REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

The Board of Selectmen respectfully submits this report for your consideration and approval.

The Town Accountant's report on page 88 gives a complete statement of all receipts and expenditures for the year. During the first half of this year the ordinary work of town government was somewhat complicated by the unemployment situation, caused by a lack of orders in the local plant of the American Woolen Company. We were fortunate to have some W. P. A. projects and in this manner a large number of unemployed were taken care of who otherwise would have been in drastic circumstances. Towards summer orders began to come in and the situation became considerably brighter.

With the co-operation of the Works Progress Administration, some of the projects completed this year will be of enduring benefit to the town. The tennis courts were finished this fall and a very large number of the younger people took advantage of them. The ice skating and hockey rink was also completed this year and it has given those interested in this type of outdoor sport an opportunity for wholesome recreation and enjoyment. We feel that the money expended on both the tennis courts and the ice skating rink will pay dividends back to the citizens through the benefits derived from them to the younger people.

The remaining portions of Alumni Field, football field, track, etc., we hope will be finished in 1940.

The W. P. A. sidewalks and curbsings constructed this year in the business section have added greatly to the appearance of the town and safety and comfort of its citizens.

Part of a town wide drainage system has also been completed and this project will be continued in 1940. Through the courtesy of the State Board of Public Works a drainage system for the New Village has been laid out. This work can be done in sections so that it will not cost the town too great an amount of money at one time. Due to the aid rendered us by the Boston Office of the State Board of Public Works a considerable amount of money will be saved on this project.

Two sections of sidewalks were laid on Main Street this year radiating from the mill and running in a westerly direction. We felt they were badly needed at this particular section. This work was done from funds voted sometime ago at a town meeting for a taxpayers' project.

The traffic problem in Maynard has been a source of a lot of thought and worry in the past. The Chief of Police, Board of Public Works and the Board of Selectmen hope to have something definite worked out to alleviate this condition within a short time.

A special committee appointed some years ago to rearrange and compile by-laws for the Town of Maynard has finished its work and in a short while will have printed pamphlets of these laws for distribution to the citizens. We wish to take this opportunity to thank this committee for its very excellent work, accomplished without any remuneration whatsoever.

The issue raised this year with the District Attorney's office in connection with the expenditure of moneys from regular appropriations on non-accepted streets has created quite a problem which still remains unsolved.

In conclusion, we wish to thank the several town boards, special committees and all who gave us their co-operation and help this year.

Respectfully submitted,

PATRICK A. McGRATH, Chairman,
FRANK E. RILEY, Secretary.

REPORT OF W. P. A. COMMITTEE

To the Citizens of Maynard:

The report of the W. P. A. Committee for the year ending December 31, 1939, is herewith submitted.

The W. P. A. Committee is composed of the Chairmen of the following Boards: Selectmen, Water, Sewer, Health, Cemetery, Welfare Board, Finance Committee and Mr. James A. Coughlan of the Citizens Committee. The functions of this committee are as follows: The chairman of each department understanding the needs of his Department, submits the W. P. A. projects and the estimated costs of these projects to the W. P. A. Committee, and if, in the judgement of the W. P. A. Committee these projects are beneficial projects to the town, the W. P. A. Committee will allot the money from the town W. P. A. appropriation for material and the government will furnish the wages. All W. P. A. projects are supervised by the sponsor of the project and not by the W. P. A. Committee.

The W. P. A. Committee has no jurisdiction over who shall be certified for W. P. A. work. The certification of workers is done by the Maynard Welfare Department in cooperation with the W. P. A. Office in Boston.

With only one industry in this Town and working conditions in this industry slumping badly during the year the W. P. A. employed steadily approximately 160 workers. In 1939 the W. P. A. Committee has endeavored to operate various W. P. A. projects to relieve the unemployment situation and at the same time present a civic improvement to our Town. In addition to adding many civic improvements to the Town the W. P. A. wages have helped to reduce the cost of our Soldiers Relief and Welfare cases.

The question is now what improvements can be made in the Town and at the same time not place a heavy burden on the taxpayers. We would like to allot money for the rebuilding of streets but can the Town finance this project? For instance a project was submitted to us for the rebuilding of Elmwood Street with an estimated cost to the Town of \$12,869.40 and estimated cost to government of \$33,958.60. To extend our water system is an expensive project due to the cost of the water pipe. The extension of our sewerage system is a worthy project but is an expense to the abutters of properties on streets that the sewerage is installed. During the coming year we are planning to allot money for a sidewalk project on the abutters plan and install surface drainage in various sections of the Town.

A rain water surface drain has been laid from the Assabet Bank on Nason Street down Main Street to the Assabet River.

This drain will take care of the brook that ran under private properties on Main Street causing considerable damages to property owners along Main Street during the spring thaw.

The Water Department with the aid of a W. P. A. project has extended our water system over 3,000 linear feet. These water mains are furnishing town water and fire protection to homes that were previously outside of our system. Property owners have been fortunate to secure a reduction in fire insurance rates due to the extension of these water mains.

With the aid of W. P. A. labor the Sewer Department has laid over 3,100 linear feet of sewer mains. These sewer mains have been laid on the following streets: Acton, Brown, Butler, High and Parker.

The hurricane caused considerable damage to our trees. Trees damaged beyond repair have been cut down, stumps removed and the wood turned over to the Welfare Department for distribution to welfare recipients. The remainder of the trees have been carefully trimmed, shaped and mechanically scarred trees treated. In order to replace the trees lost during the hurricane the W. P. A. has planted in various sections of the Town under the supervision of our Tree Warden approximately 900 trees.

A new fire alarm system has been installed including the addition of new fire alarm boxes. The installation of this system has given Maynard a fire alarm system which may be classed among the best of any in our neighboring cities or towns.

The W. P. A. with the co-operation received from the abutters of property owners on both sides of Main Street from Waltham Street to Walnut Street were able to construct a cement sidewalk along this street. This sidewalk was a much needed improvement and has added considerable to the value of our business section.

As in previous years the Welfare Department has operated a sewing unit at the Roosevelt School. This unit has given steady employment to fifteen women. These women have produced a large quantity of excellent garments which were distributed to the needy through the Federal Division of Surplus Commodities.

With the aid of a W. P. A. project the moth superintendent has reduced the gypsy moth egg clusters and tent caterpillars in Maynard.

The improvement of Alumni Field has shown considerable progress during the past year. Six tennis courts, curb around the track, dump area filled in, football field seeded and a concrete bottom laid on the hockey rink were completed. In the spring we are planning to complete the cinder track and seed the remainder of the field.

The water shed of the Town reservoir was cleaned of all the hurricane debris with the aid of W. P. A. employees.

The earnings received by Maynard workers from W. P. A. during 1939 was \$142,806.00.

In conclusion, we wish to thank the various town departments for the loyal cooperation we have received from them during the past year.

Respectfully submitted,

JAMES A. COUGHLAN,
GAVIN TAYLOR,
LESTER COWLES,
ERNEST JOHNSTON,
JOSHUA NAYLOR
PATRICK A. McGRATH
ALTON SIMS,
FRED C. ELSON

REPORT OF JOHN A. CROWE PARK SUPERINTENDENT

To the Honorable Board of Selectmen:

Gentlemen:-

I herewith submit my annual report as Supt. of John A. Crowe Park for the year ending Dec. 31, 1939.

During the past year the band stand at the Park has been completed by the W. P. A. This band stand is an added improvement to our Park.

The work on the tennis courts was suspended during the year, but it is my desire that these courts will be completed during 1940.

In my budget for the coming year I have asked for an additional \$100.00 to repair and paint the grand stand, and \$200.00 for annual maintenance work.

A detailed account of my expenditures for the past year will be found in the Town Accountants Report.

Respectfully submitted,

JOHN C. BRAYDEN,
Superintendent.

REPORT OF SUPERINTENDENT OF STREETS

To the Board of Selectmen:

I herewith submit my annual report of the Street Department for the year ending December 31, 1939.

Waltham Street from Sudbury line to Wood Lane a distance of 2800 feet has been scarified, reshaped and tar applied. The entire surface was thoroughly rolled.

The street was in a dangerous condition, the roadbed was full of deep holes causing broken springs.

To avoid possible accidents it was deemed advisable to repair the street the full width of roadbed. This work while not of a permanent nature presents a fine appearance.

Nason Street from Main Street to Engine House, twelve feet wide from curb line, has been resurfaced with type I bituminous. From the Engine House to corner of Nason and Summer Streets, the full width of street has been resurfaced with type I bituminous.

The square from Nason and Summer Street corner to intersection of Brooks, Maple and Summer Streets has been resurfaced with type I bituminous.

This work is of a permanent nature and is greatly appreciated by the citizens.

Thompson Street from Walnut to Fairfield Street has been scarified, reshaped and tar applied the full width of the street.

Elmwood Street from Thompson to Dartmouth Street received general repairs and tar applied.

Parmenter Avenue also Parmenter Street received a coat of tar.

Dewey Street and Taft Avenue have been scarified, reshaped, graveled and tar applied.

Enneguess Road has been reshaped and tar applied.

Maple Street the entire length has been treated with pea gravel, asphalt, and finished with a crushed pea stone covering thoroughly rolled.

This was a much needed improvement.

This street is now in excellent condition and greatly appreciated by the citizens.

Carbary Road received general repairs.

Crane Avenue has been scarified, reshaped and tar applied.

Summer Hill Road received general repairs and tar applied where necessary.

Summer Street from entrance to the Mason farm to Stow line has been scarified, reshaped and tar applied. Nason Street from Summer Street to Acton Street received general repairs and the entire surface treated with asphalt and covered with a crushed pea stone wearing surface, thoroughly rolled.

Newton Drive has been scarified, reshaped and tar applied.

Vernon and Lindberg Streets—newly accepted streets—were graded, graveled and tar applied.

I supposed the proper plan was on file at Town Clerk's Office before these streets were repaired, as they were voted on at Special Town Meeting November 28, 1938.

Various streets throughout the town have been treated with cold patch and gravel where necessary.

Catch basins have been cleaned several times and repaired where necessary.

All streets and gutters received the regular spring cleaning. The streets in the business section were cleaned each week.

SIDEWALKS AND CURBING

The granite curbing on Maple Street has been reset.

Used granite curbing has been installed on Acton Street from the corner of Walcott Street to near property of Mr. Harold Hansen.

Used granite curbing has been installed on Main Street near railroad freight yard also on opposite side near railroad crossing.

The curbing on Main Street from Maynard Trust Company to corner of Summer Street has been reset, also from property of Mr. Raymond Smith to the Congregational Church and from church to Walnut Street.

A new granite curbing has been installed opposite Congregational Church to replace the broken cement curbing. The curbing has been reset preparatory for the laying of cement walks by the "W. P. A." project.

A new asphalt walk, was laid on Maple Street from railroad crossing to house of Mr. William Coulter to replace the old asphalt walk, also from corner of Brooks and Maple Streets to property of Mr. Howard Case.

SIDEWALK—SPECIAL

The following asphalt walks were laid:

Main Street from corner of Florida Road to railroad crossing.

Main Street from Sudbury Street railroad crossing to Main Street crossing.

Florida Road from railroad bridge to the cement bridge.

SNOW

All streets and sidewalks were kept open and sanded for travel.

In the business section the snow was removed.

CHAPTER 90 MAINTENANCE

Powder Mill Road from the Acton line to Papermill corner and Brown Street from the Acton line to Haynes Street have been treated with asphalt and finished with a pea stone wearing surface thoroughly rolled.

A cable guard rail fence has been installed on Great Road from Ben Smith bridge to Main Street driveway at town property, to replace the wooden fence.

CHAPTER 90 CONSTRUCTION GREAT ROAD

The unfinished section of Great Road Construction has been completed this season.

The State and County contributed toward the cost of this Road.

JOHN J. DRISCOLL,
Superintendent of Streets.

POLICE DEPARTMENT REPORT

To the Honorable Board of Selectmen:

I herewith submit my annual report as Chief of Police for the year ending December 31, 1939.

During the past year all complaints received by the Police Department were investigated and properly disposed of.

TRAFFIC

The traffic conditions in Maynard have become a serious problem. To overcome this problem I have during the past year requested the Massachusetts State Department of Public Works to establish rules and regulations for Maynard. These rules and regulations will be completed by the State Department of Public Works shortly and will go into effect during the spring of 1940.

PARKING

With the increase of modern vehicles coming into our Town each day it is necessary for Maynard to establish more parking spaces. I believe it is the duty of our local business men to establish a committee to investigate this condition and after a thorough investigation submit their findings to the Board of Selectmen. The Board of Selectmen will then place an article on the Town-warrant for the establishing or purchasing of these parking spaces if these plans meet with their approval.

SAFETY

In order to protect the children the Police Department has during the winter months blocked off different streets for coasting. The ten life preservers at the mill pond and along the Assabet River has been checked each week during the skating season.

PENSION SYSTEM

I think that serious consideration should be given to a pension system for this department. It is my suggestion that a weekly deduction be made from each officers pay, said deduction to be allocated to a fund similiar to the pension system now in operation in our local schools.

EQUIPMENT

In my budget for 1940 I have made provision for the replacement of our police cruiser. It has proven more economical to trade in the cruiser each year. During the year I have added various police equipment in order to modernize my department.

REPORT OF ARRESTS FOR 1939

Crime Vs. Person

Assault	5
Attempt to Rape	1
Threatening	1

Cruelty to Animals	1
Delinquency	2
Disturbing the Peace	1
Illegitimate Child Act	1
Violating Motor Vehicle Law	4

The Town Treasurer has received from the American Woolen Company \$742.19. This reimburses the Town for the money paid by the Town to local police officers guarding their pay rolls.

In conclusion, I wish to express the appreciation and the thanks of the Police Department to the Board of Selectmen, to all other Town Departments, and to social and civic organizations who have been of assistance to the Police Department.

Respectfully submitted,

HENRY F. PIECEWICZ,
Chief of Police.

 REPORT OF DOG OFFICER

To the Board of Selectmen:

I, as dog officer of the Town of Maynard, respectfully submit the following report.

During the past year I have notified one hundred twenty-one delinquent dog tax owners. Of this number the Town Clerk has collected one hundred and nineteen and the remaining two have been disposed of.

HENRY F. PIECEWICZ,
Dog Officer.

REPORT OF FIRE DEPARTMENT

The Honorable Board of Selectmen:

Gentlemen:

The report of the Fire Department for the year ending December 31, 1939, is herewith submitted:

BUILDING

Headquarters Nason Street, housing Engine 1, Ladder 1, Combination 1, also the Fire Alarm System.

