## FOREWORD

---

Upon assuming office after the election of 1934 the Board of Selectmen met an unusual and unhappy situation, unusual in that no member of the Board had any experience as a Selectmen, and unhappy in that they found that the Town business was being conducted more according to custom than according to law.

Believing that custom is not a short cut to an end determined by law, the Selectmen immediately undertook the duty of guiding the various departments away from the false paths of custom and endeavored to help them keep step with the changing times.

We believe it to be the duty of all town officials to find out what the townspeople desire in the way of town action and then act accordingly; therefore in order that the people should be given an opportunity to express their desire as to proper town action, as well as to correct erring Town Officials we have held more than the usual number of Town meetings.

We have made a start on the way towards improvement in town affairs and better government. Much remains to be done to bring about up to date methods and practices along this line. We believe that the people of Maynard have the desire and ability to effect any proper changes that will lead to a better government, "A Government of the people, by the people, and for the people."

## REPORT OF THE BOARD OF SELECTMEN

---

To the Citizens of Maynard:

Your Board of Selectmen takes pleasure in submitting their report along with such others as have desired to make a report of the work of their Department during the year 1934. Bearing in mind the oft-heard criticism that it has been next to impossible to find out anything from the Town Report, we have departed somewhat from the usual custom. More time has been allowed in order that the townspeople could have a worthwhile explanation of the problems and accomplishments of the various departments to serve as a guide in determining the amounts of money which should be appropriated to these departments for the ensuing year. On the whole, we believe that you will find this a much improved report, for most departments have shown a spirit and willingness and co-operation to that end.

Desiring improvement in our Fire Department, a slight reorganization was effected, some new hose and a new pump truck secured. A comparison of the 1933 and 1934 reports of the Fire Department will indicate the results.

The addition of new and young blood to the Police Department and the requirements of successful passing of Civil Service Examination for appointment to Special Police work has given us a much superior Police Department.

When in April the C.W.A. was abolished and the E.R.A. took its place, the Secretary of the Board of Selectmen, Mr. Lent, was appointed by the State Administrator, Joseph P. Carney, to be Local E.R.A. Administrator. The accompanying report of the Administrator will show in detail the work of the local E.R.A.

It being mandatory that a trained social service worker be secured as local E.R.A. Investigator, the town was faced with the choice of hiring some one sent here by the State E.R.A. or securing some local person satisfactory to the State E.R.A. Fortunately we were able to prevail upon the Rev. Matthew A. Vance to serve. As all he asked was his expenses, we were able to save hundreds of dollars in addition to securing the man fully acquainted with our particular problems. His report, included in that of the Administrator, shows something of the requirements of his activities.

An example of the strict financial economy exercised by the Selectmen's Department, was the purchase and tearing down of the old Power House at the Powder Mills. Sufficient brick was secured and used in rebuilding Powder Mill Road to more than pay the purchase price, while hundreds of dollars worth of brick and other material were secured to be used on E.R.A. projects.

It has consistently been the aim of the Selectmen to investigate anything that may be of benefit to the town. A Committee appointed by the Selectmen to investigate the Light and Power situation has been very active and the Selectmen concur with the

conclusion of the Committee that the purchase of the distributing equipment would be desirable.

At the instigation of the Selectmen the By-laws of the town are being revised and brought up to date and it is hoped that the citizens as well as the various town officials will carefully consider the revised By-laws so that we will have a more orderly procedure in town affairs.

With the co-operation of Agent Harry C. Templeton of the Assabet Mills and a group of interested citizens, the Town was able to purchase the Assabet & Middlesex House property at a ridiculously low price. This property was assessed in 1934 at a valuation of \$17,000.00. The Town paid to the Textile Realty Corp. the sum of \$3,000 and to the Town Treasury the sum of \$693.86 covering the 1934 taxes and interest, making a total cost of the building \$3,693.86, about one-fifth of the assessed valuation. Maynard now has a Town House where several departments are already located and where eventually all departments of the town may be located under one roof. It is not a modern structure, nor was it planned for an office building. Many improvements and changes must be made, both to the interior and the exterior. Plans are under consideration for the development of the property into a central headquarters where all departments will be easily accessible to the several departments and to the citizens. Permanent improvements should be carefully planned so that the town may derive the most benefit possible from the building. Such improvements as have already been made have been done largely thru help of the E.R.A. Further developments may be made as an E.R.A. project provided that sufficient money be appropriated to pay for the material required. It is possible that a Civic Center be established where town affairs may prosper thru the development of community spirit. Having the members of the official family together under one roof will go far toward co-ordinating the departments and developing a spirit of co-operation essential for the town good. While our new town house is not modern, ornamental or luxurious in its equipment, nevertheless, it is a town house and the first the Town of Maynard has ever owned.

As a result of a conference between the Board of Selectmen, the Welfare Department and E.R.A., there was formulated a more orderly procedure of distributing relief commodities to E.R.A. workers and a depot established in the basement of the town house. A considerable saving was immediately effected while those on the relief rolls were able to get more of the commodities they needed.

A town project talked of for years but never before attempted as a regular and yearly town improvement was started this year when two sections of permanent concrete sidewalks were laid by the Street Department, also the E.R.A. succeeded in securing approval of two E.R.A. projects to construct concrete sidewalks. While this is a worthy idea, too much should not be attempted in any one year because of the very high cost of material for this type of project.

For 1935 a Road Project is under consideration whereby Parker St. from the Great Road to the Sudbury Line will be rebuilt, State, County and Town each contributing one-third of the expense.

Financially the town is in a much healthier condition beginning the year 1935 than for many years previous. We have a substantial balance in the Town Treasury after paying off several large sums, among them \$11,000 borrowed from the State in 1933.

The Selectmen are highly appreciative of the efforts of those Town Departments and the great group of loyal citizens who have helped to make this so successful a year for the town.

Respectfully submitted,

FRANK J. McCARRON,  
DONALD A. LENT,  
PATRICK A. McGRATH,  
Board of Selectmen.

Selectmen.

## REPORT OF THE COMMITTEE ON ELECTRIC LIGHTING

The Committee appointed as a result of a vote at a town meeting held on October 15th, 1934 to investigate the desirability of the Town taking over the distribution of electrical current for light and power makes the following report:

The Committee met and secured the presence of a representative of the General Manager's Office of the Edison Electric Illuminating Company with a view to determining whether or not there was any possibility of an immediate reduction in rates. The Committee is of the opinion as a result of this conference that there are no immediate prospects of a rate reduction, but that there is a strong probability of such in the near future.

### **Briefly the law governing the acquiring of a municipal light plant appears to be as follows:**

The General Laws provide that a Town may purchase or lease and maintain within its limits, one or more plants for the manufacture or distribution of gas or electricity for municipal use or for the use of its inhabitants and that a Town shall not acquire such a plant until authorized by a two-thirds vote taken by ballot with the use of the voting list, at each of two town meetings called therefor and held at intervals of not less than two or more than thirteen months. If the first of such votes is favorable and the second unfavorable, or if both such votes are unfavorable, no similar vote shall be passed within two years thereafter.

It is further provided that when a Town votes to establish a municipal lighting plant, if a person or municipality was at the time of the first vote required engaged in generating or distributing electricity for sale for lighting purposes in such town, the town may purchase of him or it at such price and on such terms as may be agreed upon such portion of said property as desired and as can be agreed upon, provided that no such purchase shall be consummated unless ratified by the voters at a town meeting.

In the event of failure to agree as to the price of the property to be purchased, application may be made to the Department of Public Utilities for a determination as to what price should be paid, having in view the cost of the property less a reasonable allowance for depreciation and obsolescence, and any other elements which may enter in a determination of a fair value of the property so purchased, but such value shall be established without enhancement on account of future earning capacity or good will or of exclusive privileges derived from rights in public ways and thereupon the said Department shall give a public hearing thereon and make the determination aforesaid. Such price shall include damages, if any, which the Department finds would be caused by the severance of the property proposed to be included in the purchase from other property of the owner.

The severance charge involved in this instance would be the cost of establishing a line of supply to the Town of Acton, which Town is now supplied from the Maynard line.

After a determination of the price by the Department, the Town may reject the tender of the deed by said Company. Such rejection shall be by vote of a town meeting. A rejection of the tender shall operate as a recession of all votes theretofore passed for the establishment of a municipal lighting plant.

In the event the owner is unwilling to sell at the price fixed by the Department, the Town may proceed to construct or otherwise acquire a municipal plant without further attempt to acquire the plant of such owner or any part thereof, provided, however, that in case of a Town such action is authorized by vote at a town meeting.

Inquiry was made at the meeting hereinbefore mentioned as to the probable attitude of the Edison Company in the event the Town should vote to purchase the property of the Company within the limits of the Town and comply with all necessary legal formalities. The Committee has been lead to believe that the Edison Company would be willing to sell this property at the price fixed by the Department. Such a sale would include poles, lights and wires and other equipment used for the distribution of electricity in Maynard.

In the event of purchase of this property by the Town, it would be necessary to enter into a contract for the purchase of electrical current. The Committee has been informed that the Edison Company would be willing to make such a contract.

At this time the Committee does not feel it advisable to establish a municipal lighting plant for generating current and believes the purchase of current at the line to be the more desirable method.

The Committee also believes that it would be possible, if the necessary votes were obtained and the necessary legal requirements complied with, to secure definite information as to the price that the Town would be required to pay for existing poles, wires, etc. which price is at present entirely problematical.

It is also of the opinion that the situation in Maynard presents a practical set-up for the operation of a municipal plant due to its small area and limited length of public streets and highways.

In conclusion the Committee realizes as a result of their efforts that the subject of Municipal Lighting is rather involved and of a very technical nature and suggests that it would be advisable that some appropriation be made for its use in obtaining precis engineering assistance in their study of the situation.

Respectfully submitted,

AUGUSTUS T. MORSE, Chr.

JOHN H. MURRAY.

## REPORT OF THE E.R.A. ADMINISTRATOR

---

To the Honorable Board of Selectmen:

I herewith respectfully submit for your consideration the report of the E.R.A. Administrator, Maynard, Mass.

During the month of April 1934 when the C.W.A. graduated to the E.R.A., the State Administrator, Joseph P. Carney, following your recommendation, appointed me E.R.A. Administrator for Maynard. The months which follow have been busy ones. The monthly allotment in the beginning was \$6,000. By strict enforcement of fair play and co-operation with the State E.R.A. in carrying out its rules and regulations the monthly allotment has been steadily increased until for the month of December it reached \$10,000.

Suitable projects acceptable to the engineering department of the State E.R.A. have been necessary in order that applicants for relief work, who were properly qualified, could be put to work. Only that part of the monthly allotment was available as was used during any month. Any amount unused was lost to the town. Many towns and cities lost in this manner hundreds and thousands of dollars while in no month was as much as one dollar unused in Maynard.

Money furnished by the E.R.A. is available only to pay for labor service. Materials, trucks, and other costs connected with projects must be payed for by the Town. It was very difficult at first to secure suitable projects as no money was available to pay for materials, etc., except such as the different departments could and would use for that purpose. Some departments would accept projects only on their own terms regardless of E.R.A. requirements, others while willing to co-operate, had no money available. Much credit was due at that time to the Cemetery Department, Welfare Department, Street Department, and Health Department, for their fine co-operation in making possible the using of all available E.R.A. funds. The Water Department, too, should be mentioned as being a gold mine from which money later was transferred to make possible the carrying on of E.R.A. projects.

The local Administrative staff is very fortunate in having the services of the Rev. Matthew A. Vance as Investigator. That is a very important office and one upon the proper conduct of which, largely determines the amount of the monthly allotment. The Administrator was fortunate in being able to secure Maurice White as Supervisor of Projects, a graduate of Massachusetts State College, well qualified by his athletic experience as a leader, he has served the Administrator with tact and ability. George V. Binns and James King complete the Administrative staff, second to none in the State, in fact the local office has received numerous notices of approval and ranks highly in the value of projects, supervision of projects, fairness and completeness of investigation and co-operation with all other E.R.A. agencies.

In conclusion, I wish to thank those who have helped to make the local E.R.A. set-up so successful, especially the Foremen of work projects, as well as the Engineer who have co-operated to the fullest extent. I also wish to commend the great group of E.R.A. workers who have shown an appreciation for what has been done for them, many of whom had hard laborious tasks to which they were entirely unaccustomed.

The report of the social service and the statistics compiled by the Administrative staff will be found worthy of study.

Respectfully submitted,

DONALD A. LENT,  
Administrator

		<hr/>
Grand Total.....		\$75,488.96

The expenditures by the Town for each project may be found in the Town Accountant's report.

## REPORT OF SOCIAL SERVICE DEPARTMENT OF E.R.A.

To the Members of the Board of Selectmen and to my fellow-townsmen:

The report of the Social Service Department of ERA is submitted in the following fashion for conciseness and clarity. May it be stimulating as well as acceptable for your consideration. Allow me at the very start to express my appreciation for your hearty co-operation, the co-operation of the townspeople, and for the constant understanding and co-operation and spirit of the Administrator.

### I—What is the Unemployment Situation in Maynard?

A reasonable answer may be had from the registrations at the E.R.A. office.

The week ending January 26th, the cumulative registrations figures showed:

Total registrations.....	730
Men registered.....	569
Women registered.....	161

### II—How many of these could be classed as eligible for E.R.A.?

Class A-1....Men	128	Women.....	20	Total	148
Class A-2....Men	39	Women.....	11	Total	50
Class A-3....Men	56	Women.....	17	Total	73
	<u>223</u>		<u>48</u>		<u>271</u>
Class B.....Men	83	Women.....	54	Total	137
	<u>306</u>		<u>102</u>		<u>408</u>
Class C.....Men	263	Women.....	59	Total	322
	<u>569</u>		<u>161</u>		<u>730</u>

By the above figures it is shown that there are 408 who may be eligible for E.R.A. and 322 others who would not classify under E.R.A. relief but are, nevertheless, unemployed.

Add to these figures at least another hundred who might have registered and you have a picture of people in Maynard who, under ordinary circumstances, ought to be at work.

