REPORT OF THE BOARD OF SELECTMEN

To the citizens of Maynard:

The Board of Selectmen respectfully submits for your consideration and approval, reports of all Town departments for the year ending December 31, 1930.

The Town Accountant's report gives a complete statement of receipts and expenditures of all departments, including a balance sheet showing the financial condition of the Town at the end of the year 1930.

Owing to the sewer construction a great many roads and sidewalks were in need of repairs which were attended to in the past year. You will find a report of this in the Superintendent of Streets report.

The Selectmen feel that the taking of the land from the King estate and the Co-operative corner has made a great improvement in these places for automobile traffic.

Plans for eliminating the Pine Street crossing and the crossing at Concord Street could not be carried out this year because a new law came into effect stating that such plans have to be approved by the citizens at the Annual Town Meeting. It was too late then for these plans to be put before the citizens at our Annual Town Meeting in 1930 but hope that this matter will be settled in some way in the coming year.

Twenty-four new White Way lights have been installed in the business section of our Town by the Edison Electric Illuminating Company and all small street lights of 60 candle power lamps have been removed and replaced by the 80 candle power which we feel that altogether it has made a great improvement in the Town.

All new stop, no-parking and cross walk signs have been installed which have been a great help to the automobile traffic.

We owe our sincere thanks for the good work done the past year to our citizens' generosity in voting us a larger appropriation.

Respectfully submitted,

FRANK S. BINKS,
P. JOSEPH SCHNAIR,
SAMUEL LERER,

Selectmen of Maynard.

MAYNARD DEDICATES NEW HONOR ROLL TO
WAR HEROES

May 30, 1930

ERECTED IN HONOR OF MRS. NELLIE M. FOWLER

by her Sons, Henry and Guyer Fowler

Three thousand people gathered at Memorial Park, Memorial Day at the dedication of a new Honor Roll, the final act in the Memorial Day program which was in charge of Frank J. DeMars Post, who for several years have had charge of the Memorial Day program as requested by the last of the G. A. R., none of whom survive in this town.

Joseph Dineen, commander of Frank J. DeMars Post, A. L., marshal of the Memorial Day program, presided at the dedication exercises. The oration was delivered by Rev. William Boicourt, pastor of the United Church of Shirley, formerly pastor of the Union Congregational Church of this town. Mrs. Edith Nourse Rogers, member of Congress from this district, arrived late and she also spoke. Rev. Charles Donahue opened the exercises with prayer. Guyer Fowler, who with his brother Henry Fowler of Washington, gave the new Honor Roll to the town through the Legion, spoke briefly, and Frank S. Binks, Chairman of the Board of Selectmen, accepted the gift in the name of the town.

The new honor roll is an eight foot granite slab with a bronze tablet on which is inscribed the names of 357 men and women from Maynard who served in the World War. A great cheer went up when the flag which covered it was removed and the honor roll was unveiled as the school children sang "My Country 'Tis of Thee." It is placed near the monument in the park and faces Summer Street. It is of beautiful design and structure.

The new honor roll is the gift of Henry and Guyer Fowler in memory of their mother, the late Mrs. Nellie M. Fowler, who was prominent in the affairs of this town and who was a leader in war work. She gave the town its first honor roll. Each of the speakers paid tribute to Mrs. Fowler for her fine community spirit and patriotism.

Respectfully submitted,

FRANK S. BINKS,
SAMUEL LERER,
P. JOSEPH SCHNAIR,

Selectmen of Maynard.

grounds. A twelve-inch drain pipe was laid on land of Placido Luca on Waltham street, a distance of about five hundred feet. This was a difficult place to care for the surface water. An eight-inch drain pipe was laid on Tremont street, a distance of about four hundred feet. Four catch basins were installed.

SNOW

All sidewalks were kept open and sanded for travel. The streets were also kept open. In the business section the snow was hauled away. On account of the automobile travel all icy streets are kept sanded, to help prevent accidents. This costs considerable and calls for a larger appropriation to be able at all times to handle the situation.

SIDEWALKS

There were more asphalt sidewalks laid this year than ever before, as follows: Main street from the Johnson pharmacy to Paper Mill corner; Main street from Nason street to Methodist church; Nason street from People's theatre to corner Summer street; Main street from the bridge to Mill Gate; Nason street near Naylor estate; Acton street at Synagogue.

From the Comeau garage to Paper Mill Corner several walks were repaired.

A new curbing was laid from Mill Gate to railroad crossing. A new curbing corner of Brooks and Summer streets, also at Synagogue on Acton street and opposite house of Raymond Jones. The sidewalk at Co-operative Corner was narrowed to allow for widening street. This made it necessary to relay the granite curbing, also to make cement steps where we lowered the grade, and a cement retaining wall. An asphalt walk was laid from corner Summer street to railroad crossing.

APPROPRIATIONS

REPORT OF CHIEF OF POLICE

To the Board of Selectmen:

Gentlemen—I herewith submit for your consideration and approval my annual report as Chief of Police, for the year October 1, 1929, to September 30, 1930, showing the number of arrests made and the work done by the Police Department during that period.

As Chief of Police of the Town of Maynard, I would say that my officers and myself are very much satisfied with our new quarters and know that a great many of our citizens feel the same way.

I have installed five new lockers; also a new typewriter and hope that the citizens will appropriate \$1,500 this year for new cells to make it an up-to-date police department like any other city or town has. The cross walks and yellow lines have been painted in various parts of the town to make traffic safer for the public.

Comparing this report with the report of the previous year it is shown there is a decrease in the number of arrests made of 24.

In 1929 there were 146 arrests for drunkenness, while in 1930 there were 118, which shows a decrease of 28. I am in hopes this year that I may be able to do better than this, so I am asking for \$200 extra money to enforce this law, as there is never any money appropriated for this.

The amount of fees received by the Town Treasurer from the Concord Court during the year 1930 totalled \$1,-609.55.

Life savers, ropes and ladders and a boat have been placed on the Mill Pond.

In conclusion I would say that all complaints received are subjected to a strict investigation before any action is taken, but would suggest that with a closer co-operation of the citizens with the department, more satisfactory results could be attained.

Total number of arrests in Town of Maynard for year ending September 30, 1930:

Drunkenness	118
Assault and battery	8
Violation of liquor law	6
Vagrancy	5
Violation cold storage law	1
Non-support	2
Violation automobile law	3
Breaking and entering	13
Larceny	5

Begetting with child	1
Malicious mischief	1
Total	<u>163</u>

Respectfully submitted,

JOHN CONNORS,
Chief of Police, Maynard, Mass.

TRUSTEES OF SOLDIERS' MEMORIAL

To the Board of Selectmen:

Gentlemen—We take pleasure in submitting for your approval our fifth annual report as Trustees of Soldiers' Memorial.

The past year has shown great improvement, particularly in the shrubbery and the lawns. New flower beds have been placed in the park, which makes a nice appearance as the public approaches the park. A flag-pole has been re-painted and the park house shingled and re-painted.

The Trustees welcome suggestions from the citizens as to what will make the Memorial most desirable for what it is intended.

We also wish to show our appreciation for the work done by our Park Superintendent, Mr. John F. Cleary. We feel sure that great credit is due to him through his untiring labor and enthusiasm, which has resulted in the beautiful appearance of the Park.

Respectfully submitted,

FRANK S. BINKS, Chairman,
ALICE NAGLE, Secretary,
CARL PETERSON,
CHARLES PERSONS,
ALICE BROWN HOWE,
WILLIAM BRINDLEY,

Trustees of Soldiers' Memorial.

REPORT OF BOARD OF HEALTH

To the Citizens of Maynard:

The Board of Health of Maynard submits the following report for the year 1930:

Owing to conditions and circumstances in the town at the present time we feel that we should support the dental clinic at the school until such time as it becomes established.

Except for an epidemic of chicken pox the town has been in a comparatively healthy condition.

The board wishes to thank the physicians for their co-operation in reporting contagious diseases.

During the year the following cases were reported to us:

Measles	20
Chicken pox	23
Tuberculosis	6
Whooping cough	3
Dog bite	1

Respectfully submitted,

GUYER W. FOWLER, Chairman,
 MARY A. WARD, Secretary,
 WILLIAM BARON,

Board of Health.

LOCAL MOTH SUPERINTENDENT

To the Board of Selectmen:

Gentlemen—I hereby submit the annual report of the Moth Department for the year ending December 31, 1930.

I have sprayed all the town trees, also in the fall for the web worms. I have cut down considerable brush during the year.

I have found a decrease in gipsy moth egg clusters and the brown webs.

Respectfully submitted,

JOHN CLEARY,
 Moth Superintendent.

PUBLIC HEALTH ASSOCIATION

To the Board of Selectmen and Citizens of the Town of Maynard:

The Maynard Public Health Association submits the following annual report of work accomplished by our Public Health Nurse, Miss Mary A. Ward.

ANNUAL REPORT OF NURSE FOR YEAR ENDING JANUARY 1, 1931

Number of patients visited	368
Association nursing visits	253
Free nursing visits	241
John Hancock Insurance calls	370
Metropolitan Insurance calls	807
Tuberculosis nursing visits	28
Total calls	
	1,797

Weather permitting, a Well Baby Conference has been held each week at the nurse's rooms.

MARY A. WARD, R. N.

Total amount of fees collected from December 31, 1929, to November 30, 1930	\$1,056.00
Amount received from the Town of Maynard .	\$1,000.00
The cost of maintaining the Association this year is	\$2,074.83

When possible, regular monthly meetings have been held at the High School.

Monthly reports of Miss Ward's work have appeared in the local papers.

The Maynard Public Health Association owes much to the interest and help received from the Town, the physicians, and public at large, who have so generously co-operated; especially to the American Red Cross for their assistance in the purchase of medical supplies; to the president, Mrs. George Creighton; to our Health nurse, Miss Ward. We acknowledge and thank them for their encouragement and valuable assistance.

Respectfully submitted,

MARY DOW MORSE,

Recording Secretary.

(Mrs. Augustus Lothrop.)

SEWER COMMISSIONERS

To the Citizens of Maynard:

We herewith submit our first annual report as Sewer Commissioners, dating from our election in February to December 31, 1930.

At the time of taking office the disposal plant, pumping station, and about seven and one-half miles of sewers had been constructed, and the number of houses connected to the sewer at that time was 83.

During the past year this number was increased by 131, making a total up to the present time of 214, eighty per cent of which are connected directly from the house plumbing to the sewers.

In order to successfully operate the plant a greater flow of sewage is necessary, which means more connections should be made, and to make this possible we would ask of all property owners their co-operation to this end.

We realize that the business depression in the town has prevented many from having connections made. We however find there are a great many who are draining their sewage to the river, which is contrary to the purpose for which the sewers were constructed, and also in violation of the mandate of the State Department of Public Health.

Main sewers were constructed on Summit street and Acton court. On the petition of property owners on Summit street it was decided to do this work for two reasons; the first, to remedy unsanitary conditions; and the second, to give employment to a number of men out of work.

We recommend the following appropriations for 1931:

Sewer construction	\$10,000.00
Sewer house connections	6,500.00
Sewer maintenance	5,125.00

Included in the sewer construction appropriation is the estimated cost of extending the sewer from Elm street to Hayes street to connect with the sewerage system of the American Woolen Co., if some satisfactory agreement can be made.

The commissioners will be pleased to consider any petitions received from property owners on streets where they desire to have sewers constructed.

The balance in the construction account De-	
cember 31, 1929, was	\$24,170.69
Expended during 1930	22,444.27
Leaving an unexpended balance, December 31,	

1930, of	\$ 1,726.42
--------------------	-------------

The expenditure during 1930 included cost of laying power line from Concord street to disposal plant	\$ 870.97
Erecting fence around secondary tank	150.00
Retained percentages on contracts completed.	13,822.92
Cost of Summit street and Acton court construction	2,472.08
F. A. Barbour, engineering services	2,074.49
Other expenses as per Town Accountant's report	3,053.81
..	<u>\$22,444.27</u>

FRONTAGE ASSESSMENTS

Committed to Tax Collector, including re-assessments. Re-assessments were made after abatements had been granted in cases of mistaken ownership:

First commitment	\$26,699.20
Second commitment	73,044.80
Third commitment (Re-assessment)	2,824.64
*Fourth commitment	1,630.08
	<u>\$104,198.72</u>

*Summit street and Acton court.

Abatements	\$9,440.60
• Including abatements on town property \$2,532.00; suspensions on church property \$2,196.00, and abatements on property which has been re-assessed.	

Respectfully submitted,

PETER WILCOX,
MARK NEWTON,
CHRISTOPHER WILSON,
Sewer Commissioners.

SUPERINTENDENT OF SEWERS

To the Sewer Commissioners:

Gentlemen—I herewith submit my second annual report as Superintendent of Sewers for the year ending December 31, 1930.

During the year 131 house connections were laid, and although at least 200 had been expected, poor business con-

ditions in the town no doubt made it impossible for a great many property owners to have this work done.

Work was started as soon as applications were received, and weather conditions permitted, and was continuous from March 31, to December 10.

All work was done by the town, a force being organized and the necessary equipment purchased to do the work, and the average cost per connection was lower than the work done by contract the previous year.

Practically all property in the business section of the town has been connected. Nason street from Main to Summer is all completed, also Main street to Main street bridge, with a few exceptions at the easterly end, although in some instances direct connections have not yet been made from the house plumbing to the sewer. In some cases property owners were permitted to do the digging and back-filling on their own land, which to some extent reduced the cost of the work.

A suction centrifugal sump pump has been erected in the pump house at the disposal plant, also an iron pipe fence around the secondary tanks.

The electric power line from Concord street to the pump house has been completed. Changes have been made by the Edison Co. to the electric current service at the pumping station. Powder mill road from 40 to 60 cycle. The two Fairbanks-Morse motors have been rewound and replacements made. The change to 60 cycle current in the pump house at the disposal plant has not yet been completed, as the motor and electrical equipment has to be replaced.

Samples of sewage from four sources of the system have been sent each month and have been approved by the State Department of Public Health.

Main sewers were laid on

Summit street	489.5	feet
Acton court	219.5	"
Hillside street (an extension)	60.0	"
Number of connections laid (including 3 not completed in 1929)	131.0	
Linear feet of pipe laid	5,421.5	
Average length per connection	41.39	feet
Average depth per connection	4.94	"
Average cost per connection	\$46.30	
Average cost foot	1.11	9-10

SUMMARY OF HOUSE CONNECTIONS

Location	No. conn.		
Florida Road	5	Maple court	2
Tremont street	5	River street	6

Concord street	5	Pleasant street	1
Glendale street	2	Warren street	1
Spring Lane	1	Total	131

Respectfully submitted,

EDWIN CARLTON,
Superintendent of Sewers.

TREE WARDEN'S REPORT

To the Board of Selectmen and the Citizens of the Town of Maynard:

I herewith submit my annual report as Tree Warden.

Appropriation	\$400.00
Expended	400.00

Forty-two shade trees were planted in the spring and most of these it was necessary to protect with guards.

Several large trees were killed by sewer interference and gas. These dead trees were removed and replaced by new plantings where it seemed advantageous to do so.

The usual necessary trimming was taken care of.

Respectfully submitted,

WILLIAM BISHOP,

Tree Warden.

REPORT OF FISH AND GAME WARDEN

Honorable Board of Selectmen:

Gentlemen—I herewith submit my report as Fish and Game Warden for the Town of Maynard from January 1st, 1930, to April 7th, 1930.

The localities paroled were Maynard, Stow, Sudbury, Acton, Concord, Bolton, Boxboro, Ayer, and Marlboro. There were three cases prosecuted at the Concord District Court. The total fines amounted to sixty dollars.

Respectfully submitted,

WM. H. WATERHOUSE,

Fish and Game Warden.

Sewerage bonds, second issue	93,000.00
	<hr/>
	\$317,000.00

GEO. H. GUTTERIDGE,

Treasurer.

REPORT OF WATER COMMISSIONERS

To the Board of Selectmen:

The report of the Water Commissioners for the year ending December 31, 1930, is herewith submitted.

The past year has been exceptionally dry and has caused all water departments considerable worry. The water in White Pond has been very low all year and has reached a lower level than at any time since the works were built.

The house on the Schneder land has been taken down and the house which was on the property of the Ice company, together with about ten acres of land has been sold.

We have not been able to secure the small lot of land belonging to the Pratt estate.

Some of the pipe on the line from the pond has been relaid and the floor in the reservoir has been completed.

The superintendent's report will give a detailed report of the work done by the department.

The bills approved this year amount to \$15,338.41; \$14,109.43 for maintenance and \$1,228.98 for construction, leaving a balance in the regular account of \$1,053.59, and in the land account of \$526.90.

An appropriation of \$17,400 will be needed to carry on the work of this department the coming year.

Respectfully submitted,

GAVIN TAYLOR,
JAMES C. MAHONEY,
CHRISTOPHER WILSON,

Water Commissioners.

