REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Maynard:

The Board of Selectmen respectfully submits its report, including the financial accounts of the different Departments for the year ending December 31st, 1924.

The State accounting system having been installed in accordance with the vote of the Town and a Town Accountant appointed it will be his duty in the future to have full charge of the Town Bookkeeping and all bills from the different departments of the Town must be presented to the Town Accountant before payment can be made by the Town Treasurer.

During the year a large amount of permanent street construction has been done.

Main Street from the bridge to Great Road has been completed with bituminous macadam 18 foot road. In some places where the traffic is heavy it was thought advisable to build the full width of street 36 ft. and this was done, especially so between the bridge and the mill gate.

Sudbury Street has also been completed and this street is now in fine condition.

Acton Street from Nason Street to Haynes Street and from the Acton line to Parmenter's Crossing has been laid with bituminous macadam and the remainder has been gravelled and oiled. The State and County each contributed with the Town their share of the cost of this work, which amounted to \$9,000. In our estimate for 1925 we advise that the sum of \$7,000. be appropriated with a like amount from the State and County to continue this work through Brown Street and making a direct route to South Acton and by so doing eliminate all danger from grade crossings.

Powder Mill Road has also been completed, and makes a great improvement at this part of the Town. In our estimate for 1925 we are asking the Town to appropriate \$7,000, with a like amount from State and County, for the permanent repair of Parker Street, from Paper Mill corner to Glenwood Cemetery. We have already petitioned the County Commissioners that specific repairs be made on this street, which is in very bad condition and the automobile traffic is very heavy, especially so in the summer season to Voses pond.

Following is the report of the Supt. of Streets of work done during the year:

Gravel Roads

Summer St., from Summer Hill Road to, near house of John O'Thompson has been gravelled, and a heavy coat of oil applied.

This road was in very poor condition and the improvement is greatly appreciated.

The coming season this road will be shaped, and a coat of oil applied.

Pine St. the entire length had a heavy coat of gravel, also a coat of oil applied, which was greatly needed, as this road has not been repaired for a number of years.

Bancroft St., from Walnut St. to corner of Elmwood St., has been gravelled, and a coat of oil applied.

Vose Road has been gravelled and oiled from Parker St. to near house of Mr. White. This road was unsafe for travel, and was in such condition after the winter, it was deemed advisable to repair it, rather than have an accident.

Mill Street was given a light coat of gravel, also oiled.

Harriman Court the entire length has been gravelled and oiled.

Bituminous Macadam

Bituminous Macadam has been laid on Lower Main St., from River St., to Paper Mill Bridge, from the line to join the water-bound road, giving the congested traffic at this section, the benefit of the full width of the street.

Formerly this section of street was little used, owing to the poor condition.

Walnut St. Bridge has been resurfaced by new bituminous macadam.

Catch Basins

A new catch-basin was built corner Pine Street and Main Street. A new basin, corner Waltham Street and Powder Mill Road, after the relocation of this corner by the County Commissioners.

A new basin was built near Paper Mill Bridge, opposite house of Dr. F. Flagg.

The basin on Florida Road near R. R. bridge has been re-built, also a basin on Walnut St. opposite the mill gate, and the basin at corner Thompson St. and Great Road re-built.

Culverts

The stone culvert on Parker St., near Burns Ct. has been extended.

Several culverts have been repaired and cleaned.

Drains

A new drain has been laid from the new catch basin corner Pine St. and Main St. to corner of Mill St.

The drain corner Glendale and Acton Sts. to Summer St, was re-laid. The old drain from corner Mill and Main Sts. towards Mill St. Bridge was re-laid also extended. The drains on Walnut St. from the catch basin opposite mill gate to Walnut Street Bridge has been re-laid. The drain on Percival St., near house of John White has been re-laid and the drain on Florida Road from Main St., to catch basin near bridge was also re-laid.

Bridges

Mill St. Bridge was unsafe for travel, necessitating new stringers and new planking. Russell Bridge has been partially replanked. The Paper Mill Bridge was unsafe for heavy trucking, as the stringers were decayed, also the planking. The old railroad ties and track were removed and replaced by heavy stringers and planking. The old spillway at this point was discontinued, so it was deemed advisable to fill in and roll, to make it safe for the heavy traffic.

Practically all the old street signs have been replaced by new signs. Streets in the business section, also gutters were cleaned each week during the summer months.

All the streets and gutters received the regular spring cleaning.

All the streets were oiled, and a number of street scarified and reshaped.

Where streets required, cold patching was done.

Snow

All the sidewalks were kept open, and well sanded for travel. The roads also were open for travel. In the business section the snow was hauled away.

Sidewalks

A new asphalt walk was laid from the corner of Hillside and Walnut Sts. and continued along Walnut St. to corner of Walnut and Parker Sts. This walk makes a fine showing of permanent improvement which is greatly appreciated by our citizens.

A new asphalt walk was laid from Walnut St. Bridge to opposite mill gate.

A new asphalt walk was laid from Paper Mill Bridge to line beyond J. Bradley's paint shop.

The sidewalk on Parker St. near house of Owen Duggan has been treated with gravel. Hillside St. sidewalk from Parker St. to Walnut St. treated with cinders.

Walnut St. from Chandler St., to Bancroft St., was treated with gravel.

Chandler St. walk was given a coat of gravel.

The walk near house of Daniel Driscoll on Mill St. has been improved.

The walk on Parker St. near house of A. Walker, caused quite an outlay of money, owing to the edge of walk breaking down along the deep hollow. This walk had to be reinforced by filling in of gravel. A new fence was built, to make this walk safe.

REPORT OF CHIEF OF POLICE

To the Board of Selectmen:

I herewith submit my report of the police department for the year commencing September 30, 1923 to Oct. 1, 1924, showing the number of arrests made and the work done by the department during that period. Also financial report showing amount expended during the year ending December 31, 1924.

To the Citizens:

I wish to thank the citizens of Maynard for the manner in which they have assisted me this year as Chief of Police. I wish to thank the Police Department for the way they have performed their duty. I wish to say that the co-operation of the citizens is essential at all times in assisting the department in the enforcement of the prohibition laws. All complaints and information received in regard to violations of prohibition or gambling laws have been investigated and prompt action taken. The amount received from court fines was \$1,779.15 and cases that were appealed to higher court amounted to \$500. which shows that the police department have been efficient in its duties. I have tried to do my duty and I hope that what I have done will meet with approval of all the citizens of the town.

Respectfully,

JOHN CONNORS,

Chief of Police.

TRUSTEES OF PUBLIC LIBRARY
ANNUAL REPORT FOR THE YEAR 1924

In the annual report of the Trustees of the Public Library for 1923 a list of magazines was given. To that list we have added the Mentor, The American Girl Magazine for Girl Scouts, and the Patent News.

We have purchased books this year the same as formerly a few at a time, both fiction and non-fiction. We have added a total of 347 books and had 2 books given.

