Report of the Board of Selectmen

To the Citizens of Maynard:

The Board of Selectmen respectfully submit for your consideration the Annual Reports of the Town Officers and Committees for the year 1954.

The past year we were able to enlarge our parking area in the rear of Memorial Park by taking title to additional land, the purchase of which was authorized by the Town Meeting in 1953. Further improvement of our parking areas will continue this coming year, and we hope eventually to connect the area on Summer Street with the one in the rear of the First National Stores by taking a small strip of park land.

The establishment of new industries in the mill property has been one of the bright spots of the year 1954. New companies continue to come and the industrial future of Maynard looks bright.

In 1954 the Town Meetings approved the biggest building program ever undertaken by Maynard. A new Police and Fire Station was approved and is now under construction. A much needed High School Gymnasium and a new Grade School are now out for bids and will be constructed soon. A committee is now studying the possibility of erecting a new Town Office building and Library at the site of the burned out Wilson School.

We wish to thank all boards and committees for their cooperation and assistance during the year.

Respectfully submitted,

LEO F. MULLIN
EMILE A. DUMAS
JOHN MITZCAVITCH

Report of Civil Defense Agency

January 11, 1955.

Board of Selectmen
Gentlemen:

The following is a report of the Civil Defense Agency for the period ending December 31, 1954.

Several months elapsed between the untimely death of Mr. Williams and the appointment of the present Director. The present Director was appointed in July of 1954 and a great deal of time has been spent in reviewing files and making an inventory of supplies and equipment. The administrative work of the organization has been brought up to date but many volunteers are needed to fill the personnel quota of the various units.

On December 13, 1954, a joint meeting of the Concord and Maynard Civil Defense units was held at the Armory in Concord. This meeting was attended by the Directors of the Concord and Maynard Civil Defense Agencies, the Maynard Board of Selectmen and other town officials. The Concord communications system was explained in detail and demonstrated. It was the opinion of those present that a system such as this should be set up in Maynard.

The Auxiliary Police headed by Captain William J. Stades consists of twenty-six trained and equipped men. At the present time there are vacancies for four Auxiliary Policemen. These vacancies will be filled in the very near future and the unit will have a full complement of thirty men. A total of 308 man hours were worked by the Auxiliary police during the year 1954. These hours were used in the two hurricanes, fires and various other details as assigned by the members of the Board of Selectmen and the Chief of Police.

At the present time the Air Raid Warden branch of CDA is drastically undermanned but we hope that in the very near future this condition will be rectified.

Mr. Walter V. Moynihan, a professional newspaper man, has been appointed Deputy Director of Public Relations and will conduct a sustained publicity campaign by releasing copy to the local newspapers periodically. The news releases will contain information about Civil Defense as it progresses and will point out the strong and weak points and the needs of the local unit.

Civil Defense is planning a long range communications system which is first on the agenda for 1955. We are also planning an extensive drive for new volunteers. A first aid course is being set up early in 1955 for enlisted personnel. Three persons from this first course will act as instructors for future courses. It is our earnest hope and intention to have several first aid courses during 1955.

The Civil Defense Agency wishes to thank the Board of Selectmen and the other town officials for the excellent co-operation received during 1954.

Respectfully submitted,

DONALD A. MacGLASHING,
Director.

Report of the Rent Control Board

To the Board of Selectmen:

The Rent Control Board has functioned this year along the lines of the first year of operation.

There have been about 75 petitions for increases in rents; twelve inquiries on decontrols; 5 evictions by order of attorney, 10 consultations at the office and varied telephone inquiries.

Jeremiah Lynch and Charles Manty appointed to the Board when it was first set up resigned and your Board appointed Mrs. Agnes Rizzo and Mrs. Fernande Smith to the vacancies. Theodore Lowney has served as the Chairman.

Unless the State Legislature continues Rent Controls, Controls stand to go out in March of this year.

THEODORE LOWNEY, Chairman,
WILLIAM NAYLOR,
ANTHONY WARSEWICZ,
AGNES RIZZO,
FERNANDE SMITH,
Rent Control Board.

Report of Chief of Police

To the Honorable Board of Selectmen:

As Acting Chief of Police, I hereby submit the annual report of the Police Department for the year ending December 31, 1954.

The following crimes against persons, property and public order were prosecuted and disposed of:

Assault and Battery	5
Assault, indecent	1
Begetting	1
Concealed Weapon	1
Drunkenness	110
Driving while intoxicated	14
Default	4
Non-support	8
Parking Meter Violation	17
Speeding and other Motor Vehicle Violations	9
Suspicious person	1
Vagrancy	1
Violation of Probation	1
Total	173

In behalf of this department, I extend our appreciation to the Board of Selectmen, all Town Departments, and all persons who have given their cooperation in helping us to fulfill that purpose for which the Police Department is organized.

Respectfully submitted,

I. MATTI TERVO,
Acting Chief of Police.

Report of Dog Officer

I herewith submit my report as Dog Officer.

21 dogs brought in and were destroyed after six days.

6 dogs were quarantined on suspicion of rabies. After 14 days they were returned.

I want to thank the Chief of Police and his Officers for their assistance.

JOSIAH M. HERRICK.

Report of Inspector of Animals and Slaughtering

I herewith submit my report as Inspector of Animals and Slaughtering for the year 1954.

No Slaughtering 1954.

6 barns and 33 cows, 8 heifers, 2 bulls, 2 horses.

The barns were clean and animals were free from mange and other diseases.

135 pigs free from disease.

JOSIAH M. HERRICK.

Report of Sealer of Weights and Measures

The Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report as Sealer of Weights and Measures for the year of 1954.

In submitting my report I wish to state that at the close of the year all the weighing devices and measures examined by me were in good condition and all complaints received by this department were properly investigated and disposed of in accordance with the law.

In conclusion I wish to thank the merchants, the Director of Standards and Necessaries of Life for the wonderful co-operation they have given me.

Scales over 10,000 lbs.	3
Scales 100 to 5,000 lbs.	26
Scales under 100 lbs.	72
Weights	90
Liquid Meas. 1 gal. or under	33
Meters 1 inch or less	55
Vehicle Tank Meter System	11
Other Measuring Devices	5

Fees received from Sealing by previous Sealers \$12.50

Fees received from Sealing by myself 176.50

Appropriation 500.00

Expenditures 386.57

The fees collected by me for the nine months of 1954 were paid to Town treasurer on December 16, 1954.

Respectfully submitted,

ANTHONY WARSEWICZ,
Sealer of Weights and Measures.

Report of Municipal Building Committee

To the Board of Selectmen:

The Municipal Building Committee successfully sponsored an Article in the Special Town Meeting on April 26, 1954, to erect a Fire and Police Station on land owned by the Town at the junction of Summer and Acton Streets. The appropriation was \$122,000.00.

When the bids were opened it was found that they were over the appropriation and it was therefore necessary to go to the Town Meeting again and ask for \$44,000.00 additional. This sum was appropriated and the building is now under construction. We feel that the building will fill a long felt need and will be a worthwhile addition to our town.

At the Special Town Meeting held on April 26, 1954, the Municipal Building Committee was instructed to investigate the burned out Wilson School and to make recommendations to a future town meeting. The committee plans to recommend to the town that a municipal building and library be erected on the site.

Respectfully submitted,

LEO F. MULLIN, Chairman,
ERNEST MARIANO,
WILLIAM NAYLOR,
DAVID L. PALLIAN,
R. FRANK PUNCH,
HAROLD R. WILCOX.

Report of Board of Fire Engineers

To the Honorable Board of Selectmen:

We herewith submit our report for the Fire Department for the year 1954.

The town has been presented with a new fire hazard this year. The introduction of natural gas in our public gas lines has developed a new danger as already clearly demonstrated by the explosion and fire at Colbert Avenue.

It is apparent at this time that a leak of this nature which allows the gas to escape and pass through gravel or sand may well cause the odor of the gas to diminish so that its presence cannot be detected by smell. This new gas is odorless until an odorant is added by mechanical means which can be removed by mechanical means. We believe that this occurred on Colbert Avenue.

Our investigation reveals that there was a break in the gas pipe and that the gas did seep through gravel and that the occupants did not detect the odor of gas in the house. They were troubled with sore eyes and throat for no apparent cause. It would seem that if all the occupants of dwellings are suffering from sore eyes and throats without apparent cause, care should be taken immediately to determine whether or not gas is present.

We have procured a gas meter to determine this. The meter is strictly for emergency purposes and if it indicates any possibility of gas being present, the gas company will be alerted.

Our other fire problems remain constant. We find the usual number of oil stove fires and again caution all citizens to employ qualified mechanics to regulate the stoves and particularly to call the mechanics to fix them if trouble is suspected. The failure to do this results in fatal fires. They appear daily in our newspapers.

The Town Dump has been well managed by the Public Works Department. Our calls to the dump have dropped sharply.

The radio network which was established two years ago has been expanded by the admission of the Concord Fire Department. It has worked to the mutual satisfaction of all towns on numerous occasions this year.

Our new schedule of hours and men has been put into operation and is working well. Confusion arose over the interpretation of the by-law relative to vacation periods and it was deemed necessary that a substitute be used to bring the required number of men on duty at all times up to three.

Our budget calls for replacement of hose. This is in keeping with the policy established by us to replace all hose destroyed during the year, to keep our hose supply constant and to avoid large expenditure for hose at irregular intervals. The average life of our hose is about 20 years.

The equipment appears to be in good order. Minor repairs have been made when needed and the hose reel on Engine 1 had to be replaced during the year.

No new fire alarm boxes have been added. When the new station is occupied we will be in a position to re-code our boxes to cover more locations as an automatic alarm machine is to be installed.

The list of calls appears below.

Respectfully submitted,

PHILIP A. WILSON,
MARTIN GRUBER,
HENRY MARIANI,
Board of Engineers.

Number of calls	159
Box alarms	14
Chimney fires	3
Oil burner fires	12
Building fires	17
Grass or brush fires	42
Out of town calls	9
Out of town aid to us	4
Air raids	1
Resuscitator calls	6
Car fires	7
Gas fires	4
Dump fires	12
No service calls	36
False alarms	1

Feet of hose laid:

2½"	10,950
1½"	2,050
1⅛" and booster	25,450
Assessed value of buildings in major fires	\$11,600.00
Estimated value of worth of buildings ..	\$42,000.00
Estimated loss of buildings	\$32,300.00
Insurance on these fires	\$12,150.00

PHILIP A. WILSON,
HENRY MARIANI,
MARTIN GRUBER,
Board of Fire Engineers.

Town Clerk's Report

For the year ending December 31, 1954

Proceedings of Town Election

Held March 1, 1954

The annual Town Election was held in George Washington Auditorium on the above date in accordance with Town Warrant No. 451.

Polls were declared open at 8:00 o'clock A. M. by Moderator Philip Wilson, after it was voted to waive the reading of the warrant.

Prior to opening the meeting, the ballot boxes were examined by the Moderator and Town Clerk, found to be empty, the registers were set at zero and then locked and the keys put in the custody of the election officers in charge of the boxes.

The following Ballot Clerks, appointed by the Board of Selectmen, were sworn by the Town Clerk.

Francis A. Brayden	Edward J. Costello
Evelyn M. Mulcahy	Irving G. Dart
Helen M. Gilleney	Martha L. Champagne
Margaret J. McCormack	Grace M. Stokes
Katherine Pareago	Bertha L. Davis
William P. Rourke	Phyllis P. Savikoski

The removal of ballots before closing the polls having been authorized, ballots were removed and counting began at 2:00 o'clock P. M. by the following Tellers, appointed by the Selectmen and sworn by the Town Clerk:

Margaret M. Boothroyd	Elsie P. Brayden
Eva H. Evers	Loretta F. Tobin
Edna M. Farrell	Grace E. French
Gertrude Duggan	Ruthmary Armour
Alice L. Joyce	Mabel A. Bemis
Agnes V. Driscoll	Gladys Fraser
Evelyn M. Darcy	M. Mabel Holly
Gertrude Morgan	Dorothy E. Hamlin

The tabulating was done by Doris A. Lowney and Myrtle A. Whitney, who were also sworn by the Town Clerk.

The polls were declared closed at 8:00 o'clock P. M. by the Moderator.

The Ballot Box register in Area 1 read 954.

The Ballot Box register in Area 2 read 891, which was two more than the number of ballots cast as one ballot caught in the rollers and registered three times before it released.

The number of names checked on the Voting List was

Area 1	954
Area 2	889
Total number of names checked	1843
Total number of Ballots cast	1843

The result of the count was announced at 9:20 o'clock P. M. by the Moderator and was as follows:

Attest:

ELEANOR JONES,
Town Clerk.

March 2, 1954

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint James V. King of Maynard to be Assistant Town Clerk during the current municipal year or until this appointment is revoked.

ELEANOR JONES,
Town Clerk of Maynard.

I, James V. King, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

JAMES V. KING.

Subscribed and sworn to this second day of March, 1954,
before me

ELEANOR JONES,
Town Clerk of Maynard.

Proceedings of Town Meeting

Held March 8, 1954

The Annual Appropriation meeting was held on the above date in the Peoples Theatre.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock P. M. and declared a quorum present.

On motion of R. Frank Punch it was voted to waive the reading of the warrant.

Article 1. Irving Manning read a report for the School Building Committee, and on motion of Leo F. Mullin it was accepted as a report of progress. Report was filed with the Town Clerk.

Leo F. Mullin read a report for the Town Building Committee, and on motion of R. Frank Punch it was accepted as a report of progress. Report was filed with the Town Clerk.

Howard E. Schreiber reported for the Charles E. Irwin Plaque Committee, and filed the report with the Town Clerk.

On motion of Edwin Carlton, Jr.: Voted to accept the Annual Reports of the Town Officers including the Financial Report of the Town Accountant, for the year ending December 31, 1953, as printed and published.

Emile A. Dumas read a report for the Swimming Pool Committee. This report and the report given by Howard E. Schreiber for the Charles E. Irwin Plaque Committee were accepted.

Howard L. King gave a verbal report for the Insurance Advisory Committee which was presented as one of progress.

Article 2. No vacancies in Town Offices.

Article 3. A motion was made by Edwin Carlton, Jr., that the amounts appearing on the Warrant in the Finance Committee Budget, items #1-95 inclusive be appropriated and the recommendations of the Finance Committee be adopted, with this correction:

Item 63. That the Board of Selectmen be authorized to appoint one of its members or a veteran to said position, was amended as follows: By Joseph E. Boothroyd — that the motion before the house be amended as follows: Item 89 to read \$31,685.00 and Item 90 to read \$3,950.00. This amendment was so voted.

