REPORT OF THE BOARD OF SELECTMEN

To the Citizens of the Town of Maynard:

The Board of Selectmen respectfully submit for your consideration and approval reports of the Town Departments for the year ending, December 31, 1933.

The Town Accountant's report gives a complete statement of receipts and expenditures of all departments, including a balance sheet showing the financial condition of the Town at the end of the year 1933.

Taking into consideration the small appropriation we had this year the road and sidewalks have been repaired in places where it would do the most good. We have only had our Superintendent and three regular men to do this work. A report of the work done on streets and sidewalks will be found in the Superintendent's report.

The Selectmen have made changes in the location of some of the town offices of the different departments. The offices of the Tax Collector and Sewer Department were moved to the first floor of the Gruber's block in the rear of the Police Department. The Welfare Department was moved to the Selectmen's rooms. This made a saving to the town of \$720 a year. The Board of Health was moved to the Selectmen's rooms at a saving of \$240 a year. A reduction was made of \$60 a year of the offices in Creighton's Block. American Legion headquarters' rent was reduced \$32.50 and the rent of the Veterans of Foreign Wars' headquarters was reduced \$54.00. The rent of the Co-operative Hall was reduced 10% or \$20.00 per year. This makes a total saving of \$1,126.50 for town office rentals. The citizens seem to be more satisfied with the changes made as they find the offices more convenient, especially the tax collector's office, which is now on the ground floor.

The Selectmen have done their best during the past year which has been a very hard one to satisfy the people with the small amount of money they have had to do this work, but hope what has been done will meet with the approval of our citizens.

Respectfully submitted,

FRANK S. BINKS,
CHARLES E. IRWIN,
Selectmen of Maynard.

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County,
Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, February 12, 1934, next, at 6 o'clock A. M. then and there to act on the following articles:

Article 1. To choose by the Australian System of balloting the following town officers: Three Selectmen, One Town Clerk One Town Treasurer, One Tax Collector, One Moderator, One Tree Warden, Three Constables, each for one year; One member of the School Committee, One Water Commissioner, One Sewer Commissioner, One member of the Board of Public Welfare, One member of the Board of Health, One Trustee of Public Library, One Assessor, One Cemetery Commissioner, each for three years; Two Trustees for Soldiers' Memorial for three years and all other Town officers to be chosen at said meeting.

Also to answer by the said Australian system of balloting the following questions:

Question 1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (Whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

Question 2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

Question 3. Shall licenses be granted in this town for the sale therein of alcoholic beverages in taverns?

For the purpose specified in this article, the polls will be open after the reading of the Warrant and will remain open until four o'clock in the afternoon when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will authorize the Treasurer with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1st, 1934, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town, giving the notes of the town therefor, payable within one year from the dates thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this 17th day of January in the year of our Lord one thousand nine hundred and thirty-four.

FRANK S. BINKS,
CHARLES E. IRWIN,
Selectmen of Maynard.

Selectmen.

REPORT OF CHIEF OF POLICE

To the Board of Selectmen:

Gentlemen:—I herewith submit for your consideration and approval my annual report as Chief of Police for the year from October 1, 1932 to September 30, 1933 showing the number of arrests made and the work done by the Police Department during that period.

The amount of fees received by the Town Treasurer from the Concord Court during the year 1933 totalled \$170.00.

As Chief of Police I wish to say that the department has been run the past year at as small an expense as it was possible to do so, and have tried to keep up the efficiency of the department as far as the decrease in the appropriation would permit.

The appropriation last year was not enough to run the department as it should be, as on many public occasions where police officers were necessary, the officers did not receive any pay for their services.

Total number of arrests in the Town of Maynard for the year ending September 30, 1933:

Drunkenness	65
Breaking and Entering	7
Larceny	4
Non-Support	5
Assault and Battery	7
Begetting with child	2
Violation Auto Law	3
Carnal Abuse	1
Vagrancy	2
Non-Payment of fine	2
Violation Term of Probation	4
Unnatural Act	1
Manslaughter	1
Non-payment of wages	1
Selling leased property	1
Total	106

Respectfully submitted,

JOHN CONNORS,
Chief of Police.

TRUSTEES OF SOLDIERS' MEMORIAL

To the Board of Selectmen:

Gentlemen—We take pleasure in submitting for your approval our eighth annual report as Trustees of Soldiers' Memorial.

We take great interest in our beautiful park. Improvements have been made the past year to make it more attractive. Although the appropriation was smaller than last year we have done our best to keep it in good condition, but the citizens must realize that it takes a great amount of loam, and considerable labor to spray the trees, and trimming off the dead limbs, also the continuous mowing of the grass in the summer time.

New trees and shrubs have been planted around the park and fresh flowers were planted in the beds near the monuments for the Memorial day services.

All necessary repairs, the painting of the Trustees office, which is located in front of the park on Summer Street and also the painting of the seats has been attended to. As in past years the central walk through the park was illuminated with colored electric bulbs during the Christmas season which made a beautiful effect.

The work done by the Park Superintendent, Mr. John F. Cleary during the past year has been greatly appreciated by us.

Respectfully submitted,

FRANK S. BINKS, Chairman,
 ALICE NAGLE, Secretary,
 ALICE BROWN HOWE,
 WILLIAM BRINDLEY,
 LEO WHITE,
 WILLIAM H. GUTTERIDGE,
 Trustees of Soldiers' Memorial.

INSPECTOR OF ANIMALS

To the Board of Selectmen:
 Town of Maynard.

Gentlemen—I herewith submit my report for the year 1933.

Inspected 28 barns, 133 cattle and 921 swine.

Inspected 3 barns where cattle had reacted after tuberculin test and reported to the State.

Inspected and reported on 13 cows brought in from New Hampshire. Reported on a dog that had bitten a woman.

Quarantined 19 dogs, and in 90 days, released them—2 were put away by the police—Reported to the State.

Respectfully submitted,

JOSIAH M. HERRICK,
 Inspector.

TREE WARDEN'S REPORT

To the Board of Selectmen and Citizens of Maynard:

I herewith submit my report as Tree Warden.

Appropriation.....	\$200.00
Expended.....	199.23

Balance.....	\$.77

All of the work of this department was taken care of as well as possible within the amount appropriated.

Respectfully submitted,

WILLIAM BISHOP,
Tree Warden.

JOHN A. CROWE PARK DEPT.

To the Board of Selectmen:

Gentlemen—I herewith submit the annual report for the year ending December 31, 1933. During the year there has not been any work done on the field with the exception of cutting the grass. For the coming year the diamond should have loam and there should be a new back stop, the one in use now is in very bad shape.

The grand stand should be painted, but I would recommend that could wait till next year.

Appropriation.....	\$125.00
Expenditures.....	\$115.01

Balance.....	\$9.99

JOHN C. BRAYDEN,
Superintendent.

REPORT OF SUPERINTENDENT OF STREETS

To the Board of Selectmen:

Gentlemen—I herewith submit my annual report of the Street Department for the year ending December 31, 1933.

A new 12 inch drain was constructed on Mill Street from the river to Main Street a distance of 500 feet.

A new 30 inch reinforced concrete culvert was built on Puffer Road replacing the old stone culvert which had fallen in and partially stopped the flow of water. The new culvert is a great improvement over the old, and will last for many years.

Puffer Road was scarified, re-shaped and oil applied the entire length.

A new retaining wall was built on Summit Street near house of Mr. Spratt, in order to retain that portion of bank that was slipping onto property of Mr. Spratt. The wall is 135 feet long and 11 feet high and finished with a 12 inch cap of cement. The posts for fence were set in this cement assuring a lasting service, and a new chain link fence 42 inches high installed. This was a much needed improvement and greatly appreciated by the residents in that locality.

A new three rail fence was installed on either side of the causeway, near the Mason farm on Summer Street. The fence received two coats of white paint. Owing to the dangerous condition on this portion of road, it was deemed advisable to install the fence, as a safeguard, to help prevent an accident.

The curve at corner of Parker Street and Great Road was re-located by the County Commissioners, for the purpose of flattening curve and increasing the sight distance around curve. The new location surface, is of the standard bituminous macadam, and adds very greatly to the appearance of the square.

Summer Street near co-operative corner and Nason Street to the engine house have been treated with asphalt of the mixed method type, and presents a fine smooth surface.

It was planned to continue this work to Main Street. On account of providing tools and material for the C. W. A. projects we had to curtail the work on Nason Street for this season. This method of construction will be continued the coming season.

The streets in the business section were cleaned each week. All the streets and gutters received the regular spring cleaning.

Since the depression we have tried to keep the streets in condition by the continual application of cold patch and oiling.

Main Street should receive a surface treatment similar to the work started on Nason Street. The surface of Main Street has been broken into during the past few years for the construction of sewer, gas mains and water pipes so that the street is now in very poor condition. The appropriation if possible should be increased to allow for the purchase of a cement mixer and material necessary to continue the work in a satisfactory manner.

