If you wake up and don't want to smile,
If it takes just a little while,
Open your eyes and look at the day,
You'll see things in a different way . . .

Don't stop
Thinking about tomorrow,
Don't stop
It'll soon be here . . .

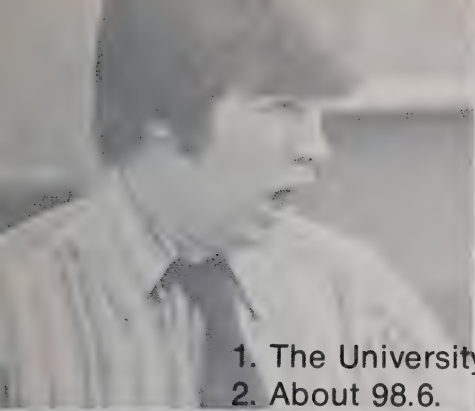

It'll be
Better than before . . .
Yesterday's gone,
Yesterday's gone.

ADMINISTRATION AND FACULTY

The answers to the following questionnaire are the basis for the faculty writeups in the 1978 Screech Owl.

2. What degrees do you have?
3. What are your long term goals?
4. How do you perceive Maynard High School?
5. What do you think are the characteristics of a good teacher?
6. How long have you been at Maynard High School?

8. Why did you become a teacher?
9. What is it about your particular subject that is unique?
10. Who is your favorite author?
11. What are your hobbies?
12. What do you do to relax?
13. When was the last time you had a really good egg salad Sandwich?

1. The University of Hard Knocks
2. About 98.6.
3. To be rich!!

In a bout an hour I'm going to have lunch.
To regain my sanity
To live.

4. Through a glass darkly.
5. Expertise and meanness.
8. Lack of judgement.
Someone said, "Try it, you'll like it!" I tried it, I like it.
9. It's a dying language (English).
I'm the teacher.
10. Whoever wrote those marvelous Harlequin romance books.
11. Trying to say the alphabet as fast as I can.
12. Cannot be printed.
I don't.

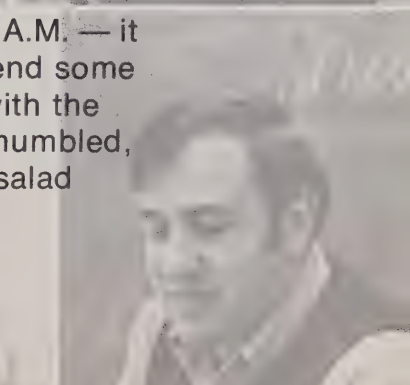

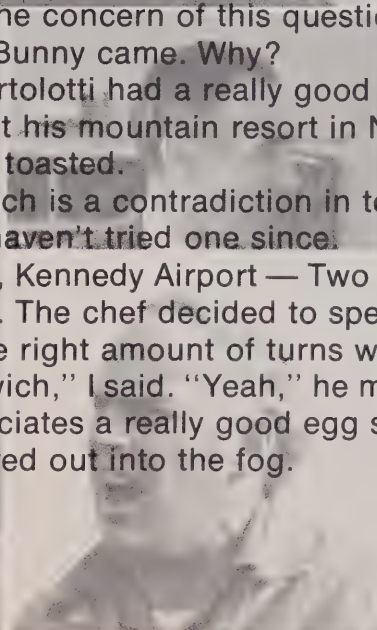

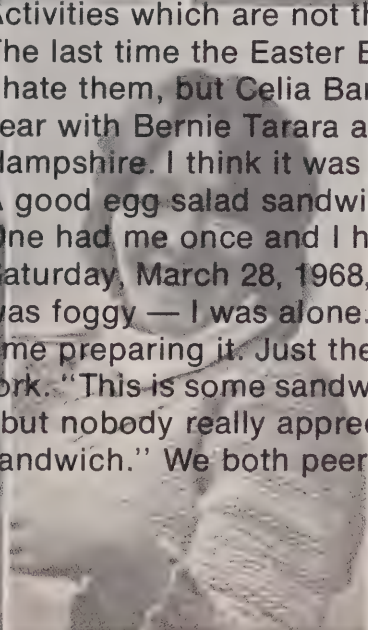

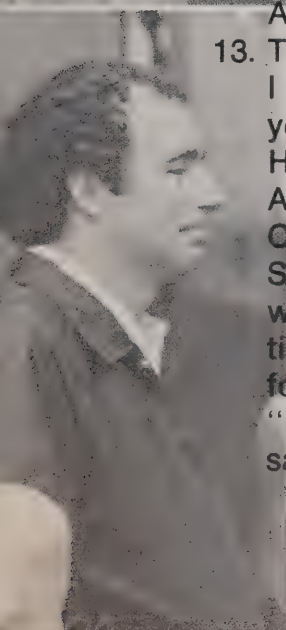

Activities which are not the concern of this questionnaire.

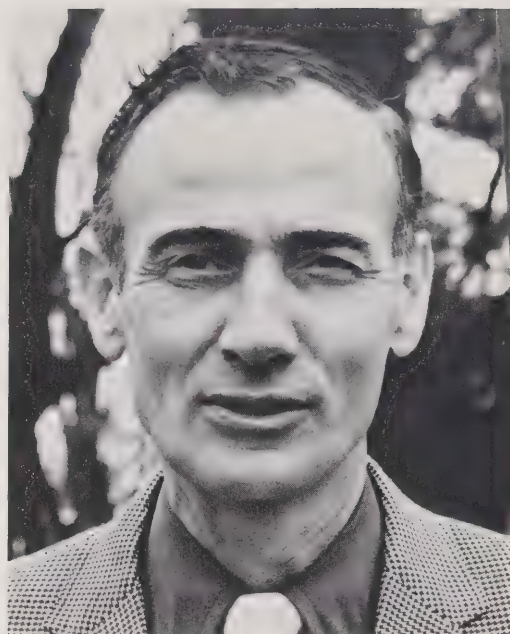

13. The last time the Easter Bunny came. Why?
I hate them, but Celia Bartolotti had a really good one last year with Bernie Tarara at his mountain resort in New Hampshire. I think it was toasted.

A good egg salad sandwich is a contradiction in terms.
One had me once and I haven't tried one since.

Saturday, March 28, 1968, Kennedy Airport — Two A.M. — it was foggy — I was alone. The chef decided to spend some time preparing it. Just the right amount of turns with the fork. "This is some sandwich," I said. "Yeah," he mumbled, "but nobody really appreciates a really good egg salad sandwich." We both peered out into the fog.

ADMINISTRATION

KENNETH ABBOTT

Boston University and Northeastern University
B.S., M.ED., C.A.G.S.

Ken Abbott — our beloved "Uncle Kenny". While we've been here at M.H.S., Ken has shown us many aspects of fair governing, most noticeably his emphasis on equal rights. As fair as it might have been, we'll never forget you for that "King of the Prom" episode!

Ken likes feeding birds, walking, and cross-country skiing. He would like to take a trip to the New Hampshire lakes and mountains. His favorite author — Longfellow, and, as for his wife — well, she makes a "dynamite egg salad sandwich!"

WILFRED DEROSA

Boston College
B.S. in Economics — M.ED., in Administration

Will DeRosa — this guy has one "mean" voice but on the inside — a heart of gold. For four years he listened to our problems, and counseled us through them. But that voice! Who hasn't trembled, or at least swallowed hard, at an invitation to the "bench"?

Will has a workshop where he refinishes and remodels. His favorite author is Damon Rungeon and he would like to visit the Canadian Rockies. Will made it perfectly clear that he doesn't like egg salad sandwiches!

MARYELLEN GRIFFIN
Bridgewater State College, Suffolk University
B.A. Psychology
B.A. History
M. ED. Counseling Psychology

Maryellen Griffin — A caring, crazy, and very sweet person. Her amiability and genuine concern for others makes her very easy to like. Her long term goal is to steal Mrs. Smith's diamond ring and to earn her Ph.D., in that order. Her hobbies are being an actress and trying to memorize the alphabet as fast as she can. She finds Harlequin romances fascinating and would love to visit the teacher's room. What she does to relax, however cannot be printed!