The Librarians have been especially busy this year, circulating 32,169 books, this being a gain of 4,072 books over those circulated in 1923.

The children surely do patronize the Library. If a person should go into the Library any afternoon after 3.30 they would find a line of children, both boys and girls, extending from the Librarians desk nearly to the door.

We added several books for children during the week of Nov. 15th, as that is known as the "Children's Book Week".

We wish again to remind the public of the necessity of returning books as soon as possible. At this time there are a great many out which are overdue. Please look over your books at home and see if possibly you have one which belongs to the Maynard Public Library.

We have put new lights where they will be of benefit in looking for books in the long book cases and trust that the public have found them beneficial. We have also raised the salaries of the two Librarians.

We wish to remind you again that the Trustees are ready to buy books or subscribe to magazines that are suitable for the Library and will maintain the high standard of reading matter which we have always tried to hold.

The Library is open every day except Sundays and holidays from 2 to 9 o'clock. During the months of July and August the Librarians were instructed to close at 8 o'clock. The public will please bear this in mind.

It would facilitate matters a great deal if the property owners would file a list of their taxable properties and the valuation they deem on said property to be correct, as the State law requires that they should. These lists are left at the homes during the canvass for the polls and should be mailed or returned in person to the Assessors between April 1st and May 15th. Unless this is done the Assessors must estimate the value, which does not always conform with the sentiments of the property holder, who feels he is justified in asking for an abatement. As a matter of fact, unless a statement is filed the Assessors can not give an abatement, according to law. The law requires this list of properties and the owners valuation to be sworn to before submission. The statement which is left at each home meets the requirements of the State and when an individual seeks an adjustment of his valuation these lists are filed for inspection by the Supervisor of the Assessors from the State Headquarters.

Previous to 1924 the personal estate of each individual and business organization was carried on the Poll Tax Card File which necessitated the sorting of nearly 4000 men and women's cards while the Property taxes were being entered in the books for assessment. In 1924 it was found, by slips returned from the Department of Motor Vehicle Registrations, that in Maynard

there would be over 750 automobiles alone, for personal taxation. Upon advice from State Headquarters the Assessors established a new file for the personal property alone. In the future this will mean that entries following the Property canvas can be made much more quickly. It may be of interest to some to know that the personal valuation of Maynard is about 44 per cent of the total Town's value at the present time.

Respectfully submitted,

JOHN C. KING,
HERBERT W. MARTIN,
FRANK C. SHERIDAN,
Board of Assessors.

PUBLIC HEALTH NURSE

To the Board of Selectmen:

Gentlemen:

The Maynard Public Health Association submit the following report of the Public Health Nurse, Miss Mary A. Ward, for the year ending December, 1924.

Number of patients visited	115
Number of nursing visits	1244
Total amount of fees collected from October 21, 1923 to December 29, 1924	\$754.25

The Town of Maynard has contributed an annual amount of \$500. to help carry on this Public Health work. All incidental expenses, such as money for bandages, cotton, medicinal supplies for the nurse's emergency work, are taken care of out of the Red Cross Fund. For the larger amount of money, necessary for nurse's salary, we must depend upon public subscriptions.

We thank you for the help and co-operation you have always given the Public Health Association.

Respectfully submitted,

BERTHA A. FEARNES,
Secretary of the Maynard Public Health Association.

BOARD OF HEALTH REPORT

At this time the Board of Health feels that it should again call to the attention of the townspeople the desirability, not to say the actual need, of some efficient method of disposing of the sewerage of the town.

In times past other boards have brought this matter to the attention of the voters. As early as 1903 the report reads

“With the rapidly increasing population and the large number of dwellings being built, we feel that health conditions demand that attention be given to this matter.”

In April, 1907, a Committee was chosen to investigate and report on this subject, which committee recommended that nothing be done at that time owing to the large town debt already outstanding. In 1914 a committee of seven was chosen and \$1,000. appropriated for a study of the situation. The committee engaged a competent engineer, Mr. F. A. Barbour, and he made a very thorough study of the situation and submitted to the committee a plan which had the approval of the State Engineers. The plan submitted at that time involved a cost of approximately \$125,000. However, the rapidly mounting costs of labor and materials, due to the conditions existing because of the Great War which was then raging and into which we were to be so soon drawn, caused the postponement of all further consideration of this project.

Your present Board now believes that the time has come when further consideration should be given to this great project and that the townspeople should have in mind the necessity for the early installation of a sewer system before considering any other project which would involve substantial costs beyond the necessary running expenses of the town. While our population is not large, on the other hand it is as closely centered within the area which it occupies as that of many cities of much greater population and the conditions of living are such and the situation of the town in the narrow valley of the Assabet River is such, that your Board feels that unless something is done at an early date we may be subject to a disastrous epidemic. We have been fortunate so far but we cannot hope for this good fortune to last forever, unless we do something to make for more healthful conditions. The labor costs and material costs are still high but they have receded somewhat from the peak of war times and the best information which we have been able to obtain is that there will be no great reduction in costs within the next few years, at least, not enough to pay for the risk which we will run if we do not take care of our sewage problem, at least in the lower sections of the town. There is this much in our favor now, namely, that money can be borrowed at a very low rate, lower than has been

possible for many years and with the present agitation to abolish tax exempt securities, it is the belief of your board that money can be borrowed for municipal purposes much more cheaply than it will be possible to do so in the near future.

We accordingly recommend that serious consideration be given to this question at the annual meeting of the voters to be held in March and we suggest that the following article be placed in the warrant for that meeting:

"To see if the town will vote to appoint a Committee of not more than 7 voters to investigate further and make a report in regard to proper installation of the sewer system along the lines suggested in the report of the committee appointed at the town meeting held on April 6, 1914, said committee to report at a special town meeting to be held within six months from the date of its appointment."

The following list of diseases classed as dangerous to the public health were reported during the year:

Respectfully submitted,

JOSHUA EDWARDS,
Sealer of Weights and Measures.

REPORT OF THE FIRE ENGINEERS

To the Board of Selectmen:

Gentlemen:—

The Fire Engineers herewith submit the report of the Fire Department for the year ending December 31, 1924.

There have been ten bell alarms and seven telephone calls for fires besides several calls for chimney fires and brush fires.

The fire making the most loss this year was the old Parmenter house belonging to Martin Peterson, on the Acton Road. This fire had been burning some time before it was discovered and was so far from a hydrant that it could not be saved.

The new Hook and Ladder truck was put into service late in 1923 and the horses were sent to Red Acre Farm, April 1, 1924.

The Combination truck was sent to the paint shop and given a coat of varnish. Two new tires have been put on this truck.

The batteries which operate the alarm system have been renewed and the wires have been cleared of branches so that the alarm system is in good working order.

The Department building has been shingled with asphalt shingles. The sill on the north side of the building was found to be entirely rotted away so that it was necessary to cut off all the studs and put in a new sill at a higher level. A concrete curb was put in under the sill which makes this side of the building firm.