SNOW

All streets and sidewalks were kept open and sanded for travel. In the business section the snow was removed.

On account of the automobile travel all icy streets and especially the hills have to be sanded to help prevent accidents. The old way of sanding by hand should be replaced by two sandspreaders so that the sanding of streets on slippery days should be accomplished in a much shorter time and with a considerable saving, that would soon pay for the sandspreaders.

SIDEWALKS

The following asphalt walks were laid: Acton Street from Summer Street to corner Nason Street, Acton and Nason Streets to railroad crossing, Acton Street from Prospect Street to Haynes Street, Hayes Street from Acton Street to Concord Street, Maple Street from Maple Court to Concord Street, Percival Street from Sudbury Street to Great Road.

 APPROPRIATIONS

Highways and bridges.....	\$	10,000.00
Expended.....		9,996.32
Balance.....	\$	3.68
Sidewalks and curbing.....	\$	500.00
Expended.....		491.68
Balance.....	\$	8.32
Snow.....	\$	3,689.02
Expended.....		3,689.02
Balance.....	\$	0000.00

Respectfully submitted,

JOHN J. DRISCOLL,
Superintendent of Streets.

TREASURER'S REPORT

MAYNARD PUBLIC HEALTH ASSOCIATION

Mrs. Frank Farnell, President

Mrs. Howard A. Wilson, Vice-President

Mrs. Geo. H. Merrick, Secretary Mr. Geo. Lawton, Treasurer

Miss Mary A. Ward, R. N.

Annual report of nurse for year ending January 1, 1934

Number of patients visited.....	281
Association nursing visits.....	220
Free nursing visits.....	892
Metropolitan Insurance calls.....	522
John Hancock Insurance calls.....	120
Tuberculosis calls.....	62
	<hr/>
Total calls.....	2,097

There were 42 Well Baby Conferences held during the year.
216 Babies were seen at these conferences.

MARY A. WARD, R. N.

While the number of calls made by the Public Health Nurse may vary each year, the work of this association is of course the same each year.

The local branch of the Red Cross, owing to increasing demands upon it, has been obliged to discontinue the financial aid given in the past.

The town paid Miss Ward \$1,000, a part of her salary. Substitute vacation work was satisfactorily carried on by the registered nurses Miss Wirta and Miss Sheridan.

Appreciating the faithful work done by Miss Ward, the Association is glad to retain her as the Public Health Nurse.

(Mrs. Geo. H.) GRACE L. MERRICK,
Secretary.

REPORT OF SEWER COMMISSIONERS

To the Board of Selectmen:

Gentlemen—We herewith submit the fourth annual report of the Sewer Commissioners, for the year ending December 31, 1933.

No appropriation was made the past year for extensions of the main sewers, and after taking into consideration the present financial condition of the town, and in order to keep the tax rate as low as possible, we do not recommend an appropriation for 1934. If petitions are received from property owners on streets where unsanitary conditions exist, or requests from the Board of Health that sewers be constructed in certain streets detrimental to the public health, then the petitions will receive our immediate attention.

We do however feel, that with over 8 miles of main sewers already constructed, that more connections should be made by property owners.

The number of house connections made the past year was 35, an increase of 6 over the year 1932.

We anticipate with a return of improved business conditions that the number will be increased the coming year.

We have visited the Disposal Plant at different times during the past year, and have found all units of the system operating very satisfactorily. The surroundings of the Plant have been improved and kept in good condition.

We are of the opinion that a meter for measuring the amount of raw sewage at the pumping station, should be installed at some future time.

Working under a State Civil Works project started November 29th, 10 men have been at the Disposal Plant cutting out brush on the pipe lines, and through the wooded sections to the bound lines, also clearing out all dead wood.

The filling in and grading of the driveway into the Plant was discontinued for a time, owing to weather conditions. A wire fence around, or at least a part of the Plant, would not only be an improvement but also a protection to the town's property.

Delegations have visited the Plant during the past year from the towns of Mansfield, Framingham, Natick, and Hampton, New Hampshire. Also a number of graduate students from the Massachusetts Institute of Technology.

We extend an invitation to our citizens to visit the Plant. We are sure those who have not seen a modern sewage plant will not only be agreeably surprised at the attractive surroundings, but also greatly interested in its operation.

The work of constructing and laying a plank cover over the secondary tank, and making repairs to the pump, has been completed.

The report of our superintendent will show in detail the schedule of work carried out during the past year.

We recommend the following appropriations for 1934.

Sewer Maintenance	\$ 3,940.00
Sewer House Connections	\$ 1,400.00

Respectfully submitted,

THOMAS H. TIERNEY,
HAROLD A. LYONS,
ALEX. J. BOURKE,

Sewer Commissioners.

REPORT OF SUPERINTENDENT OF SEWERS

To the Sewer Commissioners:

Gentlemen—I herewith submit my annual report as Superintendent of Sewers, for the year ending December 31, 1933.

To successfully operate a sewage system it is essential that all pipes, manholes, and tanks should be kept in a clean condition, free from grease or other obstructions, and especially so in the winter season, when the trickling filter system and the secondary tank must be kept free from ice. Good operation means the handling of the Plant so that each unit performs its specific duty with the highest degree of efficiency. This can be accomplished only by constant and conscientious attention.

Maintenance. During the past year all main sewers and manholes have been given constant attention, for the purpose of preventing any possible accumulation of sewage, detrimental to the system. Inspections have been made at frequent intervals and sewers have been flushed out at end manholes in different sections of the town, and the manholes cleaned out. At the pumping station off Powder mill road the inlet chambers and sewage well have been cleaned out daily and the grates kept clear of obstructions. All tank frames and covers have been treated with Inertol asphaltic compound to prevent rust and corrosion. At the Disposal Plant the surface of the Imhoff tank has been cleared of grease and the gas vents flushed out daily, also the dosing and siphon tanks. The screens in the dosing tank have been changed at frequent intervals, and when cleaned and dried have been given a treatment of asphaltic compound. The trickling filter pipes and nozzles have been regularly flushed out, kept clean and clear of obstructions, but in the winter time with the sub-zero weather we have had, and the accumulation of snow and ice around the nozzles and sprays, it has been a difficult job to keep the trickling filter unit in operation. The sediment in the secondary tank has been pumped back to the Imhoff tank at certain intervals, and the tank flushed out and kept clean. The sludge from the Imhoff tank

has been emptied twice during the year into the sand filter beds, and when dry has been removed. The sludge makes a good fertilizer. It has been used on grass land with good results. It is also good for some kinds of vegetables. The Maynard Country Club hauled away a number of loads for experimental purposes on the fairways. Samples of sewage taken from the inlet and outlet of the Imhoff tank, and the effluent of the trickling filter, and secondary tank, have been sent each month during the year to the State Department of Public Health.

The pump house at the Disposal Plant, all sides of which are of shingles, was given a good coat of creosote, and all window and door frames were painted white inside and out.

The general appearance of the Plant has been taken care of. During the summer the lawns have been mowed, and the walks around the plant which have a surface of fine stone, have been treated with a solution to kill off the weeds.

A leak in the 10 inch cast iron pipe, which runs from the pumping station and under the river bed, was discovered on the north bank of the river. As the lead in the pipe was below the level of the river, it was necessary to lower the river about 18 inches before repairs could be made. The co-operation of the American Powder Co. officials in opening the gates, and assisting in other ways was greatly appreciated.

Secondary tank cover and pump.—

An appropriation of \$200 was voted at the last annual town meeting to cover the cost of laying a plank cover over the secondary tank, and making repairs to the pump. The reason for the cover was to keep stones, leaves, etc. from getting into the tank. One of the blades of the impeller had been damaged by stones being drawn up into the pump casing when the pump was set in motion, impairing its efficiency. The broken impeller was replaced with one of new 3 x 4 units with the modified trash impeller. Some changes had to be made in the piping of the water line. It was also necessary to move the suction line approximately 12 inches, and a change had to be made in the discharge line.

The cover of the tank is of 2 inch by 10 inch planking, cleated in sections which can conveniently be handled, and covering a space of approximately 650 square feet. All planks were given a good coating of creosote, and the cement work where planks came in contact, was coated with tar. The work of constructing and laying the plank cover was all done by this department without any extra expense to the town for labor. The only cost was for material. The same applies to the installation of the pump, with the exception of small expense for plumber's labor in making changes in the pipe lines.

House Connections.

The number of house connections made during 1933 was 35, an increase of 6 over the preceding year. The total number of con-

nections to end of 1933 is 306,—13 of which are not yet connected to the house plumbing.

House connections installed.....	35
Linear feet of pipe laid.....	1,639
Average length, per connection, feet.....	46.83
Average depth per connection, feet.....	5.28
Average cost per connection.....\$	42.46

EDWIN CARLTON,
Superintendent of Sewers.

REPORT OF FINANCE COMMITTEE FOR 1933

The Finance Committee report for 1933 is primarily a report of progress.

