters have been placed on new services, making the total now in use 1,524, and 180 meters have been repaired.

A Barko Gasoline Hammer has been bought to use on small jobs. This machine has proved to be very handy.

Although the Pumping equipment was not completed, it was possible to try the pumps early in April. After running both pumps for several hours each day for a week, the pumps were put into operation and the water was discharged at the old Pumping Station into the river. A strong charge of chlorine was put into the new force main to disinfect the pipe before it was put into service. In the morning of April 20 the pump was put into operation and the water was discharged into the river until 4 P. M., April 21, 1942, when the gate was opened into the town system. April 21 was the last day that water was delivered from the old Pumping Station, since that time all the water has been delivered from the new station.

The new force main is 13,100 feet, from the Maynard pumping station, to White Pond. 100 feet of this line, where it is laid under the brook, is cement-lined cast iron pipe. The rest of the line, 13,000 feet, is Transite pipe. This Transite pipe is a new product and is composed of cement and asbestos.

The new force main connects with the old main near the Maynard Pumping Station, from there it runs to Taylor Brook, Thanksgiving Pond so called, through the brook, then over the Right-of-Way, purchased from Schnair and Tobin, to Puffer Road, then on Puffer Road and White Pond Road to property of W. Parker, through Right-of-Way, purchased from W. Parker, to White Pond Road, then on this Road to property at White Pond owned by the town of Maynard, here we connect with the pipe from the new Pumping Station. Valves were placed in this line at the Maynard Pumping Station, and near the old Gately Place, and near the new Pumping Station. A hydrant was placed near the new Pumping Station and a hydrant has been put in for the State Forest Conservation Dept.

This line was laid out and supervised entirely by the Water Dept. and much credit is due the members of our department for this work.

Almost every pipe was laid and connected by James Lent, who has been with this department for many years. Not a single leak has been found the entire length of this main.

The new Pumping Station is built about 50 feet away from the high water line of the pond. The building is 26 feet by 22 feet with a concrete foundation and underpinning, the walls are of brick and the roof is frame covered with slate shingles.

The top of the concrete underpinning is four feet above high water mark. The outside brick is red and the brick wall inside is cream. The ceiling is wire lath and plaster. The floor is concrete and steel grating.

The floor of the station is two feet above high water level.

The suction chamber is 19 feet by 4 feet and the floor of this chamber is 10 feet below high water level.

This chamber is supplied from the pond with a 12-inch pipe and a valve on the pipe in the chamber. There are two copper screens to prevent anything from getting into the pump suction. This chamber is covered with concrete and steel doors.

The electric wires are run in pipe in the floor and walls.

There is a concrete strip two feet wide at the base of the underpinning. A concrete walk runs from the building to the

drive. A drive-way has been built from the road to the Station and a wire fence has been extended along the road about 400 feet.

There are two windows on each side of the building, the frames and sash are steel and are glazed with wire glass.

A cabinet type oil burning heater was installed to heat the station. This heater has been taken out and a coal heater has been installed.

The pumping equipment consists of: switch board, two electrically driven pumping units, a gasoline driven pumping unit, an automatic priming system, a machine to feed chlorine, a sump pump and a Venture Meter.

The switch board is an enclosed unit manufactured by the Clark Controller Co. All of the electric units are operated from this board.

The two electric driven pumps are De Laval Two Stage Pumps. The rated capacity of one is 250 gallons per minute at 210-foot head and the other is a 350-gallon per minute at 215-foot head.

The Motors are General Electric, Induction Type, three Phase. The motor on the 250-gallon pump is 25 H. P., that on the 300-gallon pump is 30 H. P.

The gasoline driven unit is a "Carter Chief," fire pump, consisting of a Chrysler six-cylinder truck engine direct connected to a Carter two-stage pump.

This unit is rated at 500 gallons per minute against a 231-foot head. This unit is equipped with a water circulating system to keep the water in the engine radiator cool.

The priming system consists of a Vacuum Tank, Motor Driven Vacuum Pump and Piping. This system is so connected with pumps and electric switch board that all air is ejected from the pumps and if the pumps should lose the suction water the electric current will be shut off, so that the impellers of the pumps will not be damaged.

There is an ejector connected with this system which may be used to prime the pumps, if necessary.

The Chlorine Feeder is a "High Pressure Midget Chlor-O-Feeder" and delivers a solution of calcium hypo-chlorite into the discharge main for the purpose of disinfecting the water. The solution is drawn from two rubber lined tanks.

The Sump Pump is to drain the pit under the floor of the station and to take off sink water. This pump discharges into a well outside the station.

The Venture meter was moved from the old Pumping Station and was adjusted to the new pumping conditions.

The Electric Current for this station is taken from the Hudson Light & Power Department.

This new system has proved to be very satisfactory and when normal conditions return there should be a saving over the old system.

It is only necessary to visit the station once a day except in very cold weather, and then only to attend to the fire.

Water pumped at the old Pumping Station from Jan. 1 to April 21	46,870,000 gal.
Water pumped at new station April 21 to December 31	96,049,500 gal.
Total water pumped for 1942	132,919,500 gal.
Average daily consumption	364,163 gallons
Average daily per person, figured on 6,500	56 gallons

I wish to thank the Commissioners for their kind co-operation.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

Report of Water Registrar

Received:

Flat rates	\$57.60
Meter rates	25,600.13
Miscellaneous	1,479.85
Total collected in 1942	\$27,137.58
Paid Treasurer	27,137.58

Meter Rates	\$3,349.83
Miscellaneous	120.87
Total uncollected December 31, 1942	\$3,470.70

WILLIAM NAYLOR,
Registrar.

Report of Cemetery Commissioners

Maynard, Mass., January 22, 1943.

To the Honorable Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

We are pleased to report that the past wet season has practically brought the grass back to normal after the severe dry spell of the previous year.

The department, with the aid of the Finance Committee, purchased a new power lawn mower. This was made necessary on account of the older machine being worn out and the inability to obtain parts because of war priorities.

Owing to the fact that many of the faucets in the old section of the cemetery were constantly leaking and in many cases had to be shut off during the summer months, it was necessary to replace them along with several new fittings. Most of these replacements had been in service for the past thirty years or more.

During the past year many lot owners placed their lots in Perpetual Care and new names were added to the annual care list. We are also pleased to note that when purchasing lots a number of people are adding Perpetual Care at the same time.

May we at this time take the opportunity of thanking the citizens and the various departments for their co-operation during the past year.

Respectfully submitted,

ERNEST E. JOHNSON
G. W. FOWLER
JACOB LAURILA
Cemetery Commissioners.

Report of Superintendent of Glenwood Cemetery

Maynard, Mass., January 22, 1943.

To the Cemetery Commissioners:

I herewith submit the report of the Superintendent of Glenwood Cemetery for the year 1942.

A section in the New Cemetery was opened for the use of single graves. Cement markers were made and numbered to properly identify each burial in this section.

The usual work of trimming the trees and shrubs was accomplished. Due to the over crowding and thick growth of the evergreens, it was necessary to transplant and remodel a few of the shrub beds.

The sunken graves were quite a problem during the early spring because of the heavy rains. However, we succeeded in repairing the worst of them and continued this work throughout the remaining months whenever we had the opportunity.

The granite curbing bordering two of the lots was removed and the lots graded to conform with the surroundings.

In conclusion, I take this opportunity of thanking the Commissioners for their kind help during the past year.

Respectfully submitted,

ROY E. MARSDEN,
Superintendent.

Town Clerk's Report

For the year ending December 31, 1942

Information desired, not printed herein, will be courteously
supplied upon request to the Town Clerk.

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Election

March 2, 1942

In accordance with the Town Warrant No. 390, the Annual Town Election was held on the above date in the High School Auditorium.

The Town Clerk prepared the polling place according to the requirements of the General Laws.

Moderator Benjamin M. Pieciewicz presided.

The general arrangement of the polling place, with two ballot boxes in use, as in recent elections was carried out.

Ballots prepared by the Town Clerk were delivered to the ballot clerks together with check lists containing the names of 3,482 voters, and a receipt taken therefor.

