Report of the Board of Selectmen

The Board of Selectmen of the Town of Maynard respectfully submit for your approval their annual report and those of the various departments of the town government.

An examination of the report of the Town Accountant showing the various business transactions of the Town will reveal the manner in which the taxpayer's money was expended during the year 1948.

The Selectmen have met every Tuesday evening at the Selectmen's Office in the Town Building from 7 P. M. to 9 P. M., and conducted the usual order of business. Special meetings were held when necessary.

During the year the construction of Waltham Street was finished from the Sudbury Town line to Old Mill Road under Chapter 90 in connection with the State and County. This was much needed work as the bad curve and narrow road near the town line has been eliminated.

Due to the increase in cost of materials, no definite plans have been made for the year 1949 for major repairs on present buildings or the construction of new buildings.

We wish to thank all Boards, Committees and citizens for the co-operation and assistance received during the year.

Respectfully submitted,

JAMES M. MacKENZIE, Secretary
WILLIAM J. BAIN, Chairman
JOSEPH P. DINEEN

Report of Superintendent of Streets

To the Honorable Board of Selectmen:

I herewith submit my report for the year 1948 as Superintendent of the Street Department.

MAINTENANCE

The annual spring cleaning of sand from the streets and sidewalks was done. A greater quantity of sand was used due to the severe winter and in order to clear the streets within the normal time spent at this work a mechanical street pickup sweeper was hired for a short period. The street signs, posts and fences were painted.

DRAINAGE

The catch basins were cleaned; some were rebuilt and adjusted. The contract for the Storm drain trunk line from the Assabet River to Russo's property on Waltham Street was completed in the spring of the year. This project has relieved the flood conditions that had existed there.

One catch basin was rebuilt at corner of Hayes and Grant Streets; 50 feet of 12-inch C. C. pipe was laid on Douglas Avenue; 30 feet of 12-inch V. C. pipe was laid on Elmwood Street; 40 feet of 15-inch V. C. pipe was relaid on Fairfield Street.

An appropriation was made at a special town meeting for lowering and installing a larger culvert on Powdermill Road at the "Glenhaven" Housing project 152 feet of 30-inch C. C. pipe was laid and one catch basin was constructed.

STREETS TREATED WITH BITUMINOUS IN 1948

SNOW

This past winter was one of the worst winters we have ever had. We had a total accumulation of 86 inches of snow caused by 18 snowstorms and 7 freezing rain and sleet storms.

Dates of Snow Storms

January	2	10"	February	4	2"	March	2	8"
"	7	3"	"	11	4"	"	11	6"
"	9	2"	"	13	3"			—
"	13	4"	"	22	2"	Total		14"
"	17	4"	"	28	6"			
"	18	8"				November	29	2"
"	21	4"						
"	22	3"				December	19	6"
"	24	9"						
Total		47"	Total		17"			

The snow was removed from the business areas, churches and schools; all the streets were plowed and sanded.

The State Department of Public Works renewed their contract for paying one-half the cost of plowing Route 117.

Fifty sand barrels were placed at various points and 3,350 linear feet of snow fence was erected.

CHAPTER 90 MAINTENANCE

Shoulders and drainage were cleaned and the brush cut on Parker Street, Great Road, Powdermill Road, Main Street, Acton Street, Haynes Street, Brown Street and Waltham Street. 5,334 square yards of Main Street was treated with a roadmix surface; 5,067 square yards of Parker Street was treated with a seal of asphalt and oiled stone. Surface repairs were made to others where needed.

CHAPTER 90 CONSTRUCTION

Chapter 90 construction was resumed this year. Nothing of this nature has been done since before the war. The State allotted \$5,000.00 for construction on Waltham Street and the Town and County \$2,500.00 each, making a total of \$10,000.00. 1500 feet of Waltham Street was constructed with a penetrated stone base and a Bituminous concrete wearing surface. In my budget for 1949 I have requested money to complete this street.

NEW EQUIPMENT PURCHASED

No new equipment was purchased this year. I have requested in my budget for 1949 the purchase of two new trucks to replace two that were purchased in 1942, also requested for two new snowplows to replace two that were purchased in 1936.

INVENTORY

Equipment		
(Original purchase price)	\$40,719.00	
Trade-in-value		\$14,025.00
Repair and replacement parts		1,362.40
Construction Materials		1,420.00
Tools and Machinery		2,182.60
		<hr/>
Totals	\$40,719.00	\$18,980.00

GARAGE

The Garage that was constructed in 1947 has proven to be a good investment. Last winter when we were operating twenty-four hours a day and practically living there for two months, the success of our snow removal operations was chiefly due to this building because we were able to repair and maintain the equipment properly.

This fall the building was painted and a sign was erected.

CONCLUSION

The Town Accountant's report will show the expenditures of this department.

I wish to thank the Board of Selectmen and the other Town Officials for the assistance they have given me and also to the department employees.

Respectfully submitted,

RAYMOND J. SHERIDAN,
Superintendent.

Report of Inspector of Animals and Slaughtering

To the Honorable Board of Selectmen:

Gentlemen:—

I herewith submit my report as Inspector of Animals and Slaughtering for the year 1948.

During the year I inspected 608 pigs and 72 head of cattle.

Twelve barns were inspected and found to be clean. The cattle were free of antinmonycosis, barn mange, and other contagious diseases.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

John A. Crowe Park Superintendent

To the Honorable Board of Selectmen:

I herewith submit my report of John A. Crowe Park for year ending December 31, 1948.

During the year tennis courts were resurfaced, baseball diamond graded, and new benches installed.

In my budget for the year 1949, I have requested funds to grade the baseball diamond and remove stone and ledge from the outfield.

In conclusion, I wish to express my appreciation to the people of Maynard and the various town departments for the co-operation received during the past year.

Respectfully submitted,

WILLIAM F. KITOWICZ,
Superintendent.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my annual report as Sealer of Weights and Measures for the year 1948.

In submitting this report, I wish to state that at the close of the year all weighing devices and measures in the town were in good condition in accordance with the law.

I wish to take this opportunity to express my gratitude to the merchants and all those who come under the requirements of this department for their co-operation.

Balance		\$11.20

Respectfully submitted,

CLIFFORD KING,

Sealer of Weights and Measures.

Report of Shade Tree and Moth Division

To the Honorable Board of Selectmen:
Gentlemen:

This year sixty shade trees were planted in various sections of the town. One of these replaced a tree which was destroyed by gas in the previous year.

All scarred trees were painted by Cabot's Tree Healing Paint. The town's young trees were given their annual trimming and a large percentage of the old trees were trimmed.

Roadside brush was cut on Filterbed Road, Old Marlboro Road, Espie Avenue, Marlboro Street and Innegus Road.

The Dutch Elm Disease has been found in many communities surrounding Maynard, but as yet none has been observed in this town.

During the first spray of the Elm beetle, a spray of arsenic of lead and one quart creosote was used. The second spray—arsenic of lead and D.D.T. was used. The third spray for the Elm beetle, Tent caterpillar and Gypsy moth D.D.T. was used.

The fall web moth was sprayed with D.D.T. The eliminating of this moth is rather a slow process, but in time will be successful.

The Gypsy moth egg clusters, which are very few, are dealt with as they are observed.

I wish to acknowledge gratefully the co-operation extended to me by the town officials in my work.

Respectfully submitted,

WILLIAM V. HANSEN
Tree Warden and
Supt. of the Moth Dept.

Report of Police Chief

To the Honorable Board of Selectmen:

I herewith submit my annual report as Chief of Police for the year ending December 31, 1948.

During the past year all complaints received by the Police Department were properly investigated and disposed of by this Department.

TRAFFIC AND PARKING

As in previous years all traffic lines and signs have been painted in various sections of the Town. At our last annual Town Meeting a committee consisting of seven members were appointed by the Moderator to study the parking facilities of this town. A report from this committee will be made at the annual town meeting.

SAFETY

In accordance with the Town By-laws, the Selectmen have designated the following streets to be closed for sliding: Newton Drive, Elmwood Street, Florida Road, Lewis Street, Roosevelt Street and Butler Avenue. Parents should instruct their children to coast on these streets only and when they have been blocked off with barriers for coasting.

EQUIPMENT

The Police budget for 1949 includes sufficient funds to purchase a new police cruiser, to replace our present police car as it is the opinion of this Department that it is more economical to trade annually.

CRIMES vs. PUBLIC ORDER

Drunkenness	74
Driving while intoxicated	14
Driving so as to endanger	3
Delinquency	4
Escape from Bedford Hospital	1
Violation of Probation	1
Default	1
Disturbing the Peace	4

Manslaughter	1

CRIMES vs. PROPERTY

Larceny and Attempt	2
Larceny of Automobile	1

In conclusion, I wish to express the appreciation and thanks of the Police Department to all other Departments who have been of assistance to the Police Department.

Respectfully submitted,

HENRY F. PIECEWICZ,
Chief of Police.

Report of Dog Officer

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Dog Officer.

During the year fourteen dogs were quarantined on suspicion of rabies, and I released the same after 14 days. Ten dogs were buried and four stray dogs were returned to their respective owners.

At this time I want to thank the Chief of Police and his officers for their assistance.

Respectfully submitted,

JOSIAH M. HERRICK,
Dog Officer.

Report of The Board of Fire Engineers

To the Honorable Board of Selectmen:

The year 1948 has been kind to the Town of Maynard so far as FIRE is concerned. The nation has been far less fortunate, and we should be most thankful that we have not followed the national trend of rapidly rising fire losses.

Why have we been so fortunate?

We, your Board of Fire Engineers, have some very definite ideas on this question.

We feel that the citizens have been fire conscious. Care has been exercised in the use of fires and inflammables. The great majority of the public have been careful.

The small compact area of our town has reduced the time element necessarily involved between the discovery and response to a fire. A short "run" means quick response. BUT THIS IS CHANGING! The compact, thickly settled areas in our town are rapidly expanding. Our town is spreading out Parker Street, out Powdermill Road and out Great Road. More time is required to reach these localities. More care must be exercised in these sites to control fires or discover unfriendly fires so that the equipment can be summonsed at the earliest possible moment. We, as Engineers, are recommending a new and larger piece of equipment, which will be able to make these runs faster and additional fire boxes for more prompt alarms.

Our men have done their job of fire extinguishing promptly, alertly and efficiently. In this respect they have kept to a minimum the loss or damage caused by the fires that have occurred. This is due a great deal to the voluntary services of two of the call men who have slept nights in the fire station. They have increased the number of men first at the scene of a night fire by at least one and many times two. Do not be too critical of men who stay in the fire station 24 hours at a stretch. They do not represent money wasted. They represent money that has to be spent by human beings to guard against and reduce waste caused by the same human beings who will be lax or careless. Although it is hard to prove, we believe that they have saved the citizens of Maynard many times the cost of their wages, in fact, many times the cost of maintaining the Department.

Finally, the water system of our town has provided ample protection this year. Will it continue to service those same

- One blast at 9:30 A. M. and one blast at 12:30 P. M. for Supervised Recreation for Children during Summer months.

