REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

The Board of Selectmen respectfully submits its report with reports of all other Departments also the Financial report of the Town Accountant for the year ending December 31st, 1925.

The Town Accountants report is the first submitted since the installation of the State Accounting System and although many changes had to be made under the new system, we feel sure it meets with the approval of all officers of the different departments.

Many improvements have been made during the year for which money was appropriated by the Town. Brown and Haynes Streets have been completed making a fine direct road to South Acton. Parker Street also has been completed to the cemetery Tomb but there still remains a small stretch to the Great Road which we recommend be finished this year.

A great improvement to the Town would be the widening and re-enforcing of the Paper Mill Bridge. The traffic over this bridge is very heavy. If the bridge was widened it would allow a sidewalk to be placed on the easterly side and with the present curbing at the corner put back a few feet would make a safer curve to Powder Mill Road.

We would recommend that an appropriation be made by the Town if the approval of the State and County can be secured to pay an equal share of the cost.

In regard to Traffic Beacons, we have spent a great deal of time in securing the best possible signal for the least outlay. Though the initial cost is higher than the old style beacons, we feel sure it would be a great saving to the Town, as the expense of lighting would be much smaller than the old method of lighting by lanterns.

By the taking of land at dangerous corners where the traffic is heavy, many improvements could be made and we feel sure would be a means of avoiding many accidents.

We have had under consideration for some time the necessity of better street lighting in the business section of the Town. We find in many Towns where an improved lighting system has been installed it has given general satisfaction, and has added greatly to the business of the Town.

There is a great need at the present time for more office accommodations. The Town Accountant is now temporarily located in the office of the Water Dept. which makes it very inconvenient. A number of Committees that have no regular office have to use the Selectmen's Rooms, one of which is used by the Police department. Other offices are located in different buildings. We think it would be better for the Town if some building could be procured and all Town offices be quartered in this one building.

State Census

The Selectmen were notified by the Secretary of State that a census be made of the inhabitants of the town residing therein on March 31st, 1925; in accordance with the requirements of Chap. 453, Acts of 1924. As the Town is required under the new law to pay the expense of enumeration, the services of the Assessors were enlisted to do this work in conjunction with their regular duty of listing of polls.

This made a great saving in expense to the Town.

The Assessors report: Males, 4090; Females, 3767; Total 7857.

EDWIN CARLTON,
FRANK S. BINKS,
JOHN C. KING,
Selectmen of Maynard.

REPORT OF CHIEF OF POLICE

To the Board of Selectmen:

Gentlemen:

The report of the Police Department is respectfully submitted to you for the year October 1st, 1924 to September 30th, 1925. This shows the number of arrests made and the work done by the department during that period.

A large part of the appropriation was expended this year for the enforcement of the prohibition laws.

Cases appealed in the Concord Court of which there are a great many, means great expense when these cases come up for trial in Cambridge, sometimes necessitating the presence of myself and two or three other officers for three or four days before the cases are disposed of.

Extra officers have been put on at the west end of the town. On Friday and Saturday evenings special officers are put on at street intersections where the traffic is very heavy.

There is a great need for an automobile for the use of the Police department and I would recommend that money be appropriated for this purpose. Every town of any size has an automobile for police work. The town received from the Concord District Court this year fines totalling \$2,343.00.

Many complaints are received by letter during the year but no names signed to them. An investigation is made in every case but I would prefer that complaints be made to me in person so that I could go more thoroughly into the case and I will guarantee that all names will be kept confidential.

I wish to thank the citizens of Maynard for the manner in which they have assisted me this year, and ask for their continued cooperation.

Appropriated	\$10,500.00

Respectfully,

JOHN CONNORS,

Chief of Police.

REPORT OF SUPERINTENDENT OF STREETS

of work completed during the year

Bituminous Macadam

During the past year we have completed the greatest amount of bituminous macadam ever constructed in one season in the history of the town.

Summer Street from square to Paper Mill Corner has been laid with bituminous macadam, thus making a good road from Acton line at the Powder Mill to Ben Smith Bridge. Walnut Street from King Square to Walnut Street Bridge, making a good bituminous macadam from Main Street to mill gate on Walnut Street. Brown Street, Haynes Street from Acton Street near R. R. crossing to Acton Street near Parmenter's R. R. crossing via old car line was built of bituminous macadam.

This is the greatest improvement in the line of highway construction ever undertaken in our Town, as it makes a direct route to Acton, also eliminating two R. R. crossings. We are complimented by our citizens, also State and County officials as well as the public at large.

The State and County each contributed with the Town their share of the cost of this work.

Parker Street from Paper Mill Corner to the northerly side of Glenwood cemetery has been built of bituminous macadam.

This street was in a dangerous condition. All soft places were removed from the sub-grade and replaced with good gravel and macadam laid full width of street. State and County each contributed with the Town their share of the cost of this work. This gives us a good stretch of macadam road from Acton line at Powder Mill to northerly side of Glenwood cemetery.

Gravel Roads

Thompson Street from the top of hill near end of No. 5 Mill to the Great Road had a heavy coat of gravel, also a coat of oil applied and makes a great improvement.

Florida Road the entire length had a heavy coat of gravel, and a coat of oil applied. Glendale Street received a coat of gravel and oil applied. This street is not as satisfactory as the others owing to the poor drainage, which we hope to remedy the coming season.

Elm Street received a coat of gravel and oil applied. This is in very good shape for a newly accepted street and greatly appreciated. The Russell Bridge Road to Stow line received a coat of gravel.

The ledge on Chandler Street near corner of Elmwood has been removed, making a much needed repair on this street, and gravel and oil applied.

All the streets and gutters received the regular spring cleaning. The streets in the business section were cleaned each week. All the streets were oiled, and a number of streets scarified and re-shaped.

Considerable cold patching was done in order to hold the old street in shape.

Drains

A new drain on Acton Street was laid. Part of drain at rear of Central house to river has been re-laid.

Drain from corner of Acton and Glendale Streets to man-hole on Glendale Street has been re-laid. A new drain from corner Elmwood and Thompson Street to house of William Macey was laid and many other drains repaired.

Catch Basins

New catch-basins were built on Acton Street between Glendale and Nason Streets, one at Paper Mill Bridge and one at corner of Elmwood and Thompson Streets.

Russell's bridge has been replanked.

The old fence on Main Street near the Rafferty place, has been replaced with a substantial up to date one. The old fence was condemned many years ago. This year it became so dangerous, it had to be removed.

Snow

All sidewalks were kept open, and well sanded for travel.

The roads were also kept open for travel. In the business section the snow was hauled away.

Sidewalks

A new gravel walk was laid on Thompson Street from Park Street to Great Road. The traveled way on this part of the street was very narrow owing to the slop of adjoining property. As they were building extensively on this part of the street, we were obliged to cut this slope away to enable us to build a walk in its proper location. This intailed considerable expense

A new gravel walk was laid on Great Road from Thompson Street to Sudbury Street, also treated with stone dust. The following walks have also had gravel: Parker, Glendale, Acton, Brown, Lincoln, corner Parker and Walnut, Parker and Hillside.

Several hundred feet of curbing have been laid this season, preparatory for permanent walks.

*SUPERINTENDENT'S REPORT
BROWN TAIL AND GYPSY MOTH*

To the Board of Selectmen:

Gentlemen:

During the year 1925, the gypsy moth increased to four times as many as the previous year. The number being a little more than ten thousand.

The brown tail moth showed a very small increase. The number during the past year was one hundred and forty-three.

January 6th, 1926

JOHN F. CLEARY,
Local Moth Superintendent

REPORT OF INSPECTOR OF ANIMALS

To the Selectmen of Maynard:

Gentlemen:

I herewith submit my report as inspector of animals for 1925.

There were 40 barns, 157 cattle, 241 swine, 790 fowl, 5 sheep and 5 goats inspected. I was called 4 times where contagious diseases were suspected. There were 198 pigs inoculated as a prevention of cholera.

Yours truly,

January 5, 1926

JOSIAH M. HERRICK,
Inspector

PUBLIC HEALTH NURSE

To the Board of Selectmen:

Gentlemen:

The Maynard Public Health Association submit the second annual report of the Public Health Nurse, Miss Mary A. Ward, for the year ending December 1925.

Number of patients visited—182.

Number of nursing visits—1483.

Total amount of fees collected from December 23, 1924 to December 23, 1925.—\$597.00.

The Town of Maynard contributed the amount of \$500. to the Public Health Nurse Fund. This year we were forced to hold a drive to raise money to help defray expenses of the health nurse work. Facing many difficulties, among those the most prominent being numerous drives for many worthy causes and the general business depression, we held a very successful drive, receiving \$892.00. We are very grateful to all who helped to make our work successful, the people who so cheerfully donated, the splendid response from local societies and the ladies who gave so willingly their time and energy to solicit funds.

This year after due thought and planning, we feel it is necessary to ask for the sum of \$1,000. from the town to carry on this health work. We have found the salaries paid public health nurses in surrounding towns to be higher than in Maynard, also an automobile is given the nurse so as to help her visit all parts of town or, a certain amount of money is allowed toward the expenses of a car. In order to hold our nurse we have increased her salary, also paying garage rent for her car so as to have the use of it for the health work.

If the town will give this sum of \$1,000. we feel it will not be necessary to hold drives because this amount added to the fees collected by the nurse will be sufficient to defray greater expenses of work. The Red Cross Society has helped to pay for medical supplies, bandages and cotton used in emergency work.

We thank you for the co-operation and help you have given the association.

Respectfully submitted,

BERTHA A. FEARNs,
Secretary of the Maynard Public Health Association.

TOWN CLERK'S REPORT

For year ending December 31, 1925

Town Warrant No. 283

Town Meeting Feb. 9, 1925

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall in said town on Monday, February 9th, 1925 next at 6.30 A. M. then and there to act on the following Articles:

Article 1. To choose by the Australian System of balloting the following Town Officers:—Three Selectmen each for one year, one Town Clerk, one Town Treasurer, one Collector of Taxes, one Moderator, one Auditor, one Tree Warden, and three Constables each for one year, one member of the Board of Health for one year and one member of the Board of Health for three years, one Overseer of the Poor, one Water Commissioner, one member of the School Committee, one Assessor, one Trustee of the Public Library, one Cemetery Commissioner, each for three years, and all other Town Officers to be chosen at said meeting. Also to answer by the Australian System of balloting the following questions: "Shall the Town accept the provision of General Laws, Chapter 31, known as the Civil Service Act, and acts in amendment thereof and addition thereto, whereby the Chief of Police and the regular or permanent police force shall be subject to said chapter and the rules made thereunder"? "Shall licenses be granted for the sale of certain non-intoxicating beverages in this Town"? For the purpose specified in this article, the polls will be open after the reading of the warrant, and will remain open until four o'clock in the afternoon when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will authorize the Treasurer with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1, 1925, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town, giving the notes of the Town therefor, payable within one year from the dates thereof.

And you are directed to serve this Warrant by posting an

attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doing thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this twenty-ninth day of January in the year of our Lord, one thousand nine hundred and twenty-five.

FRANK S. BINKS,
EDWIN CARLTON,
DAVID G. SHARPE,
Selectmen of Maynard.

Middlesex, ss.

Maynard, Jan. 31, 1925.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held February 9, 1925

Pursuant to Town Warrant No. 283 the voters of Maynard cast their ballots for Town Officers and acted upon the several articles of said warrant.

Cards of instruction and specimen ballots were posted as required by law and the warrant read at 6.30 o'clock A. M. by the Town Clerk.

Ballot Clerks appointed by the Selectmen were sworn by the Town Clerk as follows:

William Connolly, William P. Scully, William H. Waterhouse, Henrietta Bamford, Howard F. King and Michael E. Lynch.

The ballot box was examined by the Moderator Alfred E. McCleary and the Town Clerk. The register set at 0000. The keys were placed in the keeping of Constable Nicholas J. Driscoll who was in charge of the box during the day.

Ballots prepared by the Town Clerk together with duplicate check lists of voters were delivered to the Ballot Clerks and a receipt taken therefor.

The Moderator declared the polls opened at 6.35 A. M.

It was voted to postpone action on Articles 2 and 3 and the election of minor officers until two o'clock P. M.

Tellers appointed by the Selectmen and sworn by the Town Clerk were as follows:

Albert E. Axford, Michael J. Nee, Inez E. McDonald, Loretta F.

Tobin, Albert Riley, Henry A. Carlton, Lessie G. McGarry, Mary E. Moynihan, Marion L. Jones, Agnes V. Driscoll, John W. Moore, James H. Mallinson Jr., Eva M. Frye, Herbert W. Martin.

It being deemed advisable by the Moderator and Town Clerk, ballots were taken from the ballot box at various times during the day and counted, beginning at 7.15 A. M.

At two o'clock the following officers were elected by acclamation:

*Town Warrant No. 284**Town Meeting March 9, 1925*

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall in said town, on Monday, March 9, 1925 next at 7.30 P. M. then and there to act on the following Articles:

Article 1. To hear and act on reports of Town officers and committees.

Article 2. To fill all vacancies in Town offices.

Article 3. To see if the Town will vote to appropriate and grant money for all necessary Town purposes.

Article 4. To see what rate of interest the Town will charge upon its unpaid taxes after September 10th in the year of assessment; to do or act thereon.

Article 5. To see if the Town will vote to appropriate the sum of seven thousand dollars (\$7,000.) on the condition that the State and County appropriate a like sum for the specific repair of Brown Street; to do or act thereon.

Article 6. To see if the Town will vote to appropriate the sum of seven thousand dollars (\$7,000.) on the condition that the State and County appropriate a like sum for the specific repair of Parker Street, from Paper Mill Corner to Glenwood Cemetery; to do or act thereon.

Article 7. To see if the Town will vote to appropriate an additional sum of money for building and equipping an eight-room School Building and Assembly Hall, which the Town voted to build at a meeting held January 2nd, 1924, and authorize the issue of notes or bonds of the Town for the purpose of raising the money necessary for this purpose, either in whole or in part transfer from the available funds and to do all things necessary or proper in connection therewith or relative thereto; to do or act thereon.

Article 8. To see if the Town will vote to appoint a committee to review the needs for School accommodations and to instruct the School building committee appointed January 2nd, 1924, to suspend any further action, to do or act thereon.

Article 9. To see if the Town will vote to appropriate the sum of two hundred and fifty dollars (\$250) for Memorial Day; to do or act thereon.

Article 10. To see if the Town will vote to appropriate the sum of fifty dollars (\$50) for the salary of a Fish and Game Warden; to do or act thereon.

Article 11. To see if the Town will vote to appropriate the sum of five hundred dollars (\$500) toward the salary of the Public Health Nurse; to do or act thereon.

Article 12. To see if the Town will vote to appropriate the sum of two hundred dollars (\$200), or some other amount, and elect a Director, the money to be expended by, and the director to serve in cooperation with the Middlesex County Extension Service, under the provisions of Sections 40 to 45, Chapter No. 128, General Laws of Massachusetts; to do or act thereon.

Article 13. To see if the Town will vote to accept from Frank Hibbard the sum of one hundred dollars (\$100) to be known as the Frank Hibbard fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery; to do or act thereon.