It should be understood that even with the repairs to the building which have been made there is much more that will need to be done in the near future. All the carrying timbers and floor joists are deteriorating from dry-rot. One section of the floor is carried on temporary posts at the present time. This will answer for a year or two after which a new floor will be necessary.

The coming year we propose to paint the building outside and paint and varnish inside, put in a relay alarm system and purchase 700 feet of hose. We are paying the drivers \$2.00 a week more the coming year. We propose to pay the call men \$25.00 more per year and are asking for an appropriation to cover these items. We need \$9,400.00 for the coming year.

The old dump cart and old hose wagon were sold for \$70.00.

TOWN CLERK'S REPORT

For year ending December 31, 1924

Town Warrant No. 276

Town Election February 11, 1924

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall, in said town, on Monday, February 11th, 1924, next at 6.30 A. M. then and there to act on the following articles:

Article 1. To choose by the Australian System of balloting the following Town Officers:—Three Selectmen, One Town Clerk, One Town Treasurer, One Collector of Taxes, One Moderator, Two Auditors, One Tree Warden and Three Constables, each for one year; One Overseer of the poor, One Member of the Board of Health, One Water Commissioner, One Member of the School Committee, One Assessor, One Trustee of Public Library and One Cemetery Commissioner, each for three years, and all other Town Officers to be chosen at said meeting. Also to answer by the Australian system of balloting the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" For the purpose specified in this article the polls will be open after the reading of the warrant and will remain open until four o'clock in the afternoon, when they shall be closed, unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1st, 1924, in anticipation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town, giving the notes of the Town therefor, payable within one year from the dates thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk or Selectmen at or before

the time appointed for holding said meeting.

Given under our hands this twenty-eighth day of January in the year of our Lord, one thousand nine hundred and twenty-four.

FRANK S. BINKS,
EDWIN CARLTON,
DAVID G. SHARPE, JR.,
Selectmen of Maynard.

MIDDLESEX, ss.

Maynard, Feb. 1st, 1924

I have served the within named warrant by posting an attested copy at the Post Office and one at ten other public places in said town seven days before the time of holding said meeting, as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy,

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting, February 11, 1924

Pursuant to Town Warrant No. 276 the voters of Maynard cast their ballots on the above date and acted upon the Articles of the warrant as follows:

Also to vote on the following questions:

Acceptance of the following "PROPOSED AMENDMENTS TO THE CONSTITUTION."

Article of Amendment

Article III of the Amendments to the Constitution, as amended, is hereby further amended by striking out, in the first line, the word "male".

Article of Amendment

Section 1. No person shall be deemed to be ineligible to hold state, county or municipal office by reason of sex.

Section 2. Article IV of the articles of amendment of the constitution of the commonwealth, as amended by Article LVII of said amendments, is hereby further amended by striking out the words "Change of name shall render the commission void, but shall not prevent reappointment under the new name," and inserting in place thereof the following words:—Upon the change of name of any woman, she shall re-register under her new name and shall pay such fee therefor as shall be established by the general court.

Laws Submitted Upon Referendum After Passage.

Acceptance of Chap. 370, Acts of 1923, entitled "An Act relative to intoxicating liquors and certain non-intoxicating beverages."

Acceptance of Chap. 454, Acts of 1923, entitled "An Act to provide funds toward the cost of construction and maintenance of highways and bridges by means of an excise tax on gasoline and other fuel used for propelling motor vehicles upon or over the highways of the commonwealth."

Acceptance of Chap. 473, Acts of 1923, entitled "An Act relating to deposits with others than banks."

Acceptance of Chap. 210, Acts of 1924, entitled "An Act to ascertain the will of the people with reference to the retention of the daylight saving law, so-called."

Acceptance of Chap. 509, Acts of 1924, entitled "An Act to ascertain the opinion of the people of the commonwealth as to the ratification of the proposed amendment to the constitution of the United States empowering the Congress to limit, regulate and prohibit the labor of persons under eighteen years of age.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this twenty-second day of Oct. in the year of our Lord, one thousand nine hundred and twenty-four.

FRANK S. BINKS,
EDWIN CARLTON,
DAVID G. SHARPE, JR.,

Selectmen of Maynard.

MIDDLESEX, ss.

Maynard, Oct. 25, 1924

I have served the within named warrant by posting an

attested copy at the Post Office and one at ten other public places in said town seven days before the time of holding said meeting, as within directed.

NICHOLAS DRISCOLL,
Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

State Election, Nov. 4, 1924

Pursuant to Town Warrant No. 281 the voters of Maynard cast their ballots on the above date.

The Town Clerk having posted specimen ballots and cards of instruction prior to the time named in the warrant for the opening of the polls, the warrant was read at 6.30 o'clock A. M. directly following the examination of the Ballot box, which being empty and in good order was taken in charge by Frank S. Binks, Chairman of the Board of Selectmen and Presiding Officer. The keys to the box were held by Mr. Binks after the register was set at 0000.

The following Ballot Clerks and Tellers appointed by the Selectmen were sworn by the Town Clerk and informed as to the law relating to their duties as sworn election officers:

Ballot Clerks

William Connolly, William J. Banks, Emmet J. Thane, Marion L. Jones and Cecilia R. O'Toole.

Tellers

Henry A. Carlton, Michael J. Nee, Lessie G. McGarry, Michael E. Lynch, Herbert W. Martin, Alice L. Joyce, Eva Frye, Genevive A. Sharpe, John C. King, John W. Moore, Inez McDonald, Celia Kane.

The polls were declared opened at 6.35 o'clock A. M.

Balloting continued until four o'clock P. M., when the Presiding Officer announced the polls were closed.

The Town Clerk then cast sixteen Absent Voters ballots making the total number cast 2045. The total number of names on voting list was 2166.

The register on the ballot box indicated 2051 which was six more than the number cast. The thickness of the ballot when not properly folded caused the indicator to register twice on some of the ballots.

The check lists at the gate and at the box showed that 2045 names had been checked as having voted.

Under the provisions of Chapter 34, Section 105, paragraph four, ballots were taken from the box at various times during the day, beginning at 7.35 A. M. and counting continued while voting was in progress.

The result of the counting announced at 11.10 P. M. by the Town Clerk was as follows:

*Town Warrant No. 282**Town Meeting Dec. 29, 1924*

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, ss.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard to assemble in Co-operative Hall in said town, on Monday, December 29th, 1924 next at 7.30 P. M. then and there to act on the following articles:

Article 1. To hear and act on reports of Town Officers and Committees.

Article 2. To see if the Town will vote to appropriate the sum of \$1000. (one thousand dollars) to be used by the Fire Department to purchase hose, and for building repairs. The same to be paid from unexpended balance in the hands of the Town Treasurer. To do or act thereon.