The ballot clerks sworn by the Town Clerk were as follows.

Area 1 — A to L

Hiram Parkin	Bertha L. Davis
Edward Ledgard	Josephine Stuka
Evelyn Mulcahy	

Constable Edward S. Johnston was in charge of the ballot box.

Area 2 — M to Z

William P. Rourke	Grace E. Tucker
Helen Tucker	Lilian I. Holmes
Elizabeth A. Binks	Warren Johnson

Constable Henry F. Pieciewicz was in charge of the ballot box.

The boxes were examined by the Moderator and Town Clerk and the registers set at 0000. The boxes were declared to be empty and the keys were placed in the keeping of the constables who held the same during the hours of balloting.

It was voted on motion of Leslie W. Sims to waive the reading of the warrant.

On motion of the Town Clerk, Voted, to postpone the election of minor officers until 2:30 o'clock P. M.

The following Tellers appointed by the Selectmen were sworn by the Town Clerk.

TELLERS

A. Frank Croft	Nathan Crowther
Edwin Carlton	Myrtle Whitney
Lester F. Cowles	William Coulter
Mildred Smith	Helen M. Hinds

TABULATORS

Roberta A. Grigas	Alice L. Joyce
-------------------	----------------

At 2:30 P. M. the following officers were nominated and elected.

FENCE VIEWERS

William Naylor
Donald A. Lent
Benjamin C. Brown

FIELD DRIVERS

James C. Mahoney	
Herbert W. Martin	Sworn March 6, 1942
John J. Driscoll	

SURVEYORS OF LUMBER

Walter R. Whitman	
Joseph Foster	
Orville P. Tucker	Sworn March 3, 1942

MEASURERS OF WOOD AND BARK

Axel T. Lawson
Foster F. Whitney
August Lehto

The Moderator and Town Clerk being agreed and deeming it advisable, ballots were taken from the ballot boxes at two o'clock and counting continued from that time until the final results of the balloting were completed.

The polls were closed at eight o'clock P. M.

The total number of ballots cast were 1,457.

The register on box 1 (A to L) indicated seven hundred and thirty-five (735).

The number of names checked on the list was seven hundred and thirty-five (735).

The register of box 2 — (M to Z) indicated seven hundred and twenty-one (721) which was one less than the actual number cast.

The check list showed seven hundred and twenty-one names checked as having voted.

The folding of two ballots together and cast in that manner accounted for the difference.

The result of the count was announced by the Town Clerk at 9:15 o'clock P. M. and was as follows:

SELECTMEN — ONE YEAR

Walter A. Cheslak	1028
Joseph P. Dineen	988

Attest:

FRANK E. SANDERSON,
Town Clerk.

March 3, 1942.

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint

Eleanor Jones of said Maynard, to be Assistant Town Clerk during the current municipal year, or until this appointment is revoked.

FRANK E. SANDERSON,
Town Clerk of Maynard.

I, Eleanor Jones, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

ELEANOR JONES.

Subscribed and sworn to this third day of March, 1942, before me,

FRANK E. SANDERSON,
Town Clerk of Maynard.

A true copy,
Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting

March 9, 1942

In accordance with Town Warrant No. 391 the annual meeting for appropriations was held in Parker Street Hall.

At 7.30 o'clock Benjamin M. Piecewicz, Moderator, called the meeting to order.

On motion of R. Frank Punch — Voted to waive the reading of the warrant.

Article 1. No reports were presented.

Article 2. The Moderator announced the appointment of three members of the finance committee for three years as follows:

Harold J. Morgan, Sworn March 23, 1942

Joseph Byrne, Sworn March 30, 1942

James A. Coughlan, Sworn March 11, 1942

Article 3. On motion of Harold J. Morgan — Voted that Sections 1 to 4, 6 to 10, 13 to 20, and 22 to 36 be accepted.

Voted that the amounts named in the said sections be appropriated as follows:

1.	Selectmen Expense	\$3,500.00
2.	Finance Committee Expense	100.00
3.	Town Accountant Salary and Expense	1,400.00

9.	Election and Registration	1,795.00
10.	Town Offices and Hall	3,734.00
13.	Weights and Measures Department	240.00
14.	Moth Suppression	1,639.75
15.	Tree Warden	400.00
16.	Health Department	7,410.00
17.	Sewer Maintenance	4,350.00
18.	Sewer Connections	2,000.00
19.	Highway and Bridge Maintenance	18,000.00
20.	Sidewalks and Curbing Maintenance	1,000.00
22.	Public Welfare Department	18,000.00
23.	Street and Bridge Lighting	12,600.00
24.	Old Age Assistance	25,000.00
25.	Aid to Dependent Children	3,000.00
26.	Soldiers' Relief	7,500.00
27.	School Department	94,900.00
28.	Public Library (dog tax and)	3,400.00
29.	Memorial Park	620.00
30.	Water Department Maintenance	10,600.00
31.	John A. Crowe Park	200.00
32.	Cemetery Department Maintenance (interest on funds and)	4,128.00
33.	Interest	5,913.75
34.	Removal of Garbage	1,150.00
35.	State Aid	200.00
36.	Military Aid	250.00

The sections omitted in the foregoing vote, namely, section 5, 11, 12 and 21 were acted upon as follows:

On motion of Harold J. Morgan voted to appropriate:

Section 5.	For tax collector's salary and expenses	\$2,300.00
Section 11.	For Police Department	16,099.49
	For extra patrolman during emergency	1,888.32
Section 12.	For Fire Department	10,346.04
	For extra houseman during emergency	1,835.70
Section 21.	For Snow Removal	6,000.00

On motion by Harold J. Morgan, Secretary of the Finance Committee, the following appropriations were voted.

Article 4.	Salary, Inspector of Animals	\$100.00
Article 5.	Salary, Inspector of Slaughtering	150.00
Article 6.	For plumbing inspection and expenses of Inspector of Plumbing	250.00
Article 7.	Salary and expenses of the Public Health Nurse	1,505.00
Article 8.	For Vocational Education	1,500.00
Article 9.	For Adult Education	600.00
Article 10.	To School Department for Salary adjustments, increases and bonuses	5,000.00
Article 11.	For Christmas lighting	150.00
Article 12.	For Memorial Day	300.00
Article 13.	Voted to take from the Overlay Reserve to provide for extraordinary or unforeseen expenditures. Transfers to be made to Departments only by vote of the Finance Committee as provided by Chapter 40, Section 6, of the General Laws.	8,000.00
Article 14.	For eye glasses for needy school children according to Chapter 185, Acts of 1937	75.00
Article 15.	For Workingmen's Compensation and Liability	1,800.00
Article 16.	For salary of Town Counsel	250.00
Article 17.	For Parking Areas	500.00
Article 18.	As a general fund to finance W. P. A. projects as approved by a Committee composed of the Chairmen of the following Boards: Selectmen, Water, Sewer, Finance Committee, Health, Cemetery, Welfare Board.	4,000.00
Article 19.	To Board of Health to finance town's share of N. Y. A. Projects	700.00
Article 20.	For the maintenance of Chapter 90 roads, said money to be used in conjunction with any money which may be allotted by the State or County	1,000.00
Article 21.	For new street signs	300.00

Article 22.	For one-half-ton pickup truck for Highway department	300.00
Article 23.	To combat Dutch Elm disease	50.00
Article 24.	For purchase and planting of trees	250.00
Article 25.	For purchase of new car for police department, to be used with old car allowance	275.00
Article 26.	For maintenance of traffic regulations	500.00
Article 27.	For purchase of number plates and administrate bicycle laws	100.00
Article 28.	On motion of William Naylor — Voted to appropriate \$400.00 from the water department receipts for 1942 for the purchase of paving breaking equipment for the water department.	

Article 29. On motion of Charles A. Stockbridge — Voted to appropriate \$25.00 for the care of veterans' lots in St. Bridget's Cemetery during 1942.

Article 30. On motion of Harold J. Morgan — Voted to appropriate \$35.00 for the installation of water and drainage at John A. Crowe Park.