We have acted as a clearing house where the several departments have come with their budgets. We have examined them individually and as a whole. By so doing we have been able to hold our expenditures within our ability to pay.

At the present time welfare is the department which is taking an unusual amount of our tax money. It looks as though this would be true for several years more. As long as we find it necessary to spend our tax money in this department, the other departments will find it necessary to put off all but absolutely essential expenditures.

A study of the town accountant's report will show the steadily mounting uncollected tax, and that the outlook for 1934 does not warrant budgets in excess of those of 1933.

It is the hope of the committee that we may continue to have the co-operation of the several departments; it has done much to help the committee as well as the citizens of the town.

JOSHUA NAYLOR, Chairman,
ARTHUR J. SULLIVAN, Secretary,
JOHN H. MURRAY,
HAROLD J. MORGAN,
JACOB LAURILA,
CHAS. LERER,

Finance Committee.

REPORT OF LOCAL MOTH SUPERINTENDENT

To the Honorable Board of Selectmen:

Gentlemen—I hereby submit the annual report of the Moth Department for the year ending December 31, 1933.

Early last spring I went around and sprayed all maple trees with oil, those which had cotton scale on. Later on I sprayed all town shade trees with arsenate of lead.

There has been an increase in the gypsy moth egg clusters the past year especially through the woods.

I have cut brush from the Glenwood Cemetery to the Sudbury line.

Appropriation	\$	900.00
Expended		900.00

Respectfully submitted,

JOHN F. CLEARY,
Moth Superintendent

REPORT OF THE WATER COMMISSIONERS

To the Board of Selectmen:

The report of the Water Commissioners, together with the report of the Superintendent and Registrar, for the year ending December 31, 1933 is herewith submitted.

The new pumping equipment which was put into operation the first of the year has proved very satisfactory and a considerable saving in the cost of fuel has been effected.

New water mains have been laid on Haynes, Acton, and Waltham Streets. Most of the labor for this work has come from the C. W. A. funds.

Some labor for repairs at the Pumping Station and for cutting brush around White Pond has been from the C. W. A. funds.

The amount requested, \$9,000.00, for the coming year is only enough to take care of the regular maintenance of the department and if any material is necessary to carry on work under the C. W. A. projects an additional amount must be appropriated.

During the year an investigation has been made to ascertain the available ground water supply within reasonable distance of the pumping station but as yet no area has been found that promises to yield a sufficient supply of water.

If no such area can be found it will be necessary to make plans to relay the line from the Pumping Station to White Pond with a cast iron pipe.

If this line is laid as a gravity line the cost will be about \$60,000.00 and if it is changed to a pumping line the cost will approximate \$40,000.00.

There has been expended this year for maintenance \$8,153.28; for main extensions \$845.31 and for New Equipment \$5,641.68.

Respectfully submitted,

GAVIN TAYLOR,
JAMES C. MAHONEY,
CHRISTOPHER WILSON,
Water Commissioners.

FINANCIAL REPORT OF THE NEW PUMPING EQUIPMENT

Appropriation made in March 1932.	\$17,000.00
Expended:

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners:

Gentlemen—My report as Superintendent and Registrar of the Water Department including the report of the Engineer, for the year ending December 31, 1933 is herewith submitted.

While the water in the Pond has not been as high as last year it has been well over the intake pipe at all times.

Under the C. W. A. plan a large area of the land around the pond has been cleared of brush and dead wood and the work will be carried on until spring.

The line from the Pond has been cleaned where it was found to be obstructed with sand and roots, about 5000 feet.

The receiving wells at the Pumping Station have been cleaned several times during the year.

The boiler room at the Pumping Station has been changed by removing the old boilers and dividing the room so that there is a work room for repairing meters, a toilet room, and a store room on the ground floor and a large store room up stairs.

The floor in the pump room has been reconstructed except for a new top floor which will be laid soon. Some of this work has been done as a C. W. A. project.

Since our last report the last steam pump has been removed and the Sterling Gasoline Unit put in place.

The past year of operation with the Diesel Unit shows the cost of fuel oil to be \$365.00 while the cost of coal for the Steam Plant would have been \$1,300.00.

Doing away with the steam plant made it necessary to provide for heating the station. A round sectional boiler with an oil burner has been installed for heating.

The grass was cut from the banks of the reservoir and the fence has been repaired in several places.

On Haynes Street 318 feet of 6 inch pipe has been laid and a Hydrant put in. On Colbert Avenue 200 feet of 1 inch pipe was replaced with 2 inch pipe, on Acton Street the 6 inch main was extended 336 feet and the hydrant was moved to the end of this pipe, and on Waltham Street 343 feet of 6 inch pipe was laid and a hydrant was placed at Third Street. The labor on Acton Street and Waltham Street was furnished by C. W. A. project.

The hydrant on Summer Street near Bent Avenue was broken and the hydrant on Maple Court was broken, both of these were moved.

Four new services have been put in, making the number now in use 1,480. Seven service leaks in the streets have been repaired, eleven have been renewed from main to cellar, thirty-five services have been repaired and eighty-three have been cleaned.

Two meters have been added this year, the number now in use is 1,447.

320 meters have been repaired.

The tests made to ascertain the possibility of locating a ground water supply that would cost less than renewing the line to White Pond, seem to indicate that no such supply can be found.

These tests were made as far as Russell's Bridge on the River bank, to Puffer's Road on the Conduit Line and on Great Road at the Town Farm.

It may be advisable to carry our investigation for a ground

water supply further to definitely determine whether such a source can be developed at less expense than a new line to the Pond.

Your kind cooperation during the year has been greatly appreciated.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir—All the pumping this year has been done with the Diesel Unit except the small amount which the new Gasoline Unit delivered as it was tried out several times during the year.

The new plant is working out very satisfactorily and after a little experience no difficulty in the operation of the plant has been encountered.

In June a man from the Winton Engine Co. assisted in taking the cylinder heads off for inspection and to grind in the valves.

There is on hand 3,900 gallons of fuel oil and 20 gallons of lubricating oil. The pumping record is taken from the Venturi Meter and meter which gives the amount of cooling water for the engine.

PUMPING RECORD

	<i>Gallons Fuel Oil</i>	<i>Gallons Water</i>
January	671	8,297,625
February	591	7,499,500
March	566	7,152,697
April	622	8,023,652
May	680	8,738,172
June	750	9,798,445

SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Gentlemen—I beg leave to submit my report as Sealer of Weights and Measures for the year ending November 30, 1933.

While this report in itself does not show the actual amount of labor or time put in to perform the duties of this department it can be seen that it must take time and labor such as examining peddlers licenses, weighing the different commodities, testing gasoline pumps and adjusting weights and scales and there is getting to be more every year. New laws are going into effect and the State keeps right after them all the time. I have to keep going around all year reweighing and also have to file a record with the State Department of all my reweighings so you can see I have to be on the job all the time.

I will say that all the stores in Maynard are all equipped with proper scales and all are in good condition and I want to thank the storekeepers for watching their scales the way they do and for notifying me when anything is wrong.

I would inform anyone using scales or pumps without being

sealed that they are liable to arrest and fine. I would also inform all peddlers that they will have to have their scales tested before license is granted.

	Adjusted	Sealed
Platform scales over 5,000 pounds		3
Platform scales under 5000 pounds	12	36
Counter scales 100 Pounds or over		1
Counter scales under 100 pounds	6	61
Spring balances	3	47
Beam 100 pounds or over		2
Computing scales		23
Slot weighing machines	1	7
Prescription scales		4
Avoirdupois weights		143
Apothecary weights		60
Liquid measures		211
Oil measuring pumps		32
Gas pumps	4	33
Yard measures		15
Kerosene pumps		15
	<hr/>	<hr/>
Total number adjusted and sealed	26	593
Peddlers licenses examined		53
Commodities weighed and found correct		225
Received for sealing		\$ 75.87
Received for adjusting		5.35
Received from peddlers licenses		91.00
Appropriation		\$ 240.00
Total expenditures		214.01
		<hr/>
Balance		\$ 25.99

Respectfully submitted,

THOMAS WRIGHT,
Sealer of Weights and Measures

BOARD OF HEALTH REPORT

To the Citizens of Maynard:

The Board of Health submits the following report for the year 1933.

With the co-operation of the townspeople, physicians and health association the general health of the town as a whole has been remarkably good, as disclosed in the following items:

SCHOOLS: The relationship between the Superintendent and the entire school authorities and this Board has been one of pleasant co-operation in the vital factor of the health of the children. A pre-school health centre is now in operation in the Roosevelt School, we consider this an important step toward the health of the younger children.

Two rooms in this same school have been modeled into modern health centres.

The dental clinic is rapidly showing its success by the remarked improvement in the youths' teeth.

PLUMBING: We believe that the plumbing regulations under the supervision of George Stansfield and William Murray has been satisfactory to all.

The road to the public dump has been repaired, with gravel which the cemetery department generously donated.