APPARATUS

In service: One Pumping Engine equipped with a 150 gallon Booster Tank, 250 feet of Booster Hose, 1000 feet of two and one half inch Hose, 300 feet of one and one half inch hose, one 34 foot extension ladder, one 16 foot roof ladder, one Mystery nozzle for oil or gasoline fires, searchlights, one C.O.2 Fire Extinguisher, one Foamite Extinguisher, 2 ten foot lengths of suction hose, one stretcher, and minor tools for extinguishing fires.

One Combination Wagon, with one 28 foot ladder, one 14 foot roof ladder, 1500 feet of two and one half inch hose, blankets and salvage covers.

One 60 foot Aerial Ladder truck equipped with 240 feet of wall ladders, one Eastman Ladder Gun, a Porter Life Net, one 50 foot length of three inch hose, 100 feet of one and one half inch hose, 900 feet of two and one half inch hose, two pitch forks, two shovels, four pike poles, one 20 ton hydraulic jack, six salvage covers, 150 feet of Booster hose, 100 gallon Booster tank, one Soda and Acid Extinguisher, one Foamite Extinguisher, Door opener, hose clamps, one Inhalator, and one C.O.2 Extinguisher.

FIRE ALARM SYSTEM

There are 23 Boxes, 8 Phantom Boxes, 17 miles of wire, one Whistling machine with Steam Whistle, 1 house tapper, 1 indicator, 32 battery cells and 2 rectifiers.

DUTY PERFORMED

Number of alarms responded to.....	106
False alarms.....	4
Box alarms.....	24
Telephone calls including brush, chimneys and automobiles.....	78
Permits issued for storage of Range oil.....	84
Permits issued for Power burners.....	19
Permits issued for Installation of Burners.....	19
Permits issued for Blasting.....	15
Permits issued for Fireworks.....	8

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE—1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle **within three hundred feet of any fire apparatus going to a fire or responding to an alarm, nor drive said vehicle, or park or leave the same unattended within six hundred feet of a fire or within the fire-lines** established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Remain at box until apparatus arrives.

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

How to send an alarm from box: Go to the nearest box, open door, pull lever way down once and let go, then shut door, remain at box and direct firemen to fire.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

- 1-1-1-1-1 Legion Call.

Storm Signals for the Schools

- Three blasts for first eight grades, five blasts for entire system. Blown at 7.30 and 12.30.
- Three blasts at 6.30 P. M. for Evening School.

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

Our Financial Statement may be found in the Town Accountant's report.

We have completed the work on the outside Fire Alarm System as a W. P. A. Project, and this has saved a large amount of money. During the year our Whistling Machine which is mounted on the roof of the Boiler Room of the American Woolen Company plant had to be replaced, the old one having been in service 35 years. A new machine would have cost the Town \$750.00 but we were able to secure a rebuilt machine for the sum of \$100.00. We received assurance that this machine would give good service for a number of years. The Indicator which is the only means of enabling the drivers the exact location of the Box sounded has been in service 35 years, and is now beginning to give us a lot of trouble. In the near future we will have to replace this with a more modern machine.

A new Fire Alarm box (No. 34) has been placed in service on Great Road, corner of Espie Avenue, and Box No. 55 has been moved to Thompson Street corner of Fairfield Street. This change was made in order to keep our boxes more in line rather than having scattered numbers.

Our Fire loss is given this year up to November 30, 1939, as there are some settlements yet to be made. These figures do not include our largest Fires of the past year.

We have answered 106 calls for fires and emergency during the past year, this being an increase of 28 over the previous year.

During the year we were called upon for the use of the Inhalator three times and were successful in saving the life of one person.

We have completed a ten weeks course in Fireman's Training by the Department of Education. This course was conducted by Captains of the Arlington Fire Department, sponsored by the State, and proved to be of great assistance to every member of the Department.

We have made inspections of all the School Buildings and held fire drills. The chemicals were all checked and recharged.

Regular drills were held during the summer months.

We wish to thank everyone once more for the splendid co-operation shown at our annual whist party. The money raised each year from this event enables us to insure every man in the department against injury or loss of life.

We wish to thank the Police and all other departments for the co-operation extended us during the year.

RECOMMENDATIONS FOR 1940

At this time we are asking for a permanent Chief of the Department. At present we have two permanent men who are on duty at the station twenty four hours a day. These men receive a part of one day off every five days, and must be back on duty at 10 P. M. This is a total of 123 hours each week. When one man is off duty it leaves only one man in the station and the Chief of the department must cover in the meal hours, and also cover in on driving the other truck in case of a call. We have tried to render the best of service under these conditions, but it has made it a very difficult task. Aside from the difficulties we do not feel that we should be responsible in the event that something serious happens.

When a call is received at the station and only one man is on duty, this man must answer the call, and while he is out the station is without a man in case of another call.

With a permanent Chief we would be able to grant these men a full day off, which to our minds is something they are entitled to have. The Chief would be able to give full time to the duties of the department which have increased, due to the added hazards that we did not have a few years ago. Today we have in the town over 900 oil burners, and although the State Law says that these burners should be inspected before installation, very few have been inspected.

The law also requires that a permit for the storage of oil must be posted on the premises, and a great many are storing oil without permits.

Under these conditions it is impossible for the Chief of the department to give full time to this important work. It is our belief that inspection work should also be done throughout the business district as there are many hazardous places which need correction.

In the past there seems to have been some misunderstanding about the workings of this important department. We have prepared the following statistics to show that this department is

turning over to the citizens of our Town approximately \$28,000.00 a year on insurance rates according to the classification of our town:

Few fire departments are so equipped and manned as to adequately protect a community against severe fires. Regardless of this too many citizens consider their fire department an expensive overhead, a luxury which can be curtailed when municipal expenditures are undergoing readjustment.

It is true that many departments can trace their development to the awakening of the community immediately following a serious fire or conflagration, and it may also be said that many a hamlet grew into a village, town or city because of the development of its fire protection and not in spite of it.

To develop a fire department to the point where it can cope with a conflagration is not possible, but it is a practicable proposition to maintain a department of such size as to reduce the chances of small fires becoming conflagrations.

Now let us show that a good fire department is a paying investment, not an expense, and that it is the only department in the municipality with the possible exception of the water department that pays a tangible profit to its citizens.

To illustrate the actual dividend that fire protection pays to owners of dwellings let us cite the town of Maynard, where we have accurate figures as to the number of dwellings. This is a typical community of homes, of which there are 1094 single family and 320 two-family houses. A conservative estimate of the value of the single family house of \$5,000 and the two-family \$7,000, approximately a value of \$7,710,000 for 1414 dwellings.

Home owners as a rule carry three-year insurance policies and if these homes were insured for their full value and had no fire protection (Class F) it would cost the owners \$93.50 for a three year policy on the single and \$148.40 for the two-family house. Maynard, however, is graded as a Class C town for insurance purposes and the 3 year policy on the single family house would cost \$27.50 and the two-family \$40.25. Thus the saving of \$66.00 on the one family and \$108.15 on the two-family, or on an annual basis \$22.00 and \$36.05 respectfully. Based on the total number of homes these savings result in the amounts of \$24,068 and \$11,538, a total of \$35,604. This does not take into consideration the value of contents in these dwellings which may be conservatively estimated at a quarter or possibly a third of the value of the buildings, and on the above method of calculation would result in a saving of about \$8,901. We thus have a total return to the taxpayers of about \$44,505.00 annually, through the maintenance of grade "C" fire protection.

The annual cost of maintaining the fire department is slightly over 1/10 of one percent of the assessed valuation of the town of Maynard or about \$7,145.00 showing that on the dwelling house class alone in the town of Maynard there is a return for fire protection of approximately \$28,459.00 each year.

These savings have been made without turning a wheel, as it were, based on the value of the fire protection as determined by the rating bureau.

Activities of fire departments have expanded tremendously and are more than the name implies, they are virtually FIRE AND EMERGENCY DEPARTMENTS. Fire fighting is a profession, not just a job; a service of profit, not an expense.

INSURANCE RATES ON \$100 FOR ONE YEAR

Class	Single	2-family
F	75¢	85¢
E	60	70
D	27	29
C	22	23
B	18	20
A	16	18

3 years $2\frac{1}{2}$ times 1 year rate
5 years 4 times 1 year rate

These rates are for dwellings with non-combustible roofs, within 500 feet of a public hydrant and not more than two miles from a fire station.

Our budget for the year 1940 amounts to \$8610.05. This amount is \$510.05 more than was appropriated in 1939, but of this \$486.55 is for insurance on the buildings and fixtures which is renewed every five years.

IN MEMORIAM

Thomas F. Collins

Appointed
May 1903

Died
February 1939

Respectfully submitted,

GEORGE T. PRIEST,
RICHARD ALLAN,
RAYMOND L. CONNORS,
Engineers.

FOREST WARDEN

The Honorable Board of Selectmen:

Gentlemen:

I submit herewith the annual report of the Forest Warden for the year ending December 31, 1939.

One hundred twenty permits for fires in the open were issued. It is a State Law that any person lighting a fire in the open must first obtain a permit from the Forest Warden. These permits may be obtained at the Fire Station.

Respectfully submitted,

GEORGE T. PRIEST,
Forest Warden.

INSPECTOR OF SLAUGHTERING

To the Honorable Board of Selectmen:

I herewith submit my report for the year 1939.

I inspected and report on 622 pigs, 58 calves, 25 head of cattle and 3 sheep for market use.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the year 1939. I inspected 29 barns, 185 cattle, 413 swine and 5 goats.

I quarantined 6 dogs on suspicion of rabies and released same after 14 days.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

TREE WARDEN'S REPORT

To the Honorable Board of Selectmen:

The report of the Tree Warden Department for the year ending December 31, 1939, is herewith submitted.

The W. P. A. Tree Trimming Project which was started in December 1938, is still in progress, although it was stopped during the summer months because the type of project is more suitable for the winter. As a result of this project approximately 280 cords of wood were distributed among all relief departments and the abutter's received about 90 cords. When this project is completed the tree trimming will be advanced from 30 to 80 years. This could not have been done if it were not for the W. P. A.

There will be another Tree Planting Project this spring during which 300 trees will be planted bringing the total number of trees planted to approximately 1700, nearly completing this type of work. During the Tree Planting Project of 1939 the number of trees planted was approximately 670, consisting of Norway maples, red maple, beech, maple, box-elder maple, lindens, and elms.

During the year ash trees were sprayed for oyster scale and the maples for cotton sphis. A number of large trees were artificially stimulated.

The young trees received much attention which they require in the way of trimming and shaping.

Six diseased trees were removed and all trees with mechanical scars needing treatment were taken care of. The elm trees were examined for signs of the Dutch Elm disease and specimens were sent to Massachusetts State College for analyzation. There is no signs of this disease as yet.

There were eleven trees destroyed by gas this year. The Gas Company reimbursed the town for the removal of these trees and the planting of new ones.

During the coming year the trees should be sprayed, approximately 1700 young trees should be trimmed and shaped. There are always limbs to be taken off; trees to be cut down, trees to be artificially stimulated.

The Town Accountant's Report will show the expenditures of my department.

Respectfully submitted,

WILLIAM V. HANSEN,
Tree Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Gentlemen:

WILLIAM H. O'BRIEN,
Sealter of Weights and Measures

REPORT OF MOTH DEPARTMENT

To the Board of Selectmen:

I herewith submit the report of the Moth Department for the year ending December 31, 1939.

The Gypsy Moth situation is greatly improved and while the egg masses are not as numerous this year they are large in size and generally scattered, indicating an upwood trend in dispersion.

The Town shade trees were all sprayed very carefully and also some bad sections of woodland were sprayed.

Down timber and brush in the woodlands from the Hurricane in September still afford breeding places for the egg clusters of the Gypsy Moth.

The Town was scouted carefully for Brown-Tail Webs and none were found, however close watch must be kept for this pest as they are located in several surrounding localities.

The Tent Caterpillar was not as bad last spring this is due to the removal of wild cherry brush along the roadsides and spraying.

Increased spraying will help keep down all these insect pests.

Roadside brush was cut and burned on the following Streets—Waltham; Brown; Acton Road; Summer Hill Rd. and Great Rd. with the help furnished from the Welfare Department.

Thru the cooperation of the State Department of Conservation and the Local W. P. A. Office a project for creosoting egg clusters in the woodlands is in operation and this will help greatly in reducing the number of egg clusters in the Town.

In conclusion may I express my thanks for the cooperation of the following: Board of Selectmen; Mr. James King of the W. P. A. Office; and Mr. F. W. Marshall of the State Department of Conservation, during the past year.

Respectfully submitted,

JOHN F. CLEARY,
Moth Superintendent.

REPORT OF THE BOARD OF HEALTH

To the Board of Selectmen:

The Board of Health herewith submits the following report for the year ending December 31, 1939.

The Board has continued their forward, advanced program which contained a series of various clinics such as:

- Tuberculosis
- Well-Baby Conference
- Diphtheria Immunization
- Dental
- Vaccination against smallpox
- Anti-rabietic dog clinic

Every month samples of milk sold in the town are analyzed. The town dump was moved to a more favorable location and the National Youth Administration projects for both boys and girls were continued.

TUBERCULOSIS

Tuberculosis still remains the foremost of the serious diseases from the standpoint of financial and social costs. Besides the cost for board and treatment for hospitalization cases, it is also essential to purchase adequate clothing and supplies. It is also necessary to furnish transportation to the Sanatorium for examination and treatment. However, the town receives a subsidy for Five Dollars (\$5) per week from the State for each patient at the Middlesex County Sanatorium. The Board also conducted a clinic in conjunction with the staff from the Middlesex County Sanatorium in June at which thirty-one (31) persons were examined.

DIPHTHERIA CLINIC

The Board still continues its policy of conducting annual clinics for immunization against diphtheria. There were seventy-seven children inoculated at these clinics in 1939. Although there are very few of these cases reported, it is well for parents to have their children immunized, thereby protecting them from this dread disease.

WELL BABY CLINICS

The well baby clinics conducted twice a month by three of our local physicians continues to give satisfaction to the mother and child. Over 500 babies were examined during the past year which the parents agree has been of value and service to them.

VACCINATION CLINICS

The Board conducted two clinics for the vaccination against smallpox at which times sixty-six children were given this injection.

SCHOOL DENTAL CLINICS

These clinics under the supervision of the School Nurse cooperating with four of our local dentists continues to be of much benefit to the health of the school children.

DOG CLINICS

For the fifth consecutive year the Board has conducted two clinics under the supervision of Dr. Gerald O'Malley, veterinarian. This year 192 dogs received the protective inoculation against rabies. While there were a number of dog bites, not a single case of rabies was reported. All dog owners should remember to have their dogs immunized once a year for safe protection to the welfare of the persons and the community.

