August 4, 1980

Spit Brook site opens

With construction finishing on schedule, the Software Engineering Group has begun moving in at Spit Brook Rd. in Nashua, N.H. An additional 40-70 employees will occupy the new facility almost every week until relocation is complete in early October. Building capacity is estimated at 600-plus employees.

The three-story building, situated on over 130 acres includes:

- an automated reception area in the main lobby, with hard copy and video terminals to help visitors locate offices and enable the receptionist and

security personnel to keep computerized records;

- a centralized Office Services, Purchasing and Mail Room area, located next to the Shipping and Receiving dock;
- no enclosed offices, but numerous private conference rooms;
- a large computer lab on each floor;
- eye-level windows, visible from most places in the building.

"We involved the tenants very early," says Marny Heinen, an administrative services supervisor and
(Continued on page 7.)

Ad insert draws 2,300 applicants

Digital has a new unified focus for recruitment campaigns in New England. The objective is to present a coordinated image, positioning Digital as a leader in the computer marketplace, according to Brian McDonald, group manager, Staffing and Placement.

The new approach was first visible in an eight-page advertisement insert in the Boston Sunday *Globe's* help wanted section. The mid-June insert was geographically focused, representing each of Digital's 39 New England sites.

"Our intent was to have a unified, integrated campaign premier for New England," says Brian in reference to the special insert. He adds that he is pleased with campaign results which so far include over 2300 responses from applicants.

"The insert was multi-functional. Not all groups and facilities advertised for specific openings. Merrimack, for example, chose to do non-specific advertising. They indicated the type of opportunities available rather than the specific job openings," notes Brian. He adds that the campaign's broad umbrella approach made it possible to generate a large group of candidates for current as well as projected openings. This is important since the company's growth rate requires a constant influx of new, capable applicants.

Combined open houses in New England are one possible offshoot of the integrated advertising campaign. These might take place as early as this fall. "Eventually, we want to have functional open houses which will enable an applicant to attend one open house and talk with every Digital group having appropriate openings,"
(Continued on page 6.)

Hot day? Just cool it ...

Warren Kohler, a manufacturing planner, makes a big splash at the Acton/Littleton Summerfest. (See page 4.)

Making managers computer literate

Educational Services is getting into the seminar business.

"Executive Computing for the Non-Data Processing Manager," the first of a series of three-day management seminars, open to employees as well as customers, will be held Sept. 15-17 in Bedford.

This seminar provides hands-on computer experience, helping participants better understand computers, so they know how to do things with a computer themselves and when to get their data processing department involved. Participants will learn how to use BASIC computer language to solve problems in such areas as finance, manufacturing, marketing, decision making and simulation and modeling. Participants should end up with an appreciation of the complexity of computing and an understanding of how to get behind the numbers to get their jobs done. The seminar leader, John Nevison, is author of *The Little Book of Basic Style* and the forthcoming *Executive Computing*.

Other management seminars slated to debut this fall include: "Management Control of the Distributed Computing Environment," "Systematic Software Management" and "Developing a Corporate Computing Strategy."

For further information on these seminars, contact Richard Jaross, DTN 223-2805.

Learn about China

Are you interested in Chinese culture? Or do you simply want to meet new people?

The DEC Chinese-American Association (DECCA) meets monthly at Parker Street. It hosts guest speakers, sponsors seminars and plans social outings. Dues are \$5 annually.

For further information, contact Ron Wang, DTN 223-5818.

Study semiconductor fundamentals

At a recent seminar in Hudson, Professor Carver Mead from California Institute of Technology discussed his current work in very large scale integration with over 170 engineers from Digital. Left to right, front -- Professor Mead, Russ Doane, Rony Elia-Shaoul; rear -- Bob Kline, Andy Wu, Joe Zeh.

The Micro Products Development Group is offering two courses in semiconductor design. Very Large Scale Integration (VLSI), a seven-day intensive course, is slated for Aug. 14-15 and 18-22, 8:30 a.m. - 5 p.m. at Barlin Acres Conference Center, Boylston, Mass. Based on the Carver Mead/Lynn Conway approach, this course presents MOS/LSI design fundamentals and current design strategies which suggest future VLSI applications. (Cost - \$800; class size limited to 25; deadline for registration Aug. 5).

Basic MOS DESIGN and MOS/LSI Design will run 15 afternoons (noon to 5 p.m.) Oct. 13-31 at the Hudson semiconductor facility. This course covers basic theory and technology needed to fabricate MOS large scale integrated circuits. Upon completion, the student should understand MOS concepts, recognize design limitations

and be able to apply MOS logic techniques to the design and development of complex MOS integrated circuits. (Cost -- \$900; class size limited to 22; registration deadline Sept. 30).