Article 14. To see if the Town will vote to accept from Laura A. Powers the sum of fifty dollars (\$50) to be known as the Laura A. Powers fund, the interest to perpetually care for her half-lot and surroundings in Glenwood cemetery, to do or act thereon.

Article 15. To see if the Town will vote to accept from Joseph Edwards the sum of one hundred dollars (\$100) to be known as the Joseph Edwards fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery; to do or act thereon.

Article 16. To see if the Town will vote to abolish the office of Town Auditor, in accordance with Chapter 41, Section 55, of the General Laws; to do or act thereon.

Article 17. To see if the Town will vote to appoint a committee of not more than seven voters to investigate further and make a report in regard to proper installation of a Sewerage System along the lines suggested in the report of the committee appointed at a Town meeting, held on April 6th, 1914; that said committee be authorized to obtain options and right of ways, necessary for the purpose, and to report at a Special Town Meeting, to be held within six months from the date of its appointment; and that the sum of two hundred dollars (\$200) be appropriated for the use of the committee; to do or act thereon.

Article 18. To see if the Town will vote to appropriate the sum of four thousand, one hundred seventy-five dollars and seventy-eight cents (\$4,175.78), the same being the amount returned to the Town under the provisions of Chapter 480, of the Acts of 1924 (an act providing for the return to the cities and towns of certain surplus funds collected to provide suitable recognition of those residents of Massachusetts who served in the army and navy of the United States during the war with Germany), for the purpose of acquiring a suitable Memorial for properly commemorating the services and sacrifices of Soldiers, Sailors and Marines of all wars, and to appoint a committee to accomplish said purpose, in accordance with Chapter 41, Section 105, of the General Laws; to do or act thereon.

Article 19. To see if the Town will vote to accept an addi-

tional part of Fairfield Street and appropriate the sum of five hundred dollars (\$500) for repairs; to do or act thereon.

Article 20. To see if the Town will vote to appropriate the sum of five hundred dollars (\$500) for the repair of Chandler Street; to do or act thereon.

Article 21. To see if the Town will vote to appropriate the sum of four hundred dollars (\$400) for the repair of Elm Street; to do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this twenty-seventh day of February in the year of our Lord, one thousand nine hundred and twenty-five.

EDWIN CARLTON,
FRANK S. BINKS,
JOHN C. KING,
Selectmen of Maynard.

Middlesex, ss.

Maynard, Feb. 28, 1925.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held March 9, 1925

Pursuant to Town Warrant No. 284 a meeting was held on the above date.

Moderator Alfred E. McCleary presided.
The warrant was read by the Town Clerk.

Article 4. Voted that interest at the rate of six percent be charged from September 10th on all taxes unpaid on November first.

Article 5. Voted to appropriate the sum of \$7,000.00 for the specific repair of Brown street, said appropriation being conditional that a like amount be raised by the County and by the State.

Article 6. Voted to appropriate the sum of \$7,000.00 for the specific repair of Parker Street from Paper Mill Corner to the Glenwood Cemetery, said appropriation being conditional that the County and State each appropriate a like sum, and that arrangements for the work be left to the Selectmen.

Article 7. Voted to pass over this article also Article 8, until action on the remaining articles of the warrant are completed.

Article 9. Voted to appropriate \$250.00 for Memorial Day.

Article 10. Voted to appropriate \$50.00 for the salary of the Fish and Game Warden.

Article 11. Voted to appropriate \$500.00 toward the salary of the Public Health Nurse.

Article 12. Voted to appropriate \$200.00 and elect a director, the money to be expended by and the director to serve in co-operation with the Middlesex County Extension Service under the provisions of sections 40 to 45, Chapter 128, General Laws of Massachusetts.

Mr. William H. Millington was elected as Director.

Article 13. Voted to accept from Frank Hibbard the sum of \$100.00 to be known as the Frank Hibbard fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery.

Article 14. Voted to accept from Laura A. Powers the sum of \$50.00 to be known as the Laura A. Powers fund, the interest to perpetually care for her half lot and surroundings in Glenwood Cemetery.

Article 15. Voted to accept from Joseph Edwards the sum of \$100.00 to be known as the Joseph Edwards fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery.

Article 16. Voted to abolish the office of Auditor in accordance with the provision of Section 55, Chapter 41 of the General laws.

Article 17. Voted that a committee of seven be appointed by the Moderator to investigate further and make a report in regard to proper installation of the sewer system along the lines laid down in the report of the committee appointed at town meeting held on April 6, 1914. That said committee be authorized to take options on lands and right of ways necessary for the purpose, and, report to the town at a future meeting, also that the sum of two hundred (\$200.) dollars be appropriated from 1925 taxes for the use of the Committee.

Committee appointed: Orris S. Fowler, James A. Coughlin, Hartwell Flood, William F. Litchfield, John W. Driscoll, Otto Fonsell, Albert Batley.

Article 18. Voted to appropriate the sum of four thousand, one hundred seventy-five dollars and seventy-eight cents (\$4,175.78), the same being the amount returned to the Town under the provisions of Chapter 480, of the Acts of 1924, for the purpose of acquiring a suitable Memorial for properly commemorating the services and sacrifices of Soldiers, Sailors and

Marines of all wars, and to appoint a committee to accomplish said purpose, in accordance with Chapter 41, Section 105, of the General Laws.

Committee appointed by Selectmen under the provision of above vote: Charles H. Persons, Howard A. Wilson, Frank J. McCarron, Carl A. Peterson, William H. Brindley, Edwin Carlton.

Article 19. Voted to accept an additional part of Fairfield St. and appropriate \$500.00 to repair the same.

Voted to rescind the vote accepting an additional part of Fairfield St., and the appropriation of \$500.00.

Article 20. Voted to appropriate \$500.00 for repairs on Chandler Street.

Article 21. Voted to appropriate \$400.00 for repairs on Elm Street.

Article 7. Voted 146 in favor and 73 opposed that there be appropriated and raised the sum of one hundred and thirty thousand (\$130,000) dollars in addition to the sum of twenty nine thousand nine hundred and sixty-two (\$29,962) dollars raised for said purpose by taxation in the year 1924 and remaining unexpended, and that the same be raised as follows: The sum of forty thousand (\$40,000.) dollars from the surplus revenue of other years, the sum of fifteen thousand \$15,000) dollars to be raised by taxation during the year 1925; the balance, seventy-five thousand (\$75,000.) dollars to be raised by the issue of notes or bonds of the Town payable in accordance with the provisions of General Laws, chapter 44 as amended, so that the whole loan shall be paid in not more than twenty years from the date of the issue of the first note or bond, or at such earlier dates as the treasurer and majority of the selectmen may determine, and that the Town instruct the School Building Committee, appointed at the town meeting held on January 2, 1924, to erect an eight room school building and an assembly hall, substantially in accordance with the plans submitted by the Committee, with full power and discretion to do all things necessary or proper in connection therewith.

So much of the vote of January 2, 1924, as authorized the borrowing of money is hereby rescinded.

Article 8. No action taken.

Voted to adjourn at 10.20 P. M. o'clock.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 285

Special Election June 16, 1925

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, ss.

To either of the Constables of the Town of Maynard in said County, Greeting;

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of said Maynard, who are qualified to vote in Primaries, to assemble in Co-operative Hall, in said town, on Tuesday, the Sixteenth day of June, 1925 next at 5.00 P. M. for the following purpose:

To bring in their votes to the Primary Officers for the Nomination of Candidates of Political Parties for the following office:—

Representative in Congress, for the Fifth Congressional District, to fill vacancy by reason of the death of John Jacob Rogers, and for the remainder of the term of two years, from the fourth day of March in the year, one thousand nine hundred and twenty-five.

The polls will be open from 5 P. M. to 8 P. M.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this eighth day of June in the year of our Lord, one thousand nine hundred and twenty-five.

EDWIN CARLTON,
FRANK S. BINKS,
JOHN C. KING,
Selectmen of Maynard.

Middlesex, ss.

Maynard, June 8, 1925

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

NICHOLAS J. DRISCOLL,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Proceedings of Special Primary Election held June 16, 1925

Pursuant to Town Warrant No. 285 a Special Primary election for the purpose of nominating candidates for Congressman for the 5th Congressional District to fill the vacancy caused by the death of John Jacob Rogers was held from 5 to 8 P. M. on the above date.

The Town Clerk posted instruction cards and specimen ballots prior to the time of opening the polls. The ballot box was examined by the election officers and the register set at 0000.

The following appointed by the Selectmen and sworn by the Town Clerk acted as Ballot Clerks and Tellers.
Walter R. Denniston, William D. Gallagher, William P. Scully, John F. White.

Edwin Carlton, chr. of the Board of Selectmen, as Presiding Officer took charge of the Ballot Box and held the key to the same.

The polls were closed at eight o'clock.

The whole number of ballots cast was 237, of which 229 were Republican and 8 Democrat.

The register on ballot box read 237.

The number of names checked on each voting list was 237.

The result of the balloting was as follows:

<i>Democrat</i>		
Eugene N. Foss, of Boston	eight	8
<i>Republican</i>		
George H. Brown, of Lowell	Four	4
James Wilson Grimes, of Reading	Fifty-three	53

Blanks	One	1

Meeting dissolved at 8.30 P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 286

Town Meeting June 23, 1925

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall in said town, on Tuesday, June 23, 1925 next, at 7.30 P. M. then and there to act on the following articles:

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To see if the Town will vote to appropriate the sum of fifteen hundred dollars (\$1500) for Cemetery Department. This amount to be used to replace tool house and contents destroyed by fire in Glenwood cemetery. To do or act thereon.

Article 3. To see if the Town will vote to appropriate the

sum of twelve hundred and fifty dollars (\$1250) for salary and expenses of the Town Accountant's Department for the current year. To do or act thereon.

Article 4. To see if the Town will accept from Mary E. Jannell the sum of one hundred dollars (\$100.), to be known as the Mary E. Jannell fund, the interest to perpetually care for her lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 5. To see if the Town will accept from Selma Alasaari the sum of one hundred dollars (\$100.), to be known as the Selma Alasaari fund; the interest to perpetually care for her lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 6. To see if the town will accept from Alice Turner the sum of fifty dollars (\$50.), to be known as the Alice Turner fund; the interest to perpetually care for her one-half lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 7. To see if the Town will accept from the George A. Whitney estate the sum of one hundred dollars (\$100.), to be known as the George A. Whitney fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery. To do or act thereon.

Article 8. To see if the Town will accept from Mrs. Rose E. McGowan the sum of two hundred dollars (\$200.), to be known as the William J. McGowan fund; the same to be invested and the income therefrom to be used for the perpetual care of the William J. McGowan lot in St. Bridget's Cemetery in Maynard. To do or act thereon.

Article 9. To see if the Town will vote to appropriate the sum of twenty-four hundred dollars (\$2,400.) to pay all damages incurred by Mary Jane Reed by reason of the re-location and widening of Nason Street, adjoining her premises. To do or act thereon.

Article 10. To see if the Town will vote to raise and appropriate the sum of four thousand dollars (\$4,000.) to be expended by the Trustees of the Soldiers' Memorial in grading and improving the Summer Street lot formerly acquired by the Town for memorial purposes. To do or act thereon.

Article 11. To see if the Town will vote to appropriate the sum of twelve hundred and sixty-five dollars (\$1265.), proceeds of the sale of the buildings known as the Cullen house; for the purpose of grading the lot where said buildings now stand, and for other general school purposes. To do or act thereon.

Article 12. To see if the Town will vote to sell and convey to Edward A. Merriman, or assigns, its title and interest in a certain parcel of land located in the southerly part of Acton, in the County of Middlesex, and on the westerly side of the road leading from Maynard to South Acton, containing one-fourth acre, more or less, and known as a sand pit; said sand pit having been exhausted and abandoned. The bounds of said lot are as follows: Beginning at a point on the aforesaid road and run-

ning westerly eight rods along land of Frank Cahee to a bound; thence northerly by land of said Cahee five rods to land of the Town of Acton; thence along the line of land of said Town of Acton easterly eight rods to the road aforesaid thence southerly along the line of the road to the point of beginning. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this fifteenth day of June in the year of our Lord, one thousand nine hundred and twenty-five.

EDWIN CARLTON,
FRANK S. BINKS,
JOHN C. KING,
Selectmen of Maynard.

Middlesex, ss.

Maynard, June 16, 1925.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held June 23, 1925

Pursuant to Town Warrant No. 286 a meeting was held in Co-operative Hall on the above date.

Moderator A. E. McCleary presided.

The warrant was read by the Town Clerk at 7.35 o'clock.

Article 1. Herbert H. Young, clerk of the Finance Committee read the report of said Committee.

Report received and filed with Town Clerk.

Article 2. On motion of Albert Batley, voted to appropriate the sum of fifteen hundred dollars (\$1500.) to be expended in replacing the tool house and contents destroyed by fire in Greenwood Cemetery.

Article 3. On motion of Edwin Carlton, voted to appropriate twelve hundred and fifty dollars (\$1250.) for salary and expenses of the Town Accountant's department for the current year.

Article 4. On motion of George H. Gutteridge, voted to accept from Mary E. Jannell the sum of one hundred dollars (\$100) to be known as the Mary E. Jannell fund, the interest to perpetually care for her lot and surroundings in Glenwood Cemetery.

Article 5. On motion of George H. Gutteridge, voted to accept from Selma Alasaari the sum of one hundred dollars (\$100) to be known as the Selma Alasaari fund, the interest to perpetually care for her lot and surroundings in Glenwood Cemetery.

Article 6. On motion of George H. Gutteridge, voted to accept from Alice Turner the sum of fifty dollars (\$50), to be known as the Alice Turner fund, the interest to perpetually care for her one-half lot and surroundings in Glenwood Cemetery.

Article 7. On motion of George H. Gutteridge, voted to accept from the George A. Whitney estate the sum of one hundred dollars (\$100), to be known as the George A. Whitney fund, the interest to perpetually care for his lot and surroundings in Glenwood Cemetery.

Article 8. On motion of Alfred E. McCleary, voted to accept from Mrs. Rose E. McGowan the sum of two hundred dollars (\$200), to be known as the William J. McGowern fund, the same to be invested and the income therefrom to be used for the perpetual care of the William J. McGowan lot in St. Bridget's Cemetery in Maynard.

Article 9. On motion of William Naylor, voted to appropriate the sum of twenty-four hundred dollars (\$2400) to pay all damages incurred by Mary Jane Reed by reason of the relocation and widening of Nason Street, adjoining her premises.

Article 10. On motion of Benjamin C. Brown, voted to raise and appropriate the sum of four thousand dollars (\$4,000) to be expended by the Trustees of the Soldiers' Memorial in grading and improving the Summer Street lot formerly acquired by the Town for memorial purposes.

Article 11. On motion of James J. Hilferty, voted to appropriate the sum of twelve hundred and sixty-five dollars (\$1265), proceeds of the sale of the buildings known as the Cullen house, for the purpose of grading the lot where said buildings now stand, and for other general school purposes.

