# Linda Koskinen

Thomas Haynes Bayly said, "Absence makes the heart grow fonder." Although we could not imagine our hearts being more fond of Ms. Linda Koskinen, the author definitely knew what he was talking about. After serving the principal, the students and the staff of the Maynard School System for 30 years, Mrs. Koskinen decided to retire last year. She has had an impact in so many of our student's lives in Fowler, Guidance, the Central office and finally at Maynard High School. We can not say enough about the way she served each and every one of us with love, compassion and down home southern hospitality. It was her warmth and welcoming smile that we all looked forward to seeing every morning upon entering school. It was her command of her job and her ability and determination to always do the right thing that made her the most respected person in Maynard High School and far beyond. If there was anything anyone needed, be it information, supplies, a sympathetic ear or the good sense of an intelligent woman, everyone at Maynard High School knew where this could be found; the desk facing the door in the front office. Her ability to always get the job done, in a professional manner while making people feel valued and special is one of her personality traits that is truly missed. For her commitment to education, her devotion to the children of Maynard and for sharing so many of her admirable qualities with us, the class of 2011 would like to say Thank you and dedicate this yearbook to Linda Koskinen with love and admiration.