MILK INSPECTION

The Board continued its collection and analysis of milk samples. Over 200 of these samples were tested at the laboratory of the Framingham Board of Health. On December 1, 1939 the law requiring that all milk sold in the town to be either pasteurized or certified went into effect. This was adopted because milk is apt to convey the bacteria of a number of diseases harmful to man.

REMOVAL OF TOWN DUMP

Owing to a nuisance caused by smoke and etc., it was deemed advisable to remove the public dump from the location near the Alumni Field to a spot in the rear of Crowe Park, formerly known as the "Cricket Field." However, this spot is not too ideal and the townspeople in cooperation with the Board of Health must give careful consideration to this problem in the near future.

EXPENDITURES

Health is the most vital factor in the life of the community. The Board realizes that expenditures must be kept within reason without impairing the health of any individual or the danger of the spreading of contagious diseases. There are some thirty-eight diseases that are classified as dangerous to the public health and for which the Board is financially responsible if the persons contacted are themselves financially unable to procure treatment. Our Board is responsible for the cost of board and treatment of any person who has moved to another community and who still has a legal settlement in Maynard if he is in need of medical attention and cannot pay for it himself. Approximately 85% of our budget is for the expenditure of tuberculosis and communicable diseases.

COMMUNICABLE DISEASES

The town was not threatened by an epidemic at any time during the year. Several cases of venereal diseases received treatment for which the Board was obliged to assume financial responsibility.

The following table shows the number and kind of communicable diseases reported during the year:

Gonorrhoea	10
Syphilis	7
Scarlet Fever	7
Mumps	5
Measles	2
Dog Bites (Not Rabied)	5
Tuberculosis	3

NATIONAL YOUTH ADMINISTRATION

(Boys:

Realizing that a large percentage of youths are still faced with unemployment and its social dangers the Board was able to secure federal funds for the N. Y. A. Projects. A large number of youths were thereby able to secure adequate training and at the same time receive financial aid. With the fine cooperation received from Mr. John A. Brayden, Superintendent of Crowe Park, the youths did repair work on the rear of the grandstand which also improved and beautified the field. A fine fieldstone bandstand has been erected and the showers and rest rooms in the interior are nearing completion. This has been a necessity for many years. Projects of this type run into a high expenditure and while it is of much value we do not plan to recommend them this year because of local financial conditions. A good feature of the project is that a large number of boys have secured employment and have rendered satisfactory service as well.

(Girls:

Three young ladies assisted as aids on the W. P. A. Nursery School which is a very worthy project for young children of pre-school age. Six N. Y. A. girls are employed as clerks in various town offices and are doing satisfactory work. The Sewing Project has been carried on at the Calvin Coolidge School. Here the girls have skillfully made garments, necessities, and novelties for children. These girls were taught interior decorating and knitting during related training periods. Colorful costumes worn in the recent public school operetta were made by the young ladies. All materials used in the making of garments are purchased from local merchants, and all garments made by the N. Y. A. girls remain in the town for distribution. The value and accomplishments can be told in the following chart.

N. Y. A. PRODUCTION FOR 1939

Sleepers.....	10
Girls' Dresses.....	163
Infants' Dresses.....	4
Girls' Pajamas.....	125
Girls' Slips.....	41

Men's Pajamas.....	13
Men's Shirts.....	68
Bean Bags.....	50
Children's Toys.....	16
Costumes (for Christmas Operetta)	96
Total.....	<hr/> 968

The Board is asking for a much smaller amount of money to be appropriated in 1940 and trust that the townspeople will deem it advisable to continue these worthy projects.

The Board desires to extend its appreciation and thanks to all town officers, elective and appointive, physicians, nurses, and all others who have so kindly rendered assistance to this very important work.

Respectfully submitted,

LESTER F. COWLES,
JOHN W. SAARELA,
JOHN JOHNSTON,
Board of Health.

ANNUAL REPORT OF THE MAYNARD PUBLIC HEALTH ASSOCIATION

Another year of Public Health Nursing has just been completed by our busy town nurse.

The Maynard Public Health Nursing Association is partly responsible for the service which Miss Ward gives to the town.

Any one interested in the health of the people of the community is urged to become a member of the Association.

The baby clinics conducted by the health department under the supervision of Miss Ward and the local physicians are very successful.

Miss Martin, the head of the health work throughout the state, gave a very interesting talk to the Association, and members of the Board of Health, on all phases of health work throughout the state.

The Association was fortunate in securing the services of Miss Bertha Sneek to substitute for Miss Ward during her vacation, and wishes to thank Miss Ward for her untiring efforts in caring for the sick and needy in Maynard.

Respectfully submitted,

RUTH BREED KING, sec.

REPORT OF PUBLIC HEALTH NURSE

Annual report of Nurse for year ending January 1, 1940.

Number of patients visited	470
Association calls	944
Metropolitan Insurance calls	487
John Hancock Insurance calls	229
Free Nursing visits	413

Total calls	2073
-----------------------	------

There were 38 Surgical cases reported by Hospital Clinics for Dressings and follow up work—28 Home deliveries attended by Nurse—220 calls received from patients—210 calls by Physicians—and the remaining 20 calls reported by Insurance agents.

Respectfully submitted,

MARY A. WARD, R. N.

EXTENSION SERVICE

The following is a report of the work of the Middlesex County Extension Service in the town of Maynard for the year 1939:

The Extension Service has tried to assist farmers with their milk market problems. Assistance was given in arranging for a public hearing with the Milk Control Board on the farmers' petition for a price increase to the level of the markets in the immediate territory. The farmers' reasons were presented on the basis of higher feed costs, high labor costs and the shortage of home grown roughage. The assistance of the Extension Service was sought by the producer-distributors selling raw milk, who sought to have the Board of Health ruling of Pasteurization of all milk in the market on and by December 1, 1939 re-considered. The facts from the farmer's view-point were presented at the Public Hearing held by the Maynard Board of Health and the Massachusetts Department of Public Health. Poultry farmers were interested in such problems as housing, rearing, disease control and the keeping of farm records. There is an increase in the number of people in Maynard who are keeping poultry as a side line to their other work. Mr. Milton Duclos has been of assistance in the Extension Service poultry work. Mr. Fred Taylor gave an interesting talk to the turkey growers of the county.

During the year an upholstery school was held and a great deal of interest shown. The finished furniture showed that excellent work had been done. A clothing clinic was also held during the fall months and in the spring a series of meetings was conducted on Money Management problems.

Unfortunately, during the year there has been a decided decline in the enrollment in 4-H Club Work. A very fine clothing club was organized under the leadership of Mrs. Julia Wehhoja and Mrs. Lempi Eklund. It is hoped another year will see more boys' and girls' work being done in Maynard.

REPORT OF FINANCE COMMITTEE

Board of Selectmen,
Maynard, Massachusetts.

Gentlemen:

We herewith submit to the citizens of the Town the report of the Finance Committee for the year 1939.

Eight meetings were held for budget study previous to the annual appropriation meeting. After preliminary study it was apparent that a much higher tax rate could be looked for, based on original askings of \$388,532.83. If this amount had been voted we estimated a tax rate of \$53.11. Additional conferences were arranged with various departments at which their cooperation was asked, in an effort to keep the increase in rate as low as possible. With the consent of the departments budget reductions of \$43,183.00 were brought about. However, because of a depletion of reserves in previous years and a scarcity of available reserves a sharp increase in the tax rate resulted. In addition a special Town Meeting was held after the 1939 rate was set at which it was voted to take \$18,500.00 from Excess and Deficiency. Had this amount been voted prior to the setting of our 1939 rate the rate would have been \$47.60 instead of \$44.00. Since we are at the present time practically without reserves that can be used to keep the 1940 rate down, we feel that the citizens should realize that budgets voted this year will have to be raised by taxation.

During 1939 our committee joined the Association of Town Finance Committees. Through attendance at some meetings of the Association many worthwhile ideas were obtained. Also a great deal of printed matter has been received that has been very informative.

The following transfers from Finance Committee Reserve were voted during the year:

Interest Account Town Treasurer	\$ 69.37
Town Accountant	6.17
Tax Collector	8.00
Vocational Education	95.69
Fire Department (New Hose)	300.00
Tree Warden	212.00

Soldier's Relief.....	1,000.00
Water Mains.....	300.00
Finance Committee Expense.....	50.00
Street and Bridge Lighting.....	81.99
	<hr/>
	\$ 2,123.22

Respectfully submitted,

JOSHUA NAYLOR, *Chairman,*

HAROLD J. MORGAN, *Sec.*

JAMES COUGHLAN,

JACOB SEDER,

GEORGE STUART,

WALTER CHESLAK,

WILLIAM J. MALEY,

HOWARD F. KING,

JOSEPH BYRNE,

Finance Committee.

REPORT OF BOARD OF PUBLIC WELFARE
AND
BUREAU OF OLD AGE ASSISTANCE

To the Citizens of Maynard:

The year 1939 has shown a marked decrease in Welfare expenditures over the year 1938. In 1938 the expenditures for General Relief and Administration were \$60,776.64, while in 1939 the amount was \$37,980.34, a saving of \$22,796.30 over the preceding year. Our unexpended balance was \$519.66.

During the year the State Department of Public Welfare has been completely re-organized. The state has been divided into seven separate districts, each district having an Administrative office. Maynard is now in District No. 2, whose Administrative office is located at 60 Franklin Street, Worcester. All local business must now be transacted through this office. New forms, new methods of billing and administration have added greatly to the work in the local office.

The first four months of the year showed a case load which varied from 74 to 85 cases. During the month of May the load was increased to 163 cases. There has been a gradual decline from that number to 64 cases as of December 1, 1939, with 8 Maynard cases aided in other cities and towns.

We have received the following re-imbursements during the year:

Telephone Tolls.....	\$ 8.58
Trade Dividends.....	122.13
Individuals.....	160.60
Rent—Town Farm House.....	396.00
Other Cities and Towns.....	2,533.12
Comm. of Mass. T. A.....	3,165.97

OLD AGE ASSISTANCE

On December 31, 1939 there were 99 persons receiving Old Age Assistance, an increase of four for the year.

In December, 1938 we were ordered by the Federal Government to grant Old Age Assistance to all men who were employed on the W. P. A. and were 65 years of age or older, if proven eligible. We were prepared to add 16 new cases to our rolls. The order was suspended several times, but was not definitely cancelled until after we had received our appropriation for the year.

Twenty new cases were accepted during the year and sixteen cases were dropped, due to deaths and removals. The previous year showed only eleven cases removed from the rolls, hence our large unexpended balance of \$11, 937.03.

The following re-imbursements were received by the Town Treasurer:

U. S. Federal Grants.....	\$ 15,653.99
Comm. of Mass.....	\$ 11,405.31
Other Cities and Towns.....	237.40

AID TO DEPENDENT CHILDREN

We are caring for seven cases of Aid to Dependent Children, the same number as in 1938, one case being added and one lost.

U. S. Federal Grants.....	\$ 966.71
Re-imburement by State.....	\$ 3,820.20

W. P. A. SEWING UNIT

The W. P. A. Sewing Unit, sponsored by our board, is still operating with 12 women employed. The necessary expense is paid by the W. P. A. Committee, and articles of clothing are distributed to the needy, supervised by the Federal Surplus Commodities Division.

DISTRIBUTION OF FEDERAL SURPLUS COMMODITIES

The following amounts of food surpluses have been received and distributed:

Apples.....	47,890 Lbs.
Beans, Dried Pea.....	11,700 Lbs.
Butter.....	23,935 Lbs.
Cabbage.....	4,950 Lbs.
Carrots.....	3,600 Lbs.
Cereal, Wheat.....	25,849 Lbs.
Cereal, Oats.....	11,970 Lbs.
Corn Meal.....	19,200 Lbs.
Flour, Graham.....	16,807 Lbs.
Flour, Wheat.....	48,362 Lbs.
Grapefruit.....	22,100 Lbs.
Grapefruit Juice.....	10,800 Cans
Milk, Evaporated.....	10,800 Cans
Milk, Dried.....	1,000 Lbs.
Oranges.....	14,790 Lbs.
Potatoes, Sweet.....	5,800 Lbs.
Prunes, Dried.....	9,250 Lbs.
Rice.....	4,800 Lbs.
Squash.....	12,000 Lbs.

The financial statement will be found in the Town Accountant's report.

Respectfully submitted,

ALTON W. SIMS, Chairman,
WILLIAM J. KANE, Secretary,
WILLIAM J. SMITH.

TOWN CLERK'S REPORT

For the year ending December 31, 1939

Information desired, not printed herein, will be courteously supplied upon request to the Town Clerk.

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN ELECTION

held February 13, 1939.

In accordance with Town Warrant No. 376 the Annual Town Election was held on the above date at the High School Auditorium.

The Town Clerk prepared the polling place according to the requirements of the General Laws.

Moderator Matthew T. King presided.

The system installed at the last state election, with two areas and two ballot boxes was in use.

Ballots prepared by the Town Clerk were delivered to the ballot clerks and a receipt taken therefor after the said clerks had been sworn by the Town Clerk.

BALLOT CLERKS

Area 1 A to L.

Daniel O'Connor, Grace E. Tucker, Pauline E. Clark, Lillian I. Holmes and Helen Connors.

Constable Edward S. Johnston was in charge of the ballot box.

Area 2—M to Z

William P. Rourke, Ethel M. Lowney, Helen Morse, Florence Maley and Irma M. Aldrich.

Constable Henry F. Piecewicz was in charge of the ballot box.

The boxes were examined by the Moderator and Town Clerk, the registers set at 0000 and declared empty. The keys were then given to the constables who held the same during the day.

At eight o'clock A. M. the Moderator called the meeting to order, William J. Smith moved that the reading of the warrant be waived and it was so voted.

On motion of the Town Clerk—Voted that the election of minor officers under Article 1 and Article 2 be acted upon at two o'clock P. M.

The Moderator declared the polls open at 8:03 o'clock, A.M.

The Moderator and Town Clerk deeming it advisable so to do, ballots were taken from the boxes at one o'clock P. M. and at various times thereafter during the day and counted.

The following Tellers were appointed by the Selectmen and sworn by the Town Clerk.

TELLERS

Alice L. Joyce
Margaret T. Moore

Arthur F. Croft
Elsie Brayden

Agnes V. Driscoll	Albert Foster
R. Frank Punch	Ralph D. Jones
Albert J. Connors	Lessie G. McGarry
Alice C. Smith	Elsie Trench
Mary McNamara	Robert G. Jackson
Catherine Hoffman	Hiram Parkin

TABULATORS

Maxine DeLory Ranghild M. Nelson

Edward J. Ledgard was sworn as a special Clerk to direct voters to the proper entrance.