### III—What is meant by classification?

Class A-1 means a family man with one child or more, with absolutely no income, or with income under fifty per cent of the suggested government relief budget.

Class A-2 means a married man or woman keeping house with no income.

Class A-3 means single men and women with no income and, of course, no work.

- Class B Families where the income is more than fifty per cent, but insufficient to cover the prescribed budget.
- Class C People of families whose resources at present are greater than the budget but who, nevertheless, are unemployed.

These classifications are basic in determining work, but there are other rules and regulations which enter the picture and which constantly change. All these are followed with carefulness.

#### IV—What is the relationship between E.R.A. and Welfare?

The E.R.A. is the Federal measure to relieve the relief-pressure by helping to share the burden of towns and cities. The E.R.A. co-operates heartily with local welfare and does what it can to relieve the direct burden. It attempts to be constructive in its judgment and helpful in its decision, but the unemployables, the physically disabled and such, are the direct problem of the Welfare Department. The E.R.A. employs all it can under its allotment. The E.R.A. does not replace Welfare but supplements local relief agencies.

Unemployment in Maynard is a serious condition. From figures obtainable, unemployment is steadily increasing. But to understand the seriousness of the situation, it must be looked at from the personal and social side. Families are exhausted. Young people cannot find work to do. Old people are discarded. Children suffer for lack of needed things and even though more has been done for the unemployed than ever before, it is not desirable to be on relief. The morale is killed, independence and self-reliance is lowered, resources are exhausted and social conditions become deplorable. Moreover, it increases the ranks of those who do not try hard and it gets people in a bad frame of mind; namely, "something is denied them if it is not handed out to them." It is quite true that the great majority want work and cannot find it. But, let this situation continue and the matter becomes extremely serious.

#### V—What is being done in a social way to help Maynard?

The work of social service requires patience and diligence. Only as each case is handled as a human problem can anything effective be done. The Social Service Department of the E.R.A., in addition to checking registrations, classifying them, interviewing applicants and studying home conditions, making decisions as to which of the many applicants should be given relief, under the rules and the known conditions, has served each family according to ability and need. Hospitalization, finding jobs elsewhere, straightening out misunderstandings, advising concerning needs, encouraging and admonishing, in brief, the task of trying to be helpful intelligently, practically and wisely, this is part of the Social Service Department of the E.R.A.

Because facts were known, rules followed, work done intelligently, the E.R.A. allotment increased from \$6,500 to \$10,000 for Maynard. Food commodities came accordingly to us, and thru

a constant contact with Boston, Maynard has been recognized as doing as fine a piece of work, administratively and socially, as has been done anywhere under the conditions and limitations. Had we the equipment, the social service centres, the civic conscience, much more might be done. These I shall recommend.

**VI—What is a recent average number payroll on E.R.A. in Maynard?**

The week of January 27th, the payroll in Maynard E.R.A. totalled 198. Of these, 163 were men, 33 women. Of this number 182 were family men and women, and 16 were single men. The same week the Welfare Department reported 110 cases helped and Soldiers' Relief 7. The E.R.A. is carrying, and has carried the major burden of relief and from all evidence at present, will continue to do so.

**VII—Has anything valuable been done with the money money spent for relief under the E.R.A.?**

It has helped human beings. It helped feed, clothe and shelter them. It has kept them from losing faith. It prevented crime, theft, and general disruption of our social order. The world owes no man a living. But it does owe every man the opportunity to make a decent living. A social order with ten million unemployed is grievously ill and is in danger of disruption. Humanity demands we act for our fellow men. Common sense dictates that we do something about it. When in a land of plenty, men cannot make a living, it is evident that fundamental defects exist within our society.

The question of wise procedure depends on how willing a town is to use professional service and keep politics out of relief. Maynard relief on the E.R.A. has used all available service for efficient administration and social service. The records show it. The work reveals it.

E.R.A. has put in drainage, built a needed field house, planned a hockey rink and put bleachers on the ball field. E.R.A. has cleaned the grounds around White Pond, cleaned the river banks which were a disgrace to the town, put in moth work and moth control, sponsored health clinics, made repairs of public buildings and has added a greatly needed addition to the cemetery, one of the finest pieces of work done along that line anywhere in the State. For the first time, Maynard will have a complete map of the properties of the town, an invaluable asset to the assessors. These, and many other things are evident.

**VIII—What percentage of Maynard people are dependent upon direct or indirect relief?**

A final figure is hard to give, but using the figures stated above, it can safely be assumed that at least one-fifth of the population of Maynard, or about 1400 people are dependent upon relief. This includes men, women and children.

### **IX—Can you give us a picture of E.R.A. employment over a period of six months?**

The accompanying chart gives a clear and exact picture of E.R.A. employment from August thru January. Lines and figures are clearly marked.

Notice:—

The steady increase in unemployment registration. The large number of those who classify under the terms of E.R.A. relief. Notice too, the number on E.R.A. pay roll, large though it is, it does not equal the possible eligibility list.

Notice the large number of single people who are seldom if ever employed on E.R.A. Notice that even though family men and women come first, there have been more registrations of this classification than could sometimes be employed.

Make a study of these charts and think of the many who could not even get \$12.00 a week.

### **X—What recommendations do you offer for future consideration of Maynard?**

Unemployment shows both defects and needed adjustments. These, I list as I see them.

1. Maynard needs a deeper civic conscience. Too long Maynard has stood still in social and cultural matters. Maynard needs some new industries, but Maynard needs a new spirit to get these industries. Maynard, itself, can broaden its outlook and deepen its spirit. It can aim for improvements that will lead people to feel that the progressive spirit is here in a larger way. Vision must come first before practical things are realized.

2. Maynard needs a real health centre, not an office with a nurse, but a centre with equipment and other materials which makes such a health centre do practical work for the community. A health Clinic fully equipped would enhance the health work tremendously. What other towns and cities like ours are doing might serve as a study for further work of public health.

3. Maynard needs a community centre, a social centre, which gives young men and women a place for supervised recreation and fellowship. The social problem of Maynard can best be seen as one realized that in a community of 7,000, there is not a community social centre in existence. We need, and we need it very badly, an equipped playground for children.

Maynard, like all communities, must realize that the change in social structure necessitates new methods and a new outlook. Our present conditions affect our schools, our churches, our homes and our business. In the same sense, these institutions and what they teach affect society. In the light of the problems coming from unemployment and the changes in the social and economic structure, this question should be asked and needs to be answered, "What are the schools doing to meet the new day and the changed condi-

tions? What is the home, the church, the lodge, doing to help?" A careful consideration of the New Challenge to our accepted institutions will lead to wise judgment and careful adjustments. Social conditions affect men just as men affect society. We sink or swim . . . together.

It is to be hoped that those who read this brief report will find in it stimulating facts and suggestions for careful consideration. The writer, without any personal consideration desires to emphatically state that Maynard cannot do its work efficiently without the *Social Service* outlook, and like many other communities, will need to organize its work of relief and unemployment around the ideals of Social Service.

Respectfully submitted by,

MATTHEW A. VANCE,  
Social Service Department of E.R.A.

---

*Interpretation of the Chart*

The chart shows the weekly figures from July 19, 1934 to January 24, 1935 of ERA UNEMPLOYMENT REGISTRATIONS, ERA RELIEF ELIGIBLE LIST—TOTAL EMPLOYED ON ERA.

From July to January the total registrations rose from 371 to 730, an increase of 360. During the same period the number eligible for ERA relief rose from 286 to 418, an increase of 138. The difference between the eligibility list and total registrations represents the number on Non-eligible relief list but who are nevertheless employed. On the basis of these careful figures Maynard received steady increases in its Monthly allotments of money, the amounts of which are shown on the bottom of the chart.

The number of the eligibility list has been broken down into classifications (mentioned in the report). The sum of class A-1, A-2, A-3 and B give the total eligibility list.

The ERA has never employed all who were eligible within the first three classifications. Notice that A-3, or the single men or women, the highest total of which was 73, was seldom touched by ERA. Class A-1 always comes first, A-2 second, etc. Add to the number of A-3 registered many other young men and women and you have some idea of the condition.

The chart shows how much the ERA does to help, as well as, the large number who need employment.

THIS CHART DESERVES YOUR SERIOUS STUDY AND CONSIDERATION. THE TOWN OF MAYNARD MIGHT WELL MAKE A SERIOUS STUDY OF UNEMPLOYMENT AS IT PERTAINS TO TOWNSPEOPLE AND FROM SUCH A STUDY TAKE PRACTICAL ACTION.

## REPORT OF SUPERINTENDENT OF STREETS

---

To the Board of Selectmen:

Gentlemen—I herewith submit my annual report of the Street Department for the year ending December 31, 1934.

Nason Street from the engine house to the square and Main Street from the square to Naylor Court, have been treated with asphalt of the mixed method type, and present a fine smooth surface. This was a continuation of the work started last year. The increase in appropriation enabled us to do this kind of work, which is greatly appreciated by the business men and the public in general. Main Street from Naylor Court to Ralph Panton Square was scarified and rebuilt with crushed stone and tar. It is in fair condition and with a small outlay the coming season, this part of Main Street will be in good condition.

The following streets have been mulched and honed, and necessary cold patch applied:

Walnut Street from Parker to River Street.

Summer Street from railroad crossing to Dzerkacz Square.

Concord Street from Acton Street to Dzerkacz Square and Nason Street.

Acton to Summer Street.

Since the depression, we have tried to keep the streets in condition by the continual application of cold patch and oiling. Owing to the dangerous condition of Main Street near the house of George McCormack, it was deemed advisable to widen the traveled way at this point.

Puffer Road has been scarified, re-shaped and oil applied the entire length. Taylor Road has been scarified and received general repairs and oil applied.

A new catch basin has been installed on Haynes Street and about one hundred feet of ten inch pipe laid to overcome the settlement on this street since the trunk line sewer was installed. Several drains have been installed during the early months of the season. The labor was furnished by C.W.A. projects.

The streets in the business section were cleaned each week. All the streets and gutters received the regular Spring cleaning.

The following streets should receive attention the coming season:

Main Street from Main Street bridge to Great Road.

Acton Street the entire length.

Glendale Street from Acton Street to the end of the street.

Summer Street from Dzerkacz Square to Stow Line.

Florida Road from Summer Street to Main Street.

### SNOW

All streets and sidewalks were kept open and sanded for travel. In the business section the snow was removed.

## SIDEWALKS

The following asphalt walks were laid:

Concord Street near corner of Acton Street to Tremont Street.

Summer Street from Beacon Street to entrance to Mr. Dreschler's.

Main Street from Mill Street to Great Road—a Section of Randall Road.

A new cement walk was laid on Parker Street from Harrison Street to Burns Court, on Brown Street from near corner of Concord Street to near house of Dr. Palmer.

## POWDER MILL ROAD CONSTRUCTION

Powder Mill Road from Paper Mill corner toward the Powder Mills, a distance of 1050 feet was rebuilt with bituminous macadam. The drainage consists of several hundred feet of concrete pipe and fourteen catch basins with granite inlet curbing. The State and County contributed toward the cost of this road. The improvement in this road is greatly appreciated by the citizens.

## APPROPRIATIONS

		Unexpended Balance

Chief of Police.

## REPORT OF DOG OFFICER

---

Maynard, Mass., December 28, 1934.

To the Honorable Board of Selectmen, Maynard, Mass.

I, as dog Officer of the Town of Maynard, respectfully submit the following report.

I have collected the taxes on 154 dogs, and have killed 10 dogs.

JOHN CONNORS,  
Dog Officer of Maynard, Mass.

## REPORT OF FIRE ENGINEERS

---

The Board of Selectmen:

Gentlemen:

The report of the Fire Department for the year ending December 31, 1934 is herewith submitted:

### BUILDING

Headquarters Nason St, housing Engine I, Combination I, Hook and Ladder I, also the Fire Alarm System.

### APPARATUS

In service: One Pumping Engine equipped with a 150 Gal. Booster Tank, 150 feet of Booster Hose, one 34 foot extension ladder, one 16 foot roof ladder, searchlights, and minor tools for extinguishing fires.

One Combination Wagon equipped with a 50 Gal. Chemical Tank, one 28 foot extension ladder, one 14 foot roof ladder and minor tools.

One Hook and Ladder Wagon equipped with 199 feet of ladders, Life Net and minor tools.

### FIRE ALARM SYSTEM

Boxes 19, Phantom Boxes 8, Miles of Wire 15, Whistling Machine with Steam Whistle 1, House Tapper 1, Indicator 1, Battery Cells 32, and 2 Rectifiers.

### DUTY PERFORMED

Number of Alarms responded to.....	63
Telephone Calls, including Brush, Automobiles, Chimneys, and Accident Calls.....	42
Boxes.....	21
Number of feet of Hose Laid.....	4,950
Number of feet of Booster Hose.....	1,750
Number of feet of Ladders Raised.....	283
Number of Gallons Chemical Used.....	350

### ASSESSED AND ESTIMATED VALUE OF BUILDINGS AND CONTENTS INVOLVED:

Assessed value of Buildings.....	\$ 85,700.00
Estimated value of Contents.....	35,250.00

### INSURANCE ON BUILDINGS AND CONTENTS INVOLVED

Buildings.....	\$ 114,250.00
Contents.....	18,600.00

### INSURANCE PAID ON BUILDINGS AND CONTENTS INVOLVED

Buildings.....	\$ 24,737.16
Contents.....	8,339.39

Our Financial Statement may be found in the Accountant's report. During the past year we have installed two new Rectifiers on our alarm system. This will give an even amount of power 24 hours a day. By doing this we are able to do with 32 less batteries, therefore when replacing these batteries it will be quite a saving.

We have every man in the department insured against accident, or loss of life through the generosity of the citizens toward our last whist party.

We have had the interior of the building painted through an E.R.A. project. This has been quite a saving to the taxpayers.

The Hook and Ladder Wagon has been overhauled and is in good condition.

Our new Pumping Engine is fully equipped and we have found it to be of great value.