Article 31. On motion of Harold J. Morgan — Voted to appropriate the sum of \$2,077.91 to pay the County of Middlesex, as required by law the Town's share of the net cost of the care, maintenance, and repair of the Middlesex County Tuberculosis Hospital, as assessed in accordance with the provision of Chapter 111 of the General Laws and Acts in amendment thereof and in addition thereto including Chapter 400 Section 25 G. (6) (a) of the Acts of 1936.

Article 32. On motion of George H. Gutteridge — Voted that the Treasurer be authorized with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning January 1, 1942 and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 33. On motion of Harold J. Morgan — Voted that the salaries of elected town officials to be effective from January 15, 1942, and remain in force until the next town election, unless sooner changed by vote of the town be as follows:

Moderator	\$50.00 per year
Selectmen	300.00 each per year

Tax Collector	1,500.00 per year
Assessors (3 members)	4.50 per day
Town Treasurer	1,000.00 per year
Town Clerk	300.00 per year
Tree Warden	4.00 per day
Board of Health (3 members)	50.00 per year
Sewer Commissioners (3 members)	50.00 per year
Board of Public Welfare (3 members)	50.00 per year
School Committee (3 members)	No Salary
Library Trustees (3 members)	25.00 per year
Water Commissioners (3 members)	50.00 per year
Cemetery Commissioners (3 members)....	25.00 per year

Article 34. On motion of George Stockwell — Voted to authorize the Board of Assessors to apply the sum of \$5,000.00 to be taken from the excess and deficiency fund, to meet one of the sewer notes of \$5,000.00 due in 1942.

Article 35. On motion of George Stockwell — Voted to authorize the Assessors to apply the sum of \$5,000.00, to be taken from the excess and deficiency fund to meet one of the sewer notes due in 1942.

Article 36. On motion of William Naylor— Voted to authorize the Board of Assessors to apply the sum of \$5,000.00, to be taken from the receipts of the Water Department to meet one of the water notes of \$5,000.00 due in 1942.

Article 37. On motion of Charles A. Stockbridge — Voted to appropriate from the excess and deficiency fund the sum of \$4 994.46 for the use of the Contributory Retirement System as follows:

For Pension Accumulation Fund	\$4,697.00
For Interest Deficiency on Fund	97.46
For Expense Fund	200.00

Article 38. On motion of Harold J. Morgan — Voted to appropriate \$600.00 to purchase a portable lighting unit for the Fire Department.

Article 39. On motion of George H. Gutteridge — Voted that the Town accept the following Cemetery Funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery:

Clara B. White	\$100.00
Charles Holt	50.00
Peter H. Peterson	50.00
Ernest M. Johnson	200.00
Hubert R. Rodway	100.00
John Kuprianchik	\$100.00
Hans Hansen	50.00

James W. and Hannah Robinson	100.00
Alexander Veitch	100.00
Roderick McIver	50.00

Article 40. On motion of Harold J. Morgan — Voted to appropriate \$1,000.00 to the Board of Selectmen for defense purposes.

Article 41. On motion of William Naylor — Voted to authorize the Sewer Commissioners to extend the common sewer on Sherman Street and to appropriate \$200.00 for the same.

Article 42. A motion by Edward Troisi was objected to by R. Frank Punch, who raised a point of order on the ground that the article was not presented to the finance committee in accordance with the requirements of the Town By-laws.

The Moderator ruled that in view of the circumstances as presented, the article was not properly before the meeting, and refused to entertain action thereon.

Article 43. The moderator ruled that this article, also Article 44 were not properly before the meeting, not being in conformity with the By-laws.

The meeting adjourned at 8:50 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting

June 29, 1942

Pursuant to Town Warrant No. 392 a town meeting was held in the High School Auditorium on the above date.

The meeting was called to order at 7:30 o'clock P. M. by Moderator Benjamin M. Piecewicz, who presided.

On motion of R. Frank Punch — Voted to waive the reading of the warrant.

Article 1. No reports presented.

Article 2. No vacancies to be filled.

Article 3. On motion of Frank C. Sheridan, as amended by R. Frank Punch and Harold J. Morgan — Voted that the sum of \$10,000.00 be taken from the excess and deficiency fund to finance Civilian Defense activities as approved by a Committee composed of the following: Joshua Naylor, Frank San-

derson, George Gutteridge, William Brayden, George Stuart, William O'Toole and John O'Leary.

Article 4. On motion of Harold J. Morgan— Voted to appropriate and take from the excess and deficiency fund the sum of \$500.00 for War Allowance — World War II Service, according to Chapter 11, Acts of 1942.

On motion of Harold J. Morgan it was voted to act on Article 12 before considering Article 5.

Article 12. On motion of Harold J. Morgan — Voted to transfer the so-called "Alumni Field" property from the jurisdiction of the Board of Selectmen to the Maynard School Department.

Article 5. On motion of Harold J. Morgan — Voted that \$500.00 be taken from the excess and deficiency fund for the care and maintenance of the tennis courts located on Alumni Field, so called, under the direction of the School Department.

Article 6. On motion of William Naylor — Voted unanimously to authorize the Water Commissioners to purchase land off Summer Street for a road to the reservoir and to appropriate the sum of \$250.00 for the purchase and other expenses connected therewith. This appropriation to be made from the Water Department Surplus.

Article 7. On motion of James J. Ledgard — Voted to lay Article 7 on the table.

Article 8. On motion of Harold J. Morgan— Voted that the article be referred to the defense appropriation committee named under Article 3.

Article 9. On motion of Walter A. Cheslak — Voted unanimously to authorize the Board of Selectmen to option and convey by warranty deed to the United States of America and its assigns a certain parcel of land owned by the inhabitants of the Town of Maynard located within the area of the United States of America Land Acquisition of March 25, 1942 in said Town of Maynard. Said parcel is shown as parcel No. 5 in deed to said inhabitants of the Town of Maynard duly recorded with Middlesex South District Deeds Book 6156, page 32.

Article 10. On motion of Harold J. Morgan — Voted unanimously to authorize the Board of Water Commissioners of the Town of Maynard to option and convey an easement to the United States of America in a certain parcel of land located at or near the White Pond Water Supply System in the towns of Hudson and Stow, Massachusetts. Said land lies within the safety area of the United States of America Ammunition Depot. Further asking for authority to restrict the use of the land,

forever prohibiting its use for human habitation. Further asking permission to allow the United States the right to patrol the above mentioned safety area if the United States of America and its assigns is willing to do so.

Article 11. On motion of Walter A. Cheslak — Voted unanimously to authorize the Board of Selectmen to close certain roads, streets, highways and lanes lying within the location of the United States of America Land Acquisition of March 25, 1942 in said Town of Maynard, Massachusetts, and to convey said roads, streets, highways and lanes to the United States of America and its assigns.

Article 12. Previously acted upon.

Article 13. On motion of Walter A. Cheslak — Voted to lay Article 13 on the table.

Article 14. On motion of Walter A. Cheslak — Voted to appropriate and take from the excess and deficiency fund the sum of \$1,000.00 for the purpose of providing recreation for children during the summer months, to be sponsored by the Selectmen.

Article 15. On motion of William Naylor — Voted to lay Article 15 on the table.

Article 16. On motion of R. Frank Punch — Voted to go into a committee of the whole for the consideration of Article 16.

After forty-five minutes of discussion of the proposed closing of the Woodrow Wilson School, referred to by most of those who expressed their views, as the Main Street School, the committee of the whole adjourned and the town meeting again assembled. The Moderator called for action under Article 16.

On motion of R. Frank Punch — Voted that the School Committee be requested to keep the Main Street School open.

At 9:18 o'clock the meeting voted to adjourn.

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of State Primary

September 15, 1942

In accordance with Town Warrant No. 393 Maynard voters cast their ballots for nominees for State and County officers in

the Primary held on the above date in the George Washington Auditorium.

The polling place was prepared by the Town Clerk in accordance with the provisions of General Laws.

Selectman William Stockwell called the meeting to order and declared the polls open following a vote, on motion of Leslie W. Sims, to waive the reading of the warrant, at two minutes after one o'clock P. M.

The usual two-ballot box system was used with the following ballot clerks appointed by the Selectmen in charge.