Article 12. On motion of William H. Gutteridge, voted that the Selectmen be authorized to sell and convey to Edward A. Merriman, or assigns, for such sum as may be agreed upon, the right, title and interest of the Town in a certain parcel of land located in the southerly part of Acton, in the County of Middlesex, and on the westerly side of the road leading from Maynard to South Acton, containing one-fourth acre, more or less, and known as a sand pit; said sand pit having been exhausted and abandoned. The bounds of said lot are as follows: Beginning at a point on the aforesaid road and running westerly eight rods along land of Frank Cahee to a bound; thence northerly by land of said Cahee five rods to land of the Town of Acton; thence along the line of land of said Town of Acton easterly eight rods to the road afore-

said; thence southerly along the line of the road to the point of beginning.

Voted to adjourn at 8.15 o'clock P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

Town Warrant No. 287

Special Election, June 30, 1925

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall in said town, on Tuesday, June 30th, 1925 at 12 o'clock noon to 8 o'clock P. M. then and there to bring in their votes to the Selectmen, for the following office:

Representative in Congress for the Fifth Congressional District, to fill vacancy by reason of the death of John Jacob Rogers, and for the remainder of the term of two years, from the fourth day of March, in the year one thousand nine hundred and twenty-five.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this twenty-second day of June in the year of our Lord, one thousand nine hundred and twenty-five.

EDWIN CARLTON,
FRANK S. BINKS,
JOHN C. KING,

Selectmen of Maynard.

Middlesex, ss.

Maynard, June 22, 1925.

I have served the within named warrant by posting an attested copy of the same at Post Office and one at ten other public places in said town, seven days at least before the time of holding said meeting, as within directed.

NICHOLAS DRISCOLL,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Proceedings of Special Election, June 30, 1925

Pursuant to Town Warrant No. 287, Maynard voters cast their ballots on the above date for Congressman for the Fifth Congressional District to fill the vacancy caused by the death of Congressman John Jacob Rogers.

The Town Clerk caused instruction cards and specimen ballots to be posted as required by law, and read the warrant at 12 o'clock noon.

The following, appointed ballot clerks by the Selectmen were sworn by the Town Clerk:

John J. Keegan, Herbert W. Martin, William P. Scully, Thomas Smith, William Connolly.

The Town Clerk delivered to the Ballot Clerks the box of ballots prepared by the Secretary of the Commonwealth, together with duplicate check lists of voters and took their receipt for the same.

The ballot box was publicly examined by the Election Officers, the register properly adjusted and the box observed to be empty. Selectman Frank S. Binks took charge of the box and held the keys to the same.

Selectman Edwin Carlton acting as Presiding Officer declared the polls open at 12 03 P. M.

The following were appointed Tellers by the Selectmen and sworn by the Town Clerk:

Herbert Usher, Henry A. Carlton, Patrick H. Murphy, Michael E. Lynch.

It being deemed advisable by the Presiding Officer and Town Clerk, ballots were taken from the box at 5.25 o'clock and counting continued thereafter until 8.05 P. M.

The polls were closed at eight o'clock P. M.

The register on the box indicated 757 which was the actual number of ballots cast.

Both check lists showed 757 names checked as having voted.

The result of the balloting was announced by the Town Clerk at 8.05 o'clock P. M. and was as follows:

Eugene N. Foss, of Boston	two hundred and forty	240
Edith Nourse Rogers, of Lowell	Five hundred and sixteen	516
Robert Francis Waldron	One	1
Blanks	None	0

The meeting dissolved at 8.10 o'clock P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

Commonwealth of Massachusetts

Middlesex, ss.

August 1, 1925.

In accordance with the provisions of Section 19, of Chapter

41 of the General Laws of Massachusetts, I hereby appoint Lena E. Downey of said Maynard to be Assistant Town Clerk during the current year, or until this appointment is revoked.

FRANK E. SANDERSON,
Town Clerk of Maynard.

I, Lena E. Downey, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Mass.

LENA E. DOWNEY

Subscribed and sworn to this first day of August, 1925, before me,

FRANK E. SANDERSON,
Town Clerk of Maynard, Mass.

Town Warrant No. 288

Town Meeting, Dec. 14, 1925

COMMONWEALTH OF MASSACHUSETTS
MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall in said town, on Monday, December 14, 1925 next, at 7.30 P. M. then and there to act on the following Articles:

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To see if the town will vote to appropriate the sum of two thousand, one hundred and thirteen dollars (\$2,113.) to be paid from funds in the hands of the Town Treasurer, for the following necessary Town purposes:—For use of the Highway Department, three hundred and fifty dollars (\$350); for use of the Town Treasurer's Department one hundred and twenty-five dollars (\$125); for use of the Registrar of Voters' Department, three hundred and twenty dollars (\$320); for use of the Selectmens' Department, one hundred and fifty dollars (\$150); For use of the Police Department, one thousand dollars (\$1,000); for use of the Street and Bridge Lighting Department, one hundred dollars (\$100); for use of Tax Collector's Department, forty-five dollars (\$45); for use of Sealer of Weights and Measures' Department, twenty-three dollars (\$23), to do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other

public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this fourth day of December in the year of our Lord, one thousand nine hundred and twenty-five.

EDWIN CARLTON,
FRANK S. BINKS,
JOHN C. KING,
Selectmen of Maynard.

Middlesex, ss.

Maynard, Dec. 7, 1925

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said Town seven days at least before the time of holding said meeting, as within directed.

NICHOLAS J. DRISCOLL,
Constable of Maynard.

A true copy. Attest:
FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held Dec. 14, 1925

Pursuant to Town Warrant No. 288, a meeting was held on the above date.

The Town Clerk read the Warrant at 7. 34 P. M.

Moderator A. E. McCleary presided.

Article 1. H. H. Young, clerk of the Finance Committee read a report which was received and filed with the Town Clerk. Said report recommended the appropriations named in Article 2.

Article 2. Voted unanimously that the sum of \$2113. be appropriated and paid from funds in the Town Treasury, said amount to be allotted to the several Town Departments as specified in the Article, namely: for use of the Highway Department, three hundred and fifty dollars (\$350); for use of the Town Treasurer's Department, one hundred and twenty-five dollars (\$125); for use of the Registrar of Voters' Department, three hundred and twenty dollars (\$320); for use of the Selectmen's Department, one hundred and fifty dollars (\$150.); for use of the Police Department, one thousand dollars (\$1,000.); for use of the Street and Bridge Lighting Department, one hundred dollars (\$100); for use of Tax Collector's Department, forty-five dollars (\$45); for use of Sealer of Weights and Measures' Department, twenty-three dollars (\$23).

The meeting adjourned at 7.40 o'clock P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

Important Request

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Number of Births recorded at this office—137

PARENTS BE SURE TO RECORD THE BIRTH OF YOUR CHILD
WITH GIVEN NAME IN FULL.

READ THE LAW!

“Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.” Gen. Laws, Chap. 46, Sec. 6.

Some of the many reasons why Births should be recorded:

- To establish identity
- To prove nationality
- To prove legitimacy
- To show when the child has a right to enter school
- To show when the child has the right to seek employment under the child labor law
- To establish the right of inheritance to property
- To establish liability to military duty, as well as exemption therefrom
- To establish the right to vote
- To qualify to hold title to, and to buy or sell real estate
- To establish the right to hold public office
- To prove the age at which the marriage contract may be entered into
- To make possible statistical studies of health conditions

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

DEATHS RECORDED IN MAYNARD IN 1925

No.	Date	Name	AGE			Cause of death

NOTICE

All dog licenses here listed expire
March 31, 1926.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

Financial Report

Appropriation	\$1,775.00	
Expended	1,760.26	
	<hr/>	
Balance		\$14.74

Each year with the tightening up of the State Department of Taxation on the various towns it is becoming harder for the Assessors to abate taxes to persons claiming that they do not own property on the first day of April. The Assessors of this town

have asked repeatedly that persons owning any property on April 1st should file a statement in order that it would not be necessary for them to ask the assessors for an adjustment of their tax or that they would be unnecessarily taxed for something which was not theirs.

As this report is the only method this department has of reaching the taxpayer directly, we are drawing the matter to the attention of the taxpayer and general public that in 1925 there were more than 900 assessments alone for personal property. In most cases this was an automobile tax and in a few cases stock in trade. However, if a person should, in their own eyes be unjustly taxed they have no redress on the Board of Assessors if they have filed no statement of their property, if any property, be it clothes, jewelry, or household furniture, is theirs and the value is equal or exceeds the value at time of assessment.

The number of personal property owners has increased 300% in the past few years and it is difficult for anyone serving on a board of this kind to do their work without someone taking exception to the results. In many cases a machine is registered as a 1924, is bought in November 1923 and is assessed as a 1924. This is necessary for the Assessors to do as they have a statement from the Department of Motor Registration bearing all information regarding the registry of a car. Yet, there are persons who come to the Board for an adjustment without having filed a statement on April 1st, when the Assessors have done their duty as required by the statute, and they have no means of assisting the party asking for the claim. To avoid this in the future fill out one of the property forms and file it with the Assessors before the fifteenth of May.

During this year the Board of Assessors made out two complete sets of Assessment books one of which was filed as required by law every fifth year with the department of Corporation and Taxation.

In the canvas for Poll Taxes in April, the Board made also a complete census of the town under the direction of the Board of Selectmen, for the State Census Department. The tabulation of the census showed 4,087 males and 3,765 females or a total of 7,852 persons in the town as of April 1st.

During this year there were 897 automobiles and trucks alone assessed.

Respectfully submitted,

HERBERT W. MARTIN,
FRANK C. SHERIDAN
GUYER W. FOWLER,
Board of Assessors.

TRUSTEES OF PUBLIC LIBRARY
ANNUAL REPORT FOR THE YEAR 1925

The Trustees beg to submit their yearly report to the citizens of the Town of Maynard.

We have purchased books as formerly, a few at a time, both fiction and non-fiction. The Librarians have been busy, as usual, this year circulating 27,000 books.

We have received several gifts of books from different individuals in town.

We wish to remind the public again that it is necessary to return books when time limit is up, as soon as possible. There are a great many out at this time which are overdue.

Please look over your books at home and see if possibly you have one which belongs to the Maynard Public Library

We have been presented with the portraits of Mr. Amory Maynard, the founder of the Town of Maynard, and his wife, Mary Maynard. They were given by the present Mr. Amory Maynard, and were his grandparents.

We wish to say that the Trustees, so far as they can, are ready to purchase books or subscribe to magazines that are suitable to the Library and will always maintain the high standard of reading matter, which we have always tried to hold.

The Library is open every day except Sundays and legal holidays from 2 to 9 o'clock P. M. During the months of July and August the Librarians were instructed to close at 8 o'clock.

We have added Carpenter's Travels of 12 volumes and 2 supplements of the International Encyclopedia, this year.

We have also screened the windows at the back of the Library which the Librarians, at least, find a welcome addition.

We would call the attention of parents of children residing in Maynard, as to the general behavior in the Library and on the stairway. We may find it necessary to make an example of some unless the misbehavior is checked.

Librarian's Statement for the year 1925

No. of books in Library ending 1924	10,605
No. of books added by purchase	183
No. of books, gift of Mrs. Hooper	43
No. of books, gift of Mr. William Gutteridge	25
No. of books, gift of Mr. George Raymond	9
No. of books, gift of other persons	3
No. of magazines from Mrs. Amory Maynard	
No. of books taken from shelves, without permission	15
No. of books thrown out or worn out	35
Total number of books in Library ending 1925	10,818

Total number of books bound in 1925	316
Magazines bound:	
1 year Popular Mechanics, 1 year Nat. Geographic.	
Circulation during 1925	27,000
Fines rendered to Treasurer	\$44.60
Total number of books by gift	80
Pamphlets sent to Library during 1925	38
547 cards out with people in good standing	
48 cards out with people in fair standing	
111 cards out with people in poor standing	

Library open every day during the week except Sundays and legal holidays.

Financial Statement

REPORT OF SEWERAGE COMMITTEE

September 9, 1925

Sewer Committee,
Maynard, Mass.
Gentlemen:

The following brief review of your sewerage problem is submitted in accordance with the understanding reached at our conference in Maynard on May 19, 1925.

In general, we see no reason to change the design of the sewerage system nor of the disposal plant recommended in our report of December 24, 1914, and later approved by the State Department of Health—except that in the case of the disposal plant, we believe it may prove advisable to raise the Imhoff tanks and that it will be necessary to increase the area of the sludge beds

Having again personally examined the areas available for location of disposal works, it does not appear that any more isolated site than that originally proposed can be found, which would not involve a substantial increase in first cost and in the expense of pumping the sewage.

Since 1914, the Town has not grown sufficiently to require enlargement of the capacity of the disposal plant from that originally proposed. The population estimated in the original report was 7,500 for the year 1915; the population in 1925, by the recent census, is reported as 7,857. The plant as designed is, therefore, capable of treating the sewage from as great a population as will probably be connected with the sewers for some years to come.

The raising of the tanks at the disposal plant will probably prove advisable in order to reduce the cost, at present prices, of the deep excavation. This change would do away with the possibility of a gravity discharge of tank effluent to the river during times of high flow, but the interest on the saving in first cost will largely offset the increased expense of pumping. Experience has proved that for quick drying of the Imhoff sludge, a greater area than that planned in 1914 is desirable, and it is, therefore, recommended that the area of the sludge beds be based on one square foot per person connected with the sewers, or a total of not less than 1,500 square feet.

In the report of 1914, certain streets were suggested for first construction, in addition to the disposal plant,—the estimated cost being as follows:

	<i>Length— Miles</i>	<i>Estimated Cost (including 10% for engineering and contingencies</i>
High Level System	4.6	\$45,536
Low Level System	3.9	43,004
Disposal Plant		35,183
Total	8.5	\$123,723

By Chapter 340, Acts of 1916, the Town obtained legislative authority to construct a sewerage system and to expend therefor "up to an amount not exceeding One Hundred and Fifty Thousand Dollars (\$150,000)".

The question of greatest interest to your Committee is presumably as to the probable cost of a system constructed under present price conditions. To obtain the answer, the cost of the disposal plant and of the street sewers proposed for first construction in the report of 1914 has been refigured in detail.

About 75 percent of the cost of a sewerage system is for labor, and as the present common labor wage rate of 65 cents per hour is about three times the prevailing wage in 1914, it is obvious that a radical revision of the earlier estimates must result. Based on this wage rate for common labor and on prevailing prices of material, the cost of the disposal plant, as designed in 1914, is estimated at \$78,180—as compared with \$35,183 in 1914. By raising the Imhoff tanks fifteen feet (15 ft.), \$6,000 can probably be saved in first expenditure—thus reducing the cost of the disposal plant to \$72,180.

Also based on the prevailing wage scale and existing prices, the cost of the street sewers, proposed for first construction on pages 22 and 23 of the 1914 report, has been refigured with the following results:

	<i>Length— Miles</i>	<i>Estimated cost including 10% for Engineering and contingencies</i>
High Level System	4.6	\$90,248
Low Level System	3.9	75,290
Total	8.5	\$165,538

This total compares with an estimate of \$88,540 in 1914—the present figures being equivalent to 187% of the earlier estimate.

The total of the present estimated cost of the disposal plant and sewers recommended for first construction in 1914 is therefore \$243,714—an increase of 97% over the earlier estimate, due to the rise in cost of labor and materials and in line with the increase which has occurred in all branches of construction and in the cost of living.

