MAYNARD

# DIGITAL THIS WEEK

Volume 9 Number 1

January 11, 1982

## Employees influence company's contributions

Digital encourages employees to participate in its contributions decisions through the Matching Gifts program which provides a dollar for dollar company contribution equal to that of an employee.

"Large numbers of active and retired employees give of their own time and money to a variety of educational, cultural, health and social service organizations which in turn enhance the quality of life in the communities in which we live and work," says Ken Olsen, President. He added that Digital, by matching employee contributions, acknowledges those causes and organizations considered by our employees to be important, and doubles the impact of each dollar spent.

Through the Matching Gifts program, employees' contributions are matched up

to a limit of \$1000 per employee, per organization, per year. Among the organizations eligible for matching gifts are schools, colleges, cultural groups, social service agencies and health care institutions. This past year, Digital matched employee contributions totaling \$357,200.

Permanent full-time employees, retired employees, members of the Board of Directors and spouses are eligible to participate. Gifts must be contributions made, not just merely pledged. There is a minimum limitation of \$10.

To have gifts matched, donors complete the portion of the form marked donor and mail it with their contribution to the organization. Forms are available from Personnel Service Administrators. Digital's matching gift will be sent to the organiza-

tion on a quarterly basis. An acknowledgment card is sent to the donor at the end of the quarter in which the matching contribution is made.

The United Way and other community-giving programs provide another important vehicle for matching gifts. This past year, the company matched \$633,800 donated to 196 local United Way campaigns by Digital employees throughout the United States.

"You are urged to take advantage of the Matching Gifts Program. Together we can contribute to make a valuable contribution to various institutions and organizations, whose survival depends on our conscious efforts to support them," reminds Ken.

## Digital holiday traditions are going strong

Diane Martinson (left) assists Santa (Waky Waks) in giving out holiday turkeys in Maynard last Month. Turn to page 12 for more holiday photos.

## GSG reports on FDA project

In 1976, the Government Systems Group (GSG) was awarded a contract to supply the Food and Drug Administration (FDA) with a Field Information System.

Today, the FDA operates a fully distributed Field Information System of Digital minicomputers, word processing systems and software to expediate the administration of their vast, complex and vital operation.

Implemented in 1979, the network currently uses a PDP-11/70 at FDA Headquarters in Rockville, Maryland, and PDP-11/34s in each of the 18 district offices. These systems - all running on RSTS/E operating systems with the BASIC-PLUS-2 language - communicate via DECnet. Data management is achieved using RMS-11 record management software and Data-trieve, Digital's highly interactive query language. One hundred thirty WS78 stand-alone word processors are used to prepare inspection reports and compliance documents.

The development of the Field Information System demonstrates the classic evolution of information management from manual to centralized batch to distributed data processing. A report of the ongoing contract with FDA has been published in a Product Application Report.

For copies of the report, contact Frank Donovan at HZ, DTN 264-7962.

## Revised Corrective Action and Discipline Policy leads to help

Digital's Corrective Action and Discipline Personnel Policy for the U.S. has been revised to become a better tool for managers and employees. Based on Digital's philosophy that discipline should be corrective, the policy is designed to help employees who are experiencing performance problems.

The Corrective Action and Discipline Policy is considered a process to prevent termination in most cases. When termination is unavoidable, the policy is designed to ensure consistent treatment of all employees.

"With the old policy we found through practice that there was some confusion around the time frames of the disciplinary corrective action steps," explains John Murphy, Corporate manager of Employee Relation Programs. "With the revised policy, it is clear to both the employee and supervisor what action to take and when."

The policy also has been extended to include special provisions for employees who have been with the company less than three months. With the new policy, if there is a problem, these employees will be issued a written warning with a thirty day period in which to improve.

"We want to ensure that all employees experiencing job related performance problems are dealt with according to the provisions of the policy. We realize that improving an employee's performance requires the collaboration of both the employee and supervisor. The policy gets the process in motion," John explains.

The policy was published in the last update of the U.S. *Personnel Policy and Procedure Manual* and will be published in future editions of the Employee Handbook, *Digital and You*.

## Digital assigns administrator to Metpay

Metpay is a payroll deduction plan available to employees who wish to obtain insurance coverage through the Metropolitan Insurance Company on personal property such as homes, condominiums, automobiles, motorcycles and recreational vehicles.

