Arthur Brooks	Term expires 1960
Wesley Hirons	Term expires 1961
John Tombeno	Term expires 1962

Report of the Board of Selectmen

To the Citizens of Maynard:

Herewith is presented the Annual Report of your Board of Selectmen for the year ending December 31, 1957.

As a result of the election to the Board of Selectmen on March 11, 1957, James B. Farrell was elected for a three year term. On March 12, 1957 the Board of Selectmen was organized by election of John S. Sokolowski as Chairman, and Joseph P. Dineen as Secretary.

Reference is made in other sections in the Annual Report for more information regarding the Town Election in March 1957.

The year of 1957 is highlighted by various steps in different phases in Town affairs. To begin with, we began long and continuous series of negotiations with the Boston Edison Company officials to install new street lights, and underground service along Main and Nason Streets. In conjunction with this Main and Nason Streets will be resurfaced with Chapter 90 funds, plus the widening of the corner of Summer and Main Streets. Work on this project should start in March of 1958, and terminate sometime in April 1958. These new improvements will improve our Town and put us far ahead as a modern Town.

Our old Fire Station on Nason Street was rented to the Commonwealth of Massachusetts, Public Works Department, Supply Division at \$125.00 a month until their new building is completed.

Replacement of very much needed larger water mains to combat the flow of water has begun as requested by the Special Water Committee. Cleaning of the water main from the reservoir down Main Street to the end of Powdermill Road was also completed insuring more flow of water.

Sewage was constructed on Great Road after so many years insuring a better health condition in this area. The main Sewage Disposal Plan is being expanded at the present time in order to better serve the needs of our growing community.

We have assigned two additional patrolmen to help maintain our terrific traffic and parking problems. Parking as we know is essential, and our Planning Board has under consideration for the future the development of additional parking sites.

The Fire Department has been delivered its new fire apparatus which has a 750 gallon side pumper. With this new unit we now have four units at our disposal to combat fires, protect properties and lives.

The year ending brings to us the Wage and Personnel Board. The Board organized with Jorma Osmo as Chairman. Wages are a big factor in our present government. The Board has worked untiringly this year and their report should be very interesting. If their recommendations to the Town are adopted, wages and personnel should show vast improvement.

The Board of Selectmen has likewise been alert to the desires of its citizens for any improvements possible for recreational areas for young and old alike, and at this time commends all organizations in the Town for continuing activities for our youth in the Town. There can't be any doubt to any effectiveness of cooperation in maintaining to help the youth of our Town; to keep juvenile delinquency record so low as compared to other cities and towns.

We note with regret the untimely passing during the year just ended of our many fine citizens of the Town including former Town public officials who gave their services to the people of the Town.

We extend our best wishes, also to the Town employees who honorably retired during the past year after a lifelong devoted public service.

During the year, the Board took appropriate action in connection of granting licenses, traffic rules and adoption of general policies, appointments under the jurisdiction of the Board of Selectmen to various boards.

It is virtually impossible to present in these few lines action taken by the Selectmen during the year. It is not our intention to take self praise or self commendation, rather to express the exact truth which is reasonably capable of verification.

Elsewhere in the Annual Report will be found reports of other Town departments which should prove interesting.

We wish to extend our thanks and appreciation to all employees of the Town in all departments, and the citizens themselves for their very fine cooperation with the Board of Selectmen at all times during the year 1957.

Respectively submitted,

JOHN S. SOKOLOWSKI, Chairman

JOSEPH P. DINEEN

JAMES B. FARRELL

Report of Sealer of Weights and Measures

Honorable Board of Selectmen:

Below is report of the Sealer of Weights and Measures:

Scales Over 10,000 lbs.	3
Scales 100 - 5,000 lbs.	39
Scales Under 100 lbs.	73
Weights	132
Liquid Measurer 1 gallon or under	10
Meters 1 inch or less	17
Vehicle Tank Meter System	11
Oil and Grease	16
Fees received for Sealing	\$190.20
Appropriation	450.00
Salary	300.00
Maintenance	45.01

Respectfully submitted,

JAMES J. RYAN,
Sealer of Weights and Measures.

Report of Dog Officer

Honorable Board of Selectmen
Maynard, Massachusetts.

Gentlemen:

I herewith submit my report as Dog Officer.

During the year I returned twenty-four (24) dogs to their owners; thirty-eight (38) were destroyed after being confined at my kennel; also, twenty-eight (28) were quarantined on suspicion of Rabies. After fourteen (14) days the quarantine was lifted.

At this time I wish to thank the Chief of Police and his officers for their assistance.

Respectfully submitted,

WALTER J. DONAHUE,
Dog Officer.

Report of Inspector of Animals

Honorable Board of Selectmen
Maynard, Massachusetts.

Gentlemen:

As Animal Inspector I hereby submit my report.

Three (3) cows, one (1) heifer, one (1) pig and six (6) horses.

The barns were inspected and found to be clean. The cattle were free from barn mange, lump jaw, and other contagious diseases.

Respectfully submitted,

WALTER J. DONAHUE,
Inspector of Animals.

Report of Civil Defense Agency

The following is the report of the Civil Defense Agency for the period ending December 31st, 1957.

During the year 1957 the Civil Defense Agency has maintained its usual functions as part of the National Civil Defense Agency.

Captain William Stades resigned and Frank J. Waldron was elected as the new Captain of Auxiliary Police. Also elected at the same time were William McGann as Lieutenant, Frank Primiano, Arvid Nelson, Sergeants, and Angus Hansen, Supply Sergeant.

Under the leadership of Captain Waldron, the Auxiliary Police have made a great advancement in training and organized activity. The Auxiliary Police unit was actually needed by the Town on thirteen occasions for a total of 242 man-hours which was a saving to the Town of \$423.50. In addition these same men received 190 man-hours of training under supervision of the Maynard Police Department.

In addition to the above, 576 man-hours were put in by other units of Civil Defense during various Federal and State Alerts and training courses.

We have purchased more radio and training equipment and hope to secure more needed equipment in the near future.

There is still a need for additional volunteers and I feel sure that they will be forthcoming as we show that progress has been made.

Your Maynard Civil Defense Agency wishes to thank the Board of Selectmen, the Police Department, and all other Town officials for their cooperation received during the year 1957.

DONALD A. MacGLASHING,
Director.

January 6, 1958

Report of Chief of Police

I hereby submit my annual report as Chief of Police for the year ending Dec. 31, 1957. In performance of the duties of this office I have had the cooperation of this department, the assistance of the Board of Selectmen, and the aid of the Town Counsel.

TRAFFIC AND PARKING

One of the main problems of this Department is the increase flow of cars coming into and leaving Maynard daily together with the lack of sufficient parking areas. In Maynard alone there are approximately 3000 cars registered. The new industries in Maynard have done a splendid job in providing off street parking areas. One of the industries at the present time is building a new exit from their parking area to Sudbury Street and with the completion of this project, it should relieve the parking problem on Thompson Street and surrounding streets.

The Planning Board have under consideration the establishing of additional off street parking area in the business section. During a snow storm this Department urgently requests all who have to use their cars to park in the off street parking areas in order to facilitate the removal of snow.

In conclusion, I wish to express my appreciation and thanks to all other Town departments who have been of assistance to the Police Department.

MICHAEL ZAPARESKI,
Chief of Police.

Report of The Board of Fire Engineers

To the Honorable Board of Selectmen:

We herewith submit our report of the Fire Department for the year 1957.

The year has been filled with emergencies, but our actual fire losses are at a minimum. It was felt expedient to have the whole force on duty during one of the blizzards of the Spring. We were on a prolonged alert during the dry spell in the Spring and Summer but fortunately did not suffer any serious woods or grass fires.

The resuscitator has been used 12 times this year. The machine was successful in 9 cases. We are thankful that the citizens think of us during their personal emergencies and that we are able to help them.

The new pumping engine arrived on December 24, 1957 and was immediately put into service. This new piece of apparatus enables us to bring quickly to the scene of a fire 4000 feet of 2½" hose, 1800 feet of 1½" hose and all kinds of equipment. As a practical matter the old engine will be kept in reserve and for line work.

Our Aerial Ladder will be 20 years old this Spring. During the last two years we renewed the hydraulic system and this year we have recommended the replacement of the wooden ladders which have given evidence of dry rot. In view of the fact that this piece originally cost about \$9,000 and a replacement is now about \$35,000.00 we have recommended that the sum of \$5,000 be set aside annually for the next five years to help defray the cost of replacement.

The Town Dump is definitely a source of nuisance to us and the other Townspeople. It will be observed that we had 43 calls there during the year. While this is not a serious fire problem, **IT IS A HAZARD TO ALL CITIZENS IN THAT ONE OR MORE PIECES OF EQUIPMENT MAY BE IN SERVICE THERE WHEN ANOTHER MORE SERIOUS CALL COMES IN.** Delay in this matter could well cost life and property elsewhere. Our neighboring Town of Sudbury is presently experiencing trouble with their dump and there are some signs that we may be faced with the same problem from neighbors living over the line in Sudbury.

Cats in trees and dogs in ponds are calls which we should not accept. Other Towns are refusing to do that because other property is jeopardized by the use of the equipment for these purposes. We might say that the refusal to

accept the calls brings so much criticism that we have continued, but we urge the public to look at these calls in an intelligent light.

While we have had several complaints that the alarm is not audible all over Town, we have checked the matter and find that at our present location we can do no better. As a practical matter, the audible alarm is strictly for summoning call firemen.

The public still, and we guess always will, gather around the scene of a fire. The police have tried to prevent them from impeding the work of our Department but they have not been entirely successful. We urge those persons who want to see fires to leave their automobiles away from the scene.

A serious omen was present this year. We have had 5 calls to the Mill property. The owners and their insurance companies have done an excellent job in minimizing the hazards but there are a few tenants who are so unconcerned with the safety of all that they continue to have on their premises collections of rubbish and flammable fluids that endanger the whole premises. While it is necessary for progress that they experiment with new flammable fluids, they should exercise the highest degree of care in the storage and use of them. The rubbish is unnecessary and unforgivable. We have inspected the premises on numerous occasions, called the matter to the owners' attention and matters have improved for a short period of time.

Investigations have increased. More time is consumed in these each year. Many of these are involved with the Mill property, but some are merely neighborhood fights.

Our summary of the activity of the Department follows:

Number of calls	224
Box alarms from the street	5
Box alarms from the Station	8
Total box alarms	16
Types of calls	
Dump	43
Cat in tree	5
Oil burners	4
Chimney fires	1
Car fires	1
Dogs in pond	4

Gas calls	5
Accidents	4
Building fires	37
Grass fires	66
Mill fires	5
Aid to us	1
Aid to others	4
No service calls	7
Resuscitator	12
Successful	9
Investigations	12
2½" hose laid at fires	10,750 feet
1½" hose laid at fires	1,150 feet
1⅛" hose laid at fires	22,825 feet
Estimated value of property involved in major fires	\$51,000.00
Estimated value of property lost	10,500.00
Amount of insurance carried on said property	47,700.00
Amount of damage paid by insurance	5,641.00
Assessed value of property involved	8,300.00

Respectfully submitted,

PHILIP A. WILSON,
HENRY MARIANI,
MARTIN GRUBER,
Board of Fire Engineers.

SPECIAL CALLS

2-2-2 All Firemen report to Headquarters

1-1 Test at 12:10 P. M.

day**

3 at 6:30 P.M. — No evening school

**1 at 9:30 A.M. or 12:30 P.M. — No supervised recreation
for children (During summer months only)**

Town Clerk's Report

FOR THE YEAR ENDING DECEMBER 31, 1957

Proceedings of Annual Town Meeting

HELD MARCH 4, 1957

Pursuant to Town Warrant No. 467, the Annual Town Meeting was held in the Maynard Memorial Gymnasium on the above date.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock P. M. and declared a quorum present.

On motion of R. Frank Punch it was voted to waive the reading of the warrant as a whole.

Article 1. A report for the Committee on the Sale of the Old Fire Station was given by John Mitzcavitch, and was accepted as a report of progress. Said report was filed with the Town Clerk.

Irving H. Manning reported for the School Building Committee and the report was accepted as one of progress. Said report was filed with the Town Clerk.

James S. Wheeler reported the recommendations of the Finance Committee under Article 29.

Article 2. The Moderator announced that his appointments would be made at a later date.

Article 3. On motion of Leonard E. Rae: Voted that the by-laws of the Town of Maynard be amended by voting to add thereto Article 3 as the same is set forth upon the Warrant for the Annual Town Meeting of March 4, 1957.

1. The moderator shall appoint a committee, consisting of five (5) members, to be hereafter known as the Personnel Board of the Town of Maynard, none of whom shall be an employee of the Town or hold Town Office. Members of the Personnel Board shall serve without

compensation. In the beginning one member shall be appointed for one (1) year, a second member for two (2) years, a third member for three (3) years, a fourth member for four (4) years and a fifth member for five (5) years. Thereafter, each member shall be appointed for a five (5) year term

2. It shall be the duty of the Personnel Board to prepare a plan for the establishment of job classifications and minimum and maximum salary rates for the employees of the Town of Maynard, Massachusetts, except those employees elected by popular vote and those employees under the jurisdiction of the School Committee; and to submit said plan for the approval of the voters of the Town of Maynard as soon as possible, but not later than the next annual Town Meeting.
3. The Personnel Board shall have the following powers and duties: (a) to administer any plan for the establishment of job classifications and minimum and maximum salary rates for the employees of the Town of Maynard, except those elected by popular vote or those under the jurisdiction of the School Committee, that shall hereafter be approved by the voters of the Town of Maynard in accordance with Section Two (2) hereof. (b) to establish such central personnel files for all employees as it deems necessary and useful in the administration of such plan. (c) to review the operation of the plan annually and recommend to the Town any appropriate changes or additions by submitting such changes or additions for approval at a Town Meeting. (d) The Personnel Board shall not reduce the salary or wage rate of any employee presently employed by the Town of Maynard. If any employee is now receiving a salary or wage rate exceeding the maximum rate for his classification, he shall continue to receive his present rate as a personal rate so long as he holds the job unless a general adjustment is voted in Town Meeting.
4. In the case of any dispute concerning the interpretation or administration of any plan to be established hereunder the decision of the Personnel Board shall be final subject to an appeal to the Town at the next Town Meeting.
5. The Personnel Board shall meet as often as necessary to consider such Business as may be presented by Town officials, Town Employees, or other interested persons, but not less often than one each month. Three (3) members of the Board shall be a quorum of the members present at a Board meeting.