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners:

Gentlemen—The report of the superintendent and registrar for the year ending December 31, 1930, is herewith submitted.

In carrying out our plans for this year the house on the Schneider property has been taken down. Most of the lumber from this building was taken to the pumping station to be used as needed. Some of the old lumber has been sold.

Another very dry year has brought the level of the water in the pond lower than ever before. A pump has been placed at the pond to pump the water from the pond into the gate-house. It was necessary to use this pump three

weeks during the summer to supply sufficient water for the needs of the town.

On the line from the pond we have put in three concrete manholes and put covers on several of the manholes. About 150 feet of the old pipe has been replaced with twelve-inch cement lined cast iron pipe. A part of this line has been cleaned of sand and roots. The brush has been cut the entire length of the line from the pumping station to the pond.

The receiving wells at the pumping station have been cleaned out several times during the year.

The pumping equipment at the pumping station is in fair condition. The boilers and pumps have been in service for a long time, and we must consider new pumping equipment very soon. I am looking into the matter of electric power, also the oil engine, for power to operate pumps.

A new concrete floor has been laid in the reservoir this year. This floor is laid in such a manner that it can be washed out quickly at any time. This concrete floor was put in by Ernest Barilone, contractor. About 100 feet of the iron shield on top of the wall has been renewed. The wooden fence has been repaired and 100 feet of new wire fence was put up.

The mains that have been laid this year to supply new houses are: White avenue 280 feet of four-inch to house of Mrs. Oldroyd; and Douglas avenue 100 feet of six-inch to supply house of Mr. Mariani.

The small pipe on Prospect street has been replaced with a six-inch cast iron pipe for a distance of 480 feet; in Acton court the small services were replaced with two-inch and one and one-quarter-inch cast iron pipe. Of the 600 feet of eight-inch pipe to be laid on Waltham street 280 feet has been laid this year.

Two new hydrants have been put in this year, one on Prospect street, and one on White avenue. Five hydrants have been repaired, one has been moved, and one has been raised.

SERVICES

Seven services have been added this year, making the number now in use 1468. Nine leaks in the services have been repaired. Twenty-two services have been completely renewed, eleven have been renewed from the main to the sidewalk, 20 have been repaired at the cellar wall, 24 have been cleaned out and five were frozen.

METERS

Six meters have been set and two have been discontinued, making the number now in use 1,430. Two hundred twenty-five meters have been changed and repaired the past year.

During the coming year we should thoroughly clean the pipe from White Pond to the pumping station and reinforce the tops of the stand pipes; point the joints in the wall of the stone well at the pumping station; clean the twelve inch main from the pumping station to the reservoir; replace the wooden fence around the reservoir with a wire fence; continue the eight-inch pipe on Waltham street, and connect the main on Great road with a six-inch pipe.

To do this and take care of the regular maintenance we will require \$17,400.00.

Your kind co-operation during the year has been appreciated.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF THE ENGINEER

To the Superintendent:

Sir—Aside from some small repairs on the pumping machinery and boilers no change has been made in the plant this year and the plant is in a fair condition.

Stock on hand December 31, 1930: 60 tons coal, 60 gallons cylinder oil, one gallon engine oil, six pounds grease, 20 pounds cotton waste, 23 pounds packing, eight pounds sheet packing, 17 pounds rawhide packing, 21 pump valves, 12 springs and studs.

PUMPING RECORD

	Coal	Gallons
January	41,060	9,002,577
February	35,930	8,051,335
March	3,455	9,374,832
April	37,660	8,534,095

Number of neat cattle assessed	3
Number of swine assessed	174
Number of dwelling houses assessed	1,398
Number of acres of land assessed	2,906½
Number of persons assessed for motor excise	1,731

REMARKS

During the past two years the state tax has been considerably lower than it was for several years preceding, but the board of assessors look for an increase this year, which will stay for some time, because of enactments passed in the legislature which will allow an old age pension to citizens beyond the age of seventy years who have been residents of the community for more than twenty successive years, and who need assistance during their remaining years. This pension will not pauperize any

one applying for it. Also, there will be an increase for authorized expenditures, for which bonds of the Commonwealth will be issued in an effort to relieve some of the unemployment throughout the state. The demands of the county on the community will also be greater, since there has been an increase in the number of institutions to be maintained.

The fact that building has not been developing within the confines of the town means that there will be a negligible increase, if any, in valuation to help carry the burden.

During the past year, as the report shows, \$283,884.14 was appropriated for town departments in the annual meeting in March. Later, meetings were held in September and December, and \$12,414.71 additional was taken to meet the needs created by departmental expenditures in excess of the original appropriations. This latter sum was taken from cash reserves, and while there remains some balance at the close of the fiscal year, the town has not the free cash to use in 1931 which it had at the beginning of 1930. Expenses remaining the same, which is not at all probable, the tax rate must be higher on this account.

A word of warning, which we sincerely hope the people of Maynard will consider carefully; namely: The tax burden on more than one-third of the taxpayers of the community has been substantially increased by the installation of sewerage. The assessors know that this number of taxpayers have had their sewer assessment spread over a period of ten years. The assessors know that in many cases the burden of the real estate tax in good times was all that many of them could afford. In some instances the annual payment for the sewer betterment is almost one-half increase of the original real estate tax. Should we not consider it a moral obligation to give these people consideration and not force them to lose their homes because of failure to meet their obligations as taxpayers, or will we continue to spend freely, force the town to sell or take these properties for non-payment of taxes and become a community known to be tax-title land poor? Economic conditions within our community must make us conservative now. These statements are not made as a plea, but as a warning to let everyone know what does exist and what the consequences must be if we continue as we have been doing in the past. The real estate property tax payer should feel obliged to attend every town meeting where money is to be raised or spent. Careful consideration of the requests for appropriations should be made and must be made if our town is to continue in prosperity.

WILBUR G. CLARK,
HERBERT W. MARTIN,
FRANK C. SHERIDAN,

Assessors.

TOWN CLERK'S REPORT

For year ending December 31, 1930

TOWN WARRANT

No. 311—Town Election February 10, 1930

COMMONWEALTH OF MASSACHUSETTS
Middlesex, ss.

To either of the Constables of the Town of Maynard, in said
County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative hall in said town, on Monday, February 10, 1930 next, at 6 o'clock a. m. Then and there to act on the following articles:

Article 1. To choose by the Australian system of balloting the following town officers: Three selectmen, one town clerk, one town treasurer, one moderator, one tax collector, one tree warden, three constables, each for one year; two members of board of health, one for two years, and one for three years; one member of school committee, one water commissioner, one member of board of public welfare, one trustee of public library, one assessor, one cemetery commissioner, two trustees of Soldiers' Memorial, each for three years; three sewer commissioners, one for one year, one for two years, and one for three years; and all other town officers to be chosen at said meeting.

For the purpose specified in this article, the polls will be open after the reading of the warrant and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of town officers and committees.

Article 3. To see if the town will authorize the treasurer with the approval of the majority of the selectmen, to borrow during the municipal year beginning January 1, 1930, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the town therefor, payable within one year from the dates thereof.

And you are directed to serve this warrant by posting an attested copy at the postoffice and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the town clerk or the selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-ninth day of January in the year of our Lord, one thousand nine hundred and thirty.

WILLIAM O. STROUT,
EDWIN CARLTON,
P. J. SCHNAIR,
Selectmen of Maynard.

Maynard, Feb. 1, 1930.

Middlesex, ss.

I have served the within named warrant by posting an attested copy of the same at the postoffice and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held February 10, 1930

The annual town election was held on the above date pursuant to town warrant No. 311.

The requirements of the law relating to preparation of the polling place being complied with, the town clerk read the warrant at six o'clock. a. m.

The following ballot clerks appointed by the selectmen were sworn by the town clerk: John J. Keegan, Henry A. Carlton, John E. King, Marion L. Jones and Agnes V. Driscoll.

The ballot clerks delivered to the town clerk a receipt for the ballots and check lists.

Alfred E. McCleary, moderator, examined the ballot box, the town clerk set the register at 0000, and Constable Nicholas J. Driscoll took charge of the box, holding the keys to the same during the hours of balloting.

Moderator McCleary declared the polls open at 6.05 o'clock a. m.

It was voted to postpone action on Articles 2 and 3 until two o'clock p. m.

In accordance with the authority vested in the moderator and town clerk by the General Laws, the counting of ballots began at 7.30 o'clock a. m., the tellers first being sworn by the town clerk, as follows: Albert E. Axford, Florence V. Mann,

John Hanson, Inez McDonald, Nathan Crowther, Henrietta Bamford, Herbert W. Martin, Michael J. Nee, Alice C. Smith, Harold Lyons, Alice L. Joyce, Thomas Maley, Helena Murphy, Eleanor Jones.

At 2 o'clock p. m., the following officers were elected by acclamation:

Fence Viewers—William Naylor, William O. Strout, Benjamin C. Brown.

Field Drivers—William Bishop, Josiah M. Herrick, John J. Driscoll.

Measurers of Wood and Bark—Alvah M. Dockerty, sworn February 21, 1930; Axel T. Lawson, Foster F. Whitney.

Surveyors of Lumber—William Naylor, Levi R. Cheney, sworn February 14, 1930; Joseph Foster.

Article 2. Voted to accept the reports of the several boards of town officers as printed and distributed in the annual reports of town officers, including the financial report of the town accountant of the town of Maynard, Massachusetts, for the year ending December 31, 1929.

Article 3. Voted unanimously that the treasurer be and hereby is authorized, with the approval of a majority of the selectmen, to borrow during the municipal year beginning January 1, 1930, in anticipation of the collection of the taxes, such sums of money as may be necessary for the current expenses of the town, but not to exceed in the aggregate \$150,000 giving the notes of the town therefor, payable within one year after the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year.

Article 1. The polls were closed at 4 o'clock p. m.

The number of ballots cast was nineteen hundred and fifty-seven (1957).

The register on the ballot box indicated nineteen hundred and sixty (1960). One ballot caught in the rollers of the register and registered three before being freed. The check lists each showed nineteen hundred and fifty-seven (1957) names checked.

The result of the count was announced at 4.40 o'clock p. m. and was as follows:

Town Warrant No. 312

Town Meeting March 10, 1930

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County,

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative hall in said town, on Monday, March 10, 1930, at 7.30 p. m.

Then and there to act on the following articles:

Article 1. To hear and act on reports of town officers and committees.

Article 2. To fill all vacancies in town offices.

Article 3. To see if the town will vote to appropriate and grant money for all necessary town purposes.

Article 4. To see what rate of interest the town will charge upon its unpaid taxes, after September 10, in the year of assessment. To do or act thereon.

Article 5. To see if the town will vote to appropriate the sum of \$250 (two hundred and fifty dollars) for Memorial Day. To do or act thereon.

Article 6. To see if the town will vote to appropriate the sum of \$50 (fifty dollars) for the salary of a fish and game warden. To do or act thereon.

Article 7. To see if the town will vote to appropriate the sum of \$1,000 (one thousand dollars) towards the salary of the public health nurse. To do or act thereon.

Article 8. To see if the town will vote to appropriate the sum of \$324 (three hundred and twenty-four dollars) for the purpose of providing suitable headquarters for Frank J. DeMars Post, No. 235, American Legion, in accordance with Chapter 40, Section 9, General Laws. To do or act thereon.

Article 9. To see if the town will accept the following cemetery funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood cemetery: Mary E. Martin, \$100; Sarah Jannell, \$100; Frank Kelly, \$25;

William Sherwood, \$150; William Bilson, \$50; Jean Coufter, \$100; Albert E. Randall, \$100. To do or act thereon.

Article 10. To see if the town will vote to raise and appropriate the sum of \$200 (two hundred dollars) or some other amount and elect a director, the money to be expended by and the director to serve in co-operation with the Middlesex county trustees for county aid to agriculture in the work of the Middlesex County Extension Service, under the provisions of Sections 40 to 45, Chapter 128, General Laws of Massachusetts. To do or act thereon.

Article 11. To see if the town will vote to adopt a reserve fund and appropriate from the treasury \$5,000 (five thousand dollars) to provide for extraordinary or unforeseen expenditures, transfers to be made to departments only by vote of the finance committee, or to do or act anything thereon, as provided for in section 6 (six) chapter 40 (forty) of the General Laws.

Article 12. To see if the town will raise and appropriate \$1,394.12 to pay for the cost of sewer connections to the school buildings or take what other action in relation thereto.

Article 13. To see if the town will authorize the school committee to establish and maintain State-aided vocational education in accordance with the provisions of Chapter 74, General Laws and Acts amendatory thereto, or dependent thereon, and further authorize the school committee to spend a sum not exceeding \$75 (seventy-five dollars) for the purpose. To do or act thereon.

Article 14. To see what action the town will take in regard to, the following unexpended balances of special appropriations:

Appropriation for fence at town dump	\$ 1.00
Appropriation for drainage at Darling's block	269.50
Appropriation for Fairfield street repairs	96.00
Appropriation for paper mill bridge approaches	63.33
Appropriation for paper mill bridge	2,478.15
Appropriation for Memorial Day05
Appropriation for junior high school building	1,362.08

\$4,270.11

To do or act thereon.

Article 15. To see if the town will vote to appropriate the sum of \$470.89 (four hundred seventy dollars and eighty-nine cents) to cover the overdraft of appropriation for Russell's bridge caused by the fact that the apportionment from the county was less than estimated. To do or act thereon.

Article 16. To see if the town will vote to abate the sewerage frontage assessments amounting to \$2,532 (two thousand five hundred and thirty-two dollars) levied on town property on the following streets: Summer, Nason, Glendale, Main, Bancroft and Concord. To do or act thereon.

Article 17. To see if the town will vote to establish the salaries of the sewer commissioners, and to raise and appropri-

ate a sufficient sum of money for said purpose. To do or act thereon.

Article 18. To see if the town will vote to raise and appropriate the sum of \$2,700 (two thousand, seven hundred dollars) for the necessary repairs to the fire department building. To do or act thereon.

Article 19. To see if the town will vote to install automatic traffic signals at the intersection of Summer and Nason streets and the intersection of Parker and Waltham streets, and to raise and appropriate sufficient sum of money for said purpose. To do or act thereon.

And you are directed to serve this warrant by posting an attested copy at the postoffice and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the town clerk or the selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-sixth day of February, in the year of our Lord, one thousand nine hundred and thirty.

FRANK S. BINKS,

P. J. SCHNAIR,

SAMUEL LERER,

Selectmen of Maynard.

Middlesex, ss.

Maynard, March 1, 1930.

I have served the within named warrant by posting an attested copy at the postoffice and one at ten other public places in said town seven days before the time of holding said meeting, as within directed.

JOHN CONNORS,

Constable of Maynard.

A true copy. Attest:

FRANK E. SANDERSON,

Town Clerk.

Proceedings of Town Meeting Held March 10, 1930

On the above date, pursuant to Town Warrant No. 312, a town meeting was held in Co-operative hall.

The town clerk read the warrant at 7.30 o'clock p. m.

Moderator Alfred E. McCleary, presided.

Article 1. Herbert H. Young, clerk of the finance committee read the report and recommendations of said committee. The report was filed with the town clerk.

Article 2. No vacancies to fill.

The moderator announced the following appointments:

Finance committee for three years—Cham. Ayotte, sworn April 4, 1930; Oswald C. Dreschler, sworn March 15, 1930; Lester W. Cowles, sworn March 18, 1930.

Article 3. On motion of Herbert W. Martin: Voted to act on Article 11 and Article 14 in conjunction with Article 3.

Articles 3, 11 and 14. On motion of Herbert W. Martin, voted that \$4,270.11, referred to in Article 14 be transferred for use in appropriation under Article 11, substituting for the \$5,000 called for in that article, namely: to provide for extraordinary or unforeseen expenditures, transfers to be made to departments only by vote of the finance committee, as provided for in section 6 (six) chapter 40 (forty) of the General Laws.

Voted to appropriate for:

Salaries and expenses of selectmen	\$3,295.00
Inspector of animals	100.00
Town offices and hall	2,105.00
State aid	100.00
Military aid	250.00
Soldiers' Relief	500.00
Street lighting	10,055.59
Additional White Way lights	440.00
Accounting	950.00
Treasurer's department	1,250.00
Assessors department	2,500.00
Town clerk's department	790.00
Registration and elections	785.00
Police department	11,000.00
Fire department	8,000.00
Sealer of weights and measures	250.00
Forestry	400.00
Moth suppression	1,050.00
Board of health	387.00
Sewer department for connections	15,000.00

Said amount to be appropriated and transferred from water department surplus, and to be returned to the water department within the year 1930.

Maintenance of sewer	4,000.00
Public welfare department	18,000.00
School department	114,800.00
Public library, dog tax and	3,300.00
John A. Crowe park	250.00
Memorial park	750.00
Water department	16,392.00

From water department surplus:

Cemetery department	3,000.00
Interest on town debt	15,546.00
Highways	21,180.00
Snow removal	4,000.00
Drain on Acton street	3,000.00

Sidewalks and curbing	4,345.00
Tax collector	1,546.43
Sewer connections for schools	1,394.12

On motion of Herbert W. Martin, voted that \$25,000 be taken from the excess and deficiency account to reduce the amount to be raised under Article 3, by taxation.

