REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

The Board of Selectmen respectfully submit for your consideration the reports of the various Town Officers for the year 1936.

This has been an eventful year for the Board of Selectmen and difficult too, in many ways. After attending the first two meetings of the year, Mr. McCarron of our Board was taken sick and has been unable to attend meetings since that time. His absence has been much regretted by the other members of the Board who appreciated his mature counsel in previous years.

We are pleased to report a continuance of improvement in the financial condition of the town. Reports from the Treasurer indicate a very favorable balance of cash on hand. The State Auditors, making the regular audit of the books of the town, express themselves as more than satisfied with what they find.

At the beginning of the year we requested the purchase of new rolling stock for the Street Department and \$3,000.00 was appropriated. After careful consideration of the price and value we were able to purchase three work trucks which have aided greatly in securing for the town the accomplishment during the past year of such a remarkable increase in the amount of work done on our highways. Thru the cooperation of the Finance Committee we have been able to equip two of the trucks with snow plows and thus can reasonably expect a considerable reduction in the cost of snow removal.

During the year the construction of Parker St. was finished under Chapter 90 in connection with the State and County. Certain new methods used in the construction and careful planning of the work enabled us to save the sum of \$2,300.00 with which Great Road was widened and repaired from Parker St. to Mill St. This was much needed work as the bad curves and narrow road made very dangerous conditions.

During the year a sidewalk was built from Thompson St. to Parker St. along Great Road with funds furnished by the State under Chapter 464. Approximately 1900 feet of 4 foot permanent sidewalk was built for \$1,905.00, or a cost of 25c per square foot. This, we consider one of the most worthwhile of the many things accomplished this year as previously there was no sidewalk along this much used street, making hazardous conditions for both motor vehicles and pedestrians.

The Selectmen have sponsored several W. P. A. projects. The Street Department, with the assistance of the W. P. A., have laid a surface drain from Florida Road along Summer St. to the pipe line from the reservoir. This takes care of the excess water, especially during the winter when ice forms making travel along upper Summer St. hazardous.

A project for building cement sidewalks was carried on in cooperation with the abutters who were required to furnish only the cement used. This project resulted in several fine sidewalks being built and was finally stopped by the W. P. A. Engineer because of inefficient operation when the jobs became too scattered.

A project for the continuance of the development of Alumni Field was started. This project was to provide six tennis courts, two baseball fields, Field Hockey field, finishing of track and fencing on Great Road and Parker St. sides. After some work had been done, the project was stopped to allow the Sewer Department project for the connection of the New Village sewer with the main town sewerage system. The Alumni Field project was stopped by the W. P. A. Engineer only after assurance had been given the W. P. A. Committee that they would secure additional funds and resume operations when conditions were favorable in the Spring.

The Mill St. bridge will become a reality in the near future. The Selectmen have spent a great deal of time and effort to have this bridge built as a flood control project. In this way, the Federal Government and State will assume almost the entire cost of the bridge construction.

We hope to have plans made for the completion of the remodeling of the Town Building. There is considerable to do yet in order that we may take advantage of the possibilities of the building and it is necessary to secure plans in order to determine what is best to do and what it will cost.

Mr. John Connors passed away October 9, 1936. He had been a member of our Police force for 34 years, the last 13 of which he had been Chief. His memory will be a lasting one. His successor will be selected from the Civil Service list when established.

The By-Laws Committee appointed to assist the Selectmen in revising the By-Laws have nearly completed their work and will submit a report to the people in the near future.

In order to make all possible saving in the use of the town money, bids were secured from local merchants and as a result, a contract was made with Mr. John Coughlin of the Great Road Garage to furnish gasoline and oil for town trucks. A greater saving would have ensued had other departments seen fit to take advantage of the saving made possible by the Selectmen.

The streets in the section of the town known as the New Village, accepted by the town during the year, were shaped and surfaced with tar. Next year it will be necessary to continue the treatment in order that the money already spent will not have been wasted.

We recommend that the sidewalks radiating from the mill be rebuilt as they are in very poor condition. A sidewalk should be built on Hillside St. These sidewalks, we believe are the most important in the town for it is necessary for so many people to use them going to and from their work.

We recommend that additional streets of the town be accepted, a few each year, and be put in shape and kept so by the Highway Department. It would cost a little more but that is the only way some of the taxpayers will receive any return for what they pay.

We recommend the construction of Waltham St. under Chapter 90, with the State and County contributing.

We thank those Town Departments, Officials and Committees who in working for the best interest of the town have made our work easier during the past year.

To the multitude of townspeople who have expressed their appreciation and support of our efforts to give the taxpayers a little more for their money, we dedicate this, the sixty-sixth Annual Report of the Town of Maynard.

Respectfully submitted,

ROY E. MARSDEN,
DONALD A. LENT,
FRANK J. McCARRON,
Board of Selectmen.

W. P. A. COMMITTEE REPORT

To the Citizens of Maynard:—

The report of the W. P. A. Committee for the year ending December 31, 1936 is herewith submitted.

At the Town Meeting held on January 13, 1936, the Town voted to have a committee composed of the Chairmen of the following Boards: Selectmen, Water, Sewer, Health, Cemetery, Welfare Board and Mr. James A. Coughlan of the Citizen's committee to have charge of the W. P. A. appropriation also the allocation of projects and workers.

It has been the aim of the Committee during the year to co-operate with each department and secure for them the most beneficial projects.

We have employed an average of 125 workers in Maynard and 30 workers on State Wide Projects in Acton and Sudbury throughout the year. For the men working on State Wide Projects the State furnished a bus to transport these men to and from the projects.

During the past year we have accomplished the following:

At Glenwood Cemetery we have completely developed the new part adjoining St. Bridget's Cemetery into a beautiful landscape. We have built over 674 lots, constructed avenues, laid water pipes, planted shrubbery, constructed a rubble wall along the Great Road entrance and transformed the swamp area of the Cemetery into a miniature lake.

The Sewer Department with the aid of W. P. A. labor has laid over 1,650 linear feet of pipe on the following streets, namely; Front Street 500 feet, Summer Street 750 feet and to date on Waltham Street 400 feet.

With the aid of a W. P. A. projects the Water Department has replaced over 5,400 linear feet of small water mains with larger pipe.

A rubble wall has been built along Front Street to replace the wooden fence which was badly in need of repairs.

The project covering the renovating of the west side of the Town Farm House has been completed. The entire house and the adjoining buildings have received two coats of paint.

The W. P. A. Wood Sawing project has sawed over 300 cords of wood which has been distributed to the needy by the Welfare Department.

A drain has been installed on Summer Street from Florida Road to the house of M. J. Mason a distance of 3,750 linear feet.

This drain will take care of the water which runs continually from Summer Hill across Summer Street near the residence of Alfred Torppa.

With the aid of W. P. A. workers Mr. John F. Cleary, Moth Superintendent, was able to reduce the number of gypsy moth eggs clusters in the Town of Maynard.

A National Youth Project was started during the month of September which enable us to employ unemployed youths of the Town, provided, some member of their family was on relief.

The W. P. A. Sewing unit has given steady employment to forty women. These women have produced a large quantity of excellent garments, namely:—

Mens and Boys Pajamas	2,720
Girls and Ladies Pajamas	1,429
Boys Sleepers	190
Girls Sleepers	209
Boys Combinations	623
Girls Combinations	860
Ladies Nightgowns	524
Mens Union suits	2,292
Boys Suits	195
Girls Dresses	23
Towels	617
Sheets	1,463
Girls and Ladies Bloomers	390
Pillow Cases	1,566
Mens Pants	409
Mens Shirts	824
Boys and Mens Shorts	1,702

A project for the laying of cement sidewalks on various streets on the abutters plan received favorable approval from the property owners.

The abutters plan: the property owner buys the cement, the town furnishes the sand, gravel and trucking and the W. P. A. the labor. On the above plan the abuttor can obtain a concrete sidewalk for about seven cents a square foot or a sidewalk 70 feet long by 4 feet wide for \$19.60. When we are ready to start the walk we notify the abuttor the amount of cement needed and he take the cement from any cement dealer.

During the past year we laid over 1,300 square yards of cement sidewalks on various streets and expect to continue during the spring of 1937 as we have already received the approval of another project for a mile of cement sidewalks on the abutters plan.

We wish to express our appreciation for the willing cooperation we have received from the various Town Departments during the past year.

The following report will show the distribution and amount of Federal money allotted this town and the Town Accountant's report will show the expenditure of the Town's money on various projects.

Respectfully submitted,

THOMAS TIERNEY,
GAVIN TAYLOR,
JAMES A. COUGHLAN,
THOMAS WRIGHT,
LESTER COWLES,
ROY E. MARSDEN,
ROBERT HARTIN,
W. P. A. Committee.

Wood Sawing	128.52
Total	\$ 86,411.61

REPORT OF SUPERINTENDENT OF STREETS

To the Board of Selectmen:

I herewith submit my annual report of the Street Department for the year ending December 31, 1936.

Old Marlboro Road from Parker St. to house of Mr. White has been widened, scarified and graveled. A heavy coat of tar was also applied. The section from house of Mr. White to Sudbury line has been widened, graveled and tar applied.

Puffer Road has been widened and graveled where necessary and tar applied the entire length. These roads require considerable attention to keep them safe for travel.

Taylor Road from Great Road to house of Mr. Mariano has been scarified and tar applied.

Park St. from Sudbury St. to Great Road has been scarified, reshaped and tar applied.

Summer St. from Dzerkacz Square to house of Mr. Torppa has been scarified, graveled and tar applied.

Waltham St. from Paper Mill corner to Sudbury line was unsafe for travel. It was patched with gravel but required so much attention, it was deemed advisable to scarify, reshape and apply gravel and tar where necessary.

Front St., a newly accepted street, has been graveled and tar applied the entire length.

Summer Hill Road from Summer St. to Great Road has been treated with asphalt and finished with a pea stone cover and rolled.

Cold patch has been used extensively on all the streets. The coming season several streets should be honed and necessary stone and tar applied.

Walnut St. culvert, near bus station, has been relaid and a new catch basin installed.

A new catch basin has been installed on Walnut St. at the corner of Thompson St.

A new 12 inch culvert has been installed on River St.

A new catch basin has been installed on Main St. near the Central House.

A new culvert, also one catch basin have been installed on Great Road near the Park.

A new catch basin has been installed on Summer St. near the Methodist Church. The surface of drain on Summer St. from Memorial Park to corner of Main and Summer Streets has been repaired with a mixture of stone and tar.

The fence on Percival St. has been repaired and painted.

All streets and gutters received the regular Spring cleaning. The streets in the business section were cleaned each week.

Much of the work originally planned had to be curtailed as emergency work caused by the Spring flood and more recent rain storms created considerable expense.

Mill St. bridge was washed away, necessitating the building of a foot bridge.

Florida Road was closed to traffic while making repairs as the roadway was badly washed out. A new catch basin was installed and necessary pipe laid from basin to brook. The road bed and shoulders were filled with gravel to replace gravel washed away.

The drain from Nason St. at the rear of buildings on Main St. became blocked, causing water to seep into cellars. This drain was laid in 1894. We were unable to locate any plan thereby causing extra expense in digging for the location. At the outlet to the river we discovered the pipe was three feet below the present river bed, blocked by a form used when the bridge was constructed. The form has been removed from pipe and river bed at outlet. A new manhole has been installed near the bridge. The coming season it would be advisable to install a drain from the manhole to the river.

A new 15 inch drain has been installed on Concord St. at the Hurd property, a distance of 240 feet, to replace the open ditch, also one manhole.

SIDEWALKS

A new cement walk to replace the old asphalt walk was laid at the corner of Waltham and Parker St. extending to corner of Parker and Hillside St.

A new cement curbing and walk were laid on Parker St. from the corner of Burns Court to Glenwood Cemetery.

SNOW

All streets and sidewalks were kept open and sanded for travel. In the business section the snow was removed.

MAINTENANCE—CHAPTER 90

The following streets have been scraped, graveled and tar applied along the shoulders.