Article 3. To see if the Town will vote to appropriate the sum of \$1200. (twelve hundred dollars) for General Government Department. The same to be paid from unexpended balance in the hands of the Town Treasurer. To do or act thereon.

Article 4. To see if the Town will vote to appropriate the sum of \$3000. (three thousand dollars) for Highway Department. The same to be paid from unexpended balance in the hands of the Town Treasurer. To do or act thereon.

Article 5. To see if the Town will vote to authorize the Selectmen to appoint a Town Accountant, in accordance with Chapter 41, Section 55 of the General Laws as amended. To do or act thereon.

Article 6. To see if the Town will vote to instruct the School Committee to sell at public auction, the building known as the Cullen House, on Glendale Street. One of terms of said sale to be that the purchaser shall remove said building from the lot in or within thirty days from the date of said sale. To do or act thereon.

Article 7. To see if the Town will vote to appropriate the proceeds of the sale of the building known as the Cullen House, for the purpose of grading the lot where said building now stands, and for other general school purposes. To do or act thereon.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk or Selectmen at or before the time appointed for holding said meeting.

Given under our hands this eighteenth day of December in

the year of our Lord, one thousand nine hundred and twenty-four.

FRANK S. BINKS,
EDWIN CARLTON,
DAVID G. SHARPE, JR.,
Selectmen of Maynard

MIDDLESEX, ss.

Maynard, Dec., 20, 1924

I have served the within named warrant by posting an attested copy of the same at the Post Office and one at ten other public places in said town, seven days before the time of holding said meeting as within directed.

JOHN CONNORS,
Constable of Maynard.

A true copy.

Attest: FRANK E. SANDERSON,
Town Clerk.

Proceedings of Town Meeting held December 29, 1924

Pursuant to Town Warrant No. 282 a meeting was held on the above date at 7.30 o'clock P. M.

The warrant was read by the Town Clerk.

Moderator Alfred E. McCleary presided.

Article 1. Herbert H. Young read the report of the Finance Committee giving the recommendations of said Committee on the various articles of the warrant. The report was filed with the Town Clerk.

Article 2. Voted to appropriate \$175.00 (one hundred and seventy-five dollars) for the use of the Fire Department, the same to be paid from funds in the Town Treasury.

Article 3. Voted to appropriate \$1200. (twelve hundred dollars) for the General Government Department, same to be paid from funds in the Town Treasury.

Article 4. Voted to appropriate \$3000. (three thousand dollars) for the Highway Department, same to be paid from funds in the Town Treasury.

Article 5. Voted to authorize the Selectmen to appoint a Town Accountant in accordance with the provisions of General Laws, Chapter 41, Section 55 as amended.

Article 6. Voted that the School Committee be instructed to sell the Cullen House on Glendale Street at public auction.

Article 7. Herbert H. Young Clerk of the Finance Committee stated that Article 7 had not been presented to the Finance Committee and could not be legally acted upon.

Moderator McCleary ruled that Article 7 could not be acted upon for the reason stated by Mr. Young.

The meeting adjourned at 8 o'clock P. M.

Attest: FRANK E. SANDERSON,
Town Clerk.

Total number of births recorded for the year 1924—137

PARENTS BE SURE TO RECORD THE BIRTH OF YOUR CHILD
WITH GIVEN NAME IN FULL.

READ THE LAW!

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.***" Gen. Laws, Chap. 46, Sec. 6.

Some of the many reasons why Births should be recorded:

- To establish identity
- To prove nationality
- To prove legitimacy
- To show when the child has a right to enter school
- To show when the child has the right to seek employment under the child labor law
- To establish the right of inheritance to property
- To establish liability to military duty, as well as exemption therefrom
- To establish the right to vote
- To qualify to hold title to, and to buy or sell real estate
- To establish the right to hold public office
- To prove the age at which the marriage contract may be entered into
- To make possible statistical studies of health conditions

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

REPORT OF WATER COMMISSIONERS

To the Board of Selectmen:

The water commissioners herewith submit their report for the year ending December 31, 1924. We have delayed for several years the laying of a new line of pipe from the reservoir to Summer St. This should be done very soon, either in 1925 or 1926. The four inch pipe on Thompson St. should be relaid with a six inch pipe.

The report of the superintendent and registrar, and the report of the engineer are included.

Following is the financial report:—

SUPERINTENDENT'S REPORT

To the Board of Water Commissioners:

Gentlemen:—The report of the superintendent and registrar, also the report of the engineer, for the year ending December 31, 1924 is herewith submitted.

The dry spell this fall has lowered the water in White Pond so that there is only two inches over the intake pipe at the end of the year. With the water at this level there is hardly enough to supply the town. If the pond does not fill up soon it will be necessary to install a pump to carry the water into the screen chamber.

On the conduit line a concrete catchbasin has been built to replace the wooden one, the sand has been taken out of the man-holes and the roots cut out at one point.

The receiving wells at the pumping station have been cleaned out.

New parts for the pumping machinery have been received and will be installed soon. The pumping record will be found in the engineer's report.

Mains

The mains laid this year are:

Sudbury Street	100 feet 6	inch pipe
Waltham Street	120 feet 6	inch pipe
Great Road	222 feet 6	inch pipe
Driscoll Ave.	220 feet 4	inch pipe
Espie Ave	610 feet 4	inch pipe
Fairfield Street	189 feet 4	inch pipe
Louis Street	36 feet 4	inch pipe
Louis Street	140 feet 2	inch pipe
Beacon Road	52 feet 2	inch pipe
Beacon Road	265 feet 1	inch pipe
Fowler Street	21 feet 1 $\frac{1}{4}$	inch pipe
Third Street	700 feet 2	inch pipe
Fifth Street	170 feet 2	inch pipe

On Florida Road the 1½ inch pipe was replaced with a 4 inch, and a hydrant was moved 200 feet down the street.

Two leaks in small mains have been fixed, one on Linden St., and one on Florida Road. A bad leak in the 12 inch main on Main St., was repaired. This leak proved to be a crack in the entire length of the pipe.

A new hydrant was put in on Great Road near Driscoll Ave. Two hydrants have been moved, six have been repaired.

Services

Forty-nine new services have been put in making the number now in use 1313. Eight service leaks have been repaired, ten have been repaired at cellar wall, thirteen have been relaid, and twenty-five have been cleaned out.

Meters

Twenty-nine new meters have been set this year making the number now in use 1283.

Two hundred eight meters have been changed and repaired this year.

During the coming year the line from White Pond should be cleaned, the wells at the pumping station should be cleaned and the walls repaired, the pumping station roof should be shingled, the reservoir should be cleaned out and the wall pointed, the six inch pipe on Great Road should be extended to connect with the pipe on Thompson Street and the four inch pipe on Thompson Street should be replaced with a six inch pipe. I also believe that the line from the reservoir to Summer Street should be put in.

Please accept my thanks for your very kind co-operation during the year.

Respectfully submitted,

WILLIAM NAYLOR,
Superintendent.