Article 4. The Moderator ruled that in view of the action taken under Article 3 that Article 4 should be passed over.

Article 5. James S. Wheeler moved that the amounts recommended by the Finance Committee as printed in the Warrant be appropriated.

A motion by Howard L. King to take up item 5 separately, was lost.

A motion by John Mitzcavitch to take up item 64 separately, was lost.

A motion by Joseph P. Dineen to take up item 30 separately, was lost.

A motion by Michael Zapareski to take up item 24 separately was ruled lost by the Moderator but being doubted, the Moderator ordered a standing vote, and it was voted to take up item 24 separately by a vote of 207 in favor to 110 opposed.

A motion by James S. Wheeler to use a secret ballot on Article 5 was lost, 159 in favor to 194 opposed.

The Tellers, sworn by the Town Clerk, were — Evelyn M. Mulcahy, Phyllis P. Savikoski, Martha L. Champagne, Margaret J. McCormack, Sylvia K. Brooks and Lylyli M. Nelson.

A motion by R. Frank Punch to take up item 36 separately, was lost.

On motion of James S. Wheeler: Voted 353 in favor to 17 opposed, to appropriate under Article 5, to defray the regular annual expenses of the Town, the amounts recommended by the Finance Committee — item 24 excepted.

1. Selectmen — Office Salaries	\$3,448.00

Item 24. On motion of Michael Zapareski: Voted to appropriate the sum of \$60,974.80 for Police Department Salaries — \$5,900.00 to be taken from meter receipts.

A motion to reconsider Article 5 was lost, 120 in favor to 175 opposed. (James V. King acting as Moderator).

Article 6. On motion of James S. Wheeler: Voted that the Town pay the various elected Town Officials in accordance with Chapter 41, Section 108, of the General Laws, said salary or compensation to be effective from January 1, 1957 and remain in force until the next annual Town Meeting, unless sooner changed by vote of the Town. The salary or compensation to be as follows:

Moderator	\$50.00
Town Clerk	1,850.00
Town Treasurer and Collector	4,500.00
Selectmen, 3 members, each	300.00
Board of Assessors, Chairman	700.00
Other members, each	600.00
Board of Public Welfare, 3 members, each	50.00
Board of Health, 3 members, each	50.00
Public Works Board, 3 members, each	100.00
Library Trustees, 3 members, each	25.00
School Committee, 3 members	No Salary
Planning Board, 5 members	No Salary

All fees and charges collected by each department must be paid to the Town Treasurer at the end of each month.

The above salaries are effective January 1, 1957, to December 31, 1957. For changes in personnel during the year salaries will be prorated according to the length of service, at above recommended rates.

The sums above recommended are included in the budget schedule under Article 5.

Article 7. On motion of James S. Wheeler: Voted to appropriate the sum of \$8,000.00 for Finance Committee Reserve to provide for extraordinary or unforeseen expenditures. Transfer to be made to departments only by vote of the Finance Committee as provided by Chapter 40, Section 6, of the General Laws.

Article 8. On motion of Howard L. King: Voted to accept the following Cemetery Funds, same to be invested and interest to perpetually care for their lots and surroundings in Glenwood Cemetery.

Alving, Francis	\$50.00	Jones, Eleanor or	
Alving, Francis	50.00	Theodore	50.00

Article 9. On motion of Howard L. King: Voted to authorize the Town Treasurer and Collector, with the approval of the Selectmen to borrow money from time to time in anticipation of revenue of the financial year beginning January 1, 1957, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 4, Chapter 44 of the General Laws.

Article 10. On motion of Howard L. King: Voted to appropriate the sum of \$525.00 for the payment of part of the premiums of group life insurance for permanent Town employees, in accordance with Chapter 239 of the Acts of 1952. The amount of said insurance to be limited to \$1,000.00.

Article 11. On motion of Martin Gruber as amended by Henry T. Hanson: Voted to authorize the Board of Fire Engineers to purchase a Pumping Engine and to appropriate or transfer from the Excess and Deficiency Account, the sum of \$16,000.00 for that purpose. No money shall be expended under this article in payment for any pumping engine which fails to deliver at least 750 gallons per minute, in accordance with the standard National Board of Fire Underwriters acceptance test.

(James V. King acting as Moderator)

Article 12. On motion of Leo F. Mullin: Voted to lay this article on the table.

(re sale of Woodrow Wilson School property)

Article 13. On a motion and amendment by Walter E. Carbone and amendment by R. Frank Punch: Voted to appropriate by transferring from the Excess and Deficiency Fund, the sum of \$500.00 (five hundred) to be used for maintenance and improvement of the Wilson School site, as a playground but not a supervised playground and not a public park, under the jurisdiction of the School Department. The term "improvement" shall mean filling the cellar hole with available material and then seeding the area so filled, by the Department of Public Works, and the term "maintenance" shall mean periodic cutting of the grass as well as any necessary cleaning up.

Article 14. On motion of George J. Sharpe: Voted to authorize the Board of Public Works to purchase a 2½ or 3 ton truck for the Public Works Department and to appropriate the sum of \$5,500.00 for this purpose. And to further authorize the Board of Public Works to trade in the 1946 GMC truck in conjunction with this transaction.

Article 15. On motion of George J. Sharpe: Voted, unanimously, to appropriate the sum of \$1,200.00 to lease the property of Leo P. Boeske and Grace Boeske off Waltham Street for the use of a Public Dump.

Article 16. On motion of George J. Sharpe: Voted unanimously, to authorize the Board of Public Works to construct a 125 foot section of 12 inch drainage and a head-wall on Pleasant Street and that the Public Works Department be instructed to acquire the necessary rights of way or easements through the property of Antonio and Amelia Kitowicz at 15 Pleasant Street, and to appropriate the sum of \$600.00 for this purpose.

Article 17. On motion of George J. Sharpe: Voted to authorize the Board of Public Works to purchase two Flexible Power Bucket Machines for the purpose of cleaning storm and sanitary lines and to appropriate the sum of \$2,870.00 for this purpose.

Article 18. On motion of George J. Sharpe: Voted to lay this article on the table.

(re construction of sidewalks on Great Road)

At this time, on motion of George J. Sharpe, it was voted to take up Articles 29, 28 and 27.

Article 29. On motion of George J. Sharpe as amended by James S. Wheeler: Voted unanimously, that the sum of \$54,000.00 be appropriated to the Board of Public Works for the construction of additions and improvements to the sewage disposal plant, and that to raise the same \$4,000.00 is transferred from the Excess and Deficiency Account and the Treasurer, with the approval of the Selectmen, is authorized to issue not exceeding \$50,000.00 bonds or notes of the Town, payable \$5,000.00 a year for ten years.

Article 28. On motion of George J. Sharpe: Voted to authorize the Board of Public Works to make application procedures under Provisions of the Federal Water Pollution Control Act, Law No. 660, 84th Congress, for a Federal Grant to aid in the addition and improvement of the Sewage Disposal Plant.

Article 27. On motion of George J. Sharpe: Voted to lay this article on the table.

(re payment to Haley and Ward for work on design and survey of Sewage Disposal Plant)

Article 19. On motion of George J. Sharpe: Voted, 132 in favor to 59 opposed, that the sum of \$105,000.00 be appropriated to the Board of Public Works for the construction of sewers for sanitary purposes in Parker Road between the end of the existing sewer near Burns Court and Old Marlboro Road, in Old Marlboro Road and Marlboro Street, between Parker Street and Great Road, in "B", South and North Streets, and in Great Road between Parker Street and Old Mill Road, together with pumping stations, force mains and intercepting sewers, or such part thereof as the Board of Public Works may deem necessary, and that to raise the same the Treasurer, with the approval of the Selectmen, is authorized to issue not exceeding \$105,000.00 bonds or notes of the Town. To further authorize the Board of Public Works to obtain the necessary easements or rights of ways and to do anything lawfully pertaining thereto.

(The above was lost 119 in favor to 63 opposed on the first vote, it was voted 123 in favor to 57 opposed to reconsider and then was carried 132 in favor to 59 opposed)

Article 20. On motion of George J. Sharpe: Voted, unanimously, to authorize the Board of Public Works to repair the road, remove the trees and rebuild the wall on Front Street. To further authorize the Board of Public Works to secure the necessary easements and to appropriate the sum of \$2,000.00 for this project.

Article 21. On motion of George J. Sharpe as amended by John S. Sokolowski: Voted to authorize the Board of Public Works to purchase a new chassis and sand spreader and to appropriate the sum of \$5,500.00 for this purpose.

Article 22. On motion of William H. Larson: Voted that the sum of \$914.77 be appropriated for the repair of the Ice Skating Rink at Alumni Field to be expended under the jurisdiction of the School Department.

Article 23. On motion of George J. Sharpe: Voted to authorize the Board of Public Works to extend the common sewer on Summer Hill Road for a distance of about 140 feet, and to appropriate the sum of \$1,120.00 for this purpose.

Article 24. On motion of James S. Wheeler: Voted to appropriate the sum of \$2,500.00 to the Stabilization Fund

as authorized by Chapter 124 of the Acts of 1945. Such Stabilization Fund to be used for capital outlays only.

Article 25. On motion of George J. Sharpe: Voted to authorize the Board of Public Works to expend the sum of \$2,000.00 for the purpose of spraying for mosquito control, and to appropriate the sum of \$2,000.00 for this purpose.

Article 26. On motion of George J. Sharpe: Voted to authorize the Board of Public Works to resurface the tennis courts, install four benches and repair the fence at John A. Crowe Park, and to appropriate the sum of \$900.00 for this purpose.

Article 30. On motion of George J. Sharpe: Voted to appropriate to the Board of Public Works the sum of \$1,300.00 from the Excess and Deficiency Account for the Town's share of Chapter 90 Maintenance; also that the sum of \$2,600.00 be appropriated from the Excess and Deficiency Account to meet the State's and County's share of the cost of this work. The reimbursement from the State and County to be restored upon their receipt to the Excess and Deficiency Account.

Article 31. On motion of George J. Sharpe: Voted to appropriate to the use of the Board of Public Works the sum of \$3,750.00 from State Highway Chapter 718 Fund for the Town's share of Chapter 90 Construction; also that the sum of \$11,250.00 be appropriated from the Excess and Deficiency Account to meet the State's and County's share of the cost of this work. The reimbursement from the State and County to be restored upon their receipt to the Excess and Deficiency Account.

Article 32. On motion of George J. Sharpe: Voted to lay this article on the table.

(re annual sewer charge)

Article 33. On motion of George J. Sharpe: Voted, unanimously, to authorize the Board of Public Works to clean about three miles of Water Mains and to appropriate the sum of \$5,000.00 for this purpose.

Article 34. On motion of George J. Sharpe: Voted, unanimously, to authorize the Board of Public Works to

extend the common sewer on Riverbank Road for a distance of about 350 feet, and on Martin Street for a distance of about 450 feet, and to install a collecting manhole, pumping equipment and controls, plus 300 feet of four-inch main and manhole, and to appropriate the sum of \$11,430.00 for this purpose.

At 10:55 o'clock, P.M. on motion of R. Frank Punch, it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Annual Town Election

HELD MARCH 11, 1957

In accordance with Town Warrant No. 468, the Annual Town Election was held in the Maynard Memorial Gymnasium, on the above date.

Prior to opening the polls, the ballot boxes were checked by the Moderator and Town Clerk, found to be empty and after setting the registers at zero, were locked and the keys placed in charge of the election officer at each box.

At 8 o'clock A.M. the meeting was called to order by Philip Wilson, Moderator, and on motion of John F. Stokes it was voted to waive the reading of the Warrant. The polls were then declared open.

The election officers in charge of checking and the ballot boxes were, James J. Ryan, Evelyn M. Mulcahy, Dorothy Garlick, Helen M. Gilleney, Phyllis P. Savikoski, Edward J. Costello, Joe Marsden, Martha L. Champagne, Margaret J. McCormack, Ruthmary Armour, Pauline E. Foley and Herbert R. Usher, all of whom were sworn by the Town Clerk.

4,000 official ballots and duplicate voting lists containing the names of 3,908 registered voters were delivered to the election officials by the Town Clerk who received a receipt therefor.

At 2 o'clock P.M., the Selectmen having authorized the opening of the ballot boxes, the following were sworn as

Tellers and counting began. Elsie P. Brayden, Agnes V. Rizzo, Lillian J. Alto, Mary V. Bemis, Grace E. French, M. Mabel Holly, Margaret I. Fardy, Evelyn M. Darcy, Mabel E. Bemis, Esther M. Evans, Gertrude Duggan, Elvira J. Hicks, Dorothy E. Hamlin, Jessie B. Crowe, Catherine Lyons and Agnes W. Driscoll. The tabulating was done by Doris A. Lowney and Myrtle Whitney who were also sworn.

The polls were closed at 8 o'clock P. M.