(OVER)

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

AN ACT TO PROHIBIT THE DRIVING OF VEHICLES OVER MUNICIPAL FIRE HOSE—1926, Chapter 278

Section 7A. Upon the approach of any fire apparatus which is going to a fire responding to an alarm, every person driving a vehicle on a way shall immediately drive said vehicle as far as possible toward the right-hand curb or side of said way and shall keep the same at a standstill until such fire apparatus has passed. No person shall drive a vehicle over a hose of a fire department without the consent of a member of such department. No person shall drive a vehicle within three hundred feet of any fire apparatus going to a fire or responding to an alarm, nor drive said vehicle, or park or leave the same unattended within six hundred feet of a fire or within the fire lines established thereat by the fire department. Violation of any provision of this section shall be punished by a fine of not more than twenty-five dollars. (Approved April 28, 1926.)

Remain at box until apparatus arrives.

Investigate your chimneys and keep them clean.

Do not throw lighted cigarettes.

Traffic siren means pull out and stop.

Oil stoves need to be inspected and cleaned frequently.

Drive 300 feet from fire apparatus.

Remain 600 feet from fire.

A permit is required for all open fires.

False alarms are punishable by fine or imprisonment.

How to send an alarm from box: Go to the nearest box, open door, pull lever way down once and let go, then shut door, remain at box and direct firemen to fire.

When calling headquarters by telephone for fire speak calmly and distinctly, giving street, location on street, and name of person calling; this will insure more prompt response by the firemen.

Do not allow rubbish, paper, or any inflammable material to accumulate in or about your property.

Always call the Department before attempting to extinguish a fire yourself.

The Fire Department will be enabled to render better service if these instructions are followed.

outlying areas as well in the future? It will, if we allow it to keep up with the expansion of the community. Our losses are less than other towns because we have had water where our fires have occurred. We hope we will continue to have it where fires do occur. Our recommended 750 gallon pumper will aid greatly in filling in the gaps.

WHAT DOES THE FUTURE LOOK LIKE?

We predict that 1949 will reveal problems in the use of BOTTLE GAS. This is a substance that has long been used in other parts of the United States; but only recently has its use become widespread in Massachusetts, and particularly Maynard. We have to familiarize ourselves with it and its dangers. It is very different from our old type of "city gas."

Here are some rules to bear in mind:

- (1) Learn the odor of the gas you are using.
- (2) Remember that it is heavier than air and will flow like water to the lowest place.
- (3) Only use it with equipment specifically made for or adapted to burn it.
- (4) REMEMBER THAT IT IS EXPLOSIVE ALMOST AS SOON AS YOU CAN SMELL IT.
- (5) Call your service man and the Fire Department if you suspect a leak.
- (6) The firemen are instructed to extinguish all possible fire and electrical equipment in the area, if a leak is suspected, to prevent an explosion.

We do not mean to infer that the gas is not recommended for your use. We merely call to your attention these rules, that you may use it safely.

We predict an ever increasing number of fires caused by OIL BURNERS. Have your burner checked by your service man regularly, and do not tamper with it yourself unless you are qualified. Range burners should be adjusted by regular servicemen and left alone. They adjust them to prevent overflowing and flooding. Do not raise the oil bottles to increase the fire in your stove.

We predict the usual number of brush fires, dump fires and chimney fires. All of them could be avoided by care, but we do not expect that they will be.

WHAT PROGRESS HAVE WE MADE?

What have we done to better the town and the Department this year? We feel that we have done many things to improve us for the future.

We have revived Mutual Aid between towns. We have met with the fire departments from surrounding towns to perfect plans in the event that outside help is needed or that outside towns need our help. With the spreading of our town and adjoining towns, this is becoming more important. There will come a time when we will have to join a Mutual Aid system such as suburban Boston now has, with interchange of alarms, men and apparatus. We are planning ahead to that day. No town or city can afford enough men or equipment to meet every possible emergency and our plans are intended to accomplish this protection.

We now have on Engine No. 1 an E & J Resuscitator, kindly donated to the town and placed in our care, by the Maynard Public Nursing Association. This is the best and latest instrument for respiration, inhalation and resuscitation yet made. This is one more step toward perfection in life saving. We wish to publicly express our gratitude to this Association for the gift and the opportunity to give a victim one more chance for recovery.

We have jacked up the south wall of the fire station and it is once more sound. More interior work will have to be done; but we believe that it can wait until another year.

We have moved two fire boxes this year to points where we believe they will be of more service. Box 41 was moved from the Fire Station to a point near the High School. We felt with someone constantly on duty at the station, no box was necessary there, while the High School, Auditorium and Junior High School represented one of the largest investments of town money and should have the benefit of this protection. Box 43, formerly at Bent Avenue and Summer Street was then too near Box 41 and was moved to Pompiacut Avenue and Summer Street. Next year we hope to add two or three more new boxes to the system to cover outlying locations.

We tried a new innovation during Fire Prevention Week. When we went to the schools for fire drills, we went in civilian clothes and without fanfare. We blocked several exits and rang the fire alarm. Your children displayed extraordinary intelligence. They had never been faced with these obstacles before and yet cleared the building in practically the same time as in past fire drills. We feel that they would show the same intelligence if faced with a real emergency.

We are not unmindful of the co-operation of the Police, Street Department, telephone operators and many citizens who have aided us in our job. For that we say "Thank You."

STATISTICS: DUTIES PERFORMED

Number of Alarms	126
Box Alarms	11

Report of the Forest Warden

To the Honorable Board of Selectmen:

The following is the report of the Forest Warden, for the year ending December 31st, 1948.

DUTIES PERFORMED

Permits issued for open fires	179
No. of feet of Booster and Forest Fire hose laid—7.510 $1\frac{1}{8}$ "	
No. of telephone calls	22
Box Alarms	3
Out of town calls	None

Our largest brush fire for the year occurred on November 1, 1948, at The Rod and Gun Club, where twenty-five acres of timber and brush were burnt over, which was caused by carelessness:

The following fire equipment for fighting brush fires is housed at the Fire station on Nason Street.

Spray cans, shovels, and other small equipment:
 1 four wheel trailer pump.
 2300 feet of $1\frac{1}{8}$ " forest fire hose.

Respectfully submitted,

RICHARD ALLAN,
 Forest Warden.

Town Clerk's Report

For the year ending December 31, 1948

★

Information desired, not printed herein, will be courteously supplied upon request to the Town Clerk.

ELEANOR JONES,
Town Clerk.

Proceedings of Town Election

Held March 1, 1948

The voters of Maynard cast their ballots for Town Officers in accordance with Town Warrant No. 417, from 8 o'clock A. M. to 8 o'clock P. M., at George Washington Auditorium.

The polling place was prepared by the Town Clerk as required by General Laws.

The Town Clerk called the meeting to order at 8 o'clock A. M.

On motion duly made and seconded it was voted to waive the reading of the warrant

Article 1. Philip A. Wilson was nominated for moderator.

No other nominations were made.

The Town Clerk called for balloting and the check list was used.

Evelyn M. Mulcahy checking.

All the ballots cast were for Philip A. Wilson and he was sworn as Moderator by the Town Clerk.

The ballot boxes were then examined by the Moderator and Clerk, the registers set at 0000 and the keys placed in the keeping of Constables Henry T. Piecewicz and Edward S. Johnston.

Ballots and check lists were delivered to the Ballot Clerks and a receipt taken therefor. The voting lists contained the names of 3623 voters.

The Ballot Clerks, sworn by the Town Clerk, were as follows: Sylvester Sullivan, Bertha L. Davis, Mary E. Schnair, Evelyn M. Mulcahy, Helen M. Gilleney, Martha L. Champagne, Helen V. MacDonald, Helena M. Murphy, William P. Rourke, Marion L. Jones.

Voting was according to usual custom: Area 1—A to L, Area 2—M to Z. Two ballot boxes used.

The Moderator declared the polls open at 8:05 o'clock A. M.

Tellers appointed by the Selectmen were sworn as follows:

Elsie P. Brayden	Arthur F. Croft
Dorothy E. Hamlin	Elizabeth M. Farrell
Grace H. Whitney	Mary A. Hopp
	Eleanor M. Sheridan

Marion B. Wilcox
 Laura Quinn
 Mabel A. Bemis
 Mary Mayberry
 Julia E. White
 Freddie E. Fairbanks

Helen M. Hinds
 Eva H. Evans
 Alice L. Joyce
 Gertrude Duggan
 Myrtle A. Whitney

Counting began at two o'clock P. M., the Moderator and Town Clerk agreeing thereto.

The polls were closed at 8 o'clock P. M.

The total number of ballots cast was two thousand three hundred and forty-one (2341).

The register on the ballot box in Area 1 registered Twelve hundred and fifty-three (1253).

The register of the ballot box in Area 2 registered. Ten hundred and eighty-eight (1088).

The result of the balloting was completed and announced by the Town Clerk at 9:45 o'clock P. M.

FRANK E. SANDERSON,
Town Clerk of Maynard.

I, Eleanor Jones, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard, Massachusetts.

ELEANOR JONES.

Subscribed and sworn to this second day of March, 1948, before me,

FRANK E. SANDERSON,
Town Clerk of Maynard.

A true copy,
Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting

Held March 8, 1948

Pursuant to Town Warrant No. 418 the annual meeting to consider appropriations for the year 1948 was held at George Washington Auditorium this evening.

Moderator Philip A. Wilson presided.

The meeting was called to order at 7:30 o'clock P. M.

On motion of Benjamin M. Piecewicz — Voted to waive the reading of the warrant.

Article 1. Voted, on motion of Town Clerk Sanderson to accept the reports of Town Officers and Committees and the report of the Town Accountant as printed in the "Annual Reports of the Town Officers of the Town of Maynard for the year ending December 31, 1947.

Harold J. Morgan, Secretary of the Finance Committee, read a report showing the recommendations of said committee.

Said report was filed with the Town Clerk.

Article 2. The Moderator announced the following appointments to the Finance Committee for three years:

Harold R. Goodwin, Sworn March 16, 1948

R. Frank Punch

James O. Campbell, Sworn March 12, 1948

Mr. Punch declined to serve and the Moderator stated he would name the third appointee later.

Joseph Byrne, Sworn April 22, 1948

Article 3. On motion of Harold J. Morgan — Voted to appropriate the sums named in all sub-sections of this Article with the exception of Nos. 36, 43 and 44. The amounts in sections accepted being the same requested and recommended.

Article 58. On motion of William Naylor — Voted to revoke the action of the Town in its meeting of July 21, 1947, when it was voted favorably upon Article 11 of the Warrant therefor; to wit: authorizing the Town to borrow the sum of one hundred thousand (\$100,000) dollars in order to carry out the provisions of Chapter 372 of the Acts of 1946, as amended by Chapter 568 of the Acts of 1946 and as further amended by Chapter 479 of the Acts of 1947, and as contained in General Laws (Ter. Ed.) Chapter 121, sections 26 I to 26 NN, in order to provide housing for Veterans and others in the Town and to be expended by the Veteran's Housing Committee.

The meeting adjourned at 10:30 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting

Held April 22, 1948

Pursuant to Town Warrant No. 419 a town meeting was held on the above date at the George Washington Auditorium.

Moderator Philip A. Wilson called the meeting to order at 7:30 o'clock P. M.

On motion of Harold R. Goodwin — Voted to waive the reading of the warrant.

Article 1. Harold R. Goodwin, Secretary of the Finance Committee, read the report of said committee. On motion of R. Frank Punch — Voted to accept the report and place it on file.

Auno Koskinen read a report for the committee appointed March 8th, 1948 to investigate the increased cost of schools.

On motion of John T. Higgins — Voted to accept said report. A copy of same is on file in the Town Clerk's office.

Article 2. No vacancies.

