Report of the Board of Selectmen

To the Citizens of Maynard:—

The Board of Selectmen respectfully submit for your consideration the Annual Reports of the Town Officers and Committees for the year 1950.

The financial condition of the town is the best it has been in recent years as the only debt that the town owes is \$80,000.00 for sewer notes.

The tax rate remains high because our assessed valuations are so low. We could easily cut the tax rate in half by doubling the valuation and our rate would look better on charts, comparing Maynard's rate with other towns in the state. If this were done the amount in tax dollars paid by the property owner would remain the same.

The Assabet Mills closing created a problem that concerned the Selectmen during the year. The first closing in February gave some indication that things were not good in the soft woolen industry, and we attempted to help the company secure government orders to create jobs locally. The mill did reopen, but not full, and in the early fall it closed completely.

The company advertised the mill for sale and a local group was organized to negotiate with the American Woolen for the purchase of the property. Just when it appeared that our efforts would be successful the company announced that all bids were rejected and that they "might" reopen. Considerable interest in the property was shown by many companies who wish to locate here. We firmly believe that diversified industries would help to stabilize employment and relieve the townspeople from depending on one industry.

In spite of a closed mill we find at the end of 1950 that many people have found jobs elsewhere and surprising as it may seem, we have fewer people on our welfare lists than at this time in 1949.

The Board of Selectmen wishes to thank all people who interested themselves in solving our industrial problem especially The Citizens Committee and the Rotary Club.

During the year land was purchased at the junction of Summer and Nason Streets for the purpose of erecting a municipal building and two parcels of land were purchased on Summer Street for the purpose of erecting a Fire and Police Station. Although plans for a Municipal Building are complete the present high costs of building materials make it advisable to postpone building at this time. At this writing the Federal Govern-

ment is interested in erecting a Post Office on the piece of land between the park and property owned by Mr. Osbeck. Such a building would improve the property and at the same time provide a much needed larger post office.

The installation of traffic lights at the corner of Waltham and Parker Streets was completed this year and provided better traffic control at this busy intersection. We authorized a traffic count at the junction of Nason and Acton Streets but the flow of traffic did not warrant the installation of traffic lights.

During the year the town completed the section of Waltham Street between Hayes and Parker Streets. In 1951 we hope to resurface Powdermill Road which at present is in poor condition brought about partly by sewer construction and the connecting of water mains. We also hope to resurface Main Street as a Chapter 90 project.

The lack of a suitable Parking Area in the center of town continues to be a problem. At the annual meeting in 1950 the voters defeated an article which would have provided a parking area adjacent to Naylor Court. We ask the voters to reconsider this article at the annual Town Meeting in March.

We wish to thank all Boards, Committees, and citizens for their cooperation and assistance during the year.

Respectfully submitted,

WILLIAM J. BAIN, Secretary,
LEO F. MULLIN, Chairman,
JOSEPH P. DINEEN,
Board of Selectmen.

Report of State Audit of Books and Accounts

September 8, 1950

To the Board of Selectmen
Mr. Leo F. Mullin, Chairman
Maynard, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Maynard for the period from September 7, 1948 to March 3, 1950, and of the tax collector's accounts from September 7, 1948 to May 13, 1950, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Maynard for the period from September 7, 1948, the date of the previous audit, to March 3, 1950, and, in addition, have extended the audit of the tax collector to May 13, 1950, preparatory to a recommitment of taxes, motor vehicle and trailer excise, and assessments to a new collector, the following report being submitted thereon:

The financial transactions as recorded on the books of the departments receiving or disbursing money for the town or sending out bills for collection were examined, checked, and verified.

The books and accounts of the town accountant were examined and checked. The receipts as recorded were checked with the available departmental records and with the treasurer's books, while the payments were compared with the treasury warrants authorizing the disbursement of town funds.

The ledger accounts were analyzed for the period covered by the audit, the appropriations as recorded on the ledgers were checked with the amounts voted by the town as shown on the town clerk's record of town meetings, the transfers from the reserve fund were compared with the amounts authorized by the finance committee, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on March 3, 1950.

In the examination of the paid vouchers on file, it was noted that a member of an elective board had received compensation for services rendered in a position to which he was appointed by the board of which he is a member, in which connection attention is called to the provisions of Section 4A, Chapter 41, General Laws.

It is again recommended that no bill for travel expenses of officials and employees be placed on a warrant for payment unless the bill is in sufficient detail to establish the correctness of the charge and is supported, whenever possible, by receipted vouchers.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and verified by comparison with the records in the several departments collecting money for the town and with other sources from which money was paid into the town treasury, while the disbursements were compared with the selectmen's warrants authorizing the payments.

The cash balance on March 3, 1950 was proved by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of cash in the office.

The payments on account of maturing debt and interest were proved with the amounts falling due and with the cancelled securities and coupons on file.

The records of tax titles and tax possessions held by the town were examined and checked. The additions to the tax title account were checked with the collector's records, the sales of tax possessions were compared with the receipts as recorded on the treasurer's cash book, the foreclosures were verified, and the tax titles and tax possessions on hand were listed and checked with the records in the Registry of Deeds.

The savings bank books and securities representing the investment of trust, investment, and retirement funds in custody of the town treasurer were examined and listed, the income being proved and the withdrawals being verified.

It is again recommended that no payments to the Massachusetts Hospital Service, Inc., be made in advance of payroll

deductions on account of Blue Cross and Blue Shield members employed by the town.

The books and accounts of the tax collector were examined and checked in detail. The taxes, motor vehicle and trailer excise, and special assessments outstanding according to the previous examination and all subsequent commitments were audited and proved. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, the transfers to the tax title account were verified by comparison with the treasurer's records of tax titles held by the town, and the outstanding accounts were listed and reconciled with the controlling ledger accounts in the town accountant's office.

The commitments of water charges were examined and checked in detail. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were checked with the water commissioners' records of abatements granted, and the outstanding accounts were listed and proved with the town accountant's ledger.

Verification of the outstanding tax, departmental and water accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts as listed, are correct.

The detailed checking necessary to prove the tax and water accounts required a great deal of time and added materially to the cost of the audit.

The town clerk's records of dog, sporting, and town licenses issued were examined and checked. The payments to the Division of Fisheries and Game were verified by comparison with the receipts on file and the payments to the town were checked to the treasurer's cash book.

The surety bonds furnished by the several town officials for the faithful performance of their duties were examined and found to be in proper form.

The records of the police, health, public welfare, library, and cemetery departments, as well as of all other departments collecting money for the town or committing bills for collection, were examined, checked, and reconciled with the treasurer's and the accountant's books.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's and the tax collector's cash, together with summaries of the tax, excise, assessment, departmental and tax title accounts, as

well as tables showing the trust, investment, and retirement fund transactions.

While engaged in making the audit, cooperation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

HBD:JRB

Report of the Superintendent of Streets

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the year 1950 as Superintendent of the Street Department.

MAINTENANCE

The general services performed included the cleaning of streets and sidewalks, collection of rubbish from business establishments, the cleaning of catch basins, the surfacing, oiling and patching of streets, cutting grass and brush and the painting of signs, fences and posts.

STREET CLEANING

There is no greater problem than that of cleaning streets today. Where so much sand is used in the winter and the crowding of our main streets with parked cars, it is humanly impossible to clean these streets by hand sweeping. I am requesting the purchase of a mechanical sweeper and shovel front tractor to assist us in remedying this situation.

DRAINAGE

One catch basin was constructed and 30' of 12" P.C. pipe was laid on Summer Street at Twombly's Funeral Home. 18' of 12" P. C. pipe was laid off Summer Street at drainage outlet near Gene Charpentier's home. One catch basin was constructed and 16' of 10" P. C. pipe was laid at drainage outlet on Brown Street near Mrs. Wall's home. One catch basin was constructed and 28' of 8" V.C. pipe was laid at Russo's on Waltham Street.

SNOW

This past winter we have had a total accumulation of 44" of snow caused by 13 snowstorms and 15 freezing rain and sleet storms.

The cost of snow removal and sanding amounted to \$14,390.70, of this amount \$9,982.33 was from the Special Appropriation for snow removal.

Total	8"
December 26	2"
December 31	3"
Total	5"

This snow was removed from the business areas, churches, schools and all the streets and sidewalks were plowed and sanded.

The Massachusetts Department of Public Works renewed their contract for paying one-half the cost of plowing Route 117 — Great Road.

Sixty-five sand barrels have been placed for public use at various places and 3,150 linear feet of snow fence was erected.

CHAPTER 90 MAINTENANCE

Shoulders and drainage were cleaned. 6,290 square yards of Acton Street was treated with a road surface. 12,617

square yards of Great Road was treated with a road surface. The State, Town and County each allotted \$1,200.00 for this work, making a total of \$3,600.00.

CHAPTER 90 CONSTRUCTION

The State allotted \$5,000.00 for construction on Waltham Street and the Town and County \$2,500.00 each, making a total of \$10,000.00. 950' of Waltham Street was constructed with a gravel subgrade and Bituminous base course being placed in sections, and a Bituminous concrete wearing surface. The storm drainage system was adjusted and added to with this work, consisting of one catch basin 30' of 12" R. C. pipe and the remodeling and adjusting of 10 catch basins and man-holes. 950' linear feet of granite curbing with inlets and curve corners were installed and both sidewalks were surfaced with bituminous concrete. Also in conjunction with this work a traffic duct was installed at the intersection of Parker Street and Waltham Street and the Massachusetts Department of Public Works Traffic Division erected lights at no cost to the town. This street has now been completed. We are requesting an appropriation to rebuild sections of Powdermill Road and Main Street next year under Chapter 90.

NEW EQUIPMENT PURCHASED

Two 10' one way plows were purchased during the year and I am requesting for 1951 the purchase of a pickup sweeper and tractor shovel loader.

GARAGE

The repair and maintenance service for the department is carried out at the garage. Gasoline, oil, etc. are secured from the garage by the various town departments.

BUDGET

In previous years the department's wages, salaries and expenses, came from several appropriations. This past year a new system was adopted whereby all maintenance appropriations were included in one appropriation and a system of classification was kept in two tables. Table one consisting of expenditures of the Highway appropriation, class of work, and special accounts expenditures. Table 2, consisting of appropriations, Departmental receipts and unexpended balance. I believe this to be a more efficient method and at the same time gives a true cost to each class of maintenance work performed. (Please note the table that follows.)

EXPENDITURES OF HIGHWAY APPROPRIATION

Table 1

Class of Work	Amount
Street Cleaning	\$4,162.72

CONCLUSION

The Town Accountants report will also show expenditures of this department.

I wish to thank the Board of Selectmen and the other Town Officials for the assistance they have given me, and also to the departmental employees.

Respectfully submitted,

RAYMOND J. SHERIDAN,
Superintendent of Streets.

Report of Inspector of Animals and Slaughtering

To the Honorable Board of Selectmen:

Gentlemen:—

I herewith submit my report as Inspector of Animals and Slaughtering for the year 1950.

During the year I inspected twelve pigs for slaughtering.

Eleven barns were inspected and found to be clean. The cattle were free of antinmonycos, barn mange, and other contagious diseases.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

Report of Dog Officer

To the Honorable Board of Selectmen:

Gentlemen:—

I herewith submit my report as Dog Officer.

During the year seven dogs were quarantined on suspicion of rabies and I released the same after fourteen days.

Fifteen dogs were picked up and boarded. Four of them were stray dogs and were returned to their respective owners.

At this time I want to thank the Chief of Police and his officers for their assistance.

Respectfully submitted,

JOSIAH M. HERRICK,
Dog Officer.

Report of Moth Department

To the Honorable Board of Selectmen:

Gentlemen:

Upon assuming the job of Moth Superintendent I was confronted with a broken spray rig. The rig was sent to Cambridge to be overhauled by the Fitzhenry Guptil Company, the original maker, and it proved satisfactory and should be in good condition for years to come.

There was a decrease in Gypsy Moth, Tent Caterpillars, Brown Tail Moths and Aphids in the town during the past year.

However, the Dutch Elm Disease, which has been spreading for nearly 25 years, was found to be present in Maynard for the first time. Back in the days of the C.C.C. the Elm disease was a favorite topic of discussion.

To date no cure has been found. The only counter attack seems to be to destroy infected elms as soon as discovered. To retard the spread of this menace Dutch Elm must be cut below the ground and all wood destroyed so as to avoid the spreading of said disease.

The past year the Elm Leaf Beetle came a little earlier than usual due to the unusual hot dry summer and caused the trees to turn brown and lose its foliage. Small worms hatched from the eggs of the Elm Leaf Beetle, if in sufficient number, can completely strip an elm of its foliage within a week, thus leaving the trees in a poor condition and susceptible to attack from the Dutch Elm Disease.

Last year upon recommendation of the State Conservation Department \$500.00 was appropriated as an emergency fund to help combat this disease at the slightest sign of its existance.

Last year just one tree was found and removed. Again I have asked for this amount.

The Moth Department which had no mask for spraying will try to purchase spray uniforms as used by large tree outfits.

Yours truly,

JOHN C. MASKIEWICZ,
Superintendent.

Report of Tree Department

The condition of the trees of Maynard are in fairly good condition but much work is still needed and I wish the townspeople would realize that more money and time should be donated for this cause. The lack of modern equipment has slowed us down.

I have requested a power saw to help remove large trees at a great reduction thus leaving the leftover money to accomplish other jobs such as removal of dead limbs or cavity work.

The largest complaints I received seemed to be the request for the removal of low limbs and limbs extending over roofs. Often private work is confused with our project. Whenever possible I tried to remove these low limbs as soon as possible. Sometimes I put these jobs off until other work came up in that same area. The reason for the postponement was usually due to the disposal of brush. With limited funds it wasn't advisable to always use the truck for such small jobs.

Another item I wish to mention is that there are many trees with mechanical scars, dead limbs and cavities.

A few of the trees I was asked to look at were so far decayed that a cavity job and its expense seemed to favor its removal and a replacement of a younger and healthier tree.

Last year no money was appropriated for young trees so no trees were planted.

Upon assuming the job of Tree Warden there was very little left from the Tree Warden appropriation so in order to fulfill some of the wishes of the voters I was often required to use elderly welfare workers who co-operated splendidly on any occasion I called upon them.

During December I ran out of funds so very little was done in regard to cleaning up after the heavy storms which hit Maynard but left very little actual damage.

I thank you for the privilege of serving you.

Respectfully submitted,

JOHN C. MASKIEWICZ,
Tree Warden.

Report of Sealer of Weights and Measures

January 2, 1951

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report as Sealer of Weights and Measures for the year 1950.

In submitting this report, I wish to state that at the close of the year all weighing devices and measures in the town were in good condition in accordance with the law.

I wish to take this opportunity to express my gratitude to the merchants and all those who come under the requirements of this department for their co-operation.