The 8.5 miles of sewers proposed for initial construction in 1914 comprehended a rather ambitious program—perhaps justified by the low prices then obtaining, but much more extensive than might be well undertaken under present conditions in the first years of building a sewerage system.

As already stated, the Town has legislative authority to expend \$150,000, and it is therefore of interest to inquire as to whether or not this amount is adequate under present price conditions to provide the disposal plant and a sufficient length of the most necessary sewers to justify starting the work without applying to the Legislature for authorization of a large bond issue.

By raising the Imhoff tanks—as above suggested—the cost

of the disposal plant can probably be reduced to \$72,180, leaving a balance from the \$150,000 authorized, of \$77,800 available for the construction of sewers.

In our opinion, the business district and the low-lying areas are in the greatest need of sewerage—indicating that under a limited construction program, the greater part of the low level system and some few adjacent streets in the high level system should first be sewered.

In the following table there is shown the sewers which may reasonably be undertaken—in addition to the disposal plant—with the money available under present legislative authorization.

LOW LEVEL DISTRICT

<i>Street—From—To</i>	<i>Size-in.</i>	<i>Length</i>	<i>Cost</i>
Acton, from Pleasant to Main	15	208	\$1,208
Acton, from Pleasant to Glendale	8	367	1,038
Florida Road, from Main to Euclid (north)	8	759	2,114
Front, from Sudbury north and west	8	423	790
High, from Sudbury southerly	8	800	2,097
Main, from Waltham to Walnut	15	1432	8,434
Main, from Walnut to Sudbury	10-12	1593	5,979
Main, from Sudbury to Mill	8	1295	6,190
Mill, from Main easterly	8	568	1,925
Nason, from Main to Summer	8	610	1,997
Parker, from Interceptor east	6-8	727	1,593
Parker St. Int., from Pleasant St. Int. to Parker	8 C. I.	330	976
Pleasant, from Warren to Acton	15	611	6,688
Pleasant Int., from Disposal Plant to Pleasant	18	1600	2,241
Railroad, from Florida Road to Main	6-8	669	2,503
Sudbury, from Main to Percival	8	900	2,700
River, from Main southerly	8	600	1,587
River, from Walnut westerly	8	274	708
Summer, from Main to Glendale	8	590	1,473
Walnut, from Main to River	12	269	854
Waltham, from Parker to Elm	6	250	684

HIGH LEVEL DISTRICT

Acton, from Glendale to Haynes	8	774	2,553
East, from Parker to Elm	8	253	3,001
Elm, from Waltham to Angle	6-8	650	3,591
Glendale, from High and Acton to Summer	8-10	456	1,382
Hillside, from Parker to Walnut	8	1029	4,640
Temporary connection of high and low level systems		500	1,000
		18,537 (3.5 mi)	\$69,946
Add 10% for engineering and contingencies			6,995
Total			\$76,941

It, therefore, appears that with the \$150,000 bond issue the disposal plant and 3.5 miles of the most necessary sewers can be constructed, or—allowing for the cost of the land required for the work—there can be provided the disposal plant, and somewhat more than 3.0 miles of sewers.

By an expenditure of \$200,000, the disposal plant can be built and 6.2 miles of sewers can be laid, or a sufficient length to meet the probable demands of the abutting property owners for a number of years to come.

By an expenditure of \$245,000, the disposal plant can be built and all sewers suggested in the report of 1914 for initial construction can be laid.

In our opinion, a sufficient part of the sewage system can be built within the limits of the bond issue (\$150,000) already authorized to make advisable the immediate undertaking of this most important public improvement without further resort to the legislature at the present time.

There is no prospect of lower construction prices and, in view of Chapter 655, Acts of 1914, requiring the State Department of Health to prohibit the discharge of sewage into the Assabet River, without treatment—it is evident that the Town cannot long postpone action in relation to disposal works.

Yours respectfully,

F. A. BARBOUR,

OTTO FONSELL,
JAMES A. COUGHLIN,
ORRIN S. FOWLER,
ALBERT BATLEY,
JOHN S. DRISCOLL,
WILLIAM G. LITCHFIELD,
HARTWELL W. FLOOD,

Sewerage Committee.

To the citizens of Maynard:

At the town meeting of March 9, 1925, the undersigned were appointed a committee to review and report on the problem of sewerage and sewage disposal.

In 1915 a report was submitted to the town by a committee which recommended—that the town adopt the system planned by F. A. Barbour, the engineer employed at that time to investigate the problem, that the necessary legislation be obtained, and that the committee be empowered to purchase the land required for the disposal plant.

In 1916 the legislative authority for the system was granted by Chapter 340, but largely owing to the war and resulting conditions—the idea of immediate construction was abandoned and nothing has since been done in relation to this important sanitary improvement, until the appointment of the present committee.

In the report of the engineer in 1914, it was estimated that the disposal plant and 8.5 miles of sewers could be built for \$123,723. Accordingly, in obtaining the legislative authority for the system the bond issue (see Section 7, Chapter 340, 1916) was limited to an amount not exceeding One Hundred Fifty Thousand Dollars (\$150,000). It is a matter of common knowledge that the price basis of everything has radically changed since 1914, and at once your committee was impressed with the fact that the first step in re-considering sewerage, was to determine the present cost of the work as planned in 1914, or as it would be modified by any advances in the art of sewage disposal which may have been made in the intervening years.

To this end we conferred with Mr. Barbour who has submitted the report hereto appended. Briefly the conclusions of the engineer are that no change in the design—except in minor particulars—is necessary, and that the present costs are practically double those in 1914.

As already stated it was estimated in 1914 that the disposal plant and 8.5 miles of sewers could be built at an expenditure of approximately \$125,000. On the basis of present labor and material prices, the same work is figured to cost \$243,700.

With present authority to issue bonds limited to \$150,000, our next step was to obtain from Mr. Barbour an outline of the work which, at existing prices, can be done within this authorized issue. He has estimated that this can be made to include the disposal plant and somewhat more than 3.5 miles of sewers. In other words, without further resorting to the legislature the disposal plant, the main sewers, and the greater part of the street sewers in the low level district, where improved facilities are most needed, can be provided.

In our opinion the time has come for beginning the construction of a sewerage system. By Chapter 655, Acts of 1914, the State Department of Health is directed to prohibit the discharge of sewage into the Assabet River. Sewage from Maynard is now reaching the river, and the town cannot long expect present conditions to be permitted to continue. We believe that, both from a sanitary and financial standpoint, the provision of adequate facilities for the removal and disposal of the community wastes will accrue to the benefit of the town in its future growth and prosperity, and that the cost of sewers should not be viewed as an expense, but rather as an investment. There can be no doubt that the lack of sewers is a handicap to the growth of any community.

Money would have been saved, if construction had been undertaken in 1915, but there is no prospect of any lowering of construction costs, and present prices cannot be made an argument for further delay.

We therefore recommend that the town appropriate the sum of \$150,000 under the provisions of Chapter 340, 1916, to be expended in the construction of a disposal plant, the main sewer and such part of the lateral sewers as this sum makes possible.

And in furtherance of this recommendation, it is proposed to

insert in the town warrant two articles, the first covering the adoption of Chapter 340, 1916, and the second, the appropriation of the above stated amount of money.

Signed,

ORRIN S. FOWLER,
JOHN J. DRISCOLL,
OTTO F. FONSELL,
ALBERT BATLEY,
HARTWELL W. FLOOD,
JAMES A. COUGHLAN,
WM. F. LITCHFIELD,

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen,

Sirs:—I beg leave to submit my report as Sealer of Weights and Measures for the year ending Nov. 30th, 1925.

While this report in itself does not show the actual amount of labor or time put in to perform the duties of this department, it can be seen that it must take time and labor such as examining peddlers licenses and weighing the different commodities, testing gasoline pumps and adjusting weights and scales, but I will say as I have before, the stores in Maynard are all equipped with proper scales and all in very good condition.

	<i>Adjusted</i>	<i>Sealed</i>
Platform scales (over 5000 lbs.)		3
Platform scales (under 5000 lbs.)		20
Counter scales		22
Beam scales		2
Computing scales		56
Slot weighing scales		6
Prescription scales		4
Weights (avoirdupois)		198
Weights (apothecary)		59
Liquid measure		57
Oil measuring pumps (all kinds)		45
Yard measures		15

Total number articles adjusted and sealed

Peddlers licenses examined		20
Adjusted		7
Sealed		487
Commodities reweighed	710; 10 overweight	
Appropriation	\$169.00	
Additional	23.00	
Total		\$192.00

Expended:

Geo. Hack, insurance on Standards	\$36.30	
Hobbs, Warren & Co., all seals	3.52	
W. & L. E. Gurley, dies, etc.	7.65	
Hobbs, Warren Co., record book and seals	5.83	
C. H. Persons, 2 record books	1.00	
Salary for Sealer	135.00

JOSHUA EDWARDS,
Sealer of Weights and Measures.

CEMETERY COMMISSIONERS' REPORT

To the Board of Selectmen:

Gentlemen:

We herewith submit the report of our department for the year 1925.

Appropriation	\$3,300.00	
Interest on Cemetery Funds	614.36	
	<hr/>	
		\$3,914.36
Expenses		3,840.54
		<hr/>
Balance		\$73.82

Tool House

Appropriation		\$1,500.00
Expended:		
Henry Price	\$1,200.00	
Tools, etc.	300.00	
	<hr/>	
		1,500.00

The new tool house has made a great improvement and we now have a good building, a credit to the Cemetery and Town.

We are very much in need of a small Ford truck in our work, as it is hard to get a horse and team. We believe a truck will pay for itself in a few years. Outside of these extras, the Cemetery is nearly self-supporting.

AINSLEY O. DUNHAM, Chr.
LEWIS N. SHAW, Sec'y
WILLIAM J. COULTER,
Cemetery Commissioners.

REPORT OF THE FIRE ENGINEERS

To the Board of Selectmen:

Gentlemen:

The report of the Fire Department for the year ending December 31, 1925 is herewith submitted.

While we have not had any large fires this year the number of calls on the Department has been large, having answered eighty-five calls.

These calls have been for 16 bell alarms, 6 telephone calls for fire, 19 chimney fires, 6 autos, 32 brush and grass fires, 2 for lung-motor, and 4 out of town.

The department building has been painted outside and the inside has been thoroughly renovated. A new flag has been bought this year. The wiring has been so arranged that lights come on in the drivers' rooms when the alarm sounds.

A siren has been installed at the station to give warning to the traffic near the department building, also to the police officers, when the fire truck is going out on a still alarm.

The new transmitter makes it possible to sound any box from the fire station.

The alarm wires which were moved when the bridge was built on Main street have been replaced with new wire.

Early in the year a man from the LaFrance Co. made an inspection of the Combination truck and made some repairs to the rear-end. The engine will be looked over this year. Four new tires and a new battery were put on this truck.

The following new equipment has been put in service this year: 700 feet of hose, 11 rubber coats, 3 extinguishers, large hand searchlight and a Phomene extinguisher.

Included in the estimated expenses for the coming year are:— new motor generator, the present generator having been in use for about eight years and something may give out at any time and as our electric current is 40 cycle it takes a long time to get the repair parts, therefore it is necessary to have the generator ready as this is the only way to charge the batteries which operate the alarm; changing of hose couplings as there is a state law which requires that all hose threads shall be American Standard Fire Hose Coupling Screw Thread before January 1, 1927. We are also recommending that a light truck be bought for brushfire work, such a truck will save the LaFrance from going to brush-fires and make it safer in case of a house fire at the same time as a brush fire.

New Alarm Transmitter

The alarm transmitter is an alarm box located in the fire station and so arranged that any number can be sounded from

this box. Besides the regular alarm boxes which are in the same location as last year we have designated eight other locations which we call Phantom Boxes, for an alarm can be sounded for these locations from the fire station yet there is no box at that point.

The way to make use of this transmitter is as follows: if you have a telephone or, if a house near you has a telephone, and you wish to call the fire department you should telephone the fire station and tell them the street and number of the house which is on fire. If you are quite sure it is a real fire you should tell the one who answers the telephone, at the fire station, that he should sound an alarm. If the fire is very small or if it is the chimney that is on fire do not sound an alarm.

All the Phantom Boxes have three figures as 1-2-1 is 121. The advantage of the Phantom Boxes is to call the firemen to the proper location.

A list of all fire alarm locations is attached to this report.

We are sorry to report the death of two of our members James Mullin and R. J. King. Both of these men have been firemen for a long time.

Financial Report

Appropriation for 1925 \$9,700.00

Expended:

William Naylor, forest warden	\$	25.00
William Naylor, chief engineer		150.00

WALTER PRIEST,
JOSEPH FARRELL,

REPORT OF TRUSTEES OF SOLDIERS' MEMORIAL

To the Board of Selectmen:

At a Town Meeting held March 9, 1925, it was voted to appropriate the sum of \$4,175.78 for the erection of a Soldiers' Memorial. This money was returned to the Town as its share of the surplus of the State War bonus fund.

In accordance with Chap. 41. Sec. 105 of the General Laws the Selectmen appointed a Board of Trustees to act until the next Annual Town Meeting, when a Board of Trustees will be elected in the same manner as other Town Officers.

Some years ago a fund was started for a Soldiers' Memorial and the amount collected with interest in the bank totalled \$1704.03. This fund was transferred by order of the Supreme Court to the Trustees on condition that the money was expended for a Soldiers' Memorial for which it was originally intended.

The Trustees after viewing and investigating all possible sites finally decided to erect the memorial on the Summer street lot, as the most suitable location.

Several monument firms were invited to submit designs and prices, and it was finally decided to award the contract to Cook, Walkins & Patch Inc. of Boston for the sum of \$5840.00, with the agreement that the monument be finished and erected before Armistice day, November 11th, 1925.

The monument is made of the best Barre granite.

The bronze work was done by Henry L. Norton of Winthrop, Mass. and the erection was in charge of Robert E. Hartin of the Maynard Monumental Co.

The Trustees feel sure that for the amount of money they had available, a monument has been erected of beautiful design, highest quality and best workmanship.

Appropriated by Town	\$4,175.78
Expended	4,175.78

Original Fund transferred to Trustees	\$1704.03
Expended	1664.22

Balance in hands of Trustees	\$39.81

Memorial Park

It was voted at a Town meeting held June 23rd, 1925 to appropriate the sum of \$4,000.00 for the grading and improving of the Summer Street lot.

The Trustees having decided to erect the Soldiers' Memorial on this lot, it was only fitting that it should be laid out in a proper manner.

Bids were invited to do this work and the contract was awarded to Alfred L. Day, of Bedford, Mass. for \$2,480.00. The contract for supplying and planting of trees and shrubs, etc., designing and general layout of the Park, was awarded to the New England Nurseries Co. of Bedford, Mass. for \$941.50. The Trustees were fortunate in securing the services of Mr. John Kirkegaard, President of the N. E. Nurseries Co. in supervising the work.

It was unanimously agreed that "Memorial Park" was an appropriate name, and the new park was given that name anticipating the approval of the voters.

A wire fence has been erected on the westerly side and part of one end, and it is intended to have more done the coming year. Water pipes have been laid to the center of the Park, so that all parts can be reached by hose and watered.

One part of the Park has been reserved as a playground for small children, and in the winter season it can be flooded for skating.