With already 18 Metropolitan employees dedicated fulltime to the Digital account, Digital also provides a corporate administrator who serves as an interface between the insurance company and employees.

Jeanne Traphagan, corporate administrator now under Corporate Personnel Administration, works primarily through Personnel Service Administrators (PSA) keeping employees informed of the Metpay program and procedures. She supplies PSA'S with promotional material for new hires and existing clients of Metropolitan. Her major responsibility is as an advocate for employees in Metpay matters concerning service,

complaints, claim problems and payroll deduction. Employees are encouraged to contact Jeanne after they have utilized their local Metpay representative.

Through surveys, PSA and employee feedback, Jeanne will conduct ongoing analyses of the effectiveness of the existing program. Responsible for Corporate Personnel involvement in the Metpay program, Jeanne will be working to develop new programs and techniques for handling insurance claims and services.

Jeanne stresses the two advantages of the Metpay program are its 52 week payment plan through payroll deduction (with no interest charges) and their competitive rates with a special five percent discount in Massachusetts for all insurance except yacht policies. For more information or assistance, contact Jeanne at DTN 223-9715.

## System to reduce energy costs at Parker Street

The PDP-11/23 computer based automation system for the building management of Parker Street will be in operation this month. The system is a real-time data acquisition and control system which will help Facilities/Plant Engineering to efficiently monitor building conditions and choose the most economical operational mode for the three buildings in the Parker Street complex.

Interior lighting will be one of the first building functions to be automatically controlled. Broken into sectors throughout the buildings, lights will be timed to turn on and off. Before lights go out in the evening, they will blink once to warn employees who plan to work after hours.

To conserve energy, employees working after hours or on weekends should use task (desk) lamps at their work areas. If overhead lighting is necessary to accomplish their work, employees may call Security and request their lights be turned on. Security will just need to know their pole number.

Cost center managers who have second shift operations or have areas requiring special lighting must inform Facilities/Plant Engineering so their needs can be programmed into the system.

Installing this computer-based building automation system is one of the many ongoing conservation projects at Digital.

PK3 will be the first building online for lighting control followed by Buildings PK2 and PK1. Exact dates and specific on/off times for lights will be announced in "Digital This Week."

## Fisher announces courses for next term

The Maynard Extension of Fisher Junior College, located in the Maynard High School, will be starting a new term January 19. The courses offered this term are Business Mathematics I, Office Management, Typewriting I, II, III, Introduction to Psychology and Business Communications.

Classes meet Tuesday and Thursday evenings for an eight week period and are part of Fisher's 20 month program to earn an Associate Science Degree in Business Management.

For further information, contact Susuan Redding at 617-897-2680 or come in for an interview Tuesday through Thursday between 4:30 and 8:30 p.m.

## A reminder to get back into circulation in 1982

With the new year upon us, it is time for resolutions and for getting back into circulation. Through your blood that is.

The next blood drive is scheduled for:

January 26, 10-4, at the Mill

January 27, 9-3, at the Mill

January 28, 9-3, at Parker Street

Call the Bloodline for an appointment. At the Mill, call DTN 223-6700; for Parker Street, call DTN 223-6766. Appointments are at 20-minute intervals.

### DIGITAL THIS WEEK

Editor: Christine Medeiros

Correspondents

**BU** - Lil Holloway 249-2396  
**ML** - Theresa Cash 223-4074  
**TW** - Gloria Flaherty 247-2552

Send stories, photos and ideas to DTW, PK3-1/K23 or call DTN 223-5042. Direct Marketplace ads to PK3-1/K23.

DTW is published every other week for employees of Digital Equipment Corporation in the Maynard, Mass. area.

## Terminal/Workstation Engineering Services installs P.C. design system

The Engineering Services organization is installing a VAX/SCICARD® printed circuit (P.C.) design system to reduce the turn around time in P.C. design.

"We will be able to turn around a standard quad design in less than two weeks with this new tool," reports Art Guidi, Engineering Services manager. Engineering Services is planning a six terminal system; two are installed in the Mill's building 11-2 and four are on order.

The SCICARD® system is an interactive printed circuit design system with automatic placement and routing capabilities which can be manually adjusted for optimization and then continue. The majority of installations use the VAX-11/780.