Article 4. On motion of Howard J. Herbert, voted that all taxes remaining unpaid after November 1 bear interest, at the rate of 6% per annum, from October 15, and all taxes in excess of \$200 remaining unpaid after January 1, 1931, bear interest at 3% on the excess of \$200.

Article 5. Voted to appropriate \$300 for Memorial Day.

Article 6. Voted to appropriate \$50 for the salary of a fish and game warden.

Article 7. Voted to appropriate \$1,000 towards the salary of a public health nurse.

Article 8. Voted to appropriate \$324 for rent of quarters for Frank J. DeMars Post, No. 235, American Legion.

Article 9. On motion of George H. Gutteridge, voted that the town accept the following cemetery funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood cemetery:

Mary E. Martin, \$100.

Frank Kelley, \$25.

William Bilson, \$50.

Albert E. Randall, \$100.

Sarah Jannell, \$100.

William Sherwood, \$150.

Jean Coulter, \$100.

Article 10. Voted to appropriate \$200, and elect a director, the money to be expended by and the director to serve in co-operation with the Middlesex county trustees for county aid to agriculture in the work of the Middlesex county extension service, under the provisions of sections 40 to 45, Chapter 128, General Laws of Massachusetts.

Charles H. Walker was elected director.

Article 11. Acted on previously.

Article 12. Acted on under Article 3.

Article 13. Voted to appropriate \$75 and to authorize the school committee to establish and maintain State-aided vocational education in accordance with the provisions of Chapter 74, General Laws and Acts amendatory thereto.

Article 14. Acted on under Article 3.

Article 15. Voted to appropriate \$470.89 to cover the overdraft of appropriation for Russell's bridge.

Article 16. On motion of Herbert W. Martin, voted to suspend sewerage frontage assessments amounting to \$2,532 levied on town property on Summer, Nason, Glendale, Main, Bancroft and Concord streets, until such time as said property shall be used for other than town purposes.

Article 17. On motion of R. Frank Punch, voted to establish the salary of sewer commissioners at \$100 each. Voted to appropriate \$300 for the salary of sewer commissioners.

Article 18. Voted to appropriate \$2,700 to repair the fire department building.

Article 19. On motion of Thomas H. Tierney, voted to pass over this article.

Voted at 9.40 o'clock, to adjourn.

Attest:

FRANK E. SANDERSON,
Town Clerk.

Maynard, May 31, 1930.

In accordance with the provisions of Section 19, of Chapter 41, of the General Laws of Massachusetts, I hereby appoint Helen L. Lyons, of said Maynard, to be assistant town clerk during the current municipal year, or until this appointment is revoked.

FRANK E. SANDERSON,
Town Clerk of Maynard.

I, Helen L. Lyons, above named do solemnly swear that I will faithfully perform the duties devolving upon me as assistant town clerk of the town of Maynard, Mass.

HELEN L. LYONS.

Subscribed and sworn to this thirty-first day of May, 1930, before me.

FRANK E. SANDERSON,
Town Clerk of Maynard.

TOWN WARRANT, NO. 313

Town Meeting Held September 15, 1930

COMMONWEALTH OF MASSACHUSETTS

Middlesex ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall, in said town, on Monday, September 15, 1930, next, at 7.30 P. M., then and there to act on the following articles:

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To see if the Town will vote to raise and appropriate the sum of \$3,900, (three thousand nine hun-

dred dollars) for the use of the Highway Department. To do or act thereon.

Article 3. To see if the Town will vote to raise and appropriate the sum of \$816.49 (eight hundred and sixteen dollars and forty-nine cents) to pay all damages incurred by reason of the reclamation of Summer and Waltham streets. To do or act thereon.

Article 4. To see if the Town will vote to authorize and empower the Selectmen to take by eminent domain or acquire by purchase 532 square feet, more or less, of the land belonging to Carrie A. King at the corner of Brooks and Summer streets. To do or act thereon.

Article 5. To see if the Town will vote to raise and appropriate the sum of \$550 (five hundred and fifty dollars) to pay for the expense of improvement at the corner of Summer and Brooks streets, the property of Mrs. Carrie A. King. To do or act thereon.

Article 6. To see if the Town will vote to appropriate the sum of \$650 (six hundred and fifty dollars) for painting and repairing of the Fire Station. To do and act thereon.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$100 (one hundred dollars) for the Tree Warden. To do or act thereon.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$500 (five hundred dollars) for the Police Department for signs and crosswalks. To do or act thereon.

Article 9. To see if the Town will vote to accept Linden street as a public way, in accordance with plans submitted to the Selectmen by the petitioners. To do or act thereon.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$150 (one hundred and fifty dollars) for the General Government Department for rent for new quarters for Police Department. To do or act thereon.

Article 11. To see if the Town will appoint a committee of three or more to investigate sites and make recommendation for locating all town departments together. To do or act thereon.

Article 12. To see if the Town will vote to appropriate a sum not in excess of \$1200 (twelve hundred dollars) for the purpose of paying the balance due to Edward McGirr for services rendered as architect of the Junior High school and auditorium. To do or act thereon.

Article 13. To see if the Town will vote to amend the vote taken under Article 3 of the Town Warrant for the Annual Town Meeting held March 10, 1930, whereby it was voted "to appropriate \$15,00 (fifteen thousand dollars) for Sewer Department connections, said amount to be appropriated and transferred from Water Department surplus, and to be returned to the Water Department within the year

1930," by striking out the last twenty-three words of said vote, so that the vote will read as follows: Voted to appropriate \$15,000 (fifteen thousand dollars) for Sewer Department connections. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk or the Selectmen at or before the time appointed for holding said meeting.

Given under our hands this sixth day of September, in the year of our Lord, one thousand nine hundred and thirty-

FRANK S. BINKS,
P. J. SCHNAIR,
SAMUEL LERER,
Selectmen of Maynard.

Middlesex, ss.

Maynard, Sept. 15, 1930.

I have served the within named Warrant by posting an attested copy of the same at the Post Office and one at ten other places in said town, seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest: FRANK E. SANDERSON.

PROCEEDINGS OF TOWN MEETING
Held Sept. 15, 1930

A Town Meeting was held on the above date under Town Warrant, No. 313.

Moderator Alfred E. McCleary presided. The Warrant was read by the Town Clerk at 7.30 o'clock.

Action under the various articles was as follows:

Article 1. Cham Ayotte, of the Finance Committee read the recommendations of said committee.

Article 2. On motion of Herbert W. Martin, Voted to appropriate \$3,900 for the use of the Highway Department, the same to be taken from excess and deficiency fund.

Article 3. On motion of George H. Gutteridge, Voted to lay this article on the table.

Articles 4 and 5. On motion of P. J. Schnair, Voted to ratify and confirm the acts of the Selectmen in acquiring by purchase the land of Carrie A. King at the corner of Brooks and Summer streets, in said Maynard, and if neces-

sary to perfect the title thereto, to authorize and empower the Selectmen to take by eminent domain for highway purposes the land at said location and more particularly shown on a plan drawn by Horace F. Tuttle, dated June, 1930, and that \$550 be appropriated from the excess and deficiency fund for said purpose.

Article 6. On motion of John Wollerscheid, Voted to appropriate \$650, same to be taken from Water Department surplus, for painting and repairing of the Fire Station.

Article 7. On motion of Herbert W. Martin, Voted to indefinitely postpone action on this article.

Article 8. On motion of John Connors, Voted to appropriate \$500, same to be taken from the excess and deficiency fund, for the Police Department, for signs and cross-walks.

Article 9. On motion of Arthur J. Sullivan, Voted to accept Linden street as a public way, in accordance with plans filed with the Selectmen.

Article 10. On motion of Joseph Dineen, Voted to appropriate \$150, same to be taken from Water Department surplus, for the General Government Department for rent for new quarters for Police Department.

Article 11. On motion of John Connors, Voted to lay this article on the table.

Article 12. On motion of Herbert W. Martin, Voted to lay this article on the table.

Article 13. On motion of Herbert W. Martin, Voted, That the vote taken under Article 3 of the Town Warrant for the annual town meeting held March 10, 1930, whereby it was voted "to appropriate \$15,000 for the sewer department connections, said amount to be appropriated and transferred from the Water Department surplus and to be returned to the Water Department within the year 1930," be amended by striking out the last thirteen words of said vote, so that the vote will read as follows: Voted to appropriate \$15,000 for sewer department connections, said amount to be appropriated and transferred from the Water Department surplus.

Voted to adjourn at 9.15 o'clock.

Attest:

FRANK E. SANDERSON,
Town Clerk.

TOWN WARRANT, NO 314
State Primary September 16, 1930

THE COMMONWEALTH OF MASSACHUSETTS
Middlesex, ss.

To either of the Constables of the Town of Maynard,
Greeting:

In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries to meet in Co-operative Hall, Tuesday, the sixteenth day of September, 1930, at 2.00 o'clock P. M., for the following purposes:

To bring in their votes to the primary officers for the nomination of candidates of political parties for the following offices:

Governor for this Commonwealth; Lieutenant Governor for this Commonwealth; Secretary of the Commonwealth for this Commonwealth; Treasurer and Receiver-General for this Commonwealth; Auditor of the Commonwealth for this Commonwealth; Attorney General for this Commonwealth; Senator in Congress for this Commonwealth; Representative in Congress for Fifth Congressional District; Councillor for Third Councillor District; Senator for Fifth Middlesex Senatorial District; One Representative in General Court for Tenth Middlesex Representative District; District Attorney for Northern District; Register of Probate and Insolvency for Middlesex County; County Commissioner for Middlesex County; Associate County Commissioners (2) for Middlesex County; County Treasurer for Middlesex County.

And for the election of the following officers:

District Member of State Committee for each political party for the Fifth Senatorial District; Nine Members of the Republican Town Committee; Nine Members of the Democratic Town Committee; Four Delegates to State Conventions of the Republican party; Four Delegates to State Conventions of the Democratic party.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from two p. m. to eight p. m.

And you are directed to serve this Warrant by posting attested copies thereof seven days at least before the time of said meeting as directed by vote of the town.

Hereof fail not, and make due return of this warrant with your doings thereon, at the time and place of said meeting.

Given under our hands this sixth day of September, A. D., 1930.

FRANK S. BINKS,
P. J. SCHNAIR,
SAMUEL LERER,
Selectmen of Maynard.

Middlesex, ss.

September 8, 1930.

I have served the within named warrant by posting an attested copy at the Post Office and one at ten other public

places in said town seven days before the time of holding said meeting, as within directed.

JOHN CONNORS,
Constable of Maynard.

.. A true copy,
Attest: FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF STATE PRIMARY
Held September 16, 1930

Pursuant to Town Warrant, No. 314, the voters of Maynard cast their ballots for the nomination of candidates and the election of delegates to conventions and town committees of Republican and Democratic parties on the above date.

The Town Clerk posted cards of instruction and specimen ballots as required by law.

The ballot box was examined and the register set at 0000. Constable Nicholas J. Driscoll took charge of the box and held the keys to the same throughout the balloting.

Following the reading of the warrant by the Town Clerk at two o'clock P. M. the polls were declared open.

Ballots and check lists were delivered to the following ballot clerks, who were sworn by the Town Clerk: John C. Brayden, Nathan Crowther, Chester Irwin, John E. Connors.

The polls were closed at 8 o'clock P. M. The total number of ballots cast was three hundred and seventy-six, of which fifty-eight were Democrat ballots and three hundred and eighteen were Republican ballots.

The ballots were counted as voting progressed in accordance with the provisions of General Laws relating to State Primaries in Towns, Chapter 54, Section 105.

The Tellers sworn by the Town Clerk were as follows: Isaac H. Binks, Harold A. Lyons, John F. White, and Frank S. Binks, Chairman of the Board of Selectmen.

The check list at the gate and ballot box showed three hundred and eighteen names of Republican voters, and fifty-eight Democrat voters checked.

The register of the ballot box indicated three hundred and seventy-five, one less than the actual number cast.

The result was announced at 10.30 o'clock P. M.

TOWN WARRANT. NO. 315

State Election. November 4, 1930

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said
County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Cooperative hall, in said town, on Tuesday, the fourth day of November, 1930, at 6 o'clock a. m., to 4 o'clock p. m.

Then and there to bring in their votes to the selectmen for the following offices: Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General, all for this Commonwealth; Senator in Congress, Congressman for the Fifth Congressional District, Councillor for the Third Councillor District, Senator for the Fifth Middlesex Senatorial District, One Representative in General Court for the Tenth Middlesex Representative District, District Attorney for the Northern District, Register of Probate and Insolvency for the Middlesex County, County Commissioner for Middlesex County, Two Associate County Commissioners for Middlesex County, County Treasurer for Middlesex County.

Also to vote on the following questions:

QUESTION NO. 1

Article XXI of the articles of amendment is hereby annulled and the following is adopted in place thereof:

Article XXI. In the year nineteen hundred and thirty-five and every tenth year thereafter a census of the inhabitants of each city and town shall be taken and a special enumeration shall be made of the legal voters therein. Said special enumeration shall also specify the number of legal voters residing in each precinct of each town containing twelve thousand or more inhabitants according to said census and in each ward of each city. Each special enumeration shall be the basis for determining the representatives districts for the ten year period beginning with the first Wednesday in the fourth January following said special enumeration; provided, that such districts as established in the year nineteen hundred and twenty-six shall continue in effect until the first Wednesday in January in the year nineteen hundred and thirty-nine.

The house of representatives shall consist of two hundred and forty members, which shall be apportioned by the general court, at its first regular session after the return of each special enumeration, to the several counties of the commonwealth, equally, as nearly as may be, according to their relative numbers of legal voters, as ascertained by said special enumeration; and the town of Cohasset, in the county of Norfolk, shall, for this purpose, as well as in the formation of districts as hereinafter provided, be considered a part of the county of Plymouth; and it shall be the duty of the secretary of the commonwealth to certify, as soon as may be after it is determined by the general court, the number of representatives to which each county shall be entitled, to the board authorized to divide such county into representative districts. The county commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law, shall, within thirty days after such certification by the secretary of the commonwealth or within such other period as the general court may by law provide, assemble at a shire town of their respective counties, and proceed, as soon as may be, to divide the same into representative districts of contiguous territory and assign representatives thereto, so that each representative in such county will represent an equal number of legal voters, as nearly as may be; and such districts shall be so formed that no town containing less than twelve thousand inhabitants according to said census, no precinct of any other town and no ward of a city shall be divided therefor, nor shall any district be made which shall be entitled to elect more than three representatives. The general court may by law limit the time within which judicial proceedings may be instituted calling in question any such apportionment, division or assignment. Every representative, for one year at least immediately preceding his

election, shall have been an inhabitant of the district for which he is chosen, and shall cease to represent such district when he shall cease to be an inhabitant of the commonwealth. The districts in each county shall be numbered by the board creating the same, and a description of each, with the numbers thereof and the number of legal voters therein, shall be returned by the board, to the secretary of the commonwealth, the county treasurer of such county, and to the clerk of every city or town in such county, to be filed and kept in their respective offices. The manner of calling and conducting the elections for the choice of representatives, and of ascertaining their election, shall be prescribed by law.

Article XXII of the articles of amendment is hereby annulled and the following is adopted in place thereof:

Article XXII. Each special enumeration of legal voters required in the preceding article of amendment shall likewise be the basis for determining the senatorial districts and also the councillor districts for the ten year period beginning with the first Wednesday in the fourth January following such enumeration; provided, that such districts as established in the year nineteen hundred and twenty-six shall continue in effect until the first Wednesday in January in the year nineteen hundred and thirty-nine. The Senate shall consist of forty members. The general court shall, at its first regular session after the return of each special enumeration, divide the commonwealth into forty districts of contiguous territory, each district to contain, as nearly as may be, an equal number of legal voters, according to said special enumeration; provided, however, that no town or ward of a city shall be divided therefor; and such districts shall be formed, as nearly as may be, without uniting two counties, or parts of two or more counties, into one district. The general court may by law limit the time within which judicial proceedings may be instituted calling in question such division. Each district shall elect one senator, who shall have been an inhabitant of this commonwealth five years at least immediately preceding his election, and at the time of his election shall be an inhabitant of the district for which he is chosen; and he shall cease to represent such senatorial district when he shall cease to be an inhabitant of the commonwealth.

Acceptance of the following

“LAWS PROPOSED BY INITIATIVE PETITION.”

QUESTION NO. 2

“An Act to repeal section two A of chapter one hundred and thirty-eight of the General Laws, inserted by chapter three hundred and seventy of the acts of nineteen hundred and twenty-three.”

QUESTION NO. 3

“An Act to amend chapter one hundred and thirty-one of the General Laws.”