Powder Mill Road from Paper Mill Corner to Acton Line.

Parker St. from Walnut St. to Great Road.

Brown St. from Concord St. to Acton line.

Great Road from Ben Smith bridge to Stow line.

Old Acton Road from Concord St. to Parmenter crossing has been scarified, honed and tar applied.

Parker St. from Paper Mill Corner to Walnut St. has been treated with asphalt and finished with a pea stone cover and the entire surface rolled.

NEW VILLAGE REPAIRS

The streets of the New Village are in good condition. All the streets were scarified, honed and graveled where necessary and tar applied.

PARKER ST. CONSTRUCTION

Parker St. from end of new road to Sudbury line has been rebuilt with bituminous macadam. The State and County contributed toward the cost of the road.

The shoulder on Great Road from Mill St. to Parker St. has been raised with gravel, rolled and tar applied. This was made possible by a transfer from Parker St. appropriation.

- Three blasts for first six grades, five blasts for entire system.
Blown at 7.30 and 12.30.
- Three blasts at 6.30 P. M. for Evening School.

Instructions for Giving Fire Alarms

Alarms should be given from the box nearest the fire. Open the box, pull the hook clear down once and let go. After giving an alarm remain at the box and direct the firemen to the fire.

Never open a box except in case of fire.

Do not sound an alarm for a chimney fire or brush fire, or fire seen in the distance. Telephone the Fire Station or the Fire Engineers.

(Over)

REPORT OF FIRE ENGINEERS

The Honorable Board of Selectmen:
Gentlemen:

ASSESSED AND ESTIMATED VALUE OF BUILDINGS
AND CONTENTS INVOLVED BY FIRE

Assessed Value Of Buildings	\$ 82,750.00
Estimated Value Of Contents	108,750.00

INSURANCE CARRIED ON BUILDINGS AND CONTENTS
INVOLVED

Buildings	\$ 44,702.00
Contents	17,000.00

INSURANCE PAID ON BUILDINGS AND CONTENTS
INVOLVED

Buildings	\$ 16,603.45
Contents	4,707.91

Our Financial Statement may be found in the Town Accountant's report.

We have installed a new Fire Alarm Box (Number 31), located in Maynard Square.

Practice drills were held twice a month during the summer months which included raising of ladders, carrying hose lines over ladders, ladder dogging, and the use of gas mask.

We wish to thank publicly all those who assisted in any way towards making our annual whist party such a success. This money was used to provide insurance for every man in the department.

We wish to extend our thanks to the Police for the assistance given us during the year.

We have placed new wire on our Fire Alarm System from Concord St., at Brooks, to Summer St. We plan to replace new wire on parts of this system each year thus eliminating heavy cost of entire replacement.

We wish to thank the Maynard Branch of the Red Cross for the splendid First Aid course provided by them for the members of our department.

We have added a new call know as the Legion Call (six blows on the Fire Alarm). The Legion members have kindly agreed to respond in case of a large fire, or to aid in searching for missing persons. This is greatly appreciated by our department. The school buildings were inspected, and all extinguishers have been recharged and put in good condition.

RECOMMENDATIONS FOR 1937

Maintenance.....	\$ 7,449.25
New Fire Alarm Box.....	150.00
New Ladder Truck.....	9,800.00

A new Fire Alarm Box is very much needed in the so-called Assabet Park section. As there is a large amount of valuable property, and many lives in this section, we feel that a box should be installed there.

The appropriation for a new ladder truck is very much needed at the present time. We are having a great amount of trouble with the one which is now in service. Since this truck was put in service in 1923, it has cost approximately \$1.65 a mile for repairs. The tires are the ones that came with the truck, and cannot be inflated to the proper amount with safety. The ladders are twenty-seven years old, and were first purchased with the horse drawn truck. We do not feel that we should stand the responsibility of this truck in reaching the scene of a fire.

Therefore we are recommending that it be replaced with a dependable piece of apparatus, and ladders that are safe to carry persons to safety, also with the safety of our own men's lives.

Respectfully submitted,

GEORGE T. PRIEST,
WALTER PRIEST,
MICHAEL F. LOUKA,
Board of Engineers.

POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I am submitting the annual report of the Maynard Police Department for the year ending December 31, 1936 for your consideration and approval.

As Acting Chief I have tried to carry on the work of the Department and with the co-operation of my fellow officers I have been very successful.

The appropriation requested for this year is much the same as last year but I hope in the near future that we are able to obtain a car and other equipment which the Department is badly in need of. Trying to be efficient the Officers have been using their own car. To all fairminded citizens do you think this is right? To be efficient you need to have equipment, therefore, do not let us wait until it is too late.

The amount of fees received by the Town Treasurer from the Concord Court for the year ending December 31, 1936, was \$1,418.50.

In conclusion, may I say that all complaints received by this Department are subjected to a strict investigation before any action is taken.

In the death of our Chief, John Connors, which occurred on October 9th 1936 this Department met with an irreparable loss. Mr. Connors had been a member of the Maynard Police Department for the past 34 years. His loss will be keenly felt by the citizens of Maynard as he was honest, fearless and efficient in the performance of his duty.

Total number of arrests for the Town of Maynard, for the year ending December 31, 1936 were 189.

WILLIAM J. SPRATT,
Acting Chief of Police

REPORT OF INSPECTOR OF ANIMALS

To the Board of Selectmen:

I herewith submit my report for the year 1936.

Inspected 31 barns, 141 cattle and 152 swine. Inspected 3 animals received from out of State and reported same.

Quarantined 3 dogs and released same after 14 days.

Respectfully submitted,

JOSIAH M. HERRICK,
Inspector.

REPORT OF MOTH SUPERINTENDENT

To the Board of Selectmen:

I herewith submit the report of the Moth Department for the year ending December 31, 1936.

I have sprayed all town shade trees with arsenate of lead as usual.

The underbrush has been cut on Summer Hill Road, Parker St., Marlboro St. and part on Puffer Road.

In working around the town last Fall, we have found an increase in Gypsy Moth egg clusters. We have a W. P. A. project which will help to greatly reduce the number.

Respectfully submitted,

JOHN H. CLEARY,
Moth Superintendent.

REPORT OF FISH AND GAME WARDEN

To the Board of Selectmen:

I herewith submit my annual report as Fish and Game Warden for the Town of Maynard for the year ending December 31, 1936.

During my period as Warden I have patrolled all of the surrounding territory including all ponds, brooks and rivers. I also attended to all complaints to the best of my ability.

This season partridge were reported not as plentiful as last season and pheasants were very scarce.

Respectfully submitted,

JOHN W. KOPP,
Fish and Game Warden

REPORT OF JOHN A. CROWE PARK SUPERINTENDENT

To the Board of Selectmen:

I herewith submit my annual report as Superintendent of John A. Crowe Park for year ending December 31, 1936.

The grand stand and field are in good condition. The tennis courts are not finished but may be completed by the W. P. A. this year.

I am asking for an increase of \$50.00 this year for loam and labor.

Respectfully submitted,

JOHN C. BRAYDEN,
Supt. John A. Crowe Park.

TOWN CLERK'S REPORT

For The Year Ending December 31, 1936

Information desired, not printed herein, will be
courteously supplied upon request to the Town
Clerk.

FRANK E. SANDERSON,

Town Clerk.

PROCEEDINGS OF TOWN MEETING

held January 13, 1936

Pursuant to Town Warrant No. 351 a special Town meeting was held on the above date at 7.30 P. M.

Matthew T. King, Moderator, presided.

The Town Clerk read the warrant.

Article 1. No report heard.

Article 2. On motion of Ernest Mariano, Voted to go into a committee of the whole.

After a general discussion of one hour the committee of the whole voted to arise and again assemble in town meeting.

Article 2. On motion of Patrick A. McGrath as amended by Thomas Tierney and William Taylor—Voted that the sum of three thousand dollars (\$3,000.00) be appropriated as a general fund, the same to be raised by 1936 taxation, to finance W. P. A. projects as approved by a committee composed of the chairman of the following, of Selectmen, Sewer, Water, Cemetery, Welfare Board, and Mr. James Coughlan of the Citizens Committee, this committee to have charge of W. P. A. funds, also the allocation of projects and men.

At 8.45 the meeting adjourned.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held February 10, 1936

Pursuant to Town Warrant No. 352 the annual Town Election was held on the above date in the High School Auditorium.

The Town Clerk prepared the polling place in conformity with the General Laws.

Moderator Matthew T. King presided.

The following Ballot Clerks and Tellers appointed by the Selectmen, were sworn by the Town Clerk.

Ballot Clerks

Hiram Parkin, Ethel Lowney, William P. Rourke, Lilian I. Holmes and Florence Maley.

Tellers

Arthur F. Croft
Helen M. Leithead

Harold A. Ledgard
Alice L. Joyce

Oliver C. Trees
 Bertha L. Davis
 Ralph D. Jones
 Martha H. Jantti
 Herbert W. Martin

Alexander W. Kulevich
 Anna T. Thane
 Leo J. Noon
 Maxine De Lory

The Town Clerk delivered Ballots and duplicate check lists to the Ballot Clerk who signed a receipt therefor.

The Ballot Box was examined by the Town Clerk and Moderator and the register set at 0000.

Constable Henry F. Piecewicz then took charge of the Ballot Box and held the keys to the same throughout the day.

At six o'clock A. M. Moderator King called the meeting to order.

On motion of Cornelius J. Callahan—Voted that the reading of the warrant be waived.

It was voted that the election of minor officers and action under Article 2 be postponed until two o'clock P. M.

The meeting was called to order at two o'clock by Moderator King.

The following were nominated and elected.

FENCE VIEWERS

William Naylor.....

Article 2. On motion of George H. Gutteridge, Voted unan-
 imously that the Town Treasurer, with the approval of a majority
 of the Selectmen, be and hereby is authorized to borrow money,
 from time to time, in anticipation of the revenue of the financial
 year beginning Jan. 1, 1936, and to issue a note or notes therefor,
 payable within one year, and to renew any note or notes as may be
 given for a period of less than one year in accordance with Sec.
 17 Chap, 44 General Laws.

At 4 o'clock it was voted to keep the polls open until 6 P. M.
At 6 o'clock P. M. the polls were closed.

The number of ballots cast was: Two thousand and forty-nine, (2,049)

The register on the ballot box indicated 2,049.

The check lists each showed Two thousand forty-nine (2,049) names checked as having voted.

The result was announced at 6.45 o'clock P. M. and was as follows:

Attest:

FRANK E. SANDERSON,
Town Clerk.

In accordance with the provisions of Section 19 of Chapter 41 of the General Laws of Massachusetts, I hereby appoint Eleanor Jones, of said Maynard, to be Assistant Town Clerk during the current municipal year, or until this appointment is revoked.

FRANK E. SANDERSON,
Town Clerk of Maynard.

I, Eleanor Jones, above named, do solemnly swear that I will faithfully perform the duties devolving upon me as Assistant Town Clerk of the Town of Maynard.

Eleanor Jones.

Subscribed and sworn to this eleventh day of February, 1936, before me,

FRANK E. SANDERSON,
Town Clerk of Maynard.

PROCEEDINGS OF TOWN MEETING
held March 23, 1936

Pursuant to Town Warrant No. 353 a town meeting was held in Parker Street Hall on the above date at 7.30 o'clock P. M. Moderator Matthew King presided.

On motion of the Town Clerk it was voted to waive the reading of the warrant.

Article 1. Arthur J. Sullivan, member of the Committee on the revision of by laws presented a report which has been printed in pamphlet form and distributed throughout the town, stating that said report was made as a report of progress and that at a later meeting the committee would have a completed report for acceptance by the Town.

On motion of Joshua Naylor—Voted to accept the report as one of progress.

A copy of said report is on file in the Town Clerk's office.

William Naylor, for the committee on Planning Board, stated that said committee would present their recommendations to the Committee on By law revisions at a later date.

Harold J. Morgan, member of the Finance committee referred to the printed report of the Finance committee which had been distributed. A copy of this report has been filed in the Town Clerk's office.