149 Range Oil Permits, 25 Fuel Oil Permits, have been issued, and 25 inspections have been made.

#### RECOMMENDATIONS FOR 1935

Maintenance.....	\$ 6,376.50
Hose.....	900.00
New Doors.....	592.00
Inhalator.....	185.00

During the past year we have had 200 feet of Hose break. We have at the present time 900 feet of dependable double jacket hose. We have 1100 feet of single jacket hose that is liable to break most any time we are called to use it. Therefore we feel that each year by adding 1000 feet we will be able to build our supply to 3,000 feet of dependable hose.

Our front doors are in very bad shape. We are asking for this amount to have overhead doors installed. The present ones are warped and are ready to collapse.

Our outside alarm system is in need of repairs. We have 15 miles of wire, besides all the required cross arms and pins. A great many of the cross arms will have to be replaced with a four pin arm in order to clear some of the trees in which it passes through. There are also several grounds to be repaired.

At the present time we have an old Lungmotor on hand. These Lungmotors have since been condemned. As we are an Emergency Department, we receive several calls for drowning, gas poisoning and many times our men are overcome by smoke. With an Inhalator as part of our equipment we would be able to meet these emergencies.

The insurance on the building and fixtures will have to be met in 1935. This amount we are asking for will pay the insurance for a period of five years. There is also a chance that a possible change in rates may occur.

Respectfully submitted,

GEORGE T. PRIEST,  
WALTER PRIEST,  
MICHAEL F. LOUKA,

Engineers.

## REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Gentlemen—I herewith submit my report as Sealer of Weights and Measures for the year of 1934.

This report does not show the time and labor spent in performing the duties required, nevertheless, wish to state that it is quite necessary to give considerable time and attention in examining peddlers licenses, checking and weighing the different commodities, testing gasoline pumps, etc. However, I feel confident in stating that all weighing devices in Maynard are in good condition in accordance with the State Laws.

	Adjusted	Sealed
Platform scales over 5,000 lbs. . . . .		3
Platform scales 100 to 5,000 lbs. . . . .		34
Counter 100 lbs. or over . . . . .		3
Counter under 100 lbs. . . . .		40
Beam 100 lbs. or over . . . . .		2
Beam under 100 lbs. . . . .		7
Spring 100 lbs. or over . . . . .		12
Spring under 100 lbs. . . . .		43
Computing under 100 lbs. . . . .		44
Personal weighing slot . . . . .		8
Perscription scales . . . . .		3
Avoirdupois weights . . . . .	4	162
Apothecary weights . . . . .		34
Liquid measures . . . . .		107
Gas pumps . . . . .	2	38

Commodities weighed and found correct . . . . .		300
Received from sealing . . . . .		\$79.83
Received from adjusting . . . . .		.60
Received from Peddlers licenses . . . . .		78.00
Appropriation . . . . .		\$240.00
Total Expenditures . . . . .		224.33
Balance . . . . .	\$	15.67

Respectfully submitted,

WILLIAM H. O'BRIEN,  
Sealer of Weights and Measures.

**REPORT OF INSPECTOR OF ANIMALS**

---

To the Board of Selectmen:

I herewith submit my report for the year of 1934.

Inspected 28 barns, 121 cattle, 1524 swine and 2 goats. I inspected and reported on 9 cows received from out of State. Quarantined 2 dogs and released the same after 14 days.

Respectfully submitted,

JOSIAH M. HERRICK,

Inspector.

---

**REPORT OF FISH AND GAME WARDEN**

To the Board of Selectmen:

I herewith submit my report as Fish and Game Warden for the Town of Maynard for the year, 1934. I responded to all complaints entered against violators of the Fish and Game Laws. I also assisted the District Warden a number of times.

WALTER ANNETT,

Fish and Game Warden.

## REPORT OF MOTH SUPERINTENDENT

---

To the Board of Selectmen:

I hereby submit the report of the Moth Department for the year ending December 31, 1934.

I have sprayed all town shade trees with arsenate of lead as usual.

The underbrush has been removed from Summer Street to the Stow line, also from Concord Street to the Acton line.

There has been quite an increase in the gipsy moth egg clusters the past year, but with the aid of an E.R.A. project for painting the clusters with creosote it is hoped to keep the gypsy moth under control.

JOHN F. CLEARY,

Moth Superintendent.

---

## REPORT OF JOHN A. CROWE PARK SUPERINTENDENT

---

To the Board of Selectmen:

During the year 1934 the grandstand has been painted and roof covered with roofing paper, also new seats placed around the field. Two tennis courts have been made. Rocks and stumps have been removed, also grading in rear of the grandstand for parking space.

This has been done under the E.R.A. at a very small cost to the town. The tennis courts will be equipped and ready for use in 1935.

For a long time the Town has needed a set of power mowers as it has been practically impossible to keep the grass cut by hand. Now there will be a much larger grassed area and the mowers will be needed more than ever. I suggest that the board see what can be done about this.

Respectfully submitted,

JOHN C. BRAYDEN

Supt. John A. Crowe Park

## TOWN ACCOUNTANT'S REPORT

Maynard, Mass., January 31, 1935.

To the Board of Selectmen:

Gentlemen—I submit herewith the annual report of the Town Accountant for the year ending December 31, 1934.

During the year I have audited the books of the Tax Collector and Water Registrar and sent notices to delinquents, checked the Treasurer's cash on hand and verified the Trust Funds in the Treasurer's care.

The Tax Collector completed collections of the 1931 and 1932 Tax levies during the year.

The total uncollected Poll, Old Age and Property Taxes at the end of the year was \$100,966.17 against a total of \$98,478.34 at the end of the year 1933. The Excess and Deficiency account which at the beginning of the year was \$55,767.22 has increased to \$82,952.11.

Cash in the hands of the Treasurer on December 31, 1934 amounted to \$40,908.84 which is \$18,014.06 less than the various obligations due.

At the end of the year 1934 the Town held tax titles amounting to \$3,471.58.

For the year 1934 the total of the amounts appropriated was \$325,433.28. The total of the appropriation estimates for the year 1935 which have been received to date amounts to \$313,632.06.

I wish to remind the heads of all departments that any appointments made by any board or committee must be reported to the Town Accountant in writing giving the name of appointee, position to which appointed, date appointment begins, length of appointment, salary or compensation and specifying any allowance authorized, such as rent of living quarters, travel expense, clerk hire, use of personal automobile, etc.

I would also call attention to the fact that each individual appropriation voted at the Town Meeting must be kept as a separate account. If in doubt about this, please call the Town Accountant.

The co-operation which the members of the various boards have given to the Town Accountant during the past year has been greatly appreciated.

Respectfully submitted,

C. A. STOCKBRIDGE,  
Town Accountant.

TOWN CLERK'S REPORT

For The Year Ending December 31, 1934

---

NOTE

The omission of Town Warrants and records of minor importance in the report of 1933 apparently met with public approval, and in the interest of economy the plan to reduce the report of this office, to less space, is continued.

Information desired, not printed herein, will be courteously supplied upon request to the Town Clerk.

FRANK E. SANDERSON,  
Town Clerk.

**PROCEEDINGS OF TOWN MEETING**  
held February 12, 1934

The Annual Election of Town Officers was held on the above date in accordance with Town Warrant No. 333.

The requirement of the law relating to the preparation of the polling place being complied with, the Moderator, Alfred E. McCleary, called the meeting to order.

On motion of Robert Sheridan it was voted to waive the reading of the warrant.

The following Ballot Clerks and Tellers, appointed by the Selectmen, were sworn by the Town Clerk.

Ballot Clerks

Cornelius J. Callahan, Harold A. Lyons, Walter Priest, Raymond G. Connors, John F. White.

Tellers

Florence Wilcox	Mary McNamara
Alice L. Joyce	Arthur F. Croft
Ernest Wollerscheid	Albert E. Foster
Annie Kilkenney	James H. Mallinson, Sr.
Florence Maley	George A. Jamieson
R. Frank Punch	Hiram Parkin
Anna T. Thane	Inez E. McDonald

The Election Officers later appointed Mary Murphy to act as Teller and she was sworn by the Town Clerk.

The Ballot Clerks signed a receipt for the ballots and duplicate check lists delivered by the Town Clerk.

The Moderator and Town Clerk examined the Ballot Box and set the register at 0000, and the keys were placed in the keeping of Constable Nicholas J. Driscoll, who was in charge of the box during the day.

Moderator Alfred E. McCleary presided and declared the polls open at 6.03 o'clock A.M.

It was voted that the election of minor officers and action under Articles 2 and 3 be postponed until two o'clock P.M.

Moderator McCleary called the meeting to order at two o'clock P.M.

Article 1. The following were nominated and elected.

FENCE VIEWERS

William Naylor . . . . .	
William O. Strout . . . . .	Sworn March 10, 1934
Benjamin C. Brown . . . . .	Sworn March 10, 1934

FIELD DRIVERS

William Bishop . . . . .	Sworn Feb. 13, 1934
Herbert W. Martin . . . . .	Sworn March 1, 1934
John J. Driscoll . . . . .	Sworn March 3, 1934

## SURVEYORS OF LUMBER

Walter R. Whitman . . . . .	Sworn Feb. 24, 1934
Joseph A. Foster . . . . .	Sworn March 9, 1934
Orville P. Tucker . . . . .	Sworn March 9, 1934

## MEASURERS OF WOOD AND BARK

Axel T. Lawson . . . . .	Sworn Feb. 26, 1934
Foster F. Whitney . . . . .	Sworn Feb. 12, 1934
August Lehto . . . . .	Sworn Feb. 15, 1934

Article 2. Voted to accept the reports of the Town Boards and Officers as printed in the "Annual Reports of the Town Officers, including Financial report of the Town Accountant, of the Town of Maynard, Massachusetts, for the year ending December 31, 1933."

Article 3. Voted unanimously that the Treasurer be and hereby is authorized, with the approval of a majority of the Selectment to borrow during the municipal year beginning January 1, 1934, in anticipation of the collection of the taxes such sums of money as may be necessary for the current expenses of the Town, but not to exceed in the aggregate \$150,000.00 giving the notes of the Town therefor, payable within one year after the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year.

At Four o'clock the Polls were closed.

The number of ballots cast was two thousand and seventy-two (2,072).

The number on the Ballot Box Register was Two thousand and seventy-four (2,074), two (2) more than the actual number cast. Constable Driscoll reported that two (2) ballots had caught in the rollers and registered twice before being released.

The number of names checked on the Voting List at the Box and Gate was two thousand and seventy-two (2,072).

The counting began at 7 o'clock A.M. and continued throughout the day, it being the opinion of the Moderator and Town Clerk that it was expedient so to do.

The result was announced at 7 P.M. and was as follows:

## SELECTMEN—ONE YEAR

	Original Count	Amended by Recount

Town Clerk.

February 13, 1934

In accordance with the provisions of Section 19, of Chapter 41, of the General Laws of Massachusetts, I hereby appoint Eleanor Jones, of said Maynard, to be Assistant Town Clerk during the current municipal year, or until this appointment is revoked.

FRANK E. SANDERSON,  
Town Clerk of Maynard.

I, Eleanor Jones, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the town of Maynard.

ELEANOR JONES

Subscribed and sworn to this thirteenth day of February, 1934,  
before me,

FRANK E. SANDERSON,  
Town Clerk of Maynard.

---

PROCEEDINGS OF TOWN MEETING  
held March 19, 1934

---

Pursuant to Town Warrant No. 334, a meeting was held on the above date.

Moderator Alfred E. McCleary presided and called the meeting to order at 7.30 o'clock.

On motion of Charles A. Stockbridge, Voted to waive the reading of the warrant.

Action on the various articles was as follows:

Article 1. Frank C. Sheridan, Chairman of the Committee appointed March 13, 1933, to investigate street lighting asked to be heard later in the meeting rather than under this article. The request was granted

Mr. A. J. Sullivan, Secretary of the Finance Committee then spoke of the death of Mr. Cham Ayotte and of his service to the Town as a member of the Finance Committee, and moved that the meeting arise and stand for a moment in silence in tribute to Mr. Ayotte.

At the sound of the Moderator's gavel the meeting was again seated and proceeded with the business of the evening.

The report of the Finance Committee in printed form, as distributed, was received, and a copy filed with the Town Clerk.

Article 2. Moderator McCleary appointed Joshua Naylor, sworn March 22; Arthur J. Sullivan, sworn March 23; William J. Maley, sworn March 24, members of the Finance Committee for three years.

Article 3. The Moderator read the list of appropriations as recommended by the Finance Committee.

James J. Ledgerd moved that the appropriations for necessary town purposes be made as recommended in the printed report of the Finance Committee.

Joshua Naylor moved to amend the motion by adding \$2,890.44 for material to the amount recommended for highways and bridges, making the amount \$17,427.44 and that it be understood that \$200 for the Assessor's Department, \$294.00 for the Health Department, \$282.02 for the School Department, \$1,100.00 for the Cemetery Department, and \$1,445.00 for the Water Department, which amounts were included in the sums

recommended for these departments was to cover expenditures already made on Civil Works Administration work.

Mr. Sheridan of the Committee appointed March 13, 1933, then gave a verbal report of said Committee. It was voted to accept the report as one of progress and that the Committee still stand.

Mr. Lent, Selectman, moved as an amendment to the amendment, that \$9,000 be appropriated for street lighting and that the Edison Electric Illuminating Company be instructed to supply street lights to said amount.

It was voted to accept the second amendment by Mr. Lent.

Voted to accept the first amendment by Mr. Naylor.

The following appropriations were then voted on the motion of Mr. Ledgard as amended.

Selectmen . . . . .	\$ 3,665.00
Town Accountant . . . . .	800.00

	\$290,493.30

Article 4. On motion of George F. Thane:

Voted that all taxes shall be payable on or before October 15 in the year they are assessed.

On all taxes remaining unpaid after November 1, interest shall be charged at the rate of 6% per annum from October 15 to settlement.

All taxes in excess of \$300.00 remaining unpaid after January 15, 1935 bear interest at 8% on the excess of \$300.00.

Article 5. Acted upon under Article 3.

Article 6. Acted upon under Article 3.