According to Engineering Services, the system acceptance is complete and on-site training is in process. Two prototype designs are ready to be started. For more information on the VAX/SCICARD system, call Engineering Services at DTN 223-3494 or 223-5775. \*Trademark

Rita Bureau is being trained to operate a new printed circuit design system installed by Terminal/Workstations Engineering Systems.

## Timely words on safety

How long does it take to put on a pair of safety glasses—two seconds? How long to put on a hard hat—five seconds? Does it take any longer to lace up safety shoes than sneakers?

Let's consider the other side. How long does it take to fully recover from an eye or head injury? How long does it take to become proficient in the use of an artificial hand, foot, arm or leg?

Think about it—for a second.

At Digital, Corporate Risk Management supplies guidelines covering all aspects of industrial safety and loss prevention. Compiles in a handbook, Volume III, Section 4, addresses the issue of personal protective equipment:

"The use of personal protective equipment is not intended to be a primary defense to accident exposure. It must be secondary to efforts that actually eliminate exposure."

## Digital Press releases two books

A new book by Alfred Bork, *Learning with Computers*, is now available from Digital Press. The book is written for anyone interested in designing, using or studying the computer as an educational tool. It specifically focuses on using the computer to build a more responsive and effective learning environment.

The hardcover edition is \$28. When ordering please request Order Number EY-AX014-DP.

A new title by David Barcomb, *Office Automation: a Survey of Tools and Technologies*, has also been released by Digital Press. This book is the first comprehensive introduction to office automation equipment, techniques, principles, termi-

nology and integrated systems. The author is a pioneer in the field of office automation.

The selection of equipment relies on the degree of protection needed, comfort and ease to the worker, practicality, conformance to standards, cost and maintenance. But the effectiveness of the equipment depends on the worker's acceptance and proper use.

Eye and face protection is essential for employees who handle molten metals and chemicals; perform gas or electrical welding and cutting; or are involved in grinding, milling, chipping, or sand blasting.

Contact lenses do not provide any measure of safety and must be worn with approved safety eyewear. In fact, the use of contact lenses is restricted in hazardous environments where workers may be exposed to chemicals, vapors, intense heat (including infrared radiation), molten metals and atmospheres with high dust levels.

The paperbound edition is \$15 and may be obtained by requesting Order Number EY-AX015-DP.

Orders coming through a cost center must be in writing (TWX or interoffice memo) and should include cost center manager's signature. Personal copies must be prepaid by check or money order. All internal orders will be mailed to the buyer's mailstop. Please send orders to Digital Press Order Processing, BK; RCS code: BKLG.

For more information write to Digital Press, BU/E44, 12 Crosby Drive, Bedford, Mass.

## Tools available to implement Engineering Plan

The December 7th issue of "Digital This Week" announced the approval of a new Software Development Policy, the Engineering Plan. The Engineering Plan Policy consist of two parts—the **Product Specification** which describes WHAT is to be built and the **Development Plan** which describes HOW to product will be built, evaluated and delivered.

The Software Tools Clearinghouse now contains the tools to assist anyone in writing an Engineering Plan.

TEMPLATES for each part of the Engineering Plan in Digital Standard RUN-OFF: for the Product Specification—PSPEC. RNO for the Development Plan—DPLAN.RNO

GUIDELINES for the content of each part of the Engineering Plan: for the Product Specification—PRODSPEC.GDE for the Development Plan—DEVPLAN.GDE

To obtain these tools, log into the Software Tools Clearinghouse account on Engineering Network Node METOO::, username:TOOLS, password:TOOLS. You will then be given instructions on how to access the files.

If you have any questions on the use of these tools, call Ron Randall, Methods and Tools group, at DTN 264-8092. If there are any questions on content of the Engineering Plan Policy and Guidelines or associated Software Development Policies, call Chris Strutt, Central Quality Group, at DTN 223-9997.

## February seminars offered by Ed Services

To register for the following courses, call the seminar registrar at DTN 249-4949.

### Design of Applications under VAX/VMS

This new, highly interactive four-day seminar focuses on application design approaches that maximize the use of the hardware and software involved. Three case studies of typical customer applications — data acquisition, process control and transaction processing — show how to exploit system features to achieve efficient design solutions for each application. Upon completion, attendees will thoroughly understand the interrelationship between system hardware and software functionality for design.