For further information on these courses, contact Lee Williams, DTN 225-4802.

Commuter Corner

VANPOOLS To Marlboro

- from Arlington, Belmont, Dick Belmont, 231-4356
- from Fitchburg, Leominster, Gerry DeGrace, 231-6418
- from Upton, Hopkinton, Milford, Bill Abbott, 231-6220

To Maynard

- from Chelmsford, Ken Omahen, 223-8738
- from Groton, Harry Aikens, 223-2154
- from Nashua/Hudson, N.H., Heather MacDonald, 223-2816
- from Pepperell, Groton, Tom Nephew, 223-6100
- from Woburn, Reading, Burlington, Bruce Judson, 223-6153, or Dan Casaletto, 223-3618

To Spit Brook Rd., Nashua, N.H.

- from Littleton, Acton, Maynard, Chuck Bradley, 223-7921, or Larry Kenah, 247-2085

Acting Editors:
Richard Seltzer and Anne Kreidler

Correspondents

AC - Marie Vitagliano 232-2305

HL - Maureen White 225-4455
NR - Ann MacPherson 234-4548
BU - Lil Holloway 249-2396

Send story ideas to your plant correspondent, or to: DTW, PK3-2/M18. Or call 223-5042. Direct Marketplace ads to Alice Christian, PK3-2/M18.

DTW is published for employees of Digital Equipment Corporation in the Maynard, Mass. area.

Health care -- would you rather switch?

Are you having second thoughts about your health insurance?

Depending on where you live, you may have been given a choice between group medical insurance coverage through John Hancock and preventive health care through a Health Maintenance Organization (HMO) such as the Harvard Community Health Plan. From Sept. 5-19 you will have a chance to change your mind -- to switch from Hancock to HMO or from HMO to Hancock.

If you live in an area serviced by

an HMO, information about your choices will be mailed to your home address in mid-August. About the same time, posters will announce a schedule of open houses to be held at the HMOs in September.

The HMOs for the New England area are the same as last year -- Harvard Community Health Plan in Boston, Matthew Thornton Health Plan in Nashua, N.H., Rhode Island Group Health Association in Providence and Fallon Community Health Plan in Worcester.

Digital provides college smorgasbord at Parker Street

Over 1,000 employees showed up on College Information Day to talk to representatives from 15 Massachusetts colleges.

College opens Maynard extension

Fisher Junior College will open an extension at Maynard High School on Aug. 11. A private, non-profit two-year college, Fisher has 25 locations in eastern Massachusetts and serves over 3000 students. Through its evening program, you can take individual business management courses or can earn an associate in science degree in business management in 20 months.

Registration will be held Sept. 9 at 4:30 p.m. at Maynard High School, and classes will begin that same day. Classes will be held 5:30 - 10:35 p.m. on Tuesdays and Thursdays. For further information on this college and its programs, contact Robert Chalane, 897-2680.

Give blood

Digital's next blood drive in the Maynard area is slated for Sept. 2-4, right after Labor Day. The Red Cross reports there is usually a great shortage and need for blood following this holiday weekend.

Domestic employees and members of their families are eligible to receive free blood as a result of Digital's sponsorship of this and other blood drives.

Collection is scheduled at the Mill for Sept. 2 from 10 a.m. - 4 p.m. and Sept. 3 from 9 a.m. - 3 p.m., and at Parker Street for Sept. 4 from 9 a.m. - 3 p.m.

For an appointment at the Mill, call DTN 223-6700 and at Parker Street call DTN 223-6766.

Employee kudos

The purpose of this column is to recognize employees who have achieved community or professional honors. Contributions should include the employee's name, position and group; the award/office/honor, the group giving the honor and the date presented or the time frame pertinent to the honor. People will be listed alphabetically under each category.

Community Honors

Mona Rouisse, secretary in Process Manufacturing and Advanced Technology, is the newly elected president of the Inter-City Management Council comprising Fitchburg and Leominster managers and supervisors. She will serve in this capacity for one year.

Professional Honors

Alice Bucca, manager, Corporate Employee Activities, has been appointed treasurer of the National Industrial Recreation Association. The organization also awarded her professional recognition as a Certified Industrial Recreation Administrator. The national organization consists of professionals in business, associations and government who are active in the operation of employee recreation, education, health and welfare programs.

Jerry Culbert, corporate energy engineer, Corporate Plant Engineering, has been elected president of the New England Chapter of the Association of Energy Engineers. He has served the organization as a vice president and is in the second year of a three-year term as a member of the board of directors from 1979-1981. He is chairman of the Plant Energy Conservation Council for the National Association of Energy Engineers.