BEVERLY FOX
Boston College, Smith College
B.S., M.A.

Beverly Fox — A very concerned and persistent woman. We are all thankful for the time she donates and the confidence she builds. And with regard to college, we are grateful that she gave us the push when we needed it! Bev's long term goal is simply "to hang in there. It keeps getting better!" She became a counselor by a fortunate accident and perceives Maynard High very optimistically. She would like to visit London, and her favorite author is Joan Didion. She enjoys spending time with friends and one of her favorite pastimes is going to parties!

BRUCE KOSKINEN
East Tennessee State University
B.S.

Bruce "Bruno" Koskinen — With a nickname like Bruno it is obvious that this man gets the respect he demands. Bruce's long term goal is to become a college football coach. He especially enjoys the Project Adventure aspect of his subject. His favorite sports are tennis, golf, hunting, and fishing. He would love to visit the Scandanavian countries; his favorite author is George Plimpton. The last time Bruce had a good egg salad sandwich was the last time the Easter Bunny came.

DONALD CRANSON
Fitchburg State College, Assumption
College
B.S. Special Ed., M.A. Psych &
Counseling

Don Cranson — He is often seen being followed by a stream of Freshman girls carrying a pungent gym bag! He perceives Maynard High School as a place with a lot of potential if communication between faculty and students can be improved. Don believes a good teacher is one that has a good sense of humor and a strong sense of fairness. If given a choice to go anywhere in the world, he would frequent a place in New England that has sunny weather, a lake, mountains, is picturesque, with a golf course and starry nights. Know any such place?

JAMES DUGGAN
Boston College, Boston University
B.S. in Ed., Ed. M.

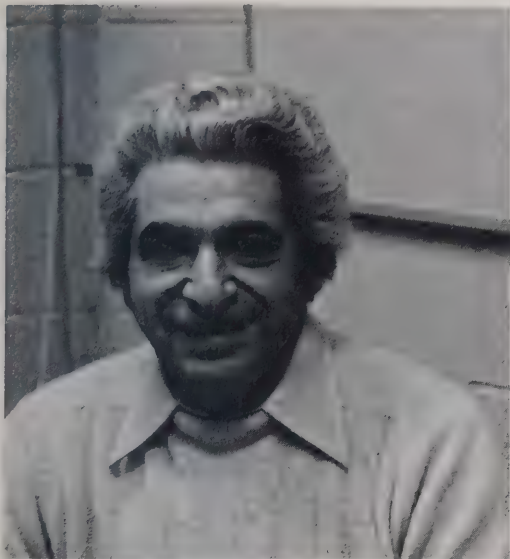

Jim Duggan — Who could ever forget his smiling face? He wears it always! Jim perceives Maynard High as a small school, with a lot of good football players! Jim's favorite authors are naturally, Vince Lombardi and Jerry Kramer. He enjoys golf and bird watching and would love to go someplace where he could play golf all year round. He has been at the school for twenty years and claims he became a teacher because he enjoys beating up kids!

KATHY BASSETT
Lyndon State College, Northeastern
University
B.S.

Kathy Bassett — She does love sports! Her long term goal is to have \$\$\$ and teach in college, or work in a pro-athlete business field. She finds her subject unique in that everything in it is fun. Kathy's hobbies are sports, traveling, and sports cars. To relax, she plays sports, goes to parties, sleeps, and watches sports on television. All in all, she's a really good sport.

THE ARTS

CHARLES GARABEDIAN

Boston University

B. of Music, M. of Music

Charles Garabedian — A teacher with serious concern for the welfare of his students. Without him it would have been impossible to achieve as highly as we did; we would like to extend our thanks. "Mr. G." has been at Maynard High School for 25 years and enjoys the satisfaction of working with young people. He likes to take long walks, collect stamps, play the piano, and read the works of Emile Zola. His long term goal is to develop a better music program at M.H.S., one that is so good that it can compete with the best music programs offered in the state.

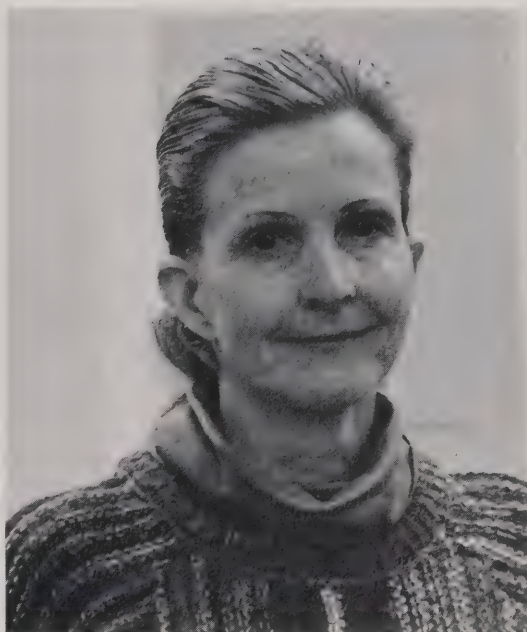

STEVEN TOLMAN

Lowell State College

B.M.

Steve Tolman — A very talented and personable man. Steve gets true enjoyment out of music; we are fortunate that he is here to share his gift with us. Steve sees music as unique in that it produces a vast mode of expression; in it you can create any mood or feeling. He enjoys sports and travel as well and would like to visit Hawaii. His favorite author is Eugene O'Neill and he plans in the future to delve into the field of entertainment.

BEVERLY-JEAN SMITH

Boston University, Mass. College of Art

B.S., M.S.

B.J. Smith — A refined and very unique individual. B.J. has been at M.H.S. for ten years and would like to see, as her long term goal, an adequate art department for the Maynard Public Schools. Her favorite author is Henry James and she likes to paint in her spare time. She wants to visit Ibiza and when asked what she did to relax, she admitted, "I don't."

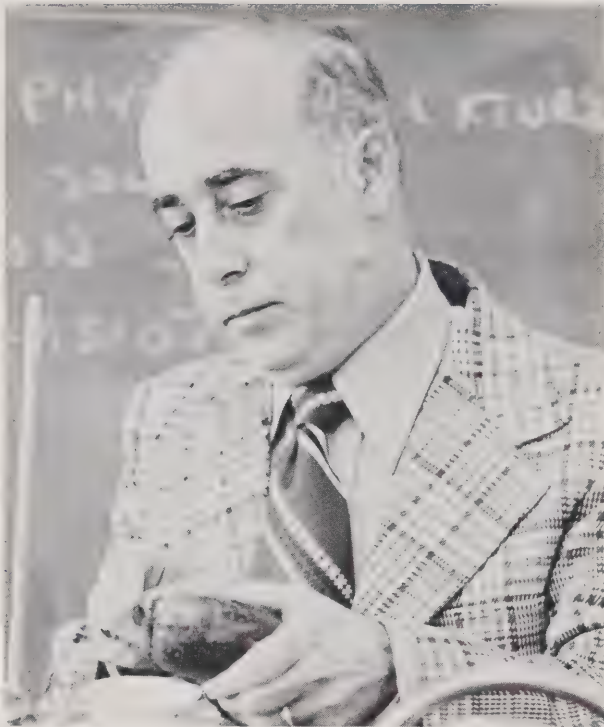

LOUIS DAVIS

Mass. College of Art

B.A. in Art Education

Louie Davis — Another all around nice guy. There's no other word for him. He's just a good person. This is his first year teaching; we really are lucky to have him here at M.H.S. This guy is an excellent painter (remember the Applause sets? He did them!) He also likes to make jewelry, hunt, fish, and read. He would like to visit Kenya, Africa and he likes chicken salad, not egg salad.

JOHN COLE
Ohio State University, Worchester State College
B.A. and M. ED.

John Cole — here's a man who knows his stuff. Anyone who's had him for biology will tell you that he takes his bugs very seriously.