	Sealed	Not Sealed
Platform over 10,000 lbs.	3	
Platform 5,000 to 10,000 lbs.	1	
Platform 100 to 5,000 lbs.	44	3
Scales under 100 lbs.	100	
Weights	150	
Yard Sticks	24	
Liquid measures — one gallon and under	44	
Meters — one in. inlet or less	39	
Vehicle Tanks	8	
Measuring devices	26	
Peddlers licenses examined	4	
	443	3
Fees Received from Sealing		\$209.25
Appropriation		495.00
Total Expenditures		450.52
Balance		\$44.48

Respectfully submitted,

CLIFFORD F. KING,
Sealer of Weights and Measures.

Report of John A. Crowe Park Superintendent

To the Honorable Board of Selectmen:

I herewith submit my report of John A. Crowe Park for year ending December 31, 1950.

During the year the baseball diamond was graded and a galvanized fence installed adjacent to Great Road.

In my budget for the year 1951 I have requested funds to grade the baseball diamond and the erection of a galvanized fence along Taylor Road.

In conclusion, I wish to express my appreciation to the people of Maynard and the various Town Departments for the co-operation received during the past year.

Respectfully submitted,

WILLIAM F. KITOWICZ,
Superintendent.

- All Clear 3-3-3 long blasts over period of 3 minutes.

Storm Signals for the Schools

- Three blasts for first eight grades, five blasts for entire system. Blown at 7:15 and 12:30.
- Three blasts at 6:30 P. M. for Evening School.
- One blast at 9:30 A. M. and one blast at 12:30 P. M. for Supervised Recreation for children during summer months.

(OVER)

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE—1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle within three hundred feet of any fire apparatus going to a fire or responding to an alarm, nor drive said vehicle, or park or leave the same unattended within six hundred feet of a fire or within the fire lines established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Remain at box until apparatus arrives.

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

How to send an alarm from box: Go to the nearest box, open door, pull lever way down once and let go, then shut door, remain at box and direct firemen to fire.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

Board of Fire Engineers

To the Honorable Board of Selectmen:

The condition of the fire house is perhaps the most pressing problem facing the Fire Engineers. We have spent large sums of money each year to keep it in repair and this year was no exception. Each repair was followed by a chain of repairs brought to light by the first one attempted. Repairing of the roof revealed that the chimney was not only weak, but unsafe. When these were both repaired the hose tower leaked so badly that repairs had to be made at once. In the meeting room the ceilings have fallen. The boiler is rusting out at the base from the presence of water in the cellar. The sump pump expired and had to be replaced. The windows no longer fit the window casings. The stairs are dangerous. It is the usual story of an old building having arrived at the age of repair. We ask the citizens to consider carefully the future course to be followed in the maintenance of this piece of public property.

These repairs were only some of the unexpected expenditures. We were confronted with the closing of the mill and re-location of the fire whistle. This has been accomplished by means of new air horns, a larger air reservoir and a new and faster compressor. We want to thank the Water Department for the contribution of an old gas operated compressor for emergency use.

The Fire Card reveals 133 calls this year. Its composition is the same as other years. We ask you to note the broad scope of the Department's activities.

Total runs	133
Box Alarms	26
Phone Calls	107
*False Alarms	8
*No Service	23
Chimney Fires	5
*Dump Fires	6

Feet of 1 $\frac{1}{2}$ " hose used	550
Feet of 2 $\frac{1}{2}$ " hose used	7,900
Loss in property	\$5,350.00
Insurance on property	\$3,926.02
Assessed Value	\$3,300.00

COMMENTS

*We do not regret the large number of "no service" runs; but like to believe that the people are now conscious of the rule to call the Fire Department first and then attempt to handle the situation until they arrive.

*Our good record on the false alarms was badly shattered on Halloween. The parties responsible were discovered and apprehended by the Police. They were released with a warning. We ask the parents to consider the cost in time, money and most of all the risk to life and limb, foolishly incurred by false alarms. Consider the dangers and try to impress them upon your children.

*Careless burning of rubbish and use of wire baskets for incinerators continue to expose property to the fire hazard. DO NOT burn in so-called incinerators — wire baskets — without a permit for an open air fire, as such burning is a violation of law and may mean prosecution if serious damage results.

*We repeat our warnings of other years, to properly care for and clean oil burners.

*We earnestly ask that all persons examine their chimneys. Fire from this source is most likely to cause serious dwelling fire and possible loss of life.

*The Town Dump continues to be a major hazard.

*Mutual Aid between towns is paying large dividends. It must be increased if civilian defense is to operate, so far as war damage is concerned. Cooperation has been excellent and we have endeavored to reciprocate.

RECOMMENDATIONS

Our recommendations for the future are made with a view toward civilian defense and yet the recommended actions will,

of themselves, work well with our established practices. We assure the people that following our proposals will not lead to useless expenditures for poor and almost valueless materials. Our recommended purchases can be profitably used in the everyday operation of the Department.

First, we at this time are requesting two more permanent men. This will leave us with three men on each shift. It will tend to eliminate the danger of one man responding alone. This condition has been avoided as much as possible by several men voluntarily sleeping at the station. The day when a town can rely upon volunteers is rapidly departing. Why should one department constantly call upon its members (who are paid \$125.00 a year) to volunteer their time without pay for constant attendance at all hours, while other departments get overtime pay? There is a thrill to fire fighting. They say it gets into the blood. It inspires men to aid others in trouble. But our town can no longer rely on this generous spirit. We are part of Metropolitan Boston by virtue of expanding suburban building. We must, therefore, plan ahead for our responsibilities and two more permanent men is our recommendation at this time.

Second, radio communication is becoming more vital in this period of danger. Civil defense is going to require close co-operation between towns, particularly in their emergency facilities. Telephones are going to cause delay, if they can be used at all. Radio is all that is left. We recommend two way radios for Combination No. 1 and Combination No. 2 and at the Station House. We further recommend that they be tied in with the Town Police hookup to give broad coverage over the Acton's, Concord and Lincoln. This we believe to be more suited to our purposes than the State Police hookup, which is now crowded.

Third, a portable pump which can be used at a fire, while apparatus may be used elsewhere. This we have not included in our budget, as we feel this is properly a civil defense item, which may be reimbursed by the State at some future time.

Fourth, we are not recommending auxiliary firemen. We intend to expand our substitute rolls. We have, as a general rule, had excellent cooperation from the public. We feel that with regular trained firemen and on the spot civilian aid, we can accomplish all that is needed.

CONCLUSION

We call the attention of all persons to the NEW alarm card. Please destroy all old cards. Three new boxes have been installed. Box 14 at the corner of Nason Street and Summer

Street. Box 15 on Bancroft Street, opposite the Bancroft School. Box 145 on Brown Street near the corner of Wilder Street.

The Federal Government has asked for air raid warnings to last for a three minute continuous blast of the whistle. It cannot be done with our equipment. Our signals will be as follows:

ALARM 10-10-10 LONG BLASTS OVER PERIOD OF THREE MINUTES.

ALL CLEAR 3-3-3 LONG BLASTS OVER PERIOD OF THREE MINUTES

Our thanks to all for their assistance in the past year. Emergency work requires luck, help and skill. The help has been furnished by many, the Telephone Operators, the Police, the Road Department, the Water Department, the Finance Committee, the Selectmen, and all the people. We have tried to supply the skill, and luck has been with us for the most part.

Respectfully submitted,

PHILIP A. WILSON,
HENRY MARIANI,
MARTIN GRUBER,
Board of Fire Engineers.

Report of Police Chief

To the Honorable Board of Selectmen:

I hereby submit my annual report as Chief of Police for the year ending December 31, 1950.

In performance of the duties of this office I have had the cooperation of this Department, the assistance of the Board of Selectmen, and the Town Council

PARKING AND TRAFFIC

At the annual Town Meeting in 1949 an article was sponsored by the Parking Committee to purchase the area adjacent to Naylor Court for a municipal parking area. This article was laid on the table.

Serious consideration should be given for additional Parking areas.

With the assistance of the Street Department and the Department of Public Works traffic lights have been installed at the intersections of Paper Mill Corner.

EQUIPMENT

In my budget of 1951, I have requested the purchase of a Police Car to replace our present Police Car. It is far more economical to trade in for a new Police Car annually.

CRIME vs. PUBLIC ORDER

Drunkenness	84
Driving while Intoxicated	12
Driving so as to Endanger	4
Disturbing the Peace	2
Delinquency	5
Lewd and Lacivious Person	6
Non-Support	2
Violation of Probation	3
Vagrancy	1
Violating of Town Ordinance	10
Violating Traffic Rules	5
Leaving Scene of Accident	2
Operating Uninsured Car	2
Operating without a License	3

CRIME vs. PERSON

Assault	4
Assault and Battery	3
Robbery	2

CRIME vs. PROPERTY

Breaking and Entering and Larceny	3
Larceny	4
Breaking Glass	1
Forgery	2

In conclusion I wish to express my appreciation and the thanks of the Police Department to the Board of Selectmen and to all other Town Departments who have been of assistance to the Police Department.

Respectfully submitted

HENRY F. PIECEWICZ,
Chief of Police.

Town Clerk's Report

For the year ending December 31, 1950

Information desired, not printed herein, will be courteously
supplied upon request to the Town Clerk.

ELEANOR JONES,
Town Clerk.

Proceedings of Town Election

March 6, 1950

Pursuant to Town Warrant No. 428, the Annual Election of Town Officers was held in the George Washington Auditorium on the above date.

The polling place was prepared by the Town Clerk according to the requirements of General Laws.

Phillip Wilson, Moderator, presided. Prior to opening the polls the Moderator and Town Clerk examined the ballot boxes, set the register at zero, declared them to be empty and delivered the keys to the Constables in charge of the boxes.

Ballot Clerks appointed by the Board of Selectmen were sworn by the Town Clerk. Four thousand Official Ballots and duplicate check lists, containing the names of 3,864 voters were delivered to the Ballot Clerks by the Town Clerk and a receipt taken therefor.

Ballot Clerks. Area 1. A — L.

Patrick H. McGrath
Evelyn M. Mulcahy

Helen M. Gilleney
Phyllis P. Savikoski

Bertha L. Davis at the Gate.

Constable William J. Spratt at the Box.

Ballot Clerks. Area 2. M — Z.

William F. Baron
Helen V. MacDonald

Helena M. Murphy
Grace M. Stokes

Martha L. Champagne at the Gate.

Constable Henry F. Piecewicz at the Box.

On motion of John F. Stokes it was voted to waive the reading of the Warrant. The Moderator declared the polls open at 8 o'clock A. M.

The Tellers and Tabulators, appointed by the Board of Selectmen, were sworn by the Town Clerk and began counting at one fifteen o'clock, P. M.

TELLERS

Helen M. Hinds
Gertrude Duggan
Elizabeth M. Farrell
Alice L. Joyce
Doris A. Lowney
Eva H. Evers

Laura Quinn
Marion B. Wilcox
Elsie P. Brayden
Mabel A. Bemis
Bearl P. Koskinen
Elsie H. Trench

Agnes V. Driscoll
Helen I. Millin

Dorothy E. Hamlin
Oda J. Conroy

TABULATORS

Helen M. Connors

Myrtle A. Whitney

The polls were closed at 8 o'clock P. M.

The total number of ballots cast was 2640.

The Check List and Ballot Box in Area 1, A to L, both showed that 1401 ballots had been cast.

The Check List and Ballot Box in Area 2, M to Z, both showed that 1239 ballots had been cast

The result of the voting was announced at 9:35 o'clock P. M. by the Moderator, and was as follows:

SELECTMEN — ONE YEAR

William J. Bain	1101
Joseph P. Dineen	1248
Emile A. Dumas	778
Donald A. Lent	991

Attest:

ELEANOR JONES,
Town Clerk.
March 7, 1950

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint

Louise Webster of Maynard, to be Assistant Town Clerk during the current municipal year, or until this appointment is revoked.

ELEANOR JONES,
Town Clerk of Maynard.

I, Louise Webster, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

LOUISE WEBSTER.

Subscribed and sworn to this seventh day of March, 1950.

ELEANOR JONES,
Town Clerk of Maynard.

A true copy,
Attest:

ELEANOR JONES,
Town Clerk.

* Resigned October 26, 1950.

Proceedings of Town Meeting

Held March 13, 1950

In accordance with Town Warrant No. 429 the Annual Town Meeting was held in the George Washington Auditorium, on the above date.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock, P. M.

On motion of Harold R. Goodwin: Voted to waive the reading of the warrant.

Article 1. On motion of Harold R. Goodwin — Voted that the "Annual Reports of the Town Officers, including the Financial Report of the Town Accountant, of the Town of Maynard, Massachusetts for the year ending December 31, 1949," as printed and published be accepted.

Thomas J. Duggan read a report for the Consolidation Committee, as printed in the Annual Town Report which recommended the adoption of a Board of Public Works. The Moderator ruled no action on the recommendation as it would be acted on under Article 43.

Harold J. Morgan read a report for the Committee appointed in 1949 to investigate the insurance carried by the Town on its various real and personal property.

On motion of Harold R. Goodwin — Voted that this report be accepted as a report of progress and that the Committee be directed to prepare a warrant article for the next Town Meeting embracing their recommendations. Report was filed with the Town Clerk.

William Naylor read a report for the Planning Board Committee. On motion of Thomas J. Duggan it was voted to accept this report and follow the recommendations. Report was filed with the Town Clerk.

Article 2. The Moderator appointed Howard R. Prescott, Noble T. Morton and William Naylor as members of the Finance Committee for three years.

Article 3. A motion was made by Joseph P. Dineen as follows; that Article 3, items 1 to 81 inclusive, be appropriated as requested and that the necessary funds for these items be taken from Revenue with the exception of item 79 and item 81, and that the sum of \$1,419.00 for item 79, Cemetery Maintenance, be transferred from Cemetery Income Fund and that the sum of \$3,000.00 be transferred from Sewer Surplus, together with the sum of \$2,000.00 from the Excess and Deficiency Account for item 81, Maturing Debt.

An amendment was made by Harold R. Goodwin as follows: that the sums of money as designated in the Budget Schedule under Article Three in the column headed "Recommended to be Appropriated" be voted and appropriated for the several specific purposes as designated, and that the same be expended only for such purposes under the direction of the respective boards, committees, or officers of the Town. Subject to one change — item 46 Snow Removal — changed from \$11,200.00 to \$9,000.00.

A further amendment, to take up each item of Article 3, separately, was made by James S. Wheeler. This amendment was voted by a count of Yes, 171 — No, 44.

The count was made by Harold J. Morgan, R. Frank Punch, William Stockwell and Fred J. Shaw, who were appointed and sworn as Tellers by the Moderator.

The following appropriations were voted under this Article.