The figures on the ballot box register in Area 1 were — 1180.

The number of names checked on the list was — 1180.

The figures on the ballot box register in Area 2 were — 1108, which was one more than the actual number cast (this box caused trouble all during the election and on one occasion rang twice on one ballot) the number of ballots cast in area 2 was 1107. The number of names checked on the list was 1107.

Total number of ballots cast — 2287.

The result was announced at 9:15 o'clock P. M. by the Moderator, and was as follows:

Attest:

ELEANOR JONES,
Town Clerk.

March 12, 1957

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint James V. King of Maynard to be Assistant Town Clerk during the current municipal year or until this appointment is revoked.

ELEANOR JONES,
Town Clerk of Maynard.

I, James V. King, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

JAMES V. KING.

Subscribed and sworn to this twelfth day of March, 1957,
before me,

ELEANOR JONES,
Town Clerk.

A true copy,
Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Special Town Meeting

HELD JUNE 3, 1957

In accordance with Town Warrant No. 469, a Special Town Meeting was held in the George Washington Auditorium, on the above date.

Moderator Philip Wilson called the meeting to order at 7:30 o'clock P.M. and at 7:33 announced that a quorum was present.

On motion of R. Frank Punch it was voted to waive the reading of the warrant as a whole.

Article 1. Jorma Osmo reported for the Personnel Board and on motion of R. Frank Punch it was accepted as a report of progress. No report was filed.

Article 2. There were no vacancies in Town Offices to be filled.

Article 3. On motion of George J. Sharpe: Voted to rescind the action taken at the Annual Town Meeting, held on March 4, 1957, with reference to Article 19, appearing in Town Warrant No. 467, relating to the construction of sewers and facilities incidental therewith on Parker Street.

Article 4. On motion of George J. Sharpe: Voted, 115 in favor to none opposed, that the sum of \$56,000.00 be appropriated for the construction of sewers for sanitary

purposes in Parker Street between the end of the existing sewer near Burns Court for a distance of about 870 feet to Walker Street, and in Parker Street near North Street northerly for about 500 feet, in North Street between Parker Street and Marlboro Street for about 550 feet. In Marlboro Street between Great Road and Old Marlboro Road for about 1300 feet and in Old Marlboro Road between Marlboro Street and near Parker Street for about 700 feet. And in Great Road between Marlboro Street and the main gate of St. Bridget's Cemetery for about 600 feet, together with pumping station force mains and intercepting sewers, and to raise the same the Treasurer, with the approval of the Selectmen, is authorized to issue not exceeding \$56,000.00 bonds or notes of the Town. To further authorize the Board of Public Works to obtain the necessary easements or rights of ways and to do anything lawfully pertaining thereto.

The Counters for the foregoing article were Martha L. Champagne, Evelyn M. Mulcahy, Phyllis P. Savikoski and Margaret J. McCormack, appointed by the Moderator and sworn by the Town Clerk.

Article 5. On motion of George J. Sharpe: Voted to transfer the sum of \$663.00 from Article 14 of the Annual Town Meeting of 1957, (To see if the Town will vote to authorize the Board of Public Works to purchase a 2½ or 3 ton truck for the Public Works Department and to appropriate or transfer from any available funds the sum of \$5,500.00 for this purpose. And to further authorize the Board of Public Works to trade in the 1946 GMC truck in conjunction with this transaction.) to Article 21 of the Annual Town Meeting of 1957, (To see if the Town will vote to authorize the Board of Public Works to appropriate or transfer from any available funds the sum of \$5,500 for the purpose of purchasing a chassis and sand spreader.) For the purpose of increasing the appropriation for the purchase of a chassis and sand spreader.

Article 6. On motion of George J. Sharpe: Voted to appropriate and transfer from the Excess and Deficiency Fund the sum of \$3,500.00 to clean water mains from the intersection of Summer Street and Main Street to the end of the cast iron pipe on Waltham Street; and from the intersection of Waltham Street and Powder Mill Road to the Town boundary line on Powder Mill Road.

Article 7. On motion of Joseph P. Dineen: Voted to authorize the Board of Selectmen to appoint one of their

members as Veterans' Agent at a salary of \$300.00 per year in accordance with the provisions of Chapter 41, Section 4A of the General Laws.

Article 8. On motion of Howard F. King: Voted that the sum of \$836.65 be appropriated and transferred from the Excess and Deficiency Account to the Board of Public Welfare for the purpose of continuing a part-time clerk typist.

At 8:44 o'clock P.M. on motion of R. Frank Punch, it was voted to adjourn.

Attest:

ELEANOR JONES,
Town Clerk.

N O T I C E

All dog licenses here listed expire
March 31, 1958.

Dogs must be licensed on or before
April 1st or the owners or keepers
thereof are liable to a fine.

The law applies to all dogs three
months old or over, regardless of
time of year ownership is acquired.

No tax bills are sent to owners
of dogs.

Assessors' Report

To the Board of Selectmen:

The Annual Report of the Board of Assessors for the year ending December 31, 1957, is submitted herewith:

In accordance with the provisions of the General Laws of Massachusetts, Chapter 59, Section 29, all owners of taxable property shall, each year, on or before the 31st of January submit to the local Assessors a list with the valuation of their taxable property. Notices are posted, and forms may be obtained at the Assessors' office in the Municipal building.

All male inhabitants who are 65 years of age and over, and who wish to be exempted from payment of a poll tax, must make a request in writing on a form furnished at the office of the Assessors.

All requests for abatement or exemption of taxes must be filed on forms which can be obtained at the Assessors' office.

Town Accountant's Report

To the Honorable Board of Selectmen:

Herewith is presented the report of the Accounting Department for the year ending December 31, 1957. The report is made in accordance with the requirements of the State System of Accounting.

In accordance with the provisions of Section 61, Chapter 41, of the General Laws, I hereby certify that I have verified the cash balance of the Town Treasurer as of December 31, 1957. The total cash balance December 31, 1957 was \$237,745.34.

In accordance with the provisions of Section 23, Chapter 59, General Laws, as amended, the amount of available funds or "free cash" as of December 31, 1957 is \$108,196.02.

The courtesy and co-operation received from the various Town boards, officials and employees is gratefully appreciated.

Respectfully submitted,

JAMES V. KING,
Town Accountant.

Town of Maynard

Report of the Finance Committee

To the Citizens of the Town of Maynard:

The Committee held twenty meetings during the year 1957.

Transfers from the Reserve Fund during the year 1957 have been made by the Finance Committee totaling \$7,447.03.

Several requests for transfers from various departments were denied by the Finance Committee because the expenditures in excess of their appropriations had been made without the advance approval of the Finance Committee.

All departments are reminded that requests must be made to and transfers voted by the Finance Committee before any obligations in excess of an appropriation is made.

Due to the shortage of the water supply the Committee transferred the sum of \$2,000 to the Public Works Department for the purpose of locating a new source of water.

The sum of \$2,081.54 was transferred to the Board of Public Works to meet the final payment for the Great Road through Summer Hill sewer extension.

The Committee transferred the sum of \$1,875 to the Board of Health for collection of garbage. The appropriation in the 1957 Town Warrant was insufficient to cover the cost.

Following last year's annual Town Meeting the Moderator reappointed Mr. Anthony R. Ciraso and Mr. John H. MacDonald, and appointed Mr. Walter J. Zanzewicz. The Committee regretfully accepted the resignation of Mr. Francis Brayden in November.

LEONARD E. RAE, Chairman
INGRID A. MARTIN, Secretary
ANTHONY R. CIRASO
J. FRANCIS CLEARY
JOHN H. MacDONALD
WILLIAM NAYLOR
STANLEY D. NOWICK
WALTER J. ZANZEWICZ

Report of the Board of Retirement

To the Members of the Maynard Contributory Retirement System:

The Maynard Board of Retirement submits herewith the annual report of the Retirement System.

Eight new members have been added during the year 1957, and four members retired. During the year one member was transferred from another system to the Maynard system.

A statement has been mailed to each member giving his or her credit as of December 31, 1957.

J. FRANCIS CLEARY,
ANGUS E. HANSON,
JAMES V. KING,
Maynard Retirement Board.

Board of Registrars of Voters

To the Board of Selectmen
Maynard, Massachusetts

Gentlemen:

In January of 1957 the Annual Listing of Residents, 20 years of age and over and the listing of Dog Owners, was conducted under supervision of the Board of Registrars.

Signatures on nomination papers of candidates for Town Offices were checked and certified. Registration sessions were held prior to the Town Election as required by law.

The General Register of Voters and the Voting List were corrected and revised — the Annual Register of Voters, June 1, 1957 contained the names of 3891 voters — of which 1908 were men and 1983 women and 931 were enrolled Democrats and 872 enrolled Republicans.

Respectfully submitted,

ALEXANDER J. BOURKE, Chairman
REGINALD JONES
EDWARD E. PUFFER
ELEANOR JONES

Report of the School Building Committee

January 1, 1957 - December 31, 1957

To the Board of Selectmen
Maynard, Massachusetts

On August 28, 1956, the Green Meadow School and the Maynard Memorial Gymnasium were accepted as substantially completed, subject to the prompt completion of work listed on an accompanying punch list of unfinished work.

In accepting the buildings at that time the Committee did not waive any of its rights under the contracts with Louis Proia Construction Company or the Franchi Construction Company. These rights included any obligation of the contractors to correct defects in materials or workmanship appearing within one year of the date of acceptance.

To date the Memorial Gymnasium has been substantially completed and final payments have been made.

The Green Meadow School has not been satisfactorily completed. The roof of the All Purpose Room is leaking and is in need of major correction. The Committee has withheld complete payment to the Proia Construction Company until the roof has been satisfactorily corrected.

Expenditures for the year of 1957 are as follows:

MAYNARD MEMORIAL GYMNASIUM

To the Franchi Construction Co.	\$500.00

Report of the Personnel Board

TOWN OF MAYNARD

At the Annual Town Meeting of March 4, 1957, it was voted under Article 3 to have the Moderator appoint a Personnel Board of five (5) members to prepare a plan for the establishment of job classifications and minimum and maximum salary rates for all employees except those under the jurisdiction of the School Committee and employees elected by popular vote. The Committee was to submit said plan for the approval of the voters as soon as possible, but not later than the next Annual Town Meeting. In addition, the article specified that no employee of the Town was to be reduced in salary as a result of the plan.

The Moderator appointed the following members to the Personnel Board:

Jorma G. Osmo	1 year
James Wheeler	2 years
Arthur Brooks	3 years
Wesley Hirons	4 years
John Tombeno	5 years

Under Section 108A of Chapter 41 of the General Laws of Massachusetts, a Town is permitted according to by-law to establish a plan classifying Town positions and to vote minimum and maximum salaries for these positions. Such a plan for the administration of wages and salaries, prepared in the form of a proposed by-law, forms the principal part of the Personnel Board's report.

The Personnel Board wishes to express its thanks to the many Town employees, department heads and members of boards, particularly the Town Accountant, who have cooperated with our committee. We were most fortunate in obtaining the consultant services of Mr. Albert Crockett, Chairman of the Winchester Personnel Board. Mr. Crockett is a recognized authority on job classification and salary administration in both the industrial and municipal fields. Mr. George Lawton of the Concord Personnel Board also rendered valuable assistance to our Board.

The task of establishing equitable wages and salaries is a difficult one. Each Board or Town Department has handled the problem in its own way and made its own decisions. The Personnel Board has found inequities despite the earnest efforts of these board members and department heads to obtain uniformity in wages and salaries. It is inevitable that wage and salary problems will become more complex

as the Town continues its growth. It is therefore essential, that the Town now establish a fair wage and salary policy.

All employees of the Town are entitled to fair and impartial handling of the wage and salary problem. The taxpayers should be able to feel that the level of wages and salaries are adequate, but not excessive. These two objectives will, in the opinion of the Personnel Board, be attained through the Salary Administration Plan provided for in the proposed by-law.

The major requirements of a Wage and Salary Plan are that it be easy to administer, understandable and maintained on a current basis. Any employee who feels that he has received unfair treatment should have the opportunity to have his problem reviewed by an impartial board. Rates of pay must be attractive enough to enable the Town to secure able and responsible employees, and at the same time be fair and reasonable when compared to that of the general wages paid in the towns in the area. The pay rates in any one department must be fairly set relative to similar jobs in all other departments.

The chief features of the proposed Wage and Salary Classification Plan are:

1. A permanent Personnel Board is established to administer the plan in consultation with the interested Boards and Departments and keep under continuous study and recommend changes in wages and salaries and improvements in the plan for action at Town meetings.
2. Town positions are graded in classifications according to the required education, skill, responsibility and similar factors so that employees performing substantially similar work are placed in the same classification regardless of the Department that employs them.
3. Most job classifications carry a salary range with a starting rate for new employees and step increases each year for the first three years of service until they reach the maximum rate.
4. An employee may obtain reclassification to a higher rated position if his regular duties are changed because of the reorganization of the department as a result of the growth of Town business or his acquiring the experience and training necessary to perform more important duties.
5. Town Boards and Departments are left free, within the limits of their budgets, to determine who to hire and how many employees to hire for work in the different classifications.

The Personnel Board recommends the adoption of the plan for the following reasons:

1. A central Personnel Board administering a definite plan is the best assurance that employees in different Departments who perform substantially similar work will receive equal pay; and that, regardless of their department, employees performing different kinds of duties will be paid in accordance with experience and training required for the position, responsibility and other factors.
2. A Wage and Salary Classification Plan guards against the danger of a single Board or Department making changes in the wages or salaries of its employees, which are desirable from its own point of view, without considering the effect on other Boards and Departments.
3. A Wage and Salary Classification Plan protects the interest of employees through continuous systematic study of wages and salaries by an independent Personnel Board, not charged like the Finance Committee with preparing the Town budget. Employees will also be protected against either prejudice or favoritism, if it should exist in the Town.
4. The majority of industrial concerns have established Wage and Salary Classification Plans for the purpose of assuring fairer pay and greater satisfaction for their employees. Most towns and cities have established Personnel Boards and have profited by following the same business principles.