At two o'clock the Moderator called for the election of minor officers and the following were nominated and elected.

FENCE VIEWERS

William Naylor.....
 Donald A. Lent.....
 Benj. C. Brown..... Sworn Feb. 13, 1939

FIELD DRIVERS

James C. Mahoney..... Sworn Feb. 14, 1939
 Herbert W. Martin..... Sworn Feb. 15, 1939
 John J. Driscoll..... Sworn Feb. 14, 1939

SURVEYORS OF LUMBER

Walter R. Whitman..... Sworn Feb. 18, 1939
 Joseph A. Foster..... Sworn Feb. 17, 1939
 Orville P. Tucker..... Sworn Feb. 21, 1939

MEASURERS OF WOOD AND BARK

Axel T. Lawson..... Sworn Mar. 19, 1939
 Foster F. Whitney.....
 August Lehto.....

Article 2. On motion of the Town Clerk—Voted that the Town Treasurer, with the approval of a majority of the Selectmen, be and hereby is authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1939, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

The polls were closed at eight o'clock P. M.

The register of box 1, Area 1, A to L indicated 1297.

Number of names checked on list 1297.

The register of box 2, Area 2, M to Z. indicated 1170.

Number of names checked on list 1170.

Total number of ballots cast 2467.

The result was announced at 8.50 o'clock P. M. by the Town Clerk as follows:

Article 26. Voted that the sum of \$225.00 be appropriated from the Water Dept. receipts for 1939 to purchase a pump and fittings for the Water Department.

Article 27. Voted that the sum of \$300.00 be appropriated, from the Water Dept. receipts for 1939, to be used in connection with the W. P. A. Location Project.

Article 28. Voted that the town appropriate the sum of fifty dollars to pay for the care of any cemetery lot where there is a grave of any person who has served in the army, navy, or marine corp of the United States, in time of war or insurrection, and has been honorably discharged from such service or released from active duty therein. Provided that the cost of such care is not paid by private persons or by the trustees of the cemeteries where such grave is situated, in accordance with Chapter 115, Section 22 of the General Laws. Payments from this appropriation to

be authorized by the Cemetery Commissioners at the direction of the Burial Agent of the town.

Article 29. Voted unanimously that the town vote to rescind, the action taken under Article 16 at a special town meeting held May 24, 1938 appropriating the sum of seven hundred dollars for the perpetual care of seven lots located in St. Bridget's Cemetery.

Article 30. Voted that the Town accept the following Cemetery Funds, the interest of which to perpetually care for their lots and surroundings in Glenwood Cemetery:

William Stokes	\$100.00	Anna Saari	\$ 50.00
Emmett & Siswick . .	100.00	Matti Katvala	100.00
Mary H. Pontefract	50.00	James Greenhalgh . . .	100.00
Louise France	100.00	Christopher Wilson . .	100.00
Margaret J. King . . .	100.00		

Article 31. Voted that the sum of \$850.00 be transferred from the road machinery fund to purchase a new compressor.

Article 32. Voted to lay this Article on the table.

Article 33. Voted that \$3,000.00 be appropriated, from the Water Dept. receipts for 1939, for Water Main extensions and replacement of old Water Mains. This work to be done under W. P. A. project.

Article 34. Voted that \$1,000.00 be transferred from the 1937 Great Road Chapter 90 construction balance in event the State and County make an appropriation for maintenance of Chapter 90 roads.

Article 35. Voted to appropriate the sum of \$5,000.00 to rebuild the bridge on Great Road in event the State and County make an appropriation.

Article 36. Voted to authorize the Board of Assessors to apply the sum of \$10,000.00 to be taken from the Sewer Department surplus to meet two Sewer Notes of \$5,000.00 each, due in 1939 thus reduce the amount to be raised by Taxes in the year 1939.

The meeting adjourned at 10:50 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held October 30, 1939

In accordance with Town Warrant No. 378 a special Town Meeting was held on the above date at Parker Street Hall.

The meeting was called to order at 7:30 P. M. by Moderator Matthew T. King.

On motion of Charles A. Stockbridge—Voted to waive the reading of the warrant.

Article 1. Harold J. Morgan, Sec. of the Finance Committee read a report which was received and filed with the Town Clerk.

Arthur J. Sullivan, Secretary of the Committee on the revision of By-Laws presented a printed report of the Committee as the final report of said Committee. Copies of the same were distributed to the citizens present. On a motion by the Town Clerk it was voted to receive the report and lay the same on the table until Article 16 of the Warrant was reached.

Article 2. No vacancies to be filled.

Article 3. On motion of Harold J. Morgan—Voted to transfer from Excess and Deficiency the sum of \$5,000. as a general fund to finance W. P. A. projects as approved by a committee composed of the Chairman of the following Boards: Selectmen, Water, Sewer, Finance, Health, Cemetery Welfare Board and Mr. James A. Coughlan of the Citizens Committee.

Article 4. On motion of Harold J. Morgan—Voted to transfer from Excess and Deficiency the sum of \$950. for the maintenance of the Health Department.

Article 5. On motion of Harold J. Morgan—Voted to transfer from Overlay Reserve the sum of \$3500.00 to the Department of Public Welfare for Temporary Aid.

Article 6. On motion of Harold J. Morgan—Voted to transfer from Excess and Deficiency the sum of \$550. for the maintenance of Town Offices and Hall.

Article 7. On motion of Harold J. Morgan—Voted to transfer from Excess and Deficiency the sum of \$3500. for Soldier's Relief.

Article 9. On motion of Harold J. Morgan—Voted to transfer from Excess and Deficiency the sum of \$400. for the maintenance of the Fire Department.

Article 10. On motion of Harold J. Morgan—Voted to accept Butler Avenue as a public way, according to a plan filed with the Town Clerk.

Article 11. On motion of Walter R. Denniston—Voted to authorize the Sewer Commissioners to construct a sewer on Butler

Ave., and to take the sum of \$1500. from Sewer Surplus for this purpose.

Artlce 12. On motion of Walter R. Denniston, amended by R. Frank Punch—Voted to authorize the Sewer Commissioners to construct a sewer on Elmwood Street and to take the sum of \$1000. from Sewer Surplus for this purpose, the work to be a W. P. A. project.

Article 11. On motion of the Town Clerk—Voted to again take up Article 11.—Voted that the work to be done by the vote under this article be a W. P. A. project.

Article 13. On motion of Walter R. Denniston—Voted to authorize the Sewer Commissioners to construct a sewer on Chandler Street and to take the sum of \$1500. from Sewer Surplus for this purpose. This work to be a W. P. A. Project.

Article 14. On motion of Walter R. Denniston—Voted to authorize the Sewer Commissioners to construct a common sewer from Brown Street through private land to Acton Street and to authorize the Sewer Commissioners to acquire the necessary right-of-way for this sewer. To further authorize the Sewer Commissioners to construct a common sewer on Acton Street and to take the sum of \$1500. from Sewer Department Surplus for this purpose. This work to be a W. P. A. Project.

Article 15. On motion of Harold J. Morgan—Voted to take from Excess and Deficiency the sum of \$4000. to purchase a grader.

Article 16. On motion of the Town Clerk—Voted to take from the table the report of the Committee on revision of By-Laws.

Voted to adjourn to Monday Nov. 13, 1939 at 7:30 P. M., at the Town House.

Attest: FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF ADJOURNED TOWN MEETING

held November 13, 1939

Pursuant to the vote of adjournment Oct. 30, 1939, a meeting was held Nov. 13 at the Town House.

Moderator King called the meeting to order at 7:40 o'clock P. M.

Article 16. On motion of Joshua Naylor—Voted to go into a committee of the whole and discuss the report of the Committee on the revision of By-Laws.

The Moderator was elected Chairman of the Committee and the report of the By-law Committee including the "Traffic Regulations" were discussed for two hours and fifteen minutes. It was then voted to dissolve the committee and consider said report in Town Meeting.

On motion of Henry Piecewicz—Voted that the "Traffic Regulations" be stricken from the report of the By-law Committee and that the Board of Selectmen be requested to prepare traffic regulations acceptable to the Department of Public Works for consideration at a subsequent Town Meeting or at an adjourned session of this meeting.

On motion of Arthur J. Sullivan—Voted that the Moderator appoint a committee to consider the report of the By-law Committee and report to an adjourned session of this meeting to be held at the Town House at 7:30 P. M. Monday, November 27.

The Moderator appointed on the Committee all elected Town Officers and the following: William Naylor, Joshua Naylor, Harold J. Morgan, R. Frank Punch, George T. Priest, James A. Coughlan, John Zaniewski, and Columbus F. Rainville.

Voted to adjourn to Monday, Nov. 27th at 7:30 P.M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF ADJOURNED TOWN MEETING held November 27, 1939

Pursuant to vote of adjournment November 13, 1939, a meeting was held at the Town House on the above date at 7:30 o'clock P. M.

Moderator Matthew T. King presided and called the meeting to order at 7:35 P. M.

Article 16. Frank E. Riley, Sec. of the Special Committee appointed Nov. 13th, to consider the report of the Committee on revision of By-laws read a report.

Voted that the report be accepted and filed with the Town Clerk.

Voted that the Report of the Committee on the revision of By-laws be amended by inserting therein the changes recommended by the special committee appointed Nov. 13th, 1939, and that the report of the committee on the revision of By-laws be accepted as so amended and the By-laws proposed therein by adopted.

Voted that Mr. Arthur J. Sullivan, Secretary of the By-law committee, and Mr. Frank E. Riley, Secretary of the Board of Selectmen, be a committee to prepare a copy of the By-laws, as revised and amended, and transmit a copy of the same to the Attorney General for his approval: that they be empowered to make minor changes, such as punctuation or typographical errors, if there be any, or to accept such technical changes which will not effect the intent or meaning, if so advised by the Attorney General, and deemed by him to be within the authority hereby vested in the committee by this vote: that they shall be further authorized to do any and all things required by law to put the newly adopted by-laws into effect.

Following are the By-laws as revised, amended, and adopted. See pages 276 to 280 inclusive.

Voted to extend a vote of thanks to the Committee on the revision of the By-laws for their work.

The meeting adjourned at 7:55 o'clock, P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

BY-LAWS OF THE TOWN OF MAYNARD

Adopted at the Town Meeting held on November 27, 1939

CHAPTER 1.

TOWN MEETINGS

Section 1.—Town Meetings shall be notified by posting an attested copy of the Warrant calling the same, one at the Post Office, and one at each of ten other public places in the town, seven days at least, before the day appointed for said meeting.

Section 2.—The selectmen shall submit to the finance committee a copy of all town warrants, at least ten days before printing the same.

Section 3.—The financial year shall begin with the first day of January in each year, and shall end with the last day of December next succeeding.

Section 4.—The Annual Town Meeting for the election of town officers and all other matters to be determined by ballot, shall be held on the first Monday of March of each year, and a town meeting shall be held on the second Monday of March, not earlier than 7:30 o'clock P.M., to make appropriations for the ensuing year and act upon such other business as may properly be considered.

Section 5.—The annual reports of all officers and boards shall be printed and distributed on or before the third Monday of February of each year; said reports shall be acted upon at the town meeting held on the second Monday of March.

Section 6.—No vote shall be reconsidered except upon notice for that purpose by one of the majority voting thereon, given within one hour after such vote was taken at the same or succeeding session, but if any member voting with the majority shall give notice within the hour, and shall not afterward make such motion, a motion to reconsider may be made by any other person who voted with the majority; and no article in the Warrant shall be again taken into consideration after having been disposed of, unless ordered by a vote of two-thirds of the voters present and voting.

Section 7.—No person shall speak more than twice upon any question without first obtaining leave of the meeting, except to correct an error, or make an explanation, nor until all others who have not spoken upon the question, and desire to do so, shall have an opportunity.

Section 8.—No motion, the effect of which would be to dissolve a town meeting shall be in order until every article in the Warrant has been duly considered and acted upon, but this shall not preclude the postponement of action on, or consideration of, any article to an adjournment of the meeting to a stated time.

Section 9.—No vote fixing the time for closing a ballot shall be reconsidered after such ballot shall have commenced, but the time for closing such ballot may be extended without such reconsideration.

Section 10.—When a question is under debate, motions may be received to lay the matter on the table, the previous question, to postpone indefinitely, to post-

pone to a certain time, to commit and to amend, which several motions shall have precedence in the order in which they are herein enumerated, and the first two shall be decided without debate.

Section 11—A vote to receive the report of a committee shall place the report before the meeting but not discharge the committee. A vote to accept a report of a committee with or without amendments or modifications shall discharge the committee.

Section 12—Articles in the Warrant shall be acted upon in their order unless otherwise directed by vote of the meeting.

♦ *Section 13*—The duties of the Presiding Officer, not specially provided for by law nor the foregoing rules, shall be determined by the rules of parliamentary law contained in *Cushing's Manual*, so far as they are adapted to town meetings. Any motion shall be reduced to writing before being submitted to the meeting, if required by the Presiding Officer.

CHAPTER II.

FINANCE COMMITTEE

Section 1—There shall be a finance committee, consisting of nine voters of the town, no one of whom shall be a town officer elected by ballot, or departmental official or employee receiving a salary. The members of this committee shall be sworn to the faithful performance of their duties and shall serve without salary.

Section 2—The Finance Committee shall be appointed by the moderator. The moderator elected at the annual meeting in each year shall in March of that year appoint three members of said committee to serve for the term of three years. Said appointed members shall qualify on or before April 15th following. A vacancy shall occur by reason of a member failing to qualify. If a member fails to attend three consecutive meetings, the committee may by a two-thirds vote, declare a vacancy. The term of office of said members shall commence on April 1st, of the year of their appointment. The moderator shall call the members of the finance committee prior to April 15 of each year and preside until such committee shall elect a chairman and secretary. The committee shall forthwith fill by appointment any vacancies which occur in its membership, and said appointee shall serve for the remainder of his predecessor's term of office.

Section 3—It shall be the duty of this committee to consider all articles of any warrant for any town meeting hereafter issued and the committee shall, after due consideration of the subject matter in such articles, report thereon, in print or otherwise, such information and recommendations as it shall deem best. The finance committee shall have authority at any time to investigate the books, accounts and management of any department of the town, and to employ such expert and other assistance as it may deem advisable for that purpose, and the books and accounts of all departments and officers of the town shall be open to the inspection of the committee and of any person employed by it. It may appoint sub-committees and delegate to them such of its powers as it deems expedient.