Item

1. Selectmen Office Salaries	\$3,240.00
2. Selectmen Office Maintenance	580.00

3.	Town Accountant Office Salaries	1,800.00
4.	Town Accountant Office Maintenance	200.00
5.	Town Treasurer Salary	1,200.00
6.	Town Treasurer Maintenance	970.00
7.	Tax Collector Salary	1,800.00
8.	Tax Collector Maintenance	974.00
9.	Assessors' Salaries	3,000.00
10.	Assessors' Maintenance	450.00
11.	Town Clerk Office Salaries	2,082.00
12.	Town Clerk Office Maintenance	300.00
13.	Election and Registration	2,275.00
14.	Moderator's Salary	50.00
15.	Finance Committee Expense	100.00
16.	Tax Title Expense	250.00
17.	Legal Expense	100.00
18.	Town Counsel Salary	250.00
19.	Town Election and Meeting Expense	500.00
20.	Town Offices and Hall Salary	2,600.00
21.	Town Offices and Hall Maintenance	3,850.00
22.	Police Department Salaries	28,883.92
23.	Police Department Maintenance	2,780.00
24.	Fire Department Salaries	15,724.50
25.	Fire Department Maintenance	2,497.00
26.	Sealer of Weights and Measures Salary	300.00
27.	Sealer of Weights and Measures Maintenance	195.00
28.	Moth Suppression Salaries	2,404.00
29.	Moth Suppression Maintenance	496.00
30.	Tree Warden	596.40
31.	Dog Officer	100.00
32.	Parking Areas	500.00
33.	Traffic Regulations	1,000.00
34.	Tree Planting	250.00
35.	Health Department Salaries	6,306.00
36.	Health Department Maintenance	7,300.00
37.	Inspector of Animals	100.00
38.	Inspector of Slaughtering	400.00
39.	Inspector of Plumbing	350.00
40.	Collection of Garbage	1,700.00
41.	Sewer Department Salaries	9,637.40
42.	Sewer Department Maintenance	2,356.00
43.	Sewer Department House Connections	2,000.00
44.	Highway Department Salaries	29,079.20
45.	Highway Department Maintenance	10,715.00
46.	Snow Removal	9,000.00
47.	Street and Bridge Lighting	14,500.00
48.	Public Welfare Department Salaries	4,330.80
49.	Public Department Maintenance	24,950.00
50.	Old Age Assistance	60,000.00

51. Aid to Dependent Children	9,600.00
52. Veterans' Agent	300.00
53. Veterans' Benefits	7,000.00
54. School Department Salaries	153,700.00
55. School Department Maintenance	39,747.00
56. Vocational Education	500.00
57. Adult Alien Education	800.00
58. Tuition for Truants	110.00
59. Transportation of School Children	2,500.00
60. Alumni Field	1,200.00
61. Public Library Salaries	3,334.20
62. Public Library Maintenance and Dog Tax ..	1,660.00
63. Memorial Park Salaries	681.20
64. Memorial Park Maintenance	250.00
65. John A. Crowe Park	1,270.00

Assessors salaries to be in force until January 1, 1951. Commencing January 1, 1951, by agreement with the Finance Committee and the Board of Assessors, the salaries will be set at
 Chairman \$700.00 per anum
 Other members 600.00 per anum

Article 5. On motion of Harold R. Goodwin — Voted that the sum of \$7,000.00 be appropriated for the Finance Committee Reserve Fund to provide for extraordinary or unforeseen expenditures. Transfers to be made to Departments only on vote of the Finance Committee as provided under Chapter 40, Section 6, of the General Laws. That \$2,000.00 be transferred from the Overlay Reserve Account for this purpose.

Article 6. On motion of Leo F. Mullin — Voted to appropriate the sum of \$500.00 for the purchase of a Police Cruiser and to allow the Board of Selectmen to trade the present police cruiser in conjunction with the transaction.

Article 7. On motion of Harold R. Goodwin — Voted to transfer \$1,375.00 from the Excess and Deficiency Account for the purchase of new hose for the Fire Department.

Article 8. On motion of Harold R. Goodwin — Voted to transfer \$1,200.00 from the Excess and Deficiency Account for the repairs to the Fire Alarm System.

On motion of Thomas J. Duggan it was voted to consider Article 42.

Article 42. A motion was made by Joseph P. Dineen to appropriate \$24,000.00 for the purpose of remodeling the Town House.

Amendments were offered by Ernest Mariano and William Naylor and on Mr. Naylor's amendment it was voted that a committee of five be appointed, consisting of one from the

Board of Selectmen, one from the Finance Committee and three to be appointed by the Moderator, to make a study of the whole subject of Town Buildings, in regard to the advisability of remodeling and repairing the present buildings or the construction of new buildings.

That \$2,000.00 be appropriated, for the use of this committee, to employ expert advice and to obtain tentative plans and estimates of cost.

This committee shall meet, at the call of the member from the Board of Selectmen, not later than April 1, 1950.

The committee shall make a report on the progress of their studies at every Town Meeting, held during 1950, and shall make their final report not later than the next Annual Town Meeting, if possible.

Article 9. On motion of R. Frank Punch — Voted to lay this Article on the table. (re repairs to Fire Station.)

Article 10. On motion of Raymond Sheridan — Voted that the sum of \$1,200.00 be raised and appropriated for the Town's share of Chapter 90 Highway Maintenance; also that the sum of \$2,400.00 be transferred from the Excess and Deficiency account to meet the State's and County's share of the cost of this work. The reimbursement from the State and County to be restored, upon their receipt to the Excess and Deficiency Account.

Article 11. On motion of Raymond Sheridan — Voted that the sum of \$2,500.00 be appropriated from the Excess and Deficiency account for the Town's share of Chapter 90 Highway construction on Waltham Street, also that the sum of \$7,500.00 be transferred from the Excess and Deficiency account to meet the State's and County's share of the cost of this work. The reimbursement from the State and County to be restored upon their receipt to the Excess and Deficiency account.

Article 12. On motion of Ernest Mariano — Voted to lay this article on the table, by a count of Yes — 146, No — 31. Count taken by Tellers previously appointed.

Article 13. On motion of Raymond Sheridan — Voted to transfer \$850.00 from Excess and Deficiency Account for the purchase of two nine foot blade type snowplows and to allow the Board of Selectmen to trade the two 1936 Anderson Plows in conjunction with the transaction.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Town Meeting

Held June 26, 1950

A special Town Meeting was held on the above date in the George Washington Auditorium, in accordance with Town Warrant No. 430.

Moderator Philip Wilson presided and called the meeting to order at 7:30 P. M.

On motion of Harold R. Goodwin — Voted to waive the reading of the warrant.

Article 1. The following reports were read and filed with the Town Clerk, as reports of progress:

Finance Committee report by Harold R. Goodwin
 Zoning Committee report by Philip Wilson
 Town Building Committee report by Leo F. Mullin
 Recreational Committee report by Grace L. Boeske
 Insurance Committee report by Harold R. Goodwin

Article 23. On motion of Ernest Mariano — Voted to act on Article 23.

Tellers appointed and sworn by the Moderator were, James V. King, William F. Baron, Noble T. Morton, George Savikoski.

On motion of Leo F. Mullin — Voted to appropriate and transfer from the Excess and Deficiency Fund the sum of \$13,500.00 to purchase land on Nason Street owned by B. J. Coughlin and land and building owned by John Gudzinowicz, for the purpose of erecting a Municipal Building and that the Selectmen be authorized to collect rents from the building on above mentioned property, by a vote of 93 in favor to 1 opposed.

Article 2. No vacancies in Town Offices.

Article 3. On motion of Joseph P. Dineen — Voted to appropriate and transfer from the Excess and Deficiency Fund the sum of \$7,000.00 for Veterans' Benefits.

Article 4. On motion of Joseph P. Dineen — Voted to appropriate and transfer from the Excess and Deficiency Fund the sum of \$500.00 to combat Dutch Elm Disease.

Article 5. On motion of Harold R. Goodwin — Voted that the sum of \$4,000.00 be appropriated from the Excess and Deficiency Account for the purchase of Class 1900 Addressograph machine and the required equipment to be used for

municipal accounting work. Said machine to be installed in the Municipal Office Building and to be available to trained operators for printing, listing, recording, billing and addressing forms and records of the various Town Departments. The Selectmen are hereby authorized and instructed to purchase such a machine as soon as possible.

Article 6. On motion of Ernest Mariano — Voted 77 in favor to 43 opposed to lay this article on the table. (re purchase of grader.)

Article 7. On motion of Ernest Mariano — Voted 59 in favor to 51 opposed to lay this article on the table. (re Town Collector.)

Article 8. In view of the action under Article 7 the Moderator ruled this article out of order. (Treasurer and Tax Collector to be Town Collector.)

Article 9. On motion of Herbert W. Martin — Voted to lay this article on the table. (re 3 year term for Treasurer.)

Article 10. On motion of Harold R. Goodwin — Voted that an Insurance Advisory Committee be established consisting of five members as follows: The Town Clerk, The Town Treasurer, one member of the Board of Selectmen, one member of the School Committee, and one member of the Finance Committee, the latter three members to be selected by their respective organization. The functions of this Committee shall consist of investigating, consulting and advising Town Officials and Town Departments in respect to the amounts and types of insurance, the renewal and cancellation of policies, the allocating of coverage to insurance agencies and any other matters pertaining to the Town Insurance program and requirements. This Committee shall organize on or before July 15, 1950 and assist to carry into effect the recommended fire insurance program as of August 1, 1950. The term of office of such members shall commence on April first of each succeeding year. The Town Clerk shall call the members of the Insurance Advisory Committee prior to April first of each succeeding year and preside until such Committee shall elect a chairman and secretary. Said Committee shall remain in force until the Town shall otherwise vote, and shall serve without compensation or remuneration.

Article 11. On motion of Harold R. Goodwin — Voted that the sum of \$2,400.00 be transferred from the Excess and Deficiency Account for the purpose of carrying into effect a blanket fire insurance policy on all Town Buildings and contents

as of August 1, 1950. Also that all Departmental Fire insurance balances and returned premiums be transferred to an Insurance Premium Fund on August 1, 1950; such fund to receive and disburse all monies now and hereafter appropriated, refunded and disbursed for insurance purposes for protecting against fire loss, commencing August 1, 1950. Also that the departmental balances thus transferred shall be applied against the premium charges for the purchase of blanket fire insurance policy. The Selectmen are hereby authorized and instructed, in conjunction with the advisory Insurance Committee, to put the recommended method of fire insurance into effect as of August 1, 1950.

This Insurance Premium Fund to continue in effect until the Town shall otherwise vote.

Article 12. On motion of Harold R. Goodwin — Voted to transfer the sum of \$750.00 from Excess and Deficiency Fund to repair the roof of the Fire Station. (This motion put by the Town Clerk.)

Article 13. On motion of Peter T. Peterson — Voted unanimously to authorize the Sewer Commissioners to extend the common sewer on Powder Mill Road from the Pumping Station to Woodbine Terrace and on the following Terraces: Glenview, Pinecrest, Bellevue, Birch, and Woodbine, and to further authorize the Sewer Commissioners to receive bids for the construction of this project, to acquire necessary property, rights-of-way, or easements and to do anything lawfully pertaining thereto. This vote was counted by the Tellers — 105 in favor to none opposed.

A motion was made by Herbert W. Martin to take Article 7 from the table, was lost, the count being 36 in favor to 39 opposed.

Article 14. On motion of Peter T. Peterson — Voted unanimously to authorize the Sewer Commissioners to extend the common sewer on Powder Mill Road from the road leading down to the Pumping Station westerly a distance of about 500 feet and to further authorize the Sewer Commissioners to receive bids for the construction of this project, to acquire necessary property, rights-of-way, or easements and to do anything lawfully pertaining thereto.

Article 15. On motion of Peter T. Peterson — Voted to authorize the Sewer Commissioners to extend the common sewer on Hird Street from Concord Street a distance of about 315 feet and to further authorize the Sewer Commissioners to receive bids for the construction of this project to acquire

necessary property, rights-of-way, or easements and to do anything lawfully pertaining thereto.

Article 16. On motion of Peter T. Peterson — Voted to authorize the Sewer Commissioners to extend the common sewer on Espie Avenue from Great Road a distance of about 225 feet and to further authorize the Sewer Commissioners to receive bids for the construction of this project, to acquire necessary property, rights-of-way, or easements and to do anything lawfully pertaining thereto.

Article 17. On motion of Peter T. Peterson — Voted unanimously, to authorize the Sewer Commissioners to extend the common sewer on Beacon Street from Summer Street a distance of about 400 feet and to further authorize the Sewer Commissioners to receive bids for the construction of this project, to acquire necessary property, rights-of-way, or easements and to do anything lawfully pertaining thereto.

Article 18. On motion of Peter T. Peterson — Voted that the Town authorize the Sewer Commissioners to extend the common sewer on Great Road from the manhole opposite the home of George B. Thompson, easterly a distance of about 375 feet and to further authorize the Sewer Commissioners to receive bids for the construction of this project, to acquire property, rights-of-way, or easements and to do anything lawfully pertaining thereto. The Tellers counted the vote which was declared unanimous by the Moderator.

Article 19. On motion of Peter T. Peterson — Voted to authorize the Sewer Commissioners to extend the common sewer on Lincoln Street from Charles Street a distance of about 150 feet and to further authorize the Sewer Commissioners to receive bids for the construction of this project, to acquire necessary property, rights-of-way, or easements and to do anything lawfully pertaining thereto. The Moderator declared this passed by more than two thirds vote.

Article 20. On motion of Peter T. Peterson — Voted to authorize the Sewer Commissioners to extend the sewerage disposal plant by constructing additional sludge beds, and to further authorize the Sewer Commissioners to receive bids for the construction of this project and to do anything lawfully pertaining thereto.

Article 21. On motion of Peter T. Peterson — Voted unanimously that articles 13, 14, 15, 16, 17, 18, 19, 20, as authorized by this meeting be provided as follows: the sum of \$2,205.00 be transferred from the Excess and Deficiency Account, to be

returned from Sewer Surplus, and that the Town Treasurer be authorized with the approval of the Selectmen to issue a note or notes of the Town, not to exceed \$44,000.00 said note or notes to be paid annually and not to exceed eight years for this purpose, in accordance with the provisions of Chapter 44 of the General Laws.

Article 22. On motion of Peter T. Peterson — Voted to authorize the Sewer Commissioners to exchange loam on the strip of land purchased for the common sewer extension from Charles Street to Everett Street for gravel to be placed on said strip of land.

Article 23. Acted on after Article 1.

Article 24. On motion of Harold R. Goodwin — Voted that the sum of \$8,000.00 be transferred from the Water Department Surplus to the Excess and Deficiency Account to replace the same amount appropriated at the Town Meeting in March, 1949 for water mains construction.

The meeting adjourned at 10 o'clock P. M.

Attest:

ELEANOR JONES,
Town Clerk.

October 27, 1950

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint James V. King of Maynard to be assistant Town Clerk during the remainder of the current municipal year, or until this appointment is revoked.

ELEANOR JONES,
Town Clerk of Maynard.

I, James V. King, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

JAMES V. KING.

