Orrin S. Fowler,  
Edward T. McManus,  
Harry J. Parmenter,

Term expires 1906.  
Term expires 1907.  
Term expires 1908.

## Auditors.

\*William Naylor,  
\*Sidney E. McCleary,

xAlexander Pettigrew  
xJohn C. King.

## Tree Warden.

Luke S. Brooks.

\*Resigned.  
xAppointed.

## Selectmen's Report.

---

To the Citizens of Maynard :

The financial report of the various departments under our charge is herewith submitted, and while with few exceptions they show an unexpended balance, we feel that it would be unwise to neglect this opportunity to call to the attention of the citizens the need of increased appropriations in certain departments. We are now becoming more than a mere village, and should try to make amends for past omissions, and endeavor to place our town on a plane at least of towns of similar size. While our town has gained during the past few years more than one hundred per cent in population, and nearly that proportion in valuation, our appropriations for highways and sidewalks have not gained much more than fifty per cent. One of the surest and most effective ways of inducing capital to invest, and individuals to settle in a town is to provide for, and maintain good roads, and sidewalks.

### HIGHWAYS.

Fortunately we have been successful in securing aid from the State Highway Commission, which has enabled us to macadam from the Acton line on Parker street to the corner of Main and Nason streets, and from the railroad station to the junction of Main street with the Great Road. This is a cause for congratulation, but it should be remembered that other streets should be similarly cared for by the Town.

We have petitioned for, and have great hopes of succeeding in obtaining another allotment from the Highway Commission to

enable us to macadam from the Acton town line, to a point near the residence of George F. Brown. We respectfully urge an increased appropriation for street construction, and repair.

#### SIDEWALKS.

Sidewalks also need more attention, and a more liberal allowance by the voters for this purpose would soon show the wisdom of the expenditure.

The board has the past year acquired a complete concreting equipment, and hope with the assistance of the abutters which under the present practice is necessary, to put in considerable of this class of sidewalks.

In the last report of this Board your attention was called to the urgency of the need of concerted action in the extermination of the brown tail and gypsy moth.

This matter has been taken up by the state, and it is obligatory on each property owner, and equally so in every town to assist in this work. Notices have been sent to owners of property calling attention to the laws on the subject, and we trust that they will do all in their power in reducing the danger from these pests.

The expense incurred in widening and relocating Summer street being larger than we had any idea of on account of the necessity of building a retaining wall in land of Mrs. Mary J. Reed, we were unable to complete all the work laid last spring.

Another appropriation will be necessary to carry out the order of the County Commissioners on Concord street.

## Financial Report.

---

### APPROPRIATIONS FOR 1905.

OFFICE OF THE BOARD OF SELECTMEN,  
MAYNARD, MASS.

NOTICE TO PROPERTY OWNER.

---

You are hereby required on or before January 1, 1906, to  
destroy the gypsy and brown-tail moths on your propetry.....

.....

.....

This notification is in accordance with Chapter 381, Acts of  
1905, which requires cities and towns to destroy the eggs, pupæ  
and nests of the gypsy and brown-tail moths under heavy penalty  
for failure to comply with the provisions of the law.

If a property owner fails to destroy such eggs, pupæ, and nests  
then the city or town is required to destroy the same, and the cost  
of the work, in whole or in part, according to the value of the  
land, is assessed upon and becomes a lien on the land. (See Sec-  
tion 6, Chapter 381.)

The Selectmen ask owners and tenants to co-operate with the  
town in its work on highways and other public grounds by doing  
effective work on their premises. Citizens who have cleaned their  
premises of the moths, but find their trees endangered by the  
neglect of owners of adjoining estates, should make complaint to  
the Selectmen. The infestation of a residential neighborhood by  
the neglect of a few will not be tolerated.

The eggs of the gypsy moth should be destroyed AT ONCE with  
creosote. They should never be scraped off the object on which  
they are laid. The nests of the brown-tail moth should be cut  
off the trees, carefully collected and burned in a stove or furnace.

Full instructions as to best methods of work against the moths  
may be obtained from the local superintendent, Luke S. Brooks,

or from the State Superintendent, Room 1,011, 6 Beacon Street,  
Boston, Mass.

In case of doubt as to efficiency or cost of work done by contractors, you should confer with the local superintendent.

PATRICK J. SULLIVAN,  
ARTHUR J. COUGHLAN,  
LUCIUS H. MAYNARD,  
Selectmen of Maynard.

# Town Clerk's Report.

FOR THE YEAR 1905.

*From Town Clerk's Records March 1st, 1905, to March 1st, 1906. Town Warrant No. 155. Town Meeting March 13, 1905.*

Commonwealth of Massachusetts, Middlesex, SS.  
To either Constables of the Town of Maynard, in said County,

Greeting :

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative hall, in said town, on Monday, the thirteenth day of March next, at 8 a. m., then and there to act on the following articles :

Article 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose by the Australian system of balloting the following town officers : one Town Clerk, one Town Treasurer, one Collector of Taxes, one Selectman for three years, one Overseer of Poor for three years, one member of the Board of Health for three years, one Water Commissioner for three years, one member of the School Committee for three years, one Assessor for three years, one Trustee of the Public Library for three years, one Tree Warden for one year, two auditors for one year, three constables for one year, one cemetery committee for three years, and all town officers to be chosen at said meeting.

Also to answer by the said Australian system of balloting the following question: Shall license for the sale of intoxicating liquors be granted in this town.

For the purposes specified in this article the polls will be opened after the election of a Moderator and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determine.

Art. 3. To hear and act upon the reports of Town Officers and Committees.

Art. 4. To see if the Town will appoint a Committee to consider appropriations for the ensuing year and report at the April meeting. To do or act thereon.

Art. 5. To see if the Town will authorize the Treasurer, under the direction of the Selectmen, to borrow from time to time during the municipal year, beginning Feb. 1, 1905, in anticipation of the collection of taxes of said year, such sums of money as may be necessary for the current expenses of the town, but not exceeding the total tax levy for said year (which exceeds \$50,000.00), giving the notes of the town in payment thereof payable in one year from the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year. To do or act thereon.

Art. 6. To see if the Town will vote to change the name of Thompson Court to Thompson avenue. To do or act thereon.

Art. 7. To open the culvert on Thompson street about 150 feet north of Thompson Court as it originally was when Thompson street was accepted. To do or act thereon.

And you are directed to serve this warrant by posting an attested copy at the Post Office and one at each of ten other public places in said Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, to the Town Clerk or the Selectmen at or before the time appointed for holding said meeting.

Given under our hands this second day of March, in the year of our Lord, one thousand nine hundred and five.

Patrick J. Sullivan,  
Lucius H. Maynard,  
Arthur J. Coughlan,  
Selectmen of Maynard.

---

Maynard, March 6, 1905.

I have served the within named warrant by posting an attested copy of the same at Post Office and one at ten other public places in said town, seven days before the time of holding said meeting as within directed.

James J. Morgan,  
Constable of Maynard.

A true copy, Attest :

Charles H. Persons, Town Clerk.

---

***Proceedings of Town Meeting Held March 13, 1905.***

Pursuant to Town Meeting Warrant No. 155 the voters of Maynard assembled in Co-operative hall on the above date and elected all necessary town officers and acted upon the articles contained in the warrant as follows :

Article 1. By vote of the meeting the Town Clerk cast one ballot for Patrick J. Sullivan for moderator, the check list being used.

Art. 2. The ballots and duplicate check lists were placed in charge of Ballot Clerks James A. O'leary, John Lawton and George W. Jamieson, who had been appointed by the Selectmen and sworn by the Town Clerk.

A receipt was taken for the sealed package of ballots, said to contain 1,100 general ballots and 100 special ballots. Said receipt is on file at the Town Clerk's office.

The ballot box was examined by the election officers and the register set at 000, the box locked and the keys placed in the keeping of Constable William Jones, who being duly sworn was placed in charge of the ballot box.

The specimen ballots and cards of instruction were posted according to law and the ballot box declared open by the Moderator.

Harvey A. Harwood, James Mullin, Timothy Crowley and Bart J. Coughlin, Tellers appointed by the Selectmen, were sworn by the Moderator.

It being the unanimous opinion of the Moderator and the Town Clerk that it was advisable to do so, ballots were taken from the ballot box at various times during the day and counted.

It was voted to take up the remaining articles of the warrant at two o'clock p. m.

The polls were closed at four o'clock p. m. The register on the ballot box indicated 857 which was two less than the actual number of ballots cast.

The check lists showed that 835 names had been checked on each general list and 24 names were checked on each woman's list.

The result was obtained by the use of the counting board and was as follows:

Town Clerk, one year.

Charles H. Persons, five hundred and ninety-six votes,	596

James J. Morgan, elected, qualified.	

Shall licenses be granted for the sale of intoxicating liquors in this town?

Yes ballots,	451
No ballots,	361
Blanks,	23

At two o'clock p. m. the remaining articles on the warrant were acted upon.

The following were appointed by acclamation.

## Field Drivers.

Samuel G. King, Amos F. Garney, sworn; John E. Phillips, sworn.

## Fence Viewers.

George A. Whitney, James R. Bent, sworn; Thomas P. Sheehan, sworn.

## Measurers of Wood and Bark.

Albert W. Haynes, Amos F. Garney, sworn; James R. Bent, sworn.

## Surveyors of Lumber.

Albert W. Haynes, Samuel Lawton, Sidney B. Shattuck.

Article 3. Voted to accept the reports of the several town officers as printed in volume entitled "Annual Report of the Town Officers of the Town of Maynard for the year ending March 1, 1905."

Voted that the recommendation of the Water Commissioners be referred back to the Water Commissioners for a detailed statement in relation to this property, to make report at the April meeting.

Voted that the report of the Cemetery Commission in relation to the Amory Maynard tomb be left over until the April meeting.

Art. 4. Voted that a committee of nine be appointed by acclamation to look into the matter of appropriations for the current year and report at the April meeting.

John A. Crowe, Geo. H. Gutteridge, Geo. H. Creighton, Thomas Hillis, Arthur J. Coughlan, James J. Hilferty, S. Raymond Kitchin, Lucius Maynard, Bart. J. Coughlan.

Art. 5. Voted unanimously that the Treasurer be authorized, under the direction of the Selectmen, to borrow from time to time during the municipal year, beginning Feb. 1, '05, in anticipation of the collection of taxes of said year, such sums of money as may be necessary for the current expenses of the town, but not exceeding the total tax levy for said year, giving the notes of the town in payment thereof payable in one year from the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year.

Art. 6. Anthony Hilferty and Edward T. McManus were appointed Tellers and sworn by the Moderator.

Voted that a Committee of three be appointed by the Moderator to look into the matter and report at the April meeting.

The Committee appointed were John A. Crowe, George H. Gutteridge and George H. Creighton.

Art. 7. Voted that the matter be referred to the Selectmen to report at the April meeting.

Voted to adjourn at 5.30 o'clock p. m.

Attest :

Charles H. Persons,  
Town Clerk.

Commonwealth of Massachusetts,

Middlesex, SS.

Maynard, March 14, 1905.

In accordance with the provisions of Section 62 of Chapter 25 of the Revised Laws of Massachusetts I hereby appoint Frank E. Sanderson of said Maynard to be Assistant Town Clerk of said Maynard for the current municipal year, or until the appointment is revoked.

Charles H. Persons,  
Town Clerk of the Town of Maynard.