John, who has been here for fifteen years, finds biology unique in that it deals with living things — and all living things are unique! He enjoys photography and reading (any reputable author suits him just fine). John would like to visit Austria, Germany or Switzerland and his goal is to survive to a ripe old age.

SHIRLEY KLEPADLO
Anna Maria College B.A.
Rutgers University M.S.

Shirley Klepadlo — this woman does have a gift — and she could probably make neuro-surgery easy to understand! It takes a special kind of person with a very high tolerance level to handle 70 little chemists each year (Although we must admit that our class lightened her burden with our remarkable coordination and ability to grasp hold of new concepts immediately.)

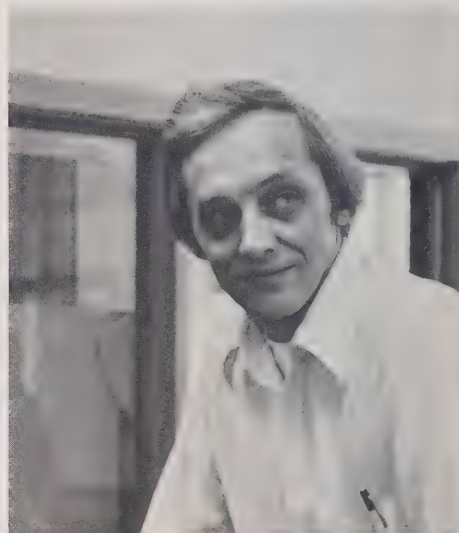

Shirley's long term goal is to be rich (at least she's honest!) She enjoys needlework and skiing and could probably handle a trip to the South Pacific. She became a teacher because, of all reasons, she wanted to!

BERNIE TARARA
Fitchburg State College
B.S., Ed.

Bernie Tarara — another crazy but lovable Italian. A lover of nature (and dare we say of RESUSCITATOR ANNIE?) Bernie perceives Maynard High School (and rather uncharacteristically we might add) as "a school in limbo — neither country nor city society."

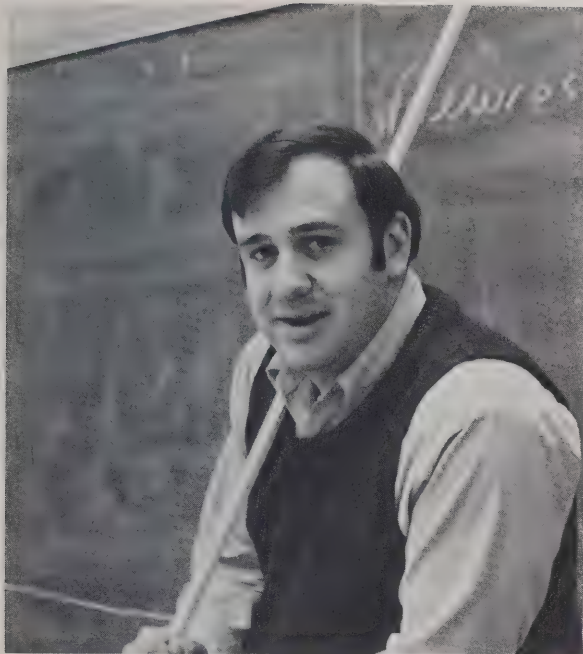

Bernie likes to hunt, ski, mountain climb, and fish — in general, retreat back to nature. His favorite author is Poe (sure Bernie!) and to him Alaska would be a cool place to go. Bernie became a teacher simply because, at the time, it seemed like a good idea!

GEORGE WING
University of Maine, Worcester Polytechnic Institute
B.S. In ED., M.S. in Natural Science

George Wing — the notorious Mr. Wing. Isn't he that science teacher with the strange flair for poor ethnic jokes? The one who delights in flunking his physics students?!! Yes — that's George!

George likes his subject because it is challenging and difficult. His favorite authors are typical — Isaac Newton and Johann Kepler! He enjoys sports and would like to visit Israel. In order to relax, he, like Mr. LeSage, does the smart thing — naps!

JAMES RUGGIERO
Boston State College
B.S. in Biology

Jim Ruggiero — it's hard for us to put into words how we feel about him. He left us towards the end of the year, for a job in ????????!! We will always remember him, though, for what he is — a very warm, sensitive and compassionate person.

Jim thinks biology is unique in that it affects everybody (this is true when you think about it.) His favorite author is Harold Robbins and he would enjoy going to Hawaii. To relax, he "turns on the stereo and smokes a little." (smokes a little what?? Mr. Ruggiero????!!)

BRENDA MASON
U. Mass. at Amherst
B.S.

Brenda Mason — she's what one might call versatile — she teaches science as well as math! She finds her "sciences" unique in that they are exact and "allow you to discover why some things exist the way they do."

Brenda likes to play tennis, swim, crochet, and sew (doesn't she coach a volleyball team someplace?) Her favorite authors range from Fitzgerald to Shakespeare and she would love to hop a plane to Australia. In regard to egg salad, well, her memory seems to fail her!

CHANDLER LINCOLN
U. Mass at Amherst
B.S. in Mathematics

Chan Lincoln — Mr. Nice Guy in every way. Even though "Linc" was away at school and didn't actually teach here this year, he still managed to show up at all the school functions — being supportive to his class and the school in every possible way.

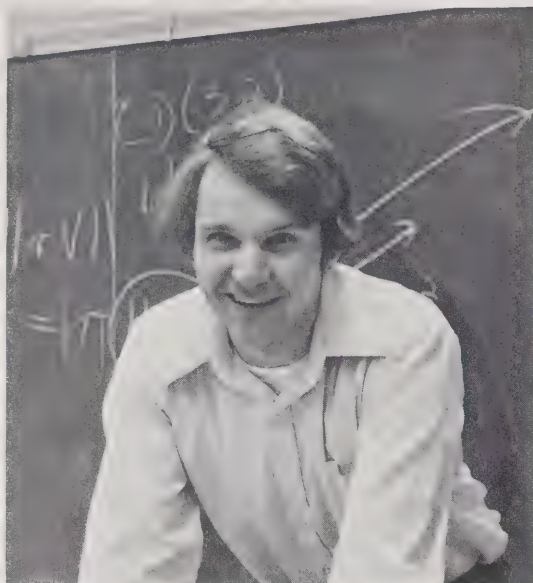

Chan is an ace photographer, and he finds a walk through the woods very relaxing. His favorite author is John Steinbeck and if he could visit anyplace in the world, it would be a small South Sea island.

KENNETH NAJJAR
Keene State College
B. in Ed., M.A.

Ken Najjar — a stricter hall guard couldn't be found (except for, of course, Mr. Cole!) Ken may be a good math teacher, but rumor has it that you should never ask him to teach you how to play backgammon (remember, Ken?)

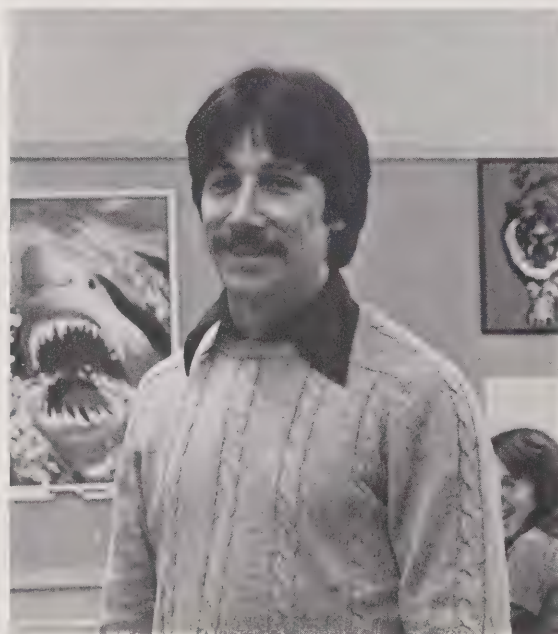

Ken likes to read and is interested in almost all sports. He enjoys the friendly, small-town atmosphere at M.H.S., and believes that, above all, a good teacher is fair. For reasons far too personal to go into, however, we believe that Ken never really did have a good egg salad sandwich . . .