Subscribed and sworn to this 27th day of October, 1950,
before me,

ELEANOR JONES,
Town Clerk.

A true copy,

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of State Election

November 7, 1950

In accordance with Town Warrant No. 432 the voters of Maynard cast their ballots for State, County and District Offices and on the several questions on the ballot, at the George Washington Auditorium.

Prior to opening, the polling place was prepared according to the provisions of the General Laws.

Selectman William J. Bain acted as Presiding Officer and called the meeting to order at 7:59 A. M.

On motion of Lester F. Cowle it was voted to waive the reading of the Warrant.

The polls were declared open at 8 o'clock A. M.

The following Election Officers, appointed by the Selectmen, were sworn by the Town Clerk:

AREA 1

Bertha L. Davis	Phyllis P. Savikoski
Evelyn M. Mulcahy	Helen M. Gilleney
Timothy F. Hickey	
Constable William J. Spratt at the Box.	

AREA 2

Martha L. Champagne	Grace M. Stokes
Eileen Carson	Helena M. Murphy
Ralph L. Barnes	
Constable Henry F. Piecewicz at the Box	

Prior to opening, the ballot boxes were examined by the Presiding Officer and the Town Clerk, declared empty, the registers set at zero and the keys put in the custody of the Constables.

At ten o'clock the following Tellers, appointed by the Selectmen, were sworn by the Town Clerk in accordance with vote of the Selectmen authorizing counting of the ballots before the close of the polls, counting began immediately.

TELLERS

Arthur F. Croft	Irene R. Martin
Elsie P. Brayden	Eva H. Evers
Elizabeth M. Farrell	Alice C. Smith
Agnes V. Driscoll	M. Mabel Holly
Helen M. Hinds	Laura Quinn
John F. Carpenter	Alice L. Joyce
Eva Jones	Mary A. Allan
Mabel A. Bemis	Dorothy E. Alving

Gertrude Duggan
 Michael J. Nee
 Dorothy E. Hamlin

Agnes C. Miller
 Mildred M. Morgan
 Myrtle A. Whitney

Johanna F. Parke and Grace E. French reported at 7:30 P. M. to fold ballots.

The polls were declared closed at 8 o'clock P. M. All voters in line at the close of the polls were allowed to vote. After the close of the polls the Presiding Officer cast eighteen Absent Voter Ballots of which thirteen were regular Absent Voter Ballots and five were War Ballots.

The register on the Ballot Box in Area 1 showed 1612 but as a ballot caught and registered twice the total was 1611. There were 1611 names checked on the list as having voted in Area 1.

The Register on the Ballot Box in Area 2 showed 1574 but this also was due to ballots registering twice when caught, the total was 1572. There were 1572 names checked on the list as having voted in Area 2.

The total number of ballots cast was 3,183.

The result of the voting was announced by the Town Clerk at 2 o'clock A. M. November 8th as follows:

QUESTION NO. 1

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 1949, received 242 votes in the affirmative and 7 in the negative, and in a joint session of the two branches held June 8, 1949, received 242 votes in the affirmative and 7 in the negative?

Summary

This proposed amendment of the Constitution provides for the time when the respective terms of office of the governor, lieutenant-governor and councillors shall begin and the time when their respective terms shall end. It also makes provision relative to the succession to the office of governor in the event of the death of the governor elect before qualification for the office of governor; and it further makes provision relative to the succession to the office of governor in the event of the death of both the governor elect and the lieutenant-governor elect before qualification for their respective offices.

QUESTION NO. 2

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 4, 1948, received 154 votes in the affirmative and 44 in the negative, and in a joint session of the two branches held June 8, 1949, received 160 votes in the affirmative and 93 in the negative?

Summary

This proposed amendment to the Constitution provides for an increase in the number of signatures of qualified voters re-

quired upon an initiative or upon a referendum petition, and it further makes provision for changes in legislative procedures thereon with reference to dates upon, or within which, acts shall be done in the various stages necessary to be taken upon such petitions.

QUESTION NO. 4

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did not vote?

Summary

This measure provides for the creation of a Massachusetts commission for the purpose of conducting once every month a lottery drawing to raise additional funds by means of tickets sold to the public, within the Commonwealth, the net proceeds to be divided as follows: 50 per cent to the winners as prizes, 35 per cent for assistance to needy aged persons, $7\frac{1}{2}$ per cent for assistance to needy blind persons, $7\frac{1}{2}$ per cent for assistance to dependent children.

QUESTION NO. 5

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 139 in the negative and in the Senate by a vote of 13 in the affirmative and 25 in the negative?

Summary

The proposed measure strikes out the first sentence of section 113B of chapter 175 of the General Laws (Tercentenary Edition) as most recently amended by section 4 of chapter 459 of the acts of 1935, and inserts in place thereof a sentence which provides that the Commissioner of Insurance shall annually, on or before September fifteenth, after due hearing and investigation, fix and establish fair and reasonable classifications of risks and adequate, just, reasonable and non-discriminatory premium charges to be used and charged by insurance companies in connection with the issue or execution of motor vehicle liability policies or bonds, as defined in section 34A of chapter 90 of the General Laws, for the ensuing calendar year or any part thereof, but said classifications and premium charges shall be uniform throughout the Commonwealth and shall not be fixed or established according to districts or zones.

QUESTION NO. 8

(a) If a voter desires that this city (or town) shall declare by popular referendum that a shortage of rental housing accommodations exists which requires the continuance of federal rent control in this city (or town) after December thirty-first, nineteen hundred and fifty, and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of the Housing and Rent Act of 1950, he will vote "YES" on said question. (b) If he desires that federal rent control shall cease to be in effect in this city (or town) at the close of December thirty-first, nineteen hundred and fifty, he will vote "NO" on said question. If a majority of the votes cast in any such city or town in answer to said question is in the affirmative, such city or town shall be deemed to have declared by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental accommodations exists which requires the continuance of federal rent control in such city or town after December thirty-first, nineteen hundred and fifty, and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of said act. If a majority of the votes cast in any such city or town in answer to said question is not in the affirmative, such city or town shall be deemed not to have declared by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental accommodations exists which requires the continuance of federal rent control in such city or town after December thirty-first, nineteen hundred and fifty.

Shall a declaration be made by popular referendum, pursuant to the Housing and Rent Act of 1950, that a shortage of rental housing accommodations exists which requires the continuance of federal rent control in this city (or town) after December thirty-first, nineteen hundred and fifty and until the close of June thirtieth, nineteen hundred and fifty-one, in accordance with the provisions of said Act?

ELEANOR JONES,
Town Clerk.

Proceedings of Town Meeting

Held November 13, 1950

A special Town Meeting was held on the above date at the George Washington Auditorium, pursuant to Town Warrant No. 433.

Moderator Philip Wilson presided and called the meeting to order at 7:30 P. M.

On motion of Harold R. Goodwin it was voted to waive the reading of the Warrant.

Article 1. A report for the Finance Committee was read by Harold R. Goodwin.

A report for the Building Committee was read by Leo F. Mullin and this report was filed with the Town Clerk.

A report for the Zoning Committee was read by Walter E. Carbone and this report was filed with the Town Clerk.

A report by the Zoning Committee regarding Article 14 (Planning Board) was also read by Walter E. Carbone and filed with the Town Clerk.

Article 2. No vacancies in Town Offices to be filled.

At this time the Moderator appointed Harold J. Morgan and James V. King to act as Tellers and they were sworn by him.

Article 3. On motion of Leo F. Mullin — Voted unanimously, that the sum of \$17,200.00 be appropriated from the Excess and Deficiency Fund to purchase properties owned by the Roman Catholic Archbishop of Boston consisting of property located at the corner of Acton on Summer Streets containing about 15,715 square feet of land and property on Summer Street adjacent to the Memorial Park containing about 24,600 square feet of land to be used for the erection of Police and Fire Station or for a Parking Lot or for whatever purpose the Town may vote.

Article 4. On motion of Roy E. Marsden — Voted to rescind the action taken under Article 19 at the annual Town Meeting, March 13, 1950, relative to repairing the wall at the entrance to New Cemetery and that the \$700.00 appropriated be returned to the Grave and Lot Fund.

Article 5. On motion of Roy E. Marsden — Voted that \$1,245.00 be transferred from the Grave and Lot Fund for the erection of two chain link fences at the Glenwood Cemetery.

Article 6. On motion of William J. Bain — Voted to transfer \$1,000.00 from the Excess and Deficiency Fund for Snow Removal.

Article 7. On motion of Harold R. Goodwin — Voted to transfer the sum of \$500.00 from Sewer Surplus to Sewer House Connections.

Article 8. On motion of Harold R. Goodwin — Voted that the Collector of Taxes be and hereby is authorized to collect, under the title of Town Collector, all accounts due the Town in accordance with the provisions of Section 38A of Chapter 41 of the General Laws and amendments thereto. Said authorization to become effective on March 6, 1951, and to remain in effect until the Town shall otherwise vote.

Article 9. On motion of Harold R. Goodwin — Voted that the Town Treasurer be and hereby is authorized to act as Town Collector and Collector of Taxes pursuant to Chapter 41 of the General Laws. This authorization shall take effect upon the qualification of the Town Treasurer elected at the annual meeting for the election of Town Officers in the year 1952 and shall extend to all succeeding Town Treasurers until the Town shall otherwise vote. Also that this elected official shall be known as the Town Treasurer and Collector and receive such compensation for his services as the Town may determine.

Article 10. On motion of Harold R. Goodwin — Voted that the Town Treasurer elected at the annual meeting for the election of Town Officers in the year 1952 shall be elected for a term of three years and such three year terms shall continue until the Town shall otherwise vote.

Article 11. On motion of Warren Johnson — Voted to abandon an old country road known as "Old Town Road," as shown on "Plan of Maynard Rod and Gun Club, Inc., Maynard, Mass." by Merrill A. Brown, Civil Engineer, Carlisle, Mass., dated 1948 and filed with Middlesex South Registry of Deeds, from the intersection of said Old Town Road and Old Mill Road southerly and easterly to Waltham Street, and to petition the County Commissioners to do the same.

Article 12. On motion of Patrick H. Murphy — Voted to transfer the sum of \$3,000.00 from the Excess and Deficiency Fund for Welfare Maintenance.

Article 13. On motion of Joseph P. Dineen — Voted to transfer the sum of \$500.00 from the Excess and Deficiency Fund for War Allowance.

Article 14. On motion of Walter E. Carbone — Voted to establish a Planning Board in accordance with Section 81-A of Chapter 41 of the General Laws. Said Board to be elected at the next annual Town Meeting and to consist of five (5) members, elected for terms so arranged that term of at least one member will expire each year; and their successors shall be elected for terms of five years each, and to authorize the Board of Selectmen to act as a Planning Board under said Section 81-A until the members are elected to take office.

Article 15. On motion of Walter E. Carbone — Voted, 64 in favor to 22 opposed, to adopt the proposed Zoning By-law with changes hereto attached, copies of which have been distributed at this meeting.

PROPOSED ZONING BY-LAW

Town of Maynard, Massachusetts

Dated October 9, 1950

Errata, also Changes* After Hearing of October 26, 1950

Section 3-1—(c)	Change to *(Religious and Municipal uses).
	(d-3) Omit* (Religious).
Section 3-2—(a)	Change (commercialized to commercial).
Section 7-3	Should be (Section 7-2).
Section 8-2	Omit the word (yard) in fifth line.
Section 8-5	Change *(one hundred (100) feet to seventy-five (75)).
Section 9-1	Last line (issurance should be issuance).
Section 10-1	Add to first sentence *(and so located on the premises so as not to create a hazard by obstructing visibility of any street or way or private driveway).

PROPOSED PROTECTIVE ZONING BY-LAW

Town of Maynard, Massachusetts

SECTION 1

INTRODUCTION

1-1 Purpose of By-Law

The purpose of this By-law is to promote the health, safety, welfare and convenience of the inhabitants by dividing the Town into districts and regulating the use, construction and alteration of buildings and premises with a view to encouraging the most appropriate use of land in the Town.

1-2 Existing Non-Conforming Buildings and Premises.

Any lawful building or use of a building or premises or part thereof existing at the time this By-law is adopted may be continued although such building or use does not conform to the regulations of the district in which it is located, provided such use has not been abandoned for a period of one year.

SECTION 2

2-1 Types of Districts

The Town of Maynard is hereby divided into four types of Districts.

- Single Residence Districts
- General Residence Districts
- Business Districts
- Industrial Districts

Said districts are as shown on "Zoning Map of Maynard" dated October 5, 1950 which is hereby made a part of this By-law. All districts not indicated on said map are single residence districts.

SECTION 3

Single Residence Districts

3-1 Requirements

In single residence districts no building or structure shall be constructed or altered, and no building, structure or premises shall be used for any purpose except:

- (a) One family house.
- (b) Farm, market garden, nursery or greenhouse including sale of natural products raised on same.
- (c) Municipal use.
- (d) Any of the following uses, provided it is not injurious, noxious or offensive to the neighborhood and only if authorized by the Board of Appeals, subject to appropriate conditions where such are deemed necessary to protect the District and Town.
 - (d-1) Cemeteries.
 - (d-2) Private clubs, except those whose chief activity is a service customarily carried on as a business.
 - (d-3) Religious, educational and public utility buildings.
 - (d-4) Commercial poultry farm, provided that the buildings housing the poultry be located not less than two hundred (200) feet from any street and not less than one hundred (100) feet from any adjoining property line.
 - (d-5) Sales stands for sale of farm products, most of which are raised in town, provided they do not, by their location violate set back and side line restrictions.

- (d-6) Conversion of a dwelling existing at the time this By-law is adopted so that it may not contain apartments of not less than three rooms, the rooms of which are habitable size, each apartment having its own bathroom.
- (d-7) Temporary structures and uses for development work and similar purposes.

3-2 Accessory Uses

Accessory use on the same lot with and customarily incidental to any of the listed permitted uses and not detrimental to a residential neighborhood may be permitted provided the outward character of the district is not changed. This shall include any of the customary home occupations: dressmaking, letting of room, taking of boarders, preparing of food for sale, or the work of any member of a recognized lawful profession conducted by resident occupants only.

- (a) Garage space for not more than three automobiles may be permitted, not more than one of which may be commercialized except on a farm, unless authorized by the Board of Appeals.
- (b) A builder, carpenter, mason, painter, plumber, tinsmith, upholsterer, machinist or other craftsman who lives and maintains a home on the premises or building may use said home or building thereon in connection with his trade under a yearly permit from the Board of Appeals.

SECTION 4

General Residence Districts

4-1 Requirements

In general residence districts no building or structure shall be constructed or altered and no building, structure or premises shall be used for any purposes except:

- (a) Any purpose authorized in single residence districts.
- (b) Semi-detached or two family dwellings.
- (c) Dwellings for three or more families, including apartment houses if authorized by the Board of Appeals.