Article 7. Acted upon under Article 3.

Article 8. Acted upon under Article 3.

Article 9. On motion of George H. Gutteridge—Voted that the Town accept the following Cemetery Funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery:

John Webster \$50.00; Anders P. Anderson \$100.00; Joseph Walker \$25.00.

Article 10. On motion of Herbert W. Martin—Voted that the town authorize the Board of Assessors to apply the sum of \$10,000 to be taken from the Sewer Department surplus, to meet

the two sewer notes of \$5,000 each, due in 1934, and thus reduce the amount to be raised by taxes in the year 1934.

Article 11. On motion of James J. Ledgard—Voted that Articles 11-15-20-24 be considered at the same time.

On motion of James J. Ledgard—Voted that the consideration of Articles 11-15-20-24 be referred to a committee consisting of one Selectman, one Water Commissioner, one School Committee member, one member of the Board of Public Welfare and three others, all to be named by the Moderator, with authority to investigate and recommend or otherwise report to an adjournment of the meeting to be held Thursday, March 29, 1934 at 7.30 P.M.

The Moderator appointed the following committee. Selectman, Frank J. McCarron; School Committee Member, James J. Ledgard; Board of Public Welfare Member, Thomas Wright; Water Commissioner, Christopher Wilson, Thomas F. Parker, George H. Gutteridge, and Herbert W. Martin.

Article 12. Acted upon under Article 3.

Article 13. The appropriation called for in this Article was made under Article 3, and on motion of Joshua Naylor—Voted that the Chief of the Fire Department and the Selectmen be a committee to investigate and purchase a suitable truck and equipment.

Article 14. Acted upon under Article 3.

Article 15. Disposed of by vote with Article 11.

Article 16. On motion of Patrick A. McGrath—Voted that the Town direct the Board of Public Welfare to employ a full time manager, at a salary of \$1,300.00 a year, said salary to be paid from the regular appropriation of that department.

Article 17. The appropriation under this article was made under article 3. On motion of Howard A. Wilson—Voted that further consideration of this article be postponed until the adjournment of this meeting already named as March 29.

Article 18. On motion of Donald A. Lent—Voted that a committee of six be appointed by the Moderator, to act with the Selectmen to revise and bring up to date the Town By-laws, and that \$25.00 be appropriated for the expense thereof.

The committee was appointed as follows.

Arthur J. Sullivan, Chairman; Thomas F. Parker, Patrick A. McGrath, William Naylor, James J. Ledgard, Herbert W. Martin.

Article 19. Arthur J. Sullivan moved and it was Voted that the salaries of Town Officers for the year beginning February 12, 1934, with the exception of the Board of Public Welfare, be the same as the salaries paid said officials in 1933.

A motion by James J. Ledgard that the Board of Public Welfare be paid the same salaries as in 1933 was not carried. The decision of the Moderator being doubted, a standing vote was taken, counted by John J. Driscoll, Patrick H. Murphy, William Naylor and James J. Ledgard, who were appointed and sworn by the Moderator, said vote being 39 in favor and 85 opposed.

On motion of William Naylor—Voted that the salary of the Secretary of the Board of Public Welfare for the year beginning February 12, 1934 be \$300. and the salary of the other two members of said board be \$45.00 each.

Article 20. Disposed of with Article 11.

Article 21. Voted that this Article be laid on the table.

Article 22. On motion of Frank Punch—Voted to appropriate \$175.00 for printing a valuation book.

Article 23. On motion of Joshua Naylor—Voted to postpone action until adjournment of March 29.

Article 24. Disposed of with Article 11.

Voted to adjourn until Thursday, March 29, 1934, at 7.30 P. M.

Attest:

FRANK E. SANDERSON,  
Town Clerk.

---

## PROCEEDINGS OF ADJOURNED TOWN MEETING, MARCH 29, 1934

---

Pursuant to adjournment, March 19, 1934, a meeting was held Thursday, March 29, 1934, in Co-operative Hall, at 7.30 P. M.

Moderator Alfred E. McCleary presided.

Article 11. On motion of James J. Ledgard Secretary of the Committee appointed March 19, 1934 to consider Articles 11-15-20 24:—

Voted that the town appropriate the sum of \$3,500. for the building of four foot permanent sidewalks of cement with a heavy base on the streets named in the article. And that the selectmen decide the order in which the pieces be laid. Common labor on said projects to be furnished by F.E.R.A. or the Welfare Department.

Article 15. On motion of James J. Ledgard—Voted to apply \$8,000 from the surplus of the Water Department for replacing small water mains with larger ones, the ordinary labor to be provided by the F.E.R.A. or Welfare Department.

Article 17. An appropriation under this article was voted March 19. No further action was considered necessary and the article was declared already disposed of.

Article 20. On motion of James J. Ledgard—Voted that \$2,000 be appropriated for the school department to purchase materials and tools to carry on projects that will employ F.E.R.A. or Welfare labor.

Article 21. On motion of Emanuel Taylor—Voted to take Article 21 from the table.

On motion of Robert Hartin—Voted to appropriate the sum of \$1,367.00 for the Cemetery Department to purchase and erect a suitable fence beginning at the Town Tomb and extending on Parker Street and Great Road and joining the present wire fence.

Article 23. On motion of James J. Ledgard—Voted that the appropriation of \$2,500.00 for Mill Street Bridge voted under Article 3 still stand, that the same be used for materials, and that the labor used in repairing said bridge be furnished through F.E.R.A. or Welfare Department, the whole matter to be in charge of the Selectmen.

Article 24. Disposed of by action taken under Article 20.

Article 11. On motion of William Naylor—Voted to again take up Article 11.

On motion of Frank J. McCarron—Voted that \$800.00 be transferred from the highway appropriation to the sidewalk project for truck and driver expenses.

The meeting adjourned at 8.45 P. M.

Attest:

FRANK E. SANDERSON,  
Town Clerk.

---

## PROCEEDINGS OF PRE-CONVENTION PRIMARY HELD APRIL 24, 1934

---

In accordance with Town Warrant No. 335 a primary was held on the above date.

The polling place was prepared by the Town Clerk in accordance with the requirements of the General Laws relating to primaries.

Mr. Frank J. McCarron, Chairman of the Board of Selectmen, acted as Presiding Officer and declared the polls open at 4 o'clock P. M. following the reading of the warrant by the Town Clerk.

The following acted as ballot clerks while voting was in progress and after the close of the polls acted as Tellers.

George V. Binns, R. Frank Punch, Thomas J. Lawler, Harold A. Lyons and Albert E. Foster.

All were sworn by the Town Clerk.

Mr. McCarron took charge of the ballot box and held the keys to the same after the register had been set at 0000 and the box known to be empty.

The polls were closed at 8 o'clock.

One hundred and sixty ballots were cast and the register on the ballot box read 160.

## PROCEEDINGS OF TOWN MEETING

Held June 25, 1934

A special Town Meeting was held on the above date in accordance with Town Warrant No. 336.

Moderator Alfred E. McCleary presided and called the meeting to order at 7.30 o'clock P. M.

The Town Clerk read the warrant.

Article 1. The Finance Committee made no report as the Chairman, Mr. Joshua Naylor stated that the warrant had not been submitted to the Committee.

Article 2. On motion of Donald A. Lent—Voted that the action taken on Article 15 at the Town Meeting of March 19, 1934, be rescinded.

Article 3. On motion of Lester F. Cowles—Voted to take from the Water Department surplus the sum of \$8,000.00 to be expended by the Selectmen for the purpose of paying the town's share of E.R.A. projects during the remainder of the year 1934.

Article 4. On motion of Patrick A. McGrath—Voted to take from overlay reserve the amount of \$788.00 to reimburse the Cemetery Department for money already expended from their regular appropriation to make possible the continuance of an E.R.A. project.

Article 5. On motion of Frank J. McCarron—Voted to take from overlay reserve the sum of \$272.00 to reimburse the Street Department for money already expended from their regular appropriation in order to make possible the continuance of an E.R.A. project.

Article 6. On motion of George H. Gutteridge—Voted that the town accept the following Cemetery Funds: the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery: Alice M. Cardow \$100, Matilda Laakkonen \$50, George H. Hart \$100, Kate Pyrro \$100, John J. Ketola \$100, Neils Peter Olsen \$100, Rasmus Lund \$100.

Article 7. On motion of Robert E. Hartin—Voted that the town transfer the sum of \$1,367.00 from the "Sale of Lots and Graves Fund" to be expended by the Cemetery Department to purchase and erect a suitable fence, beginning at the Town Tomb and extending along Parker Street and Great Road and joining the present wire fence.

Article 8. On motion of William Naylor—Voted that the Sewer Commissioners be authorized to extend the sewer on Summer Street, 1,350 feet and that \$3,500.00 be taken from the Sewer Department Surplus for this purpose, and that tax payers who are in arrears in their taxes shall be employed if their work is satisfactory to the Sewer Department, the rate of pay for labor on said sewer extension to be the same as on E.R.A. projects.

Article 9. On motion of John H. Murray—Voted to lay this article on the table. 57 in favor 35 opposed. The vote was counted by Charles A. Stockbridge, R. Frank Punch and Patrick A. McGrath after they had been sworn by the Moderator.

Article 10. On motion of Geroge F. Thane— Voted to appropriate the sum of \$500.00 to cover the cost of advertising and sale of property and recording of deeds, expenses necessary to the conduct of business in the office of the Tax Collector.

The meeting adjourned at 8.45 P. M.

Attest:

FRANK E. SANDERSON,  
Town Clerk.

---

**PROCEEDINGS OF TOWN MEETING**  
**Held August 20, 1934**

---

A special town meeting was held on the above date in accordance with Town Warrant No. 337.

Moderator Alfred E. McCleary presided.

The warrant was read by the Town Clerk at 7.30 o'clock P. M.

Article 1. Joshua Naylor, Chairman of the Finance Committee gave a verbal report for said committee, naming their recommendations on the several articles.

Article 2. On motion of Donald A. Lent—Voted to appropriate \$788.00 to reimburse the Cemetery Department for money expended from their regular appropriation to make possible the continuance of an E.R.A. project.

Article 3. On motion of Frank J. McCarron—Voted to appropriate \$272.00 to reimburse the Street Department for money expended from their regular appropriation to make possible the continuance of an E.R.A. project.

Article 4. On motion of Patrick H. Murphy—Voted to appropriate \$8,000.00 for temporary aid.

Article 5. On motion of Patrick H. Murphy—Voted to appropriate \$1,000.00 for Old age assistance.

Article 6. On motion of Donald A. Lent as amended by Joshua Naylor—Voted that the Moderator appoint a committee of seven, to investigate regarding the purchase of property at 141 and 143 Main Street, said committee to report and present plans to a subsequent town meeting.

Committee appointed: Frank J. McCarron, Donald A. Lent, Patrick A. McGrath, Ernest Johnson, Fred W. Taylor, Walter R. Whitman, Christopher Wilson.

Article 7. On motion of William Naylor—Voted to take from Water Department surplus the sum of \$1,200.00 for Water Department Maintenance.

Article 8. On motion of William Naylor—Voted that \$2000.00 from the Water Department Surplus be applied for the use of the Water Department, to investigate the possible ground water supplies or and to investigate the improvement of the present supply.

Article 9. On motion of Lucius H. Maynard—Voted to reconsider the action taken under Article 8, at a special Town Meeting held June 25, 1934.

On motion of William Naylor—Voted that \$491.31 be taken from the Sewer Department Surplus to defray the expenses of the Summer Street Sewer Extension to the present time.

On motion of William Naylor—Voted that the Sewer Department be authorized to extend the sewer on Summer Street 850 feet to property of Ernest Johnson, and that \$2,000.00 from the Sewer Department Surplus be taken for this purpose. All labor employed in this extension shall be taken from property owners, who are in arrears in their taxes, so far as practicable. Fifty per cent (50%) of all wages thus paid shall be applied to taxes.

The meeting adjourned at 8.30 o'clock P. M.

Attest:

FRANK E. SANDERSON,  
Town Clerk.

## PROCEEDINGS OF TOWN MEETING

Held September 10, 1934

In accordance with Town Warrant No. 338 a special Town Meeting was held at Co-operative Hall on the above date.

Moderator Alfred E. McCleary presided.

The warrant was read by the Town Clerk when the meeting was called to order at 7.30 o'clock P. M.

Article 1. No reports were made, or heard under this article.

Article 2. A motion offered by James J. Ledgard with amendments by John H. Murray and Lester F. Cowles, was passed as follows.

Voted that the care and management of the Alumni Field (so called) be transferred to a committee of three, which three shall be the three members of the Board of Selectmen, said committee to have control of said Alumni Field during the continuation of E.R.A. work thereon.

Article 3. The Moderator appointed George H. Merrick, William Naylor, Patrick H. Murphy and Patrick A. McGrath tellers to count a standing vote taken under this article.

They were sworn by the Moderator.

On motion of James J. Ledgard as amended by John H. Murray it was—Voted 109 in favor and 4 opposed, to transfer \$2,000.00, from the School Department to the Selectmen for E.R.A work on Alumni Field.

It was voted on motion of Patrick A. McGrath, to act on Article 5, before Article 4.

Article 5. On motion of William Naylor as amended by Herbert W. Martin and R. Frank Punch—Voted that the Sewer Commissioners be authorized to construct a Sewer Main extension to serve property on Front Street, so called, provided the property owners on said street secure the Town the right to construct and maintain said Sewer Main extension and that \$1,200. of the Sewer Department surplus be applied for this purpose, the work to be done as an E.R.A. project if possible.

Article 4. Donald A. Lent read a report of the committee appointed August 20th to investigate the proposed purchase of the Middlesex and Assabet House on Main Street. Said report recommended the purchase of said property and was received and filed with the Town Clerk.

On motion of the Town Clerk—Voted that the report be accepted as one of progress, that the committee be continued with instructions to prepare a proper article for a subsequent Town

Meeting, by which the Town may act with respect to the purchase of the property in question.

At 9.40 the meeting adjourned.

Attest:

FRANK E. SANDERSON,  
Town Clerk.