I, Frank E. Sanderson, above named, solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of Maynard, Mass.

Frank E. Sanderson.

Middlesex, SS.

Maynard, March 14, 1905.

Then personally appeared the above named Frank E. Sanderson and took and subscribed the foregoing oath, before me.

Charles H. Persons,  
Justice of the Peace, and Town Clerk of Maynard, Mass.

A true copy, Attest:

Charles H. Persons,  
Town Clerk.

*Town Warrant No. 156. Town Meeting April 3, 1905.*

Commonwealth of Massachusetts, Middlesex, SS.  
To either of the Constables of the Town of Maynard, in said  
County, Greeting :

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative hall, in said Town, on Monday, the third day of April next, at 7.30 p. m., then and there to act on the following articles :

Article 1. To choose a Moderator to preside at said meeting.

Art. 2. To hear and act on reports of Town Officers and Committees.

Art. 3. To fill all vacancies in town offices.

Art. 4. To see if the town will vote to accept a list of jurors as prepared by the Selectmen.

Art. 5. To see if the Town will vote to appropriate a sum of money for Decoration Day.

Art. 6. To see if the Town will vote to appropriate the sum of \$150 for band concerts, to do or act thereon.

Art. 7. To see if the Town will vote to grant and appropriate money for all necessary town purposes.

Art. 8. To see if the Town will vote to install a fire alarm box at or near the junction of Brown and Concord streets and raise and appropriate a sum of money sufficient therefor, or do or act thereon.

Art. 9. To see if the Town will vote to authorize and instruct the Selectmen to sell or convey to B. J. Coughlin a certain portion of the Town's land at the Fire Department building, to straighten the lines of this land, to do or act thereon.

Art. 10. To see if the Town will vote to appropriate a sum of money to relocate and build Summer and Concord streets in accordance with the decrees of the County Commissioners, to do or act thereon.

Art. 11. To see if the Town will appoint a Committee to investigate the need of additional schoolroom as recommended by the School Committee.

Art. 12. To see if the Town will vote to appropriate the sum of \$250 for band concerts during the coming season, to do or act thereon.

And you are directed to serve this warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make full return of this warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this twenty-third day of March, in the year of our Lord one thousand nine hundred and five.

Patrick J. Sullivan,  
Lucius H. Maynard,  
Arthur J. Coughlan,  
Selectmen of Maynard.

---

Middlesex, SS.

March 28, 1905.

I have served the within named warrant by posting an attested copy at the Post Office and one in ten other public places in said town, seven days at least before the time of holding said meeting.

James J. Morgan,  
Constable of Maynard.  
Charles H. Persons,  
Town Clerk.

A true copy, Attest :

***Proceedings of Town Meeting Held April 3, 1905.***

Pursuant to Town Meeting Warrant No. 156, the voters of Maynard assembled in Co-operative hall on the above date and acted upon the articles in the warrant as follows.

Article 1. Arthur J. Coughlan was elected Moderator by ballot, the check list being used.

Art. 2. John A. Crowe, Chairman of the committee appointed March 13, 1905, to consider appropriations, read the report of the committee. Said report is on file in the Town Clerk's office and is as follows :

***Report of the Committee on Appropriations for the Town of Maynard for the Year 1905.***

To the Citizens of Maynard :

The Committee appointed at the March town meeting to consider appropriations for the Town of Maynard for the year 1905 beg to make the following recommendations :

I. For schools, \$18,500

The increase of \$1,000 over the appropriation of last year is recommended.

1st. On account of the steady increase in the number of pupils in our schools.

2nd. From the fact that the town's valuation has increased to such a figure that we will no longer receive any compensation from the state for the item of superintendence, and it is deemed expedient to continue the present arrangement of engaging a superintendent of schools in conjunction with the neighboring towns of Stow and Boxboro.

3rd. From the readjustment of teachers' salaries calling for a gradual increase up to a certain limit, as outlined in the report of the School Committee.

4th. On account of expense to be incurred from repairing the roof, and painting the Nason street building, and

5th. The proposed concreting of the walks at the Main St. school.

II. Highways, \$4,000.

The committee consider it would be unwise to go backward in the improvement of the highways of the town.

III. Sidewalks, \$500.

This item is intended to cover concreting done in conjunction with the abutters and also the building of some new permanent sidewalks.

IV. Support of Poor, \$3,500.

The increase in this department is recommended to allow the overseers to install two bath rooms, to purchase some new and much needed furniture and to paint the buildings on the town farm.

V. Water Sinking Fund, \$3,000.

VI. Hydrants, \$2,000.

VII. Street Lighting, \$2,600.

VIII. Fire Dept, \$2,250.

The increase in this department is for the purchase of new hose; the high pressure of our water system requiring for safety in case of fire hose that is strong and reliable.

IX. Police, \$1,600.

The committee considered the condition that we may possibly have to face of having two patrolmen for night duty after the first of May.

We considered that if the number of breaches of public order were numerous, the fines received from the court would pay for extra police duty and the opinion was also expressed that if the granting of licenses were to be the cause of obliging the town to go to extra expense for police, the price of licenses might be increased to cover the extra expense.

X. Incidentals,	\$2,000.
XI. Interest on Loans,	\$1,200.
XII. Improvement of Main St. in union with the State Highway commission according to Chapter 47, Revised Statutes,	\$1,500.
XIII. Water Meters,	\$1,000.
XIV. Public library, Dog tax and	\$300.
XV. Town Officers' Salaries,	\$2,050.

Considering the growth of our town and the greater amount of work required from our town officials, especially the Town Treasurer, Tax Collector and Auditors, we recommend an increase of \$100 each for the Treasurer and Tax Collector, and \$5 each for the Auditors.

XVI. Treasurers' and Collectors' bonds,	\$175.
XVII. Decoration Day,	\$100.
XVIII. Soldier's Relief,	\$500.
XIX. State Aid,	\$50.
XX. Public Park,	\$125.
XXI. Tree Warden,	\$150.
XXII. Abatement of Taxes of 1904 collected by mistake,	\$479.76.

Total	<u>\$47,579.76.</u>
-------	---------------------

The appropriation for band concerts was passed over as the Committee was not sure that such appropriation would be legal under the state law passed last year, and moreover it was the opinion of some of the committee that money for this purpose could be raised by private subscription.

Signed,

John A. Crowe,  
Geo. H. Creighton,  
Geo. H. Gutteridge,  
Arthur J. Coughlan,  
B. J. Coughlin,  
Jas. J. Hilferty,  
S. Raymond Kitchin,  
Lucius H. Maynard.

On motion of W. B. Case, voted to lay the report on the table until Article 7 is reached.

Orrin S. Fowler of the Cemetery Commission made a verbal report, saying that the parties interested had not yet agreed as to the amount they wish to give the town for the care of the Amory Maynard tomb, and requested that the matter be laid over until later.

On motion of S. R. Kitchin, voted to accept the report as one of progress and that the Cemetery Commissioners report at some future meeting.

John A. Crowe, chairman of the committee appointed under Article 6 of the warrant calling the meeting of March 13th, 1905, read the following report which is on file in the Town Clerk's office.

***Report of Committee on the Re-naming of Thompson Court.***

To the Citizens of Maynard :

It is the opinion of the Committee on the Re-naming of Thompson Court that this townway has now become of sufficient importance to be graced with a more dignified name than that of "Court;" it is also possible that since there is a Thompson street, some confusion may result from having a Thompson court, especially since the way known as Thompson court is equally important as the way known as Thompson street.

As a suitable name for the way that is now known as Thompson court we recommend the name of "Park street."

We think this an appropriate name from the fact that it is the way leading from the easterly part of the town to the vicinity of our public park.

Signed :

John A. Crowe,  
Geo. H. Creighton,  
Geo. H. Gutteridge.

On motion of John W. Ogden, voted to accept the report and adopt the recommendation and that the name of Thompson court be changed to Park street

Arthur J. Coughlan, of the Board of Selectmen, to whom the matter under Article 7 of the warrant calling the meeting of March 13, 1905, was referred, stated that the Selectmen had plans arranged whereby the surface water would be taken care of in a satisfactory way without opening the culvert.

Voted that the report be accepted and that the article be passed over.

Voted to postpone further business under Article 2 until later in the meeting.

Article 3. No vacancies to fill.

Art. 4. On motion of Frank E. Sanderson, voted to accept the list of jurors as prepared and posted by the Selectmen, after excusing the following named persons :

John H. Lawton, Asahel Balcom, Thomas J. Butler, George F. Brown, James Mullin, Joel Butterworth, John H. Callahan, George McCormack.

*Amended List of Jurors.*

James Higgins,  
Edward Henderson,  
Neil Currie,  
Sidney B. Shattuck,  
Frank Lawton,  
Harris A. Clement,  
William Bishop,  
James A. Cleary,  
John Horan,  
M. Frank Crowley,  
Anthony A. Hilferty,  
Daniel Moynihan,  
James Clafin,  
John W. Flood,  
Amos F. Garney,  
John T. McCarty,  
Herbert B. Fiske,

Charles H. Cheney,  
Edward Fearn,  
Eugene Colbert,  
William W. Oliver,  
John Wall,  
James B. Hilferty,  
George W. Jamieson,  
Ashael H. Haynes,  
Cornelius J. Mahoney,  
Thomas A. Sweeney,  
George E. Whitney,  
Charles A. Hodges,  
James Carney,  
Albert G. Fairbanks,  
Oliver C. Prescott,  
Mark Kelley,  
Thomas P. Sheehan.

Art. 5. On motion of Lucius D. Wilson, voted to appropriate \$100 for Decoration Day.

Art. 6. On motion of Theodore Wollerscheid, voted to pass over the article and take up Article 12.

P. J. Sullivan and James Carney were appointed tellers and sworn by the Moderator.

Art. 12. On motion of William H. Gutteridge, voted 37 yes and 31 no to pass over Article 12.

Art. 7. On motion of George H. Gutteridge, voted to take the report of the appropriation committee from the table.

On motion of William H. Gutteridge, voted to take up the recommendations of the Committee one by one.

Voted to raise and appropriate :

For schools,	\$18,500 00
Highways,	4,000 00
Sidewalks,	500 00
Support of poor,	3,500 00
Water Sinking fund,	3,000 00
Use of hydrants,	2,000 00
Street lighting,	2,600 00
Fire Department,	2,250 00
Police,	1,600 00
Incidentals,	2,000 00
Interest on loans,	1,200 00
Improvement of Main street in accordance with Chapter 47 of the Revised Laws,	1,500 00

State aid,	50 00
Public park,	125 00
Tree warden,	150 00
Abatement of taxes of 1904 collected by mis- take,	479 76

On motion of Charles H. Persons, voted that the report of the Appropriation Committee be accepted.

Art. 8. On motion of Harry J. Parmenter, voted to appropriate \$100 to install a fire alarm box at or near the junction of Brown and Concord streets.

Art. 9. On motion of Harry J. Parmenter voted that the Selectmen and Assessors be a committee to sell to B. J. Coughlin a portion of the town's land at the Fire Department building.

On motion of George H. Gutteridge, voted to reconsider the vote whereby the Selectmen and Assessors were authorized to sell a portion of the town's land at the Fire Department building to B. J. Coughlin.