ARTHUR ST. GERMAIN

Boston College
A.B., Masters in Mathematics

"Artie" St. Germain — This man has an incredible sense of humor. When asked, as was the entire faculty, what he did to relax, his reply was — "My hobbies, dummy!" All right, Artie! Art's goal is to get a doctorate in administration and his choice for a trip would be Europe. His hobbies are astronomy, golf, hockey, tennis, and music. We asked him when he last had a really good egg salad sandwich. His answer — "Vous plaisez!" We have yet to ask Miss Hovsapien just what this means . . .

ROBERT LESAGE

Fitchburg State College
B.S. in Education

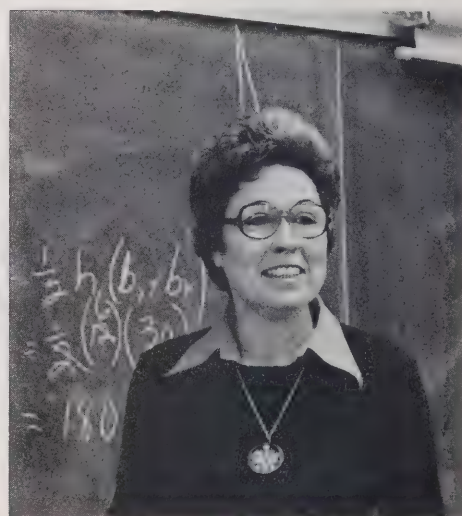

Bob LeSage — Our illustrious class advisor; You've been with us through thick and thin — and we thank you. Among other things, Bob would like to earn enough money to travel the world — Australia or Russia specifically. Of his hobbies, "Twinkletoes" is known primarily for his dance ability. He revels in the works of Dolciani, and when asked what he did to relax, he gave the brightest answer we received — "Sleep!" We knew we could count on you, Bob.

MICHAEL SPARKES

Fitchburg State College
B.S. in Education

Mike Sparkes — almost every student has had him at one time or another, either for Math, or for driving. Yes, we must give credit where credit is due. Mr. Sparkes should be proud to claim responsibility for the careful drivers that the senior class has produced! Mike, a logical guy, likes math because in it there are as many answers as there are questions. He enjoys woodworking and camping, and his favorite author is Thoreau. If Mike could take a trip to anywhere in the world, he'd love to visit . . . Fantasy Island!

MARILYN PUTNAM

Boston University
B.A. in Mathematics

Marilyn Putnam — a brand new addition to our colorful faculty. This woman will long be remembered for her deeds of goodness — such as dismissing her first period class so that they could go out and collect cans for the food drive, in order to beat out Mr. LeSage's first period trig class! Marilyn enjoys books by James Herriot, and Erma Bombeck (we guess that this is where she picked up her endurance as a teacher). She skis, swims, gardens, and most important — can draw a straight line between two points.!

PRACTICAL ARTS

OLIVIA ANDREWS
 Pennsylvania State University
 Framingham State College
 Bachelor of Science, Master of Education

Olivia Andrews — A friendly, caring woman. What she gives to her students is an art — the art of living in the home, in the future — something which many of us take for granted! Olivia has many hobbies, among them being swimming, tennis, gardening, cross country skiing, sewing, and crafts. She would love to visit Europe and two months ago she had, of all things, a very good egg salad sandwich.

STEVEN DESY
 Fitchburg State College
 B.S. in Education

Steve Desy / The loveable, huggable "Fozzie Bear!" Steve is "into" many things — among them coaching girl's j.v. basketball, softball and cross country and joining roommate Joe Cusson at the 117 House. Steve thinks of Maynard High in terms of the students, whom he sees as outstanding individuals. It is obvious by his involvement with the students that he gets enjoyment out of working with them. To relax, Steve likes to watch various sporting events or listen to music. Being a rugged man, Steve could stand "roughing it" in Bermuda or Hawaii!

RON JOKI
 Fitchburg State College
 B.S. in Education
 A.S. in Mechanical Engineering

Ron Joki — Yes, there really is a person named Mr. Joki on the teaching staff at M.H.S. He has a classroom and students and his name always appears on the master schedule! The cafeteria staff knew he was here as he always returned his empty lunch tray. He is very well liked by his students due to his understanding, patience and flexibility. He would like someday to travel extensively through the U.S. and enjoys gardening, photography and sports.

JOHN KENDRA
 Fitchburg State College
 B.S.

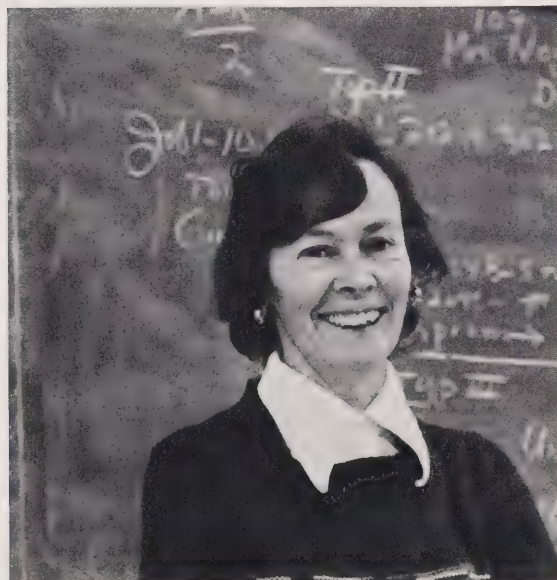

Jack Kendra — Another man who is willing to share his vast knowledge in his field to help others. Jack enjoys working with his hands and his goal is to open up a gift shop, supposedly to keep his wife occupied! Jack enjoys working on hot rods, golf, camping, and woodworking. In order to relax he likes to spend time with his daughters. Jack hates egg salad sandwiches, in fact, he thinks they stink!

MARY HAYES
Boston University, Boston State College
B.S. — M. Ed.

Mary Hayes — caring, understanding, always there to help. Her hobbies are many: piano, knitting, crocheting, tennis (outstanding player), bowling, swimming, and reading!

She sees her subject as unique in that students see progress right from the beginning (in most cases!) Her choice of a trip — a three-way draw: Switzerland, Hawaii, or Ireland. Her long term goal is admirable — to assist young people in developing marketable skills and desirable attitudes for future years.

SHIRLEY NOYES
Nebraska Wesleyan University
B.A.

Shirley Noyes — a typing teacher and an athlete too. Not only is she "dynamite on the courts", they say she's not too bad when she hits the slopes, either!!

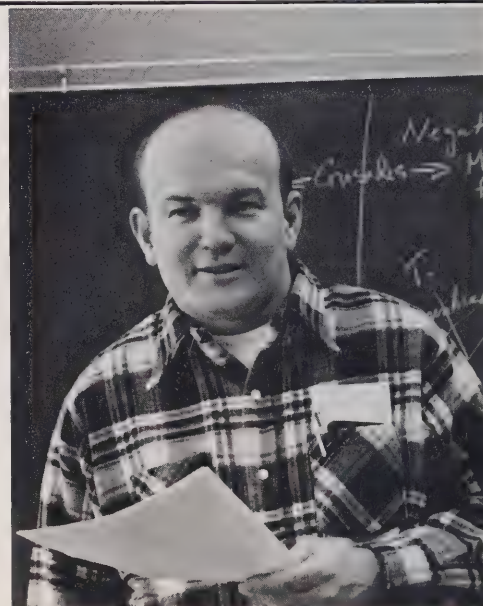

Shirley finds her work important in that it has definite value in preparing the student for the future. She enjoys reading books by Taylor Caldwell and Wilbur Smith and would love to visit South America.

GEORGE STRINGOS
Northeastern University
B.S. in Business Management

George Stringos — a man who derives great pleasure not only from playing the mandolin, but from harassing fellow Middle Easterner Miss Hovsapian!