The C. W. A. project of cleaning the river banks, which has added greatly to the sanitation and beauty of that district, is now in action. The Board asks the town people to co-operate and make conditions more sanitary by not throwing garbage, rubbish, etc. on river banks and vacant lots. If more money is forecoming under the C. W. A. the Board recommends as further projects, cleaning up unsanitary spots in the town. The Board has been at the State House in an effort to place nurses to work under proposed C. W. A. projects.

You will note in the Town Accountant's report that the Board has a balance of \$1237.07 and approximately \$1400.00 was returned to the town treasurer through tuberculosis, dental clinic, and other means.

Following is the list of diseases reported: Measles 10, Chicken pox 2, Scarlet Fever 2, Rabbits 2, Lobar Pneumonia 1, Dog Bite 1, Tuberculosis 7.

The Board wishes to thank the citizens, school authorities, physicians and nurses for their interest and co-operation in the health of the community.

Respectfully submitted,

LESTER F. COWLES,
JOHN WM. SAARELA,
FRANK D. MOYNIHAN.

TOWN CLERK'S REPORT
For The Year Ending December 31, 1933

NOTE

The omission of Town Warrants and records of minor importance in the report of 1932 apparently met with public approval, and in the interest of economy the plan to reduce the report of this office, to less space, is continued.

Information desired, not printed herein, will be courteously supplied upon request to the Town Clerk.

PROCEEDINGS OF TOWN MEETING
held February 13, 1933

The Annual Election of Town Officers was held on the above date in accordance with Town Warrant No. 328.

The polling place in Cooperative Hall was prepared by the Town Clerk in conformity with the General Laws relating to elections.

Moderator Alfred E. McCleary presided.

Ballot clerks and tellers appointed by the Selectmen were sworn by the Town Clerk as follows.

Ballot Clerks

Walter Priest, Joseph A. White, William T. Lowney, George V. Binns, Eden J. Tobin.

Tellers

Robert F. Waldron	Robert G. Jackson
Harold A. Lyons	Nathan Crowther
Chester Irwin	Charles L. Gray
Herbert C. Lemoine	John B. Shaw
Anna T. Thane	Frank Hayward
R. Frank Punch	Lillian T. Holmes
Mary McNamara	Emma Greenhalgh

The ballot clerks signed a receipt for the ballots and check lists delivered by the Town Clerk.

Constable Nicholas J. Driscoll was in charge of the ballot box and held the keys to the same after examination by the Moderator and Town Clerk.

Following the reading of the warrant at 6 o'clock A. M. the polls were declared open.

It was voted that the election of minor officers and action under Articles 2 and 3 be postponed until two o'clock P. M.

Moderator McCleary called the meeting to order at two o'clock.

Article 1. The following were nominated and elected.

FENCE VIEWERS

William Naylor
 William O. Strout Sworn Feb. 18, 1933
 Benjamin C. Brown

FIELD DRIVERS

William Bishop Sworn Feb. 21, 1933
 Josiah M. Herrick
 John J. Driscoll Sworn May 8, 1933

SURVEYORS OF LUMBER

Walter R. Whitman Sworn Feb. 14, 1933
 Joseph A. Foster Sworn Feb. 24, 1933
 Orville P. Tucker Sworn Feb. 27, 1933

MEASURERS OF WOOD AND BARK

Alvah M. Doherty	
Axel T. Lawson	Sworn Feb. 25, 1933
Foster F. Whitney	Sworn Feb. 28, 1933

Article 2. Voted to accept the reports of the Town Boards and officers as printed in the "Annual report of the Town Officers, including Financial report of the Town Accountant, of the Town of Maynard, Massachusetts, for the year ending December 31, 1932."

Voted that the Special Report of the Selectmen as printed on pages 4 to 8 inclusive of above mentioned report be received.

Article 3.

Voted unanimously that the Treasurer be and hereby is authorized, with the approval of a majority of the Selectmen, to borrow during the municipal year beginning January 1, 1933, in anticipation of the collection of the taxes, such sums of money as may be necessary for the current expenses of the Town, but not to exceed in the aggregate \$150,000.00 giving the notes of the Town therefor, payable within one year after the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year.

The polls were closed at four o'clock P. M.

The number of ballots cast was seventeen hundred and fifty-nine. (1759).

The number indicated on the ballot box was seventeen hundred and sixty (1760), one more than the actual number cast. One ballot which became caught in the rollers registered twice.

The names checked on the lists at box and gate numbered 1759.

The counting of ballots began at 8.35 A. M. and continued throughout the day, it being the opinion of the Moderator and Town Clerk that it was expedient so to do.

The result was announced at 4.40 o'clock and was as follows:

SELECTMEN—One Year

Frank S. Binks	1,012
John Erickson	254

The meeting dissolved at 4.50 o'clock, P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

February 14, 1933.

In accordance with the provisions of Section 19 of Chapter 41, of the General Laws of Massachusetts, I hereby appoint Eleanor Jones of said Maynard, to be Assistant Town Clerk during the current municipal year, or until this appointment is revoked.

FRANK E. SANDERSON,
Town Clerk of Maynard.

I, Eleanor Jones, above named do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

ELEANOR JONES.

Subscribed and sworn to this fourteenth day of February, 1933, before me.

FRANK E. SANDERSON,
Town Clerk of Maynard.

PROCEEDINGS OF TOWN MEETING

Held March 13, 1933

A Town Meeting was held in Cooperative Hall on the above date pursuant to Town Warrant No. 329.

The meeting was called to order at 7.30 o'clock P. M. by Moderator Alfred E. McCleary.

On motion of Charles A. Stockbridge it was voted to waive the reading of the warrant.

Article 1. Gavin Taylor read the following report which was filed with the Town Clerk.

Report of Committee appointed at the adjourned Town Meeting held January 9, 1933 to

Investigate welfare distribution and particularly the question of a welfare agent who shall devote his whole attention to welfare distribution.

After holding several meetings and investigating the amounts expended for welfare we recommend that a full time investigator

should be appointed to look after the welfare distribution at a salary not to exceed \$1,000.00 per annum.

BARTHOLOMEW J. COUGHLIN,
SIDNEY E. McCLEARY,
GAVIN TAYLOR,
GEO. H. MERRICK,

Committee.

It was voted to accept the report.

Mr. Cham Ayotte presented the printed report of the finance committee, copies of which had been distributed throughout the town, and gave explanations on the recommendations therein contained.

The said report was received and filed with the Town Clerk.

Article 2. No vacancies to fill.

Moderator McCleary announced he would make his appointments to the finance committee at a later date.

Cham Ayotte moved and it was voted to next consider Article 16.

Article 16. A motion by Mr. Ayotte that all salaries over \$1,000. be reduced ten per cent and the rate of wages paid to laborers be fixed at forty cents per hour, was not carried.

A standing vote was taken and resulted as follows. Yes 97. No 120.

The count was made by Cham Ayotte, R. Frank Punch, James J. Ledgard and Arthur Woodart, appointed and sworn by the Moderator.

Article 3.

Voted to appropriate for:

Finance Committee.....	\$	75.00
Selectmen.....		2,550.00
Town Accountant.....		800.00
Town Treasurer.....		1,050.00

It was voted to next consider Article 15.

Article 15. Mr. Ayotte moved that the following list of salaries be paid the elective town officials.

Moderator.....	\$	22.50	Per Year
Selectmen:			
Chairman.....		180.00	“ “
Secretary.....		157.50	“ “
Other Member.....		135.00	“ “
Town Treasurer.....		630.00	“ “
Tax Collector.....		900.00	“ “
Assessors.....		4.05	“ day
Town Clerk.....		270.00	“ year
Tree Warden.....		3.60	“ day
Board of Health (Three members).....		45.00	“ year
Sewer Commissioners (Three members)....		45.00	“ “

Board of Public Welfare:

Secretary	630.00	per year
Two other members	45.00	“ “
School Committee (Three members)	No Salary	
Library Trustees (Three Members)	20.00	“ year
Water Commissioners (Three Members)	45.00	“ “
Cemetery Commissioners:		
Secretary	45.00	“ “
Two other members	22.50	“ “

An amendment offered by William Naylor was accepted and it was voted to adopt the said salary list with the exception of the Board of Public Welfare.

Voted to defer action on the salary of the Board of Public Welfare until the appropriation for said board is acted upon.

Article 3.

Voted to appropriate for:

Tax Collector	\$ 1,675.00
Assessors	2,000.00
Town Clerk	710.00
Election and registration	275.00
Town Offices and Hall	1,500.00
Police Department	9,000.00
Fire Department	6,016.10
Weights and Measures	240.00
Moth suppression	900.00
Tree Warden	200.00
Health Department	6,305.00
Removal of Garbage	950.00
Inspector of Animals	90.00
Inspector of Slaughtering	135.00
Inspector of Plumbing	300.00
Sewer Maintenance	3,350.00
Sewer Connections	1,200.00
Highways and bridges	10,000.00
Sidewalks and curbing	500.00
Snow removal	3,000.00

Voted that Article 11 be next considered.