A beautiful flag-staff has been erected. Seats will be placed in the Park the coming summer. Cannons will be placed in front of the monument on each side, if they can be procured. Many improvements are to be made the coming year for which an appropriation will be asked.

The Trustees feel that a great transformation has taken place in the property and trust that the citizens will be pleased with the work accomplished.

A Park has always been needed in the center of the Town not only as a beauty spot, but as a place for recreation, where mothers with children can rest. The park is intended for the use and pleasure of all, and we believe everybody will take an interest in maintaining it in a condition which will make it a credit to the Town as a Memorial Park.

It has been suggested that a Bandstand be erected in the park where concerts could be given during the summer months. It could also be used for open-air speaking or probably Radio concerts.

Public interest in the Memorial is already made evident by the gift of an American flag from the Maynard branch, American Red Cross; and of money from the following named Societies, Clubs and individuals, which was appropriated toward the purchase of the flag pole:

Maynard Womens Club, Maynard Danish Womens Club, Maynard Council No. 2121 K. of C., Frank DeMars Post A. L., Guild of St. Hildas, St. George's Parish, Question Club, Womens Golf Club, Maynard Players, Mrs. Alice (Panton) Flint, Mrs. Mary J. Reed, Mrs. Jennie Wilson Howell.

Appropriated by Town	\$4,000.00
Contributions received	214.00
	<hr/>
	\$4,214.00

Expended:

Alfred L. Day	\$2,480.00	
N. E. Nursery Co.	941.50	
Horace F. Tuttle	20.00	
Lexington Flag-Staff Co.	292.00	
Dedication expenses	138.71	
Burdett-Williams Co.	51.60	
Thomas F. Parker	20.40	
Water Dept.	48.75	
P. J. Schnair	7.75	
W. A. Haynes Co. Inc.	10.22	
Alfred L. Day, labor on fence and posts	119.00	
Town of Concord, 525 ft. rope	5.25	
Seats for park and playground	76.78	
		4,211.96
Unexpended balance		\$2.04

Respectfully submitted,

EDWIN CARLTON, Chr.
HOWARD A. WILSON,
CHARLES H. PERSONS,
FRANK J. McCARRON,
WM. H. BRINDLEY,
CARL A. PETERSON, Sec'y
Trustees of Soldiers' Memorial.

REPORT OF THE OVERSEERS OF POOR

To the Citizens of Maynard:

Despite rumor to the contrary, this department has had just an ordinary year.

The discontinuance of the sickness and disability insurance at the mill has caused some inroads on our appropriation and no doubt will continue to do so.

One of our Mother's Aid cases was discontinued during the year but another took its place at once. We have five at this time.

Our Out Door Poor cases have steadily increased to six. These cases have been quite a problem to us and we welcome any suggestion from the citizens whereby we can house and care for them properly at a fair cost. These cases are not the result of non-employment, they are all from old age and general break-down.

The usual financial report of this department will be found in the Town Accountant's Statement.

Respectfully submitted,

THOMAS J. KING, Chr.
WILLIAM P. SCULLY, Sec.

TREE WARDEN'S REPORT

To the Board of Selectmen:

During the year a number of large trees have been cut down in different parts of the town because of widening the road. A great deal of time and labor is required in cutting them down and in removing wires and clearing the road of branches.

A number of trees have been planted in different parts of the town and others have been planted to take the place of those taken down on relocated streets.

Much time is required throughout the year to trim trees and to remove fallen limbs.

Below I submit my report as Tree Warden:

Appropriation	\$300.00
Expenditures	299.10
	.90

Balance

Respectfully submitted,

WM. BISHOP,

Tree Warden.

BOARD OF HEALTH REPORT

To the Citizens of Maynard:

The annual report of the Board of Health for the year ending December 31st, 1925, is herewith submitted:

Appropriated	\$2,700.00
Expended	2,683.48
	\$16.52
Balance	

A larger number of cases of Tuberculosis than usual have been reported during the year owing to some extent no doubt to more stringent measures being employed by physicians and nurses to discover infected cases, in a general campaign that is being waged throughout the state to stamp out this malady, so that in place of Tuberculosis of the lungs only, many forms of the disease are being reported, all grouped under one head in this report as Tuberculosis. Many cases are in an incipient stage, some are school children, a few chronic and of long standing.

Therefore we do not view with alarm this increase in number of reported cases of Tuberculosis.

As shown elsewhere in this report, contagious diseases among children have been rare and of a mild nature, with no deaths.

Our estimate of the amount of money required for this department for the ensuing year has been materially increased, by the demand of the present collector of garbage for additional pay.

Previous to the year 1923, the collection of garbage was without cost to the town except a nominal expense of \$100 per year, for metal cans, which the town supplied. In the year 1923, the collector received \$300 for the work, 1924 and 1925, \$1000 per year was paid while for the ensuing year \$1800. is demanded.

This rapid increase in costs must result in some new method being provided, for disposing of this waste material.

The following list of diseases classed as dangerous to the public health were reported during the year:

Lobar Pneumonia	5
Tuberculosis	22
Scarlet Fever	1
Measles	1
Whooping-cough	1

Respectfully submitted,

ORRIN S. FOWLER,
 LESTER F. COWLES, Sec.
 JOHN T. HIGGINS

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, February 8th, 1926 next, at 6.00 A. M. then and there to act on the following Articles:

Article 1.—To choose by the Australian System of balloting the following Town Officers:—Three Selectmen each for one year, one Town Clerk for one year, one Town Treasurer for one year, one Tax Collector for one year, one Moderator for one year, one Tree Warden for one year, three Constables each for one year, one Overseer of the Poor for one year, one Overseer of the Poor for three years, one member of the School Committee for three years, one Water Commissioner for three years, one member of the Board of Health for three years, one Trustee of the Public Library for three years, one Assessor for three years, one Cemetery Commissioner for three years, five Trustees of Soldiers' Memorials, two for one year, two for two years, and one for three years, two of whom shall not be veterans of any war, and all other Town Officers to be chosen at said meeting.

For the purpose specified in this article, the polls will be open after the reading of the warrant, and will REMAIN OPEN UNTIL FOUR O'CLOCK IN THE AFTERNOON when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1, 1926, in anti-

pation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town, giving the notes of the Town therefor, payable within one year from the dates thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-seventh day of January in the year of our Lord, one thousand nine hundred and twenty-six.

EDWIN CARLTON,
FRANK S. BINKS,
JOHN C. KING,
Selectmen of Maynard.

A true copy, Attest

Constable of Maynard.

REPORT OF WATER COMMISSIONERS

To the Board of Selectmen:

The report of the Water Commissioners for the year ending December 31, 1925 is herewith submitted.

We are glad to report that the main pipe line from the reservoir, which we have contemplated for a number of years, has been started and will be completed to the Summer St. railroad crossing the coming year. In laying this line it was necessary to have a right-of-way through land of L. H. Maynard and land of Mrs. Rich to Summer Street. In the year 1910 we acquired the right through the Rich land from L. S. Brooks. The right through the Maynard land was given to the Town this year without any remuneration. The Water Board want to express their appreciation to L. H. Maynard for his generosity.

The pipe on Great Road has been extended to connect with the Thompson street main and the four inch pipe on Thompson street has been replaced with a six inch pipe.

Upon examination it was found necessary to repair the wall of the brick receiving well at the pumping station and after consulting an engineer, it was decided to reline the well with concrete and put on a concrete roof.

Beside the completion of the main on Summer St. the superintendent recommends extensive repairs on the stone well at the pumping station and on the reservoir of which the Commissioners approve.

A detailed account of work done this year is found in the reports of the superintendent and registrar and the engineer, which are included.

Bills have been approved for maintenance for \$11,152.00 and for construction \$20,232.97 leaving a balance, from the appropriation of \$2,915.03.

Respectfully submitted,

GAVIN TAYLOR,
O. S. FOWLER,
JAMES C. MAHONEY
Water Commissioners.

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners:

Gentlemen:—The report of the superintendent and registrar and the report of the engineer, for the year ending December 31, 1925 is herewith submitted.

In the report for 1924 mention was made of the low water in White Pond, and this year the water has reached a still lower level. At one time during the fall the water was six inches below the top of the intake pipe. This no doubt is the lowest it has ever been since the works were built. At this level there was hardly enough water to supply the town and a small pump was placed at the pond to pump the water to the screen chamber if it became necessary. At the close of the year the water had raised over the end of the pipe.

The catch basins in the conduit line have been cleaned and the roots have been cut out at one point.

The wall of the brick well at the pumping station was in such bad condition that it was necessary to make extensive repairs. After consulting with Mr. Dixon of the firm of Barbour & Dixon it was decided to put in a twelve inch concrete lining and to build a concrete cover over the well to keep the water from freezing in the winter.

A contract was let for this work to Frank H. Street Co. of Brookline for \$3,762.18. This work was completed in the fall and the well put into service.

Both the receiving wells were cleaned in the spring.

The reservoir was emptied and the floor was washed off.

The new ten inch supply main which was laid this year is taken off the twelve inch main near the reservoir and runs through the land of L. H. Maynard and land of Mrs. Rich to Summer street. This line comes on to Summer street about one hundred feet above Mrs. Rich's house and is laid on Summer street as far as No. 89. A hydrant was placed near the point on Summer street where the pipe comes onto the street and the other hydrants were moved to give better service. This being a main supply line each hydrant branch has a valve so that the hydrants may be shut off without shutting off the main. There is about seventeen hundred feet more of this line to be laid before reaching the Summer street railroad crossing.

The six inch main has been extended on Great Road to connect with the Thompson street main and the four inch pipe on Thompson street has been replaced with a six inch pipe. This gives a six inch main from the Pumping Station Road to the corner of Walnut and Thompson streets and insures a good supply in case Main Street is shut off for any reason.

The boilers and machinery at the pumping station are in good condition.

Mains

The following mains have been laid this year:

Reservoir to No. 89 Summer St.	3820 feet	10 inch
Thompson Street relaid	1150 feet	6 inch
Great Rd., No. 146 Great Rd. to Thompson St.	234 feet	6 inch
Boeske Ave., Pumping Station Rd., to No. 47		
Boeske Ave.	344 feet	6 inch
Douglas Ave. to No. 32 Douglas Ave.	80 feet	6 inch

Acton St., to No. 106 Acton	112 feet	6 inch
Waltham St., to No. 95 Waltham	60 feet	6 inch
Omoore St., No. 27 to Boeske Ave.	212 feet	4 inch
Espie St., No. 17 to Boeske Ave.	565 feet	4 inch
Espie St., from Great Rd. to Newton St.	262 feet	1¼ inch
Driscoll St., White Ave., to 22 Driscoll	245 feet	4 inch
King St., from Concord St.	169 feet	2 inch
Off Walnut St.	78 feet	2 inch
High St. Extension	158 feet	2 inch
Johnson St.	106 feet	2 inch
Mill St., to James Stott's	154 feet	1¼ inch
Beacon Rd.	111 feet	1¼ inch
Sheridan Ave., from Pumping Station Rd.	220 feet	1½ inch
Burnside St., to Sherman St.	180 feet	1½ inch
Thomas St.	56 feet	1½ inch
Riverbank Rd.	30 feet	1½ inch
Sudbury Court, relaid	64 feet	1½ inch

Small leaks have been repaired in six places on the mains.

New hydrants have been put in on Summer St. near Mrs. Rich's and on Espie Ave. near Boeske Ave. The hydrant on Powder Mill Rd. was broken by an auto and it was necessary to put in a new one; three other hydrants were repaired.

Services

Sixty-one services have been put in this year, two have been taken out, making the number now in use 1372. Eleven leaks in services have been repaired, thirty-two have been repaired at the cellar wall, ten have been relaid, and thirty have been cleaned.

Meters

Sixty-two new meters have been set this year making the number now in use 1345.

Two hundred fifteen meters have been changed and repaired.

The ten inch supply main which was started the past year should be finished next year. When this line is laid there will be a good supply of water from the reservoir at such times as it becomes necessary to shut off the water on Main St.

The roof of the pumping station should be shingled and the woodwork painted. Some repairs to the sidetrack will be necessary.

The line from White Pond to the Pumping Station should be cleaned out the entire length and some catch basins should be built. The stone well at the Pumping Station should have a new concrete floor put in so that the well can be cleaned properly and quickly. There should be a new concrete floor laid in the reservoir as the present floor is cracked and uneven which makes it difficult to clean. The wall of the reservoir must be pointed, as some of the stones are loose and falling out.

I wish to thank the Commissioners for their kind co-opera-

tion during the year.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir:—The machinery and boilers are in good condition. New parts were put in the pump early in the year. The boiler feed pump which broke was replaced with another one.

Stock on hand December 31, 1925:—50 ton of coal, $\frac{1}{2}$ barrel boiler compound, 20 gallons cylinder oil, 3 gallons machine oil, 20 pounds grease, 35 pounds packing, 5 pounds waste, 30 springs.

Pumping Record

	Coal	Gallons
January	43,282	8,447,828
February	42,814	8,264,279
March	49,588	9,403,201
April	54,251	9,176,662
May	52,416	8,945,288
June	48,395	12,688,220

1925	122,044,508	21,544.20

REPORT OF FISH AND GAME WARDEN

Honorable Board of Selectmen,

Gentlemen:

During the past year I have endeavored to perform my duties as in previous years. Hunting has been extra good this year although the fishing, especially on the Assabet River, has been very poor, due probably to the poisonous wastes in the water.

Time spent among the sportsmen has proven that the large majority of them are observing the Fish and Game Laws. Several lost dogs have been brought to me and returned to their owners. It would help matters greatly if all hunting dogs wore collars on which the name was plainly inscribed. We have liberated, during the year, 150 pheasants and 20 cans of adult brook trout. A shipment of gray hares is now on its way from Maine and 88 pheasants are being raised by local men to be liberated in March.

Sincerely yours,

P. J. SCHNAIR,
Fish and Game Warden.

REPORT OF FINANCE COMMITTEE

The Finance Committee organization for the year 1925 is as follows: Chairman Thomas F. Parker, Clerk Herbert H. Young. Sub-committees appointed by Chairman:

Mr. Young, Mr. Merrick—School Dept., Accountant, Library.
 Mr. Ayotte, Mr. Murray—Fire Dept., Park Dept., Moth Dept., Tree Warden.
 Mr. Sullivan, Mr. Naylor—Selectmen, Sealer of Weights, Police Dept., Water Dept., Treasurer, Town Clerk, Registrars.
 Mr. Larkin, Mr. Sims—Poor Dept., Cemetery Dept., Health Dept., Assessors, Tax Collector.

February 26, 1925

A meeting of the Finance Committee was called for consideration of additional appropriations in the articles of the Town Warrant.

Article 17. Proposition of installing a sewerage system: Voted on motion of Mr. Larkin to recommend that \$200.00 be appropriated for the use of an investigating committee, should the voters appoint one.

Article 18. Voted to recommend the sum of \$4,175.78 be appropriated for memorial purposes; this amount being refunded to the Town by the State, from a surplus raised to pay the soldiers' bonus. Same to be held by Trustees appointed by the Selectmen as provided by and in accordance with Chapter 41, Section 105, Acts of the General Court.