Article 3. Harold R. Goodwin moved that \$130,148.00 for school department salaries and \$37,352.00 for school department maintenance be appropriated.

Benjamin M. Piecewicz offered an amendment as follows:

That the sum of \$134,847.00 be appropriated for school department salaries and that the sum of \$37,352.00 be appropriated for the maintenance of the school department and in addition thereto the sum of \$17,472.00 be appropriated from the Post War Fund and the Town Treasurer be authorized to sell said War Bonds for the purpose of restoring the Woodrow Wilson School so that it will be suitable for occupancy by remodeling, renovating, reconstructing, including installation of sanitary facilities, electrical wiring and equipment, etc.

The amendment of Mr. Piecewicz was voted thereby appropriating:

For School Department Salaries	\$134,847.00
For School Department Maintenance	37,352.00
For remodeling, reconstruction and renovating the Woodrow Wilson School	17,472.00

Article 4. On motion of William J. Bain — Voted that the sum of \$1,350.00 be transferred from excess and deficiency

for the purpose of lowering, enlarging the drain-pipe, constructing necessary manholes and catch basins, and extending the drainage pipe a distance of approximately 100 feet from the road on Powdermill Road, across from the so-called "housing project."

To further authorize the Board of Selectmen to obtain the necessary easements and rights of way or to do anything lawfully pertaining thereto.

The meeting adjourned at 9:17 o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

Proceedings of Presidential Primary

Held April 27, 1948

Pursuant to Town Warrant No. 420 a Presidential Primary was held on the above date in George Washington Auditorium.

The polling place was prepared by the Town Clerk in accordance with the requirements of General Laws.

Ballots and check lists with enrolled voters designated thereon were delivered to the Ballot Clerks, who were duly sworn by the Town Clerk as follows:

William P. Rourke, Helen V. McDonald, Martha L. Champagne, Grace M. Stokes, and Helena M. Murphy.

In anticipation of a light vote only one ballot box was used and Constable Edward S. Johnston was in charge of the same and held the keys through the hours of balloting.

The Ballot Box was examined by the Town Clerk and Selectman James M. MacKenzie before the opening of the polls, declared empty, the register tested and set at 0000.

At two o'clock P. M. Selectman MacKenzie called the meeting to order and on motion by John F. Stokes, duly seconded, it was voted to waive the reading of the warrant.

The polls were then declared open.

At five o'clock P. M. the following Tellers were sworn by the Town Clerk:

Arthur T. Croft
 Elsie P. Brayden
 Mabel A. Bemis
 Freddie E. Fairbanks

Elizabeth M. Farrell
 Eva H. Evers
 Helen M. Hinds
 Sylvester Sullivan

By a vote of the Board of Selectmen to authorize the Election officers to remove ballots from the box for the purpose of counting same before the polls were closed the Town Clerk removed ballots from the ballot box at 5:30 o'clock P. M. when the register indicated 62, and counting began immediately.

The polls were closed at eight o'clock P. M. by Selectman Joseph P. Dineen.

The number of ballots cast was One hundred and twenty-nine (129).

The register on the ballot box was at one hundred and twenty-nine.

The ballots showed that 25 Democrats and 104 Republicans had voted and the lists at gate and box checked the same.

The tabulating was done by the Town Clerk and Assistant Town Clerk Eleanor Jones.

The result of the balloting was announced at 9:30 P. M. as follows:

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of State Primary

September 14, 1948

In accordance with Town Warrant No. 421 a State Primary for the nomination of Candidates of Political Parties was held at the George Washington Auditorium.

Selectman James M. MacKenzie called the meeting to order and on motion of Frank E. Sanderson, duly seconded, Eleanor Jones was nominated and elected Clerk of the meeting, by ballot.

On motion of John F. Stokes — Voted to waive the reading of the warrant.

The Polls were then declared open at 2 P. M.

Before the opening of the polls Selectman MacKenzie and the Town Clerk examined the ballot boxes, found them empty, set the registers at 0000, locked them and placed the keys in

the custody of Constables Henry F. Piecewicz and William J. Spratt.

The following Ballot Clerks, appointed by the Selectmen, were sworn by the Town Clerk:

Area 1 A to L

Sylvester Sullivan

Bertha L. Davis
Mary E. Schnair

Evelyn M. Mulcahy
Helen M. Gilleney

Area 2 M to Z

Freddie E. Fairbanks

The Ballot Box was in charge of Constable Spratt.

Martha L. Champagne

Helen V. MacDonald

Grace M. Stokes

Helena M. Murphy

The Ballot Box was in charge of Constable Piecewicz.

Republican Ballots and Democrat Ballots, also duplicate check lists containing 3840 names (enrolled Democrats—852; enrolled Republicans 978) were delivered to the Ballot Clerks by the Town Clerk and a receipt taken therefor.

The Selectmen having authorized the opening of the ballot boxes before the close of the polls, ballots were removed at 6 P. M. and counting began by the following appointed by the Selectmen and sworn by the Town Clerk:

Tellers

Arthur F. Croft
Elsie P. Brayden
Dorothy E. Hamlin
Mabel A. Bemis

Alice L. Joyce
Gertrude Duggan
Helen M. Hinds
Elizabeth M. Farrell

Tabulators

Mary Mayberry

Laura Quinn

The polls were declared closed at 8 P. M.

Total number of ballots cast — 196

Republican — 119 Democrat — 77

Total names check as having voted — 196

Republican — 119 Democrat — 77

Area 1: Republican — 67 Democrat — 43 Total — 110

Area 2: Republican — 52 Democrat — 34. Total — 86

Ballot Box Area 1 showed 110 ballots cast

Ballot Box Area 2 showed 86 ballots cast

The result of the count was announced at 8:30 P. M. as follows:

Proceedings of State Election

November 2, 1948

In accordance with Town Warrant No. 422 an election was held in George Washington Auditorium for Electors of President and Vice-President, National, State and County Officers and to vote on questions submitted to voters.

Selectman Joseph P. Dineen presided and called the meeting to order at 8 A. M.

On motion of Lester Cowles — Voted to waive the reading of the warrant.

On motion of Frank E. Sanderson, Eleanor Jones was nominated and elected clerk of the meeting, by ballot.

The polls were declared open at 8:03 A. M.

The following Ballot Clerks were appointed by the Selectmen and sworn by the Town Clerk:

Area 1 A to L

Gate

Timothy F. Hickey

Bertha L. Davis

Evelyn M. Mulcahy

Mary E. Schnair

Helen E. Gilleney

Constable William J. Spratt at the Box

Area 2 M to Z

Gate

Albert Coughlan

Martha L. Champagne

Helen V. MacDonald

Grace E. Stokes

Helena M. Murphy

Constable Henry T. Pieciewicz at Box

Official Ballots and duplicate check lists containing 4,038 names were delivered to the Ballot Clerks and a receipt taken therefor.

Previous to opening the polls, the Presiding Officer and Town Clerk examined the Ballot Boxes, found them empty, set the registers at 0000 and after locking them the keys were put in charge of the Constables.

The Selectmen having authorized the opening of the ballot boxes when necessary, Ballots were removed and counting began at 10:15 A. M. by the following Tellers appointed by the Selectmen and sworn by the Town Clerk:

Arthur F. Croft	Alexandra Larkin
Elsie P. Brayden	Laura Quinn
Dorothy E. Hamlin	Marion B. Wilcox
Marion L. Jones	Mabel A. Bemis
Elizabeth M. Farrell	Eva H. Evers
Helen I. Mullin	Gertrude Duggan
Alice L. Joyce	Helen M. Hinds
Sylvester Sullivan	Catherine B. Johnston

Tabulators

Myrtle Whitney	Helen M. Connors
----------------	------------------

An additional table of Tellers was appointed by Selectmen and sworn by Town Clerk and began counting at 5 P. M. as follows:

Beverley Allan	Agnes V. Driscoll
Freddie E. Fairbanks	James V. King

Louise Webster also reported for work at 3:30 and folded ballots and substituted during temporary absence of various workers after being sworn.

The polls were declared closed at 8 o'clock P. M. by the presiding officer. After the close of the polls the Presiding Officer and Town Clerk cast thirty-four (34) Absent Voter Ballots (33 regular absent voter and one War Ballot).

A discrepancy between the check list and ballot box developed during the voting in Area 1. Constable Spratt reported that several times ballots caught in the rollers and registered twice before being released. The final count showed that 1879 ballots had been cast in Area 1 — A to L.

The check lists and Ballot Box in Area 2 — M to Z showed that 1719 ballots had been cast.

The total number of ballots cast was 3,598. The result was announced by the Town Clerk at 3:35 A. M. Wednesday, November 3rd, 1948, and was as follows:

Question No. 1

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 28, 1945, received 227 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 9, 1947, received 232 votes in the affirmative and 8 in the negative?

SUMMARY

This proposed amendment to the Constitution adds to the declaration of the rights of the inhabitants, as now set forth in the Constitution, the following: "The right of free speech shall not be abridged."

Yes	2101
No	363
Blanks	1134

Question No. 2

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 6, 1946, received 220 votes in the affirmative and 28 in the negative, and in a joint session of the two branches held June 9, 1947, received 228 votes in the affirmative and 5 in the negative?

SUMMARY

This proposed amendment to the Constitution provides that the use of revenue from fees, duties, excises or license taxes relating to the registration, operation or use of vehicles on public highways or to fuels used for propelling such vehicles, except revenue from any excise tax imposed for the privilege of registering such vehicles in lieu of local property taxes, shall be for highway purposes only.

Yes	2161
No	357
Blanks	1080

Question No. 3

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 6, 1946, received 243 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 3, 1948, received 231 votes in the affirmative and 9 in the negative?

SUMMARY

This is an amendment of Article XVII of the Amendments to the Constitution. It provides that in case of a failure to elect the secretary, treasurer and receiver general, auditor or attorney general of the Commonwealth, or in case of the death of a person elected to any of such offices between the day of election and the third Wednesday of the following January, such an officer shall be chosen by a joint ballot of the senators and representatives from the people at large, instead of from the two persons who had the highest number of votes at the election as is now required. It also provides that if there is a vacancy in any of such offices during a session of the Legislature the vacancy shall be filled in like manner by choice from the people at large, but if the vacancy occurs at any other time it shall be filled by appointment by the Governor, with the advice and consent of the Council.

No	2637
Blanks	423

Question No. 6

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 82 in the affirmative and 126 in the negative and in the Senate by a vote of 13 in the affirmative and 20 in the negative?

SUMMARY

This measure requires that elections of officers of labor organizations shall be held at least annually. Sixty days' notice of a regular election and twenty days' notice of an election to fill one or more vacancies are required to be given by public announcement at a regular meeting, by notice in writing to each member, or in any other adequate manner. Candidates to be voted for must be nominated by a paper signed by ten members filed at least thirty days before a regular election and at least ten days before an election to fill a vacancy.

The voting at such an election must be by secret written or printed ballot. Watchers appointed by nominating members and by union officers may be present during the voting and counting of ballots.

Coercion and intimidation of members in connection with an election is prohibited, and violations of the provisions of the measure are made punishable by fine of not less than twenty-five dollars nor more than two hundred dollars or by imprisonment for not more than thirty days or both.

Question No. 7

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 95 in the affirmative and 110 in the negative and in the Senate by a vote of 14 in the affirmative and 18 in the negative?