On motion of Howard A. Wilson, voted that the town instruct its Selectmen to sign, seal, acknowledge and deliver, in its name and stead for a consideration to be agreed upon by the Selectmen and Assessors on the part of the Town, and B. J. Coughlin, to B. J. Coughlin, a parcel of land situated on Nason street, and described in a plan drawn by Horace F. Tuttle and dated April 1, 1905. The deed to be signed only by the Selectmen. Being understood to mean only such portion of the engine house lot as can be disposed of without injury to the same for present or future use

Art. 10. On motion of Robert W. Carter, voted to appropriate \$1,500 for relocating and rebuilding Summer and Concord streets in accordance with the decree of the County Commissioners.

Art. 11. On motion of Howard A. Wilson, voted that a committee to consist of the Selectmen, School Committee, Supt. of School and three others to be appointed at this meeting investigate and report at some future meeting.

John A. Crowe, Alexander Veitch and William B. Case were appointed.

On motion of Arthur B. Papineau it was further voted that in case this committee decide that the Town ought to do something this year in reference to increased school accommodation, it shall

first print and distribute its report and then shall cause a special Town Meeting to be called to act upon its recommendations.

Voted to again take up Article 2.

Article 2. Robert W. Carter of the Board of Water Commissioners made a verbal report and called the attention of the voters to the printed report. He also stated that the Water Commissioners had a cash offer of \$5,500.00 for the property and recommended that the property be disposed of.

William Naylor and James Mullin were appointed Tellers and sworn by the Moderator.

On motion of Frank W. Hancock, voted 35 yes and 7 no to authorize the Sinking Fund Commissioners to expend a sum not exceeding \$1,000.00 for repairs on the Somerville property.

It was further voted to instruct the said Commissioners to sell, give away, or get rid of such old buildings as they deem expedient.

Voted to adjourn at 9.55 o'clock p. m.

Attest :

Charles H. Persons,  
Town Clerk.

***Town Warrant No. 157. Town Meeting May 16, 1905.***

Commonwealth of Massachusetts,

Middlesex, SS.

To either of the Constables of the Town of Maynard, in said County,

Greeting :

In the name of the Commonwealth of Massachusetts you are

hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative hall in said town, on Tuesday, the sixteenth day of May next, at 7.45 p. m., then and there to act on the following articles :

Article 1. To choose a Moderator to preside at said meeting.

Art. 2. To hear and act on reports of Town Officers and Committees.

Art. 3. To see if the Town will vote to allow the Executor to pay to Lettie Kelsey the bequest called for in the will of the late Mary E. Green.

Art. 4. To see if the Town will vote to appropriate the sum of one hundred and fifty dollars (\$150.) for the purpose of grading avenues in Glendale cemetery. To do or act thereon.

Art 5. To see if the Town will vote to appropriate the sum of one hundred and fifty (\$150) dollars for Band Concerts during the present year. To do or act thereon.

Art. 6. To see if the Town will vote to appropriate the sum of one hundred (\$100) dollars as an additional sum to the Fire Department, for forest fire expense. To do or act thereon.

Art. 7. To see if the Town will vote to purchase land and build a school house. To do or act thereon.

Art. 8. To see if the Town will vote to raise by the issuance of notes a sum, not exceeding twenty thousand (\$20,000) dollars to be expended in the purchase of land on Parker street and the erection of a school house thereon. To do or act thereon.

Art. 9. To see if the Town will appoint a committee, with power to carry into effect its vote to purchase land and to build a school house. To do or act thereon.

And you are directed to serve this warrant by posting an attested copy at the Post Office and one at each of ten other public places in said Town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your

doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this ninth day of May, in the year of our Lord, one thousand nine hundred and five.

Patrick J. Sullivan,  
Arthur J. Coughlan,  
Lucius H. Maynard,  
Selectmen of Maynard.

---

Maynard, May 9, 1905.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at each of ten other public places in said town seven days before the time of holding said meeting as within directed.

John Connors,  
Constable of Maynard.

A true copy, Attest.:

Charles H. Persons,  
Town Clerk.

***Proceedings of Town Meeting Held May 16, 1905.***

¶ Pursuant to Town Meeting Warrant No. 157 the voters of Maynard assembled in Co-operative hall on the above date and acted upon the articles contained in the warrant as follows :

Article 1. Arthur J. Coughlan was elected Moderator by ballot, the check list being used.

Art. 2. Howard A. Wilson of the committee appointed under Article 11 of the warrant calling the meeting [held April 3rd, 1905, presented a printed report, copies of which have been distributed throughout the town.

On motion of Wm. H. Gutteridge, voted to receive the report and lay the same upon the table.

Art. 3. On motion of H. A. Wilson, voted that the executor

be instructed and allowed to pay to Lettie Kelsey the bequest called for by the provisions of the will of the late Mary E. Greene.

Art. 4. On motion of Wm. H. Gutteridge, voted to appropriate \$150 for the purpose of grading avenues in Glenwood cemetery.

Art. 5. On motion of H. J. Dwinell, voted to appropriate \$150 for band concerts during the present year.

Art. 6. On motion of John Wollerscheid, voted to appropriate \$100 as an additional sum to the fire department for forest fire expense.

Art. 7. On motion of H. A. Wilson, voted to take report received under Article 2 from the table.

The report was read by Arthur B. Papineau, secretary of the committee.

On motion of John E. Case, voted to accept the report.

Said report is on file in the Town Clerk's office.

On motion of H. A. Wilson, voted to purchase land as recommended by the committee for the sum of \$1,800.

On motion of H. A. Wilson, voted to build a four room brick school building in such a manner that it may be enlarged to eight rooms.

Art. 8. On motion of Howard A. Wilson, voted that the Town borrow the sum of \$18,000 for the purpose of purchasing land as voted under Article 7, and building a new school building thereon, and that said loan be made by the sale of ten notes of the town each for the sum of \$1,800, running from one year to ten years, payable respectively from the taxation of the year in which they fall due, said notes further to be signed by the Treasurer and countersigned by a majority of the Selectmen, to bear interest payable semi-annually at a rate as low as may be obtained and not to exceed four per cent per annum and to be denominated on their face, School House Loan of the Town of Maynard.

Art. 9. On motion of Arthur B. Papineau, voted that a committee to consist of the Selectmen, School Committee, Superin-

tendent of Schools and three others be appointed to carry into effect the purchase of land and building of school house.

Wm. B. Case, B. J. Coughlin, and Albert Batley were appointed.

Voted to adjourn at 9.10 p. m.

Attest :

Charles H. Persons,  
Town Clerk.

***Town Warrant No. 158. Town Meeting Sept. 5, 1905.***

Commonwealth of Massachusetts,

Middlesex, SS.

To either of the Constables of the Town of Maynard, in said  
County,

Greeting :

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative hall, in said Town, on Tuesday, the fifth of September next, at 7.45 p. m., then and there to act on the following articles :

Article 1. To choose a Moderator to preside at said meeting.

Art. 2. To hear and act on reports of Town Officers and Committees.

Art. 3. To see if the Town will vote to authorize the Water Commissioners to extend its water system from the junction of Concord and Lincoln Streets, about six hundred feet on said Lincoln street, and appropriate the sum of \$550 therefor. To do or act thereon.

Art. 4. To see if the Town will vote to authorize the Water Commissioners to extend its water system from Parker street on Butler Avenue about 750 feet, and appropriate the sum of \$700 therefor. To do or act thereon.

Art. 5. To see if the Town will vote to instruct the Selectmen to purchase, for the Town's use, the barn and land adjoining on Summer Street, on so-called Assabet Park, and appropriate the sum of \$2,500 for the same. To do or act thereon.

Art. 6. To see if the Town will vote to authorize the Selectmen to agree, in behalf of the Town, to maintain that portion of Main Street between the railroad crossing and the Great Road to the satisfaction of the Massachusetts Highway Commission or any Board to which the present duties of said Commission may hereafter be delegated. To do or act thereon.

Art. 7. To see if the Town will vote to amend the Town By-Laws by adding the following thereto : "No town officer or quasi town officer or board of town officers or quasi town officers shall appoint any member or members of their respective boards to any position or employment on or in behalf of the town during their respective terms of office."

Art. 8. To see if the Town will vote to appoint a committee to investigate and report on the advisability of purchasing land for park purposes in the easterly part of the town and on the north side of Parker street. To do or act thereon.

And you are directed to serve this warrant by posting an attested copy at the Post Office and one at each of ten other public places in said Town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

***Town Warrant No. 160. Town Meeting Nov. 7, 1905.***

Commonwealth of Massachusetts, Middlesex, SS.  
To either of the Constables of the Town of Maynard, in said  
County, Greeting :

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative hall, in said Town, on Tuesday, the seventh day of November next, being the first Tuesday after the first Monday in November, at eight o'clock a. m., then and there to bring in their votes to the Selectmen, for Governor, Lieutenant-Governor, Secretary, Treasurer, Auditor, Attorney-General, Councillor, Senator, Representative in the General Court, County Commissioner, Register of Probate and Insolvency, and all other State, County and District Officers.

The polls will be opened at eight o'clock a. m., and may be closed at four o'clock p. m.

And you are directed to serve this warrant by posting an attested copy at the Post Office and one at each of ten other public places in said Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this twenty-sixth day of October, in the year of our Lord, one thousand nine hundred and five.

Patrick J. Sullivan,  
Arthur J. Coughlan,  
Lucius H. Maynard,  
Selectmen of Maynard.

---

Middlesex, SS.

Maynard, Nov. 2, 1905.

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at ten other public places in said town, seven days before the time of holding said meeting as within directed.

James J. Morgan,  
Constable of Maynard.

A true copy, Attest :

Charles H. Persons, Town Clerk.

---

***Proceedings of Town Meeting Held Nov. 7, 1905.***

Pursuant to Town Meeting warrant No. 160 the voters of Maynard assembled in Co-operative hall on the above date and cast their ballots for the several State, County and District Officers, to be elected at this meeting.

The meeting opened at eight o'clock a. m.

The warrant calling the meeting was read and Lucius H. Maynard of the Board of Selectmen, who was presiding officer, then declared the polls open.

The specimen ballots and cards of instruction were posted as required by law.

George W. Jamieson, Edward T. McManus and George H. Creighton, previously appointed ballot clerks by the Selectmen were sworn by the Town Clerk, who delivered to them one set of ballots together with duplicate check lists, and took receipt therefor. Said receipt is on file at the Town Clerk's office.

The ballot box was publicly examined by the election officers and found to be empty. The register was set at 000, the box locked and the keys placed in the keeping of Constable John Connors who had charge of the ballot box, after being sworn by the Town Clerk.

Samuel Lawton, Bart. J. Coughlin, James A. Cleary and John Lawton, the Tellers appointed by the Board of Selectmen, were sworn by the Town Clerk.

It being deemed advisable, in the opinion of the presiding officer and the Town Clerk, ballots were taken from the ballot box at various times during the day and counted.

It was voted that the polls remain open until 4.30 o'clock p. m., at which time they were closed.

The register on the ballot box indicated 761 which was one more than the actual number of ballots cast.

The check lists showed that 760 names had been checked on each.

The count was obtained by the use of the counting board and resulted as follows :

## Governor.

Charles W. Bartlett of Boston, three hundred and fifty-one votes,	351
James F. Carey of Haverhill, twenty-two votes,	22
William H. Carroll of Boston, four votes,	4
Curtis Guild, jr., of Boston, three hundred and fifty-two votes,	352
Willard O. Wylie of Beverly, seven votes,	7
Blanks, twenty-four,	24

## Lieutenant-Governor.

Thomas F. Brennan of Salem, fourteen votes,	14

Attest :

Charles H. Persons,  
Town Clerk.