---

## PROCEEDINGS OF STATE PRIMARY

September 20, 1934

---

The voters of Maynard cast their ballots on the above date in accordance with the warrant, No. 339, issued by the Selectmen.

Frank J. McCarron, Chairman of Selectman, acted as presiding officer.

The polling place was prepared by the Town Clerk prior to the time set for opening the polls, the requirements of the General Laws relating to primaries being fully observed.

The polls were opened at 2.02 P. M. following the reading of the warrant by the Town Clerk.

R. Frank Punch, Robert L. Sheridan, Harland V. Larkin, Agnes V. Driscoll and Marion L. Jones, appointed by the Selectmen to act as Ballot Clerks were sworn by the Town Clerk.

The box was examined and found to be empty, the register set at 0000 and the Presiding Officer took charge of the same, the keys were also in his charge.

The following Tellers appointed by the Selectmen were sworn by the Town Clerk.

Thomas Smith,	Alice L. Joyce,
Arthur Frank Croft,	Fred C. Elson,
Frank Hayward,	Michael J. Nee,
William J. Smith,	Albert E. Foster.

At 4 o'clock P. M. the Presiding Officer and the Town Clerk deemed it advisable to take ballots from the box and begin counting.

Counting proceeded during the polling of ballots. The polls closed at eight o'clock P. M.

The number of ballots cast was 983, of which 652 were Democrat and 331 Republican.

Both check lists showed the number of names checked as having voted, 652 Democrat and 331 Republican.

The indicator on the ballot box read 984 one more than the number actually voted.

The result was announced at 10.50 o'clock P. M. as follows.

## PROCEEDINGS OF TOWN MEETING

October 15, 1934

---

A special Town Meeting was held on the above date in accordance with Town Warrant No. 340.

Moderator Alfred E. McCleary presided.

The Town Clerk read the warrant at 7.30.

Article 1. Donald A. Lent, gave a verbal report for the committee on Assabet and Middlesex investigation, and stated that the committee again recommended the purchase of the property.

On motion of Patrick A. McGrath—Voted to accept the report as one of progress.

Article 2. On motion of Patrick A. McGrath—Voted that the Town acquire by purchase, for a sum not exceeding three thousand six hundred ninety dollars, (\$3690) for a town office building or any other lawful municipal purpose, a certain tract of land with the building thereon, known as the Assabet and Middlesex house; being lot 4 on a Plan showing Land and Buildings in Maynard, Mass., owned by Textile Realty Co. John Franklin, C.E., dated May 1934, and filed with Middlesex South District Deeds, to which plan reference may be had for a more particular description; and that there be appropriated the sum of three thousand six hundred ninety dollars (\$3690) and to meet said appropriation the sum of \$1600.00 be transferred from the Water Department Surplus and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow a sum not to exceed \$2100.00 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Chapter 44 of the General Laws and other acts in addition thereto and amendment thereof, so that the whole loan shall be paid in not more than six years from the date of the issue of the first bond or note or at such earlier date as the Treasurer and Selectmen may determine.

Article 3. On motion of Wm. Naylor—Voted to pass over this article.

Article 4. On motion of Ernest Mariano—Voted that this article be laid on the table.

Article 5. On motion of Lester F. Cowles—Voted that a committee of seven be appointed by the Selectmen to act as stated in Article 5, and report at a future town meeting.

The meeting adjourned at 8.20 o'clock P. M.

Attest: FRANK E. SANDERSON,  
Town Clerk.

## QUESTION NO. 1

LAW SUBMITTED UPON REFERENDUM AFTER  
PASSAGE

Shall a law described as follows:—

This law amends General Laws, chapter 131, as previously amended, by repealing section 105A thereof and adding thereto three new sections, 105B, 105C, and 114A.

Section 105B provides that whoever uses any trap or other device for capture of fur bearing animals, which is not designed to kill such animal at once or to take it unhurt and which is likely to cause continued suffering to an animal caught therein, shall be fined fifty dollars, but traps or other devices for protection of property, set not more than fifty yards from any building, cultivated plot, or enclosures used for rearing poultry or game birds, to the use of which the presence of vermin may be detrimental, are excluded from the application of this section.

Section 105C provides for the submission to the voters at a municipal election in any city or town upon petition, of the question of whether the operation of section 105B shall be suspended or if it has been already suspended, of the question whether it shall again be operative in such city or town.

Section 114A provides that the Commissioner of Conservation may suspend the operation of section 105B for a period not exceeding thirty days within any specified territory under the control of his department.

The law also provides for the submission, by the selectmen to the voters at a special town meeting in the current year, upon petition, of the question as to whether the provisions of section 104B shall be suspended in any town; **and which was approved by both branches of the General Court by vote not recorded, be approved?**

Attest:

FRANK E. SANDERSON,  
Town Clerk.

Hudson, Mass.,  
November 16, 1934.

We, the Town Clerks of Stow, Boxborough, Hudson and Maynard, comprising the Tenth Middlesex District, met this day according to law and canvassed the returns of votes cast in said district on the sixth day of November 1934, for Representative in the General Court from said District, and find the votes so cast were as follows:

	Frank C. Sheridan	Avery W. Steele	Blanks
Stow.....	105	305	25
Boxborough.....	38	114	6
Hudson.....	1538	1151	131
Maynard.....	1664	626	126
Total.....	3345	2196	288

FRANCIS W. WARREN,  
Town Clerk of Stow.

THOMAS A. STEELE,  
Town Clerk of Boxborough.

G. WOODBURY PARKER,  
Town Clerk of Hudson.

FRANK E. SANDERSON,  
Town Clerk of Maynard.

A true copy,

Attest:

FRANK E. SANDERSON,  
Town Clerk.

**PROCEEDINGS OF TOWN MEETING**  
**Held December 10, 1934**

---

A special town meeting was held in Co-operative Hall on the above date.

Moderator Alfred E. McCleary presided. The meeting was called to order at 7.30 P. M. and the warrant was read by the Town Clerk.

Article 1. Arthur J. Sullivan of the Finance Committee stated that members of the said committee had met with the Selectmen and discussed the articles of the warrant and suggested that the meeting dissolve itself into a committee of the whole for the consideration of the various matters included in the warrant. Mr. Sullivan also stated for the committee on revision of By-laws that several meetings had been held and that later a public meeting would be held by said committee.

Article 2. On motion of Arthur J. Sullivan—Voted to go into a committee of the whole for the discussion of the various articles of the warrant.

Moderator McCleary acted as chairman of the Committee and after some thirty minutes of discussion the committee voted to arise.

The Moderator then called for action under Article 2.

On motion of John H. Murray—Voted 66 in favor, 27 opposed to pass over this article.

Tellers appointed by the Moderator who counted the vote were: R. Frank Punch, Patrick A. McGrath, Benjamin C. Brown and John H. Murray. They were sworn by the Moderator.

Article 3. On motion of Patrick A. McGrath as amended by Joshua Naylor it was Voted unanimously That the Town acquire by purchase, for a sum not exceeding \$3,700.00, for a Town Office Building or any other lawful municipal purpose, a certain tract of land with the building thereon, known as the Assabet and Middlesex House; being lot 4 on a Plan showing Land and Buildings in Maynard, Mass., dated May 1934, John Franklin C. E., owned by the Textile Realty Co., and filed with Middlesex South District Deeds; and that there be appropriated the sum of \$3,700.00, and to meet said appropriation the sum of \$3,700.00 be taken from the Water Department Surplus.

Article 4. On motion of Benjamin C. Brown—Voted to lay this Article on the table.

The meeting adjourned at 8.30 o'clock.

Attest:

FRANK E. SANDERSON,  
Town Clerk.

## **Important Request**

---

**Please notify the Town Clerk immediately of any error or omission in the following List of Births.**

**Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.**

## NOTICE

**All dog licenses here listed expire March 31, 1935.**

**Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.**

**The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.**

**No tax bills are sent to owners of dogs.**

FRANK E. SANDERSON,

Town Clerk

## REPORT OF THE BOARD OF REGISTRARS OF VOTERS

To the Board of Selectmen:

Gentlemen—In accordance with your request, the Board of Registrars of Voters submit the following report.

At the beginning of the year, the voting list contained 2,625 names (1,439 men, 1,186 women). Eight sessions for registration were held at which 347 names were added and 141 removed.

December 31, 1934, the total registration was 2,831, (1,559 men, 1,272 women).

February 17, 1934, the Registrars recounted the votes cast at the Town Election for Selectmen and Board of Public Welfare. November 17th, the State Election Ballots for Senator, Congressman, County Commissioner and Clerk of Court were recounted at a twelve hour session of the Board, and December 11th the Secretary of State vote was recounted.

The findings of the Board on each case were filed in the office of the Town Clerk.

Five sessions were held for the certification of State Primary Nominations and several additional for the purpose of certifying signers of nominations for candidates for Town Offices. Approximately 1,600 signers were certified.

The new voting lists for the State Election in November contained over 300 changes, and it is anticipated that owing to the large number of changes in address, the work of 1935 in the preparation of the lists will be considerably increased. The 1935 appropriation necessary for this department will be slightly less than one half of the amount required in 1934, due to no Primaries or Election every second year.

Respectfully submitted,

JOHN C. BRAYDEN,  
THOMAS USHER,  
MICHAEL J. NEE,  
FRANK E. SANDERSON,

Board of Registrars of Voters.

GEORGE F. THANE,

Tax Collector.

---

REPORT OF TREE WARDEN

---

To the Board of Selectmen:

I herewith submit my report for the year 1934.

During the early Summer this Department did the necessary trimming of trees on the highways. A large tree was removed from the center of the sidewalk on Concord St.

A dozen maple trees were planted to replace trees that were dead and had been removed.

Appropriation . . . . .	\$200.00
Expended . . . . .	200.00

Respectfully submitted,

WILLIAM BISHOP,

Tree Warden.

## ASSESSORS' REPORT

To the Citizens of the Town of Maynard:

Greetings—During the year 1934 the Assessors made up the Tax Warrant as is necessary for the conducting of the Town's business. The rate per thousand valuation was increased \$4.25, from \$35.75 to \$40.00 owing to the increase in the Town expenditures and also to the lessened returns. Along with this, the surplus accounts have been taxed to the limit by appropriations being made from them so that the expenditures would not come from taxation. To do this, the citizens are only being disillusioned as the smaller balance of surplus which may be taken to reduce the burden of the succeeding year, the more the rate of taxation in that year. The only way we have of reducing the rate of taxation at the present time is to reduce the amount of the expenditures.

In 1935 the tax warrant will be made up in May and after that time Departments being short in the amount of their appropriations will have to get their financing from the excess placed in the hands of the Finance Committee, from some surplus account, or stop operations.

During 1934 the Assessors made a certified copy of the Town's valuation book for the Department of Taxation as required each third year by Statute. They also made up a valuation book which was printed and a copy of which may be secured from the Assessors office or from the Town Clerk.

Immediately after closing the warrants for the year 1934 the Assessors had to prepare for the 1935 canvas as the assessment date has been advanced from April 1, to January 1.

ITEMS USED IN MAKING UP THE TAX WARRANTS  
RECAPITULATION OF CHARGES AND CREDITS

CHARGES

Town Appropriations.....	\$284,111.61	
Maturing Debt.....	30,200.00

Respectfully submitted,

HERBERT W. MARTIN,  
ALBERT J. MOYNIHAN,  
GEORGE STOCKWELL,

Assessors.

REPORT OF BOARD OF PUBLIC WELFARE  
and BUREAU OF OLD AGE ASSISTANCE

---

To the Citizens of Maynard:

We have added a full time agent in the person of Mr. P. H. Murphy to take full charge of the relief as dispensed by this department. Having had previous experience, he has carried on well, as we expected he would, and he has our full co-operation.

Our expenses for this year are considerably less, due in part, to better conditions in the mill and the help we have received from the Government through the C.W.A. and the E.R.A. Without this help, this town would be in a very bad way. Besides employing from 100 to 175 persons throughout the year, they have furnished the town with large quantities of roast beef, butter, cheese, potatoes, veal, rice, cabbage, flour, cereals, lard and pork, also considerable wood taken from the town land through an E.R.A. project, which has been a great saving. The sewing project, which has been continued throughout the year, has given us vast quantities of bed clothing and wearing apparel for men, women and children—another big saving. A farm project was carried on again this year which employed several men throughout the Summer and gave us large quantities of potatoes, beans, tomatoes, cabbage, turnips, beets and carrots. A canning project to take care of garden produce gave us 12,200 cans of tomatoes and beans. All this farm produce will carry us through the Winter.

One can readily see that the items listed above have been a big saving to the town. The total expense to this department through all these projects has been in the neighborhood of \$1200.00, which includes distribution, etc. A cold cellar has been built as a project at the town farm which will take care of all the produce from the garden and the Government.

Another project is going through at this time which will put the house at the town farm in good condition and will include carpentering, plumbing and wiring. We have spent \$967.00 out of this year's appropriation for the materials; labor for this project to be furnished by the E.R.A. at no cost to the town.

The present situation of this town, as we see it, is not any too bright. We ask the citizens to give serious thought in getting some new industry into the Town of Maynard. Here are some of the thoughts that come to us: If Government aid ceases, it will be impossible for those now working on the various projects to secure work, thus throwing untold numbers on this board for relief. Would it be possible by buying used material to erect a two or three story building which would employ 200 or 300 people, at a nominal cost? We are of the opinion that this could be put through as a Government project at a very low cost to the town. One thing is certain, no new industry can come to Maynard with-

out a place in which to operate. They certainly would not build one of their own. Various cities and towns are holding out all kinds of offerings, including free taxes for a certain number of years, free buildings, etc. We ask you to please give this serious thought.

We have handled 315 cases during the year, which includes 8 Mother's Aid, 30 Old Age Assistance, and 12 cases at Tewksbury. At this time we are caring for 74 Temporary Aid cases, 8 Mother's Aid cases, 28 Old Age Assistance cases. We have one case boarding at Marlboro, one at Newton, and we have 18 cases with Maynard settlements being taken care of in other cities and towns.