Voted to grant the privilege of the floor to Mr. Stevens of the Edison Electric Illuminating Company.

On motion of Joshua Naylor—Voted that a committee of five be appointed by the Moderator to consider the matter of street lighting, the advisability of taking advantage of the provisions of the condition contained in the original lighting contract, the possible change of the hours of street lighting and all other aspects of the matters in question. Said committee to report to the town at a later meeting.

Committee appointed by the Moderator in accordance with the foregoing vote.

Augustus L. Morse, Frank C. Sheridan, Charles M. Lerer, Joseph Schnair and William Stockwell.

Voted to appropriate for Street lighting \$11,375.00

Voted to appropriate \$25,000.00 for Public Welfare, said amount to include \$1,200.00 for salaries and administration and \$2,800.00 for unpaid bills.

Voted that the salaries of the Welfare Board be as last year.

Voted to appropriate for:

Old age assistance	\$ 8,000.00
State Aid	120.00
Military Aid	250.00
Soldiers' Relief	5,000.00
School Department	89,000.00
Public Library. Dog tax and	3,000.00
Memorial Park	500.00

Article 4. On motion of George F. Thane—Voted that all taxes shall be payable on or before October 15 in the year they are assessed.

On all taxes remaining unpaid after November 1 interest shall be charged at the rate of 6% per annum from October 15 to settlement. All taxes in excess of \$200.00 remaining unpaid after January 1, 1934, bear interest at 8% on the excess of \$200.00.

Article 5. On motion of Cham Ayotte—Voted to appropriate \$300.00 for Memorial Day.

Article 6. On motion of Cham Ayotte—Voted to appropriate \$45.00 for the salary of a fish and game warden.

Article 7. On motion of Cham Ayotte—Voted to appropriate \$324.00 to provide suitable quarters for Frank J. DeMars Post No. 235 American Legion.

Article 8. On motion of Cham Ayotte—Voted to appropriate \$324.00 to provide suitable quarters for Maynard Post, No. 1812, Veterans of Foreign Wars.

Article 9. On motion of George H. Gutteridge—Voted That the Town accept the following Cemetery Funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery; Lilla M. Childs \$100, Frank P. Winslow \$100, Edmund B. Hooper \$200, Herbert Curtis \$100, Emmanuel Taylor \$100.

Article 10. On motion of Cham. Ayotte—Voted to appropriate \$1,000.00 for the salary of the Public Health Nurse.

Article 11. Previously acted upon.

Article 12. On motion of Cham Ayotte—Voted to appropriate \$280.00 for lighting and care of the parking space in Naylor Court.

Article 13. On motion of Herbert W. Martin—Voted to pass over this article.

Article 14. On motion of Cham. Ayotte—Voted to adopt a reserve fund and appropriate \$5000 (five thousand dollars) to provide for extraordinary or unforeseen expenditures, transfers to be made to departments only by vote of the finance committee, as provided for in Section 6 (six) Chapter 40 (forty) of the General Laws.

Article 15. Previously acted upon.

Article 16. Previously acted upon.

Article 17. On motion of Charles A. Stockbridge—Voted that the Town vote to approve the taking of \$9000 (nine thousand dollars) appropriated for the Public Welfare Department and \$500 (five hundred dollars) appropriated for Old Age Assistance, at the special Town Meeting held December 12, 1932, from the Excess and Deficiency account, as approved by the Commissioner of Taxation.

Article 18. On motion of Charles A. Stockbridge—Voted that the Town authorize the Board of Assessors to apply the sum of \$6,616.56, unexpended balances of Appropriations for year 1932, to reduce the amount to be raised by taxation in the year 1933.

Article 19. On motion of Herbert W. Martin—Voted to authorize the Board of Assessors to apply the sum of \$10,000 (ten thousand dollars) to be taken from the Sewer Department Surplus to meet the two Sewer notes of \$5,000 each due in 1933 and thus reduce the amount to be raised by taxes in the year 1933.

Article 20. On motion of Herbert W. Martin—Voted to authorize the Board of Assessors to apply the sum of \$6000.00 (six thousand dollars) to be taken from Water Department surplus and \$1000.00 (one thousand dollars) from estimated Water Department receipts for 1933, for the purpose of paying the balance due on the pumping equipment installed at the Power plant last year by the Water Commissioners, thereby eliminating the issuance of notes previously voted for this purpose.

Article 21. On motion of Howard A. Wilson—Voted that the Town consent to the relocation of Great Road and Parker Street, at the junction thereof, where the easterly line of Parker street

joins the northerly line of Great Road, as proposed by the County Commissioners; the land necessary for said proposed relocation being now a part of Glenwood Cemetery, and the Selectmen be instructed to file such formal consent with the County Commissioners as may be required to legally complete said relocation.

Article 22. On motion of Howard A. Wilson—Voted to transfer and set apart, for the necessary enlargement of Glenwood Cemetery, the premises described in a deed from Lorenzo Maynard to the Town of Maynard, dated March 26, 1903, and recorded with Middlesex South District Deeds, Book 3069, Page 385, and if necessary so to do, to instruct the selectmen to petition the County Commissioners to take such action as may be necessary for that purpose.

At 11.20 o'clock P. M. it was voted to adjourn.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF SPECIAL ELECTION

Held June 13, 1933

Pursuant to Town warrant No. 330 a special election was held on the above date.

The polls were opened following the reading of the warrant at two o'clock P. M. by the Town Clerk.

The polling place was prepared in accordance with the requirements of law prior to the time named in the warrant for opening of the polls.

The following ballot clerks were sworn by the Town Clerk.

John B. Shaw, Robert F. Waldron, Harold A. Lyons, Walter Priest and R. Frank Punch.

The Town Clerk took charge of the ballot box after the same had been examined and the register set in the presence of the ballot clerks.

The number of ballots cast was Eight hundred eighty-two (882).

The register on the ballot box indicated Eight hundred eighty-two (882).

The number of names checked on each voting list was Eight hundred eighty-two (882).

At the close of the polls the Ballot Clerks acted as Tellers, assisted by the Town Clerk and Frank S. Binks, Chairman of the Board of Selectmen.

The result was announced at 9.50 P. M. and was as follows:

DELEGATES OPPOSED TO RATIFICATION

(Against Repeal)

Flora M. Caldwell.....	173
Sadie M. Moulton.....	170
Lucian D. Stedman.....	168

DELEGATES FAVORING RATIFICATION

(For Repeal)

David E. Hobson.....	652
J. Lovell Johnson.....	653
Albert J. Lamoureux.....	651
Blanks.....	179

“Shall licenses be granted in this town for the sale therein of wines and malt beverages?”

Yes ballots.....	695
No ballots.....	169
Blanks.....	18

The meeting dissolved at 10.05 P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

Held July 11, 1933

In accordance with Town Warrant No. 331 a Meeting was held on the above date in Co-operative Hall.

Moderator Alfred E. McCleary called the meeting to order at 7.30 o'clock P. M.

The warrant was read by the Town Clerk.

Article 1. Arthur J. Sullivan, Clerk of the Finance Committee, stated that the recommendations of the Committee would be made on each article separately.

Article 2. On motion of Arthur J. Sullivan—Voted to appropriate the sum of \$13,000.00 for the Public Welfare Department.

Article 3. On motion of Arthur J. Sullivan—Voted to appropriate the sum of \$4,865.62 for outstanding bills of the Public Welfare Department.

Article 4. On motion of Arthur J. Sullivan—Voted to appropriate the sum of \$2,000.00 for Soldiers Relief.

Article 5. On motion of Arthur J. Sullivan—Voted to appropriate \$59.50 for the expense of the special election held June 13, 1933.

Article 6. Arthur J. Sullivan moved that the sum of \$1,745.00 be appropriated for town offices and halls. Said motion was duly seconded.

John H. Murray offered an amendment, which was seconded, that the said amount be appropriated less 10%. Later Mr. Murray offered to withdraw his amendment but Ernest Mariano, who seconded the same, refused to accede.

Considerable discussion followed and on motion of William Naylor it was voted to go into a committee of the whole in order that the matter might be further discussed and the sentiment of the meeting learned.

The committee of the whole having expressed itself unani- mously in favor of such changes in town offices as would save \$700. a year for the town, the committee dissolved and the Moderator called for a vote on the motion and amendment before the meeting.

It was voted to appropriate the sum of \$1,745.00 less ten per cent for town offices and halls.

The meeting adjourned at 9.18 P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

Held December 12, 1933

A special town meeting was held on the above date in accordance with town warrant No. 332.

Moderator Alfred E. McCleary presided.

At 7.40 o'clock P. M. the warrant was read by the Town Clerk.

Article 1. The Finance Committee Chairman Mr. Joshua Naylor requested a recess of ten minutes to give time for a conference with Mr. Scully, Chairman of the Board of Public Welfare.

On motion of James J. Ledgerd—Voted to go into a committee of the whole for the purpose of discussing Chapter 307 of the Acts of 1933.