Section 4—The various town boards, officers and committees charged with the expenditure of town money, shall before December 21st of each year transmit to the town accountant detailed statements in duplicate of amounts deemed by them necessary for the administration of their respective offices or departments for the ensuing fiscal year, with explanatory statements of the reasons for any changes from the amounts appropriated for the same purpose in the current year. They shall also prepare estimates of all probably items which may be received by them during the ensuing year in connection with the administration of their departments or offices, and a statement of the amount of the appropriation requested by them for the ensuing fiscal year. Said estimates and statements shall

♦ *Section 13*, Chapter 1, disapproved by the Attorney General.

be filed by the town accountant with the secretary of the finance committee on or before January 1st of each year. The finance committee shall duly consider the same and may confer with said town boards, officers and committees, and may hold hearings if they deem it advisable. The committee shall thereupon approve or disapprove the amount, in whole or in part, of the appropriation so requested. The committee shall furnish to the selectmen on or before February 1st of each year, a report of the matters so considered by it, with recommendation or suggestion relative thereto, and the same shall be published in the annual town report of that year. Said report of the finance committee as published in the town report shall also contain a statement of the doings of the committee during the year, with such recommendations or suggestions as it may deem advisable, or any matters pertaining to the welfare of the town.

Section 5—Not less than ten days before the annual town meeting held in March, the town accountant shall file with the finance committee, a detailed statement showing all expenditures made the previous year by the several town departments and committees.

Section 6—Requests by town boards, officers or committees, for the insertion of articles in warrants for special town meetings which involve the expenditure or appropriation of money, shall first be presented to the finance committee. The finance committee shall within ten days after receiving said proposed articles, approve or disapprove, in whole or in part, the expenditure or appropriation involved and shall so notify the board, officer or committee which submitted the request for the article. When an expenditure or appropriation is sought by the board of selectmen for a department or matter under the control of said board, any proposed article for such expenditure or appropriation must first be submitted to the finance committee for its approval or disapproval as herein provided.

CHAPTER III.

TOWN TREASURER

Section 1—Before entering upon the duties of his office the Town Treasurer shall give bond to the town in the penal sum of not less than twenty-five thousand dollars (\$25,000) with good and sufficient sureties, to be approved by the Selectmen. Said bond shall be upon condition that said Treasurer shall well and faithfully discharge the duties of his office.

Section 2—The Selectmen shall require from the Town Treasurer a new bond with like sureties, after each election and re-election to said office.

CHAPTER IV

WATER REGISTRAR

Section 1—Before entering upon the duties of his office the Water Registrar shall give a bond to the town in the penal sum of not less than five thousand dollars (\$5,000.00) with good and sufficient sureties, to be approved by the Board of Water Commissioners. Said bond shall be upon condition that said Water Registrar shall well and faithfully discharge the duties of his said office.

Section 2—The Board of Water Commissioners shall require from the Water Registrar a new bond with like sureties after each appointment and reappointment to said office.

CHAPTER V

TAX COLLECTOR

Section 1—Before entering upon the duties of his office the Tax Collector shall give bond to the town in the penal sum of not less than twenty-five thousand dollars (\$25,000.00) with good and sufficient sureties, to be approved by the

Selectmen. Said bond be upon condition that the said Tax Collector shall well and faithfully discharge the duties of his said office.

Section 2—The Selectmen shall require from the Tax Collector a new bond with like sureties, after each election and re-election to the said office.

Section 3—The Collector shall within thirty (30) days after receiving from the Assessors the tax list, make out and send to every tax payer the notice of his assessment, on which shall be printed the rate of taxation, a statement of the interest to be charged for non-payment and a notice of the time within which the taxes must be paid to avoid costs, arrest or levy upon property.

CHAPTER VI TOWN CLERK

Section 1—The Town Clerk shall have the custody of the Town Seal.

Section 2—It shall be the duty of the Town Clerk to see that every conveyance to the Town of any interest in land, and any plan thereof, is properly recorded in the Registry of Deeds.

Section 3—The Town Clerk shall prepare a report upon the vital statistics of the Town for publication in the Annual Town Report.

Section 4—It shall be the duty of the Town Clerk to make and keep a record of the doings of every Town Meeting.

Section 5—It shall be the duty of the Town Clerk to immediately notify in writing, all members of committees who may be elected or appointed at any town meeting, stating the business upon which they are to act and the names of the persons composing the committees.

Section 6—It shall be the duty of the Town Clerk to furnish the Town Accountant and the Board of Assessors, with a statement of all the appropriations made by the Town at any town meeting, and the purpose for which such appropriations were made and the manner of raising the same. He shall notify all boards, officers committees of all votes passed at any town meetings in any way affecting them.

Section 7—It shall be the duty of the Town Clerk to keep and properly file all deeds, bonds, contracts, agreements, releases and all other papers and documents in any way affecting the interests of the Town, when filed with him, and all such papers and documents, unless otherwise required by law, shall be filed by all boards, officers and committees, at such time as the work to which such papers and documents pertain, shall have been completed.

CHAPTER VII ASSESSORS

Section 1—The Assessors shall in addition to the other duties prescribed by law once in five years cause to be printed for distribution a list of all properties and the value thereof.

CHAPTER VIII BOARD OF HEALTH

Section 1—The town shall elect by ballot a Board of Health, consisting of three persons, whose duty it shall be to look after the Sanitary condition of the town, make all such regulations as it judges necessary for the public health and safety respecting nuisances, sources of filth and causes of sickness within the town and respecting articles which are capable of containing or conveying infection or contagion, or of creating sickness brought into or conveyed from the town.

Section 2—It shall be the duty of such Board of Health to enter complaint against all persons offending against the laws of this Commonwealth, providing for the preservation of the Public Health, and to prosecute the same to final judgment at the expense of the town.

CHAPTER IX PUBLIC BUILDINGS

Section 1—It shall be the duty of the Selectmen to prosecute all parties who may cut, mark, deface, defile or in any manner damage or injure, any public building belonging to the town, or any out building connected with said public buildings, or who may damage or injure any fence enclosing any land belonging to the town.

❖ *Section 2*—It shall be the duty of the teachers of the public schools in the town to report all instances of damage, injury or nuisance committed upon any school building, or in or upon any outbuilding appendage, to or upon any fence enclosing any school building or play ground or upon any school apparatus to the chairman of the school board, and upon the reception of such information the Committee shall investigate the case and if in their judgment the case demands it they shall fully enforce the law in such cases made and provided against the offenders.

CHAPTER X DEALERS IN OLD JUNK

Section 1—No person shall carry on the business in the purchase, sale or barter of junk, old metals or second hand articles within the town unless he is duly licensed therefor by the Selectmen.

Section 2—All licenses granted shall be subject to the provisions of Sections 186 to 189, inclusive, of Chapter 102, Revised Laws; or any amendments thereof; and all violations of the foregoing provisions, and any who, without a license, deal in any of the foregoing articles within the town, shall be punished in accordance with the provisions of Section 32 of Chapter 102 Revised laws, or any amendment thereof.

CHAPTER XI NUISANCES

Section 1—No person shall place or cause to be placed in any public place, street, or private way, or in any running stream or body of water, dirt, rubbish, wood, timber or other materials tending to cause obstruction, nor deposit ashes, garbage, waste paper, carrion, filth, or offal, except in such places as shall be permitted by the Board of Health, under a penalty of not less than (2) nor more than twenty dollars (\$20.00).

Section 2—No person shall construct or maintain any drain or conduit carrying polluted water from any house, shop, or other building, or from any vault, cesspool, or cistern, to or upon any street or way so as to discharge water or other matter in or upon any such street or way except when permitted in writing so to do by the Board of Health, under a penalty of not less than two (2) nor more than twenty dollars (\$20.00).

Section 3—Whoever violates the provisions of the preceding section and suffers the material so placed by him in such public place, street, or private way to remain therein more than twenty-four hours, shall be liable to a like penalty for each additional day thereafter, during which he shall suffer such material to remain in such public place, street, or private way.

❖ *Section 2, Chapter 9* disapproved by the Attorney General.

Section 4—No person shall pasture or tether any animal in any street in the town in such a manner as to obstruct the street or sidewalk, under a penalty of not less than two(2) nor more than twenty dollars (\$20.00).

Section 5—No person, except an authorized agent of a town department, shall break or dig up or aid in breaking or digging up, the ground in any street or square in the town, or set up any post, fence or edgestone in any street or square in the town without a permit from the Selectmen or board having charge of the streets, under a penalty of not less than two (2) nor more than twenty dollars (\$20.00) for each offense.

Section 6—No person shall bathe or swim in any waters within the town in a state of nudity in places exposed to public view, or in the immediate sight of the occupant or occupants of any dwelling house, shop, or factory, under a penalty of not less than one (1), nor more than twenty dollars (\$20.00) for each offense.

Section 7—No person shall own or keep in this town any dog which, by biting, barking, howling, or in any other manner, disturbs the peace or quiet of any neighborhood, or endangers the safety of any person. Whoever violates the provisions of this section shall be liable to a penalty of ten dollars (\$10.00).

Section 8—No person shall make any indecent figure or write any indecent or obscene words upon any fence, building, or structure in any public place, or upon any sidewalk or wall under a penalty of not less than two (2) nor more than twenty dollars (\$20.00) for each offense.

Section 9—No person unless required by law so to do, shall make any marks, letters or figures of any kind, or place any sign of advertisements or placard upon or against any wall, fence post, ledge, stone, tree, building, sidewalk, or structure in or upon any street in this town without the permission of the owner thereof under a penalty of not less than two (2) nor more than ten dollars (\$10.00) for each offense.

Section 10—No person shall throw stones, snowballs, sticks, or other missiles, nor kick at football, nor play at any game in which a ball is used, nor fly any kite or balloon, nor shoot with or use a bow and arrow, gun, air-gun, or sling, in or across any of the public ways of the town; nor obstruct any street in the town; nor unnecessarily make any alarming or tumultuous noise; nor take hold of, nor ride upon, the hind part of any carriage, or other vehicles, without leave; nor join in any assemblage or group in the street, or on any sidewalk in the town, to the annoyance of passengers, or so as to obstruct the free passage of passengers; nor otherwise disturb the quiet of any person improperly; nor drive, wheel or draw any coach, cart, or other carriage of burden or pleasure, except children's carriages drawn by hand upon any sidewalk in the town, nor drive or permit any horse under his care to go, or stand, upon any sidewalk in the town; or to stand on any crosswalk, nor behave himself in a rude or disorderly manner; nor use any profane, indecent, or insulting language in any street or other public place in the town, or near any dwelling house or other buildings therein; nor be or remain upon any doorstep, portico, or other step or projection of any such building or house, under a penalty of not less than one (1), nor more than twenty dollars (\$20.00) for each offense.

Section 11—No person shall coast upon any sidewalk in the town, nor shall any person coast upon any of the public ways of the town except such street as the Selectmen may designate each year by public notice, under a penalty of not less than one (1) nor more than five dollars (\$5.00) for each offense.

Section 12—Said streets may be protected by barriers and any unauthorized person or persons moving such barriers shall be subject to a fine of not more than twenty dollars (\$20.00) for each offense.

Section 13—No person shall resort to or frequent any schoolhouse grounds or enclosure in the town to interfere with or annoy any persons lawfully using or enjoying the same; nor shall any person resort to or frequent any cemetery or

graveyard in the town and there engage in or be present at any game of cards or other sport, or lounge or loiter therein to the annoyance or interference of persons properly visiting or resorting to said places, under a penalty of not less than five (5) nor more than twenty dollars (\$20.00) for each offense.

Section 14—No person shall place over any sidewalk any awning, shade, or signboard less than seven feet from the ground at the lowest part, nor construct or maintain any awning, shade, or signboard extending beyond the line of the sidewalk, and for any offense against this By-law an offender shall pay a fine of ten dollars (\$10.00).

Section 15—No person shall move or assist in moving any building over any street or way which this town is obliged to keep in repair without the written permit of the Board of Selectmen being first obtained, or having obtained such permit, without complying with the restrictions and provisions thereof, under a penalty of not less than two (2) nor more than twenty dollars (\$20.00) for each offense.

Section 16—No person shall obstruct the free, open and convenient use by the public for travel of any sidewalk, by occupying the same with goods, wares, merchandise, or other chattels, or truck unloading merchandise, or by using the same as a place of resort, amusement, recreation or business, under a penalty of not less than five (5) nor more than twenty dollars (\$20.00) for each offense.

Section 17—No person shall deliver, place or cause to be delivered or placed upon any sidewalk in this town, any coal, truck, bale, box, crate, barrel, package, bundle, or any other article or thing so as to obstruct the free, open and convenient use of such sidewalk or any part, thereof, for more than thirty (30) minutes at one time or for more than ten (10) minutes at one time after being notified to remove such obstructions by a police officer, under a penalty of not less than two (2) nor more than ten dollars (\$10.00) for each offense.

Section 18—Any person who intends to erect, alter, repair or take down any building, or part thereof, on land abutting on any street or public place in this town and desires to make use of such street or place for the purpose of placing thereon buildings materials or rubbish, shall give notice thereof to the Selectmen. Thereupon the Selectmen may grant a permit to occupy such a portion thereof to be used for such purposes as in their judgment the necessity of the case demands and the security of the public allows; such permit to run for not longer than sixty (60) days and to be on such conditions, and by furnishing such security, by bond, or otherwise, for the observance and performance of the conditions and for the protection of the town, as the Selectmen may require; and especially in every case upon condition that during the whole of every night, from sunset in the evening until sunrise in the morning, proper lights shall be placed as effectively to secure all travelers from liability to injury. Such permits may be renewed at the discretion of the Selectmen. Whoever violates the provisions of this section shall be liable to a penalty of not less than five (5) nor more than twenty dollars (\$20.00) for each offense.

CHAPTER XII TRUANCY

✦ *Section 1*—Every habitual truant, and every child between the ages of seven and fifteen years wandering about in the streets or public places of the town, having no lawful occupation or business, not attending school and growing up in ignorance, may upon conviction thereof be punished by commitment to any such institution of instruction, house of reformation or suitable institution provided for the purpose, (if any be provided for the purpose, according to the provisions of the Statutes relating to truants) for such time, not exceeding two years, as the court having jurisdiction of the case shall determine.