Hiram Parkin	William P. Rourke
Evelyn Mulcahy	Lillian I. Holmes
Bertha L. Davis	Helen McDonald
Edwin Carlton	Ann Tucker
Florence Maley	Mary McNamara

Constables Henry Piecewicz and Edward S. Johnston were in charge of the ballot boxes following inspection of the same by Selectman Stockwell and the Town Clerk.

Both box registers were set at 0000, declared empty and the keys placed in charge of the constables.

The ballot clerks were sworn by the Town Clerk.

At 2:30 P. M., the following tellers appointed by the Selectmen and sworn by the Town Clerk began counting ballots.

William Coulter	Doris M. White
Elsie P. Brayden	Agnes V. Driscoll
Ella M. Price	R. Frank Punch
Myrtle Whitney	Helen M. Hinds
Roberta A. Grigas	Alice L. Joyce

The polls were closed at 8 o'clock P. M.

Counting continued until 9 o'clock, at which time the result was announced by the Town Clerk.

The total number of ballots cast was 509: Democrat 236, Republican 273.

The number of names checked was: Democrat 236, Republican 273.

Proceedings of State Election

November 3, 1942

The voters of Maynard cast their ballots for State and County Officers in accordance with Town Warrant No. 394, on the above date at the George Washington Auditorium, Summer Street.

The polling place was prepared by the Town Clerk in accordance with the requirements of the General Laws.

Ballot clerks and checkers appointed by the Selectmen were sworn by the Town Clerk.

The ballots and duplicate check lists (3609 names) were delivered to the ballot clerks and a receipt taken therefor.

Walter A. Cheslak, chairman of the Board of Selectmen, acted as Presiding Officer.

The Town Clerk and the Presiding Officer examined the ballot boxes and found the same empty. The registers were tested and set at 0000. The keys to the boxes were then placed in the keeping of Chief of Police Henry T. Piecewicz (Area

A to L) and Special Police Officer William A. Morrill (Area M to Z).

On motion of Leslie W. Sims, it was voted to waive the reading of the warrant.

The polls were opened at eight o'clock A. M.

The two area-two ballot box system was used with the following in charge:

Area 1. A to L.

Gate: Hiram Parkin. Check list: Evelyn Mulcahy, Bertha L. Davis. Ballot Box: Henry F. Piecewicz. Check list: Agnes W. Driscoll, Elizabeth A. Binks.

Area 2. M to Z.

Gate: William P. Rourke. Check list: Helen McDonald, Beatrice Jordan. Box: William A. Morrill. Check list: Helena A. Murphy, Grace M. Stokes.

The following were appointed tellers by the Selectmen and reported for duty at 9:45 A. M. They were sworn by the Town Clerk.

Albert J. Connors	Edwin Carlton
Alice L. Joyce	Dorothy E. Hamlin
Rose Sczerzen	Elsie P. Brayden
Mary E. Coughlan	William Coulter
Helen M. Hinds	Rosella L. Webster
Helen M. Gilleney	Martha Champagne

It being deemed advisable so to do, ballots were removed from the ballot boxes at various times, and counting continued throughout the day, beginning at ten o'clock A. M.

At 4.30 o'clock P. M., additional tellers appointed by the Selectmen were sworn by the Town Clerk, as follows:

R. Frank Punch	Charlotte Stockbridge
Clifford King	Flora I. Foster

The tabulating was done by Maxine Delory and Myrtle Whitney. They were sworn by the Town Clerk.

The polls closed at eight o'clock P. M.

The Town Clerk then cast 19 absentee ballots after the affidavits on the envelopes and the signatures of the absentee voters on the applications had been compared and approved. No war ballots, so called, were cast.

The total number of ballots cast was two thousand three hundred and eighty-two.

Each check list showed that 2382 names had been checked as having voted.

The indicator on the ballot boxes read: Area 1, 1261; Area 2, 1121. Total 2382.

The result of the count was announced at 11:45 P. M. by the Town Clerk, and was as follows:

GOVERNOR

Roger L. Putnam of Springfield	1001
Leverett Saltonstall of Newton	1284
Henning A. Blomen of Cambridge	5
Otis A. Hood of Boston	12

QUESTION NO. 1.

LAW PROPOSED BY INITIATIVE PETITION.

Shall the proposed measure which provides that the present statutes which make it a crime punishable by fine or imprisonment knowingly to advertise, print, publish, distribute or circulate any matter containing reference to any person from whom or place where any drug, instrument or means whatever, or any advice or information may be obtained, for the purpose of preventing pregnancy, or to sell, lend, give away, exhibit, offer or advertise any drug, medicine, instrument or other article for the prevention of conception, or to write or print information of any kind stating when, where, how, of whom, or by what means such article can be obtained, or to manufacture or make such article, shall not apply to treatment or prescription given to married persons for protection of life or health by or under the direction of registered physicians nor to teaching in chartered medical schools nor to publication or sale of medical treatises or journals, which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 133 in the negative and in the Senate by a vote of 16 in the affirmative and 18 in the negative, be approved?

Yes	790
No	1099
Blanks	493

To obtain a full expression of opinion, voters should vote on all three of the following questions:—

(a) If a voter desires to permit the sale in this city (or town) of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote "YES" on all three questions.

(b) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote "NO" on question one, "YES" on question two and "NO" on question three.

(c) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on questions one and two and "YES" on question three.

(d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on question one and "YES" on questions two and three.

(e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote "NO" on all three questions.

1. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

Yes	1345
No	695
Blanks	342

2. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

Yes	1296
No	619
Blanks	467

3. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

Yes	1352
No	548
Blanks	482

1. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?

FRANK E. SANDERSON,
Town Clerk.

NOTICE

All dog licenses here listed expire
March 31, 1943.

Dogs must be licensed on or before
April 1st or the owners or keepers
thereof are liable to a fine.

The law applies to all dogs three
months old or over, regardless of
time of year ownership is acquired.

No tax bills are sent to owners of
dogs.

NOTICE

Chapter 440 of the Legislative Acts of 1938, require tthe Board of Registrars to list all persons twenty years of age or over, thereby making necessary a canvass in January of each year.

Persons who fail to give full and correct information, may cause difficulty and inconvenience to members of their household, especially if names not given are of registered voters, as names not listed in the annual canvass must be removed from the voting list by Registrars.

Co-operation on the part of householders is therefore respectfully solicited in order that lists may be as correct as possible, thus preventing inconvenience or injustice to any voter.

FRANK E. SANDERSON,
Town Clerk.

Report of The Board of Registrars of Voters

To the Board of Selectmen
Gentlemen:

The Registrars of Voters submit the following report.

The annual listing of all persons 20 years of age or over required to be made by the General Laws, was conducted from January 2nd to January 16th. The canvassers were Hiram Parkin, William Coulter, Helen Connors and Reginald B. Jones.

The list was printed in the usual manner after the completing of the necessary office work and contained the names and addresses of 5,236 persons.

A copy was filed with the Board of Assessors and one retained by the Town Clerk. 250 copies were printed and distributed.

Sessions of the Board, 16 in number, resulted as follows:—
Men registered, 98 — Women registered, 170.

The voting list January 1, 1942 numbered

	Total	Men	Women
Registered	3562	1945	1617
	268	98	170
	3830	2043	1787
Removed			
Left Town	127		
Married	34		
Deceased	60		
	221	117	104
December, 1942	3609	1926	1683

Forty-one nomination papers containing 1483 signatures were filed for certification, of which 1166 were certified.

Party enrollment changes numbered eight.

- 4 Democrat to no enrollment
- 3 Republican to no enrollment
- 1 Democrat to Republican

As there will be no State Primary or Election this year the budget requirement of the Election and Registration department is reduced \$620.00.

Respectfully submitted,

JOHN C. BRAYDEN,
WILLIAM COULTER,
MICHAEL J. NEE,
FRANK E. SANDERSON,
Board of Registrars of Voters.

Assessors' Report

To the Citizens of Maynard:

The annual report of the Board of Assessors' for the year ending December 31, 1942 is hereby submitted.