By Leo F. Mullin — that Article 3 be amended to remove Item 1 for separate discussion and consideration and that the sum of \$3,497.00 be appropriated. This amendment was so voted.

By David L. Pallian — that Item 82, Article 3 be taken from Article 3 and balloted upon separately and that the sum of \$1,506.00 be voted rather than the \$281.00 recommended by the Finance Committee. This amendment was so voted.

By Gerald J. Nee — that the sum of \$65,000.00 be appropriated under Item 32 of Article 3: \$2,975.00 to be taken from Grave and Lot Fund for Cemetery work only. Balance to be taken from revenue. This amendment was not voted.

All fees and charges collected by each department must be paid to the Town Treasurer at the end of each month.

The above salaries are effective January 1, 1954, to December 31, 1954. For changes in personnel during the year, salaries will be prorated according to the length of service at above recommended rates.

Article 11. On motion of Edwin Carlton, Jr.: Voted to appropriate the sum of \$8,000.00 for Finance Committee Reserve to provide for extraordinary or unforeseen expenditures. Transfer to be made to Departments only by vote of the Finance Committee as provided by Chapter 40, Section 6, of the General Laws.

Article 12. On motion of Gerald J. Nee: Voted that the sum of \$1,200.00 be transferred from the Excess and Deficiency Account for the Town's share of Chapter 90 Maintenance; also that the sum of \$2,400.00 be transferred from the Excess and Deficiency Account to meet the State's and County's share of the cost of this work. The reimbursement from the State and County to be restored upon their receipt, to the Excess and Deficiency Account.

Article 13. On motion of Kauko K. Raitanen: Voted that the sum of \$2,500.00 be transferred from the Excess and Deficiency Account for the Town's share of Chapter 90 Highway Construction on Powder Mill Road, also that the sum of \$7,500.00 be transferred from the Excess and Deficiency Account to meet the State's and County's share of the cost of this work. The reimbursement from the State and County to be restored upon their receipt to the Excess and Deficiency Account.

Article 14. A motion by Edwin Carlton, Jr. that the vote under this article be taken by ballot, was amended by I. Matti Tervo that the sum of \$3,432.00 be appropriated for the purpose of increasing the wages of the Police Officers \$0.15 per hour. The result of the balloting was

135 in favor
283 opposed

The counters were, Martha L. Champagne, Evelyn M. Mulcahy, Grace M. Stokes and Margaret J. McCormack, who were sworn by the Town Clerk.

Article 15. On motion of Howard L. King: Voted to accept the following Cemetery Funds (as printed in the Warrant) the same to be invested and the interest therefrom to be used to perpetually care for their lots and surroundings in the Glenwood Cemetery, and that the Town Treasurer-Collector be authorized to invest these funds.

Aho, Reno	\$100.00	McKenzie, Mrs. Walter S.	
Cole, Evelyn	50.00	(Alexander Greer Lot)	
Hatch, Mrs. Robert	50.00		\$100.00
Hellowel, Bessie (Mead Lot)	100.00	Morgan, Martha P.	50.00
Kizik, Julius	50.00	Perkins, Leonard A.	50.00
Koski, Louis G.	50.00	Rogers, Walter	100.00
Lindfors, Annie or Ruble, Sylvia	50.00	Rosenberg, Vilho	50.00
Macomber, Ralph E.	100.00	Saari, Martha	50.00
Mallery, Mrs. Thomas	50.00	Salmela, Josephine	50.00
Manty, Jennie S. or Charles W.	100.00	Sirvio, August	100.00
		Taryma, Anthony J.	50.00
		Tervo, Alexander	50.00
		Twombly, Warren	100.00
		(R. W. Parmenter Lot)	

Article 16. On motion of Gerald J. Nee: Voted unanimously to authorize the Board of Public Works to lease the property of Leo P. Boeske and Grace Boeske off Waltham Street for the use of a Town Dump.

Article 17. On motion of Howard L. King: Voted unanimously to authorize the Town Treasurer and Collector, with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning January 1, 1954, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Article 18. On motion of Howard L. King: Voted that the sum of \$500.00 be appropriated for the payment of part of the premium of group life insurance for permanent town employees, in accordance with Chapter 239 of the Acts of 1952. The amount of said insurance to be limited to \$1,000.00 per employee.

Article 19. On motion of Howard L. King: Voted to appropriate the sum of \$1,000.00 for an appraisal of the insurable

value of all Town Property. Such appraisal to be under the direction of the Town Insurance Committee.

Article 20. On motion of Gerald J. Nee: Voted to transfer from the Excess and Deficiency Account the sum of \$5,850.00 for the purpose of replacing water mains on Euclid Avenue, Everett Street, and Colbert Avenue.

Article 21. On motion of Gerald J. Nee: Voted unanimously to authorize the Board of Public Works to extend the common sewer on the following streets or ways; to lots 10 and 11 on Taylor Road about 650 feet, on Summer Hill Road about 60 feet, on Butler Avenue about 100 feet, and to transfer from the Excess and Deficiency Account the sum of \$7,880.00 for this purpose. To further authorize the Board of Public Works to secure the necessary rights-of-ways or easements, and to do anything lawfully pertaining thereto.

Article 22. On motion of Gerald J. Nee: Voted to transfer the sum of \$1,700.00 from the Excess and Deficiency Account for the purpose of replacing the present KVA transformers at White Pond Station with 25 KVA transformers to provide adequate power for the new 650 GPM water pump. To further authorize the Board of Public Works to trade in or sell the existing transformers, and to do anything lawfully pertaining thereto.

Article 23. On motion of Emile A. Dumas: Voted that inas-much as a substantial shortage of rental housing exists in Maynard and that the control of rents therein is necessary in the public interest, that the provisions of Chapter 434, Acts of 1953, be extended from July 1, 1954 to March 31, 1955.

Article 24. On motion of Emile A. Dumas: Voted unanimously that the reading of the report of the Selectmen containing the layout of northern part of Euclid Avenue now in the hands of the Moderator, be waived and that the laying out of said town way as made and reported by the Selectmen under the provisions of law relating to the assessment of betterment, to wit:

A town way from Florida Road and extending easterly about four hundred and eighty-eight (488) feet substantially in the location of a private way known as Euclid Avenue be accepted, and that two thousand eighty dollars (\$2,080.00) shall be transferred from the available funds in the Excess and Deficiency Account for the construction of said way, including surfacing drains for surface drainage purposes in connection therewith, for the payment of damages resulting from the taking of easements for said way for legal and recording fees.

Article 25. A motion by I. Matti Tervo that the Town accept the provisions of Sec. 6B of Chapter 40 of the General Laws providing the payment of clothing allowances for members of the Police and Fire Departments was defeated.

Article 26. The Moderator ruled that no action was necessary under this Article (appropriation for clothing allowance).

Article 27. On motion of Gerald J. Nee: Voted to transfer the sum of \$5,500.00 from the Water Surplus for the purchase of a Road Roller and to allow the Board of Public Works to trade the present Road Roller in conjunction with the transaction.

Article 28. On motion of Gerald J. Nee: Voted to authorize the Board of Public Works to purchase a tractor equipped with a front end loader for both gravel and snow and a back hoe and to transfer the sum of \$5,600.00 from the Excess and Deficiency Account for this purpose.

Article 29. On motion of Gerald J. Nee: Voted to transfer the sum of \$4,500.00 from Excess and Deficiency Account for the paving of the following accepted streets: Martin Street, Beacon Street, Riverbank Road, Thomas Street and Naylor Court.

Article 30. On motion of Gerald J. Nee: Voted to authorize the Board of Public Works to purchase two (2) Snow Plows and to transfer the sum of \$2,000.00 from Road Machinery Fund for this purpose.

Article 31. On motion of Gerald J. Nee: Voted to authorize the Board of Public Works to purchase a Spreader for winter and summer use and to transfer the sum of \$1,400.00 from Road Machinery Fund for this purpose.

Article 32. On motion of Gerald J. Nee: Voted under authority of Section 108A of Chapter 41 of the General Laws of Massachusetts to amend the by-laws of the Town by adding thereto the following new by-law:

Employees of the Department of Public Works, with the exception of clerical and supervisory help, shall be paid at the rate of one and one half times the regular hourly rate for work in excess of a regular work week.

Article 33. On motion of Gerald J. Nee: Voted to transfer the sum of \$3,500.00 from the Excess and Deficiency Fund

for the purpose of paying Public Works Employees the extra half-time for overwork in excess of a regular work week.

Article 34. A motion by Edward Carlton, Jr. that the Town vote by ballot to amend the By-Laws of the Town of Maynard by repealing the by-law enacted under the provisions of Chapter 48 Sec. 56, was defeated.

On motion of Joseph B. Dineen: Voted to lay this article on the table. (re Fire Department)

Article 35. On motion of Alric B. French: Voted that the Board of Assessors be authorized to reduce the Tax Rate, and that the sum of \$21,201.76 be appropriated from the Excess and Deficiency Account for this purpose.

On motion of R. Frank Punch: Voted to adjourn. Time 10:02 P. M.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Special Town Meeting

Held April 26, 1954

Pursuant to Town Warrant No. 453, a Special Town Meeting was held on the above date in the Peoples Theatre.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock P. M. and declared that more than a quorum was present.

On motion of William Naylor it was voted to waive the reading of the warrant.

Article 1. On motion of Irving H. Manning it was voted to give permission to the School Building Committee to show a projection of the site and floor plans of the proposed school buildings as part of the Committees' report. It was also voted to allow the architect employed by the School Building Committee to speak to the meeting and answer questions. The report of the School Building Committee was read by Irving H. Manning.

David A. Pallian read a report for the Planning Board.

On motion of Leo F. Mullin it was voted to accept the report of the School Building Committee as one of progress.

On motion of Walter E. Carbone it was voted to accept the report of the Planning Board as one of progress.

Donald A. Lent read a minority report for the Finance Committee members who were not in agreement with the recommendations of the majority of the Finance Committee members, regarding the proposed school building. It was voted to accept this report.

The above reports were filed with the Town Clerk.

Article 2. There were no vacancies in Town Offices.

Article 3. A motion was made by Irving H. Manning under this article.

An amendment by Emile A. Dumas that the vote be taken by secret ballot was lost.

On motion of Leo F. Mullin it was here voted that action under Article 3 be suspended until after action on Article 4 had been taken.

Article 4. On motion of Irving H. Manning: Voted to accept Chapter 338 of the Acts of 1954, authorizing the Town of Maynard to use for school purposes a portion of the land that was annexed to the original John A. Crowe Park by vote on Article 15, at the Special Town Meeting held June 4, 1951.

Article 3. On motion of Irving H. Manning: Voted that the sum of \$344,000.00 be raised and appropriated for the purpose of constructing and originally equipping and furnishing an elementary school building on a portion of the land that was annexed to the original John A. Crowe Park by vote on Article 15, at the Special Town Meeting, held June 4, 1951; and that to meet said appropriation the sum of \$55,340.04 be appropriated from the Wilson School Fire Award, the sum of \$3,166.50 be appropriated from available revenue funds, the sum of \$15,493.46 be appropriated from the Post-War Rehabilitation Fund and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$270,000.00 under authority of Chapter 645 of the Acts of 1948, as amended, and to issue bonds or notes of the Town therefor, payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than twenty years from the date of issue of the first bond or note.

The vote on this article 282 in favor to 102 opposed.

The vote was counted by Bertha L. Davis, Helena M. Murphy, Phyllis P. Savikoski, Evelyn M. Mulcahy, and James V. King, appointed by the Moderator and sworn by the Town Clerk.

Article 5. On motion of Irving H. Manning as amended by Joseph E. Boothroyd: Voted that the sum of \$243,500.00 be raised and appropriated for the purpose of constructing and originally equipping and furnishing a gymnasium on land owned by the Town on the present senior high school site; and that to meet said appropriation the sum of \$3,500.00 be appropriated from available revenue funds and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$240,000.00 under authority of Chapter 645 of the Acts of 1948 as amended, and to issue bonds or notes of the Town therefor payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than twenty years from the date of issue of the first bond or note, provided, however, that the committee shall not spend the money under this article unless qualifications for State Aid are met.

The Moderator declared this article to be carried by a more than two-thirds vote.

282 in favor to 2 opposed.

Article 6. On motion of Irving H. Manning: Voted that the sum of \$11,500.00 be appropriated from the Post-War Rehabilitation Fund for the purpose of reconstructing and making extraordinary repairs to the present senior high school building in connection with the construction of the gymnasium voted under Article 5.

The Moderator declared this motion carried by a more than two-thirds vote.

Article 7. On motion of Irving H. Manning: Voted that the Committee appointed under Article 26 of the warrant for the Town Meeting held on March 9, 1953, be designated a school building committee with full power to enter into all contracts and agreements necessary to construct, equip, and furnish the gymnasium voted under Article 5 and the elementary school building voted under Article 3 and to make the necessary reconstruction and extraordinary repairs to the existing senior high school building voted under Article 6.

Article 8. On motion of Irving H. Manning as amended by Leo F. Mullin: Voted that the Town Building Committee be

and hereby is authorized to make a study of the Wilson School and its site on Main Street and report its recommendations concerning demolishing or future uses of the same, and to submit such articles to the town in order to carry out its recommendations. This Town Building Committee is to report to the Town at the next Town Meeting.

Article 9. On motion of Leo F. Mullin as amended by David A. Pallian: Voted that the Town raise by borrowing under authority of Chapter 44 of the General Laws the sum of \$122,000.00 for the purpose of constructing a Police and Fire Station on land owned by the Town at the junction of Summer and Acton Streets, and that the Committee now known as the Municipal Building Committee, with the addition of a member of the Planning Board, be appointed as Police and Fire Station Building Committee with full power to enter into all contracts and agreements necessary to construct, equip, and furnish a Police and Fire Station.

The vote on this article — 165 in favor to 75 opposed.

Article 10. At the request of the Town Building Committee, there being no objection from the meeting, the Moderator allowed the committee to confer on this article and passed on to Article 11.