Attendees should have attended System User and System Programmer courses and should have a working ability to program in VAX-11 Macro.

Feb. 1-4, Meridien Hotel, Boston.

### RSTS/E and VAX/VMS System Compatibility Seminar

The seminar will cover the similarities and differences between RSTS/E and the VAX/VMS operating system terminology, features and functionality.

The course is designed to protect your

investment in existing RSTS/E applications, minimize program conversion costs, and establish coexistence between RSTS/E and VAX/VMS successfully.

Feb. 1-3, Merrimack Auditorium, Merrimack, N.H., and Feb. 22-24, Bedford Training Center.

### Design of Applications under RSTS/E

This thorough four-day seminar/workshop combines the best of two instructional methods to teach optimum design techniques for writing applications under RSTS/E.

In the seminar section, the faculty leader emphasizes the significant characteristics of each application and addresses critical steps in the design process. Appropriate trade-offs among operating system capabilities are highlighted. In the workshops, each attendee becomes a member of a team that creates the following designs for typical RSTS/E commercial applications: a database inquiry application, a transaction processing application and a multi-user job mix.

As a participant, each attendee can gain practical RSTS/E application design experience for use on the job.

Feb. 15-18, Bedford Training Center.

## Maynard Telecommunications has much to offer

If you have ever needed a phone installed, repaired, moved or removed and you work in Maynard, then you know Maynard Telecommunications. But what you might not know is the diversity of their services.

Maynard Telecommunications has the responsibility of putting out the Digital Telephone Directory three times a year. Worldwide, 49,000 copies were distributed in November 1981. Sandy Latvalla, Corporate Directory supervisor, stresses that the accuracy of the directory depends on updates from employees, facility and district contacts. The directory is typeset on a Digital TMS11.

Dottie Way, Centrex Consol supervisor, and her group are responsible for answering all incoming calls to the main number, 897-5111 and foreign exchanges; providing directory assistance worldwide; and functioning as centralized attendees for 14 other Digital facilities. Each operator handles approximately 600 calls daily.

Dottie's group also issues telephone credit cards for Maynard personnel and services Maynard telephone extensions. They maintain the Digital Telephone Network, which involves testing all lines manually once a week to keep troubles at a minimum.

Lena Bell, Telecommunications Installation supervisor, and her group handle all orders for dial up data and voice line moves, installations and changes. They are responsible for 8,223 working numbers in Maynard.

In addition to the usual telephone services, the Maynard Message Center located at PK3 falls under Telecommunications functions. Services include sending messages (DECgrams) via RCS, several public carriers as TELEX, TWX and cable, and facsimile and mailgram services for Digital's worldwide population. They can now store multiple address or destination lists. The Message Center uses 200 and 100 series word processors for most of its work.

The following numbers may be helpful (for Maynard facilities):

Telephone installation:	223-2915
Data line installation:	223-9914
Credit card requests:	223-5516
Message Center:	223-2552
Directory assistance:	8-222-1212
Telephone repair:	223-2822
Data line repair:	223-4113
Telephone directory	223-6123

## Product Safety Consortium planned for May

Technical Operations is planning the Sixth Annual Product Safety Consortium to be held May 10 through 13. The location of the meeting will be announced at a later date, but will be in the Greater Maynard area.

The following is the consortium schedule.

### May 10 - General Topics

(New Organization, Liability & Responsibility, European Product Safety, etc.)

### May 11 - Manufacturing & Product Safety

(Testing in Manufacturing, DEC Stand-

ard 05, etc.)

### May 12 - Engineering & Product Safety

(Designing for Safety DEC Standard 119 Overhaul, Budgets for Product Submittals, etc.)

### May 13 - Field Service & Product Safety

(Maintenance & Installation Safety, Field Service Product Safety, etc.)

If you are interested in attending, please fill in the form below and send to Corporate Product Safety, PK3-2/H10 or call DTN 223-5966.

Name ..... Location ..... DTN .....

Department ..... Dates wish to attend .....

## DIS offers seminar for managers

Digital Information Systems (DIS) is offering a one day seminar, **Structured Systems Analysis and Design Overview**, to managers using data processing services. The objective of the seminar is to give managers an overview of the Ganes and Sarson technique and introduce concepts such as: Data dictionaries, Normalization,

Data flow diagramming and Systems development life cycle.