SUMMARY

This measure prohibits the calling of a strike by a labor organization in any business or plant or unit thereof, except

when authorized by the vote of the majority of all the members of the organization employed in the business, plant or unit thereof. Such authorization is to be expressed by a secret written or printed ballot at a meeting called for that purpose.

The Labor Relations Commission is authorized to make rules for the conduct of the voting. Within twenty-four hours after the voting the labor organization conducting it shall make a written report of the result to the commission, which shall be a permanent public record. If no report is filed the vote taken shall be void and a person making a false report shall be guilty of perjury.

Coercion and intimidation of members of a labor organization in connection with such voting is made a penal offense.

Question No. 8

Is it desirable that the proposed amendment to the Constitution of the United States,—

“ARTICLE —

“SECTION 1. No person shall be elected to the office of the President more than twice, and no person who has held the office of President, or acted as President, for more than two years of a term to which some other person was elected President shall be elected to the office of the President more than once. But this Article shall not apply to any person holding the office of President when this Article was proposed by the Congress, and shall not prevent any person who may be holding the office of President, or acting as President, during the term within which this Article becomes operative from holding the office of President or acting as President during the remainder of such term.

“SECTION 2. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several States within seven years from the date of its submission to the States by the Congress,”—be ratified by the general court?

Yes	1402
No	987
Blanks	1209

Question No. 9

A. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale

beverages, wines and all other alcoholic beverages) ?

Yes	2097
No	894
Blanks	607

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt btverages (wines and beer, ale and all other malt beverages) ?

Yes	2041
No	820
Blanks	737

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises ?

Yes	2207
No	724
Blanks	667

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Town Meeting

Held November 22, 1948

In accordance with Town Warrant No. 423, a special Town Meeting was held on the above date in George Washington Auditorium.

Moderator Philip A. Wilson presided, called the meeting to order at 7:30 P. M. and read the warrant.

Article 1. There were no reports of Town Officers or Committees.

Article 2. No vacancies to be filled.

Article 3. On motion of Alton W. Sims — Voted that the Town transfer from the Excess and Deficiency funds the sum of \$2,000.00 for Old Age Assistance.

Article 4. On motion of James M. MacKenzie — Voted to transfer from the Excess and Deficiency funds the sum of \$3,000.00 for Welfare Department Maintenance.

Article 5. On motion of Alton W. Sims — Voted to transfer from the Excess and Deficiency funds the sum of \$450.00 for Welfare Department Salaries.

Article 6. On motion of Peter T. Peterson — Voted that the Town transfer from the Water Department Surplus to the Water Department the sum of \$2,000.00 for the purpose of completing the installation of a new pumping unit at the White Pond Pumping Station.

On motion of Joseph P. Dineen — Voted to adjourn.

Meeting adjourned at 7:37 P. M.

Attest:

ELEANOR JONES,
Town Clerk.

Proceedings of Town Meeting

Held December 20, 1948

In accordance with Town Warrant No. 424 a special Town Meeting was held at the George Washington Auditorium, on the above date.

Philip Wilson, Moderator, presided and called the meeting to order at 7:30 o'clock, P. M.

The Warrant was read by the Moderator.

Article 1. No reports of Town Officers or Committees.

Article 2. No vacancies in Town Offices.

Article 3. A motion was made by Aune R. Koski, which was seconded, as follows: "Moved that the sum of \$2,900.00 be transferred from the Excess and Deficiency Fund to the School Department and used for the purpose, starting the first day of the winter term, 1949, of providing transportation morning, noon, and afternoon, of elementary school children from outlying sections, where traffic hazards exist, due to lack of sidewalks, excessive motor travel, and other causes."

The following amendment was made by William Naylor, and seconded but later withdrawn:

"Moved that the Town provide, from the School Department appropriation to be made for 1949, the sum of \$1,000.00 to provide transportation for ten weeks in 1949 for School Pupils from outlying sections of the town to schools in the town; that the School Committee be authorized to determine the route or routes of auto transportation, what pupils shall be carried and to which school the pupils shall be delivered."

An amendment was made by James M. MacKenzie, duly seconded, and it was — Voted that the sum of \$2,900.00 be raised from 1949 revenue to the School Department and used for the purpose, starting the first day of the winter term 1949, of providing transportation morning, noon, and afternoon, of elementary school children from outlying sections, where traffic

hazards exist, due to lack of sidewalks, excessive motor travel, and other causes.

On motion of Donald A. Lent — Voted to adjourn at 8:40 o'clock, P. M.

Attest:

ELEANOR JONES,
Town Clerk.

IMPORTANT REQUEST

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

NOTICE

Chapter 51, Section 4 of the General Laws, require the Board of Registrars to list all persons twenty years of age or over, thereby making necessary a canvass in January of each year.

Persons who fail to give full and correct information, may cause difficulty and inconvenience to members of their household, especially if names not given are of registered voters, as names not listed in the annual canvass must be removed from the voting list by Registrars.

Co-operation on the part of householders is therefore respectfully solicited in order that lists may be as correct as possible, thus preventing inconvenience or injustice to any voter.

ELEANOR JONES,
Town Clerk.

Report of The Board of Registrars of Voters

To the Board of Selectmen

Gentlemen:

The Board of Registrars of Voters submits the following report for 1948.

The Annual Listing of all residents of the town (men and women) twenty years of age and over, was made by the following: Albert Rogers, John Colombo, Mary Mayberry, Marion L. Jones, Peter Pronko, George Sharpe and James Buscemi, from January 5th to January 10th. Four hundred and seventy-five books, containing 5189 names were printed.

As usual in a State and Presidential Election year a large number of voters were registered. The following changes occurred in the Voting List during 1948:

	Men	Women	Total
Voters January 1, 1948	1914	1781	3695
Registered in 1948	287	310	597
	<hr style="width: 50%; margin: 0 auto;"/>	<hr style="width: 50%; margin: 0 auto;"/>	<hr style="width: 50%; margin: 0 auto;"/>
	2201	2091	4292
Removed in 1948			
Not listed	141		
Deceased	85		
Married	27		
	<hr style="width: 50%; margin: 0 auto;"/>		
	128	125	253
	<hr style="width: 50%; margin: 0 auto;"/>	<hr style="width: 50%; margin: 0 auto;"/>	<hr style="width: 50%; margin: 0 auto;"/>
	2073	1966	4039

The Board of Registrars feels that some new voting equipment should be purchased during the next three years, as the present booths and railing are in poor condition. An item for a new railing has been put in the 1949 Budget.

The members of the Board wish to express their appreciation of the work done by Frank E. Sanderson as Clerk of the Board of Registrars for so many years, until his retirement, September 1, 1948. We feel that no town or city in the Common-

wealth has been better served by a public official than Maynard has by Mr. Sanderson, both as Town Clerk and Clerk of the Board of Registrars.

Respectfully submitted,

JOHN C. BRAYDEN, Chairman
REGINALD JONES
ALEXANDER J. BOURKE
ELEANOR JONES

Board of Registrars of Voters.

Assessors' Report

To the Board of Selectmen:

The Annual Report of the Board of Assessors for the year 1948, is herewith submitted.

In accordance with the provisions of General Laws, Chapter 59, Section 29, all owners of taxable property shall each year, on or before the 31st day of January, submit to the local Assessors, a list with the valuation of their taxable property. Notices were posted, and forms may be obtained at the Assessors' office in the Municipal Building.

All Male Inhabitants who are 70 years of age and over, and who wish to be exempted from the payment of a Poll Tax, must make a request in writing on a form furnished at the office of the Assessors.

EDWIN CARLTON,
 CHARLES B. KEENE,
 ALRIC B. FRENCH
 Board of Assessors.

Report of Cemetery Commissioners

To the Honorable Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

Owing to the increased sales of four grave lots, it was necessary during the past year to transform three large sections into lots of this size. These lots are marked off by cement corner posts made by the cemetery employees. The blueprints have been revised and there are now on hand enough lots to last for several years.

Several markers have been reset and most of the larger trees trimmed. Repairs were made on the tool house and it also received a coat of paint.

In conclusion, we wish to thank the citizens and the various departments for their co-operation during the past year.

Respectfully submitted,

ERNEST E. JOHNSON,
GUYER W. FOWLER,
JACOB LAURILA,
Cemetery Commissioners.

Report of Superintendent of Glenwood Cemetery

To the Cemetery Commissioners:

I herewith submit the report of the Superintendent of Glenwood Cemetery for the year 1948.

The flowering shrubs and evergreens throughout the cemetery were trimmed and shrub beds cultivated.

This past spring the avenues in the old section were lined and weed killer applied. However, owing to the scarcity and rising cost of this material, no weed killer has been applied

to the new section for the past two years. It shall be necessary this year to purchase additional weed killer for this purpose.

During the year over three hundred sunken graves were filled and repaired and all underbrush cut and burned.

In conclusion, I wish to thank the Commissioners for their kind help during the past year.

Respectfully submitted,

ROY E. MARSDEN,
Superintendent of Glenwood Cemetery.

Report of Library Trustees

To the Citizens of the Town of Maynard:

We herewith submit the report of the Librarian and Trustees for the year 1948.

We are indebted to the following Libraries for the loan of books:

The Division of Public Libraries, Boston
Public Library, Concord, Lynn, Pittsfield and Newton.

The following have donated books or magazines to the Library, for which we express our thanks:

The Rotary Club of Maynard
The United Co-operative Society
The Metropolitan Life Insurance Co.
The Grace Line, Inc.

The Statistical Report is as follows:

Books in the Library, January 1, 1949	12,933
Discarded	50
Lost Books	17
Borrowed	230
Bound	60
Purchased	365
Magazines	39
Daily Paper	1
Weekly Paper	1
Fines Collected	\$118.62
Circulation	27,662

Yours Respectfully,

OLIVE R. MORGAN,
Librarian.

Another year has come and gone, and the Library Trustees again urge you to use the Library more and more each year.

We have the best facilities we can get, but if you want more, we have the privilege of borrowing from any Library in the United States. So, no matter what you want we can satisfy you.

The year 1948 will go down in history as an illustrious year, full of eventful happenings.

One of the biggest events in the United States was the presidential election.

This makes the fifth year in succession that a Democratic administration has been elected.

Harry S. Truman, who succeeded to the Presidency on the death of President Franklin D. Roosevelt, was elected president, much to the chagrin of practically all the political pollsters, who didn't concede him a chance.

Even after the so-called "Solid South" bolted the party and formed one of their own called "Dixiecrats"; and Henry A. Wallace, former Democratic Vice-President, formed a party of his own and called it the "Progressive Party." This party had leftest leaning according to many people.

What has this got to do with the Maynard Public Library? Probably nothing directly. But great events that take place in the world will be recorded in the encyclopedias, reference books and so forth, which it is the business of any Library to have available for the use of the general public.

During the past year we installed four fluorescent lights in the Main Reading Room, and venetian blinds on all the front windows.

We feel that these additions make the Library a lighter, brighter and more attractive place to spend a few hours each day.

We also added a new Compton's Encyclopedia of 15 volumes, which is the latest and most up-to-date set of its kind. This makes our Reference Library as complete as that of any small Library in the country.

The Trustees want to thank the Librarian and her Assistant for the able manner in which they conduct the business of the Library.

We close by urging all of you to use your Library more than you do, so, you too, may take advantage of the many things it offers.

Respectfully submitted,

JOHN E. HANNON, Chairman
ROBERT LESTER, Secretary
NELLIE C. MAY
Maynard Public Library Trustees.