REPORT OF ENGINEER

To the Superintendent:

Sir:—The machinery and boilers are in good condition. There are some repairs to be made on the pump and the parts for these repairs are here and will be put in soon.

Stock on hand December 31, 1924:—60 tons of coal, ¼ barrel of grease, 15 gallons cylinder oil, 10 gallons machine oil, 25 pounds cotton waste, packing, etc.

Pumping Record

	Coal	Gallons
January	34,159	8,444,445

February	32,443	7,794,572
March	32,772	8,067,612
April	36,824	8,812,735
May	35,084	8,668,775
June	47,229	10,335,774
July	33,976	10,464,107
August	37,776	10,828,116
September	35,704	10,434,976
October	39,725	10,500,489
November	39,608	11,623,472
December	42,420	10,578,346
	447,720	116,453,419

Average daily consumption, 318,179 gallons.

Average daily consumption for each person, figured on 6,800 consumers, 46.8 gallons.

The coal consumption includes coal for banking and starting fires and heating building.

In figuring the amount of water pumped no allowance has been made for slip of pump.

Respectfully submitted,

ORRIN R. BOSWORTH,

Engineer.

REPORT OF INSPECTOR OF ANIMALS

Board of Selectmen:

Gentlemen:

For the year 1924, I inspected 36 barns. There were 140 head of cattle and 236 hogs.

I was called to 2 barns where they suspected cholera. I notified the State Dept. and they inoculated 130, of which 14 reacted.

I also killed 4 dogs with contagious diseases.

Yours truly,

J. M. HERRICK,

Jan. 21, 1925.

REPORT OF FISH AND GAME WARDEN

Honorable Board of Selectmen,

Gentlemen:

I herewith submit my fourth annual report. During the past year I have endeavored to perform all my duties as in former years. All complaints have been investigated altho no arrests have been made. I have spent several days among the hunters and fishermen and have found each one whom I have questioned provided with the necessary license.

During the past year ninety-six pheasants have been liberated and twenty-four cans of trout put into the brooks. This was a smaller allotment than was received in the two previous years but a much larger one is expected next year.

At this time I especially want to make known my appreciation of the spirit shown by the hunters when the dry weather of the past Fall made it necessary to put the ban on hunting. I wish to thank all those who have given me their co-operation in carrying out the Fish and Game Laws.

P. J. SCHNAIR,

Fish and Game Warden.

Town Warrant

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

To either of the Constables of the Town of Maynard, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the legal voters of said Maynard, to assemble in Co-operative Hall in said town, on Monday, February 9th, 1925 next, at 6.30 A. M., then and there to act on the following Articles:

Article 1. To choose by the Australian System of balloting the following Town Officers:—Three Selectmen each for one year, one Town Clerk, one Town Treasurer, one Collector of Taxes, one Moderator, one Auditor, one Tree Warden, and three Constables each for one year, one member of the Board of Health for one year and one member of the Board of Health for three years, one Overseer of the Poor, one Water Commissioner, one member of the School Committee, one Assessor, one Trustee of the Public Library, one Cemetery Commissioner, each for three years, and all other Town Officers to be chosen at said meeting. Also to answer by the Australian System of balloting the following questions: "Shall the Town accept the provision of General Laws, Chapter 31, known as the Civil Service Act, and acts in amendment thereof and addition thereto, whereby the Chief of Police and the regular or permanent police force shall be subject to said chapter and the rules made thereunder"? "Shall licenses be granted for the sale of certain non-intoxicating beverages in this Town"? For the purpose specified in this article, the polls will be open after the reading of the warrant, and *will remain open until four o'clock in the afternoon*, when they shall be closed unless the meeting there assembled otherwise determines.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the majority of the Selectmen, to borrow during the municipal year beginning January 1, 1925, in anti-

pation of the taxes of the said municipal year, such sums of money as may be necessary for the current expenses of the Town, giving the notes of the Town therefor, payable within one year from the dates thereof.

And you are directed to serve this Warrant by posting an attested copy at the Post Office and one at each of ten other public places in said town, seven days at least, before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk or the Selectmen, at or before the time appointed for holding said meeting.

Given under our hands this 29th day of January, in the year of our Lord, one thousand nine hundred and twenty-five.

REPORT OF THE FINANCE COMMITTEE

February 27, 1924.

At a meeting held February 27, the Finance Committee voted the following recommendations in addition to amounts published in the Town Report.

\$50.00 additional for Public Park Dept.

\$1,500.00 additional for removal of snow.

\$2,000.00 having already been expended for aforesaid purpose.

\$1,000.00 additional for Police Department for reason of Mr. Binks declining to serve as Chief of Police, thereby making it necessary to hire someone else at an additional cost to the town of \$520.00 per year, the balance of the amount to be expended in a slight raise in salaries and to pay the extra officer hired in 1923 a full year's salary in 1924. (He was not employed until April or May 1923.)

Art. 7: To help pay the salary of a public health nurse, the Finance Committee recommends the sum of \$500.00

Art. 8: To see if the Town will appropriate a sum of money to pay the salary of an instructor of Agriculture and Home Economics. Voted not to recommend.

Art. 11: To increase the salary of the Clerk of the board of Overseers of the Poor \$200.00 per annum. Voted not to recommend for reason that the present incumbent received last year as salary, stock, and services \$461.88; another member received as salary \$75.00. The third member received for salary and services \$111.00 making a total of \$647.88 paid to the officers of the poor department which expended \$13,906.78. The Finance Committee recommend that the other members of the board assume some of the duties which the Town pays them a salary to perform and thus relieve in part the clerk, who practically does all the work of the department.

The Finance Committee recommends an additional appropriation for use of the Fire Department in order that two men may be on duty continuously at the Fire House. The change from the use of horses to a motor truck was voted against the recommendation of the Finance Committee who did not believe a one man Fire Department was consistent with the public safety or in favor with the property owners and possibly the insurance companies. A new horse could have been purchased to replace the older one, and the pair as well as the driver, continue to earn their keeping and salary by work on the streets part time at least, thereby effecting a saving in the outlay of the Town amounting to approximately \$5,000.00.

Meeting adjourned at 11 P. M.

	<hr/>
	\$98,000.00

Motion carried.

It was voted by the Finance Committee to include the following in our annual report.

Some of the Departments' accounts show creditable balances at the end of the year; others came out about even; there were some who contracted bills which their appropriation was insufficient to meet. For the benefit of the last named the Finance Committee direct their attention to Chapter 44, Sec. 31 of the General Laws which reads as follows:

"No department of any city or town, except Boston, shall incur liability in excess of its appropriation made for the use of such department, except in cases of extreme emergency involving the health or safety of persons or property, and then only by a vote in a city of two thirds of the members of the city council and in a town by a vote of two thirds of the selectmen."