Mr. Carlton, chairman of the Selectmen, presented the matter of the following Articles:

Article 19. Voted to recommend that Fairfield Street be accepted by the Town. Voted to recommend that \$500.00 be appropriated to repair Fairfield Street should the town vote to accept same.

Articles 20 and 21. Voted to recommend that \$500.00 be appropriated to repair Chandler St., and \$400.00 be appropriated to repair Elm St.

Messrs. Hilferty and Ledgard presented the matter of an appropriation for school accommodations. Messrs. Peterson and Mathewman for the Memorial fund. Members of the Board of Health for the Sewerage system. Members of the Water Commissioners for the water dept.

Town Treasurer Gutteridge was present and gave information as to Town finances. \$75,000 can be borrowed inside debt limit. \$44,000, cash on hand.

Finance committee members present: T. F. Parker chairman, F. J. McCarron, Cham Ayotte, Albert Larkin. Meeting adjourned at 10.30 until 7.30 February 27.

H. H. YOUNG, Clerk

February 27, 1925.

Adjourned meeting opened at 7.30 P. M.

Under Article in regard to Water Dept.: Voted on motion of Mr. McCarron to recommend that \$11,800 be appropriated for maintenance and that \$22,500 be appropriated for construction; making a total amount of \$34,300.00 to be paid from surplus receipts of the Water Dept., now in the Treasury of the Town.

Article 7, in regard to school accommodations: Voted on motion of J. H. Murray, seconded by G. H. Merrick to pass over this article because it is incomplete and indefinite. We recommend the subject matter in this article be passed over until further information is obtained to act upon at a future Town Meeting.

Meeting adjourned at 9.30 P. M.

Members present; T. F. Parker chairman, G. H. Merrick, J. H. Murray, A. E. Larkin, F. J. McCarron.

H. H. YOUNG, Clerk

June 15, 1925

The Finance Committee met at 7.30 P. M. to discuss and make recommendations on articles in the Town Warrant. Members present: T. F. Parker chairman, P. J. Sullivan, L. G. Sims, J. Naylor, H. H. Young.

Article 2. To see if the Town will vote to appropriate the sum of \$1500. to construct a toolhouse in Glenwood Cemetery to replace the building destroyed by fire. Voted to recommend that \$1500 be appropriated.

Article 3. To see if the Town will vote to appropriate the sum of \$1250 to pay the salary and for the use of the Town Accountant's office. Mr. Sullivan moved the amount (\$1250) be recommended. So voted.

Article 9. Mr. Carlton presented the matter of land damage to Mrs. Jane Reed, caused by the taking of land to widen Nason Street. After much discussion, it was moved by Mr. Sullivan, that the sum of \$2400 be appropriated for this purpose. So voted.

Article 10. Trustees of Soldiers' Memorial presented an article calling for an appropriation of \$4000 to put the Maynard House lot in suitable condition for the erection of a Memorial. Mr. Sims moved that committee recommend the appropriation of \$4000 for that purpose. So voted. Mr. Sullivan reserved the right to dissent.

Article 11. To see if the Town will vote to use the proceeds of the sale of the Cullen house (viz. \$1265.), to grade the land where buildings now stand, and for other general school purposes. Moved by Mr. Sullivan that the amount be recommended. So voted.

Meeting adjourned at 10.30 P. M.

H. H. YOUNG, Clerk

December 4, 1925.

A meeting of the Finance Committee was called at 7.30 P. M. for the purpose of making recommendations upon amounts required by several of the Town departments, to enable them to meet their obligations for the current year.

Mr. Stockbridge, the Town Accountant, presented a copy of the requisitions, together with the ample explanations therefor.

The fact was apparent to the Committee, that for the first year, at least, under the new system of accounting, accurate estimates by heads of departments were not possible.

In consideration of the facts as stated, on motion of Mr. Naylor, seconded by Mr. Murray, voted to recommend to the voters that the following amounts be appropriated, same to be paid from funds in the treasury:

Treasurer's Office	\$125.00	
Selectmen's Office	150.00	
Registrars of Voters	320.00	
Tax Collector	45.00	
Street Lighting	100.00	
Highway Catch Basins	350.00	
Police Dept.	1,000.00	
Sealer of Weights and Measures	23.00	
		<hr/>
Total		\$2,113.00

Adjourned at 8.15 P. M. Members present, T. F. Parker chairman, J. H. Murray, Joshua Naylor, Cham Ayotte, Albert Larkin.

H. H. YOUNG, Clerk

January, 8, 1926.

The Finance Committee met at 7.30 P. M. to receive departmental requisitions for the year 1926, and assign same to sub-committees.

The Town Accountant was present and was of great assistance in furnishing information to the committee.

Meeting adjourned at 9.30 until Jan. 15. Members present: T. F. Parker chairman, A. E. Larkin, C. Ayotte, J. Naylor, L. G. Sims.

H. H. YOUNG, Clerk

January 15, 1926.

Adjourned meeting of Jan. 8, met at 7.30 P. M. Mr. Ayotte reported for the sub-committee on Memorial Park, that the Trustees asked for an appropriation of \$2000. The sub-committee recommended and the Finance Committee voted on motion of Mr. Naylor that \$1200 be recommended for appropriation.

For John A. Crowe Park recommended and moved by Mr. Ayotte, \$125.00. Motion carried.

For operating expenses of Fire Dept., Mr. Ayotte recommended \$8364. Moved by Mr. Sullivan and voted by committee that amount be recommended.

On matter of new equipment for Fire Department, moved by Mr. Naylor, seconded by Mr. Sullivan that this matter be carried over to another meeting.

The following recommendations were made by sub-committees and acted upon:

State Aid, moved by Mr. Sullivan, \$144.00 Motion carried.
 Military Aid, moved by Mr. Sims \$420.00 Motion carried.
 Soldiers' Relief, moved by Mr. Sims \$250.00 Motion carried.
 Memorial Day, moved by Mr. Larkin \$250.00 Motion carried.
 Registrars, moved by Mr. Sullivan \$629.00 Motion carried.
 Tree Warden, moved by Mr. Ayotte \$300.00 Motion carried.
 Moth Suppression, moved by Mr. Ayotte \$1050.00. Motion carried.

Moved by Mr. Sims that an Article be inserted in Town Warrant providing for an appropriation of \$5,000.00 to be transferred by order of the Finance Committee to departments showing need thereof, for the ensuing year as provided by statute chapter 40, section 6. Mr. Sims and Mr. Young were appointed a committee to attend to the matter.

Members present and voting: T. F. Parker, chairman; C. Ayotte, L. G. Sims, J. Naylor, A. E. Larkin, P. J. Sullivan, H. H. Young, clerk. Adjourned at 9.30 until Jan. 18.

7.30 P. M. Jan. 18, 1926.

Mr. Naylor reported for sub-committee on following departments and amounts:

Mr. Sims moved \$5,000 for General Gov't. Motion carried.
 Mr. Larkin moved \$8,000 for Street and Bridge Lights. Motion carried.
 Mr. Sullivan moved \$9,800 for Police Dep't. Motion carried.
 Mr. Sims moved \$485 for 7 Beacons and Lighting. Motion carried.
 Mr. Sullivan moved \$22,825 for Street work as specified by Selectmen: Motion carried.
 Mr. Sullivan moved \$2,500 for Snow work. Motion carried.
 Mr. Sullivan moved \$1,500 for Sidewalks and Curbing and \$1,000 for Permanent Sidewalks. Motion carried.
 Mr. Larkin moved \$6,000 for Great Rd., State and County like amount. Motion carried.
 Mr. Larkin moved \$2,500 for Parker Street, State and County like amount. Motion carried.
 Mr. Sims moved \$800. for Main Street, Rafferty Square. Motion carried.

The Finance Committee recommend that these amounts be expended in accordance with the tables submitted by Selectmen.

Matter of an automobile for Police dept. carried over to another meeting.

Matter of land drainage in various parts of the Town was postponed for further investigation and consideration.

Mr. Larkin moved \$20,720.00 for Water Dept. Maintenance. Motion carried.

Mr. Sims moved \$9,000.00 for New Construction. Motion carried.

Mr. Sullivan moved \$7,200.00 for Int. Town Notes. Motion carried.

Mr. Sims moved \$875.00 for Town Clerk's office. Motion carried.

Mr. Sullivan moved \$850.00 for Town Treasurer's office. Motion carried.

Mr. Sims moved \$250.00 for Sealer Weights and Measures. Motion carried.

Mr. Sullivan moved \$14,500.00 for Poor Dept. Motion carried.

Mr. Naylor moved \$3250.00 for Health Dept. Motion carried.

Mr. Sullivan moved \$1775.00 for Assessors' office. Motion carried.

Mr. Sullivan moved \$50.00 for Fish and Game Warden. Motion carried.

Mr. Sullivan moved \$1000.00 for Public Health. Motion carried.

Mr. Sullivan moved \$200.00 for Middlesex County Bureau. Motion carried.

Mr. Sims moved \$1600.00 for General Purposes, Cemetery Dept. Motion carried.

Adjourned at 10 P. M. until 7.30 P. M. Jan. 22.

Members present: T. F. Parker, chairman; L. G. Sims, P. J. Sullivan, J. Naylor, A. E. Larkin, H. H. Young, clerk.

Jan. 22, 1926.

Adjourned meeting continued. Amounts received for: Library, moved by Mr. Sullivan \$2,500 and dog tax. Motion carried.

Town Accountant, moved by Mr. Merrick \$1230. Motion carried.

School Dept., moved by Mr. Merrick \$105,000. Motion carried.

Tax Collector, moved by Mr. Murray \$935.50. Motion carried.

Auto for Police Dept., moved by Mr. Murray to pass over. Motion carried.

Auto for Cemetery Dept., moved by Mr. Sullivan to rescind previous vote. Motion carried.

Mr. Hilferty of the Building Committee of the Junior High School presented the matter in regard to an appropriation sufficient to equip the new building. He was requested to re-draft his request and present same to next meeting.

Selectmen presented the matter of procuring adequate quarters for town offices in new building in process of erection on former Amory Maynard property. Finance Committee sug-

gests that Selectmen investigate other possible locations which might be available and present the matter later.

Adjourned until Jan. 25. All members present.

H. H. YOUNG, Clerk

7.30 P. M., January 25, 1926.

Fire Chief Naylor and Engineers Wollerschied, Priest and Parks presented the matter of a new truck and pump equipment. The subject was considered from different angles and was laid over for further investigation and a later meeting.

The question of land drainage was also discussed.

Meeting adjourned to Jan. 28. Members present: T. F. Parker, chairman; C. Ayotte, J. Naylor, J. H. Murray.

H. H. YOUNG, Clerk

January 28, 1926.

The Fire Engineers were again present. The affairs of the department were discussed. After the Engineers retired, the matter of new equipment was voted upon. On motion of Mr. Sullivan, seconded by Mr. Murray it was voted to pass over the matter of new apparatus.

The Selectmen presented a bill for \$500. Same to be paid to abutters on Brown St., to pay for land taken to straighten and widen new road. Amounts as follows:

Forrest Howe	\$225.00
Charles Williams	190.00
Mark Newton	35.00
Mrs. O'Connell	50.00
	<hr/>
Total	\$500.00

Moved by Mr. Naylor that \$500.00 be recommended. Motion carried.

Supt. of Streets Driscoll presented plans and estimates of drainage for Brown, Thompson and Acton Streets.

It was not apparent to the Committee, at the present time, that it was necessary to spend any for drainage of Brown St. Therefore on motion of Mr. Sullivan it was voted to pass over this item.

On matter of drainage for Thompson St., it did not appear to the Committee that the drainage plans as proposed were the best solution of the problem. On motion of Mr. Sullivan voted to pass over this item.

The plan, as presented, for drainage of Summer and Acton Streets is not recommended. Voted to lay on table.

The Committee suggests that plans be prepared providing for the laying of pipes on Acton St., continuing on Glendale St.

Mr. Hilferty presented an Article providing for equipment of new Junior High School. Mr. Sims moved that \$4,000.00 be re-

commended as requested in aforementioned Article. Motion carried.

Members present: T. F. Parker, chairman; L. G. Sims, J. H. Murray, J. Naylor, P. J. Sullivan, H. H. Young, clerk.

Meeting adjourned.

Board of Health	3,850.00	3,250.00
Salary and Expense	\$1,775.00	
Inspector of Slaughtering	275.00	

TOWN ACCOUNTANT'S REPORT

Maynard, Mass., Dec. 31, 1925.

To the Board of Selectmen,
Gentlemen:—

I submit herewith for your approval the following report of the Town Accountant for the year ending Dec. 31, 1925.

I have arranged the financial report in the following order:

- Balance sheet of Dec. 31, 1924.
- Total Appropriations and Expenditures for 1925.
- Detailed list of Receipts and Expenditures for 1925.
- Balance sheet of Dec, 31, 1925.

As this is the first report under the State system of accounting which was installed at the beginning of the year 1925, perhaps the citizens of the town would be interested in hearing something about it.

The Town Accountant keeps a complete set of books, that is, a Cash Book, Journal, and Ledger.

The accounts are kept exactly as they would be in any business or corporation.

Supplementing the regulation Ledger, is a Classification Ledger, in which each individual bill or item of revenue is entered and classified. By looking over the list of receipts and expenditures for 1925 which is a part of my financial report, you will get an idea of what I mean. This list is taken directly from the Classification Ledger.

This classification of the receipts and expenditures is in accordance with the State Classification of Accounts and should be followed as nearly as possible by the various departments in keeping their accounts and in making up their detailed estimates for appropriations. It will help the Town Accountant if each department will write on the face of each bill the particular classification under which the items of the bill should come.

In municipal accounts, the amount showing as uncollected taxes is treated the same as cash on hand as any amounts abated from taxes is protected by the overlay of the corresponding year. (The overlay of each year is an extra amount assessed to cover abatements).

The item "Cash" means actual cash in the Treasurer's hands.

You will therefore see that the total of "Cash" plus the items of uncollected taxes form the amount of direct resources or available cash which the town may be said to have.

Against this sum there are certain obligations which must be met. On the Balance sheet for Dec. 31, 1925, these obligations appear on the Liability side and are as follows:—Overlay of different years Overlay Reserve, Sewer Committee, Junior H. S.

Building and Water Department Surplus.

The Overlays of each year can only be used to replace taxes of that year, which are abated.

The Overlay Reserve can only be used by vote of the town in cases of extreme emergency.

The Sewer Committee and the Junior H. S. Building balances must be held to the credit of these committees until all used or the committee discharged by the town.

The Water Department Surplus is kept as a separate account and is held in that account until the town shall by By-Law or otherwise order its transfer.

You will see that the total of "Cash" plus Uncollected Taxes equals \$96,407.99. Deducting the sum of the obligations above mentioned, we have a balance of \$281.33 which shows as part of the "Excess and Deficiency item.

The items "Police Department \$.64 is an overdraft of appropriation because of discount disallowed and is also included in the item "Excess and Deficiency."

The item State Aid \$154.00 represents the amount paid out by the Town for that purpose during the year 1925 and will be paid back to the town in the year 1926. This item is also included in "Excess and Deficiency".

The total of these three items is \$435.97 which appears as "Excess and Deficiency" and is the total amount of cash available.