On motion of Arthur J. Sullivan—Voted to accept the Reports of the various Town Officers and Boards as printed in the "Annual Reports of Town Officers, including the report of the Town accountant, of the Town of Maynard, Massachusetts, for the year ending Dec. 31, 1935."

Article 2. Moderator King announced the appointment by him of three members of the Finance Committee for the term of three years as follows:

HAROLD J. MORGAN,	Sworn April 23, 1936
WILLIAM J. BRAYDEN	
JOSEPH L. BYRNE	Sworn April 24, 1936

Article 3. The following motion was offered by Donald A. Lent.

That the following articles wherein the requests of the departments and the recommendations of the Finance Committee be passed and the amounts specified be appropriated coincide.

Article 3.

Parts 1, 2, 3, 4, 7, 8, 9, 10, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 24, 25, 26, 27, 29, 30, 31, 32, 33, 34.

Articles 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, and 24.

The motion was amended by Alfred E. McCleary, that we take up at this time only appropriations mentioned in Article 3.

The amendment was carried and the meeting then considered Article 3 taking up each item separately.

It was voted to appropriate money necessary for the maintenance of the various Town Departments as follows:

1. Selectmen Salaries and Expense	\$ 5,008.17
2. Finance Committee Expense.....	75.00
3. Town Accountant Salary and Expense.....	970.50
4. Treasurer Salary and Expense.....	1,200.00
5. Tax Collector Salary and Expense.....	2,091.00
6. Tax Title Expense.....	150.00
7. Assessors Salaries and Expenses.....	2,260.00
8. Town Clerk Salary and Expense.....	695.00
9. Election and Registration.....	834.00
10. Town Offices and Hall.....	3,941.00
11. Police Department.....	11,693.00
12. Fire Department.....	7,488.00
13. Weights and Measures Department.....	240.00
14. Moth Suppression.....	1,000.00
15. Tree Warden.....	400.00
16. Health Department.....	6,280.00
17. Sewer Maintenance.....	3,105.00
18. Sewer Connections.....	1,800.00
19. Highways and Bridges Maintenance.....	16,000.00
20. Sidewalks and Curbing Maintenance.....	2,000.00
21. Snow Removal.....	6,000.00
22. Street and Bridge Lighting.....	11,000.00
23. Public Welfare Department.....	30,000.00
24. Old Age Assistance.....	11,000.00
25. Soldiers' Relief.....	4,500.00
26. School Department.....	93,867.00
27. Public Library (Dog Tax and).....	3,150.00
28. Memorial Park.....	500.00
29. Water Department Maintenance.....	11,050.00
30. John A. Crowe Park.....	150.00
31. Interest.....	9,446.25
32. Removal of Garbage.....	950.00
33. State Aid.....	150.00
34. Military Aid.....	300.00

Article 4. On motion of Roy E. Marsden—Voted to appropriate the sum of \$3,781.00 and interest on funds for Cemetery Maintenance and to transfer the sum of \$600.00 to Cemetery Maintenance from Grave and Lot Fund.

Article 5. On motion of Harold J. Morgan—Voted to appropriate \$100.00 for the salary of Inspector of Animals.

Article 6. On motion of Lester F. Cowles—Voted to appropriate \$150.00 for the salary of Inspector of Slaughtering.

Article 7. On motion of Lester F. Cowles—Voted to appropriate \$250.00 for Plumbing Inspection and expenditures.

Article 8. On motion of Harold J. Morgan—Voted to appropriate \$50.00 for the salary of the Fish and Game Warden.

Article 9. On motion of Lester F. Cowles—Voted to appropriate \$1,200.00 for the Salary of the Public Health Nurse.

Article 10. On motion of Oswald C. Drechsler—Voted to appropriate \$350.00 for Vocational Education.

Article 11. On motion of Donald A. Lent—Voted to appropriate \$350.00 for Memorial Day.

Article 12. On motion of George T. Priest—Voted to appropriate \$900.00 to purchase fire hose.

Article 13. On motion of Alfred E. McCleary—Voted that the sum of \$5,000 be taken and transferred from the Overlay reserve to provide for extraordinary or unforeseen expenditures, transfers to be made to departments only by vote of the Finance committee as provided by Chap. 40, Sec. 6 of the Gen. Laws of Mass.

Article 14. On motion of William Naylor—Voted that \$6,000.00 be taken from the Water Dept. Surplus to be used by the Water Commissioners to replace water mains. This work to be done under W. P. A. Projects if possible.

Article 15. Alfred E. McCleary moved that \$3,000.00 be appropriated for three trucks, as follows:

One, two to three Ton Chassis, with not less than 136" Wheelbase, Dual wheels with not less than 32x6 10 ply tires. Mass. nominal payload rating of 4500 lbs, maximum 9,000 lbs. With Standard cab non shatter glass throughout. With Dual performance two speed rear axle. 2 yard body, hydrolic hoist, and auxiliary springs.

One 1½ to 2 Ton Chassis, with not less than 131" Wheelbase. Mass. nominal payload rating 4000 lbs, maximum 8,000 lbs. With Dual rear wheel tires 8 ply, 32x6. Standard cab with shatterproof glass throughout. Dual performance two speed rear axle with auxiliary springs. 1½ yard body and hydrolic hoist.

One $\frac{1}{2}$ Ton Chassis, with not less than 126" Wheelbase. Fitted with 6 ply tires. Nominal body length back of cab 84".

The motion was amended by Charles Manty as follows:

That the \$3,000 for trucks and equipment be spent by the Board of Selectmen, at their discretion so that the town can get full value for their money.

The amendment by Mr. Manty was carried 126 voting in favor and 98 opposed.

The motion by Mr. McCleary as amended by Mr. Manty was carried by an Aye and Nay vote.

Article 16. On motion of George H. Gutteridge—Voted that the Town accept the following Cemetery Funds, the same to be invested and the interest to perpetually care for their lots and surroundings in Glenwood Cemetery: Stephen Matiucz \$50.00 James Parkinson, \$100, Grace Preston \$100.00, Agnes K. and William K. Walters \$100.00, William Litchfield \$100.00.

Article 17. On motion of George Stockwell—Voted That the Board of Assessors be authorized to apply the sum of \$10,000 to be taken from the Sewer Department Surplus, to meet the Two Sewer notes of \$5,000.00 each due in 1936, thus to reduce the amount to be raised by Taxes in the year 1936.

Article 18. On motion of Harold J. Morgan—Voted that \$4,000.00 be appropriated, in the event the State and County make an appropriation to rebuild Parker Street from the end of the new Road to Sudbury line.

Article 19. On motion of Alfred E. McCleary—Voted to lay this article on the table.

Article 20. On motion of Harold J. Morgan—Voted to appropriate \$1,000.00 in the event the State and County make an appropriation for Maintenance of Chapter 90 roads.

Article 21. On motion of Alfred E. McCleary—Voted to lay this Article on the table.

Article 22. On motion of Alfred E. McCleary—Voted to lay this article on the table.

Article 23. On motion of Alfred E. McCleary —Voted that \$9,000.00 be appropriated as a general fund to finance W. P. A. projects as approved by the Committee composed of the Chairman of the following boards: Selectmen, Water, Sewer, Health, Cemetery, Welfare Board, and Mr. James A. Coughlan, this Committee to have charge of the W. P. A. funds and the allocation of projects and workers.

Article 24. On motion of Harold J. Morgan—Voted to appropriate \$285.00 for care and lighting of the Naylor Court Parking space.

Article 25. On motion of Harold J. Morgan—Voted that the salaries of the various elected Town officials in accordance with Chapter 41, Section 108, of the General Laws, said salaries to be effective from Jan. 15, 1936, and remain in force until the next annual Town election unless sooner changed by vote of the Town, be as follows:

Moderator.....	\$ 25.00	per year
Selectmen, Chairman.....	200.00	“ “
Selectmen, Secretary.....	175.00	“ “
Selectmen, Other Member.....	150.00	“ “
Town Treasurer.....	700.00	“ “

Water Commissioners—Three Members....	50.00	“ “
Cemetery Commissioners—Three Members.	25.00	“ “

Moderator King appointed the following tellers who counted several standing votes during the course of the meeting.

George T. Mullin, Arthur J. Sullivan, Albert J. Mullin, Alfred E. McCleary and Walter T. Tierney.

They were sworn by the Town Clerk.

The meeting adjourned at ten o'clock P. M.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF PRE-CONVENTION PRIMARY

held April 28, 1936

A primary was held on the above date in accordance with Town Warrant No. 354 at the High School Auditorium.

The Town Clerk prepared the polling place according to the requirements of the General Laws relating to primaries.

Roy E. Marsden, Chairman of the Board of Selectmen acted as Presiding Officer and declared the polls open at two o'clock P. M. following the reading of the Warrant by the Town Clerk.

The Ballot Box was examined by the Presiding Officer and Town Clerk. The register was set at 0000. Henry F. Pieciewicz, Constable, took charge of the ballot box and held keys to same.

The following Ballot Clerks and Tellers, appointed by the Selectmen, were sworn by the Town Clerk.

Ballot Clerks

William P. Rourke, Hiram Parkin, Ethel Lowney, Florence Maley, Edith C. Elson.

Tellers

Arthur F. Croft, Harold A. Ledgard, Oliver C. Trees, Alexander W. Kulevich, R. Frank Punch.

The polls closed at seven o'clock.

One hundred and eighty-eight (188) ballots were cast.

Forty-six (46) were Democratic and one hundred and forty-two (142) were Republican ballots.

The register on the ballot box indicated one hundred and eighty-eight (188).

The number of names checked on each voting list was 188. 46 Democratic and 142 Republican.

The result, announced at 9:15 o'clock was as follows:

PROCEEDINGS OF TOWN MEETING
held April 30, 1936

In accordance with Town Warrant No. 355 a special town meeting was held in Parker Street Hall on the above date.

Moderator Matthew T. King presided.

At 7.30 P. M. the warrant was read by the Town Clerk.

Article 1. No vacancies to be filled.

Article 2. Harold J. Morgan, gave a report for the Finance Committee setting forth the recommendations of the Committee on the several articles of the warrant. The report was verbal.

On motion of Ernest Mariano—Voted to go into a committee of the whole.

After a discussion of twenty minutes on several matters contained in the warrant the committee of the whole dissolved and in town meeting the Moderator called for action under Article 3.

Article 3. On motion of Harold J. Morgan—Voted to pass over this Article.

Article 4. On motion of Alfred E. McCleary—Voted to lay this Article on the table.

Article 5. On motion of Fred C. Elson as amended by Joshua Naylor—Voted that \$400. be taken from the excess and deficiency account to be used by the Sewer Commissioners to replace sewer pipes at Florida Road bridge.

Article 6. On motion of Donald A. Lent—Voted that the streets mentioned in Article 6, as shown on a plan in the office of the Town Clerk, namely Garfield Street, Hayes Street, DeMars Street, Grant Street, Arthur Street, Roosevelt Street, McKinley Street, Harrison Street, Cleveland Street and Forest Street be accepted.

During the consideration of this article the Moderator appointed Walter R. Denniston, Fred C. Elson, Henry Murphy and Edward Crowley tellers to count a standing vote. They were sworn by the Town Clerk.

Article 7. On Motion of Henry Murphy—Voted to appropriate the sum of \$3,000. three thousand dollars, to be used to repair the streets located in the section of the town known as the New Village.

Article 8. On motion of Donald A. Lent—Voted to appropriate \$100.00 for Christmas lighting.