✦ *Section 2*—In the case of the truancy of any child between the ages of seven and fifteen years, who is a member of any school in the town of Maynard, the

✦ (*Section 1 and 2* disapproved by the Attorney-General.)

teacher of the school of which said truant is a member shall report the same to the truant officer, whose duty it shall be to confer with the parent of said child, and permit the child to return to school. In the case of a third truancy by the same child in the same term of school, it shall be the duty of the teacher to give notice thereof to the School Committee and one of the truant officers, and thereupon such truant officer shall make complaint against such truant before the District Court of Central Middlesex, holden at Concord in and for the County of Middlesex, or before the Court having jurisdiction of such offences within and for said County of Middlesex; but if the parent or guardian of such truant or any person against whom complaint may have been made in the preceding section, shall, before judgment upon such complaint, give to the School Committee such assurances or pledges as shall be entirely satisfactory to them that such offence shall not be repeated, they may in their discretion recommend that the proceedings under said complaint be continued or suspended for a period not exceeding three months, (provided said Court shall assent thereto); and if, during the time of such suspension there be no repetition of the offence, they may further recommend that such complaint be dismissed, and in the discretion of said Court all proceedings thereon may be forever stayed on the payment of costs only, or on such other terms as the Court shall determine.

CHAPTER XIII

JOB AND EXPRESS WAGONS

Section 1—No person shall use any job or express vehicle for the conveyance, from place to place within the town, for hire of any goods, wares, furniture, or merchandise, without first having obtained a license therefor from the Selectmen.

Section 2—All licenses granted as afore said shall expire on the first day of May next after the date thereof, and no license shall be sold, assigned or transferred without the consent of the Selectmen.

Section 3—Every person licensed under the provisions of Section 1 of this Chapter, shall have placed upon the outside and upon each side of the vehicle he may use, the name of the owner and the number of the license, in plain, legible words and figures of not less than one and one-half inches in size, and so that the same may be distinctly seen.

Section 4—Whoever violates any of the provisions of this Chapter shall be punished by a fine of not less than two (2) nor more than twenty dollars (\$20.00).

CHAPTER XIV

PUMPS, WELLS, FOUNTAINS, ETC.

Section 1—No person shall in any manner injure any of the pumps, wells, drinking fountains or watering troughs in the streets or public grounds of said town, nor shall throw or place any substance into the same or into any of the public waters of the town.

Section 2—Any person violating any of the provisions of this chapter shall be punished by a fine of not less than two (2) nor more than twenty dollars (\$20.00).

CHAPTER XV

GENERAL

Section 1—The Selectmen shall be the Board of Police Commissioners.

Section 2—It shall be the duties of the Police Commissioners to fill all vacancies on the regular police force, and to appoint sufficient additional special officers to properly preserve the peace.

Section 3—The Board of Police Commissioners is hereby empowered to make and enforce regulations necessary to make effective the provisions of this by-law and to make and enforce temporary regulations to cover emergencies or special conditions.

Section 4—The provisions of this by-law regulating the movement, parking and standing of vehicles shall not apply to authorized emergency vehicles as defined in this by-law while the driver of such vehicle is operating the same in an emergency in the necessary performance of public duties. This exemption shall not, however, protect the driver of any such vehicles from the consequence of a reckless disregard of the safety of others.

Section 5—No person shall publicly display the name of any street or other thoroughfare without the sanction of the Selectmen, who shall notify the Police and Fire Departments and the Town Clerk.

CHAPTER XVI PROSECUTIONS

Section 1—In all cases in which no other provision has been made for prosecutions it shall be the duty of the Selectmen, the Constables, Police Officers under the Selectmen, and the Truant Officers under the direction of the School Committee so far as regards truants to prosecute all violations of the foregoing By-laws by complaint before any Court having jurisdiction in the County of Middlesex; and all fines recovered for such violations shall be paid into the Town Treasury.

The foregoing By-laws shall take effect from and after their adoption.

Boston, Mass.
December 15, 1939

The foregoing by-laws are hereby approved, with the exception of,

Chaper I, section 13
Chapter IX, section 2
Chapter XII, section 1 and 2

which are hereby disapproved.

PAUL A. DEVER,
Attorney General.

The above is a true copy of the action of the Attorney General attached to the attested copy of the by-laws sent to his office for approval and now on file in the Town Clerk's Office.

Attest: FRANK E. SANDERSON,
Town Clerk.

NOTE. The by-laws above referred to with the exception of the disapproved sections, were published in the Maynard Enterprise, December 27, 1939—January 3 and 10, 1940.

Important Request!

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

NOTICE

All dog licenses here listed expire March 31, 1940.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

NOTICE

Chapter 440 of the Legislative Acts of 1938, require the Board of Registrars to list all persons twenty years of age or over, thereby making necessary a canvass in January of each year.

Persons who fail to give full and correct information, may cause difficulty and inconvenience to members of their household, especially if names not given are of registered voters, as names not listed in the annual canvass must be removed from the voting list by the Registrars.

Co-operation on the part of householders is therefore respectfully solicited in order that lists may be as correct as possible, thus preventing inconvenience or injustice to any voter.

FRANK E. SANDERSON,
Clerk of Registrars.

REPORT OF THE BOARD OF REGISTRARS OF VOTERS

To the Board of Selectmen:

Gentlemen:—The Board of Registrars submit the following report.

The Acts of 1938 (Chapter 440) placed upon the Registrars of Voters, sole responsibility for the enforcement of the registration laws and certain duties formerly incumbent upon the Assessors.

In accordance with the above, the Board of Registrars after several conferences decided upon the method and work required, and appointed Hiram Parkin, John Flaherty, John Girdziewski and Herbert W. Martin, to make a canvass of the town by districts laid out by the Town Clerk, and all persons (5145) over 20 years of age were listed.

The voting list on January 1, 1939, contained 3,358 names, 1,840 men, 1,518 women.

The following changes have been made at meetings of the Board held during the year.

Addition to list	Men 26	Women 28
Removed	" 51	" 63

Present list, men 1,815, Women 1,483. Total 3,298.

Nomination papers submitted to the Registrars for certification of names, contained 538 signatures of which 365 were certified.

Party enrollment changes for 1939, are as follows:

Democrat to Republican . . . 1	Democrat to no enrollment . . 2
Republican to Democrat . . . 3	Republican to no enrollment . 3
No enrollment to Republican . . 3	

Respectfully submitted,

JOHN C. BRAYDEN,
MICHAEL J. NEE,
WILLIAM COULTER,
FRANK E. SANDERSON,
Registrars.

REPORT OF THE SEWER COMMISSIONERS

To the Board of Selectmen:

Gentlemen:

The tenth annual report of the Sewer Commissioners for the year ending December 31, 1939 is herewith submitted. With this report is the report of the superintendent.

The Common Sewer extensions on Parker St. and High St. which were authorized in the year 1938, have been made and the Common Sewers on Brown St. and on Acton St. have been put in. The Common Sewer on Butler Ave. is nearly completed and those on Chandler St., Elmwood St. and Brown to Acton St. will be carried on in the spring. All of the work is done under a W. P. A. Project.

We have extended the Common Sewers 3,180.9 feet this year. This makes a total of 12.4 miles of Common Sewer in use.

With the 44 new house connections made this year the number now in use is 771.

A Sullivan air hammer has been purchased.

The following expenditures have been approved this year:

Maintenance	\$ 2,882.57
House Connections	1,502.45
Concord St. Interceptor	106.46
Parker St. extension	202.86
Brown St. extension	983.14
Acton St. extension	961.91
Butler Ave.	591.36
Chandler St.	219.51
Elmwood St.	13.47
Air Hammer and Fittings	221.23

For the year 1940 we recommend these appropriations:

Sewer Maintenance	\$ 3,220.00
House Connections	2,000.00

Respectfully submitted,

FRED C. ELSON
WALTER R. DENNISTON
THOMAS H. TIERNEY
Sewer Commissioners.

REPORT OF THE SUPERINTENDENT OF SEWERS

To the Board of Sewer Commissioners:
Gentlemen:

Herewith is presented the report of the Superintendent of Sewer for the year ending December 31, 1939.

The sludge beds at the Disposal Plant have been resanded.

The following Common Sewers have been laid this year; Parker St. from Walnut St. to No. 39 Parker St., 189.1 feet; High St. from Sudbury St. 427.5 feet to No. 8; Brown St. from No. 14 to No. 47 1,216.2 feet; Acton St. from Concord St. to No. 85, 648.1 feet; Butler Ave., from Powder Mill Road to No. 24, 700 feet. This makes a total of 3,180.9 feet laid this year.

We have connected 44 properties with house connections during the year, this makes a total of 771 connections.

Two house connections have been cleared. Two stoppages in Common Sewers have been cleared.

Lineal feet of House Connections laid	2288 feet
Average length per connection	52 feet
Average cost per connection	\$ 34.74

LOCATION OF CONNECTIONS INSTALLED THIS YEAR

Street	Connections	Street	Connections
Acton	5	Maple	1
Brown	4	Nason	1
Burnside	1	Park	1
Concord	1	Parker	1
Crane	1	Percival	1
Dartmouth	1	Pine	1
Deane	1	Pleasant	1
Fairfield	1	Powder Mill Road	3
Glendale	1	Railroad	2

Main	4		

Record of pumping at the Powder Mill Road pumping Station.

Total flow for year	57,508,400 gallons
Average per day	157,557 gallons

I wish to thank the Commissioners for their co-operation.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF CEMETERY COMMISSIONERS

Maynard, Mass., January 16, 1940.

To the Honorable Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

The large spruce trees in the circle at the entrance to the cemetery which were damaged by the hurricane, have been replaced by shrubs. In making the selection for this planting, it was thought advisable to choose plants which would be suitable for the entire year. We therefore made a choice of an evergreen variety for the outer circle, while the small inner circle where the Summer House stood, is planted with flowering shrubs which bloom from early spring until late fall. The circle will look even more attractive within the next two years when the plants mature and can be trimmed into shape. Plantings have also been made in front of the Receiving Tomb and at the entrance to the New Cemetery, which beautifies both places considerably.

The strip of land bordering the Maynard Tomb has been graded and seeded. This was made necessary on account of the loss of trees, and it is hoped that sometime in the near future a hedge can be planted to replace the fence which was destroyed.

Several trees have been placed throughout the cemetery and the large maples which were set back in place and cabled a year ago are progressing rapidly.

May we once again express our satisfaction at the way in which so many people are placing their lots in Perpetual Care, and the continued interest shown in the department by the citizens.

In conclusion, we take this opportunity of thanking the people for their cooperation during the past year.

Respectfully submitted,

ERNEST E. JOHNSON,
G. W. FOWLER,
JACOB LAURILA,
Cemetery Commissioners.

REPORT OF
SUPERINTENDENT OF GLENWOOD CEMETERY

Maynard, Mass., January 16, 1940.

To the Cemetery Commissioners:

I herewith submit the report of the Superintendent of Glenwood Cemetery for the year 1939.

The loss of spruce trees bordering the Maynard Tomb made necessary the grading, loaming and seeding of a strip of land approximately four hundred feet long by twenty feet wide. The avenue along this section was also repaired to conform with the new grading.

In remodeling the large circle, it was deemed advisable to remove the old Summer House which had stood there for so many years. This was accomplished, and flowering shrubs now take its place. The main avenue and foot paths, in and about the circle, were widened to make travel more convenient both for pedestrians and vehicles.

Several loads of gravel were removed from the entrance of the New Cemetery and the Receiving Tomb and replaced with loam to make ready for the planting of shrubs.

A total of fifty-six trees were planted last spring. Some of these were to replace those destroyed, while others were placed in suitable locations throughout the different sections.

The growth of underbursh at the rear of the tool house was cut and burned and the embankments raked and cleared of material which accumulated during the summer months. Many sunken graves were filled and several avenues graded. A considerable number of the older monuments and markers have been reset, which makes a better appearance of the sections.

I take this opportunity of thanking the Commissioners for their kind help during the past year.

Respectfully submitted,

ROY E. MARSDEN,
Superintendent of Glenwood Cemetery.

REPORT OF LIBRARY TRUSTEES

To the Public Library Trustees and Citizens of Maynard:

I herewith submit my report for the year 1939.

We have borrowed a larger number of books this year than in other years and we also had a larger number of books given to the Library.

For loans of books we are indebted to the following Libraries: Newton, Concord, Hudson, Boston Public Library and the Division of Public Libraries.

The following have donated books to the Library; The Edw. A. Filene Associates, Bernard Green, Old America Company, Junior Literary Guild, "A Graduate of Yale", The McKesson Laboratories, The Federal Reserve System, Standard Oil Company and Miss Ruby Hamlin, one each; Mrs. Albert Lerer 4, Miss Doris Gager 5, Barbara Gibney 6, Mrs. Joseph Hannon 5, Mr. James J. Ledgard 19, Imelda Louka 2, and Jane Dockerty 2. Representatives of the Pro Parvulis Book Club sponsored a food sale, the proceeds of which was used to purchase books for the Library. These books range through the grades and the High School. We have 84 books and a year's subscription, which will bring us 20 more. For these books and the good will of all who assisted, we are most grateful. Mr. John Lovell donated three year's subscription to "Nation's Business", and Miss Doris Miller sent us "Horticulture". Book marks were given by the Middlesex Laundry and Mr. W. A. Twombly. These are most useful and are in demand by all our readers.

To all who have helped us through a trying year, we are thankful.

With sincere appreciation of the kind cooperation of the Trustees and assistants

Sincerely yours,

MARY E. MOYNIHAN.

Library Trustees.

REPORT OF TRUSTEES OF MEMORIAL PARK

To the Citizens of Maynard:

We herewith submit our report for the year 1939.

The decorations for Memorial Day and Christmas were attended to as in the past.

The flag poles was repaired and painted. This has to be done every two or three years to insure its preservation.

The bronze tablet was cleaned and repaired by the Acton Monumental Co.

Mr. John Cleary as Superintendent of the Park, and Mr. Michael Rynkevicz as caretaker of the flag, have performed their duties faithfully.

With the smaller appropriation we think the Park has made a very creditable showing.

Respectfully submitted,

ALICE W. NAGLE
PATRICK A. McGRATH
ALICE BROWN HOWE
LEO WHITE
OSWALD DRECHSLER
WILLIAM BRINDLEY.

Trustees Soldiers' Memorial.

ASSESSORS' REPORT

To the Citizens of Maynard:

The annual report of the Board of Assessors for the year ending December 31, 1939 is hereby submitted.

The Laws require the owners of taxable property, shall each year on or before the 31st day of January, submit to the local Assessors a list of all their taxable property and the valuation of the same.

In the absence of these lists, the Assessors are obliged to estimate the value to the best of their ability.

Blank lists may be had from the Assessors.

For the year 1940 all males 70 years of age and over will receive a Poll Tax bill. Those wishing to be exempt from payment must apply to the Board of Assessors, and sign application for same.

The numerous transfers of property in the past year has greatly increased the work of this department.

At this time, we would like to call the attention of the taxpayer in regards to the increase in the Tax-rate. Considerable discussion has arisen in the past year, as this is the highest tax-rate for a number of years. The citizens of the town should bear in mind, that every \$1000 appropriated at a town meeting means approximately \$.19 in the tax-rate.