We would like to draw the attention of the citizens to the matter of actual cost for this department. If you will turn to the Town Accountant's report under the heading of Departmental Revenue for the year 1933, you will see that Maynard received in credits (that means money returned from the State and other cities and towns) the sum of \$19,706.28. This amount subtracted from our total appropriation for 1933 reduces the actual cost for the year the amount of this credit. For the year 1934, we have actually spent close to \$49,000. Out of this amount close to \$10,000 was spent on State cases and other cities and towns, where we will receive full credit, and on Mother's Aid and Old Age Assistance, where we will receive 1-3 credit from the State. Our actual expenses for the year will be a little less than \$39,000.00.

New laws are to be brought up for consideration this year that we hope will favor the Town of Maynard as well as other cities and towns throughout the State, and which will bring about a new order of things. One of these statutes, if enacted, will do away with all settlements. Another will give 25% reimbursement on all cases handled by this Board, settlements to be ignored. We feel favorably towards both of these statutes inasmuch as all small towns will be benefitted.

We wish to thank the various societies in town and all others who, in any way, helped to relieve the burden of those who were in need.

This Board appreciates the co-operation it has received from Mr. Templeton at the local mill, who has yet to refuse any reasonable request, also of Mr. Hall, at the Powder Mills, who so generously arranged for the use of the land for the municipal garden. We also appreciate the co-operation we have received from the E.R.A. Administrator.

Respectfully submitted,

THOMAS WRIGHT, Chairman,  
WILLIAM P. SCULLY, Secretary,  
WILLIAM J. SMITH.

## REPORT OF BOARD OF HEALTH

To the Citizens of Maynard:—

The Board of Health submits the following report for the year ending December 31, 1934.

Realizing that health is an important factor in the life of both the individual and the community, the Board has striven to improve conditions so that Maynard now ranks as one of the most healthy towns in the State.

With the exception of tuberculosis, the percentage rate of communicable diseases to general health has been exceptionally small. Additional work in the fight against tuberculosis has been planned for 1935. The generous co-operation of Donald A. Lent, E.R.A. Administrator, was of considerable aid to the Board in securing several projects which proved both successful and healthful, at a small cost to the town.

Chief among these projects taken in order are:—

The important Diphtheria Immunization Clinics which were held as a means to check and stamp out this dreaded disease of small children.

A Health Survey, which when finished will give a complete review and statistics of the town, is now in progress. Nutritionists claim this to be one of the most important health undertakings ever to be held. E.R.A. funds for this project amounted to \$745.00 while the cost to the town was but \$38.00.

The river banks and beds have been freed of filth and made sanitary and now add to the appearance of the town. It gave work to a number of men for 24 weeks with E.R.A. funds of \$3,600.00.

A project for improving the town public dump, including the breaking up of old autos, has been finished.

The office equipment has been brought up to date and a community health project of a nurse and clerk has been granted with E.R.A. funds of \$390.00 and cost to the town, exclusive of the office equipment which can always be of use, was \$30.00.

New laws have been enacted and now the Board is held responsible for physician's care in cases of rabies for service and treatment up to \$50.00.

The board promises that it will continue its fight for a healthy community at as low expenditures as possible in the future.

We ask all the townspeople to aid in making it a healthy 1935 by the cleaning of rubbish from river banks, vacant lots, and by any other act that might safeguard the health of their fellow citizens.

The Board thanks the citizens, E.R.A. officials, physicians, nurses, Finance Committee, Public Health Association, Red Cross and School authorities for their co-operation.

Following is a list of communicable diseases reported to the Board during the past year:

Measles . . . . .	8
Whooping Cough . . . . .	3
Scarlet Fever . . . . .	3
Suppurative Conjunctivitis . . . . .	1
Tuberculosis . . . . .	7
Dog Bite . . . . .	1
Lobar Pneumonia . . . . .	1
Chicken Pox . . . . .	1

Respectfully submitted,

LESTER F. COWLES,  
JOHN W. SAARELA,  
FRANK D. MOYNIHAN,  
Board of Health.

## MAYNARD PUBLIC HEALTH ASSOCIATION

---

To the Board of Selectmen:

Annual report of Nurse for year ending December 31, 1934.

Number of patients visited . . . . .	316
Association nursing visits . . . . .	470
Free nursing visits . . . . .	70
Public Welfare cases visited . . . . .	102
John Hancock Insurance Calls . . . . .	150
Metropolitan Insurance Calls . . . . .	580
Total calls . . . . .	<hr style="width: 10%; margin-left: auto; margin-right: 0;"/> 1372

There were 40 well baby conferences held during the year and 200 babies were seen at these conferences. I have also been able to co-operate with the Public Welfare Department and the E.R.A. organization in giving a good deal of time and effort to insure the success of the recent Diphtheria Immunization Clinic where over 350 children were treated and in distributing layettes, clothing and supplies to over 100 needy families during the year.

MARY A. WARD, R. N.

---

During the month of August while Miss Ward was on her vacation, Miss Mary Sheridan, R.N., served as a substitute. The Association greatly appreciates the work of Miss Ward and realizes that the town by its appropriation of \$1,000.00 to her salary likewise shares in this appreciation.

GRACE L. MERRICK,

Secretary.

REPORT OF THE WATER COMMISSIONERS

---

To the Board of Selectmen,  
Maynard, Mass.

Gentlemen:

The report of the Water Commissioners together with the report of the Superintendent and Registrar, for the year ending December 31, 1934, is herewith submitted.

The work of cutting brush on the west side of White Pond was continued from last year and a considerable area was cleared. On this clearing 13,500 pine trees were planted. On the east side of the pond a project for clearing dead wood and brush is now going on, all of this work being done under the F.E.R.A. We have agreed to release to the State for a State Forest such parcels of land as do not border the pond.

The six inch main on Parker St. was extended for about eight hundred feet (800 Ft). under a C.W.A. project.

The winter of 1933-1934 was an especially cold season so that the expenses for repairing frozen pipes and meters were very high.

After an investigation made by the State Department of Health during the summer we were advised to put in a chlorinator.

While two thousand dollars (\$2000.00) was appropriated for an investigation of a ground water supply, we have not done much with this as yet. On the information we have received it does not appear possible to obtain such a supply within the town limits.

At the appropriation meeting in March, eight thousand dollars (\$8000.00) was appropriated from the surplus funds of the Water Department to replace small mains with larger ones using Welfare and C.W.A. labor, but at a later town meeting this amount was transferred for C.W.A. purposes.

At a joint meeting with the Sewer Committee in April we were informed that the Superintendent of Sewers had resigned and a suggestion was made that the Superintendent of the Water Department take charge of both departments. After consulting our Superintendent on this proposal it was agreed that Mr. Naylor, Superintendent of the Water Department, should take charge of both departments with the same salary as heretofore. The understanding is that the Sewer Department pay \$42.00 a month and the Water Department to pay \$116.00 a month. It is also understood that the Superintendent should hire such clerical help as is necessary.

We are pleased to report that we have secured the remaining piece of land bordering on White Pond.

There has been expended this year for maintenance \$11,136.27 and for main extensions \$868.11. We are asking for \$12,035.00 for our department for the coming year.

Respectfully submitted,

GAVIN TAYLOR,  
JAMES C. MAHONEY  
CHRISTOPHER WILSON,  
Water Commissioners.

---

### SUPERINTENDENT'S REPORT

---

To the Board of Water Commissioners:

Gentlemen:

My report as Superintendent and Registrar of the Water Department including the report of the Engineer, for the year ending December 31, 1934 is herewith submitted.

The water in the pond has been well over the intake pipe during the year.

The work under the C.W.A. of clearing the brush and dead wood which was begun last Fall has been completed this year and 13,500 white pine trees have been set out in this area. An F.E.R.A project for clearing brush and dead wood on the opposite side of the pond has been carried on since Fall. A project to clean up the shores of the pond has also been in progress.

No work has been done on the line from the pond to the wells at the Pumping Station this year. The receiving wells at the Pumping Station have been cleaned several times during the year.

The drain from the sink and toilet which was close to the round well and laid with open joints has been relaid a good distance from the well and the joints cemented. The drains to carry the water from the gutters were all relaid.

A new hard wood floor was laid in the Pump Room. The sink and toilet have been moved, and some painting has been done under a C.W.A. project.

Owing to the cold weather of last winter when many pipes were frozen and burst in the ground and a lot of faucets were allowed to run to keep the water from freezing an extra large amount of water has been consumed this year.

This is the second year of operation for the Diesel Plant and shows a considerable saving. The saving in the cost of fuel over the cost of coal for the steam plant is about \$1000.00.

The Chlorinator which was installed at the request of the State Board of Health has been very satisfactory.

The grass was cut from the banks of the reservoir and the fence repaired in several places.

Under a C.W.A. project 850 feet of six inch water main was laid on Parker St. and two hydrants were placed. A hydrant was placed on Mill St. near the bridge. The hydrant at the corner of Main St. and Naylor Court was broken.

Five new services have been put in, making the number now in use fourteen hundred and eighty-five (1485). Thirteen service leaks in the streets have been repaired; Forty-seven services have been repaired; Twenty-nine services were thawed out and forty-nine have been cleaned.

Four meters have been added to those now in use, making a total of fourteen hundred and fifty-one (1451). Four hundred and eight-four (484) meters have been repaired.

In regard to the ground water supply, which we have been investigating, though extensive tests have not been made, the Engineer's opinion is that no adequate supply can be produced at a reasonable cost. I suggest a study of a new line from the pond to determine whether a gravity line or a pumping line is the most economical.

Your kind co-operation during the year has been greatly appreciated.

Respectfully submitted,

WILLIAM NAYLOR,

Superintendent.

---

## REPORT OF THE ENGINEER

---

To the Superintendent of the Water Department:

Sir—Early in the year a man from the Winton Engine Co. spent a day at the Pumping Station assisting in taking the cylinder heads off for inspection and to grind in the valves. At this time all the pistons were taken out, cleaned, and inspected. The engine has given very good service during the year. From some cause oil has been running over the fly-wheel from the shaft, so the engine company has sent us new parts to stop this oil from running out. These will be installed in the Spring.

There is on hand 3200 gallons of fuel oil, 30 gallons of lubricating oil and 8 pounds of packing. The following pumping record is taken from the Venturi Meter and the meter which registers the amount of cooling water used for the engine.

### PUMPING RECORD

<i>Month</i>	<i>Gallons Fuel Oil</i>	<i>Gallons Water</i>
January . . . . .	720	9,413,225
February . . . . .	720	9,759,200

March . . . . .	875	11,402,375
April . . . . .	925	11,891,087
May . . . . .	931	12,105,975
June . . . . .	908	10,965,625
July . . . . .	1021	12,439,715
August . . . . .	901	10,430,700
September . . . . .	747	8,868,025
October . . . . .	712	9,000,900
November . . . . .	693	8,475,900
December . . . . .	704	8,907,900
Totals	9,857	123,660,627
Oil for heating . . . . .	1,233	

Average daily consumption, 338,796.26 gallons.

Average daily consumption for each person, figured on 6,500 persons, 52.12 gallons.

ORRIN R. BOSWORTH,  
Engineer.

### REPORT OF THE REGISTRAR

Received:		
Flat Rates . . . . .	\$ 171.75	
Meter Rates . . . . .	18,629.99	
Service connections and miscellaneous . . . . .	452.33	
Total . . . . .		\$ 19,254.07
Paid treasurer . . . . .		19,254.07
Uncollected December 31, 1934.		
Flat rates . . . . .	\$ 98.60	
Meter rates . . . . .	8,647.02	
Sundry accounts . . . . .	307.83	
Total . . . . .		\$9,053.45

WILLIAM NAYLOR,  
Registrar.

## REPORT OF SEWER COMMISSIONERS

---

To the Board of Selectmen:

Gentlemen—We herewith submit the fifth annual report of the Sewer Commissioners, for the year ending December 31, 1934.

In April our Superintendent Edwin Carlton resigned, and in a joint meeting with the Water Commissioners it was decided that Mr. Naylor, Superintendent of the Water Department should manage both departments. It was therefore agreed that the Sewer Department would pay a portion of the superintendent's salary, namely Forty-two dollars (\$42.00) a month and that the Water Department would pay the remainder One Hundred Sixteen Dollars (\$116.00) a month, making the superintendent's salary the same as before. We found this worked satisfactory and have entered into the same agreement for 1935, the sewer department to pay Mr. Naylor Seventy-three dollars and thirty-three cents a month (\$73.33), the Water Department to pay Eighty-four dollars and sixty-seven cents (\$84.67) a month.

We are sorry to lose the services of Mr. Carlton but it seemed to be for his best interests to accept the position which had been offered to him.

Mr. Harold Lyons resigned from the Board of Sewer Commissioners in April, and Mr. Fred Elson was appointed to take his place.

We are pleased to report that fifty-five additional house connections have been made this year.

There were two applications for sewer extensions: one on Summer St. for a distance of about eight hundred feet to the house of Mr. Ernest Johnson, 110 Summer St., which was laid; the other on Front St., which was not laid, because the land owners have not given the commissioners proper releases to lay the pipe on private land. Appropriations for both of these extensions were made and we are ready to put in the Front St. sewer whenever the property owners give us proper releases.

The work under the C.W.A. project of cutting out brush and wood on the property around the Filter Plant was completed this year.

The road from Concord St. leading to the Disposal Plant should be put in a permanent condition and a project for that has been placed with the E.R.A.

Although we do not advocate it at this time, we are of the belief that at some future time a small bridge should be built across the Assabet River so that it will be possible to go from the Disposal Plant to the Pumping Station on Powder Mill Road.

The report of the Superintendent will show in detail the schedule of work carried out during the past year.

We recommend the following appropriations for the year 1935:  
 Sewer Maintenance.....\$ 2,808.00  
 Sewer House Connections..... 1,600.00

Respectfully submitted,

THOMAS H. TIERNEY,  
 ALEX J. BOURKE,  
 FRED C. ELSON,

Sewer Commissioners.