Article 9. On Motion of Fred C. Elson—Voted unanimously that on or before September 1, 1936, the Sewer Commissioners of the Town of Maynard are hereby authorized and empowered in behalf of the Town to accept from the Textile Realty Company its sewer system, in accordance with an agreement with the purchasers of property from said Textile Realty Company as set forth in paragraph three of "Proposals by Textile Realty Company Concerning The Maintenance and Operation of Certain Sewers in the Town of Maynard, Massachusetts"; Recorded with Middlesex South District Deeds Book 5846 Page 449 that upon such acceptance and in accord with a vote at a Town Meeting held August 19, 1929, the property with frontage on streets, where common sewers of the Textile Realty Company are laid or property connected with said sewers, shall be assessed betterments at the rate of \$1.60 a front foot, with an exemption of sixty feet on the short side of corner lots; providing that an allowance of \$2.00 per lineal foot of all common sewers of full value to the Town as determined by said Sewer Commissioners, less \$1,000.00 for to the system, be made to property now or formerly owned by the Textile Realty Company or the Assabet Improvement Association. Any property so assessed shall be exempted from any other assessment for any common sewer. Under these provisions it appears that the net assessment to the properties mentioned shall be 50c per front foot. But said Sewer Commissioners shall not so accept said sewer system until the owners of all the premises

abutting thereon shall have assented to and agreed in writing to the assessments provided for by this vote and that said assessments shall constitute a lien upon their several properties, in accordance with the provisions of Special Acts of 1916, c. 340, and all other provisions of law in such case made and provided.

On motion of Alfred E. McCleary—Voted to appropriate \$1.00 (one dollar) to carry out the purposes of Article 9.

Article 10. On motion of Fred C. Elson—Voted that the sum of \$200.00 be appropriated for the maintenance of the Sewer Department if the town takes over the Sewer System of the Textile Realty Company.

Article 11. On motion of Fred C. Elson—Voted that the Sewer Commissioners be authorized to construct a sewer on Douglas Ave. and from Douglas Ave. on private land, to Waltham St. to make a connection with the sewer system of the Textile Realty Co. to take from the Sewer Department Surplus \$3,500. for this purpose, or that the Sewer Commissioner be authorized to construct a sewer on Waltham St. to make a connection at Hayes St. with sewer of the Textile Realty Co. to take from the Sewer Dept. Surplus \$3,500.00 for this purpose.

Article 12. On motion of Ernest Mariano as amended by Harold J. Morgan Voted—That the sum of \$5,000. be transferred from Excess and Deficiency account to provide additional funds to finance WPA projects as approved by a committee composed of the chairman of the following Boards: Selectmen—Water—Health—Cemetery—Sewer—Welfare and James A. Coughlan of the Citizens Committee.

At 9.10 P. M. it was voted to adjourn.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF TOWN MEETING

held June 2, 1936

A special town meeting was held on the above date pursuant to Town Warrant No. 356.

Moderator Matthew T. King presided.

The meeting was called to order at 7.25 P. M. and the warrant was read by the Town Clerk.

Article 1. Joseph Byrne read the recommendations of the Finance Committee on Articles 2 and 3. The same was filed with the Town Clerk.

Article 2. Roy E. Marsden, Chairman of the Selectmen offered the following motion.—“That the sum of \$13,000.00 be appropriated from the excess and deficiency fund, to rebuild Waltham Street from the Sudbury line to Paper Mill corner in case the State and County make an appropriation.”

Alfred E. McCleary raised a point of order stating that whereas the tax rate for 1936 was already set money could not be raised and appropriated under the article and that the article did not refer to taking from the excess and deficiency fund which prevented action of the motion of Mr. Marsden.

The Moderator ruled the point of order well taken.

Donald A. Lent objected to the ruling and stated that the \$13,000.00 could be raised by taking from the excess and deficiency fund and appropriated for Waltham Street repairs. Mr. Lent requested his objection be recorded by the Town Clerk.

Article 3.—Voted to pass over this article.

At 7.45 P. M. the meeting adjourned.

Attest:

FRANK E. SANDERSON,
Town Clerk.

PROCEEDINGS OF STATE PRIMARY held September 15, 1936

Pursuant to Town Warrant No. 357, a State Primary for the nomination of State, County and District Officers was held in the High School Auditorium, on the above date.

The Town Clerk prepared the polling place in accordance with the General Laws.

Roy E. Marsden, Chairman of the Board of Selectmen acted as presiding officer and declared the polls open at 2:05 o'clock P. M. following the reading of the warrant by the Town Clerk.

The Ballot Box was examined by the Town Clerk and the Presiding Officer, found to be empty, and the register set at 0000. The keys were in charge of Constable Henry F. Piecewicz.

The following persons were appointed Ballot Clerks and sworn by the Town Clerk.

Hiram Parkin, Florence Maley, Ethel Lowney, Lilian I. Holmes, William P. Rourke.

The Selectmen and Town Clerk deeming it advisable, ballots were taken from the box at 5:30 o'clock P. M. and counting began after the ballots were sorted and counted into blocks of 50.

The polls closed at seven o'clock.

The total number of ballots cast was 640, of which 246 were Democrat and 394 Republican.

The check lists showed that 640 names had been checked, 394 Republican and 246 Democrat.

The result of the count was announced at 9.45 P. M. and was as follows.

PROCEEDINGS OF STATE ELECTION

held November 3, 1936

On the above date, in accordance with Town Warrant No. 358, the voters of Maynard cast their ballots for Electors of

President and Vice-President and for State, District and County Officers and on questions submitted to the voters.

Prior to the opening of the polls the Town Clerk prepared the polling place in the High School Auditorium according to the requirements of law.

The following Ballot Clerks were appointed by the Selectmen and sworn by the Town Clerk.

Hiram Parkin, Ethel Lowney, Florence Maley, Lilian I. Holmes and William P. Rourke.

A receipt was given by the Ballot Clerks for ballots and check lists delivered to them by the Town Clerk.

Roy E. Marsden, Chairman of the Board of the Selectmen acted as Presiding Officer.

On motion of Leslie W. Sims, duly seconded it was voted that the reading of the warrant be waived.

The polls were opened at 6.02 o'clock A. M.

Constable Henry T. Pieciewicz took charge of the ballot box after it had been examined and the register set at 0000, by the Persiding Officer and Town Clerk.

The following were appointed Tellers by the Selectmen and sworn by the Town Clerk.

Arthur F. Croft	Albert J. Connors
Harland V. Larkin	Alice C. Smith
Helen M. Leithead	R. Frank Punch
Walter R. Denniston	Agnes V. Driscoll
Edith C. Elson	Richard A. Thane
Oliver C. Trees	Dorothy Byron
Bertha L. Davis	Waslof Sofka
Albert N. Hodgess	Alice L. Joyce
Dorothy E. Marsden	Maxine De Lory

Martha Jantti

The polls were closed at 7.00 o'clock P. M. after which the election officials cast 26 absent voters ballots.

The total number of ballots cast was 2964.

The check lists each showed 2964 names checked as having voted.

The Constable reported that a ballot caught in the rollers of the ballot box and caused the indicator to register twice. This resulted in the indicator on the box registering 2965, one more than the actual number cast.

The total number of names on the voting list was 3162.

The result was announced at 11:55 o'clock as follows:

ELECTORS OF PRESIDENT AND VICE PRESIDENT

Aiken and Teichert—Socialist Labor Party	5
Browder and Ford—Communist Party	24

NOTICE

All dog licenses here listed expire March 31, 1937.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine.

The law applies to all dogs three months old or over, regardless of time of year ownership is acquired.

No tax bills are sent to owners of dogs.

FRANK E. SANDERSON,
Town Clerk.

REPORT OF THE BOARD OF REGISTRARS OF VOTERS

To the Board of Selectmen:

Gentlemen:—The Board of Registrars of Voters submit the following report.

The voting list on January 1st, 1936, contained 2865 names, 1584 men and 1281 women.

Thirteen sessions for registration were held at which 411 names were added to the voting list. 114 names were removed for various reasons. On December 31st, 1936 the list contained 3162 names, 1723 men and 1439 women, and it is the largest list the town has ever had.

Several additional sessions were held for the certification of signatures on nomination papers as follows;

	Signatures presented	Certified
February Election	487	366
April Primary	205	166
September Primary	781	608

On February 17th, 1936, the Registrars re-counted the ballots cast for School Committee and Board of Public Welfare, at the election February 10th, on petition duly filed. On November 30th the ballots cast for Lieutenant Governor on November 3rd, were re-counted on an order issued by the Secretary of the Commonwealth.

At the close of the September Primary there were 1069 enrolled Republicans and 830 Democrats.

During the year the following changes in enrollment were filed with the Board of Registrars: Democrat to no enrollment, 15; Republican to no enrollment, 11; Democrat to Republican, 3; Republican to Democrat, 1.

The Registrars regretted that Thomas Usher, who served for a long time on the Board, was obliged to resign.

Respectfully submitted,

JOHN C. BRAYDEN,
WILLIAM COULTER,
MICHAEL J. NEE,
FRANK E. SANDERSON,
Board of Registrars of Voters.

TOWN ACCOUNTANT'S REPORT

Maynard, Mass., Jan. 22, 1937

To the Board of Selectmen:

Gentlemen—I submit herewith the annual report of the Town Accountant for the year ending December 31, 1936.

During the year I have audited the books of the Tax Collector and Water Registrar, and sent notices to delinquents, checked the Treasurer's cash on hand, and verified the Trust Funds in the Treasurer's care.

At the end of the year 1934 the Treasurer had cash on hand amounting to \$40,908.84, and in the year 1935 it was necessary for to borrow \$65,000.00 in anticipation of revenue.

On December 31, 1935 the Treasurer had cash on hand \$73,679.90 and during the year 1936 it was necessary to borrow only \$20,000. in anticipation of revenue. December 31, 1936 finds the Treasurer with \$87,701.48 on hand, and with this for working capital, and with taxes assessed in June it is possible that no borrowing will be necessary in 1937.

The Total uncollected taxes on December 31, 1935 amounted to \$104,038.999, while the amount in the Excess and Deficiency account was \$113,785.12, giving an excess over uncollected taxes of \$9,749.13. On December 31, 1936 the total of uncollected taxes is \$94,035.24, the amount in the Excess and Deficiency account is \$116,531.76, and the excess over uncollected taxes \$22,496.52.

The last payment against the Roosevelt School Loan will be made in the year 1937, which will reduce the yearly maturing debt to \$14,000.00.

The total town appropriations for the year 1936 amounted to \$316,510.92 of which \$30,500.00 was taken from surplus cash accounts. The total of the appropriations requested for the year 1937 amounts to \$338,881.08.

I wish to remind the town officials and heads of departments that all appointments must be reported to the Town Accountant, giving the date of appointment, name of appointee, length of term, and salary or compensation. In case of allowance for use of automobile, clerical hire, travel expense, etc., same must be noted on report specifying whether allowance is in addition to, or included in the amount named for salary.

Any town official who is bonded must send both copies of his surety bond, properly signed, to the Town Accountant as soon as possible.

Auditors from the office of the State Director of Accounts were in Maynard from November 21, 1936 to January 7, 1937, making an audit of all the town books and accounts. Their report has not yet been received. Copies of the report will be in the offices of the Town Clerk, Selectmen, and Town Accountant, and any citizen wishing to see the report may do so.

I am deeply appreciative of the cooperation which I have received from the various town officials.

Respectfully yours,

CHARLES A. STOCKBRIDGE,
Town Accountant.

GEORGE F. THANE,
Tax Collector

REPORT OF TREE WARDEN

The Honorable Board of Selectmen:—

I herewith submit my report as Tree Warden for the year 1936.

Following is a list of the locations and number of trees planted at each.

Glendale St.....	7
Great Road.....	2
Sudbury St.....	2
Thompson St.....	1
Parker St.....	1
Waltham St.....	1
Concord St.....	1
Tremont St.....	1
Lincoln St.....	1
Old Acton Road.....	1
Maple St.....	1
Acton St.....	2
Summer St.....	1
Brooks St.....	2

27 trees were cut down on Walnut, Concord, Maple, Glendale, Tremont, Nason and Brooks Streets. On Great Road, Maple Court and Powder Mill Road most of the trees were partially killed by insects and disease and were cut down so that they would not fall and cause damage. Some were removed because of obstruction of sidewalks and driveways. The red pines on Powder Mill Road were taken down as they obstructed a street light on a bad corner.

About 700 mechanically scarred trees were treated.