Locations for the seminar are:

Woburn - Jan. 25

Marlboro - Jan. 26

Merrimack - Jan. 27

For a complete course description or registration, please call DTN 249-4670.

In an attempt to catch up on the backlog of Marketplace ads, DTW is asking employees to hold onto any new ads until February 8. The additional pages of ads in this issue will help, but we need your cooperation.

Some of these listings were sent in months ago, and answering an ad could be as frustrating as waiting to see it in print. You might discover that the car you wanted has been sold, the apartment rented, telephones disconnected or people moved, but please bear with us. We will start accepting ads ONLY after the February 8th edition of DTW.

Thank you.

## LOST

Pearl hoop earring, sentimental value, reward offered, Call Sue, 223-5612 PK.

## REAL ESTATE

LEOMINSTER, ranch, 5 1/2 rms, oversize corner lot, alum sided, cellar, \$52,000. Joseph, MR231-5859.

N.H., Condo, slps 6, TV, pool, frpl, w/d, timesharing, exchg program, \$6000 or B/O. Marie, NR234-4307.

BLACKSTONE, MA, 6 acre homestead w/200' frontage, country setting, \$16,500. Mike, MR 231-4563.

HUDSON, MA, house, 7rms, 3bdrms, fam rm, frpl, den, wd stove, deck, pool, \$67,900. Joanne, HL225-4829.

ROYALSTON, MA, cleared land, 2A/more \$2250 acre, wooded land, 5A/more \$1000A. Donald, VR273-3168.

CONCORD, MA, ranch, 4bdm, 2 1/2 bath, fam rm, 1 car gar, many extras, exc cond, \$119,500. Rita, AC232-2509.

## RENTALS

HOUSE, Maynard, 3 bdrm, 2 bths, private yard, avail 1/1/82, \$600/mo+util. Cinny, PK 223-2636.

APT, Lawrence, MA, 3 lg bdrms, 6 rms total, no pets, immed occup, \$390/mo+util. Dave, UP278-4253.

TOWNHOUSE, Leon Mtn, skiing, frpl, color TV, pool, acuzzi, tennis, wk/wkend. Jay, PK 223-4110.

LOG CABIN, Sutton, NH, for ski season, \$300/wk, \$150/wkend. John, AC 232-2204.

CONDO, Chelmsford, new, 2bdm, loft, roommates/pets okay, \$800/mo+. Lora, PK 223-4457.

APT, nr Framingham State College, in home, 1bdm, refrig, 2frpl, \$375/mo incl util. Brad, MR231-5507.

SKI HOUSE CHALET, nr Killington, sleeps 8-10, frpl, mid-wk/wkend rental. Debbie, MO 231-5310.

RANCH, Lake Winni, 3 bdrm, 1 1/2 bath, nr ski/snow-mobile sites, monthly/seasonal. Royce, CF251-1514.

"A" FRAME, Killington, 2 mi from mtn, sleeps 11, weekly rentals, \$125/night. Hank, MR 231-5804.

CONDO, Marlboro, 3bdm, 1 1/2 bths, full bsmt w/w/d hookups, gas ht, \$500/mo. Harriet, PK 223-1875.

## ROOMMATES

(M/F) share 1g 2bdm apt in Marlboro, pool, sauna, 1/1/82, \$213/mo+util. Lejuan, ML223-3912.

(F) non-smoker, share 3bdm house with 2(F), Maynard, \$150+1/3 heat/elec. Kathleen, ML223-9475.

(F) share 2bdm ranch, Dracut, with (F) owner, wood stove, w/d, \$365/mo incl all util. Ann, AK246-2354.

(F) share home, Westboro, \$225/mo incl elec/heat. Cheryl, MR 231-6177.

(F) quiet, share 2 bdrm apt, 3rd fl, Clinton, \$125 incl heat+ 1/2 elec. Danna, MR 231-6371.

(M) prof, share 2 bdrm condo, Acton, ht, h/w incl, \$275/mo+ security. Andy, QI 280-7446.

(F) prof, share apt, Clinton, \$115/mo+1/2 util (deposit required). Candyce, HL 225-6071.

HOUSEMATE (F) share Leominster home with mother and toddler, \$180/mo+util. Shirley, TW 247-3017.