The items of Moth Assessments and Sidewalk Assessments are the uncollected balances of these items and are offset on the the Liability side by Special Assessments Revenue.

The items of Bills Receivable, with the exception of "Water Department Bills Receivable" are the uncollected bills to the credit of the various departments and are offset by the item Departmental Revenue.

The item "Water Department Bills Receivable" is the amount of uncollected water bills and is offset by "Water Revenue".

Any citizen desiring more information regarding the system may call at the Town Accountant's office any Monday evening.

I wish to thank the members of the various departments for their co-operation during the past year.

Respectfully submitted,

C. A. STOCKBRIDGE,
Town Accountant.

TOWN OF MAYNARD
Balance Sheet, December 31, 1924

GENERAL ACCOUNTS

<i>Assets</i>	<i>Liabilities</i>

Office of the Town Accountant

To the heads of Departments and members of the various executive boards of the Town of Maynard.

Gentlemen:

In order to successfully carry out the accounting system now in operation in this town and to meet the requirements of the State, it is necessary that you carefully observe the following rules.

All bills, payrolls, vouchers, etc., must be received by the town accountant on or before Monday evening of each week in order to be paid that week.

Any bills or payrolls not received until Tuesday will not be paid until the following week.

All bills must be approved, by signature on the back of the bill, by the person or persons responsible for same. Such approval means that the articles listed on the bill have been received and that the price and extension are correct.

When bills have a stub attached, signature must be on the back of the bill, *not on the stub*.

All bills must be listed on a "Schedule of Bills Payable" sheet which must be signed by the person making it out.

All salaries or wages must be listed on a "Payroll" sheet and same must be signed by the person making it out and approved by a majority of the committee responsible for the department. "Payrolls" should not be entered on "Schedule of Bills Payable" sheet.

Any department expecting receipts for any reason must furnish the town accountant with a detailed list of such charges.

For instance, the Poor Dept.—reimbursement for Aid rendered; the Street Dept. for Sidewalks and Curbing; the School Dept. for Tuition; the Cemetery Dept. for Lots and Graves Sold and for Care of Lots. All departments for supplies sold, telephone tolls, etc.

You must not exceed your appropriation.

Before the close of each year you must furnish the town accountant with a detailed list of all bills remaining unpaid, showing to whom and for what due and their amounts.

On or before December 20th of each year you must furnish to the town accountant detailed estimates of the amounts necessary for the proper maintenance of your department for the en-

suing year, with explanatory statements as to any changes from the amounts appropriated for the same purposes in the preceding year, and an estimate of amounts necessary for outlays or permanent improvements. You must also prepare estimates of any income likely to be received by the town during the ensuing year in connection with the town's business or property intrusted to your care.

The salaries of all town officers shall be included in the estimates for their respective offices.

The treasurer shall in addition to his estimate of the amount required for the maintenance of his own office, prepare a separate statement indicating the amounts required for the payment of interest on the town debt and for the payment of such portions of the town debt as may become due during the succeeding year.

These rules are taken from the General Laws of the Commonwealth of Mass., Chapter 41.

The town accountant plans to be at the Water Department office in Creighton Block from 7 to 9 o'clock every Monday evening.

There is a box provided in the lobby of the Water Department office in which you may *at any time* place your bills, pay-rolls, vouchers, charges or any communication for the town accountant.

If you need any blank forms or wish any information about the present accounting system, please get in touch with me.

Yours truly,

C. A. STOCKBRIDGE,

Residence, 104 Summer St.
P. O. Box 1076
Telephone 83-4

Town Accountant.

State Accounting System

A report of the audit of the accounts and the installation of the accounting system has been received from the State director of accounts.

This report is on file at the Selectmen's Rooms and can be seen by making application to the Selectmen.

JOHN A. CROWE PARK SUPERINTENDENT'S REPORT

To the Board of Selectmen,
Gentlemen:

I herewith submit my report for the year ending December 31st, 1925.

During the year the park has been used continuously from early spring until late in the fall, also evenings for Baseball, Track sports and Football and judging from the attendance at the games, it shows the great interest the citizens have for sports.

Many loads of loam were put on the diamond the past year to fill in where necessary and although the field is in fair condition it should be plowed up and rolled to have it in proper condition. This would, however, necessitate the closing of the park for sports for one season.

A great improvement would be an addition of land on the southerly side of the park. This would make it possible to lay out a track for distance running. A great deal of interest has been shown the past year in track sports, and no doubt the interest would increase if this improvement was made.

Suggestions have been made that swings and other playground apparatus be erected at the park, for the children. I think this should be done and also all school grounds equipped in the same manner. This would be a means of keeping the children off the streets, where there is always great danger from the increasing automobile traffic.

It is being tried out in other towns with great success.

Appropriation	\$200.00

Senior High School—8.00 to 1.00
 Junior High and Elementary Schools 8.45 to 11.45 a. m. 1.15
 to 3.30 p. m.
 First grade is dismissed fifteen minutes earlier.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,
Maynard, Massachusetts.

Gentlemen:

I submit herewith, for your consideration and that of the townspeople, my eleventh annual report as Superintendent of Schools.

Buildings and Grounds

The new Junior High school building, which we began to use on January 19th, has relieved the crowded conditions in the old buildings. The new auditorium and gymnasium building, will when it is completed and equipped, administer to certain needs which have been entirely neglected in the past.

The auditorium will not only be of great benefit to both schools, but it should be available for affairs which are held not for financial gain, but for civic betterment. Since such use would add to the expense of administration, the school appropriation should be enlarged sufficiently to admit of this or some other arrangement made. I would recommend that whenever the auditorium is used for other than strictly school purposes, a charge be made to cover the cost of lighting and extra janitor work.

During the summer and Christmas vacations, changes were made in the Senior High school building so that three additional class rooms were made available. One room has been remodeled for use as a drawing room and heat has been put into a basement room to be used for basketry. Exclusive of offices, laboratories and basketry room this building now contains thirteen classrooms, a drawing room and a library. This building should be repainted during the year and the desks refinished. It is in its tenth year of service, has always been used by two sets of pupils and for nearly three years has been used from eight o'clock to five without interruption. Besides this, it has been used for evening school two or three nights a week and for many and various other affairs. About 600 day school pupils and 275 evening school pupils have been enrolled in this building this year. Very little has been done to the inside finish or furniture during these ten years and with as many as ten sets of pupils using the same room during the same day, and the consequent difficulty of fixing responsibility for damage, there is need for considerable painting and the like to be done.

With the buildings so closely connected, it will be easily possible at some time, possibly next fall, to arrange the two schools on the 3-3 plan. Some of the equipment now used solely by the senior high school could then be made use of by the junior high.

Two more school rooms, one at Main Street and one at Bancroft Street would provide for all pupils now on part time. A one-room building on each lot would take care of these pupils until possible future growth of the town might make necessary the construction of a small elementary building. Several types of portable or semi-portable buildings have been used in towns and cities of the state, some not far away, and have proved satisfactory.

The grounds of all the schools need considerable attention. The lawns of the older buildings should be re-seeded and those of the new buildings put into shape to correspond with the appearance of the buildings.

Statistics

Our average membership for the year ending June 30, 1925 was 41 greater than for the preceding year. The enrollment December 31, 1925 was: Elementary and Junior High 1443; High 283; total 1726. This is an increase over last year of 34 in the junior and senior high schools and a decrease of 38 elementary pupils, chiefly in the first grades. We have no more teachers in the elementary or junior high schools, but the increased enrollment in the senior high necessitated the employment of an additional teacher.

In the past ten years the average membership has increased from 1099 to 1724, or 57%. The most significant fact, however, is the disproportionate increase in the grades above the sixth. In grades seven and eight the average membership has grown from 146 to 312, an increase of 114%; and in the senior high school from 133 to 234, an increase of 76%; while the increase for the elementary schools has been only 40%. These figures are for the school year ending June 30.

Nine years ago the high school enrollment at the end of the fall term was 165. This year it was 283, an increase of 71½%. The seniors then numbered 16, and the freshmen 65; today the numbers are 43 and 119 respectively. Of the 158 enrolled in grade eight last June, 134 were promoted and 121 entered the freshman class. These figures show that an increasingly greater percentage of pupils are remaining in school above the sixth grade. In ten years the number of high school seniors has almost trebled, while the freshman class has increased less than 85%.

In 1910 the superintendent said in his annual report, "Last year there were enrolled in the first eight grades 800. Of these 574 were promoted (71¾%), 100 promoted on condition (12½%), and 126 held back to repeat (15¾%)." In grade 9, 53 were enrolled and 16 promoted; in the high school 76 enrolled and 44 promoted. About 33 1/3% dropped out."

In the report for February 1911 mention is made of the "Decreasing enrollment in the High School and the increasing lethargy."

In 1912 the Superintendent says, "There are in the four first grades 190 pupils. Of these about two-thirds will be promoted

and about 63 will remain to repeat." "There are in the fifth grades 110 pupils." "In the seventh grades—a total membership of 75."

The figures at the present time present a sharp contrast to those conditions. Last June in grades one to eight we had 1465 pupils. Of these 1243 (85%) were promoted, 123 (8 2/5%) were promoted on condition and 99 (6 3/4%) failed to pass.

Of the 207 first grade pupils, 12 were conditioned and only 17 (8 1/5%) failed to pass. In the High School 25 left during the year for various causes. Some of these were freshmen who had been admitted on condition and were unable or unwilling to do the work necessary to keep up. We have at present 181 pupils in the fifth grade and 170 in the seventh.

That the work in each grade is actually done is proved by the fact that of those members of the class of '24 who entered higher institutions of learning not a single failure in a single subject was recorded.

High School

The class of 1925 graduated with forty-three members, exactly twenty per cent of the number who entered the first grade with this class twelve years previously. Of the 83 who entered high school 41, or over 50% graduated. This is about three times the average for high schools. The increasing proportion of pupils completing the high school course can be attributed to three sources: a growing conviction in the minds of parents and pupils alike of the necessity of education above the elementary schools in order to secure the greatest measure of success in life; changes in the curriculum and other features of school life, which make school more agreeable and desirable; and better preparation in each grade for the work of the next higher grade.

One feature of the High School which has grown in importance in recent years is our athletics. This is carefully subordinated to other matters, so that it is impossible for a pupil to neglect his studies and yet remain on any team. We are still unable to provide suitable athletic exercises for all pupils; but in time that must come, if we are to turn out graduates well-developed in mind and body and fit for the struggle of life. The present status of athletics in our High School is such that mention must be made of it in this report.

It is impossible for athletics to function properly without some means of support other than that of the student body. Seemingly all available means of carrying through the football and baseball seasons successfully from a financial viewpoint have been tried and have proved inadequate.

Practically all of the larger schools, having an enrollment of 200 pupils or over, receive assistance from the towns or cities in which the school is located, by appropriations. Some assistance must be given the schools of Maynard if the physical work prescribed by the state is carried out.

Solicitations by pupils or teachers from business and profes-

sional men is unsatisfactory and undesirable; the staging of plays for this purpose takes the time of the pupil from his regular work; and in the limited number of plays to be put on, preference must be given to the Junior and Senior classes, in order that they may accumulate sufficient funds to defray the expenses of graduation week.

A deficit of over eighty dollars from last year, even though different means of raising money were tried, was carried into this year's expense account. The receipts from games this year while totaling more than previous years have not been sufficient to carry our season through without indebtedness.

The winning of games during the past season by our boys is remarkable. Their record stands high in the percentages of games won. The work in football is especially commendable. Chiefly responsible for their success was the coach, Donald Lent. His excellent qualifications and his great interest in the boys of this school gained for him the loyal support of every man on the team and as a result established a record for the Maynard High School in the number of games won.

At a meeting held in Marlboro January 5th, this school made application and was made a member of the Midland League. We look forward with great interest to our league contests and we hope that the people of the town will give us the personal and financial support so greatly needed.

We should have athletics for the girls. This should be so arranged as to include every girl, as well as the boys, in regular class work. At present not a thing is being done for the physical development of the girls above the sixth grade. The new gymnasium, tho' small will prove of incalculable benefit in this respect, since it will provide a place for commencing work which may be developed along out-of-door lines in good weather.

One advance during the year which has been in accordance with the methods in progressive schools is the appointment of Miss Fessenden as Dean of Girls. This is working out very satisfactorily as Miss Fessenden is not only of great assistance in some problems of school management, but she is interesting the girls along lines which have not been attempted heretofore. One of these is the establishment of a Girls' Glee Club.

School Subjects

Last February a state-wide language test in grades three to eight inclusive was conducted by the College of Education of Boston University. While we were gratified at the results of a similar test in spelling the year before, the teachers felt somewhat apprehensive this time, because of the large number of pupils from homes where English is not spoken. The results showed that this apprehension was groundless, for Maynard stood 14th among the 95 towns and cities taking the test. Our seventh grade was first, our sixth grade third, and our eighth grade eighth in rank in these grades for the State. Every pupil was included and every answer not exactly in accordance with the Key furnished was counted as an error, so we feel that our position was fairly earned.

A test in arithmetic under the same auspices was given last November, but the results have not yet been published.

The work in Music has been carried along very much as in previous years. Rote singing and the reading of the scales are taught in grades one and two. The work of the next two grades is a continuation of that of the preceding two, with the addition of drill in the rudiments of music and practice in reading music.

In the fifth and sixth grades, the work is naturally more difficult. The intervals are longer, rhythms more complicated, and the chromatic comes in for more serious consideration.

In the Senior and Junior High schools the schedules adopted last year are still in force, the allotment of time and instruction being as before.

Practically no outlay for music books has been made for several years. The books in the lower grades are in extremely poor condition and a new book should be purchased for the use of the Junior High.

The High School Orchestra, which includes students from the Junior, is growing and improving. This improvement is due to an increasing loyalty to the organization and a desire to do finer and better work. When the re-organization which the new buildings will permit has been perfected, we should have more of the time of the Supervisor of Music, especially in the Junior and Senior High Schools. In the Senior High School it has been possible to give only twenty minutes per week to each group of about one hundred twenty-five pupils. Of course very little can be done under such conditions.

In order that school music here may be on a par with other progressive towns, credit should be given in the Senior High school for study with private teachers of the violin, piano, etc., under the direction of the department of school music, as well as for work in the orchestra.

The increasing interest in the practical value of Arts and Crafts during the past three years was well shown in the June Exhibition of work accomplished by the pupils. Cooperative Hall was completely filled by classes in charge of teachers in the afternoon, and by parents and friends in the evening. The

drawings by the Grades, Junior High and High School fully covered the walls, while the tables which lined the four sides of the hall showing craft projects and sewing. Well finished plain sewing by the sixth grades and embroidery made outside of regular school hours under Miss Miller's voluntary supervision showed interest and talent.

The attractive appearance of the Exhibition was heightened by foreign costumes worn by children of all ages who attended the tables.

In the center of the hall was a hollow square of small tables at which girls demonstrated various kinds of crafts. They did it composedly, watched by many interested onlookers.

In the High School the number of pupils taking Arts and Crafts has tripled in these three years, increasing from forty to over one hundred twenty. This demanded an additional morning of the Supervisor's time at the High School, necessitating taking it from the Junior High hours. Thus there is given a directed lesson every other week in the Junior High, as in the Grades, instead of every week as in previous years.