Article 11. On motion of Arthur W. Croft: Voted, unanimously, to authorize the Board of Public Works to extend the common sewer on the following streets or ways: Parker Street about 250 feet, and Taylor Road about 125 feet, and to transfer the sum of \$2,800.00 from the Excess and Deficiency Fund for this purpose. To further authorize the Board of Public Works to secure the necessary rights-of-way or easements, and to do anything lawfully pertaining thereto.

Article 10. On motion of James C. Tierney: Voted to lay this article on the table.

(re construction of Office and Library Building)

At 9:35 o'clock P. M. it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Special Town Meeting

Held August 23, 1954

On the above date in accordance with Town Warrant No. 454, a Special Town Meeting was held in the George Washington Auditorium.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock P. M., and announced that a quorum was not present.

On question of William Naylor the Moderator ruled that the quorum by-law required a quorum to open a meeting.

On motion of Irving H. Manning: Voted to recess for one-half hour and endeavor to obtain a quorum. Time 7:37 P. M.

At 8:07 P. M. the Moderator called the recessed meeting to order and declared that a quorum was present. He announced that 122 voters had been checked.

On motion of R. Frank Punch it was voted to waive the reading of the warrant.

Article 1. Leo F. Mullin read a report for the Municipal Building Committee which was accepted as one of progress. Report was filed with Town Clerk.

Irving H. Manning read a report for the School Building Committee which was accepted as one of progress. Report was filed with Town Clerk.

Article 2. No vacancies in Town Offices to be filled.

Article 3. On motion of Irving H. Manning: Voted, unanimously, that pursuant to Chapter 338 of the Acts of 1954 the following portion of land annexed to the original John A. Crowe Park, bounded and described as follows:

Beginning at a stone bound on the Southerly line of Great Road, thence running South $13^{\circ} 58' 29''$ West 175.87 feet to a stone bound, thence South $00^{\circ} 36' 32''$ East 167.40 feet to a stone bound, thence South $26^{\circ} 50' 15''$ West 408.14 feet to a stone bound, thence South $43^{\circ} 10' 15''$ West 572.00 feet to a stone bound, all by land of John F. Coughlin, thence turning and running North $63^{\circ} 19' 45''$ West 299.75 feet by land formerly of Constance Eveleth to land of the United States Government, thence turning and running Northwest-erly 738 feet, more or less, by said land of the United States Government, thence turning and running North $37^{\circ} 54' 50''$ East 533 feet, more or less, to a stone bound at the South-

west corner of John A. Crowe Park, thence turning and running South $52^{\circ} 05' 10''$ East 678.00 feet by southerly line of said John A. Crowe Park to a stone bound, thence turning and running North $37^{\circ} 54' 50''$ East by easterly line of John A. Crowe Park 467.00 feet to a stone bound, thence turning and running South $52^{\circ} 05' 10''$ East along said Great Road 79.68 feet to the point of beginning.

The said premises containing approximately 18.78 acres of land and are shown on a plan entitled "Plan of Property of the Town of Maynard" surveyed for the School Building Committee by MacCarthy Engineering Service, dated June 24, 1954, said plan being on file with the Town Clerk, shall be used for the erection of the public school building voted under Article 3 of the warrant for the special town meeting held April 26, 1954 and for other school uses and for all purposes incidental thereto, and hereafter such land shall be under the same care and control as other school property.

Article 4. On motion of Alfred S. Carey, Jr.: Voted to transfer the sum of \$6,000.00 from the Excess and Deficiency Fund for General Relief.

Article 5. On motion of Arthur F. Croft: Voted unanimously that the sum of \$4,500.00 be transferred from Excess and Deficiency Account for the purpose of extending the common sewer on the following streets or ways: on Butler Avenue about 100 feet, on Beacon Street about 125 feet, and on Thomas Street about 250 feet. And that the Board of Public Works be further authorized to obtain the necessary easements or rights-of-ways for this project.

Article 6. On motion of Arthur F. Croft: Voted unanimously, to accept an easement from Charles P. Taylor and Maude R. Taylor granting to the Town the right to construct and maintain a slope upon part of Taylor land west of "Ben Smith Bridge," and adjacent to Great Road for the purpose of protecting and supporting Great Road and land adjacent thereto.

Article 7. On motion of Leo F. Mullin: Voted to transfer the sum of \$1,500.00 from Excess and Deficiency Account to the so called "Town Building Committee" for the purpose of having preliminary plans and sketches drawn for a new municipal building and for other expenses in relation thereto.

At 8:24 o'clock P. M. on motion of R. Frank Punch, it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of State Primary

Held September 14, 1954

On the above date in accordance with Town Warrant No. 455, the State Primary was held in the George Washington Auditorium.

Selectman John Mitzcavitch acted as Presiding Officer and declared the polls open at 8:00 o'clock A. M. after it had been voted on motion of John F. Stokes to waive the reading of the Warrant.

Prior to opening the polls the Presiding Officer and Town Clerk examined the Ballot Box and found it to be empty, set the register at 0000, locked it and gave the keys into the custody of Francis A. Brayden.

The primary officers, appointed by the Selectmen, were sworn by the Town Clerk, as follows:

Gate: Irving G. Dart, Margaret J. McCormack, Bertha L. Davis

Box: Francis A. Brayden, Ruthmary Armour, Katherine M. Pareago

Teller and Tabulators appointed by the Selectmen were sworn by the Town Clerk and, as permission to open the ballot box before the close of the polls had been granted by the Selectmen, ballots were removed and counting began at 5 o'clock P. M.

Tellers: Arthur F. Croft, Elsie P. Brayden, Grace E. French, Mabel A. Bemis, Margaret M. Boothroyd, Eva H. Evers, Gert-rude Morgan, Edna M. Farrell

Tabulators: Myrtle Whitney, Doris A. Lowney

The polls were closed at 8:00 o'clock P. M. by the Presiding Officer.

Number of Democratic Ballots cast	252
Number of Republican Ballots cast	458
Total number of Ballots cast	710
Ballot Box register	710

Check List at Gate and at Box showed that 710 names had been checked as having voted 252 Democrats and 458 Republicans.

The result of the balloting was announced at 9:20 o'clock P. M. and was as follows

Proceedings of State Election

November 2, 1954

On the above date, pursuant to Town Warrant No. 456, the voters of Maynard cast their ballots for State County and District Officers and on the three questions on the ballots, at the George Washington Auditorium.

Leo F. Mullin, Chairman of the Board of Selectmen, was Presiding Officer and prior to the opening of the polls, checked the Ballot Boxes with the Town Clerk, declared them to be empty, set the registers at zero, locked them and delivered the keys to the election officer in charge of each box.

At eight o'clock, on motion of John F. Stokes it was voted to waive the reading of the warrant and the polls were then declared open by the Presiding Officer.

The Town Clerk had delivered 4,560 official ballots to the ballot clerks and duplicate check lists containing 3,826 names, taking a receipt therefore. The Ballot Clerks, appointed by the Selectmen, were sworn by the Town Clerk and were as follows:

Area 1. Francis A. Brayden, Bertha L. Davis, Evelyn M. Mulcahy, Edward J. Costello, Helen M. Gilleney and Phyllis P. Savikoski

Area 2. Irving G. Dart, Margaret J. McCormack, Martha L. Champagne, William P. Rourke, Helena M. Murphy, Ruthmary Armour

At ten o'clock A. M. in accordance with the law allowing ballots to be counted before the close of the polls, counting was begun by the following Tellers who were sworn by the Town Clerk:

Margaret M. Boothroyd, Eva H. Evers, Katherine Pareago, Magloire LeSage, Helen I. Mullin, Edna M. Farrell, Agnes W. Driscoll, Sadie Sluyski, Gertrude Morgan, Evelyn Darcy, Arthur F. Croft, Elsie P. Brayden, Gladys Fraser, Ann T. Mac-Glashing, Grace E. French, Dorothy E. Hamlin, M. Mabel Holly, Mabel A. Bemis, Dorothy Garlick, Mary A. Bemis, Doris A. Lowney, Myrtle Whitney, Ella M. Price.

At eight o'clock P. M. the polls were declared closed by the Presiding Officer, after which he cast 16 Absent Voter Ballots. (14 regular absent voter ballots and 4 War Ballots)

Number of names checked and number on Ballot box register, Area 1	1480
Number of names checked and number on Ballot box register, Area 2	1477
Total number of ballots cast	2957

The count was completed at 10:45 P. M. and announced as follows:

Town Clerk.

Proceedings of Special Town Meeting

Held November 15, 1954

A Special Town Meeting was held in the George Washington Auditorium, on the above date in accordance with Town Warrant No. 457.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock P. M. and declared that a quorum was not present.

On motion of Leo F. Mullin it was voted to postpone the meeting for one half hour.

At 8:00 o'clock P. M. the Moderator again called the meeting to order and declared that a quorum was not present, the count being 98, and on motion of Leo F. Mullin it was voted to postpone the meeting for 15 minutes in order to secure the necessary quorum of 100 voters.

At 8:15 o'clock P. M. the meeting was again called to order by the Moderator and the checkers reported to the meeting that 100 names of voters had been checked as present, whereupon the Moderator declared a quorum to be present.

Article 1. Irving H. Manning read a report for the School Building Committee and on motion of Joseph E. Boothroyd, it was accepted as a report of progress. Said report was filed with the Town Clerk.

Article 2. There were no vacancies in Town Offices to be filled.

Article 3. On motion of Leo F. Mullin: Voted, 75 in favor to 5 opposed, that Article 9 as voted at Special Town Meeting on April 26, 1954, be amended to read as follows:

That the Town raise by borrowing under authority of Chapter 44 of the General Laws the sum of \$166,000.00 for the purpose of constructing a Police and Fire Station on land owned by the Town at the junction of Summer and Acton Streets, and that the Committee now known as the Municipal Building Committee, with the addition of a member of the Planning Board, be appointed as Police and Fire Station Building Committee with full power to enter into all contracts and agreements necessary to construct, equip and furnish a Police and Fire Station.

Article 4. On motion of Joseph E. Boothroyd: Voted that the sum of three thousand sixty-one dollars (\$3,061.00) be transferred from the Excess and Deficiency Account to repair damages to School Buildings caused by hurricanes, the reimbursements for the damage from the various Insurance Companies to be restored upon their receipt to the Excess and Deficiency Account.

At 8:49 o'clock P. M., on motion of R. Frank Punch it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

IMPORTANT REQUEST

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

NOTICE

All dog licenses here listed expire
March 31, 1955.

Dogs must be licensed on or before
April 1st or the owners or keepers
thereof are liable to a fine.

The law applies to all dogs three
months old or over, regardless of
time of year ownership is acquired.

No tax bills are sent to owners of
dogs.

Board of Registrars of Voters

To the Board of Selectmen
Maynard, Massachusetts

Gentlemen:

The 1954 Annual Listing of residents twenty years of age and over, was conducted as usual under direction of the Board of Registrars.

Registration meetings were held, prior to the Annual Town Election, at which new voters were added and the Voting List was revised and corrected.

The Voting List at the 1954 Election contained 3,737 names, 1859 Men and 1878 Women.

Registration sessions were held before the State Primary in September and the State Election in November, as required by law. At the State Election the Voting List contained 3,828 names — 1892 Men and 1936 Women.

All Nomination papers filed with the Board were checked and the signatures certified by the Registrars.

Respectfully submitted,

ALEXANDER J. BOURKE, Chairman
REGINALD JONES
EDWARD E. PUFFER, JR.
ELEANOR JONES

Board of Registrars of Voters.

Assessors' Report

To the Board of Selectmen:

The Board of Assessors submit the following report for the year ending December 31, 1954:

All owners of taxable property are required to file with the local Board of Assessors, a list showing the valuation of such taxable property, in accordance with the provisions of Chapter 59, Section 29, of the General Laws. Notices of this requirement are posted at various public places in town and forms for filing may be obtained at the office of the Assessors in the Municipal Building.

The construction of new homes, or other buildings, the sale or transfer of any real estate, mean that work such as recording, inspecting and valuing must be done by the Assessors. The number of Motor Vehicle Excise Taxes is constantly increasing, bringing in consequence increasing work in assessing and in making abatements.

All male inhabitants who have reached the age of 65 before January 1, 1955, are exempted from the payment of a Poll Tax. Anyone who is 65 years old and who wishes to be exempted, but has not filed an application for such exemption, may obtain the necessary form at the office of the Assessors.

RECAPITULATION OF TAX RATE

Total appropriations to be raised by taxation	\$600,698.77
Total appropriations voted to be taken from available funds	112,394.68

HOWARD L. KING,
Treasurer-Collector.

Town Accountant's Report

To the Honorable Board of Selectmen:—

Herewith is presented the report of the Accounting Department for the year ending December 31, 1954. The report is made in accordance with the requirements of the State System of Accounting.

In accordance with the provisions of Section 61, Chapter 41, of the General Laws, I hereby certify that I have verified the cash balance of the Town Treasurer as of December 31, 1954. The total cash balance December 31, 1954 was \$241,650.66.

The courtesy and co-operation received from the various town boards, officials and employees is gratefully appreciated.

Respectfully submitted,

JAMES V. KING,
Town Accountant.

Report of Finance Committee

To the Citizens of the Town of Maynard:

Transfers from the Reserve Fund during the year 1954 have been made by the Finance Committee totaling \$7,562.96; a considerable portion of which resulted from hurricane "Carol." Other transfers also were made and came under extraordinary or unforeseen circumstances, the purpose for which this Reserve Fund was created.

We usually receive during the month of December a number of requests for transfers. In checking over the bills of the transfers requested, we find that some are to cover expenses incurred in previous months. All bills should be rendered monthly in order that each department may know its standing against its appropriation.

Requests for transfers should be made before money is expended by any department and responsible boards should see this practice is followed.

Your Finance Committee has had 26 meetings this past year. We have met with all departments in discussing budget requests where we were in disagreement with sums requested.

Mr. John Piantedosi was elected to fill the vacancy caused by the resignation of Mr. Frederick J. Keegan.

We are vitally interested in the future of the Town of Maynard, as every citizen should be. Therefore our recommendations on articles submitted on the warrants of the Annual and Special Town Meetings are made after exhaustive thought, study and discussion, and taking into consideration the financial position of the Town.

We are not opposed to spending money, but we want it spent wisely. The first thoughts that should come into every citizen's mind in considering our annual budget and articles on our warrants are:

1. Are the various departmental requests for funds in line with the service we should receive from that department?
2. On articles submitted, are they in the best interests of the Town and are the sums requested fair?