Will Sherwood, principal software engineer, Microproducts Development, has been honored for the "best presentation" at the June Design Automation Conference for his paper on a "A Hybrid Scheduling Technique for Hierarchical Logic Simulation."

Acton/Littleton holds first Summerfest

About 200 Acton and Littleton employees brought their families to compete in sack races, three-legged races and games on July 24 at Summerfest '80. The most popular attraction was the dunk tank, where employees had a chance to dunk managers and other volunteers in a three-foot pool of water. Including an

all-you-can-eat barbeque, a bake sale, a white elephant table, T-shirt sales and a raffle, Summerfest was the first major event planned by the Acton-Littleton Employee Activities Committee. All proceeds will go toward future activities, such as a Christmas party.

Where to get A/V tapes for study

Would you like to improve your management skills or brush up on your French before going on a business trip? Would you like a basic course in electronics or computers? Do you wish you hadn't missed that latest lecture in the Engineering Seminar series? If so, you should check the collection of audio-visual materials at the library's new Instructional Media Room in ML 4-3.

Audio cassettes in the collection deal with many management topics, in addition to communication, writing skills, technical subjects and foreign languages. An audio cassette player is available at the library, but many people prefer to borrow the cassettes, on the same basis as books, to play them in the car or at home.

The Media Room has nine self-paced courses from Educational Services, five LaBelle audio-visual machines on which to run them, and four videotaped courses from Texas Instruments (on semiconductors, integrated circuits and digital sub-

systems). Each course is available at a \$100 charge to your cost center. (There is no charge for use of any of the other materials in the room).

The collection includes a complete set of videotapes of lectures in the company's Engineering Seminar series (over 50 since 1976). Other videotapes deal with computers (some on an elementary level and others dealing with the latest technological advances), management issues and Digital itself. On one tape President Ken Olsen discusses the origins of the company to a group of new managers; on another Vice President Win Hindle discusses how the product line organization got started.

Open from 8:15 a.m. to 5:00 p.m., the room is available for both individual and group viewing. The room may also be used after library hours and on weekends if reserved in advance. To obtain a catalog of the audio-visual collection or to reserve equipment, call Betsey Cane, DTN 223-6233.

Shut off your coffee pots

Security has been finding coffee pots left on at night. Please remember to shut them off before you go. When you forget, the water boils off, creating a fire hazard.

On the move

Real Estate and Construction is moving from Hudson, Mass. (location code HU) to Baker St., West Concord, Mass. (location code CF), effective Aug. 4. The following departments are involved: Architectural/Engineering, Commercial Properties, Facilities Planning, Finance and Administration, Project Management, Real Estate Acquisition and Property Management. The new telephone number is (617) 493-1400. To reach someone over the DTN, dial 251 and the four digit extension. To call someone from a non-DTN location, dial (617) 493 and the four digit extension.

Boston University presents fall semester schedule

Boston University's Metropolitan College, in conjunction with Digital and the Acton-Boxboro Regional High School, announces course offerings at its West Suburban campus for the coming fall semester, Sept. 4 -Dec. 23. Registration dates are:

Aug. 27	Parker St. (cafeteria) Acton-Boxboro H.S. (lobby)	10 a.m.-3 p.m. 4:30 p.m.- 6 p.m.
Aug. 28	Mill (cafeteria) Marlboro (cafeteria)	10 a.m. - 12 noon 1:30 p.m.-3:30 p.m.
Sept. 3	Parker St. (cafeteria) Acton-Boxboro H.S. (lobby)	10 a.m. - 3 p.m. 4:30 p.m.-7 p.m.
Sept. 4	Mill (cafeteria) Marlboro (cafeteria)	10 a.m.-12 noon 1:30 p.m.-3:30 p.m.

Tuition for undergraduate courses is \$280 (non-lab) and \$350 (lab). For graduate courses numbered 600 and up, the cost is \$370 (non-lab) and \$440 (lab). The registration fee is \$20.

The college requires a minimum \$70 payment per course at registration. Each student will be billed for the remainder at the end of the semester.

Lab, tuition and registration fees are reimbursable by Digital under the Tuition Refund Policy. For information on this policy, contact the College Programs Office, DTN 223-2530.

B.U.'s Metropolitan College also offers an accelerated undergraduate degree program for employees with little or no college background. Applicants take a four-hour qualifying exam which tests knowledge obtained through reading and life experience. Those who qualify for admission enroll in three year-long seminars which take the place of 16 freshman and sophomore courses. In other words, these seminars, which may be taken sequentially or concurrently, eliminate the need for ten classroom courses. The qualifying exam (cost-\$15) will be given Aug. 18 and 19, 3-5 p.m. in the PK-3 cafeteria. If you wish to take this exam or would like further information on programs offered by B.U.'s Metropolitan College contact Myra Shahan, (617) 353-2980.