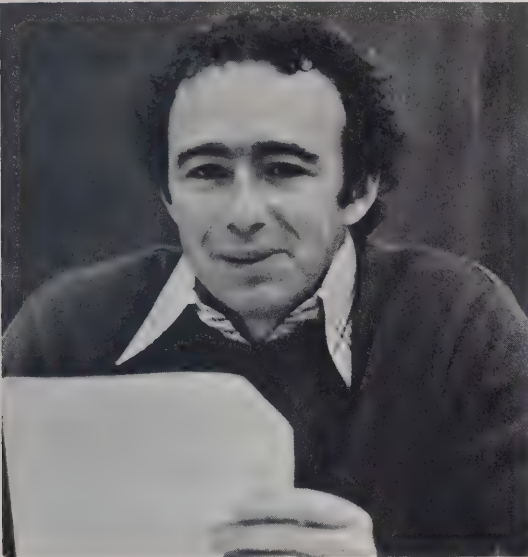

George finds his subjects unique in that they all deal with money — "something none of us can seem to do without!" George also likes amateur radio and books by John Kenneth Galbriath. In regards to the egg salad — "One had me once and I haven't tried one since!"

JOHN LENT
U. Mass.-Amherst, Framingham State College
B.A. in History (U. Mass.)
M.Ed. — (Framingham State College)

John Lent — another Maynard boy! A dedicated and enthusiastic Athletic Director. (Remember his tirade on the P.A. system?)

John probably holds the "proudest father" title at our school; one of the things he does to relax is play with his children. He also enjoys golf, hiking, and gardening, and if he could go anyplace in the world, it would be the Virgin Islands.

JOE CUSSON
Fitchburg State College
B.S. Ed., M.A. Ed.

Joe Cusson — truly the heartthrob of the girls' cross country team. This man claims that Shakespeare is his favorite, but we're almost certain he has at least a few copies of Sports Illustrated lying around his "bachelor pad!"

Joe went into teaching for the sheer satisfaction of it, and the vacations. He enjoys jogging, reading, playing golf, and being optimistic about boys' basketball at Maynard. And could it be true what they say? That "Old Blue Eyes" wears contact lenses?!!

JOHN GOLEC
Lowell State College
B.A.

John Golec — a very understanding and overall cool guy. Hopefully he has taught us enough about the basic concepts of law to keep us out of trouble!

John has been at Maynard High for ten years and perceives the school as one with great academic freedom. His favorite author — Alan Watts; his hobbies are woodworking and cabinetmaking. And as far as John is concerned, the Pacific Islands are the place to be!

BRUCE PEKKALA
U. Mass., Amherst
B.A. in Political Science, M.A. in Linguistics

Bruce Pekkala — an individualist in every sense of the word. His list of goals is an admirable one. Among them are to master several of the world's major languages, travel to all of the continents, cross certain deserts and climb certain mountains, and explore some of the major waterways. There are also some instruments he would like to play and some books he would like to write.

Bruce would like to visit Central Asia, China, and Siberia. His list of hobbies is also impressive. He likes folk-dancing, hiking, climbing, cycling, swimming, and "engaging in activities which are not the concern of this questionnaire!!"

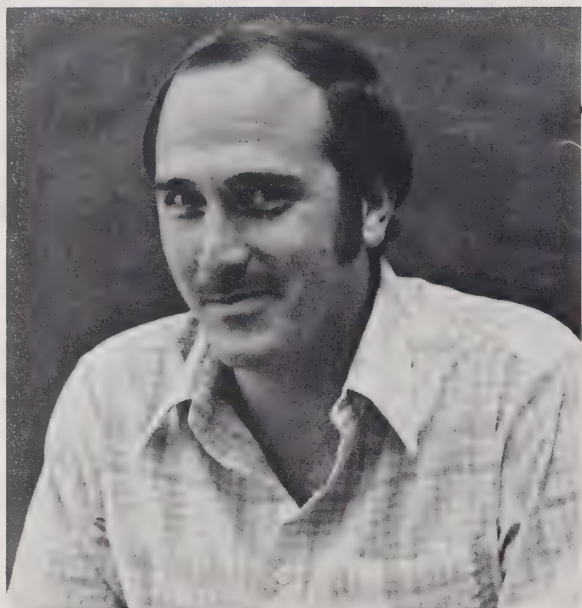

AL STEBBINS
C.W. Post College, Long Island University
B.A. in History

Al Stebbins — a very caring guy who just happens to talk "a tad bit different." When we think of Al, we see him in his "running suit" or else asking, "O.K., now who in the class is going to give blood?"

Al enjoys hiking, cross-country skiing, photography, and reading. He would like to visit that plush vacation resort — the Himalayas! To relax, he runs 2-7 miles — six days a week. He believes, however, that a good egg salad sandwich is a contradiction in terms.

LANGUAGES

PAUL HENNING
St. Francis College
B.A. English, M.S. Secondary Education

Paul Henning — isn't he John Henning's brother? The one with the receding hairline? The one who's going to kill us when this yearbook comes out? Yes, that's him — the one with the funny coffee cup!

Paul takes life as it comes; as a result his long term goal is to eat lunch. He became a teacher "quite by accident" — luckily for us. He enjoys reading, writing, jogging, and, rumor has it that he likes to eat alone. Seriously, though, Paul is a special guy — not only does he advise the yearbook staff, he does a damn good Bill Davis imitation!!

CELIA BARTOLOTTI
Florida State University
B.A. in English

Celia Bartolotti — a small but very competent Italian. Among other things, Celia is known for her prowess as a director, her "cool" approach to teaching, and her colorful cursing in foreign languages. Her goal is to open a summer theatre (along with restaurant and lounge) and become rich.

Celia enjoys swimming and skiing and decided upon Albee as her favorite author. She would like to visit Austria, preferably with Robert Redford. Hey, Celia — try this one on for size — "Tu e piccolo!"

BETTY HILL
Saint Joseph College
B.A., M. Ed.

Betty Hill — renowned throughout the school for her brightness in English literature. Betty has been in teaching for twelve years; she became a teacher to inspire a love of learning in her students.

Betty enjoys reading, writing, and listening — to what we're not sure. When asked where she'd like to visit, she said Egypt, at least at the moment. To relax she does crossword puzzles — hmmm, we wonder (there must be other things she does!)

ALICE MULLIN
Boston University
Bachelor of Arts

Alice Mullin — an admirable woman with an admirable philosophy of life. Besides being an outstanding teacher, she has achieved greatly in her family life. Who in Maynard hasn't heard of the famous Mullin clan?

Alice likes kids (we hope so!) and finds teaching them a challenge. She enjoys reading and her favorite authors are John Fowler and Graham Greene. She would like to visit England, Ireland, or Paris — again. And an additional fact on Alice — last week she had an excellent egg salad sandwich with onions, celery, and cream cheese!

BILL LINNEY
Keene State
Bachelor in Education

Bill Linney — to know him you really have to understand his subtle sense of humor. For example, Bill thinks that two characteristics of a good teacher are expertise and . . . meanness!! His long term goal to regain his sanity, shouldn't be all that difficult to attain. You see, in actuality, Bill is the only sane one among us!!

Bill has been teaching for ten years and finds English unique in that it's a dying language. Like all English teachers, Bill likes to read; his favorite author is John Fowles. He would like to visit New Zealand and he last had a good egg salad sandwich, believe it or not, when the M.H.S. Caf. was working!!

MARTHA TATE
North Texas State University
B.A. in French

Martha Tate — another lucky newcomer. Martha would like a home in the country, where she could practice her hobby, fishing. An "outdoor" person, she also enjoys camping and hiking. Her favorite authors range from Ray Bradbury (science fiction) to Stephen Crane. Martha also holds the fine distinction of being the first Latin teacher at M.H.S. with a Texan draw!!

ELAINE NEWSHAM
Bates College
B.A. in French

Elaine Newsham — a perpetually smiling person. She has many interests, among them golf, cooking, and traveling. We even know for a fact, Elaine, that you play tennis on Tuesday afternoons!