SECTION 5

Business Districts

5-1 Requirements

In business districts no building or structure shall be constructed or altered and no building, structure or premises shall be used for any purpose except:

- (a) Any purpose authorized in Single residence or General residence districts.
- (b) Retail or wholesale business which would not be offensive because of injurious or obnoxious noise, vibration, smoke gas, fumes, odor or dust or other objectionable features,

- or hazardous to the community on account of fire or explosion or detrimental to the appearance of the district. Salesrooms and shops for custom work or making of articles to be sold at retail on the premises; service or public utility where the product is customarily sold on the premises by the producer to the consumer.
- (c) Restaurants and other places serving food.
 - (d) Theatres, halls, clubs and other places of entertainment.
 - (e) Public and semi-public buildings.
 - (f-1) Gasoline and oil stations, garages for storage and repair.
 - (f-2) At every filling station hereafter constructed the building shall be located at least thirty-five (35) feet from any street line. No pump shall be placed nearer than twenty-five (25) feet from any street line and no filling shall be done except in cars standing on property of the filling station.
 - (g) Printing shops.
 - (h) Lumber, fuel, feed and ice establishments.
 - (j) Any additional use for which the Board of Appeals may grant permission in specific cases, after determination by them that the proposed use is similar to one or more of the uses specifically authorized in this section.

SECTION 6

Industrial Districts

6-1 Requirements

In industrial districts no building or structure shall be constructed or altered, and no buildings, structure or premises shall be used for any purpose except:

- (a) Any purpose authorized in Single residence, General residence or Business districts.
- (b) Any industry or manufacturing which would not be offensive because of injurious or obnoxious noise, vibration, smoke, gas, fumes, odor, dust or other objectionable features, or become hazardous to the community on account of fire or explosion or any other cause dangerous to the neighborhood into which it proposes to go, and destructive of property value because of excessive nuisance qualities.
- (c) Contractors yards for storage of equipment and supplies.

SECTION 7

Non-Conforming Uses

7-1 Requirements

No non-conforming use shall be changed, moved or extended and no non-conforming building or structure shall be structurally or substantially altered, reconstructed after damage by

fire or other cause or enlarged or replaced by a new building unless, upon application to the Board of Appeals it can be shown that such change, if carried out, would be less detrimental or objectionable to the neighborhood, or, if not carried out it would work an unnecessary hardship.

7-3 Limitation on Restoration

In the case that any non-conforming building is damaged by fire or other cause restoration work must be undertaken within the year of the time damage is inflicted unless, upon application to the Board of Appeals it can be shown that restoration within the time limit is impossible, in which case extension of time may be granted.

SECTION 8

Yards

8-1 Front Yards

In residential districts no building or structure shall be placed or erected within twenty-five (25) feet of any street line.

8-2 Side Yards

In residential districts there shall be provided at each side of every dwelling a side yard of not less than fifteen (15) feet in clear width between the side yard of the house and the side lot line. Side yards shall be at all times clear from the front to the rear lines of the house.

8-3 Back Yards

In residential districts there shall be provided a back yard extending the full width of the lot and not less than thirty (30) feet in depth between the rear line of the house and the rear lot line. A back yard may contain accessory buildings covering not more than thirty (30) per cent of the back yard area.

8-4

In residential districts no accessory buildings shall be placed or erected within five (5) feet of any lot line.

8-5 Lot Frontage

Any dwelling hereafter erected in any district shall be located on a lot having frontage of not less than one hundred (100) feet on a street or way, provided that one dwelling may be erected on a lot having a lesser frontage where said lot existed at the time this by-law is adopted and did not adjoin other land of the same owner available in connection with said lot.

8-6

Projecting eaves and uncovered steps shall not be taken as coming within the meaning of this section.

SECTION 9**PERMITS****9-1**

No building for use as a habitation, for business, for industry or accessory buildings [covering over one hundred (100) square feet of area] shall be erected, enlarged, changed in use or moved after this By-Law is adopted without a permit from the Selectmen, showing that the requirements of the district have been substantially complied with.

Said permit shall be posted conspicuously on the premises during the time of construction.

The Selectmen shall adopt reasonable rules and regulations governing method of application for and the issuance of such permits.

9-2

No lot, building or structure shall be changed in size or use so as to violate this By-law.

SECTION 10**SIGNS****10-1 Requirements**

In residence districts only the following types of signs may be erected or placed.

- (a) Real estate sign advertising rental, lease or sale of the premises and not exceeding twelve (12) square feet in area.
- (b) Sign or bulletin board incidental to a permitted use and not exceeding six (6) square feet in area unless authorized by the Board of Appeals and in no case to exceed twelve (12) square feet in area.
- (c) Sign advertising accessory use and not exceeding four square feet in area.

SECTION 11**EARTH REMOVAL****11-1**

The removal of sod or loam except when incidental to and in connection with the construction of a building or the use of land for municipal purpose, shall be permitted only if the Board of Appeals shall rule that such a use is not detrimental to the neighborhood.

11-2

The removal of sand or gravel shall be permitted only if the Board of Appeals rules that such removal is not detrimental to the neighborhood provided that no excavation lower than the grade of any road which abuts shall be made nearer than seventy-five (75) feet from such road boundary, and that the

slope of any side of excavation within seventy-five (75) feet of any road or adjoining property shall not be steeper than the angle of repose of that particular soil.

SECTION 12

ENFORCEMENT

12-1 By Board of Selectmen

This By-law shall be enforced by the Board of Selectmen. The Board shall issue no permit for the erection or a teration of any building or part thereof, plans and specifications and intended use of which are not in all respects in conformity with the provisions of this By-law.

12-2 Board of Appeals

The Board of Selectmen shall appoint a Board of five members and two associate members which shall act on all matters within its jurisdiction under this By-law in the manner prescribed in Chapter 40 of the General Laws and shall serve without remuneration. This Board of Appeals shall be appointed according to methods described in said Chapter of the General Laws.

12-3

Whenever a permit from or authorization by the Board of Appeals is required under this By-law, said permit or authorization shall not be granted except after a public hearing before the Board held as provided in Chapter 40, Section 30, of the General Laws. No permit shall be granted if by so doing a hazard or nuisance will be created.

SECTION 13

VALIDITY

13-1

The invalidity of any section or provision shall not invalidate any other section or provision hereof.

The proposed Zoning Map will be on display at said hearing.

JAMES BAUDREAU,
 GERALD TIERNEY,
 HAROLD WILCOX,
 HAROLD LEDGARD, Secretary,
 WALTER CAROBNE, Chairman
 The Zoning Committee.

Article 16. On motion of Leo F. Mullin — Voted unanimously to adopt the following By-Law:

SECTION 1. DEPARTMENT OF CIVIL DEFENSE. There is hereby established a department of civil defense (hereinafter called the "department"). It shall be the function

of the department to have charge of civil defense as defined in Section 1, Chapter 639, Acts of 1950 and to perform civil defense functions as authorized or directed by said chapter or by any and all executive orders or general regulations promulgated thereunder, and to exercise any authority delegated to it by the governor under said Chapter 639.

SECTION 2. DIRECTOR OF CIVIL DEFENSE. The department shall be under the direction of a director of civil defense (hereinafter called the "director") who shall be appointed as prescribed by law. The director shall have direct responsibility for the organization, administration and operation of the department, subject to the direction and control of the appointing authority, and shall receive such salary as may be fixed from time to time by the appointing authority. The director may, within the limits of the amount appropriated therefor, appoint such experts, clerks and other assistants as the work of the department may require and may remove them, and may make such expenditures as may be necessary to execute effectively the purposes of Chapter 639, Acts of 1950.

The director shall also have authority to appoint district co-ordinators and may accept and may receive, on behalf of the city (town), services, equipment, supplies, materials or funds by way of gift, grant or loan, for purposes of civil defense, offered by the federal government or any agency or officer thereof or any person, firm or corporation, subject to the terms of the offer and the rules and regulations, if any, of the agency making the offer. The director shall cause appropriate records to be kept of all matters relating to such gifts, grants or loans.

SECTION 3. CIVIL DEFENSE ADVISORY COUNCIL. There is hereby established a civil defense advisory council (hereinafter called the "council"). Said council shall serve without pay and shall consist of the director of civil defense, such other department heads and such other persons as the authority appointing said director may deem necessary. Such members of said council as said appointing authority shall designate shall serve as chairman of said council. Said council shall serve subject to the direction and control of the appointing authority and shall advise said appointing authority and the director on matters pertaining to civil defense.

SECTION 4. POLICE AID TO OTHER CITIES AND TOWNS IN EVENT OF RIOTS OR OTHER VIOLENCE THEREIN. The police department is hereby authorized to go to aid another city or town at the request of said city or town in the suppression of riots or other forms of violence therein.

SECTION 5. TERMINATION OF ORDINANCE (BY-LAW). This ordinance (by-law) shall remain in force during

the effective period of Chapter 639, Acts of 1950 and any act in amendment or continuation thereof or substitution therefor.

SECTION 6. DEFINITION. All references to Chapter 639, Acts of 1950, as now in force, shall be applicable to any act or acts in amendment or continuation of or substitution for said Chapter 639.

Article 17. On motion of Walter E. Carbone — Voted to lay this article on the table.

At 9:29 on motion of Joseph P. Dineen it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Town Meeting

Held December 11, 1950

A special Town Meeting was held at the George Washington Auditorium on the above date in accordance with Town Warrant No. 434.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock P. M.

On motion of William J. Bain — Voted to waive the reading of the warrant.

Article 1. Leo F. Mullin, Chairman of the Selectmen and member of the Building Committee reported orally that the purchase of all land, authorized by vote of the Town at previous meetings, had been completed.

Article 2. There were no vacancies in Town Offices to be filled.

Article 3. On motion of J. Francis Cleary — Voted that the Town appropriate from 1951 revenue, the sum of \$4,400.00 for the purchase and installation of a boiler and stoker at the Roosevelt School.

Article 4. On motion of Peter T. Peterson — Voted that the sum of \$1,700.00 be transferred from the Water Department Surplus to repair the damage at the White Pond Pumping Station caused by the recent storm.

At 7:36 o'clock P. M. on motion of James V. King it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

IMPORTANT
REQUEST

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

NOTICE

Chapter 51, Section 4 of the General Laws, require the Board of Registrars to list all persons twenty years of age or over, thereby making necessary a canvass in January of each year.

Persons who fail to give full and correct information, may cause difficulty and inconvenience to members of their household, especially if names not given are of registered voters, as names not listed in the annual canvass must be removed from the voting list by Registrars.

Co-operation on the part of householders is therefore respectfully solicited in order that lists may be as correct as possible, thus preventing inconvenience or injustice to any voter.

ELEANOR JONES,
Town Clerk.

Board of Registrars of Voters

To the Board of Selectmen
Maynard, Massachusetts

Gentlemen:

The Board of Registrars of Voters held ten advertised meetings for registration of voters during 1950. The Board also met several times to certify names on nomination papers. An unusually large number of papers were filed. Before the Town Election papers containing 239 names, of which 163 were certified, were filed. Before the September Primary, papers containing 2,782 names, of which 2,066 were certified, were filed.

In July the change from alphabetical listing of voters to listing under streets was completed, and this list was first used at the September Primary. Some confusion was caused by the change but on the whole the voters seemed to understand the set-up. The Registrars wish it to be known that they did not change the style of the voting list, it was compulsory by act of the Legislature.

The Annual Listing of Persons 20 years old and over, men and women, was conducted as usual, beginning January 3rd. The List of Persons as printed contained 5,239 names.

At the close of the year, December 31, 1950, the voting list contained the names of 3,936 voters (2010 Men and 1926 Women) with 996 enrolled Republicans and 959 Democrats.

Respectfully submitted,

JOHN C. BRAYDEN, Chairman
ALEXANDER J. BOURKE,
REGINALD JONES,
ELEANOR JONES,
Board of Registrars of Voters.

Report of the Sewer Commissioners

To the Board of Selectmen:
Gentlemen:

The twenty-first report of the Sewer Department for the year ending December 31, 1950 is herewith submitted. The Superintendent's report is also included.

Five thousand, five year old spruce seedlings were set out around the disposal plant.

The Department advertised for bids for the construction of lateral sewer lines voted at the town meeting. Fifteen bids were received and the contract was awarded to the low bidder. The work under this contract will be completed by early spring.

With the addition of two sludge beds the disposal plant should take care of the additional load for some years to come.

Thirty-nine house connections have been made this year. Thirty-four were made by the Department and five by the contractor. There are 1,117 connections in use.

Respectfully submitted,

THOMAS H. TIERNEY,
VINCENT CROTTY,
GERALD F. TIERNEY,
Sewer Commissioners.

Report of the Superintendent of Sewers

To the Board of Sewer Commissioners:
Gentlemen:

The report of the Superintendent of Sewers for the year ending December 31, 1950 is herewith submitted.

The Inhoff tank has given excellent results this year and the reports from the State Department of Public Health have been very favorable. With the addition of the two new sludge beds the disposal plant should be ample for some years to come.

The contractor is progressing very satisfactory with the work of laying lateral sewers and should be finished by early spring.

Thirty-nine connections have been made this year making the number in use 1,117. Five of these connections were made by the contractor.

Thirteen stoppages in the Common Sewers and thirty-five in the house connections were cleared.

Five thousand, five year old spruce seedlings were set out around the disposal plant.

I am grateful for the assistance given me by the Sewer Commissioners and other Town Departments and to the department employees who have been so co-operative.

Respectfully submitted,

PETER T. PETERSON,
Superintendent.

Report of Superintendent of Memorial Park

Upon accepting the job of caretaker of Memorial Park the first obstacle to face was time. With only a few weeks before Memorial Day we were faced with the task of pruning and bracing nearly all our evergreens which were overgrown and split. The splits were caused by weather and others through mischievous children. This required many hours bracing. Next we gave our lawns a heavy fertilizing. Perennials were purchased and placed in freshly spaded beds. Then our attention was focused upon the flowering shrubs along the sides. A few plants were purchased to replace broken or dead plants; others were thinned out and transplanted, to make the plants stand out more. Next, we edged off and weeded all beds and borders. The lawns were cut once a week and weeded and edged on an average of once every two or three weeks.

The hedges which are old and broken we mended by pulling plants together to help fill holes.

At present we are cutting back the heavy growth so in time we can get a uniform height to our hedges.

This coming year we have two beds of bulbs to start our season of colors off and as the year wears on we plan to try and keep those beds in continuous bloom from the beginning to the end of the year.

Another policy which was started which we hope to continue if possible, is the placing of cut flowers at the Honor Roll. These flowers are donated during the local growing season by local flower growers. We wish to thank all who have assisted in this project and those that will in the future.

We wish to thank all for the opportunity of serving you.

Respectfully submitted,

JOHN C. MASKIEWICZ,
Memorial Park Superintendent.

Report of the Board of Public Welfare

To the Citizens of Maynard:

The Annual report of the Board of Public Welfare is herewith submitted.