Report of the Board of Health

To the Board of Selectmen:

During 1948 the Board of Health conducted their regular Diphtheria, Small Pox, Vaccination, and School Dental Clinics, plus milk inspections, the x-raying of a large number of persons, a food survey with a course for those employed as food workers, and the annual immunization of dogs for protection against rabies.

DIPHTHERIA CLINICS

For the seventeenth year the Board of Health has conducted a diphtheria clinic with a total of 85 children at clinics conducted by Dr. R. E. Hooper, assisted by Miss Mary A. Ward, Miss Edith Foster, and Mrs. Doris Allan, all R. N.'s. During 1948 the State Health Department gave Booster Doses to 70 High School students, after finding out that children of those ages throughout the state had contacted the disease. It is the duty of every parent to have their child, on reaching the age of six months, immunized against the dreaded Diphtheria. This may be done either by the family physician or by one of our annual clinics. Cases of Diphtheria have shown an alarming increase during the past few years, although not a single case has been reported in Maynard.

VACCINATION CLINICS

Dr. S. M. Cremer, assisted by Miss Mary A. Ward, Miss Edith Foster, and Mrs. Doris Allan, vaccinated 76 children this year at the annual clinics. Parents are reminded that children should be vaccinated on reaching the age of six months for their own protection against the disease.

SCHOOL DENTAL CLINICS

Teeth have a definite and important part to play in maintaining health. It is vitally important that the teeth of growing youngsters be kept and given proper attention to. The School Dental Clinics conducted by Dr. F. A. May, Dr. S. R. Garland, and assisted by Miss Edith Foster, have proven to be important factors in the child's life.

DOG CLINICS

An all-time record total of 268 dogs were inoculated against rabies this season. Dr. Stedman, of the late Dr. G. O'Malley staff, assisted by Josiah M. Herrick, dog officer, conducted these

clinics. All dog owners should remember to have their dog vaccinated against rabies annually, for the protection for both dog and community.

MILK INSPECTIONS

Our milk inspector took monthly samples of milk and cream, and also made inspections of the local farms selling milk. Our town may feel fortunate in knowing that the local milk dealers are ever striving to have an excellent grade of milk for their consumers. There has been fine co-operation in the milk distribution field among all concerned.

FOOD SURVEY

Mr. Karol S. Wisniewski, of the Ayer office of the State Department of Public Health, in co-operation with the local Health Board, made a complete survey of all eating and drinking establishments in Maynard. During April, a Food Workers Course, dealing with "Germs and Food" and "Dishwashing," was held for three (3) days in the Town Building. There was splendid co-operation, and our townspeople should take pride in that the owners and their employees gave their time to attend, thus attempting to improve their business establishments. Miss Mary A. Doyle, Superintendent of Schools, and Mr. Albert Lerer, Principal of Maynard High School, also co-operated in giving similar courses at the George Washington High School Auditorium. We, the townspeople, must give serious thought in bringing to our town a set of Food Standards and regulations, plus a monthly Food Inspection.

These many clinics and ways that the Board of Health has safeguarded the health and welfare of the townspeople, has been proven by the fact that no outbreak of any serious disease has developed. Measles have shown an increase, but was not serious. The cost of hospitalization, as we all know, is increasingly high, which is an important fact to think of in determining the cost of running such an important department.

The following is a list of communicable diseases reported during the year:

Chicken Pox.....	8
Measles	58
Dog Bites (not rabied)	10
Mumps	5
Scarlet Fever	3
Whooping Cough	2
Undulant Fever	1

In October of 1948, Miss Mary A. Ward, R. ., completed her 25th year as the town's Public Health Nurse. During this period she has served faithfully to all at all hours of the day and evening. To Miss Ward, the various town departments, physicians, dentists, James V. King, and our own faithful employees, we offer our sincere and humble appreciation for their fine and faithful services during the past year.

Respectfully Submitted,

LESTER F. COWLES,
HOWARD L. CLARK,
JOHN J. JOHNSTON
Board of Health.

Annual Report of Nurse for Year Ending January 1, 1949

Number of patients visited	580
Association visits	2,958
Metropolitan Insurance calls	106
John Hancock Insurance calls	86
Free Nursing visits	286
Total	3,436

Respectfully submitted,

MARY A. WARD, R. N.

Report of Board of Public Welfare

To the Citizens of Maynard:

GENERAL RELIEF

The General Relief cases show a slight decrease in numbers over the previous year. We are caring for seventeen cases locally, six cases in other cities and towns and two in the State Hospital at Tewksbury; these are all unemployable cases.

All cases are investigated and budgeted before relief is granted, State budgetary figures being used and all resources deducted. Many cases have been opened during the year and closed when further relief was not needed.

Our books are audited at least four times a year; one Federal audit, one State audit and two audits by the State Department of Public Welfare.

OLD AGE ASSISTANCE

At present we are granting Old Age Assistance to ninety-seven cases in Maynard and nine cases in other cities and towns.

Seven cases are cared for in Rest Homes and Nursing Homes and four cases have been transferred to other cities and towns. One case has been transferred to Maynard.

Twenty-one new cases have been added to our rolls, and nineteen cases closed in 1948.

One-third of our cases have other resources and ten cases are unsettled.

On October 1, 1948 an increase in Old Age Assistance of .083% to help meet the increased cost of living was ordered by the State Department. This calls for an increased appropriation of about Five thousand dollars per year.

All applicants for Old Age Assistance must apply at the Welfare Office if they are physically able; they must bring proofs of age, Citizenship and need. Investigation starts after application is signed and if found eligible they will be notified.

AID TO DEPENDENT CHILDREN

We are granting Aid to Dependent Children to seven mothers with fifteen dependent children. Two cases have been added during the year and one case closed.

The financial report of receipts and expenditures will be found in the report of the Town Accountant.

Respectfully submitted,

ALTON W. SIMS, Chairman
WILLIAM J. SMITH, Secretary
JAMES M. MacKENZIE
Board of Public Welfare.

Report of the Sewer Commissioners

To the Board of Selectmen:
Gentlemen:

The nineteenth annual report of the Sewer Department for the year ending December 31, 1948, is herewith submitted. The Superintendent's report is also included.

Requests for extending the Common Sewer have been received for the following streets: Great Road, Riverbank Road, O'Moore Avenue, Prospect Street and High Street.

The Common Sewer was extended on the following streets: Acton Street a distance of 331 feet, Mayfield Street a distance of 86.7 feet, Burns Court a distance of 791.5 feet, Parker Street a distance of 353.1 feet, Fairfield Street a distance of 775 feet, Elmwood Street a distance of 465 feet.

Total length of Common Sewer to date, 14.639 miles.

Fifty-two house connections have been made this year, one has been relaid and one laid to the street line. There are 1049 connections in use.

This spring the Imhoff Tank at the disposal plant again caused considerable trouble. Several remedies were tried during the summer months with no success. It was decided to empty the tank and the Finance Committee transferred \$350.00 to this department for the hire of special pumps for this purpose. It required two days and nights of constant pumping to empty the tank. The tank was reseeded and at the present time is giving excellent results.

The large pump at the pumping station broke down at the beginning of the year and had to be rebuilt. The small pump was unable because of its small capacity to take care of the flow and as a result the excess overflowed directly into the river. This was heavily chlorinated before it entered the river. The small pump has been replaced with one of greater capacity.

The cost of material has increased about 200% since the start of construction of the sewer system. The rate charged to the abutters has not increased. We feel that serious thought

should be given to increasing the rates. Some consideration should be given to adopting the rental system for the use of the sewer. Articles have been placed on the warrant to see if the Town wishes to take any action on these matters.

Respectfully submitted,

THOMAS H. TIERNEY,
VINCENT CROTTY
GERALD F. TIERNEY
Sewer Commissioners.

Report of the Superintendent of Sewers

To the Board of Sewer Commissioners:

Gentlemen:

The report of the Superintendent of Sewers for the year ending December 31, 1948 is herewith submitted.

The Common Sewer was extended on the following streets: Acton Street a distance of 331 feet, Mayfield Street a distance of 86.7 feet, Burns Court a distance of 791.5 feet, Parker Street a distance of 353.1 feet, Fairfield Street a distance of 775 feet, Elmwood Street a distance of 465 feet. With the Common Sewer laid this year there are now 14.639 miles of Common Sewers.

Six stoppages in the Common Sewers and seventeen in the house connections have been cleared.

The Imhoff Tank at the disposal plant required a great deal of attention again this year. After trying several remedies it was decided to empty and reseed the tank. Special pumps were hired for this purpose. Two days and nights of constant pumping were required to empty the tank. The raw sewage was diverted directly into the river after being heavily chlorinated. At the present time the tank is giving excellent results.

The large pump at the pumping station after twenty years of service broke down and had to be rebuilt. As the small pump could not take care of the flow of sewage the excess overflowed directly into the river. This was heavily chlorinated. The small pump had been replaced with one of larger capacity.

The station is now in good condition and should give good service for some years.

The pump at the secondary tank at the disposal plant has been giving trouble for some years, so this spring it was rebuilt.

Fifty-two house connections have been made this year, making the number in use 1049. One was laid to the street line and one was relaid.

Location of house connections made this year:

Acton Street	4	Lincoln Street	1
Arthur Street	1	Main Street	1
Brooks Street	2	Mayfield Street	1
Chandler Street	2	Newton Drive	1
Concord Street	3	Park Street	1
Douglas Street	1	Parker Street	1
Elmwood Street	4	Summer Street	2
Euclid Avenue	1	Summer Hill Road	1
Florida Road	1	Thompson Street	1
Forest Street	1	Tremont Street	2
Fairfield Street	12	Walcott Street	1
Garfield Avenue	1	Walnut Street	2
Great Road	1	Waltham Street	2
Glendale Street	1		

Record of Pumping at the Powder Mill Road Pumping Station:

Total Flow for Year	102,933,070 gallons
Average Daily Flow	282,008 gallons

I am grateful for the assistance given me by the Sewer Commissioners and other Town Departments and to the department employees who have been so co-operative.

Respectfully submitted,

PETER T. PETERSON,
Superintendent.

Report of Water Commissioners

To the Board of Selectmen:
Gentlemen:

The report of the Water Commissioners for the year ending December 31, 1948 is herewith submitted. The report of the Superintendent and Water Registrar is included. This is the sixtieth report of the Water Department.

The cost of material has continued to rise and from all reports will continue to do so for 1949. Delivery date on some material is twenty months and is subject to price on delivery. This means the department must stock pile needed items in order to install and replace mains in various parts of the Town.

It has become apparent to this department that something should be done to correct the red water condition and corrosion of the main pipe lines. With the co-operation of the State Board of Health, the engineering firm of Haley and Ward, engineers from the firm of Wallace and Tiernan, manufacturers of chlorine equipment, and the students and professors of the graduate school of engineering of Massachusetts Institute of Technology and Harvard University; experiments were conducted to determine what chemical or chemicals would be necessary to correct this situation. These experiments will have to be conducted for a year in order to get the seasonal changes of the water. All equipments, chemicals, and engineers' fees were donated by Haley and Ward and Wallace & Tiernan.

Main extensions were made on six streets in the Powdermill Road Development, Assabet Heights and on the following streets: Euclid, High, Driscoll, off Great Road, Douglas, and Orchard Terrace.

By installing an overhead door in the old pumping station we have converted this into a garage where we can house three trucks.

The contract has been awarded for the installation of the new pumping unit at the White Pond pumping station.