SHARE LARGE DUPLEX, Concord, nr center, avail immed, \$175/mo+1/2 util. Bill, ML 223-7987.

(F) share 3bdm apt with 2 others, responsible, neat, \$140/mo (incl ht) +util. Helena, WA221-5115.

(F) share brand new condo, Rte 20, Marlboro, \$180/mo+1/2 util. Sue, ML 223-8977.

(F) share 2bdm house/loft/waterfront property, Shrewsbury, \$200/mo+util. Rebecca, NA233-2178.

HOUSEMATE (F) share 1g 3bdm house, Worcester area, min to Rte 9/20. Paula, NA 233-2242.

## WANTED

KICKBAG in fair to gd cond, reasonable price. Jake, PK223-2529.

TIRES A78X13, regular or snows, for Pinto. Mike, OF274-6521.

ELECTRIC GUITAR/AMPLIFIER, under \$100. MATCHING END TABLES (2) for livrm, reas. Joan, PK 223-9835.

DUPLEX, SMALL HOUSE, APT, 2+bdms, nr I-495 (Acton, Maynard, Northboro area) 1/1. Dennis, MR234-4637.

SPINET PIANO, apt sz, gd cond. Alice, ML 223-3000.

WEIGHTS, 110 lbs w/bar/collars, weight bench w/leg machine. Marjorie, ML 223-9304.

PICKUP TRUCK (any make), must have gd eng, prefer std trans. Jerry, CF251-1861.

RACKETBALL OPPONENT, B-level player interested in playing 7-8 AM, Marlboro. Dave, ML 223-3438.

APT, Waltham or vicinity, 2 bdrm, \$300-\$400, heated. Jeanette, WA 221-5681.

BABIES CRIB/FOLDING CHANGING TABLE. Terry, TW 247-2930.

HOCKEY SKATES, boy's sz 6. Roger, BU 249-4206.

GIRL'S WHITE FIGURE ICE SKATES, sz 6 or 7. Fred, PK 223-5151.

PLACE TO PRACTICE, R&R Band nds place to rent for rehearsal. Kim, PK 223-7892.

ICE SKATES, men's sz 9, woman's sz 5, gd pair. Paul, HU 225-4234.

STATIONARY EXERCISE BICYCLE, gd working cond. Sheila, VR 273-3263.

MILITARY SWORD, would like to rent for July 1982 wedding. Catherine, PK 223-8595.

## PETS

TABBY CAT (f) spayed, 4 yrs old, affectionate, obedient, FREE to loving home. Sally, UP278-4342.

BLACK TOY POODLE PUPS, whelped 9/28/81, 1(m)(f), registered, \$150. Ruth, PK 223-6930.

PUPS, Timberwolf-Shepherds whelped 10/5/81, AKC Doberman whelped 10/5, \$200/ea. Robert, WB237-2237.

## APPLIANCES

WASHER/DRYER, apt sz, 1yr old, very gd cond, \$400 or B/O for both. Beth, HL 225-4618.

GAS DRYER "Whirlpool", exc cond, moved, have no need for it, \$250 cash. Bill, NR 234-4422.

TAPPAN ELECTRIC STOVE, white, 30", gd cond, \$75 or B/O. Missy, MR 231-7338.

REFRIGERATOR/FREEZER, Westinghouse, frost-free, 17 cu ft, 3yrs old, \$150. Rosemary, PK 223-6266.

KENMORE WASHER, top-of-the-line, white, usable as it stands, \$100. Debbie, MS 223-6036.

STOVE, 4 burner 30", working cond, B/O. PORTABLE DISHWASHER, Kitchenaid, \$250. Gerry, LM 231-4605.

REFRIGERATOR, old, gd working cond, w/freezer, w/ht, use for summer cottage. Gloria, ML 223-9038.

ELECTRIC STOVE, GE, copper color, gd cond, \$125 or B/O. Frank, PK 223-4919.

WHIRLPOOL APT WASHER/DRYER, portable set, 3yrs old, used lightly, \$300/pr. Vince, GL258-4195.

REFRIGERATOR, older Hotpoint, full sz freezer, works well, \$65 or B/O. Naomi, ML 223-5589.

KENMORE PORTABLE WASHER/DRYER, 1 1/2 yrs old, gold, never serviced, \$400 or B/O/both. Beth, HL225-4618.