REPORT OF WATER COMMISSIONERS

To the Board of Selectmen:

Gentlemen:

The report of the Water Commissioners for the year ending December 31, 1939 is herewith submitted, this report includes the report of the Superintendent and Registrar. This is the fifty-first annual report of this Dept.

The W. P. A. Project at the Pond was carried on last winter and the W. P. A. location Project was carried on until the fund was used up.

Under the Project for laying water mains 4,230 feet of mains have been laid on the following Streets, Newton Drive, Brown St., Wilder St., Waltham St., Parmenter Ave., and Charles St. On Waltham St. the pipe was extended to supply two properties and the owners have agreed to pay one-half the cost of the material.

A request for \$300.00 from the Finance Committee, for main extension, was granted.

None of the appropriation for Location Plans or Trench Pump has been expended yet.

The expenditure for Maintenance this year is \$9,430.29 and for mains replacements and extensions \$3,897.41.

The estimates for the coming year are; Maintenance \$10,500.00 and New Mains and extensions \$3,000.00.

Respectfully submitted,

GAVIN TAYLOR
 JAMES C. MAHONEY
 CHRISTOPHER WILSON
 Water Commissioners

REPORT OF THE SUPERINTENDENT

To the Board of Water Commissioners:

Gentlemen:

The report of the Superintendent and Registrar of the Water Department for the year ending December 31, 1939 is here submitted. With this report will be found the report of the Engineer at the Pumping Station. At the beginning of the year the water in the pond was very high but due to the very dry summer and fall the water is only a little over the intake pipe at the end of the year. Most of the under brush, around the Pond has been cut and the fallen trees have been taken away.

About 4,000 feet of the Water Line has been cleaned this year.

The wells at the Pumping Station have been cleaned several times.

From the Engineer's report it will be seen that the Diesel engine has required more repairs than in former years.

At the reservoir it has been necessary to point up a large section of wall. The grass has been cut and the fence repaired.

On Newton Drive the 6 inch main has been extended to connect with Percival St. On Brown St. the 6 inch main was laid from Concord St. to Warren St. and the 4 inch main was replaced with 6 inch from Warren St. to the Country Club. The new 6 inch main on Wilder St. connects the Tremont St. main with the Brown St. Main. On Charles St. a 6 inch main replaced a 4 inch from Brooks St. to Charles St. A 6 inch main has been laid 80 feet on Parmenter Ave. this will be extended to Walcott St. next year. On Waltham St. the 6 inch main was extended to serve two properties, this extension was made with Transit Pipe. All these extensions were made under W. P. A. Projects. On Newton Drive 450 feet, on Brown St. 1700 feet, on Wilder St. 350 feet, on Charles St. 220 feet, on Parmenter Ave. 80 feet and on Waltham St. 1430 feet was laid. A hydrant was placed on Brown St. near Warren Ave. and a hydrant was placed on the new main on Waltham St. near No. 138.

Four hydrants have been moved.

Eleven services have been added and one has been discontinued, making the number now in use 1527. Twenty-one services have been renewed from main to cellar, 18 from main to sidewalk, 6 from sidewalk to cellar, 34 have been cleaned.

Nine meters have been set this year, making the number now in use 1499. The number of meters which have been repaired is 195.

Under the W. P. A. Project for making drawings for valve locations, the plans are nearly completed and we will have prints made next year.

We have not decided just what trench pump to buy but this pump will be purchased before spring.

I wish to thank the Commissioners for their support this year.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF THE ENGINEER

To the Superintendent:

Sir:

More repairs have been necessary on the Diesel engine this year than any previous year. In the spring all the pistons were taken out and cleaned, new piston rings were put in and new wrist pins were put in. The cylinder liners were taken out and cleaned of all scale and rust. In the fall one of the bolts, which

hold the parts together, was broken and it was necessary to dismantle the engine to repair it.

We have about 6,400 gallons of fuel oil on hand, 20 gallons of lubricating oil and some packing.

PUMPING RECORD

<i>Month</i>	<i>Gallons Fuel Oil</i>	<i>Gallons Water</i>
January	886	9,689,870
February	738	8,281,330

TOWN ACCOUNTANT'S REPORT

Maynard, Mass., Jan. 31, 1940.

To the Board of Selectmen:

Gentlemen:—I submit herewith the annual report of the Town Accountant for the year ending Dec. 31, 1939.

During the year I have audited the books of the Tax Collector and Water Registrar and sent notices to delinquents to verify the outstanding accounts. I have checked the Treasurer's cash on hand and verified the Trust Funds in the Treasurer's care.

State Auditors were in Maynard from September 6, 1939 to October 21, 1939 making a complete audit of the books and accounts of the town. Copies of the audit report are filed in the offices of the Selectmen, Town Clerk and Town Accountant.

On December 31, 1938 the amount of Cash on hand was \$16,062.83. On December 31, 1939 the cash on hand amounted to \$21,421.18.

On December 31, 1938 the total uncollected taxes amounted to \$90,098.05 while the Excess and Deficiency account amounted to \$43,741.25 showing a deficiency under uncollected taxes of \$46,356.80. On December 31, 1939 uncollected taxes totaled \$102,114.83 and the Excess and Deficiency account amounted to \$66,891.44 showing a deficiency under uncollected taxes of \$35,223.39.

The Great Road construction appropriation shows an overdraft for the years 1936 and 1938 amounting to \$750.85 which will have to be covered by an appropriation in the year 1940. These overdrafts were caused by disallowances by the State of certain bills which were charged to this appropriation.

I am showing in my report a summary of the town appropriations for the years from 1931 to 1939 inclusive and the sources from which the money was raised. It seems to me that this should be of interest to every citizen who is interested in the financial condition of the town as it gives a very good idea of the factors which are responsible for the increase in the tax rate.

Of course, as long as the available funds held out the tax rate was kept down by the use of these funds but as you will note, the town expenditures have been steadily increasing while the valuation of taxable property has decreased from \$6,729,760. in 1931 to \$5,268,062. in 1939.

The item "Tax Rate per thousand" is the town tax rate as declared by the Assessors. On the bottom line I have shown what the tax rate would have been if no surplus funds had been used.

I wish to express my appreciation of the courtesy and co-operation which I have received from the Board of Selectmen and the various other boards and officials of the town.

Respectfully submitted,

C. A. STOCKBRIDGE,
Town Accountant.

REPORT OF THE MAYNARD SCHOOL COMMITTEE

To the Citizens of the Town of Maynard:

We herewith submit our report of the School Committee for the calendar year 1939.

SCHOOL BUDGET

During the year 1939 we reduced the cost of maintaining our school system by approximately three thousand dollars. Our budget for the year 1940 calls for an appropriation of \$93,928.05 which is a further reduction of about one thousand dollars. This reduction shows a desire on the part of the School Committee to lower the tax burden of the townspeople.

The budget for 1940 is an extremely conservative estimate of our necessary expenditures. Any further curtailment we feel would be detrimental to the proper operation and maintenance of the schools.

MAINTENANCE

In addition to minor repairs, the following improvements were completed during the year 1939:

SENIOR HIGH SCHOOL

1. Roof given two coats of asphalt resurfacer

JUNIOR HIGH SCHOOL

1. Installation of sink in girls' basement
2. Installation of sink in corridor on first floor
3. Painted the walls of Manual Training Room

WILSON SCHOOL

1. Ventilating system repaired
2. New ceilings in six classrooms
3. New electric wiring and fixtures

COOLIDGE SCHOOL

1. New urinal in boys' basement
2. Front lawns re-seeded

The following improvements and replacements should be made during the coming year.

SENIOR HIGH SCHOOL

1. Painting and calcimining (rooms on second floor)
2. New grates for boilers
3. New front steps (concrete)

ROOSEVELT SCHOOL

1. Lighting fixtures replaced
2. New clock system
3. Cement walks on front and east side of building repaired
4. Improvement of heating and ventilating system

WILSON SCHOOL

1. Exterior wood work painted
2. Boiler ash pit made deeper

COOLIDGE SCHOOL

1. Exterior wood work painted

ALUMNI FILED

1. Middle section of the stands repaired

CONCLUSION

In conclusion we wish to express our appreciation of the work done by the superintendent, principals, teachers and all others who have a vital part in the operation of our school system. Everyone has cooperated with the Superintendent of Schools and the Committee, in an effort to maintain the high standards and Class A rating of our schools, despite the decreased budget.

Respectfully submitted,

ROBERT E. MADSEN, Chairman
 J. FRANCIS CLEARY, Secretary
 CHARLES A. HEKKALA

January 16, 1940:

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Maynard:

I am pleased to submit my eighth annual report as Superintendent of Schools. This report includes the reports of other supervisory officers, together with the tabulation of the usual statistics.

In our schools we aim to assist the pupil to adjust himself to his present and future environment. While we do not offer all the suggested courses, we do try to offer the most important and make an effort to have this work well done.

If one studies the residences and activities of Maynard High School graduates he will understand the problem of preparation for this vast variety of activity. It may be manual, vocational, clerical, secretarial employment, or further education. The place may be in Boston, New York or as far away as Hawaii.

Our young people must be physically sound, mentally alert, have good habits and be equipped with sufficient knowledge to compete successfully in this complex struggle for existence.

The pupils may not long remember what is said by the teachers, but they will remember what is done by the teachers. In fact, I believe that the pupils will do well in the activities in which the teachers excel. I appreciate the efforts of teachers to improve their teaching and to continue their growth by further study.

ENROLLMENT

The school enrollment has continued to decrease as estimated in my last report. The school membership as of October 1, 1939 was eleven hundred fifty-seven or seventy-six less than the preceding year.

The comparison for five years of the birth rate, (1932-1936) would indicate a further slight decrease next year.

CHANGE IN PERSONNEL

Due to a decrease in enrollment, two teachers were not reappointed in the Senior High School.

In the grades, three new teachers were appointed to fill the vacancies caused by the resignations of teachers who were married. Miss Alice Hekkala and Miss Marion Ledgard are graduates of Fitchburg State Teachers' College and Miss Ruth Wild was graduated from Framingham State Teachers' College. The above named are the new teachers who take the places of Miss Patricia Higgins, Miss Ruth Moynihan and Miss Elizabeth Wetherbee.

W. P. A.

The superintendent supervises a Nursery School and a National Youth Project. The Sewing Project for Women is housed

at the Roosevelt School. Another National Youth Project, for five young women between the ages of eighteen and twenty-five, is located at the Coolidge School.

The number of individuals receiving aid is about eighty and their combined income is approximately \$10,000 per year.

VOCATIONAL EDUCATION

The following is a record of the trade school attendance by Maynard young men and women.

Waltham Trade School—City of Waltham

Carlo Mistretta
Waino Nyholm
Anthony Pizza

Lynn Shoemaking School—City of Lynn

Mary Rubaszko

Boston Trade School—City of Boston

Victor Castellini

Rindge Evening Industrial School—City of Cambridge

Royal Forssen

Worcester Evening Trade School—City of Worcester

Lewis Cuttell
John Okerholm

ADULT ALIEN EDUCATION CLASSES

(Year Ending June 1939)

No. over 35.....	58	83
Number of Illiterates.....		10
Number receiving first papers during school year.....		18
Number granted citizenship papers during school year.....		3

The enrollment for the fall term (1939) was much lower than for the spring term. If this trend should continue, the School Committee will not employ as many teachers for this work.

PROBLEMS

There is a sewage disposal problem at the Woodrow Wilson School. A project to take care of the homes along the river in the rear of the school building would also provide an outlet for the school.

Provision should be made for the supervision and control of Alumni Field. The School Department, the Board of Selectmen and W. P. A. Committee have been cooperating in the development of this field. It seems advisable to have one committee responsible for the supervision as soon as the W. P. A. projects are completed.

 SENIOR HIGH SCHOOL REPORT

EDUCATIONAL AND VOCATIONAL GUIDANCE

The subjects taught at the Maynard High School are arranged in three groups such as (1) Business or Commercial Course, (2) Practical Arts, and (3) Academic.

The Business Course prepares for clerical or stenographic work and gives a good practical training to enable one to conduct his own affairs. Also, the way is open for further study in the field of business. This Course is motivated by the conclusion that business training is fundamental to understanding both general and personal business problems.

The Practical Arts Courses include Manual Arts for boys and Domestic Arts for girls. These courses have general educational value aside from the practical application in home making. In a vocational way, many pupils have secured employment after graduation. In a few cases the pupils have continued their educations in this field beyond high school.

The Academic Course with its variations allows for a general education as well as preparation for college. This college preparation is determined by the type of further education anticipated. Some examples would be (a) Liberal Arts, (b) Scientific or Technical, (c) State Teacher's College, (d) Hospital Training, (e) Business Administration.

The additional opportunities offered in Music, Art, Writing for publication and Physical Education contribute to the general education and the future success of our graduates.

ACTIVITY OF GRADUATES

Graduates have recently been successful in finding employment in the following fields.

1. Secretarial
2. Clerical (Department, Chain and Drug Stores)
3. Domestic Service (Waitress, hospital worker)
4. Industrial (Shoes, pianos, suspenders, woolens)
5. Beauty parlor, barber shop
6. Auto repair, wood working
7. Farm work

Several of the Maynard young men are in service connected with the government. Coast Artillery (2), Coast Guard (2), Marine Corps (1), Forestry Service (1), Civilian Conservation Corps (3), United States Army (1). The above record covers recent enlistments.

Two boys and two girls are taking post graduate work at Maynard High and two boys are in attendance at preparatory schools.

1. E. Loretta Dionne '40
2. Virginia Taylor '40

 GRADUATES CONTINUING EDUCATION

The following graduates have been accepted for admission to schools for higher training since our last annual report.

CLASS OF 1939

George Creighton	University of Virginia
Charles D'Agata	Milligan College (Tenn.)
Edward Donahue	Lawrence Academy
Edward Flaherty	St. Anselms College
Aaron Glickman	Boston University
Mildred Holly	Vesper George School of Art
Gertrude Kauppila	Vesper George School of Art
Albert Koch	Curry School of Expression
Jane Lent	Burdett College
Leslie Rivers	Boston University
Helen Smith	Bryant and Stratton Business School
Ann Tucker	Mary Brooks School
Robert Veitch	Chauncey Hall
Vincent Weir	State Teacher's College (Fitchburg)
Doris White	Regis College
Stanley Zancewicz	Alliance College(Penn.)
Alice Byrne	Framingham Union Hospital
Juliet D'Errico	Symmes Hospital (Arlington)
Dorothy Hansen	Mass. General Hospital
Viola Hirvonen	Framingham Union Hospital
Lempi Lehto	Peter Bent Brigham Hospital
Eleanor Murphy	St. Vincent's Hospital
Mary Quinn	St. Elizabeth's Hospital
Miriam Sarvela	Mass. Memorial Hospital

CLASS OF 1938

George Downey	Lowell Textile School
Rita Foley	Fisher Business School
Sylvia Glickman	University of Michigan
Robert McLane	Roger Babson School
Irene Carey	St. Elizabeth's Hospital
Sophie Denisewich	McLean Hospital
Mamie Heikkanen	Mass. Memorial Hospital
Sylvia Mark	Rutland Hospital (Vermont)
Hannah Lehto '29	John Hopkins Hospital
Ruth Bishop '34	Milford Hospital

ACKNOWLEDGEMENT

The high school pupils have enjoyed the comforts, privileges and opportunities of the Maynard High School and are grateful to the taxpayers of Maynard.