We have started the practice of requesting bids for material which has resulted in a considerable saving to the Town. We intend to continue to do this through the coming year.

The instrument for cutting out the motors at the White Pond pumping station will be installed when the new unit is installed.

The recording instrument has been checked and is in operation.

When the 1948 budget was made up only sixteen houses were to be built in the Powdermill Road development. This spring fifty-seven houses were constructed. The Finance Committee granted us an additional \$1,200.00 to purchase copper tubing to connect these homes.

Respectfully submitted,

GAVIN TAYLOR,
EDWARD OULDEN,
JAMES J. BAKUN,
Water Commissioners.

Report of the Superintendent

To the Board of Water Commissioners:

Gentlemen:

The report of the Superintendent and Registrar of the Water Department, for the year ending December 31, 1948 is herewith submitted.

January 1, 1948 the water in the pond was 44 inches below full pond. April 1, the pond was still 44 inches below but from that date the pond commenced to fill and on August 27, the pond was full. The water began dropping from that date and on December 31, 1948 the water was 31 inches below full pond.

The main on Euclid Avenue has been extended 132 feet with 1 inch copper pipe. The main on High Street has been extended 80 feet with 4 inch cast iron pipe. The main on Butler Avenue had two dead ends. These were connected together with 110 feet of 4 inch cast iron pipe. The main on Orchard Terrace was extended 182 feet with 6 inch Transite pipe. The main on Driscoll Avenue was extended 260 feet with 6 inch Transite pipe. The main was extended off Great Road 74 feet with 6 inch Transite pipe. The main was extended on Assabet and Fletcher Streets 633 feet with 8 inch Transite pipe and one hydrant was set. The six new streets in the Powder Mill Road development were extended 1800 feet with 2 inch copper pipe.

Seventy-five new services have been added this year and two were discontinued making the total in use 1662. Twenty-three services have been relaid from the main to the cellar. Five taps on mains were made for the New England Telephone Co. Thirteen cellar stops were replaced, two frozen services were thawed, and eighteen services were cleaned.

Three hydrants have been broken during this year. Only one was able to be welded. Two hydrants were purchased to replace those damaged beyond repairs.

Ninety-three new services have been metered making 1649 now in use. Eighty-one meters have been repaired.

The old pumping station has been converted into a three-car garage by installing an overhead door.

Eleven leaks in services and five in the main lines have been repaired.

January	12,504,000	13,200
February	10,382,000	11,150
March	11,477,000	12,700
April	10,843,000	11,450
May	12,877,000	13,350
June	11,089,000	11,850
July	12,259,000	13,300
August	10,111,000	11,100
September	7,964,000	9,050
October	9,706,000	10,750
November	11,607,000	12,300
December	10,999,000	11,150
	<u>131,818,000</u>	<u>141,350</u>

Average daily consumption	361,145 gallons
Average daily per person for 6,500	55 gallons

I am grateful for the assistance given me by the Water Commissioners and the other Town Departments and to the department employees who have been so co-operative.

Respectfully submitted,

PETER T. PETERSON,
Superintendent.

Report of Water Registrar

Received:

Meter Rates	\$23,361.70

Total uncollected December 31, 1948..	\$3,267.07

PETER T. PETERSON,
Registrar.

Report of Middlesex County Extension Service

Report of the Middlesex County Extension Service of work developed in Maynard during 1948.

The work of the Middlesex County Extension Service in Maynard this past year in agriculture has been largely assisting individual farmers on request. These requests have been mainly from poultry and turkey growers.

Of interest to homemakers a canning demonstration of fruits and vegetables was given, meeting making of slip covers for furniture, and home furnishings in general was also held.

In boys and girls 4-H club work a Town Committee was formed under the leadership of Mrs. Paul Sawyer. With the splendid co-operation of the School Superintendent this committee has been able to enroll one hundred and twenty-four girls in clothing, foods and knitting clubs. A Dress Revue for teen-age girls was sponsored by the committee and created a great deal of interest.

Miss Marion Ledgard and Miss Janette Taylor attended the State Leaders' Camp at the University of Massachusetts and Sara Ann Boeske attended Junior Leaders' Camp also at the University. Volunteered leaders have received assistance and training from the county office. These leaders have given freely of their time and leadership in making the clubs of Maynard stand among the leaders in the county.

MILTON DUCLOS,
Director.

Report of Trustees of Soldiers' Memorial Park

To the Citizens of Maynard:—

The annual report of the Trustees of the Soldiers' Memorial is herewith submitted for your approval.

During the year the bronze tablets on the monuments were cleaned and repaired. Prior to Memorial Day plants were set out and they bloomed throughout the summer.

In conclusion may we express our appreciation for the cooperation and faithful services rendered by Mr. William V. Hansen and Mr. Michael Rynkiewicz.

Respectfully submitted,

WILLIAM J. BAIN,
OSWALD DRECHSLER,
HOWARD KING,
ANGUS HANSON,
ALICE M. HOWE,
MARY DOWNEY.

Town Accountant's Report

Maynard, Mass., January 12, 1949

To the Board of Selectmen

Gentlemen:

Herewith is the Annual Report of the Town Accountant for the year ending December 31, 1948.

The financial condition of the Town is as illustrated below:

	December 31, 1947	December 31, 1948
Cash on Hand	\$155,924.06	\$139,294.33
Uncollected Taxes	17,327.66	23,275.39
Unexpended Appropriation turned back to Revenue and Surplus Ac- counts at the end of the year	10,797.82	14,826.57
Excess and Deficiency Account— Excess over Uncollected Taxes	75,019.96	76,532.18

The net debt of the Loan Accounts amounts to \$59,000.00 which is about 1.07% of the Town valuation.

The courtesy and co-operation received from the various town boards, officials and employees is gratefully appreciated.

Respectfully submitted,

ALBERT E. LUCOT,
Town Accountant.

Report of the Consolidation Committee of Town Departments and Offices

To the Citizens of the Town of Maynard:

The Committee, as appointed by the Town Moderator and organized during April, 1948, as follows:—Chairman, Oliver Warila; Secretary, Frank Pazaricky; Members: Herbert Martin, John Donahue, Joseph Byrne.

Several Committee meetings were held at the Town Building during the year.

The committee visited and consulted with officials of towns in the vicinity of Maynard which have consolidated various town offices and towns having a Public Works Department. The reports received in all instances indicated and proved that there were improvements and increased efficiency in those town services wherein consolidation was effected. It was pointed out that there were financial savings in clerical work and that the utilization of town personnel and equipment as one unit under a Public Works Department had resulted in great savings in material, labor and equipment and reflected operational efficiency through a co-ordination of the various activities, not usually evidenced in operation under individual town departments.

A Public Works Department could include:

1. The Sewer Department
2. The Water Department
3. The Cemetery Department
4. The Highway Department
5. The John A. Crowe Park, Memorial Park and Alumni Field
6. The Moth and Tree Department

A unification of the above departments, 1 through 6, under a Public Works Department would permit a more effective and flexible systematic means of accomplishing various town projects and eliminate unnecessary conflicting work.

The Committee believes that with proper management a Public Works Department could provide savings to the tax payers of the Town of Maynard. In addition to the above, the offices of the Town Treasurer and Tax Collector could be merged, or the offices of the Town Clerk and the Town Treas-

urer. The consolidation would eliminate some of the clerical help. In either case it is felt that one individual should have complete charge in collecting all Town funds.

Respectfully submitted,

OLIVER WARILA, Chairman
FRANK PAZARICKY, Secretary
HERBERT MARTIN
JOHN DONAHUE
JOSEPH BYRNE

Report of Maynard School Committee

To the Citizens of Maynard:

The School Committee herewith presents its Annual Report for the year ending December 31, 1948.

The details of operation of the schools are included as part of the Superintendent's report. This report covers those phases which come under the direct supervision of the School Committee.

PERSONNEL

Maynard is very fortunate to have had a minimum of withdrawals from the system. The following changes in the personnel have taken place during 1948:

Left the Service

Marie Badger	Grace M. Perley
Elizabeth Holton	Francis Quinn
Florence Holton	Bernard T. White
Pauline Simpson	

New Appointments

Mary Collins	M. Louise Sella
Madeline Dalton	Adelaide W. Sims
Joan Fitzpatrick	James V. Sullivan
John E. Larkin	Jean Sullivan
Alice T. Rosa	Grace VanSon

Transfers

	From	To
Bella Gruber	Roosevelt, Gr. 2	Coolidge, Gr. 2
Katherine Kinsley	Roosevelt, Gr. 4	Wilson, Gr. 4
Marion Ledgard	Coolidge, Gr. 5	Wilson, Gr. 5
Catharine Murray	Coolidge, Gr. 3	Wilson, Gr. 3
Katharine Sheridan	Roosevelt, Gr. 5	Coolidge, Gr. 5 & Prin.
Irene Wood	Coolidge, Gr. 2	Wilson, Gr. 2 & Prin.

Two members of the personnel retired — Miss Grace M. Perley, Principal of the Coolidge School and Mr. David G. Sharpe, Custodian of the Roosevelt School. The present School Committee has caused the following resolutions to be spread upon its minutes:

“WHEREAS, Miss Grace M. Perley retired from service in the Maynard School Department on July 1, 1948 the School Committee

RESOLVED, to acknowledge and express its appreciation of her thirty-eight years of faithful, loyal and conscientious service to the children of Maynard."

"WHEREAS, Mr. David G. Sharpe has requested retirement from the School Department as of May 15, 1948, be it

RESOLVED, that the School Committee record on the School Department Records an acknowledgment of nineteen years of faithful service given by David G. Sharpe to the Town of Maynard as Janitor at the Roosevelt School."

SALARIES

In 1946 the Maynard School Committee set up a single salary schedule. At that time it seemed adequate and well suited to our needs but in less than a year it was found to be inadequate and impossible to operate completely. In reality it became a paper schedule. Employees moved to higher levels of the schedule through experience and additional training.

There is no doubt that the employment and retention of qualified teachers is an extra burden on the taxpayer, but the children of Maynard must compete with children who are trained by the best qualified teachers that money can secure.

According to the provisions of the salary schedule, each teacher was raised at least \$100 (one step on the scale).

There have been definite inequalities on the salary schedule in certain cases of teachers whose beginning salary was low. The Committee has attempted to eliminate these inequalities by making adjustments this year.

We believe that we have the best teaching personnel that a limited salary schedule such as ours will permit.

There is a probability that one additional teacher will be needed at the Roosevelt School in September 1949.

MAINTENANCE

All the buildings were painted on the outside. Specifications were drawn up, free of charge, by a color engineer. Local painters were given an opportunity to bid on them. The work was awarded on a contract basis.

The long needed renovation of the boys' toilet room at the High School was completed.

New flashing was placed on the roof of the Roosevelt School and the parapet was repointed. It now appears that these two conditions were the cause of the leaks and not a faulty roof construction.

The re-wiring of the Junior High School will enable us to use all the equipment in the building and begin the long range plans for installing new lights in that building.

In planning repairs the Committee has had to choose first things first and do only so much each year. It may seem that certain buildings get more attention than others intentionally, but that is not the case. The availability of materials and cost of work influence decisions as to what should be done one year and what should be postponed to another.

The Committee has long been aware of the condition of the Coolidge School Yard. In 1944 figures were obtained for terracing and seeding it, which indicated that the probable cost would be between eight and nine thousand dollars. Because repairs pertinent to the buildings themselves as well as the health of the children were necessary, work on this project was postponed until 1949.