Approximately 300 trees were trimmed in various sections of the town.

2 trees were excavated and cemented, 1 on Glendale St. and 1 in Crowe Park.

9 trees were artificially stimulated.

During the Spring, trees were sprayed for cotton aphid and oyster scales on Great Road, Main St., Percival St., Sudbury St., Parker St. and McKinley St.

Elm trees were examined for signs of the Dutch Elm Disease.

There should be about 25 trees planted.

Some artificial stimulant should be applied.

All trees should be examined for mechanical scars and treated where necessary.

There are about 5 trees to be excavated and cemented.

About 11 diseased trees should be cut down.

Many trees in all sections of the town should be trimmed.

Ash trees should be sprayed for oyster scale in various parts of the town.

The financial report will be found in the report of the Town Accountant.

Respectfully submitted,

WILLIAM V. HANSEN,
Tree Warden.

ASSESSORS' REPORT

To the Citizens of the Town of Maynard:

Greetings:—

We hereby submit our report for the year.

The work of assessing Polls, Personal and Real Estate was started January 1st instead of April 1st, as in previous years. Owing to the cooperation of the townspeople and Public Departments we were able to declare a substantial reduction in the Tax Rate.

The amount the citizens appropriate at the Town Meeting has a definite influence on the Tax Rate.

ITEMS USED IN MAKING UP THE TAX WARRANT RECAPITULATION OF CHARGES AND CREDITS

Town Appropriations:

(A) To be raised by Taxation	\$ 280,010.92
(B) To be taken from available funds	23,000.00

Total	\$ 303,010.92
Maturing Debt	\$ 16,000.00
State Tax	10,450.00
Parks and Reservations	127.78
Auditing Tax	44.77
Veterans Exemption	14.51
County Tax	10,890.36
Tuberculosis Hospital Tax	4,393.97
Overlay of Current year	7,529.99
	\$ 352,462.30

CREDITS

Income Tax	\$ 22,424.55
Corporation Tax	13,719.05
Race Track Distribution	440.00
Motor Vehicle Excise Tax	9,000.00
Licenses	8,000.00
Fines	1,100.00
Special Assessments	1,000.00
General Government	100.00
Protection of Persons and Property	80.00
Health and Sanitation	1,000.00
Charities	8,800.00
Old Age Assistance	3,000.00
Soldiers' Benefits	50.00
Schools	500.00

Public Service Enterprises (Water Dept.)	11,050.00
Cemeteries	1,000.00
Interest on Taxes and Assessments	7,000.00
	<hr/>
Available Funds (Voted by Town Meeting)	\$ 88,263.60
	33,000.00
	<hr/>
Total Deductions	\$ 121,263.60
Tax on Polls	\$ 4,844.00
Tax on Property	226,354.70
	<hr/>
Net amount to be raised by taxation	\$ 231,198.70
Sewer Apportionment and Interest	6,191.34
Moth Tax (1935)	134.50
Excise on 1858 automobiles	10,896.36
Total Assessed Valuation for 1936	\$ 6,150,943.00
Total Assessed Valuation for 1935	6,149,705.00
	<hr/>
Increase in valuation for 1936	1,138.00
Rate of Taxation \$36.80 per M.

Number of cows	78
Number of neat cattle	4
Number of horses	15
Number of Dwelling Houses	1,407

GEORGE STOCKWELL,
 CHARLES B. KEENE,
 ALBERT MOYNIHAN,
 Assessors.

REPORT OF THE BOARD OF PUBLIC WELFARE
AND
BUREAU OF OLD AGE ASSISTANCE

To the Citizens of Maynard:

The close of the year 1936 finds our town in a much better condition than for many years. While there are still many cases of unemployment, the general improvement in business, together with increased wages, leads us to look forward to brighter times for 1937.

The W. P. A. is still carrying on, though on a smaller scale, giving employment to some 120 persons. Last year we were allowed to employ 175 persons.

The Federal Government is still supplying us with large quantities of food and clothing, which is a great help in caring for the needy. Our board is still sponsoring the W. P. A. Sewing Unit, which gives steady employment to forty women. This unit, operating in the Roosevelt School, has become very efficient and under the able supervision of Miss Mary E. Fearn, is turning out large quantities of dresses, shirts, underwear, pajamas, sheets, pillow cases, etc. The quality of their work is excellent and reflects great credit on both supervisor and workers. The work at the Town Farm building, under W. P. A. projects, has been completed. One half of the building has been rebuilt and finished, a good heating system installed, the other half has been painted, papered and cleaned up generally. The building has received two coats of paint and the roof has been resingled. All this work was done under E. R. A. and W. P. A. projects. The only unfinished work is the shingling of a small barn, which we hope to do this year. This property is now yielding a steady annual income of \$456.00 and we feel that what has been a liability for many years has been turned into an asset.

The number of cases aided during 1936 are as follows:

Temporary Aid (Maynard Settlement).....	120
Temporary Aid (Settled in other cities and towns).....	34
Temporary Aid (Unsettled).....	12
Mother's Aid.....	8
Cases at State Infirmary.....	4
Old Age Assistance.....	72
Old Age Assistance (Aided in other cities and towns).....	5

During the year, from January 1, to September 1, we were carrying 32 cases on Old Age Assistance. On September 1, the age limit was lowered by law from 70 to 65 years. This has increased our number of Old Age cases from 32 to the present level of 72 cared for in Maynard and 5 cases with Maynard settlement being cared for in other cities and town. We are

now operating this bureau under the Social Security Act, under which the Federal Government supplies one half the cost up to \$30.00 a month for each recipient.

The scope of the Mother's Aid law, so called, has been extended to include aid to dependent children. This law, as amended, became operative January 1, 1937 and under its provisions, cities and towns will be reimbursed one-third by the Federal Government and one-third by the state, with the city or town paying the remaining one-third.

The liberalization of relief laws, the Social Security Act and the many statistical reports now required monthly by both Federal and State Governments, all beyond our control, have added greatly to office work and administrative expenses, but we have carried on and lived within our appropriations.

Our financial report will be found under the Town Accountant's statement.

The Board of Public Welfare extends its thanks to the many individuals and organizations who have so generously helped us during the year.

Respectfully submitted,

THOMAS WRIGHT Chairman,
J. A. FOSTER Secretary,
ALTON W. SIMS

Board of Public Welfare.

REPORT OF THE BOARD OF HEALTH

To the Citizens of Maynard:

The Board of Health submits the following report for the year ending December 31, 1936.

With the full realization that good sound health is the foremost factor of the welfare of any community the Board has strived to continue its policy of working tirelessly to keep the town free from any serious outbreak of communicable diseases and to conduct clinics for the prevention of an epidemic.

School Dental Clinic:

These clinics are conducted so that the children may have their teeth cared for and kept in excellent condition. Many diseases may be traced to the source of the mouth, therefore, these clinics serve both in building up the teeth of the child and in caring for his or her health.

Dog Clinics:

The value of the Dog Clinic can best be shown in the fact that not one single case of rabies was reported the past year, at a time when many communities were having serious trouble with rabies. It is important to remember that a dog must be immunized once a year to help protect you and your pet from rabies.

Diphtheria Clinics:

While not a case was reported in years, we must not have any laxness, as the shadow of an epidemic is always hovering over the town ready to strike in a glance. It is important that your child when it reaches the age of six months is immunized to continue the fight against one of the most dreaded of all diseases.

Tuberculosis Clinics:

These were conducted by the staff from the Middlesex County Sanatorium for the children of the 7, 9, and 11 grades. We urge every parent to see that his or her child takes this test on entering these grades for his or her own future health.

Town Building:

A Health Center will be established where the Town Nurse will have her office and where her facilities will be improved. Here she can conduct well-baby conferences, etc. We recommend that one of the local physicians be present at these conferences once a month to render advice. The baby of today will be the man and woman of tomorrow.

Plumbing:

It was necessary to prosecute two persons for violation of the plumbing laws. If there is any doubt concerning any point in these laws, please consult the Inspector.

We recommend that the town dump be moved from its present location to the land where the American Woolen Co. formerly

had their filter beds. It is also deemed advisable with the approval of the townspeople, due to the fact that a W. P. A. project for an incinerator could undoubtedly be secured.

A National Youth Project is now in operation where records are being brought up to date, thus giving work to youths and with but little expense to the town.

Expenditures:

The cost of burial of dead animals is increasing yearly. This is due to the number of automobiles killing them.

It was necessary to hospitalize several cases of communicable diseases on advice of local attending physicians to prevent an epidemic.

Due to the Board's policy of keeping its townspeople well informed as to the various conditions and clinics, a Health Meeting was held in the School Auditorium where State Health Commissioner and other State officials spoke as to the advantages of our participating in the Nashoba District.

The following diseases were reported:

Measles.....	30
Scarlet fever.....	7
Mumps.....	7
Tuberculosis.....	4
Lobar Pneumonia.....	1
Others.....	1

The Board takes this opportunity to thank the citizens, physicians, School authorities, nurses, Selectmen, W. P. A. Committee and the Public Health Association, James King, W. P. A. Co-ordinator and all others who have cooperated the past year.

Respectfully submitted,

LESTER F. COWLES,
JOHN W. SAARELA,
ADOLPH P. CHYZUS,

Board of Health

ANNUAL REPORT OF
MAYNARD PUBLIC HEALTH ASSOCIATION

The Maynard Public Health Association started its new year with three officers of the preceding year, and a new treasurer: President, Mr. Herbert Young; Vice President, Mr. Guyer Fowler; Treasurer, Mrs. George Merrick; and Secretary, Mrs. James P. King. Mr. George Lawton retired as treasurer after many years of faithful service.

The Association was fortunate in securing the services of a local graduate nurse, Miss Leona Howard, to substitute for Miss Ward during her vacation.

Miss Ward assisted at a tuberculosis clinic conducted by Doctor Martin of the County Sanitorium in Waltham, and she is always ready to lend a hand whenever occasion arises. The work of our faithful nurse is felt and much appreciated throughout the town.

Respectfully submitted,

RUTH BREED KING,
Secretary.

Annual report of the Public Health nurse for the year ending January 1, 1937.

Number of Patients Visited.....	414
Association Visits.....	656
Metropolitan Insurance Calls.....	561
John Hancock Insurance Calls.....	187
Free Nursing Visits.....	274
Total.....	1678

There were thirty-five surgical and twenty-two medical cases referred from hospitals. Twenty-eight home deliveries attended by Nurse. Five Tonsilectomies, one hundred seventy-five calls from physicians, 24 calls from insurance agents, seventy-eight calls from patients, twenty-seven communicable diseases. Well Baby Conferences were held during the year at which two hundred four babies were seen and mothers advised.

MARY A. WARD, R. N.

REPORT OF THE WATER COMMISSIONERS

To the Board of Selectmen:

Gentlemen:

The report of the Water Commissioners, including the report of the Superintendent and Registrar, for the year ending December 31, 1936, is herewith submitted.

At a town meeting held December 16, 1935 this Board presented the results of its investigations to determine the available Ground Water Supplies for the town.

The Committee that was appointed to look into this matter has not made a final report. This report should be given to the town for action.

If the Ground water supply does not meet with the approval of the voters, the Water commissioners should be so informed.

If it would seem better to relay the water line to White Pond, this is the time to do this work, as the labor may be secured under W. P. A. projects.

The reason for the large surplus in the maintenance account this year, \$1,636.43, is explained by the fact that all the hydrants, valves, Special castings, pipe and some of the wages of the permanent men were charged to Main Replacement account.

The town has received \$256.65 for the land which was transferred to the State, for a forest, last year.

It will be necessary for the department to have a new truck the coming year.

There are still many streets where the old water mains should be replaced with larger ones.

The expenditures for the year are; Maintenance \$9,413.57; Water Main Replacement \$8,579.90.

The estimate for the maintenance of the system for 1937 is \$11,035.00.

Respectfully submitted,

GAVIN TAYLOR,
JAMES C. MAHONEY,
CHRISTOPHER WILSON,
Water Commissioners.