3. Municipal construction. Let us profit by the lessons of the past and be sure the erection of any new buildings will best serve the greatest number of persons of our town and will be adequate for our use for the years ahead.

RUOFF A. TOMPKINS, Chairman,
 DONALD A. LENT,
 JAMES S. WHEELER,

Report of the Board of Retirement

To the Members of the Maynard Contributory Retirement System:

The Maynard Board of Retirement submits herewith the annual report of the Retirement System.

Five new members have been added during the year 1954, one member transferred from the State System, and three members withdrawn from the System.

A statement has been mailed to each member giving his or her credit as of December 31, 1954.

Respectfully submitted,

HAROLD J. MORGAN,
JOB U. DOEL,
JAMES V. KING,
Maynard Retirement Board.

Report of the Middlesex County Extension Service 19 Everett Street, Concord For Maynard

The Middlesex County Extension Service is a publicly supported, educational institution to serve all the towns of the county in agriculture and home economics. In agriculture the work is developed county-wide under the direction of county councils made up of leading farmers in each of the main commodities as vegetables, fruit, poultry, dairying, livestock, and commercial flowers. A county bulletin is mailed monthly to all cooperating farmers, and timely information is furnished by circular letter, by radio, by telephone and by personal interview, and particular information is sent to those who request it.

Service is rendered to many home owners. Creighton is a volume small fruits operation with whom we work closely.

Sixty-one girls were enrolled in the 4-H Club program last year in Maynard. These club members belonged to one of the seven Clubs organized in Maynard last year. Leaders of these Clubs were Miss Janette Taylor, Mrs. Mabel Sylvia, Mrs. Olga Asbyjornson, Mrs. Alexander Sluyski, Mrs. Vincent Jar-mulowicz, Mrs. Alexander Massarelli, and Mrs. Charles Shay. Nineteen of these Club members attended Camp Middlesex during the camp season.

Information and assistance was made available to all dairy and livestock producers in this area. Farm visits, circular letters, radio talks and local meetings were all employed as means of assisting the local farmers to better understand and keep abreast of the many changes in agricultural techniques.

The official dairy cow testing program in the area is directly supervised by the Livestock Agent and includes the service of complete record keeping on the production and feeding of dairy cows. All farmers in the area have available the services of the Artificial Breeding Program through the local Association, and a soil testing laboratory is maintained to serve all farmers or landowners who desire a soil analysis to determine the fertility of their soil.

Home Demonstration Agents are ready to solve problems in homemaking, foods, nutrition, clothing, canning, freezing, home furnishings and management, family life, family and

community recreation. A monthly letter is sent to all who request it. Mrs. Eino Raikunen and Mrs. Kenneth Jarvinen are members of the Women's Advisory Council. Programs presented during 1954: slip cover construction and "Decorating with Pictures."

Service was extended through the Extension Poultry Program in three primary areas: the poultry flock, its care and improvement, breeding, feeding, health, and management; poultry products, their care and disposition, processing, storage, merchandising, pricing, and consumer information; and the farmer, his farm and family, and agriculture, business management, youth work, and assistance to organizations. Milton Duclos, 119 Parker St., Maynard, is a member of the Middlesex County Poultry Advisory Committee for 1954.

The Extension Service cooperated with the Minuteman Turkey Association in holding meetings for everyone interested in turkeys in this area. These meetings are held each month at the office of the Extension Service, 19 Everett St., Concord.

We also cooperated with the Middlesex County Poultry Association in holding meetings for poultrymen in Acton and Waltham.

MILTON DUCLOS,
Town Director.

Report of School Building Committee

December 31, 1954.

To the Board of Selectmen
Maynard, Massachusetts

The Maynard School Building Committee held 25 full meetings with an equal number of meetings held by the sub-committee during the past year. Also, a number of exploratory trips were made to schools and gymnasiums in nearby towns for the purpose of inspecting building materials, types of lighting, furnishings, and modern innovations. Consultations were then held with superintendents, principals, teachers, and coaches of these towns in order that we might benefit from their experiences in planning our own new buildings.

It was necessary for the chairman and sub-committees to make several trips to Boston for consultations with the State Finance Board, School Building Assistance Commissioner, and architects.

A petition was made to the State Legislature to transfer necessary land from Crowe Park to the Cricket Field School Site, this land to be transferred to the School Department. In the event that this land is not used for school purposes, it can be transferred to any other town department.

The School Building Committee went on record as approving a kindergarten program to make for a better educational program in the schools of Maynard. However, they were of the opinion that the desire for a kindergarten should be expressed by parents.

The matter of a kindergarten program was brought before the parents at a P.T.A. meeting. The majority of the parents were disinterested. It appeared that they are not yet ready to accept a public kindergarten program.

An extensive study of the enrolment of pupils was made. An enrolment projection was made from September, 1954 to September, 1957, to determine the size of the school to be recommended.

The committee recommended an 8 room school, allowing an extra room for the special class to be required by the State in the near future, plus a multi-purpose room. The multi-purpose room is to be equipped with a stove, refrigerator and sink as an accommodation for preparing refreshments when the

P.T.A., Boy Scouts, Girl Scouts, or other town organizations use it.

Since there is no immediate need for a cafeteria it was decided to show a cafeteria in phantom on the plans.

The School Building Committee went on record as recognizing the need for a gymnasium for the high school and recommended the construction of a gymnasium at this time.

A brochure was compiled by the Brochure Committee and 2,400 copies were distributed to the townspeople by the Public Works Department before the special town meeting on April 26th, 1954.

The printing contract for the brochures was offered to our local printers, Murphy and Snyder. Since it was to be done in off-set printing the local printers were willing that the contract should go to a Boston printer.

Previous to the April 26th Town Meeting auto counts were taken on a week day at the Wilson School on Main Street and on Great Road at Crowe Park. The results of these counts were: on Great Road 1,746 cars passed while on Main Street 2,804 cars passed.

On March 22nd, the sub-committee and Mr. James King met with Mr. Herman Dine of the State Finance Board to receive facts and figures on financing the building program. After the consultation with Mr. Dine the figure to be added to the tax rate was set at \$4.58.

Mr. Dine gave the committee the information that the Rehabilitation Fund may be appropriated to any school project by the vote of the town. He also informed the committee that the installation of a boiler in the high school basement to accommodate the gymnasium could not be paid for by borrowed money since there would be no increase in floor space in the present high school. The money must be appropriated by vote of the townspeople.

On March 29th Form F for the financing of the school building program was filed and approved by the State Finance Board. At this time the elementary school building containing 8 rooms was considered the first educational need of the town while the gymnasium was rated as the second educational need for the town of Maynard.

After considering every available site for the gymnasium, the committee agreed that it should be constructed as near as possible to the high school.

The plot of land at the corner of Florida Road and Summer Street was considered an ideal spot for a gymnasium by the architects, if the land was obtainable.

After a consultation with Mr. Marshall of the School Building Assistance Commission, and a survey of that site was made, Mr. Marshall did not approve of a gymnasium across the street from the school. This location would require a tunnel in order to avoid a traffic hazard. He also disapproved of enlarging the present gymnasium. His recommendation was to build the gymnasium adjacent to the high school and to purchase the land at the corner of Florida Road and Summer Street to compensate for land taken from the play area around the junior high and high schools. This plot would be graded, hot topped and used by day for a play area and at night for a parking area to accommodate persons attending night activities in the gymnasium. State Aid would be granted for grading and purchasing playground equipment for this area if it was developed at the time of the construction of the gymnasium.

Mr. Marshall was reluctant to give State Aid on the gymnasium without the purchasing of the land across the street.

After 4 months of negotiating with the owner of this property it was made known that the land could not be purchased.

Since the need of a gymnasium in Maynard is urgent and no other site is available, Mr. Marshall approved the plan for State Aid. He did not approve of a combination gymnasium and auditorium for Maynard although he did recommend a collapsible stage.

The architects assured the committee that the flat roofed type of gymnasium would not detract from the surroundings or decrease the valuation of the homes nearby.

On April 5th, a meeting was held with the Finance Committee at the Town House. Present enrolment was discussed and projections of future enrolments were made. The effect on the enrolment of the 52 pupils attending the Rose Hawthorn School at Concord and St. Michael's School at Hudson was studied. The types and sizes of buildings, materials used, and costs were considered and discussed. Also, the approved sites were considered.

During this period before town meeting several conferences by a volunteer sub-committee were held at the State House with our State Legislator. Mr. Herman Dine was consulted concerning the drawing up of articles for the town warrant.

An Open Meeting was held at the George Washington Auditorium on April 20th, at which time architectural plans and drawings were projected on the screen and explained. A question period followed.

On May 3rd, Mr. Walter Carbone was appointed official representative of the School Building Committee to act as construction consultant.

On May 12th, the committee received from Mr. Marshall a final and definite approval of State Aid on the gymnasium constructed adjacent to the high school without the purchase of the property at the corner of Florida Road and Summer Street.

Mr. Stubbins recommended landscaping the area around the new gymnasium, hot topping the surface, and placing benches where pupils might wish to congregate. This set up could prove to be 100% efficient since pupils of high school age do most of their playing in the gymnasium.

On June 14th, Mr. Manning reported that the State Emergency Finance Board gave final approval of the financing plan of the building program for the elementary school and the new gymnasium.

Considerable time was spent on obtaining copies of deeds of abutting property at the gymnasium site and comparing them with present recordings.

Architect's contracts were studied. Several changes were made. The contract was revised by the Town Counsel and accepted by the architects.

On July 26th, Mr. Brooks Martin and Mr. Roger Burton from the Hugh Stubbins Associates Architects presented to the committee a scaled model of the new elementary school which was studied by the committee taking into consideration the dimensions of the building and the materials to be used.

At the July 26th meeting, Mr. Fred Dubin of the Fred S. Dubin Consulting Engineers of Hartford, Conn., explained a forced hot air heating system used quite extensively in Conn. in new construction. Since this type of heating system has not been used up to this date in Massachusetts, the committee did not wish to be the first to experiment with this system. It was voted to install a more conventional type of heating system.

On September 22nd, and October 7, respectively, a representative group of the committee made a tour of the new Natick gymnasium and the recently built gymnasium at Framingham. The inspection was made with special attention paid to the types of materials used, as well as the shower and locker room arrangements. Good and bad features were pointed out to the committee.

On October 11th, architect Stubbins presented completed floor plans of the elementary school and the gymnasium. The

plans of the elementary school were accepted to date. It was voted to install the fluorescent type of lighting which is considered most efficient and economical to run.

Several changes were requested to be made in the plans of the gymnasium.

It was voted on the advice of the architect to have borings made at the elementary school site and on the gymnasium site to determine the presence of peat pockets, ledge or water. Satisfactory findings were reported after the borings were made.

On October 13th, a representative group of the committee visited the gymnasiums at Weston and Belmont with special attention paid to the height of the gymnasiums, acoustics, size of basket ball courts, types of baskets, dividing doors, shower arrangements, position of clocks, type of flooring, bleachers, supply rooms and equipment.

The committee suggested a 22 foot height for the gymnasium which was approved by the architects.

A public hearing was held with the Board of Appeals on November 10th at the Town House on petition of the School Building Committee to erect a gymnasium addition to the high school nearer the adjoining lot lines than the law allows. Eleven abutters were present to voice their opposition. The Board of Appeals notified the Building Committee, at a later date, that the Board voted to approve the erection of the gymnasium on that site.

On November 15th, specification plans were received from the architect for the elementary school and gymnasium. A general study was made by the committee. A voluntary sub-committee was appointed to make a minute study of the specifications.

On December 13th, the sub-committee reported their findings on the specifications. Several changes were voted by the whole committee.

It is expected that in the very near future final approval will be given to the specifications. Contracts will be let out for bids immediately after the specifications are approved.

MEMBERS OF THE SCHOOL BUILDING COMMITTEE

	Irving Manning, Chairman
Joseph Boothroyd	Leo Mullin
Carl Becker	David Pallian
Walter Carbone	Anthony Palmaccio
Albert Lerer	Frank Punch

54/ 9/16	To: The Acton Monumental Co. for furnishing 5 posts at the elementary school site	35.00
54/ 9/16	To: The MacCarthy Engineering Service for Topo, Traverse, Calculations and Plans	442.00
54/11/18	To: Hugh Stubbins Associates Architects for architectural services in connection with the new elementary school	5,159.88

Gymnasium Fund Expenditures

54/ 8/23	To: Hugh Stubbins Associates Architects for Blueprinting	\$18.35
54/ 9/16	To: The Acton Monumental Co. for 3 posts erected at the high school gymnasium site	20.10

54/ 8/23	To: Hugh Stubbins Associates Architects for architectural services in connection with the new high school gymnasium	3,410.00
54/ 9/16	To: The MacCarthy Engineering Service Inc. for Traverse, Topo, Calculations and Plans	545.40
54/ 9/18	To: Hugh Stubbins Associates Architects for services in connection with the new high school gymnasium	3,710.00

Respectfully submitted,

IRENE G. WOOD,
Secretary.

Report of the Planning Board

To the Board of Selectmen
Maynard, Massachusetts

During 1954 the Planning Board held 22 regular meetings, 17 special meetings and made several field trips as occasion required. The activities, accomplishments and future projects of the Planning Board are briefly summarized in this report.

Building Activity

During 1954 building activity in Maynard showed a further increase. A total of 95 permits were issued under the Protective Zoning By-Laws. Of that total, 41 permits were for new single dwellings. A comparison of building activity for the past four years follows:

	1951	1952	1953	1954
Single family dwellings	11	26	29	41
Garages	16	13	14	13
Other additions	11	22	18	17
Accessory buildings	3	2	1	3
Business establishments	—	2	—	4
Conversion to 2-family dwelling	—	1	2	2

In a few cases variances were granted by the Board of Appeals in view of substantial hardship due to existing conditions.

The Planning Board is pleased to report that under the Protective Zoning By-Laws an orderly controlled building growth of your town is assured. In this connection Mr. James King is to be commended for his painstaking work in reviewing applications for building permits.

Subdivision Control

During the year, conditional approval was granted to Miss Jean O'Brien to subdivide an area off Great Road into 21 suitable building lots.

Survey of Water System

In accordance with the vote of the Town Meeting in March, 1954, the Planning Board with the cooperation of the Department of Public Works, has completed a survey of the town's water system. The required study was made by Haley and Ward, consulting engineers and the report of their findings has been furnished to the Planning Board.