The polls will open at 6 o'clock a. m., and remain open until 4 o'clock p. m., when they shall be closed, unless the meeting there assembled otherwise determines.

And you are directed to serve this warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, to the town clerk or the selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-second day of October, in the year of our Lord one thousand nine hundred and thirty.

FRANK S. BINKS,
P. J. SCHNAIR,
SAMUEL LERER,
Selectmen of Maynard.

Middlesex, ss.

Maynard, October 27, 1930.

I have served the within named warrant by posting an attested copy at the Post Office and one at ten other public places in said town, seven days before the time of holding said meeting, as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy. Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of State Election November 4, 1930

Pursuant to Town Warrant No. 315 the voters of Maynard cast their ballots on the above date for state, county and district officers, also on questions submitted to voters under amendments to the constitution, Article XLVIII, general provisions IV.

The town clerk posted specimen ballots and instruction cards prior to the time of opening the polls, and delivered the ballots and voting lists to the ballot clerks, taking their receipt for the same.

The ballot clerks were sworn by the town clerk as follows: Agnes V. Driscoll, Marion L. Jones, Albert E. Axford, George D. Sharpe and John E. Connors.

The clerk and presiding officer, Frank S. Binks, chairman of the selectmen, examined the ballot box and set the register at 0000. Constable Nicholas Driscoll then took charge of the box and held the keys to the same.

At six o'clock the warrant was read by the town clerk and the presiding officer declared the polls open at 6.10 o'clock.

The tellers appointed by the selectmen were sworn by the town clerk as follows: Henry A. Carlton, William Johnston, Isaac H. Binks, Michael J. Nee, George E. Lawton, William L. Carr, James H. Mallinson, Jr., Daniel A. Coughlin, Herbert W. Martin, Lessie G. McGarry, Alice C. Smith, Florence V. Mann, Alice L. Joyce, Inez E. McDonald, Annie Duggan, Loretta F. Tobin, Celia Kane, Eleanor Jones.

The presiding officer and town clerk deeming it expedient so to do, took ballots from the box at various times, and counting continued throughout the day, beginning at eight o'clock a. m.

The absent voters ballots received by the town clerk were delivered to the presiding officer who examined the affidavits on the envelopes containing the ballots. The tally of said ballots was then prepared showing 16 received, 15 accepted and 1 rejected. Said tally was filed with the tally sheets prepared by the tellers, and the absent voters ballots cast when the polls were closed at four o'clock. The total number of ballots voted was eighteen hundred and eighty four.

The check lists each showed eighteen hundred and eighty four names checked.

The register on the ballot box indicated eighteen hundred and ninety-seven.

The register turned three numbers when a ballot became caught in the rollers, and at another time registered ten at once.

The result of the counting was announced by the town clerk at 5.05 o'clock as follows:

Question No. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Shall an amendment to the constitution relative to the apportionment of senatorial, representative and councillor districts, further described as follows:

The proposed amendment of the Constitution provides for the annulment of Article XXI. of the Articles of Amendment of the Constitution and the substitution thereof of a new Article XXI., and for the annulment of Article XXII. of the Articles of Amendment of the Constitution and the substitution thereof of a new Article XXII. The proposed amendment embodies in substance the following changes in and additions to said Articles XXI. and XXII.:

1. In proposed Article XXI., towns of twelve thousand inhabitants or more may be divided in forming representative districts. No precincts, however, in such towns may be divided. In taking the census the special enumeration of legal voters shall specify the number residing in each precinct of such towns. Under existing Amendment XXI. no town may be divided and no specification of the number of voters in a precinct is required.

2. The division of a county into representative districts and the apportionment of representatives to districts therein is to be made by "The county commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law" Under Article XXI, as it now stands the division and apportionment is made by "The mayor and aldermen of the city of Boston, the county commissioners of other counties than Suffolk—or in lieu of the mayor and aldermen of the city of Boston, or of the county commissioners in each county other than Suffolk, such board of special commissioners in each county, to be elected by the people of the county, or of the towns therein, as may for that purpose be provided by law" The time for assembling of such commissioners, board or body for the purpose of making such division and apportionment is also changed, from the first Tuesday of August next after each assignment by the Legislature of the number of representatives to each county, to a time within thirty days after certification by the Secretary of the Commonwealth to such commissioners, board or body of the number so assigned, or within such other period as the General Court may by law provide.

3. Under the proposed Articles, each special enumeration shall be the basis for determining the districts, senatorial, representative and councillor, for the ten-year period beginning in the fourth January following said special enumeration and the present division of districts is to remain in effect until January, 1939. Under the existing amendments the ten-year period is the period between the taking of each census. (Thus, the next re-division based upon the next census in 1935 would, under the proposed Articles, affect those elected in 1938 to hold office beginning in January, 1939, instead of affecting those elected in 1936 to hold office beginning in January, 1937. Under existing amendments representation of newly created districts begins in January of the second year after each ten-year census, whereas under the proposed article it would begin in January of the fourth year thereafter.) The number of representatives (240), senators (40), and councillors (8) is not changed.

4. The Legislature may limit the time within which a division of representative, councillor or senatorial districts may be questioned by judicial proceedings. The existing amendments contain no provision that itself limits or authorizes the Legislature to limit such time; which received in a joint session of the two Houses held May 17, 1928, 182 votes in the affirmative and 48 in the negative, and at a joint session of the two Houses held May 26, 1930, received 155 votes in the affirmative and 88 in the negative, be approved?

Yes	578
No	228
Blanks	1078

Question No. 2

LAW PROPOSED BY INITIATIVE PETITION

Shall the proposed law which amends the General Laws by striking out Chapter 138, Section 2A, which section provides that, "No person shall manufacture, transport by air craft, water craft or vehicle, import or export spirituous or intoxicating liquor as defined by section three, or certain non-intoxicating beverages as defined by section one, unless in each instance he shall have obtained the permit or other authority required therefor by the laws of the United States and the regulations made thereunder," which law was disapproved in the House of Representatives by a vote of 110 in the affirmative and 123 in the negative, and in the Senate by a vote of 11 in the affirmative and 26 in the negative, be approved?

Yes	913
No	612
Blanks	359

Question No. 3

LAW PROPOSED BY INITIATIVE PETITION

Shall the proposed law which amends General Laws, Chapter 131, by inserting therein a new section number 59A, which in substance makes it a misdemeanor punishable by a fine of fifty dollars for any person to use, set or maintain any trap or other device for the capture of fur-bearing animals which is likely to cause continued suffering to an animal caught therein and which is not designed to kill the animal at once or take it alive unhurt, except traps or other devices for protection against vermin, set or maintained within fifty yards of any building or cultivated plot of land to the use of which the presence of vermin may be detrimental, which law was disapproved in the Senate by a vote of 12 in the affirmative and 24 in the negative, and in the House of Representatives by a vote of 48 in the affirmative and 167 in the negative, be approved?

Yes	873
No	448
Blanks	563

The meeting dissolved at 5.20 o'clock p. m.

Attest:

FRANK E. SANDERSON,
Town Clerk.

November 14, 1930

We, the subscribers, town clerks of the towns of Stow, Box-boro, Hudson and Maynard, comprising the Tenth Middlesex Representative District, met this day according to law and canvassed the votes cast in said towns on the fourth day of Novem-

ber, 1930, for representative in General Court from said district and the votes so cast were as follows:

	Patrick Edward Kearney	Leslie W. Sims	Blanks
Stow	67	297	13
Boxboro	24	79	4
Hudson	1289	1037	82
Maynard	731	999	154
	<hr/> 2111	<hr/> 2412	<hr/> 253

FRANCIS W. WARREN,
Town Clerk of Stow
THOMAS A. STEELE,
Town Clerk of Boxboro
FRED O. WELSH,
Town Clerk of Hudson.
FRANK E. SANDERSON,
Town Clerk of Maynard.

TOWN WARRANT NO. 316

Town Meeting December 12, 1930

COMMONWEALTH OF MASSACHUSETTS
Middlesex, ss

To either of the Constables of the Town of Maynard in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative hall, in said town, on Friday, December 12, 1930 next, at 7.30 p. m.

Then and there to act on the following articles:

Article 1. To hear and act on reports of town officers and committees.

Article 2. To see if the town will vote to take from the overlay reserve the sum of \$4,800 (forty-eight hundred dollars) for the use of the public welfare department. To do or act thereon.

Article 3. To see if the town will vote to appropriate the sum of \$816.49 (eight hundred sixteen dollars and forty-nine cents) to pay all damages incurred by reason of the relocation of Summer and Waltham streets. To do or act thereon.

Article 4. To see if the town will vote to appropriate the sum not exceeding \$1,200 (twelve hundred dollars) for the purpose of paying the balance due to Edward McGirr for services rendered as architect of the Junior High school and auditorium. To do or act thereon.

And you are directed to serve this warrant by posting an attested copy at the postoffice and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, to the town clerk or the selectmen, at or before the time appointed for holding said meeting.

Given under our hands this fourth day of December, in the year of our Lord one thousand nine hundred and thirty.

FRANK S. BINKS,
P. J. SCHNAIR,
SAMUEL LERER,

Selectmen of Maynard.

Middlesex, ss.

Maynard, December 5, 1930

I have served the within named warrant by posting an attested copy at the postoffice and one at ten other public places in said town seven days before the time of holding said meeting, as within directed.

JOHN CONNORS,

A true copy,

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting Held December 12, 1930

A special town meeting was held on the above date in accordance with Town Warrant No. 316.

Moderator Alfred E. McCleary called the meeting to order at 7.30 o'clock and the town clerk read the warrant.

Article 1. Cham. Ayotte of the finance committee read the report and recommendations of said committee.

Article 2. On motion of Herbert W. Martin, voted that the town take \$4,800 from the overlay reserve account, the same to be applied for the use of the public welfare department.

Article 3. On motion of Herbert W. Martin, voted that the town appropriate the sum of \$816.49, the same to be taken from the excess estimated receipts of the current year, to pay all damages incurred by reason of the relocation of Summer and Waltham streets.

Article 4. On motion of Herbert W. Martin, voted that the town appropriate the sum of \$1,048.22, the same to be taken from the excess estimated receipts of the current year, for the purpose of paying the balance due to Edward McGirr for services rendered as architect of the Junior High school and auditorium.

At 7.42 o'clock the meeting voted to adjourn.

Attest:

FRANK E. SANDERSON,
Town Clerk.

**Parents Be Sure To Record the Birth of Your Child
With Given Name In Full**

READ THE LAW!

Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. * * * * * Gen. Laws, Chap. 46, Sec. 6.

Some of the many reasons why birth should be recorded:

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has the right to enter school.

To show when the child has the right to seek employment under the child labor law.

To establish the right of inheritance to property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold to, and to buy or sell real estate.

To establish the right to hold public office.

To prove the age at which the marriage contract may be entered into.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

NOTICE

All dog licenses here listed expire March 31, 1931.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

CEMETERY DEPARTMENT

To the Board of Selectmen:

Gentlemen— The Cemetery Commissioners herewith submit the annual report for the year ending Dec. 31, 1930.

In the death of the late Louis N. Shaw, for many years a conscientious member of this department, the town has lost an invaluable worker.

Mr. Shaw was always interested in the improvement and beautification of the cemetery and he gave immeasurably of his time and strength to serve his fellow townsmen.

During the past year the cemetery fence has been raised along Parker street. A new section of the cemetery land has been surveyed and the Commissioners propose grading a portion of the newly surveyed section, thus making more lots available.

Appropriation	\$3,000.00
Interest on cemetery funds	979.13
	\$3,979.13
Expenditures	\$3,977.91
	\$ 1.22

Respectfully submitted,

O. A. DUNHAM, Chairman,
ROBERT E. HARTIN, Secretary.
CLIFFORD CHENEY,

JOHN A. CROWE PARK

To the Board of Selectmen:

Gentlemen—I herewith submit my report for the year ending December 31, 1930.

The grand stand and field are in good condition and with a small amount of grading will not need much work for this year.

Appropriation	\$250.00
Expended	199.22
	\$50.78

Yours respectfully,
JOHN C. BRAYDEN, Superintendent.

LIBRARY DEPARTMENT

To the Citizens of the Town of Maynard:

I herewith submit my report as librarian for the year 1930.

The requirements of a public library today are so much more than those of a few years ago, that constant demands are made on us for books of culture and aids to higher education. The Division of Public Libraries assists by lending books of new fiction and by giving valuable advice. This past year we borrowed books on many subjects, among them works on painting, music, drama, psychology, nursing, literature, commercial art, aircraft, chemistry and automobile repairs, as well as books in the Finnish and the Polish languages, which the people of these nationalities thoroughly enjoy. People for whom we request a loan from the library commission should co-operate to the extent of returning the book within the specified time, as it must be sent to Boston after it is returned to this library. The Boston Public library and the Concord Free public library have honored letters presented by patrons of this library. We are grateful for this kindness.

Early in February a new registration of patrons was begun, the old system having been in use for many years. This new registration numbers at present 1196 card holders.

In August, Miss E. Louise Jones and her assistant of the library commission, assisted by the library staff, re-arranged the books in the library, discarding only those which had outlived their usefulness. The books were cleaned, varnished and arranged in alphabetical order of the authors. This made the library more attractive and a desired book more easily found. The comments from our patrons have been very gratifying.

A normal school librarian told me recently that it is surprising how many pupils enter normal school without a working knowledge of reference books, therefore the meeting of the Superintendent of schools, the principal and English teachers, with the library trustees and the library staff has been a step in the right direction. We have come to understand each the problem of the other and to work toward a common end—the intelligent use of the library by the school children. During Children's Book Week, Miss Mary Doyle, principal of the junior high school, brought her classes to the library and instructed them in the use of the library and how to use the reference books. For Junior High School book report work a very constructive program has been worked out, with mutual benefit to all.

The purchase of the Americana Encyclopedia and the set of Lands and Peoples has made a useful and welcome

addition to our reference shelves; both sets are in almost constant use.

I am pleased to report that the circulation this year is more than five thousand higher than our busiest year, which was 1927. To a certain extent the industrial depression has been responsible, but aside from this, there seems to be a steady growing interest in the library, particularly by the school children.

In closing I wish to extend my hearty appreciation of the kindly help and co-operation of the assistants and the trustees throughout the year.

Books in library Jan. 1, 1930	7865
Discarded by Miss Jones, State Secretary.....	784
Worn out and not replaced	317
Books bought in 1930	331
Gifts	83
Books in library Jan. 1, 1931	7178
Books bound in 1930	239
Circulation	42,820
Fines	\$104.13
Books borrowed from Library Commission ...	60

We are indebted to the Division of Public Libraries, Mrs. Pierce and Mr. Richardson Englebretson, for gifts of books during the year.

Respectfully submitted,

MARY E. MOYNIHAN.

Registration and Election	998.00	790.00
Police	785.00	785.00
Fire department	12,300.00	11,000.00
Sealer of Weights and Measures	8,000.00	8,000.00
Forestry	250.00	250.00
Moth suppression	400.00	400.00
Board of Health \$2,270, removal of garbage \$1,000, Inspector of Milk \$400, Inspector of Slaughtering \$200	1,050.00	1,050.00
Sewerage, house connections, sewer maintenance, const..	4,370.00	3,870.00
Public Welfare	19,000.00	19,000.00
Schools	18,000.00	18,000.00
Library	114,000.00	110,000.00
	3,200.00	3,200.00

John A. Crowe park	250.00	250.00
Memorial park	750.00	750.00
Water	16,600.00	16,392.00
Cemetery	3,000.00	3,000.00
Voted: Interest on town debt. . .	15,546.08	15,546.00
Highways	21,180.00	21,180.00
Snow removal	4,000.00	4,000.00
Drain on Acton street	3,000.00	3,000.00
Sidewalks and curbing	4,345.00	4,345.00
Puffer road	1,000.00	
Tax Collector	1,546.43	1,546.43
Voted: Reserve fund for finance committee	5,000.00	5,000.00
Voted: Sewer connection for schools	1,394.12	1,394.12
Voted: State Aided Vocational Education	75.00	75.00
Overdraft on Russell's bridge . .	470.89	470.89
Salaries for sewer commissioners	300.00	300.00
Repairs on fire engine house . .		2,700.00

The finance committee met Jan. 13, Feb. 5, Feb. 12, Feb. 19, Feb. 24, Feb. 27, 1930, at which time items of the budget were discussed and recommendations made thereon.

Voted to recommend that tax collector and treasurer's offices and persons be insured against burglary and robbery.

At the February 24 meeting the fire department engineers conferred with the finance committee in regard to necessary repairs on Engine House.

Selectmen and superintendent of streets also conferred with committee in regard to various town matters.

Feb. 27, 1930.

The fire department engineers submitted two estimates for necessary repairs at Engine House.

For cement floor and cellar	\$1500	\$1500
Coal burner, boiler	890	Oil burner 1565
Painting	300	300

The finance committee recommended the appropriation of \$1,500 for cement floor and cellar; \$890 for new boiler, burning coal; \$310 for painting.