After a discussion of twenty minutes the committee of the whole arose without recommendation to the Town Meeting.

Article 1. Mr. Joshua Naylor of the Finance Committee reported for said committee concerning Article 2. Said report was not filed with the Town Clerk.

Article 2. On motion of Mr. Joshua Naylor—Voted unanimously that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow under authority of and in accordance with the provisions of Chapter 307 of the Acts of 1933, the sum of \$11,200. (eleven thousand two hundred dollars) with interest at 3½ per cent, and to issue a note to be paid from the taxes of 1934. The proceeds of the loan to be appropriated for the Welfare Department, as follows: \$10,159.35 for bills as per list submitted, said list being a part of this vote.

NOTICE

All dog licenses here listed expire March 31, 1934.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

TOWN ACCOUNTANT'S REPORT

Maynard, Mass., December 31, 1933.

To the Board of Selectmen:

Gentlemen—I submit herewith the annual report of the Town Accountant for the year ending December 31, 1933.

During the year I have audited the books of Tax Collector and Water Registrar, and sent notices to delinquents, checked the Treasurer's cash on hand, and verified the bonds in the Treasurer's care.

Auditors from the State Division of Accounts were in Maynard from September 30 to the last week of November and made a careful audit of all town books and records.

The State Auditors, while here, called attention to the fact that certain departments were in the habit of holding up bills, also that in many cases bills against the town were not being rendered promptly. All departments should request firms or individuals with whom they are doing business to render their bills promptly and in businesslike form. When bills are received they should be promptly checked and if found correct put through for payment.

At the end of the year 1933 the uncollected Polls, Personal, Real Estate and Old Age Taxes amounted to \$98,478.34 which is \$26,482.47 more than the amount outstanding at the end of the year 1932. The Excess and Deficiency account at the end of the year 1933 was \$58,767.22 while at the end of the year 1932 this account was \$29,213.22.

The Treasurer has on hand \$19,993.57 which is \$22,918.63 short of the amount represented by "Uncompleted Appropriations," "Refunds due from Cash on Hand," and "Surplus Cash accounts."

Until the amount of uncollected taxes is reduced to an amount equal or less than the Excess and Deficiency account, no money in the Surplus Cash Accounts may be used and borrowing money in anticipation of revenue will be difficult.

In many Cases larger appropriations are being requested for 1934 than the amounts appropriated for the same purpose in 1933, and as the Receipts from State and County will probably be less than last year and the payments to the State and County will be more, there is apparently no chance of a reduction in the tax rate and it will probably be increased.

Respectfully yours,

C. A. STOCKBRIDGE,

Town Accountant.

REPORT OF FISH AND GAME WARDEN

Board of Selectmen:

Gentlemen—I hereby submit my report as Fish and Game Warden for the Town of Maynard for the year 1933.

I responded to all complaints entered against violators of the Fish and Game Laws, and assisted the district warden in a number of cases.

This district was very fortunate in the number of birds they received from the State. This was due to the cooperation of the clubs.

Respectfully yours,

PAUL A. SIMS,
Fish and Game Warden.

ASSESSORS' REPORT

To the Citizens of the Town of Maynard:

Greetings—The annual report of the Board of Assessors for the year ending December 31, 1933, is hereby submitted:

Value of Personal Estate		\$ 1,267,525
Value of Real Estate		4,979,760
Value of Automobiles		277,770

The severe strain on the property holder during the past two years is evidently not to be made lighter in 1934. All indications are for an increase again. The amount of outstanding taxes, owing to the depression has automatically increased the account of Excess and Deficiency. What surplus funds we have after operating for the year go into this account but cannot be used to reduce the

tax rate until such time as the outstanding taxes are less than the amount of the Excess and Deficiency. We have more than \$55,000 in that account at this time and while it appears to us as banked money, it is a closed account against which we are refused right to draw by the commissioner of Taxation.

The taxes upon property, though dated April 1, are for the current year. We explain this at this time because with the advent of 1935 the Assessors will list all persons and property on January 1, instead of on April 1. The date of assessment was changed by the 1933 legislature.

We urge all persons owning property in name or in fact to be present at all appropriation meetings.

Respectfully submitted,

GEORGE STOCKWELL,
HERBERT W. MARTIN,
ALBERT J. MOYNIHAN,
Maynard Board of Assessors.

CEMETERY DEPARTMENT

To The Board of Selectmen:

Gentlemen—The report of the Cemetery Commissioners is herewith submitted.

Early in the year a topographical survey was made of the new Section of Glenwood Cemetery and a portion of the land has since been plotted accordingly. A main avenue has been partially completed extending from the old Section through to Great Road.

In December a project was begun under the Civil Works Administration which consists of filling and grading lots and construction of avenues in the new section. We feel that a great deal of work is being accomplished and when it is finally completed according to plans, our Cemetery will be one of the most beautiful in this section of the State.

Respectfully submitted,

A. O. DUNHAM,
C. CLIFFORD CHENEY,
ROBERT E. HARTIN.

LIBRARY DEPARTMENT

To the Citizens of Maynard:

The report of the Librarian and the Trustees is hereby submitted as one report.

To the Trustees of the Maynard Public Library:

I herewith submit my report of the Maynard Public Library for the year 1933.

The books in the Library are giving evidence of the use to which they have been subjected during the past few years. Many are completely worn out and many are in a most deplorable condition, which will mean that they will have to be discarded during the coming year. This is true of much of the lighter fiction and out of date juvenile books.

Formerly, children's books were purchased from the series groups, but the last few years has seen a change in the type of juvenile literature to be found in Public Libraries. The Division of Public Libraries does not encourage the purchase of books of the series type, and following the suggestion of the Division, when these books wear out they are replaced with books of a better class.

It is my ambition to create a new juvenile library, buying books from certified lists only. Progress is retarded, owing to the small number of books which can be purchased at one time.

We are fortunate in subscribing to the Junior Literary Guild, from which we get books of high literary value. It is gratifying to observe the children seeking this better type of reading. Four of our young readers, all members of the Junior High School, were awarded prizes by the Junior Guild for the excellent book reports which they submitted.

The Division of Public Libraries has been most helpful by lending books on a wide variety of subjects. We have borrowed small collections of books in the native languages of the Finnish and the Polish people, who are most appreciative of this service.

We have five young women at work on a civil works project. They are sorting index cards, mending books and typing booklists.

We are indebted, for gifts of books to Mrs. Francis Young, Mr. K. Lehto, Mrs. Allan Perry and Mr. William Gutteridge.

With sincere appreciation of the cooperation of Trustees and Staff I respectfully submit this report.

MARY E. MOYNIHAN,
Librarian.

GEORGE F. THANE,
Tax Collector.

REPORT OF PUBLIC WELFARE BOARD and BUREAU OF OLD AGE ASSISTANCE

To the Citizens of Maynard:

Another year has passed and it seems the working people have had more than their share of idleness, particularly so during the latter part of the year. A great many people were unable to secure work of any kind during the whole year, while others were more fortunate in securing work for short periods of time.

In general, the people whom we cared for were without work for longer periods since this depression began. The same condition prevails in other cities and towns where people with a Maynard settlement are being cared for.

The Civil Works Administration, late in November, took practically all of our able-bodied men and several women off our list but they were replaced by others in distress who had been on the border line for a considerable time. At this writing there appears to be little relief in sight for the unemployed. Rumors are in the air for better business in our local plant. We hope they become realities.

As you know, we established municipal gardens on land generously loaned by the American Powder Company and others whose names at this moment are not in our possession. We wish to thank them for their generosity. We particularly wish to thank Mr. Hall of the American Powder Company for the many acts of kindness and generosity that he was ever willing to bestow on all who approached him on this project. Our gardens were a considerable expense and we did not get the results that were anticipated. Our tomatoes gave us less than one-half the crop we looked for, due to some blight that seemed to be general throughout the country. Our potatoes had to be taken out of the ground before time on account of the soggy condition of the ground, due to heavy rainfall. We had considerable early vegetables that were distributed weekly. We canned in the neighborhood of 7,700 No. 2½ cans of tomatoes and beans of a very high quality. We got between 400 and 500 bushels of potatoes, not extra good and around 5,000 cabbages of good quality, approximately 125 bushel beets, 100 bushel carrots, 100 bushel turnips. All of these products are being distributed, which, of course, will serve to reduce our Welfare expenses. It is our opinion that our results will come very near balancing our expenditures. We do feel that we went into it a little too extensively for the first year although we were guided in all our operations by a professor from the State Department of Agriculture.

The Emergency Relief Administration, through our National Government, has been very generous in returning to the town in cash, \$1.00 for each \$3.00 expended by the Welfare Department. A small portion of this to come out of the last quarter will have to be used for the expenses of two of our women's projects. They are giving us coal free with delivery charges to be paid by us, also

eggs, butter, beans and canned corned beef, canned roast beef, flour and cheese to come later. All of these will help to reduce our expenses.