---

Hudson, Mass., Nov. 17, 1905.

We, the subscribers, Clerks of Hudson, Maynard, Stow and Box-boro, met this day according to law, and examined the votes cast Tuesday, Nov. 7th, 1905, for a Representative to the General Court, from the twenty-second Middlesex District and hereby certify that the result was as follows :

	Thomas F. Mahoney	Patrick J. Sullivan	John F. Wood	Blanks
Hudson	494	253	384	25
Maynard	69	506	167	18
Stow	12	58	67	7
Boxboro	5	14	31	4
	<hr/> 580	<hr/> 831	<hr/> 649	<hr/> 54

Thomas F. Mahoney of Hudson had five hundred and eighty votes.

Patrick J. Sullivan of Maynard had eight hundred and thirty-one votes

John F. Wood of Stow had six hundred and forty-nine votes.

Blanks, fifty-four.

Daniel W. Stratton,  
Town Clerk of Hudson.

Charles H. Persons,  
Town Clerk of Maynard.

Henry Gates,  
Town Clerk of Stow.

Ephraim B. Cobleigh,  
Town Clerk of Boxboro.

Commonwealth of Massachusetts,

Middlesex, SS.

Nov. 21, 1905.

To the Town Clerks of Maynard, Hudson, Stow and Boxboro in said County :

I hereby certify that on the twenty-first of November, 1905, I delivered to Patrick John Sullivan, your certificate of his election as Representative to the General Court, to be holden on the first Monday of January next, for the twenty-second Middlesex district.

Attest :

A true copy, Attest :

John Connors,  
Constable of Maynard.  
Charles H. Persons,  
Town Clerk.

Maynard, Feb. 1st.

This is to certify that in conformity with the laws of the Commonwealth I have destroyed all the ballots cancelled and otherwise used or cast at the annual state election held November 7, 1905.

Attest :

Charles H. Persons,  
Town Clerk.

Office of the Board of Selectmen.

Maynard, Mass., Feb. 15, 1906.

Charles H. Persons, Esq., Town Clerk :

Dear Sir : At a meeting of the Selectmen held Jan. 17, 1906, John C. King was appointed auditor to fill the vacancy caused by the resignation of William Naylor.

Yours respectfully,

A. J. Coughlan,  
Sec'y.

A true copy, Attest:

Charles H. Persons,  
Town Clerk.

Number of tramps lodged before new law was enforced, 90 male.

The Overseers recommend an appropriation of \$3,500.00 for the coming year.

JAMES MULLIN, Chairman,  
JAMES R. BENT, Sec.,  
GEORGE H. CREIGHTON, Treas.

## Report of Trustees Public Library.

---

YEAR ENDING MARCH 1, 1906.

The Library has been the recipient of 25 volumes entitled "Library of Valuable Information," the gift of Miss Emily Gordon, a lady who has devoted many years of labor in our schools and who recently retired. Needless to state they are pre-eminent and carefully chosen.

Your library has been enriched to the amount of \$182.37, a bequest from the Mrs. Mary Greene estate.

There has been purchased 199 books new to the library; 40 were worn out and were sold; two were destroyed by reason of being in homes where contagious diseases had been.

¶ We have also purchased a stereoscope and views which are available during library hours and affords much instructive amusement to the patrons, the younger ones in particular.

The circulation keeps apace with our times. The books are well preserved and the library in neat order.

Total books in the library at this date are 4,543.

## Financial Report.

ALEXANDER VEITCH,  
MICHAEL TWOMEY,

Trustees.

## Tax Collector's Report.

---

To the Board of Selectmen :

We herewith submit to you the following report, covering the collection of taxes for the year ending February 1st, 1906.

You will note the amount outstanding is considerable less than in the previous year. We were in hopes of having a still smaller amount uncollected, but certain conditions relative to the taxation of several properties prevented our doing so.

If taxpayers would understand that upon receiving their tax notices, if they feel that they have been overtaxed, they would submit the same in writing to the Board of Assessors, setting forth the facts relative to their grievance, a great deal of annoyance and trouble would be saved the Collector in trying to have matters adjusted satisfactorily, not only to themselves, but to the Town also.

They should bear in mind the fact that the Collector has no discretion in the matter of reducing the amount levied. He must in doing his duty, collect such amounts as are submitted to him for collection; the Assessors are the only parties who can reduce or abate taxes.

The problem of collecting all poll taxes is still paramount with us. While we find quite a number who are assessed under age, and not a few who pay their taxes elsewhere, the greatest difficulty we experience is the shifting about and changing of names among the Finnish and Polish element. A great many of these people stay here but a short time, either going to the coal mines of Pennsylvania or the copper mines of Minnesota; the length of

### III

time intervening between the time of assessment and rendition of the poll list is another draw back to the desired result.

We are still working upon this list, with what results a great many of the delinquents know to their sorrow, and it will be our aim and desire to hunt down every name, so that each bill uncollected will have written across it, the reason for its non-payment.

We are in receipt of a communication from the Supt. of Public Records of the state of Massachusetts. calling our attention to the Public Statutes regarding a proper vault or safe for the safe-keeping of the books, bills and other papers relative to this department. We would advise that such action be taken as is necessary to procure a safe for such purposes, as, in case of fire, the books becoming destroyed, the Town would be seriously handicapped in the adjustment of its outstanding bills.

We hope an appropriation will be made this year which will enable us, not only to comply with the law, but be of great benefit to the Town.

	Dr.	Cr.

## Report of Board of Health.

---

To the Citizens of Maynard:

The Board of Health herewith respectfully submit their report for the year ending March 1st, 1906.

For the greater part of the year, the principal work of the Board has been to deal with nuisances; considerable improvement having been made in certain localities.

The number of cases of contagious diseases reported to the Board are as follows :

Diphtheria,	15
Scarlet fever,	2
Typhoid fever,	3
Measles,	103

HOWARD HAMBLIN, M. D., Chairman,  
ALBERT BATLEY, Secretary,  
JOHN A. MacPHERSON.

## Auditors' Report.

---

Maynard, Mass., Feb. 16, 1906.

To the Board of Selectmen :

We hereby certify that we have examined the following accounts and found them correct : Selectmen, Treasurer, Tax Collector, Water Commissioner, Registrar of Water Works, Water Sinking Fund, Overseers of Poor, School Committee, Fire Engineers, Trustees of Public Library, and Cemetery Committee.

The new system of book-keeping is a great improvement, and each department is keeping its books in good shape.

ALEXANDER PETTIGREW,  
JOHN C. KING,

Auditors.

## Report of the Water Commissioners

---

To the Board of Selectmen:

The reports of the Superintendent of the Water Works, the water registrar and engineer give a detailed account of what has been done in the water department during the year, and are included in the report of the water commissioners for the information of the public.

The analysis of the water by the State Board of Health, the breaks that have occurred in the mains and service pipes, the present unsatisfactory condition of the conduit line from the pumping station to White Pond together with important recommendations for the improvement of the system, are items which the superintendent makes mention of and call for careful consideration. The engineer describes the new boiler which has been placed at the pumping station and calls attention to the fact that another will very likely be needed in the near future.

Printed copies of the new scale of rates together with amended rules and regulations were distributed to all water takers at the time they went in force, it is not, therefore, considered necessary to reprint them in this report. Anyone accidentally omitted in the distribution may obtain a copy at the office of the water registrar.

The metered service is proving very satisfactory, and as fast as is practical a complete metering of the system is being established.

Last June Mr. Paul Wilson, the superintendent, resigned, and Mr. William Naylor, who has been associated with the works for a number of years, was appointed to the position and assumed the

duties of both superintendent and water registrar, Mr. Stephen Beaton, who holds a first class license was appointed engineer.

The financial report of the department, also the account of the water sinking fund is herewith submitted. The real estate in Somerville is still held by the town except the tenement house which has been sold. In order to keep the stores occupied, it was found necessary to make much needed repairs in the "store building." Interior painting was done, a cellar with coal sheds and closets added and with the exception of outside painting the building is now in fairly good condition. The expense for cellar work, carpentering, plumbing and painting is given in the financial report.

Respectfully submitted,

ROBERT W. CARTER, Water Commissioner.

## Superintendent's Report

---

To the Honorable Board of Water Commissioners:

Gentlemen—Following is the report for the year ending January 31st, 1906.

### SOURCE OF SUPPLY.

The water in White Pond, from which we take our supply, does not raise or lower to any great extent and the analysis, as given by the State Board of Health, does not change.

### CONDUIT LINE.

The conduit line has given no trouble this year and the flow of water has not decreased. This pipe is partly filled with sand and growth which retards the flow of water. Many of the bells of the pipes are broken causing the joints to leak. I believe it will be better to lay an iron pipe rather than relay this vitrified pipe. When it is necessary to lay a new line I propose following the plans of F. C. Coffin. This line was cleaned of all sand and growth from manhole No. 2, to the receiving wells which somewhat increased the flow. There is enough water coming through the conduit in five days to supply the town except in very dry seasons when there is only sufficient water for the town's needs. In the coming year the sand will be cleaned out of the line for some distance and the brush will be cut down.

## RECEIVING WELLS.

The receiving wells were cleaned out after the conduit. There was from six to ten inches of sand and sediment on the bottom of the wells which was removed and the bottom thoroughly cleaned. A bad place in the bottom, where sand was boiling up, was cemented over.

Last spring it was found necessary to remove the cover from the round well as it was rotten and pieces of wood were continually falling into the water. A temporary cover was put on to prevent the suction pipes from damage by freezing. I think the best plan is to put the suction pipes down to the bottom of the well and then leave it uncovered.

## PUMPING STATION.

The buildings including pumping station, coal-shed and storehouse are in good condition but nothing has been done to improve the appearance of the place. Soon after my appointment in June the boiler inspector reported that our boiler No. 1 was not fit for service. This boiler was looked over by the engineer and boiler makers and it was decided that a new boiler would be cheaper and better than to repair the old one. After receiving prices and specifications from several boiler makers the contract was awarded the D. M. Dillon Steam Boiler Works of Fitchburg. This boiler was built in accordance to modern, up-to-date specifications and placed in position to the satisfaction of the engineer and superintendent. The pumping plant is in the best of condition and is giving satisfactory results under the very efficient management of the engineer, Stephen Beaton.

## RESERVOIR.

The reservoir was cleaned out in turn after the conduit and the wells. The fence around the embankment is in need of repair which will be attended to as soon as the weather will permit.

## MAINS.

There have been a few leaks in the lead joints which were repaired at slight cost. Last winter (1904-05) the ground was frozen to such a depth that the water in some of the mains became frozen. This occurred on Parker street where the pipes were frozen from a house owned by R. W. Parmenter to the Poor Farm, on Great Road, also the entire length Walcott and Burnside streets, and part of Prospect street. I believe that the break in the hydrant branch opposite the Main street school was caused by the frost lifting the hydrant thus breaking the four inch branch completely off. Although this was repaired as soon as possible it required more than two days. During this time it was necessary to shut the supply off of the entire town. In my recommendations a line is proposed to assure the town a supply of water if it again becomes necessary to shut off this line. When the line on Parker street thawed it was found that the pipe was broken in several place.