These repairs, in the opinion of one of the engineers, will be adequate for a period of 15 to 20 years, and will also heat the lock-up.

In the matter of drainage on Tremont street, voted to lay on table.

Messrs. Newton and Wilson of the sewer committee and Superintendent Carlton conferred on various matters concerning their department.

The finance committee has missed the valued assistance and pleasant association of two of its members. Mr. Lahn removed from town and Hon. P. J. Sullivan is spending his annual vacation in Florida.

The finance committee in making recommendations on various items in the budget have not included any increase in salaries in any department.

The depression in industrial conditions, referred to in our 1929 report, still prevails, and the outlook does not promise any improvement.

The amounts necessary to carry on the work of the town, together with additional sewer assessments and house connections to the sewer, is already burdensome enough to the taxpayer, therefore we do not believe that any increase in salary for town employees is justified, and we recommend that none be made.

H. H. YOUNG, Secretary.

March 6, 1930.

The finance committee considered Article 19 in regard to installation of automatic signals at Summer and Nason streets and Waltham and Park streets. Voted not to recommend appropriations for automatic signals.

Voted to recommend making Main and Nason streets a through way and placing Stop before entering signs at intersecting streets for the period of one year.

Also voted to recommend that rule be enforced regulating parking near corners.

Further recommend that Stop before entering signs be placed four ways at Paper Mill Corner for a period of one year.

H. H. YOUNG, Secretary.

August 1, 1930

A special meeting of the finance committee was called to order by Chairman Joshua Naylor.

Voted, that Leslie W. Sims act as secretary pro tem.

Messrs. Naylor, Dreschler, Sims, Ayotte and Cowles of the finance committee were present. Messrs. Binks and Lerer of the selectmen and John Driscoll, road commissioner, were present.

Voted that Ralph Fletcher is hereby elected a member of the finance committee of the Town of Maynard to fill a vacancy caused by the resignation of Abraham S. Lahn.

Voted to appropriate from the finance committee reserve fund the sum of \$500 to be used for the Soldiers' Relief.

Voted to appropriate from the finance committee reserve fund the sum of \$100 to be used for Memorial park.

Voted that the finance committee recommend the town appropriate the sum of \$5,000 for the use of the highway department.

Voted that the finance committee is opposed to any permanent repairs on Powder Mill road, as they feel that the same should be deferred until after all sewer connections are in.

Voted to pass over the question of the appropriation of \$400 for the fire department for the reason that there was insufficient information before the board at this time.

LESLIE W. SIMS, Secretary Pro Tem.

August 28, 1930.

A special meeting of the finance committee was called to order by the chairman, Joshua Naylor.

Messrs. Naylor, Laurilla, Dreschler, Murray, Cowles and Sims were present.

Voted that Leslie W. Sims act as secretary pro tem.

The chairman presented for consideration a copy of the town warrant for a town meeting to be held September 4, 1930.

Article 2. Consideration postponed to Friday, August 29, 1930.

Article 3. To see if the town will vote to raise and appropriate the sum of \$816.49 to pay all damages incurred by reason of the relocation on Summer and Waltham streets.

Voted to recommend the appropriation of \$816.49 to pay all damages occasioned by the relocation of Summer and Waltham streets.

Article 4. Consideration postponed to Friday, August 29, 1930.

Article 5. To see if the town will vote to appropriate the sum of \$650 for painting and repairing of the fire station.

Voted not to recommend the appropriation this year of the sum of \$650 for painting and repairing the fire station.

Article 6. Voted to appropriate from the finance committee reserve fund the sum of \$300 to be used by the tax collector.

Article 7. Consideration postponed to Friday, August 29, 1930.

Article 8. Consideration postponed to Friday, August 29, 1930.

Article 9. Consideration postponed to Friday, August 29, 1930.

Voted to adjourn until Friday, August 29, 1930 at 8 o'clock p. m.

LESLIE W. SIMS, Secretary Pro Tem.

August 29, 1930.

The adjourned meeting of the finance committee of the town of Maynard was held on Friday, August 29, 1930, at 8 p. m.

Messrs. Naylor, Laurilla, Dreschler, Cowles, Murray and Sims were present.

Voted that Leslie W. Sims act as secretary pro tem.

Voted to rescind the vote of the finance committee taken at their meeting on August 1, 1930, in which they recommended that the town appropriate the sum of \$5,000 for use of the highway department.

Further consideration of the town warrant was taken up and Messr. Binks and Schnair of the selectmen were called in.

Article 2. To see if the town will vote to raise and appropriate the sum of \$3,900 for the use of the highway department.

Voted that the finance committee recommend that the town appropriate the sum of \$3,900 for the use of highway department.

Article 4. To see if the town will vote to authorize and empower the selectmen to take by eminent domain or acquire by purchase 532 square feet, more or less, of the land belonging to Carrie A. King at the corner of Brooks and Summer streets.

Voted that the finance committee recommend that the town appropriate the sum of \$550 for settlement of the acquiring of the Carrie A. King property at the corner of Brooks and Summer streets.

Article 7. To see if the town will vote to raise and appropriate the sum of \$100 for the tree warden.

Voted that the finance committee recommend that the town appropriate the sum of \$100 for the use of the tree department.

Article 8. To see if the town will vote to raise and appropriate the sum of \$500 for the police department for signs and cross-walks.

Voted that the finance committee recommend that the town appropriate the sum of \$500 for the use of the police department for signs and crosswalks.

Article 9. To see if the town will vote to accept Linden street as a public way, in accordance with plans submitted to the selectmen by the petitioners.

Voted that the finance committee would not recommend the acceptance of Linden street in its present condition. Leslie Sims not voting and reserving his rights on this question.

LESLIE W. SIMS, Secretary Pro Tem.

September 5, 1930.

A special meeting of the finance committee was called to order by the chairman, Joshua Naylor.

Messrs. Naylor, Murray, Fletcher, Cowles, Laurilla, Ayotte and Sims were present.

Voted that Leslie W. Sims act as secretary pro tem.

Article 11. To see if the town will vote to raise and appropriate the sum of \$150 for the general government department for rent for new quarters for police department.

Voted that the finance committee do not recommend the appropriation of \$150 to defray the expenses of moving the police department.

Article 13. Voted to pass over this article calling for an appropriation of \$150 for extra rent for the sewerage, tax collector and public welfare departments for the reason that the finance committee feels that if at the end of the year the various departments are short in their funds because of the payment of extra rent then the finance committee would be willing to transfer sufficient money to these departments from the finance committee reserve fund to cover the shortage caused by these extra payments of rent.

Article 14. To see if the town will appoint a committee of three or more to investigate sites and make recommendations for locating all town departments together.

Voted that the finance committee recommend that the town appoint a committee of three or more to investigate sites and make recommendations for locating all town departments together.

Article 12. Voted not to recommend this article "To see if the town will vote to appropriate a sum not in excess of \$1,200 for the purpose of paying the balance due Edward McGirr for services rendered as architect of the Junior High school and auditorium," the committee understands that there is a dispute as to the correct amount due on this bill.

Article 13. Voted to recommend that the town rescind the vote of the town at a town meeting in March, 1930, wherein they voted to appropriate the sum of \$15,000 for sewer connections. Said sum to be taken from the water department surplus and to be returned to the water department surplus.

LESLIE W. SIMS, Secretary Pro Tem.

October 7, 1930

A special meeting of the finance committee of the town of Maynard was held, with Messrs. Naylor, Laurilla, Ayotte, Cowles and Sims present.

The meeting was called to order by the president, Leslie W. Sims acted as clerk.

A letter from Frank Binks, selectman, that he would

need an additional \$500 for soldiers' relief was presented.

Voted to appropriate from the finance committee reserve fund the sum of \$500 to be used for the soldiers' relief.

LESLIE W. SIMS, Secretary Pro Tem.

December 3, 1930

A special meeting of the finance committee of the town of Maynard was held, with Messrs. Naylor, Murray, Ayotte, Cowles and Sims present.

The meeting was called to order by Mr. Naylor. Leslie W. Sims acted as temporary clerk.

Voted to rescind the vote of the finance committee taken at the meeting of November 20, 1930, wherein they voted that the sum of \$2,500 be transferred to the welfare department of the town of Maynard from the reserve fund of the finance committee.

Article 2. To see if the town will vote to take from the overlay reserve the sum of \$4,800 for use of the public welfare department.

Voted to recommend that the town take from the overlay reserve the sum of \$4,800 for the use of the public welfare department.

Article 3. To see if the town will vote to appropriate the sum of \$816.49 to pay all damages incurred by reason of the relocation of Summer and Waltham streets.

Voted to recommend that the town appropriate the sum of \$816.49 to pay all damages incurred by reason of the relocation of Summer and Waltham streets.

Article 4. To see if the town will appropriate the sum not exceeding \$1,200 for the purpose of paying the balance due to Edward McGirr for services rendered as architect of the Junior High school and auditorium.

Voted to recommend that the town appropriate the sum of \$1,048.22 for the purpose of paying the balance due to Edward McGirr, for services rendered as architect of the Junior High school and auditorium, in accordance with the vote of the high school building committee passed at a meeting on April 21, 1927.

Voted to transfer to the general government department of the town of Maynard the sum of \$500 from the reserve fund of the finance committee.

Voted to transfer to the assessing department of the town of Maynard the sum of \$200 from the reserve fund of the finance committee.

Voted to transfer to the fire department of the town of Maynard the sum of \$300 from the reserve fund of the finance committee.

LESLIE W. SIMS, Secretary Pro Tem.

November 20, 1930.

A special meeting of the finance committee was held with Messrs. Naylor, Murray, Laurilla, Ayotte, Cowles and Sims present.

The meeting was called to order by the chairman, Mr. Naylor. Leslie W. Sims acted as clerk pro tem.

Voted that the sum of \$2,500 be transferred to the welfare department of the town of Maynard from the reserve fund of the finance committee.

LESLIE W. SIMS, Secretary Pro Tem.

January 19, 1931

A special meeting of the finance committee was held with Messrs. Naylor, Laurilla, Murray, Ayotte, Cowles, Dreschler, Fletcher and Sims present.

Leslie W. Sims acted as temporary clerk.

Voted that the sum of \$1,867.83 be transferred from the reserve fund of the finance committee to the street department for snow removal.

Voted that the chairman employ a stenographer to transcribe the year's records of our meetings for the town report.

Voted that the chairman, Mr. Dreschler and Mr. Ayotte be a committee to plan for a meeting with all department heads and the public, relative to the town's attitude on this year's appropriations and to give proper notices of said meeting.

J. HOWARD HERBERT,
Tax Collector.

INSPECTOR OF ANIMALS

To the Selectmen of Maynard:

I submit the following report as animal inspector of Maynard. There are in the town of Maynard 134 head of cattle, 650 head of swine, 7 head of goats and 11 head of sheep.

Yours truly,

RALPH P. FLETCHER,
Inspector.

SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Gentlemen—I beg leave to submit my report as sealer of weights and measures for the year ending November 30, 1930. While this report in itself does not show the actual amount of labor or time put in to perform the duties of this department, it can be seen that it must take time and labor such as examining peddlers' licenses and weighing the different commodities, testing gasoline pumps and adjusting weights and scales, and there is getting to be more every year; new laws going into effect and the State keep right after them all the time. I have to keep going around all the year reweighing and have to file a record with the State department of all my reweighings, so you see you have to be on the job all the time. I will say, that all the stores in Maynard are all equipped with proper scales and all in good condition, and I want to thank the storekeepers for watching their scales the way they do and notifying me when anything is wrong.

I would like to inform anyone using scales or pumps without being sealed that they are liable to arrest and fine. I would like to inform all peddlers that they will have to have their scales tested before a license is granted.

	Adjusted	Sealed
Platform scales over 5,000 pounds		3
Platform scales under 5,000 pounds	10	46
Counter scales	5	70
Spring balances	2	25
Computing scales	3	50
Slot weighing machines		6
Avoirdupois weights		241
Apothecary weights		58
Liquid measures		193
Oil measuring pumps		138
Gas meters	2	190
Yard measures		16

Total number of articles adjusted and sealed:

Adjusted	27
Sealed	1,063
Peddler's licenses examined	68
Commodities reweighed and found correct	956

Received for sealing	\$ 77.44
Received for adjusting	2.05
Received from peddler's licenses	79.49

\$158.98

Appropriation	\$250.00	
Total expenditures	234.32	
	<hr/>	
Balance		\$ 15.68

Respectfully submitted,

THOMAS WRIGHT,
Sealer of Weights and Measures.

REPORT OF FIRE ENGINEERS

To the Board of Selectmen:

Gentlemen—The report of the Fire Department for the year ending December 31, 1930, is herewith submitted.

This year 101 calls were answered by the department. Twenty were bell alarms, four of which were false. Eighty-one were for brush, grass, chimneys, autos, etc.

The interior of the station has been painted. A new heating system has been installed and has proven very satisfactory. A cement floor has been put in and new pavement in front of the building.

A light truck with pump equipment is much needed for use at brush fires and fires where town water is not available. We recommend that an appropriation be made for this purpose.

Respectfully submitted,

FRANK E. PARKS,
JOHN WOLLERSCHIED,
WALTER PRIEST,
WM. NAYLOR,
JOSEPH J. FARRELL.

MAYNARD FIRE ALARM

- 13 American Woolen Mills (Private Box)
- 21 Hayes St., cor. of Arthur St.
- 22 Powder Mill Village
- 23 Glendale St., cor. of Warren St.
- 24 Parker St., cor. of Roosevelt St.
- 25 Main St., cor. of Summer St.
- 26 Paper Mill Corner
- 32 Main St., cor. Harriman Ct.
- 33 Main St., cor. of Great Rd.
- 41 Nason St. Fire Station

- 153 Espie Ave., cor. Boeske Ave.

Signals

- 1-1 Test blows at 12.10 P. M.
- 2-2-1 Brush Fire Call
- 1-1 After a fire indicates that the fire is all out

Storm Signals for the Schools

Three blasts for first six grades, five blasts for entire system.
Blown at 7.30 and 11.30.
Three blasts at 6.30 P. M. for Evening School.

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. On each box there is a small box with a glass door that holds a key. Break the glass, take the key, unlock the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

BOARD OF PUBLIC WELFARE

Maynard, Mass., December 31, 1931.

To the Citizens of Maynard:

Maynard, like all other cities and towns, is passing through the longest period of depression that it has ever known. We are sadly in need of other industries and this fact will be brought home to us even though textile conditions improve. Many, yes a great many, will be without work, even though our local plant runs to capacity, and the sooner our people realize this fact and adjust themselves accordingly, the better.

We had to come back to the voters for more money and at this writing it looks as though the coming year will be fully as hard on us.

The Old Age Assistance Law becomes operative July 1st, 1931, and of course will call for money to carry it on. This law will give every citizen seventy years of age or over, assistance or adequate support, if they have been a resident of Massachusetts for twenty years. Full details concerning this law are not yet completed.

We wish to thank all of the various church societies. They have given considerable help this year and we know it has been appreciated by the recipients. The Elks are to be congratulated on the fine work they did at Christmas. It was well done.

A new citizens' committee has been formed in town for the benefit of those in need and no doubt will help out many a family in distress. The disbursement of their funds is in able and willing hands and we know their work will be appreciated.

This board stands to a man ready and willing to assist them if called on at any time.

Our money has been spent as follows:

We had sixty-five cases, representing 307 persons. Twelve were cases with settlement elsewhere.

We had five cases at Tewksbury, all or part of year; two dependent children, boarding elsewhere; five Maynard cases supported elsewhere; one boarding, full year at Hudson, and one part of time.

Our mothers' aid cases remain at eight.

Our financial report will be found in the Accountant's Report.

Respectfully submitted,

THOMAS WRIGHT, Chairman,
WILLIAM P. SCULLY, Secretary,
WILLIAM J. SMITH,

Board of Public Welfare.

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Maynard, in said County,
Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Cooperative hall, in said town, on Monday, February 9, 1931, next, at 6 o'clock a. m. Then and there to act on the following articles:

Article 1. To choose by the Australian system of balloting the following town officers: Three Selectmen, One Town Clerk, One Town Treasurer, One Tax Collector, One Moderator, One Tree Warden, Three Constables, each for one year; One Member of School Committee, One Water Commissioner, One Sewer Commissioner, One Member of the Board of Public Welfare, One Member of the Board of Health, One Trustee of Public Library, One Assessor, One Cemetery Commissioner, Two Trustees of Soldiers' Memorial, each for three years; One Cemetery Commissioner for one year, and all other Town Officers to be chosen at said meeting.

Also to vote by the said Australian system of balloting on the following: "To see if the town will vote to instruct the Selectmen to grant permits for moving picture performances in the town of Maynard on Sundays."

For the purpose specified in this article, the polls will be open after the reading of the warrant and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the town will authorize the Treasurer, with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1st, 1931, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the town therefor, payable within one year from the dates thereof.

And you are directed to serve this warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, to the Town Clerk, or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands, this twenty-first day of January, in the year of our Lord one thousand nine hundred and thirty-one.