Her goal is to see as much of the world as possible and if she could go anyplace right now, it would be Russia. She claims that the British authors are her favorite, but we wonder what she really reads. Although Elaine did not mention it on her questionnaire, we can tell by her classroom that she loves plants.

JULIETTE HOVSAPIAN
Boston State College
A.B. — French, trying for Masters

Juliette Hovsapien — she has the distinction of being the most "genuine crazy lady" on the staff. In her spare time she does everything from rug-weaving (a trade learned as a child in Armenia) to bellydancing. She travels a lot, and thinks nothing of spending hundreds of dollars on jewelry.

Basically, Juliette would like to continue her studies in Arabic, and get married. She enjoys teaching at M.H.S., but would like to see students taking their work more seriously. In order to relax, she, well, Juliette can't relax. Inquisitive by nature, when we asked her the egg salad sandwich question, she asked us, "Why?"

RESOURCE ROOM

MARILYN BOCK

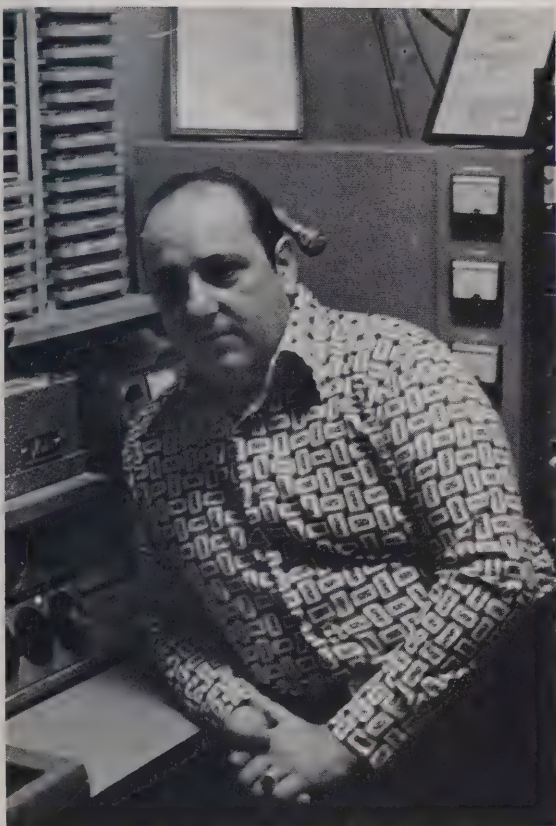

LESLIE WEINSTEIN

STEVE STASZEWSKI

SHERRY GLATFELTER

JOSEPH MAGNO
Boston College
B.S. English

Joseph P. Magno — "Mags" — We will never forget his true devotion — and his bet with chickenhead! Even at the risk of building up your confidence too much. Joe, we must admit that we don't think you can do it. Joe has been at M.H.S. for 17 years and obviously enjoys involvement with the students. He enjoys writing, snowmobiles, and cars, and when the going gets tough he heads for New Hampshire. Joe had a really good egg salad sandwich about . . . 43 pounds ago!

MARGARET MORRISEY
LIBRARY

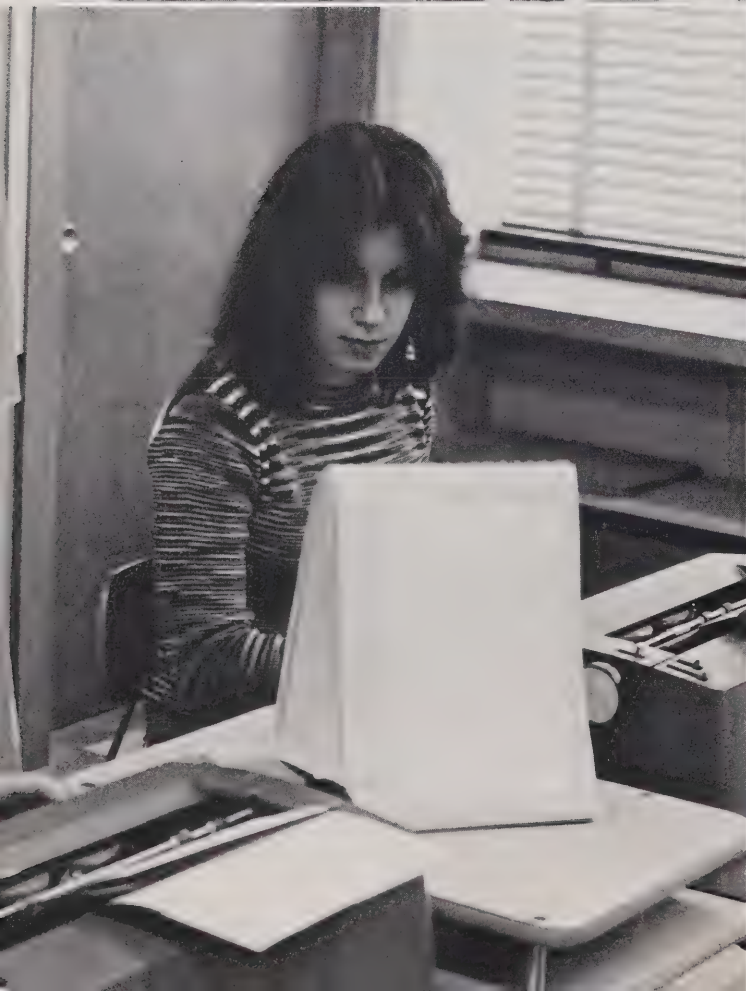

Marge Morrisey — the indispensable Mrs. Morrisey — What would Joe do without her? Besides making sure all the media-minded teachers have all their films, equipment and tapes, she is never too busy to help a student find anything from a book to an entry in an encyclopedia. She is a friend to both teacher and student.

Why is it the nice guys always finish last? The Tigers, under the leadership of Phil Nickerson and John Sambuchi, were expected to do extremely well. While the season was disappointing to these optimists, frustration was evident as the Tigers' 3-7 record shows. The team will be parting with a great number of talented seniors, but will be quickly replaced by the majority of the upcoming juniors and sophomores. All we can say is we hope next year's team has the spirit and enthusiasm that this year's team had and turns the record of 3-7 to 7-3.

CROSS COUNTRY BOYS AND GIRLS

SEPTEMBER • SEPT

The Girls' Cross Country team, under the capable coaching of Mr. Joe Cusson and Mr. Steve Desy, had a fantastic winning season. The outstanding record of 8-1 in the Midland League shows what tremendous talent the team has. With the loss of only a few seniors, the team is expected to return again next year with the same kind of winning record.

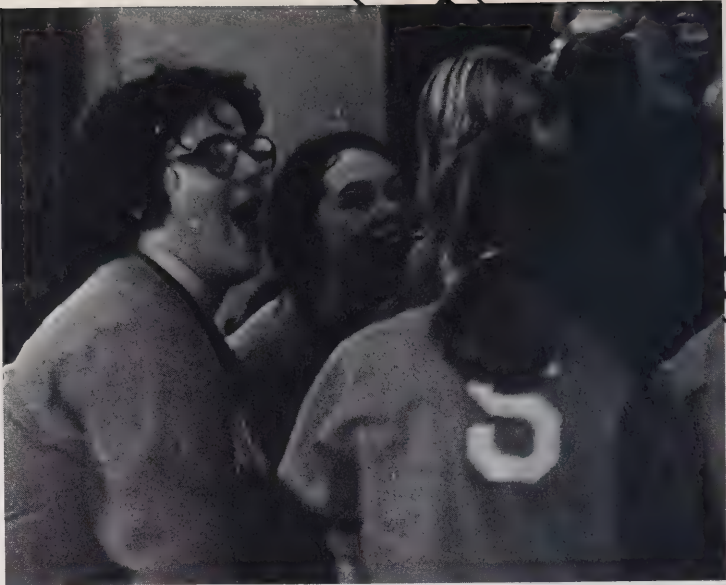

Although the Boys' Cross Country team's record was 3-6, it could have easily have been turned around to 6-3. The experience and skill was there, but the team just lacked that certain "oomph" to make a winning season. Coach Joe Cusson will be looking forward to next year to several returning runners, and a winning season.