The Wage and Salary Classification Plan that is being submitted is the result of careful study, based on information obtained from twenty-two towns within a fifteen mile radius of Maynard. It appears to be suited to the present needs of the Town of Maynard without being too complicated. If it is adopted, Town employees will receive compensation which compares favorably with wages and salaries of neighboring towns and in the local labor market area. Although no one knows better than the present Personnel Board that its Wage and Salary Classification Plan can be greatly improved with experience and further study, we sincerely believe that adoption of the Plan would be in the public interest.

Respectfully submitted,

JORMA G. OSMO
 JAMES WHEELER
 ARTHUR BROOKS
 WESLEY HIRONS

Report of the Public Works Commissioners

To the Board of Selectmen:

Gentlemen:

The Public Works Commissioners are pleased to submit to you and the citizens of Maynard their report for the year ending December 31, 1957. The Board met every Tuesday night during 1957 and will continue to hold their meetings on Tuesday nights during 1958.

A total of \$17,000.00 was returned to the Town Treasury out of the 1957 appropriations. This surplus was realized because the Public Works Commissioners operated their department under the 1957 budget and completed various special projects for less than the original appropriations.

The Water Department showed a 1957 surplus of over \$20,000.00. This represents a considerable increase over previous years, and the board would like to use this surplus to further improve the water system.

On our 1958 budget, we have requested \$14,500.00 for the purchase of a Michigan Loader. This machine would be used to load Sand Trucks, for Snow Removal, pickup road sweepings, lift water and sewer mains, backfill trenches, etc.

One of the largest Chapter 90 Construction appropriations ever allocated to Maynard (\$19,000.00) was obtained for 1958. During 1958 Main and Nason Streets will be reconstructed with Chapter 90 appropriations.

Our present single source of water supply is very inadequate. The Board made an effort to locate a new supply during 1957 and will continue to explore the possibility of finding a new source during 1958. The special water committee has made a very complete report in this book on the critical water situation in Maynard and we recommend that every citizen read the report.

The Board would like to express their appreciation to the Public Works employees for their cooperation during the year.

Assistance received from various departments and officials during the year was certainly appreciated. Your Public

Works Board would like to especially thank James V. King for his help and cooperation.

Respectfully submitted,

GEORGE J. SHARPE, Chairman
JOHN TOBIN, Secretary
FRANK KANE

To the Board of Public Works:
Gentlemen:

This report includes the Highway and Bridges, Water, Sewer, Cemetery, Trees, Insects, Parking Areas, Memorial Park, John A. Crowe Park, and the Public Dump.

Highway and Bridges

The personnel in this Division consists of eight men, one mechanic, and one foreman. Most of their time is taken up with maintenance work which involves the patching of streets and sidewalks, sweeping, painting of equipment and fences, repairing and replacing street signs, and meters. Removal of rubbish from all Town Buildings and Schools, cutting of brush along the side of roads and intersections. They also have to clean catch basins and drain lines, brooks and culverts, set and remove snow fences and sand barrels, plow snow and remove it from the business district which includes Main and Nason Streets, Walnut and Thompson Streets, in front of all schools, churches, and funeral parlors, Ministers' and Priests' driveways, Parking Areas, and both Cemeteries. All sidewalks and streets must be sanded and salted and there are many other details comprising maintenance.

Besides the regular maintenance the following roads were oiled and sealed.

Harrison St.	800 gals.	RC-2 Seal —	897 feet
Brooks St.	1400 gals.	RC-2 Seal —	1606 feet
Maple St.	1000 gals.	RC-2 Seal —	975 feet
Maple Court	400 gals.	RC-2 Seal —	536 feet
Driscoll Ave.	300 gals.	RC-2 Seal —	450 feet
Old Mill Road	550 gals.	RC-2 Seal —	900 feet
Bates Ave.	700 gals.	MCI-3 Pen. & Seal —	630 feet
Front St.	350 gals.	RC-2 Seal —	700 feet
Pomcicut Ave.	450 gals.	OA-3 O.I. Stone —	450 feet

People's Parking Area 1800 gals. MCI-3 Pen. 7 Seal

Bancroft, Elmwood, and Chandler Sts. were also oiled in conjunction with the installation of Water Mains. Florida Rd. and Walnut St. were patched with Type-I. During the cleaning of water mains, all excavations were replaced and sealed with Type-I.

Under Chapter 90 Maintenance, Main St. and Great Rd. for a distance of 3160 feet from Mill St. to the Stow line, had a mix in place and armour coat.

One hundred and twenty-five feet of 12-inch drainage plus a headwall was installed off Pleasant St. This relieved the drainage condition existing there. The drain lines on Florida Rd., Tremont St. and upper Waltham St. were cleaned and repaired. Sewer lines on Maple St. and Crane Ave. were cleaned. A headwall was built on Waltham St. at the Public Dump to stop erosion of the road.

Under the Betterment Act, sidewalks in front of Butler Lumber Co. on Parker St. and John Doran on Randall Rd., were built with gravel and Type I. Cement blocks were replaced in sidewalks on the following streets: Brooks St. 11, Randall Rd. 2, Great Rd. 3, Taft Ave. 3, Summer St. 6, Main St. 4, and Walnut St. 4.

Front St. was regraded and oiled. Trees along the wall were removed and the wall was pointed and rebuilt. The cellar hole at the Main St. school was filled in and the area was loamed and seeded. On upper Summer St. some ledge was blasted and removed from the road and gutters were cut in order to relieve the hazardous condition in that area.

The grass was cut whenever needed at John A. Crowe and Memorial Parks. The baseball diamond was regraded and loam added. A new Type I surface was placed on the tennis courts, and benches and nets were installed.

The equipment of the whole Department was serviced and maintained at the Highway Garage.

Water and Sewer Divisions

This Division has four regular men and one foreman. Their regular duties include the maintaining and operating of the pumps and reservoir, reading and repairing of meters, repairing of water and sewer mains, replacing and cleaning of house services, repairing and replacing of hydrants, testing and raising all gate valves and boxes. Cleaning sewer blocks and manholes, laying new water and sewer services, and also to work on construction.

This past year the Water Mains from the reservoir on Summer Hill to the Town line on Powdermill Rd. for a

distance of 13,400 feet were cleaned. This operation was run on a 24-hour basis so as to inconvenience the people of the Town as little as possible. The results were good as in most of the mains the flow capacity was doubled.

In our search for a new water supply which is a must, D. L. Maher Co. of Woburn drove test wells to an average depth of 53 feet in three different locations off of Old Marlboro Road and with the recommendation of the State Department of Health, an eight-day pumping test was held at the most likely spot. This test proved that the water in that area, although of good quality was not adequate to supply the Town with its minimum requirements. Therefore it is of utmost importance that more money be appropriated for further tests in other areas.

Water Mains were installed on the following streets:

Street	Lin Ft.	Hydrants	Valves
Walnut Street	1155	3	13
Florida Road	1386	3	13
Bancroft	665	1	2
Chandler	260	1	3
Elmwood	272	1	1
Fairfield	513	1	3
Summerhill Road	260	—	1
Crane Avenue	470	1	3
Louise Street	800	1	7
Windmill Drive	780	2	5
Country Lane	450	1	2
Vernon Street	90	—	1
Fletcher Street	100	—	1
Riverview Avenue	80	—	1

During the year there were six breaks in the water mains and fourteen house services. Six hydrants were hit by automobiles. Fourteen new services were laid to new homes and seventeen were relaid. One hundred and twenty new meters were installed and one hundred old ones were repaired.

The water restrictions invoked during the summer were necessary for two reasons; first, the drought and second the inadequacy of the White Pond supply during the months of heavy water usage. The estimated safe daily yield of the pond is 550,000 gallons per day. During the months of July and August the daily usage in Maynard averaged better than 800,000 gallons. The water restrictions helped to keep the daily average down this year, however, the daily average for the year was 511,000 gallons per day.

The sewer department cleaned 18 sewer blocks in the mains and 31 blocks in sewer house connections. Usually

there are about twenty sewer house connections installed. This year 80 homes were connected; this involved laying over 5000 ft. of 4" transite pipe and required a great many hours for the men in the department.

Pumps were installed in our sewage system on Riverbank Road and Old Marlboro Road. This not only adds to the work of the department as both pumps have to be visited and checked daily but the additional cost of maintenance is about \$750 for power to run them. In addition to the pumps, 3415 ft. of 6" transite force main was installed in the Parker St. - Great Rd. area, and 300 ft. of 4" transite force main from Riverbank Rd. to Main St.

Sewer Mains were installed in the following streets:

Street	Size	Lin. Ft.	Manholes
Parker Street	8"	1370	6
Great Road	8"	600	2
Marlboro Street	8"	1300	5
Old Marlboro Road	8"	700	4
North Street	8"	550	2
Riverbank Road	8"	350	1
Martin Street	8"	450	2
Summerhill Road	8"	140	1
Lewis Street	8"	825	6
Louise Street	8"	760	4
Windmill Drive	8"	540	5
Country Lane	8"	450	4
Taft Avenue	8"	400	2
Espie Avenue	8"	50	—

The addition to the sewerage disposal plant should be finished sometime early in May and relieve the overloaded condition that has existed there for quite some time.

Cemetery Division

This division consists of three men whose duties are mowing and trimming the grass, setting markers and foundations for headstones, digging graves, cutting brush, maintaining the roads, painting the fences, filling in sunken graves and keeping the shrubbery and appearance of the cemetery in good order. During the early spring and summer the working force at the cemetery is inadequate and involves the hiring of additional men.

The tree division and parks are taken care of by one man, who has to hire a tree climber occasionally, consequently the trees and parks do not get the attention that is required.

The Public Dump is open six days a week and maintained by one man. In the last few years, the neighborhood at the

dump has been built up and consequently the neighbors in this area have been complaining that the dump creates a nuisance. The State Department of Health has been looking the situation over and will no doubt come up with some recommendation to correct it.

These divisions and men comprise your Public Works Department. It is a vital part of your community and each year the demands upon it are greater.

In closing, I wish to thank the men in the department for their cooperation, also the various other departments and especially Jimmy King.

Respectfully submitted,

GERALD J. NEE,
Superintendent.

Report of Progress of Special Water Committee

With the closing of the past year, we find that the problems of our water supply system have taken on an entirely different aspect. Prior to this year, it had been the opinion of competent engineers, that the problems needing attention were in the following order of importance; distribution system, additional elevated storage and source of supply. However; with the extreme drought of the past season and the sharp increase in consumption, the problem of supply is now the first consideration. As of the end of the past year, the level of the water at the pond is only a few inches above it's record low point. Daily consumption during December averaged around one half million gallons per day, which means that we are now drawing off water as fast as it comes into the pond. So there seems to be little chance of building up any reserve for the summer months when the demand is nearly double.

During the fall, test wells were driven in the area off Old Marlboro Road, although the water found was of excellent quality, a sustained pumping test showed that the dependable yield fell far short of warranting development. So further explorations will have to be made, we have no alternative, the situation is critical. Probably one of the areas that should be further explored, is the area off upper

Summer Street. Test wells were driven in this area some twenty years ago but no definite records of the findings are available, so the same work will have to be done over again and at much greater cost at this time.

The building of the new H. H. Scott plant on Powdermill Road posed another water supply problem. The insurance engineers requested a fire flow of at least 1000 gallons per minute at this point, the system could deliver only 240 gallons per minute. Following a conference between officials of the Scott Company and the interested Boards and Committees of the Town, it was agreed that steps would be taken to provide at least half the required flow or 500 gallons per minute. This was accomplished by cleaning the mains from the reservoir to the Acton town line. This cleaning also improved fire protection in the whole downtown area as shown by the following test results.

<i>Location</i>	<i>Pipe size</i>	<i>Gallons per minute at 20 pounds pressure.</i>	
		<i>Before</i>	<i>After</i>
Main and Nason Sts.	12"	2,660	4,100
Main and Summer Sts.	10"	1,710	3,420
Paper Mill Corner	8"	1,550	2,630
Powdermill Rd. and Crane Ave. ..	6"	380	990
Powdermill Rd. at Acton line	6"	240	530

During the cleaning operations, it was necessary to shut down the 12 inch line on Main Street. This disclosed another serious weakness of the distribution system. One of the purposes of the 10 inch main on Summer Street was to serve as an alternate feeder at such times as it may be necessary to shut the Main Street line down. This line on Summer Street, by itself, is no longer able to furnish even domestic supply, at periods of heavy draft, and provides no fire protection under these conditions. This line should be cleaned as soon as possible in order to restore its carrying capacity, which is now only about one half of normal.

With the Town faced with heavy expenditures in the development of a supplemental source of supply, it is obvious that much necessary work on the distribution system will have to be delayed for some time. This makes a cleaning program urgent.

Report of the Inspector of Wires

December 31, 1957

To the Board of Selectmen
Maynard, Massachusetts

The annual report of the Wire Inspector is herewith submitted. During the year 1957 there were 272 permits issued for wiring.

With the Maynard Industries now being occupied by diversified industries there has been an active program of modernization of wiring in the mill.

There are many homes in Maynard that were wired thirty or more years ago that are now inadequate to handle our many modern appliances. Some of these homes have been brought up to present standards.