## EXTENSION OF MAINS.

Street.	No. feet.	Size of pipe.	Valves.	Hydrants.
Bancroft	120	4 in.		
Chandler	170	4 in.		
Everett	160	2 in.	1-1½ in.	
Everett	25	1½ in.		
Bent avenue	52	1½ in.		
Deane	61	1½ in.		
Deane	86	1 in.		
Brown	216	1½ in.	1½ in.	
Walcott	75	4 in.		¼ in.
Lincoln	506	6 in.	2-6 in.	¼ in.
Walcott avenue	264	6 in.	1-6 in.	
Walcott avenue	241	4 in.	¼ in.	
Douglas avenue	288	4 in.	¼ in.	
Douglas avenue	9	6 in.		
Butler avenue	700	6 in.	2-6 in.	¼ in.
Butler avenue	197	4 in.		

## SERVICE PIPES.

There have been several leaks in the service pipes this year. Most of the leaks are in the lead connection and in most cases can be repaired at little expense but in a number of places where we have to handle water in the trench the cost is very high. The putting back of macadamized roads is also expensive. The leak in service at W. F. Cannon's, Main street, was caused by electrolysis and an entirely new service was put in. Some services are of tarred pipe and after ten years of use fill up with rust and have to be relaid. Most of these are on private property and are relaid at the expense of the owner. Two services were relaid to furnish a larger supply of water, one at the store of A. T. Haynes where a two-inch pipe was laid and the other at Harriman's New Method Laundry where a four-inch pipe was put in. Last winter (1904-05) several services were frozen, eight of these have been uncovered and either lowered or packed with wool waste. Nine services were relaid and forty-two new services put in, making 756 services now in use. Measurements of service boxes are taken and the location kept on file.

## METERS.

The meter system is proving very satisfactory both to the water department and to the users. The difference in the amount of water pumped before and after use of meters shows a great saving. There is very little trouble with the meters except in case of them being frozen, in which case the user pays the expense of repairs. One hundred fifty meters have been placed this year making the total number now in use 591.

Of these 152 belong to individuals, the remainder to the town. Eleven are rented to persons wishing to use extra meters. About 500 services are covered, leaving 256 meters to be set in houses which are now built and have the service pipe connected.

## HYDRANTS AND VALVES.

Twenty hydrants have been repacked, making them work freely. Three hydrants on Main street were moved to bring them in line with the curbing. Valves were set in this year, one on Park street near house of Charles Cheney, one on Glendale street near house of John Johnson and three on the new extensions. Hydrants are opened several times a year to see that they work properly. The number of hydrants now in use on the streets is 85. There are several private hydrants in the yard of the Assabet Mills. Four four-inch and five six-inch valves have been set.

## RECOMMENDATIONS.

I recommend that a ten-inch pipe be laid on Great Road from Pumping Station Road to the end of the line now laid on Percival street a distance of 1150 feet. I estimate the cost to be \$1900. This line is necessary to give us a supply of water in the town whenever it becomes necessary to shut off the line on Main street from Sudbury to Mill street. There is more danger of this pipe on Main street giving out now than ever before as it is more or less effected by the electric current from the street railway system.

This will not give the town a sufficient fire service but it will supply the domestic needs of the town and is a step in the right direction.

I recommend that the installation of meters be continued until every service is metered.

There should be a telephone installed at the pumping station so that the engineer could have communication with the superintendent in case of necessity.

In closing I wish to thank the Commissioners for their hearty support since my appointment.

Respectfully submitted,

WILLIAM NAYLOR,  
Superintendent.

## Engineer's Report

---

The pumps are all in good running order and what little repairs are needed can be met at minor cost. It has been necessary for us to install, during the past year, one new horizontal return tubular boiler to replace one of the old tap joint type for one of modern construction, leaving us still with one of the old type which is badly pitted and will soon have to be replaced by one of more modern type. The stock on hand is as follows: 25 tons coal, 20 gallons of cylinder oil, 2 gallons of engine oil, 100 second-hand valve discs for use in the pumps, 7 pounds of square flax packing, 25 pounds of sheet packing and a quantity of cotton waste.

### PUMPING RECORD.

Month	Coal	Gallons	Daily Average

WILLIAM NAYLOR,  
Registrar.

## Report of the Board of Fire Engineers

---

To the Board of Selectmen:

In submitting the annual report of the expenditures of this Department we must call attention to our most urgent needs.

The remarkable growth which the town has experienced in the past few years make it necessary that some added provisions be made for better fire protection. When the present fire station was erected it was well situated for proper and quick service in case of fire but as the recent development of property has added to the valuation of our town, it has also added to the responsibility of this department and shows us plainly that we must add to our equipment.

We submit two suggestions for our relief. First, the erection of a fire station in another section of the town. Second, The purchase of another horse for present hose wagon. The first plan would necessitate an expenditure of not less than \$2000 and has its own good points, while the second could be carried out at a cost of not more than \$500. We would respectfully urge that the town take up this matter at an early meeting and not allow itself to be caught in a time of need, improperly equipped.

## Financial Report.

# Organization of School Department

---

## COMMITTEE.

HOWARD A. WILSON, Chairman, Term expires 1906.

JAMES J. HILFERTY, Secretary, Term expires 1907.