---

## REPORT OF SUPERINTENDENT OF SEWERS

---

To the Sewer Commissioners:

Gentlemen—The annual report of the Superintendent of Sewers for the year ending December 31, 1934 is herewith submitted.

At the time of my appointment as superintendent of this department in April there were several applications for house connections. During the summer we have been busy with these and the Summer St. extension.

The maintenance of the Pumping Plant and Disposal Plant has been in charge of the same operator as during the past four years. Samples of sewage from different parts of the plant have been sent to the State Department of Public Health regularly. At the Pumping Station the Ammeter has been repaired. At the Disposal Plant the stand pipes for washing out the tanks have been replaced by yard hydrants so that the four inch main does not have to be shut off in cold weather. All the iron frames and covers at the Pumping Station and Disposal Plant have been painted to prevent them from rusting.

*House Connections.* The number of house connections made during 1934 was 55. The number of house connections made up to the end of 1933 was 306, making a total to the close of this year of 361.

House connections installed.....	55
Linear feet of pipe laid.....	2,786
Average length per connection.....	50.65 ft.
Average cost per connection.....\$	36.64

---

## LOCATION OF INSTALLATIONS 1934

Street	No. Conn.	Street	No. Conn.
Acton.....	2	Pleasant.....	5
Bent Ave.....	1	Powder Mill Road.....	3

Brooks . . . . .	5	River . . . . .	1
Concord . . . . .	2	Railroad . . . . .	1
Elm . . . . .	1	Randall . . . . .	1
Glendale . . . . .	1	Sudbury . . . . .	7
Harriman Court . . . . .	2	Summer . . . . .	5
Main . . . . .	5	Thompson . . . . .	1
Maple . . . . .	2	Tremont . . . . .	1
Mill . . . . .	1	Walnut . . . . .	2
Nason . . . . .	1	Waltham . . . . .	1
Park . . . . .	2	Warren . . . . .	2
		Total . . . . .	55

*Summer Street Extension.*

An extension of the main sewer on Summer St. of 740 feet was made to the house of Ernest Johnson, 110 Summer St., costing to the present time \$1,597.71. Four connections were made to this new line by the property owners.

An appropriation of \$1,200.00 was made for the Front St. sewer which will be available whenever the property owners give the department proper releases or the town makes it a public way.

Sewage flow as indicated by the recording ammeter at the pumping station on Powder Mill Road is

Total flow from January to December, 1934 . . . . .	29,429,600 gallons
Monthly average . . . . .	2,452,467 gallons
Daily average . . . . .	80,629 gallons

I wish to thank the commissioners for their co-operation during the year.

Respectfully submitted,

WILLIAM NAYLOR,  
Superintendent.

## REPORT OF CEMETERY COMMISSIONERS

To the Board of Selectmen:

The annual report of the Cemetery Commissioners is herewith submitted.

Since our last report the new section of Glenwood Cemetery, adjoining Great Road and St. Bridget's Cemetery, has been developed from an unsightly mass of underbrush into a beautiful landscape.

While there still remains much to be accomplished, 225 lots have been completed, representing a value of \$11,250.00. There are also three circular plots, laid out in accordance with the topographical survey, which add much to the appearance of this new section. The construction work includes one main Avenue twenty-five feet in width and eleven avenues, sixteen feet wide.

In addition to this, the section of the cemetery extending from the Town Tomb to Great Road has been completed and enclosed with four hundred feet of iron fence. This has made fifty-three more lots available, ten of which have already been sold. It has been necessary to construct two catch basins in order to drain the surface water efficiently.

During the rainy weather 500 cement posts have been manufactured by the cemetery employees and one-half of them placed upon lots to correspond with the cemetery plan. We hope eventually to have every lot numbered in this manner.

An E.R.A. project is now underway which consists of the construction of a road around the swampy portion. When this is completed it will be the first step toward preparation for dredging the swamp and thereby creating a miniature lake which will further beautify the cemetery grounds.

It is with deep sorrow that we record the demise on January 20, 1935 of our fellow-commissioner Clifford C. Cheney. Mr. Cheney had served the town in the capacity of Cemetery Commissioner for a period of six years and had always been conscientious in the performance of his duties. His kindly counsel and untiring efforts for the improvement of the cemetery placed him high in the esteem of his associates.

Respectfully submitted,

A. E. DUNHAM,  
R. E. HARTIN,

Cemetery Commissioners.

REPORT OF LIBRARY TRUSTEES

---

To the Trustees of the Maynard Public Library and Citizens:

I herewith submit my report for the year 1934:

The library has had a most successful year. Success here is measured as much by the assistance which we can render to those in quest of knowledge, as by the amount of our circulation. We have borrowed a large number of books from the Division of Public Libraries as well as from other Libraries through the Inter-library loan. Among the libraries which have so helped us are Concord, Hudson, Marlboro, Mass. Institute of Technology, Boston Public Library, Watertown, Cambridge and Waltham. From the Division of Public Libraries we have had collections of books for the Finnish and the Polish people in their native languages. These people are most appreciative of this service.

Early in the year, through a civil works project, five young women were sent here to assist in repairing books and typing cards and book lists. A large number of index cards were typed to replace those which were soiled and worn, having been in use since 1917. This was the outstanding work done here by the C.W.A.

More money is needed to buy books, as the past years have taken their toll here to an appalling degree. I would suggest that as soon as conditions permit, an increase in our appropriation be requested.

We purchased a new Webster's dictionary, thereby bringing our reference works up to date. At the request of some of the teachers, a collection of Perry Pictures was added and may be borrowed by the teachers.

In the purchase of books I have tried to keep in mind the requirements of our schools but with limited resources it is difficult to make much progress.

We are indebted for gifts of books to Rev. and Mrs. Preston R. Crowell, The National Publishing Company for six volumes, Esther P. Lovejoy and C. S. Scribner's.

With deep appreciation of the kind cooperation of the trustees and assistants I respectfully submit this report.

MARY E. MOYNIHAN,

Librarian.

Books in Library, January 1, 1934.....	7,772

Respectfully submitted,

NELLIE C. MAY,

ROBERT LESTER, *Secretary*,

JOHN E. HANNON,

Trustees Maynard Public Library.

## REPORT OF THE TRUSTEES OF THE MEMORIAL PARK

---

To the Citizens of Maynard:

We take pleasure in submitting for your approval our annual report as Trustees of the Memorial Park.

The Memorial Day and Christmas decorations were provided as in the past.

A small amount of fertilizer was used necessitating an extra expenditure for this purpose in the near future.

In accordance with a unanimous vote of the Trustees, a Comfort Station was erected in the Park financed in part by the E.R.A. The Federal funds thus secured for this work materially lessened the cost of Welfare to the Town. In the near future the Sewer and Water connections will be made and the building will be available for use.

It has been suggested that a library of field stone be built in the Park facing Summer Street. If the Federal funds can be procured for this project it would again lessen the Welfare expenditure.

The Supt., Mr. Cleary, continues his good work and interest in the Park.

We shall be pleased at all times to receive suggestions for improvements that will add to the beauty and usefulness of the Park.

Respectfully submitted,

FRANK J. McCARRON,  
 MISS ALICE NAGLE,  
 MRS. ALICE HOWE,  
 WILLIAM GUTTERIDGE,  
 LEO WHITE,  
 WILLIAM BRINDLEY.

## REPORT OF FINANCE COMMITTEE

---

To the Board of Selectmen:

Since the special report made to the Town previous to the March, 1934 meeting, the Finance Committee have held eleven meetings to act on requests of the several departments which needed additional funds for emergency expenses.

These transfers were made from the Reserve Fund to the several departments as follows:—

Fire Department . . . . .	\$160.25
Sewer Department . . . . .	400.00
Police Department . . . . .	345.62
School Department . . . . .	1,200.00
Water Department . . . . .	359.38
Selectmen . . . . .	1,059.27
	\$3,524.52

On January 31st we have received the budgets for 1935. We will not make recommendations on these budgets until we compare the expenditures of the several departments in 1934. We will then give the estimated receipts and expenditures for 1935 and make our recommendations based on what we feel the taxpayers can afford.

The sum of \$400.00 transferred to E.R.A. was for the purpose of furnishing material so that the weekly payroll from that source could be continued.

All requests for transfers were granted this year as the requests were for needed items that could not be anticipated at the time original budgets were submitted.

Respectfully,

(Signed)

JOSHUA NAYLOR, *Chairman*,  
 ARTHUR J. SULLIVAN, *Sec.*,  
 JOHN H. MURRAY,  
 HAROLD J. MORGAN,  
 CHAS. M. LERER,  
 WM. J. MALEY,  
 JACOB LAURILA.  
 Finance Committee.

## TOWN WARRANT

## COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said  
County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, March 4, 1935, next at 7:30 P. M. then and there to act on the following articles:

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To fill all Town Offices.

Article 3. To see if the Town will vote to appropriate and grant all money necessary for the maintenance of Town Departments. To do or act thereon.

	<i>Finance Committee recommends . . . . .</i>	4,000.00
26.	School Department . . . . .	89,418.10
	<i>Finance Committee recommends:</i>	
	<i>The Budget as submitted to the Finance Committee by the School Department calls for an appropriation for this department of \$89,418.10. We would point out that this figure does not include the 10% increase voted to other town employees. To take care of this increase, an additional \$7,816.00 would be needed, making a total of \$97,334.10. As the School Committee has made no request for the additional amount, we make no recommendation, but feel that no discrimination should be shown against any town employees in the matter of salary increase.</i>	
27.	Public Library (and Dog Tax): . . . . .	3,150.00
	<i>Finance Committee recommends (and Dog Tax) . . . . .</i>	3,150.00

## REPORT OF THE MAYNARD SCHOOL COMMITTEE

---

To the Citizens of Maynard:

The report of the School Committee is usually a grouping of figures and comments on routine matters and we are appending the compilations together with the more important parts of the supervisors' reports.

The most troublesome part of school administration during the last year has been the matter of salaries. The committee wish to present its stand and attitude to the citizens of the town and to hear from them, especially the home owners, who are the ones who pay the bills.

During the latter part of 1934 a petition, signed by the entire personnel of the department, was presented to the committee. The petition asked for the restoration of the pre-depression salaries. The committee did not believe the increase should be granted at that time and so voted.

A second communication has lately been received from a committee of the Teachers' Association calling attention to the fact that the voters at a meeting held early in January had instructed all departments to increase salaries and wages as of January 15th, and asking the increase be given the teachers. The belief seems to be prevalent that an organized minority of voters can call meetings at any time and instruct the elected officers of the town on matters of policy and finance. This is not so. The School Committee, as elected by the town, are public officers and are in charge of the school department and no meeting or vote of such meeting has authority to instruct the committee on matters pertaining to the conduct or finance of that department.

We do not believe our teachers are overpaid nor are they badly underpaid. The minimum pay for beginners is twenty-five dollars a week, and it is a fact that most of the teachers who are local young women earn more than the heads of their families. It is also reasonable to assume that teachers who come here from other towns get better treatment from Maynard than they could get at home or they would not remain here.

We believe that half the taxes in Maynard are paid by the home owners, already overburdened by the fifty per cent increase in the rate, due mostly to welfare costs, and that no further load should be put on them at this time. An increase of ten per cent on all wages and salaries to town employees would increase the taxes more than two dollars a thousand. This should not be put on the bill of the home owner until he has had a few more months of steady employment. We believe the town employees who have had shelter and regular paying positions during the depression

should wait for their increase until the home owner, who is their paymaster, is better able to stand the burden of it. If this opinion is not supported by the tax payer he must expect to foot the bill.

Respectfully submitted,

JAMES J. LEDGARD, Chairman,  
EDWARD G. MacPHERSON,  
OSWALD C. DRECHSLER.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Committee of Maynard:

I present for your consideration the Annual Report of the Superintendent of Schools for the year 1934.

The social unrest through which our country has been passing in recent years has served to throw the spotlight more directly upon our public schools. Such scrutiny will create criticism. However, so long as these criticisms are constructive, they will be helpful.

During a time of depression the public schools comprise an industry which is active. The business of educating our young people is more important and the demand for social adjustment is greater.

The school enrollment October 1, 1934 was 1436. This enrollment is 47 less than that of October 1, 1933. Five vacancies have occurred during the year. There are five less teachers employed now than in 1931.

The school attendance during the past year has averaged approximately ninety-six percent. This percentage compares favorably with that of other towns of the state.

There have been few cases of serious contagious diseases. We believe the work of our local health department, school nurse and school physician has done much to improve the health of our children. The work of teachers and janitors has also helped in bringing about this general improvement.

The curriculum offered in each grade has been given much thought and consideration. The outlines for the studies in the high school are based on excellent textbooks and those in use in other high schools.

The Music Supervisor was employed for full time for the year 1934-1935. The new schedule gives each grade twenty-five minutes per week of the supervisor's time. The junior high school receives ten periods of instruction and the senior high three periods per week. The superintendent wishes to make a favorable report on the work of the new Music Supervisor.

The Supervisor of Art teaches thirty minutes every other week in the first six grades, eight classes each week in the junior high and the balance of her time is taken by the senior high school. The work of the Art Department is excellent and is well planned.

The supervision of the school work is divided between the superintendent and his assistant. Miss Doyle supervises the work of the first eight grades and the superintendent supervises the work of the high school teachers.

There are differences of opinion between the supervisors and the teachers but these differences are of a professional nature and have not interfered with the good work of the teachers. Both

supervisors and teachers have as an aim, the progress of the pupils in their work.

The supervision of pupils by the teachers at all times during school hours is very important. Here is an opportunity for the teachers to extend their influence for the good of the pupils. The superintendent objects to a teacher leaving a class unsupervised except when it is absolutely necessary.

The employees of the school department as a whole are a most deserving group as far as financial recompense is concerned. I hope that in the near future that conditions will warrant the return of pay cuts put into effect in April 1932.

The citizens of Maynard should feel proud of the fact that they have maintained their school system intact during such a long period of depression.

Respectfully submitted,

JAMES P. KING,

Superintendent of Schools.