Within the past few months a survey has been made in conjunction with Boston Edison Electric Company for the placement of underground wiring on Main and Nason Streets. This is a major step in the modernization of the shopping center. This work should be completed in 1958.

In all fairness to the contractors of this area, the Board of Selectmen have appointed the Wire Inspector of Concord as Deputy Wire Inspector to inspect all work done by the Wire Inspector of Maynard, who is also a contractor.

At this time I would like to inform the citizens and property owners that there is no salary or expense to the Town for wire inspection. The fees collected for permits obtained by the contractor are my only compensation.

I believe, that with wire inspection the people having electrical work done are getting the proper supervision for the protection of property and lives.

Respectfully submitted,

FRANK J. PAZARICKY,
Inspector of Wires.

Report of The Board of Public Welfare

To The Citizens of Maynard:

The Annual Report of the Board of Public Welfare is herewith submitted:

GENERAL RELIEF

As of January 1, 1958, we have fifteen cases receiving General Relief, (one case less than last year) consisting of eight families and seven single cases cared for in Maynard. We also have four cases cared for in other cities and towns. Several short cases have been opened and closed throughout the year.

DISABILITY ASSISTANCE

We have ten cases under Disability Assistance, one of which was closed in October and one transferred in December. One of our Disability Assistance clients is a patient at the State Hospital and Infirmary in Tewksbury.

AID TO DEPENDENT CHILDREN

We have seven cases on Aid to Dependent Children consisting of thirteen children who are receiving aid at the present time.

OLD AGE ASSISTANCE

We have ninety-five persons who are receiving Old Age Assistance in Maynard as of January 1, 1958 (eleven cases more than a year ago). They consist of thirty-four men and sixty-one women. We have opened thirty-five new cases and have closed twenty-five cases during the past year. Fourteen of our cases are without settlement and we receive full reimbursement from Federal and State funds. Ten of our cases are in licensed Nursing Homes at a rate of \$5.75 per day plus clothing and personal care. Since September 1, 1957, there has been an increase in Nursing Home rates from \$35.00 per week to \$5.75 per day. This increase was due to a State Change in rate. Nine cases are cared for in licensed boarding homes at a rate of \$25.00 per week plus clothing and personal care. Two of our cases are in private homes, one with Nursing Home care and one with Rest Home Care. Effective September 1, 1957, payments to recipients on all categories of assistance were

increased 5.7% from 20%, according to the cost of living index.

We regret to report the great loss of Miss Gertrude Morgan as our Clerk-Typist on November 16, 1957. She had served the Welfare Department faithfully since March 25, 1955.

We hired Mrs. Lorraine Whitney on February 4, 1957 as a part-time clerk-typist to assist in aiding the new policies and requirements by the State District Office. On November 18, 1957, Mrs. Whitney was transferred from part-time to full-time thus filling the vacancy left by Miss Morgan.

During the past year we have renovated the Welfare Office by repainting the walls and woodwork and purchasing three new steel desks and four office chairs, plus one adding machine.

The financial report will be found in the report of the Town Accountant.

HOWARD F. KING,
ALAN F. PALMER,
ALFRED S. CAREY, JR.,
Board of Public Welfare.

Report of the Planning Board

To the Board of Selectmen
Maynard, Massachusetts

During 1957 the Planning Board held 39 regular meetings, 21 field trips and a number of meetings with other departments. The activities, accomplishments, future projects and recommendations are briefly summarized in this report.

Building Activity

During 1957 building activity equaled that of 1956. This was more than was anticipated due to the nation-wide decrease. A total of 79 building permits were issued under the Protective Zoning By-Law, of which 32 were for the erection of single family dwellings. A total of 236 permits for such dwellings have been issued in the last seven years, which is considerable for the four square miles of land area within the Town. A comparison of building activity for the past five years follows:

	1953	1954	1955	1956	1957
Single Family Dwellings	29	41	66	31	32
Garages	14	13	16	7	5
Additions to dwellings	18	17	15	16	21
Accessory Buildings	1	3	4	3	3
Commercial Buildings	—	4	9	6	3
Remodel commercial buildings	—	—	—	3	6
Conversion to 2-family Dwelling	2	2	2	2	2
Municipal buildings	—	—	3	—	—
House trailers	—	4	3	—	7

The above table indicates that 14 permits have been issued for the use of trailers for dwelling purposes. Inspection shows that there are at least 20, which is considerable for the area.

Subdivision Control

During the year 1957 plans of two new subdivisions containing a total of 19 building lots were reviewed and approved by the Planning Board. Construction in three subdivisions, plans of which were approved in 1955 and 1956, was started in 1957. These last three contain 42 building lots. There are indications that the Board may review 3 or 4 subdivision plans in 1958 containing 125 to 200 building lots. It has been estimated that there is still sufficient land in the Town for 500 building lots.

The rules and regulations relating to subdivision of land were reviewed and amended. These amendments contained requirements of bituminous concrete for street surfacing, new necessary drainage facilities and more complete utilities. These changes were brought about by past experiences with oiled streets not being sufficiently stable and other inadequate requirements.

Zoning

An amendment to the Zoning By-Laws regulating trailers has been drafted and will be presented at the 1958 Annual Town Meeting. A number of home owners have voiced their disapproval of trailers moving into the neighborhood and favor adoption of such regulations.

An article also has been drafted to enlarge the business district on Acton Street by rezoning a strip of land now in a General Residence District.

Progress under the Master Plan

After interviewing a number of planning consultants, a contract was signed with Charles Zettek who will prepare a land use survey. The funds for this survey were furnished in like sums of \$1,000.00 each, one by the Town and the other by the Federal Government.

The survey will include the following:

- Existing Land Use Plan.
- Proposed Land Use Plan.
- Population Analysis.
- Central Business District Traffic and Parking Study.
- Business District Land Use Plan.
- Town-Wide Traffic Study.
- Regional Highway Study.

Most of these studies will be for long range planning. Special attention is being given to the business district. It has been found that the off-street parking facilities are about 25% of the required amount for the size of our business district. If Maynard wants to compete with other shopping centers additional parking areas will be a necessity and the Town should furnish some of the funds for their acquisition. There is a possibility that traffic will have to be rerouted in the downtown streets.

Accurate and complete Town maps are being prepared with the aid of air photos. These maps will show accepted streets, non-accepted streets and all new subdivisions.

Mr. Zettek also has agreed to assist in the preparation of a much needed building code as well as zoning and subdivision work.

The proposed land use plan will show locations for future municipal buildings. This will include possible locations for a new Post Office.

Recommendations for 1958

The Board feels that the recommendations for 1957 which have not been put in effect are important enough to be repeated for 1958 as follows:

1. Acquisition of land by the Town for tank for additional water storage while land is still available.
2. Proper filling in along the Waltham Street property line of the Town dump. Fencing and screening with conifers along this same boundary line.
3. Constructing sidewalks where missing along Gread Road for the safety of children walking to the Greenmeadow School. The mound between the walk to the school and Crowe Park should be removed to improve the appearance of the area and furnish additional parking for Crowe Park.

During 1957 member William Greene moved out of Town and George Middlebrooke was appointed to fill the vacancy.

During 1957 representatives of the Planning Board served on the following boards and committees:

School Building Committee
 Town Building Committee
 Board of Appeals
 Sudbury, Assabet, Concord Rivers Watershed Asso.

The Planning Board wishes to take this opportunity to thank the people of the Town of Maynard for the interest which they have indicated in its work.

Respectfully submitted,

GEORGE I. MIDDLEBROOKE,
 CARLO MISTRETTA,
 DAVID L. PALLIAN,
 FIORENTINO J. DiGRAPPA, Clerk,
 WALTER E. CARBONE, Chairman,
 Town of Maynard Planning Board.

Report of The Zoning Board of Appeals

To the Board of Selectmen:
Maynard, Massachusetts

Gentlemen:

The following appeals and petitions have been considered during the year 1957 under the Protective Zoning By-Law.

Sam and Polly Wade, 93 Acton Street Manufacture certain food products — (Renewal)	granted
Irving Manter, Euclid Avenue Lot area variance	granted
Richard Wellner, Old Marlboro Road Use trailer as dwelling while erecting home	modified
Madeline Graebner, 24 Brown Street Lot frontage variance	granted
Charles Garlisi, 7 White Avenue Repair radio and T.V.	granted
Michael and Annie Westcott, 114 Waltham Street Locate trailer for habitation on non-conforming lot	denied
William and Cora Tobin, 18 Winter Street Locate trailer for habitation on same lot as home	modified
Adam Mariani, 2 Third Street Locate trailer for habitation on same lot as home	denied
Joseph Barber, 5 Acton Street Construct parking lot in residence district	denied
Charles Tuomi, 7 Dartmouth Street Construct parking lot in residence district	denied
Stanley Yanchewski, 9 Taft Avenue Lot frontage variation	granted
Frank and Josephine Kasziewicz, 149 Waltham Street Extension of time to remove sand and gravel	modified
Raytheon Manufacturing Co., Great Road Variance to use bus barn in business district for industrial purposes	modified
Raymond Cummiskey, 190 Great Road Authority to remove sand and gravel	granted

Stella Zaleska, 171 Great Road Use a room in home for hairdressing	granted
Hjalmar Kivela, 105½ Waltham Street Authority to remove sand and gravel	denied
Rose C. Walker, Walker Street Sell excess loam	granted
John and Elvi Starr, Riverview Avenue Conduct instruction in making ceramics	granted
Richard Helinius, 6 Euclid Avenue Variation of yard requirements for house trailer	denied
Precision Line, Inc., 63 Main Street Industrial use in business district (renewal)	granted
James S. Wheeler, 115 Waltham Street Conduct rug upholstery cleaning in an accessory building (renewal)	modified
Harton Realty Trust, Waltham Street Remove Sand and Gravel	modified
Harrison Price, 107 Concord Street Lot frontage variance	granted
Stephen F. Lowell, 66 Great Road Authority to sell products not raised on the prem- ises (renewal)	granted
Waino Honkala, Driscoll Avenue Variance to erect a dwelling on non-conforming lot	denied
Wylie Pugsley, Brown Street Variation of set backs to enlarge service station	denied
Angus Johnson, 9 Elm Street Variation of lot size to convert single family dwelling into two-family dwelling	granted
Mary Columbo, 56 Waltham Street Authority to make ceramics	granted

Respectfully submitted,

EDMUND W. BEEBE, Chairman
WILLIS I. LESTER, Clerk
JAMES P. BAUDREAU
WALTER E. CARBONE

LAURI W. MANNING, Alternate
PASQUALE LALLI, Alternate

Report of the Public Library

To the Honorable Board of Selectmen:

Gentlemen:

We herewith submit the report of the Librarian and the Board of Trustees for the year 1957.

REPORT OF THE LIBRARIAN

We are indebted to the following libraries for the loan of books:

The Division of Public Libraries, Brookline, Concord, Watertown and the Boston Public Library.

The following people and organizations have donated books or magazines to the Library, for which we express our thanks.

The American Legion
 The Ladies of Kaleva
 The Rotary Club
 Mr. Henry Murphy
 Mr. Frank Toohey
 Mrs. Mildred Smith
 Mr. and Mrs. Ralph Sheridan
 Mr. Walter Wasuik
 Mr. and Mrs. Charles Warren

Statistical report is as follows:

Books in the Library, January 1, 1958 ..	14,935
Lost books	37
Discarded	125
Borrowed	132
Bound	10
Purchased	285
Magazines	44
Weekly papers	2
Daily papers	2
Fines collected	\$197.82
Circulation	26,965

Respectfully submitted,

OLIVE R. MORGAN,
 Librarian.

REPORT OF THE TRUSTEES

The Board of Trustees endorse the report of the Librarian and thank Miss Olive Morgan and Mrs. Inez Lester for their cooperation throughout the year.

With the changing times several magazines have discontinued publication and to replace these the Library now has Consumers Reports, Hobbies, and Hi-Fidelity, which we feel are excellent magazines to supplement the ones already subscribed to. In our 1958 budget we are asking for funds for a new magazine display rack which will complement the new book display case just received.

Books were given to the Library this year in memory of Mrs. Elizabeth Carlton, Mrs. Esther Howe, Mrs. Charles Wilcox, Mr. Bartholomew Coughlan, Mrs. Francis Cleary, Miss Gertrude Morgan and Mr. Gavin Taylor. Most of these gift books, by wish of the donor, have been selected by the Librarian and she is replacing the worn out classics with the gifts. The classics are in constant use by the students. Any one interested in this kind of a memorial gift will find Miss Morgan most willing to talk with them about it. The gift can be a book of your own choosing or left to the discretion of the Librarian. It is a long lasting memorial and done in many cases instead of sending flowers.

Over 200 reading certificates have been given out this year to children from the fourth grade through Junior High. To receive one of these certificates the child is required to read five books and give the librarian or their teacher a report on each book. The reading of twenty books entitles them to an Honor certificate which has a State seal on it, five of the twenty books must be non-fiction. Several children are working on this now which shows the interest in reading is very good in spite of television.

Each year we endeavor to replace the oldest set of reference books in order to keep them up to date. These are very necessary for the students in their homework. This year we purchased the latest set of the Scientific Encyclopedia which is much needed in this age of science.

Respectfully submitted,

WILLIS I. LESTER, Chairman
EDITH H. CARBONE, Secretary
R. FRANK PUNCH

Report of the Board of Health

To the Citizens of Maynard:

ORGANIZATION

In March, the annual reorganization of the Board of Health took place, with the senior member, Joseph Dutkowski, assuming the Chairmanship and Dr. Frank C. Lituri continuing as secretary of the Board.

The Board voted to hold regular meetings at the Board of Health Office on the 2nd and 4th Tuesdays of each month at 8 P. M.