Also Chapter 44 amended by Chapter 253, Acts of 1922, by adding at the end the following new section:—Section 62. "Any city, town or district officer who knowingly violates, or authorizes or directs any official or employee to violate, any provision of this chapter shall be punished by a fine of not more than one hundred dollars; and the mayor, selectmen, prudential committee, or commissioners, shall, and five taxpayers may, report such violation to the district attorney who shall investigate and prosecute the same."

Also Chapter 41, Section 58: "Whenever any appropriation shall have been expended or whenever, in the judgment of the town accountant, it appears that the liabilities incurred against any appropriation may be in excess of the unexpended balance thereof, he shall immediately notify the selectmen, and the board, committee, head of department or officer authorized to make expenditures therefrom, and no claim against such appropriation shall be allowed nor any further liability incurred until the town makes provision for its payment. The town accountant shall, at regular intervals and as often at least as once each month, send to the selectmen and to each board, committee, head of department or officer having the disbursement of an appropriation a statement of the amount of orders approved and warrants drawn on behalf of said board, department or officer during the preceding month, and a statement of the balance of such appropriation remaining subject to draft. Each head of a department, board or committee authorized to expend money shall furnish the town accountant, at the close of the financial year, a list of bills remaining unpaid, showing to whom and for what due, and their amounts; and the

town accountant shall incorporate the same in his annual report covering the financial transactions of the town, as provided by section sixty-one."

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,
Maynard, Massachusetts

Gentlemen:

I submit herewith, for your consideration and that of the townspeople, my tenth annual report as Superintendent of Schools.

Buildings

The delay in the construction of the proposed new Junior High School has meant that our crowded conditions, which were discussed in the last report, are even worse than they were at the time that report was made. An illustration of these difficulties is the condition of one seventh and one eighth grade which are on full time, as they are composed of the slower pupils. These pupils meet in rooms on the first floor in the morning, on the second floor in the afternoon, and keep their books in a third place. An afternoon class occupies a room equipped with tablet arm chairs, making writing very difficult. We have no drawing room, so that one high school teacher moves his classes to five different places when the sections in drawing meet. It is to be hoped that the building will be started soon, as it is inevitable that under present conditions an increasing number of pupils will fail to complete the year's work properly and must repeat, thus adding to the expense of running the schools.

The roof of the high school building was re-covered during the year, at a cost of eleven hundred dollars. The next repair upon this building should be the replacement of the partitions on the boys' side of the basement with brick walls. The present walls of gypsum blocks are loose and in danger of falling. We have already spent some money upon them, but the only way to remedy the present dangerous state of affairs is by putting in brick. Apparently, this building is always going to be the cause of large repair bills.

The other important repairs and replacements needed are a new cesspool at the Bancroft Street School, a fence on each side of the Roosevelt School lot, and grading of the lot on which the Cullen house stands, after that building has been removed. Iron gates should be placed at the front entrance of the Main Street School.

Teachers

In the last report comparative statistics were quoted, showing among other items, the increase in the enrolment for the past nine years. There are forty more pupils in school now than there were then, so that the increase in ten years has been over fifty per cent. In the same time the teaching and supervisory positions have increased from 32 to 52. This does not mean, how-

ever, that the number of pupils per teacher has been reduced. Nine years ago six high school teachers cared for an average membership of 133 pupils and the grade rooms had an average enrolment of 34. Today, there are eleven teachers in the high school, with 244 pupils. The average membership per room in the grades last month was 39. The number of pupils per teacher in the high school is in conformity with the state requirements.

At a meeting of the teachers last fall, a representative of the State Board of Education stated that the reputation of the Maynard teachers with the Board was very high, because of the professional spirit shown. This is in part a result of the recognition given by the School Committee for professional study and improvement. While we lost ten teachers last year, this is only one-fifth of our number and shows that improved conditions are encouraging teachers to remain longer with us.

High School

The enrolment of the High School for the year 1924-1925 shows a slight increase in number over last year's registration.

One additional teacher has been added to the teaching staff which now complies with the State requirement of having a teacher for every twenty-five pupils enrolled. With this augmented teaching force, it has been possible to further departmentalize our course of study and to give greater attention to individual needs.

Enrolment for 1924-1925:

<i>Class</i>	<i>Boys</i>	<i>Girls</i>	<i>Total</i>
Seniors	15	25	40
Juniors	22	29	51
Sophomores	23	43	66
Freshmen	53	34	87
Total	113	131	244

Classification by Course:

<i>Course</i>	<i>Seniors</i>	<i>Juniors</i>	<i>Sophomores</i>	<i>Freshmen</i>	<i>Total</i>
Commercial	19	23	32	29	103
Academic	21	28	34	58	141
Total	40	51	66	87	244

The Library room started this year has justified its existence, but reference works for the different departments are greatly needed. A set of standard encyclopaedia is perhaps the first and greatest need of our library at present.

Each year our athletic teams show greater development, and a larger percentage of games won. Besides interscholastic competition we have had this year interclass games in hockey.

School Subjects

On January 23, 1924, a state-wide spelling test in grades 3 to 8 was conducted under the auspices of the College of Education of Boston University. As a result of this test, Maynard stood 13th among the 78 towns and cities participating. As we made practically no preparation for the test, outside of the regular school work, we felt that our standing was creditable. Next month a similar test in language is to be given. During the past month or two I have given a few simple tests, based upon the Wilson Language Test, and from the showing made we are hopeful of finding our schools still higher on the list than they were last year.

The work in Music has been carried on as in previous years, using the same course of study. Rote singing in grades I and II has been developed along with memorizing and reading of all tones of the scale. Beginning with grade III, part singing in two and three parts has been developed. The aim of the work in Music is to obtain a thorough knowledge of the fundamental principles of music, to develop in the individual girl and boy a love for good music, the ability to read and sing correctly songs at sight, and render them understandingly.

The High School schedule adopted last year is still in force, the same amount of time being allotted to the various classes. The High School Orchestra, which includes members from the Junior High is progressing.

For ten years or more the time given by the Supervisor of Music has remained the same. During the same period one sixteen-room building has been added and our enrolment has increased fifty-three per cent. We should have one day more per week of Mr. Wood's services. If there is any question as to the success of the music teaching in the elementary and Junior High schools, a testimony to its worth can be secured from any member of the Women's Club who heard the singing of a seventh grade at a recent meeting. An interesting feature of this event was that these children went from the school to the Club room and returned entirely unsupervised, and within two or three minutes after their return were occupied with their regular work as though nothing out of the ordinary had occurred.

The Chorus work in the Senior High school is not satisfactory to Mr. Woods nor to others. It is absolutely impossible that it should be, under present conditions. The best supervisor in the State would be discouraged at the attempt to instruct pupils in a room 28 feet wide and 60 feet long, in which less than half of the pupils of the school could be brought together. It is true of the music as of so many parts of our work; best results can never be accomplished until proper provision is made for the work.