ELECTRIC DROP-IN RANGE, white, \$50. WALNUT/BRASS CHANDELIER, 5 lights, \$35. Antonio, ML223-7880.

## BOATS

SAILBOAT 1980 25' U.S. Yacht, 9.9 Evinrude, 3 sails, depth sounder, extras. Dennis, NY 259-3795.

SAILBOAT 1979 Laser w/Harken Cam-matics, RWO ratchet, hatches, white, \$1450. Landy, BY 245-5226.

FIBERGLASS 1969 Arkansas Traveler 18', '74 Johnson 115HP motor, trlr, \$1950. Charlie, PK223-7293.

HOBBIE CAT 14', blue/wht sail, sail bag, rudder extender, \$1500. Peter, BO 281-5624.

SAILBOAT 1973 30' Pearson, \$26,000. John, AK246-2335.

SAILBOAT 1978 25' Venture, 6HP trlr, onset mooring, free winter storage, \$6500. Valerie, ML223-9728.

MFG FIBERGLASS BOAT 12 1/2' w/40HP Evinrude eng, very gd cond, \$800 or B/O. Marilyn, HL 225-4890.

BOSTON WHALER 13', Ctr. console sport model w/25 HP Johnson, tan interior, \$2500. Frank, ML223-8535.

TARTAN AUXILIARY SLOOP 27', 1965, well-equipped, 5 sails, \$16,900. Sue, CF 251-1453.

SAIL BOAT, 17' O'Day Day Sailer w/Shoreline TIG tilt trailer, immac cond, \$3500. Lou, HY259-3760.

CANOE, 16' Canadian Fiberglass, exc cond, \$300. Jill, PK 223-5096.

CENTER CONSOLE 16' '80 70hp Merc, Cal tilt trlr, dpth, CB, anch, \$3800 or B/O. David, QI 280-7538.

SAILBOAT 20' Balboa w/trailer, slps 4, exc cond, \$6000. Ann, MR 231-4783.

14' WOOD BOAT w/trailer+18hp engine, \$700. Willie, MR 231-4410.

## MOTORCYCLES

'81 YAMAHA 465H, 1like new, optional mono spring, new chain/sprockets, \$1400. Bruce, BP235-3350.

'78 KAWASAKI KZ400, 3200 mi, \$1000 firm. Jody, MR 231-6930.

'76 HONDA CB750F Super Sport, 15K mi, 4 into 1, Kerker exh, \$1550 or B/O. William, MR 231-6212.

## Hockey League plans All-Star game

The Eastern Mass. Digital Hockey League will sponsor an All-Star game on Jan. 16 at the Nashoba Valley Olympia on Rte. 111, Boxborough. The opponents will be the All-Star team selected from the Southern New Hampshire Digital Hockey League. Come and enjoy some fast action which starts at 8:15 p.m.

The Eastern Mass. League is composed of eight teams this year. Midway through the season, the PK Blackhawks are in first place followed by MR Manufacturing, the Mill NorthStars, Hudson LSI, MR Nordiques, Tewksbury Tewks, West Concord Wings and PK Firebirds.

On February 2, a general meeting will be held at 5 p.m. in the PK3 cafeteria to discuss the league organization for 1982-83. The possibility of reorganizing the league into competitive and recreational divisions will be discussed. All current team members and any one who would like to participate next year are invited to attend.

## Women's basketball playoffs

The Digital Women's Basketball season is in progress and playoffs begin Feb. 11. Games are played every Thursday evening from 6 to 7 p.m. at the Boylston Sales Training facility. For more details, contact Sioux Mallard at DTN 234-4132 or drop by on Thursday.

Current standings:

Green Hornets	4-0
Space Cadets	2-3
Suds	1-4

#### To Marlboro/Northboro

From Manchester, Londonderry, Nashua, NH, Tewksbury, Route 495 to Northboro and Marlboro, Jack Cohen, 234-4291.

### W-2 forms to be distributed January

The Corporate Payroll Department will distribute 1981 W-2's during the last week of January 1982. Although W-2 distribution is scheduled later this year than in the past, the schedule is in compliance with the Federal Regulation that W-2's be distributed by January 31st.