Because of critical inadequacies in the Town's water system disclosed by the report and the major replacement and im-

provement program indicated, the Planning Board has prepared a Brochure which includes the principal findings and recommendations. This brochure is being distributed together with the Annual Town Report for consideration by the Town's voters. The principal recommendations contained therein are summarized as follows:

- I. Immediate replacement and reinforcement of the system in the southern part of town at a cost of \$195,000 to be financed by a bond issue and to be paid for by increased water rates with no increase in general tax rate.
- II. A four-year program of replacement and reinforcement of the system in the rest of the town at a cost of \$270,000 to be financed by a bond issue and to be paid for partially by increased water rates and partially by increase in the general tax rate.

The first part of the program will be included as an article in the warrant for the coming Town Meeting. This was submitted by the Department of Public Works and is based on the recommendations of the Planning Board.

Progress Under the Master Plan

Parking

The Planning Board has had a survey made of the Naylor Court parking area, which had recently been hard-topped by the Department of Public Works. As the result of this survey, the Planning Board prepared a parking layout and has turned it over to the Police Department for marking the area. The Summer Street parking area has been re-surfaced and should be marked in accordance with layout prepared by the Planning Board.

In cooperation with the Chamber of Commerce, the Planning Board has sponsored an article in the warrant for the coming Town Meeting to connect the two parking areas by right of way through a corner of Memorial Park. Without such a connection the usefulness of the two parking areas is extremely limited since congestion results as soon as the Naylor Court parking area is filled up.

Traffic

Traffic-flow counts have been made at the request of the Planning Board by the State Department of Public Works. This information is being incorporated on a map to be used by Town Departments and has been useful in planning growth of the Town.

Water Supply

The study of the Town's water system has been extended to include requirements of the outlying areas and will be made available to the Department of Public Works for use in furnishing service as the outlying areas of the Town are built up.

Street Maps

A map of the Town's accepted streets is being corrected and brought up to date. This map will serve as a basis in all planning for future growth and a copy will be made available to all Town departments as soon as completed.

Plans of Town Properties

Plans of Town properties are being accumulated and corrected by the Planning Board. In this connection it is noted that further surveying is needed to complete this file.

Zoning

The Planning Board has studied the Zoning By-Laws in effect and recommends certain changes for the further benefit of our community. These recommendations will be in the form of articles on the Warrant at the next Annual Town Meeting.

Plans for 1955

1. Your Planning Board is of the opinion that the extent of healthy growth of any community is measured by its facilities for off-street parking. It is the intention of your Board to conduct a survey during 1955 of the Town's parking facilities and requirements and to bring its recommendations to the voters of the Town at the 1956 Town Meeting.
2. It is our opinion that a survey of sewerage service and requirements of outlying districts should be made to avoid haphazard and unplanned installations. This survey should include a study of the adequacy of the treatment plant because the treatment tank frequently overflows as the result of increased water usage.
3. Recreation areas will come under study by the Planning Board during 1955 in order that future growth of the Town in this direction may be protected.
4. During 1955, your Planning Board will continue to cooperate with the various Town agencies as it has during the past year. During 1954 representatives of the Plan-

ning Board served on the following Town Committees:

Public Works
Appeals Board
School Building Committee
Town Building Committee
Industrial Development Committee
School Committee

Your Planning Board wishes to take this opportunity to thank the voters of the Town of Maynard for having made possible the studies which it made during the past year. In addition, your Planning Board wishes to express its appreciation to all Town agencies and committees who have cooperated in its work.

WALTER E. CARBONE, Chairman
FIORENTINO J. DiGRAPPA, Secretary
DAVID L. PALLIAN
ARTHUR F. CROFT
ROWLAND W. DAWSON

Report of The Board of Appeals

To the Board of Selectmen
Maynard, Massachusetts
Gentlemen:

The following appeals and petitions have been considered during the year 1954 under the Protective Zoning By-Law.

Leonard F. McKenna, 1 Demars Street		
Front and side yard variations—to erect additions	modified	
Anton B. Mattson, 52 Glendale Street		
Lot frontage and side yard variations — to erect new dwelling		modified
Sam and Polly Wade, 93 Acton Street		
Home industry (wholesale)	granted for one year	
Laura Mariani, 1 Third Street		
Sale of home cooked foods	granted for one year	
Felice Seura, 30 Harrison Street		
Front yard variation — to erect addition	modified	
Michael Brescia, 28 Third Street		
Side yard variation — to erect new dwelling	granted	
Ralph and Marjorie Landry, 6 Butler Avenue		
Side yard variation — to erect chimney and fireplace	modified	
John Piecewicz, 177 Great Road		
Change of non-conforming use of building — for upholstery shop	modified	
Edna Horstkotte, 110 Parker Street		
Non-conforming home business — beauty shop	denied	
Bessie M. Room, 8 Pine Street		
Non-conforming home business — neighborhood store	denied	
Ranghild M. Nelson, 33 Parker Street		
Non-conforming home business — non-resident occupant office	denied	
Frank and Josephine Kasziewicz, 149 Waltham Street		
Remove sand and gravel (for sale) — grade for house lots	modified	

Maynard School Building Committee	
Yard variations — to erect gym addition	granted
J. Bernard Hilferty, 63 Acton Street	
Operate machine shop — small parts fabrication	modified
Erect addition — for office, heating and toilet	modified
Prescott's Decorating Service, 27 Concord Street	
Extend business use — erect roof and ladder rack	granted

Respectfully submitted,

EDMUND W. BEEBE, Chairman,
HENRY R. PIRKOLA, Clerk,
JAMES P. BAUDREAU,
WALTER E. CARBONE,
HOWARD E. SCHREIBER,
WILLIS I. LESTER, Alternate,
JOSEPH FRASER, Alternate.

Report of the Board of Public Works

To the Board of Selectmen
Maynard, Mass.

The Board of Public Works completed the second year of operation working toward the common goal of more and better service to the citizens of Maynard. Though not entirely satisfied with present conditions the steady improvement in coordinating the various branches of the Department of Public Works will save time and money for the Town of Maynard.

The Board has an article dealing with much needed improvements in the water system of the town. This will be on the warrant for the annual Town Meeting.

Respectfully submitted,

ARTHUR F. CROFT,
JAMES BAKUN,
GERALD NEE,
Board of Public Works.

Report of the Superintendent of Public Works

To the Board of Public Works:
Gentlemen:

I submit herewith the annual report of the Superintendent of Public Works for the year ending December 31, 1954, covering: Highways and Bridges, Water, Sewer, Cemetery, Parks, Trees and Insects, Parking Areas, and Public Dump.

Finances

Figures for 1954 again confirm the savings made possible by centralized management of the various divisions listed above. From a recent high of \$65,224.66 in 1951 (Fin. Comm.), salaries have dropped to \$57,202.33 in 1954, in spite of a 5c hourly wage increase and time-and-a-half overtime pay granted to department employees within the last sixteen months.

Over the same period, maintenance costs have been reduced from \$34,582.39 to \$30,757.44, although maintenance in many categories has been stepped up.

From its 1954 accounts, this department is returning a total of \$30,643.94 to the E. and D. fund. In addition, the Town Accountant's report shows water and sewer surpluses, and other receipts, not included in the above total.

Construction

New 6" water mains laid:

Great Road	757 feet	Euclid Avenue	354 feet
Old Mill Road	753 feet	Little Road	216 feet
Butler Avenue	207 feet	Everett Road	201 feet
Boeske Avenue	150 feet	Colbert Avenue	330 feet
Maybury Road	494 feet		

Hydrants installed:

Old Mill Road	1	Maybury Road	1
Glendale Street	1	Rockland Avenue	1
Butler Avenue	1		

Sewer mains laid:

Butler Avenue	335 feet	Summer Hill Road ..	45 feet
Randall and Charles	170 feet	Beacon and Thomas	
Taylor Road	552 feet	Streets	370 feet
Parker Street	207 feet		(contract)

Manholes and catch basins built:

Parker St.	1 manhole	Taylor Rd.	2 manholes
Randall Rd.	1 manhole	Third St.	2 basins &
Butler Ave.	1 manhole		pipe
Naylor Ct.	1 basin	Beacon & Thomas	2 manholes
Summer Hill Rd.	1 manhole		

Sewer pipes laid from main to house:

58 Summer Street	62 Butler Avenue
79 Powdermill Road	83 Powdermill Road
30 Arthur Street	2 Chandler Street
21 Brown Street	5 Burnside Street
115 Waltham Street	63 Glendale Street
76A Powdermill Road	3 Taylor Road
87 Summer Street	2 Glenview Terrace
4 Glenview Terrace	62 Parker Street
57 Glendale Street	10 Chandler Street
22 Randall Road	6 Taylor Road
12 Deane Street	63 Butler Avenue
59 Butler Avenue	64 Parker Street
63 Acton Street	Summer St. fire station
6 Pine Street	6 Sherman Street
2 Elm Street	97 Powdermill Road
48 Glendale Street	

Water service pipes laid:

130 Parker Street	3 Elm Street
205 Main Street	115 Waltham Street
27 Glendale Street	124 Parker Street
Main St. Mill office	30 Arthur Street
35 Fifth Avenue	63 Glendale Street
76A Powdermill Road	Elaine Ave. (Arsenault)
6 Randall Road	57 Glendale Street
254 Great Road	6 Taylor Road
256 Great Road	63 Butler Avenue
258 Great Road	6 South Street
1 Maybury Road	315 Great Road
12 Deane Street	22 Randall Road
59 Butler Avenue	Elaine Avenue (Tucker)
Thompson St. (trailer)	6 Sherman Street
318 Great Road	22 Marlboro Street
31 Thompson Street	93 Concord Street
8 Demars Street	28 Marlboro Street
81 Parker Street	Old Mill Road, 6 new
Summer St. fire station	houses

In addition, repairs were made in 16 other water services.

Street, sidewalks and parking areas:

- Main Street — New parking area of high-type bituminous concrete constructed in the Naylor Ct. area.
- Summer Street — gravel parking area surfaced with asphalt.
- Lincoln Street — concrete sidewalk at No. 2.
- Powdermill Road — 800 feet of high-type bituminous road with crushed stone base, Chap. 90. Town paid one-quarter of total cost.
- Parker Street — crushed stone and asphalt armor coat from Waltham Street to Fairfield Street. Chap. 90.
- Main Street — crushed stone and asphalt mix-in-place from Pine Street to Great Road. Chap. 90.
- Acton Street — Crushed stone and asphalt mix-in-place from Everett Street to RR tracks, near Conant Street.
- Martin Street — gravel road surfaced with asphalt for entire length.
- Riverbank Road — gravel road surfaced with asphalt for entire length.
- Acton Street — new hot-top sidewalk from Pleasant Street to Deane Street.
- Sudbury Street — crushed stone and asphalt mix-in-place from Main Street to Great Road.
- Walnut Street — crushed stone and asphalt mix-in-place from Main Street to bridge.
- Old Marlboro Road — gravel road surfaced with asphalt from Parker Street to Marlboro Street.

Asphalt and sand seal coats applied to the following: Park Street, Crane Avenue, Puffer Road, Marlboro Street, Conant Street, Everett Street, Colbert Avenue.

Resurfacing trenches of water and sewer installations at locations listed earlier.

Town-wide spot patching of streets in spring and fall.

Equipment purchased

Road roller, 10-14 ton tandem

Tractor-mounted backhoe and front-end loader

Two snow plows

Sand spreader with body

Three 25 KVA transformers for water pumping station

One-man power saw

Miscellaneous small tools

Additional Maintenance and miscellaneous

46 trees cut down because of Dutch Elm disease.

63 trees and widespread debris removed after hurricane damage.

75 trees planted in the spring.

41 sewer blocks cleared.

4 leaks in water mains repaired.

396 barrels of ashes removed from schools during the year.

193 water meters repaired.

235 meters removed from homes and replaced with new or reconditioned meters.

6 broken hydrants repaired.

263 man-hours spent on work for other Town departments (hauling furniture, installing signs, distributing reports, erecting fences, etc.).

60 burials at Glenwood cemetery.

900 cubic yards of fill placed behind failing stone wall at Ben Smith bridge. Additional fill, loam, seed, and permanent fence to be placed in 1955.

35 tons of rock salt unloaded for winter use.

162,026,400 gallons of water pumped during the year.

146,325,700 gallons of sewage pumped and treated during the year.

Crowe Park grandstand repaired and infield graded.

Florida Road bridge, concrete coping repaired.

Congregational Church, stone wall repaired.

Reservoir emptied and cleaned.

Catch basins cleaned by machine (cost reimbursed by State).

All water meters read in April and in October.

Drainage system, complete survey started. (At present, the Town has no reliable drainage plans or records.)

Moth suppression and poison ivy spraying.

- Daily chlorine tests instituted at water pumping station, in addition to periodic samples sent to the State.
- Vacuum tank at White Pond repaired.
- Emergency gasoline pump at White Pond in operation 4th of July weekend and during power failures in the hurricane period.
- Edison Co. will put permanent patch on its electrical trench in the spring of 1955.
- Sweeping of streets and sidewalks, town-wide in the spring, and weekly in the business section, weather permitting.
- Snow removal, usual plowing, pick-up, sanding, salting, sand barrels, snow fences, etc.
- Hydrants flushed and checked.
- Dump maintained, 6 days a week.
- Pumps, piping and equipment at water and sewage plants scraped, painted and refurbished. Motors on sewage pumps interchanged for more uniform loading.
- Compressor and other tools overhauled.
- Brush clearance at White Pond, reservoir road, sewage plant.
- Town vehicles repaired and maintained at the Highway garage.
- Gasoline and oil bid awarded to Sunoco Oil Co.
- Fuel oil bid awarded to Maynard Coal Co.
- Minor repairs on the following private ways: (Town reimbursed) Whitney Lane, Riverside Park, Garfield Avenue.
- Mowing, trimming, cultivating, grading and spraying at cemetery, Memorial Park, Crowe Park, and State highway shoulders.
- Seven-day-a-week maintenance at water and sewer pumping stations, and sewage treatment plant.

The excellent record of Public Works is due mainly to the efforts of its foremen and employees, to whom I express my thanks for their cooperation. I am grateful also for the assistance of the Board of Public Works, and appreciate the help extended by other Town officials, particularly the Town Accountant and his capable staff.

Respectfully submitted,

ALBERT RAITANEN,
Superintendent Public Works.

Report of the Board of Health

December 31, 1954.