With the closing of the Assabet Mills this department anticipated a large increase in the General Relief Category but to date the number of relief cases remains about the same as in the preceding year; due largely to payments from Unemployment Compensation and of finding employment outside of our town. Many unemployment claims are becoming exhausted and with no other income we look forward to the addition of many cases in the coming year.

As of December 31, 1950 we have twenty-three local cases receiving General Relief locally, and five cases receiving relief in other towns with a Maynard settlement. Six cases are cared for in the Tewksbury State Hospital and Infirmary with Maynard settlements at a cost to this town of \$17.97 per week for each case.

Many other cases have been opened and closed within the year.

OLD AGE ASSISTANCE

On December 31, 1950 one hundred seventeen persons were receiving Old Age Assistance in Maynard, the same number as in 1949. Eight of these cases are in Nursing and Convalescent homes, at a cost of twenty-five dollars per week for board and care, plus medical care and extras.

We also have fourteen cases with Maynard settlement in other cities and towns.

During the year we have opened twenty new cases and closed twenty-two cases. Four cases have been denied as ineligible.

AID TO DEPENDENT CHILDREN

We are granting Aid to Dependent Children to four mothers and six dependent children. Three cases less than in the preceding year.

The financial report of receipts and expenditures will be found in the report of the Town Accountant.

Respectfully submitted

ALTON W. SIMS, Chairman,
CHARLES P. SPURRELL, Clerk,
WILLIAM J. SMITH,
Board of Public Welfare.

Report of Cemetery Commissioners

To the Honorable Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

The usual work of spraying and trimming shrubs and caring for the shrub beds was accomplished.

We are pleased to report that a five foot fence has been erected at the Maynard Tomb. This fence was made necessary on account of the damage being caused by the children to the tomb and its surroundings.

The fence at the entrance to the new cemetery will be erected in the early spring after the removal of the wall which was practically beyond repair.

In conclusion, we wish to thank the citizens for their fine cooperation during the past year.

Respectfully submitted,

GUYER W. FOWLER,
ERNEST E. JOHNSON,
JACOB LAURILA,
Cemetery Commissioners.

Report of Superintendent of Glenwood Cemetery

To the Board of Cemetery Commissioners:

I herewith submit the report of the Superintendent of Glenwood Cemetery for the year 1950.

The catch basins throughout the cemetery were cleaned and all avenues in the old section were treated with weed killer.

A large number of grave markers were reset and several of the older monuments in the front sections were placed in their proper positions.

All shrubs throughout the cemetery were trimmed and sprayed and many of the larger trees trimmed.

In conclusion, I take this opportunity of thanking the Commissioners and the various departments for their kind help during the past year.

Respectfully submitted,

ROY E. MARSDEN,
Superintendent of Glenwood Cemetery.

Report of Library Trustees

To the Citizens of the Town of Maynard:

We herewith submit the report of the Librarian and of the Trustees for the year 1950.

We are indebted to the following Libraries for the loan of books:

The Division of Public Libraries, Boston

Boston Public Library, Brookline, Concord, Cambridge, Connecticut State, Lynn, Newton and Watertown.

The following have donated books or magazines to the Library for which we express our thanks.

The Rotary Club of Maynard
The Holy Name Society
Lovell Bus, Inc.
John Moynihan.

The Statistical Report is as follows:

Books in the Library, January 1, 1951	13,496
Discarded	45
Lost Books	18
Borrowed	268
Bound	96
Purchased	320
Magazines	41
Daily Paper	1
Weekly Paper	2
Fines Collected	\$109.65
Circulation	27,897

Yours Respectfully,

OLIVE R. MORGAN,
Librarian.

The Public Library Trustees hereby endorse the report of the Librarian.

Again we extend our invitation to the public to visit and to use the facilities of the Library.

We wish to thank Miss Morgan and Mrs. Lestor for their cooperation during the year and for their splendid work in

making the Library an attractive and pleasant room for patrons.

In September of this past year the Library acquired a new landlord, namely, The Maynard Realty Corporation, Arthur F. Glatky president and treasurer.

I am grateful for the assistance given me by the other members of the board and also to the Librarian in making this my first year in public office a pleasant one.

Respectfully submitted,

JOHN E. HANNON, Chairman,
WILLIS J. LESTER, Secretary,
NELLE C. MAY,
Maynard Public Library Trustees.

Report of the Board of Retirement

To the Members of the Maynard Contributory Retirement System:

The Maynard Board of Retirement submits herewith the annual report of the Retirement System.

One new member has been added during the year 1950 and four members have terminated their services.

A statement has been sent to each member giving his or her credit to December 31, 1950.

Respectfully submitted,

ALBERT E. LUCOT, Clerk,
HAROLD J. MORGAN,
JAMES V. KING,
Board of Retirement.

Report of the Middlesex County Extension Service

Much of the organized programs conducted by the Middlesex County Extension Service are planned on a county basis with these programs available to every town in the county. Organized projects such as mastitis or Green Pastures for dairymen; flock health for the poultrymen; clothing and food for the homemakers or the various 4-H Club programs for boys and girls, are brought to the individual farmers or homemakers in a general way through the County Bulletin, radio, newspaper, publicity, meeting or through correspondence and farm and home visits. In addition to this general work of the Extension Service, work in each town is developed under the guidance of the town director and the local groups interested in agriculture, homemaking and Boys' and Girls' Club work.

Most of the agricultural work in Maynard for the year had to do with individual services to home gardeners and small vegetable growers who were helped with their individual problems. Some commercial poultrymen were also given service, especially in flock handling problems and in the improvement of quality egg production to help with better marketing.

Several groups of homemakers in Maynard were interested in the various projects conducted such as the clothing construction, slip covers, and child feeding. Local leaders received training in order that they could pass on information to other interested homemakers.

One-hundred and twenty girls enrolled in foods, clothing, and crafts. There were several boys enrolled in conservation projects. One of the best exhibitions in the county was held in Maynard with a great many home economics projects on display and an excellent fashion show. A rally was held in February. Nancy Bain and Helen King attended the State Week at the University of Massachusetts at Amherst. This trip was given them because they had done such outstanding work as junior leaders in 4-H Club work.

Respectfully submitted,

MILTON DUCLOS,
Town Director.

Report of Water Commissioners

To the Board of Selectmen:

Gentlemen:

The report of the Water Commissioners for the year ending December 31, 1950 is herewith submitted. The report of the Superintendent and the Water Registrar is included. This is the sixty-second report of the Water Department.

One of the primary duties of the Water Department is to provide the Fire Department with sufficient water at all the hydrants in Town so that they may promptly have the fire under control with little fire loss. With this in mind the Department has for the past two years made a study of the existing mains and the flow in gallons from various hydrants in Town. As a result of this study we found that certain mains should be replaced with mains of larger carrying capacity. We are recommending that sufficient money be appropriated at the annual Town meeting to correct this situation. An article will be placed on the warrant on this matter.

Main extensions were made on the following streets: Taylor Road, Hird, Lincoln, King, Prospect Streets, and Allan Drive. Mains were relaid on Concord, and King Streets.

We are still continuing the practice of requesting bids for material.

We have been informed by the General Electric Company that it will be at least another year before the cutouts for the motors at the White Pond Station will be available.

As a result of the severe storm November 25, a short circuit developed in the underground service line leading into the White pond station. The line from the transformers to the control board was completely burned and the main line switch severely damaged. A temporary line was immediately installed so it was unnecessary to use the gasoline unit. At the special Town Meeting in December money was transferred from Water surplus to repair the damage. This has been done and the station is again in working order.

Respectfully submitted,

GAVIN TAYLOR,
EDWARD J. BOULDEN,
JAMES J. BAKUN,
Water Commissioners.

Report of the Water Superintendent

To the Board of Water Commissioners:

Gentlemen:

The report of the Superintendent and Registrar of the Water Department, for the year ending December 31, 1950 is herewith submitted.

January 1, 1950 the water in the pond was 59 inches below full pond. This is the lowest the pond has been at this time of year. However, with the spring rains the pond started to fill and December 31, 1950 the pond was 33 inches below full pond. This shows a gain of 26 inches.

An extensive study has been made of the existing mains and the flow in gallons from hydrants throughout the Town. As a result it was found that the flow from many of the hydrants was inadequate for proper fire protection. Many of the mains should be replaced with larger mains and some new mains should be installed to strengthen other areas.

All the hydrants were painted with a new type of paint and is very noticeable at night. This should be of great help to the Fire Department. Five new hydrants were added, three were relocated and five that were broken were repaired.

The old pumping station which is used as a garage was painted and the roof shingled on two sides. One of the small storage sheds was also painted and reshingled.

Twenty-seven new services have been added this year making a total in use 1,720. Thirty-nine services have been relaid. Thirty-four cellar stops were replaced, and twenty-seven services were cleaned.

Eighty-six services have been metered making the total 1,777 now in use. Three hundred and sixty-three meters were repaired. Three test meters were set.

Eight leaks in services and three in the main lines have been repaired.

The main on Lincoln Street has been extended 175 feet with 6 inch cast iron pipe. The main on Hird Street was extended 46 feet with 4 inch cast iron pipe. The main on Allan Drive was extended 99 feet with 6 inch cast iron pipe. The main on Prospect Street was extended 34 feet with 6 inch cast iron pipe. The main on Taylor Road was extended 850 feet with 8 inch Transite pipe. The main on King Street was extended 187 feet with 4 inch cast iron pipe. On Concord Street 890 feet of 4 inch cast iron pipe was replaced with 8 inch trans-

ite pipe. On King Street 390 feet of 1½ inch was replaced with 4 inch cast iron pipe.

	Gallons	K. W. Hours
January	9,357,000	10,600
February	8,940,000	9,960
March	9,646,000	10,847
April	10,200,000	11,557
May	11,800,000	12,649
June	13,100,000	14,392
July	14,776,000	15,817
August	15,200,000	16,110
September	14,200,000	15,315
October	12,300,000	13,826
November	11,643,000	12,751
December	10,767,000	11,123
	<hr/>	<hr/>
	141,929,000	154,947

Average daily consumption 388,846 gallons
 Average daily per person for 7,000 55.5 gallons

I am grateful for the assistance given me by the Water Commissioners and the other Town Departments and to the department employees who have been cooperative.

Respectfully submitted,

PETER T. PETERSON,
 Superintendent.

	<hr/>
Total uncollected December 31, 1950	\$1,719.35

Report of the Board of Health

To the Board of Selectmen:

In continuing the war against disease the Board of Health maintained and conducted their annual clinics consisting of Diphtheria, School Dental, Vaccination, Immunization of Dogs, Milk Inspection and a Food Survey.

DIPHTHERIA CLINIC

Once more, for the 19th consecutive year this town has been free of this disease, this has been due mainly of these important clinics. Dr. R. E. Hooper assisted by Misses Mary Ward, R.N., Edith Foster, R.N., and Mrs. Martha Champagne, R.N. There were a total of 28 children protected at these clinics, while many families took their children to their respective family physician for their inoculations. All should remember that especially in these critical times that every child should be immunized on reaching the age of six months.

VACCINATION CLINICS

Dr. E. F. Ryan assisted by the local nurses, Misses Ward, Foster and Mrs. Champagne rendered this important inoculation to 35 children. Parents are urged to remember to have their children inoculated against small pox on reaching the age of six months.

SCHOOL DENTAL CLINICS

Good teeth is one of the most important factors in the development and health of a child. In fact, this is a real important clinic at which the Drs. F. A. May and S. E. Garland conducted during the past year. Because of local economic conditions they were beneficial to both the child and parent to a greater extent the past year.

DOG CLINICS

A total of 388 dogs were inoculated and protected against rabies at the 13th annual clinics conducted under the direction of Dr. Stedman of Clinton and Josiah M. Herrick. Protection against rabies must and should be given freely, as a sudden outbreak of dog bites can be injurious to the welfare of the community and also cause the muzzling of pets that have not been immunized against rabies. It must also be remembered that dogs must be inoculated every year.

MILK INSPECTIONS

Perhaps one of the most important measures to protect health is milk and our milk inspector, Robert W. Rimbach,

took monthly samples, visited farms selling to local dealers. This being done to give the consumer the best milk and to aid in the growing of children, who are expected to drink plenty of milk.

TUBERCULOSIS

Every effort possible is being conducted to attempt to keep this disease at a low level. A person subject to this disease is immediately hospitalized. Suspects at the request of their family physician are x-rayed and if necessary examined at the Middlesex County Sanatorium. It is hoped and trusted that through the efforts of the Middlesex Health Association and the peoples' co-operation in the purchasing of Christmas Seals that several clinics may be held here, next year. Tuberculosis is one of the most dreaded of diseases and although the town is reimbursed through a subsidy it still remains a major problem to conduct.

FOOD SURVEY

A complete survey of all eating and drinking establishments, no matter how large or small was conducted under the supervision of Mr. Karal Wisniewski of the Massachusetts Health Department, assisted by two members. The local townspeople and owners, as a whole, are to be congratulated on having such a fine number of respectable places. However, it should be understood that to give the proper attention there should be a qualified inspector.

HEALTH UNIT

Our Board has attended meetings of this law, which we must observe within ten years. This will mean better service in sanitation, food, clinics, all of which will come under this bill which was signed by the Governor on August 10, 1949.

PRE-MATURE BABY LAW

Now in effect, this law compels the Board of Health to be responsible for the hospitalization and care of a baby born under 4½ pounds until it reaches five pounds, if the parents are unable financially to do so. Although this is forcing the Health Budget to be slightly higher it should be remembered that a life is worth saving, at any cost.

LIST OF COMMUNICABLE DISEASES

Chicken Pox	9
Dog Bites (not rabied)	7
Lobar pneumonia	1
Measles	25

Mumps	3
Scarlet Fever	7
Tuberculosis	1
Whooping Cough	2
Anterior Polimyelitis	1

To a great degree the number of communicable diseases plus the recent Pre-Mature Baby Act and the cost of rent for the public dump, and also the cost of keeping the road and dump in good condition is the barometer of our budget.

We express our sincere thanks to all the townspeople, the various departments, our faithful employees, also James V. King, for their splendid co-operation during the past year.

Respectfully submitted,

JOHN J. JOHNSTON,
LESTER F. COWLE,
HOWARD L. CLARK
Board of Health.

Annual Report of Nurses for Year Ending Dec. 31, 1950

Number of Patients visited	594
Paid Nursing Visits	3,503
Free Calls	347
Total Calls	3,850

Respectfully submitted,

MARY A. WARD, R. N.

Assessors' Report

To the Board of Selectmen:

The Annual Report of the Board of Assessors for the year ending December 31, 1950, is herewith submitted:

In accordance with the provisions of the General Laws of Massachusetts, Chapter 59, Section 29, all owners of taxable property shall each year on or before the 31st of January submit to the local Assessors a list with the valuation of their taxable property. Notices are posted, and forms may be obtained at the Assessors' office in the Municipal Building.