The following reappointments were made for a period of one year effective April 1, 1957:

Board of Health Nurse	Mary A. Ward, R. N.
Assistant Nurse	Martha D. Champagne, R. N.
Dental Clinic	Dr. S. R. Garland
Inspector of Plumbing	William F. Osbeck
Assistant Inspector of Plumbing	George F. Freeman
Milk Inspector	Robert W. Rimbach

One new appointment was made:

Inspector of Slaughtering	Howard J. Clark
---------------------------------	-----------------

POLIO

The Maynard Polio Program was launched early in March 1956 and was concluded during the following year, 1957, with the administration of third and final doses. Throughout its entire course, this tremendous program was under the capable supervision of board of health member, Dr. Frank C. Lituri, who gave countless hours of his time and donated freely of his professional services. He attended to all the many details of the program, with characteristic thoroughness, from its preliminary organization and planning to its actual execution.

The program — first of its kind in the history of Maynard and, perhaps, the first in this area — entailed an enormous amount of work and was carried out continuously over a period of 14 months, during which time no less than 19 public clinics were conducted throughout Town, at the various schools and at Town Hall. Much credit goes to Dr. Lituri for his conscientious perseverance and industry in the management not only of these clinics but of the many others which the Board of Health undertook concurrently as a public service to the community.

The following is a chronological list of all polio clinics conducted during 1957 and includes the names of all physicians who volunteered their services:

- 1/ 7/57 Green Meadow SchoolDrs. R. E. Hooper,
F. C. Lituri and E. F. Ryan
- 1/ 9/57 Coolidge SchoolDrs. Lituri and Ryan
- 1/11/57 Roosevelt SchoolDrs. S. E. Cremer and Lituri
- 1/16/57 Town Hall (pre-schoolers)Dr. Lituri
- 1/17/57 Emerson Jr. High SchoolDrs. Cremer, Hooper
and Lituri
- 5/15/57 Town Hall (make-up clinic)Dr. Lituri
- 5/22/57 High School (final clinic of the series)Dr. Lituri

The following are the names of those nurses who graciously assisted at one or more of the various clinics:

Mrs. Dorothy G. Holt, R.N.
Mrs. Marie Minasian, R.N.
Mrs. Myrna E. Palmer, R.N.
Miss Mary A. Ward, R.N.
Mrs. Hazel G. West, R.N.

We take this opportunity once again to express our deepest appreciation to everyone who contributed of their time and services. Without the help of all working together, the overwhelming success of this enterprise could not have been achieved.

It does not come often in life the opportunity to give boundlessly without measure or restraint, of ourselves and our energies, in united action, in the interest of our fellow human beings. The object of our labors were the many hundreds of children of Maynard who were inoculated against a most terrible Ravager — a Crippler that has broken the bodies of children for untold centuries. Who is to say what the results of our efforts have been. If but one child has been spared — if but one child is free to live, to play and grow as do other happy, healthy children, then, in truth, who could say less of those efforts than that they shall have reaped, from this alone, their fullest measure of reward, beyond all possible rewards.

SMALLPOX VACCINATION

This very important clinic took place on the 8th of May at the office of the Board of Health. Twenty-three pre-school children were vaccinated by Dr. Lituri, Mrs. Marie Minasian, R.N. assisting.

DIPHThERIA CLINIC

For the second year, the Diphtheria Clinic was conducted by Dr. Lituri, using the "triple" vaccine, ie, the Diphtheria and Tetanus Toxoids and Pertussis Vaccine, combined.

As a rule, children should be immunized in infancy with the "triple" vaccine (or its equivalent) by their family physicians; and this should be followed up one year later and again at 5 to 6 years of age by a booster injection. Since it is found that a substantial number of children in the 5 to 6 age group (first graders) are not getting the boosters they should at that age, the Board of Health conducts a clinic annually, giving any child at the first grade level an opportunity of receiving such a booster injection.

The clinics were conducted for first grade pupils on December 11th at the Roosevelt and Coolidge Schools. A number of children from the Green Meadow were also inoculated with the Coolidge School group.

The Board of Health has spared no efforts to ensure the best possible equipment and technique at all their sponsored clinics. Syringes, needles and other materials are sterilized on the spot in the newly acquired Pelton Autoclave, a steam-pressure sterilizer representing the latest equipment of its type available. This has replaced, within the past year the less efficient, "horse and buggy" method of sterilization by boiling which has long been proved not always reliable in that certain pathogenic bacteria in the spore form may not be destroyed by this method even when boiled for one hour. On the other hand, in the steam-pressure autoclave such resistant bacteria are utterly destroyed in twenty (20) minutes at 270° and 15 lbs. steam pressure. Such progress in the Board of Health is reflected in the greater margin of safety for all children attending the various clinics.

MILK INSPECTION

As in past years, monthly milk and dairy inspections have been carried out by Inspector of Milk, Robert W. Rimbach of Burlington, whose reports of his findings to the board indicate that the quality of consumer milk in Maynard and the condition of local dairies is satisfactory.

At this writing the board is in receipt of a request from the Inspector of Milk for a $\frac{2}{3}$ increase in salary. The regular monthly salary for many years has been \$30.00 plus certain routine expenses. As yet, no substantial facts have been set forth to justify recommending such an increase and the board has the matter under advisement.

INOCULATION OF DOGS

The Board of Health, Joseph Dutkowski in charge, continued as usual its sponsorship of the inoculation of dogs against rabies, a service it has rendered for many years. The event took place on May 25th under the direction of Dr. O'Keefe, veterinarian, assisted by Walter J. Donohue, Dog Officer, and Stanley Harding.

INSPECTOR OF PLUMBING

Inspector of Plumbing, William F. Osbeck, reports that during the year 141 plumbing and 11 cesspool permits were issued.

ASIAN FLU

In October, on the initiative of Dr. Lituri, the Board of Health, following specific recommendations of the State Department of Public Health and other authorities, instituted an emergency "crash" program for the inoculation of all essential Town personnel against the Asian Flu.

At a time when little or no vaccine could be had anywhere, the board, through direct contact with the pharmaceutical houses producing the vaccine, finally succeeded in obtaining an emergency allotment for Maynard.

The first flu vaccine arriving in Maynard was received on the 4th of October and, within a matter of hours, a tentative inoculating schedule had been set up by Dr. Lituri. It was decided that a two-dose series would be the best plan to follow. The police and firemen were inoculated at the doctor's office on the 5th, 6th, 16th and 19th; school teachers and other personnel were inoculated at the High and Roosevelt Schools on the 8th and 17th; Town officials and employees were inoculated at Town Hall on the 9th and 18th; postal employees were done at the Post Office on the 11th and 18th. Shortly thereafter the vaccine became available for general use and it is estimated that a high percentage of the population received inoculations from their private physicians.

The first wave of the flu epidemic turned out to be rather mild, or perhaps was rendered so because of the timely inoculation of so many of our citizenry. Now, we are facing the prospects of a possible second wave, and once again speculation seems to be running high as to how severe it will be or even whether or not it will come.

THE YEAR IN REVIEW

Aside from the clinic activities of the Board of Health, 1957 was a relatively quiet year. We had fewer complaints,

particularly garbage complaints which had been inordinately numerous the year before.

During the summer, the problem at the canal, involving the accumulation and decomposition of duck weed, took up some of our time. The condition was quickly alleviated, thanks to the efficiency and prompt action of the Public Works Department.

The three-year contract for garbage collection, at the rate of \$7,500.00 per annum, was given to Walter Zina of Hudson, who has served the Town of Maynard in this capacity since 1954.

The problem on Summer Hill was brought to our attention early in February. At that time, adjacent to the standpipe or reservoir containing Town water, there was under construction a U. S. Government installation for which a conventional sewage disposal system was being proposed. It was our opinion, in which the State Department of Public Health concurred, that such a system should not be installed due to the possibility of contamination of the water supply. A safer, sealed tank system was recommended whereby the sewage instead of leaching through the ground, which is hardpan in that area, would be collected in sealed containers and pumped out periodically.

As was stated elsewhere in this report, the year was unusually active for the public health nurses. As a result, it was learned in December, through the office of Town Accountant, that the nurses had exceeded the salary budget by an amount somewhat less than \$150.00. A request for this amount was submitted forthwith to the Finance Committee in writing and was unexpectedly turned down. As a result of such perhaps unprecedented action the board was obliged to insert an article in the Town Warrant to request such funds. In the meantime, the nurses must wait for their two weeks' salary which was due them in December until after the Town Meeting in March. The board has already taken steps, which we trust will be adequate, to ensure that in future such a situation shall not arise again.

Dr. Lituri, representing the Board of Health, attended the organizational meeting of all the Boards of Health of Central Massachusetts, at West Boylston, on September 19, 1957. This new and promising organization was being developed for the purpose of bringing to mutual discussion the many and varied problems that face local health departments in their daily activities. The meeting proved an enthusiastic success; and it was noted that nearly every board was represented. Dr. Lituri serves the new organization on the Membership Committee.

BOARD OF HEALTH NURSE

Public Health Nurse, Miss Mary A. Ward, and Assistant Nurse, Mrs. Martha Champagne report that 1957 was exceptionally active. They estimate that during the year they responded to more than 5,200 calls, including many night calls — an impressive increase of about 36% above the average for the preceding 10 years. This represents an enormous amount of work from which it is not difficult to see how demanding a career, devoted to the care of the sick, can really be.

Nursing in general, like medicine, is a dedicated profession, and it is so with public health nursing. The public health nurse is an important figure in community life. Her hours are long and her work is never done, for it is a work that keeps on recurring, just as life itself recurs, in never ending cycles. Oftentimes she is taken for granted in the hustle and bustle of modern day living, and most of us hardly notice her comings and goings.

Indeed, few of us ever stop to imagine how often she might be seen on her rounds hurrying, perhaps, through the stillness of night, or the shadowy gloom of a dawning day, in rain, or sunshine, or in winter's snow — never failing, never tiring — for, to those that need her, she is eternal and tireless; and wherever she walks, there walks also cheer and comfort and hope.

The Board of Health nurses in Maynard have served us long and well. To Mary Ward and Martha Champagne, the Board extends deepest expressions of gratitude and appreciation for a job well done, and we feel certain we speak as well for the townspeople.

Respectfully submitted,

FRANK C. LITURI, M.D.,
JOHN J. JOHNSTON,
JOSEPH DUTKOWSKI, Chairman,
Board of Health.

School Calendar for 1957 - 1958

HIGH SCHOOL

Fall Term began	September 4, 1957
Closed	December 20, 1957
Winter Term began	January 2, 1958
Closes	February 21, 1958
Early Spring Term begins	March 3, 1958
Closes	April 18, 1958
Late Spring Term begins	April 28, 1958
Closes	June 20, 1958

ELEMENTARY SCHOOL

The same as for the High School except that Late Spring Term closes on June 13, 1958.

DAILY SESSIONS

Green Meadow School	8:30-11:15 A. M.	12:30-2:45 P. M.
Coolidge School	8:45-11:30 A. M.	12:45-3:00 P. M.
Roosevelt School	9:00-11:45 A. M.	1:00-3:15 P. M.
Junior High School	8:45-11:45 A. M.	1:00-3:00 P. M.
Senior High School	8:00 A. M.	1:00 P. M.

HOLIDAYS, etc.

October 25	Teachers' Convention
November 11	Observance of Veterans' Day
November 28, 29	Thanksgiving Recess
April 4	Good Friday
May 30	Memorial Day

STORM SIGNALS

Three blasts for first six grades, five blasts for entire school system. Blown at 7:15 A. M. and 12:00 P. M.

Announcements of "No School" will also be broadcast over WBZ, WEEI, WKOX, between 7 and 7:30 A. M.

Report of Maynard School Committee

To the Citizens of Maynard:

We submit herewith the report of the School Committee for the year ending December 31, 1957.

During the past year the School Committee has met regularly twice a month to act upon all matters pertaining to the Maynard Public Schools.

The following facts should be of interest to all citizens:

CHANGES IN PERSONNEL

Resignations

High School

Mary I. Queenan — Guidance Director
 Rose Terrasi — French and English (Leave of Absence)
 Sylvia Clark — Latin and English
 Ernest Glynn — Bookkeeping and Secretarial Training
 Robert Callanan — English

Roosevelt School

Dorothy Read — Grade Three

Appointments

High School

Frederick Capone — Guidance Director
 Ruth Colombo — French and English
 Margaret Ridout — English (To fill Leave of Absence)
 Edward Ryder — Bookkeeping and Secretarial Training
 Elaine Swajian — Mathematics and Science
 Marie Tobin — Latin and English

Roosevelt School

Helen Kibilda — Grade Five

During the year Mr. John Duggan was appointed Custodian of the High School and Mr. Cyril Spratt was transferred from the High School to fill the custodial position left vacant by the death of Mr. John F. Stokes, Custodian of the Emerson Junior High School.