In the last report mention was made of our large orchestra which has been built up and taught by Mr. Woods. The suggestion made at that time that an effort be made to provide some way for securing instruments appears to have fallen on good ground. Drums have been bought by the School Committee and the Teachers' Club donated twenty-five dollars from the proceeds of their play, to start a fund for the purchase of instruments in accordance with the plan suggested. The Club followed the precedent of the previous year by adding another hundred dollars to the High School Scholarship Fund. It also contributed twenty-five dollars toward the Emerson Hospital Fund. This was in addition to individual gifts from several of the Club members.

The third annual play given by the teachers has just passed into history, and while it is too soon at the time of this writing to predict what may be done with the proceeds, there is no doubt that the Teachers' Club will sustain its excellent reputation by seeing to it that, as formerly, the major part of the money will be devoted to objects which are of benefit to the town, educationally or otherwise.

During the past two years there has been a steady increase in the enrolment of students in the High School drawing courses, due to the interest in arts and crafts. Over a hundred have entered this year. This growth in classes and the adding of new teachers in the Junior High and Bancroft school made it necessary for the drawing supervisor to teach full time in Maynard, drop-

ping the day and a half a week in Stow. Thus the High School is able to have two mornings a week instead of one; and the Junior High classes can also have more of the supervisor's time. These classes meet under great difficulties, owing to the fact that there is no proper drawing room and the lessons must be given in one of the grade rooms, the high school teachers who ordinarily use the room being obliged to find temporary quarters elsewhere.

If the little room next to the library could be equipped with twenty-one drawing tables and stools, this would provide room for the drawing and be better in every way. The cost would be approximately three hundred fifty dollars.

Another gain has been the introduction of regular sewing classes once in two weeks, in all sixth grades. This was made elective with the girls, but in two grades 100% are taking it. Clubs have been organized to encourage home sewing in groups. While the girls sewed, the boys in Miss Wood's room started a "Whittling Club" under her supervision. Other sixth grade classes are also doing voluntary work in whittling or using coping saws. Cardboard construction and coloring have been given to the boys by the room teacher in the sewing periods.

In the first two grades the Supervisor has been enabled to give regular half-hour periods instead of only twenty minutes. The spirit of the kindergarten has been developed in the use of sand tables, illustrative cutting, etc. The spontaneous play element in games has also added to the pleasure. The interest in making historic scenes on the sand table in connection with history and geography spread into the second, third, fourth, and fifth grades. Not having a metal tray to hold sand for a Pilgrim village, the boys in Miss Gallagher's third grade brought wood and nailed sides together for a cardboard base. The girls dressed dolls and set the table for the first Thanksgiving feast. One boy in Miss Perley's fifth grade constructed a splendid wooden tray to carry out the same subject and an Indian village was well executed by Miss Madigan's fourth grade.

Love of pictures by great artists is being instilled in all grades. It should be noted in this connection that special credit is due the Principal, teachers and children of the Roosevelt School for the children's choice of favorite pictures, beautifully framed, which were added to each room last spring, by the proceeds from two annual public festival entertainments. Also the gift of pictures by the graduating class to the High School is noteworthy.

The scope of craft work carried on by the High School last year was well demonstrated in the June exhibition. All materials for basketry, sealing wax, stenciling fabrics, parchment shades, etc., were paid for voluntarily by the students, through class treasurers, as otherwise the crafts could not be afforded in the school equipment. Several students have been ambitious enough this year to make reed lamps and shades. Butterfly trays are still flourishing, and soon no family will be without one. Several members in one family reported having made eighteen trays at home for Christmas gifts.

Mechanical drawing has three separate courses, instead of one as given two years ago. The advanced third-year class of boys has been studying Conic Sections. The second-year class has been making Geometric Problems including the use of the French curve in constructing a helix. The beginners' class has shown active interest and is doing good work in use of instruments, lettering and working drawings. Making of blue prints from inked tracings of problems will also be included in the advanced courses.

A new course has been offered this year in Figure Drawing and Cartooning, which attracted a large number of students. The foundation of proportions for drawing the human figure has been laid and principles of light and shade and perspective given. Those who find that they have an aptitude for drawing faces will be able to continue the course another year.

Training has been given in color and design, as well as in tinting cards with transparent Japanese watercolors. Leather tooling has been introduced this year in making designs on special kinds of leather for pocketbooks.

Sealing wax covered objects are still popular. Clay modeling, introduced last year, has been continued, small animal casts being used as models. These and casts of the human head will also be used in light and shade drawings, with the introduction of charcoal drawings.

The Junior High has studied design and color harmony with Munsell art crayons. A new method of teaching freehand drawing, based on accurate geometric forms, and including the principles of perspective and shapes of shadows, is being started, steps leading up to it also being found of interest in the grades.

Mrs. Coughlan's class, 8C, has shown an interest in geometric drawing which has developed into using drawing boards and instruments and studying working drawings.

7A will take raphia and pine needle basketry in February and 8A will start bookbinding construction. 8A and 8B will learn the use of mechanical drawing instruments preparatory to deciding on a choice of courses in High School.

Extension Service

Following is a report of the work accomplished by the Middlesex County Extension Service in Maynard during the year 1924.

Very little agricultural work was done this year, except for a few personal visits among the individual farmers who were interested.

In Home Economics an outstanding piece of work was done with a group of women who were interested in furniture renovation. Twenty-two pieces of furniture were reclaimed and the various methods of refinishing different kinds of furniture were explained. A class in the making of home-made garments was carried on, three classes in millinery were met and a general demonstration was given showing the principles in millinery work.

A project has also been started, for the women who are interested, on the right selection of food for the family.

The Boys' and Girls' Clubs were unusually successful in their work and had a total enrolment of 69, chiefly in the handicraft, canning, clothing and food clubs. Miss Florence Wilder and Mr. Millington acted as local leaders, with Laura Johnston as junior director. Oiva Alasaari and Marion Kendall were awarded a two-days trip to the Massachusetts Agricultural College for excellence in club work.

Several county-wide meetings that have been of interest to many Maynard people, such as the County Picnic at Wayside Inn, the Annual Extension Service Meeting at Waltham and meetings for fruit growers and poultrymen, have been held during the year.

The Boys' and Girls' Clubs have been organized for the present year with 28 boys and 34 girls enrolled. There are two Handicraft Clubs and one each in canning, cooking and food. Edward Fearn is Junior Director. At the Annual Extension Service Meeting in Waltham in November, Edward's report of the work of the Handicraft Club was one of the prominent features of the meeting of the Junior Directors.

Maynard made no appropriation last year in support of this work, being one of four towns which made no appropriation, out of the fifty-four in the county. As about 60 boys and girls enjoy, through the Extension Service, the benefits of manual training and home economics, which are not at present included in the regular school work, to say nothing of the work in the Women's Clubs, it would seem a small return for the benefits received if the appropriation asked for this year should be made.

Americanization

The work for the year 1923-24 was conducted under the supervision of Mr. Edward J. Coughlin. The classes were started Nov. 5, 1923 and closed with graduation on May 7, 1924.