FRANK S. BINKS,
P. J. SCHNAIR,
SAMUEL LERER,
Selectmen of Maynard.

TOWN ACCOUNTANT'S REPORT

To the Board of Selectmen:

Gentlemen—I submit herewith my report as Town Accountant for the year ending December 31, 1930.

During the year I have audited the books of the Tax Collector and Water Registrar and sent notices to all delinquents, checked the Treasurer's cash on hand and verified the bonds in the Treasurer's care.

The receipts from sewer frontage assessments for the year amounted to \$36,720.06, out of a net total assessment of \$94,758.12; leaving \$58,038.06 uncollected. These receipts are shown on my report as "Sewer Department Surplus." Expenditures from this fund are governed by the Special Acts of 1916, Chapter 340.

The Reserve Fund appropriated at the annual Town meeting has demonstrated that such a fund is of great advantage to the town, as it provides a source from which money may be transferred by the Finance Committee to cover emergencies which may arise.

The Tax Collector has, during the year, cleared all outstanding taxes prior to the levy of 1929.

Requests for appropriations for the year 1931 total approximately \$12,000.00 more than the total appropriations for the entire year 1930, which undoubtedly means a much higher tax rate this year.

Respectfully submitted,

C. A. STOCKBRIDGE,
Town Accountant.

TOWN OF MAYNARD, MASS.

Meeting of the School Committee, January 12, 1931.

VOTED, That the Annual Report of the Superintendent for the year 1930 be accepted and published as the report of the School Committee.

E. J. FLAHERTY, M. D., Chairman,
REV. EASON CROSS,
EDWARD S. MACPHERSON,
School Committee.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Maynard:

I am pleased to submit my third annual report as Superintendent of Schools, the twenty-seventh in the series of such reports.

With this I transmit to you the reports of the other executive and supervisory officers, together with the tabulation of the usual School Statistics, all of which deserve your thoughtful consideration.

GROUNDS

The front lawns about our school buildings are now all in excellent condition and have been much improved in appearance due to the shrubbery and trees which the Woman's Club have had planted. I am sure all our townspeople as well as we, are highly appreciative of their endeavors in this respect and our custodians, as well as teachers and pupils, will all take pride in keeping them in the best of condition. Since we have no Parent-Teachers' Association here, I believe a very worthy objective that our Woman's Club might become interested in, would be the gradual installation of playground equipment on the grounds of our elementary schools where there are none, such as a unit of swings or teeters, etc. On the other hand, possibly they might be interested in co-operating with the School Committee in some other feature of our child welfare work in the schools. Surely since most of the members of the club are parents we are assured of their hearty interest in the best welfare of our boys and girls in the schools.

The grading at the Roosevelt School and new fence on the southwest side, also new fence to replace the old one on part of the east side have now been completed and enclose a much improved playground for the more than five hundred pupils at that school.

All our schools now, with the exception of the Junior and Senior High Schools, have quite adequate playground area directly at their rear, which is just about ideal. The slight amount of grading, which Mr. King, Principal of the High School, suggests in his report, at the rear of the building would help considerably the problem of sufficient playground space at those schools, but would not solve completely the problem. The only solution that I can suggest is the purchase of the pasture land across the street directly in the fore-front of the schools by the town at the first opportunity. This land appears to me to be of little value for building purposes but I believe that it could be properly drained and graded at not prohibitive expense to the town and would prove quite adequate for the out of doors physical education program of the more than eight hundred

pupils in the two schools. Its chief advantage is its proximity to the schools, gymnasium, showers, etc.

The question of play spaces deserves special emphasis. They should be located and planned so as to accommodate community needs as well as school needs. Nearly all communities in the West and many in the East now have broad open spaces for playground facilities. Time was when thirty square feet per pupil was considered the standard requirement, but this only permitted their use for calisthenics, where pupils were lined up in rows like soldiers to go through sitting up exercises. For such exercises, a space five feet by six feet was enough for each pupil to make the desired motions of the instructor. But the ideas of fifty years ago regarding playgrounds are just as much out of date now as are the ideas regarding transportation and many other things of fifty years ago.

The modern conception calls for playgrounds sufficiently large as to allow several groups to be occupied in organized games or physical activities without interfering with each other. In elementary schools, such activities call for running and jumping, handball, basketball, baseball and soccer football. Besides they should be equipped with swings, teeters, slides, giant strides, etc. Merely because most of us did not have these things when we were boys and girls is no good reason why our children should not have them. In fact, do not most of our children do and have many more things than most of us did, and is not this so because we wish it?

The purpose of playgrounds is to develop proper ideals and habits with respect to physical exercise and health, as well as to provide for the natural play instinct of children. We ought not consider too lightly the play of children and the sports of youth. It has been well said that the battle of Waterloo was won on the football fields of England. So it may as well be said that the World War was won on the American baseball and football fields, for no doubt these American sports aided in no small degree in giving to the American soldier, initiative, versatility and courage.

At the Alumni Athletic Field, which a few years ago the town placed under the jurisdiction of the School Committee, the town has a splendid opportunity in the years ahead to develop this into one of the finest athletic fields about here, for all the interscholastic major sports the High School may wish to sponsor or for the use of any other organization of the community. A definite plan for its development should soon be drawn, providing for baseball and football fields, jumping and vaulting pits, running track, etc., as well as a unit of tennis courts to care for the needs of all in that section of our community. However, the field is altogether too far from the Senior and Junior High Schools to be of any use in the daily physical activities in the open that should be a part of our physical education program for all of our pupils in these schools. We are most interested in the development of 100% of all our boys and girls, rather than in the over

development of just the few that may make the teams in the major sports that represent the schools in the interscholastic sports. The chief value of such sports is only to improve school spirit. Little improvement in the health, physical alertness, courage, co-operation, loyalty and other virtues of a strong character result in the 97% of the student body if all they do is exercise their lungs, while the other 3% or eleven pupils struggle on the football field. Although these are commonly called the major sports, to our mind they are the minor part of our physical education program until we can have all our pupils participating in some form of these activities. In the past we have over emphasized interscholastic sports but the tendency more and more is to shorten all such schedules and to stress intermural or interclass games, thus making it possible for all pupils to participate in these physical activities. We have made a hero of one, two or three "stars" altogether too much in the past at the expense of the many.

The great expense of our major sports is not justified because of the lack of physical growth and character development of the mass of our pupils. The most important thing is not to produce a champion team but rather a champion school. We desire most of all a strong mind in a strong healthy body in 100% of our boys and girls. That should be our aim.

In our budget for 1931 under Outlay we have allowed \$1000 for grounds. With this we plan to erect a wire fence, similar to the one at the Roosevelt School, on the two sides adjoining Parker Street and Great Road at the Alumni Field. It is the belief of the High School Principal, Supervisor of Physical Education, Coaches and School Committee that this will help exceedingly to make our High School Athletics more nearly self-supporting.

BUILDINGS AND REPAIRS

The plumbing at the Bancroft School this last summer was readjusted so as to connect with the sewer, which had been extended within the outer wall of the basement more than a year ago. The contract as authorized by the Committee called for an expenditure of \$212.

All the school buildings are now connected with the town sewer with the exception of the Main Street building. Here the extension has been made within the outer front wall but to make the connection it is necessary to change the toilets from the rear of the building to the front. If we continue to use the old toilets the expense of the change will be about \$1200. On the other hand if we scrap the old toilets for new modern type toilets the cost of the change will be about \$1900. The cost of maintenance and repairs on the old toilets there has been rather excessive for a number of years so that it would seem wise when the change is made to install the newer modern type of toilet. Furthermore it seems that it might be wise at the same time the plumbing is changed in this building to change the mode of heating. As we

have pointed out in previous reports, the Main Street building has three old, hot air furnaces and one boiler, whereas one new modern heating unit would reduce the cost of operation and maintenance greatly and heat and ventilate this building much more efficiently. This project had probably better be taken care of by means of a special article in the town warrant.

The roof of the Main Street building has developed two or three leaks during the past fall and we have had it inspected by Mr. Alfred Holt and Mr. Joseph Foster, who report that the same is in very poor condition. It seems it is a gravel roof which originally was built so as to drain the water to the outside of the roof, but there is insufficient pitch to do this properly. Mr. Holt is patching the roof, i. e., repairing it temporarily so that it may not leak again for a year or two. This was absolutely essential in order to save the ceilings of two or three rooms from being ruined. However, they have recommended that the Committee employ an architect to inspect the roof, and to recommend the necessary plans and specifications for its more permanent repair.

As a result of the purchase of the Clarke Sanding Machine last summer, the janitors have re-surfaced and refinished all of the pupils' and teachers' desks and tables in three or four rooms of each of the buildings except the Junior High School. In the latter building we were able to save the finish by having the janitor varnish every seat, table and desk in the building this last summer. In three or four years we hope to have the writing surfaces of all the furniture in our buildings in first class condition by doing three or four rooms each summer.

The floor of the gymnasium was thoroughly cleaned, the court lines for captain ball and basketball repainted and then refinished with three coats of a transparent finish made especially for such floors last summer. This was done under contract with a Boston firm calling for \$70, as authorized by the Committee. This gives us a dustless, smooth, hard finished floor as is to be found in about any gymnasium having similar magnesite composition floor. To date the finish is wearing very well when we consider the large number of pupils who daily use it in their play and physical activities. Although the gymnasium ceiling is a little too low for long shots and its length and width a little less than they should be, even for a minimum regulation basketball court, the Committee believes that practically all our home basketball games should be played there, at least until the economic conditions of the town are such that the townspeople may feel that they could afford to make better provision for such indoor games. The High School Athletic Association treasury has too great a deficit at the present time for us to assume unnecessary expense such as the hiring of private halls for such sports.

WORK OF THE YEAR

Diagnosis of the scores made in the standard achievement

tests given last June in the fundamental subjects, shows considerable improvement in general in practically all subjects over the results of the previous year. The greatest improvement appeared to be in silent reading ability, quality of writing, composition and the four fundamentals of arithmetic. Apparently our teachers have stressed silent reading much more than formerly, since our pupils have gained greatly in their ability to read *silently* and *rapidly* glean the thought from the printed page. Since the rate in writing in most grades was less than in the previous year, but the quality improved in general, this indicated our teachers have stressed quality, i. e., spacing, alignment, letter formation, etc., or legibility in writing rather than speed. This is the result to be desired as we believe speed will naturally follow as the quality steadily improves. As one learns to do anything better we believe the natural correlation is he acquires the habit of doing it faster. We should never sacrifice quality for speed. In spelling the scores averaged a little better than in the previous year in all grades except in the fifth and sixth where the average was about the same. On the whole we believe our teachers are testing and teaching spelling very effectively. Possibly we might motivate the interest of our boys and girls in this essential subject by an occasional old fashioned spelling contest between different classes or even different schools.

From a study of the "Age and Grade Distribution Table," which is appended, it appears that in the first four grades there is a much larger per cent of our pupils "under age" than there is "over age," however, beginning with the fifth grade there is an excellent balance between the two until we reach the eleventh grade. This is quite the reverse of the condition which we noted in our report of two years ago, or in 1928, under, "3. Vocations" on page 11. The contrast shows decided improvement, due in part at least we believe, to the adoption of the new "Program of Studies," by the Committee in the fall of 1928, to the gradual but steady improvement and reorganization of the curriculum in co-operation with our teachers and to the introduction of the work in Practical Arts two years ago. It indicates that we are holding our pupils much better in school in our upper grades and the first two years of High School because of those changes, though no doubt the present economic condition or period of unemployment is to some extent responsible for the above holding power. The great pupil mortality in the last two years of High School indicates that either the work of those two years is too academic in stressing for college preparation or too highly concentrated in preparing for commercial positions to retain many of our "over age" pupils in school to the time of graduation. Even though the General Curriculum of the High School may be too academic to hold the interest of such pupils to the end, possibly the extension of the Practical Arts work into these last two years might do so, and thus give them much better prepara-

tion to enter into the less-technical fields of both industry and business.

The Special Class or ungraded room which was organized last September with Miss Grimm as teacher is making excellent progress. Although there are only thirteen pupils in this class the spread of ability is so varied among them that hardly any two have about the same ability in all the different subjects. This means that the teacher is practically compelled to give them individual instruction in most subjects according to their individual needs. She is giving them as much instruction in the fundamental subjects as they can master and some training in practical handicraft also. We hope that by means of this individual instruction that some, if not most of them can become readjusted so that they can be placed in a regular grade again in a year or two. They surely seem to feel a new consciousness of success and appear to be very happy in their group activities.

HEALTH SUPERVISION

Study of the "Health Supervision Summary," compared with that of last year shows much better results from the medical examination. The total number of defects found this fall was 1352 or 16 less than in the previous fall. This fall, 674 cases are reported as having been treated since last examination, as compared with 169 reported in the "Summary" a year ago. This indicates that many more parents are having their children receive medical attention as a result of the examination and the "follow up" work of the school nurse. The greatest increase in cases treated was in the item of defective teeth due directly to the organization of the dental clinic under the authority of the Town Board of Health. This was only possible through the splendid co-operation of the Board of Health as well as that of the co-operating dentists; Drs. Garland, May, Palmer and Bel-
lows.

We are again indebted to the local Red Cross Branch, through its chairman, Mrs. W. F. Litchfield, for about twenty half-pint bottles of milk daily for as many underweight pupils, who could not otherwise afford to have the same. These children as well as we, appreciate this thoughtfulness greatly.

TEACHERS

Through resignation last spring and summer we lost two teachers in the High School, four in the Elementary Schools, and three teachers of special subjects, all of whom had given very satisfactory service in their several positions.

From an excellent field of candidates Mr. James P. King was elected by the Committee as Principal of the High School to take the place of Mr. Gifford, who resigned to accept a much more desirable and lucrative position as a Union Superintendent. In the brief time Mr. King has been here he has proved himself to be a strong organizer and administrator as well as an excellent

supervisor of instruction. The High School Principalship is a very responsible executive position and the Committee should be highly commended for the wisdom of their choice. All our new teachers are giving excellent satisfaction and our other teachers are rendering the same faithful and efficient service as in the past.

Due to a smaller enrollment in the first three grades at the Bancroft School this fall it was possible to retain one fifth and one sixth grade at that school, which for a number of years have been sent to the Roosevelt School. It now appears that we shall be able to retain another fall, both fifth grades and both sixth grades at the Bancroft School, thus requiring one less teacher at the Roosevelt School. This is possible, since where we have now two fourth grades at Bancroft, next fall we shall need only one fourth grade. Though our enrollment is falling off somewhat in our primary grades it is increasing in the Junior and especially in the Senior High School. In the latter school, as Mr. King suggests in his report, we shall need at least one additional teacher and possibly two another year.

ATTENDANCE

The per cent of attendance 97.2 for all schools for the school year ending July 1, 1930 is an enviable record, the best made within the past ten years. During the same school year there was a total of 1175 tardinesses or 122 more than in the previous year. Although this is less than an average of one per pupil for a full year, it is too many by two or three hundred. We must reduce the number of tardinesses by several hundred if we are to succeed in training our boys and girls in the habit of punctuality as well as in regularity in attendance. Parents can do much in co-operation with teachers to *improve* this situation.

EVENING SCHOOL AT HIGH SCHOOL BUILDING

Summary for School Year, Nov. 4, 1929 to April 9, 1930:

Total enrollment 84; membership at close of year 40; average attendance 39.39; number of certificates 42; number of sessions 60.

NATIONALITY

Finnish 44; Italian 5; Jewish 3; Polish 25; Russian 1; other American 6.

Number illiterates	0	
Number receiving first papers during school year	4	
Number granted citizenship papers	0	
	Men	Women
Number Minors	2	0
Number between 21-25 yrs. inclusive	10	4
Number between 26-35 inclusive	8	10
Number over 35	25	25

This year the Evening School started on November 3, 1930 and has had an average membership of 48.7 or about the same as it had last year. Three classes were organized, the same as last

year; a beginners' class, intermediate class and an advanced or citizenship class. The spirit of all members of the school is excellent and all are making good progress.

The Vocational Domestic Arts Class for adults met for the first time the evening of November 6th. The average membership of this class has been 10, with a total enrollment of 15. Miss Edith Ames, Domestic Arts teacher in Acton, is again the teacher of this class and they meet for a three hour period every Thursday evening. Real practical work in foods results each lesson, the class preparing a breakfast, dinner or luncheon. The members are fast becoming experts in the culinary art as well as receiving the best of training socially in correct table etiquette.

Evening High School Classes for adults were organized for the first time on the evening of December 1st, 1930, to meet three evenings each week, the same as the Americanization Classes Monday, Wednesday and Thursday evenings. The average membership for the first seven sessions was 119 but the average membership to date, January 15th, 1931, is 94. As Mr. Everett Clark, State Supervisor of Evening Schools, who visited the school the first evening had suggested they would, many dropped out after the first two weeks. Apparently some of these people registered for the work largely out of curiosity while probably others dropped out as soon as they found there was real high school work to be done. Those persisting in the school are achieving and making real progress as a result of their earnestness.