Generally speaking, were it not for the C. W. A., and the Emergency Relief, we would have a sad story to tell on our Welfare records. We should be deeply grateful.

We feel that some worthwhile project should be undertaken as early as possible and money which ordinarily would be spent for relief could wisely be spent in giving work at a decent wage to people employed. Other communities have tried it successfully and it is our opinion that it should be done here. In that way people would have their independence and we would have, through this worth-while project, something to show where our money was spent. Relief, which is all expense, will have to be given with no visible results unless something of this nature is undertaken.

We handled 267 cases representing 899 persons during the year. Of these 10 were Mother's Aid, 25 Old Age cases, 19 State cases and 18 from other cities and towns. We have 4 at Tewksbury, 1 boarding in Marlboro, 1 in Newton and 2 boarding the greater part of the year in Marlboro but now living in Maynard. We had 26 cases with Maynard settlement helped elsewhere.

We wish to thank all the Societies the Citizens Committee, the Red Cross and all others who have helped relieve distress during the year.

Our Financial Statement will be found as usual in the Town Accountant's Report.

Respectfully submitted,

THOMAS WRIGHT,
WILLIAM P. SCULLY,
WILLIAM J. SMITH,
Board of Public Welfare.

REPORT OF FIRE ENGINEERS

To the Board of Selectmen:

Gentlemen—The report of the Fire Department for the year ending December 31, 1932 is herewith submitted.

Sixty-two alarms were responded to by the department. Four of these were false, forty-seven were telephone calls and eleven were bell alarms.

Painting greatly improved the appearance of the station house.

Respectfully submitted,

FRANK E. PARKS,
WALTER PRIEST
MICHAEL LOUKA,
Fire Engineers.

Blown at 7.30 and 12.30.
- Three blasts at 6.00 P. M. for Evening School.

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

REPORT OF THE MAYNARD SCHOOL COMMITTEE

To the Citizens of Maynard:

The report of the School Committee and the annual report of the Superintendent of Schools are hereby submitted to you as one report.

During the past year the members of the School Committee have given particular attention to economy of operation, upkeep of school property and the balancing of the teaching load. Due to a decreased enrollment in the grades the usual supplies were bought and a reasonable amount of books was purchased to replace old and worn out editions. The practice of doing a certain amount of repair work each year was continued. The school districts were varied somewhat to balance the number of pupils assigned to the different teachers. This arrangement also reduced to a minimum, the number of teachers required.

Local applicants have been given preference in the selection of teachers when vacancies have occurred. Thus far Maynard has been fortunate in having qualified candidates that are fairly sure to be successful.

The Superintendent and Supervisor of Grade Work have been striving to improve teaching and the content of the curriculum—to provide a properly equipped room and the needed instruments—to create a cheerful atmosphere in the classrooms where the pupils are presented with well planned work.

The full reports of the Principals, Supervisors, Nurse and School Physician have been typed and placed on file in the office of the Superintendent of Schools. The reports of the principals of the grade school buildings take up the problems of the separate buildings. Attention is called to needed repairs and improvements. During the past two years the committee has been following a definite policy of repairing and painting. With the completion of C. W. A. Projects in the spring of 1934, the condition of the school buildings will be very much improved.

BUILDINGS

	No. of Class Rooms	Rooms Occupied
*The Maynard High School	13	13
†The Emerson Junior High School	8	8
The Calvin Coolidge School	8	6
The Woodrow Wilson School	6	5
The Roosevelt School	15	10

*Plus one drawing room, one physics laboratory, one chemical laboratory and one library.

†Plus one domestic science room and one manual arts room.

REPAIRS 1933

High School

Eight rooms painted, varnished, calcomined.

Roof, fountains, furnace and toilets repaired.

Physic Laboratory, Lower Hall dados painted, upper hall touched up.

One room re-curtained.

Junior High School

Interior of Auditorium painted (C. W. A.).

Auditorium roof repaired.

Two rooms re-curtained

Roosevelt School

Outside of building painted, re-pointed, etc.

Metal on roof painted.

Roof repaired.

Sinks, bubblers, etc., repaired.

Two rooms re-curtained.

Coolidge School

Front of building re-curtained.

New Outside Bell.

Furnaces, chimney, bubblers, toilets and roof leaks repaired.

Skylight installed.

Smoke partitions installed for protection in case of fire.
(C. W. A.).

Building painted throughout, both exterior and interior.
(C. W. A.).

Wilson School

Old hood on roof removed and new one installed.

Furnaces, urinals, fountains, etc., repaired.

Smoke partitions installed for protection in case of fire.
(C. W. A.).

One room re-curtained.

Alumni Field (C. W. A.)

Cinders placed on running track.

Concrete foundation built for bleachers.

Field graded next to the highway.

Clay placed on tennis courts.

Note: C. W. A. projects—costs of labor paid by the Federal Government.

HEALTH SUPERVISION

The full reports of Dr. R. E. Hooper, School Physician and that of Edith B. Foster, School Nurse, are on file in the office of the Superintendent of Schools. These reports show that the good work of past years has continued and that no service has been denied the children. The Board of Health should be commended for its excellent cooperation during the past year.

REPORT OF SCHOOL DENTAL CLINIC

This is the fourth yearly report of the Dental Clinics which have been held two mornings a week by Dr. Palmer, Dr. May, Dr. Bellows and Dr. Garland.

The Dental Clinic has increased in the number of treatments and the children are showing a marked improvement in oral hygiene.

A clean mouth with a sound, healthy set of teeth keeps many diseases out of the body. If the teeth are neglected, much trouble for the whole body may result. We believe that this Dental Clinic is one of the greatest factors in preventing disease in our children.

Record of Treatments

Number of Pupils Treated.....	574
Number of Fillings.....	207
Number of Extractions.....	289
Number of Cleanings.....	216

EDITH B. FOSTER, School Nurse.

REPORT OF THE MAYNARD HIGH SCHOOL PRINCIPAL

In 1890 there were about three hundred thousand pupils enrolled in secondary schools in the United States. By 1928 this enrollment had increased to more than four million. Once almost entirely college preparatory in its aims, the high school population has become a cross section of the social groups of the nation. During this period there have been radical changes in community life, some changes in the church and in religion, and serious changes in vocations. Maynard High School is striving to meet the demands that are placed upon it.

It seems best to keep in mind the ultimate aims of secondary education and to try to do all that is possible with our building, our organization, and equipment.

1. Training for health or physical efficiency.
2. Training for successful participation in vocations.
3. Civic training to give the pupil the proper attitude toward government.
4. Moral training.
5. Training for social responsibility through a worthy use of leisure, recreation, music, art, literature, and drama.
6. Training for leadership.
7. Training for tolerance.

GUIDANCE PROGRAM

The first agency is that of the classroom teacher. This form of guidance is the oldest and must continue.

The second agency is that of the regularly appointed guidance officer. Under this part of the program the principal, aided by the head of the commercial department, the boys' adviser, and the dean of girls, guides in the choice of subjects and helps in the solution of problems that confront the growing young men and young women. The school physician and nurse act as guidance officers in the matter of health.

The third agency calls for the organization of guidance courses. These courses include materials on social and hygienic guidance and usually materials on educational and vocational guidance.

The fourth agency is that of the home room teacher. All of our classroom teachers except one are also home room teachers.

ENROLLMENT AND ATTENDANCE

The enrollment of the high school has reached the highest point, and will remain in the vicinity of 470 for several years.

Percentage of attendance is down a point to 94.8 for last year. This is due to conditions in the homes of the pupils. Also, the principal hesitates to suspend a pupil who is irregular in attendance at this time when employment is uncertain.

ACTIVITIES

The athletic association can report a good financial year. The teams were well supported, and won a majority of the games played.

Two issues of the Screech Owl were published. Football and Graduation numbers were successful when placed on sale in the fall of 1932, and in the spring of 1933.

Fewer dramatic productions have been given during the past two years because it took all of the gate receipts to pay expenses. This situation was caused by the limited ticket buying power of the public. A musical comedy was presented in the spring, and and several one-act plays were given by class organizations.

M. H. S.—BOYS AND GIRLS

What are our high school boys and girls doing who were in school last year? Some are wage earners, some are employed in a useful way at home. Maynard boys and girls are not the type that would be idle and useless. A few have been able to continue training and schooling. The following were admitted in September, 1933:

Class of 1933

Dorothy Burnham, Mass. State College
 Bradford Case, Tufts College
 Loraine Koch, Curry School of Expression
 Marion Ledgard, Normal School, Fitchburg
 Aune Salo, Normal School, Fitchburg

Benjamin Piecewicz, Northeastern University
Paul Wilson, Mass. School of Art

Class of 1932

James Mullin, Fordham University
Cecelia Nelson, Lowell Normal

Class of 1931

Alden Young, Cornell College
George Gutteridge, American University

REPORT OF THE JUNIOR HIGH SCHOOL PRINCIPAL

Mr. James P. King
Superintendent of Schools
Maynard, Mass.

Dear Sir:

I have the honor of submitting my seventh report as Principal of the Emerson Junior High School.