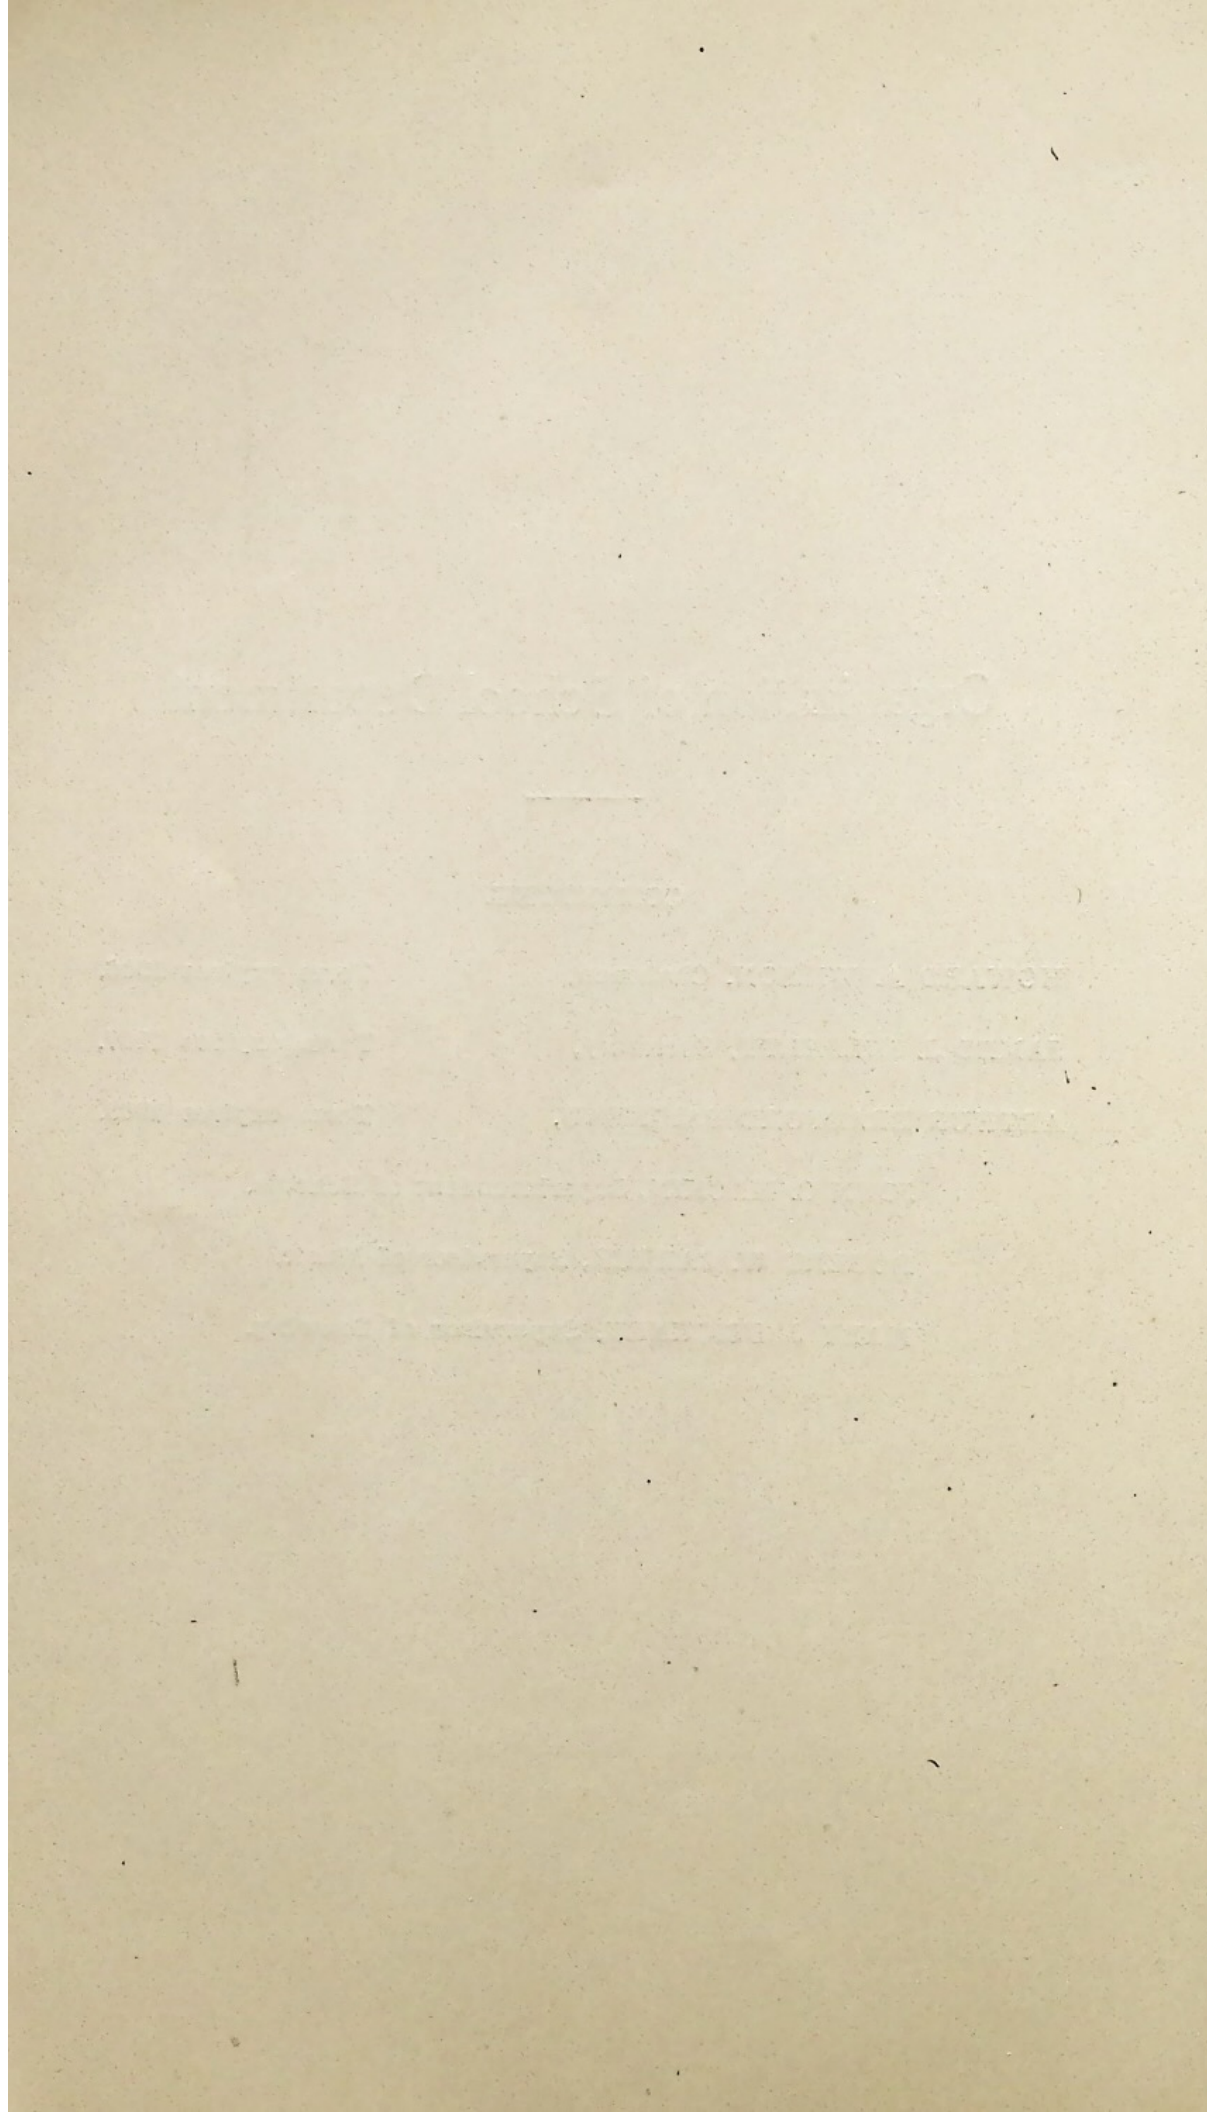

ARTHUR BRADFORD PAPINEAU, Term expires 1908.

JOHN C. MACKIN, Superintendent of Schools.

ROBERT W. CARTER, Supervisor of Music.

MARY J. STICKNEY, Supervisor of Drawing.

## Report of School Committee

---

To the Citizens of Maynard:

The reports of the Superintendent of Schools, of the Principal of the High School, of the Supervisor of Music and of the Supervisor of Drawing, are printed herewith for your careful consideration, and set forth all the most important details of the progress of this department during the past year.

The Committee desire to express, at this time, their appreciation of the untiring efforts of Mr. John C. Mackin and his able corps of supervisors and teachers, to advance the standard of our schools.

The Committee suggest that an appropriation of \$20,000 be made for the support of schools during the coming year. This advance is necessitated by the fact that we shall no longer receive any funds from the Commonwealth, for the use of schools, and we shall be obliged, also, to enlarge our corps of teachers and to maintain the new school building, now in process of erection.

The following is a statement of receipts and expenditures for the year ending January 31, 1906.

ARTHUR BRADFORD PAPINEAU.

## Report of the Superintendent of Schools

---

To the School Committee:

I herewith have the honor of submitting my fourth report of the schools of Maynard.

### TEACHERS.

The past year has witnessed a number of changes in the teaching force. At the close of the spring term the following resignations were received: Mr. Edwin P. Laskey, Miss Maud F. Findeisen, Miss Ethel Stratton and Miss Nina Carey. These vacancies were filled in order by the election of Mr. Robert W. Pease, Miss Alice V. Mace, Miss Alice G. Parker and Miss Etta C. Burns. At the beginning of the fall term it was necessary to find a larger room for the seventh grade; accordingly the location of the sixth and seventh grades was exchanged, and Miss Helen Wilkins secured as an additional teacher in grade seven. At the close of the fall term, Mr. Pease resigned, and Mr. Lester G. Richardson, a graduate of Harvard college, was elected as teacher of science and sub-master of the High school.

Miss Lucella Crockett accepted a more lucrative position in Newton, and Miss Edith C. Brooks was selected to fill the vacancy. At this time also Miss Emily A. Gordon resigned as principal of the Main street school. Miss Gordon had for many years helped to form the characters of the boys and girls of Maynard, and by her faithful devotion to duty had won the love and respect of all.

The teaching profession at the present time is not what it was a few years ago. Today the demand for good teachers is greater than

the supply. Salaries have been increased, but standards have been raised, so that now the most difficult problem of the Superintendent is to obtain good teachers and to keep them after they have been obtained. The Normal school or college graduate of today, with a year or two of successful experience, is not obliged to seek positions.

The stumbling block over which the great majority of teachers trip or fall is discipline. The New England Journal of Education in a recent editorial makes the following comment:

"No other phase of school life and work is so difficult or so important as discipline. Nothing else has so large an influence on what the children learn or upon their character. Nothing else has such a sway over the aesthetic or the ethical tone of the children. Eternal vigilance is the price of maintaining good discipline."

#### THE SCHOOL CITY.

The one great object of all public schools is to make self-respecting, intelligent citizens. Unless our boys and girls can be taught to be honest, industrious, faithful, having a regard for law and order, and not only to know but to practice the golden rule, then it is useless to train their intellects or to fill their minds with a mass of information. This has been shown in recent investigations where men of the highest intelligence have been found guilty of misdemeanors that shocked the people of the entire country. We live under a republican form of government, yet the majority of us have received our training for this important privilege in a school founded on the basis of an absolute monarchy.

In the outside world, government by force is not a success, and today Russia is paying the penalty of such a government. In the school room, government by force is seldom successful. It tends to produce a spirit of rebellion, to lead children to lie and cheat in order to escape punishment themselves or to conceal the wrongdoing of others. I believe that the consciences of the majority of children can be trained, that they can be led to do what is honorable from a desire to do so, and that the impulse to do right comes

from within rather than from without. The school city plan of government is a method whereby the conscience may be trained and the principles of popular government may be taught. By it the pupils are led to make wise, fearless decisions, to abide by the will of the majority, to obey officers, and to co-operate with classmates and teachers for the welfare and happiness of all.

The success of the above method, like all methods introduced into the school room, depends upon the teacher. If the teacher is in sympathy with the plan, understands it, and constantly encourages the officers and citizens in the performance of their duties, she will be repaid by a better spirit of co-operation among her pupils and by being relieved of the drudgery of doing police duty in the halls, corridors, basements, and on the playground.

The school city, after a three months' trial in our schools, has demonstrated that it will not run itself, but when properly managed will produce a better spirit, improve the discipline, and lessen the expenditure of nerve force on the part of the teacher.

#### THE STAMP SAVINGS SYSTEM.

Through the kindly co-operation of the Assabet Institution for Savings and the Hudson National Bank, a system of saving by the purchase of stamps from the teachers has been put into operation in the schools.

The teaching of economy, which the above plan is intended to promote, is today sadly needed among all classes of people, economy not only in the use of money, but in the use of food, clothing and supplies of every description. Never before have children had so much money to spend and spent it so freely as they spend it today. If we can help these children to form habits of saving, of having a bank account to which they may constantly add, we shall do more toward promoting their future welfare and happiness, more toward making them good citizens than by teaching them arithmetic or any other subject.

The following statistics show the progress of the system after having been in operation for two months:

Total value of stamps bought of Hudson National Bank,	\$350.59
Total value of stamps sold to the children,	338.12
Total value of stamps on hand,	12.47
Total value of stamps redeemed by teachers,	4.22
Number of different pupils receiving books,	534
Number of different depositors in Assabet Inst. for Savings,	50

#### EQUIPMENT.

The new four room brick building about to be completed on Bancroft street is in keeping with the policy adopted by the townspeople a few years ago of having their schoolhouses the best that could be built, and so located as to furnish plenty of room for a playground.

The idea of having four rooms on the ground floor was somewhat of an innovation, and has been criticised on account of the general appearance produced. The inside arrangement, however, will be much more satisfactory in the general management of the school and in the relief afforded both teachers and pupils by not being compelled to walk up and down a flight of stairs seven or eight times each day. I believe when the building is completed and the grounds properly graded that Maynard will have added to her school property one more beautiful schoolhouse, of which the citizens may justly feel proud.

The addition of concrete walks to the Main street school grounds and the painting of the Nason street building are among the more noticeable changes made during the year. The decoration of the school lawns by appropriate flower beds furnished an object lesson in the cultivation of the aesthetic sense. These flower beds, well taken care of by the janitors, were the occasion of many a complimentary remark from people passing through the town.

Inside improvements have been but little needed, and consisted chiefly of building a book closet and a store room for laboratory apparatus.

## SCHOOL WORK.

There has been nothing new or startling in the regular work of the school room during the past year. The Batavia plan of helping individual pupils has been followed to some extent, and more attention has been given to the quality of the work and less to the quantity. The teachers have endeavored to show the children how to study, and to place emphasis upon accuracy in the various subjects studied.

More extended commercial work for the high school and manual work for the grades is being considered at the present time.

During the latter part of the spring term, an exhibition of school work was given in the assembly hall of the Nason street building, under the direction of Miss Stickney. This exhibit consisted of samples taken from the daily work of the children, and attempted to show the correlation of drawing with other subjects.

I believe it was worth the time and effort put into it in that it helped to create a bond of sympathy between teachers, pupils and parents, and consequently to create a larger interest in the school work and school methods.

Appended to this report are the reports of the Principal of the High school, the Supervisor of Music, and the Supervisor of Drawing. I have also caused to be printed brief extracts of the school laws with which all parents should be familiar. In conclusion allow me to express my appreciation of the efforts of the teachers and of your sympathy and support in the endeavor to increase the efficiency of the work performed in the schools.

Respectfully submitted,

JOHN C. MACKIN.

January 31, 1906.

## Report of the Principal of the High School

---

To the Superintendent of Schools:

Dear Sir:—In submitting my fourth annual report I desire to testify first of all to the serious, conscientious work performed during the past year by all of the teachers and by most of the pupils.

The enrollment of the high school proper has increased from 49 to 64. This is more nearly as it should be. The average enrollment of a high school is about one-tenth of the total school enrollment, although local conditions cause this proportion to vary considerably. I believe that after the population of Maynard has become more settled, we shall see a yet greater number of pupils in the High school. The children of families that remain but a few years in a place are usually taken from school very soon after reaching their fourteenth year.

The library has been increased by the addition of a number of reference books on Greek and Roman history, and thereby the opportunity has been given to the students for doing more intensive work in this study. And it is hoped that next year such books may be added as will give the same opportunity to those who study American or English history.