OIL BURNERS

In our report of last year we explained why and how the Committee had decided to experiment with oil burners by installing one in one of the two boilers at the Roosevelt School. This burner was fired for the first time a year ago last December 28th, 1930, so after the use of the same for one fiscal year we have been interested in comparing the expense of heating this building the past year with the average expense for heating the same for the six previous years. After careful study we have found that the installation of the burner has resulted in a little better than a 41% saving, based on the actual cost of coal for the period of six years and in a little better than an 18% saving, based on the actual tonnage of coal used for the same six years. These figures are thoroughly conservative and we would therefore recommend the installation of an oil burner in one of the two boilers at the Senior High School. Of course the only saving is not in the actual expense of fuel. There is also considerable saving of labor on the part of the janitor, thus freeing him for other

work, such as shoveling snow from walks, work about lawn or grounds, cleaning, etc., to say nothing of the saving in the need of retinting walls and ceilings so often. Besides, we have a more sanitary and hygienic building for both pupils and teachers.

In closing, I wish to state how much I appreciate the wise counsel and loyal support of the School Committee and also the excellent co-operation the teachers, parents and pupils as well as all other town officials or committees have given for the best welfare of our schools.

Respectfully submitted,

C. H. WALKER,
Superintendent of Schools.

Maynard, Mass., Jan. 15, 1931.

REPORT OF HIGH SCHOOL PRINCIPAL

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Massachusetts.

Dear Mr. Walker:

I wish to submit to you my report of the Maynard High School for the year 1930.

The Town of Maynard is offering great educational opportunities to its boys and girls of high school age. The Courses of Study are similar to those found in other high schools of the state that are placed in the Class A group by the State Department of Education. The enrollment is made up of pupils with parents of many different nationalities with no marked superiority of any one group. The character, ambition and industry of the pupil seems to determine his success. The ability of the pupils varies over a wide range from that to attain excellent scholarship to that of a very low grade.

The additions to the teaching force have not kept pace with the increase in enrollment. There is a slight overloading of the teachers which limits somewhat the effectiveness of the instruction and the time that can be given to extra curricula activities.

The changes in curriculum made effective in September seem to be satisfactory. These changes, however, did not reduce the teaching load. The introduction of courses in Shop Work and Domestic Science will take care of a large group of boys and girls who need this type of instruction. The changes in the Commercial Course have prevented the exceeding of the capacity of the commercial room and have limited to a certain extent the enrollment in these courses to those who are best qualified to take this type of work.

The school has benefited greatly, by standards of conduct established in previous years, by the appointment of a Dean of Girls and the engaging of a Secretary for the Principal.

ENROLLMENT

With less than eighty pupils graduating this year and an entering class of one hundred sixty, we must prepare for an enrollment of over five hundred in September 1931. For a few years it is apparent that the High School is going to be crowded. The minimum number of full time teachers required can be found by allowing one teacher for every thirty pupils.

	1928	1929	1930	1931
Enrollment October 1st	374	401	446	‡520
*Number of teachers	13	14	15	‡17
Percent of attendance	96	95	96	
Number of graduates	43	60	71	‡75

*Full time, teachers, not including supervisors.

‡Estimated.

PHYSICAL EDUCATION

An excellent program of physical education has been established for boys. The girls require a woman as an instructor, a suitable dressing room and a play area near the school. The north-east corner of the school land could be graded and made suitable for volley ball courts.

It should be arranged as far as possible for the physical education classes to meet at the beginning or near the close of the school session. As a matter of fact, the calisthenics and supervised games should come at a time when they would not disturb the regular academic work.

The matter of financing the interscholastic games still remains a problem. The deficit now is even greater than a year ago. It is certainly necessary to curtail expenses in every possible way and find new sources of revenue. I think that the work of coaching and management of the teams should be divided more evenly among the men members of the faculty.

The following is the summary of the cash accounts of high school organizations under control of the Principal for the year 1930.

Account	Balance	Receipts		Expendi-	Balance
	Dec. 31	1930	Total	tures	Dec. 31
	1929	1930		1930	1930
Class of 1930	\$141.96	\$551.35	\$693.31	\$693.31	
Class of 1931	124.06	305.23	429.29	336.78	\$92.51
Class of 1932	10.25	22.10	32.35	13.00	19.35
Class of 193333	.33		.33
*Athletic Ass'n	100.69	1,655.40	1,756.09	1,703.49	52.60
A. A. Special	33.30	132.58	165.88	140.19	25.69
Screech Owl	104.63	690.37	795.00	686.08	108.92
Dramatic Club	41.83	1.00	42.83	10.00	32.83
French Club	2.00		2.00		2.00
Musical Clubs	2.60		2.60		2.60
Library Fund	25.00		25.00	4.01	20.99
Miscellaneous	18.70	226.09	244.79	226.60	18.19
Totals	\$605.02	\$3,584.45	\$4,179.47	\$3,813.46	\$376.01

*This account does not include the amount of the bills paid by the Town of Maynard for athletic supplies.

*Amount of unpaid bills, Dec. 31, 1930, \$1,416.27.

LIBRARY

Miss Desy has taken charge of the library as an extra curricular activity. With the assistance of Mrs. MacQuarrie of the Division of Public Libraries of the State Department of Education, Miss Desy will re-catalogue the books. The usefulness of the library to the pupils will depend upon the extent that teachers are available from classrooms to supervise it.

DUTIES OF TEACHERS

Extra Curricular Activities

Mr. Reardon Vice Principal
Director of Visual Education

Miss Butterworth	Dean of Girls
Mrs. Cross	Dramatic Club
Miss Finn	Senior Class Advisor
	Girls' Field Hockey
Miss Cleary	Junior Class Advisor
Miss Morgan	Sophomore Class Advisor
Miss Cassone	Freshman Class Advisor
Miss Field	Screech Owl
Miss Desy	Librarian
Mr. Lent	Coach of Major Sports
Mr. Lerer	Assistant Football Coach
	Supplies
Miss Lovely	Orchestra

In closing, I wish to thank the teachers, Superintendent Walker and members of the School Committee for their co-operation.

Respectfully submitted,

JAMES P. KING.

GRADUATION EXERCISES

of the

Class of 1930

Auditorium, Maynard, Mass.

Thursday evening, June Nineteenth

at Eight O'Clock

PROGRAM

"March Romaine"	High School Orchestra	Gounod
Address of Welcome	Norman E. Walker	
Essay—"Success"	Alice L. Fearn	
"Who Is Sylvia?"		Schubert
"Ole Uncle Moon"	Girls' Chorus	Scott
Essay—"Color in Symbolism"	Mark T. J. Kelley, Jr.	
Essay—"World Peace"	Doris L. Dawson	
"All Through the Night"		Welsh Folk Song
"Those Pals of Ours"	Boys' Chorus	Cole
Essay—"The Secretarial Course"	Helen Forsten	
Presentation of Class Gift	Harold R. Wilcox	
Acceptance	Philip A. Wilson, '31	
"America Triumphant"	Chorus with Helen T. Mark, Soloist	Demarest
Valedictory	Wieno L. Sneek	
Conferring of Diplomas	Charles H. Walker (Superintendent of Schools)	
"The Age of Youth" March	High School Orchestra	Woods

REPORT OF PRINCIPAL OF JUNIOR HIGH SCHOOL

Mr. Charles H. Walker,
Superintendent of Schools,
Maynard, Mass.

My dear Mr. Walker,

I herewith submit my fourth annual report as principal of the Junior High School.

I feel that each year we are doing more to emphasize the seven main objectives of education: (1) Health, (2) Command of fundamental processes, (3) Worthy home membership, (4) Vocation, (5) Citizenship, (6) Worthy use of leisure time, (7) Ethical character.

A practical course in Health of four periods per week is required of all pupils, two periods of Physical Education, and two of Hygiene, which includes the fundamental laws of health. The course is progressive and is planned to train the pupil physically in activities which will best give him self control and self direction and lead him to the full realization of health and happiness. Society looks to the schools to produce able-bodied citizens and this comes from developing organic vigor, muscular strength and skill, good posture and certain desirable traits of character. The only equipment in the gymnasium is a set of fifty wands which was bought with school funds. Fifty pair of dumb bells would motivate, as well as give variety, to corrective exercises which are of great value to the pupils of Junior High School age.

Full time teachers in the Practical Arts Department has made it possible to accomplish a greater number of projects. Because of the lack of storage room for the lumber, it is kept in the cold air room which is not satisfactory. I recommend that a closet be built in available space which is in the basement.

For reference work, the school is equipped as well as the average Junior High School. I feel that we have failed in a very important part of our English work and that is in presenting books to the children for pleasure reading. Children are bound to read. It is therefore our duty to ascertain and consider their present interests, thus helping them to do better what they are bound to do and in which they need guidance. I planned a program of regular library periods during which the pupils were permitted to choose from a selected list of books, magazines, articles, poems, and current topics from reading material which appeals to children. I purchased about 15 books and magazines from the school funds, but that was not sufficient for three hundred forty pupils, so, much to my regret, the plan was dropped. Every story book and practically all the magazines are charged out every night. A great many of the books listed on various accepted reading lists may be purchased for fifty and seventy-five cents each.

Through the co-operation of the librarian of the public library a situation which has long been a problem to the English teachers has been solved. Pupils are required to submit a book report every month. It was almost impossible to have a report submitted every month by every pupil. Since November we have borrowed fifty books every two weeks from the public library. The English teachers charge these out under the same system used in the public library.

During Education Week every class was taken to the library and shown its facilities and how to use them.

In addition to her regular work, every teacher has an extra curricular activity chosen as follows:

Miss Wilder	Operetta Decorations
Miss Nay	Four H Clothing
Miss McCarn	Latin Club
Mrs. Tucker	Glee Club
Miss Poyart	Arts and Crafts
Miss Quinlan	Poster Club
Mrs. Coughlan	Basketry
Miss Doyle	Algebra
Mr. White	Athletics
Miss Mann	Four H Foods
Mr. Tierney	Four H Woodworking

All clubs meet after school hours and I am pleased to say that because of the large number of pupils desiring to belong to clubs the membership has to be limited in the majority of clubs in the school.

Athletics have been self-supporting. Basketball and Baseball are the two major sports organized. There is a school and class team in each sport. An admission fee of ten cents was charged at three of the basketball games. The proceeds paid for nine suits for the basketball team and also their transportation expenses to play the three return games.

A Home Study schedule has been organized whereby each class has one subject for home study every night.

I take this opportunity of thanking you for your support and the teachers for their co-operation, effort, and interest in the standard of the school.

Respectfully submitted,

MARY A. DOYLE,
Principal.

REPORT OF PRINCIPAL OF ROOSEVELT SCHOOL

Mr. Charles H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir :

I herewith submit to you my report of the Roosevelt School, as Principal.

Although held back, in many instances by tradition, the methods of instruction in the elementary grades are undergoing great changes. More thought is given to the individual child and his natural aptitudes and needs. Under your direction, last year we started ability grouping to meet the needs of this newer instruction. This has greatly aided the teachers in carrying out this plan of work. In union with the other elementary schools of the town and in truth with those of the country at large we are still working out a curriculum best adapted to these groups. As we stand now we have for each of the first six grades a group of children whose mentality is above average and one whose mentality is average. In the sixth grades we have an extra group of pupils who are below average mentally. Their ages range from twelve to sixteen. Closely studying the causes of such retardation on the part of these children I find that they have continually repeated grades, yet they have never reached the standing of the average child. They are not mentally deficient. Absence has done its share to keep them back, but I think lack of interest in school work has been the underlying cause of much of the absence. A boy sixteen years old and only in the sixth grade has had five years more than his rightful share of the town's appropriation for the education of youth.

In our lower grades we have children of this same mentality. They spend two years in a grade and then are not fitted for the next grade but are allowed to go on because they have outgrown their surroundings. Going over the same ground is not going to help these pupils. They need a different kind of instruction; a kind which a teacher of a regular class cannot give them without seriously limiting the opportunities of her average ability group which is made up of the larger number of pupils. Children of this kind should be taken from the first three grades and given a chance in an opportunity class especially equipped for them. The upper three grades could be greatly helped out in this way by making what is now called VIC into an opportunity class for such pupils of grades four, five and six.

The special class of those children retarded in mental development is doing excellent work under instruction adapted to their needs and I am sure that special instruction would accelerate the process of educating these slower pupils.

Good planning is the foundation of achievement. "Studies adjusted to the mind enrich it; studies given in large amounts or disproportion destroy the mind. Science, literature, geography and history are to the elementary pupils today as fundamental studies as reading, language and arithmetic are. To the teacher falls the task of selecting what is adapted to her grade and what meets the needs of her individual pupils and rejecting what is not adapted and what does not meet her pupils' needs. Some of this planning is done by individual teachers, some by conferences of different groups of teachers with the Principal. A Principal of as large a school as this is should have some time to meet her teachers in the midst of their class room activities and under varying conditions if she is to be of much help to them in making these selections and rejections from the vast field of research work brought before them today. Leading educators tell us that it will be ten years before any set curriculum will be ready for use in the public schools.

Through your interest and that of the school committee we have at last an excellent playground. If the citizens of the town could know the moral effect upon as well as the great amount of pleasure given to the children who seek recreation here, I know that they would consider the money, laid out upon it, well expended.

As prevention of sickness is the slogan of the medical profession today; so preventive discipline is the slogan of the teaching profession. The real teacher places character above everything else. The reading of worth-while books has always been one of the factors in building up the characters of the great men of our country. With your co-operation and help we are improving and adding to our classroom libraries. There are very few children who do not take advantage of the opportunity to use these books. Club work to a certain extent is carried on in the sixth grades. Last year we affiliated with the "County Extension" 4H Clubs. Excellent work was done under the leadership of Miss Thurston and Miss Healey who kindly relieved the sixth grade teachers of this extra work and also under the leadership of Misses Zenia Chutoranski and Marion Ledgard, pupils of High School. This year we have a very good glee club of fifth and sixth grade pupils under the leadership of Miss Gibbons. During the winter months other clubs will be formed.

In this work of preventive discipline we seek the co-operation of the parents. It seems that once a month teachers and parents could meet together to talk over the welfare of these children, not to hear complaints about the children but to work with the teachers to bring about a greater unity between school and home. I know by experience the efficacy of conference with parents in special cases of discipline and in others have often felt that had the parents been reached first some disciplinary cases would not have arisen. In the elementary school where pupils are beginning their educational career a "Parent-Teacher Association" is not a social question; it is a vital need. The following quotation from

the "School Journal" is worth passing on to parents: "The Parent-Teacher Association is the one extra classroom organization in which all the parents of all the children can meet with their common problems, where there is no caste system of money, fashion, or education, to study together the influences and needs of their common children."

"There ne'er was a lad who was wholly bad,
 For deep in his boyish heart
 Is a spot to reach and to lead and teach
 If only you'll do your part.
 He's not a tough, to be treated rough;
 He's 'makins' of a man true
 But his need is great for a leader straight,
 And it's up to me and you."

Will Maulpin.

In closing I wish to express my appreciation of the co-operation and excellent school spirit of my teachers during the year.

For myself and for my teachers I thank you for your consideration of and courtesy to us during the past year and for your vital interest in the welfare of the Roosevelt School.

Respectfully submitted,

NELLIE C. MAY,
 Principal.

REPORT OF PRINCIPAL OF BANCROFT SCHOOL

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir :

I herewith submit to you my report as principal of the Bancroft Street School.

Due to a smaller enrollment in the first three grades it was found that three teachers could do the work of the five of the previous year. Thus rooms were available for two grades usually sent to the Roosevelt School; grade five and grade six. We now have one first, one second, one third, two fourths, two fifths and one sixth grade. This arrangement of grades has been impossible for a number of years.

Two of our teachers left us in June. Miss Sybil White was transferred to the Roosevelt School. Miss Marion Blodgett resigned to be married. Miss Higgins was appointed to fill the vacancy in the first grade caused by the resignation of Miss Blodgett. The second grade vacancy was filled by Miss Margaret Kane. Miss Martin was transferred to us from the Roosevelt School and teaches grade five B.

Milk and crackers have been sold the children as usual. From the proceeds (to which is added the refund on the milk) approximately \$100 has been spent on athletic supplies, playground equipment, professional books and magazines, and magazines for the pupils in the upper grades as well as other articles not provided by the school department.

Each grade has a library which is growing slowly and this year we have a small library for the entire building. We hope to train each child in the proper care of books, due regard to the rights of others as well as to inculcate in him a love of good books.

The shrubbery planted around the front of the building last spring is growing well and is appreciated both by the teachers and pupils. We wish to thank the Woman's Club for its thoughtfulness and community spirit.

I suggested last year that we be given some police protection during the evenings and week-ends when so many young people take advantage of our spacious playground. Nothing was done about it, however, and the building has suffered. The windows have become targets and are at the mercy of the boys with slingshots. Much of the damage is done over the week-ends. Now that a place for skating is being constructed on the playground, it would seem natural to expect more rather than less damage to the building.