MAINTENANCE

The School Committee has continued its program of repair and replacements in 1957. The following listing will indicate

many of the major projects completed during this time to maintain our schools at maximum efficiency:

High School

- Completed extensive electrical re-wiring to eliminate fire hazard created by overloaded circuits.
- Painted boys' basement walls
- Installed two windows in cold air rooms off laboratory
- Repaired all windows and window chains on first floor
- Installed modern light fixtures in corridor, outer office and the Guidance Room
- Replaced a set of classroom furniture in the Science Laboratory
- Replaced two typewriters as part of revolving equipment renewal plan
- Purchased a new tape recorder as an Audio-Visual Aid for all schools
- Renewed Maintenance Contract for Business Machine Service

Junior High School

- Hot topped walk and installed a catch basin on west side of school
- Replaced furniture in Principal's Office
- Changed wiring and improved electrical outlet system for use with Manual Training Machines

Roosevelt School

- Spray painted basement walls
- Replaced three complete window sashes which had rotted away
- Replaced broken radiators in floor vents of two corners of building
- Replaced window shades in Rooms 3 and 8

Coolidge School

- Added a new bell on right side of building
- Repaired fence on Parker Street
- Replaced shades in one classroom
- Replaced two teachers' desks and chairs
- Purchased typewriter and typewriter table for use by teachers in preparing duplicated materials for children

Miscellaneous

- Usual emergency repairs: plumbing, electrical, etc.
- Purchase of instruments, uniforms etc., for School Band

Alumni Field

- Resurfaced four Tennis Courts
- Replaced two Tennis Court Nets
- Spray painted and repaired all Bleachers

Repaired and painted the interior of Field House
Provided funds for the repair and reconditioning of the
Skating Rink

We have worked constantly to maintain and improve the various buildings so they will continue to be a source of pride to the Town of Maynard.

The School Committee has endeavored to provide the townspeople and children of Maynard a good educational system.

We would like to take this opportunity to thank the Superintendent of Schools, the entire personnel, and all the residents of Maynard for making 1957 a successful year in educational accomplishment.

Respectfully submitted,

NOBLE E. LOOMER, Chairman,
VIRGINIA N. ROBINSON, Secretary,
WILLIAM H. LARSON,
School Committee.

Report of Superintendent of Schools

To the School Committee and Citizens of Maynard:

I herewith submit the Annual Report of the Maynard School System for the year 1957.

Americans today are more concerned about their schools than ever before. This interest springs from many sources. A high respect for education was evident in our early history and has grown steadily since. It is based on the faith that through education, one generation can help the next to live a better life. This belief has helped us to discover and preserve all that is good and has enabled us to improve the civic, economic and social welfare of generation after generation. One has to make only a casual survey to see evidence of this faith and this respect for education. Institutions devoted to one or another of the aspects of education are all around us — schools, libraries, museums, foundations and churches. Their number and diversity demonstrate our conviction that through education, we can achieve our goals.

As the tempo of change has increased and the technology of living has become more complex, myriads of new demands have been made upon education. Truly the growing child today and the schools that serve him, have problems that increase in number and grow in complexity as time passes.

The development of radio, television, and automation in industry, and the realization that scientific discoveries in the field of nuclear fission, fusion, rockets and space travel have given man the means of complete destruction, have shocked the free world to its very foundations.

Out of this shocked state of mind has come much shallow thinking. The fact that Russia has launched a satellite does not mean that she has outstripped us in the science field. We could do the same if our efforts were concentrated on this objective as thoroughly as has been the effort of Russia. Our contention is that this country has produced and is continuing to produce scientific short cuts for the safety, comfort and physical well-being of mankind. Scientific development in medicine, engineering and industry in this country are equalled no where in the world. Now that we have been aroused to the potential danger of the misuse of scientific achievement, our efforts in addition will be turned toward neutralizing this temporary lead in space travel so thoroughly propagandized by the Soviets.

Our ability to meet the challenge of the Russian scientists does not mean that we will not have learned a costly lesson

by their achievement. We know now that we cannot sit back with the self-assurance we once had. It is essential that we keep our schools, our first line of defense, educating citizens with maximum efficiency in the fields of endeavor so necessary to the preservation of the democratic way of life. The curricula of our schools must continue to reflect the changing needs of our citizens. We must continue to provide classroom expansion to meet increasing enrollments and above all, we must use every means at our disposal to obtain the best possible teachers for the children who will be responsible for world survival in the future.

To do all this requires a united effort as our share in this great undertaking. We must take an active interest in the educational system of our Town. Its problems are our problems. Whether a community is large or small, the graduates of its schools become part of that larger group that lead or assist in the preservation of our liberties. It is our duty to see that they are as thoroughly prepared to assume their responsibilities as our schools can possibly make them.

EDUCATIONAL PLANNING

IN-SCHOOL TELEVISION

One of the major developments in Massachusetts education this year is the increasingly important place given to educational television. The impetus is probably given by the fact that the State Legislature, at the request of the State Department of Education, has passed Chapter 709;— the Educational Television Bill. This bill authorizes instruction by television and allows School Committees to include the necessary costs in the regular school budget.

The Eastern Massachusetts Council for School Television, working with the State Department of Education and School Superintendents of sixty-eight towns and cities within a twenty-five mile radius of Boston, are currently working on a plan which will make it possible for schools to integrate local educational TV (WGBH-TV) programs into their curricula activities. The programs are to be important teaching tools for all levels eventually, but for the present, they will be produced especially for elementary grades.

Massachusetts administrators realize provision should be made by participating communities to use this facility in September 1958. This state is not among the first to use In-School TV; but true to Yankee tradition, it will be one of the first to make it a cooperative venture with many communities sharing the burden and the reward. Maynard will participate in this program and provision has been made in the School Budget for the necessary expenses involved.

ADDITIONAL PERSONNEL

Beginning in September, an extra teacher will be added to the faculty of the Junior High School because of an increased enrollment at that level. Four sixth grades will enter in September to replace the three seventh grades that are there at present.

The projection of enrollment at the first grade level for September indicates that a total of one hundred forty-four pupils will have to be accommodated. This also will necessitate a new class and an additional teacher. It is particularly important to limit the size of first grade groups so that as much individual attention as possible may be given by the teacher.

Present day understanding of the learning pattern of children indicates that in a given group of pupils it can be expected that the achievement and ability to achieve will vary considerably among them. Some children learn exceptionally fast and others continually fall behind in the classroom. It is not possible for the regular teacher to give the extra time and individual help necessary to those who are not keeping pace with the class. To insure that those who need help are given the specialized attention required, a remedial teacher will be employed to determine pupil difficulties and assist each child to achieve at maximum capacity.

Remedial teachers have been employed in most school systems for many years. Maynard will find that the diagnostic skills and corrective procedures employed by them will go far toward improving the learning processes of pupils referred to them.

SALARY SCHEDULES

There has been improvement in the salary status of our teachers over the past few years. However, we cannot lose sight of the fact that there is a teacher shortage and towns and cities continue to compete for the best teachers available. If we are to attract good teachers to Maynard and if we are to keep them in our schools, we must pay salaries which are comparable to salaries paid in other communities. At present, our salary schedule pays beginning teachers with a Bachelor's Degree, the State minimum of \$3300. Most neighboring towns pay more than this and also maintain higher maximums than Maynard, for teachers with experience.

House Bill No. 375 now in the State legislature calls for a new minimum salary of \$4000 for teachers. If the bill passes in this session, it will necessarily mean a further revision of the Maynard Teachers' Salary Schedule. In

any event, it would be wise to re-evaluate our salary policy now in relation to that of comparable towns, so that we will be able to compete successfully for the best available teachers for our children.

ENROLLMENT TRENDS

As in most towns, Maynard is continuing to show an increasing enrollment. The opening of the Green Meadow School has alleviated the immediate shortage of classroom space at the elementary level. The projection of student enrollments through the year 1962 and the evidence of numbers already enrolled in our schools indicates that the Junior High School will be crowded in two years and within six years the High School will be burdened by numbers that may require a platoon system or double sessions. In the light of Maynard's increasing birth rate and the fact that each additional class added at the first grade level progressively creates a further classroom need, it might be opportune to make plans for a professional school survey so that our school facilities will be adequate for all demands made upon them in the foreseeable future.

The table below shows our enrollment as of October 1, 1957:

Grades	1	2	3	4	5	6	Sp.	7	8	9	10	11	12	Totals
School														
High										113	107	85	71	376
Junior High								80	88					168
Roosevelt	35	25	33	35	34	29								380
	34	29	30	33	33	30								
Coolidge	32	37	33	24	34	29								189
Green Meadow	39	29	32	30	35	24	8							197
Totals	140	120	128	122	156	112	8	80	88	113	107	85	71	1310

It is evident from these figures that overcrowding will soon occur at the Junior and Senior High Schools. Since we do not have any spare rooms in either building, the problem will be a serious one. Considering that each year's total first grade enrollment will soon average one hundred fifty children, we can expect eventually to strain the capacity of the facilities of the elementary levels also.

CURRICULUM EVALUATION

Consistent with good educational practice, workshops of teachers at the elementary level will begin to meet for the purpose of reviewing materials and techniques of teaching now in use. A preliminary meeting at the administrative level has already been held and the first of a number of teachers' meetings will probably have been held before this report is published. It will be our purpose in working on curriculum to have an integrated program for all grades and to have the best articulation from grade to grade we possibly can. This will call for teachers' workshops at each grade

level for the development of uniformity in each course of study and also for joint meetings of teachers of consecutive grade levels so that repetitious teaching will be kept at a minimum.

Reviews of the newest teaching materials and techniques and the exchange of ideas at these workshops should help considerably to keep our educational offering and standards on a par with the better school systems of the State.

EDUCATIONAL PROGRESS

In the light of school problems all cities and towns are facing, we still have much for which to be thankful. Our program of studies is being administered by a capable staff of educators. Excerpts and summaries from reports submitted by them will help to explain the work and accomplishments of the past school year.

ADULT EVENING EDUCATION

Two classes for beginning and advanced typists are being held in Maynard High School this year. Approximately forty adults are currently taking advantage of this instruction given by Mr. Edward Ryder of the High School faculty.

Adult Civic Education is offered in two classes: one for beginners and one for intermediates. Through the use of film strips, work books, oral and silent reading, Mr. Donald Jones, Civic Education Instructor, teaches the fundamentals of English in order to prepare these classes for future study and understanding needed in becoming well-versed, responsible citizens.

ELEMENTARY EDUCATION

The elementary educational program in Maynard has had, and properly so, its primary emphasis on the acquisition of basic skills. However, since thinking and learning have a broad social setting, the current program includes enriching experiences to effect a balanced development of intellect and personality. In keeping with this philosophy of education, our elementary pupils participated in student assemblies, seasonal sports programs, hobby shows, music instruction and appreciation, a program of religious education through Released Time Classes, contributions to worthy local drives, dancing instruction, and a program of reading for leisure.

The pupils took advantage of culturally rewarding opportunities by visiting such places as the Museum of Fine Arts, the Science Museum and Planetarium, Logan and Bedford Airports, local historic sites, Concord Museum, and Boston Symphony Hall to attend a Pops Concert.

At Emerson Junior High School the specific needs of adolescent pupils were met with challenging academic work and many extra-curricular activities, including three-sport membership in the Middlesex Junior High School League as well as intramural sports activities, evening socials, clubs, dramatics, majorettes, cheerleading and pre-game rallies.

The Roosevelt School offered its pupils educational trips, outdoor sports, individual instruction on five musical instruments, and participation in assemblies, choruses and Junior Band. The pupils presented a Christmas Play before an appreciative audience in the George Washington Auditorium.

The Coolidge School pupils enjoyed field trips, holiday socials, commemorative exercises, growing class-room libraries, glee club programs, sixth grade graduation, and monthly assemblies.

At Green Meadow School, pupils participated in baseball and basketball, folk dancing, field trips, nature study, science exhibits, assemblies, and musical instrument instruction. All pupils took part in the May Festival and the Christmas Program which were presented to the public.

State Library Certificates were issued by the Maynard Public Library to elementary pupils who completed the requirements of reading five approved books and submitting accepted book reports. The large number of pupils who received these certificates attested to their interest and achievement in worthwhile reading.

SPECIAL EDUCATION

The program of the Special Class emphasizes the development of social and vocational skills, the attainment of academic achievement commensurate with ability, and satisfactory adjustment to everyday problems now and to the world of work later.

Much of the work is related to everyday living. In reading, for example, it is important for the children to learn signs such as "Danger" and "Stop," to use a telephone directory, to fill out job applications, to address letters, to read the TV and radio listings, and to be familiar with community resources. To do these things successfully, children must possess the necessary reading skills of word analysis. Such materials are used as: *Dolch Reading Games*, *Rochester Occupational Reading Series*, *American Adventure Series* and *Hammett's Self-Keyed Number Cards*. Arithmetic is made meaningful by its close relationship with things and events familiar to the children.

Handwork and crafts are encouraged and provided through braid-weave rug-making, scarf knitting, basketry, woodwork, and metal craft.

The program is designed for the child who does not profit sufficiently from regular class instruction but who requires a modified curriculum to fit his particular needs and provide for his maximum development.

HEALTH AND ATTENDANCE

The program recommended by the State Department of Public Health is followed in Maynard.

The annual Pre-School Round-up was held in June when forty-one children were given physical examinations by the School Physician, Dr. Raymond Hooper. All candidates for competitive sports were given physical examinations also. Students in the fourth, seventh, and tenth grades will be given physical examinations this year.

A toxoid clinic for the prevention of diphtheria was held in December for first graders, at which forty-six children were given booster shots.

In June, the Junior and Senior Classes received their third inoculation of Salk vaccine for the prevention of poliomyelitis.

In November, the personnel of the schools received an inoculation for the prevention of "Virus A" influenza.

The Massachusetts Vision Test was given to all students this year by the School Nurse. Seventeen were found with defective vision and their parents were notified. With our audiometer, we can discover a "hard of hearing" child quickly and accurately. Twenty-nine pupils failed the test and treatment was recommended.

A Dental Clinic is held every Tuesday and Friday at the Town House, with Dr. Samuel Garland in charge. To date, one hundred forty-one children have requested dental permits. A dental survey of pupils in grades one through eight was made by a dental hygienist from the State Department of Dental Health. Parents were notified of the presence of dental caries.

Two hundred ninety home visits were made by the School Nurse this year. As Attendance Officer, she has made fifteen home visits to investigate the absences of truants.