The discontinuance of ability grouping has been the only major change in the administrative policies of the school this year. The reasons for the change in brief are as follows: The Course of Study may be followed more closely by rooms; The responsibility for accomplishment by pupil is fixed; Ability grouping is undemocratic in upper classes; Ability grouping develops a superior as well as an inferior complex; With ability grouping the slow pupil sees no work superior to his own ability.

There is a definite program of home study assignments for each day. In order that a pupil may not be overloaded one subject is assigned to each day with the exception of Friday night which is reserved for assignments in the Social Studies. This however does not prevent any child from taking special assignments when his own individual needs warrant it. Opportunity for make up work exists in every department whenever there is a legitimate excuse for absence. To see that this work missed by absence is made up is not the responsibility of the teacher but of the pupil concerned. Many pupils do not make such facts known to parents. Our whole system is so organized that any pupil paying a reasonable attention in class and utilizing opportunities at hand stands an excellent chance of progress and promotion.

Every teacher is carrying an extra activity which fact, considering the school hours, is commendable.

There is need of closet and storage space for the Practical Arts rooms. The benches in the shop could be boarded up and used by the pupils assigned to them as storage room for their small projects. They are now using their classrooms and this is far from satisfactory to all concerned. There is excess space in the girls' basement which is adjoining the shop and this could very easily be utilized as a paint room and for storage by partitioning off the basement.

I feel that I should call to your attention the cooperation between the local librarian and the literature teachers of the Junior High. The book lists of State and Federal Departments of Education were checked by the local librarian for books available in the Maynard Public Library. From this revision, the Reading List of the Junior High was made. The books are reserved for the use of pupils assigned to a certain week for their book report. The Junior High School pupils enjoyed a subscription to the Junior

Literary Guild Books for the past two years. This was paid for by me from the building funds. I have not raised any money for three years and I will not be able to renew my subscription to these books this year. I hope you will see fit to pay for them from the regular school appropriation. If we are to teach children to appreciate finer literature, we must be able to give it to them. We have about forty-eight of these books and every one of them is taken out every night, which certainly justifies the expenditure of the price of the books.

The building is in good repair and I take this opportunity to express my appreciation of the efficient, ever-ready and willing janitor service given by Mr. Mahoney.

The local chapter of the American Red Cross has given me clothing and paid for eye glasses for needy children in my school.

I take this opportunity to thank you and my teachers for the good will and cooperation given me in my school work in the Junior High school.

Respectfully submitted,

December 21, 1933.

MARY A. DOYLE, Principal.

*SUPERVISION OF GRADE SCHOOLS

"No program of supervision is adequate without frequent studies of class averages and accomplishments. This I have tried to do in all grades. In some grades I found the teacher using supplementary readers as basic texts. I have recommended a basic text for each teacher. There is dire need of basic texts in reading for all grades.

The change in the reading system has proven very satisfactory to both teachers and myself. The teachers are gradually using more activities in their rooms. This is due to the use of manuals which accompany their texts.

The recommendation of the Principals in the fall that report cards be given to grades 4-5-6 and progress reports to the primary grades has been satisfactory.

Each teacher has been given a copy of a lesson analysis to aid her in planning and analyzing her daily lessons.

I hope that it will be possible in the very near future to give standard achievement tests. If we are going to improve our work we must become "standard conscious."

The disposition of our special class has been satisfactory for all concerned. It was also commended by Dr. Wellington.

The work done by Miss Paul for pupils who have special subject difficulties deserves commendation.

The pupils transferred to Miss Grimm for special reading assistance are now ready for standard third grade work.

The number of non-promotions in grade 1 was greater last June than in previous years. This however has been satisfactory because it has taken out of the second grades those children who were immature. About 99% of our second grade children are doing good second grade work.

*Note: Extract from full report of Mary A. Doyle, Assistant to Superintendent of Schools.

*SUPERVISION OF PHYSICAL EDUCATION

The Physical Education program in the grade schools is carried on out of doors as much as the weather permits. In the fall the boys have been drilled in tag football to develop the fundamentals of the game. The girls are drilled in varieties of kick ball, which develop muscle control and endurance. These games are given to help stimulate circulation. Ball games of various types are played in the spring. These games develop team discipline, fair play, brain and muscle control.

This past fall the boys and girls in the Junior High School had their eyes and ears examined. A record of each boy and girl is filed, and weights are recorded each month, checking their physical development. The Junior High students have two periods a week in Physical Education, consisting of calisthenics, apparatus work, tumbling, marching, running, and jumping games. There is an interclass league in basket ball, as well as a varsity team which plays outside teams. The boys have a varsity baseball team in the spring, which also plays Junior High teams from surrounding towns.

In the fall the High School is represented by a varsity football team. This past fall fifty boys reported and forty-four were out-fitted. By encouraging a large squad it helps to develop the younger boys for future teams. Due to a strenuous schedule, practice was started in August. Maynard played teams from much larger schools, but came out victorious in eight of the twelve games, beating such teams as Gardner, Melrose, and Belmont. Our ancient rivals, Concord, Hudson and Marlboro were also defeated.

The girls had a very successful season in field hockey. First and second teams were developed, giving a larger number of girls the opportunity to participate. Varsity players were awarded orange M's and second team players orange crossed hockey sticks.

Gymnasium classes are being held, each boy being given two periods a week. In the afternoons an intra-mural basket ball league is being conducted. This gives sixty boys a chance to participate, and creates a fine school spirit. The annual inter-class basket ball tournament will be held at the end of the season, the winners to receive their class numerals.

In the spring baseball and track are sponsored by the school. In the past all track meets were held out of town; but with our track at Alumni Field in condition, it is hoped that meets this year can be held at home. The baseball team plays in both the Midland and the Middlesex Leagues.

*Note:—Extract from full report of R. P. Sawyer, Supervisor of Physical Education.

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils,

CONCLUSION

The civilization of which we are a part requires us to carry a terrific burden as well as to accept its blessings. Recent experience, in times of unemployment have made clear the terrific burden thrust upon society by the improvident, the criminal, and the mentally and physically deficient people. Public services of which the schools are a conspicuous part also are included in this load. In the case of schools however, there is a better chance of return for the time, work and money expended. Here lies the challenge to our teachers to reduce the number of physically handicapped—to train pupils to be useful members of society—to prevent the development of criminals. Our civilization is complex and depends wholly upon the quality of its supporters for its progress.

In closing may I express my appreciation to all those who have helped the young people of Maynard in matters of health, necessities of life, and education.

Respectfully submitted,

January 25, 1934.

JAMES P. KING,
Superintendent of Schools.

 MEETING OF THE SCHOOL COMMITTEE

January 30, 1934

The Annual Report of the Superintendent for the year 1933 was read, approved and ordered to be published as the report of the School Committee.

O. C. DRECHSLER, Chairman
JAMES J. LEDGARD,
EDMUND S. MACPHERSON.

REPORT OF MIDDLESEX COUNTY EXTENSION SERVICE FOR 1933

Following is a general report of the work carried on by the Middlesex County Extension Service in the town of Maynard for 1933.

Local dairy farmers were given assistance in improvement of their production methods and with their general market problems.

Much interest was manifested locally in the welfare gardens and help was given by the Extension Service whenever requested. A great deal of credit should be given to the town of Maynard and those responsible for the development of their welfare garden and canning project. It is one of the outstanding examples in the State for work of this type.

There are two groups of homemakers in Maynard who have carried the homemaker's day program—the Summer Street group and the Parker Street group. Those who attended the leader schools in Concord are Mrs. George Creighton, Mrs. Oliver Trees, Mrs. John Donnelly, Mrs. Charles Wetherbee, Mrs. D. H. Keefe, Miss Inez MacDonald, and Mrs. Charles Lent.

4-H clubs doing clothing, canning, homecraft, handicraft and garden work have carried on this past year under the leadership of Miss Dorothy Mattson, Miss Helen Westwood, Miss Zennia Chutoranski, Mrs. Eason Cross, W. F. Tierney, and Donald Lent.

The following clothing club girls took part in the county dress revue: Zennia Chutoranski, Helen Sinevski, Anna Allard, Oliva Bean, Juliette D'Eirico, Mildred Holly, Lempi Lehto, Julia and Louise Marrino, Bronica Pilecki, and Vera Rudziak.

The clothing and handicraft clubs displayed their work at the school exhibit. Canning and garden club members had a store-window exhibit and several girls entered canning at Acton Fair.

This was the first year for some time that garden and canning work were carried on in Maynard. There seemed a decided need for them this year. Land for gardens was located for several boys who had none at home. The Improvement Association of the Roosevelt School offered cash prizes for good garden work.

A 4-H rally was held during the winter, as was a training meeting for club officers.

Elmer Mattson and Roger Matthewman won first and second in a sectional handicraft contest.

Maynard was represented at leader training meetings in Framingham, at the annual get-together of leaders, the county service club meeting, and the service club directors' meeting.