The Laws require the owners of taxable property, shall each year on or before the 31st day of January, submit to the local Assessors a list of all their taxable property and the valuation of the same.

BLANK LISTS MAY BE OBTAINED FROM THE ASSESSORS

A reduction in valuation was given Boston Edison this year, as the Form of list filed by this Company was considerably less than in previous years.

In the past year as of other years, discussions arose as to the exemption of Poll Taxes. Those wishing to be exempt must make application with the Board of Assessors for same. This Law applies to those 70 years of age and over.

Report of the Board of Health

To the Board of Selectmen:

The Board of Health submits the following report for the year ending December 31, 1942.

Due to the change of economic conditions caused by the war the Board has deemed it a necessity to enlarge its scope of the milk program. It has also been necessary to have a large number of examinations and x-rays at hospitals and sanatoriums because of world conditions and army reports. The various clinics were continued and have proved an important factor in safeguarding the welfare of the community.

A detailed account of the financial report and the Milk Inspector's report will be found in each of their respective places.

WELL BABY CLINIC

For the fourth consecutive year these baby clinics have proved to be of assistance to the parents in securing information on and in checking on the child's health. Considerable credit is due to Dr. Samuel M. Cremer and Miss Mary A. Ward, Public Health Nurse, for their interest and services in the success of the clinics.

VACCINATION CLINIC

The Board conducted these protective clinics at which fifty children were inoculated against smallpox with Dr. Raymond E. Hooper in charge assisted by the public health and school nurses. Health authorities strongly stress the importance of having children vaccinated in their infancy instead of waiting until they enter the first grade of school.

DIPHTHERIA CLINIC

During the twelve years that the Board has conducted these protective clinics not a single case of diphtheria has been reported in this town. However, we should not allow ourselves to grow careless as in these changing times there may be an outbreak of this dreaded menace. If we continue to receive the co-operation of the parents there is every reason to believe that this record will be maintained. Dr. Raymond E. Hooper was in charge of the clinic and was assisted by the public health and school nurses. Sixty-four children were inoculated in the past year.

SCHOOL DENTAL CLINIC

The value of caring for the child's teeth has been proved by present statistics. These very essential clinics were con-

ducted by Dr. S. R. Garland and Dr. Frank A. May. Detailed report under School Nurse's Activities.

TUBERCULOSIS

At present tuberculosis is on the increase due to a number of cases being brought to light by army physical examinations. We are having a larger number examined and x-rayed at the Middlesex County Sanatorium at the request of the United States Government. While this expenditure is our largest item it is necessary for the interest of both the individual and the entire community.

The following is a list of the number of contagious and communicable diseases reported to us during the past year.

Chicken Pox	15
Measles	1
Mumps	15
Scarlet Fever	27
Tuberculosis	2
Lobar Pneumonia	2
Dog Bite (not rabies)	4
Whooping Cough	20
Gonorrhoea	11
Syphilis	11

DOG CLINIC

For the ninth consecutive year the Board conducted two clinics for the protection of dogs against rabies at which two hundred and fourteen dogs were given immunization by Dr. Gerald O'Malley assisted by Josiah Herrick, local inspector of animals. This protection lasts a year and the animal should be given this protective treatment annually. These clinics resulted in not a single case of rabies being reported during the past year.

TOWN PUBLIC DUMP

We would appreciate the co-operation of the townspeople in using the public dump early in the day because of the dim-out and blackout regulations which prohibit showing of fire after sun-down. The caretaker deserves much credit for his excellent care of the dump.

NATIONAL YOUTH ADMINISTRATION

As business increased the N. Y. A. Projects were discontinued. However, we have received numerous commendations that these youths are now doing well in private employment.

Due to the demands which are already being made for further physical care and hospitalization, high health authorities anticipate an increase in our budget during the present crisis.

We cannot too strongly urge everyone to properly watch and safeguard their health in these critical times. It would be well to have a physical check-up by your own physician at least once a year. Loss of time means loss of production for the "all out for war effort."

The Board thanks the physicians, nurses, and town departments who have rendered assistance in the important health program during the past year.

Respectfully submitted,

LESTER F. COWLE,
JOHN JOHNSTON,
HOWARD L. CLARK,
Board of Health.

Report of Milk Inspector

To the Maynard Board of Health:

During the year 1942, a comprehensive system of milk inspection for Maynard has been attempted for the first time. Previous to the past year work has been limited to regular check ups on the quality of the milk pasteurized and sold by the various dealers. We are now checking on all farms producing milk for the Maynard area and have visited and inspected all of these farms during the past year. Of these farms only two have been definitely approved and those two have been allowed to remain in production pending improvements which both have already started to make.

Maynard's milk supply is unique, in that the entire supply is produced in Maynard and the nearby surrounding towns. At the start of the year there were six pasteurizing plants supplying Maynard, five in the town limits and one in West Acton. Seizure by the government of land for an ammunition dump has eliminated two of these plants. One of these dealers is still in business and his product is being pasteurized at a local plant. Conditions are generally good in the four remaining plants although no attempt has been made to make a complete inspection of any of them.

Analysis of the products of the various dealers has shown that the milk being sold in Maynard is of good quality. Any bacteria counts which were not satisfactory have been promptly investigated by the dealer concerned and the trouble corrected as soon as possible.

I feel that a real start has been made in milk inspection work in Maynard and hope I shall be privileged to continue and expand it during the coming year. I have already submitted to Mr. Cowles certain recommendations for the ensuing year, some of which I will outline here.

1. All records relating to the milk industry in Maynard shall be made available to the inspector in the town building and that the inspector maintain certain definite days and hours in town when he would be available to producers, dealers, and consumers.

2. The inspection work should be expanded to include periodic analysis of the milk dispensed in stores of the town.

3. Periodic analysis of cream sold in Maynard.

4. Continuation of the present program with even closer contact with both dealers and producers in Maynard.

I wish to express at this time my thanks to the dealers and producers of Maynard for their co-operation during the past year. I also wish to acknowledge the assistance given me by Mr. Lester Cowles of the Board of Health, who has given freely of his time in assisting me to make inspection during the past year.

Respectfully submitted,

ARTHUR R. TAYLOR,
Milk Inspector.

Report of Inspector of Slaughtering

To the Honorable Board of Health:

I herewith submit my report for the year 1942.

I inspected and reported on 233 pigs, 35 calves, 26 cattle, 3 sheep and 1 goat.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

Annual Report of Nurse for Year Ending January 1, 1943

Number of patients visited	540
Associative calls	1265
Metropolitan Insurance calls	276
John Hancock calls	132
Free Nursing visits	284
Total	<hr style="width: 100%; border: 0.5px solid black; margin-bottom: 5px;"/> 1955

There were 76 babies seen at Well-Baby Conferences.
 There were 42 follow-up calls on feeding problems, etc.
 There were 10 home deliveries attended by Nurse.
 There were 186 calls by physicians.
 There were 35 by insurance agents.
 There were 200 calls by families.

Respectfully submitted,

MARY A. WARD, R. N.

Report of War Price and Rationing Board

To the Citizens of Maynard:

The Maynard War Price and Rationing Board No. 193 was organized early in 1942 with an office at 28 Nason Street, and with only the item of tires on the rationing list. To the original three members of the Board, Mr. James J. Ledgard, Chairman; Mr. Sidney E. McCleary and Mr. Augustus L. Morse, must go all of the credit for setting up and solving the many and complicated problems that have arisen during the past year. To the item of tires has since been added gasoline, sugar, coffee, typewriters, rubber footwear, fuel oil, stoves, bicycles and price control.

At the beginning of rationing, the office was open a few hours each day. Miss Mary E. Hayward was part-time clerk of the Board. As more items began to be rationed, it became necessary to have a full-time clerk with an office open to the public all day. As Miss Hayward was not available for full time employment, Mrs. Lillian E. Wick was appointed Clerk from the Civil Service List.