I wish to take this opportunity to thank my teachers for their helpful suggestions and cheerful co-operation at all times. My teachers join me in thanking you for your kindly advice and constructive criticism.

Respectfully submitted,

GRACE M. PERLEY,
Principal.

REPORT OF PRINCIPAL OF MAIN STREET SCHOOL

Mr. C. H. Walker,
 Superintendent of Schools,
 Maynard, Mass.

Dear Sir:

I take great pleasure in submitting my second annual report of the Main Street School.

We have the present enrollment of one hundred eighty-eight pupils, classified by racial extraction which follows:

	Number	Per Cent of Enrollment
American (U. S.)	36	19.15
Polish	56	29.79
Lithuanian	14	7.45
Finnish	31	16.49
Italian	20	10.64
Newfoundland	6	3.19
Russian	17	9.04
Irish	5	2.65
English	3	1.60
Totals	188	100.00

The enrollment is slightly lower than last year, which was in the vicinity of two hundred pupils.

Our playground provides approximately three hundred square feet playing surface per pupil which exceeds the standard of one hundred sixty square feet per pupil. This, of course, is advantageous to the boys and girls as all types of large games may be played. A teacher is on duty on the playground each morning and noon before schools opens and also during the recesses, at which time she carefully keeps watch over the children and organizes games for the more backward and shy boys or girls.

We are very proud of our building and grounds and wish, at this time, to express our gratitude and appreciation of the faithful and untiring effort on the part of our janitor, Mr. Hilferty, in making our grounds a spot of civic beauty, and also in keeping the building a clean, healthful, comfortable and attractive place for our boys and girls. I feel very confident that the pupils appreciate it also, as great pride is taken by them in keeping our place in excellent condition. Some of the leaders are assigned the task of policing the grounds, seeing that paper is picked up, and reporting those children who break any of the school rules. They seem to take the responsibility upon themselves to make our school

an asset to the community, proving that they know and understand the fundamentals of good citizenship. I might add, that if a fence was constructed along the east lawn, on Riverbank Road, it would relieve many difficulties.

The feeling which exists among the teachers and pupils is of a very co-operative nature and no evidences are shown that teacher and pupils "rub the wrong way." In this way I believe every teacher here is fully accomplishing her part of each child's education, and wish at this time to thank them for making the year 1930 a very pleasant and successful one at the Main Street School.

Yours very truly,

JOHN D. PROVASOLI,
Principal.

REPORT OF SCHOOL PHYSICIAN AND SCHOOL NURSE

Mr. C. H. Walker,
 Superintendent of Schools,
 Maynard, Mass.

Dear Sir:

We wish to submit our report from January 1, 1930 to January 1, 1931. This year every pupil will have a complete examination including the high school.

The applicants for all sports have been examined before allowed to compete.

There have been two full mornings or afternoons a week spent in the schools by the School Physician, and many children have been seen at his office.

There have been twenty-three cases of chicken pox in the schools since September. Fewer cases of impetigo this year than previously have been found. Throat complaints such as enlarged tonsils are still one of the leading hindrances to good health.

The regular weighing of the children every month is an important element in watching over their health.

Graham crackers and milk are sold to the children for lunch at recess time in all the grade schools. The children who are taking milk have shown a marked improvement. We wish to thank Mrs. Litchfield, Chairman of the local Red Cross Branch, for her interest in this matter.

January 29, 1930. The X-ray technician from the State House, Boston, Mass., held an X-ray clinic at the Roosevelt School. Pupils from the Stow and Concord Schools were present.

February 21, 1930. Dr. Martin, State House, Boston, Mass., held a re-examination clinic.

March 12, 1930. A home nursing class was formed among the pupils in the high school and this had an enrollment of eight pupils. The class met once a week and was given notes and demonstrations.

March 19, 1930. Dr. Louis Sullivan examined one hundred and forty-four pupils for the dental clinic.

April 15, 1930. A dental clinic was started for the pupils of the grade schools. The clinics were held four mornings a week by Dr. S. R. Garland, Dr. F. A. May, Dr. R. C. Palmer and Dr. John Bellows.

We believe that the dental clinic has been of great service as few children have been absent because of teeth infections.

Number of children treated at dental clinic April 15-Dec. 31	161
Number fillings	190
Number extractions	187
Number cleanings	122

May 12, 14, 21, 28. Dr. R. E. Hooper (School Physician) held a Pre-School Clinic. Seventy-two children attended.

June 5, 1930. Dr. Wellington of the Grafton State Hospital held clinic for children three years or more retarded.

September 5, 1930. Dr. McCarthy, State House, Boston, held a re-examination clinic.

September 29, 1930. Dr. McCarthy, State House, Boston, held a follow-up clinic.

October 1930. All the pupils in the grade schols joined the Junior Red Cross.

The pupils of the sixth, seventh and eighth grades made place cards, jellies, candy, Christmas decorations and Christmas cards for the veterans at the U. S. Veterans' Hospital, Bedford, Mass.

The sale of Christmas Tuberculosis Seals this year was smaller than it was the previous year. We consider it very good under present conditions of the town.

HEALTH SUPERVISION—SUMMARY

Defects found by examiner	No. Cases found by examiner	Notices Sent Parents	Cases Treated since last examination
Teeth	700	700	499
Tonsils	201	201	50

REPORT OF SUPERVISOR OF PHYSICAL EDUCATION

Mr. C. H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir :

I herewith submit to you my report as Supervisor of Physical Education and Athletics.

The human body is a machine through which the mind works. Every exhibition of mental activity is accompanied by physical activity and the quality and quantity of mental work produced depends upon the condition of the human body.

My four principal reasons for the development of the individual:

1. Development of organic systems.
2. Development of neuro-muscular mechanisms.
3. Development of fundamental activities in relation to play, recreation, and leisure time used.
4. Development of social and moral qualities.

At the grade schools the Physical Education classes are given on the playground when the weather permits.

A limited time is given to the organization of the class which produces discipline.

The period includes marching tactics, drills, and the exercises for the development of posture, exercises that develop strength, co-ordination, quickness, skill, endurance and exercises which increase organic vigor; group games such as quiet games, guessing games, singing games, relays, races, tag games, and ball games given according to grades.

In the class room story plays and stunts are given to develop the child's imagination. In these grades Physical Education is developing a number of specific habits such as, obedience to proper authority, alert and attentive behavior, quick perception and prompt reaction.

The boys and girls in the Junior High School have been given German and Swedish gymnastics, formal and informal exercises, high organized games, and wand drills with music have aroused a deep interest with much enthusiasm.

Due to the new finish on the gymnasium floor the students reporting to class are required to wear tennis shoes. The girls are required to attend classes in the regulation gymnasium uniform.

The year is divided into seasons for interclass competition. For the winter season interclass basket ball has been organized. The Junior High boys will have a school team selected from the best players. In the spring the school will be represented by a baseball team, track and field events.

In no other activity does leadership have greater moral power than interclass athletics. This fall interclass football was introduced in the high school with boys of the varsity football squad acting as coaches and managers.

The football season ended a far greater success than records show. For the first time Maynard High School has been represented by a first and second team, each having an independent schedule. This enabled more boys to participate and become familiar with the game, giving the boys an opportunity to learn the game and develop into a varsity player.

The girls were represented this fall with a field hockey team, Miss Finn acting as coach. The general playing of the team was far above the average. Next fall we hope to have equipment for interclass games.

The winter season opened with interclass basket ball for girls and boys. The girls will be represented by a varsity squad.

I believe that interclass sports develop a spirit of "Let the Best Team Win." Through encouragement and stimulation of such teams we maintain competition to the end and provide more interesting play for all concerned.

I wish at this time to thank the School Committee and the Superintendent for the support they have given me. I also wish to thank the Principals and Teachers of the Schools of Maynard for their loyal co-operation.

Respectfully Submitted,

REGINALD P. SAWYER,

REPORT OF MUSIC SUPERVISOR

Mr. C. H. Walker,
Superintendent, Public Schools,
Maynard, Mass.

Dear Sir:

Concerning the work of my department I am very happy to submit to you the following report.

The work of the primary grades has been carried on along the same lines, as last year. Rhythm Bands are now a feature of the third grade course of study and the pupils are learning to read the score of the selection studied. "The Music Hour," a new text book, is used in some of the grades. This series, lately published, brings to the children an all-around contact with some of the world's most beautiful music and painting.

The intermediate grades are doing much toward part singing. Listening lessons are given and the lines of famous composers studied.

On January eighth and ninth a group of forty-five eighth grade pupils of the Junior High School gave the two act operetta, "The Windmills of Holland." This production was enthusiastically received by large audiences, which they surely deserve. In the preparation of this operetta the services of the following departments were utilized; music, art, manual training and household arts. The proceeds are to be used for stereopticon slides, a musical instrument and athletic equipment. Orchestral work is started in the Junior High School, where we have an orchestra of ten pieces. Later we hope to begin one in the Roosevelt School.

In the Senior High School there are three choruses and two orchestras.

The Senior-Junior orchestra has made several public appearances during the past year, but deserves special praise for the fine work done at the performances of "The Windmills of Holland." Last April four members of this orchestra represented Maynard High School in the All New England High School Orchestra which gave a concert of symphonic music at Symphony Hall, Boston. I hope that more parents will encourage their boys and girls to continue studying through High School, for only those who are under competent teachers can be recommended for this orchestra. The three days rehearsing and performing under the leadership of a skilled director, is indeed a great educational and social advantage to the student.

I am pleased to report that the much needed instrumental classes were started last April and are being continued with success. Three out of the advanced class have already joined orchestras and those who started work in October are making excellent progress. We hope that a band may later be organized as a result of this project. I wish that more pupils would take advan-

tage of this excellent opportunity to study an instrument. Mr. George E. Dunham of Allston, Mass., a specialist in instrumental class work is the teacher of these classes, representing the School Music Bureau of Boston.

I wish, here, to thank the School Committee and Superintendent for the support they have given me in this undertaking and also for the many courtesies they have shown me. My thanks are also due the principals and teachers for the interest they have taken in my efforts and hence for helping to put into the heart of every citizen and child in the community that slogan of the Music Supervisors' National Conference, "Music for every child, every child for music."

Very respectfully,

ETHEL M. LOVLEY,
Supervisor of Music.

REPORT OF SUPERVISOR OF ART

Mr. Charles H. Walker,
Superintendent of Schools,
Maynard, Mass.

My dear Mr. Walker:

I have yet to find the individual who is totally disinterested in all branches of art—whether it be the scientific or more practical art. Art should be applied to every little thing one does.

I wonder—if one realizes that when one begins the “day”—the very first thing that he does is to make himself presentable to the public by careful self-grooming. (What would you think of a person who forgot to wash his face and wore his clothes in a very slack manner?) This individual certainly doesn’t make himself appear agreeable to his fellow men chiefly for appearances, but mostly because of an embarrassing situation that might prevail.

Here and there I’ve heard more people say, “one has to be born with the gift for drawing.” I wonder if the people who say this are lacking in patience or that they are unwilling to learn that any individual *can* learn to draw, but that it doesn’t mean that he or she is going to be an artist. With patience, even the poorest student can draw at least “a straight line.”

Concerning the very talented students of Maynard, I must say that we have a very hard working group of boys and girls who are always willing to co-operate. My one great aim is to have the pupils enjoy every piece of work they do, and, “to look for the beautiful in everything.”

“Art is everywhere, and everywhere is art,” is one motto that should remain with the Maynard High School boys and girls as it is one point that is stressed.

The work is going along very smoothly, all students and teachers co-operating. I certainly give much credit to the teachers because of the patience they take with the children and am also very glad that they do not discourage the less talented youngsters. “Look for the best in everything” is one statement that rests with these teachers.

A person whose interest cannot be aroused by beauty of color, line, contour, etc., is surely thoroughly unappreciative of all the beauty in the world.

Sincerely yours,

ANNE P. PASAKARNIS,
Supervisor of Art.

REPORT OF ATTENDANCE OFFICER

Mr. Charles H. Walker,
Superintendent of Schools,
Maynard, Mass.

Dear Sir:—

In the period from October 1 until December 31, 1930, there were (15) fifteen cases of truancy from the different schools in the town.

In many cases where truancy is reported to me I find that either the parent or the child has been ill which is an excuse for the child's absence. In other cases I find it is carelessness on the part of the parent for not keeping a close enough watch on the child.

There has been very little trouble in the cases where it is truancy on the child's part.

I have received wonderful results from the schools because as soon as a case of truancy was brought to my attention I would locate the child and bring it back to the school, regardless of the time of day, so that the rest of the children would see that they would not gain anything by their truancy. I also found that some of the children needed a little encouragement.

I am glad to report such a small number of truancy cases from so many schools in Maynard and good cooperation from the parents will still make it easier for the Truant officer and the teachers to keep the children from playing truant.

Respectfully submitted,

NICHOLAS J. DRISCOLL,
Attendance Officer.

	<u>2,600.00</u>	<u>3,657.40</u>	<u>2,900</u>
		\$114,772.10	
Unexpended Balance		27.90	
	<u>\$114,800.00</u>	<u>\$114,800.00</u>	<u>\$114,896</u>

SPECIAL APPROPRIATIONS:

Vocational Education (Eve. Pract. Arts Class)	\$75.00	\$65.50	\$105
School Sewer Connections of '29	\$1,394.12	\$1,394.12	
Grading at Roosevelt School	\$65.64	\$65.64	

A few individual items in the above summary will be found to differ from those of the Town Accountant's report, because of the fact that the State Board of Education requires different classification of expenditures than the Bureau of Statistics.

RECEIPTS 1930

Appropriation, March, 1930	\$114,800.00
Appropriation for Sewer Connections	1,394.12
Appropriation for Vocational Education (Evening Practical Arts Class)	75.00
Reimbursement on acct. of teachers' salaries ..	19,012.30
Reimbursement on acct. of Americanization classes	180.00
Receipts during 1930:	
Telephone tolls	14.45
Rent of auditorium and gymnasium	91.00
Manual training receipts	47.05
Miscellaneous receipts	9.37
Tuition	34.00
	<hr/>
Total receipts	\$135,657.29
Additional receipt:	
Balance from sale of property on Glendale street to be used toward grading of Roosevelt school grounds	65.64

SUMMARY, December 31, 1930

Appropriations:	
For Current Expenses of Schools	\$114,800.00
For Vocational Education	75.00
For Sewer Connections	1,394.12
For Grading at Roosevelt School Grounds ..	65.64
	<hr/>
Total appropriations	\$116,334.76
Payments:	
For Current Expenses of Schools	\$114,772.10
For Vocational Education	65.50
For Sewer Connections	1,394.12
For Grading at Roosevelt School	65.64
	<hr/>
Total payments	\$116,297.36
	<hr/>
Unexpended balance	37.40
Total payments for schools	\$116,297.36
Total reimbursements and receipts to school department	20,922.93
Net payments for current expenses of schools	
from local taxation	\$95,374.43

N. B.—We wish to call to the attention of all citizens that the cost of insurance would have been still further reduced, provided we had received before December 31st, \$458.32, which was returned on February 2, 1931, from the John C. King Insurance Agency, because of premiums on policies cancelled as of August 1, 1930.

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils.

REPORT OF MIDDLESEX COUNTY EXTENSION SERVICE FOR 1930

The following is a brief report of the work of the Middlesex County Extension Service as developed in the town of Maynard for the year 1930.

Eight farm visits were made in Maynard during the year, upon request, to assist with individual problems especially in poultry and dairying. A group of 16 homemakers are carrying on a series of meetings under the direction of Mrs. Agnes Korpi and Mrs. Gertrude Donnelly. Previously a series of meetings on vegetable preparation were developed and the fifteen attending passed on the information to 5 others who were unable to attend the meetings. This same group also held meetings on the improvement of home grounds.

In Boys' and Girls' 4-H club work 85 were enrolled, principally in the clothing, food and handieraft clubs. Miss Alice Healey, Miss Alice Thurston, Miss Zennia Chutoranski, Miss Marion Ledgard and Mr. Hilferty served as local leaders. Zennia Chutoranski and Helen Sinewski took part in the country-wide school dress contest. Several of the members of the clothing club attended the meeting in Concord for help in advanced clothing club work. Margaret Crowley was awarded a Two Day Trip to the Massachusetts Agricultural College for doing excellent club work. In May a 4-H club rally was held in Maynard in the school hall and was addressed by Professor G. L. Farley of the Massachusetts Agricultural College.

A campaign to eradicate rats from farm and home buildings was carried on on a county-wide basis and a great many of the baits were distributed in Maynard.

Many local people took part in the several county-wide meetings held during the year, such as the county picnic at Wayside Inn, Sudbury, and the Homemakers' Day at Lexington. January 9, 1931.

HONOR ROLL OF PERFECT ATTENDANCE

These Pupils Have Not Been Absent or Tardy During the
School Year, 1929-1930