To the Board of Selectmen:

During the past year the Board continued their policy of conducting many worth-while clinics which included bi-monthly x-raying, diphtheria, vaccination, inoculation of dogs for protection against rabies, and milk inspection.

VACCINATION CLINICS

A large number of children were inoculated against smallpox at this important clinic with Dr. E. F. Ryan in charge assisted by Miss Mary Ward, R.N., Mrs. Martha Champagne, R.N., and School Nurse, Mrs. Dorothy Holt, R.N. A child on reaching the age of six months should be given this protection against smallpox.

DIPHTHERIA CLINICS

For the 24th consecutive year the Board conducted these clinics to protect your children and our town against this disease. Dr. S. E. Cremer was in charge assisted by Miss Mary Ward, Mrs. Martha Champagne, and School Nurse Mrs. Dorothy Holt. Every parent should be aware of the importance of having his child on reaching the age of six months immunized against diphtheria, either by his family physician or at our clinic.

SCHOOL DENTAL CLINICS

Dr. F. A. Garland assisted by School Nurse Mrs. Dorothy Holt, was in charge of these important clinics conducted for the welfare of your children.

TUBERCULOSIS

The turning point in the fight against tuberculosis came ten years ago with the advent of drug therapy which has cut down the death rate immeasurably, but still there has not been a comparable decline in the number of cases of tuberculosis. The great need lies in finding the undiscovered cases early enough so that drugs can be used effectively in the treatment of the patient. Through the splendid co-operation of the Middlesex Health Association and the Maynard Seal Committee, bi-monthly x-ray clinics are held on the third Thursday of each month. Every person should take advantage of this opportunity to have a chest x-ray taken.

DOG CLINIC

Under the auspices of the late Dr. O'Malley's Animal Hospital of Clinton, clinics for the protection of dogs against rabies were held. Every dog owner should see that his pet is given this protection once each year.

To the townspeople, the various town departments, our own faithful employees and to Mr. James V. King and his clerks we can only say thank you for your fine co-operation and splendid service rendered to our town.

Respectfully submitted,

LESTER F. COWLE,
JOHN J. JOHNSTON,
GEORGE EDWARDS,
Board of Health.

Annual Report of Nurses for the Year Ending Dec. 31, 1954

Number of patients visited	720
Association visits	2,090
Old Age Assistance calls	540
Free Nursing visits	572
Total	3,204

Respectfully submitted,

MARY A. WARD, R. N.

Report of Milk Inspector

To the Honorable Board of Health:

Again I am very pleased to be able to submit a favorable report for the department of milk inspection for the year 1954. There were no serious violations of the milk laws from any one of the dairies.

Several of the dairies that retail their products in Maynard have installed many new pieces of dairy equipment and are keeping their operations on the same level as their city competitors.

The department of milk inspection is planning a completely new system for the coming year, and it feels confident that the town can expect the same high quality dairy products in the year to come that it has experienced the past year.

If any citizen has any question or complaint please do not hesitate to write to the department.

Very sincerely yours,

ROBERT W. RIMBACH,
Inspector of Milk.

Report of The Board of Public Welfare

January 3, 1955.

To the Citizens of Maynard:

The Annual Report of the Board of Public Welfare is herewith submitted.

GENERAL RELIEF

As of January 1, 1955 we have twenty-four cases receiving General Relief, one case more than a year ago, consisting of ten families and fourteen single persons, cared for in Maynard and three cases in other towns and two cases in the State Hospital and Infirmary at Tewksbury. Several other cases have been opened and closed throughout the year.

Several new concerns are leasing space in our mill buildings and are taking up much of the slack in unemployment. We appear to be much better off economically than for several years.

DISABILITY ASSISTANCE

We have four cases receiving Disability Assistance; the same number as a year ago. One case has been added and one closed in 1954. We are reimbursed for seventy-five percent from the State Department of Public Welfare and from Social Security.

AID TO DEPENDENT CHILDREN

Three cases consisting of seven children are receiving relief under this category; one less than in 1954, one case having been closed since the last report.

OLD AGE ASSISTANCE

Eighty-three persons are receiving Old Age Assistance as of January 1, 1955, twenty-five men and fifty-eight women, the same number as the previous year. Eleven cases have been opened and nine cases closed within the year. Also ten cases with Maynard settlements now living in other cities and towns.

Fourteen of our cases are without settlement and we receive full reimbursement from the State and Federal.

We also have eleven Old Age Assistance cases in licensed Nursing Homes and Rest Homes. On July 1, 1954 a Medical

Care Plan was put into operation by the State Dept. "This Medical Plan shall be the standard for local boards of Public Welfare in providing, approving and paying for all items of medical care for public assistance recipients," under penalty of disallowance.

This plan includes the amount we may pay and number of doctors' visits, costs in Rest and Nursing Homes, hospital costs per day, transportation by ambulance, x-rays and all extras over and above their budgetary needs.

The financial report will be found in the report of the Town Accountant.

CHARLES P. SPURRELL, Chairman,
ALFRED S. CAREY, Jr., Clerk,
ALTON W. SIMS,
Board of Public Welfare.

Report of Library Trustees

To the Citizens of the Town of Maynard:

We herewith submit the report of the Librarians and Trustees for the year 1954.

REPORT OF LIBRARIAN

We are indebted to the following Libraries for the loan of books:

The Division of Public Libraries, Boston Public Library, Brookline, Concord and Watertown.

The following people and Organizations have donated books or magazines to the Library, for which we express our thanks.

Mr. John Moynihan
Mrs. Joseph Madden
Mrs. Henry Capelle
American Legion
Boy Scouts Troop 30
Parent-Teachers Association
Acme Co.
Mrs. Howard Jones
The Rotary Club

The Statistical Report is as follows:

Books in the Library, January 1, 1955 ..	14,447
Lost Books	35
Borrowed Books	115
Bound	50
Purchased	270
Magazines	41
Daily Paper	1
Weekly Papers	2
Fines Collected	\$150.92
Circulation	26,529

Respectfully submitted,

OLIVE R. MORGAN,
Librarian.

REPORT OF TRUSTEES

The Public Library Trustees endorse the report of the Librarian.

The Public has been very well received by our Librarian, Miss Olive Morgan, and her Assistant, Mrs. Inez Lester. We are fortunate to have such a fine team to work with.

The Library has received many donations of books and an outstanding gift from Mrs. Henry Capelle of a desk lamp and electric clock for which we are very grateful and we know these articles are appreciated.

I have enjoyed serving with my two very nice men and wish to thank them for making the work such a pleasure.

Respectfully submitted,

WILLIS LESTER,
R. FRANK PUNCH,
MARY H. FLANNERY.

Report of Maynard School Committee

To the Citizens of Maynard:

We herewith submit the Annual Report of the School Committee for the year ending December, 1954.

We, of the School Committee, believe that an education in our public school system is an American Heritage that produces better informed citizens of the community and is the assurance of greater and a better America of the future.

It is our aim to provide every child in the town of Maynard with the best possible education that we can afford in safe, healthful and pleasant surroundings.

The School Committee has met regularly on the first Monday of the month as well as attended meetings of the High School Athletic Advisory Council and the School Building Committee. Special meetings have been held with the personnel to study the Salary Schedule.

PERSONNEL

Maynard had only five changes in personnel for the school year of 1954.

RESIGNATIONS

MAJOR REPAIRS, REPLACEMENTS AND EQUIPMENT

Your School Committee feels that the health and safety of the students is of prime importance in their list of obligations to parents and citizens of the town. The School Committee has visited the schools periodically to survey work done as well as study the needs of the buildings. On one of these visits the Finance Committee was invited to survey the work done as well as the improvements to be considered. Any home owner knows that there are annual maintenance problems. This is also true with municipal buildings.

The following list will indicate the major repairs, replacements etc., made during 1954.

Senior High School

Temperature Control Serviced
 Radio Workroom wired
 Typewriting tables and chairs replaced
 Section of boiler replaced
 Water Cooler installed
 Two Typewriters purchased (one electric)
 Mimeograph
 Auto Driver Visual Set
 Regular Maintenance Contract for service on typewriters
 Filmstrip Machine

Auditorium

New window shades
 Folding chairs purchased for stage

Junior High School

Installed Toilet Vent Ducts and Blower
 Two Dehumidifiers installed in Industrial Arts Room and
 Girls' Toilet Room
 Section of boiler replaced
 Three Bicycle Racks purchased
 Furniture in one classroom replaced

Roosevelt School

Drinking fountains removed from toilet rooms to outer
 basement
 Three classrooms renovated
 Cold Air control vent installed in boiler room
 Door Closers replaced
 Corridor Fire Doors installed
 Classroom Floor sanded
 Furniture in one classroom replaced
 Folding table for conferences purchased
 Three Bicycle Racks purchased

Coolidge School

Refinished one classroom floor
 Stairwell walls painted, also ceiling, dado and stair backs
 Folding Table purchased
 Flood Light installed outside building
 Furniture in one classroom replaced
 Steel Cabinet and Bookcase purchased for Principal's Office
 Mattress replaced on couch
 Three Bicycle Racks purchased

PROPOSED REPAIRS, ALTERATIONS and NEW
EQUIPMENT for 1955

Painting

Senior High Stairwells
Junior High Girls' Toilet and Stairwells
Roosevelt Exterior and Six Classrooms
Coolidge School Boys' Toilet Room

Manual Arts Shop

Replace Saw and Grinder

Coolidge School

Boys' Toilet Room renovated
Stair treads on Rear Stairs replaced

Furniture

Replace furniture in one room in each building
Replace window shades in one room in each building

Band

Purchase of Instruments	\$500.00
Uniforms	300.00
Maintenance and Incidentals	200.00

Equipment

Projector for Coolidge School
Snow Blower Attachment for Lawn Mower
Two Electric Sewing Machines for Household Arts Department.
One Electric Stove (Edison Plan)
Two Electric Typewriters

Grounds

Roll and loam Coolidge Grounds
Fence between Higgins property

Miscellaneous Outlay

Fire Doors — Roosevelt School
Handwashing facilities in Junior High and Roosevelt Toilet Rooms

Stoker in Junior High School

It has been felt that it would be more economical to have a stoker fired boiler at the Junior High School. In severe weather (daily and week ends) the building becomes very cold. It would be more economical over a period of years to install a stoker.

HURRICANE DAMAGE

The school buildings were damaged to the extent of \$3,061.00 during the hurricanes. The full amount of claim less fifty dollars deductible was allowed by the Insurance Companies. The deducted amount is to be allowed by the State to the town at a later date.

SALARIES

The School Committee, with a committee of teachers, made a comprehensive study of the salary schedules in effect in communities comparable in size and in ability to pay.

The result of this study showed conclusively that the salaries paid in Maynard were considerably below the average of those in the communities studied.

Accordingly, the School Committee adopted a revision of the existing salary schedule to be effective January 1, 1955.

Although the revised schedule is still below the average of communities studied, it more equitably compensates the teachers, takes into consideration those who are paying for the support of the schools and will result in improving the educational growth of your children.

In order that you may be aware of the provisions of the new salary schedule and its application, the Committee includes it as part of its report.

MAYNARD SCHOOL DEPARTMENT

Salary Schedule

A. Schedule Placement

1. A teacher shall transfer to the schedule at a point determined by experience and preparation level. Levels of preparation are established by academic degrees and additional professional preparation. Certified evidence of credits in courses must be submitted for schedule placement. Experience elsewhere shall be counted at the rate of 1 for 1 on the salary schedule. One half year full time additional professional study shall be considered as fifteen units or credits.

B. Progress on Schedule

1. Progress of a teacher on the schedule is individual. One year's satisfactory teaching experience shall equal one step on the schedule. The School Committee reserves the right to place a teacher at any initial salary which in its

judgment is advisable. The teacher having accepted the initial salary, will proceed on the schedule according to its general provisions. The Committee reserves the right to withhold annual increments from any teacher and to declare a maximum for a particular position.

2. To be eligible for any increment after three years of service in Maynard, a teacher's level of preparation must be raised by a minimum of three approved credits acquired since first appointment in Maynard. To be eligible for any increment after six years of service in Maynard, a teacher's level of preparation must be raised by a minimum of three additional approved credits acquired since first appointment in Maynard.
3. Programs of study which are to be credited on the salary schedule must be approved in writing **in advance** by the Superintendent of Schools as well as the School Committee and incorporated in the Minutes of the School Committee Meeting. Study programs for which approval is desired should include subject matter and areas listed by the State Department of Education for certification at the grade level taught in Maynard. Adjustment in salary shall be made effective as of the date the new level of preparation has been attained, provided the School Committee has been notified and budgetary provision has been made prior to the preceding November 15th.
4. Non-Degree Teachers with six or more years of experience will be placed on Step 6 of Column I and shall proceed to Step 8 (\$3,500.00) at annual increments of one hundred dollars. In order to be eligible to proceed beyond Step 8 to a super-maximum of \$3,800.00 at annual increments of one hundred dollars, a teacher must submit six additional approved credits secured since April 1, 1954.
5. Non-Degree Teachers with nine years or more experience and fifteen or more credits of study, will be placed on Step 8 in Column I. In order to be eligible to proceed beyond Step 8 to a super-maximum of \$3,800.00 at annual increments of one hundred dollars, a teacher must submit six additional approved credits secured since April 1, 1954.
6. Teachers with a Bachelor's Degree will be placed in Column I, according to years of experience until they reach Step 8 (\$3,500.00). In order to be eligible to proceed beyond Step 8 to the super-maximum of \$3,800.00 at annual increments of one hundred dollars, a teacher must submit six additional approved credits secured since April 1, 1954.