VOLLEYBALL

The M.H.S. Volleyball team, under the direction of Mrs. Mason, led a disappointing season which ended with only one win. Hopefully, next year, the team should be on the way to a winning season with four returning varsity members. Due to graduation, the team will miss the services of three dedicated senior athletes — Diane Hanson, Pauline Smith, and Ginger Hickman.

The nucleus of the team was made up of juniors who will be returning next year to try for a winning season. The JV Team had a very good year. They ended up 5-6-3 at the end of the season. Nancy Varrichone, Jamie Duggan and Meg Tobin were key players on this year's team.

FOREIGN LANGUAGE CLUB

Lisa Floyde, Bill Floyde and Jerome McDonald

Advisor: Juliette Hovsepian

Led by that exotic Armenian Juliette Hovsapien, this group of colorful FLC-ers spent an excitement-packed year pursuing and learning about the more exquisite side of life found in foreign countries. More often than not they could be found in the midst of some furious activity, be it a sale, a field trip, or an argument of some sort. To top their list of credits, should be the fact that, of all the clubs in the school, the Foreign Language Club holds the record for having the most meetings!!

The Maynard Student Athletic Association had a very successful year. This year the group was open to both girls and boys. But most of the enthusiasm came from the girls. The M.S.A.A. plays a very important part in M.H.S. athletics. Selling popcorn at football games and candy at basketball games were successful ways of raising money. This year's officers were Sally Rose, Ginger Hickman, Helen Campbell, Rosemary Fields, Billy Duggan and Billy Johnson.

HALLOWEEN

October 31, 1977 turned out to be a very "spooktacular" day at Maynard High School. A group of spirited seniors got together and encouraged many peers to dress up on this festive day. Goblins, witches, clowns — and yes, even a pussycat and a nurse paraded the halls of M.H.S. for a day of fun and frolic that was enjoyed by all.

YEARBOOK STAFF

This year's Screech Owl staff was unique in many respects. As you can see from the untouched photograph above, the staff favored colorful attire. But their outfits pale in comparison to their personalities. Many of the people who originally joined the staff are no longer with us. The home discourages visitors. Staff relationships were a real plus this year. Nobody was killed and there are only five defamation of character suits now pending.

SENIOR EXECUTIVE BOARD

Dave Mariani, Rick Gross, Jim Morgan, Bill Duggan, Jay Hunter, Diane Hanson, Rosemary Fields, Pauline Smith, Sue Alexanian, Jane Alatalo, Janie Simonetti, Cindy Martin, Helen Campbell, Karen Watt, Ken Costanzo.

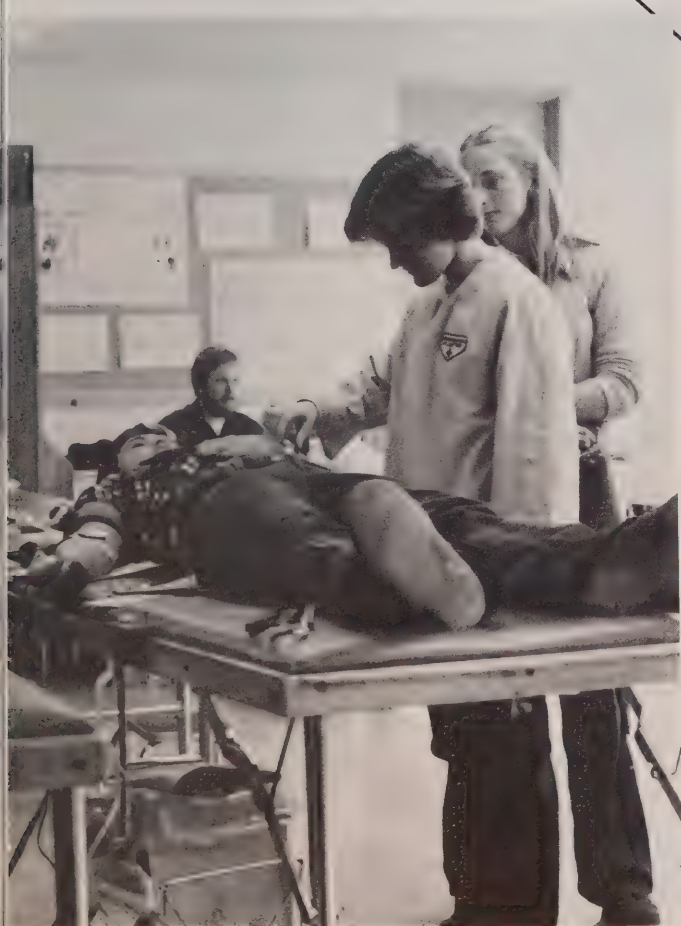

The Senior Executive Board is a group of seniors chosen by the class to arrange and coordinate all the Senior Activities throughout the year. This years Senior Executive Board put a lot of time and effort into making their Senior year a rewarding and fulfilling one. Through many hours of meetings and discussions the Senior Executive Board made decisions which they thought beneficial to the Class '78.

STUDENT GOVERNMENT

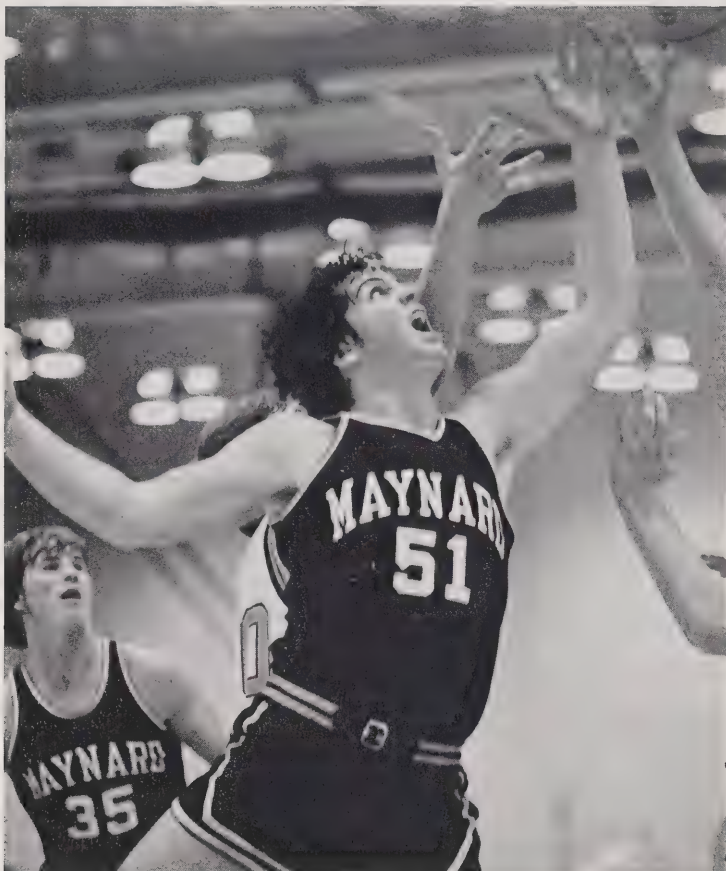

First Row Maureen Boothroyd, Stephanie McDonald, Jamie Duggan, Allan DelValle, Rosemary Fields, Jackie Bourgeois, Janice Melanson, Audrey Borden, Kathy Doran, Second Row David Alatalo, Ricky Edwardsen, Tom Whalen, Scott Fergusson, Jim Morgan, Carmine Carmerato, Paul Howes.

First and foremost on this year's list of Student Government activities was the Annual Bloodmobile. On this day students and faculty were herded from the classrooms (on a volunteer basis, of course,) so that they could give their time, and blood for a very good cause. The Bloodmobile was a vast success, and except for a few green faces, everybody escaped unharmed.