The town is expected to stand some of the operating expense, such as rent, light, telephone, printing, etc., of this office. Through the generosity of Mr. Ledgard, the town has been spared the rent expense during this past year. It was necessary to ask the Finance Committee for funds to purchase some of the office equipment, although the O. P. A. furnished a few minor items. The typewriter used in the office is the personal property of the Senior Clerk, Lillian E. Wick, and is loaned to the Board without charge. Extra clerical help is needed at times, and this must also be borne by the town.

As the program grew, it was found that the necessary office work was too much for one clerk to handle, and through the persistent efforts of the Board Chairman, who acts as a contact man with the State O. P. A. Headquarters, the O. P. A. agreed to pay for a second full-time clerk. Miss Margaret O'Connor was appointed as such, and upon her resignation, Mrs. Esther E. Koponen was appointed to replace her.

In October, upon the recommendation of the State O. P. A. Director, nine new members were added to the Board, and accordingly, the Board was divided into the following four panels:

Panel A. (Tires, Bicycles, Typewriters and Rubber Footwear. Since then, this panel has also taken over Gasoline): Sidney McCleary, Charles Lerer, Michael Veleno.

Panel B. (Sugar and such other food products as may be rationed): John MacDonald, Thomas Maley, Rev. George A. Koponen.

Panel C. (Fuel Oil—and formerly gasoline): Herbert Martin, Albert Lucot and Walter Denniston.

Panel D. (Price Control): James J. Ledgard, Augustus L. Morse and John Donahue.

Mr. Ledgard and Mr. McCleary have found it necessary to tender their resignations effective January 1, 1943. The town owes a vote of thanks to these gentlemen for a "tough" job well done. Mr. Morse is still a member of the Board and his knowledge gained over the past year is valuable to us, the new members.

Mr. Walter R. Denniston was appointed Chairman of the Board to replace Mr. Ledgard. Arthur Sullivan has replaced Mr. McCleary on Panel A; William J. Bain has replaced Thomas Maley on Panel B as Mr. Maley is now on Panel C in place of Mr. Denniston; and Edward J. Derosier has replaced Mr. Ledgard on Panel D.

We thank the members of the School Department and all other volunteers for the co-operation extended us during the sugar, gasoline and fuel oil registrations.

As the Town of Maynard, which is just one small town in these vast United States, enters its second year of war and rationing, may we, the members of this Board ask for your co-operation? We do not make the rules and regulations that govern this rationing program. They are made in Washington and submitted from there to our state office which, in turn, forwards them to each local board. If you have questions or problems, please go to the office where the clerks will be glad to answer them as best they can, and advise you how to get your problems before the proper panel at their regular meeting. May we ask you, in a friendly way, not to call our homes or places of business concerning rationing, as we do not have the records or other data at either of these places. They are all on file in the office, and without them, we are unable to give an intelligent or satisfactory answer to most of the questions asked. Our work is not too pleasant, and our only reward is a personal satisfaction that we are doing our small part toward the war effort since the government feels that this rationing program is necessary to insure victory. The rationing problems are many and varied, as are the regulations governing them which sometimes change overnight, but we shall try to serve

you to the best of our ability and with your full co-operation,
we should attain a speedy victory.

Respectfully submitted,

LOCAL RATIONING BOARD NO. 193

Town Accountant's Report

Maynard, Mass., February 13, 1943

To the Board of Selectmen:

Gentlemen: I submit herewith the annual report of the Town Accountant for the year ending December 31, 1942.

At the end of the year 1942 the amount of cash on hand amounted to \$154,236.88. This item on December 31, 1941 was \$113,568.10.

Outstanding Taxes on December 31, 1942, amounted to \$35,956.04. On December 31, 1941 the outstanding taxes amounted to \$54,923.38.

Unexpended appropriation balances amounting to \$27,550.04 were turned back to the Revenue and Surplus accounts at the end of the year.

The Excess and Deficiency account as of December 31, 1942 showed an excess over uncollected taxes amounting to \$63,915.31.

At the end of the year 1941 the excess over uncollected taxes in the Excess and Deficiency account was \$25,033.74.

No loans in anticipation of revenue were necessary during the year 1942, but the Treasurer borrowed \$2,000.00 for Chapter 90 Maintenance work in anticipation of reimbursement by the State and County. The State law requires that the town shall borrow such amounts as are allotted by the State and County for any Chapter 90 work.

Owing to the fact that the Federal Income Tax Division did not send us the blanks on which to report employee earnings for the year, we will not be able to send each employee a statement of his or her earnings. Any employee will be able to get this information from either the Town Treasurer or the Town Accountant.

The following is an explanation of the income tax requirements.

Income Tax Return Requirements

An income tax return must be filed with the United States Collector of Internal Revenue for the district in which you live, on or before March 15, 1943, if you are a single person or a married person not living with husband or wife, and if the total payments reported on this form when added to your income from all other sources amount to \$500 or more.

If you are a **married person living with husband or wife**, a return must be filed if the total payments reported on this form when added to your income from all other sources amount to \$1,200 or more, or if the combined total income of husband and wife amounts to \$1,200 or more.

An Income Tax Return Form may be obtained from Collector of Internal Revenue for your district.

Option Form 1040A (simplified form) may be filed if your gross income is not more than \$3,000 and is derived only from sources indicated thereon; otherwise Form 1040 should be filed.

The courtesy and co-operation received from the various town boards and officials has been greatly appreciated.

Respectfully submitted,

C. A. STOCKBRIDGE,
Town Accountant.

Report of the Board of Retirement

To the Members of the Maynard Contributory Retirement System:

The Maynard Board of Retirement submits herewith the third annual report of the Retirement System.

During the year 16 new members have been added, 8 members have terminated, 4 members have retired and 8 members have been given leave of absence for military service.

The membership on December 31, 1942 is 53 active members, 8 members on leave of absence and 10 retired members.

An audit of the books of the System was made by auditors, from the State Division of Insurance in September.

The financial report and lists of members giving the amount credited to each member follow.

Respectfully submitted,

HAROLD J. MORGAN,
Chairman.
GEORGE H. GUTTERIDGE,
Treasurer.
CHARLES A. STOCKBRIDGE,
Clerk.
Board of Retirement.

Report of the Maynard School Committee

To the Citizens of Maynard:

The year 1942 has been one of many changes and problems for the schools as it has been in our homes.

Your committee has had to fill ten teaching positions due to men entering the service and resignations. We feel that in most cases we have been fortunate in replacing those who left with qualified teachers.

During the year we have had requests for the free use of the Auditorium, but your committee still adheres to the rule that an established price must be paid by all who engage and use it.

Due to a decrease in enrollment, the shortage of fuel, and as a matter of economy and better instruction, the Main Street School was closed last spring and the pupils transferred to other buildings. Children of the three lower grades, together with a few physically handicapped ones in the upper grades, are being transported to and from school twice a day. To date, no complaints have been registered by parents because of the change. We feel that the teaching load is more evenly distributed than heretofore, and the children are getting the benefit of it.

During the Christmas vacation the oil burning equipment in the Roosevelt School was converted to coal, and now all our buildings are heated by that fuel.

A most vexatious problem has been our dealing with the matter of salaries for the entire personnel. We have had petitions for increases from several groups of teachers as well as from the Teachers' Club. As we realized that some upward adjustment must be made in 1942 we asked, and obtained, in our budget the sum of \$5,000.00 for bonuses and adjustments. We also made a survey of a dozen different school systems of our type and size to see if our salary schedule was in line with theirs. The result of this showed that only the salaries of the lower grade teachers were below the average, and we have raised the maximum of grade teachers to \$1,400.00. In addition to that, we granted bonuses to the entire personnel on the following basis: To those under \$1,400.00, a bonus of \$135.00; to those in the bracket from \$1,400.00 to \$1,900.00, a bonus of \$85.00; to those receiving \$1,900.00 and up, a bonus of \$35.00. Claims have been made in the local papers that some of the teachers have been cut, but that is not so. All the teachers received at least \$35.00 in addition to their regular salary. With the exception of the bonuses, the payments to the teachers are spaced over the entire year as a matter of convenience for them. If the pay of the teachers

is broken down to a day pay basis for the actual number of days devoted to classes, it will be found that teachers who received \$1,300.00 and a bonus of \$135.00 were paid \$8.70 per day. Women teachers on the \$1,600.00 maximum, plus the \$85.00 bonus, received \$9.50 per day; and a man teacher on the \$1,900.00 maximum received the rate of \$10.85 per day.