REPORT OF SUPERINTENDENT

To the Board of Water Commissioners:

Gentlemen:

Herewith is submitted my report as Superintendent and registrar of the Water Department, for the year ending December 31, 1936. The report of the engineer of the Pumping Station is included in this report.

The rains during the fall have brought the water level in the pond up to a high level for this time of the year.

As part of the line to the pond was being cleared this year a broken pipe was discovered. This pipe was repaired by putting in three new lengths of pipe.

The receiving wells at the Pumping Station have been cleaned out several times as usual.

Nearly all of the work of replacing water mains, which was contemplated for this year has been completed. This work was done under W. P. A. projects.

On Concord St. the 4 inch main was replaced with 8 inch from Acton St. to Tremont St. 700 feet; on Acton St. from Nason to Concord St. a 10 inch pipe was laid to take the place of a 4 inch, 760 feet; on Parker St. 2300 feet of 8 inch pipe replaced the old 4 inch; on Sherman St. the 2 inch and 1½ inch pipe was replaced with 6 inch from Great Road to Park St. 620 feet; on DeMars St. 140 feet of 6 inch pipe was laid to connect the dead end on DeMars St. with the pipe on Waltham St.; on Waltham St. 310 feet of 8 inch has been laid to replace 4 inch.

There remains about 300 feet on Waltham St. to be done before all the work under this project is complete.

The pipe put in on Sherman St. is a new kind of pipe for water mains, it is composed of cement and asbestos.

Seven services have been added this year making the number now in use 1,494. Forty house services have been repaired, 16 have been cleaned, 16 were frozen and had to be thawed.

The valves on two hydrants have been repaired and two were broken by Autos. The location of three hydrants have been changed and ones has been added to the system.

A leak in a lead joint on the 4 inch main on Railroad St. was repaired.

Thirteen meters have been installed, making the number now in use 1,475.

200 meters have been changed for repairs.

The old truck which has been in use about ten years should be replaced with a new one next year.

As there are several streets supplied by 4 inch mains it would seem best to replace them with larger mains while the labor may be had from W. P. A. funds.

I take this opportunity to thank the Commissioners for their kind co-operation.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir:— This year at the regular inspection of the engine careful measurements were taken to determine the wear on the cylinder walls and on the bearings. These bearings were taken up where necessary. It was necessary to put on a new cylinder head and new rings in the pistons.

There are on hand 3900 gallons of fuel oil, 20 gallons of lubricating oil and 8 pounds of packing.

PUMPING RECORD

<i>Month</i>	<i>Gallons Fuel Oil</i>	<i>Gallons Water</i>
January	798	10,615,570
February	774	10,662,607
March	849	10,971,695
April	865	10,337,375
May	880	10,667,775
June	910	11,552,570
July	965	11,678,167
August	955	12,336,785
September	895	11,009,977
October	783	9,624,312
November	921	11,277,462
December	950	11,358,880
Total	1,045	131,493,175

Fuel oil used for heating building. . . . 836 gallons
 Average daily water consumption. . . . 360,255 gallons

Average daily for each person, figured on 6,500 users 55.4 gallons.

ORRIN R. BOSWORTH,
 Engineer.

WILLIAM NAYLOR,
 Registrar.

REPORT OF THE SEWER COMMISSIONERS

To the Board of Selectmen:

Gentlemen:—The seventh annual report of the Sewer Commissioners, ending December 31, 1936, is herewith submitted. The report of the superintendent is also included.

Near the end of the year it became apparent that there were not enough funds to pay all the bills before the end of the year, we therefor made a request of the Finance Committee for \$120.00. The Finance Committee transferred \$120.00 to the account of the Sewer Department. This extra amount became necessary on account of the expenses in connection with the transfer of the property of the Textile Realty Co.

The Sewer extensions on Front St. and on Summer St. have been completed this year under W. P. A. projects. As most of the labor on these projects is furnished by the government a substantial saving to the town is realized.

The appropriation for Front St. was \$1,200.00, the actual cost to the town was \$345.87.

The estimate for Summer St. was \$2,500.00 while the cost to the town was only \$769.60.

The pipe under the Florida Road bridge which was broken down by the high water and ice last spring has been replaced.

At a special Town Meeting, April 30, 1936, the Sewer Commissioners were authorized to accept the Sewer System of the Textile Realty Co. providing the property owners, served by this sewer system and connected with it, should agree to be governed by the Rules and Regulations of the Sewer Department and to be charged a frontage assessment.

In accordance with this vote the Commissioners have accepted this system as of September 1.

By this transfer the town acquires all the sewers formally owned by the American Woolen Co. in the streets and across private land; lot of land at the corner of Waltham and Hayes Sts., with pumping station; the lot of land off Waltham St., with filter beds, about thirty acres and the force main, from the pumping station to the filter beds.

At the same meeting \$3,500.00 was voted to construct a common sewer, on Douglas Ave. or Waltham St., to make a connection between the town sewer system and the system of the Textile Realty Co.

When this connection is made it will not be necessary to operate the pumping station on Hayes St., or to maintain the filter beds off Waltham St.

We expected to have this connection made before cold weather but, as some of the property owners were reluctant to sign the necessary agreement, work has been delayed.

We applied for a W. P. A. project for this work and started to make connection November 9, under a W. P. A. project.

About one-half of the pipe is laid at the end of the year.

We have had an application for a House Connection on Deane St. As there is no sewer on this Street it will be necessary to bring this before the voter at a town meeting.

The property owners in the vicinity of Concord and King Sts. have made inquiry regarding a sewer for this section.

As a sewer from this district will have to be carried through private land or the sewage transferred by pumping into the present system, an investigation will be made to determine the best system of disposal.

If a permanent road is to be built on Waltham St., within a short time, it would be best to lay the sewer as soon as possible so that the backfill will have time to settle, before the road is constructed.

Fifty-one House Connections have been put in this year.

Orders for the following expenses have been past this year:

Maintenance and Operation, including operation of

Textile Realty Sewer.....	\$ 3,424.91
House Connections.....	1,282.93
Florida Road Bridge, replace pipe.....	60.91
Textile Realty Co., sewer system.....	1.00
Front Street Extension.....	207.58
Summer Street Extension.....	431.45
Waltham Street Extension.....	837.26

Expense of operation and transfer of the system of the Textile Realty Co., for this year amount to \$565.49.

The following appropriations for 1937 are recommended:

Sewer Maintenance.....	\$ 3,755.00
New Truck.....	1,400.00
Paving Breaker.....	172.00
House Connections.....	1,800.00

Respectfully submitted,

THOMAS H. TIERNEY,
 FRED C. ELSON,
 WALTER R. DENNISTON,
 Sewer Commissioners.

REPORT OF THE SUPERINTENDENT OF SEWERS

To the Board of Sewer Commissioners:

Gentlemen—Following is my report as Superintendent of Sewer for the year ending December 31, 1936.

The regular care of the system has been carried on as usual.

The high water of last spring broke the pipe under the bridge on Florida Rd. and let a large flow of water into the sewer pipe. During this high water we discovered several manholes where the water was getting into the pipes.

During a thunder storm a fuse was burned out in a transformer, which required replacing before the motors at the pumping station could be started.

The system of the Textile Realty Co. will add considerable to the expense of operation until the connection with the town system is made.

House Connections:—Fifty-one house connections have been made this year, the number of connections now is 451.

House connections installed this year.....	51
Lineal feet of pipe laid for house connections.....	2,330
Average length per connection.....	45.61 feet
Average cost per connection.....	\$33.06

LOCATION OF CONNECTIONS INSTALLED IN 1936

Street	Connections	Street	Connections
Acton.....	3	Main.....	3
Arthur.....	1	Mill.....	1
Bent Ave.....	1	Oak.....	1
Brooks.....	2	Park.....	2
Burnside.....	2	Prospect.....	2
Concord.....	2	Percival.....	1
Dartmouth.....	2	Pleasant.....	1
Fairfield.....	1	Parker.....	1
Florida Road.....	3	Randall Road.....	1
Front.....	5	Sudbury.....	1
Glendale.....	1	Summer.....	5
Lincoln.....	1	Thompson.....	2
Maple Court.....	1	Waltham.....	1
Maple.....	3	West.....	1

One connection has been cleared.

Common Sewer Extensions:

The sewer on Front St. has been completed, 434 feet of 6 inch pipe was laid this year. On Summer St. 750 feet of 8 inch pipe has been laid, bringing the sewer to the property of Robert Hartin. On Waltham St. 420 feet of pipe has been laid. All of this work has been done with W. P. A. labor.

Record of pumping at Powder Mill Road Pumping Station:

Total flow for the year 1936.....	36,204,600 gallons
Daily average.....	99,190.6 gallons

I would have the Commissioners know that their kind support during the year has been greatly appreciated.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF CEMETERY COMMISSIONERS

To the Board of Selectmen:

The annual report of the Board of Cemetery Commissioners is herewith submitted.

We are much pleased to report that the work which started under C. W. A. and carried on with E. R. A. and W. P. A. labor is now completed. This work lasting over a period of three years, resulted in the following accomplishments: Building cemetery, erecting rubble wall entrance along Great Road, installing a water system, planting of shrubbery, constructing a miniature lake surrounded by an eighteen foot driveway and grading embankments on the borders of the old and new cemeteries.

The committee felt that the rules and by-laws were inadequate for the proper maintenance of the department and have, therefore, submitted regulations governing the work in the cemetery, to the By-Laws Committee for their approval.

We wish to express our appreciation of the gift of a safe by the Riverside Cooperative Association. This has been installed at the cemetery and is used for the purpose of keeping records and files and all other matter pertaining to the department.

Respectfully submitted,

ROBERT E. HARTIN,
G. W. FOWLER,
ERNEST E. JOHNSON,
Cemetery Commissioners.

REPORT OF SUPERINTENDENT OF GLENWOOD CEMETERY

To the Cemetery Commissioners:

Gentlemen—I herewith submit the report of the Superintendent of Glenwood Cemetery for 1936:

As a result of the completion of our projects for the enlarging of the cemetery, the lack of available lots has been overcome. The new part of the cemetery is now finished and the old swamp hole eliminated.

Several sections in the old cemetery have been rebuilt, sunken graves refilled and monuments straightened and lined up. This added greatly to the appearance of the cemetery.

Four catch-basins have been built in the old part of the cemetery and five in the new section. This will help reduce the washing of the avenues.

The fir trees have been badly affected by disease in the past few years. These have been sprayed twice with an oil solution and all dead wood trimmed out.

More markers have been made for the purpose of numbering lots and we hope in the near future to have them all numbered.

Our effort to improve the appearance of the cemetery is meeting with favorable response as shown by the increase interest of lot owners. Many perpetual care lots have been rebuilt as well as several privately owned lots.

In conclusion, I wish to thank the commissioners for their loyal cooperation and through them the townspeople who have shown their willingness to help make the cemetery more attractive.

Respectfully submitted,

ROY E. MARSDEN,
Superintendent.

REPORT OF LIBRARY TRUSTEES

To the citizens of the Town of Maynard:

We herewith submit our report for the year 1936.

We are indebted for gifts of books to Mr. H. H. Young (3), The Chemical Foundation (1), Atlantic Monthly (1), Charles Scribners (1), Dodd Mead (1), Edmund H. Sears (1), Paul Wilson (7), Norma Gates (20) and Ellsworth Dearborn (54). To all we are most grateful.

We have borrowed books from the Division of Public Libraries, Boston Public Library, Massachusetts Institute of Technology, Watertown, Cambridge and Concord and to all we express our appreciation.

With appreciation for the helpful cooperation of the staff, we respectfully submit the following:

Books in library Jan. 1, 1936.....	8,249
Books worn out and replaced.....	249
Books lost.....	30
Books bought.....	332
Books bound.....	235
Books given.....	89
Books borrowed.....	109
Circulation.....	35,127
Fines.....	\$ 61.47
Books in the library January 1, 1937.....	8,491

MARY E. MOYNIHAN, Librarian.