Especial attention has been devoted to developing the work in the scientific department. The time given to botany and physiology was shortened, allowing a half year to each course; the studies of physical geography and astronomy were then added to the curriculum, a half year being allowed to each of these. Only two classes in science are offered each year. This year the juniors and

seniors take physics, while the freshmen and sophomores study physical geography and astronomy. Next year the sciences offered will be chemistry to the juniors and seniors and physiology and botany to the freshmen and sophomores. Thus by alternating these courses, in the four years each pupil will have the opportunity to study all of the six sciences offered. By this arrangement we have secured two good results: (1) Instead of having two small classes in two subjects, the teacher has one larger class which does much better work; and (2) the addition to the number of the scientific courses has been accomplished with no sacrifice in any other department, and with no increase in the teaching force. That the study of science is appreciated, however, is seen in the physics class, where all juniors and seniors with but two exceptions, elected this course, thus necessitating the formation of a second division for the purpose of experimental work. A regular text book has been introduced into the elementary scientific study of the ninth grade. The physical laboratory has been enriched by the addition of considerable apparatus that has long been needed. A good compound microscope has been provided which will be of especial value in the physiology and botany and occasionally in the chemistry classes. As a result of the advantages for individual experiment thus given, we believe that work in physics may be done such that pupils who so desire, can have this work accepted for credit by the colleges of New England. And in this connection I would say that I see no reason why any pupils of ability and industry may not be fully prepared for college in the Maynard High school. A regular class of juniors and seniors has been formed for the special study of the English prescribed by colleges, and a similar class for a review of mathematics has been provided. These classes, together with the facilities in regular school work for the study of history, modern languages, Latin, mathematics and English, make possible to the pupils a preparation for college as well as for life, equal to that enjoyed by pupils living in much larger towns and attending schools with more expensive equipments.

The number of the elective courses is such that no pupil in a four years' course can take all of them. From time to time there may be a pupil whose parents feel that they cannot send him to

college, but they would be willing to have him go to school one more year after graduation. Such pupils will always be welcomed to the school where they can find work sufficient for a year's course. Moreover, this work will be practically the same that is offered in any other high school other than a manual training high school, and may be had with no expense to parents or pupils.

The course in bookkeeping put into the ninth grade last year has been most successful. This course also is popular—so much so that each year, students from each class in the high school have been permitted to take the course with pupils of the ninth grade. I recommend that an advanced course in bookkeeping be offered in the high school to those who have taken the present introductory course, and have received a certain grade. Such a course could be offered with no increase in the teaching corps, and if the numbers and interest in the classes warrant the step, each following year other commercial studies may be added until a regular commercial course shall have been established.

Another piece of apparatus that will prove of value to the school is the stereopticon recently received. By means of this instrument the teachers of English and of history can more fully illustrate and explain, and therefore make more interesting their courses. The stereopticon may also be used in the study of physiology, botany, astronomy, physical geography, and by teachers in the lower grades in the study of history and of geography. We shall need to purchase slides, of course, but these may be obtained gradually, and once bought will be a part of the permanent school equipment.

Within the past year the school has received two new pictures, Watts' "Sir Galahad" was the gift of the class of 1904, and Hoffman's picture of "Christ and the Doctors" was purchased with money raised by the Sigma-Zeta societies in their annual contest. For both of these pictures the school is sincerely grateful, and we hope to see yet other pictures and reliefs in the school room, the gifts of patrons, friends and classes of the school.

Pupils studying German have become especially interested in the international correspondence recently established. Each pupil so

desiring is put in correspondence with a German pupil of the same sex and of similar age and education. In addition to the practical training afforded by the translation of the letters, the pupils become much interested in an exchange of thoughts and ideas that tend to broaden the pupils' own minds. As soon as the French classes have made sufficient progress, we expect to give them a similar opportunity for correspondence with French pupils.

Finally, I would thank both you and the School Committee for the cordial help and co-operation that have been accorded to me for the past year and the years preceding.

Respectfully submitted,

C. EUGENE KLISE,  
Principal of High School.

## Report of the Supervisor of Music

---

To the Superintendent of Schools:

Dear Sir:—The work in music is progressing, on the whole, very satisfactorily. In the grades from one to eight, inclusive, one period each day, the scholars receive instruction in elementary notation and singing from the regular teacher, while I visit each room once a week. In the primary grades the songs are taught by rote, the choice of such as are suitable being left largely with the teacher. In notation the work consists of simple solfeggio in all the major keys, introducing first time principles.

In the intermediate and grammar grades, more difficult time problems are presented, chromatics, major and minor scale construction, songs and exercises in one, two and three parts studied and sung.

The tone quality is much better and sweeter, but there is still room for improvement, and only by persistent and diligent practice can we obtain the desired result. It is gratifying to report that the teachers recognize this and are earnestly striving for better tone quality and expression.

The pupils' report cards in the fourth and fifth grades are now being marked according to their individual record in sight singing, written work and general attitude combined, the larger per cent. being given to the sight singing tests. This is beneficial in two ways: 1st, the sight singing tests are taken more frequently, and these tests improve and encourage individual independence in reading. 2d. In no better way can credit be given with equal fairness to all. As soon as practical the same method will be adopted in all

the grades, but to keep it in successful operation, regularity in taking record of the sight singing tests must be insisted upon.

The ninth grade has two periods a week for music, both of which I conduct. It would be much better if in addition this grade could have one short period every day, as in the other grades. In the high school the music consists of chorus practice in four part music one period a week, the chorus consisting of the two lower classes and some of the pupils from the two upper classes. I endeavor to keep up the music reading, but the chorus work is about all that can be done in the time allowed for music.

Respectfully submitted,

ROBERT W. CARTER,  
Supervisor of Music.

January 31, 1906.

## Report of the Supervisor of Drawing

---

To the Superintendent of Schools:

Dear Sir:—The scope of the work in drawing was seen definitely in the exhibition held in the Assembly hall last June. This exhibition was held, not for display, but that the public might obtain a definite idea of what the work done by children in the grades really is.

All branches of work cannot be emphasized in a year's training. In last year's course emphasis was placed on the representative drawing in particular, children gaining an idea of how to show a few characteristics of plant growth and common objects, with brush and pencil. Continuing with the same phase this fall, a more careful study of color and color combination was made, that the children might be led to appreciate beauty to be found in nature and every day life. It has been the aim of the winter's work to master a few underlying principles of the subject—object drawing, selecting those objects with which the child comes in contact in the home, the school and in play. It is with these common things that the average person comes in touch, and for that reason these subjects are selected for work in the school room.

Whenever possible objects are constructed from paper and cardboard to illustrate, in a crude way, the methods used in the making of objects and things. It is by the making of these things that a definite idea of form is fixed in the mind, and by using the hands many ingenious methods are developed. When a thing is made successfully there is always that "comfortable feeling of satisfaction" in having the real article made by one's own hand, and made

well. We are not striving in this work for elaborate results or for work beyond the ability of school children, but for good, neat, conscientious work, and the truth in all things.

At Christmas time an experiment was tried in one grade, in the use of raffia. So successful was this attempt that it has been planned to introduce the raffia work into all grades, giving each child an opportunity to work out, before the close of the school year, some definite problem in weaving, either for basket, mat, tile, frame or plaything. There will certainly be no lack of enthusiasm on the children's part, and very good results are anticipated.

In the High school the work, owing to the practice the pupils received the previous year, is slowly growing stronger. It will be some time, however, before the results will compare favorably with that of other places. It is unfortunate that courses are so arranged that sufficient time cannot be given the so-called "special subjects." The first and second year classes are, in the High school, comparatively large, but owing to lack of time, many students of the senior and junior classes, who so desire, cannot elect this work in drawing. The course in drawing must truly be very elementary when it does not carry out the five years' work in the High school.

What progress has been made in the work in drawing in the Maynard schools would have been impossible without the co-operation of enthusiastic teachers. And I wish to thank the teachers for their support in striving to make the work a success.

I desire to express my sincere thanks to the Superintendent and the Committee for their generous support during my term as Supervisor of Drawing in Maynard.

Respectfully submitted,

MARY J. STICKNEY,

Supervisor of Drawing.

# SCHOOL STATISTICS FOR THE YEAR ENDING JUNE, 1905.

## Brief Extract from Educational Laws

---

1. All children between 7 and 14, unless sick, feeble-minded, at an approved private school, or otherwise instructed in branches required by law, to the satisfaction of the School Committee, must attend the public school during the entire time of each school year. Penalty to parent or guardian for failure in attendance for five days' sessions within any period of six months, \$20.

2. No child under 14 shall be employed "in any factory, workshop, or mercantile establishment." "No such child shall be employed in any work performed for wages or other compensation" during the hours when the public school is in session nor before six o'clock in the morning, nor after seven in the evening.

3. No child under 16 shall be employed in any factory, workshop or mercantile establishment without a certificate from the Superintendent of Schools. He must present an employment ticket from the person who wishes to employ him, on applying for a certificate. The father, if living and a resident, must sign the certificate of age; if not, the mother; if neither, the guardian.

4. Children between 14 and 16 must attend school unless they can read and write simple sentences in the English language.

5. Children must be vaccinated before attending school, but a certificate from a regular physician, saying a child is an unfit subject for vaccination, allows attendance.

No child can attend school from a household in which there is a case of smallpox, diphtheria, scarlet fever or measles, or from a household exposed to a contagion from a household as aforesaid. Two weeks after the death, removal or recovery of the patient in a

case of the first three mentioned, or three days after in a case of measles, the child may return on presentation of a certificate from the attending physician or from the board of health.

6. "The last regular session prior to Memorial day, or a portion thereof, shall be devoted to exercises of a patriotic nature."

7. A United States flag not less than four feet in length shall be displayed on the schoolhouse grounds or building every school day, when the weather will permit, and on the inside of the schoolhouse on other school days.

8. A written excuse stating cause of absence, and signed by parent or guardian, must be presented by the pupil on his return to school.

9. "Every child under fourteen years of age who persistently violates the reasonable regulations of the school which he attends, or otherwise persistently misbehaves therein, so as to render himself a fit subject for exclusion therefrom, upon complaint by a truant officer, and conviction thereof, may be committed, if a boy, at the discretion of the court, to a county truant school for a period not exceeding two years, or to the Lyman school for boys, and if a girl, to the state industrial school for girls."

Tune: Fair Harvard.

Dear classmates we meet here to now say farewell  
To the days that were happy and kind,  
But the goal which we strived for has now been obtained  
And we leave it for others to find.  
Our schooldays are o'er, and now we must part,  
To our duties of life yet unknown,  
But, oh, let the aim of our life ever be  
To look for and strive for the crown.

No more the kind, merry scenes of the past  
Will inspire us our work to perform,  
But now we must battle alone in a world  
Where abide both the true and the wrong.  
But ever be kind and joy you will find  
Pervading the paths of your life;  
But, oh, let it never be said of our class  
That we worked but to fail in the strife.

Yet among all the sadness of parting tonight,  
There are many bright hopes that prevail  
In the thought that there's One who can guide us aright,  
Though temptations our lives may assail,  
We now bid farewell to our school days once more,  
And the friends whom we all hold so dear,  
May we at last meet in the beautiful realms,  
When we've finished the work for us here.

ETHEL M. SIMS.

WALTER VON DER VOGELWEID.

---

Vogelweid, the Minnesinger,  
When he left this world of ours,  
Laid his body in the cloister,  
Under Wurtzburg's minster towers.

And he gave the monks his treasures,  
Gave them all with this behest:  
They should feed the birds at noontide  
Daily on his place of rest;

Saying, "From these wandering minstrels  
I have learned the art of song;  
Let me now repay the lessons  
They have taught so well and long."

Thus the bard of love departed;  
And, fulfilling his desire,  
On his tomb the birds were feasted  
By the children of the choir.

Day by day, o'er tower and turret,  
In foul weather and in fair,  
Day by day, in vaster numbers,  
Flocked the poets of the air.

On the tree whose heavy branches  
Overshadowed all the place,  
On the pavement, on the tombstone,  
On the poet's sculptured face.

On the cross-bars of each window,  
On the lintel of each door,  
They renewed the War of Wartburg,  
Which the bard had fought before.