A graded course in Mechanical Drawing has been added each year, so that now a complete four-year course is at last possible. The Advanced class is doing excellent individual work in copying carpenter's plans for a bungalow and making professional blue prints from them with ink in tracing cloth drawings. Knowledge thus gained would prepare for further technical training in scientific schools, if desired. If the High School program permitted a double or two single periods a week, instead of one forty-minute period, our High School might qualify for entrance examinations in Art Schools. At present it is not possible to fit in extra time.

The First Year Mechanical Class is larger than last year and is doing earnest work. The second and third year boys are being trained in accuracy through inking-in problems in working drawings.

A new course has been added which has proved to be of keen interest to the boys, and of commercial value, namely Sign Printing. A book of graded exercises in spoonbill pen lettering and study of various types of alphabets has been followed which leads to large posters with various sized pens, brushes, colored inks and poster cards. Several of the boys have been asked to make large signs for dealers, in and out of town, and have received pay for so doing. This affords a valuable field for training commercial artists.

A course in human figure drawing which was started last year has been continued because of the interest shown in caricature and cartooning. Pencil and charcoal are first used, then pen and ink.

The use of Japanese watercolors for tinting Christmas cards and landscapes remains as popular as last year, due to the simplicity of method and charm of results.

Basketry increases in popularity with boys and girls alike.

Each year problems of increasing difficulty or variety of usefulness are attempted in graded work as shown in the June Exhibition. In every case in which basketry and other crafts demand extra cost of materials the pupils pay for their own, as otherwise these courses could not be afforded by school funds.

Picture framing with passepartout binding imitating oak framing is of as much interest as last year. Classes elect the craft which they prefer or for which they show the most ability.

A new craft introduced has proved fascinating,—that of bronzing cones, seeds and milkweed pods for decorative winter bouquets. A variety of fourteen bronzing powders gives opportunity for combining brilliant colors harmoniously. These powders (mixed with prepared bronzing liquid) were also used on ten-cent metal book ends, vases, and other articles.

Block printing, stenciling, sealing wax and tooled leather are other crafts being taught from among an almost endless list of possibilities in craft workmanship which adds to the attractiveness of the home and gives confidence, power and pleasure to the skilful worker.

Art appreciation and a study of the paintings by Great Masters is being stressed in all the grades and in Junior and Senior High schools as well. Knowledge and love of good pictures is essential in selecting them for the home and school.

Sewing for sixth grade girls is being continued as last year, once in two weeks, teaching plain sewing before beginning embroidery.

The children have done well in the use of colored crayons in design, and in construction work, poster, illustrative and compass problems.

The first grade teachers, through their own originality have carried the sandtable illustrations to a high degree of excellence and added to the children's constructive ability. Kindergarten methods and materials are used in weaving, cutting, folding, clay modelling, pasting, coloring and seat work.

Use of coping saws in making furniture for a small doll's house project has been carried on by one of the sixth grades by the boys, during the girls' sewing period.

The Junior High supervised lessons, which could be given only once in two weeks, have been correlated with the other subjects,—history, geography, English and arithmetic, by giving history of lettering, coloring of maps, decorative designs for English booklets and geometric problems for arithmetic. The teachers can carry the drawing on farther as desired.

7A started pine needle and raphia basketry the last half of the year. 8A started book-binding problems.

"Art in Every Day Life" is a motto which is the end and aim of every *effective* course in drawing.

Plans should be undertaken for starting physical education and manual training. A physical director should be engaged to direct the activities of all pupils above the sixth grade. In the elementary schools, supervised play during the recesses takes

care fairly well of the needs of pupils outside of the playtime they have out of school hours. In the other schools, except for the work of the athletic teams, this important side of education is entirely neglected. It needs teaching just as much as any other subject in the curriculum and the person occupying the position of supervisor should be a teacher, trained for his work.

Mentally Retarded Pupils

We have a number of mentally retarded pupils who need special attention. Most of these can be taken care of by allowing them to do the minimum of work assigned in each grade, but to cover the ground more slowly. At the Roosevelt school we have each year at least one room in which this is being done. In the Junior High school opportunity is given for an extra year by placing these slow pupils under special teachers who have their own groups under their charge for the whole time. This enables the teachers to give a great deal of individual help. The work is not exactly repeating the work of the previous year but rather an attempt to fill up the gaps in attainment which may have accumulated throughout several years.

One thing which makes this condition apparently more grave than it really is, is the common mis-understanding of the difference between a mentally slow or deficient pupil and one who is merely over-age for his present grade. A child coming from a foreign country must necessarily be placed at first in a low grade. If his age is three years greater than that of the other pupils he is generally classified with those who are three years mentally retarded, yet in time, as his language difficulties clear up, he may equal or even surpass the pupils of his own age. Twice, within three years, we found in one room four pupils of this sort. They were advanced as rapidly as their development permitted and in only one case was there a failure to make good. We have at the present time in the high school, two pupils who were permitted to complete the seventh and eighth grades in one year and then, as the result of Intelligence and Achievement tests, were admitted to the High school. They are both doing well. This is quite different from the skipping of grades which permits the under-age pupil to advance more rapidly than he should.

For the really slow or mentally retarded children manual training would be of great assistance, as through the hand the brain can be trained most efficiently.

We have a few pupils of so low a type of mentality that little or nothing can be done for them through the ordinary channels of school work. These should be removed from our schools and placed in state institutions, since proper care cannot be given elsewhere. These children are apt to become a menace to the others and at best are a severe drag upon the class work.

Americanization

The Americanization classes re-opened at the High School on November 30th. The students were divided into the following

groups, according to their ability to speak, read and write the English language:

- A. Beginner's grade
 1. Those who speak a little or no English
 2. Those who read no English
 3. Those who write no English
- B. Intermediate grade
 1. Those who have a fair command of oral expression
 2. Those who can read simple English sentences with understanding
 3. Those who can write easy sentences
- C. Advanced grade
 1. Those who can speak good English
 2. Those who can read the daily newspaper with comprehension
 3. Those who can write a simple account of an incident or a personal experience

Three classes were formed for men beginners, three for intermediate men, one for the advanced group of men, one for women beginners and one for advanced women. There is also one class of adult illiterates.

The present enrollment is two hundred fourteen which is a remarkable increase over that of the past year. It is due to the generous cooperation of many of the townspeople during the recruiting which was done by the local supervisor. The number has increased every evening since the opening.

During the winter we have had the following out-of-town speakers: Miss Mary L. Guyton, State Supervisor of Adult Alien Education; Miss Mary Macklin, State Specialist of Adult Alien Classes, who conducted a demonstration lesson in the Asabet Mill which was witnessed by over four hundred people; Miss Martha Hemalenian, of the Gardner Hospital Executive Staff, who addressed a Finnish group; Mr. Martin Borys of Lynn, who spoke to the Polish people on the advantages of Evening schools for the Adult Alien; and Mr. E. Everett Clarke, Assistant State Supervisor of Adult Alien Education in Massachusetts. Such activities serve to hold the interest of the students and also have a marked social influence.

On February 4, 1926 at the Rialto Theatre, "The Land of Opportunity," a film which is an appeal to the foreign born to learn English, will be shown. This picture belongs to the State Division of University Extension. It pictures in a vivid way the difficulties and dangers of living in America without a knowledge of English, explains the simple and accessible ways of learning the language, and finally shows the happiness and the many opportunities which the foreign family pictured in the film enjoys after this knowledge has been acquired.

Almost all the members of the school have filed their first papers or "Declaration of Intention" since the opening of school. On Monday evening, January 18, 1926, Miss Alice O'Connor,

Executive Secretary of Naturalization, Boston, Miss Josephine Powers of the Naturalization Department and Miss Flora Kuilar of the United State District Court, Boston, assisted over one hundred fifty men and women who needed information regarding their naturalization problems.

Good schools appeal to the immigrant. We have these in Maynard. Vital interest and the support of the public are necessary. All interested citizens are cordially invited to visit the classes.

Health

The past school year was one of the healthiest on record for the town. There has been but one case of Scarlet Fever and one of Diphtheria during the past two years. When one considers that there are nearly eighteen hundred children attending school, this must be admitted to be a record. Each year, for the last three years, has shown a decided improvement.

Some parents might well do a little more to cooperate with those in charge of the welfare of the children. There is no question in the mind of any educator of today, that unless a child is in good health, his mental condition suffers accordingly. Unless the parents cooperate, the school nurse and physician will be hampered in carrying on the health program among the children.

The greatest trouble we find among the children is the condition of teeth and tonsils. Each year a notice is sent to the parents of those children having any defect. Many of the parents evidently pay no attention to these notices, for the same conditions continue in a number of cases year after year.

A dental clinic for which we have been planning for several years has been postponed, because of lack of funds and suitable room. It is hoped with the new building and equipment it will be possible to secure such a clinic. Whether the clinic is established or not, parents are urged to pay more attention to their children's teeth.

It might be well at this time to state that the school physician does not heal all cases of sickness that occurs in the schools. The accident cases are treated by the school nurse; if they are serious the school physician attends to them and if necessary takes them home. There his services end, unless he is requested by the parents to take further charge of the child.

If a child is suspected of having an infectious disease he is examined and is either sent home or back to school according to the findings. We have found some parents very lax in their control of children having infectious diseases, or with others who might come in contact with them. Parents who have a child sick with Measles, Scarlet Fever or Diphtheria (these are the most common) and have other children of school age should keep them out of school and away from other children. Sometimes this has not been done, but it is absolutely necessary for the protection of others. There are evidently some parents who do not have a

physician to attend their children when these diseases occur and as a result they are not reported. It is the duty of every parent to report such cases or if they know of any such cases where the laws are not being carried out to the letter. These regulations are made by the state, not as a hardship for any one, but to protect all. It is certainly unfair to send a child to school from a home where there is any of the above mentioned cases. Our mixed population in this town makes it extremely hard to drive this lesson home but it will take time and education to do it.

The school physician and nurse each year examine every child in the grades. This is done in the late winter months or early Spring so that any surgical conditions may be corrected during the summer vacation. Pupils with conditions needing correction, who may be found during the year by the school nurse, are sent to the school physician and he either sends them home or back to school until the time suitable for the correction of the trouble.

The number of children in the elementary schools taking milk has increased largely over that of last year. The only school not having the milk lunches is the Summer Street School. The reason is the lack of a suitable place to care for it. It is hoped when the new building is opened it can be arranged for.

This year graham crackers are sold to the children to eat with the milk. The orders for milk and crackers are constant, showing that the parents are taking an interest in this feature of our care for the children's welfare. Sixty to seventy-five per cent of the children in the first three grades take milk regularly. These children have proven the value of such lunches by their increase in weight as shown on their record charts. More children should have the benefit of these lunches. It would be well if parents, instead of allowing the children to have candy or cake from home, should let them have the crackers and milk at school or take the milk from home to the school.

So far as we know, Massachusetts is the only state having a portable X-ray machine. This machine, upon a truck equipped as a traveling laboratory, is taken from one town to another, thus making it possible for every town and city in the state to have the benefits of the apparatus. Last April our children who showed a positive re-action to the tuberculin test were X-rayed by the state officials. These children are now under observation and seem to be improving in health.

This year the sale of Christmas Health Seals was much larger than it was the previous year. The money from the sale of these seals is used up in the state, counties and towns to further the tubercular preventitive and health work among the children.

Another Schick Clinic was being planned for early in the fall, but the death of Dr. Simpson, district health officer, made it necessary to postpone it. A clinic will be held as soon as arrangements can be made with the new officer.

There has always been a question as to how to keep the children's hair clean and free from infection. A new method of

treatment has been found which has proven very satisfactory. Persons desirous of information as to this treatment may receive the same by communicating with the school nurse either by letter or in person.

The new Junior High school building, allowing as it will for a longer school day for the seventh and eighth grades and removing the congestion in the High School building, will make it possible to give better supervision over the health of the pupils of these two schools. While these pupils are in general in good physical condition, no one should feel medical supervision over them should be less efficient than over those in the lower grades.

The general condition of the school children as a whole compares favorably with those in most towns in the state.

Extension Service

An appropriation of \$200.00 was made at the annual meeting in support of the Middlesex County Extension Service in Agriculture and Home Economics. The following is a report of the work done by this organization in Maynard for the year 1925:

The home economics work in the town of Maynard has been carried on for the year by means of a series of meetings on Food Selection which were attended by a considerable group of interested women.

The work of the boys' and girls' clubs was especially successful with a total enrollment of seventy-six members in the clothing, food, handicraft and poultry clubs. The accomplishments of the club members were shown at the achievement program held in the spring. Helen Sweeney of the Food Club and Charles Byron of the Handicraft Club were awarded the Two-Day Trip to the Massachusetts Agricultural College as a result of their proficiency. Edward Fearn won the County Championship in Handicraft Club work for the year and he also has been elected President of the Achievement Club Directors for the County.

Many of the fruit growers in the town profited by receiving the spray service postal cards which were sent out from time to time during the spray season.

Motion pictures were shown once to a total audience of 300.

In addition, several county-wide meetings, such as the County Picnic at Concord, the Annual Extension Service meeting at Waltham, meetings for fruit growers and poultrymen and Leaders' Training meetings for homemakers have been held during the year and were attended by many of the Maynard people.

In Conclusion

The surprising advance in the enrollment since my first report was written, of which an account has been given elsewhere, has naturally increased the problems of expense and other features of administration. The heavy cost of new buildings has made inadvisable some changes or additions which have been considered necessities in other school systems. These matters should now be taken up for consideration and early adjustment. The most

important have been mentioned elsewhere, but may well be summed up here. They include physical education under proper supervision for all boys and girls; practical arts and manual training, to be at least compulsory in the Junior High and elective in the Senior High schools; and proper care of the mentally retarded or deficient children. While our graduates who attend higher institutions of learning compare favorably with those of other similar communities in mental equipment, they are handicapped in athletics and manual work. It is no more logical to prepare pupils for college and normal school or the counting room than for higher education in places calling for some mechanical preparation and skill. Since Massachusetts is so largely an industrial State, this has been recognized almost everywhere throughout the Commonwealth. The tax-payer who cannot afford to send his child to college or normal school, or who wishes him trained along other lines, has as good a right to have his child's needs provided for in the schools of his town to the limit of the town's capabilities, as has any other citizen. At present we certainly cannot claim that Maynard is doing this, but now that the building problem has been so nearly settled we should not delay in so re-arranging our program of work as to include these remaining items which after all, do not call for any very great relative increase in expense, either for installation or maintenance.

To all who are in any way cooperating in maintaining the rank of our schools and planning to extend their usefulness, I wish once more to express my appreciation for their cooperation.

Respectfully submitted,

WM. H. MILLINGTON,
Superintendent of Schools.

ROLL OF HONOR

1924—1925

High School

Edwin Carlton, Walter Cheslak, Edmund Duggan, Edward Fearn, Vieko Hurme, Niilo Keto, Toivo Keto, Arthur Lampila, Harland Larkin, Leo Mullin, Ruth Moynihan, Grace Ployart, Julia Wardzala, Mary Anelons, Mildred Axford, Helen Brown, Alice Doyle, Alice Grindrod, Tynne Lahti, George Tucker, Joseph Wardzala, Charles Williams.