Respectfully submitted,

JOHN E. HANNON, *Chairman*,
ROBERT LESTER, *Secretary*,
NELLIE C. MAY,

Maynard Public Library Trustees.

REPORT OF TRUSTEES OF SOLDIERS' MEMORIAL

To the Citizens of Maynard:

We take pleasure in submitting for your approval our Annual Report as Trustees of Soldiers' Memorial.

Owing to the curtailment of the appropriation, fewer plants and shrubs were bought, no new tools were purchased to replace the old ones and less labor was expended on the grounds.

The large flag pole was repaired and painted, the seats adjoining the walks and the office were painted and the openings in the monument were cemented. The rubbish on the Nason St. side of the Park was removed.

Permission was granted by the American Legion and Veterans of Foreign Wars to remove the small flag pole at the rear of the park, to the Municipal Building which contains the rooms of both organizations. This was done only with the sanction of Mr. Guyer Fowler, who presented the flag pole to the Park.

As reported last year, the fixtures for the comfort Station are on hand ready for installation. Mr. Luchessi, Chief Engineer of the W. P. A. for this District has been consulted in regard to the installation, but as yet no action has been taken.

Mr. Cleary, Superintendent of the Park and Mr. Rynkiewicz, care taker of the flag, are giving faithful service.

Respectfully submitted,

ROY MARSDEN,
ALICE NAGLE,
ALICE HOWE,
WILLIAM BRINDLEY,
LEO WHITE,
WILLIAM GUTTERIDGE,
Trustees Soldiers' Memorial.

REPORT OF FINANCE COMMITTEE

Board of Selectmen,
Maynard, Mass.

Gentlemen:

We herewith submit to the citizens of the town the report of the Finance Committee for the year 1936.

Five meetings were held, for budget study, previous to the annual appropriations meeting in March. A special report was prepared at that time and distributed to the citizens of the town for their study before the meeting.

Eight meetings have been held since the March meeting, either at the request of departments or for other reasons pertaining to town finances.

Budgets for the year 1937 have been received from most of the town departments but no meetings have been held for consideration of them.

Several requests for transfers from the Finance Committee Reserve were denied during the year. In all cases where the transfer was asked for an emergency or for an unforeseen expense the transfers were willingly voted. The following transfers were voted during the year.

Soldiers' Relief	\$ 200.00
Selectmen's Expense	500.00
Snow Removal	946.16
Fire Department.....	68.00
School Department.....	500.00
Sewer Maintenance.....	120.00
Police Department.....	150.00
	\$ 2,484.66

Respectfully submitted,

JOSEPH BRYNE, *Chairman*,
 HAROLD J. MORGAN, *Sec.*
 ARTHUR J. SULLIVAN,
 JOSHUA NAYLOR,
 DENNIS WHITE,
 JACOB LAURILA,
 JOHN MURRAY,
 WILLIAM MALEY,

Finance Committee.

REPORT OF SPECIAL LIGHTING COMMITTEE

The Light Committee have been industriously engaged with the problem of municipal ownership of the lighting system. While our findings are not complete as yet, we become more and more optimistic as we continue our investigation.

The officials of the Edison Company have been very courteous and have supplied us with reports and data which have helped very much.

The Selectmen have cooperated with us whole-heartedly, and we have obtain expert legal advice without cost to the town.

We have procured reports from twenty-nine towns who operate their own plants, and a study of them leads us to believe that our town should look deeply into the possibility of town ownership. We have reports and records from Maine, Connecticut, Pennsylvania, Michigan; and also figures from the T. V. A. The help we have received from the neighboring towns was much appreciated and we are deeply grateful to Mr. Wood, of Hudson, for his technical information; and to Mr. McSweeney of Concord, for reports of financial and business operations. Also to the town of Belmont for their interest.

This question is of vital interest to every citizen, and we plan to hold public meetings so we may have the benefit of constructive criticism. A great deal of pressure has been brought to bear on us, by those who believe we should acquire the plant immediately, but the committee refuse to be stampeded into any drastic action, until we have covered every angle of the case.

We expect a complete report of the survey concerning the condition and value of the physical properties of the Edison Company in the town, which when completed we feel will have covered the matter sufficiently so we may present our final report to the town.

Respectfully submitted,

AUGUSTUS L. MORSE, Chr.
DONALD A. LENT,
FRANK C. SHERIDAN,
JOHN J. DONOHUE,
DENNIS WHITE,
ARVO N. RIVERS,
ALTON W. SIMS,
JOHN H. MURRAY

EXTENSION SERVICE

The following is a report of the work of the Middlesex County Extension Service in the town of Maynard for the year 1936.

As is generally known, this is a county institution carried on by the Trustees for County Aid to Agriculture, appointed by the County Commissioners for the development of agriculture and homemaking in Middlesex county. Each town is represented by a director appointed by the Trustees. These services are free to any citizen of the county. Headquarters are maintained at 19 Everett Street, Concord, where a staff of agents trained in their particular field is available upon request.

In cooperation with Mr. A. N. Rivers, manager of the United Farmers' Cooperation, the Extension Service has held meetings in the cooperative hall to acquaint farmers with recent developments in the milk markets, pasture improvement and the growing of legumes. Individual farm visits have been made on dairy barn ventilation, milk cooling, and control of cattle diseases.

For the fruit growers spray warning cards have been sent to all those interested and suggestions given for the material to use and the time of application for the control of the various insect and fungus troubles of the orchardist.

Many farm visits were made, particularly to poultrymen to assist them in their production problems.

Three home furnishing groups carried our project in Maynard during 1936. The Cooperative Club carried the four meetings as well as the Parker Street unit, and the Summer Street unit. Some home visits were made in Maynard in response to requests for help on home furnishing and home management. In addition, Maynard is contacted through the mailing service which is carried on from the Extension Service office. Two of the groups carrying the project helped to decorate one of the booths for the June Festival in Lexington. In addition to this, a group of girls under the direction of Theresa Wasuik sang some Polish songs and dressed in their native costumes at the annual meeting.

Maynard had 4-H groups in handicraft, craft, clothing, garden and canning. The South Middlesex handicraft competition was held in Maynard. Alfred Davis, winner for the second year, was this year also first in the county. Vincent Wier was second in the

South Middlesex contest, for the second year. Ruth Croft, Frances Wolik and Helen Worensky, all first year members, were three of the fifteen Middlesex county winners in a canning competition.

Spring and fall exhibits of work and programs were arranged by the club members. A number took prizes at Acton Fair, particularly in the canning judging contest. John Trachim represented the town on the two-day trip to the Massachusetts State College.

Among the 4-H leaders this past year have been: Walter Tierney, Miss Mary Wood, Miss Dorothea Hannon and John Trachim. The Town 4-H Chairman is Miss Nellie May.

REPORT OF THE MAYNARD SCHOOL COMMITTEE

To the Citizens of Maynard:

The School Committee hereby submits the annual report for the year 1936. The reports of the superintendent, principals, supervisors and health officials are a part of the full report.

The Committee has met regularly at least once a month and has attended to the business of the school department which includes:

- a. the election and determination of teachers' salaries
- b. considering courses of study and textbooks
- c. passing on matters of transportation
- d. exercising authority in regard to planning repairs of school property
- e. directing the superintendent to make reports regarding the conditions of the schools.

The Office of the Superintendent was moved from the Roosevelt School to the High School in September. This move has been helpful to the supervisors as well as to those who have business with the School Department.

The time of the high school session was made fifteen minutes later. This was done to give more time to teachers and pupils before starting school in the morning.

The budget submitted for 1937 is larger than last year. The rigid economy of the past five years has exhausted the reserve supplies of the department and the accumulation of needed repairs makes it advisable to ask for the larger amount.

REPAIRS AND IMPROVEMENTS

During 1936 attention was given to the heating systems and the upkeep of the buildings. The grounds of the Wilson School were improved by the removal of boulders from the playground and the erection of a fence to protect the lawn.

There are many improvements that the committee have under consideration. Besides painting and ordinary repairs, some of the more important things are listed below.

Senior and Junior High Schools:

- Cement Walks (Repair and Replacement)
- New Pump for Heating System is Needed

Roosevelt School:

Roof Leaks Badly in Winter Months (Replacement)
New Shades are needed in Rooms 13 and 14

Coolidge School:

Urinal in Boys' Basement (Replacement)
Basement Stairs Need New Treads

Wilson School:

Electric Wiring (Original Installation Unsafe)
Front Steps (Repair or Replacement)
Treads of Stairs Inside Need Replacement

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Maynard:

The usual tables have been prepared to explain the organization and the operation of the School Department.

The financial report will show an increase in cost per pupil because of a decreasing enrollment.

The Age and Grade Distribution table indicates that, of the number of children under or over the age for their grade, more children are under age rather than over, for the work that they are doing.

The enrollment table gives the number of pupils in each grade. A real effort was made to balance the load of the teachers in the three elementary schools.

A plan has been approved for keeping a copy of the scholastic record of every pupil in the Office of the Superintendent. In the past, only the Office Record cards have been kept. These merely gave the number of days spent in each grade and one general mark covering all of the pupils' work.

The School Department has two Federal Projects in operation. The Nursery School, held at the Roosevelt building, gives employment to three or four adults. The National Youth Project provides part time employment for several boys.

Details of the work of instruction will be found in the reports of the supervisors.

Whenever problems have arisen involving other town departments, the School Department has received the fullest cooperation from them to help in the successful operation of the schools.

As Superintendent, I wish to thank the teachers and my assistants for their faithful service.

Respectfully submitted,

JAMES P. KING,
Superintendent of Schools.

January 19, 1937.

REPORT OF THE PRINCIPAL OF MAYNARD HIGH SCHOOL

New problems arise each year to challenge the ability of the high school organization to keep pace with the changes taking place in the lives of the young people and their environments.

Not only are our teachers expected to educate in the subjects of the curriculum, but to develop character traits which will help to make successful men and women.

The employment situation is such that boys and girls remain in secondary school until they become eighteen years of age.

The young people are surrounded by many attractions and distractions, some are good and some are bad. I refer to the moving pictures, the radio, the automobile, the dance hall and the road house. On the other hand we have the home, the church and the school, together with their activities.

The high school must have active teachers, interesting material and plenty of work planned for the youth of today. Most important is the need of inspiration to do something worthwhile.

The success of the graduates in obtaining employment and adjusting themselves to their positions has been recorded. The guidance work done by the head of the commercial department is especially worthy of note.

TEACHERS CLUB SCHOLARSHIP

Barbara Jordan

*EMERSON JUNIOR HIGH SCHOOL

There have been no major changes in the Program of Studies since my last report. A Course of Study in each subject was completed during the spring of last year. These have been very helpful to the teachers. Few people realize the work of adjusting courses to children of varying needs, thereby reducing retardation and increasing promotions, decreasing truancy and delinquency and guiding the pupils by means of understanding sympathy and patience.

In an effort to equip the children with better reading abilities, I requisitioned "McCall's Experiments in Reading" last year. These books are systematically planned and give the pupil the opportunity to check his own grade level and apply a definite remedy in whatever phase the pupil is weak. In a recent issue of the Journal of Education, this book was highly recommended for remedial work in reading.

Homework is assigned to each room by schedule. No assignment should take an individual pupil more than a half hour to accomplish. There is no arbitrary number of hours which a Junior High student is expected to devote to home study. It is an individual matter with the student himself. We must hold up a high standard to the pupils because to lower our standards is to court scholastic disaster.

I very often feel that we expect a great deal of the pupils in Junior High but on the other hand it is very gratifying to check the High School records of the Freshman Classes and find that the number of failures is below the normal for failures.

Our school library is gradually growing. Until this past semester, I have paid for these books from the School Fund but I have always felt that it was a legitimate school system expenditure. We must compete with the screen, the newspaper, the current magazine and the gaudy paper covered book, by putting into the hands of pupils examples of great and good lives. Admiration begets imitation, be it for good or evil. Hence it is that I have tried to put into the hands of my pupils, books picturing characters who possess qualities worthy of emulation, viz—truthfulness, honesty, fair dealing, judgment and courage. Reading plays a large part in forming ideals of young people and determining their estimates of all that is great and heroic. In the early part of the school year the average daily output of books was eighty, at the present time it is forty. This is due to the fact that some of the children have read all the books available. As an example of the appreciation of the children for good books and the supervision of Miss Poyart over this particular phase of administration, I report that there was no book lost from the school library last year.