There they sang their merry carols,  
 Sang their lauds on every side;  
 And the name their voices uttered  
 Was the name of Vogelweid.

Till at length the portly abbot  
 Murmured, "Why this waste of food?  
 Be it changed to loaves henceforward  
 For our fasting brotherhood."

Then in vain o'er tower and turret,  
 From the walls and woodland nests,  
 When the minster bells rang noontide,  
 Gathered the unwelcome guests.

Then in vain, with cries discordant,  
 Clamorous round the Gothic spire,  
 Screamed the feathered Minnesingers  
 For the children of the choir.

Time has long effaced the inscriptions  
 On the cloister's funeral stones,  
 And tradition only tells us  
 Where repose the poet's bones.

Saintly face of rain-worn letters  
 None may tell which stone to kiss,  
 Choose the fairest for the master,  
 Let the sweetest words be his.

But around the vast cathedral,  
 By sweet echoes multiplied,  
 Still the birds repeat the legend,  
 And the name of Vogelweid.

MOTTO: "SEMPER NITENTES."

## WARRANT

Commonwealth of Massachusetts,

Middlesex, SS.

To either of the Constables of the Town of Maynard, in said  
County, Greeting :

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative hall, in said town, on Monday, the twelfth day of March next at 8 a. m., then and there to act on the following articles :

Article 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose, by the Australian system of balloting, the following town officers: One Town Clerk, one Town Treasurer, one Collector of Taxes, one Selectman for three years, one Overseer of Poor for three years, one member of the Board of Health for

three years, one Water Commissioner for three years, one member of the School Committee for three years, one Assessor for three years, one Trustee of the Public Library for three years, one Tree Warden for one year, two Auditors for one year, three Constables for one year, one member of Cemetery Committee for three years, and all town officers to be chosen at said meeting.

Also to answer, by the said Australian system of balloting, the following question : Shall license for the sale of intoxicating liquors be granted in this town?

For the purposes specified in this article the polls will be opened after the election of a Moderator and will remain open until four o'clock in the afternoon, when they shall be closed unless the meeting there assembled otherwise determine.

Art. 3. To hear and act upon the reports of Town Officers and Committees.

Art. 4. To see if the Town will appoint a committee to consider appropriations for the ensuing year and report at the April meeting. To do or act thereon.

Art. 5. To see if the Town will authorize the Treasurer, under the direction of the Selectmen, to borrow from time to time during the municipal year, beginning February 1, 1906, in anticipation of the collection of taxes of said year, such sums of money as may be necessary for the current expenses of the town, but not exceeding the total tax levy for said year (which exceeds \$50,000.00), giving the notes of the town in payment thereof, payable in one year from the dates thereof. All debts incurred under authority of this vote shall be paid from the taxes of the present municipal year. To do and act thereon.

Art. 6. To see if the Town will vote to accept and maintain, as a public way, Bancroft street on land of C. F. Monk. To do or act thereon. ■ ■

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town seven days, at least, before the time of holding said meeting.

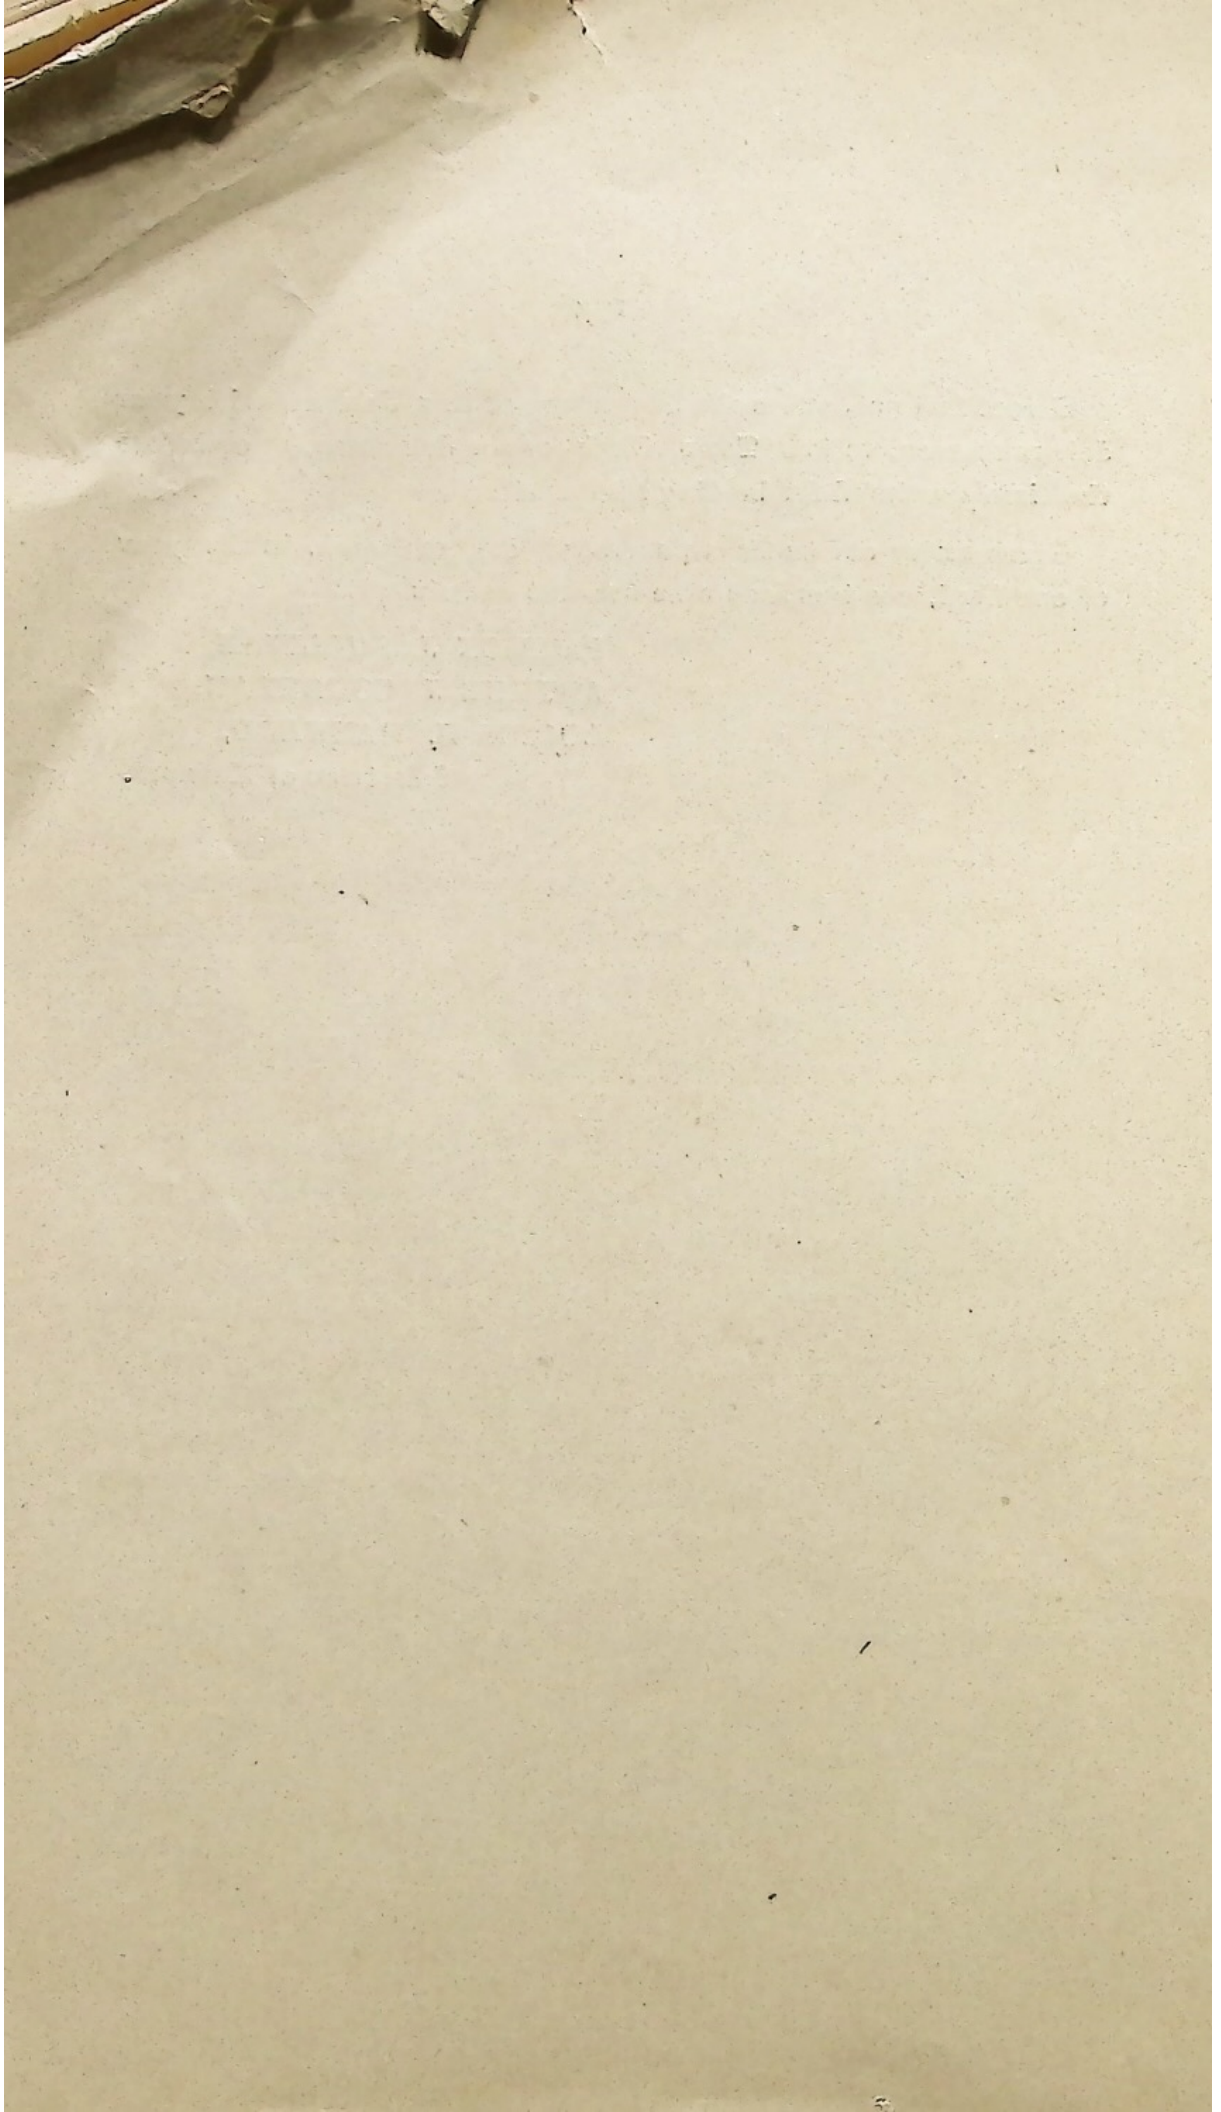

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this second day of March, in the year of our Lord, one thousand nine hundred and six.

PATRICK J. SULLIVAN,  
ARTHUR J. COUGHLAN,  
LUCIUS H. MAYNARD,  
Selectmen of Maynard.