7. Teachers with a Bachelor's Degree plus fifteen credits will be placed in Column II according to years of experience until they reach Step 9 (\$3,700.00). They shall then proceed to Step 10 at an annual increment of one hundred dollars. In order to be eligible to proceed beyond Step 10, to the super-maximum of \$4,000.00 at annual increments of one hundred dollars, a teacher must submit six additional approved credits secured since April 1, 1954.
8. Teachers with a Master's Degree will be placed in Column III, according to years of experience until they reach Step 10 (\$3,900.00). They shall then proceed to Step 11 at one annual increment of one hundred dollars. In order to be eligible to proceed beyond Step 11 to a super-maximum of \$4,200.00 at annual increments of one hundred dollars, a teacher must submit three additional credits secured since April 1, 1954.
9. Teachers with Master's Degree plus fifteen credits will be placed in Column IV according to years of experience until they reach Step 11 (\$4,100.00). They shall then proceed to Step 12 at one annual increment of one hundred dollars. To proceed beyond Step 12 to a super-maximum of \$4,400.00 at annual increments of one hundred dollars, a teacher must submit three additional credits secured since April 1, 1954.
10. If a teacher transferring from one column to next highest is placed at maximum salary or less than maximum, he shall proceed according to the terms of the new column.
11. If a teacher transferring from one column to next highest is placed at a salary more than the maximum for that new column, he will proceed to the super-maximum at annual increments of one hundred dollars.
12. The salaries of the Principals, Supervisors (Music, Art, Physical Education) and Special Teachers (Guidance, Industrial Arts, Home Economics) shall be determined by the School Committee. The Committee reserves the right to declare a maximum in this group.
13. The salaries of the Principals shall be determined in two ways: (a) experience and preparation for placement on salary schedule (b) differential in salary to be determined by the School Committee.
14. The School Committee may add differentials in salary for any extra duties which it might arrange for with a teacher or supervisor.

RESOLUTION

The following resolution was adopted by the School Committee and inscribed on their records as of June 1, 1954.

WHEREAS, The School Committee and Superintendent of Schools of the Town of Maynard desire to record their sorrow at the death on May 22, 1954 of their associate Bernard Williams, who since March 1, 1954, served as a member of this Committee, be it

RESOLVED, That the School Committee and the Superintendent of Schools hereby give formal expression of the loss in the death of Bernard Williams and do hereby note in the records of the School Committee the passing from this life of a man who was esteemed and respected by all.

RESOLVED FURTHER, That a copy of this resolution be tendered to his family as an expression of heartfelt sympathy in its bereavement.

CONCLUSION

The School Committee is making every effort to operate your schools efficiently and economically. A program of education that will meet the needs of students today costs money but the children in Maynard are worthy of having their needs met. The details of the educational program will be found in the report of the Superintendent of Schools.

We express our appreciation to the Superintendent and all the Personnel who have worked with us for the benefit of your children.

Respectfully submitted,

PHILIP S. MORRISON, Chairman
 JOSEPH E. BOOTHROYD, Secretary
 DAVID L. PALLIAN

Report of Superintendent of Schools

To the School Committee and Citizens of Maynard:

It is with pleasure that I submit my twelfth annual report.

The duties of the Superintendent of Schools include supervision of buildings, educational and social programs, budget preparation and the expending and accounting of the School Department monies.

ENROLLMENT

There was an increase in enrollment over last year in the lower grades which necessitated the opening of another second grade at the Coolidge School and the transfer of a sixth grade to the Roosevelt School. The enrollment projection of two years ago has proven to be valid. A study of the enrollment table will show the need of additional classrooms which are not available in the present school plant.

At the present time there is no All Purpose Room in any building. Basement rooms, storage rooms, offices and corridors are used for music classes, instrument lessons, testing eyes and ears and individual help for pupils. In September of 1955 there will be a shortage of at least three classrooms.

As was shown in my last report, there will not be adequate classrooms in the Junior High School in September, but the use of a room in the Senior High School will help solve the problem for one year.

STAFF

It is my belief that the members of the personnel are giving their best to the children in Maynard.

The demands on the school and teachers are growing greater each year. These demands are bound to increase tension and lessen the time and energies actually devoted to class work. It is my belief that great effort is made to meet the over-all needs of the individual child in Maynard by teachers and administration.

Teachers should be paid adequate salaries and recognition given to those who are trying to keep abreast of modern methods and techniques of teaching. It is a regrettable fact that so few of our high school graduates are interested in teaching in Maynard. Our home town girls graduating from Teachers Colleges are accepting positions with a beginning salary of five hundred dollars more than Maynard offers.

The following teachers have taken professional courses since January, 1954:

Senior High School

Clair, Ruth B.
Collins, Francis J.
Fardy, Worsley
Farina, Sylvia
Mantay, Charles
Queenan, Mary I.
Terrasi, Rose

Junior High School

Dalton, Madeline I.
Garabedian, Charles
Haggerty, Francis J.
Spurk, E. Joanne

Roosevelt School

Bedell, Robert G.
Kinsley, Katherine M.
Murray, Catharine E.
Silk, Lucinda
Standish, Rose

Coolidge School

Canty, Irene V.
Fitzpatrick, Joan
Ledgard, Marion
Sheridan, Katharine A.
VanSon, Grace

All members of the teaching staff have qualified for the Massachusetts Teachers' Certification.

SPECIAL EDUCATION

The Massachusetts Legislature has recognized that not all children have the same mental abilities, capacities, aptitudes, ambitions and emotions. During the past year, legislation was passed compelling every town to provide for every child in the community who is educable or trainable and whose presence is not detrimental to other children in a classroom. Until the new school building is finished, it will not be possible to provide for a class for "The Educable." Maynard will provide for "The Trainable" by paying tuition to the town of Concord where a class will be established. At the present time "The Educable" are being cared for in the regular classrooms. Before the classes are organized, there will be a conference between parents and the administration. An explanation of the program plans for each child will be given.

HEALTH AND ATTENDANCE

The annual Pre-School Roundup was held in May. Sixty-four children were given physical examinations by Dr. Hooper, School Physician. Four hundred and fifty-one home visits have been made so far this year by the School Nurse.

Students in the fourth, seventh, and tenth grades will be given physical examinations this year. All students participating in football, basketball and field hockey are given physical examinations at the beginning of the season. Any child may have a physical on referral of a teacher.

The Massachusetts vision testing equipment has proved very valuable. The number of children tested was one thousand and ninety-six. Thirty pupils were referred to their family eye specialist, and twenty-one of these children were corrected with glasses.

The number of children tested by the audiometer was one thousand and ninety-six. Of this number fifteen were referred to their family specialist.

A dental clinic is held every Friday at the Town House, with Dr. Samuel Garland in charge. To date, ninety-eight children have requested dental permits. In May, a "fluorine program" was started but had to be discontinued because of lack of personnel. In the near future, a dental survey will be made in the elementary grades by a dental hygienist from the Massachusetts Department of Public Health. It should not be expected that every child will be able to have an appointment at the dental clinic. If a child needs attention immediately, it would be to his advantage to consult his family dentist.

The majority of parents comply with the five day law recommended by the State Board of Health. The one major problem of the school health program is the sending of children who are ill to school. We will continue to have epidemics until parents heed the serious complications of contagious disease.

Maynard was one of the first small communities to appoint its School Nurse as Attendance Officer. More and more communities are finding that it is very helpful to have a person qualified to recognize and act on excuses for non-attendance. Nineteen home visits have been made on cases of truancy. No one denies that truancy is the first step toward delinquency whether the child is in grade two or twelve. It is a point of satisfaction that the school has not been the cause of truancy when cases have been analyzed.

Every child needs ideals that are stronger than his impulses. Such ideals can be built by long, patient effort. Helping to mold a child's character should be the greatest challenge of home and school.

GUIDANCE AND INDIVIDUAL HELP FOR YOUR CHILD

As in past years, the aim of the guidance services continues to be the ultimate self-knowledge and optimum adjustment of each individual pupil. When a person knows himself and realizes both his potentialities and his limitations, he is in an advantageous position to make wise decisions for himself. To this end, a careful, systematic and continuous study of each individual is in constant progress by means of scholastic,

health and personality records, and in many other ways. The cumulative record system, which follows each child from Grade I through Grade XII, includes many evaluations of the student. Through the use of the best measures available, it records his subject matter achievement, effort, behaviour, attendance, his strengths and weaknesses, and each teacher's observations in anecdotal form.

The objective measuring devices used presently in Maynard are the best obtainable for the purpose. They evaluate mental ability, achievement, interest and aptitude. These tests are given by the same person, using the same directions, tone of voice, etc., to eliminate as many variables as possible in the administration of them. Teachers and pupils cooperate cheerfully in providing a highly desirable atmosphere for testing. Since most young men and women will encounter some of the objective tests after high school, the Maynard graduates should have a facility with them through acquaintance with many types during their school careers. Business firms, factories, colleges, technical and nursing schools, Civil Service and all the Armed Services measure their candidates by such devices.

The objective Testing program in Maynard consists of the following:

Mental Capacity

Grade I	Otis Alpha, Form A
Grade III	Kuhlmann-Anderson, Form C
Grade V	Otis Beta, Form A
Grade VII	California Mental Maturity, S-Form, 1950 — Intermediate
Grade XI	California Mental Maturity, S-Form, 1950 — Advanced

Achievement

Grades I-II	Reading Tests to Accompany Texts (given by teachers)
Grades III-IV	Stanford Achievement Test, Form K, Elementary Battery
Grades V-VI	Stanford Achievement Test, Form K, Intermediate Partial
Grades VII-VIII	Stanford Achievement Test, Form K, Advanced Partial
Grades XI	
	Cooperative Reading Comprehension, Form C, Y

Aptitude

Grade IX	Differential Aptitude Test—Mechanical Reasoning Section (to Manual Arts Classes)
----------	--

Grade XI Minnesota Paper Form Board (Spatial Relations)
 Minnesota Clerical Aptitude Test

Interest

Grade X Kuder Preference Record
 Grade XI California Occupational Interest Inventory

It is interesting to note that most schools if higher education request the results of the foregoing tests before considering applications for admission, and that some industrial firms do, also. In addition to the program outlined, special tests are given to individuals and to small groups as the need arises.

In the High School, the National Honor Society scholarship examinations were given, in the Guidance Room, to two qualifying Seniors. Four senior boys took the Westinghouse Science Talent Search aptitude tests there, also. Fifteen senior girls have registered for the National Homemaking Competition sponsored by the Betty Crocker School. Prizes for winners of these competitions are excellent scholarship awards, trips, trophies, etc. Last January, the Juniors were given a vocational battery of tests by the Boston University Cooperative Testing Service. Each student's scores were later interpreted for him, in personal interviews, to aid him in planning his future. The United States Employment Service, in Marlborough, has already registered the present Seniors who will enter the labor market in June. Their General Aptitude Test Battery, and the Typing and Shorthand Tests will be given later, to those registered. A group of Seniors took the tests of the College Entrance Examination Board, and some Juniors took them in May for a practice run. Members of the Class of 1955 have now registered for the next series in January. In December, a senior boy took the N.R.O.T.C. Examination at Harvard University.

The three local organizations awarding scholarships to Maynard High School graduates should be commended, for five were conferred last June; two by the Maynard Rotary Club; two by the Maynard Teachers' Association and one by the Maynard Women's Club. In addition to these, two June graduates received scholarships at Northeastern University, one at Fisher Junior College and one at the Massachusetts General Hospital School of Nursing. Three former graduates, now college freshmen, are receiving student financial awards, also. In the essay contest sponsored by the East Coast Aero Tech, a senior boy received the Aviation Award Gold Pin. The D.A.R. Award winner was selected by vote of the faculty and members of the Senior Class.

Information and applications for admission have been distributed in large numbers this year. A number of applications

have already been completed by Seniors, for various schools and colleges. Some have received notice of acceptance, for next Fall.

Many students have been placed, through the Guidance Department, in part-time jobs, following an employment census of the entire High School population taken in October. A number of June graduates, who had been working part-time during the school year, continued in the jobs permanently after graduation.

Vocational information is distributed through films and through the Guidance Library. This Library has been increased this year by the addition of many new books, pamphlets and catalogues. Students use this material constantly for they are displayed conveniently. Even former graduates return to use the information obtainable here.

Another means of distributing vocational information is through career conferences. Through arrangements which were completed in the Spring, an excellent series of monthly occupational conferences is again being presented, having begun in September. Under the auspices of Northeastern University, the schedule lists over forty different career fields which will be discussed by experts in each field. On one day each month, three meetings are held simultaneously for interested Juniors and Seniors. Acton High School students also come to these conferences in Maynard, regularly, by invitation. An excellent Career Conference Committee of students handles pre-conference publicity and registration, greets speakers, conducts meetings and welcomes guests. All visiting speakers have praised the courtesy and poise of the members of this Committee, and the student audiences at the conferences for exceptional attention and interest.

A follow-up survey of the members of the Class of 1954 was completed in December, with information gathered from all of the fifty-eight graduates. It is significant to note that 36.2 per cent are continuing their education, while seven young men and one young woman, or 13.8 per cent of the class, have enlisted in the Armed Forces. The following gives the status of the Class of 1954, as of December 22, 1954:—

Status of the Class of 1954

	Number	Percent
Full-time employment (including one at school, also)	29	50.0
In School	21	36.2
In Armed Forces	8	13.8
At Home (Married)	1	1.7

The twenty-one students who attend schools have chosen the following:

Types of School Attended by the Class of 1954

	Number Attending
College or University	10
School of Nursing	4
Junior College	3
Technical School	2
Academy	2

Fields of Endeavor of Students Continuing Education

Engineering	4
Nursing	4
Secretarial	3
Chemistry	2
Laboratory Technology	2
Teaching	1
Accounting	1
Electricity	1
Beauty Culture	1
Radio and TV	1
College Preparatory	1

Our school drop-out survey was completed and report sent to the State Department of Education.

In the Junior High School, a complete diagnostic item analysis was made of the California Arithmetic Test results. The strengths and weaknesses were noted and discussed with the teacher of mathematics, and a report given to the teachers in the elementary grades. Following this, a study was made of the correlation between mental ability and actual arithmetic achievement of each pupil. Where discrepancies appeared, further action was taken, producing valuable outcomes. We are fortunate, too, in securing a pre-high school program of occupational information, to be presented in March.

A regular schedule of guidance activities will be conducted every afternoon in the Roosevelt, Coolidge and Emerson Junior High Schools, beginning in January.

Achievement tests, provided by the State Traveling Clinic, were administered to students needing specialized study, this year. This Clinic provided the services of a psychiatrist and a psychometrist as expert consultants in the adjustment problems of children referred to them.

This fall, a survey was made of all students in Grades I-VIII, involving teacher reports and conferences, for Special Education referrals and other adjustments.

In summary, guidance activities have been numerous and varied throughout the school system. In the elementary

grades, problems of social and scholastic adjustment were discovered; and with the cooperation of the school and the parents, suitable action followed. Such action included special testing; interviewing of pupils, teachers, nurse, and parents; home visits; remedial reading; counselling; and in some cases, referral to suitable agencies. At the secondary level, all the above problems are found, also; but there are the additional ones of planning for a career, which involve selection of a high school course of study, knowledge of vocational information, choice of a career, required preparation, school and college information regarding admission and scholarship aid, and job placement — both part-time and permanent. Forwarding of numerous records and letters of recommendation, making interview appointments and visit arrangements, and assisting students in the filing of all necessary forms are some of the guidance services rendered.