We eliminated the Junior High School graduation as an unnecessary function. The High School graduation was held on a Sunday afternoon as a matter of convenience to the parents and the pupils who might have been employed on an evening shift.

Because of decreased enrollment, we are carrying on with one less teacher in the grade schools and one less in the High School.

By a vote of the town, the care and control of the Alumni Field has been returned to the School Department. The tennis courts have been repaired and re-equipped and the field house has been renovated out of a special appropriation of \$500.00 granted at the Town Meeting.

Our budget request for 1943 is approximately \$4,000.00 less than was requested in 1942 as we were able to turn back over \$2,500.00 of our regular appropriation and nearly \$900.00 out of the special appropriation for 1942.

Respectfully submitted,

JOHN T. HIGGINS, Chairman
JAMES J. LEDGARD, Secretary

Report of Superintendent of Schools

I submit herein the annual report of the Superintendent of Schools. In addition to the statistical tables required by law, are others which may be of interest to you and to the townspeople.

"Education as usual is out for the duration" stated Dr. John Studebaker, U. S. Commissioner of Education, at a meeting of school superintendents held in Boston in November. This was not news to the assembled superintendents, for the question most constantly in their minds was how to meet school problems engendered by the unsettled world conditions. Since the entrance of our country into the war, more and more 'out of the ordinary' problems have been presented to school administrators.

Today, we are faced with increasing difficulties in realizing our educational ideals. Our country is involved in a life and death struggle, seeking to protect the values most fundamental to its way of life. Our schools must play their part — not only to further the present struggle, but also to prepare for the peace which must follow.

In the elementary schools, children are sensitive to the uncertainties of a country at war; brothers are going into the armed forces, mothers are going to work, talk of enemy people disrupts their emotional life. Teachers must be constantly on guard to guide the child's thought and action, and to stabilize his emotional disturbances. Elementary school programs and studies are being adjusted to meet the emotional needs of the children. Teaching aids, especially visual educational pictures made possible by the recently purchased sound motion picture machine, are of much value in providing extra interest needed at this time.

In the secondary schools, the problems are more varied. A broadening of the range of student needs, interests, and abilities has resulted from their emotional upheaval. The present aim of high school education must be to help the individuals to find their proper places in the present struggle and to help fit them to best do their part. Increasing numbers of boys, and girls, too, will be entering directly into the services of our country, and for them, high schools have been required to reshape their curriculum, adjusting it to the needs of the war training program. The program outlined by Dr. Studebaker, U. S. Commissioner of Education, is being provided as fast as our physical and teacher equipment will allow. So far, we have included in our high school studies, courses in pre-flight training, radio, principles of aeronautics, principles of machines and principles of electricity. We have intensified our mathematics courses, correlating them with defense demands.

Teachers, themselves, are a problem at the present time. War service has already called two. Others have taken advantage

of the chance to move to better paying positions. At a time when other salaries and wages are mounting and costs of living and other expenses are cutting down the purchasing power of the teacher's income, it is hard for them to reconcile themselves to the slow changes necessary in municipal finance. The securing of new teachers to replace those who have left has required a great deal of time and consideration in order that our teaching standard be kept on as high a level as possible. In all, twelve teachers have left our service, and ten new teachers were appointed. Two were transferred within the system to grades more suited to their training. Two teachers who left were not replaced. Rearranging the program in the high school made it possible to get along with one less teacher there, and the closing of the Wilson School and the combining of three fourth grades into two allowed for one less elementary teacher.

In general, the work of the entire personnel is satisfactory. In particular, we have been especially fortunate in the qualifications and training of the new teachers who are replacing those who left.

PHYSICAL EDUCATION

The success of our program of physical fitness started in 1940 can be best attested by the fact that our physical education supervisor, Mr. Reginald Sawyer, was commissioned by the Army Air Force to do the same type of work as he had been doing here. Mr. Sawyer's successor, Mr. Richard Lawson, is carrying on our program in a capable manner. An intensified program is being planned by Mr. Lawson, especially for high school boys who may soon be entering the armed forces.

RATIONING

Rationing registrations have made necessary the closing of schools several times, in order to provide teachers to act as registrars. When possible, the hours of rationing were arranged so as to interfere as little as possible with school hours. Teachers and supervisors have appreciated the cooperation of the public at these registrations.

BUILDINGS AND GROUNDS

In the Roosevelt School, we now have eleven classrooms occupied as a result of transferring classes from the Wilson School. New light fixtures have been placed in all rooms. Some rooms need repainting of walls and ceilings. Three rooms in this building have been made available for a defense hospital. The oil burning boiler has been converted to coal, conforming with the request from the OPA. Grounds at this school need to be taken care of in the spring, in fact, they will require more constant care due to the large increase in pupils using them.

At the Coolidge School, one ceiling was renewed as it was in dangerous condition. All other ceilings need attention soon, as they were damaged during the hurricane and each year become worse. The new light fixtures that were in the Wilson School have been moved to the Coolidge School and are much appreciated by the children and teachers. Some work should be done on the grounds of this school, as the W. P. A. project intended to do this work has been indefinitely suspended.

The high and junior high school grounds need grading and dust treatment, as they are not now suitable for playgrounds. In the junior high school boiler room, a drain needs to be installed, as water collects there at times and should be disposed of. Previous to the suspension of the painting project, about three-fourths of the interior of the high school was painted. The balance of this work should be done.

VOCATIONAL EDUCATION

It has been necessary to watch closely children of early high school age who, finding plenty of jobs open to them and dazzled by the prospect of money of their own, lose interest in continuing in school. In some instances, it has been possible to interest them in attending a trade school where if they apply themselves, they may learn a trade which makes them immediately useful to the war effort and which ultimately safeguards their own future. The cooperation of parents is much needed in the cases to help their boys and girls to help themselves. Unfortunately, we have not been able to provide more diversified manual training in the high school. The metal working machinery ordered has not as yet been secured.

The modernizing of the high school commercial course has progressed. The addition of a bookkeeping machine, a calculator, new typewriters, a mimeograph machine, and two teachers, both trained for commercial teaching and both conversant with office machines, has made possible modern, up-to-date instruction.

ATTENDANCE AT TRADE SCHOOLS

School	Names	Course
Waltham Trade	James Baio	Machine
	Daniel Barilone	Machine
	John Hoffman	Automobile
	Anthony Costanzo	Machine
	Nicholas Costanza	Machine
	Joseph Brescia	Automobile
Waltham Coop. Trade	Albert Kenfield	
	John Rubaszko	
Worcester Trade	Arne Koskinen	Machine

ADULT ALIEN EDUCATION

	Beginners— Intermediates	Advanced— Citizenship	Totals
No. Sessions.....			20
No. Enrolled.....	17	21	38
Membership (Close of Term.....)	16	20	36
Average Attendance.....	15	18	33

Attendance dropped from fifty-seven in 1941 to thirty-three in 1942 due, most likely, to difficulty of mill workers to take time from their work. The cooperation and interest shown by Miss Guyton and Miss O'Neil of the Department of Education has helped to keep interested those who have continued in our classes.

STAMPS AND BONDS

Beginning in March 1942 War Savings Stamps and Bonds have been sold in the schools by the Postmaster, who visits each school one day each week for that purpose. During this time \$7,244.05 has been invested by school children to buy shares in their country's future.

CONCLUSION

I wish to thank the committee for their constructive criticism during the past year and to express my appreciation to the school personnel for their cooperation. Perhaps the next year will bring even more disturbing times but I feel assured that the assignments of our schools will be faithfully carried out.

Let each of us in school and out help "GOD SAVE AMERICA."

Respectfully submitted,

DONALD A. LENT
Superintendent

January 19, 1943

Objectives of Secondary Schools

(As presented by the U. S. Commissioner of Education, John S. Studebaker, at the Mass. School Supt. Ass'n Meeting held at the Hotel Bradford, Boston, Thursday, November 19, 1942).