At one time there was adequate drainage for the water running from the building but the manholes were covered up thus causing the water to go over the banking instead of into the sewer. Criticism has been made of the strip of black-top which is on the banking. Before it was put there, the children had to walk through the snow, ice or mud to get into the building. Some years ago there were many loads of gravel dumped in the yard. This covered the cement steps which were there. The Committee has in its 1949 budget a figure which should at least take care of the drainage.

TRANSPORTATION

The Town Meeting held in December voted to furnish transportation under the supervision of the School Committee to the children in the outlying districts of the town.

Children accepting transportation are attending three schools, which increases the cost of the transportation as well as the time involved in the trips. The trips are planned with a minimum number of stops or disruption of the school day. However, beginning in September, it is believed that a teacher's salary can be saved by transferring all children riding the school bus to one building.

STATE AID

Much has been said about State and Federal Aid to schools. In 1948 Maynard received \$8,672.60 reimbursement from the State on account of teachers' salaries. In 1949 Maynard will receive \$24,838 under Chapter 70 as amended by Chapter 643, Acts of 1948. This money is given on the basis of the following formula:

"The state treasurer shall annually, on or before November twentieth, pay to the several towns the amounts required under this chapter. The revenue of the Massachusetts School Fund, any federal funds available for the purposes of this chapter, and such additional amounts as may be necessary from the proceeds of the taxation on incomes under chapter sixty-two or, if such proceeds are insufficient, from such other revenues as may be appropriated therefor, shall be applied to such payments. The amount of such grant for each town shall be determined annually by the commissioner from the returns required by this chapter and by chapter seventy-two for the preceding school year and shall be fifty per cent of the amount by which the foundation program, as defined in section four, exceeds the product of each one thousand dollars of the equalized valuation of such town multiplied by six.

The foundation program shall be an amount of one hundred and thirty dollars for each person between the ages of seven and sixteen in the several towns as determined in the registration of minors required by section two of chapter seventy-two, which amount shall be increased or decreased by one dollar for each one hundred million dollars, or major fraction thereof, of increase or decrease respectively in the total equalized valuation of the commonwealth, after the effective date of this chapter; provided, that in any town of less than five thousand population, the foundation program may, on approval of the commissioner, be the product of one hundred and twenty-five dollars multiplied by the number of equivalent full-time teachers, principals, supervisors and guidance directors in the public day schools of such town multiplied by twenty-three."

CONCLUSION

The School Committee takes this opportunity to thank the citizens who were responsible for the testimonial banquet given to the members of the High School Football Team.

In conclusion we wish to acknowledge the co-operation of the Superintendent and the School Personnel.

Respectfully submitted,

PATRICK A. McGRATH, Chairman
BENJAMIN M. PIECEWICZ,
J. FRANCIS CLEARY

School Committee.

January 8, 1949

Report of the Superintendent of Schools

To the School Committee:

It is again my privilege to present the annual report of the Superintendent for your consideration.

INSTRUCTION

At the junior high level there is more involved than scholastic achievement. There is a vital social adjustment involved which affects scholarship. Much has been done by the teachers to solve the problems of the twelve to fourteen year age group.

As far as it is possible, the classes are grouped homogeneously. Instruction is varied to suit the different levels. Slower pupils work at their own rate of speed. They have the feeling of success in accomplishment of work because it is assigned to them at their own level.

The junior high teachers are to be commended for the time devoted outside the regular school day to extra activities.

The teacher load in the elementary grades compares very well with the median for the state.

Due to the opening of the Wilson School, the elementary classes were kept at a minimum in size which enabled the teachers to give more individual help than ever before.

At the Roosevelt School, children who have needed special help but could not receive it due to membership in a large class, have been put in a class with a teacher who can help them with their particular difficulties. They do not remain with that teacher for the whole day, but go back to their regular classes for the other subjects.

In the elementary grades, the basic principle of promotion is to assign the child to the particular grade which offers the best environment for him to develop mentally, socially and physically. Instructional procedures require a slow, careful, painstaking investigation into the needs of each pupil. Once the needs are determined, the school curriculum is adjusted to each child rather than adjusting the child to the curriculum.

There is still a shortage of textbooks in history and geography. The publishers promise more books for 1949. Since the life of a book is ten years, I have purposely waited for new editions which are due in January rather than purchase a book which was published in 1941 or 1942. Our arithmetic, language and spelling books are all of recent editions.

ART

The Art Work is under the Supervision of Miss Pasakarnis. The principles of design, construction and representation are studied from the first grade through the high school.

Water color, which was formerly considered a difficult phase of art work in schools, is now begun in the first grade.

At the high school level, the work is varied. The usual mediums of art, such as pencil, charcoal, india ink, water color, poster paints, oils and paper mache are used on paper, glass or wood.

MUSIC

The music program in the schools is under the supervision of Miss Eleanor S. Colburn. The program is as complete as any public school program can be. Throughout the grades, at each grade level there is vocal work, rhythm work, singing games and music appreciation.

In the upper grades, every opportunity is used to encourage the children to enjoy music. Music assemblies are held monthly. Operas are studied and attended. A Boys' Choir and a Girls' Glee Club have been organized.

Although not directly connected with her work, Miss Colburn has supervised an evening class of elementary girls in baton twirling and marching. An outside instructor is paid by the parents of the children.

There are twenty-two children taking instrumental lessons in school time. These lessons are also paid for by the parents.

PHYSICAL EDUCATION

In spite of definite limitations in the way of proper or adequate facilities, there is a definite plan for physical education at all grade levels.

Mr. Lawson gives his time freely outside of school hours to the children of Maynard. The details of the school program can be explained by the following excerpt from Mr. Lawson's report:

"It is the aim of our program to have every school child, grades two through twelve taking part in some form of physical activity during the school year. These activities to create in the child a wholesome attitude and desire for further participation in sports that will carry over into the days when they will no longer be under supervision. To give the growing child a chance to develop physically with the knowledge that

physical activity in the daily routine of school work makes for a better and fuller rounded education, in the development of mind and body.

Grades Two-Six

One day per week at each school for all who were permitted to take part. This program followed during the winter and spring of 1948. In the fall of 1948 with the opening of the Wilson School it necessitated the combining of the Wilson and Coolidge Schools on one day.

Weather permitting, the classes were conducted out of doors on their respective playgrounds. Games for both boys and girls during a forty-minute period for each class. Games selected with the thought in mind of physical activity and development of co-ordination, body control and good sportsmanship.

Grades Seven and Eight

One day per week with forty-minute periods for each class. Here the classes were conducted in the gym, where tumbling and apparatus work was the daily routine. Here individual participation in required activities for personal development rather than the mass play of the grades is required. Some corrective work was given, but the lack of time for follow-up work does not afford a good background for extensive work along these lines.

Development of co-ordination and body control to a higher degree in each individual is derived from activities including large muscle activities.

A soccer team was developed to participate against teams from outside schools in the fall. During the winter the school is represented by a varsity basketball squad, participating in the Middlesex Junior High Basketball League. Our Intramural program of basketball during the winter is felt to be of greater importance than varsity sports for here everyone is given a chance to participate on some team. The response of those wanting to take part has been gratifying for it has been nearly 100%. Those who did not have interest have been persuaded into taking part and have found it a means of freeing the energy otherwise spent in less wholesome activities. Baseball in the spring with the school once again represented in the Middlesex Junior High League.

Grades Nine-Twelve

Compulsory participation two days per week for all boys physically able to take part in the program. Mass calisthenics along with tumbling, rope climbing and apparatus work. De-

velopment of muscle control with intent of participation in mass sports or individual games in which the boy or girl takes part during the school year or the years to follow.

Further development of athletic skills with the thought in mind of developing a sincere interest and desire to keeping oneself physically fit and of being a good competitor in the field of sports.

All boys are given health examinations by the school doctor before being given permission to take part in the physical program or on teams representing the school. All boys taking part on varsity teams are insured for financial protection for the boy in case of injuries sustained in participation.

The school was represented by the following varsity sports teams, football-baseball-basketball-golf.

In the spring interclass baseball is conducted.

The intramural basketball program has found the greatest favor of the larger percent of the student body. Here 75% of the boys are taking part in this extracurricular activity two days per week.

On Saturday mornings the sixth grade boys are given two hours of basketball instruction in the gym. Fundamentals are stressed in game participation."

ATHLETICS

Maynard offers a good program of athletics. With the exception of paying for the upkeep of playing areas and the salaries of coaches, the athletic program is self-supporting.

Athletics should contribute to the general education of an individual just the same as the election of a particular subject fits the pupils for later life. It is a tragic situation when a winning team is the sole basis for the evaluation of a sport by fans. Too often the fact that the high school athlete is only sixteen or seventeen years of age is forgotten.

Maynard has had a minimum number of injuries, which fact is due in part to their good equipment, training, and the required physical examination by the school physician before any student participates in sports.

I believe that the formation of an Athletic Council has been of value to the Athletic Program.

ANNUAL REPORT OF THE
MAYNARD HIGH SCHOOL ATHLETIC ASSOCIATION

January 1, 1948 to December 31, 1948

INDUSTRIAL ARTS

The year 1948 shows the greatest physical improvement in the Industrial Arts rooms and equipment. All of the equipment can be considered as being in first class condition for the first time since the war period.

The purchase of a band saw and a wood turning lathe have proven to be extremely helpful additions to the shop. Equipment for our war surplus milling machine has been delivered to us piece meal, but we are now nearly ready to begin work with the students on this machine in connection with our other shop activities.

The reduction in the number of Senior High students electing Industrial Arts has enabled our program to give a greater amount of time to the Junior High students in this subject, thereby, providing them the opportunity of becoming better acquainted with the subject. When these students are in High School their selection of Industrial Arts as a subject in their program will be based on experience rather than guess work or as a means for avoiding classroom recitations.

GUIDANCE

At the beginning of the school year in September, the resignation of Mr. Bernard T. White was received. Mr. White had done much to put the Guidance Program on a firm foundation.

We were fortunate in securing the services of Mr. John Larkin as Director of Guidance. Mr. Larkin was trained as Mr. White had been and was able to carry on with the same detail. It is easily understood how handicapped any Director of Guidance is until he knows the individual pupils.

Mr. Larkin has devoted his time to the five functions of guidance and the following excerpt from his report will be the best way of showing how he has worked:

"During my first few months as Guidance Director my efforts have been directed toward the development of a program embodying five basic functions, which are as follows:

1. Studying the individual students
2. Imparting Information
3. Counseling
4. Placement
5. Follow-up

STUDY OF THE STUDENT

To guide a student concerning his particular problem whether it be a personal difficulty, a choice of curriculum, future

school plans, or choice of occupation, it is imperative that the student's abilities, interests, and limitations be known. It has, therefore, been necessary to collate various information recorded in the school files including academic records from junior high through senior high school years, the test records previously administered, health data, and observations submitted by members of the teaching staff. After the available background material was organized, individual conferences were arranged and completed with sixty-eight members of the freshmen class, sixty-five members of the junior class, and seventy-six members of the senior class. Out of a sophomore class of seventy-two members, fifty-four interviews have been completed and the remaining eighteen members will have been interviewed within the next two weeks. In these initial interviews, attitude toward school subjects, educational and vocational aims, health problems, hobbies, work experiences, aptitudes, and disabilities have been discussed. After each interview, a detailed record of the pertinent points brought out has been recorded and made a part of the student's permanent record.