The success of the Guidance Department here in Maynard has been due, in large measure, to the splendid cooperation of the parents, teachers, School Nurse and Doctor, Police Department and County Probation Officers, and the conscientious work of Miss Queenan.

SCHOOL BAND

It has always been my belief that it is the responsibility of the school to develop the abilities of every child. Much attention is given everywhere to the child who participates in a sport. He is more or less of a hero in all eyes. It is true he has a particular skill and ability. He gets much personal satisfaction which is good in itself but to me, the boy or girl who plays a musical instrument makes just as much of a contribution to himself and society as the athlete.

The Band members have achieved invaluable measures of educational standards among which are: growth in musicianship, aesthetic values, personal growth and self-fulfillment, disciplinary experience, and democratic and recreation experiences.

Attendance at music festivals and at all public performances is regarded as an essential and integral element in the music program. Students enjoy the musical experience of performing before the public for means of self-expression and social and emotional outlet.

The Band Parents Organization should be looked upon as an outstanding community spirited group as well as a good example of parents showing interest in children's talents and successes.

FIELD TRIPS

Many of the teachers have given of their own free time to take the children on Field Trips which they would never have otherwise. Among the trips taken have been Science Exhibit at Shoppers World, General Motors Open House, Children's Museum, Maynard Public Library, Local Fire Station, Opera, Cinerama, State House and Harvard Museums. Parents have assisted in supervision of the children on these trips.

One of the most valuable programs outside of school hours is the Junior High School Dancing Lessons. Miss Wilder and her teachers are to be commended for the extra time and effort they have given to these classes for the benefit of the children.

AUDIO-VISUAL AIDS

During the past year the Audio-Visual Department has been concerned with the full utilization of the A-V Materials which have been purchased by the School Department.

A teacher's schedule is a very busy one. If a teacher is expected to use the Audio-Visual aids with which to teach, she should be able to obtain them easily. The A-V Department attempts to provide the teachers with the equipment and materials that they need, when they need them.

Files which include sources of Audio-Visual materials are maintained. These files are located in the Audio-Visual room at Emerson Junior High School.

The information included in these files are:

A. Materials and Equipment Owned by the School System

- | | |
|--------------------------|-------------------------|
| 1. Cooperative Film List | A personal copy of each |
| 2. Filmstrip Catalogue | of these is given to |
| 3. List of Equipment | every teacher. |

B. Files That Contain:

1. Free film catalogues
2. Catalogues of films that may be rented or purchased
3. Catalogues of filmstrips that may be rented or purchased
4. Catalogues on equipment for purchases
5. List of free and inexpensive aids to teaching
6. List of Museum exhibits that may be borrowed
7. List of State Department Tapes

The files are all labeled. The teachers are free to examine them at their leisure. If they find anything that may be helpful to them in their teaching, they fill out a requisition blank. The items are brought to them as quickly as they can be obtained.

Maynard belongs to a film Cooperative Plan with five other communities: namely, Marlboro, Shrewsbury, Westboro, Grafton, and Lyman School. The Cooperative Film Library now contains approximately 125 educational films. An average of 15-17 films are added each year. The films are owned by the School Department which purchased them, but they are pooled together for the use of all. The main purpose of the Cooperative is to provide films for the teachers at the time when they will be of most value to their classes.

Students are trained to operate equipment. We now have approximately 50 boys, ranging from the fifth to the twelfth grades, who are capable of running equipment, and who are always willing to do so. Our teachers, even though they are able to operate the equipment themselves, request the services of the students because it allows them to be concerned with the educational value of the aid, while they leave the mechanical details in capable hands. Without these student operators, the Audio-Visual Program could not be so successful.

The development of an Audio-Visual Program must be gradual with annual purchases. During 1954, the following equipment and supplies were purchased:

1. SVE 35mm Filmstrip and Slide Projector
(Each building now has a Filmstrip Projector)
2. One dozen tapes
3. Filmstrips \$70.00
4. Three 16mm sound films
 - (a) "Egypt, Land of the Nile" 20 minutes
 - (b) "Life in Hot-wet Lands" 10 minutes
 - (c) "Malay Peninsula"

The initial expense of the equipment and materials is high, but, we believe, the results which have been obtained by their proper use justifies that expense.

PHYSICAL EDUCATION

Though still limited in space and personnel, the basic principles of a good physical education program are carried out in our Physical Education Program. The total program aims to give expression to the instinctive tendencies of youth, which are shown in the natural movements of running, jumping, climbing, and throwing. These are the activities we try to present to the school boy and girl. These are the chief means of developing motor coordination, control of emotions, and social adjustment with other individuals. We hope to create in each individual the desire to play and take part in any athletic activity. These activities to develop a hygienic value during the period of growth and development.

A true spirit of sportsmanship, loyalty to school and all its activities is stressed throughout.

"Develop physically, mentally, and be of good character," is our goal.

To date the physical education program is carried on by one person. As soon as a gymnasium is built, additional personnel should be added and the program extended to include more time in the elementary grades and for girls of junior and senior high school grades.

In order to provide some form of recreation for the children in the Coolidge School area, the School Committee installed flood lights in the school yard for outdoor basketball games at night.

PUBLIC RELATIONS

Instead of continuing the issuance of the 3 R's, the weekly column of School News in local papers has been more effective. It gives the news to parents and townspeople while it is news.

I take this opportunity to acknowledge the cooperation given the school by the Rotary Club, Chamber of Commerce, Boosters' Club, Salvation Army and the Maynard Tuberculosis Seal Sale Committee.

DRIVER EDUCATION

The Driver Education Course conducted in the Senior High School for the year ending June, 1954, saw fifty-five juniors taking classroom instruction which is one semester in duration. The material covered in the classroom included such items as historical background of the automobile industry, and the driver and his physical, mental, and emotional qualities. The course also included a discussion on the car itself and what makes the wheels turn; economical operation; and finally, the fundamentals and proper attitudes necessary to become a safe driver. It is the aim of the course to give the pupils practical as well as theoretical knowledge so that they will conduct themselves propitiously at all times as good drivers, cautious pedestrians, and well-informed citizens.

Thirty senior students took the road instruction, which is given to those who have successfully completed their first phase. Of this group, twenty-five received their driver's license after being examined by an inspector assigned by the Registry of Motor Vehicles.

During the 1954 school year, an adult Driver Education Course was conducted. Thirty adult students enrolled in this course and received twenty hours of classroom instruction and five lessons behind the wheel.

The following is a statistical summary of the course:

Students taking classroom instruction	55
Students passing course of classroom instruction	50
Total number of students receiving road instruction	31
Number of students taking Registry test	24
Number of students receiving licenses	24
Number of adult students taking classroom instruction	30
Number of adult students taking road instruction	29
Number receiving licenses over a three year period	95

CONCLUSION

Yearly major improvements in each building in addition to room renovation and furniture replacement on a long range program have resulted in the over-all good physical condition of the buildings.

Until the new elementary school building is completed, our classes will be overcrowded and the children will not receive the individual attention they need.

I wish to express my appreciation to the School Committee, Personnel, and Parents for their cooperation in all phases of my work.

Respectfully submitted,

MARY A. DOYLE,
Superintendent of Schools.

Report of The High School Principal

Miss Mary A. Doyle
Superintendent of Schools
Maynard, Massachusetts

Dear Miss Doyle:

I herewith submit my report of the Maynard High School for the year 1954.

The typical secondary school is the product of many diverse and sometimes conflicting influences. In it one can see the educational patterns of the past modified by the pressures of the present. Few if any secondary schools present clear-cut examples of what they would be were they true either to the philosophy of traditional education or to the more soundly based principles and practices of the modern school. Most of them are a mixture of many things that secondary education has been, now is, and hopes to be.

Originally the emphasis at the state level was to make the secondary school a better college-preparatory institution. It was chiefly concerned with the number and arrangement of college-preparatory courses, their content, and the amount of time to be required for a credit in any subject. More recently, due in part to a loss of faith in the validity of this purpose and in part to a growing recognition of the fact the state must be concerned with the secondary school as a whole rather than with its college-preparatory curriculum, the standards set have been broadened and made more flexible. Now we find that the standards used in rating a school are those which are most directly related to the performance of its essential functions. The profession is in general agreement upon the principal function of the American secondary school. It is, broadly stated, "Education for ALL American Youth." There is also quite general agreement that this education is best reflected in youth's increasing competence for responsible living in a democratic society. Unless our children can come by a greater willingness and ability to act effectively together on the problems of group living, all else we do for them may be wasted effort.

Maynard High School, through its broad curriculum objectives and its insistence on academic freedom, has recognized this changing concept of secondary school aims and continuously attempts to meet the needs of its pupils both for college preparation and for community life.

The final evaluation of the effectiveness of such a program can be made with facility through the follow-up studies of our

graduates. We have prepared them successfully for college. The statistics show that our graduates are able to enter the colleges of their choice and are also able to achieve creditable marks while there.

As for those who enter directly into public life after high school, the evidence of their success is all around us. Except for those entering the Armed Services, the number of youth actively interested in local social and civic affairs touching on youth life, the number carrying on responsible activities in industry, in business, at home and at church indicates the success of our terminal education program.

We can proudly point to achievements at Maynard High School. Our graduates speak for us. Whatever field of endeavor they have entered, the great majority find themselves well-prepared, successful and happy in meeting the challenges before them. Results of this nature can come only through the interest and cooperation of the administration, the parents, the teaching personnel and the pupils themselves. As long as we work together to make the "need of education" clear, and to encourage our children to learn at every opportunity, just so long will our children respond by studying and improving themselves to take their places in the community prepared for any exigency.

PERSONNEL CHANGES

The loss of experienced personnel is most unfortunate from both an administrative and an educational point of view. During the past year, however, our losses in the high school were less than in previous years. The resignation of Miss Meredith Drew, Commercial teacher; Miss Ellen McIntyre, English teacher, and the leave of absence of Mr. Lawrence Lerer, Science teacher, made it necessary to replace only three of our personnel. I do believe, however, that it is a distinct loss to Maynard when even one teacher leaves. It takes time to orient a teacher to an understanding of the community, its pupils and their needs. Once a capable teacher understands our system and objectives, everything in our power should be done to retain him. The competition and attractive offers by other towns and cities to our teachers must be counteracted by us.

Our pay schedules are being continuously adjusted toward this end. Teachers must be made to feel that Maynard wants them, appreciates their work and holds them in the esteem that their professional status deserves. The School Committee, Parent-Teachers' Association, and many of our public spirited citizens and civic organizations realize this and have gone a long way toward creating the proper feeling of respect and cooperation toward our teachers.

EDUCATIONAL ACTIVITIES

For many years Maynard High School has been rated as a Class A High School under the Massachusetts Department of Education's rating system. Recently, I was informed that Maynard had been honored by being elected unanimously to Institutional Membership of the New England Association of Colleges and Secondary Schools. Membership in this organization will facilitate the accreditation of our pupils to higher institutions of learning.

For direct participation by pupils, we also maintain a charter membership in the National Honor Society and memberships in the National, New England and Regional Student Council Associations. All of these organizations are extremely valuable as they make it possible for our pupils to become acquainted with the work and activities of other high schools throughout the state and country. This mutual sharing of ideas and standards gives our students an equitable position in their social and civic life after graduation.

PLANT MODIFICATIONS

The reconditioning of the high school has continued during the year. This continuous program of maintenance and repair has made it possible to have a neat and attractive school in spite of its age. Pleasant surroundings are conducive to good work from both pupils and teachers.

We have always been aware of the need for more adequate heating facilities for the high school. With the construction of an adjoining gymnasium being contemplated in the near future it is now opportune to investigate and develop heating plants for both buildings that will supply sufficient heat to eliminate the health hazards involved in holding classes in rooms that are difficult to heat adequately on extremely cold school mornings.

Today, most modern schools have the educational advantage of a public address and intercommunication system. I suggest strongly that when the new gymnasium has been completed, a public address system be added to our equipment connecting the high school classrooms, the auditorium and the gymnasium under one central communication control. The advantages of this installation would be felt in greater operational efficiency and in increased educational offerings. Announcements, speakers, radio programs, recordings, student notices, special events of interest to a class or a group of classes could be made available through this medium. As an educational aid it would be worth many times the cost of its installation.

RECOMMENDATIONS

The replacement of classroom furniture has been started. This project should be continued and completed as soon as

possible so that the pupils may have the advantages of sturdy up-to-date desks and chairs while studying and participating in class activities.

The gradual increase in high school enrollment is now noticeable. Throughout the next ten years we can expect a steady increase in the number of pupils registered at the secondary level. We are now using three homerooms instead of two for the classes entering from the Junior High. Our available homerooms are limited in number and soon it will be necessary to reorganize somewhat to accommodate the new groups. By utilizing Room 23B, the Library and the Guidance Room, in that order for homerooms, we should be able to solve the increased enrollment problem as it develops.

Considering the objectives and needs of our Maynard children, it would be wise at the same time to consider adding a teacher to our staff to enrich the offering of our program of studies. This new teacher will not only compensate for the increased enrollment but will also allow us to add courses to our program which should be of distinct educational value to our students, particularly for those who will utilize the high school program as a terminal education.

CONCLUSION

The past academic year has been very satisfactory. Our students are still successfully meeting the challenges of a very complex and competitive society. This speaks well for our teachers who have worked diligently to educate our Maynard boys and girls to the level of good citizenship and all that it signifies. The faculty is to be commended. Its understanding and willingness to take a personal interest in our pupils has enabled them to make the transition from school to more responsible citizenship with the minimum of upsetting adjustments.

During the year, many local organizations have again shown an active and beneficial interest in the High School. The American Legion, the Veterans of Foreign Wars, the American Legion Auxiliary, the Veterans of Foreign Wars Auxiliary, the Rotary Club, the Maynard Teachers' Association, the Maynard Women's Club, and the Maynard Lodge of Elks are all worthy of commendation and thanks for their promotion of the welfare of our Maynard children.

In closing, I wish to thank you for your suggestions and cooperation during the year.

Respectfully submitted,

ALBERT LERER,
Principal.