As an extra activity each teacher has a club. This is the only opportunity afforded the children to develop use of leisure time. Unfortunately and contrary to practices prevalent in many Junior High Schools, these clubs are held after school hours.

The pupils of the Junior High School have been invited to broadcast on school programs from W. A. A. B. and W. M. E. X. This is a very valuable opportunity for the child. It inculcates in the child a desire for better programs, it develops his dramatic talent, emphasizes the value of proper pronunciation and enunciation, and gives the child a sense of responsibility.

The growth of the wood-working division of the Practical Arts Department has created a problem. It is almost impossible to conduct a recitation in the rooms just above the shop. The building of a partition in the girls basement or at the foot of the girls' stairway, thereby making a small room where these machines could be used, over which there would be no class room, would help alleviate some of the disturbance caused by the noise of the machines.

The text books as a whole are in good condition and up to date. We are gradually reaching the "goal of a book for every child".

The present method of teaching Spelling has brought about an improvement in all written work.

The building is in good repair and always clean, due to the constant and systematic supervision of Mr. Mahoney.

Note: Report of Mary A. Doyle, Principal.

*SUPERVISION OF ELEMENTARY GRADES

The results of the METROPOLITAN ACHIEVEMENT TESTS given in grades four, five and six in May of 1936 showed that the courses of study for these grades were giving the children a good foundation in elementary school subjects. I have a detailed study by rooms on file but submit at this time only a summary of the results by buildings.

Schools	Number Tested in Grds. 4, 5, 6	Number Above Grade Level	Number On Grade Level	Number 5-10 mos. Retarded	Number More Than 1 Year Retarded
Roosevelt.....	111	68	19	24	9
Coolidge.....	103	62	20	21	7
Wilson.....	67	24	16	15	4

You can see at a glance the result of uniformity of course of study, texts and supervision.

Every progressive school system keeps cumulative records of the pupils in the system. The value of these records can not be measured. The records should be adequate without being burdensome, complete without being unwieldy and productive without being extravagant. Records are kept chiefly for administrative, instructional and guidance purposes. They give the administrator a study of individual growth, thereby enabling him to advise

parents as well as pupils. I believe that the record system we are now building will be of untold value in the future because it will give a complete picture of each pupil and make it possible to integrate the educational program through a knowledge of the essential unit in the system—the child himself.

There are in the school system approximately fifteen children who should have individual attention. These children will be handicapped for life unless something is done for them. I commend at this time the effort Mr. Tierney and Miss Wetherbee are making to help four of the retarded children in handwork. I also call to your attention the cooperative effort of the primary teachers of the Coolidge School in helping certain pupils who came to Maynard and enrolled in the intermediate grades but who were found to be non-readers. These children have been fitted in to the daily program of the teachers and helped with their reading and by the end of the year I hope they will be able to adjust themselves to their grade. I recommend the establishment of an opportunity class for individual attention to pupils in whatever subject the pupil needs help. The pupils would report to the teacher for the help they need in a particular subject and then return to their own classroom for the majority of lessons. Although only a small number would be helped by this teacher, we must bear in mind that every member of this group must become in the future self-supporting citizens of some community and for the majority, it will probably be Maynard. Therefore I believe it is our duty to provide them with the help they need to be able to adjust themselves to life.

* Note: From Report of Mary A. Doyle, Assistant to Superintendent.

*HEALTH SUPERVISION

Detailed reports of the School Physician and that of the School Nurse are on file in the Office of the Superintendent of Schools.

Besides the regular routine, on March 18 and 24, April 8 and 9, Chadwick Clinics were conducted by Dr. W. R. Martin, Clinic Physician, assisted by Miss Jessie Haldane, R. N. and the local School Nurse. Number of pupils tested and examined, 183. Number of pupils x-rayed, 50.

On May 18, 20 and 22, Pre-School Clinics were conducted by the School Physician assisted by the School Nurse. Number of pupil examined, 59.

On November 2, 9, 11 and 23, clinics were held at the Roosevelt School. Diphtheria Toxin Anti-toxin was given to 67 school and pre-school children. The clinics were conducted by Dr. E. J. Flaherty, School Physician, assisted by the School Nurse.

The cooperation of the people of Maynard with the Medical work being done in the schools is very gratifying. More attention

should be focused on this important phase of school life. The child in school, if not physically well, cannot be expected to be mentally alert or to keep in step with the other children of the same age. Thus it must be realized that every child should be in the best of health.

The response of parents to immunizing their children against diphtheria has been one of the greatest steps taken in years to safeguard life. Years ago diphtheria took its toll of children from every city and town in this state. Today diphtheria is almost unheard of. Not one death from this disease has been recorded in town for over six years. This is truly remarkable. I do strongly recommend that every child should have this protection even before reaching the school age. We have a clinic yearly and every child is welcome to come to this clinic to receive this treatment.

Since the opening of school in September all children in the first six grades have been examined, and if defects were found, notices were sent to parents.

The squad of football players were examined as were the members of the girls' hockey squad. This is most important because no student with any serious physical ailment is allowed to compete in these most strenuous games.

The outstanding defects in children are the number with chronic tonsillitis and decayed teeth. I wish to say here that the work of the Dental Clinic has shown its worth, not only in the work they actually do, but the children are more concerned with the care of their teeth.

Tonsillitis is causing a number of children loss of school time. The work of the school nurse in following up the children who are out of school on account of sickness, as well as the work that she performs daily in the different schools, has been of unestimable value. Infectious diseases are kept down to a minimum by this follow up method.

The teachers have been cooperative in every respect. Their interest in the health of the children under their care is commendable.

SUMMARY 1936

REPORT OF SCHOOL DENTAL CLINICS

This is the seventh report of the Dental Clinics which have been held two mornings a week by Dr. May, Dr. Palmer, Dr. Bellows and Dr. Garland.

The teeth of the pupils in the grade schools were examined by Dr. May. The pupils who had all necessary dental work completed received dental certificates. Number receiving dental certificates—134.

There are three ways of caring for your teeth:

1. See your dentist twice every year.
2. Eat the right foods that keep your teeth hard.
3. Brush the teeth after each meal. Tooth-brushing keeps the gums firm and healthy.

Record of Treatments

Number of Treated.....	686
Number of Fillings.....	150
Number of Extractions.....	427
Number of Cleanings.....	105

EDITH B. FOSTER, School Nurse.

*SUPERVISION OF MUSIC

Our aim in the Maynard Schools is to develop a love of good music and to interest the child in listening to good music. Music is an art that may be enjoyed by everyone.

In these changing times, we hear so much about leisure time, that it seems to me important for us to encourage the child to sing and to play some instrument. The pupils in Maynard have a splendid opportunity to study instruments, both privately and in classes. There are not as many pupils taking advantage of this opportunity as there should be. The classes are held every Monday in all the schools under the direction of an approved

teacher. These instrumental classes help to build up the orchestras in the Junior and Senior High Schools. At the present time the Senior High Orchestra has a membership of sixteen. According to the size of the school, there should be an orchestra with a membership of thirty.

The objectives of Music in the Maynard Schools are:

1. To develop musical taste.
2. To develop an intelligent appreciation of music.
3. To set high standards of performance.
4. To create and sustain the pupils interest in music.

To teach the child to sing; we strive for the following:

1. Light, head tones.
2. Correct position.
3. Clean-cut enunciation.
4. Breathing at the beginning of phrases.

Last year the Junior High School presented an operetta, which gave a large number of pupils a chance to take part. The Art, Manual Training and Domestic Science Departments made the scenery and costumes. The children who worked in each department enjoyed doing their share and gained a great deal by their experience.

The Junior and Senior High Schools, with the Senior Orchestra, presented a Christmas Concert in December. This concert also gave a large number of pupils the experience of performing before the public. The Art and Manual Training Departments made a very beautiful stage setting for this concert.

*Note: Report of Eleanor S. Colburn, Supervisor of Music.

*SUPERVISION OF ART

I believe that last year was a very successful year for the art department. Not only did the High School show good work—but also the Junior High School and the lower grades.

Last year at the exhibition, the pupils of the Senior and Junior High Schools demonstrated their ability in the line of drawing. It was because of the cooperation that the teachers and pupils gave me that I was able to have such a fine exhibit. I have yet to find a teacher who will not work for the good of her pupils.

Many is the time that I have entered a classroom and found projects of various interests. That could only mean one thing—that the teacher in charge of that particular room had spent many, many hours on the outside planning something for her pupils.

It has been a great pleasure for me to work with the Maynard teachers and I have never yet entered a room when I didn't encounter a welcoming smile on the teacher. That is what makes supervising in the grades a pleasure.

My only regret is that we haven't fourteen days in the week—then we could have a bit more drawing.

A great deal of credit is due Mr. James Mahoney who has been a most capable and willing hand.

*Note: Report of Anne P. Pasakarnis, Supervisor of Art.

*SUPERVISION OF PHYSICAL EDUCATION

The Physical Education program in the grade schools for the past year has been carried on entirely out of doors, each class having a half hour period each week. Development of leadership has been the big aim, and each week new captains are appointed, who act as the leaders for their entire period. In the fall the boys have been drilled in tag football. Handling of the ball, blocking, and rules of football are stressed. The girls are drilled in varieties of kick ball, thus developing muscle control, endurance, speed, and skill. In the spring, ball games played with tennis balls, soft balls, and hard balls are played by both boys and girls.

The Junior High pupils have two periods a week in the gymnasium, where the physical side of education is stressed. All students are required to take Physical Education unless excused by the doctor. The work consists of apparatus, tumbling, marching and running, jumping, calisthenics, and all forms of gymnasium games. In the winter there is an inter-class league in basketball for both boys and girls, and the school is represented by a school team that meets outside teams. In the spring the school is represented by a baseball team that meets Junior High School teams from surrounding towns.

The High School program is made up so that all students are given a chance to participate in some sport of their liking. In the fall there is football for the boys, and field hockey for the girls. The field hockey team, again this year under the coaching of Miss Bradley, went undefeated, winning six games; the second team was also undefeated, playing four games. In the winter an extensive basketball program is carried out. We have fifteen teams, nine for the boys and six for the girls. At the conclusion of the schedule inter-class basketball starts for the championship of the High School. Class numerals are given to the winner, and their numerals are engraved on a large loving cup which is kept in the office. At the close of the basketball season, through the kindness of Mr. James J. Ledgard, a boys' basketball team was taken to Bradford, Vermont, where Maynard won a hard fought game by five points from a team that had won nineteen out of twenty games. The night was spent at Mr. Ledgard's hotel as his guests. Two games were arranged for the girls with Acton, on home and home basis. To have more girls playing, first and second teams played, both teams winning their home games.

Baseball and track are sponsored in the spring, baseball being played at Crowe Park. Maynard High is a member of both the Middlesex and the Midland League. Track meets are now held at Alumni Field with the best high schools in this section. The attendance at these meets shows the popularity of the sport in this town.

As soon as the tennis courts are completed, tennis matches will be held on them with outside schools. With the completion of Alumni Field, Maynard will have the best school athletic plant around for miles, one that all Maynard people will be proud of.

Number of boys and girls who took part in athletics this past year:

Boys	Girls
Football.....44	Field Hockey.....45
Intramural Basketball.....70	Intramural Basketball....50
Interclass Basketball.....35	Interclass Basketball....31
Track.....40	
Baseball.....22	

*Note: Report of Reginald P. Sawyer, Supervisor of Physical Education.

The figures in bold faced type show the number of pupils of normal age for the grade; those at right of bold face type show the number above normal age or "over age," those at left show the number below normal age or "under age." With a well adapted course of study and not too arbitrary system of marking, a school system in general should show about the same percentage of "over age" and "under age" pupils.