At graduation the following program was presented:

- | | |
|---------------------------------|-------------------------------------|
| 1. AMERICA | Chorus |
| 2. THE FLAG GOES BY | Angelina Mendolia |
| 3. DEMONSTRATION LESSON | Miss Marion Stacey and Class |
| 4. SONGS | Chorus |
| 5. TOWN MEETING | Miss Annette Kinch and Class |
| 6. GETTYSBURG ADDRESS | Thelma White |
| 7. REMARKS | W. H. Millington, Supt. of Schools |
| 8. ADDRESS | Representative Frederick P. Glazier |
| 9. PRESENTATION OF CERTIFICATES | E. J. Coughlin |
| 10. STAR SPANGLED BANNER | Chorus |

During the year the average attendance was about 150 persons. Ninety certificates were given at graduation to those who

had attended 80 per cent of the evening sessions. The wonderful cooperation of the overseers of the American Woolen Co. aided greatly in keeping the attendance at such a high-water mark.

A corps of ten teachers was employed who were trained for the work, and all but two had had several years experience in teaching evening classes.

The results obtained in Maynard show that we not only kept pace with other towns but far out-stripped many larger towns and cities.

The year 1924-25 which is now in session remains under the leadership of E. J. Coughlin. While the enrolment this year is less than last, new faces appear every evening and give indication that by the end of the year the number will compare favorably with past years.

There are eight classes in session with six teachers. The bright spot in the whole session is the enrolment of twenty-two men in the citizenship class. This shows that the interest in this work is growing and that before long it will be hard to find any un-naturalized citizens.

It is hoped that the townspeople will show greater interest in this work, which is only in its infancy, but far-reaching in its results. Lend your moral support to those who need this training by advising them to attend the school, where they will be well cared for. If this is done, Maynard will rank among the highest of the cities and towns in the state, which is just what we are striving to accomplish in this important branch of the school system.

Health

A Schick Clinic which was being held in January was discontinued when the serum was recalled to the State House, because of the trouble in Concord and other places when the serum was frozen. There were 430 children tested at this time and of that number 91 had received the three immunizing doses.

Of the 1,193 children who have had the test in the past three years, but one has ever shown symptoms of diphtheria, and this pupil was one of the 635 whose reaction was negative and who therefore did not receive the immunizing doses. In this particular case there may have been an error in reading the result of the preliminary test.

The number of pupils reported with communicable diseases between January 1, 1924 and September 1, 1924 is as follows: scarlet fever 1; diphtheria 1.

Since school has opened in September, the children have been the most free from disease they have been for several years. So far there has not been one case of a communicable disease reported and there have been few cases of skin infections.

It was not until November that there were many absences due to illness on the part of the children. At that time heavy colds were the chief complaint, but since the Christmas vacation the children have seemed better.

Since September there has been noticed a marked improvement in the cleanliness of the children. This is not only personal, but in clothing as well.

Milk is still served the children in half pint bottles. The number of bottles delivered daily in the schools ranges from 50 to 200 according to the number of children in the buildings.

Milk is one of the most important foods for children and can be served in a variety of ways. Even those who do not care for it can be made to take it by using it in connection with other foods.

The children who are taking milk at all regularly have shown a marked improvement since the first of the year, and those who have been taking milk since we started three years ago are noticeably stronger and more healthy.

The only school not having milk is the Summer Street school. The reason is the lack of a suitable place to care for it.

An underweight clinic was held about the first of January. This was made up of the children for whom re-examinations were recommended at the time of the previous clinic. Twenty children were examined, and of this number eleven showed a positive reaction to the Tuberculin test made. The results of this test were brought to the attention of the parents so that the children may derive the greatest possible benefit from the examination.

In general, Maynard seems a healthful place in which to live; but from the results of the clinic just held it would appear necessary for some of the children to be under closer observation.

In Conclusion

In the last report the prediction was made that the average membership would increase from 1615 for the year closing June 1923 to about 1650 for the following year. The actual average membership proved to be 1683, or an increase of 68. As our membership now is 40 more than it was a year ago, it appears safe to predict that the increase for the two years will be about 100. This means an increase in the two years of three rooms and at our present average cost per pupil it would require about \$6,000 per year to care for these additional pupils. While we are again asking for an increase in the appropriation it is not larger than is necessary for taking proper care of the schools.

Conditions are much as they were a year ago. Nine years ago there were twenty-two rooms available for the grades and the town was erecting a high school building in order to release more rooms for grade use. In the nine years the average membership in the grades has increased 59.7% and the number of grade rooms has risen to thirty-five, an increase of about 59.1%. The proposed new building will provide two more rooms than were supposed to be necessary nine years ago for grade use, with 545 more children in the grades. Nine years ago there were 121 pupils in grades 7 and 8; there are now 325, an increase of approximately 168%.

It follows, therefore, that even with the erection of the new

building, we shall be worse off than we were nine years ago. Without this building, only those close to the work can form any idea of the injury caused to the schools by the present lack of room.

I have stressed present conditions in order that the thoughtful citizen may appreciate the necessity for adequate provision for the needs of the schools. Plans for reorganization of the work of grades seven to twelve, in order to make it more nearly in accord with that of other towns, must wait until the erection of the new building. The principle of the junior high school has been so thoroughly adopted throughout the country that I have never met an opponent of it among those who by study and direct observation have fitted themselves to judge of it.

To the Committee and our faithful corps of teachers, without whose support and cooperation it would be impossible to maintain even our present standard of scholarship, I wish once more to express my sincere thanks and appreciation.

Respectfully submitted,

WM. H. MILLINGTON,
Superintendent of Schools.

REPORT OF THE SCHOOL BUILDING COMMITTEE

To the Voters of the Town of Maynard:

At this time it seems fitting that some sort of a report should come from the Building Committee appointed over a year ago to build a new Junior High School and Assembly Hall.

The Committee organized a few days after being appointed and immediately took steps to engage an architect to draw up plans and specifications for the new buildings. The Committee was unanimous in selecting Edward F. McGirr, the architect who planned and supervised the construction of the new Roosevelt School on Nason Street, of which the Citizens are justly proud. He was told on being given the job that the Committee wished to have additional rooms as soon as possible and he promised to do what he could to rush matters for us. He made us tentative sketches, one of which we finally instructed him to go ahead on, but the general plan of the building was not approved by the State inspectors, so he had to make revisions and furnish us with another set. All of this took time but he has had over seven months from that time in which to get plans in our hands, and we feel the citizens should know the delay is entirely up to him and while we have great faith in his ability to give us as good a job as the Roosevelt School, we are quite out of patience with this delay.

We have asked and expect Mr. McGirr to have all plans and specifications ready for us by February 14th, and between that time and the March Town meeting, we hope to receive bids and be ready to place the contract.

We offer this as a report of progress.

(Signed) J. J. LEDGARD,
Sec., Bldg. Committee.