ART

In all Art Classes, the aim is to develop and train both creative and appreciative talents. This has been achieved through facility with crayon, water color, finger paint, poster paint, blockprint, etching, charcoal, clay, plaster, and papier mache. Principles of design, color, construction, and illustration are studied and applied. Posters and decorations

made for school and local community groups have provided an excellent opportunity for such application.

MUSIC

The five-point plan followed in Maynard is widely recognized as the best approach to musical education for children. It comprises: 1—Singing, 2—Rhythms, 3—Listening, 4—Creative Activities, and 5—Playing of Rhythm Instruments.

Singing is of primary importance. The method is developmental, progressing from tone-matching devices to improved tone quality, understanding of the musical score and part singing.

Rhythmic sense is taught by responding to music with creative movement, by singing games, folk dancing, toy orchestras and bands. These give essential concepts for understanding rhythm.

Analysis and discussion of exemplary compositions are used to teach "active" listening and music appreciation.

Children play the autoharp, melody bells, and various rhythm instruments in conjunction with the vocal work in the classroom.

Creative activities pervade the program and are encouraged in all its phases.

Because of this exploration and experience in music, it is believed that the students will have enriched the whole pattern of their lives.

INSTRUMENTAL MUSIC

Through active musical experience, young people have gained appreciation for the work of renowned composers. Musical activity is a co-operative enterprise, for successful performance is impossible without teamwork and group spirit.

The study of an instrument develops a worthwhile attention to details of control and direction to effect a creditable presentation.

The groups participating in instrumental music are: Beginners' Band, Junior Band, Maynard School Band, and High School Dance Band.

There are three groups of Majorettes: Advanced, Intermediate, and Beginners. The Advanced Majorettes performed with the band at all its functions.

Private instruction on all band instruments is offered to Maynard pupils. The teachers this year are:

- Mr. Richard Crook — brass instruments
- Mr. Robert Nagles — wood-wind instruments
- Mr. Alan Drootin — wood-wind instruments
- Mr. Joseph Sampson — drums
- Mr. George Marshall — string instruments

PHYSICAL EDUCATION

The aim of the Physical Education Program is to encourage individual participation in many forms of physical activity in order to develop muscular co-ordination, healthy bodies, and wholesome personalities. Athletics foster the growth of good sportsmanship and co-operation. They provide valuable experiences which contribute to fruitful life in a democracy, for pupils of today and adults of tomorrow.

The Memorial Gymnasium and the All-Purpose Room at the Green Meadow School have already proved their value in the daily Physical Education Program. A less tangible but also effective result of these new facilities has been the increased civic pride apparent among Maynard youngsters acting as hosts to visiting teams.

A partial list of activities offered to pupils by this department follows:

High School

Boys	Girls
1. Gymnasium Classes	1. Gymnasium Classes

| Indoor games | | |

ALUMNI FIELD

At Alumni Field, facilities have been improved this year by the resurfacing of four tennis courts which saw increased use during the summer months. The skating rink is now maintained as a popular sports attraction during the winter months. The bleachers and the interior of the Field House have been re-painted during the year.

INDUSTRIAL ARTS

The regular program aims at imparting an understanding of principles of skillful, economical production and consumption. The boys do metal-lathe work, wood-work, processes of finishing and re-finishing; meanwhile learning the use and maintenance of tools and machinery.

In addition, during the past year the over-all efficiency of the school shop has been improved by the installation of new and more convenient tool storage and equipment racks. Machines and work benches have been refinished and painted.

New lumber storage facilities have been built to curtail waste of materials.

Students have also constructed football equipment and band instrument storage racks for the school department as a part of their regular program.

HOME ECONOMICS

In Maynard High School, the work of the Home Economics Department is planned to provide training in the fundamental skills of cooking, sewing, and home nursing. Girls are taught how to purchase, prepare, serve, and preserve food, so that the family's nutrition needs may be met and costs kept within a budget. Clothing courses are based on the selection of patterns for correct fit and proper style, the intelligent purchasing of fabrics and clothing, and the making of garments. A few basic principles of home nursing and first aid are taught so that girls may be of service at home in case of minor illnesses and accidents.

In the Junior High School, girls learn to plan, prepare, and serve refreshments at parties and luncheons. In sewing, they learn basic sewing stitches and some machine skills; at this time aprons, skirts, and blouses are made by the pupils.

DRIVER EDUCATION

This year forty-five members of the Senior Class are receiving Driver Training Instruction.

The course consists of thirty hours of classroom instruction and twelve hours in the Driver Training vehicle. The material covered includes study of the mechanics of the car itself, economical operation, and proper attitudes of the safe driver. Through the practical and theoretical knowledge thus imparted, educators are agreed that another important step is taken toward forming a responsible, competent citizenry for the future.

A 1957 dual-control Chevrolet which meets all Registry of Motor Vehicles specifications has been provided for this training by Barber Chevrolet Company of Maynard.

AUDIO-VISUAL EDUCATION

The saying, "A picture is worth a thousand words," is acknowledged to be true. However, now we need no longer choose between the two; we use one to complement the other. The simultaneous use of the two senses of sight and hearing, accomplished with the projection of sound pictures, results in faster mental impression and longer period of retention.

Sound films make it possible for even the smallest schools to avail themselves of the highest quality of teaching. Some of the highest paid and most capable educators are now working on the production of visual aids for the classroom.

Teachers now have available an almost unlimited supply of free films from which the advertising of sponsors has been eliminated. Accompany study guides are most useful.

We are members of a film co-operative located in Shrewsbury. The following schools participate: Shrewsbury, Grafton, Lyman School, Northboro, Marlboro, and Maynard. At the present time there are over one hundred seventy films from which each school can draw freely. These films have been purchased by the respective schools with the purpose of offering a maximum amount of educational aid to the teacher as well as to the pupil. Every two weeks, the representatives from the various schools meet to select films which have been requisitioned, to preview new films, and to discuss the various problems that may have arisen in their areas.

In addition to the films, there are available to the teachers such teaching aids as tape recorders, phonographs, slide and film strip projectors, and opaque projectors. All aids are in constant use within the school system of Maynard.

In the near future a new channel of visual aids will be opened to the teachers and pupils of Massachusetts. The Eastern Massachusetts Council for School Television has announced that this service will soon be provided on a full-time basis to all schools within range of Boston.

GUIDANCE

Our comprehensive Guidance Program satisfies the needs of our pupils at every grade level. This program offers five services: 1. Counseling, 2. Testing, 3. Educational Advisement, 4. Vocational Placement, 5. Educational Records and Survey.

Counseling — Individual counseling is rendered to all pupils who require it. Pupils in need of counseling either request it personally or are referred to the Guidance Director by their teachers who have become aware of the need for individual guidance.

All Seniors automatically undergo personal interviews at least twice during the year.

During the past year great stress has been placed upon counseling at the elementary level. It is felt that the more attention that can be directed toward a child during his formative years, the better the child's chances of reaching high school and well-adjusted membership in the school com-

munity. If personal maladjustments which become apparent in young children are treated promptly, they can be corrected much more easily than they could be in an older child.

Testing — As part of the regular testing program, the following tests are administered in the Maynard Schools:

Otis Test of Intelligence (Primary and Elementary)
 Stanford Achievement Test (Elementary and Advanced)
 Cooperative Comprehensive Reading Examination
 California Test of Mental Maturity (Intermediate and Adult)
 California Occupational Interest
 Minnesota Clerical Test
 Personality Profile
 Detroit Mechanical Aptitude Test

In addition to these group tests, individual tests are given to pupils when advisable. Such individual tests as the Stanford-Binet Intelligence and the Wechsler Intelligence Scale are given. These are the finest, most accurate tests available, but they cannot be given to every pupil because of the length of time required. Therefore, these tests are utilized for certain pupils when the results of group testing require further clarification.

Educational Advisement — All students may at any time, on their own initiative or through referral by principal or teacher, receive advice concerning subjects and course of study. High School students, especially, take advantage of this opportunity to receive advice and recommendations concerning future educational plans.

The department maintains a complete up-to-date reference library of catalogs, bulletins, and educational information from all pertinent colleges, junior colleges, preparatory, business, nursing, and trade schools. At present over three hundred educational institutions are represented. In conjunction with this reference library, the Guidance Department aids students in the selection of suitable schools and courses of study, obtains and processes applications, and renders many services in the admission process.

Full information concerning scholarships is brought to the attention of the pupils. This year high school students have competed in the National Merit Scholarship, Naval R.O.T.C. Scholarships, Roxbury Carpet Scholarship, and the Betty Crocker Homemaker Search.

As another important part of the program, representatives of various educational institutions visit the high school to help prospective students. This year representatives from the following schools visited Maynard High School: Harvard,

Yale, Bowdoin, Boston College, Northeastern, Worcester Polytechnic, St. Michael's, Simmons, Emerson, Worcester Junior College, Fisher Junior College, Franklin Tech., and East Coast Aero Tech. Arrangements were made for students to visit Massachusetts State, Boston University, and Salem Teachers' College.

Vocational Placement — The Guidance Department working with local and regional business establishments maintains listings of part-time work available to interested and deserving students. At present, sixteen high school students have been placed in part-time jobs. A similar service is conducted for members of the graduating class, with the Guidance Department arranging for such interviews and conferences as are necessary for full-time employment.

Educational Records and Survey — Statistical information concerning individual pupils and the education program as a whole is gathered, computed, and maintained by the Guidance Department. Such information is most helpful in evaluating the proficiency of our educational program and in the formulation of plans for the future.

In general, the Guidance Program of the Maynard Schools operates with two purposes. First, it attempts to keep abreast of all new guidance techniques, and second, it aims at assisting Maynard children to discover their own interests and capabilities so that they may be aided in formulating educational programs directed toward the attainment of their planned objectives.

CONCLUSION

It is evident from the foregoing report that your schools have been and will continue to meet the needs of the children of Maynard.

The interest and cooperation of Parents, Civic Organizations and Town Departments have been an integral part of this success.

I wish particularly to acknowledge my appreciation for the cooperation of the Maynard School Committee and for the sincere effort of the entire school personnel. Much of our success can be attributed to their unselfish devotion to duty and their willing and capable acceptance of educational responsibilities.

Respectfully submitted,

ALBERT LERER,
Superintendent.

Report of The High School Principal

Mr. Albert Lerer
Superintendent of Schools
Maynard, Massachusetts

Dear Mr. Lerer:

I herewith submit the Annual Report for Maynard High School for the year 1957.

The advent of the conquest of space during the past year has brought with it innumerable opinions, statements, and some action concerning public education in the United States. Changes, of course, can be made, but a full realization of all aspects of the situation and of the possible implications of these changes must first be considered. A substantial step in the right direction will be achieved if a respect for knowledge results from our efforts. Democracy does not mean mediocrity. Our public educational system must offer a genius an opportunity to develop his potential ability to its utmost; one must not be required to live under the social stigma of unacceptability because of his native prowess. Feigned mediocrity on the part of individuals so endowed and national catastrophe can be the only results of a failure to fully challenge the intellectually curious. The great challenge of the Sputniks to our educational system, then, would seem to be this;— We must turn out citizens who can and will use their minds and imaginations to the utmost of their capacities; the atmosphere of our educational institutions must simply and basically be one of the pursuit of knowledge.

While our aim is this optimum development of innate talents and abilities, and the encouragement of creativity wherever possible, a minimum of administrative procedures and acceptable regulations are always necessary.

It is in this last respect that the cooperation of parents is so vital. It has been said again and again that one acquires for his children the education he desires. I must commend the parents of the students at Maynard High School for their excellent cooperation with school authorities. This mutual effort has enabled us to better provide for the educational needs of the youth of Maynard.

Maynard High School is continuing to give each student the broad educational base necessary for his better understanding of our common cultural heritage. At the same

time courses which will begin to prepare a student for a possible future vocation are offered. Standard tests administered each year continue to indicate that our students are achieving satisfactorily in terms of national norms. Qualified students have achieved adequately and occasionally meritoriously in national, state, and local competitions.

A follow-up study of the class of 1957 indicates that some forty-five per cent of this class are furthering their education at colleges, junior colleges, business schools, secretarial schools or nursing schools and that the large majority of the remainder of the class is satisfactorily adjusting to occupational or service pursuits.

The first complete year of use of the Maynard Memorial Gymnasium has been very successful. The advantages of this modern facility have been appreciated by our student body which is to be commended for its careful use of this wonderful building.

Once again, the many changes in teaching personnel in the High School have required the orientation of new teachers in these positions. For the next few years the acute shortage of qualified high school teachers will be felt as never before because the large numbers of children born during World War II are now entering secondary schools throughout the country. This means, of course, that all high schools must increase their faculties. Those school systems with the most attractive salary schedules will succeed in acquiring and maintaining the services of good teachers.

On October 1st, the enrollment at Maynard High School was three hundred seventy-six, an increase of one hundred two students since October 1, 1954. The shortage of space is now becoming quite evident. During the past year an additional teacher was needed to help stabilize the sizes of our mathematics and science classes. While a large enrollment will continue, no further serious increase is envisioned for the next two years.

The program of replacement of classroom furniture and the program of maintenance and repair have helped to keep our plant in good condition. With the continuance of this program, all old student desks and chairs will soon be replaced.

In conclusion, I wish to commend the many local organizations which have shown an active interest in the welfare of the youth of Maynard and in the High School.

What has been accomplished has been made possible only through the competence, diligence, and cooperation of the High School staff which I wish to congratulate.

I wish to thank you for your support and cooperation which have been helpful to me in carrying out my duties.

Respectfully submitted,

FREDIANO D. MATTIOLI,
Principal.