All Male Inhabitants who are 65 years of age and over, and who wish to be exempted from payment of a poll tax, must make a request in writing on a form furnished at the office of the assessors.

Each year increasing duties are imposed by the State Department upon your Assessors, made necessary by newly created tax laws by the Legislature. Yearly work has been added to this office by the great increase in Motor Vehicle taxes known as the Excise Tax. There is a great increase in the number of Real Estate Transfers which requires a great deal of additional work in the Assessors' office. This additional work has been handled very satisfactorily this year due to the citizens approving Article No. 4 at the March Town Meeting. This permits us to have the office open each day from 9:00 A. M. to 5:00 P. M., except Saturdays.

RECAPITULATION OF TAX RATE

Total appropriations to be raised by taxation	\$547,079.33	
Total appropriations voted to be taken from available funds:		
In 1950	\$45,556.30	
In 1949, since 1949 tax rate was fixed	\$18,700.00	\$64,256.30

Town Accountant's Report

Maynard, Mass. January 12, 1951

To the Board of Selectmen:

Gentlemen:

Herewith is the annual report of the Town Accountant for the year ending December 31, 1950.

The financial condition of the Town is as illustrated below:

	Dec. 31. 1949	Dec. 31 1950
Cash on hand	\$173,654.81	\$164,933.24
Uncollected Taxes	28,402.77	30,731.64
Unexpended Appropriation turned back to Revenue and Surplus Accounts at the end of the year	9,187.52	16,209.05
Excess and Deficiency Account— Excess over Uncollected Taxes.....	133,942.40	83,939.07

The net debt of the Loan Accounts amounts to \$80,000.00 which is about 1.38% of the Town valuation.

The courtesy and co-operation received from the various town boards, officials and employees is gratefully appreciated.

Respectfully submitted,

ALBERT E. LUCOT,
Town Accountant.

School Calendar for 1950 - 1951

HIGH SCHOOL — 39 WEEKS

Fall Term began	September 5, 1950
Closed	December 22, 1950
Winter term began	January 2, 1951
Closes	February 23, 1951
Early Spring Term begins	March 5, 1951
Closes	April 27, 1951
Late Spring Term begins	May 7, 1951
Closes	June 22, 1951
Fall Term begins	September 4, 1951

ELEMENTARY SCHOOLS — 38 WEEKS

The same as for the High School except that Late Spring Term closes June 15, 1951.

DAILY SESSIONS

Grade One	8:45-11:30 A.M.	1:15-3:15 P.M.
Grades Two to Six	8:45-11:45 A.M.	1:15-3:30 P.M.
Grades Seven to Eight	8:45-11:45 A.M.	1:00-3:00 P.M.
Grades Nine to Twelve	8:00 A.M.	1:00 P.M.

HOLIDAYS, etc.

October 12, 1950	Columbus Day
November 3, 1950	Teachers' Convention
November 23, 24, 1950	Thanksgiving Recess
February 22, 1951	Washington's Birthday
March 23, 1951	Good Friday
April 19, 1951	Patriot's Day
May 30, 1951	Memorial Day

STORM SIGNALS

Three blasts for first eight grades, five blasts for entire school system. Blown at 7:15 A.M. and 12:30 P.M.

Announcements of "No School" will also be broadcast over WBZ and WEEL.

N. B. Errors in judging the weather are unavoidable. It is suggested that parents exercise independent judgment about sending children to school in stormy weather.

MAYNARD HIGH SCHOOL

1930 — 1950

Twenty Years of Faithful Service

Report of Maynard School Committee

To the Citizens of Maynard:

We submit herewith the report of the School Committee for the year ending December 31, 1950.

Throughout the year the School Committee has met at least once a month for the transaction of any and all business which properly came before it.

The report of the Superintendent of Schools, in large measure covers the activities and conduct of the School Department and speaks of its accomplishments, its aims and its purposes.

The following facts, we feel, merit the attention of the citizens:

CHANGES IN PERSONNEL

Resignations

John E. Larkin
Mary E. Coleman
Walter J. Gavin
Thomas J. Moran
Ruth I. Wilson

Germaine St. Hilaire
Alice M. Cullen
Rufina J. Burns
Albert F. Smith, Jr.

Appointments

Mary E. Barre
Margaret M. Hogarty
Albert F. Smith, Jr.
Joan C. Leadbetter
Mary M. Shine
Joan Dukeshire

Delma W. Sanborn
Patricia A. Chandler
Mary E. Downs
Madeline Desmond
Margaret Swain

MAINTENANCE AND REPAIRS

High School

Installed new lighting fixtures in four rooms.
Installed additional wall outlets.
Painted seven rooms.
Installed a partition in the Principal's Office to make an additional room which is used as a Health Room.
Repaired wall in Laboratory.
Installed new window shades where necessary.
Resurfaced desks in Library.

Junior High School

Installed new lighting fixtures in four rooms.

Roosevelt School

Painted three rooms.

Installed new toilet seats in all toilets.

Replaced old flush box system with new Flush-o-meters.

Coolidge School

Painted exterior of building.

Painted three rooms.

Completely renovated girls' toilet room.

New toilet seats in boys' toilet.

Installed new drinking water bubblers.

Installed new sink in upper corridor.

Wilson School

No work done at this school except very minor repairs.

As we have stated before, our buildings are in excellent condition both inside and out.

The modernization of our buildings, the start of which was made some time ago, is nearing completion. Although the town has received no publicity about it we are one of the foremost municipalities in such modernization. The results speak for themselves. Not long ago one of our townspeople had occasion to visit one of our buildings. He expressed amazement at the fine condition of the building, stated that we and the town should be proud of them and he felt that more people should see them and be aware of their condition. We feel the same way. Why don't you make it a point to visit them and see for yourself what has been accomplished?

PROPOSED ALTERATIONS, MAINTENANCE AND REPAIRS FOR 1951

High School

Paint five rooms and the lower corridor.

New dado in lower corridor.

Refinish desks in two rooms.

Install sink in nurse's room.

Install water cooler in lower corridor.

Auditorium and Gymnasium

Paint entire interior.

Install new floor covering on gym floor.

Install Flush-o-meters in toilet rooms.

Junior High School

Install new stair treads

Paint toilet rooms.

Install new drinking water bubblers.

Install new urinals in boys' toilet room

(This project was postponed from 1950 to 1951)

Roosevelt School

Install new urinals in boys' toilet room.

(This project was postponed from 1950 to 1951)

Install new boiler and stoker.

Install new stair treads — boys' side.

Coolidge School

Paint three rooms.

Install one ceiling.

CONCLUSION

The School Department has continued, within its financial and physical limitations, to meet the needs of the children of the town in a manner most successful, as proven by the records made by our graduates at colleges and other schools and at work. With the support of the citizens of the town it shall continue to do so.

We wish to take this opportunity to express our appreciation to the Superintendent of Schools, the Principals and the entire school personnel for making a very successful year possible.

Respectfully submitted,

JOSEPH E. BOOTHROYD,

J. FRANCIS CLEARY,

FRED R. SHAW,

School Committee.

January 11, 1951

Report of the Superintendent of Schools

To the School Committee and Citizens of Maynard:

It is with pleasure I submit as a report a summarization of statistics, policies and procedures in the Maynard School System.

ENROLLMENT

The enrollment in the grades has been as evenly distributed as possible throughout the town. It is fortunate that families moving to Maynard have settled within the Roosevelt School District where we have provisions on a small margin to take care of them.

The building enrollment as of January 2, 1951 is as follows:

High School

Grade IX	74	
Grade X	71	
Grade XI	64	
Grade XII	61	
		270

Junior High

Grade VII	88	
Grade VIII	80	
		168

Coolidge

Grade I	29	
Grade II	20	
Grade II and III	21	
Grade III	28	
Grade IV	33	
Grade V	25	
Grade VI	29	
		185

Wilson

Grade I	19	
Grade II	35	
Grade III	20	
Grade IV	28	
Grade V	22	
Grade VI	22	
		146

Roosevelt

Grade I	24	
Grade I	23	
Grade II	30	
Grade II	33	
Grade III	30	
Grade III	29	
Grade IV	22	
Grade IV	22	
Grade V	30	
Grade V and VI	18	
Grade VI	31	
		292

Total Enrollment, January 2, 1951

1,061

There is a total enrollment in the Roosevelt School Building of 340 pupils. This figure includes forty-eight children from Acton.

In September, Maynard held the unique record of having empty rooms whereas the Acton Superintendent of Schools was faced with a room shortage. Together we conceived the idea of Maynard renting rooms to Acton. After the plan was properly channelled through the Maynard and Acton School Committees, it was put in action. At the outset of the plan, there were those who were skeptical as to its workability, but I am very happy to say that the Acton teachers have been most cooperative with the general building administrative policies. There are no conflicts between teachers or children. As far as I am concerned, it can continue as long as the rooms are available and needed.

PERSONNEL

The changes in the personnel by name and position are indicated in another part of this report.

There are times when changes in personnel are to the advantage of the system but for the most part it is to the disadvantage. The new members however, seem to be exerting sincere effort to adjust to the policies of the system.

SUPERVISION AND INSTRUCTION

There should be constant growth and progress at all age levels and no one questions the **need for** and the **must** of academic growth but it cannot be isolated. It is only a segment of the total growth pattern. Education today is concerned with the development of healthy bodies, trained minds, satis-

factory social adjustments and emotional stability, rather than subject matter alone.

GRADE SIX, WILSON SCHOOL

Science Club studying a rock on Summer Hill in order to identify minerals found in local rock formations.

Mary L. Wood, Teacher

The day is gone when the school and home can depend on the report card as the sole median of contact between them. I am well satisfied with the home and school relationship in Maynard. Parents and teachers both have found that the parent-teacher conference is very beneficial in the solution of mutual problems. It gives the parent an understanding of the evaluation of the pupil's progress and what the school aims to do for the child. It gives the school the opportunity to know the home problems which may be influencing the pupil's progress.

We have had many such conferences throughout the year. Some have been the result of an invitation by the teacher or principal to the parent while others have been the result of requests from parents. The program followed for Education Week has been very satisfactory.

Although instruction may seem to be on a mass production basis, it is becoming more and more individualized. We are doing more and more each year for the individual child. We are having more individual conferences, more individual tests and more individual instruction at all levels.

This year thirteen teachers earned three or more credits through "In-Service Training."

The teachers were given an opportunity this fall to suggest topics for teachers' meetings which would result in a program planned to help them in their particular needs and interests.

Some of the programs requested are as follows:

1. Workshop in Audio-Visual Aids.
2. Provision for Individual Differences in the Classroom.
3. Conferences between teachers of each grade about the work covered in each subject.
4. Local Curriculum.

The workshop has already been held on a voluntary basis. The attendance was excellent.

In January a representative from the Massachusetts Department of Mental Hygiene will speak on the "Emotions of the Child in the Classroom."

A specialist in Arithmetic from the State Department of Education has been engaged for the April meeting. She will speak on "Teaching Children How to Solve Problems in Arithmetic."

AUDIO VISUAL AIDS

No one will deny the complex society which confronts children today. It is a challenge to education. Learning must be made more interesting and direct in order to be effective.

One of the most effective methods of giving the child more direct educational experiences is through the medium of Audio-Visual Aids. Through the untiring assistance of Miss Madeline Dalton, a very fine Audio-Visual Education program is going on in Maynard.

There is in each building at least one room available for use during the school day.

Aids available for use by any teacher include projectors, recorders, record players, films, filmstrips, slides, pictures, specimens, models, bulletin boards and special exhibits.

The newest addition has been a magnetic Tape Recorder. Although the uses are unlimited depending on the initiative of the teacher, it may be used very effectively for the following:

I. Individual, Remedial Evaluation

1. Children who have speech defects will realize that fact and practice to correct it.

2. Speech contestants will listen critically and so improve delivery.
3. Vocal and instrumental soloists will listen and strive to improve.

STUDENT OPERATORS
Visual Education Program

II. Individual and Group Evaluation

1. To criticize reports that are to be presented to an entire class.
2. To produce student-made sound tracts to accompany silent films, filmstrips, slides, or presentations of opaque materials.
3. To reproduce creative dramatizations written and produced by pupils.
4. To record interviews with important people on subjects pertaining to class work.

III. Presenting Teaching Materials

1. To transcribe important radio programs for use in the classroom when actually needed. These may either be erased or filed away for further use.
2. To transcribe records or transcriptions which must be rented from the State Department.

IV. Permanent School Records

1. It may be used to produce a "voice file" to show pupil growth and development.

PUPPETS REPRESENTING LIFE IN U. S.

Made by Children of Grade Five
Coolidge School
Katharine Sheridan, Teacher

The Museum of Fine Arts and the Children's Museum in Boston offer a large group of prepared exhibits on various subjects to any school that will send a representative to pick them up and return them. A catalogue containing the names and a brief description of all these free loan exhibits was distributed to each teacher in October. A group of teachers ordered from this catalogue the exhibits that would supplement their work and, after using them, they felt they were valuable as teaching aids. Since November a great many of these exhibits have been displayed in our schools.

DRIVER EDUCATION

The program of Driver Education in the High School was carried on very successfully up to June 1950 through the co-operation of the Middlesex Motor Company of Concord and

the Boeske Brothers of Maynard. Mr. Vincent T. Wassel who has been certified by the State Department of Public Safety, was the instructor.

There were thirty-six pupils who received their Driver Licenses as a result of the tests given by an Inspector from the Registry of Motor Vehicles.

It is hoped that we will again have the cooperation of a dealer for a car for the road instruction this spring. The classroom instruction has already been given.

ATTENDANCE

For the most part, attendance is very good at all levels. The policy of contacting the parents during the first session of absence has been found very effective in eliminating potential truants.

Mr. James V. Sullivan, Jr., Attendance Officer, has recognized that there is always a cause for irregular attendance. Through conferences with pupil and parents, these causes have been discussed and cleared up to the benefit of the pupil and school.

HEALTH

Everything is done to maintain the general good health of the children. The general health supervision is under the jurisdiction of Raymond E. Hooper, M. D., and Edith B. Foster, R. N.

All schools are visited daily by the nurse for checking absent lists, inspections, first aid and consultation.

We have availed ourselves of the services offered by the State Department of Public Health and have borrowed an audiometer and the Massachusetts Vision Test.

Dr. Hooper has been very cooperative in helping on conferences with parents whose children have appeared to be special problems in health.

Five children have received eye glasses under the special eye glass appropriation.

Home instruction is given two children who are permanently physically handicapped and unable to attend school.

The Dental Clinic is under the direction of the Board of Health with Dr. F. A. May and Dr. S. R. Garland in charge. Three hundred forty-one children were treated in 1950. All children were examined at school and parents notified as to the condition of their teeth.

The parents in Maynard are to be commended for the excellent care the children receive. Parents seem to be very anxious to correct physical defects and to follow suggestions made for the benefit of the child.