It seems evident that the frustrations of the football season carried over to the basketball season. The Tigers started out with two thrilling victories over Nashoba, but could not maintain their momentum throughout the rest of the season. The team played many thrilling games and although the score did not show it in the end, the Tigers showed their pride from start to finish.

The Girls' Basketball team had a very successful season under their new coach, Mr. Leonard Curcio. The girls lost many thrilling games by very close margins. The team shows excellent promise for next year by having eight returning members. Jane Alatalo and Helen Campbell led the Tigresses into victory six times. Their overall record was 6-13.

The J.V. girls had a very successful season. Their record was 8-11. The team's nucleus was made up of freshmen and they have a very hopeful season to look forward to next year.

WAVM

Out of all the school organizations, WAVM probably draws the most dedicated followers. Throughout the entire school year, "Mago's crew" can be found at the station, putting forth broadcast after broadcast — each one unique with its young professionalism. Highlighting the WAVM calendar this year were several events, among them visits by WBZ radio newsman Listo Fischer and WNAC anchorman, John Henning.

On February 3rd, 4th, and 5th of the year 1978 Maynard High School held its second annual Winter Carnival.

Brave students from each class channeled their competitive spirit into various demanding activities — ranging from volleyball and basketball to a Gong Show and a tug-of-war. The creative students were given a chance to display their prowess in the snow-sculpture competition. Needless to say, the seniors emerged wildly victorious for the second year in a row, to maintain their title — Winter Carnival Champs!!!

FEBRUARY • FEB

On March 3rd, 4th, 10th, and 11th, Maynard High School presented to the community its annual spring musical. This year's production was the colorful and lively musical, "Applause". Under the direction of demanding director Celia Bartolotti, a large cast combined efforts to put forth a very successful portrayal of the real world of theater. The hours of labor put into the show were more than evident as the curtain rose each evening. It is with pride that we add "Applause" to the list of fine quality musicals at MHS.

GIRLS'S TRACK

As always this years girl's track team had a very successful season, ending with a 6-3 record. Many new records were made and new talents discovered this year with the incoming freshman. One of the highlights of the season was placing fifth in the districts and from there many girls went on to the states. Next year look promising as the team returns with plenty of talent, skill, and enthusiasm that you will always find with a Tiger team.

TO A PRECIOUS FEW

MAY 6, 1977

May 6, 1977 was the date for the exciting event of the year — the Junior Prom. Couples in gowns and tuxes arrived at the Chateau de Ville in Framingham at 8:00 and marched in to the song "Cherish." The evening was filled with dancing, eating, and choosing the King and Queen and their royal court. Michael Silkonis and Jane Alatalo were chosen king and queen. Their court included: Patty Kane, Paula Frost, Michelle Bourgeois, Helen Campbell, Cindi Martin, Karen Watt, Jay Hunter, Philip Nickerson, Greg LeBlanc, Mark Zbink, Dicky Tobin, and Gary Brooks. The evening concluded with parties and everyone agreed that good times were had by all.

CLASS NIGHT

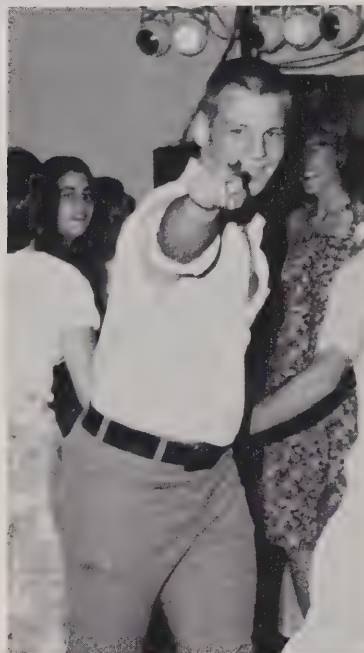

Class Night, one of the many events held during Senior Week was held at the Maynard Rod and Gun Club on May 31, 1978. The evening started off with a delicious meal of ham, roast beef, lasagna, spare ribs, and chicken wings. Music was provided by the Night Hawks. The Class Will and Superlatives were read and provided a laugh for all. Mr. LeSage was presented with a gift and was thanked for all his help and dedication over the past four years.

CLASS TRIP

JUNE • JUNE • JUNE •

On June 2, 1978, the senior class went on their annual excursion to the Frank Davis Resort. Many students enjoyed swimming, diving, softball, horseback riding, tennis, water skiing, volleyball, and boating. The day was full of fun and good food. A good time was enjoyed by all. The only pitfall of the day was when the tire of one of the buses pitched off. And the worse was yet to come, we were forced to cram 70 hot and tired students into one bus. But we all arrived safe and sound at good ole M.H.S.

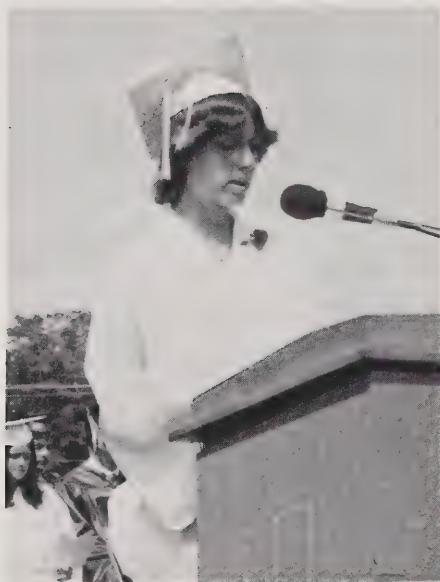

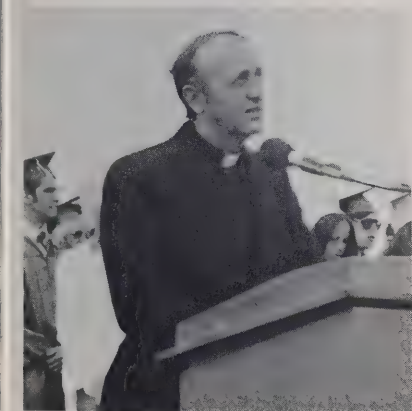

GRADUATION

JUNE • JULY

Graduation, a day of joy and celebration, took place on June 4, 1978, at 3:00 P.M. for the Class of 78. Dressed in maroon and white, the class marched in to the tune of "Pomp and Circumstance". The program started off with a invocation, a salute to the flag, singing of the "Star Spangled Banner", and a welcome address by President Jim Morgan. The three speakers for the day were Pauline Smith, Denise Gagne, and Jim Morgan. The class then joined in to sing "Do You Know Where You're Going To?", the theme song from "Mahogany." A special song, "Down the Road", was also sung by ten students, chosen by Mr. Garabedian. Awards and scholarships were then presented by Peter Delmonico, Superintendent of Schools, and Kenneth Abbott, Principal of the High School. Diplomas were next on the program, followed by the singing of the high school Alma Mater. The ceremony came to an end as the graduates, no longer seniors, but graduates, marched off the field to "War March of the Priests."

DIGITAL EQUIPMENT CORPORATION

Each yearbook staff is, naturally, unique and set apart from the others by certain distinguishing characteristics. This year's Screech Owl staff had an abundance of their own special qualities. To begin with, three quarters of the staff disintegrated, or headed for parts unknown, before the first deadline. The remaining staff members proceeded to form a new method of putting out the yearbook — specifically, gathering together the night before the deadline and then managing to get the deadline extended another week. Pictures of the spring sports never did arrive, but that didn't scare us — we just skipped them entirely! As we sit here in this oppressingly hot room, we admit that we are having second thoughts about this late deadline thing. But it will all be worth it — we hope.

Seriously though, a yearbook is put together annually to sum up the school year activities — and most importantly — the events experienced by the Senior Class — in our case — the Class of '78!!!

Admittedly so, the yearbook staff of 1978 faced some major difficulties, but resolved them just in time to meet the final deadline. We sincerely hope that we captured the many facets of our school year as vividly as possible, and you enjoy reading it as much as we've enjoyed putting it together.