EDUCATION AS USUAL IS OUT FOR THE DURATION

1. Guidance program should be definitely for guidance into the critical occupations connected with the War effort. (Armed services, defense industry, etc.)
2. Emphasis should be placed on Physical Education. (Corrective work and physical fitness programs are of primary concern).
3. Students should be guided to study more Science and Mathematics.
4. Pre-flight training in Aeronautics should be a regular course in the program of studies.
5. Military drill should be introduced for all who are able.
6. All courses of study should be correlated for pre-induction relationships and values.
7. Occupational preparation training should be for war production purposes.
8. Preparatory training only for essential civilian occupations.
9. Social studies should emphasize War time citizenship training, Peace conditions, and World reconstruction.

Report of High School Principal

Mr. Donald A. Lent
Superintendent of Schools
Maynard, Massachusetts

Dear Mr. Lent:

I hereby submit my report for the Maynard High School for the year 1942:

The unsettled conditions of the world today have made it necessary to make many changes at Maynard High School this year. Education as usual has been very difficult because of the increasing demands on the secondary school. The needs of the armed services, defense industries, civilian defense, and the general manpower shortage have made it necessary for schools to correlate their program of studies to meet the requirements of the immediate emergency.

Most of our students work afternoons to take the places of men and women now engaged in war work. Some are volunteers at the Report Center, while others assist the air wardens in our Civilian Defense Program. They have been called upon to collect scrap, shovel snow, cut ice and aid in many enterprises handicapped because of labor shortage.

To add to our difficulties, many of our teachers have left for better positions or have been called to serve our country. In general, our new teachers have taken hold as well as can be expected and unless we have more changes of personnel in the future, the high school will continue to function smoothly.

As has been reported to you in the past, in order to have it possible for our pupils to meet the new demands placed upon them, we have changed our courses of study where facilities and personnel have made it possible. Pre-flight training, the study of Electricity and the Physics of Machinery have been added to the Science Courses. More emphasis has been placed upon Mathematics and new books purchased in this department have helped to correlate the work with present needs. An afternoon schedule of classes has been arranged to aid pupils who have fallen behind in their work because of outside duties and activities. A new physical education program is in the process of completion and should make our boys better fitted to assume the grave responsibilities they may be called upon to face in the immediate future.

I wish to take this opportunity to thank you and my fellow teachers for your very helpful co-operation throughout the year.

Respectfully submitted,
ALBERT LERER
Maynard High School Principal

**Excerpt from report of Mary A. Doyle, Principal of the
Emerson Junior High School**

To the average person *production* means material goods produced for the sole purpose of enabling us to save democracy. I admire those who are working night and day to the capacity of their physical powers to speed the production which will preserve our freedom. However I feel that the greatest production center of our country is the classroom. It is a production line of human resources.

These are chaotic times but the ability to measure how they are affecting children is a question in my mind. The classroom teacher should not ignore the child's emotions but rather endeavor to understand and help the child make an adjustment to the times.

**Excerpt from report of Nellie C. May, Principal of the
Roosevelt School.**

After the trying years of sharing our school with outside projects of various kinds, it is a great pleasure to me to again have the building used only for school purposes. We have now a large group of pupils, from diverse sections of the town, all working together in harmony. Leading educators talk much today of making your school a Democracy. We don't talk much, but the Roosevelt School really is organized as a Democracy.

"There is no royal road to learning." Only by drill and repeated drill can pupils become proficient in the skills—only by a study of the great men of our country and of their achievements can pupils be led to a high sense of morality, and a sense of patriotic duty, such as Americans only know the true meaning.

**Excerpt from report of Grace M. Perley, Principal of the
Coolidge School**

The electric lights which were installed in the summer have been appreciated by the pupils and teachers especially during these dark winter mornings. I don't know how we could have managed without them.

The third grade classroom has been much improved by the work done upon it this summer. The soft-toned ceiling and the paint used make the room a pleasant place in which to work.

Report of School Physician

Mr. Donald Lent
Superintendent of Schools
Maynard, Massachusetts

Dear Mr. Lent:

I herewith submit my report of the Maynard Schools from September, 1942 to date.

All the children of the Roosevelt and Coolidge Schools have had their annual examinations. The girls on the Hockey Team have been examined. All the boys on the Football Team and substitutes have had complete physical examinations.

I think yearly examinations should be made before the boys participate in the games.

Due to the presence of Scarlet Fever in the town several examinations of the throats of the children were made.

In December the schools were closed for a period of four days, due to the presence of Scarlet Fever. I believe this was the wisest way to check the disease, as many of the children had been at parties where this disease was present.

I have had full cooperation in every way from the School Nurse. I feel she has done an excellent piece of work in examining the ears and eyes of the children.

I want to thank the parents for their kind cooperation.

Thanking all for their cooperation.

Respectfully,

R. E. HOOPER, M.D.

January 22, 1943

Report of School Nurse

Mr. Donald Lent,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:

I wish to submit my report as School Nurse for the year ending December 31, 1942.

Number of visits to schools	748
Number of visits to homes	390
Number of cases treated—First Aid	149
Number of eye examinations	1037
Number of ear examinations	1037

The following is a report of the clinics held during the year:

Diphtheria Clinic—Conducted by Dr. R. E. Hooper on April 8, sponsored by the Maynard Board of Health.

Number immunized 54

Pre-School Clinic—Conducted by Dr. E. J. Flaherty, School Physician, May 14 and 21.

Number examined 66

Vaccination Clinic—Conducted by Dr. R. E. Hooper, sponsored by the Maynard Board of Health.

Number of vaccinated 29

At all of these clinics the physicians were assisted by the School Nurse and in some cases by the local Public Health Nurse, Mary A. Ward.

Telebinocular Test of Visual Efficiency was given to the children in all grades.

Audiometer test was given to children in all grades.

During the winter months of the school year, we had approximately; 6 cases of whooping cough, 89 cases of mumps and 4 cases of scarlet fever.

May 4, 5, 6, 7 was devoted to food rationing books, No. 1.

REPORT OF DENTAL CLINICS

This is the thirteenth yearly report of the School Dental Clinics financed by the Maynard Board of Health.

These clinics were held two mornings a week by Dr. May and Dr. Garland.

Number treated	583
Number of fillings	238
Number of extractions	184
Number of cleanings	158
Number of treatments	6

The Dental Examination Clinics were held by Dr. May on Sept. 22, 23, 25, 29, and assisted by the School Nurse.

I wish to thank the Superintendent, School Personnel, parents and Board of Health and Board of Public Welfare for the cooperation they have extended to me in my work during the past year.

Respectfully submitted,

Edith B. Foster,
School Nurse

Report of Physical Education Supervisor

Mr. Donald A. Lent
Superintendent of Schools
Maynard, Massachusetts

The aims and purposes of the Physical Education program are:

To correct postural defects, to promote strength and endurance, develop poise bodily and mentally. To develop a sense of moral and social responsibilities, to learn to respect authority. Through games, to develop initiative, sportsmanship, team play, faith in their own abilities. To develop a personal knowledge of the benefits of a well-developed body.

In the grade schools (1-6) this year, classes were held out of doors. There they would go through calisthenics, ending their period by participating in a game. Girls of the senior high school were instructed in games that they in turn taught to those girls in the classes of the grade schools (1-6). The pupils of the 6th grade were tested to find physical weaknesses, and the same corrected.

In the 7th and 8th grades, classes were conducted in the gym where they were taught marching, calisthenics, and games. Time allotted was one day a week. Class teams have been selected and a schedule of games for the winter arranged. The pupils were given physical fitness tests to determine weaknesses so that corrective work might be given them.

The senior high school was represented by teams in football and field hockey. Teams have been selected among boys and girls, so that a schedule of intramural games in basketball may be conducted this winter. The boys are given physical fitness tests, and those showing weaknesses are given corrective work in the gymnasium—the number of days per week being determined by each pupil's needs.

Respectfully submitted,

RICHARD T. LAWSON

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." A school system in general should show about the same percentage of "over age" and "under age" pupils. The number of "under age" children in the first grade indicates that our entering age should be raised.