PHYSICAL EDUCATION

In spite of the lack of any facilities for a physical education program in Maynard, there is an aim to develop in each child a wholesome desire for participation in athletics and other physical exercises. Good sportsmanship is one of the foundations for good citizenship.

The program offered is as follows:

I. High School Boys — Grades 9-12

- A. Two days per week (Tuesday and Thursday)
 - 1. Tumbling
 - 2. Apparatus work
 - 3. Games (Basketball, Volleyball, etc.)
- B. Intramural Sports Program (afternoons and evenings)
 - 1. Basketball
 - 2. Interclass baseball
- C. Varsity sports
 - 1. Football (9 games) member Midland League
 - 2. Baseball (15 games) member Midland League
 - 3. Basketball (17 games) member Midland League

II. High School Girls — Grades 9-12

- A. Two periods per week (Ins. Miss Collins)
- B. Varsity sports (Miss Collins, Coach)
 - 1. Field Hockey
 - 2. Basketball
 - 3. Softball

III. Junior High School — Grades 7-8

- A. Boys and girls (mixed) gym classes — one day per week
 - 1. Tumbling
 - 2. Calisthenics
 - 3. Marching
 - 4. Apparatus work
- B. Intramural basketball program
 - 1. Every Wednesday afternoon and evening devoted to Junior High Basketball (all boys given chance to play) two leagues 7th and 8th grades

C. Varsity sports

1. Basketball (12 games) member Middlesex Junior High League (Coach, Mr. Sullivan)
2. Baseball (10 games) member Middlesex Junior High League (Coach, Mr. Sullivan)

IV. Grades 2-6

- A. Three Schools — each getting one day per week. Program at each school the same
 1. a. Sports during their season and weather conditions permitting
 - b. Football — Baseball for the boys
 - c. Softball — Dodgeball and various other games for girls
 2. During winter and on days when they could not be outdoors, classes were conducted in the classrooms
 - a. Health and sports talks — particular emphasis on personal hygiene
 - b. Movies on health and sports shown
 3. Sixth grade boys given basketball instruction on Saturday mornings (January-March)

MUSIC AND ART

The music work of the schools is under the direction of Miss Eleanor Colburn. The art is under the direction of Miss Anne Pasakarnis. Both give all their time to classroom instruction during the school day.

Both supervisors are free in the planning of and are responsible for the program of their subject.

Following are excerpts from their annual reports:

Music

“Education prepares the child for a useful and enjoyable life. It must develop his personality and his ability to cooperate with others, as well as his skills and his physical well-being. Music plays a very important part in this complete education of the child.

Music education begins with rhythm training; understanding and appreciation of music; a chance to learn to play the instrument of the child's choice; and a chance to participate in an organized band or chorus — all during school hours.

The school band has a membership of twenty-eight. There are thirty-three pupils taking lessons on instruments.

CHRISTMAS OPERETTA
Roosevelt School

The Emerson Junior High School organized a Girls' Glee Club in September. They meet once a week after school hours.

A girls' choir of eighteen voices meet once a week in the High School for practice. They sing for assemblies and special programs.

A class of forty girls receive instruction in baton twirling and marching, from an outside professional instructor."

Art

"The students are taught the necessary principles and values of art in the home, the school and local environment.

Design, Construction and Illustration, the three major fields of Art are studied in conjunction with the various techniques such as: pencils, crayons, charcoal, pastels, plaster, inks, paper mache, etc.

Seven pupils from Maynard were awarded prizes for their posters entered in a contest sponsored by the Massachusetts Society for the Prevention of Cruelty to Animals.

Two pupils have availed themselves of the special Saturday morning classes at the Massachusetts School of Art."

This year the selectmen invited the members of the Art Class in the High School to submit drawings for the covers

of the Town Report. This request was very well received by the class and the project became the practical application of the unit on printing.

GUIDANCE

The guidance program in the School System is growing in its scope. One of the first requisites for a director of guidance is knowledge of the pupil. For the most part this is gained by personal contact over a period of time. Mr. John Larkin who was with us for two years had gained this knowledge and was very helpful to the pupils but he secured another position and resigned during the summer.

We were very fortunate in securing as his successor Miss Mary E. Barre who has had not only experience in teaching and guidance, but also graduate study in the field of guidance. An excerpt from her report follows:

"The administration of a guidance program is a challenge; no school is too small or too large to offer coordinated, well planned, and functional pupil-personnel services. There are two sets of variables basic to any guidance function: data concerning the individual and his background, interests, and aptitudes; and information about the area wherein he must make choices and plans. These data have been the basis for guidance activity thus far this year.

It has been the aim of the counselor to organize and study academic, health, social, and employment records of each student previous to scheduling individual conferences. To date all Seniors have conferred with the counselor at least once; many have had several interviews dependent upon the nature of the problem and plan. Personal interviews have been completed with the entire Freshman Class and with sixty per cent of the Sophomore group. Before the end of the school year each student in the high school will have been interviewed at least once in the interests of his educational and vocational planning. As a result of these interviews the cumulative record system is kept up-to-date; the counselor becomes acquainted with the student, his wants, and his needs; and the student finds a course of action to follow.

Occupational and educational information has been disseminated through various channels. A series of career talks has been planned, three of which have already been given, to acquaint the student with opportunities, training requirements, and duties of the various careers. Each student in the high school shall have attended at least three of these lectures by June. A student is scheduled for these talks according to the vocational preference he stated on the Vocational Preference Poll made in September.

The Guidance Library is being enlarged continually with several new college catalogs, occupational leaflets, and life adjustment booklets.

A group of girls accompanied by the counselor, visited the Fisher School in Boston and were in conference with the president of the school. Such activity gives the student first hand information which greatly aids in future planning.

Arrangements are being made for guidance films, additional field trips and career talks.

In November a mental maturity test was administered to all Seniors. This was necessary to prepare sufficient information asked of many of the Seniors anticipating entering either college or job situations. Also in November the U. S. Employment Service in Marlboro gave an aptitude battery of tests to those Seniors who will be entering the labor market immediately upon graduation and who have no definite job in view. In December the Boston University Cooperative Testing Service administered to the Junior Class a vocational battery of tests. Results of such tests are invaluable in post-graduate planning. Each student in personal interview will learn in which field of occupations he is most apt and interested; he will then be guided to additional literature where he may "find himself" as to a life career.

The Sophomore group, on an involuntary basis, are taking the Kuder Preference Record to determine in exactly what category their vocational interests lie. These tests taken and checked individually have stimulated much occupational research. Comparing the results of this Kuder with a similar test which they will take during their Junior year will aid in successfully counselling the student in seeking his own aptitudes.

Despite the fact it is still early in the school year, the Guidance Department has placed six Maynard High School students in part-time jobs. This function of the department, I feel, will become more active in the spring.

In the fall a survey was made of the members of the Class of 1950 in which information was gathered from sixty of the sixty-two graduates. It was gratifying to see that 35.4 per cent of the group were furthering their education. The following gives the status of the Class of 1950 as of December 1, 1950.

Status of Class of 1950

Status	Number	Per cent
Full-time employment	31	50.0
Part-time employment	2	3.0

Unemployment	4	6.4
In school	22	35.4
In armed services	1	1.6
No answer	2	3.0

Of those gainfully employed 19 stated that they were satisfied with their jobs and 6 reported dissatisfaction.

An analysis of post high school education indicates what type of school is attended by the twenty-two students who are continuing their studies.

Types of Schools Attended by the Class of 1950

Type of School	Number attending
Colleges and University	9
Private Business School	3
Vocational or Trade School	3
Nurses Training School	6
Art School	1
	—
Total	22

Fields of Endeavor of those Students Continuing Education

Field	Frequency
Nursing	6
Secretarial	4
Drafting	2
Mathematics	2
Elementary teaching	2
Engineering	1
Cabinet Making	1
Business administration	1
Chemistry	1
Electricity	1
Illustration	1
	—
Total	22

Now that guidance activity is well under way, there will be more direct counselling, research and study, and cooperative services to the high school staff."

Parents are invited and urged to consult the school when they plan the educational program of the child beyond high school. We now have very pertinent information on hand regarding each child.

SUMMER RECREATION

A program to cover six weeks of playground activities was conducted during July and August for the children of Maynard. Games of all kinds for boys and girls of all ages. The program was handled by Mrs. Elizabeth Audette, Mr. Sullivan and Mr. Lawson.

The arts and crafts were in the basement room at the Wilson School.

Mr. Sullivan conducted the playground work on the playground at the rear of the school — Baseball, Basketball, Volleyball, etc.

The older boys played at Crowe Park.

Trips were made to witness major league ball at both the Braves and Red Sox fields. All who wished to go were taken along on busses.

CONCLUSION

This report gives me an opportunity to acknowledge the cooperation given the School Department by the Highway, Sewer, Health and Fire Departments.

I also wish to express my appreciation of the cooperation of the School Committee and the entire personnel. Without it I would be helpless in developing the school program in Maynard.

Respectfully submitted,

MARY A. DOYLE,
Superintendent.

January 11, 1951.

Report of the High School Principal

Miss Mary A. Doyle
Superintendent of Schools
Maynard, Massachusetts

Dear Miss Doyle:

I herewith submit my report of the Maynard High School for the year 1950.

In an age of many changes in our way of daily living, an education program for all of our youth must give full recognition to the influences on our daily life by external forces throughout the nation and the world. The influence of radio, the television and the atomic age have been taken in stride by the flexible nature of our program of studies. We have gone from peace to war and back to peace again and still have been able to efficiently educate our youth according to their needs for the life to which they were about to enter.

The leveling off process after World War II indicated that our educational philosophy would be based on how to live in a free democratic society. However, our hopes and plans now show every indication of being short lived. The Korean incident has awakened the country to the fact that Democracy cannot live with Communism. We must again expect to see full mobilization, or at least, semimobilization for a long time to come. The question arises as to the extent of the effect of this on our high schools. We can figure on the loss of some members of our faculty to the armed services, but more important, the call upon our pupils who are just reaching the draft age in their junior and senior years will probably be felt again as it was in the last war. If events develop in the next few months as they have given every indication of developing, it would be well for us to re-evaluate our program of studies so that we may give every opportunity to our pupils to be prepared for anything they may be called upon to face.

The influence of world conditions and the uncertain future has already shown its effect on those who will be subject to call from the classes about to graduate. It is hard for them to plan for the future in a normal world when they know too well that mobilization is around the corner.

The best we can hope to do is give them all the education we can to prepare them for both peace and war, for if this nation is to continue under the democratic principles we value so highly, our youth, of necessity, must be educated.

PERSONNEL CHANGES

During the year Maynard again had the problem of replacing a considerable number of its teaching personnel. Five new teachers were added to our high school staff in September to take the places of those resigning in June. While this turnover of personnel was inevitable considering the circumstances in each case, it must be measured as an unfortunate loss to both students and townspeople. The understanding of a community and its pupils, that is so valuable when working with them, comes only with long time association. Even though our new teachers are well qualified and have an enthusiastic interest in their work and in our community they will still require time for orientation and understanding of the needs of our Maynard children.

EDUCATIONAL ACTIVITIES

Although the term "extracurricular activities" has long been applied to all pupil activities which are not a part of the regular studies of the school; progressive educators have recognized that they have distinct educational value and are worthy of a definite place in the school program. Under proper guidance they may be integrated with and used to motivate the school subjects; moreover, they may be used to fill the gaps between subjects and to give pupils a well-rounded education. Maynard has recognized the values to be derived from them and has developed an ever increasing schedule of these worthwhile activities. At present, the following chart indicates the sponsorship and activities that are now a part of the high school program in addition to the regular formal study classes.

Activity	Sponsor
Student Council	Mr. Albert Lerer
National Honor Society	Miss Evelyn Sawutz
	Mr. Albert Smith
Junior Women's Club	Miss Dorothy Marsden
Senior Class Organization	Mrs. Ruth Clair
Junior Class Organization	Mrs. Ruth Clair
Sophomore Class Organization	Miss Joan Leadbetter
Freshman Class Organization	Miss Mary Shine
Science Club	Mr. Lawrence Lerer
Glee Club	Miss Eleanor Colburn
Football	Mr. Vincent Wassel
	Mr. Richard Lawson
Basketball	Mr. Richard Lawson
Baseball	Mr. Richard Lawson
Girls' Field Hockey	Miss Mary Collins
Girls' Basketball	Miss Mary Collins
Cheerleaders' Group	Miss Margaret Hogarty

Dramatic Club
Screech Owl

Miss Joan Leadbetter
Miss Dorothy Marsden
Miss Margaret Hogarty
Miss Mary Shine

French Club

PLANT MODIFICATIONS

During the year valuable renovations have been made to maintain and improve the condition of the high school building. Some rooms have been painted, the project of sanding desks has been started and additional installations of fluorescent lights has helped to make the school a more healthful place for the pupils.

The Health Room, recommended in my report of 1949 has been completed and has already proved itself to be of considerable value to the Physical Education Director, the School Nurse and Doctor.

Extensive, needed repairs in both basements and in the heating system of the school have been completed with marked increase of efficiency in the operation of both heating and plumbing facilities.

RECOMMENDATIONS

While projects of reconditioning and repair are being contemplated for the high school, I would like to call your attention to the dangerous condition of the boys' basement rear exit steps. One is considerably out of line and could be a serious hazard in wet weather.

The Auditorium interior should be repainted. The stage walls in particular are peeling badly and the side walls are murky and faded. The auditorium chairs have been moved in and out so often that they too are in need of a new protective finish.

The Gym floor and shower room both have been affected by the dampness and general wear. The floor has lasted for many years but now should be patched or resurfaced. The rough spots on the floor at present could easily be the cause of an accident during our gym periods or basketball practices.

There have been many occasions when programs in the Auditorium have been handicapped by the lack of a public address system. Occasionally the Rod and Gun Club has loaned us its valuable equipment but I feel that the school department should purchase one for school use. It would be valuable not only in the Auditorium but at any outdoor exercises of the public schools and at all home football games.

Most of the student seats and desks in the high school classrooms were installed when the school was built. Some of them were originally purchased for children younger than the high school age group. It might be well at this time to consider a plan for gradual replacement of this equipment. If the budget will allow for it, I suggest that one or two classrooms be refurnished each year until all modern desks have been installed.

CONCLUSION

I am happy to report that the teachers of Maynard High School have been very cooperative and loyal during the year. Their task is not an easy one. They have continued their exceptional interest in the welfare of our pupils and have always been ready to accept additional duties when called upon. In general, we have a good faculty. It has maintained its professional interest and is alert and sympathetic to the needs and problems of the children in its charge.

During the year there were many local organizations that rendered unusual services and made financial awards to members of the student body. At this time I would like to thank the American Legion, the Veterans of Foreign Wars Auxiliary, the Rotary Club, the Maynard Lodge of Elks, the All-American Club and the Maynard Teachers' Club for their interest in the welfare of our schools.

In closing, I wish to express my appreciation for your suggestions and cooperation throughout the year.

Respectfully submitted,

ALBERT LERER,
Principal.