IMPARTING INFORMATION

Information concerning educational and vocational opportunities and requirements has, for the most part, been covered in individual conferences with students. The Guidance Library has been expanded with many new pamphlets and booklets relative to careers and trends in the world of work. The student's attention is called to the particular requirements of the fields of work in which he is interested, and if future educational plans are involved, the requirements of the various schools are available through references to the many current school catalogues. Plans are being made to secure speakers to talk on various careers of interest to the students.

COUNSELING

In addition to the time accorded to practically all members of the student body in the initial interview, additional interviews arranged by student request and involving members of all classes have been made. The majority of the senior members have been given the Kuder Preference Test and time allotment has been afforded for interpretation and counseling on the results. Many members of the junior class have also taken this test during the past month. The Co-operative Reading Test and the Co-operative English Tests have been administered to whole high school student body. Mental Maturity Tests have been administered to a number of students who have entered this high school without such test records and such tests have been given to others when warranted.

PLACEMENT

This activity provides the connecting link between the school and the next situation that the student is planning to enter. Since November, much time has been devoted to assisting members of the senior class who are planning to enter schools for further education. Such students have been helped in making applications and in previewing College Entrance Board Requirements. For the remainder of the school year it is felt that much more time should be spent with students who plan to work or enter the armed services after graduation.

FOLLOW-UP

During the spring of 1948, a questionnaire was mailed to seventy-eight graduates of the Class of 1947. Thirty-four graduates returned the original questionnaire on or before June 1948. In September of this year, the graduates not reporting were followed up by various means, such as personal contacts, telephone calls, and the sending of a second follow-up form. Information was obtained on all but three members. As a result of this follow-up study, the following information concerning members of the Class of 1947 was assembled:

Employed (Gainfully)	48	65.5%	*1
Post Secondary Education	27	33.3	*2
Armed Services	2	2.6	
Housewives	2	2.6	
Temporarily Unemployed	2	2.6	
No Information	3	3.8	
	<hr/>	<hr/>	
	84	108.	
Note 1. Employed but also attending school	2	2.6	
Note 2. Left off school and now working Complete school and now working	2	2.6	
	<hr/>	<hr/>	
	6	8.	

Of those gainfully employed, thirty-three members reported that they were satisfied with their present work; eight registered dissatisfaction with present work; and eleven members made no comment. Complete analysis has been made concerning the graduates' responses to such questions as follows:

How could high school have given you more help in preparing for work or college?

What subject, or subjects do you wish you had taken in high school?

What subjects which you took in high school have been most useful?

What subjects do you think should be added, if possible, to the academic curriculum?

A breakdown in the fields of endeavor and places of employment is also covered in this study.

A follow-up study was also initiated during the latter part of November which covered the graduating class of 1948. Returns or contacts have been made with sixty out of the class membership of sixty-eight. The information gathered thus far reveals that fourteen members have taken post-secondary school training; ten have joined the armed services; and six have married. A detailed report of this class will be submitted on or before February 1st. It is believed that these follow-up studies will provide many ideas concerning our curriculum, the effectiveness of courses offered, and the effectiveness of the guidance program thus far developed. Further studies of this nature should be carried out on a 1-3-5 basis."

MAINTENANCE

I believe that the buildings are in better condition than they ever were before in the history of the town. The time is not too far distant when the girls' toilet rooms at the Coolidge School should be modernized.

During the February vacation, Fire Escape Doors will be installed and ceilings repaired at the Coolidge School.

The plan of having the ashes removed weekly from the school greatly improves the condition of the yards.

The periodic purchase of new typewriters for the High School has been a help in that department.

It is planned to replace the toilet seats in the girls' basement at the High School. If the absence of markings in the basements is any measuring stick, I believe the pupils thoroughly appreciate the efforts made to renovate the basements.

HEALTH

Excerpt from report of School Nurse:

"The weight and height of each child is recorded three times within the school year. The Snellen Eye Test was given and the defects found were corrected.

Representatives of the State Board of Health held a diphtheria prevention clinic at the High School for two hundred thirty-four pupils."

Excerpt from report of School Physician:

"There has been a marked improvement in the ventilation, cleanliness, and improvements in all of our schools, especially in regards to the sanitary condition in the boys' and girls' basements.

We have gone through the year with few contagious diseases and when they have been met proper means have been taken by fumigating the school and destroying the articles of the ones contaminated. I feel that our children are healthier than the average schools.

There has been a physical record made, I believe, of every child in our school system. The boys and girls taking part in athletic functions have all been carefully examined and practically all injuries have been minor ones, due to proper preparation by the instructors in these sports."

MISCELLANEOUS MATTERS

1. Thirty-one members of the personnel have taken in-service training at Boston University, Boston College, University Extension Courses at Concord and Lexington.

2. The psychological test for the under-age children was given in August. Only five passed the test. Some parents fear that failure in this test means that the child is retarded. This interpretation of results is not necessarily correct. It means that the child is not ready for school work. The age level at which a child is ready for school has been set by those who have worked with children in grade one for many years.

A child's readiness for reading when he enters the first grade is a vital factor in the success of his whole school career. I have personally observed the progress of the children who enter grade one on the special test, through the grades. Very few fail, but as they go through the grades they find the work more difficult. I feel the difficulty is due solely to immaturity for the grade. They are competing with children who are chronologically one year older and in some cases one or two years mentally older as well. Parents should also think of the age of the child when he will graduate from high school. The average age would be sixteen the June he graduates from high school. The work or vocation a sixteen-year-old child can follow, is very limited.

3. There are eight pupils attending school in Maynard whose parents reside in other towns. The tuition in the elementary grades is \$3.18 per week and in the high school, \$5.00. This rate is based on the per capita cost of the preceding year.

4. The children have participated in the various drives for raising money such as the Junior Red Cross, March of Dimes and the Christmas Seal Sale.

The number of contributions requested from the children is kept at a minimum but I do believe that an opportunity to help someone less fortunate than they are should be encouraged but not stressed.

5. Maynard is complying with the law in furnishing home instruction for children in Maynard who are physically unable to attend school.

6. We are using visual aids to a very limited degree. To become of a real aid in teaching, there should be a visual aid library for the Department.

7. The classes of the upper elementary level are following the radio programs directed by the State Department of Education.

8. I feel that the teachers and I have done our part in making it apparent to the parents that they are welcome at school. Last spring we held School and Home Day. The school rooms contained exhibits of classroom work done by the children and programs were planned by the teachers. It seemed that only the parents whose children participated, visited the schools. In the fall, we tried a different approach to the home. Education week was observed by stressing the need of school and home co-operation and inviting the parents to visit school any time during the school week and talk over with the teachers, individual problems.

9. The responsibility of the school in the case of an injury to a child is not clearly understood by parents. The school gives first aid. As a general rule it is given by the principal of the building. If the injury appears to be serious, the nurse is notified. If the child is in need of immediate medical attention as in the case of severe bleeding or a broken bone, the school physician is called. The parent is notified or the child is taken home by the school nurse. The Office of the Superintendent is also notified of the accident. The school cannot assume any financial responsibility for further medical care.

I wish to thank you for your co-operation and support during the past year.

Respectfully submitted,

MARY A. DOYLE,
Superintendent of Schools.

Report of the High School Principal

Miss Mary A. Doyle
Superintendent of Schools
Maynard, Massachusetts

Dear Miss Doyle:

I herewith submit my report of the Maynard High School for the year 1948.

In the planning of and building for a strong country, the education of youth should have first consideration. Education is more important for the future of our nation now than ever before. Most citizens are continually called upon to help decide public policies and to take positions on current social issues. As society becomes more complicated, it becomes increasingly true that without a high school education our young citizens are very likely to be deficient in any true understanding of what we call American Democracy. It is essential that the high school continue to lead the way. Our program of studies must reflect the need of the times. If our democratic ideals are to survive in a world of turmoil, we must keep our courses of study alive. The social, political and economic problems of today must be included in the units of work in all our classes. Our pupils must have an understanding of their duty in a democratic society if our cherished way of life is to continue.

In facing these problems, Maynard High School has relied upon the principle of academic freedom and upon the professional growth of its personnel to keep up-to-date in subject matter and teaching techniques. Units of work in labor-management relations, international affairs, United Nations, health, safety, consumer education, American democracy and atomic power have been added to our courses in line with this policy. We will continue to meet the needs of our youth in this way and with all the facilities at our disposal will attempt to prepare them for an active part in solving the many problems that will face them upon graduation.

PERSONNEL CHANGES

One of the most unfortunate happenings from an administrative as well as an educational point of view is the loss of experienced personnel. Successful teaching requires a personal knowledge of the individual pupil which comes only after daily contact over a long period of time. During the summer, both Mr. Bernard T. White, our Guidance Director and Miss Marie Badger, commercial teacher resigned to accept other positions. Fortunately, two excellent replacements were se-

cured. Mr. John Larkin, a graduate of Boston University, has assumed the duties of the Guidance Director and Miss Mary Collins, a graduate of Salem Teachers' College, has taken over Miss Badger's position. Both of these new teachers were highly recommended and have been doing exceptionally fine work with our boys and girls since coming to Maynard.

GUIDANCE

Learning difficulties are personal in nature the same as physical illnesses. The causes of educational ills must be diagnosed just as truly as physical or mental illnesses if they are to be properly treated and eliminated. By use of diagnostic tests and counseling our Guidance Director has been very helpful in the adjustment problems of students as they have arisen. This year all students were given a reading comprehension test. Failure in subjects is often caused by lack of reading ability. A knowledge of the individual pupil's limitations in this respect will allow for remedial work and correction of the difficulty.

PLANT MODIFICATION

During the year some much needed physical improvements were made. The boys' basement was reconditioned with new fixtures and repainted. This was a long overdue repair and definitely removed a health hazard that had existed in the high school for years.

A new Art room was made on the second floor by partitioning the unused portion of the commercial room. This will give more space and natural light for carrying on the fine work of our Art Supervisor.

Fluorescent lights have been installed in a number of classrooms thereby bringing the lighting requirements up to standard. The old lighting had been inadequate and could possibly have been injurious because of the strain on the eyes while studying under them on dark days.

RECOMMENDATIONS

Now that physical education is offered to the girls as well as the boys, the problem of a proper dressing and shower room for the girls presents itself. Until now it has been necessary to use the Domestic Arts room for changing into gym clothes. This has not been completely satisfactory as it tends to delay the start of the gym class as well as occasionally interfering with the Domestic Art work. Since the boys and

girls use the gym on alternate days, would it be feasible to renovate the present facilities so that both could use them?

The high school has a great need for a Health room. At present the school nurse, the school doctor and the Physical Education director do not have a room readily accessible to the pupils. If the Guidance room was partitioned it would be possible to create a room that could be used for office and examination purposes by all members of our Health department. This room would be very valuable to the pupils as it would allow for privacy in examination and discussion of physical ailments.

The Guidance department could be moved to Room 16 where it would still have a proper location plus the additional privacy sometimes needed for successful counseling.

I would like to commend the faculty to you at this time. Without its professional ability, co-operation and loyalty the successful results that have been attained could never have been realized. The follow-up studies of our pupils by the Guidance Director indicates that our graduates each year enter colleges and the business world with an educational background equal to pupils of any high school in the state.

In closing, I wish to thank you for your co-operation. Your suggestions throughout the year have been very helpful to me in carrying out my duties.

Respectfully submitted,

ALBERT LERER,
Principal.