The extra processing time will allow more appropriate cutoff dates for feeder information such as relocation data and stock purchase data. In addition, to provide clearer printing, the 1981 W-2's will not be in the mailer format, thus requiring extra time for the distribution process.

### Microfiche equipment available

If your cost center would like to purchase its own Bell and Howell Microx camera plus accessory equipment to make microfiche copies, please call the Maynard Library, DTN 223-5821 for more details. Depreciation transfer cost would be approximately \$170 per month.

### Petty Cash moves

Corporate Employee Disbursements office has moved from Parker Street to West Concord as of January 11. The new mail stop is CF2-1/J29. Cashier services will continue at Parker Street as well as all other sites with the following changes in hours:

Parker Street 9:00-2:30

Mill 9:00-11:30/12:30-2:30

PMR (Tues., Thurs.)

9:00-11:30/12:30-2:30

CF (Mon., Wed., Fri.)

9:00-11:30/12:30-2:30

If there are any questions please call DTN 251-1868.

### Got your codes crossed?

The following codes are being confused by many internal mailers:

SV - Volume Manufacturing, Salem, N.H.  
with

SU - Sales group, Stuttgart, West Germany

ZX - Field Information Systems, Lexington, Mass. with

LX - Field Service, Santa Monica, Calif.

PH - Branch and District Office, Blue Bell, Penn. with

BB - Branch Office, Brisbane, Australia.

Please be sure you are using the correct location code on your mail. All location codes are listed on page 210 in the Digital Telephone Directory, Nov. 1981 issue.

### Deadlines for DTW

The next four issues of "Digital This Week" and deadlines for submitting stories are:

Jan. 25 issue-Jan. 14 deadline

Feb. 8 issue-Jan. 28 deadline

Feb. 22 issue-Feb. 11 deadline

March 8 issue-Feb. 25 deadline

### Keeping the directory accurate

One cause of delays in inter-office mail is from using information from the Digital Telephone Directory that is incorrect. Location codes, building and floor numbers, mail stops have to be updated to keep the directory accurate. The information used in making up the directory is taken from the Personnel Master File.

All information in that file, EXCEPT EXTENSIONS, must be changed by the employee's Personnel (or Field) Service Administrator on the employee profile sheet. Please request that the person responsible for the employee profiles in your area make any mail corrections as soon as possible. This will insure correct in-house mail information in the next edition of the directory.

### Employee is guest speaker at IEEE meeting

Maurice Marks, Semiconductor Engineering Group (SEG), will give a presentation, "Tools for Microprocessor Applications," at the January 28 meeting of the Worcester Chapter of IEEE Computer Society. Maurice will talk about the tools needed to successfully develop applications using microprocessors.

There will also be an exhibit featuring several vendors of logic analyzers and development systems. The meeting will begin at 7 p.m. in the Newell Lecture Hall in the Atwater Kent Building on the Worcester PolyTech campus. For more information, please contact Ed Perkins at DTN 223-5287.

### IEEE and ASME hold joint meeting

"Mechanical CAD/CAM" is the topic of a joint January dinner meeting of the Worcester Section of the IEEE and ASME. Dan Traxler, Strategic Planning manager for Computervision, will talk about the use of computers in the design and manufacturing of machine components.

The meeting will be held on Jan. 12 in the Faculty Dining Room in Morgan Hall of the Worcester PolyTech campus. Social hour starts at 6 p.m. with the dinner and meeting at 7 p.m. For information on making reservations, please contact Ed Perkins at DTN 223-5287.

## Employees give their time and talents to spread holiday cheer

Children from St. Bridget's applaud the DEC carolers for their outstanding performance at the school.

The DEC carolers (in alphabetical order) are Chris Blood, Barry Bonner, Phil Cosgrove, Rene Davis, Paul DeVivo, Marilyn Goodrich, Marty Hiller, Dave Larrick, Gail Levine, Jeff Lomicka, Deanna Michaelson, Lee Nelke, Alison Nylander, Dick Schoeller, Carolyn Smith, Debby Stephens, Ruth Sturlaugson, Ellen Waks, and Chris Williams.

All Digital employees, the carolers gave up their lunch break to serenade area facilities.

Other employees gave their time to distribute turkeys in December.

David Larrick is this year's conductor of the DEC carolers.

Distribution Operations from Northboro speak for themselves.