The following organizations have aided and encouraged the high school pupils:

- American Legion
- Maynard Teachers' Club
- Maynard Woman's Club
- Veterans Foreign Wars Auxiliary

Maynard-Acton Kiwanis Club
American Red Cross
Maynard Lodge of Elks

CONCLUSION

I wish to express my appreciation of the helpful encouragement and cooperation of the School Committee and acknowledge valuable assistance given to the School Department by the following:

Board of Selectmen and W. P. A Committee
Police, Fire and Street Departments
The Board of Health and Board of Public Welfare

To the supervisors, teachers and the rest of the personnel of the School Department, I am indebted for their support and cheerful response to my requests.

Respectfully submitted,

JAMES P. KING,
Superintendent of Schools.

January 17, 1940.

REPORT OF ELEMENTARY SUPERVISOR
and
JUNIOR HIGH SCHOOL PRINCIPAL

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

Dear Sir:

I herewith submit my annual report of my work in the Maynard schools.

The modification of the plan of giving tests bi-monthly has enabled me to give more attention to the supervision of actual teaching. Before any formal classroom visit was made a teachers meeting was held.

At the meeting the teachers were acquainted with the plan of the administration. It should be appreciated that supervision in a small town is a difficult problem. I purposely refrained from bringing into the meetings specific lessons which I saw because of the possibility of misunderstanding of the purpose. The discussions at the meeting were confined to Daily Programs, Lesson Plans, Standards of Work Accepted, Discipline, Orderliness of Classrooms, and the Slow Pupil.

I endeavored to impress upon the teachers that the efficiency of the classroom work is very closely related to the daily program. Definite suggestions were given for program making which would eliminate time waste. The teachers were urged to give positive attention to the value of the matter taught as well as the standard of written work accepted.

Errors in classroom discipline were called to their attention and suggestions given which might remedy the prevalent practices. There is no one way of securing order. Some teachers secure it by quiet self-control and others by systematized work.

The Slow Pupil has always been a classroom problem. I have tried to have the teacher feel honor bound to give her best to that type of child. The "Slow Pupil" is usually of a retiring nature and will never participate in any lesson unless forced to do so. There is also the danger of the monopolization of a period by the "Bright Pupil" unless the teacher guards against it.

There is a natural feeling against any plan of rating, whether it be in the business, domestic or educational field because rating is more or less a matter of personal opinion. There are however, fundamental principles which are at the base of all teaching. I do not compare any teacher with a mythical, imaginative or ideal teacher. The teachers in Maynard are compared with each other as to their individual ability to apply the principles of teaching.

An arbitrary analysis of an oral reading lesson was presented at one of the meetings. Lesson types were rated as Poor, Fair, Good, or Excellent.

The betterment of the learning condition for the pupil is the goal of supervision. This goal can never be reached until there is an appreciation as well as a realization that cooperation between teacher and supervisor is necessary. Each one must present the problems of the room that they may be cooperatively solved, or at least the responsibility of their existence be shared if they cannot be solved.

JUNIOR HIGH SCHOOL

For some time I have sensed a lack of the desire or the ambition to excel in scholarship on the part of the pupils. In some school systems there is a system of awards for superior scholarship. This plan has some advantages but it is usually rigid and because of this the child who lacks a natural aptitude for one subject receives no recognition for his ability.

In an effort to arouse competition and thus bring about a higher quality of scholarship on the part of the majority I returned to the plan of ability grouping in the Junior High School.

The classification of the pupils was arbitrarily made by giving a numerical value to each letter on the report card for the previous marking period. A's were evaluated at 5 points, B's—4 points, C's—3 points, D's—2 points, F's—1 point. Each card was then given a numerical total. Since there are only forty-two seats in a room the forty-two pupils having the highest score were assigned to the first group. The forty-two next highest pupils were assigned to the second group. The remainder of the class was assigned to a third group. The membership in this group ranges from twenty to twenty-three.

For the next marking period the classes will all be given the same lesson assignments and be allowed to progress as rapidly as their abilities will warrant. The classes will then be regrouped according to the same plan. After the second regrouping, the lesson assignments will be made to meet the needs of the members of the group.

Although this plan has only been in vogue for three weeks there is a noticeable difference in the interest of the pupils in better scholarship.

I am glad to acknowledge the cooperation of the teachers with me in my efforts to serve the children in the schools of Maynard.

I also appreciate your support, cooperation and advice in the decisions which it has been necessary for me to make.

Respectfully submitted,

MARY A. DOYLE,
Assistant to Superintendent
and Junior High School Principal

January 17, 1940

REPORT OF MUSIC SUPERVISOR

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

Dear Sir:

I herewith submit my report as Supervisor of Music in the Maynard Schools.

We build our program around the singing of tuneful songs, putting a great deal of stress on the quality of tone. I supervise each room once a week, but the remainder of the time the music is taught by the classroom teacher.

The foundation for good singing is built up gradually, beginning with the singing of songs with good tone and diction. Listening to records for appreciation, rhythm work, and a new step in theory complete the training in the first six grades.

In the Junior High School, each class meets twice a week studying more advanced appreciation, learning to read from the bass clef, and singing songs of moderate difficulty.

The High School Choruses meet once a week. These are not selected groups, therefore the quality of the work is limited. The High School Orchestra is composed of twenty members who meet once a week for practice.

A very successful Christmas program which brought many children with musical ability before the public was presented by one hundred and twenty-five children.

We appreciate the gift of two trombones from Mrs. Carl Stockbridge.

I express my appreciation to those who have given me their interest and cooperation during the past year.

Respectfully submitted,

ELEANOR S. COLBURN,
Supervisor of Music.

REPORT OF ART SUPERVISOR

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

My dear Mr. King:

My most sincere gratitude is to you for being so generous in giving us the supplies we need for the art department. With good material and excellent assistance from the grade teachers I have been able to accomplish the art work that I consider satisfactory. Surely no one can find teachers elsewhere who could be more gracious and willing to cooperate with the art supervisor. To them I owe a great deal of thanks.

Also—to the school janitors I extend a hearty “thank you” for being of assistance whenever needed.

To me—art is everything—therefore I try to show it in my work. I hope I have accomplished that.

The following is a general idea of what is carried out in the grades and Junior High. The three important phases of art are: Representation, Design and Construction.

Representation is the reproducing of an idea on paper—in the child’s own style—using his own method. This is brought about by a discussion of the topic in mind preceding the lesson. At the end of the lesson, mistakes are corrected at the board or to the child individually. Any mistakes that are corrected at the board are of benefit to the entire class.

Design is more rigid and the Laws of Design have to be obeyed. The designs are original and as motives the students use flowers, trees, animals, buildings etc.

The construction is of most interest to the little children as they just love to paste, cut and put together their problems. As the children grow older they are much more interested in representation.

From the fourth grade on through the High School the children use paints.

When the students enter the High School Art Department they have so little time that they can only learn to use the different mediums and familiarize themselves with any new facts that might be brought up. In the High School the student is able to find out what type of work he prefers, whether it is pencil or charcoal sketching, pastel drawing, water color, poster paint or oil paint. No matter what medium of expression the student prefers he has to have a keen eye for line, shape and color—and the matching of color is most difficult.

At the end of the school year, after the annual exhibit, three lessons are set aside for lecture work in the High School. The first is on color, the second on history of art and the third on color, line and style as applied to the modern individual. It is

probably with this third lecture that I have made some enemies—but I realize that when these high school students get older they'll understand that they can attract attention in one of two ways: the refined, quiet, subtle fashion, or the atrocious, loud, superficial manner.

All the art pupils in Maynard have been most cooperative and I commend them to their parents.

If you look for the best in everything—it can be found. It just requires a little patience. There isn't anything that can be entirely lost.

Sincerely,

ANNE P. PASAKARNIS,
Art Supervisor.

REPORT OF PHYSICAL EDUCATION SUPERVISOR

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

Dear Sir:

Accepted educational theory points out that the best road to all-around development is participation. Physical Education has acquired a broader connotation and correspondingly great significance since it has come to be regarded as a method of education rather than a program designed for physical development alone. The Physical Education program is education by means of participation in the large muscle activities. He who is physically efficient does his work easily. His endurance is long continued and he recovers rapidly after his task is completed, and, what is more, he enjoys the performance of it.

Maximum physical efficiency can be attained by:

1. Activities which bring vigorous use of the large muscles of the trunk and legs, graded in time and degree according to the age and sex of the pupils. Fundamental aim: organic health.
2. Activities to develop and coordinate visual and tactual ideas, given in such a way as to assist in clear thinking, to train the body in attention, alertness and accuracy of movement. Fundamental aim: education in coordination.
3. Activities to be used definitely to develop correct moral habits. Fundamental aim: character building.
4. Activities definitely arranged to appeal to the interest of the pupils. Fundamental aim: proper expression of the emotions.

The Physical Education program in the grade schools for the past year has been carried on entirely out of doors, each class having a half hour period each week. In the fall the boys play tag football. Handling of the ball, blocking, running and dodging, and rules of football are stressed. The girls play various forms of games with different kinds of balls, thus developing muscle control, endurance, speed, and skill. In the spring ball games are played, with tennis balls, soft and hard balls, by both boys and girls.

The Junior High pupils have two periods a week in the Gymnasium, where the physical side of education is stressed. All students are required to take Physical Education unless excused by the doctor. The work consists of: Tumbling, marching and jumping, running, calisthenics, and all forms of gymnasium games. In the winter, there is an inter-class league in basket ball for both boys and girls. In the spring, the school is represented by a baseball team which meets Junior High School teams from surrounding towns.

In September the eyes and ears of each pupil were examined, and weights and heights were recorded. The weight of each pupil is recorded four times a year.

The High School program is made up so that all students are given a chance to participate in some form of sport. In the fall there is football for the boys and field hockey for the girls. The boys' varsity team plays a nine game schedule, and the second team play two or three games with outside teams. The girls have an eight game schedule with both their first and second teams. In the winter an extensive basket ball program is carried out. At the end of the inter-mural basket ball schedule, inter-class basket ball starts for the championship of the school. Class numerals are awarded to the winners, and their class numerals are engraved on a large cup which is kept in the office.

Baseball and track are sponsored in the spring for the boys, baseball being played at Crowe Park, and track at Alumni Field, and now that our tennis courts are complete we will have both inter-class and school teams for both boys and girls in tennis.

Respectfully submitted,

REGINALD P. SAWYER

REPORT OF SCHOOL PHYSICIAN

Mr. James P. King
Superintendent of Schools
Maynard, Massachusetts

Dear Sir:

I herewith submit my report for the year ending December 31, 1939.

During the year the usual examinations took place at the respective schools. (Number of examinations were eleven hundred and sixty). There were sixty-five children of pre-school age examined, also the candidates for the baseball, football and the girls' field hockey teams were examined before they were allowed to play in competition.

Again this year I am happy to report that we have not had a single case of Diphtheria in our schools. This proves the great benefits derived from the inoculations against this disease. I hope the parents will continue to give their support and encourage others to do so.

We have had some cases of Impetigo Contagiosa and by excluding these cases from school, we have kept the number down.

To save repetition, a detailed report will be found under the nurse's report.

I wish to thank the school nurse, teachers, parents and all who have cooperated during the past year.

Respectfully,

EDWARD J. FLAHERTY, M.D.
School Physician.

REPORT OF SCHOOL NURSE

Mr. James P. King
 Superintendent of Schools
 Maynard, Massachusetts

Dear Sir:

I wish to submit my report as School Nurse for the year ending December 31, 1939.

Number of visits to schools	893
Number of visits to homes	582
Number cases treated (first aid)	1116
Number of eye examinations	1160
Number ear examinations	1160

All the pupils in the elementary schools were weighed and measured in September, January and June.

CLINICS

The following is a report of the clinics held during the year:

Chadwick (Follow Up) March 9, March 31 and October 17, conducted by the Middlesex County Sanatorium.

Number examined	5
Number X-rayed	5
Observation Cases	3
Negative Cases	2

Pre-School Clinics—conducted by Dr. E. J. Flaherty, School Physician on May 10 and 17.

Number examined	65
---------------------------	----

Diphtheria Clinics—conducted by Dr. E. F. Ryan, May 15, 22, 29, sponsored by Board of Health.

Number immunized	78
Total number now immunized	1073

Vaccination Clinic—conducted by Dr. Cremer, June 8th, sponsored by Board of Health.

Number vaccinated	46
-----------------------------	----

At all these clinics the physician, technicians, etc., were assisted by the School Nurse and, in some cases, by the local Public Health Nurse, Miss Mary A. Ward.

The local branch of the Red Cross Association has aided many undernourished children by providing milk daily. This is very beneficial to the pupils.

In December, Christmas Health Seals were sold by the school children. The return was larger than in previous years. One school child was sent to Camp Virginia for the months of July and August. The expenses were met by the return to Maynard from the sale of the health seals. The child returned very much improved.

The Board of Public Welfare and Board of Selectmen supplied glasses for 14 school children, who were not financially able to purchase them.

Report of School Dental Clinics

This is the tenth yearly report of the School Dental Clinics, financed by the Board of Health. These clinics were held two mornings a week by Dr. May, Dr. Palmer, Dr. Bellows and Dr. Garland.

Number treated.....	631
Number of fillings.....	175
Number of extractions.....	244
Number of cleanings.....	163
Number of treatments.....	19

The dental examination clinic was conducted by Dr. May during September, October and November. Total number of pupils examined was 392.

Our teeth are very important for the preservation and growth of our bodies. They grind our food and prepare it for digestion, the digested food builds and nourishes our bodies. Teeth give shape to the face. They are worth all the care which we can give them.

I wish to thank our Superintendent, School Physician, Public Health Nurse, Board of Health, Parents, Teachers and Pupils for the cooperation they have extended to me in my work during the past year.

Respectfully submitted,

EDITH B. FOSTER, R. N.,
School Nurse

January 4, 1940

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils.