Benefits questionnaire deadline extended

Don't throw away that benefit questionnaire. If you've been away and just found it buried in a stack of mail or if you just haven't gotten around to it yet, fill it out today and return it. The deadline has been extended until Aug. 11.

The more responses the better the data -- information that will help in designing future benefit plans and ways to let you know about them. Remember, only a carefully selected sample of 4000 employees received these questionnaires. Your response is important.

Westminster honors ten-year employees

Ten years after Westminster began operations, 150 of the original 200 employees still work there. On July 18 they were honored in a "Recognition Day" celebration attended by 1,700, including President Ken Olsen and Governor Edward King.

Of the original 200 employees, others still work for the company at various locations, in particular at Salem Systems Manufacturing which was started in 1977 by a group from Westminster. Jack Smith, now vice president, Manufacturing, was Westminster's first plant manager.

Minority youths receive scholarships

Gerri Weathers, Corporate Affirmative Action Manager, presents a scholarship to Augustus Nunes, a senior majoring in electrical engineering at Worcester Polytechnic Institute. In the foreground sits Barbara Dawson, president of board of directors of Freedom House, a community organization in Roxbury, Mass.

Digital helps Freedom House provide scholarships to encourage minority youths to pursue careers in technical fields.

Recruitment (Continued from page 1)

says Brian. He expects this will be received favorably by the general public and will enable Digital recruiters to more effectively share resumes.

Integrated recruitment campaigns are expected to extend beyond New England. The possibility of using this approach in the West and Southwest is being discussed for the late fall. This will provide a nationwide effort to help meet Digital's recruitment needs for the coming year.

In locations where Digital facilities are highly concentrated such as the Greater Boston Area, Brian says the intent is to have fewer single advertisements and more multi-functional and coordinated ad campaigns.

Bedford and Hanscom outing date set

Bedford and Hanscom facilities will have their outing at Canobie Lake Park on Sunday, Sept. 28.

September Clerical Skills workshops

Clerical Skills Development is planning several workshops for employees during September. Register by sending a memo with your name, badge number, cost center, location/mailstop, and cost center manager's signature to: Registrar, PK3-1/B11. For further information, call DTN 223-3161.

Fly to Westfield from Hanscom--no more flights from Stow

Aviation Services will no longer operate in and out of Stow Airport effective immediately. The Westfield Service will originate and terminate at the Digital hangar at Hanscom Field in Bedford.

A combination of aircraft performance, runway length and temperature have resulted in this decision to stop using Stow. Van schedules have been adjusted between Maynard and Hanscom Field to support this change.

The aircraft schedule now reads:

Depart	Arrive
From HANSCOM FIELD	
To WESTFIELD	
7:00 am	7:40 am
2:40 pm	3:20 pm
From WESTFIELD	
To HANSCOM FIELD

facility planner. "In previous moves, the tenants have been chosen so late that important interior design decisions were made without their suggestions."

In this case, the new occupants, primarily software engineers, asked for "quiet." This was considered when configuring the cubicles and selecting the ceiling tiles and acoustic panelling.

The mail code for Spit Brook is ZK. The telephone number for outside callers is (603) 884-5111. The DTN

prefix is 264. For Spit Brook - Maynard and Spit Brook - Merrimack shuttle van schedules see page 7.

A list of employees affected by this move, with their new mail stops and extension numbers will soon be available at the lobbies and at Office Services in the following facilities: Parker St., Mill (Thompson St. and Main St.), Tewksbury, Marlboro, Hudson and Bedford.

(Based on New Hampshire View 7/21)

Ticket Sales

The Big "E", Eastern States Exposition, Sept. 10-21, West Springfield, Mass. Tickets \$2.50 each. Regular price \$3.50. (Note -- Tickets for Sept. 10 and 11 may be purchased at the door for \$1. Tickets for children 6-12 must be purchased at the door for \$1.) *Orders must be in by Sept. 5.*

Red Sox vs. Yankees

Sept. 11, 7:30 p.m. Tickets \$5.25 ea. ¹
 Sept. 12, 7:30 p.m. Tickets \$5.25 ea. ¹
 Sept. 13, 2:20 p.m. Tickets \$5.25 ea. ²
 Sept. 14, 2:20 p.m. Tickets \$6.25 ea. ³
 Each employee may purchase a maximum of four tickets and may purchase tickets to only one of these games. *Orders must be in by Aug. 20.*