### \*SUPERVISION OF GRADE SCHOOLS

Since September I have given an average of two tests in the major subjects in all grades above the second. It is very interesting to check the progress made by individual children over a period of three years. After studying many cases I have felt that it was fair to conclude that when a child failed in two or more tests in which the grade average of one hundred twenty children was normal, he was not capable of doing the work of the grade and should not be given a passing mark on his report card.

As yet we have not used an arbitrary scale of promotion from the first grade. It is very difficult to convince parents that yearly promotion isn't always the best for every child. It takes many children six to eight months to adjust themselves to school routine. They begin in April to grasp the work and then they are promoted to the second grade. They are not ready for second grade work. The progress is too rapid for them to comprehend thoroughly. Consequently they are below average for their school career.

A few years ago the purchase of work books was considered a fad and an extravagance. This idea is no longer justified. Work-books for the major subjects cost very little more than a year's supply of paper for an individual pupil in the given subject. Besides being a time saver for the teacher and pupil, they are of immeasurable value in teaching the children to follow written direction. In the classes using workbooks, there has been an improvement in their work.

We are facing a problem which must be solved very soon. There are enrolled in the primary grades approximately fifteen children between the ages of eight and twelve who need special

attention. Some are non-readers, others are non-spellers, while some have no number concept. I have been aware of this condition for the past two years. My recommendation of the assigning of certain children to special teachers for two hours per day was for the purpose of experimenting with the personal theory that if an apparently normal child was given concentrated drill on a specific weakness, he would be able to carry on the work of his grade. The results have been satisfactory. The children who had the benefit of this experiment last year are now doing the work of the grade.

For this reason I feel justified in asking you to consider the naming of a full time helping teacher with successful experience in the first three grades. If children could get a thorough foundation in the primary grades, it would eliminate many failures in the upper grades. I do not recommend the opening of a special class. However, the fact that we have four double grades in the town at the present time makes it probable that we will have an increase of such problems within a few years and some provision should be made for them.

Before June I hope with the good will and co-operation of the grade teachers we can reorganize and rewrite the courses of study. We have already rewritten the courses of study of the first, fourth, fifth and sixth grades.

\*Note: Extracts from the full report of Mary A. Doyle, Assistant to Supt. of Schools.

## \*THE JUNIOR HIGH SCHOOL

---

At the beginning of the year changes were made in the program of studies whereby the time given to English was increased. The problem of sufficient drill material in Arithmetic was solved with the purchase of work books for both grades.

In the planning of any program of studies, education should be considered as divided into three parts—physical development, mental development and moral development. We have in prisons men who have a wonderful physical development, men of keen minds and well read, yet we do not call them educated in the truest sense of the work because they lack moral development. Hardly a day passes that I am not struck with the realization of the need Maynard has of a place where purposeful activities can be provided to replace the nonsense so prevalent in society today. The taxpayers of Maynard have and at a great sacrifice for many individuals, provided for the mental development of their children. The provision made for the physical and moral development of the children is far from adequate. Two periods a week are given to physical education. The boys and girls are in the same class. Activities within the interest of boys of junior high school age are too strenuous for girls of the same age. Interests of girls of this age are not sufficient to care for the excess energy of the boys of the group. There is need in the town for a leader of girls. A woman or group of women who will give their time to a project which will serve the interests of all girls between the ages of thirteen and seventeen. The courses in practical Arts and Character Training are only foundations. Each teacher in the Junior High School is endeavoring by club work, to do her part in creating interests for leisure time by giving time after school one night each week for the development of hobbies which might lead to worthy use of leisure time. The leisure time of the youth is a problem confronting society today. It must be provided for or there will be a moral and social breakdown for those who will be looked upon as society of the future.

The only major repairs I recommend to your consideration are as follows. The repair of the walk in front of the building adjacent to the building and the removal of the two poplar trees which are close to the building. They have grown to such a size that they are shading the classrooms on the front side of the building.

At this time I wish to commend Mr. Mahoney for his efforts in keeping the building clean and well heated. Few people are cognizant of the important part the janitor plays in the up-keep of the school buildings as well as in the health and well being of the children.

The teachers of Literature wish to express their appreciation of the co-operation which they have received from the local librarian, Mrs. Moynihan.

\*Note: Extract from full report of Mary A. Doyle, Junior High School Principal.

---

### \*SUPERVISION OF PHYSICAL EDUCATION

---

The Physical Education program in the grade schools for the past year has been carried on entirely out-of-doors. In the fall the boys have been drilled in tag football to develop the fundamentals of football. The girls are drilled in varieties of kick ball, which develops muscle control and endurance. In the spring ball games are played; these games tend toward skill and team work. The aim of the grade school work is to develop team play, discipline, fair play, brain and muscle control.

The girls had a very successful season in field hockey. First and second teams were formed, each having a schedule, thus giving a larger number of girls the opportunity. Varsity players were awarded their official "M's" and the second team members were awarded crossed hockey sticks.

Baseball and track are sponsored by the school in the spring. The baseball team is entered again in the Midland and Middlesex Leagues. Participation in both leagues means a larger number of games to be played, but as there are no local recreational centers to take the boys' leisure time, we feel that the cost of a few extra games is money well spent.

There will be track meets at Alumni Field this year for the first time, and we hope that the public will attend these events. We have had a team in the past, but all contests were held out of town. Besides the varsity track events, an interclass meet for boys and girls will be held.

Number of boys and girls who took part in athletics the past year.

Boys	
Football.....	40
Inter-school basketball.....	70
Inter-class basketball.....	39
Track.....	35
Baseball.....	20
Girls	
Field hockey.....	50
Inter-class basketball.....	37

### \*SUPERVISION OF MUSIC

Every child should have an opportunity to learn to appreciate the best in music. It is my aim to help every child love good music, sing it, play it, and hear it. We hear music about us in many forms but if one has not been taught to appreciate the highest type of music he is missing much beauty and joy. We are anxious that each child will enjoy the richness of music throughout his entire life.

In the grades a thorough technical background in the reading of music is given. This is continued and developed further in Jr. High School, resulting in part singing from both the Treble and Bass clefs. From the first grade the children are taught the essentials of note reading. They advance to chromatics, time signatures, key signatures, and, in grades five and six, to the development of two-part singing.

Rhythm bands have been started in all the primary grades. This is splendid drill in developing a sense of time and rhythm. The youngsters are eager for their band period.

Two choruses have been formed in the Senior High School. One consists of Freshmen and Sophomores and another of Juniors and Seniors. These groups are doing splendidly and, I believe, are receiving inspiration from their choral singing.

In the Senior High School we have an orchestra of eighteen members. The players are very conscientious and their response and co-operation at rehearsals is gratifying. The Junior High School has an orchestra of ten pieces. Some of the members are now taking lessons and it is urged that others continue in order to advance and reap the joy of achievement.

Glee Club work is always inspiring as it enlists the enthusiasm of those most interested in music. A fine Glee Club of mixed voices is rehearsing weekly in the Junior High School. This group will sing at assemblies during the year. We also have a Glee Club of girls which includes a number of our good singers. Many fine voices in the Senior High School are being noted for special Glee Club training. Being a member of such a club affords one a rare opportunity for intensive practice in part singing. Such training creates accuracy, knowledge, and joy in the work.

---

### HEALTH SUPERVISION

The full report of Dr. R. E. Hooper, School Physician and that of Edith Foster, School Nurse, are on file in the Office of the Superintendent of Schools.

Beside the regular routine, two clinics were held at the Roosevelt, Coolidge and Wilson Schools on December 14th and 21st as

a Board of Health E.R.A. project. Diphtheria toxin anti-toxin was given to three hundred children by Dr. R. E. Hooper, School Physician, assisted by Miss Ward, District Nurse, Miss Sofka, R.N., and Miss Foster, School Nurse.

Defects Found By Examiner	No. Cases Found	Notices Sent Home	Cases Treated Since Last Exam.
Teeth . . . . .	605	605	713
Tonsils . . . . .	241	241	118
Glands . . . . .	57	57

E. E. HOOPER, School Physician,  
E. B. FOSTER, School Nurse.

## REPORT OF SCHOOL DENTAL CLINIC

This is the fifth yearly report of the Dental Clinics which have been held two mornings a week by Dr. Palmer, Dr. May, Dr. Bellows and Dr. Garland.

One of the first friendships that every child should make outside of his family is with the dentist. It should be renewed often. So often that the child will look forward to visiting the dentist.

Tooth decay is the most common disease among children.

Much pain and sickness could be avoided by frequent visits to the dentist.

## Record of Treatments

Number treated . . . . .	713
Number of fillings . . . . .	218
Number of extractions . . . . .	332
Number of cleanings . . . . .	174

EDITH B. FOSTER, School Nurse.

## REPORT OF THE HIGH SCHOOL PRINCIPAL

---

To the School Committee of Maynard:

Educators agree that our high schools should aim to train our young people to become good citizens. Opinions will differ as to what constitutes good citizenship, but I believe that it is a person who gives more to society than he takes from it. In other words, one who does more good than he does harm to society will make the better citizen.

The mere dissemination of knowledge is dangerous in that knowledge may be used for harmful purposes as well as for those that are beneficial.

A study of high school subjects will show that each subject has one or more specific values which are listed below.

1. Disciplinary—(Mental Training).
2. Cultural—(Knowledge used in the acquirement of more knowledge).
3. Practical—(Direct application in every day life).
4. Character training.

The influences of environment exerted upon our young people will largely determine their character. The home, the church and the school can be powerful influences for good. The time spent under other influences is also important. The aim of the school is to keep the pupils employed in worthwhile endeavor, to require proper conduct, help in the successful operation of the school and its activities with the hope that these young people will become good citizens.

### TEACHERS

Maynard is fortunate in having many capable teachers in its high school. Teachers blessed with excellent personalities and expert in the educational field to which they have been assigned.

These teachers have been successful in preparing pupils for employment and for other institutions of learning.

### ACTIVITIES

Pupils have presented several one act plays and have taken part in programs for assemblies. The *Screech Owl* Staff has successfully published two excellent editions of the school paper. Art and Practical Arts departments held their annual exhibit in May.

Our athletic teams in football, baseball and track have met keen competition with schools of our size and larger. While not producing a championship team this past year, Maynard has taken its share of victories. During the past two years the teams have been financed without a loss.

## ENROLLMENT OCTOBER 26, 1934

The enrollment, which is at its high point (488) will remain high for at least two more years.

Classes	1938	1937	1936	1935	P. G.
Boys.....	76	72	61	55	1
Girls.....	69	55	55	42	2
Total.....	145	127	116	97	3

## SELECTION OF COURSES

	Commercial	College	General	Practical	Arts
Freshmen.....	66	31	20		28
Sophomores.....	75	25			27
Juniors.....	58	20	38		
Seniors.....	41	14	42		
Post-Graduate....	1	2			
Total.....	241	92	100		55

## TEACHING LOAD

Sixteen teachers carry the teaching load of the four hundred eighty-eight pupils. This means that each teacher, on the average, has five classes of thirty pupils and two study rooms daily.

## GRADUATES CONTINUING EDUCATION

Many graduates are continuing their education in other schools. The list below gives the names of graduates who have been accepted for admission since our last report:

## CLASS OF 1934

Richard Archer	Worcester Academy
Guido Carbone	Mass. School of Art
John Fayton	Worcester Academy
Frances Fearn	Boston University
Florence Hastings	Damon Hall School
John Jaskiewicz	Worcester Trade School
James King	Lawrence Academy
Stanley Loika	Boston University
Julia May	St. Elizabeth's Hospital
John O'Leary	Worcester Academy
Bertha Sneek	Mass. General Hospital
Walter Sweeney	Fordham College
Ernest Tannuzzo	Wentworth School
Hilja Tuikka	Waltham Hospital

## CLASS OF 1933

Oiva Hintsa	Northeastern University
Kalervo Kansanniva	State Normal College, Fitchburg
John Murphy	Curry School of Expression
Willis Stockbridge	Northeastern University

## CLASS OF 1931

Saimi Keto	Boston University
------------	-------------------

## SPECIAL DUTIES OF TEACHERS

1934-1935

Mr. A. Lerer	Submaster, Football Coach
Mr. Kennedy	Head of Commercial Department
Miss Butterworth	Dean of Girls
Miss Wilson	Adviser, Class of 1935
*Miss Finn	Adviser, Class of 1936
Miss Bradley	Adviser, Class of 1937
Miss Cassone	Adviser, Class of 1938
Miss Field	School Publication
Mr. Sawyer	Faculty Manager of Athletics
Mr. Manty	Track Coach
Miss Pasakarnis	Art
Miss Jeffries	Music

\*Succeeded by Mr. Mullin January 2, 1935.

## GRADUATION EXERCISES OF THE CLASS OF 1934

## PROGRAM

- Class Processional
- Invocation  
Rev. Matthew A. Vance
- “Hark The Vesper Hymn”  
“Charm Me To Sleep”  
Chorus (a capella)  
*Russian Air*  
*Subian Folk Song*
- Address of Welcome  
Frances Fearn
- Essay—“The Need of An Ideal”  
Mabel Palmer
- “Hungarian Dance No. 7”  
Orchestra  
*Brahms*
- Essay—“The Art of Advertising”  
William Wasiuk
- Reading—“At the Crossroads”  
Julia May  
*Richard Hovey*
- Violin Solo—“Romance”  
Martha Koski  
*Wieniowski*
- Essay—“Knowing Our Neighborhood”  
Walter Sweeney
- Honor Essay—“Voluntary Vagaries”  
Dorothy Glickman
- “Carmelina”  
Chorus  
*Gaines*
- Reading—“The House of Life”  
Florence Hastings  
*Madison Carwein*
- Honor Essay—“Senior Sentiments”  
Bertha Sneek
- Presentation of Class Gift  
James Malcolm
- Acceptance of Class Gift  
Robert Duggan
- Presentation of American Legion Medals  
Representative of the Frank J. Demars Post

Presentation of Diplomas

James J. Ledgard, Chairman, Maynard School Committee

Class Song

Words by Dorothy Glickman

Music by Hilja Tuikka

"Young America March"

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils.
